Chapter 221: The Knight Lord's Sneak Attack! Initiating Incite Defection!

While on the way.

"My Lord, which territory are we going to occupy?"

Bai Yun asked.

"Let's go to the Dust Wasteland first."

Zhou Zhou said.

There were three White Silver-Tier regional territories to the east of the Withered Forest Plains.

They were the Yellow Earth Plain, the Dust Wasteland, and the Gravel Wilderness.

It could be seen from the names of these territories that the further they expanded, the less desert climate and terrain there were in these ownerless areas.

As for why they were attacking the Dust Wasteland first, it was purely because this White Silver-Tier regional territory was the closest to Zhou Zhou and the others.

Bai Yun nodded after hearing Zhou Zhou's words. Then, she rode on her mechanostrider and walked to the front to lead the army.

When Zhou Zhou saw that there was nothing he needed to do, he closed his eyes and connected his consciousness to his Blood Bat Avatar.

At this moment, Zheng Fugui had already led the Mysterious Caravan on their way. Not long after he left the territory, he changed into his own exclusive mysterious caravan clothes.

When Zhou Zhou saw the mysterious caravan through the Blood Bat Avatar, he was immediately surprised.

This was the first time he, the Lord, had seen the true face of the Mysterious Caravan.

Not to mention anything else.

It was really cool.

Not bad!

This was what a Mysterious Caravan that could intimidate the entire High Continent should be like!

The previous attire was too ordinary.

15 minutes later.

The Blazing Sun Army led by Zhou Zhou had just arrived at the regional border of the Sand Gold Land.

"Hmm?"

Zhou Zhou frowned.

"Stop moving forward!"

He suddenly ordered.

"All troops, stop!"

Wu Xin immediately shouted when he heard Zhou Zhou's voice.

Soon.

The 30,000 Blazing Sun Army soldiers immediately stopped advancing with the help of Desired Military Morale.

"My Lord, what happened?"

Bai Yun and Wu Xin ran over and asked curiously.

Zhou Zhou said nothing.

He turned his head and frowned in the direction of Blazing Sun City.

At this moment, in his perception, the monster subjects that he had instigated in the past and were later placed in Blazing Sun City to guard it were all mobilized, as if they were preparing for a war.

This was an additional ability of his Incite Defection.

He could sense the existence and status of the "enemy" who had been successfully instigated by Incite Defection and countermeasures had been successfully counterattacked. He could also give orders through Mental Communication.

He immediately asked what had happened.

A Sandman Boss immediately replied.

Zhou Zhou raised his eyebrows.

According to it, a huge silver-colored unknown aircraft appeared in front of his territory, and more than 40,000 human Professionals emerged from it.

Moreover, these 40,000 human Professionals had begun to attack his Blazing Sun City as soon as they came out!

However, they were completely unable to break through Blazing Sun City because the city wall was too tall and strong. Moreover, under the attack of more than 4,000 guards of Blazing Sun city, 300 to 400 Professionals had died.

What's going on?

More than 40,000 military professionals?!

Since when has he been targeted by an enemy of this level?

Zhou Zhou was surprised.

However, he was not nervous.

According to it, more than 90% of this 40,000 strong enemy were of Green Bronze-Tier and Black Iron-Tier Professionals.

There were less than 20 White Silver-Tier professionals in total.

An enemy of this strength only appeared scary because of the numbers.

Their combat strength was not as high as he had imagined.

That was why they could not even break through the city wall and could only suffer casualties under the attacks of the defenders.

This was even before the Aurora Tower was activated.

Once the Aurora Tower was activated at full power, these 40,000 people would all turn to dust in less than a minute.

"More than 40,000 Professionals suddenly appeared outside Blazing Sun City."

"However, they're very weak and pose no threat to Blazing Sun City."

Zhou Zhou looked at Bai Yun and the others.

Bai Yun and Wu Xin were surprised.

"Then should we go back now?"

Bai Yun asked.

"Mhm."

"Let's go back first."

"Fortunately, we didn't go far."

"Otherwise, this trip will be quite troublesome."

"Elder Wu, I'll leave a Blood Bat for you to contact me and to give you orders. I'll bring a portion of people back first with Return To The City. Lead the army back yourself."

Zhou Zhou ordered.

"Yes, my Lord!"

Wu Xin said respectfully.

Zhou Zhou nodded and first created a Blood Bat for Wu Xin. Then, he whispered, "Return To The City."

The next second.

A 3D virtual map of the territory appeared in his consciousness.

This included the Blazing Sun Desert, Sand Gold Land, Thorn Dune, and all the regional territories under his control.

Zhou Zhou directly chose Blazing Sun City. Then, he chose Bai Yun, Nezario, Maris, and 97 Silver-Tier Elemental Archers from the Return To The City selection list.

The next second.

Zhou Zhou, Bai Yun, Nezario, Maris, and the 97 Elemental Archers immediately disappeared.

When Wu Xin saw this, he immediately led his troops back to Blazing Sun City.

...

Blazing Sun City.

On the Light Element City Wall.

Zhou Zhou and the others appeared out of thin air.

Zhang Cang, who was originally the Deputy Commander of the Blazing Sun Army had been promoted to the Legion Commander of Blazing Sun City's guard army, was standing here.

At this moment, he was looking solemnly at the 40,000-odd enemies below the wall.

He was shocked when he inadvertently saw Zhou Zhou and the others appear out of thin air, but he was pleasantly surprised.

"My Lord! You're back!"

Zhang Cang ran over excitedly.

His Lordship was back!

Their backbone had returned!

Zhou Zhou smiled and nodded.

Then, he immediately asked Bai Yun to take over this defense and let the 97 Elemental Archers participate in the battle now, focusing on killing the experts among the enemies.

After making the arrangements.

He walked to the edge of the city wall and looked down.

A huge number of soldiers and combat professionals were charging at the Light Elemental City Wall like a tide. They kept placing ladders, wanting to climb the city wall.

Another group of long-range soldiers and combat professionals stood in the distance and kept shooting arrows or crossbows in the direction of the city wall.

However, the guards on his side were not to be trifled with.

Sword Shield Soldiers raised their shields above their heads to provide protection to the other long-range soldiers to prevent them from being shot dead by the arrows in the sky. These protected long-range soldier types shot arrows at the enemy soldiers who wanted to charge up the city wall.

There was also a portion of soldiers who burned these city stairs and killed the enemy soldiers who were constantly climbing up the city stairs by releasing fire-element skills.

Every minute and second.

Soldiers were killed on the battlefield.

Corpses fell one after another on the way and under the city wall. There would be some casualties on his side from time to time.

Zhou Zhou watched everything.

While he might already be used to this scene on the Lord Battlefield, he still felt a strong killing intent towards these suddenly attacking enemies.

"I'll let you fight among yourselves first."

His voice was cold.

Then, Zhou Zhou extended his right hand and aimed his palm at them.

Green Bronze-Tier Lord Talent: Incite Defection—

Activate!

BOOM!

An invisible wave instantly covered the more than 40,000 Professionals below.

The next second.

The expressions of a total of 2,005 Professionals changed.

They looked at their companions beside them with a hint of ruthlessness in their eyes. Then, they attacked without hesitation.

"Why did you hit me?!"

"You're crazy!"

"Everyone, be careful! These guys are moles!"

...

In an instant.

The Knight Lord's side immediately fell into chaos because of the Incite Defection of these 2,005 soldiers.

At the rear of the battlefield.

The Knight Lords and other Lords who were worried about how to attack the city were stunned when they saw this scene.

[Global Lord: 100% Drop Rate](#)

Chapter 222: Besiege! The Loots Of The Knight Lord!

"What happened?"

"What are they doing!"

"Lord Qu Meng, why are your soldiers hitting my soldiers?!"

"Dragon Slayer Lord! Tell your Dragon Slayer Warriors to stop!"

The 121 Lords immediately criticized each other.

The Knight Lord looked at this scene with an ugly expression.

A phrase appeared in his mind.

A rabble!

This group of people completely fit the definition of this phrase.

"Stop arguing!"

"How is this an internal strife! Is an internal conflict so sudden? Are you not prepared at all?"

"It's obvious that the Lord of The Blazing Sun used some method to make our soldiers suddenly fight."

"It might be a form of Crowd Control skill."

The Knight Lord said with a dark expression.

Everyone came back to their senses.

However, it was still unbelievable.

"No way? What sort of skill is so exaggerated that it can control so many people?"

"The Lord of The Blazing Sun is too terrifying!"

"What should we do now? This city wall is too high and hard. I don't think we can take it down in a while!"

...

"Let's retreat first."

"After we go back, we'll first study how to break through this Light Elemental City Wall and guard against the Crowd Control method of the Lord of The Blazing Sun. Otherwise, even if we can rely on our numerical advantage to forcefully capture Blazing Sun City and kill the Lord of the Blazing Sun."

"I'm afraid we'll also suffer huge casualties."

"I'm sure you don't want to see that."

The Knight Lord looked at everyone's gaze and said.

Even though he was unwilling, he knew that now was not the best time to attack.

Their losses would only increase if they did not retreat.

Everyone opened their mouths but did not say anything in the end.

In this situation, it was indeed time to retreat and think of a countermeasure.

The Knight Lord ordered the soldiers to retreat seeing that no one had any objections.

...

On the city wall.

After Zhou Zhou looked at the scene below for a while, a smile appeared on his face.

Then, he looked at the notification that had just appeared.

[Prompt: You have activated your Lord's exclusive talent, Incite Defection!]

[Incite Defection has taken effect!]

[Lord Talent Hint: A total of 713 Black Iron Elementary Grade Professionals, 521 Black Iron-Tier Intermediate Grade, 341 Black Iron-Tier Advance Grade, 251 Green Bronze-Tier Elementary Grade, 122 Green Bronze-Tier Intermediate Grade, 54 Green Bronze-Tier Advance Grade, and three White Silver-Tier Advanced Grade Professionals betrayed their Lord's faction and became your loyal subordinates!]

Zhou Zhou nodded in satisfaction.

The Lord Talent of Incite Defection.

As expected, the more enemies there were, the better it would be to instigate Incite Defection!

2,005 people of the 40,000 odd enemy actually surrendered to his Incite Defection!

These were all Professionals who could directly join his Blazing Sun Army.

"In the future, I can go to a large faction and attack the other party, but it's not really to fight. It's just to trigger the usage conditions of the Incite Defection."

"I'll use it directly after the Incite Defection can be used."

"Will I be able to freeload a large number of high-combat Professionals like now?"

Zhou Zhou's eyes lit up.

The upper limit of the local Lord power he could induce Incite Defection was Diamond-Tier Intermediate Grade!

Which meant...

He could instigate Incite Defection on Lord factions below the Diamond-Tier Intermediate Grade.

How many Professionals did a Lord faction of this level have?

Even if he could only Incite Defection 5% of the enemies, it would also be enough for him to make a killing!

"This is one of the best uses for Incite Defection!"

Zhou Zhou thought.

As for the other uses, he had yet to think of them.

Then, he continued to observe the battlefield.

Soon, they discovered the Knight Lord and the others at the back of the battlefield.

"It really is the Knight Lord."

"I almost thought he was high."

"I didn't expect you to really come to me to deal with me."

Zhou Zhou was a little surprised.

Previously, the Lords he had dealt with were all unknown small Lords.

This was the first time he had encountered a Lord who was quite famous on the Cerulean Planet's Human Race World Channel.

Then, he looked at the people beside the Knight Lord.

Zhou Zhou could not help but click his tongue when he realized that these 121 people were all Lords.

"No wonder they have such a huge army."

"So there are 121 Lords gathered."

Thinking of this, his eyes suddenly lit up.

Wouldn't he be rich if he obtained all the Lord Talent Crystal Fragments or even a complete Lord Talent from their bodies?

"My Lord."

"They seem to be escaping?"

At this moment, Zhang Cang's uncertain voice sounded.

Zhou Zhou immediately looked over.

That was indeed the case.

These nearly 40,000 Professionals were defending against his attacks as they retreated, wanting to leave Blazing Sun City.

"You think you can come and go as you please?"

"What do you take me as?"

A trace of coldness appeared in Zhou Zhou's eyes.

He looked into the distance.

With the perception of the Blood Bat Form, he already knew that Wu Xin had led the Blazing Sun Army back and was hiding not far away.

Zhou Zhou immediately ordered him to take down these enemies with the soldiers.

...

Behind the battlefield.

Behind a sand dune.

After Wu Xin received Zhou Zhou's order, he immediately got the soldiers to prepare for battle. When the enemies appeared, they would immediately besiege them.

The other party might have more than 30,000 Professionals, but he had already learned from the Lord that even though the 30,000-odd Professionals sounded terrifying, their combat strength was actually far inferior to his Blazing Sun Army.

Therefore, he was not afraid at all.

Soon, the scene of the Blazing Sun Army defeating more than 30,000 Professionals appeared in the distance.

After they approached...

"Kill!"

All the soldiers immediately jumped out and attacked these enemies accompanied by Zhou Zhou's furious roar.

These enemies were also stunned.

Then, their expressions changed drastically.

"Counterattack!"

The Knight Lord shouted with red eyes.

He would never have dreamed of it.

Their escape route had actually been ambushed in advance and they were caught off guard.

At this moment, a huge shadowraze flew over and enveloped the battlefield below. Then, it looked down at the Knight Lord.

It was Nezario!

It roared at the sky, and an overwhelming Dragon Might poured down from its body.

BOOM!

All the Professionals and Lords below were stunned by the Dragon Might and could not move.

The battle had only just begun but it had already officially ended!

A moment later.

Zhou Zhou looked at the Knight Lord who was tied up by the soldiers two to three meters away.

A text notification appeared.

Chapter 223: Extraordinary-Tier Lord Talent Sphere!

"Knight Lord."

"There is no hatred between us."

"Why do you suddenly want to attack me?"

Zhou Zhou looked at the Knight Lord and said.

The Knight Lord looked at Zhou Zhou with an even darker expression.

Then, he suddenly chuckled.

"You're developing too quickly."

"But you don't have a Lord Alliance."

"As Lords, we are competitors to begin with."

"Under such circumstances..."

"Do I need any other reason to gather the Lords of my Knight Council to deal with you?"

The Knight Lord only hated one thing in his heart.

That was, he had summoned too few Lords!

He shouldn't have gathered only 121 Lords to destroy the Lord of The Blazing Sun.

He should wait a little longer and gather 500 or even 1,000 Lords before coming over to destroy the Lord of The Blazing Sun.

When the time comes...

He would have at least hundreds of thousands of Professionals under his command!

That way, the outcome would definitely not be like today!

In short, he had miscalculated.

The Knight Lord never expected that the Lord of The Blazing Sun really had the strength to go up against 122 Lords!

"You're a man."

"At least you didn't do anything to make me look down on you at this time."

Zhou Zhou nodded slightly.

Then, he stretched out his right hand and aimed at his heart.

Vampire Race Skill—Blood Boiling Technique!

The next second.

The Knight Lord felt the blood in his body suddenly turn hot as if it was boiling.

Soon.

Puff!

A dull sound of his heart exploding sounded in his body.

He suddenly spat out a large mouthful of blood, then his eyes quickly lost their luster.

A kill notification appeared.

[You have killed the Cerulean Planet Human Lord—Knight Lord (Green Bronze-Tier Advance Grade). Promotion energy +400! Loots condensed!]

Zhou Zhou looked at the gains and pondered.

The loots with only one in quantity did not become two just because of the 20% increase in number.

However, the eight Extraordinary-Tier Lord Talent Crystal Fragments had become 10.

In reality, the additional 20% of the loot should be rounded up.

After coming to this conclusion, he began to carefully inspect the unique loots.

[Item Description: Advanced Combat Class Class Change Certificate! Just one can allow ordinary people without any strength to step onto the extraordinary path of a Combat Professional!]

...

Zhou Zhou looked at the loots.

These four loots were all related to battle Combat Spirit Profession.

Especially the upgraded version of the Thunder Fighting from the Thunder Fighting Combat Spirit.

Its stats could be said to be top-grade!

Zhou Zhou picked up the Thunder Fighting skill book, he could not learn it because he was of the Combat Spirit profession.

Zhou Zhou was helpless.

But there was no choice.

The martial artist he chose had to persevere even if he had tears in his eyes.

However, even though he could not learn it, he was a Lord and did not have high requirements for combat-type items, so he did not feel that it was too much of a pity.

Then, Zhou Zhou put away the Loots.

He might not be able to learn it himself, however, if he encountered a Professionals Subject with high potential in the future, he could give this to him so that his territory would have another valiant general.

Then, Zhou Zhou looked into the distance.

At this moment, more than 20,000 of the Professionals brought by the Knight Lord had been killed after the battle just now. Under the intimidation of the Dragon Might, the other 20,000 surrendered.

Under Zheng Yuanqi's arrangements, the 20,000 people who surrendered all changed their identities and became Subjects of Blazing Sun City.

Then, with the help of the Lord Talent, Peace And Prosperity, they immediately became Subjects with 71 points of basic loyalty.

These people who surrendered told Bai Yun and the others everything they knew without hesitation after being interrogated by them.

Soon.

Bai Yun came to report and told Zhou Zhou everything she knew.

"There are actually 122 Lords involved."

"No wonder there are so many Professionals."

"There are five Lords leading this matter."

"They're the Knight Lord, the Dragon Slayer Lord, the Storm Lord, the Skywalker Lord, and the Divine Strategy Lord."

"They were all killed in the course of the battle just now."

"As for that unknown aircraft, it disappeared after the Skywalker Lord was killed."

Zhou Zhou could not help but shake his head.

Someone from the Sun Extermination Association was actually involved in this matter?

He thought that the Sun Extermination Association would not be able to cause much trouble after the previous incident.

He did not expect it to resurrect.

However, this time, the last remaining member of the Sun Extermination Association, the Storm Lord, was also dead.

His territory was in the Dust Wasteland. He would also lead troops to destroy it later.

The last spark of the Sun Extermination Association would also disappear from the world.

He probably would not hear the name Sun Extermination Association again after that.

[**Global Lord: 100% Drop Rate**](#)

Chapter 224: Three Lord Talent Spheres! 702 Green Bronze-Tier Lord Talent Crystal Fragments!

Then, he asked Bai Yun to bring their corpses over.

After the corpses were transported over, Zhou Zhou took a look.

Then, he discovered that among the four corpses:

The Dragon Slayer Lord and the Skywalker Lord both had Lord Talent Spheres and Lord Talent Crystal Fragments.

Even though the Storm Lord did not have a Lord Talent, it had a Storm Mage's Advanced Combat Class Class Certificate.

Only the corpse of the Divine Strategy Lord did not have any good loot.

Apparently, the reason why this person could lead the attack on his place with the other four Lords was mainly because this person was relatively smart and would always think of many ways.

Zhou Zhou shook his head.

No matter how smart he was, he was still a corpse now.

As for the other Loots, Zhou Zhou took a look and was not interested.

Then, he extracted the loots from their corpses and obtained one White Platinum-Tier Lord Talent Sphere, one Green Bronze-Tier Lord Talent Sphere, eight White Platinum-Tier Lord Talent Crystal Fragments, and six Green Bronze-Tier Lord Talent Crystal Fragments.

"I obtained three Lord Talent Spheres at once!"

Zhou Zhou was quite satisfied when he saw the Loots.

Did this Knight Lord cause trouble for him?

This was clearly a gift to him!

Then, he asked Bai Yun to bring over the corpses of the remaining dead Lords.

Soon.

The corpses of the 117 Lords were sent over neatly.

Zhou Zhou looked at these people's corpses and realized that there was no Lord Talent Sphere in their loot drop list.

Then, he remembered the way these people died and could not help but shake his head.

They had been at the back of the battlefield when attacking Blazing Sun City because these Lords were afraid of death.

Later on, they still relied on the soldiers to block in front of them, wanting them to retreat safely when they retreated.

However, they never expected that their rear had long been ambushed by the Blazing Sun Army led by Wu Xin.

After Wu Xin and the others rushed out from behind, these Lords bore the brunt of the attack and died faster than the soldiers.

Some people might have survived if they had a little courage and did not use the soldiers as shields.

"What a pity."

"The wealth in their territory will also be mine if they had survived."

Zhou Zhou thought ruefully.

They were mostly Black Iron-Tier and Bronze-Tier Lords, however, there were a lot of them.

Not counting the territory of the Storm Lord in the Dust Wasteland,

The wealth of the remaining 121 Lords, especially the territory of the Knight Lord, was estimated to be at least 2,000 to 3,000 Yellow Gold-Tier Mist Cores.

But now, he could only give up.

The Building Effect in their territory would disappear once the Lords died after all.

Including the Spatial Teleportation Array given by the Master-Servant Territory Contract.

The Spatial Teleportation Array was rendered useless, so Zhou Zhou naturally could not use the Spatial Teleportation Array to head to their respective territories and obtain the wealth in their territories.

However, Zhou Zhou did not feel too regretful.

The wealth of those territories.

He could obtain more every day through the Monster Ranch.

He valued the Lord Talent Crystal Fragments on these Lords more in comparison.

Thinking of this, he began to retrieve the loot from these Lords.

Half an hour later.

All the loots had been extracted.

Other than the Mist Core and some worthless items,

He had obtained a total of 702 Green Bronze-Tier Lord Talent Crystal Fragments!

"I can upgrade the Blessing of the Ten Gods—the War God's Blessing."

"In addition, Return To The City and Incite Defection can also be upgraded."

Zhou Zhou could not help but think.

After this incident.

He realized the value of the Lord Talent, Return To The City.

That was to be able to 'return in time'!

For example, today's matter.

Even if he did not go through the Return To The City and returned to Blazing Sun City later, there would not be any problems with the Light Elemental City Wall and the Aurora Tower.

However, that was mainly because the enemy was relatively weak.

If 10 pure-blooded dragons attacked, he would probably only be able to see Blazing Sun City that had already turned into ruins if he had rushed back with Wu Xin and the others without Return To The City.

With Return To The City, they could immediately return to defend or even counterattack when they knew that their territory was in danger when they were out!

Half an hour later.

Bai Yun came back to report the results again.

"My Lord."

"In this battle, a total of 21,240 people surrendered to us."

"This includes 12,187 Black Iron-Tier Basic Military Professionals, 8,124 Bronze-Tier Basic Military Professionals, 915 Bronze-Tier Elementary Grade and 14 Silver-Tier Elementary Grade!"

"They have all become our Subjects now!"

"We also extracted the loot with the Conqueror's Blast Furnace for the remaining corpses."

"A total of 111,031 Green Bronze-Tier Mist Cores and 40,622 White Silver-Tier Mist Cores!"

"15,451 Basic Military Class Change Certificates, 3,412 Beginner Soldier Class Change Certificates, 2,008 Combat Spirit Knight Class Change Certificates!"

"There are also some other loot."

"This is the specific list of loot. My Lord, please take a look."

Bai Yun handed a list of Loots to Zhou Zhou.

Zhou Zhou took it and looked at it. He realized that it was all loot like skill books and equipment. Even though they were relatively normal, the quantity was relatively large.

"Put them all in the warehouse later."

"I'll give you the Faith Divine Crystal. Take the corpses of our injured and sacrificed soldiers to the shelter to be treated and resurrected."

"As for the Professionals who surrendered, break up their original ranks and integrate them into the Blazing Sun Army."

He said.

This morning, there were only 35,189 people in his Blazing Sun Army.

Now that these 21,240 Professionals had joined, his Blazing Sun Army had increased to 56,429 people!

At this moment, Zhou Zhou even wanted a force like the Knight Lord to attack a few more times.

Then his development would definitely be faster than normal.

"Yes, my Lord!"

Bai Yun said respectfully.

Zhou Zhou acknowledged.

Then, he handed all the Faith Divine Crystals to Bai Yun and asked her to leave them in the shelter in case of emergencies.

He returned to the Lord's residence alone.

...

In the Lord's residence.

Zhou Zhou looked at the three Lord Talent Spheres in front of him.

An Extraordinary-Tier Lord Talent Sphere, a White Platinum-Tier Lord Talent Sphere, and a Green Bronze-Tier Lord Talent Sphere!

"After activating it, I should be able to obtain an upgraded version of the Lord Talent of the Knight Lord, Dragon Slayer Lord, and Heavenly Lord."

"I wonder what their upgraded Lord Talent is like?"

Zhou Zhou was really looking forward to it.

He looked at the three Lord Talent Spheres and thought.

A golden text notification appeared.

[Do you want to absorb this Lord Talent Sphere (Extraordinary-Tier)?]

[Do you want to absorb this Lord Talent Sphere (White Platinum-Tier)?]

Do you want to absorb this Lord Talent Sphere (Green Bronze-Tier)?

"Yes!"

He said.

The next second.

The three Lord Talent Spheres instantly turned into three streams of light of different colors and quickly surged into his glabella.

[Global Lord: 100% Drop Rate](#)

Chapter 225: White Platinum-Tier Lord Talent— Dragon Slaying Hometown!

A moment later.

After Zhou Zhou absorbed the new Lord Talent, he immediately opened the Lord's personal information.

His Lord Talent column had already been updated!

[Lord Talent: King of Loots (Mythical-Tier, Unique), Gnome Alchemy Workshop (Green Bronze-Tier), Monster Ranch (White Silver-Tier), Incite Defection (Green Bronze-Tier), Peace And Prosperity (Diamond-Tier), Return To The City (Green Bronze-Tier), Mysterious Caravan (Yellow Gold-Tier), Master Thief's Robbery Gloves (Legendary-Tier), Blessing of the Ten Gods- Blessing of the War God (White

Silver-Tier), The Shelter of the Goddess of Life (White Platinum-Tier), Knight Temple (Extraordinary-Tier), Dragon Slaying Hometown (White Platinum-Tier), Gift of the Machina (Green Bronze-Tier)]

"I have 13 Lord Talents now!"

Zhou Zhou nodded in satisfaction.

Then, he looked at the three new Lord Talents.

Knight Temple! Dragon Slaying Hometown! Gift of the Machina!

"The name of the Lord Talent of a Knight Lord has changed from Knight Hall to Knight Temple."

"The Skywalker Lord's Lord Talent is also called the 'Gift of the Machina' according to his Subjects. That spaceship is called the 'Ranger' by the Skywalker Lord."

"As for the Lord Talent, Dragon Slaying Hometown."

"According to Bai Yun."

"The Dragon Slayer Lord once revealed to his Subjects that his Lord Talent is the Yellow Gold-Tier Lord Talent, the last descendant of the Dragon Slayer."

"Therefore, the Dragon Slaying Hometown should be an upgraded version of the last descendant of the Dragon Slayer."

Zhou Zhou thought.

Then, he was not in a hurry to look at the Knight Temple's Talent Stats. Instead, he chose to start with the Gift of the Machina.

He had a small habit.

He would save the best for last.

[Lord Talent: Gift of the Machina (Green Bronze-Tier)]

[Gift of the Machina: There is a Green Bronze-Tier Advance Grade spaceship, Black Ghost, from the Machinery race in your territory. It is a gift from the Machina race to the Lords who participated in the fight for the position of Lord of All Races. It also represents the friendship between the Machina race and you.]

[Specific Talent Effect One: Black Ghost is the witness of your friendship with the Machina race. Your diplomatic relationship with the Machina race is now 'friendly' (This function is activated after establishing the kingdom).]

[Specific Talent Effect Two: The Black Ghost is the crystallization of the Machina race's technological wisdom. It has the Diamond-Tier Advance Grade intelligent lifeform, Ghost Princess, the Green Bronze-Tier Advance Grade folded space function, the White Platinum-Tier Advance Grade spaceship Defense, the Yellow Gold-Tier Advance Grade flying speed, the White Platinum-Tier Advance Grade life detection and anti-reconnaissance radar, and the automatic repair function.]

[Specific Talent Effect Three: Black Ghost uses the Mist Cores as its energy source. 1,000 Green Bronze-Tier Mist Cores can allow Black Ghost to operate at full power for 24 hours.]

...

"This gift from the Machina race looks pretty good!"

Zhou Zhou's eyes lit up.

The Black Ghost looked to be at the Green Bronze-Tier, but in its specific Talent Effect Two, other than the folded space function being a Green Bronze-Tier Advance Grade, the other functions were all above the Green Bronze-Tier!

In particular, the intelligent lifeform, Ghost Princess, had reached the Diamond-Tier Advance Grade!

Zhou Zhou could not help but think.

Therefore, the Machina race's way of judging the quality of products was based on which function was the shortest.

Not bad!

What a good habit!

Zhou Zhou nodded in his heart.

"But where is the Ghost Princess now?"

Zhou Zhou was about to walk out of the Lord's residence to take a look.

At this moment...

"My Lord."

"I'm about 12,000 meters above your territory."

An elegant and gentle girl's voice sounded in his heart.

"You're the Ghost Princess?"

Zhou Zhou was stunned for a moment before trying to reply in his heart.

"Yes, my Lord."

The Ghost Princess said.

"Do you actually know the Mental Communication ability as an intelligent lifeform?"

Zhou Zhou was a little envious.

He could only use Mental Communication with his subordinates who had been instigated by Incite Defection and Nezario. He could not do that with the others.

As for the Mental Perception and Mental Manipulation that he had previously mastered, they had not reached the level of Mental Communication.

"After the Machina race transforms into an intelligent lifeform, they will automatically master the ability of Mental Communication."

The Ghost Princess smiled.

Zhou Zhou nodded.

He clicked his tongue in wonder.

If not for the fact that he knew that the other party was an intelligent lifeform, he would feel that he was really chatting with a human girl.

However, since the other party was already a 'lifeform',

It didn't seem a problem to call her a girl.

"Do you have a name?"

"Or is your name Ghost Princess?"

Zhou Zhou asked.

"The Ghost Princess was a code name automatically given to me by the Machina God when I was created."

"It's equivalent to the serial number automatically generated when the product is manufactured."

"My Lord, do you want to give me a new name?"

The Ghost Princess said expectantly.

"Can I?"

Zhou Zhou asked.

"Of course."

"His Lordship has such authority."

Zhou Zhou acknowledged.

He thought for a moment and said, "Let's call you Wen Ya."

The Ghost Princess' voice was like a gentle and elegant girl.

Zhou Zhou could not be bothered to think of a complicated name. Moreover, this name felt good. Then so be it.

"Thank you, my Lord."

"Wen Ya likes this name very much."

Zhou Zhou smiled.

"Wait for me."

"We have to continue fighting later."

"I'll have to rely on you then."

At the thought of this, Zhou Zhou suddenly became excited.

He finally did not have to travel every day!

Heaven took pity on him!

He led the Blazing Sun Army every day. During the process of conquering other territories, he spent at least half of his time traveling.

Traveling in a dry area like the desert, not only was the road difficult to walk on, the sandstorm was also strong.

They could not travel much faster even if they were all Professionals.

It could be said that the experience was extremely terrible!

If Wen Ya could solve the problem of traveling, not only could she solve the problem of experience on the road,

Moreover, the time saved could also be turned into his development time!

His development speed would definitely increase greatly!

He would see how Wen Ya's performance was in a while!

Zhou Zhou thought expectantly.

"Yes, my Lord."

"Wen Ya is on standby!"

Wen Ya said seriously.

Zhou Zhou acknowledged.

Then, he looked at the White Platinum-Tier Lord Talent, Dragon Slaying Hometown.

[Lord Talent: Dragon Slaying Hometown (White Platinum-Tier)]

[Dragon Slaying Hometown: Your territory is the legendary Dragon Slaying Hometown. Every Subject has a Dragon Slayer Will buried deep in the depths of their hearts. When the Subjects of the Dragon Slaying Hometown encounter the pressure of a high-level bloodline, they will erupt with astonishing combat strength and willpower!]

[Dragon Slayer-- Dragon Slayer Will: When the Dragon Slayer withstands the pressure of the bloodline of the possessor of a high-level bloodline, the will to slaughter the other party will soar quickly and even go crazy. At the same time, the Dragon Slayer will ignore the pressure of the bloodline and erupt with combat power that far exceeds his own strength. The stronger the bloodline pressure, the greater the difference in the bloodline between the two sides, the higher the strength that will erupt until his body can't withstand the increase in strength.]

[Dragon Slayer -- Song in Bloodbath: After slaughtering high-level bloodlines, the Dragon Slayer can bathe in the blood of the enemy to recover from his injuries and increase his strength. Moreover, he would not be restricted by his potential. The higher the level of the enemy's bloodline, the more strength he will increase.]

[Dragon Slayer--Dragon Slaying King: As the Lord of the Dragon Slaying Hometown, your Dragon Slaying Will is extremely pure.]

[Dragon Slayer--Dragon Slaying Hometown: The reputation of your Dragon Slaying Hometown and you have already spread to the ears of other dragon slayers. Some wandering dragon slayers will come because they want to return to their hometown.]

[Lord Talent Description: In the ancient Chaos Mythical-Tier, there are records of such a group of life forms. Even though they were born with the lowest bloodline, they had a heart that was unwilling to be enslaved by a high-level bloodline. Countless top-notch bloodline races had once fallen to their butcher's knives. The proud heads of the extreme bloodline race had to be lowered every time they stood above all races in the endless heavens. That Dragon Slayer blade that can kill them is still sharp!]

Chapter 226: Extraordinary-Tier Lord Talent - Knight Temple!

"This Dragon Slaying Hometown..."

"Interesting."

Zhou Zhou was a little surprised.

He immediately thought of the Lord Battlefield.

He had already reached the Extraordinary-Tier Advance Grade on the Lord Battlefield.

99% of the Lords he was going to meet next would be Lords of high-level Bloodline Races!

Due to their high-level bloodline, they performed extremely powerful on the battlefield and could easily increase their rank.

Zhou Zhou was already developing very well.

The other Lords called him the number one Lord among the human Lords on the Cerulean Planet.

However, it was still very difficult for him to fight these people with high-level bloodlines at this level.

For example, the Lord of the Descendant of the God Spirit that he had encountered previously.

He controlled the divine power that filled the sky of the Demigod Death Ruins by relying on his God Spirit bloodline and almost wiped them out alone!

Zhou Zhou remembered this clearly.

He also deeply understood the difficulty of human bloodlines facing these abnormal bloodlines.

Therefore, he did not fight much after that. Instead, he planned to increase his combat strength in reality before going to the Lord Battlefield.

He did not expect to encounter this Lord Talent of the Dragon Slaying Hometown that specialized in restraining high-level bloodlines.

Zhou Zhou was tempted.

He wanted to try the Lord Battlefield now

to experience the performance of the Dragon Slaying Hometown on the Lord Battlefield.

"Let's try it later."

"I'll just use some resurrection spots if I lose!"

Zhou Zhou made a decision.

Then, he looked at the last Lord Talent.

[Lord Talent: Knight Temple (Extraordinary-Tier)]

[Knight Temple: Your territory has a Knight Temple that is regarded as a Holy Land by all Knight-type Professionals! This place has the best teaching facilities to nurture Knight-type Professionals. There are powerful Knight mentors who are good at teaching, and even the most precious Knight-type Hero Inheritance. It is the best choice to nurture Knights.]

[Construction Effect— Protection of the God of Knights: When Lords and forces under them go out to hunt fog monsters, they will encounter fog monsters that have a small chance of dropping Knight Class Change Certificates, Mount Contracts, Combat Spirit secret manuals, Knight-exclusive equipment, Knight-exclusive treasures, Knight Temple special blueprints, Knight Instructor Recruitment books, and other Loots.]

"Knight Temple?"

Zhou Zhou raised his eyebrows.

Another special building?

He called Aliya and Atley over from next door and asked them to send someone to find the location of the Knight Temple.

Soon.

The two of them returned.

"Reporting to my Lord."

"I've found the location of the Knight Temple."

Aliya said with a dazed expression.

"What's wrong with you?"

Zhou Zhou looked at her, who was in a daze.

"My lord, the Knight Temple you mentioned is too gorgeous! And it's so big!"

"I don't know how to describe it."

"In short, you'll know when you go."

Aliya said.

Atley, who was beside her, nodded repeatedly.

"Let's go and take a look."

Zhou Zhou was also curious.

Was it that exaggerated?

The Aliya sisters nodded. Then, the three of them walked out of the Lord's residence and rushed towards the Knight Temple.

A moment later.

Zhou Zhou looked at the building in front of him.

The building was about ten to fifteen stories tall.

The golden door opposite was 30 meters tall and seven to eight meters wide.

It did not seem like a door to enter.

Instead, it was like a God Spirit Gate that allowed tall God Spirits to enter.

The walls of its main building were white and gold. At the top of the building were rows of golden spires, looking solemn and gorgeous.

A Knight wearing silver armor and holding a spear stood guard around the Knight Temple. His expression was solemn and his eyes were shining.

When Zhou Zhou flew up to look at the building, he fell silent.

This Knight Temple actually occupied about one-twentieth of Blazing Sun City (inside the city wall), occupying almost five million square meters.

At this moment.

He finally understood how the Aliya sisters felt when they reported to him.

This Knight Temple was indeed out of line!

However, when he thought about how it was a special building brought about by an Extraordinary-Tier Lord Talent, he understood a little.

Zhou Zhou flew down and saw a knight in black ferocious armor with light red eyes walking out of the Knight Temple.

"Hi."

"I'm the Lord of this Knight Temple."

"My name is Bai He."

"Please take care of me in the future."

Bai He extended his right hand and chuckled.

Zhou Zhou was stunned for a moment. Then, he extended his hand and shook it before separating.

He clicked his tongue in wonder.

This was the first time he had seen a native giving a shake hand after arriving at the High Continent.

He looked at him.

Soon.

A text notification appeared.

[Subject: Bai He (Hero Unit)]

...

Zhou Zhou was stunned.

He looked at the Knight blankly.

A True God-Tier Hero Fate Level???

True God-Tier Elementary Grade???

This is a...

True God!

No wonder there were so many greetings in his personal information list.

At White Silver-Tier Intermediate Grade, Zhou Zhou felt that it was because of his Lord Talent that he could see through a True God's strength and potential.

Otherwise, he shouldn't have been able to say anything.

Moreover, it could be seen from the fact that the other party's territory was the Knight Temple.

The other party was not even his Subject.

That made sense.

How could an Extraordinary-Tier Lord talent have a True God-Tier Subject and a faction that could accommodate a True God-Tier subject?

It was obviously impossible.

His place was probably just a base of this big shot's Knight Temple.

"If my Lord has any good seedlings in the future, you can send them to me."

"We can definitely nurture them into a qualified knight here."

"Of course."

"In terms of fees, we'll give you a 20% discount for the Lord's sake."

Bai He smiled.

Zhou Zhou acknowledged.

He could tell.

This Extraordinary-Tier Lord Talent of the Knight Temple should only give him a chance to come into contact with such a top faction and not possess it.

If he wanted to have it,

Zhou Zhou guessed,

It was probably only possible to raise this Lord Talent to the Mythical-Tier.

It was just a small probability.

"I still have something on, so I won't chat anymore."

"We can have a good chat when I'm free in the future."

"I feel like you are an old friend of mine somehow."

Bai He smiled.

Speaking of that old friend, a complicated look appeared in his eyes for a moment, but it returned to normal in an instant. Zhou Zhou did not notice it at all.

He was just a little puzzled about what the other party was talking about.

However, Zhou Zhou did not ask further seeing that the other party had no intention of saying anything.

"I'll definitely chat with you next time."

He said seriously.

He did not dare to be negligent when facing a True God-Tier big shot.

Bai He was stunned for a moment. Then, he smiled and nodded before leaving.

Chapter 227: Silver Meteorite Knight— Rob Allen!

Zhou Zhou watched this big shot leave.

Then, he pulled out the blood-red spear on his back. A spatial rift appeared out of thin air with a slash. Then, Bai He stepped into it and disappeared. This spatial rift immediately recovered after Bai He entered.

Zhou Zhou widened his eyes as he watched this scene.

He tore through space and opened a spatial passageway with a casual wave of his hand?

My God.

So this is a True God-Tier big shot?!

Zhou Zhou recovered from his shock only after a long time.

"I wonder when I will be able to reach his level."

He muttered to himself enviously.

"Haha, it's very difficult to become someone like my teacher."

At this moment, a loud laugh sounded.

Zhou Zhou looked over.

A golden-haired man wearing bright silver flowing armor and carrying a silver spear on his back walked over from afar with a smile.

He was handsome and had fair skin. His every move was filled with the elegance of noble etiquette.

His sea-like blue eyes were especially attractive. Anyone who looked at them would not be able to help but take a few more glances.

Zhou Zhou could not help but sigh.

This appearance and temperament.

It's second only to me!

The man had already arrived in front of him while he was sighing.

"Hearing what my Teacher just said to you, you should be the Lord here, right?"

"My name is Silver Meteorite Knight—Rob Allen, the disciple of the Knight just now."

"You can call me the Silver Meteorite Knight or just Rob."

He smiled.

Zhou Zhou looked at him.

The interface information appeared.

4. ...]

Zhou Zhou clicked his tongue as he looked at the other party's attribute panel.

Legendary-Tier Advance Grade strength!

True God-Tier Intermediate Grade potential!

Zhou Zhou specially scrolled down his hero biography.

In the end, he realized that there were more than 20 points!

Most of them were true heroic doings!

As expected of the disciple of the King of Abyssal Knights!

"It's rude to read other people's information without their permission."

Rob Allen looked at Zhou Zhou's shocked expression and smiled.

"I'm sorry..."

Zhou Zhou immediately apologized.

He was a little surprised.

This was the first time he had encountered someone who could tell that he was looking at his attribute panel.

In that case...

That Big shot Bai He should have also realized that he was looking at his attribute panel.

He probably just didn't want to expose it.

Rob Allen smiled and did not say anything else.

"Come with me."

"My teacher asked me to show you around our Knight Temple."

"We'll be neighbors from now on. We have to get to know each other better."

Rob Allen said.

"Then my two maids..."

Zhou Zhou asked.

"The Knight Temple is an important place for the human race."

"Not everyone can enter."

"They can't enter."

Rob Allen shook his head.

"But my Lord, your safety..."

Aliya and Atley hesitated.

"Don't worry."

"It's safe here."

Zhou Zhou smiled.

This was a product of his Lord Talent.

It was definitely safe.

"Yes."

"This is the safest place in the entire human race."

"Ladies, don't worry and leave your Lord to me."

Rob Allen also smiled.

The Aliya sisters looked at the expression on Zhou Zhou's face and remembered that their Lord seemed to be many times stronger than the two of them combined, so they nodded.

Seeing this, Zhou Zhou let the two of them go back first, while Rob Allen and him walked towards the door of the Knight Temple.

The two of them chatted as they walked.

"Oh yes."

"Where did Temple Lord Bai He go just now? Is it convenient for you to tell me?"

Zhou Zhou asked curiously.

"Teacher has been guarding the Knight Temple at the entrance of the Abyss all year round to resist the invasion of the Abyss."

"Teacher was still fighting in the Abyss before he came back to see you."

"Now he's back fighting."

Rob did not hide anything and said casually.

Zhou Zhou clicked his tongue.

There was such a thing?

"Are there many Knight Temples?"

"There will always only be one Holy Knight Temple of the human race."

"As for why there is one in the Abyss and one on your side, you can understand it as an extremely magical spatial building. It can instantly transfer a portion of its building entrance to any place in the human territory. The Knight Temple in front of you is such a case."

"You can even walk straight to the Knight Temple at the entrance of the Abyss through the Knight Temple here."

"But not now."

"Why?"

"The gravity in the Abyss is 76 times that of the High Continent. You have to at least reach the Yellow Gold-Tier to be qualified to walk there normally. You will only be qualified to fight normally when you reach the White Platinum-Tier."

Zhou Zhou acknowledged.

The two of them had already walked into the Knight Temple while talking.

Zhou Zhou looked around curiously.

Humans in all kinds of clothes were walking in here.

Most of them were discussing in low voices as they walked. Only a small number of them walked alone, but they walked very quickly, as if everyone had something they had to do.

"Let me tell you something now. There's something we have to pay attention to when our two forces are together."

Rob said.

"Please do."

Zhou Zhou retracted his gaze and looked at him.

"Our Knight Temple and your forces are only friends and neighbors."

"All you have is the right to come into contact with our Knight Temple."

"We can't interfere in the war between you Lords as a top organization of the High Continent because of the Supreme Agreement."

"In other words, we won't be able to help you if your territory encounters a disaster that is enough to destroy it, even if they were fog monsters."

"Remember this."

"We're not your protection."

"Your most reliable protection will always be yourselves!"

Rob Allen said seriously.

[Global Lord: 100% Drop Rate](#)

Chapter 228: Six Knight Sects! To The Heroic Spirit Hall!

Zhou Zhou acknowledged.

He had been mentally prepared for this ever since he knew that the Knight Temple was not under his command.

Rob Allen could not help but feel slightly surprised when he saw Zhou Zhou's calm expression.

He said nothing and went on:

"In contrast."

"We won't interfere in your territory. Other than a hundred meters radius from the Knight Temple, we won't take the initiative to enter without your permission. We won't stop you from being a virtuous Lord or a muddle-headed Lord."

"You can do whatever you want in the territory."

"We won't spy on you and your Subjects either."

"These are all rules that the Supreme Will has given us to follow. We won't violate them, nor can we."

Zhou Zhou heaved a sigh of relief and nodded.

Which meant...

I would be the one looking for the Knight Temple instead of the other way around, right?

This was good.

Otherwise, it would indeed be uncomfortable to have such a huge top faction suppressing him at all times.

The Knight Temple would not interfere in the development of his territory, nor even walk in and observe the situation of his territory.

In that case, he could completely treat them as an invisible person and ignore them.

A moment later.

Seeing that Rob still had no intention of stopping,

"Sir Rob, where are we going now?"

"The Knight Temple is very big. It's unrealistic to bring you around in a short period of time."

"So I plan to take you straight to the two most important places."

"You can take your time touring the rest on your own."

Rob said.

Zhou Zhou acknowledged.

After walking for a while.

The two of them arrived at a hall.

In this hall sat six white-haired old men.

"This is the core of the Knight Temple—the Knight Training Center."

"As the name suggests, its function is to nurture knights."

"These six Elder Ones are all mentors of the Knight Temple."

"There are mainly six main knight sects throughout our history. They are the physique sect, mount sect, element sect, soul sect, machinery sect and the comprehensive all-rounder sect."

"And there are countless knights from various small sects under these six main knight sects."

"These six mentors are top-notch figures in knight training."

"They know nearly 90% of the Knights on the High Continent."

"If anyone wants to become a Knight here, the first step is to come here and let them understand that person through communication. Then, they will determine if that person has the potential to become a Knight of the Knight Temple."

"If there's no potential, there's naturally no way."

"If there is, they will customize the corresponding knight training plan for the person to become the top knight."

"A knight from a Knight Training Center."

"The lowest rank is a Kingdom-level Knight."

Rob said seriously.

Zhou Zhou's eyes lit up.

At the same time...

The six knight mentors had also listened to Rob's words the entire time.

"Rob, is this the newbie you brought?"

"It's rare for Rob to bring people into the hall."

"Come forward and let me take a look."

"Show me, I'll give you half the price!"

...

The six mentors spoke at once.

Even though they were already very old, they were as active as children.

"Mentors."

"He's a Lord of all races."

"I brought him here this time to let him understand our Knight Temple first."

"I'll show him to you the next time we meet."

Rob Allen said.

The six mentors gradually stopped.

"You should have said so earlier. You interrupted my rest."

"Don't you know that the old people need to rest the most?"

The mentor in charge of the main sect fell asleep.

The others also looked away.

Rob smiled helplessly at Zhou Zhou.

Then, he looked at Zhou Zhou.

"Come with me."

"Next time, you can come over and take your time to understand."

He said.

Zhou Zhou acknowledged.

The two of them walked further and further away.

Not long after they left.

The old man who had just laid down to sleep immediately woke up.

"I can sense the bloodline aura of the Chaos Human from him."

"The Chaos Knight School should be very suitable for him."

"No! He has a rich pure-blooded dragon aura on him. If he has a pure-blooded dragon pet, it would be a waste of his talent if he doesn't take the mount path!"

The old man from the mount sect immediately retorted.

"Even though this person's physique is weak, his mind and will are quite firm. I can feel that there's a mental power unique to him in his soul. He should take the soul path!"

"Bullsh*t! If he has a Mythical-Tier bloodline like the Chaos Humans. Why doesn't he just walk the physique path? You're neglecting the essentials!"

...

On the other side.

Zhou Zhou naturally did not know that the six respected knight mentors of the Knight Training Center were about to fight because of him.

He was talking to Rob about nurturing Knights.

"What?! It takes at least six months to nurture a Kingdom-level Knight?!"

Zhou Zhou was shocked when he heard this news.

He had only been in the High Continent for 13 days.

Six months!

At that time, he did not even know how far he would have developed.

At that time, would he still need a Kingdom-level Combat Class?

Zhou Zhou thought.

"What's so strange about six months?"

"That's fast enough."

"Even the Empire-level forces can't nurture a Kingdom-level combat Professional in six months so easily."

Rob said.

Zhou Zhou understood.

The reason why the other party said that it would take six months to nurture a Kingdom-level combat Class was because it was very likely because the other party did not use tools like the Class Change Certificate at all. Instead, they used the most traditional profession nurturing method to forcefully nurture a professional through physical teaching and experience.

In that case, six months was indeed a short time to turn an ordinary person into an Extraordinary-Tier life form with the potential of a Kingdom-level Class.

Then, he asked with a trace of hope, "Do we have any Knight Class Change Certificates or actually soldier type recruitment books? Can I buy or exchange them?"

"Soldier type Class Change Certificate? Soldier type recruitment books?"

Rob looked at him speechlessly.

"Yes, we do."

"However, that kind of treasure is extremely rare. It's best to have a certain status in the Knight Temple and spend our internal merit points to buy it."

"You don't have either of these conditions. How can you buy them?"

Zhou Zhou looked disappointed.

Then, he quickly became excited.

Even though they could not exchange for it internally, Zhou Zhou could obtain the Knights Change Certificate by killing monsters through the drop function of the Knight Temple.

"Where are we going next?"

He asked.

"The Heroic Spirit Hall!"

"Let's see if you're lucky."

"If you're lucky, you might be able to obtain a Hero Inheritance directly."

Rob smiled.

[Global Lord: 100% Drop Rate](#)

Chapter 229: The Gaze From The Heroic Spirit!

Hero Inheritance?!

Zhou Zhou perked up when he heard this.

Was the highlight finally coming?

Previously, he was actually extremely envious when Bai Yun and Wu Xin became heroes, even though he did not say anything on the surface.

It's finally my turn!

He did not say anything and followed Rob to the Heroic Spirit Hall expectantly.

A moment later.

Zhou Zhou and Rob walked for a long distance. They arrived at a golden door after passing through numerous guards.

All kinds of patterns were carved on the door and the walls on both sides. Zhou Zhou looked over and realized that the carvings were stories of heroes saving the world.

On the door hung a plaque with the words [Heroic Spirit Hall].

Rob was originally smiling, but after arriving, his expression immediately became solemn.

"This Heroic Spirit Hall consecrates some of the Human Hero Inheritances that have appeared in various eras since our human race was born."

"They have all made major contributions to the human race, and the Hero Inheritance they left behind is the most important treasure of our human race!"

"Therefore, this can be said to be one of the most important places of our human race."

"Therefore, after you enter, you must pay attention to your words and actions. Don't offend the heroic spirits inside."

Rob reminded.

"I'll be careful."

"But... What are heroic spirits?"

Zhou Zhou acknowledged.

Then, he asked curiously.

"[Heroic Spirit] is a hero of our human race. This hero separated a wisp of his consciousness that contained the Hero Inheritance when he was alive and created a hero consciousness just in case."

"This kind of hero consciousness doesn't have the earth-shattering power of a hero, but it completely preserves their hero inheritance and leaves it for future generations to inherit."

"This is how generations of heroes have been passed down."

"However, a consciousness is a consciousness after all. It can't last forever."

"Usually, after about a thousand years, the heroic spirits of heroes will gradually dissipate."

"To this day."

"There are only about 500 heroes in the Heroic Spirit Hall of our human race."

"The other heroic spirits that have dissipated, their heroic inheritance, was only recorded in books in the end."

"But such records are almost meaningless."

"Because heroes can't be revived just by reading."

"It's not like the [Hero Inheritance Secret Manual], that legendary miraculous item."

Rob sighed.

In the face of time.

Even a great existence like a hero would eventually withdraw from the historical stage.

Not to mention the heroic spirits left behind by heroes.

Zhou Zhou's heart stirred.

Hero Inheritance Secret Manual?

He was familiar with this.

He didn't think too much about it.

Rob had already brought him to the door.

"Halt!"

A three-meter-tall human with purple eyes blocked their path.

He looked down at the two of them with his height.

Seeing this, Rob flipped his right hand, and a golden token appeared in his hand.

This token was engraved with a human knight's pattern and the word 'Saint' was written below.

"Greetings, Lord Guardian of the Hidden Sea."

"I've been ordered by the Temple Lord to bring a hero candidate to accept the Hero Inheritance of our human race."

Rob said politely.

As soon as he finished speaking.

Zhou Zhou noticed that the burly man named Hidden Sea's gaze landed on him.

He exclaimed in surprise.

"Interesting."

"It's actually such a young hero candidate."

"How did he pass Temple Lord Bai's test?"

His tone carried a hint of scrutiny.

As the guardian of the Heroic Spirit Hall, he had the important responsibility of guarding the Hero Inheritance.

Therefore, even if Rob had the Holy Token of the Temple Lord, he had to review it before letting them in.

Rob told him Zhou Zhou's identity.

"Lord Talent..."

"That's rare."

"In that case, you're naturally fated with our Knight Temple."

The Guardian of the Hidden Sea laughed.

His voice rumbled.

Zhou Zhou's ears went numb.

"Indeed, indeed."

He laughed dryly.

Wasn't it a little inappropriate to say that he plundered this Lord Talent?

"Go in."

"Newcomer."

"Remember to be careful with your words and actions in front of the heroic spirits of the heroes."

He said solemnly.

"I'll be careful."

Zhou Zhou nodded seriously.

Hidden Sea nodded and asked the knights on both sides of the door to open the door of the Heroic Spirit Hall.

"Come with me."

Rob said.

Then, Zhou Zhou followed him into the Heroic Spirit Temple.

In the Holy Temple.

The illusory consciousnesses of human heroes floated on a crystal cube that looked like a diamond.

There were about 300 of them. Their eyes were closed, and they looked like they were asleep.

Even though this appearance did not look threatening at all, the terrifying pressure of a hero's destiny that vaguely emitted made Zhou Zhou hold his breath.

But in the next second.

An angry will suddenly roared in the depths of his soul.

Right on the heels of that.

The pressure of the hero fate suddenly disappeared.

At the same time...

Rob was still talking proudly in front of him.

"There are a total of five Heroic Spirit Halls in the human race. In total, there are only 541 Hero Inheritances."

"Our Knight Temple has 312 of them alone."

"Do you know our Knight Temple's status in the human race now?"

"Next, you only need to stay in front of each heroic spirit for a few seconds."

"If a heroic spirit feels that you meet the requirements of his hero's inheritance, he will open his eyes..."

He suddenly looked at all the heroic spirits in the hall in shock before he could finish speaking.

Because at this moment, the 312 heroic spirit consciousnesses all opened their eyes.

Their eyes emitted a dazzling light, making the entire Heroic Spirit Hall brighter.

Rob followed their gazes.

Where the gazes of the many heroic spirits overlap was the Lord of The Blazing Sun he had just brought over.

Rob was stunned.

How could this be?!

He had also been brought here by Teacher Bai He because of his talent before he became a hero. He wanted to see if he could directly accept the inheritance of a hero.

At that time he had also received the attention of many heroic spirits.

Rob remembered it very clearly.

At that time, he was being watched by the heroic spirits of the 16 heroes. The 16 heroic spirits all felt that he could inherit their Hero Inheritance.

At that time, even Bai He, who never praised people easily, praised him as the future pillar of the human race.

And what was the situation with this Lord of The Blazing Sun now?

Why did the 312 heroic spirits in the entire Heroic Spirit Hall think that he could inherit their Hero Inheritance???

At this moment, Rob even suspected that even if all 512 heroic spirits of the entire human race were carried over to see the Lord of The Blazing Sun, all 512 heroes would probably all open their eyes to look at him.

The scene in front of him did show such a possibility after all.

Rob could not help but doubt his life.

Therefore, the reason why I was chosen by the 16 heroic spirits back then was because only 16 of them valued me while this kid could be chosen by the 312 heroic spirits because there were only 312 heroic spirits in front of him???

Chapter 230: Linkage Of The Lord Talents!

Zhou Zhou's heart skipped a beat when he saw so many heroic spirits staring at him.

Sh*t.

Could it be that they have discovered that the Dragon Slayer King's will had been resisting the pressure of their hero fate?

However, didn't Dragon Slayer only react to high-level bloodlines?

Why did it also react to the pressure of the hero's fate?

Big Brothers!

I'm one of your own!

Zhou Zhou shouted in his heart.

Perhaps the will of the Dragon Slayer King was his own will.

Therefore, as this thought appeared in his mind, the angry Dragon Slayer King Resistance in his heart gradually dissipated.

Zhou Zhou heaved a sigh of relief.

Then, he saw Rob looking at him with a complicated expression.

"Erm..."

"What's happening?"

Zhou Zhou said awkwardly.

Rob was silent for a few seconds before telling Zhou Zhou that the opening of the hero's eyes meant that he had been chosen to be the successor of the hero.

"Currently you can choose any heroic spirit present to accept the Hero Inheritance."

"But..."

Rob hesitated.

"But what?"

Zhou Zhou was originally quite happy to hear this, but when he heard the latter half of his sentence, he was immediately puzzled.

"I was in a similar situation to you."

"Cough cough..."

When Rob said this, he looked a little embarrassed.

Being valued by 16 heroic spirits was indeed very similar to being valued by 312 heroic spirits, right?

Yes. Definitely.

"Later, my teacher pulled me out and didn't let me accept the Hero Inheritance." He suddenly whispered.

"Why?"

Zhou Zhou was stunned.

Rob walked to Zhou Zhou's side and whispered in his ear,

"Because my teacher feels that with my aptitude, which is valued by many heroic spirits, I should walk on my own heroic path. Only then can I go further."

"Even though you can quickly become a hero by accepting the legacy of other heroes."

"But it also has a not-so-big flaw."

"That is, it's very difficult to make a breakthrough in the path of a hero."

"For example, if you accept an Epic-Tier Hero Fate or Legendary-Tier Hero Fate now."

"Perhaps in the future, you can easily reach the Epic-Tier or even the Legendary-Tier."

"However, while it's not impossible to take another step forward, the difficulty is much harder than a hero who becomes a hero himself."

"Someone else's path is someone else's path after all."

Zhou Zhou frowned slightly.

The reason why he frowned was not because of the shortcomings of the Hero Inheritance.

Instead, it was for Bai Yun and Wu Xin, who had already accepted the Hero Inheritance.

If what Rob said was true, wouldn't it be very difficult for Bai Yun and Wu Xin to make a breakthrough after reaching the Legendary-Tier and Epic-Tier in the future?

However, he quickly came back to his senses.

He seemed to be thinking too far ahead.

Moreover, with his talent and opportunities, he might be able to find a way for Bai Yun and Wu Xin to break through in the future.

"I'll think about it seriously."

"Can I take a look at the inheritance of these heroic spirit seniors now?"

Zhou Zhou said to Rob.

"Of course."

"The Peaceful Spirit Stone under the heroic spirit is engraved with the life experiences and heroic abilities of the heroic spirits."

"You can take a look too."

Rob was stunned before saying.

Zhou Zhou nodded and began to stroll around the Heroic Spirit Hall to check the inheritances of these heroes.

[Epic-Tier Hero—Soul Summoning Priest], [Extraordinary-Tier Hero—Blood Shadow Sword King], [Legendary-Tier Hero—King of Puppets], [Epic-Tier Hero—Tyrant Axe], [Epic-Tier Hero—Mystic Spell Master]...

The Hero Inheritances dazzled Zhou Zhou.

A moment later. Zhou Zhou suddenly stopped and looked at the Hero Inheritance in front of him.

It was a stalwart man with colorful tattoos and wearing an ancient sea-blue outfit.

Under his feet was a huge white whale.

Zhou Zhou stood in front of the heroic spirit and could even hear the faint sound of waves and whales.

He looked at the description below.

[Middle-level Master God-Tier Hero—White Whale Lord]

Zhou Zhou held his breath slightly.

There was actually a God Spirit-Tier Hero Inheritance?!

At this moment.

He wanted to accept this hero's legacy.

However, he quickly remembered Rob's words and calmed down.

He looked at it one last time before looking at the heroic spirits elsewhere.

A moment later.

Zhou Zhou stood in front of a heroic spirit.

It was a young man holding a Staff and wearing a fiery red robe.

According to the contents of the Divine Calming Stone:

His name was Chang Qing, and his hero title was [Blazing Sun Mage].

Even though this person had an Epic-Tier Hero Fate Level slot, he was killed on the battlefield by the enemies of the people of foreign races when he was at his peak.

This human elite was only at the White Platinum-Tier Intermediate Grade at that time.

At that time, many human leaders said that if Chang Qing could grow to the Extraordinary-Tier level, such a thing would not have happened.

But unfortunately, the world was unpredictable.

This genius of the human race died before he could fully develop himself.

However, the reason why Zhou Zhou noticed him was not because of his history.

It was his strength.

White Platinum-Tier Intermediate Grade!

"Carol Moeli is a White Platinum-Tier Advance Grade."

"With her strength, if I can obtain another Holy Spirit-level Faith Divine Crystal, I can completely use the Great Resurrection Spell to revive this Chang Qing!"

At the thought of this, Zhou Zhou's heart skipped a beat.

Resurrecting a hero!

In the past, he did not dare to think about it at all.

But from the looks of it, it did not seem to be very difficult for him.

The prerequisite was that he had to have a Holy Spirit-level Faith Divine Crystal!

Once it succeeded.

Even if he could not make the other party his subordinate, he could still form a relationship with him.

Even if he took ten thousand steps back!

If he used this as a condition to negotiate with the Knight Temple, he would definitely be able to exchange for something good!

For example: A Knight Class Certificate Kingdom-level and above!

It would even give his subjects a chance to enter the Heroic Spirit Hall and obtain the Hero Inheritance!

Or other opportunities!

This Knight Temple was a top faction in the High Continent!

There would always be something he wanted!

My God.

He never expected:

The Shelter of the Goddess of Life and the Knight Temple. These two Lord Talents could actually produce such a shocking linkage effect!

He did not want the Hero Inheritance for the time being after hearing what Rob said.

But he wanted even more things now!

"You like Chang Qing's hero inheritance?"

Rob walked to his side and said in surprise.

He had been watching Zhou Zhou stand there for a long time.

"No."

"It's just a pity that this hero died a little too early."

Zhou Zhou said.

He did not plan to talk about resurrecting the hero for the time being.

He did not have the Holy Spirit-level Faith Divine Crystal yet after all.

It was not too late to talk when he had it.

"Indeed."

"Chang Qing was also a person who walked the path of a hero himself."

"It's a pity to be killed at such a young age."

"This is also the horror of a Race War."

"You're also a Lord now. Race wars will be a run of the mill for you. You have to remember to pay attention to such things in the future."

Rob said seriously.

A human chosen by 312 heroes at the same time.

He simply did not dare to imagine how high the other party's future achievements would be if he fully matured.

Therefore, he now cherished Zhou Zhou's talent.

Unfortunately, he could not interfere in Zhou Zhou's matters because of his Lord talent.

Otherwise, he would definitely help him.

"I'll be careful."

Zhou Zhou nodded seriously.

"Oh yes."

"I heard that heroes can be resurrected. Why don't we resurrect these heroes?"

Zhou Zhou asked curiously.

"Heroes can indeed be resurrected."

"Even God Spirits can be revived."

"But most of the existences who can resurrect such existences are True God-Tiers or even Master God-Tiers of the Law of Time and the Law of Life!"

"Our status in the myriad races is not high."

"It's very difficult to come into contact with them."

"Furthermore, even if we can come into contact with them, we can't take out a treasure that can move such an existence."

"That's why they have not been able to be resurrected."

Rob shook his head.

If they could be revived, of course, they were willing to pay the price for the revival.

The key was that they did not have connections or channels, nor did they have the wealth that tempted the other party.

When Zhou Zhou heard this, he could not help but regret it.

So the value of a Holy Spirit-level Faith Divine Crystal was actually so high.

Then, it seemed like he had lost out by using a Holy Spirit-level Faith Divine Crystal to exchange for an Epic-Tier treasure!

But it was useless to regret now.

Fortunately, that treasure was quite useful to him.

Otherwise, he would regret it to death.

A moment later.

Rob and Zhou Zhou walked out of the Heroic Spirit Hall one after another.

"I've already shown you the two most important places."

"If you change your mind in the future, you can come here again and choose the Hero Inheritance again."

"However, there's only one chance for the Hero Inheritance which belongs to you and can't be transferred."

"Don't even think about giving the Hero Inheritance to others."

Rob said.

He already knew that Zhou Zhou did not want the Hero Inheritance for now.

This was completely within his expectations.

He wouldn't want it even if it was him!

Zhou Zhou acknowledged.

Then, the two of them chatted for a while before Zhou Zhou left.

"What's wrong with this kid? Why does he want to give the Hero Inheritance to others? Was he not chosen by the heroic spirits?"

Lord Guardian of the Hidden Sea walked over and asked.

He had seen many people leave dejectedly because they were not valued by the heroic spirits among the many heroic candidates. Therefore, he was not surprised by this situation.

"That's not..."

Rob looked at Zhou Zhou's departing back and recalled the scene of the heroic spirits opening their eyes to look at him.

"There are heroic spirits who chose him? How many? Three? Five?"

Hidden Sea asked curiously.

"All of them!"

Rob turned to look at the Hidden Sea and said solemnly,

"All the heroic spirits opened their eyes and stared at this Lord of The Blazing Sun!"

"Don't tell anyone about this, not even the people inside the Knight Temple."

"I'll report this matter to Teacher and let him make a decision himself."

"Lord Guardian of the Hidden Sea, I'll take my leave first."

With that...

Rob left, leaving the Lord Guardian of the Hidden Sea standing there in a daze.
