Chapter 151: Four Types Of Firearms! Huge Profit!

Zhou Zhou looked at this sentence speechlessly.

Then, he immediately typed a reply.

[Lord of The Blazing Sun: Can I be fake?]

[Military Industry Lord: Yesterday, a Lord accidentally received a hidden mission. After completing it, he obtained the method to create a 'change name card'. This morning, I've already seen many names like Lord of the Blasing Sun, Lord of The Blazing Gun, Lord of the Scorching Sun... ㄟ

[Lord of The Blazing Sun (Glory of the Pioneer II) (The Strongest Novice Lord): What about now?]

[Military Industry Lord

[Military Industry Lord: Hello, Big Boss Blazing Sun!

[Lord of The Blazing Sun: You like emojis so much. Are you a girl?]

[Military Industry Lord: Ahem, big shot, I'm a man. I just like emojis, just like how a fierce man likes little kittens.

Zhou Zhou was silent for two seconds.

Indeed.

Who could reject little kittens?

[Lord of The Blazing Sun: I want to buy some firearms from your Military Industry Alliance. Is that convenient?]

What he wanted to do was to buy some muskets in the modern armed territory.

Let these ancient soldier types who controlled muskets immediately transform into modern soldier types to increase their combat strength.

The other party quickly replied.

[Military Industry Lord: Other people might not be able to do it, but Big Boss Blazing Sun naturally can. Big Boss, we have created a total of four types of firearms. They are respectively Green Bronze-Tier Elementary Grade firearms: Mauser C96 pistol! Green Bronze-Tier Intermediate Grade firearms: GEW98 bolt-action rifle! Green Bronze-Tier Advance Grade firearms: MP18 submachine gun! White Silver-Tier Elementary Grade firearms: MG08 Maxim heavy machine gun.]

[Military Industry Lord: Their prices are relatively expensive due to the difficulty of making them. The price of a firearm is five Green Bronze-Tier Mist Cores, 10 Green Bronze-Tier Mist Cores, 20 Green Bronze-Tier Mist Cores, and 10 White Silver-Tier Mist Cores.]

[Military Industry Lord: The standard price for bullets is one Black Iron-Tier Mist Core for every 20 bullets.]

[Military Industry Lord: Boss, how many do you want to buy? (☆▽☆)]

[Lord of The Blazing Sun: The firearms you made have been recognized by the Supreme Will]

[Military Industry Lord: Yes, I didn't make up the gun level myself. It's the equipment information that automatically appears after the gun is manufactured.]

Zhou Zhou was deep in thought.

As half a fan of the military, he knew a little about the firearms mentioned by the other party.

They were all firearms from the First World War.

The craftsmanship was simple and cheap.

He did not expect such an ancient gun to be ranked among the Green Bronze-Tier and even White Silver-Tier in the High Continent.

What about real modern guns, or even future guns?

It seemed that the weapons of technological civilizations could not be underestimated in the high continent. At the very least, it was not a problem for them to occupy a place in the High Continent.

Then, he thought for a moment and started typing a reply:

[Lord of The Blazing Sun: 50 bullets for each type of firearm, 100,000 bullets for each type of firearm, and one million bullets for Maxim alone.]

Even though there were only 18 Musketeers in his territory, bullets were consumed very quickly on the battlefield.

It could easily consume thousands of bullets for each battle without a lot of soldiers.

After buying so many firearms and ammunition, he shouldn't need to buy more for the time being.

[Military Industry Lord: Boss is generous!]

[Lord of The Blazing Sun: When you're ready, let's trade.]

[Military Industry Lord: Alright! (◡‿◡)]

A moment later.

The Military Industry Lord sent him a transaction.

Zhou Zhou also took out 6,500 Black Iron-Tier Aurora Crystals, 1,750 Green Bronze-Tier Aurora Crystals, and 500 White Silver-Tier Aurora Crystals to trade.

The Mist Cores were naturally nothing to him.

After all, it was just the Black Iron-Tier Mist Core.

He now had more than 16 million of them.

He had quite a lot of Mist Cores of other levels now.

Soon, 200 firearms and 130,000 four-model bullets appeared in Zhou Zhou's Spatial Ring.

Zhou Zhou took out a gun and checked their information.

[Equipment Name: Mauser C96 pistol]

[Equipment Grade: Green Bronze-Tier Advance Grade]

[Capacity: 10 rounds]

[Bullet Speed: 850m/s]

[Bullet Specification: 7.63×25mm]

[Effective Range: 300m]

[Damage: Green Bronze-Tier Elementary Grade]

"Hmm?"

"The description of the equipment has changed?"

"And why is the bullet's initial velocity and effective range so ridiculous?"

Zhou Zhou was shocked when he saw the attributes of the pistol.

If one only looked at the name of this gun, some people might not understand it.

However, there were a few very grounded, down to earth names in his hometown.

For example, a shell gun, a slow-motion machine, box cannon...

It has an extremely high rate of appearance in television dramas.

Therefore, Zhou Zhou knew more about it than other firearms.

With his understanding of this spear, its marksmanship speed and effective range were at least two times higher than before!

"Is it because of the materials?"

"Or have they developed more advanced pistol manufacturing techniques?"

Zhou Zhou was deep in thought.

If it was someone else, the Military Industrial Alliance could not be underestimated.

He did not say anything else.

Why would he care so much?

He just had to develop himself well.

If he could develop, he would truly be invincible.

Then, he looked at the attributes of the other three guns.

[Equipment Name: GEW98 bolt-action rifle]

[Equipment Grade: Green Bronze-Tier Intermediate Grade]

[Capacity: Five rounds]

[Bullet Speed: 850m/s]

[Bullet Specification: 9×19mm]

[Effective Range: 300m]

[Damage: Green Bronze-Tier Advance Grade]

This gun was also very famous.

This was because its common name in his hometown was Hanyang.

It was also the predecessor of Kar98k.

Zhou Zhou realized.

It also had twice the initial velocity and effective range of the original.

Then he looked at the next gun.

[Equipment Name: MP18 submachine gun]

[Equipment Grade: Green Bronze-Tier Advance Grade]

[Capacity: 32 rounds]

[Bullet Speed: 760m/s]

[Bullet Specification: 9×19mm]

[Effective Range: 300m]

[Damage: Green Bronze-Tier Advance Grade]

MP18!

It was the founder of the submachine guns in the history of the Cerulean Planet.

After it reached his hometown, it was also known as the 'Flower Mechanism'.

In the end, he looked at the last and only White Silver-Tier Elementary Grade gun.

[Equipment Name: MG08 Maxim heavy machine gun]

[Equipment Grade: White Silver-Tier Elementary Grade]

[Capacity: 250 rounds]

[Bullet Speed: 1,800m/s]

[Bullet Specification: 7.62×57mm]

[Effective Range: 4,000m]

[Damage: Green Bronze-Tier Advance Grade]

"Whether it's the bullet's initial velocity, effective range, or capacity."

"It's way better than the first three guns."

"As expected of a White Silver-Tier Elementary Grade gun."

Zhou Zhou clicked his tongue in wonder.

After that, he chatted with the Military Industry Lord for a while. The Military Industry Lord gave Zhou Zhou a few manuals on how to use these guns. After that, the two of them stopped chatting.

Zhou Zhou looked at the World Channel and realized that the other Lords were not sleepy at all. They were all talking about the Myriad Races Lord Battlefield tomorrow.

Zhou Zhou thought for a moment.

He opened the Marketplace and set up a transaction. In this transaction, he placed 6,000 Class Change Certificates for three types of soldier types and 8,000 Black Iron and Bronze skill books.

The price was half of the previous auction price.

This was because the price of these skill books was much higher during the auction.

Half of it was the real price of these skill books.

Moreover, these skill books were produced by the monster ranches every day.

They were still unable to exhaust all these skill books internally with the current size of the Blazing Sun Army.

Since that was the case...

It was better to sell a portion of these things when the Lords needed them the most.

This way, he could earn more Mist Cores.

The Lords on the World Channel also quickly saw Zhou Zhou's new deal and quickly pushed it to the first place.

More than an hour later.

Zhou Zhou opened his transaction and realized that all his things had been sold.

He glanced at the transaction results.

[Trade Result: 15,506,000 Black Iron-Tier Mist Cores!]

"It's a huge profit."

Zhou Zhou sighed.

After confirming that he didn't forget to do anything, he returned to his bedroom to sleep.

Chapter 152: Upcoming Event! Summoning Subjects!

The next day.

It was past three in the morning.

In the master bedroom.

Zhou Zhou opened his eyes.

He was in a daze for a moment before he immediately focused.

"The Myriad Races Lord Battlefield event is about to begin today."

Zhou Zhou took a deep breath and opened the World Channel.

He realized that most of the Lords in the World Channel had woken up early like him.

[The first official Lord's event is about to begin. I'm trembling with excitement and anticipation!]

[Are you sure you ain't scared?]

[What's there to be afraid of? It's just an event. It's not like it's a novice Lord test. How can anyone die?]

[I wonder if I can skip this event?]

[This is the first event released by the Supreme Will. The possibility of escaping shouldn't be high.]

[I only have about 300 Military Professionals under me now. I wonder if I can do this activity.]

[I wonder what the reward for the event is?]

[Which people of foreign race am I going to meet on the battlefield?]

[This Lord's Event will be the first step to my rise!]

[Dragon Lady Lord: Members of the Dragon Blood Alliance. If you discover anything abnormal later, immediately explain in the group!]

[Overlord Lord: I wonder what the flesh of the people of foreign races taste like.]

[Undead Lord: It seems like the people of foreign races are joining my undead army.]

...

Zhou Zhou turned off the World Channel and patted his face to cheer himself up.

He got up from the bed and walked out of the residence, prepared to summon today's new subjects after a simple wash up.

However, he saw Li Ya and her maid standing not far away as soon as he went out.

"Good morning." Zhou Zhou was stunned for a moment before saying politely.

"Good morning, my Lord."

Li Ya smiled gently.

"Do you usually wake up so early as a Princess?"

Zhou Zhou walked over and asked curiously.

"That's not it."

"Normally I won't be up for about another hour or two."

"But I heard from someone that today seems to be an important day for the Lord."

"So I couldn't resist getting up early to take a look."

"My Lord, please don't take offense." Li Ya said.

"It's okay. It's not a secret." Zhou Zhou smiled.

Li Ya nodded and asked curiously,

"Is General Wu coming back later?"

Zhou Zhou acknowledged.

"I haven't seen General Wu since he resigned. I wonder how he is now."

Li Ya sighed.

"Don't worry."

"Old Wu is still strong. His essence, qi, and spirit are even stronger than before."

Zhou Zhou smiled.

"Then I want to see General Wu with my own eyes later."

Li Ya smiled.

Zhou Zhou nodded and did not chat further. After bidding her farewell, he came to the Gate of Summoning.

A text notification appeared.

[Prompt: Do you want to summon immediately?]

"Yes!" Zhou Zhou said.

The next second.

The Gate of Summoning suddenly lit up with a bright white light. Then, the subjects walked out one after another.

A moment later.

The 189 new subjects walked out of the Gate of Summoning.

"Greetings, my Lord!" x189

The 189 new subjects said respectfully.

"Welcome to Blazing Sun City."

Zhou Zhou said.

Then, he asked all the Professionals to stand up and realized that he had summoned a total of 18 Military Professionals this time.

He began to check their interface information.

A moment later, the inspection was completed.

Among these 18 Military Professionals, there was one White Silver-Tier Elementary Grade Medicine Cultivator, one White Silver-Tier Elementary Grade Cavalrymen, and one White Silver-Tier Elementary Grade Scout!

In addition, there were two Green Bronze-Tier Advance Grade merchants, three Green Bronze-Tier Intermediate Grade Sword Shield Soldiers, two Green Bronze-Tier Elementary Grade Carpenters, two Black Iron-Tier Advance Grade Doctors, three Black Iron-Tier Intermediate Grade farmers and three Black Iron-Tier Elementary Grade Blacksmiths.

"I'm lucky today." Zhou Zhou was a little surprised.

He didn't expect to have two Beginner Soldiers within the three White Silver-Tier Elementary Grade subjects.

One must know that even Bai Yun was only at White Silver-Tier Elementary Grade.

These two newcomers would directly become the top combat power in his territory!

He nodded, satisfied.

Then Zhou Zhou asked someone to take them to Zheng Yuanqi to arrange their respective placements and went to the Golem Lair to summon 126 Golems.

Zhou Zhou looked at these Golems, satisfied.

This Golem Lair was pretty good indeed.

It gave him six White Silver-Tier Golems everyday!

With their racial advantages, the other 120 Golems were basically able to leapfrog the ranks.

At the current stage, it was better than the Gate of Summoning.

However, with subsequent growth the Gate of Summoning, which can be continuously upgraded combined with the effects from the title of the Glory of the Pioneer, would sooner or later surpass this non-upgradable Golem Lair.

Then Zhou Zhou left.

A moment later.

Figures appeared outside the city gate.

It was Wu Xin, Bai Yun, Nezario, and a total of 10,000 professional soldiers.

Other than that, Zhou Zhou also saw the Boss of the Ox Demon Clan Ah Tu, and a group of clansmen behind it.

"Greetings, my Lord!"

Bai Yun, Wu Xin and Ah Tu greeted Zhou Zhou.

Zhou Zhou acknowledged.

"My Lord."

"This subordinate brought about 300 brothers to work!"

"Are so many workers required in the miniature iron mine of my Lord?"

Ah Tu asked.

"Don't worry. They are required.

"Elder Zheng, get someone to arrange for their life and work in the Blazing Sun City." Zhou Zhou instructed Elder Zheng by his side.

"Yes, my Lord!"

Zheng Yuanqi said respectfully.

"Come with me."

He smiled at Ah Tu.

Ah Tu nodded and followed Zheng Yuanqi into the Blazing Sun City.

"General Wu."

At this moment, Li Ya brought her maid along with her.

"Long time no see, General Wu's demeanor remains the same."

She smiled lightly.

"Your Highness is here?"

Wu Xin was very surprised.

He immediately guessed that she must be here for his Lord.

He had already arranged everything when he resigned so she probably would not look for him suddenly.

Li Ya nodded with a smile when he told her his theory.

Then she looked at Wu Xin, as if she had discovered something, her expression suddenly became hesitant. She became even more bewildered, especially when she saw Bai Yun next to him.

"General Wu, why do I feel an aura similar to that of Uncle Zhang and the others on your body?"

She asked doubtfully.

"Oh, I have become a hero like your Uncle Zhang and the others thanks to my Lord's blessing." Wu Xin said with a smile.

Li Ya's mouth fell slightly agape.

Became a hero? How is that possible?

General Wu only left her father's side for how long? Probably not even half a month? How did he become a hero in such a short period of time?

She came back to her senses in no time.

"General Wu, congratulations on getting what you want."

Li Ya seemed like she wanted to continue on but she didn't. She only sighed in her heart.

If what General Wu said was true, that he became a hero because of this Lord beside her, he would probably not return to the Aurora Kingdom with her to continue serving her father knowing him.

There was no need for her to try to persuade him, lest she disgust both General Wu and the Lord of The Blazing Sun.

"This must be the other Hero of the Blazing Sun City, Bai Yun, the Blood Fire Arrow Elf, right? "

"Princess Li Ya greets Your Excellency."

Li Ya saluted slightly.

"Your Highness, you are too kind."

Bai Yun said respectfully.

Emotions were surging through her heart.

She was just an inconspicuous soldier before she joined Blazing Sun City.

Who would have thought that she would actually be able to make the Aurora Kingdom Princess treat her with respect today?

She could not help but look at Zhou Zhou before retracting her gaze.

Zhou Zhou also saw her gaze.

However, he did not think too much about it.

"Bai Yun, Elder Wu."

"Something big will happen in the territory in two hours."

"Time is tight, so I won't say much."

"Let's go to the Monster Ranches first."

Zhou Zhou said.

"Yes, my Lord!"

The two of them said in a low voice.

Then, the three of them swiftly led 10,000 Military Professionals towards the Monster Ranches.

[Global Lord: 100% Drop Rate](#)

Chapter 153: White Silver-Tier Elementary Grade! The Lord's Attribute Panel! (1)

Zhou Zhou looked at the monster ranches in front of him.

There were already seven Monster Ranches, five of them had each nurtured 1,500 ranch monsters. Therefore there were a total of 7,500 ranch monsters!

Zhou Zhou followed his old rules and asked Nezario to release its Dragon Might to intimidate these ranch monsters after that. Then, he asked the soldiers and Soul Reaper to start destroying them.

Soul Reaper Maris had already advanced to Green Bronze-Tier Elementary Grade.

With the ability of Soul Harvest, all monsters below the Green Bronze-Tier Elementary Grade could be instantly killed!

Zhou Zhou looked at its kill notification.

[Your Subject Maris has killed an Elite Green Bronze-Tier Elementary Grade Wild Sand Believers. Promotion energy +20! Loots condensed!]

[Blessing of the War God: Your Subject Maris has obtained an additional 40 promotion energy points!]

Zhou Zhou nodded in satisfaction.

It felt good to use the Blessing of the War God.

Killing one was equivalent to killing three!

Five minutes later.

Just as nearly a third of the 7,500 Monster Ranches were killed, Zhou Zhou suddenly felt a gentle energy appear in his heart and surge into various parts of his body, strengthening his body and soul.

"I've broken through!"

"I'm finally at the White Silver-Tier Elementary Grade!"

He closed his eyes and immersed himself in the feeling of advancement.

A moment later.

He came back to his senses.

After a while, Soul Reaper Maris had advanced to the Green Bronze-Tier Intermediate Grade!

Then, Bai Yun had also advanced to the White Silver-Tier Intermediate Grade!

In the following period of time, many soldiers were also promoted during the slaughter.

Many Green Bronze-Tier and even Silver-Tier soldiers appeared!

When there were only more than 1,000 of these 7,500 ranch monsters left.

"ROAR!"

A dragon roar sounded.

Nezario flew into the air and conveyed a joyful emotion to Zhou Zhou.

At the same time, Fire Elemental Torrent surged over from all directions and surged into its body.

Its body also began to quickly grow to a height of 20 meters.

After a long time.

The Fire Elemental Torrent disappeared.

Nezario's growth finally stopped.

At this moment, Nezario had already advanced to the White-Silver Tier Advance Grade.

Moreover, its body had already grown to a height of 25 meters!

It would be as tall as a six to seven storey building if it was on the Cerulean Planet!

It soared freely in the sky and displayed the violent aesthetic figure of a top-notch bloodline creature!

It was a wonder in the eyes of everyone!

Especially Li Ya, who was here for the first time, and the maid beside her, were completely stunned.

"Your Highness."

"It's a dragon!"

The maid, Yu Qiao, said in fear and shock.

"It's a pure-blooded dragon."

Li Ya's eyes lit up.

After a long time.

She retracted her gaze and looked at Zhou Zhou, who was not far away.

"First, General Wu Xin became a hero."

"Then he has a pure-blooded dragon under his command."

"How many more methods has this Lord not revealed?"

Li Ya could not help but think.

Zhou Zhou looked at Nezario and sighed.

A White-Silver Tier Advance Grade Nezario was already so terrifying.

How ridiculous would its size be when it grew to the Legendary-Tier?

A moment later, these 7,500 ranch monsters were all dealt with.

Zhou Zhou took out eight Conqueror's Blast Furnaces and asked the soldiers to transport the corpses and begin to retrieve the Loots.

Half an hour later, all the loot had been extracted.

Under the effect of the Perfect Loots:

He obtained a total of 36,142 Green Bronze-Tier Mist Cores, 16,540 White Silver-Tier Mist Cores, and 1,424 Yellow Gold-Tier Mist Cores other than the +1 monster flesh, skill book, potion formula, poison sac, Black Scorpion Poison Crossbow, and other normal items!

6,112 soldier type Class Change Certificates! 1,950 Sand Corpse Summoner Class Change Certificates!

1,062 Sword Shield Soldier Recruitment Books!

951 Pudao Soldiers Recruitment Books!

1,112 Poison Crossbow Soldier Recruitment Books!

4,452kg of Light Drawing Crystal!

During the collection of the loots, Zhou Zhou brought people into the Time Ruins again and obtained the loots for the day.

Then, he looked at the Loots and opened the Marketplace to set up a transaction.

Afterwhich, he threw in 6,000 soldier type Class Change Certificates, 8,000 Desert Fog Lizards, Black-Tailed Fog Scorpion, Sandman, Wild Sand Believers, and the skill books and equipment dropped by the Sand Corpse Summoners.

The rules were the same as before.

Each Lord could only buy a maximum of 10 items.

This could also prevent his goods from feeding a powerful enemy.

The effect of such restrictions would be weakened as the Lord Alliances developed. However, no matter how weak it was, he was the one who benefited the most!

Therefore, he was not worried about selling them.

"That's the mode from now on."

"Sell them hot from the stove."

Zhou Zhou thought.

He summoned Bai Yun and asked her to check on the advancement of the soldiers after that.

She soon finished the inspection and returned to report to Zhou Zhou.

"I've something to report, my Lord!"

"A total of 1,164 people advanced just now!"

"620 of them have advanced to the Black Iron-Tier Intermediate Grade and Black Iron-Tier Advance Grade!"

"538 people advanced from Black Iron-Tier to Green Bronze-Tier!"

"In addition, 16 people have advanced to the White Silver-Tier Elementary Grade!"

"We now have a total of 2,342 Black Iron-Tier soldiers!"

"642 Bronze-Tier soldiers!"

"26 White Silver-Tier soldiers!"

Zhou Zhou acknowledged.

The effect of the Blessing of the War God was very obvious.

This number of advancements was at least three to four times higher than usual!

Then, he went to the Gate of Summoning and threw in all the recruitment books he had just obtained.

Soon, recruits walked out of the Gate of Summoning one after another and stood neatly behind him.

[**Global Lord: 100% Drop Rate**](#)

Chapter 154: White Silver-Tier Elementary Grade! Lord Attribute Panel! (2)

A moment later.

1,062 Sword Shield Soldiers, 951 Pudaos Soldiers, 1,112 Poison Crossbow Soldiers, 384 Elemental Archers, and 12 Elemental Bowmen appeared behind him.

"Including the Military Professionals and Golems I recruited from the Incite Defection in Thorn City yesterday."

"And the soldiers who died in yesterday's battle."

"I now have a total of 17,254 soldiers under my command!"

Zhou Zhou nodded slightly.

He had so many soldiers, the Aurora Kingdom Towers, the two Battle Resurrection Scrolls, and the 70,000-odd Abyss Contract Books.

He finally had some confidence in the upcoming activities in the Myriad Races Lord Battlefield.

In addition, he had originally wanted to keep the Abyss Contract Book to deal with the Demon Lord, Artena.

However, he suddenly remembered that the Abyss seemed to be a place that emphasized bloodline.

He was afraid that the demons he summoned would become the other party's helper, so he changed his mind and did not use these Abyss Contract Books in the final Supreme Challenge.

He did not expect that it would become one of his trump cards to deal with the activities in the Myriad Races Lord Battlefield.

Then, Zhou Zhou found Bai Yun.

"Bai Yi, Yesterday, I bought a batch of weapons suitable for Musketeers. They're already in the warehouse."

"Get the Musketeers to master this weapon as soon as possible."

"These weapons are much better than the muskets in their hands."

"If you discover that there are also soldiers with talent in using such arms among the other soldiers, you can also make an exception and let them use them."

Zhou Zhou said.

There was no threshold to use the four firearms.

Subjects of any strength and soldier type could use it.

This should be the greatest advantage of the Cerulean Planet's arms.

"Yes, my Lord!"

Bai Yun agreed respectfully.

Zhou Zhou acknowledged.

Then, he handed the 1,000 Sand Corpse Summoner Class Change Certificate to the other party.

"You can choose 1,000 soldiers to change classes with these Class Change Books."

"These are Intermediate Grade Combat Class."

"It would not be a loss to them even though the combat method is a little special." Zhou Zhou said.

It was also Zhou Zhou's first time using this combat class.

This Intermediate Grade combat class was definitely not bad, but he wanted to use these 1,000 Class Change Certificates to test the waters first.

"I think I can let soldiers with some deformities on their bodies change their professions."

"They can't fight to begin with. They can find hope again with this class." Bai Yun suggested.

"Sure!" Zhou Zhou agreed with her.

"My Lord!"

A shout came at this moment.

Both of them froze and turned to look.

Bao Xiu'er jogged over with a bag.

"My Lord! My teacher heard that the New Wind Ceremony she gave you previously was already damaged."

"That's why she specially rushed to make another one these two days."

"My Lord, please see if it's suitable."

She handed the bag to Zhou Zhou.

Zhou Zhou took it and took a look.

He realized that it was still the Green Bronze-Tier Intermediate Grade New Wind Ceremony.

"I'm already at the White Silver-Tier Elementary Grade." Zhou Zhou smiled.

"Ah..."

Bao Xiu'er was stunned for a moment before she subconsciously said, "Then I'll tell my teacher today and ask her to create another White Silver-Tier Elementary Grade New Wind Ceremony."

"There's no need to go through so much trouble. This Green Bronze-Tier Intermediate Grade version is good enough." Zhou Zhou shook his head.

What he valued the most was the flying ability of the New Wind Ceremony.

The rest didn't matter as long as he could fly.

"How can that be? Wouldn't the New Wind Ceremony made by Teacher become a flying toy then? What should we do about my Lord's safety?"

"I'll go back and tell Teacher today. Let Teacher make another White Silver-Tier Elementary Grade New Wind Ceremony. My Lord, don't worry. Teacher will work hard."

"She's now a White Platinum-Tier Elementary Grade Tailor. Making a White Silver-Tier Elementary Grade equipment is as easy as eating lunch." Bao Xiu'er said curiously.

Zhou Zhou stopped rejecting.

Then, he walked out of the city and looked at the growth rate of the Light Drawing Crystals.

It had been constantly absorbing the energy of the sun over the past three days.

Currently, more than half of the Light Drawing Crystal has turned from the original pale white to black. It had officially advanced to a White Silver-Tier construction material, the Light Origin Stone!

This caused the original Sand Crystal City Wall to be renamed as the Light Elemental City Wall. Moreover, the city wall level had also advanced from Green Bronze-Tier Advance Grade to White Silver-Tier Elementary Grade.

However, the only flaw was that there were too few Light Origin Stones.

Otherwise, if they were all exchanged for Light Origin Stones, it was even possible to directly advance to the White-Silver Tier Advance Grade city wall.

However, there was no choice.

Since that was the best they could do for the Light Drawing Crystals after all.

At this moment, he suddenly received a notification that the transactions had been completed.

Zhou Zhou opened the Marketplace and looked at the transaction results.

[Trade Result: 15,208,800 Black Iron-Tier Mist Cores!]

He nodded.

It was similar to yesterday's.

Then, Zhou Zhou returned to the residence and took out a large pile of White Silver-Tier Elementary Grade skill books to learn. He changed all his Green Bronze-Tier Advance Grade Skills for White Silver-Tier Elementary Grade Skills.

Then, he changed into a set of Fire Demon Fog Wolf Outfit, took out the White Silver-Tier Elementary Grade Sandman Scepter, and a Green Bronze-Tier Intermediate Grade New Wind Ceremony.

"I can finally use this Sandman Scepter." He looked at the scepter in his hand with emotion.

This Scepter had been in his hands for a long time.

However, he had never been able to use it because of the level he needed to activate it.

Then, Zhou Zhou opened his Lord attribute panel.

[Lord Title: Lord of The Blazing Sun]

[Origin Crystal: 13]

Zhou Zhou nodded in satisfaction.

His Lord Stats could be said to be luxurious.

Especially the Mist Core column.

If the other Lords of the World Channel saw this, they would probably be dumbfounded.

More than an hour later.

When it was six in the morning.

Four lines of golden text appeared in front of Zhou Zhou.

It also appeared in front of all the Lords who had been waiting for a long time.

[Supreme Will Notification:]

[The rest period is over!]

[The first official Lord Event, the Myriad Races Lord Battlefield, is about to begin!]

[All official Lords, please be prepared!]

BOOM!

All the Lords of the myriad races were in an uproar.

[Global Lord: 100% Drop Rate](#)

Chapter 155: The Start Of The Myriad Races Lord Battlefield! Ranking Begins!

[Introducing the rules of this event:]

[This event will last for 10 days!]

[During this period, a Lord Battlefield function will be added to the list of functions of the Lords.]

[The Lords need to log into the Lord Arena and choose between the [Lord Battlefield of Your Race] and the [Myriad Races Lord Battlefield] to participate in the Lord Competition, obtain ranking points, and complete the respective Lord Setting Tournament!]

[10 days later, a Lord whose rank has increased to at least Bronze-Tier and passed the fixed-stage competition will be regarded as completing the basic activity goal of this event. He will obtain the corresponding rank reward and rank title.]

[10 days later, Lords who can't complete the basic activity goal will automatically lose their status, memories and everything else. One day in the future, they will walk out of the Gate of Summoning and become the subjects of other Lords of the same race.]

[The higher the rank of the Lord, the better the reward and title!]

[Among the Lords of the same race, the Lord with the highest rank (Myriad Races Lord Battlefield) will obtain the reward of the strongest Lord rank and the title of the strongest Lord!]

[Among the Lords of all races, the Lord with the highest rank (Myriad Races Lord Battlefield) will receive the reward of being the strongest Lord of all races and the title of the strongest Lord of all races!]

...

[Your Lord Battlefield Function has been added to the Lord Function!]

[Your initial Lord rank is Black Iron-Tier Elementary Grade!]

[You have obtained three Black Iron-Tier Territory Rebirth Tokens (Exclusive to the Lord Battlefield)!]

[You have automatically obtained 1 ranking! (Automatically increases by 1 every day)]

...

Zhou Zhou looked at the Lord function.

On the rightmost side of the [Lord's Personal Information], [Cerulean Planet Lord's World Channel], [Cerulean Planet Lord's Marketplace], [Legendary-Tier Reputation Ranking], and [Friend List], there was an additional [Lord Battlefield] function.

Zhou Zhou was not in a hurry to turn on this function.

Instead, he read the rules of the event carefully.

He had completely understood the basic rules and muttered to himself a moment later.

"So I'll be fine as long as my rank reaches at least Green Bronze-Tier in 10 days."

"It will depend on my ability to compete for the reward and title of the strongest Lord!"

Thinking of this, Zhou Zhou felt that he could fight for the reward and the title of the strongest Lord with his strength.

However, he would not underestimate the other Lords.

Even though his Lord Talent was very strong.

However, his recent experience told Zhou Zhou that the Lord Talent did not determine everything.

This world had many fortuitous encounters and opportunities.

For example, the inheritance of the Emperor of Sand, the Golem Lair, and special Loots like the Soul Reaper recruitment books...

These things were not inferior to many higher-level Lord Talents or even to Mythical-Tier Lord Talents.

If he felt that he could be invincible in the world with his Mythical-Tier Lord Talent, then his vision would be too short.

Zhou Zhou was naturally not that kind of person.

"Don't think too much about it."

"Let's complete the basic goal first."

Zhou Zhou retracted his thoughts.

He did not want to become those Subjects who walked out of the Gate of Summoning.

Losing his Lord status, memories... What was the difference between this and death?

He did not even think about the reward and the title of the strongest Lord of all races.

He knew his limits.

He could not defeat those top-notch Lords of Races.

He might be able to catch up to those top Lords of the Race in the future, but now, he should just obediently fight for the reward and title of the strongest Lord among his own race.

He stopped thinking and opened the Lord Battlefield interface.

He saw five interfaces.

They were the [Lord Battlefield of Your Race], [Myriad Races Lord Battlefield], [The Final Battlefield], [Battlefield Ranking], and [Battlefield Shop]!

Zhou Zhou clicked on them all.

He realized that other than the fact that the [The Final Battlefield] would only be activated seven days later,

The others could be opened.

Moreover, he realized that he could actually form a party to battle in the [Lord Battlefield of Your Race] and the [Myriad Races Lord Battlefield].

However, there could only be three people ranked at most, including the person who started the party.

It would not work if there were too many.

"What a strong visual sense of a <anno data-annotation-id="407abb9d-eefc-4a4b-91c0-64f43ae2f349">MOBA</anno> game!"

Zhou Zhou complained in his heart.

It would be complete if it had matching and random battle functions.

The Battlefield Shop was the function he was most interested in.

Zhou Zhou opened the Battlefield Shop and looked at the goods sold there.

[Battlefield Shop (Black Iron-Tier Elementary Grade)]

[1: Gate of Summoning Reset Card (Remaining Purchases: 10) - Price: One Black Iron-Tier Territory Token]

[2: 100 designated Black Iron-Tier Basic Military Professionals (Remaining Purchases: 10) - Price: One Black Iron-Tier Territory Token]

[3: 10 designated Black Iron-Tier Basic Lifestyle Professionals (Remaining Purchases: 10) - Price: One Black Iron-Tier Territory Token]

[4: Black Iron-Tier Resurrection Token (Exclusive to the Lord Battlefield) (Remaining Purchases: 10) - Price: One Black Iron-Tier Territory Token]

[5: Black Iron-Tier Territory Rebirth Token (Exclusive to the Lord Battlefield) (Remaining Purchases: 10) - Price: Three Black Iron-Tier Territory Tokens]

[6: Rank +1 (Remaining Purchases: 1) - Price: Five Black Iron-Tier Territory Tokens]

[Prompt: The goods in the Battlefield Shop will also refresh and become higher-level and more valuable goods as the Lord rank continues to increase.]

He studied these items.

The Gate of Summoning Reset Card could allow the Gate of Summoning to be reset. From there, he could use the Gate of Summoning a second time to summon Subjects or even more times on the same day.

There was no need to mention the second and third rewards.

It was just a reward that directly increased the number of Territory Professionals.

Fourth reward: Black Iron-Tier Resurrection Token!

It could be used to resurrect the designated 100 Subjects who died in battle in the Black Iron-Tier Lord Battlefield!

Fifth Reward: Black Iron-Tier Territory Rebirth Token (Exclusive to the Lord Battlefield)!

After he was defeated, he could restore all the Subjects and destroyed territory facilities, including himself, to their previous state.

However, it could only be effective on the Black Iron-Tier Lord battlefield and could not be used on Lords above Green Bronze-Tier.

Sixth reward: Rank+1.

As the name suggested, his rank would increase by 1 if he used it.

His current Lord Rank was Black Iron-Tier Elementary Grade and it would become Black Iron-Tier Intermediate Grade if he were to use it!

"We would need a Territory Token to buy the things inside."

"Isn't this encouraging us Lords to constantly go out to fight during the event?"

Zhou Zhou sighed.

Then, he looked at the Territory Token he owned.

After two days of conquest, he still had two Green Bronze-Tier Territory Tokens and nine Black Iron-Tier Territory Tokens.

He could barely be considered rich.

He could buy a few more Black Iron-Tier Resurrection Tokens and Black Iron-Tier Territory Rebirth Tokens.

"How can I rise in ranking?"

Zhou Zhou was puzzled.

At this moment, a notification appeared:

[Lord of All Races Event Hint: During the event, every territory conquered by a Lord in reality will obtain a different number of ranking rewards according to the level of the territory conquered.]

"It's really encouraging us to go out and fight."

Zhou Zhou complained silently.

He stopped thinking about it and walked out of the residence to let Bai Yun and the others prepare for battle.

Then, he looked at the Lord Battlefield interface.

After looking at the [Lord Battlefield of Your Race] and [Myriad Races Lord Battlefield],

Zhou Zhou chose the [Myriad Races Lord Battlefield] without hesitation.

A text notification appeared.

[Matching with your queuing opponent...]

[Match successful!]

[Entering the battlefield!]

Chapter 156: Gopher Lord— Lord Nord! Advancement!

When the text notification [Entering the battlefield] appeared, Zhou Zhou's body suddenly became illusory before quickly disappearing.

The next second.

The world in front of him suddenly changed and he arrived at a floating island in the sky.

He was surrounded by clouds that were within reach.

The island was very neat and was covered in immaculate white bricks.

It looked like an arena.

At this moment, he was standing on the city wall of Blazing Sun City.

Behind him were empty buildings.

In the distance, he could vaguely see a rough mud castle standing there.

The powerful Six Senses from the Chaos Human bloodline allowed Zhou Zhou to vaguely see black figures moving there.

At this moment, a text notification appeared.

[You have entered the Black Iron-Tier Elementary Grade battlefield!]

[Your opponent and you have been randomly assigned to the Black Iron-Tier Elementary Grade battlefield— Sky Island!]

[Your opponent is: The Gopher Lord— Lord Nord!]

[Condition to defeat the enemy: Kill all the enemy forces within 24 hours!]

[If you exceed the time limit, both sides will earn negative battle results. Ranking -1!]

[You have 10 minutes to deploy your forces!]

[Countdown: 9 minutes: 59 seconds]

...

Time was ticking away.

A white virtual screen appeared in front of Zhou Zhou.

It displayed the forces he could deploy.

He glanced at it and realized that almost all the subjects under his command were included in the faction units displayed on it, including his 17,254 Military Professionals, Bai Yun, Wu Xin, Nezario, Soul Reaper Maris, and other Professionals.

Even ordinary subjects without profession could be summoned by him and deployed on Sky Island.

Zhou Zhou felt relieved.

It seemed that he did not have to worry about not being able to unleash his combat strength after the battlefield changed.

Then, he summoned all the subjects with combat strength and even Bai Yuejing and the other doctors.

"Greetings, my Lord!"

After Bai Yun and Wu Xin climbed up the city wall, they immediately said respectfully to Zhou Zhou.

"Get ready."

"This is the battlefield where we will deal with the forces of the people of foreign races."

"They're a Lord faction from the Gopher Race."

"We have to destroy all the other party's forces within 24 hours. Only then can we leave as victors!"

Zhou Zhou said.

"Yes!"

The two of them said respectfully and led the way.

Then, Wu Xin began to arrange for the soldiers to climb up the city wall and set up defenses. He also activated the Aurora Kingdom Tower and prepared to attack at any time.

Bai Yun looked at the battlefield for two seconds and frowned.

"This kind of terrainless battlefield depends on the strength and advantage of both sides."

"Let's go all out!"

Zhou Zhou said in a low voice.

He did not feel relaxed.

The Myriad Races Lord Battlefield had just begun.

At this moment, there would definitely be a mix of good and bad Lords participating in the Lord Battlefield.

He might encounter very, very weak Lords but it was also possible that he would encounter top-notch Lords of races like the Dragon Lord, the Titan Lord, and the Demi Lord!

The reason why he challenged the Myriad Races Lord Battlefield the moment he arrived and not the Lord Battlefield of his race was because firstly, he still had the Territory Rebirth Token and could trial and error.

Secondly, if he wanted to obtain the title of the strongest Lord, he had to achieve the best results among his race in the Lord Battlefield.

Under such circumstances, every ranking opportunity was precious.

That was why Zhou Zhou chose the Myriad Races Lord Battlefield immediately.

The Gopher Lord opposite him did not sound like much.

However, it might be a top Lord of the Gopher Race.

Therefore, Zhou Zhou did not dare to underestimate it.

Soon, Wu Xin finished deploying all the soldiers.

Another five minutes passed.

A text notification appeared.

[Deployment time has ended!]

[The Lord War has begun!]

"It's starting."

Zhou Zhou said.

At the same time, his gaze was fixed on the distant castle.

"Everyone, get ready!"

Bai Yi shouted.

"Yes!!!"

Everyone said angrily.

Their voices shook the world.

Time passed, but both Zhou Zhou and the Gopher Lord opposite him did not make any moves.

Zhou Zhou was not anxious at all.

There were 24 hours.

He had complete patience to stall the other party.

However, if the other party did not come out in six hours, Zhou Zhou planned to let Nezario go directly to the other side to take a look.

Under such circumstances,

He had no intention of hiding his strength.

More than an hour later.

Zhou Zhou suddenly heard a rustling sound from the ground.

"Do you hear anything?" He frowned.

Bai Yun and Wu Xin looked at each other and shook their heads.

Nezario growled and looked at the ground coldly with its scarlet dragon eyes.

"The enemy is underground!" Zhou Zhou immediately said.

"All long-range soldiers, apply the Blood Eye Potion immediately!"

Bai Yun realized something and immediately ordered.

After the 7,333 long-range soldiers heard the order, they immediately took out a bottle of Blood Eye Potion and smeared it on their eyelids.

The next second, they were shocked to see dense red dots rushing towards the ground of Blazing Sun City.

There were six to seven thousand of them!

"All long-range soldiers, immediately shoot freely and destroy all the enemies underground!"

Bai Yun ordered decisively even though she was surprised by their numbers.

With that...

She took out her bow and arrow and shot five Fire Vine Arrows into the ground.

The other long-range soldiers also shot arrows to attack.

Their arrows shattered the bricks and shot into the ground with their powerful strength.

At this moment, Soul Reaper Maris' soul had already flown out. It flew underground and began to harvest the souls of these Gophers.

Kill notifications quickly appeared.

[Your Subject Bai Yun has killed a Green Bronze-Tier Elementary Grade Gopher. Promotion energy +20! Loots condensed!]

[Blessing of the War God: Your Subject Bai Yun has received an additional 40 promotion energy points!]

[Your Subject Zhang Qianhe has killed a Black Iron-Tier Intermediate Grade Gopher. Promotion energy +4! Loots condensed!]

[Blessing of the War God: Your Subject, Zhang Qianhe, has obtained an additional 8 promotion energy points!]

[Your Subject Soul Reaper, Maris, has killed a Green Bronze-Tier Elementary Grade Gopher. Promotion energy +20! Loots condensed!]

[Blessing of the War God: Your Subject, Soul Reaper Maris, has obtained an additional 40 promotion energy points!]

...

At that time...

Many Gophers were killed accompanied by a large number of screams from the depths of the ground.

Black blood gushed out from the ground.

It dyed the originally neat and clean ground into a terrifying black.

"This group of Gophers wanted to bypass the defense of the city wall from the ground and attack us from within."

"Nice try."

Wu Xin walked over and chuckled.

Zhou Zhou also smiled and nodded.

This city wall was built by Zhao Changshou, a veteran architect.

How could he ignore tunnels?

Therefore, Zhao Changshou had already built an underground city wall when he was building the city wall to prevent the enemy from entering the city through digging tunnels.

Other than that, he also placed a water jar at intervals on the inner edge of the city wall and a clay urn underground.

He also got people to specially guard the vicinity.

When the water in the water jar rippled or heard any movements through the underground pottery urn, one would discover that a life form was digging a tunnel underground.

This was done to resist this method of digging tunnels to attack the city.

This was the most ordinary method to prevent the tunnel from attacking the city.

It was said that in the big city of the Aurora Kingdom, there were even monster trainers who specially raised a monster called [Ground Listening Dog] to listen to the movements underground and kill enemies from underground.

The effect was even better than this.

A moment later, all the Gophers which came to launch a sneak attack died underground.

Soon, a corpse of a Gopher was dug out and brought to Zhou Zhou.

He looked at the corpse.

[Item Name: Gopher's Corpse]

[Item Level: Black Iron-Tier Intermediate Grade]

[Item Effect: A corpse of a foreign race that is about to dissipate.]

[Item Description: Fog Monster killed by the soldiers of Blazing Sun City.]

[Prompt: In a minute, this corpse will disappear and revive in the other party's territory.]

[Loots Drop Rate: None]

"No Loots?"

Zhou Zhou raised his eyebrows.

This was the first time he had encountered such a situation.

However, he immediately understood the reason why there were no Loots when he saw the notification.

It was the Territory Rebirth Token!

Its current death would not be considered a true death because the other party had the Territory Rebirth Token to revive, which was why this situation happened.

The situation should be different if both its Territory Rebirth Token and Resurrection Token were used up.

He stopped thinking about it.

Zhou Zhou looked at the Gopher Clan's castle in the distance.

He thought for a moment and looked at Soul Reaper Maris.

"Get rid of all the enemies that can be dealt with inside!"

Zhou Zhou said.

"Yes, my Lord!"

Maris bowed slightly in its soul state and flew straight into the castle.

Soon, kill notifications sounded one after another.

Zhou Zhou looked at these kill notifications.

Suddenly, a different kill notification appeared in front of him.

[Your Subject Soul Reaper, Maris, has killed an Intermediate Green Bronze-Tier Intermediate Grade Gopher Lord— Lord Nord. Promotion energy +40! Loots condensed!]

[Blessing of the War God: Your Subject, Soul Reaper Maris, has obtained an additional 80 promotion energy points!]

A smile appeared on Zhou Zhou's face.

The other party's Lord had been killed by him.

Then this competition was set!

He looked at the black bloodstains all over the ground below the city wall and suddenly felt a little emotional.

He did not expect the foreign race he met to be so strong.

There were six to seven thousand Gophers!

This was already comparable to the strength of the top Lords of the Cerulean Planet!

The strength of the Myriad Races Lord Battlefield was indeed high.

A moment later.

A golden text notification appeared as the last Black Iron-Tier Advance Grade Gopher was killed.

[You have defeated the Gopher Lord— Lord Nord (Black Iron-Tier Elementary Grade) and obtained victory in this competition!]

[Congratulations, you have advanced to the Black Iron-Tier Intermediate Grade in the Myriad Races Lord Battlefield!]

[You need to participate in at least one ranking competition every three days. Otherwise, your rank will -1!]

[Your Battlefield Shop has been updated!]

"I've advanced!"

Zhou Zhou nodded in satisfaction.

[Global Lord: 100% Drop Rate](#)

Chapter 157: Index of All Races (Book One) ! A Fight Between Immortals!

When Zhou Zhou saw that he had advanced, he did not stay any longer. He chanted "Return" and left the Lord Battlefield with everyone.

At the same time... Millions of kilometers away from Blazing Sun City.

Under a rough and simple mud castle.

Lord Nord's body trembled and it suddenly woke up from its bed.

"I actually lost my first battle...!?"

Its eyes were filled with disbelief.

It could only be considered one of the lowest ranking amongst the endless top-notch Gopher Lords, but it was also a genuine top-notch Gopher Lord!

Its strength naturally could not be underestimated!

Originally, it was very confident that it could rely on this Myriad Races Lord Battlefield event to become the strongest Lord among the top Gopher Lords!

However, it never dreamed that it would actually lose in its first battle.

Moreover, it had lost to the human race!

In the past, they were known as the Gopher Calamity and humans could only flee in front of them.

It had bathed in glory for a long time. When has it ever suffered such grievances?

It had just used all the rewards from the Novice Lord Test!

Then, Lord Nord recalled the scene it had just seen. It could not help but tremble, fear appeared in its eyes.

It remembered the scene where it could only watch helplessly as its subjects fell silently in front of it without even being injured. It could not even touch their shadows and could only wait for death.

It felt a lingering fear even now.

"Why is my luck so bad?"

"I encountered such a big pervert the moment I entered!"

Lord Nord cursed.

Then, it looked at its Territory Rebirth Token.

That was indeed the case.

There were only two left.

This made it even more helpless.

Then, it looked at its rank demotion notification.

"I'm only at the Black Iron-Tier Elementary Grade."

"It shouldn't be able to drop anymore, right?"

It muttered.

Then, it was immediately dumbfounded when it saw the rank.

[Gopher Race—Lord Nord's ranking: -1 rank— Ranking on the Myriad Races Lord Battlefield: Not included in the ranking.]

...

Blazing Sun City.

After Zhou Zhou returned with his men, he let the soldiers rest while he returned to the Lord's residence.

In the living room.

Zhou Zhou opened the battlefield shop in the Lord Battlefield.

In the end, he realized that other than the previous things, there was something new inside.

[7: Index of All Races (Book One) (Remaining Purchases: 1) - Price: One Black Iron-Tier Territory Token]

"Index of All Races?"

Zhou Zhou raised his eyebrows.

Then, he opened the item's information.

[Treasure Name: Index of All Races (Book One)]

[Treasure Grade: Black Iron-Tier]

[Treasure Effect: A former Mythical-Tier treasure. It records the detailed information of the races that are born and destroyed at all times in the myriad worlds. It can be used to search for the race information you want to know!]

[Treasure Description: Originally a Mythical-Tier treasure, but it was split into 10 volumes by the Supreme Will and is used to enlighten the Lords of All races!]

[Prompt: The Index of All Races is divided into 10 volumes. The first Lord to collect all 10 volumes will obtain the complete Mythical-Tier treasure, the Index of All Races!]

Zhou Zhou exclaimed after reading it.

It took a Mythical-Tier treasure and forcefully split them just to enlighten the Lord about the Races?

Only an existence like the Supreme Will could do such a prodigal thing, right?

Then, Zhou Zhou spent a Black Iron-Tier Territory Token without hesitation to buy the Index of All Races (Book One).

This thing was naturally very useful to him!

Or rather... It was very useful to all the Lords who aspired to reach the top of the Lord of All Races!

With it, in the future when he faced other Lord Races that he had never seen before, at least he did not have to worry that he would suffer a loss in terms of information because he did not understand the other party's race.

For example, in his first Lord Competition today.

If he had known that Gopher's burrowing ability was so strong, he would not have to wait for the Gophers to approach before sensing their movements.

Instead, he would have asked Bai Yun to lead the Military Professionals to apply the Blood Eye, ready to kill the Gopher enemies who dared to approach them at any time before the battle began.

A thick book with a dark brown surface appeared in Zhou Zhou's hand out of thin air.

The moment he obtained the book, the method of using it appeared in his mind.

Zhou Zhou willed and the appearance of the Gopher race that had just been killed appeared in his mind.

As a weak energy surged into the Index of All Races (Book One),

The next second, the book lit up slightly before calming down.

Zhou Zhou sensed that the thick book in his hand had loosened, so he flipped it gently to the first page.

A vivid image of a Gopher was drawn on the first page.

Beside it was its racial information.

[Gopher Race: A Gopher race from the Mud World. In the Primordial World, they have the title as a creature of natural disaster! They grow and reproduce extremely quickly. As long as there's enough energy, they can quickly grow and reproduce. In order to satisfy the energy needs, they wantonly expanded the scale of their race in the Mud World, plundered and devoured the various resources and turned them into their own energy. Later on, the Supreme Will summoned them to the High Continent...]

"So the Gopher Race is so powerful."

Zhou Zhou clicked his tongue in wonder.

Then, he did some experiments and tried the Index of All Races (Book One) on all the races he had seen and heard of.

In the end, he successfully learned many secrets about many races.

"It's indeed good stuff."

Zhou Zhou looked at the Index of All Races (Book One) in his hand and was very satisfied.

Then, he stopped experimenting and opened the [Battlefield Ranking]

What greeted his eyes were two items.

One was the [Lord Battlefield of Your Race Ranking], and the other was the [Myriad Races Lord Battlefield Ranking].

Zhou Zhou opened both and took a look.

[Cerulean Planet Human Race— Lord of The Blazing Sun: Black Iron-Tier Elementary Grade— Lord Battlefield of Your Race Ranking: Excluded in the Ranking]

[Cerulean Planet Human Race— Lord of The Blazing Sun: Black Iron-Tier Intermediate Grade— Myriad Races Lord Battlefield Ranking: 1807,046,425,216th!]

"Oh my f*cking god..."

"There are 1,807 billion Lords who gained the Black Iron-Tier Intermediate Grade so quickly?"

Zhou Zhou clicked his tongue.

However, he was not surprised.

There were six billion human Lords from the Cerulean Planet alone!

There would be many, many billions of Lords if they combined all the races.

To be honest, there was luck involved for him to be ranked at this position.

He did not know how many Black Iron-Tier Intermediate Grade Lords there were behind him.

Then, he looked curiously at who the top three Lords of all races were.

[Original Spirit Race— True Tier: Yellow Gold-Tier Advance Grade— Myriad Races Lord Battlefield Ranking: 1st!]

[Chaos Gods Race— Great One Tier: Yellow Gold-Tier Advance Grade— Myriad Races Lord Battlefield Ranking: 2nd!]

[Extreme Dragon Race—Extreme Venerable Tier: Yellow Gold-Tier Intermediate Grade— Myriad Races Lord Battlefield Ranking: 2nd!]

"A fight between immortals!"

Zhou Zhou sighed after reading it.

[Global Lord: 100% Drop Rate](#)

Chapter 158: I'm Willing To Call You The Strongest In Terms Of Thick-Skinnedness!

Zhou Zhou quickly became puzzled again.

How did their ranks increase so quickly?

Logically speaking, didn't all of them, who had just joined the battlefield of the Lords of All Races, only have one chance to rank?

For example, the fact that this True Lord of the Original Spirit Race could advance to a Yellow Gold-Tier Advance Grade Lord in such a short period of time meant that it had completed a total of 12 rankings in less than two hours!

Where did its remaining 11 ranking opportunities come from?

He pondered a moment and had a guess.

The other party had probably begun to attack the territories of many foreign race Lords or Scarlet Lords before the Myriad Races Lord Battlefield started.

After the event began, these attacked territories were quickly conquered, giving these top-notch lords many chances to rise in ranks.

That was why the ranks of these top Lords were raised so high in such a short period of time.

"I'm afraid it won't be long before the first Mythical Lord is born." Zhou Zhou thought.

Honestly, while he knew that the difference between him and these top-notch Lords might be huge, he did not expect it to be such a huge gap.

He was only at the Black Iron-Tier Intermediate Grade while others were already Yellow Gold-Tier Advance Grade.

He shook his head and stopped thinking about it.

He was a little shocked, but he was still very confident in his future with his Mythical Lord talent.

After that, he opened his friend list and opened Ling'er's chat to type.

[Lord of The Blazing Sun: Are you ranked?]

[Spiritual Medicine Lord: Brother, I've just finished. Wow! I encountered a group of cute slimes!]

[Spiritual Medicine Lord: But I still got the soldiers to kill them.]

[Lord of The Blazing Sun: Yes, well done. Don't pity the enemy. Being kind to them is cruel to yourself and your subjects.]

[Spiritual Medicine Lord: Yes, yes. Brother, how's it going on your side? You must have won too, right?]

[Lord of The Blazing Sun: Yes, the victory went quite smoothly.]

When Zhou Zhou wrote this, he suddenly pondered for a few seconds before typing:

[Lord of The Blazing Sun: Let's team up in the future. The two of us together will have a higher chance of winning.]

[Spiritual Medicine Lord: But... I'm relatively weak. I might be a burden to you.]

[Lord of The Blazing Sun: Why are you still talking about this when you're already calling me brother? Just listen to me.]

[Spiritual Medicine Lord: Thank you, Brother! You're the best!]

[Lord of The Blazing Sun: Okay.]

Zhou Zhou's decision was not without reason.

During this period of time, Ling'er had been sending him all kinds of medicinal herbs every day.

An increasingly larger amount of them.

His soldiers were growing extremely quickly but he had never worried about a shortage of potions even under such circumstances.

The most important reason was that the amount of medicinal herbs Ling'er provided had never disappointed him.

Moreover, the Lord of All Races Battlefield had already begun.

Not only did their Cerulean Planet Lord need internal competition, but the pressure on foreign race lords from outside also began to increase.

He knew that it was difficult to hold on alone.

He could not be the only strong Cerulean Planet Lord!

He needed more allies.

He could not count on the other Lords, and he had never expected to count on them.

Zhou Zhou was already familiar with Ling'er.

As a Legendary-Tier Lord Talent holder, and his godsister, he currently felt that she was someone he could nurture as an ally.

That was why he proposed to help her in a duo.

Her support ability was very strong while her combat strength was still relatively weak.

Working together could complement each other.

Then, he began typing again:

[Lord of The Blazing Sun: During this period of time, try your best to get the soldiers to conquer a few foreign race territories or scarlet territories and obtain some Territory Tokens. This way, you can exchange for the goods in the battlefield shop.]

[Lord of The Blazing Sun: I've seen the things inside. They're quite good.]

[Spiritual Medicine Lord: Yes, yes, Brother, I know. I've already conquered the territories of three Scarlet Lords. I've been planning to defeat the Regional Lord in my area recently.]

Zhou Zhou was stunned.

Then, he could not help but shake his head.

He seemed to treat the other party as a child and wanted to instruct her about everything.

However, Ling'er was a very smart girl in her own right, she could think of whatever he could think of.

[Lord of The Blazing Sun: I don't think I've ever seen you say anything on the World Channel. Don't you sell the medicinal herbs you nurtured in the Marketplace?]

[Spiritual Medicine Lord: The herbs in my herb garden are enough for you alone.]

[Lord of The Blazing Sun: ... You don't have to do this. Your Lord's talent is very strong. You can make a name for yourself in the exchange under the premise that you don't expose yourself. This way, you can earn more Mist Cores to allow you to develop better.]

[Lord of The Blazing Sun: If possible, you can collect more potion formulas and medicinal herb seeds on the World Channel. You won't be able to use them now, but you will one day.]

[Spiritual Medicine Lord: Alright, I'll listen to you!]

Then, the two of them chatted for a while before ending the conversation.

Zhou Zhou looked at the content of their conversation and felt a little pressured.

Ling'er relied too much on him.

He did not refuse this dependence but he felt that this reliance was not good for Ling'er.

Still...

"I can't set the expectation for a little girl like I would an adult."

"She's already done a great job."

Zhou Zhou shook his head.

Then, he opened the World Channel to see the reactions of the Lords.

However, Zhou Zhou was stunned when he saw the first sentence from the Lords.

[Why is the Lord rank negative 1??]

[Is negative 1 rare? I'm negative 2. (Crying)]

[Don't tell me that we have climb up the negatives rank by rank?]

[Probably.]

[F*ck! I thought that we can afford to lose a few rounds since we can fight a few more times and would definitely be able to reach the Green Bronze-Tier if we are lucky. Won't we die directly if we lose a few rounds in a row?]

[Why would the Supreme Will leave such a thing for us to take advantage of?]

[Why are these foreign race Lords so abnormal? There are many Lord friends in my friend list who couldn't defeat the foreign race Lords and directly became negative ranking.]

[This might be evil but I would still suggest that Lords who are not confident in their strength fight our own kind if they are not too good. The battlefield of foreign race Lords is not something ordinary Lords can fight.]

[I'll start!]

[Everyone, let's do it!]

[Top-notch Lords have the boldness of top-notch Lords indeed. I just looked at the rankings of the Lords of the same race and realized that most of the top-notch Lords are not on the rankings. They should have gone to fight the Lords of All Races Battlefield.]

[I saw it too. I didn't expect the Knight Lord to be ranked first on our rankings. The Knight Lord is really thick-skinned.]

[Hahahaha, the Knight Lord really has the cheek to sit in this position. Did he ask the Lord of The Blazing Sun, the Dragon God Lord, the Overlord Lord, the Dragon Lady Lord, and the others?]

[Knight Lord: I relied on my strength to sit in this position. What right do you have to criticize me? If you have the ability, come up and squeeze me out. If the Lord of The Blazing Sun and the others don't sit in this position, why can't I?]

[You're quite thick-skinned to say that.]

[I'm willing to call you the strongest in terms of thick-skinnedness.]

...

"Knight Lord?"

Zhou Zhou thought for a while before remembering this person.

When the Cerulean Planet Lord first descended on the High Continent, this person became famous for a few days because he revealed on the World Channel that he had the Diamond-Tier Lord Talent, Knight Hall, which could nurture Combat Spirit Knights.

Later on, the Dragon Lady and the others rose one after another.

This person gradually faded from the vision of the other Lords.

Later on, this person seemed to have established a Knight Council and become famous again when the Alliances had just gained in popularity.

However, Zhou Zhou did not pay much attention to him.

He did not expect him to become famous again today.

However, the way of gaining popularity...

Zhou Zhou shook his head.

He had to start an internal strife instead of showing his Diamond-Tier Talents against the foreign race Lords. He did not agree with this method.

Nonetheless, everyone had their own choices.

Zhou Zhou could not interfere, nor would he interfere for no reason.

At this moment, he saw a few different Lord comments that made him narrow his eyes.

[Storm Lord: The Knight Lord is thick-skinned, but not as ruthless as the Lord of The Blazing Sun. The Knight Lord is only fighting against his own kind on the battlefield, but the Lord of The Blazing Sun has

actually attacked our human compatriots in reality. Moreover, this isn't the first time. Everyone, take a closer look.]

With that...

The other party even put up a screenshot of his friend list.

It showed the name of the Thorn Lord.

However, this name had already dimmed.

[Storm Lord: Poor Brother Thorn Lord. He died tragically under the hands of the Lord of The Blazing Sun just like that!]

There were many comments below that echoed his words.

[I could tell what kind of person the Lord of The Blazing Sun was from the moment he took down Lord Mighty. I'm not surprised that he did such a thing now.]

[The Lord Battlefield is cruel but there's no need to be so cruel to your own kind, right? Killing him just like that?]

[My condolences.]

[Everyone, you must be careful of the Lord of The Blazing Sun! Wouldn't he attack more Cerulean Planet Lords next time if he could attack Lord Mighty and the Thorn Lord today?]

[No way? No way? There are still people clearing Lord Mighty's name now?]

...

Zhou Zhou looked at the Storm Lord's name.

He knew this person.

Thorn Lord had mentioned this person's name when he first told him about the conspiracies.

This person was said to be one of the initiators of the Sun Extermination Association, scheming to deal with him.

"Looks like the Thorn Lord hasn't taught them a good enough lesson."

"They still want to deal with me."

Zhou Zhou thought.

As for the reason why the other party defamed him and spread the threat theory of the Blazing Sun, he could imagine it even with his toes.

He was probably afraid that he would fight him one day, so he wanted to use this method to attract more Lords to join his Sun Extermination Association and increase their strength and alliance.

This way, he could take the initiative to deal with him after accumulating strength.

Thinking of this, Zhou Zhou's expression turned cold.

Chapter 159: Ancestral Blessing! Purchasing The Ancestor Statue

Zhou Zhou had never thought of killing Lords of the same race.

Take the Thorn Lord for example.

He was living well in Sand Gold City.

Zhou Zhou did not even separate him from his subjects.

He had Peace And Prosperity after all so he was never worried that his subjects would rebel and was especially tolerant of them.

He might even take the initiative to make them constantly become stronger.

He didn't expect someone to have a death wish.

After thinking for a moment, he decided to ignore these clowns for the time being.

This group of people might be annoying, but the activity in the Myriad Races Lord Battlefield was still the most important.

He knew very well what to prioritize.

"My main goal now is to conquer more Lord factions and obtain more rankings and territory tokens."

"Also, I can't allow these people to continue slandering me."

Zhou Zhou thought for a moment.

Then, he found Bai Yun, Wu Xin, and the others and asked them to gather 12,000 Military Professionals together.

"Wu Xin."

"I have a heavy responsibility for you."

He said solemnly to Wu Xin.

"My Lord, please instruct me!"

Wu Xin immediately said respectfully.

"I want you to bring these 12,000 Military Professionals to the east of Thorn Dune and conquer the two Green Bronze-Tier territories, the Blackrock Desert and the Silent Wasteland!"

"This time, Bai Yun, Nezario, and I won't go with you."

"This task is for you and the soldiers to undertake, be it to eliminate the fog monsters or the Scarlet Lord."

"Are you confident enough?"

Zhou Zhou said solemnly.

The Blackrock Desert and Silent Wasteland were the two Green Bronze-Tier regional territories that Wu Tu had explored when making the map.

Normally speaking, White Silver-Tier fog monsters and Scarlet Lords would appear in the Green Bronze-Tier regional territory, at most.

Wu Xin was not only a Yellow Gold-Tier Advance Grade, he was also an Extraordinary-Tier hero!

It was naturally easy to deal with monsters of this level.

This was also why Zhou Zhou dared to entrust this important task to him.

"My Lord, don't worry."

"I will definitely return with victory!"

Wu Xin agreed without hesitation.

"Remember to bring Elder Bai and the other doctors along." Zhou Zhou said.

The doctors in his territory had the Ancestral Enhancement "Essential Prescriptions Worth a Thousand Gold for Emergencies".

There would be casualties once the war began.

These doctors would display their skills at such times.

"Yes!"

Wu Xin said respectfully.

"Wait for a while before setting off."

"I will wish for a blessing from the ancestors for you!" Zhou Zhou said.

"Yes, my Lord!"

Wu Xin said respectfully.

Zhou Zhou nodded and walked towards the Imperial Ancestral Temple.

...

In the main hall of the Imperial Ancestral Temple.

Zhou Zhou stood in front of the statue of Ancestor Sun Simiao and looked at the altar in front of him.

A text notification appeared.

[Ancestral Altar: Offer 10 sacrifices of value below the White Silver-Tier Mist Core to the ancestor before a war and you will obtain the Ancestral Blessing, a random temporary war enhancement effect!]

[Prompt One: The higher the level of the Cerulean Planet's Ancestor Statue, the higher the value of the offering required and the stronger the Ancestral Blessing effect obtained.]

[Prompt Two: The Lord can only have one type of Ancestral Blessing at any one time.]

"10 White Silver-Tier Mist Cores in exchange for a temporary ancestral blessing."

"It's not expensive."

Zhou Zhou searched through his Spatial Ring for a long time.

He did not know which loots were worth exactly 10 White Silver-Tier Mist Cores.

In the end, he simply placed 10 White Silver-Tier Mist Cores on the altar.

"I wonder if Ancestor Sun Simiao will find my offering too vulgar?"

Zhou Zhou was a little nervous.

Soon, the altar lit up slightly.

Then, the 10 White Silver-Tier Mist Cores on it disappeared.

Zhou Zhou heaved a sigh of relief.

It seemed that Ancestor Sun Simiao was not picky about offerings.

At this moment, a text notification appeared.

[You have obtained an Ancestral Blessing: Physical Injury Restoration (White Silver-Tier War Gain)!]

[Physical Injury Restoration (White Silver-Tier War Enhancement): Increases the recovery speed of physical injuries by 5% sustained by the Lord's subjects. Duration: 24 hours.]

Zhou Zhou nodded.

5% did not sound high, but Zhou Zhou instantly felt comfortable when he thought about how it would cover all his subjects.

He now had more than 20,000 subjects under his command.

A blessing that covered so many people was already quite shocking.

"I need more Ancestor Statues of the Cerulean Planet." Zhou Zhou thought.

He opened the Marketplace, and began to set up a transaction.

A moment later.

The setup was completed.

The transaction was as follows:

[Trade Name: Deal with the Blazing Sun Lord]

[Trade Goods: 100 Yellow Gold-Tier Mist Cores.]

[Trade Requirement: I only want the Ancestor Statue of the human race from Cerulean Planet. I prioritize the statue of Ancestor Sun Simiao!]

[Remarks: You can private message me if you're not satisfied with the price.]

The setup was completed and he published the transaction.

Soon, the ranking of this transaction began to rise rapidly.

After a while, it became the post with the most views.

The Lords on the World Channel were also discussing this deal.

However, most of them said they had no Ancestor Statue of the human race on the Cerulean Planet.

Zhou Zhou did not receive any private messages from anyone. Instead, many onlookers asked him what the effect of the Ancestor Statue was.

Zhou Zhou did not reply and closed the Marketplace channel.

It seemed that he could only take his time to buy the Ancestor Statues.

Then, he bowed three times to Ancestor Sun Simiao and left the Imperial Ancestral Temple.

At the same time...

Wu Xin and the others could already feel the difference in their bodies outside.

"Is this the Ancestral Blessing requested by the Lord?"

Wu Xin said in surprise.

At this moment.

He even felt that the old injuries on his body were recovering slightly.

The Restoration was very slow, almost like a drop in the bucket, but he was indeed recovering.

It was the same for the soldiers.

They had followed Zhou Zhou through many battles and had long accumulated many injuries.

These injuries could not be completely healed in a short period of time. They could only slowly recuperate and recover.

And now, they also felt restoration accelerating for these injuries.

At this moment, Zhou Zhou also walked out of the Imperial Ancestral Temple.

"My Lord."

"We can already feel the effect of the Ancestral Blessing."

Wu Xin sighed.

"Elder Wu, are your injuries recovering too?"

Zhou Zhou was a little surprised.

The injuries on Wu Xin's body were caused by a Scarlet Hero.

Is this also within the range of the restoration?

Wu Xin nodded.

Seeing this, Zhou Zhou valued the Ancestral Blessing even more.

However, he suddenly felt helpless.

The effects of the Ancestral Blessing appeared at random.

It was Physical Injury Restoration this time but it might not be the same next time.

"We can't rely on the Ancestral Blessing to treat Elder Wu's injuries."

"I can let Elder Bai take a look when we come back."

Zhou Zhou thought.

Bai Yuejing was now in charge of the "Essential Prescriptions Worth a Thousand Gold for Emergencies". There was a chance of getting a hint from Ancestor Sun Simiao when treating difficult illnesses.

Perhaps he could treat Elder Wu's injuries.

Then, he stopped thinking about it.

After Wu Xin led the troops out.

He and Bai Yi sat on Nezario's dragon back and flew towards Sand Gold City.

He wanted to let the Storm Lord and the others from the Sun Extermination Association know what it meant to reap what they sowed!

[**Global Lord: 100% Drop Rate**](#)

Chapter 160: The Sun Extermination Association Is Dead! Head To The Sunshine City!

A moment later, Zhou Zhou and Bai Yi rode on Nezario to Sand Gold City.

When Qian Jiangsheng and Zhang Kaishan found out that Zhou Zhou had arrived, they immediately came to greet him.

"Greetings, my Lord!"

"Greetings, Legion Commander Bai!"

The three of them said respectfully.

"Where's Zhang Youde?"

Zhou Zhou nodded and went straight to the point.

"Zhang Youde?"

Qian Jiangsheng thought for a while and quickly remembered.

"My Lord, Zhang Youde originally wanted to be an ordinary subject after coming to Sand Gold City."

"However, he understood our military merit exchange system and directly joined our army."

"He should be in the barracks now."

Qian Jiangsheng said respectfully.

"Take us to him."

Zhou Zhou said.

"Yes, my Lord. Legion Commander Bai, please follow me."

Qian Jiangsheng walked in front of the two of them and led the way.

Zhou Zhou followed with Bai Yun seeing that.

A moment later.

At the barracks in Sand Gold City.

Zhou Zhou and Bai Yi quickly found Zhang Youde under Qian Jiangsheng's lead.

He was training with the other soldiers in the arena at the moment.

Qian Jiangsheng immediately called him over.

"Greetings, my Lord."

Zhang Youde was a little confused at first, but he immediately said respectfully when he saw Zhou Zhou.

"How are you doing in Sand Gold City?"

Zhou Zhou looked at him and said.

"Very good! I feel much safer than when I was a Lord." Zhang Youde could not help but grin.

He could not help but sigh when he recalled being a Lord.

At the same time, he regretted being obsessed with being a Lord.

Wasn't it good to be a soldier in Sand Gold City now?

Not only could he enjoy the protection of the Lord of The Blazing Sun, he also did not have to worry about matters of the Lord all day long. Moreover, he did not have to worry about the Supreme Will constantly targeting him, nor did he have to worry about any people of foreign races attacking his territory.

This life was simply like a safe immortal compared to his previous days as a Lord.

He was living quite comfortably now especially with the military merit exchange system for the soldiers.

Zhou Zhou acknowledged.

Then, he told Zhang Youde what had happened on the World Channel.

Zhang Youde was stunned for a moment before he immediately said angrily, "I'm not dead yet. These people actually cursed me to death?"

"Please tell me what you need me to do, my Lord! I'll definitely cooperate with you!"

He was now a subject under the Lord of The Blazing Sun.

He naturally knew which position he should take now.

"It's nothing serious. Just post a proof of life video of yourself."

Zhou Zhou said.

"That's easy."

Zhang Youde immediately agreed.

Zhou Zhou acknowledged.

Then, he turned on the recording function of the World Channel.

A moment later, a transaction with the Lord of The Blazing Sun appeared in the Marketplace again.

This transaction was special because it was free.

Others could choose to buy it and obtain the goods inside without paying any price.

This product was a video.

It was Zhang Youde's proof of life video!

After this transaction appeared, it quickly surpassed the previous transaction because it involved the recent commotion of the Lord of The Blazing Sun killing a Lord of the same race. It was pushed to the number one spot in the transaction viewership.

After these transactions were widely circulated by the Lords on the World Channel, there was immediately a huge commotion among the Lords.

...

Yulin City.

Zhang Yulin had just finished his ranking match today and was resting when he saw Zhou Zhou's deal.

"A video? And it's for free?"

"The Lord of The Blazing Sun actually gives out free deals?"

He was subconsciously surprised.

Then, Zhang Yulin bought it curiously.

After he opened the video.

It was pointed at a normal-looking middle-aged man who was a little short, cursing and swearing.

"Chen Haobin (Storm Lord's real name), you m*therf*cker..."

"I..."

"..."

"The Lord of The Blazing Sun clearly didn't harm me and even made me a subject in his territory, but you're cursing me to my death?"

"Lords, don't be deceived by the Storm Lord and the others. I'm still fine. I'm doing very well."

"And those Lords who want to become enemies with the Lord of The Blazing Sun because of their territory problems."

"I know you value your status as Lords very much. I was the same back then, but I realized that there are too many powerful Lords in this world. To be fair, can you really match up to Top Lords like the Lord of The Blazing Sun, the Insect Lord, and the Dragon Lady Lord?"

"There are many paths in the world. There's no need for us to fight to the death on one path, let alone a path that can cost us our lives at any time."

"Let's give up your dangerous Lord status and become adventurers or other professions. We will definitely be able to go far."

"Finally, welcome everyone to the Sand Gold City."

"The benefits here are very good. If you don't believe me, you can come and inspect it before making a decision. You won't be disappointed."

"It is really not a lie even though it sounds like fake publicity!"

"If you still insist on becoming enemies with the Lord of The Blazing Sun."

"Then we'll be mortal enemies when we meet the next time!"

...

The video stopped abruptly.

The video was short, but Zhang Yulin already understood the general situation.

"So this group of people from the Sun Extermination Association wanted to deliberately slander the Lord of The Blazing Sun, so they spread the news that the Thorn Lord was killed by the Lord of The Blazing Sun."

"So exciting!"

Zhang Yulin was a little excited.

Battles between the Human Lords of the Cerulean Planet happened from time to time after they relocated to the High Continent, but these Lords who were fighting among themselves were all unknown Lords.

The other Lords would not pay attention to these "small matters" even if they really happened.

This was because everyone had long known that internal strife was inevitable.

Lords of the same race were often the easiest to deal with compared to the unknown foreign races after all.

Therefore, while such matters were often discussed on the World Channel, none of them would do anything about it.

No one really took it seriously.

However, it was different for the Lord of The Blazing Sun, the Dragon Lady Lord, and the Overlord Lord.

In the eyes of Lords like Zhang Yulin, they were equivalent to public figures or even celebrities on the Cerulean Planet.

Commoners would always demand and criticize public figures with higher moral standards.

That was why the matter of the Lord of The Blazing Sun killing a Lord of the same race caused an uproar.

Speaking of which, Zhang Yulin realized that this was a big deal and immediately opened the World Channel to share this matter.

Then, he saw that many Lords on the World Channel were also talking about this.

[I'm disgusted because I really thought that the Lord of The Blazing Sun had killed a Lord of the same race. I even added the Storm Lord as a friend and comforted him.]

[Me too. I even scolded the Lord of The Blazing Sun. F*ck, will I be blacklisted by the Lord of The Blazing Sun?]

[I don't think so. The Lord of The Blazing Sun isn't a robot. How can he watch the World Channel all the time to blacklist people?]

[A person who uses our sympathy is so disgusting!]

[Lord of The Blazing Sun, I'm sorry! I take back the bad things I said to you previously!]

[Sorry +1!]

[I don't believe that this person is the Thorn Lord. He has no evidence. Don't believe him. Perhaps this person is an actor hired by the Lord of The Blazing Sun!]

[It's the Thorn Lord. I've made a transaction video with him before. He looks like this.]

[Indeed. I've already seen several good friends of the Thorn Lord, proving that he is indeed the Thorn Lord himself.]

[This is really ridiculous...]

...

In the Sun Extermination Association group chat.

The Lords in the group chat were already panicking.

[I'm done for. More than 700,000 Lords suddenly added me as a friend. They were all scolding me when I saw their notifications...]

[Me too!]

[I've also been scolded by many people.]

[Storm Lord: Don't panic. What they say doesn't affect us at all. It's just a verbal attack. The threat of the Lord of The Blazing Sun is real. Don't forget our original intention of gathering together!]

[I won't be a Lord at most! Isn't the Thorn Lord living well?]

[That's right. The Lord of The Blazing Sun doesn't seem to be as scary as I thought. I'll give up my status as a Lord and become an adventurer or seek refuge with the Lord of The Blazing Sun if it comes to it!]

[The Thick Earth Lord has left the group chat!]

[Little Daze Group Master has left the group chat!]

In the territory of the Storm Lord.

The Storm Lord saw these two notifications to leave the group just as he was fuming about two traitors who had appeared among his allies.

He was stunned then his heart ached immediately.

He did not have many Lords in the Sun Extermination Association to begin with, only eight Lords remaining after these two left.

However, it was not over yet.

Another five Lords left the Sun Extermination Association after a while.

In the blink of an eye, there were only three Lords, including himself, left in his Sun Extermination Association.

As for these three Lords, they were the three Lords who had founded the Blazing Sun Society together.

Seeing this scene, and the hundreds of thousands of "friendly" words from his friend request list.

The three of them could not help but feel that the Sun Extermination Association was finished.

...

At the same time...

In Sand Gold City.

"My Lord, how was my video?" Zhang Youde asked smilingly.

"Everything is fine other than it being too vulgar." Zhou Zhou chuckled.

He felt very comfortable now.

The Sun Extermination Association could not no longer cause much trouble even if they did not perish this time.

While he did not care about these enemies to begin with, it was also very satisfying if he could stop these guys from jumping around and talking nonsense.

"I did some self-media when I was on the Cerulean Planet." Zhang Youde said embarrassedly.

Zhou Zhou acknowledged.

Then, he asked Qian Jiangsheng to reward the other party with some military merits. He left with Bai Yun in surprise.

On the way.

"How's the clearing of the monsters near the Sand Gold Land recently?"

Zhou Zhou asked casually.

"My Lord, don't worry."

"We've already cleared all the fog monsters near Sand Gold City."

"Currently, many merchants and even caravans from Blazing Sun City and Fish Spring Town have already begun to come to our Sand Gold City to trade through the trade route."

"Things are looking up." Qian Jiangsheng said.

Zhou Zhou acknowledged.

Then, he chatted with him for a while more before riding on Nezario again and flying in the direction of the Yellow Gold-Tier regional territory, Sunshine City.

He wanted to buy a batch of Yellow Gold-Tier Aurora Crystals and change all the Aurora Kingdom Towers in Blazing Sun City to Yellow Gold-Tier Aurora Kingdom Towers!

At that time, he would not be too worried even if he encountered stronger opponents in the Myriad Races Lord Battlefield.
