Chapter 211: The Dragon God Lord And The Insect Lord's Backgrounds!

Zhou Zhou looked at the gradually disappearing golden skeletons and felt a little emotional.

These undead creatures were not good.

They were not even as threatening as the White Platinum-Tier Griffins he had encountered last time.

However, he also understood.

It was not that these undead were weak, his strength had increased again.

In addition, their abilities were extremely effective against these undead creatures.

That was why it was easier to win than last time.

"Lord of The Blazing Sun."

"Can I add you as a friend?"

At this moment, the Green Phoenix Lord looked at Zhou Zhou expectantly.

"How can I refuse since Fairy Green Phoenix has spoken?"

Zhou Zhou smiled.

He still harbored good feelings towards his fellow countrymen.

The Green Phoenix Lord blushed.

She was not as high-profile as the Dragon Lady Lord, but she was a small-time UP master when she was on the Cerulean Planet.

After coming to the High Continent, she liked to upload videos of her battle and post it on the exchange for free for the other Lords to see. Then, she would sell the goods in her territory through this method.

Even though her motive was not pure, it was understandable.

It was to earn money.

Many Lords who liked her also expressed understanding and support for this.

They also called her 'Fairy Green Phoenix'.

As time passed, more Lords called her Fairy Green Phoenix'.

She didn't expect the Lord of The Blazing Sun to know.

'I thought he would not appear on the world channel.'

The Green Phoenix Lord thought to herself.

The Dragon Lady Lord beside her felt very angry when she saw this.

Back then, she had put in so much effort to add Lord of The Blazing Sun as a friend, but he still rejected her in every way possible.

In the end, she just asked and you agreed?

What a lecherous fellow!

"Lord of The Blazing Sun."

"Hmm?"

Zhou Zhou looked over.

He saw the Dragon Lady Lord looking at him angrily.

This puzzled him.

What's wrong with this woman? Did I provoke her?

"You should encounter the Dragon God Lord and the others next."

"Be careful."

"They're... very powerful."

The Dragon Lady Lord wanted to say that they were not weaker than him.

However, when she thought about the thousands of White Silver-Tier soldiers under the Lord of The Blazing Sun, she retracted her thoughts.

"Have you ranked with the Dragon God Lord and the others?"

Zhou Zhou raised his eyebrows.

"Yes, once for both the Dragon God Lord and the Insect Lord."

The Dragon Lady Lord's expression was a little ugly.

"Did you ask why they didn't appear on the World Channel?"

Zhou Zhou was most curious about this.

The Dragon God Lord and the Insect Lord had never appeared on the World Channel.

Therefore, the mysterious aura on the two of them was very strong.

Zhou Zhou was a professional diver of the World Channel to begin with, so he was even more curious about this.

"I did."

"They are not on the High Continent, but in the world near it."

"The Dragon God Lord said that he's in a place called the [Elemental World]."

"The Insect Lord said that he did not know where he was. He found himself on a deserted planet as soon as he descended. It's said that there's nothing on that planet except monsters."

"They also have a separate world channel where they are. It's not connected to the Cerulean Planet World Channel on our High Continent, so they can't appear in our world channel."

"They are only in the same universe as us, during the previous novice Lord test and this Lord Battlefield event."

The Dragon Lady Lord said.

Zhou Zhou and the Green Phoenix Lord were a little surprised.

They were not in the High Continent but in another world?

Zhou Zhou suddenly thought of Jing Hongzi, the Array Master from the Immortal World he had recruited yesterday.

Since there were Lords in other worlds,

Then would there be human lords or lords of other races in the Immortal World?

Zhou Zhou speculated that the possibility was very high.

"The Dragon God Lord and the Insect Lord also said that they really want to meet you, but they didn't know if there's a chance."

"I think they'll have a chance soon."

The Dragon Lady suddenly smiled.

She suddenly wanted to see what the two Cerulean Planet Lords, who were full of confidence, would think after seeing the powerful strength of the Lord of The Blazing Sun.

That scene would definitely be interesting.

"I want to meet them too."

Zhou Zhou smiled.

He was naturally very interested in competing with a powerful Lord of the same race.

"Is that Dragon God Lord related to the Dragon Race?"

Zhou Zhou asked again.

The Dragon Lady Lord looked at Zhou Zhou and said expressionlessly,

"Why should I tell you everything?"

"We're adversaries now."

"We'll still be competitors after the event."

"What do you want?"

Zhou Zhou raised his eyebrows.

"I'll answer your question if you answer one of mine."

The Dragon Lady Lord said.

"Tell me about it first."

Zhou Zhou acknowledged.

"How did you develop so quickly?"

The Dragon Lady frowned.

This was the question she wanted to ask the most.

This thought became even stronger especially after seeing his Blazing Sun Army.

In front of the 30,000 professionals of the Blazing Sun Army, even the pure-blooded dragon was no longer eye-catching.

A White Silver-tier pure-blooded dragon would be beaten to death when facing 30,000 professionals, especially since there were more than 1,000 White Silver-Tier professionals inside after all.

She did not realize that Nezario was a Yellow Gold-Tier Elementary Grade pure-blooded dragon and thought that it was a White Silver-Tier pure-blooded Dragon.

This was because she knew very well how difficult it was for the Dragon Race to advance in strength.

If the advancement energy needed for ordinary professions to advance was compared to an experience bar, assuming that the experience required for ordinary professions to advance was 100!

Then the experience required for her wyverns would be 1,000 while the experience required for a pure-blooded dragon to advance was 10,000!

Pure-blooded dragons would find it more difficult to advance than wyverns.

Among her six wyverns, the strongest Winged Demon Dragon was only at the White Silver-Tier Advance Grade.

The dragon race of the Lord of The Blazing Sun would definitely not surpass the White Silver-Tier Advance Grade. At most, it would be at the White Silver Intermediate Grade.

That was her guess.

Zhou Zhou naturally did not know what the Dragon Lady Lord was thinking.

After hearing her question, he thought for a moment and said seriously,

"My current achievements are all because of my personal hard work!"

Dragon Lady Lord: ...

The Green Phoenix Lord was also speechless.

Who would believe you, Big Brother?

Zhou Zhou did not think there was a problem.

The Lord Talent was not given to him by anyone.

He had awakened it himself.

What's wrong with me saying that? Why are you looking at me like that?

"Is your Lord Talent at Mythical-Tier?"

The Dragon Lady Lord suddenly had a complicated expression.

"That's the second question."

Zhou Zhou said.

Then, he thought for a moment and said frankly,

"Not at first."

"It was after the novice lord test."

The Green Phoenix Lord's mouth fell agape as she looked at Zhou Zhou.

The Dragon Lady Lord looked at him with a complicated expression.

It was really a Mythical-Tier Lord Talent.

She was silent for a moment, then exhaled.

"The Dragon God Lord is indeed related to the dragons."

Chapter 212: Diamond-Tier Lord! Battlefield Veterans!

"He has the ability to summon pure-blooded dragons."

"He had a bronze dragon and a golden dragon under his command when I teamed up with him yesterday."

"They're all pure-blooded dragons not inferior to your dragon."

"And their strengths are at the White Silver-Tier Intermediate Grade."

"As for whether he has other pure-blooded dragons, I don't know."

Nezario sneezed disdainfully at that.

Zhou Zhou fell into deep thought.

He really had the ability to summon pure-blooded dragons, and he already had two.

However, if that was all.

Then he was not afraid at all.

It was true that pure-blooded dragons were strong.

However, they were not invincible!

Not to mention anything else.

If the two pure-blooded dragons dared to charge into his 1,000 White Silver-Tier Professionals, with Nezario beside them to offset its dragon might, they would definitely die!

The Dragon Lady Lord looked at his thoughtful expression and fell silent for a few seconds before saying calmly,

"The Dragon God Lord and the Insect Lord are both ranked higher than me, but not much higher."

"If you still want to continue teaming up, you should be able to be matched with them."

"You should be fighting with them for the highest rank among our kind next."

"I won't be involved."

"Good luck."

"I'll get going first."

With that, she prepared to leave.

"Aren't you going to continue ranking?"

Zhou Zhou was stunned.

"Why should I continue ranking..." The Dragon Lady Lord gritted her teeth. "Should I be making a fool of my wyverns in front of both you and his pure-blooded dragons?"

With that...

She, her wyvern, and Dragon Lady City all disappeared from the Lord Battlefield.

Zhou Zhou could not help but be speechless when he heard her words.

However, he did not say anything.

As a bystander, the Green Phoenix Lord was clearly very happy.

Not only did she get to know that Big Boss Blazing Sun was actually the owner of a Mythical Lord Talent, but from the Dragon Lady Lord's attitude, it was obvious that she had given in to the Lord of The Blazing Sun.

This was big news!

This was because the Dragon Lady Lord had never given in to the Lord of The Blazing Sun on the world channel.

Or rather:

Everyone knew that the Dragon Lady wanted to surpass the Lord of The Blazing Sun.

Her words today actually had a faint hint of giving up.

How could this not make her, a bystander, happy?

"Big Boss Blazing Sun."

"Is Big Boss Dragon Lady Lord openly admitting that she's inferior to you?"

The Green Phoenix Lord looked at the Lord of The Blazing Sun with sparkling eyes.

Zhou Zhou: "..."

Your temperament as a bystander is a little too obvious!

"I'm not a big boss. Just call me Lord of The Blazing Sun."

"Dragon Lady Lord shouldn't mean that."

"Even though I haven't interacted much with her, I can feel that her ambition for the path to becoming an outstanding Lord is not inferior to a man's."

"Maybe she thinks that her current wyverns might not be as good as mine."

"But she might find another way to defeat me."

"The Dragon Lady Lord is still the same Dragon Lady Lord as before."

Zhou Zhou said.

The Green Phoenix Lord nodded twice before looking at Zhou Zhou expectantly.

"Big Boss Blazing Sun, can I play doubles with you next?"

"...Alright."

"However, I might have to play solo if the next ranking involves the competition for the strongest Lord of our race."

Zhou Zhou said.

If they teamed up, they could obtain three times the battlefield points.

He naturally would not refuse to form a team if it did not affect the competition for the strongest Lord of the same race.

Moreover, the Green Phoenix Lord was not weak either.

Zhou Zhou was also willing to form a team with such a Lord.

When the Green Phoenix Lord heard Zhou Zhou's words, she hurriedly nodded.

"Then give me a moment."

"I'll team up with you later."

Zhou Zhou said.

The Green Phoenix Lord nodded.

After the two of them added each other as friends, Zhou Zhou led his troops back to Blazing Sun City.

He had just returned to the city.

Bai Yun went forward and reported,

"Reporting to my Lord."

"In the battle just now, a total of 15,295 soldiers broke through!"

"Among them, 8,241 have been promoted to Black Iron-Tier Intermediate Grade and Advance Grade!"

"6,049 people advanced from Black Iron-Tier to the Green Bronze-Tier!"

"Another 1,005 people have advanced to the White Silver-Tier!"

"Our army has a total of 22,076 Black Iron-Tier soldiers!"

"10,868 Green Bronze-Tier Soldiers!"

"2,245 White Silver-Tier soldiers!"

"However, we also lost 642 soldiers in this battle."

Zhou Zhou acknowledged.

In just one group battle, he had slaughtered more than 30,000 foreign race enemies, increasing the strength of his Blazing Sun Army by so much!

Green Bronze-Tier soldiers exceeded 10,000!

The number of White Silver-Tier soldiers had also increased from more than 1,000 to more than 2,001!

It was not an exaggeration to say that his strength had doubled!

But he knew that such an opportunity could only be chanced upon by luck.

After all, enemies like the Undead Race, who were populous but not very strong individually, were not something that they would encounter in every ranking.

Then, he stopped thinking about it and took out the White Platinum-Tier Resurrection Token to revive the 642 soldiers who had died.

Then, he looked at the Resurrection Token.

As his Lord rank advanced to Diamond-Tier Elementary Grade, the upper limit of his resurrection quota had increased from 10,000 to 50,010.

After reviving 642 people.

The resurrection quota changed from 6,124/50,000 to 6,766/50,000.

Then, he checked his Diamond-Tier rank title and activity clothes.

[Title: Diamond-Tier Lord]

"So it has become battlefield veteran now?"

Zhou Zhou raised his eyebrows and nodded.

After that, they left the battlefield. Then, Zhou Zhou invited the Lord of the Green Phoenix to form a team.

However, just as he clicked on the ranking, a notification suddenly appeared in front of him.

[Prompt: Diamond-Tier and above Lords cannot form groups. Please upgrade your Lord rank in a solo manner!]

Zhou Zhou looked at the Green Phoenix Lord.

The Green Phoenix Lord also looked at Zhou Zhou.

The two of them were helpless.

In the end, the Green Phoenix Lord bade farewell and left.

Zhou Zhou began to rank himself.

[**Global Lord: 100% Drop Rate**](#)

Chapter 213: The Battle To The Summit! A Lord From The Descendant of the God Spirit Race!

In the next two hours.

Zhou Zhou experienced two more Diamond-Tier ranking battles.

These two Diamond-Tier opponents, one of them was the Lord of the Holy Unicorn Race while the other was the Lord of the Four-Armed Snake Demon Race.

These two foreign race lords were divided according to their bloodline levels:

One was a race from the Heaven Realm with an Extraordinary-Tier Intermediate Grade bloodline while the other was a race from the Abyss with a Diamond-Tier Advance Grade bloodline!

These two foreign race lords were very strong.

Zhou Zhou paid a total of 11,242 resurrection spots to defeat them and obtain victory.

These two victories not only raised his rank to Diamond-Tier Advance Grade.

Moreover, every ranking competition gave him a total of 5,000 battlefield points. The two victorious ranking competitions gave him a full 10,000 battlefield points!

Zhou Zhou finally understood.

While the Lords of Diamond and above could only play solo, they could also obtain even more battlefield points that the team could obtain.

Other than these two gains, when he was promoted to Diamond-Tier Advance Grade, a line of text that Zhou Zhou had been waiting for appeared.

[Lord Battlefield Hint: You need another victory in the Myriad Race Lord Battlefield Ranking Competition to temporarily become the strongest Lord among the Cerulean Planet's human Lords and temporarily obtain the title of the strongest Lord!]

Zhou Zhou took a deep breath.

I only need one more round?

He did not hesitate and chose to rank.

[Matching with your ranking opponent...]

[Match successful!]

[Entering the battlefield!]

[You have entered the Diamond-Tier Advance Grade battlefield!]

[You and your opponent have been randomly assigned to the Diamond-Tier Advance Grade battlefield—Demigod Death Ruins!]

[Your opponent is: A Lord of the God Spirit's Descendant Race - Uncle Wind Lord (Diamond-Tier Advance Grade)!]

[Condition to defeat the enemy: Kill all the enemy forces within 24 hours!]

[If you exceed the time limit, both sides will be judged to have negative battle results. Ranking -1!]

[You have 10 minutes to deploy your forces!]

[Countdown: 9 minutes: 59 seconds]

...

A Lord from the God Spirit's Descendant Race?

Zhou Zhou frowned slightly.

This name did not sound like an easy race to deal with.

The Index of All Races (Book Five) seemed to have sensed his thoughts.

It automatically flew out and activated in front of Zhou Zhou.

Soon.

Information about the God Spirit's Descendant Race's index appeared.

[Descendant of the God Spirit Race: A descendant of a God Spirit from the myriad worlds. He was born with magical power. His bloodline contains the power of the laws mastered by the God Spirit. He will constantly awaken as he grows. However, he will still become a God Spirit no matter whether he succeeds or fails. The Descendant of the God Spirit Race can't walk the path to becoming a God Spirit contained in their bloodline. They can only take another path to become a God Spirit or kill the person who gives them their bloodline. However, the success rate is extremely low. In the end, most of them will only die at the Legendary-Tier or lower...]

"It's actually a descendant of a God Spirit."

"I didn't expect to encounter it at such a critical moment."

Zhou Zhou frowned slightly.

However, he did not have time to think too much. He seized the opportunity to start deploying.

After the deployment, he looked at his surroundings.

In the furthest place from his Blazing Sun City was a city with a sky-blue ancient castle as the center.

This was naturally the territory of the Descendant of the God Spirit Race, Uncle Wind Lord.

In the middle of the two cities was a battlefield covered in blood-colored smoke.

On this battlefield, all kinds of corpses could be seen everywhere.

The closest to Zhou Zhou was a huge head that was more than 20 meters tall.

The head was pale and had two pitch-black eye sockets, but he could not see the eyeballs inside. It was as if it was staring at Zhou Zhou strangely.

"He" did not have a nose, but had a lipless mouth. It emitted an inexplicable might and suppression.

Zhou Zhou had once vaguely felt this might and suppression in the temple of Thanatos, the God of Death.

However, it was far less powerful and oppressive than the Death God Thanatos.

"Demigod Ruins of Death..."

"Could it be that the owner of this head was once a demigod?"

He guessed as he looked at the other parts of the battlefield.

He discovered that there were many corpses that were suspected to be demigods.

They seemed to be charging in one direction, but in the end, they were all killed halfway.

"I wonder who killed him."

"It should be a God Spirit to be able to kill so many demigods."

Then, his expression changed slightly.

There are so many demigod corpses on the battlefield. Would it give the Descendant of the God Spirit Race on the other side an additional battlefield advantage?

That was not good news for him if that was indeed the case.

Zhou Zhou frowned slightly.

This was how random battlefields were.

The Lords of the ranking would never know if the environment of the next Lord Battlefield was beneficial to them or not.

For example, he had once encountered a fire elemental creature called the Fire Cloud Bird.

At that time, he and the other party were randomly sent to a snow battlefield.

In the end, the Fire Cloud Bird's fire elemental ability was mostly suppressed by the environment in the Lord Battlefield and he obtained victory with ease.

Zhou Zhou naturally could not do anything about the current situation.

He could only choose to accept it.

At the same time...

Uncle Wind City.

A two-headed four-armed creature surrounded by green airflow floated above the azure Castle and looked at the lord's battlefield in surprise.

"What a rich ownerless divine power..."

"Unfortunately, the essence of divine power has already fallen and decayed because too much time has passed."

"Otherwise, it would be a top-grade cultivation place for me."

He shook his head regretfully.

A smile appeared on his face.

"But..."

"My advantage in this battlefield is simply too great."

"With so much ownerless divine power..."

"My strength can increase by at least 10 times!"

"It's really rare for a human Lord to fight until this stage."

"What a pity..."

10 minutes later.

[Deployment time has ended!]

[The Battle has begun!]

"Everyone, guard Blazing Sun City."

"We'll mainly defend the city in this battle."

Wu Xin had already obtained information about the opposite lord's race from Zhou Zhou. After discussion, he decisively chose to defend the city.

Then, Zhou Zhou and the others saw that the other party was actually guarding the city and not coming out.

"The battlefield advantage for them is so great, but this Uncle Wind Lord is actually so cautious..."

Bai Yun felt a little helpless.

"Let's not be anxious."

"They have a huge advantage."

"It won't do them any good to drag it out."

Wu Xin said in a deep voice.

Bai Yun nodded.

Zhou Zhou naturally had no objections.

That was indeed the case.

A moment later.

They saw Uncle Wind Lord walk out of the city gate with more than 1,000 wind elemental creatures that looked like tornadoes.

Zhou Zhou looked at the leader, Uncle Wind Lord.

Soon.

Attribute information appeared.

[Foreign Race Name: Descendant of the God Spirit Race - Uncle Wind Lord]

[Strength Level: White Silver-Tier Intermediate Grade (Sealed)]

[Foreign Race Description: A Lord of the Descendant of the God Spirit Race from the Elemental Realm. The God Spirit Bloodline flowing in his body comes from the God of Wind Erosion, Jobal (Intermediate Grade God Spirit). As the sixth generation of the God of Wind Erosion, he is favored by his ancestors because of his talents. Uncle Wind Lord's original strength was at the Diamond-Tier Elementary Grade. After becoming a Lord, his strength was sealed to the Black Iron-Tier Advance Grade. Now, as his strength increases, part of the seal has been lifted, and his strength has returned to the White Silver-Tier Intermediate Grade.]

Chapter 214: First Loss! The Strongest Lord (Time Limit)!

"So the Supreme Will chose to temporarily seal the strength of Lords who already had a certain level of strength and gradually unseal them to recover their strength."

"This is quite fair for races like us who do not have such strengths."

Zhou Zhou thought in surprise when he saw the last paragraph of the other party's introduction.

It made sense.

If they did not seal their original strength and allowed someone with the strength of a complete God Spirit became a Lord, then what was the point of competing with the lords of other ordinary races?

They would just become pacers.

Moreover, sealing these Lords who already had a certain level of strength allowed the Lords to stand on the same starting line again, at least in terms of strength.

As for experience, combat awareness, and so on.

It was a cumulation of personal ability.

There was no need to seal it.

Then, Zhou Zhou looked at the wind elemental creatures brought by Uncle Wind Lord.

He realized that they were all high-level Military Professionals called the Wind Erosion Spirit.

On the battlefield.

Just as Uncle Wind Lord brought the Wind Erosion Spirits and quickly arrived within the range of the Elemental Archers, he suddenly stopped.

He looked at the Elemental Archers and other long-range soldiers on the city wall of Blazing Sun City with surprise.

Finally, he looked at Zhou Zhou from afar.

"You're the strongest human Lord among all that I've met."

"And you seem to be quite extraordinary yourself?"

He said softly.

Zhou Zhou looked at him and did not say anything.

Then, he suddenly said.

"Wind!"

A green wind surged.

Then, it quickly turned into a strong wind, violent wind, Gale...

The 1,000 wind erosion spirits behind him also chanted an incantation.

Even fiercer and more violent wind blew.

Extremely sharp wind blades mixed in, and there were more and more of them.

After they condensed successfully, they shot towards the soldiers on the city wall of Blazing Sun City.

"Sword Shield Soldiers, defend!"

Bai Yun shouted.

As soon as she finished speaking.

All the Sword Shield Soldiers stepped forward and placed their shields at the front of the other soldiers. They then erected a shield wall and covered all the soldiers under it.

Not only that, the soldiers under the shield wall even used defensive skills like Sandification and Rock Armor to increase their defense.

These skills were naturally not their professional skills, they were monster drop skills that the soldiers had exchanged for with military merits from the military merit exchange system.

With the military merit exchange system and the monster ranch as support, the abilities of the soldiers of the Blazing Sun Corps were already varied and comprehensive. They were not something ordinary soldiers could compare to.

After Zhou Zhou saw that he had blocked this round of attacks, he immediately ordered Maris, which was already a White Silver-Tier Advance Grade Soul Reaper, to harvest the souls of these enemies.

...

Under the city wall.

Uncle Wind Lord could not help but be surprised when he saw that his first round of attacks did not cause much casualties to the other party.

He had just created more than 10,000 Gale Blades in that strong wind. He did not expect it to be so ineffective.

"A human Lord who can reach the Diamond-Tier is indeed not simple."

"If not for the advantage of the battlefield environment, I might really not be able to defeat you."

Uncle Wind Lord shook his head.

He was about to drive the ownerless divine power that filled the battlefield.

At this moment, an extremely dangerous feeling suddenly appeared in his mind.

Uncle Wind Lord's body stiffened.

The next second.

He saw a dog-headed soul holding a black and red Death God Scythe flying straight at him from afar.

Uncle Wind Lord's pupils constricted.

He had never encountered a Soul Reaper.

But at this moment...

His intuition from his bloodline made him feel that he definitely could not defeat the other party.

He turned around and wanted to run.

But Maris was faster.

He quickly arrived in front of Uncle Wind Lord and waved his sickle without hesitation, slashing at his neck.

BANG!

A divine pattern formed by Wind Erosion Divine Power quietly lit up on Lord Wind Uncle's body.

Maris' Death God Scythe was actually blocked by the divine patterns.

"The divine power protection given to me by Father has been activated."

"It's only triggered to protect me when I'm about to die."

"Wouldn't I be dead if not for it?"

Uncle Wind Lord was shocked.

Then, he felt extremely regretful.

He still had the Territory Rebirth Token.

This divine power protection could have been reserved in reality to protect his life.

He did not expect it to be used in a place like the Lord Battlefield.

At this moment.

He felt that he might as well be dead.

His expression was a little ugly as he looked at Maris in front of him with some fear.

Then, he suddenly waved his hand.

Descendant of the God Spirit Bloodline Skill— Soul Corrosion Divine Wind!

Whoosh!

A pale white wind suddenly blew.

This pale white wind was mixed with the divine power of the God of Wind Erosion.

Even though Maris was a White Silver-Tier Advance Grade, he was still blown more than a mile away by the Soul Corrosion Divine Wind that contained divine power.

Zhou Zhou immediately asked after Maris.

He heaved a sigh of relief when he learned that Maris was unharmed.

As expected of a Divine Kingdom-Tier soldier who regarded souls as slaves.

He was actually not injured at all facing such a soul-type attack with divine power.

Then, he looked at Uncle Wind Lord.

The Lord raised his hands again.

"Wind!"

"Gale!"

He called out loudly.

Whoosh! Whoosh! Whoosh!

More Soul Corrosion Divine Wind appeared.

They covered the sky like a white world-destroying storm.

The next second.

This world-destroying storm tilted towards Blazing Sun City.

Zhou Zhou did not even have time to use the characteristics of the battlefield veteran's 'leaving the battlefield' before he was devoured in the Soul Corrosion Divine Wind formed by divine power.

Seeing this scene, Uncle Wind Lord, who was controlling the Soul Corrosion Divine Wind, was stunned.

"How many demigods have died in this Ruins of Death..."

"Why are there so many ownerless divine powers left behind?"

Uncle Wind Lord clicked his tongue.

He glanced at the slowly disappearing Blazing Sun City, but he did not feel happy.

Even though he had won this qualifying competition, it made him lose one protection by divine power.

There was a limit to the number of times he could be protected by divine power.

Those were his life-saving trump cards in the Lord competition in reality.

In the end, he lost it in one Diamond-Tier Lord Ranking.

It would be strange if he was happy.

Lord Feng shook his head. Then, he disappeared from the battlefield with the Wind Erosion Spirit and his city.

...

"I lost."

In Blazing Sun City.

Zhou Zhou looked at the Territory Resurrection Token that was already missing from his spatial ring and frowned slightly. Then, he quickly relaxed.

It was good that he had lost.

He had been winning since he was a Black Iron-Tier Elementary Grade.

Even though he had always reminded himself that this was because he had not encountered a powerful foreign race lord, he had actually been feeling a little smug.

He was not the only one.

Even the soldiers of the Blazing Sun Army under his command, Bai Yun, and the experienced and prudent Wu Xin had become a little arrogant.

This was a competition between all the foreign race lords of the myriad races.

They had actually been winning as human lords.

It would be strange if they didn't become arrogant under such circumstances.

And this lost ranking had destroyed their smug state.

At this moment, Zhou Zhou straightened his mentality.

He looked at Bai Yun and the others.

Bai Yun was still a little dazed and low.

It was as if she had yet to recover from their failure.

Wu Xin had already adjusted his mentality and frowned slightly as he looked at the situation of the Blazing Sun soldiers.

At this moment, the situation of the Blazing Sun soldiers was similar to Bai Yun's.

They had yet to recover from their first defeat.

Then, they looked at Zhou Zhou.

"My Lord, they need to adjust their mentality now."

"Elder Wu."

"You're a professional at this."

"Adjust their mentalities."

"They've become like this with only one defeat."

"How can they face stronger foreign race lords in the future?"

Zhou Zhou said solemnly.

"Leave it to me, my lord!"

Wu Xin nodded.

Then, he went to the soldiers.

Zhou Zhou was not worried.

Elder Wu was a big general.

He naturally knew how to resolve this situation.

That was indeed the case.

Half an hour later.

When the Blazing Sun Army appeared in front of Zhou Zhou again.

He realized that not only had these soldiers regained their previous fighting spirit they also had an additional calm and tenacious temperament.

Zhou Zhou nodded.

"Very good!"

"Very energetic!"

"Everyone."

"The Blazing Sun is never worshiped by the world for a short period of time."

"The constant rising and setting of the sun, the eternal emitting of light, illuminating the world, is the reason why the blazing sun is worshiped."

"A moment of failure is nothing."

"It can pave the way for a better victory!"

"Isn't it just one loss?"

"We can win it back better next time!"

Zhou Zhou looked at everyone and said in a low voice,

"Follow me to the Lord Battlefield again."

"Yes!"

The soldiers' eyes were burning with fighting spirit.

Bai Yun and Wu Xin looked at Zhou Zhou with light in their eyes.

More than an hour later.

Diamond-Tier Lord Battlefield—Snow Wind Sacred Mountain.

A text notification appeared in front of Zhou Zhou as the last Storm War Bear fell.

[You have defeated the Storm War Bear Lord - Lord Bett (Diamond-Tier Advance Grade). You have won this ranking competition!]

[Congratulations, your Lord rank in the Lord Battlefield of All Races has advanced to Extraordinary-Tier Elementary Grade!]

[Congratulations, you have successfully reached the top of the Cerulean Planet's Human Lords and obtained the title of the Strongest Lord (Limited Time)!]

[You need to maintain this title until the Lord Battlefield event ends. Only then can you obtain this title permanently!]

[You need to participate in at least one ranking competition every day. Otherwise, your rank will decrease by -1!]

[Your Battlefield Shop has been updated!]

[You can return to your territory now!]

...

Zhou Zhou looked at the soldiers cheering for victory and smiled.

[**Global Lord: 100% Drop Rate**](#)

Chapter 215: The Title Of The Strongest Lord! Race Divine Artifact!

"I won two more after losing one game."

"I'm finally at the Strongest Lord-Tier."

"It's not easy."

Zhou Zhou heaved a sigh of relief.

He led the soldiers out of the Snow Wind Sacred Mountain battlefield and opened the Battlefield Ranking of the Lords of All Races to look at the current top three.

[Original Spirit Race - True Lord: Mythical-Tier Advance Grade - Battlefield Ranking: 1st!]

[Chaos Gods Race - Great One Lord - Rank: Mythical-Tier Advance Grade - Battlefield Ranking: 2nd!]

[Shepherds God Race - Heaven Chasing Lord - Rank: Mythical-Tier Advance Grade - Battlefield Ranking: 3rd!]

"These perverted Lords are already at the Mythical-Tier Advance Grade. They can't advance anymore."

"Then they should be killing each other soon, right?"

Zhou Zhou clicked his tongue in wonder.

He did not pay any further attention to it. Instead, he limited the ranking range of the Lord Battlefield to the Lords of the Cerulean Planet.

The search results immediately changed.

Zhou Zhou looked over.

[Cerulean Planet Human Race - Lord of The Blazing Sun - Rank: Extraordinary-Tier Elementary Grade - Battlefield Ranking: 584,751st!]

[Cerulean Planet's Human Race - Dragon God Lord - Rank: Diamond-Tier Advance Grade - Battlefield Ranking: 1,214,541th!]

[Cerulean Planet Human Race - Insect Lord - Rank: Diamond-Tier Advance Grade - Battlefield Ranking: 1,251,144th!]

"584,751st..."

Zhou Zhou's expression did not change.

He already felt that it was not bad to have this name among the Lords of All Races.

Moreover, this was only the third day since the Lord Battlefield activity began.

He still had a full seven days to continue improving his rank.

Therefore, he did not feel that this was his limit.

"Let's try harder."

"Maybe I can be ranked in the top10?"

Zhou Zhou smiled.

This goal might be difficult to achieve but it was a goal nonetheless.

No matter how difficult it was, there had to be one.

"It's a pity that I can't form a team after attaining the Diamond-Tier."

"Otherwise, I can see these two Lords with my own eyes."

Zhou Zhou couldn't help but think as he looked at the names of the Dragon God Lord and the Insect Lord.

Even though he was the strongest.

These two were also the top figures among the human Lords.

He naturally wanted to see them too.

He looked at the top three Lords without relaxing at all.

He had only temporarily become the strongest Lord among the human Lords on the Cerulean Planet.

The Insect Lord and the Dragon God Lord were also Diamond-Tier Advance Grade, only a step away from the same level as him.

They only needed to reach the Extraordinary-Tier Intermediate Grade to surpass him.

At that time, he, the strongest Lord, would be changed.

That was not what Zhou Zhou wanted to see.

Therefore, he still needed to continue improving his rank until he was a huge distance away from the second human ranked Lord. Only then would he not have to worry about his title of the strongest Lord being surpassed and taken away by others for the time being.

"I have to continue fighting!"

Zhou Zhou's expression was firm.

However, he did not start a new battle immediately. Instead, he looked at his Lord Battlefield title and battlefield fashion.

[Title Name: Strongest Lord]

[Title Quality: Unique Title Of The Race - Limited Time]

[Fashion Feature Four: Same as before]

[Current Fashion Outfit Completeness: 5/5]

[Introduction: Same as before]

Zhou Zhou's eyes lit up.

There was nothing to see about the Battlefield Veteran.

Its greatest value was that its defense had increased again.

However, the title effect of the Strongest Lord surprised him.

The number of Loots he could gain increased by 20%!

It had to be known that he could drop all the enemy's loot, and all the Loots could be increased by one level in their Quality.

The number of loot could be increased by an additional 20% under such circumstances!

This improvement was undoubtedly the most valuable to him!

Not to mention anything else.

He would have at least 2,000 additional soldier type recruitment books every day!

Moreover, this increase would also increase as the Monster Ranches increased!

"This title effect of the Strongest Lord is too important to me!"

"I must protect this title!"

Zhou Zhou's eyes lit up.

He thought of more.

The effect of just the title of the strongest Lord in the Race Lord was already so powerful.

Then what would the effect of the title of the Strongest Lord of All Races be like?

Zhou Zhou could not help but yearn.

However, he knew that he currently did not have the ability to fight for the title of the strongest Lord of all races.

The Descendant of the God Spirit Lord alone made him powerless.

While it was partly because of the advantage on the battlefield, it was something that the other party could make use of.

A loss was a loss. No excuses.

Zhou Zhou would never find excuses for himself in this aspect.

"A higher-level Lord will definitely be stronger."

"What I have to do now is continue to rank and increase my ranking to consolidate my position as the strongest Lord!"

He thought silently.

Then, he looked at the ranking one last time, closed it, and opened the Battlefield Shop.

Zhou Zhou looked over and was stunned.

"This is..."

[1: Race Divine Artifact— Incomplete Sword of Xuan Yuan (Purchase Count: Only one)— Price: 20,000 battlefield points]

"Race Divine Artifact?"

"Moreover, it is the Sword of Xuan Yuan?"

Zhou Zhou's eyes widened.

",

[Global Lord: 100% Drop Rate](#)

Chapter 216: Sword of Xuan Yuan— Agriculture Husbandry Sword!

He naturally knew about this divine artifact of his race's ancestor as a Chinese.

He did not expect that not only was this divine artifact present on the High Continent, but it had also been turned into a Race Divine Artifact by the Supreme Will!

Still...

What did a Race Divine Artifact mean?

Zhou Zhou did not think about it and clicked to check the information of the Sword of Xuan Yuan.

[Race Divine Artifact Name: Incomplete Sword of Xuan Yuan]

[Equipment Grade: Unique in the race]

[Race Divine Artifact Ability One— Sun Moon Star Sword: Unknown (You need to collect and fuse the Sun, Moon, Star faces of the Sword of Xuan Yuan to activate this Race Divine Artifact ability!)]

[Race Divine Artifact Ability Two— Mountain River Plants and Tree Sword: Unknown (You need to collect and fuse the Mountain, River, Plant and Tree faces of the Sword of Xuan Yuan to activate this Race Divine Artifact ability!)]

[Race Divine Artifact Ability Three - Agriculture Husbandry Sword: Gains of all Cerulean Planet's Human Lords' agriculture, livestock, and breeding industries +100%; Agricultural, livestock and breeding industry +300% for the Lord who obtained the sword!]

[Race Divine Artifact Ability Four - Heaven and Earth Unification Sword: Unknown (To activate this Race's divine artifact ability, you need to collect and fuse the hilt of the Sword of Xuan Yuan's Heaven And Earth Unification!)]

[Introduction to the Race Divine Artifact: Sword of Xuan Yuan, also known as the Xuan Yuan Xia Yu Sword. One side of the sword is engraved with the Sun, Moon, and Stars, while the other side is carved with Mountains, Rivers, Plants, and Trees. The hilt is filled with the art of Agriculture Husbandry Sword, and the other side contains the Strategy of Unifying the world. It contains endless power. Not only can it kill demons, but it is also one of the important reliances of the Cerulean Planet Lord in fighting for the position of Lord of All Races on the High Continent!]

[Special Hint One: Race Divine Artifacts are unique. Once exchanged, other Lords can't exchange for them.]

[Special Hint One: Race Divine Artifact not only has a certain enhancement effect on the holder, it can also have a certain increase effect on the Lord of the Race that the holder belongs to.]

Zhou Zhou's heart jumped.

So this was what a Race Divine Artifact meant.

My God.

As expected of a Divine Artifact of the Race!

The effect of providing enhancements to the Lord was much higher than the slots of other equipment.

In addition, they could only use the Agriculture Husbandry ability from the four abilities as a Race Divine Artifact.

However, Zhou Zhou was very envious of the effect of this alone.

[Returns from agriculture, livestock and breeding have increased by 300%!]

Even though Zhou Zhou's Blazing Sun Desert's agricultural environment was very poor, the harvest from the Jade Sun Fruit Tree that had just been planted in his territory could be increased by 300%!

This would greatly benefit the environment of the Blazing Sun Desert and the harvest of the Jade Sun Fruit!

In addition, even though the Blazing Sun Desert was currently limited by the environment and could not produce crops with Rice, fruits, and vegetables,

However, his current territory was no longer the same as before. It was no longer just the Blazing Sun Desert.

Whether it was the Green Bronze-Tier territory— The Silent Wasteland or the White Silver-Tier Territory that he had just conquered yesterday—Withered Forest Plains, the soil environment could be used to grow crops like rice, fruits, and vegetables.

Therefore, the enhancement effect of agriculture was very useful to him.

As for animal husbandry and breeding, there was no need to say.

His monster ranch was most likely within the influence of the animal husbandry and breeding industry!

As long as he could obtain this incomplete Sword of Xuan Yuan...

When the time comes...

With the additional increase of 300% of the monster ranch gains and 20% of Loots, the loots that Zhou Zhou obtained every day from the Monster Ranches would undergo a qualitative change!

He immediately made up his mind to exchange for this incomplete Sword of Xuan Yuan.

This Race Divine Artifact was unique after all.

If he did not have the time to exchange and the other Lords beat him to it, he would not regret going.

Still...

20,000 points was a little too much...

He looked at his battlefield information.

[Title: Lord of The Blazing Sun]

[Echelon: Extraordinary-Tier Elementary Grade]

[Number of Rankings Tries: 41]

[Battlefield Points: 17,004]

Zhou Zhou's frown relaxed a little.

One Diamond-Tier ranked battle gave him 5,000 battlefield points. He already had 17,004 points.

He should be able to exchange for this incomplete Sword of Xuan Yuan if he were to win another round.

However, he was still not in a hurry to start a new ranked battle.

Instead, he looked at the other exchange goods.

In the end, he realized that after reaching the Extraordinary-Tier, there were no new soldier type Professionals and Life Profession Class exchange options.

While items like the Extraordinary-Tier Territory Resurrection Token and Rebirth Token still existed.

Zhou Zhou was a little surprised, but he did not pay much attention to it.

Even if those soldier type Professionals and Lifestyle Professionals still existed, he probably did not have any extra battlefield points to exchange for them.

He did not have to be distracted now that it was gone.

"For the Sword of Xuan Yuan!"

"Continue ranking!"

Zhou Zhou clicked on the ranking.

In the next two hours.

Zhou Zhou had lost a ranking match with the Plant-Type lifeform, the Cloud Contact Race, and lost 10,000 battlefield points. His total personal battlefield points had decreased to 7,004 points.

Fortunately, after winning three more rounds, he directly obtained 30,000 points. His rank had increased to Extraordinary-Tier Advance Grade, and his total points on the individual battlefield had reached 370,044 points.

At this point, Zhou Zhou stopped ranking, opened the Battlefield Shop, and exchanged for this incomplete Sword of Xuan Yuan.

Zhou Zhou looked at the Sword of Xuan Yuan in his hand.

It was an ancient golden sword.

Its sword body was simple and flat, without any patterns on it.

The hilt was also divided into two sides.

One side was not depicted at all.

On the other hand, the key points of primitive agriculture were written in small ancient Chinese characters.

Zhou Zhou looked at the ancient sword solemnly.

Then, he called Carter Kim over.

When this Legendary-Tier talent first came to his territory, he was only a Yellow Gold-Tier Advance Grade Gnome Blacksmith with the bloodline of the Mountain Giant in his body.

However, he was already a Blacksmith of the highest realm in Blazing Sun City at that time!

After this period of training, with his Extraordinary-Tier Elementary Grade potential, not only had he made many contributions to the territory, but he had also become a White Platinum-Tier Advance Grade Blacksmith. He was only a step away from becoming a Diamond-Tier Blacksmith.

Even now, he was still the Blacksmith with the highest realm in his territory.

"Carter Kim."

"Forge a scabbard according to the style of this sword."

"It will be my personal sword from now on."

"You must do your best when you're forging the scabbard!"

Zhou Zhou said seriously.

"Yes, my Lord!"

Carter Kim also saw how important this matter was to his Lord and immediately agreed with a serious expression.

When he took the sword, he was first stunned, then immediately shocked.

"Race Divine Artifact?"

"You know about it?"

Zhou Zhou was stunned.

"I've read about this kind of Race Divine Artifact in ancient books. It's said that Race Divine Artifacts are extremely rare."

"There are many more Divine Artifacts in the hands of God Spirits than the Race Divine Artifacts because the divine artifacts in the hands of God Spirits can be forged by life forms."

"But that's not the case for Race Divine Artifacts. It can only naturally give birth to an embryonic form during the development of a race. Then, it can finally take shape as the life forms of the Race continue to believe in it."

"Even my teacher has never seen a Race Divine Artifact..."

Carter Kim clicked his tongue and looked at the Sword of Xuan Yuan in his hand.

"This is my Race Divine Artifact."

"You must forge it well."

Zhou Zhou reminded again.

Now that Carter Kim's loyalty had reached the level of dead loyalty, Zhou Zhou was assured to give him the Sword of Xuan Yuan for the time being.

"Yes, my Lord!"

Carter Kim said solemnly.

After he left.

Zhou Zhou began to rank again.

In the next two hours.

Zhou Zhou continued to rank six more times.

In the end, he lost three rounds and won three rounds after paying more than 30,000 resurrection spots.

Not only did his rank not increase, but it was still maintained at the Extraordinary-Tier Advance Grade. He had also wasted his six ranking opportunities and a large number of resurrection spots.

Zhou Zhou was numb.

The Extraordinary-Tier Lord Battlefield was too difficult.

Fortunately, the number of rankings could be obtained by conquering the Scarlet Territory, and the resurrection spots could be obtained through purchasing the Resurrection Token and the Territory Rebirth Token.

Therefore, he did not feel that it was too much of a pity.

Moreover, he felt even more comfortable when he saw that the Dragon God Lord and the Insect Lord were still in the Diamond-Tier.

At least for the time being, he did not have to worry about these two guys rushing up to snatch his title as the strongest Lord.

"My territory strength should be stuck at the Extraordinary-Tier now."

"I need to continue going out to capture new ownerless territory and increase my true strength before I can continue to increase my rank in the Lord Battlefield."

Zhou Zhou pondered.

Then, he opened the Battlefield Shop and spent 21,000 battlefield points to exchange for the fifth and sixth fragment of the Triumphal Arch, the Index of All Races (Book Six), and the Diamond-Tier Master-Servant Territory Contract.

"I'm still missing the last fragment of the Triumphal Arch building blueprint to gather the complete blueprint of the Race."

Zhou Zhou thought.

Then, he put away these items and led the injured members of the Blazing Sun Army to The Shelter of the Goddess of Life.

At the same time...

The Lords on the World Channel were also collectively discussing the matter of the Lord of The Blazing Sun reaching the top rank of the race.

[**Global Lord: 100% Drop Rate**](#)

Chapter 217: The Arrogance And Ambition Of The Knight Lord!

World Channel.

[Previously, I thought that the era of the Lord of The Blazing Sun had passed when I saw the Dragon God Lord ascend to the top... Now, I admit that I'm too narrow-minded.]

[The Lord of The Blazing Sun might be late, but he will never be absent.]

[Lord of The Blazing Sun, my god!]

[Even though the Lord of The Blazing Sun has temporarily become the strongest Lord in the race, he won't be recognized by me.]

[Dang!]

[Knight Lord: If we don't get rid of the Lord of The Blazing Sun, will we still have a chance to stand out? Don't forget, we are all competitors for the position of the Lord. He is also our enemy.]

[You are also my enemy.]

[Yo, yo, yo. Isn't this the first place of our Lord Battlefield of Our Race? When did you become so bold? You're no longer showing off in our battlefield. You have the guts to diss Big Boss Blazing Sun?]

[He's just relying on the fact that his territory is far away and the Lord of The Blazing Sun can't hit him. He might pee his pants when he sees him in reality.]

[Knight Lord: A bunch of people who suck up. What's the big deal about Lord of The Blazing Sun! His days... won't last?]

[???

[Is the Knight Lord crazy?]

[There's an 80% chance that he reached the top of the battlefield of his own kind, he became arrogant and feels that he can challenge top Lords like the Lord of The Blazing Sun.]

[The water here is too deep. Knight Lord, listen to me. You won't be able to control it.]

[I might believe it if the Dragon God Lord, Insect Lord, and Overlord Lord said that. What right do you have to say that?]

[Knight Lord: Just wait and see.]

...

The Lords of the World Channel, including Dragon Lady Lord, the Undead Lord, and the Overlord Lord who were watching the World Channel at this moment, all sensed that something was wrong with the Knight Lord.

In the past, the Knight Lords were not so high-profile. He had never publicly attacked the Lord of The Blazing Sun like this because he was afraid of his strength even if he was unhappy.

Was he really crazy?

Or could it be...

He had something that made him so confident that he had what it took to make what he said become reality?

For a moment.

Most of the Lords felt that the Knight Lord was talking nonsense.

Some of the Lords were puzzled.

There were also a few Lords with good friends who took the initiative to contact them, but they quickly realized that the Knight Lord did not reply to their inquiries at all.

In the time that followed...

The World Channel was still discussing what happened every day like before, as if it was the same as before.

However, there were already undercurrents surging behind these daily lives.

...

At the same time...

On the other side of the High Continent.

The territory of the Knight Lord.

Zhou Changze looked at the more than 40,000 Professionals below the stage with crazy excitement in his eyes.

"I don't believe that Lord of The Blazing Sun can survive with so many of my Military Professionals."

"As long as I kill the Lord of The Blazing Sun and replace everything he has, I will be the new Lord of The Blazing Sun!"

"When the time comes."

"What Dragon God Lord, Insect Lord, Overlord Lord..."

"You have to look at me like you look at the Lord of The Blazing Sun!"

"In the future."

"With my ability and the wealth of the Lord of The Blazing Sun after his death."

"I might be able to surpass the achievements that the Lord of The Blazing Sun has achieved!"

His eyes were shining.

He knew that the main reason why the Lord of The Blazing Sun was so powerful was definitely because of his Lord talent but it was probably not only because of it.

Not to mention anything else.

Just based on what he knew.

The rewards given out every time a Lord announcement was made on the world channel were definitely an important part of the Lord of The Blazing Sun's powerful strength!

He could not snatch the Lord Talent away!

However, with these enhancement items, his strength could also increase greatly!

At this moment...

"Knight Lord, when do we set off?"

"Yeah, everyone can't wait anymore. Let's go."

"I can't wait to kill the Lord of The Blazing Sun and see what treasures are in his territory!"

"Dragon Slayer Lord, don't say it so early. You make it sound as though we've already won."

"Haha! Divine General Lord, as though? Is there a need to think about it here? We have 121 Lords, including the Combat Spirit Knights of the Knight Lord, a total of 42,111 Professionals!"

"With so many Professionals and my [Dragon Slayer Warrior], we'll definitely win against the Lord of The Blazing Sun."

"He's just a lone Lord. He doesn't even have a Lord Alliance. What are we afraid of?"

"That's right!"

In front of the 40,000-odd soldier type Professionals.

The 121 Cerulean Planet Lords chatted with each other.

The Knight Lord looked at them with a smile.

These 121 Lords were where he had the confidence to say on the world channel that the Lord of The Blazing Sun wouldn't last long.

Among these 42,111 Professionals, more than 3,000 were his Advance Combat Spirit Knights.

The rest were the Military Professionals brought by the 121 Lords!

Speaking of which...

The reason why he could organize so many Lords to deal with the Lord of The Blazing Sun in such a short period of time was because of two key factors:

The first was the 121 Master-Servant Territory Contracts he had bought from the Marketplace.

It was precisely because of these 121 Master-Servant Territory Contracts that he suddenly thought of finding 122 Lords from his Lord Alliance—Knight Council who were willing to sign the contract with him. Then, he would gather a large number of Professionals and war supplies to deal with the powerful Lord of The Blazing Sun through the spatial teleportation array attached to the Master-Servant Territory Contracts.

The Knight Lord admitted that he could not defeat the Lord of The Blazing Sun alone.

But there shouldn't be a problem if I have 122 Lords attacking you, the Lord of The Blazing Sun who is alone, right?

He didn't believe that the Lord of The Blazing Sun would be able to fight 1v122 on the 13th day after arriving in the High Continent!

That was why he was so confident on the World Channel.

As for the second factor, it was the Sun Extermination Association that had not been mentioned for a long time but only existed in name.

Ever since Zhou Zhou exposed the Sun Extermination Association, only the Storm Lord was left in the Alliance that everyone hated.

But!

Many Lords secretly noticed the Sun Extermination Association and the organization at that time.

And these people who noticed the Sun Extermination Association were naturally Lords who were afraid of the Lord of The Blazing Sun and did not want him to continue becoming stronger.

One of them was the Knight Lord.

He found the Storm Lord and asked him to continue persevering. At the same time, he was given some development resources.

The Storm Lord knew that the other party had a motive for treating him that way, but he was still grateful to him because he could be said to be enemies with everyone because of the Sun Extermination Association.

It was not until the Lord of All Races Battlefield began.

The Knight Lord noticed the effect of the Master-Servant Territory Contract.

Therefore, he immediately thought of using the Storm Lord's geographical location to approach the Lord of The Blazing Sun's territory. Then, he would use the Spatial Teleportation Array for assassination.

Two factors above were why he dared to organize this operation.

"Okay!"

"Since we can't wait long..."

"Then let's board the Flying Lord's mechanical spaceship and set off!"

The Knight Lord said.

"Okay!"

The Lords nodded.

Then, they could not help but look behind them.

It was a silver-white mechanical ship with a diameter of a kilometer.

Not only could it fly, there was a folded space inside, so there was a huge internal area.

It was more than enough to carry more than 40,000 Professionals.

It came from the Lord Talent of one of the 121 Lords.

At this moment, he looked at everyone with a pained expression.

"You can use it."

"But remember to pay."

"This thing is burning the Mist Cores."

"In addition, share more of the Lord of The Blazing Sun's wealth with me!"

The Lords chuckled and no longer hesitated. They led their troops onto the spaceship one after another and disappeared through the Spatial Teleportation Array.

Chapter 218: Healing The Wounded! Faith Divine Crystal Conversion!

"The Knight Lord actually said these words?"

Zhou Zhou stood in front of The Shelter of the Goddess of Life and looked at the message Ling'er sent him. He could not help but raise his eyebrows.

Then, he thought for a moment.

He did not seem to have anything to do with this Knight Lord. They had not even communicated much.

Why was he so resentful towards him?

It was a little strange, but he didn't care too much.

A popular person naturally had more rumors about him!

As the current number one Lord of the human race on the Cerulean Planet, he was already mentally prepared when he came to this position.

Such malicious verbal attacks and threats were nothing.

Actually, there were many people who had the same thoughts as a Knight Lord on the World Channel.

However, most Lords were not strong enough for them to do such a thing.

Therefore, even though Zhou Zhou had long seen similar comments from other Lords, he did not pay much attention to them. They were all Lord comments that were not a threat to him after all. If he had the time to worry, he might as well go to the Dojo to train for a while.

As a Lord with Diamond-Tier Lord Talent, the Knight Lord was considered a very strong Lord amongst the other Lords.

However, Zhou Zhou did not take it seriously.

In his eyes, only top Lords like the Dragon Lady Lord, the Green Phoenix Lord, the Overlord Lord, the Dragon God Lord, and the Insect Lord, coupled with their Lord Alliance, could threaten him.

Zhou Zhou was not worried about the Lords below them.

He came back to his senses.

In the face of Ling'er's concern, Zhou Zhou typed a few lines to comfort her not to worry. Then, he looked in the direction of the shelter door.

The door of the shelter was already wide open.

The Cardinal, Carol Moeli, along with all the clergy were looking at Zhou Zhou with a smile.

"Greetings, my Lord."

Carol Moeli said respectfully.

"Mhm."

"Get someone to bring these injured people into the shelter and let all the clergy treat them first."

"Amputate the limbs that require amputation and restore the limbs."

"Try to get the rest to recover."

"Don't worry."

"I won't forget your Scarlet Crystals."

Zhou Zhou said.

In the few Lord Wars on the Lord Battlefield today,

Other than the revived soldiers, there were also 3,142 injured soldiers.

These soldiers could not recover from their injuries through the Resurrection Token.

Therefore, Zhou Zhou divided them into three types of injured soldiers.

They were lightly injured soldiers, heavily injured soldiers, and broken-limbed soldiers!

There were the most lightly injured soldiers, a total of 2,214.

They only needed to treat their wounds and could return to the battlefield to fight again. They would completely recover in a few days.

Zhou Zhou asked the other soldiers to bring them to the clinic in the territory and let the doctors be in charge of the treatment.

As for the heavily injured soldiers and the soldiers with broken limbs, they were all soldiers who needed urgent treatment.

They could not delay even a moment!

In this regard, the clergy of the shelter who had healing Divine Arts naturally had an advantage.

Therefore, Zhou Zhou brought them here.

As the heavily injured and broken-limbed soldiers were sent to the shelter by the clergy,

Zhou Zhou and Carol Moeli also entered the middle hall of the shelter.

The middle hall was also the Prayer Hall of the shelter.

In front of this Prayer Hall was a tall and dignified statue of the Goddess of Life.

The nuns, priests, and clergymen were using Divine Arts to treat these seriously injured and broken soldiers.

As the light of the Divine Art flickered, the heavily injured soldier quickly became lightly injured or even directly recovered.

The broken limb soldiers also grew new limbs.

At that time...

The excited voices of the soldiers sounded in the Prayer Hall. They were all ecstatic at the recovery of their bodies.

When Zhou Zhou saw this, a smile appeared on his face.

He was also quite excited.

With The Shelter of the Goddess of Life,
as long as he had enough Scarlet Crystals.

In the future, there might even be zero casualties when his military professionals fought the enemies.

When the time comes...

His soldiers would be as good as undead.

This was extremely useful to the military development of the territory and to boost morale.

Zhou Zhou watched the soldiers' restoration for a while longer before looking at Carol Moeli.

"I wonder if my Lord is satisfied?"

Carol Moeli smiled.

"Satisfied."

"It's just that you have fewer clergy here."

"Otherwise, it would be even better."

Zhou Zhou smiled.

"The number of clergymen in our shelter and the ability of each clergyman will increase as the Lord's territory develops."

Carol Moeli smiled.

Zhou Zhou's eyes lit up.

He looked at the clergy.

He realized that there were much more than yesterday.

There were about 100 more people.

Zhou Zhou was even more satisfied.

As expected of a White Platinum-Tier Lord Talent.

With these increasing numbers of clergy, he did not have to worry about having too many injured soldiers to the point where clergy could not save them.

"Where should I place the Scarlet Crystals?"

Zhou Zhou asked.

"My Lord, please follow me."

Carol Moeli said respectfully.

Zhou Zhou acknowledged.

Then, he followed the Cardinal to the altar room behind the Prayer Hall.

Zhou Zhou looked at the altar in front of him.

It was a golden altar that was about 300 to 400 square meters. On it were complicated golden patterns that had a unique beauty.

Behind the altar stood a statue of the Goddess of Life that was only more than three meters tall but was even more exquisite than the Prayer Hall.

"My Lord only needs to place the Scarlet Crystals on the altar. Her Excellency, the Goddess of Life, will naturally give her divine power to purify the Scarlet Power in the Scarlet Crystals and turn them into pure Faith Divine Crystals."

Carol Moeli said respectfully.

Zhou Zhou acknowledged.

Then, he took out the 8,142 True Faith-Tier Scarlet Crystals, 3,445 Pious-Tier Scarlet Crystals, and 2,413 Fanatic-Tier Scarlet Crystals he had obtained from the Monster Ranches this morning and placed them on the altar.

Carol Moeli had been very calm.

However, she was immediately stunned when the 14,000 Scarlet Crystals suddenly appeared on the altar.

Zhou Zhou waited for a moment.

He couldn't help but look at Carol Moeli when he realized that the altar was not responding.

"Is that all?"

He asked doubtfully.

"No, it's not."

Carol Moeli came back to her senses and looked at her Lord in shock.

"My Lord."

"Did you destroy a Scarlet Church?"

She said in disbelief.

Zhou Zhou smiled mysteriously and did not answer.

Carol Moeli might be dead loyal to him, but this was The Shelter of the Goddess of Life.

Moreover, it was a special shelter.

Perhaps the Goddess of Life was watching them at this moment.

What if he told others about how easy it was for him to obtain Scarlet Crystals and the Goddess of Life increased the price when she heard about it?

Carol Moeli was smart enough not to ask further, seeing how her Lord did not continue.

She came to the altar and began to cast the Divine Art with the scepter in her hand.

Soon.

The altar suddenly lit up with golden light.

In this golden light, Zhou Zhou saw the 14,000 Scarlet Crystals that he had just taken out quickly transform into Faith Divine Crystals.

A moment later.

8,142 True Faith-Tier Faith Divine Crystals, 3,445 Pious-Tier Faith Divine Crystals and 2,413 Fanatic-Tier Faith Divine Crystals appeared in front of him.

Chapter 219: The Influence Of The Sword Of Xuan Yuan!

"Can Faith Divine Crystals of different levels be converted into each other?"

Zhou Zhou looked at the 14,000 Faith Divine Crystals that had been converted and suddenly thought of this problem.

Carol Moeli was still clicking her tongue at the huge number of Faith Divine Crystals in front of her.

She was silent for a while when she heard Zhou Zhou's words before she shook her head.

"The Faith Divine Crystal is not the Mist Core."

"Mist Cores can undergo a qualitative change when there is enough quantity, upgrading from a low-level Mist Core to a high-level one."

"Therefore, most Mist Cores can be converted through some special methods."

"However, the Faith Divine Crystal involves the power of faith."

"The power of faith is related to the beliefs of life forms."

"Faith is hard to quantify."

"Therefore, Faith Divine Crystals of different levels cannot be converted into each other."

"But if it's to exchange for protection services..."

"The Faith Divine Crystals below the Holy Spirit-Tier can be used at a ratio of 1:10."

"For example, exchanging for a high-level protection service: Divine Art—Limb Restoration. Normally, it requires 10 Pious-Tier Faith Divine Crystals."

"My Lord, you can also use one Fanatic-Tier Faith Divine Crystal or 100 True Faith-Tier ones to exchange for it."

"As for the Great Resurrection Spell represented by the Holy Spirit Faith God-Tier, you can only exchange it with the Holy Spirit-Tier Faith Divine Crystal."

"The other Faith Divine Crystals can't replace the Holy Spirit-level Faith Divine crystals to use the Great Resurrection Spell."

Zhou Zhou nodded as usual, but he felt that it was a pity.

With his Lord Talent + the title of the strongest Lord + the Sword of Xuan Yuan Race Divine Artifact, he should be able to obtain a large number of Scarlet Crystals every day in the future.

If these Faith Divine Crystals transformed from Scarlet Crystals could be converted into each other, then he could obtain some Holy Spirit-level Faith Divine Crystals every day!

These God Spirits seemed to like this kind of thing.

If he could obtain a large number of Holy Spirit-Tier Faith Divine Crystals, he would definitely be rich.

Unfortunately, it wouldn't work...

Zhou Zhou shook his head and stopped thinking about it.

A moment later.

A female clergyman quickly walked over with a list in her hand and handed it to Zhou Zhou respectfully.

Zhou Zhou took it.

He realized that this list recorded the use of protective services and the corresponding consumption of Faith Divine Crystals.

He read it seriously.

This time, he brought 450 seriously injured soldiers and 478 amputated soldiers.

A total of 450 [Basic Protection: Life Healing Technique] and 478 [Advanced Protection - Divine Art - Limb Restoration] were consumed.

It recorded that it required 900 Shallow Faith-Tier, 2,940 Pious-Tier and 104 Fanatic-Tier Faith Divine Crystals.

Zhou Zhou did some calculations in his heart and was surprised to find that there were fewer than what he had calculated.

"Why are there so many missing?"

Zhou Zhou was surprised.

"The protection expenses you see, my Lord, are all expenses by the service of the clergy under standard conditions."

"As for whether it meets the standards, it depends on the strength of your soldiers."

"The stronger the soldiers, the more Divine Art power they will consume and the more Faith Divine Crystals they will need to spend."

"Otherwise, there will be less."

"That's why the exact cost is different from the actual cost."

Carol Moeli explained.

Zhou Zhou came to a realization.

'True.'

The cost of a White Silver-Tier Elementary Grade Life Clergyman healing the injuries caused by a Black Iron-Tier Advance Grade enemy and healing the injuries caused by a White Silver-Tier Elementary Grade enemy would naturally be different.

Then, he divided the Faith Divine Crystals from the 14,000 and handed them to Carol Moeli. Then, he put away the remaining Faith Divine crystals.

"In a while, my soldiers will go out and fight other ownerless territory."

"Later, send some clergymen who are good at Life Healing Technique, Limb Restoration, and Minor Resurrection to follow them."

"This way, if my soldiers are injured, you can treat them with the doctors."

Zhou Zhou said.

"Yes, my Lord."

"I'll lead the team myself."

Carol Moeli said respectfully.

A smile appeared on Zhou Zhou's face.

Accompanying the army with a group of medics was too safe.

With a large number of doctors and these clergymen around,

The soldiers would no longer have anything to worry about when they engaged in life and death battles on the battlefield.

At that time, his soldiers would all be suicide squads!

Then, he brought Bai Yun and the recovered soldiers out of the shelter and let them return to the team.

After they rested for half an hour.

Everyone could set off again to conquer the White Silver-Tier territory beside the Withered Forest Plains.

Currently, there were still three White Silver-Tier regional territories that had been explored on the Withered Forest Plains that had not been conquered.

Zhou Zhou planned to conquer all three White Silver-Tier regional territories in these two days.

At the same time...

About a million kilometers away from Blazing Sun City.

Fertile Plains.

A human Lord's territory on Cerulean Planet was located here.

Unlike most Lords' territories where the territories of the other human Lords on Cerulean Planet focused on developing the military, there were many military buildings in their territorial areas.

The area around this territory was a large amount of farmland, and golden rice was growing lushly on it.

The wind blew, and the fragrance of rice filled the air.

At this moment, a young man was looking at the rice pile in front of him in a daze.

"What happened..."

"I just harvested an acre of rice just now. Why did the harvest double after harvesting?"

"Is something supernatural happening?"

"But what supernatural event could it be to increase the farmers' harvest?"

Nong Chenglin was very puzzled.

"Hmm?"

He suddenly noticed a row of small golden words in the bottom right corner of his vision.

Nong Chenglin was stunned.

When did this happen?

He had actually not noticed it before.

Nong Chenglin looked over curiously.

[Sword of Xuan Yuan - Agriculture Husbandry Sword: All Cerulean Planet Human Lords' agriculture, animal husbandry, and breeding industries gain +100%!]

[Race Divine Artifact Hint: The Sword of Xuan Yuan of the Cerulean Planet has been born and is controlled by the Lord of The Blazing Sun. This is one of the abilities of the Race's divine artifact!]

"Sword of Xuan Yuan?"

"A racial divine artifact controlled by the Lord of The Blazing Sun?!"

"It actually have such an effect?!"

Nong Chenglin's eyes lit up.

He had the Green Bronze-Tier Lord Talent—Agriculture Expert.

He could increase his and the Subjects' strength levels and farmer profession levels by planting and harvesting crops to obtain promotion energy.

That was why he planted such a large piece of farmland near the territory.

It could be said that...

The harvest of agriculture was crucial to him and his territory.

The effect of this Agriculture Husbandry Sword's divine artifact was undoubtedly greatly beneficial to his development!

He asked the surrounding farmers and Subjects loudly if their rice harvest had also doubled. As expected, he received an affirmative answer.

"I don't like to participate in the World Channel but I didn't expect to owe the Lord of The Blazing Sun a favor for no reason."

Nong Chenglin was both happy and helpless.

He looked at the endless golden rice field in front of him and then at the farmers who were working hard to harvest in the rice field. He could not help but calm down and smile.

The High Continent was too chaotic.

He was not interested in the position of the Lord of All Races.

The ordinary yet extraordinary life in front of him was the future he wanted.

Chapter 220: Enhanced Ancestral Blessing! The Knight Lord On Offensive!

Nong Chenglin retracted his gaze and opened the World Channel. Soon, he realized that many Lords had already discovered the enhancement effect that the Agriculture Husbandry Sword had given them.

Moreover, more and more Lords knew about this as the news spread.

[Oh my god, Lord of The Blazing Sun has obtained a Race Divine Artifact!]

This Race divine artifact is too powerful. It can actually affect all the human Lords of the Cerulean Planet?

[I suddenly want to develop agriculture, animal husbandry, and breeding.]

[As a Professional who specializes in farming and selling food, I'll take off immediately! Thank you, Big Boss Blazing Sun! Big Boss Blazing Sun, I love you forever!]

[Understood. I'll go elsewhere to recruit some farmers.]

[As expected of us, we still want to farm even after coming to the High Continent.]

[Of course. It's an inheritance engraved in our Chinese bloodline after all.]

[I want to add Big Boss Blazing Sun as a friend, I'll give Big Boss Blazing Sun some local specialties after I plant them. (dog head)]

...

"I don't think I'm the only one who owes Big Boss Blazing Sun a favor."

Nong Chenglin could not help but smile when he saw these Lords speak.

After watching for a while, he closed the World Channel and sent a friend request to the Lord of The Blazing Sun. Finally, he continued to harvest the rice.

...

Blazing Sun City.

In the Lord's residence.

Zhou Zhou was also looking at the chat content on the World Channel.

Most of them were discussing him and the Sword of Xuan Yuan.

Some were curious where the Sword of Xuan Yuan came from.

Some were curious about the Sword of Xuan Yuan's Race Divine Artifact attribute panel.

There were also people who doubted whether Zhou Zhou could protect this Race Divine Artifact. They actually wanted him to hand over this Divine Artifact and let the top Lords with the Lord Alliance take care of it.

Zhou Zhou ignored such comments.

After watching for a while, Ling'er suddenly sent him a message.

"Big Brother, I just realized that the Sword of Xuan Yuan's racial divine artifact ability is also useful towards my Divine Herb Garden!"

Ling'er said in surprise.

Zhou Zhou's eyes lit up.

The Divine Herb Garden was a special building that accelerated the growth of medicinal herbs. Was it also within the influence of the Agriculture Husbandry Sword?

He thought for a moment.

That seemed to be the case.

On the Cerulean Planet.

Medicinal herbs were indeed within the coverage of agriculture as a special cash crop.

Zhou Zhou was satisfied.

Ling'er's Divine Herb Garden was one of his important logistical sources.

It was naturally the best if the Agriculture Husbandry Sword could work on her Divine Herb Garden.

Then, the two of them chatted for a while before ending the conversation.

A moment later.

Bai Yun came over to report.

The 30,000 Blazing Sun Army was already prepared for battle. At this moment, they were lined up outside the city gate and could set off at any time.

"Wait a moment."

"I'll go to the Imperial Ancestral Temple first and obtain an Ancestral Blessing."

"Then you can set off."

Zhou Zhou stood up and said.

"Yes, my Lord!"

Bai Yun said respectfully.

Zhou Zhou acknowledged.

Then, he walked out of the Lord's residence and quickly arrived at the Imperial Ancestral Temple.

He came to Sun Simiao and Lu Ban's shrine and looked at the Ancestral Altar.

Then, he was stunned.

This was because he realized that the top-grade upper limit of the altar had changed from [10 offerings below the value of White Silver-Tier Mist Cores] to [50 offerings below the value of White Silver-Tier Mist Cores].

"Is it because the level of the Imperial Ancestral Temple increased as the territory level increased, so the value of the offerings on the altar also increased?"

He guessed but did not think too much about it.

10 or 50 White Silver-Tier Mist Cores made no difference to him.

He placed 50 White Silver-Tier Mist Cores on the altar.

"I wonder if the Ancestral Blessing Effect will increase this time?"

Zhou Zhou was filled with anticipation.

Soon.

The altar lit up slightly.

Then, the 50 White Silver-Tier Mist Cores on it disappeared.

A text notification appeared.

[You have obtained an Ancestral Blessing: Physical Injury Restoration (White Silver-Tier War Gain)!]

[Physical Injury Restoration (White Silver-Tier War Enhancement): After the Lord's Subject is injured, the recovery speed of physical injuries increases by 50%. Duration: Eight hours.]

Zhou Zhou was delighted.

It has really increased!

One had to know that the Physical Injury Restoration buff provided by the original White Elementary Silver-Tier Imperial Ancestral Temple could only increase the recovery speed of physical injuries by 5%!

Now, it has increased to 50%! That was ten times the original amount!

However, its duration had also decreased from 24 hours to eight hours.

Zhou Zhou was not surprised.

He had long learned from the other Lords of the World Channel that the duration of the Ancestral Blessing was not always 24 hours.

Sometimes, the blessing given by the ancestor was very likely to have a powerful effect and a short duration.

It was precisely because of this that he had not asked for the Ancestral Blessing before the Lord Battlefield Ranking.

Instead, he chose to come to the Imperial Ancestral Temple to ask his ancestor to give him the Ancestral Blessing when he went out to conquer other territories.

The dead soldiers were not really dead in the Lord Battlefield after all. They could be revived with the Resurrection Token and the Territory Rebirth Token.

In reality, if any of them were sacrificed, they would really die.

If he wanted to revive them, he could only rely on the shelter's Small Resurrection Spell or even the Great Resurrect Spell.

That would cost too much.

Zhou Zhou did not want to waste this money.

Therefore, he had to use the additional combat strength given by the Ancestral Blessing in the Lord Contest in reality, not in the Lord Battlefield.

Zhou Zhou stopped thinking about it.

He walked out of the Imperial Ancestral Temple and first found Zheng Fugui and the others. Then, he created a blood bat.

"In a while, this Blood Bat will replace me and go to the Kingdom of the Undead with you."

"I can see the situation on your side through this Blood Bat and can even convey my thoughts."

"When the time comes."

"We'll play it by ear."

"Also, remember to bring that Archaeologist with you."

Zhou Zhou said.

With his personality, he would not take the risk even if there was only a slight chance of losing his life.

Therefore, he naturally would not go to the Kingdom of the Undead personally.

His Blood Bat form could be used to create Blood Bats and use them as his clones.

Therefore, Zhou Zhou had this idea.

"Yes, my Lord!"

Zheng Fugui said respectfully.

Zhou Zhou acknowledged.

He glanced at the Blood Bat on his shoulder.

The Blood Bat flapped its wings and landed on the carriage behind Zheng Fugui.

"I'll go with the army first."

Zhou Zhou said.

"Then I'll go find that Archaeologist now."

Zheng Fugui also said.

Zhou Zhou acknowledged.

Then, he parted ways with Zheng Fugui and arrived at the city gate.

He looked at Bai Yun, Wu Xin, Nezario, Soul Reaper Maris, and the 30,000 Blazing Sun Army soldiers in front of him.

At this moment, they were already prepared to fight at any time.

Zhou Zhou nodded in satisfaction.

He said a few simple words and did not waste any more time. He set off with the Blazing Sun Army.

On the other side.

White Silver-Tier regional territory— Dust Wasteland.

The territory of the Storm Lord.

A mechanical spaceship with a diameter of one kilometer appeared out of thin air on the Spatial Teleportation Array.

Inside the spaceship.

The Knight Lord, his 121 Lords of subordinate territory, and more than 40,000 Professionals were staying here.

The Knight Lord looked at the sandstorm outside and frowned slightly.

"How far is this place from the Lord of The Blazing Sun's territory?"

He looked at the Storm Lord.

"We'll fly straight west and arrive at a White Silver-Tier regional territory called the Withered Forest Plains

, which is actually the Lord of The Blazing Sun's territory now."

"As for Blazing Sun City, you'll see it if you fly further west."

The Storm Lord said.

The Knight Lord nodded and ordered them to continue moving under everyone's expectant gazes.
