Chapter 331: White Platinum-Tier Blazing Sun Desert! Yellow Gold-Tier Advance Grade Potential Advancement Potion!

When Li Ya heard Zhou Zhou's words, her expression relaxed and she smiled again.

Zhou Zhou also reacted at this moment.

"You came prepared."

He smiled.

"Sorry, I had no choice."

"The power of the Diamond-Tier Elementary Grade Aurora Kingdom Tower is indeed astonishing."

"But there's only one. It can't play an obvious role in the entire battle in the end."

"But there aren't many Diamond-Tier Aurora Crystals in the country, so I thought of what you once said."

Li Ya apologized.

"It's nothing."

"I've indeed said this before. I won't refuse to obtain Aurora Crystals for you."

"Then let's talk about the price."

Zhou Zhou said.

"Okay."

Li Ya nodded.

This was not an obligation to begin with, so Li Ya did not feel that anything was wrong with Zhou Zhou negotiating the price.

"We will naturally provide the corpses of the honorable subjects."

"No matter how many Aurora Crystals you give us in the end, I'll give you all the 200 territory fusion certificates I brought. How about that?"

"As for the 200 territory fusion certificates..."

"Among them are 80 Black Iron-Tier, 50 Green Bronze-Tier, 30 White Silver-Tier, 20 Yellow Gold-Tier, 15 White Platinum-Tier, and five Diamond-Tier."

"It should be enough to satisfy your needs for the development of your territory in a short period of time."

After Li Ya finished speaking, she looked at Zhou Zhou.

Zhou Zhou clicked his tongue.

What a huge sum...

Ever since the Aurora Kingdom was established, there were only 300 to 400 territory fusion certificates left.

He was actually given 200 territory fusion certificates.

Moreover, there were five Diamond-Tier territory fusion certificates.

This was definitely the highest-level territory fusion certificate in the Aurora Kingdom.

There were a total of 220 territory fusion certificates in addition to the previous 20.

It was already half of the Aurora Kingdom's treasury.

Giving him nearly half of the territory fusion certificate was almost equivalent to cutting off his kingdom's hope of advancing to an Empire-level Lord faction in the future.

It seemed that the situation in the Aurora Kingdom was indeed not optimistic.

Otherwise, he would not have made such a desperate move.

Zhou Zhou thought to himself.

This was also because he had a good relationship with Li Ya.

Otherwise, if it was another Lord faction, he might be able to take advantage of the situation as long as he had some strength.

However, he naturally would not do such a thing.

"Sure!"

Zhou Zhou agreed immediately.

When Li Ya heard this, joy immediately appeared on her face.

She immediately took out a large stack of territory fusion certificates from her spatial equipment and handed them all to Zhou Zhou.

Zhou Zhou's Six Senses was extremely shocking.

As soon as he took it, he knew that there were indeed 200 territory fusion certificates inside.

He did not take a closer look.

He still trusted Li Ya.

"Where are the honorable subjects' corpses now?"

Zhou Zhou asked.

"In a Spatial Ring in my residence."

"Put it at the territory warehouse."

"I'll get someone to take care of it."

"If nothing goes wrong, you'll be able to obtain the Aurora Crystals tomorrow."

Zhou Zhou said.

Li Ya's eyes lit up.

She immediately asked Yu Qiao to go home and retrieve her things. Then, she sent them to the warehouse immediately.

After she left.

Zhou Zhou pondered for a few seconds and said, "Actually, I have something to discuss with you."

"What is it?"

Li Ya said in surprise.

"I've been attacking the southern territory of the Tahan Kingdom in the past two days, which is Dark Night Town."

As soon as Zhou Zhou finished speaking, Li Ya immediately opened her mouth slightly, her eyes filled with surprise.

"W-Why?"

"With the strength of the Tahan Kingdom, won't you fall into great danger if it sends troops to attack your territory?"

In her eyes, even though Zhou Zhou's Lord faction in Blazing Sun City was already developing very quickly, however, it should still be far from being able to go against a Kingdom, right?

That was a kingdom that had developed for hundreds of years after all.

How could a Lord faction that had developed for a little more than ten days deal with it?

"Not really."

"My territory already has some strength."

"It shouldn't be a big problem to touch the Tahan Kingdom."

"At the moment."

"I've already sent troops to capture and occupy Dark Night Town, Red Wasp Town, and two other Green Bronze-Tier regional territories to the south of the Tahan Kingdom, a White Silver-Tier regional territory, and a White Platinum-Tier regional territory, East Demon City."

Zhou Zhou smiled.

Li Ya's eyes were blank.

She definitely wouldn't believe it if someone else said that. She would even think that he was a braggart and unreliable person. From now on, she wouldn't even be close to him.

However, the person who said this was the Lord of The Blazing Sun, Zhou Zhou.

This made her hesitate.

In her impression, her friend was extremely steady and never did anything that he was not confident in.

Could it be that he was really confident in facing the anger of the Tahan Kingdom?

"I have two armies under me now with more than 140,000 Professionals in total."

"It's true. I have no reason to lie to you."

Zhou Zhou looked at the hesitation in the other party's eyes and simply told him the truth.

At this rate, he would have them after the Monster Ranch was cleaned up the next day.

"You already have so many Professionals?"

This was also the first time Li Ya knew of Zhou Zhou's military strength. She was immediately stunned.

This number was already one-eighth of the total military strength of the Aurora Kingdom!

[Global Lord: 100% Drop Rate](#)

Chapter 332: White Platinum-Tier Blazing Sun Desert! Yellow Gold-Tier Advance Grade Potential Advancement Potion!

It did not look like much but how long had the Aurora Kingdom been developing for and how long had Zhou Zhou's Lord faction in Blazing Sun City developed for?

Li Ya was really surprised precisely because she knew about this.

Zhou Zhou smiled and nodded.

"So the matter you wanted to discuss with me is..."

Li Ya was a little puzzled.

"I hope your Aurora Kingdom can attack more fiercely on the main battlefield."

"I will also speed up the offensive on my side."

"Both of us attacking will be able to allow the Tahan Kingdom to disperse their forces on two battlefields."

"This is good for both your Aurora Kingdom and my Lord faction in Blazing Sun City."

"Of course."

"Pretend I didn't say anything if your Aurora Kingdom has your own considerations and it's not convenient for you to change your strategy."

Zhou Zhou said.

With his current strength, even if the Aurora Kingdom did not involve the main forces of the Tahan Kingdom on the main battlefield, he was also confident that he could use Kingdom Beginning City as a springboard to gradually devour the entire Aurora Kingdom.

The time required would not exceed a month!

"Sorry."

"It's not that we don't want to help, but we really can't do it."

"Our Aurora Kingdom has a total military strength of about 1.2 million."

"At this stage, we need to defend against the attacks of the Titan Kingdom in the north, the Tahan Kingdom in the west, and the Nether Bark Kingdom in the east."

"It's already very difficult for us to defend when the three kingdoms attack our Aurora Kingdom together. We really don't have any extra troops to take the initiative to attack."

Li Ya said.

How could she not want to help Zhou Zhou?

But this was the big picture.

Her father wouldn't be able to deliver if she wanted his help.

Zhou Zhou was not too disappointed. Instead, he felt a strange feeling.

Does that mean...

I am their only hope of breaking out of the situation?

Zhou Zhou shook his head in his heart and did not think too much about it.

"It doesn't matter."

"I have other ways to deal with it."

He said.

"That's good."

Li Ya heaved a sigh of relief.

"By the way, Li Ya."

"Can you bring me along when you return to the Aurora Kingdom?"

"I want to go to your main battlefield and see the strength of the main army of the Tahan Kingdom. Can I?"

Zhou Zhou asked.

"Of course."

Li Ya immediately nodded in agreement.

Then, the two of them chatted for a while more. She then left with Yu Qiao when Yu Qian returned.

After they left, Zhou Zhou took out the 200 territory fusion certificates that Li Ya had given him.

"With so many territory fusion certificates..."

"I can integrate all the territories into the Blazing Sun Desert."

Zhou Zhou nodded slightly.

Then, he began to fuse Green Forest, the White Silver-Tier territory that he had not been able to fuse last time.

Green Forest... Dark Night Town... Red Wasp Town...

As regional territories were integrated into the Blazing Sun Desert one after another, the area of the Blazing Sun Desert was also rapidly increasing. Soon, it officially advanced to a White Platinum-Tier regional territory.

Until it fused with the last Kingdom Beginning City.

[You have chosen Kingdom Beginning City (White Platinum-Tier regional territory) as the target for the fusion of your initial territory!]

[Fusion in progress... Fusion successful!]

[Congratulations, your initial territory, the Blazing Sun Desert (White Platinum-Tier regional territory), has successfully fused with Kingdom Beginning City (White Platinum-Tier regional territory)!]

[Your Blazing Sun Desert (White Platinum-Tier) territory level has increased slightly!]

[The range of your Blazing Sun Desert (White Platinum-Tier) territory has increased!]

[Your Blazing Sun Desert (White Platinum-Tier) territory has perfectly inherited all the territory resources of the original territory and the fusion territory!]

[Your Blazing Sun Desert (White Platinum-Tier) energy density and energy level have increased significantly!]

[Please continue to fuse regional territories and increase the level of your regional territories!]

"It didn't advance?"

Zhou Zhou was a little disappointed to see that the Blazing Sun Desert was still a White Platinum-Tier regional territory.

However, he was not disappointed for too long

because he could feel that

it would probably be able to advance to Diamond-Tier if he fused another regional territory.

When the time comes...

As long as he advanced to an Extraordinary-Tier regional territory, he would have completed two of the three conditions to establish a kingdom.

As for the last 30 regional territories, they were the easiest.

At that time, it would be easy to conquer some low-level ownerless territories.

He could officially establish his own kingdom!

He looked at the Blazing Sun Desert's current stats information.

[Area Name: Blazing Sun Desert (Changeable)]

[Regional Grade: Green Bronze-Tier]

[Territory: Lord of The Blazing Sun]

[Area area: About 76,583 square kilometers]

Zhou Zhou nodded.

More than 70,000 square kilometers!

This had already far exceeded the area of a White Platinum-Tier territory.

Kingdom Beginning City only had more than 30,000 square kilometers.

Zhou Zhou estimated.

When the area of the Blazing Sun Desert reached 100,000 square meters, it should be time for it to advance to a Diamond-Tier regional territory.

This was not difficult at all.

He just had to conquer another Yellow Gold-Tier regional territory.

Then, Zhou Zhou walked out of the Lord Manor with the 22 Alchemy Technician Recruitment Books and 16 Alchemy Pharmacist Recruitment Books he had obtained today. He came to the Gate of Summoning and threw all these recruitment books into it.

After they all came out, Zhou Zhou checked their attribute information as usual.

Originally, he did not care too much.

This was because when he was summoning these Alchemy Technicians and Alchemy Pharmacists in the past, the Alchemy Technologies and Alchemy Potions they had mastered were useless or unorthodox Alchemy Technologies and Alchemy Potions. They were not very useful to the development of his territory.

Therefore, he casually sent those Alchemy Technicians and Alchemy Pharmacists to the Gnome Alchemy Workshop to help after that.

However, this time, when he checked their attribute information, he realized that something was different.

Moreover, it was a different place that surprised him.

Zhou Zhou looked at the woman in front of him.

[Subject: Luo Li]

[Territory: Blazing Sun City]

[Life Profession: Alchemy Pharmacist]

[Class: White Platinum-Tier Advance Grade]

[Ability Overview: An Alchemy Potion Master from the Gnome Kingdom. He is one of the honorary vice presidents of the Gnome Kingdom's Alchemy Potion Association. He has mastered many Alchemy Potion formulas and pioneered many new Alchemy Potion formulas. He is one of the respected Alchemy Potion Masters in the Alchemy world!]

[Potential: Epic-Tier Elementary Grade]

Yellow Gold-Tier Advance Grade Potential Advancement Potion?

Zhou Zhou looked at the words "Yellow Gold-Tier Advance Grade Potential Advancement Potion" in the other party's skill list and his eyes lit up.

He immediately looked at the specific information of this Potion.

He realized that it could indeed increase its potential like the Potential Advancement Potion in the past!

Moreover, it could be upgraded to Yellow Gold-Tier Advance Grade at most.

This Potion came at the right time!

Zhou Zhou was excited.

The Subjects in his territory needed a high-level Potential Advancement Potion the most.

After all, the previous Potential Advancement Potion could only be upgraded to the Bronze-Tier.

With the White Platinum-Tier Lord Talent, Blessing of the Ten Gods, the Blessing of the War God, the strength of his Subjects increased rapidly and began to approach the limit of their potential.

Currently, many of the soldiers of the two armies under his command had already reached the limit of their potential, so much so that they could not advance anymore.

In the past, Zhou Zhou had no choice but to leave it for the time being.

Now that he suddenly saw that this Yellow Gold-Tier Advance Grade Potential Advancement Potion could increase their potential to Yellow Gold-Tier Advance Grade, how could he not be excited?

He immediately chatted with her politely for a while. Then, he personally arranged for her to stay at the Gnome Alchemy Workshop and let her focus on making the Potential Advancement Potion here so that those who had exhausted their potential could exchange for it.

He did not buy medicinal herbs from the Marketplace.

Zhou Zhou no longer needed to do such a thing himself.

With Ling'er in charge of this matter, she would use the territory's funds to buy from the Marketplace. Then, she would nurture these in the Divine Herb Garden and finally use the finished medicinal herbs to make completed Potions.

At the same time...

In the Palace in the capital of the Tahan Kingdom.

The King of the Tahan Kingdom was also discussing with his subjects about the sudden invasion of their kingdom's territory by the nameless Lord in the south.

[Global Lord: 100% Drop Rate](#)

Chapter 333: Black Wind Demon Spear— Zhe Wu Attacks! Xiao Xuan Tries To Return!

The King of the Tahan Kingdom, Tahan, was sitting high above on the throne, looking down at the subjects below.

"Your Majesty, I don't think there's anything to discuss about this."

"Just let a general lead troops to destroy them!"

"A mere Lord of all races has only been in the High Continent for half a month and dares to send troops to our Tahan Kingdom. I'm afraid he doesn't know what the value of life is."

"In that case, let us teach him a lesson."

A fog monster covered in Scarlet Fog and wearing a scarlet official uniform with a blood-colored horn on its head and three eyes stood up and snorted.

He was one of the Military Affairs Ministers of the Tahan Kingdom. In its early years, it had conquered many territories for the Tahan Kingdom and had worked hard. Later on, he was severely injured before retiring and becoming a civil servant.

"I think so too. Why should a mere Lord of the inferior Human Race worry us so much? We can just kill them casually."

"We can't underestimate him. Since that human Lord could defeat East Demon City and kill the East Demon Lord head-on, he has at least 200,000 troops under him. Moreover, the strongest among them should have reached the Diamond-Tier. Otherwise, he wouldn't be able to do this."

"If we want to eliminate this disaster, we have to be serious."

"Your Majesty, I'm willing to lead the army to destroy them!"

"Your Majesty, let me do it!"

"Your Majesty, let me deal with him!"

...

Facing a "small" human Lord, none of the Scarlet Generals felt that the other party was very difficult to deal with. They took the initiative to volunteer.

Tahan nodded slightly.

His gaze swept around and finally landed on a three-meter-tall general with a green and ferocious face and fangs in his mouth. He was wearing black armor.

"Zhe Wu, I'll let you deal with that little Lord."

Tahan said softly.

As soon as these words were spoken.

Everyone was stunned.

Even the black-armored general was a little surprised.

Many Scarlet Officials looked puzzled.

This was because the Zhe Wu that King Tahan was talking about was not any other Normal Scarlet General. It was one of the three Extraordinary-Tier heroes of the Tahan Kingdom—the Black Wind Demon Spear— Zhe Wu!

Of course, it also had a simple title because the other party would appear too crazy once they started killing on the battlefield.

Mad Spear— Zhe Wu!

Let a Scarlet Hero that was like a pillar of the country deal with a Lord of the human race who had only developed for half a month?

What was His Majesty thinking?

Wasn't he thinking too highly of the other party?

"Your Majesty, the battle on the main battlefield is not over yet. Even though the Aurora Kingdom is about to die, they still have the strength to breathe. General Zhe Wu will stay in the capital. He can still provide support on the front battlefield if the battle in front changes."

"There's no need to use General Zhe Wu to deal with a Lord of all races of the human race, right?"

A green-faced old man whose body was trembling slightly walked out and said respectfully.

He was one of the two prime ministers of the Tahan Kingdom. His name was Han Sa. Because he often gave advice to the King and plotted against the state, he was deeply trusted by the King. Therefore, he was privately respected by his subjects as the Elderly Lord of His Majesty, Tahan.

However, at this moment.

This Elder Yu's words in the past did not make his king change his mind.

"No need."

"The battle at the front line is not so tense. The Aurora Kingdom is surrounded by enemies on three sides now. There's nothing they can do."

"It's fine to let General Zhe Wu go."

"Moreover, in comparison, that Lord of All Races of the human race rose too suddenly. This King feels that something is wrong."

"In order to avoid accidents, it's better to be serious."

Tahan waved his hand and said.

When the ministers heard this, they wanted to say something to persuade the King to change his mind, but after thinking about it, they realized that there was nothing wrong with His Majesty's words. In the end, they could only say nothing.

"Your Majesty, then what should I lead? How many soldiers should I lead?"

Seeing that no one said anything, Zhe Wu asked his own question.

In the Tahan Kingdom.

Other than some generals who could train special soldier types independently, the other generals did not have military power. More than 90% of the military power was in the hands of King Tahan.

Therefore, even though Zhe Wu was a Scarlet Hero, he still had to ask the King for help when sending troops out to conquer.

"The Faceless Corpse King Army is still idle in the army outside the capital."

"Bring the Faceless Corpse King Army to deal with the enemy."

The King of Tahan pondered for a few seconds and said.

The ministers were surprised again.

The Faceless Corpse King Corpse Army had a total of 500,000 Faceless Corpse Soldiers.

Using so many soldiers to deal with a mere human Lord, no matter how sudden the other party's rise was, wasn't he too careful?

However, thinking about how it was said that His Majesty had some precognition ability, perhaps he cared so much about the other party because the other party was really strong in His Majesty's precognition, so he sent so many soldiers.

Thinking of this, they originally wanted to persuade him, but they stopped.

"Yes, Your Majesty!"

"I'll go now!"

Zhe Wu did not think too much about it and immediately accepted the order.

"Go on."

The King of Tahan nodded.

When Zhe Wu heard this, he did not hesitate at all. After bidding farewell to the king, he turned around and left the palace.

...

Blazing Sun City.

After Zhou Zhou sent Master Luo Li to the Gnome Alchemy Workshop, he walked towards the warehouse while thinking about what else he had not done.

Suddenly.

He thought of something and muttered to himself...

"My Blazing Sun Desert is already a White Platinum-Tier regional territory. It's almost a Diamond-Tier regional territory."

"It seems a little inappropriate to call it the Blazing Sun Desert again..."

"Let me think..."

"Let's call it [Blazing Sun Territory]."

Thinking of this, Zhou Zhou immediately opened the regional information of the Blazing Sun Desert and changed it to the Blazing Sun Territory.

After changing his name, he had unknowingly walked to the warehouse.

Zhou Zhou asked the warehouse manager if someone had sent something over just now. After knowing where it was, Zhou Zhou entered the warehouse and successfully obtained the storage ring containing the corpses of 10,000 honorable subjects.

His consciousness entered and realized that this ring was a total of 1,000 cubic meters.

The corpses of the 10,000 honorable subjects were neatly arranged inside. Moreover, the White Platinum-Tier and Diamond-Tier corpses had already been separated.

Seeing this, Zhou Zhou first walked out of the warehouse and called over a thousand soldiers. Then, he took out 10 Yellow Gold-Tier Advance Grade Conqueror's Blast Furnaces and placed them on a flat ground. Then, he took out the corpses of the 10,000 honorable subjects from his Spatial Ring and began to use the Conqueror's Blast Furnace to retrieve the Loots.

He was busy for about two hours.

All 10,000 honorable subject corpses had been extracted.

Zhou Zhou successfully obtained 9,000 Diamond-Tier Aurora Crystals and 1,000 Extraordinary-Tier Aurora Crystals.

Zhou Zhou's face was almost crooked from smiling when he saw so many Aurora Crystals.

One had to know that 10 Diamond Aurora Crystals and corresponding auxiliary building materials could build a Diamond-Tier Elementary Grade Aurora Tower.

Among so many Diamond-Tier Aurora Crystals, he could forge a total of 900 Diamond-Tier Elementary Grade Aurora Towers as long as there were enough other materials, even if the Extraordinary-Tier Aurora Crystals were excluded!

This was comparable to 900 Extraordinary-Tier combatants!

However, the materials were a problem.

Materials that could forge the Diamond-Tier Aurora Kingdom Tower were quite rare. Even if he had the Marketplace behind him, he might not be able to gather too many sets of building materials in a short period of time.

This was easy to say.

In any case, he was going to the Aurora Kingdom tomorrow.

At that time, he would just sell it to the Aurora Kingdom.

He would not ask for much.

10 sets of eight would be enough.

He would slowly save the rest at the Marketplace.

The things sold at the Marketplace were cheaper after all.

"But it's troublesome without the White Platinum-Tier Aurora Crystal..."

"Looks like I can only give Li Ya 1,000 Diamond-Tier Aurora Crystals tomorrow."

Zhou Zhou thought.

"My Lord!"

At this moment, an excited voice sounded in the distance.

Zhou Zhou was stunned.

He looked towards the source of the sound.

Two figures, one big and one small, were rushing towards him.

They were Xiao Xuan and Luo Feng.

[Global Lord: 100% Drop Rate](#)

Chapter 334: Xiao Xuan's Blessing Of The God Of Fortune! Violet Cloud Divine Technique!

"My Lord! My master and I just returned from outside!"

After Little Xiao Xuan ran over, he immediately held Zhou Zhou's hand and said affectionately.

"Did you have fun?"

Zhou Zhou smiled and stroked Little Xiao Xuan's hair.

He also liked this little guy with the Celestial Appearance very much.

They were the only two people with the Celestial Appearance in this territory after all.

Zhou Zhou now felt like a hero cherishing a hero.

"My Lord, why do I feel like we have similar auras?"

"Just like..."

"Like we're as close as family."

Xiao Xuan looked at Zhou Zhou in surprise.

"I'm your Lord and your most trustworthy big brother. Of course we're very close!"

Zhou Zhou smiled.

Xiao Xuan thought for a moment and nodded seriously.

At this moment.

Luo Feng also walked in front of him.

"Greetings my Lord!"

Luo Feng said respectfully.

Zhou Zhou acknowledged.

Then, he looked at him in surprise.

"You've advanced?"

"Yes, I'm already a Diamond-Tier Intermediate Grade Martial Artist."

Luo Feng looked a little unnatural, but he still nodded.

"What happened? Why did your strength suddenly increase so quickly?"

Zhou Zhou was a little surprised.

"Speaking of which, it's all thanks to my disciple, Xiao Xuan."

"He accidentally brought me into the cave abode of an Extraordinary-Tier Martial Artist."

"My strength advanced by leaps and bounds with the enlightenment left behind by that Extraordinary-Tier senior. It increased from White Platinum-Tier Advance Grade to Diamond-Tier Intermediate Grade."

"In addition, I also obtained that senior's martial arts inheritance. His martial arts strength is no longer the same as before."

"These items, including the Inheritance and the Martial Arts Inheritance, should have belonged to Xiao Xuan. However, that Senior Violet Cloud's inheritance had the strength requirements and inheritance time requirements. At the very least, it could only be accepted by White Platinum-Tier Martial Artists. Xiao Xuan could not obtain it at that time. If he did not take it, the ruins would quickly close permanently. In the end, I could only take it for him."

Zhou Zhou nodded.

His Six Senses was astonishing, and his perception was already Extraordinary-Tier. He could sense that the other party was indeed not lying.

Moreover, if there was really a strength requirement and time limit, this inheritance was indeed useless to Xiao Xuan. It was good that Luo Feng accepted it.

They were all on the same side anyway.

"Since you have benefited from Xiao Xuan, you have to protect and guide Xiao Xuan in the future."

"Otherwise, I'll be letting you down with your strength and martial arts inheritance."

Zhou Zhou said.

"Yes, my Lord!"

Luo Feng smiled bitterly.

He was a proud person.

Originally, he would not feel too burdened about teaching Xiao Xuan no matter how talented he was.

However, he suddenly felt a lot of pressure on his shoulders because of this matter.

"Don't feel pressured."

"Just focus on teaching."

Zhou Zhou knew what he was thinking when he saw him like this.

He looked at the other party's weapon.

He realized that it was still the White Platinum-Tier Advance Grade weapon from before.

Therefore, he flipped his right hand, and a sharp weapon that looked like a sword and a saber appeared in his hand.

It was the Wasp King Blood Stinger he had obtained from the Red-Eyed Blood Wasp Lord.

"This is a Diamond-Tier Intermediate Grade weapon. It's suitable for you to use at this stage."

"Take it."

"Protect and teach Xiao Xuan well in the future."

Towards the end, Zhou Zhou could not help but remind him again.

This was a talent with potential at the True God-Tier. He was really a little worried.

If not for the fact that he was usually too busy, he would have wanted to keep him and teach him himself.

"Yes, my Lord!"

Luo Feng nodded seriously.

Little Xiao Xuan stood between the two of them at this moment, his eyes shining as he listened to the two of them speak. He did not make any sound.

After Zhou Zhou sent Luo Feng away, he looked down at Xiao Xuan. He could not help but laugh when he saw his obedient appearance.

"How was your lessons with Luo Feng?"

"Master is very good to me. Moreover, the Master can be very handsome and righteous sometimes!"

Xiao Xuan said.

Zhou Zhou acknowledged.

He agreed that there was a sense of justice.

It was just that he was a little arrogant towards outsiders.

However, his arrogance did not seem to have any room to play against him and Xiao Xuan.

"In the future, you shouldn't just learn martial arts. You should also be educated."

"Tomorrow, I'll bring you to Elder Zheng's place. Elder Zheng will specially take out an hour every morning to teach you human morals and knowledge."

"Can I not go to school?"

"In terms of martial arts, I already feel that there are many things I can learn that I can't even learn."

Xiao Xuan immediately felt guilty.

"Elder Zheng was once the Prime Minister of a country and is now the Vice City Lord of our Blazing Sun City. Many people want to join him and become his disciple. Why are you showing off?"

Zhou Zhou glared at him.

Then, he looked at the other party's young face and said gently.

"I know you're extremely talented in martial arts."

"But martial arts is not the only thing in a person's life."

"I hope you can become a person with both civil and military skills."

"Then you'll see more in your life."

"At that time, my Cultivation for you will not be in vain."

"I'll learn from Grandpa Zheng."

"Thank you, my Lord."

Xiao Xuan was talented, intelligent, and sensible. He could naturally hear the serious concern in Zhou Zhou's voice.

This made his heart warm, and he immediately nodded seriously in agreement.

Zhou Zhou smiled.

Then, he saw him take out a Spatial Ring and hand it to him.

"My Lord."

"This is the description of that senior's martial arts manual and his wealth."

"I already have the martial arts manual, and I don't need the Mist Core, so I want to give it to my Lord."

After saying that, he looked at Zhou Zhou expectantly.

Zhou Zhou was a little surprised.

However, he still took it with a smile.

He took a rough look.

The martial arts manual was the Violet Cloud Divine Technique. It was an Epic-Tier Advance Grade martial arts manual. It was considered the highest-level martial arts manual Zhou Zhou had ever seen.

Beside him was a thick stack of Dan Yuanzi's Notes.

Just as Xiao Xuan had said, it recorded Dan Yuanzi, who was the owner of the Violet Cloud Divine Technique,'s annotations to the Violet Cloud Divine Technique and some other martial arts cultivation experience.

Lastly, there were 700 to 800 Extraordinary-Tier Mist Cores and five to six Epic-Tier Mist Cores.

Zhou Zhou was a little surprised.

This gift was really quite a lot.

"I'll accept this gift."

Zhou Zhou did not refuse. This martial arts manual was indeed useful to him.

He thought for a moment and took out one Six-Armed Scythe, one Shadowless Wings, and 10 portions of Blood Honey Sweet Cake for Xiao Xuan.

The first two were both practical and could be played as toys.

The latter was a top-grade dessert. A child of Xiao Xuan's age should like it.

He still had the Blood Honey Royal Cake.

However, that dessert was even more useful and it was not good to give it to him now.

As expected, Xiao Xuan's eyes immediately lit up when he saw this gift.

His gaze stopped when it landed on the Six-Armed Scythe and the Shadowless Wings.

"Take it and play with it."

Zhou Zhou smiled.

"Thank you, my Lord!"

After Xiao Xuan took it, he immediately went to play.

"Little Xiao Xuan has talent—Blessing of the God of Fortune. Letting him travel around with Luo Feng every day seems to be a good choice now."

"I can let him learn martial arts from Feng Luo after he becomes a Yellow Gold-Tier Martial Artist."

Zhou Zhou thought as he watched him leave.

Then, he walked towards The Shelter of the Goddess of Life.

He naturally did not forget that he still had a Holy Spirit-Tier Scarlet Crystals.

Chapter 335: Violet Cloud Divine Technique!

Zhou Zhou looked at the Violet Cloud Divine Technique again as he walked.

[Martial Arts Manual: Violet Cloud Divine Technique]

[Secret Manual Quality: Epic-Tier Advance Grade]

[Cultivation Effect One: Purple Qi from the East--The deeper the realm of the Violet Cloud Divine Technique cultivator, the younger their appearance. Moreover, they can eliminate all illnesses and be immune to all poisons, making their bodies healthier!]

[Cultivation Effect Two: Violet Cloud True Gust--The True Qi in your body can be converted into Violet Cloud True Gust. The Violet Cloud True Gust is incomparably fierce. When it enters a life form's body, it can shatter their internal organs. Even if you don't die for a while, if you can't remove the remaining Violet Cloud True Gust in your body in three days, the enemy will definitely have their internal organs destroyed by the violent Violet Cloud True Gust and die!]

[Cultivation Effect 5: Purple Qi 3,000 kilometers--A cultivator of the Violet Cloud Divine Technique can release Violet Cloud True Gust from afar and turn into an endless purple Qi to attack enemies in the distance. The distance and damage depends on the strength and number of Violet Cloud True Gusts output.]

"It can extend one's lifespan, delay aging, make one immune to all poisons, prevent illnesses from happening, treat injuries, fly, protect one's body, and fight."

"It's an all-rounded good cultivation technique."

Zhou Zhou praised.

Little Xiao Xuan was indeed a talent with his True God-Tier potential.

Even though he had yet to reach the True God-Tier, he had already begun to give back to him.

Then, he did not think too much about it and learned it directly.

A moment later.

Zhou Zhou arrived at The Shelter of the Goddess of Life and successfully converted the Holy Spirit-level Scarlet Crystals in his hand into a Holy Spirit-level Faith Divine Crystal.

After that, he went straight to the Knight Temple.

With the heroic spirit token given by Temple Lord Bai He, Zhou Zhou successfully entered the Knight Temple.

Then, he quickly found Rob, who was working at his office through asking others.

"Why are you here? Why? Do you want to use the other Hero Inheritance on you?"

Rob said in surprise when he saw Zhou Zhou.

"I might have a way to revive a hero by consuming some treasures."

"Therefore, I thought of the heroic seniors of the Heroic Spirit Hall."

"That's why I wanted to come over and discuss it with you first."

Zhou Zhou went straight to the point.

Rob was already stunned.

"You said that you can revive a hero in some way now?"

He was surprised.

His expression was a little strange.

Zhou Zhou acknowledged.

"Where did you hear this method from? Don't tell me you were deceived?"

"Even the price of reviving ordinary people is quite high, let alone an existence with a fate recognized by the Supreme Will."

Seeing that Zhou Zhou was not joking, Rob straightened his mentality and frowned slightly.

"Don't worry, I'm not deceived."

"If you don't believe me, you can give me a relic of a heroic spirit below the Diamond-Tier Intermediate Grade."

"I need it as a medium to revive heroes."

"We'll know if it's true after giving it a try."

Zhou Zhou said.

Rob looked at Zhou Zhou and did not speak for a moment.

He still did not believe it.

No choice.

Even their Knight Temple could not revive a hero.

Yet a new human Lord who had just arrived in the High Continent suddenly ran in front of him and said that he could already do something that they could not do for tens of thousands of years.

Who would suddenly believe this?

However, Zhou Zhou's identity was a little special after all.

Rob thought for a moment and decided to try to believe him for once.

"You have to be responsible for what you said."

Rob stood up and said.

"Why should I take responsibility? I'm not here to harm you."

"If you really don't believe me, I'll just revive the human heroes from other places."

"It's not easy to find the Hero Inheritance, but isn't it easy to find the relics of heroes?"

Zhou Zhou said fearlessly.

Rob could not help but raise his eyebrows seeing how confident he was.

"I'll go find the Temple Lord."

"Sit here for a while."

After saying that, Rob walked out of the office.

Zhou Zhou was not in a hurry. He found a place to sit down and sized up the place where Rob worked.

The windows were bright and clean, and there were a few well-tailored green potted plants.

It looked a little refreshing.

A moment later.

Rob was back.

"Come with me."

"The teacher is waiting for you in the conference room."

He said.

"Okay."

Zhou Zhou acknowledged.

Then, the two of them went all the way to the meeting room.

Then, they saw Bai He quietly standing by the window with his back facing them, looking at the scarlet night sky outside.

"Teacher, I brought the Lord of The Blazing Sun over."

Rob said.

Bai He nodded and turned around to look at Zhou Zhou.

At this moment, Bai He was different from the first time Zhou Zhou saw him.

He was not wearing the black ferocious armor. Instead, he was wearing a white robe, looking like a Confucian general.

"Greetings, Temple Lord!"

Zhou Zhou said respectfully.

"You said you have a way to revive the hero? Can you tell me in detail?"

Bai He smiled.

"There's The Shelter of the Goddess of Life in my territory. There's a Cardinal in the shelter. She can release the Great Resurrection Spell to revive life."

Zhou Zhou said.

There was nothing to hide. It was not like he was cheating.

Bai He and Rob immediately fell silent.

Neither of them was an ordinary person.

They naturally knew how high a Cardinal who mastered the Great Resurrection Spell was in the eyes of the Goddess of Life.

The Great Resurrection Spell was the most famous ability of the Goddess of Life!

Among the countless Divine Arts mastered by the Gods, there were only a few that were comparable to the Great Resurrection Spell.

It was no exaggeration to say that

A Cardinal of the Goddess of Life who had mastered the Great Resurrection Spell was almost equivalent to a Holy Son or Holy Maiden of a sect.

He did not expect such an existence to be hidden in this Lord's territory.

"There's a price, right?"

After a moment of silence.

Bai He asked.

"Yes, the price is one Holy Spirit-level Faith Divine Crystal and a large number of Mist Cores."

"I also worked hard and expended countless efforts to obtain it."

Zhou Zhou said.

His words were naturally fake.

Even though the number of Holy Spirit Faith Divine Crystals he obtained was almost small, he did not deliberately search for them and obtained three.

As for the Mist Core, he had casually made it up.

His goal was just to exchange for more benefits for himself.

Bai He and Rob did not suspect anything.

The two of them knew how precious the Holy Spirit-level Faith Divine Crystal was. Coupled with the Mist Cores, they might really be able to get the Goddess of Life to revive a hero.

"Can any hero be revived?"

Rob could not help but ask.

"Now, we can only revive heroes who were Diamond-Tier Intermediate Grade or below when they were alive."

"My strength will increase in the future."

Zhou Zhou said.

The conference room was silent for a while.

"What do you want?"

Bai He asked.

"Just give me some more heroic spirit inheritance."

"One or two isn't too little, eight or ten isn't too much."

Zhou Zhou said shamelessly.

[**Global Lord: 100% Drop Rate**](#)

Chapter 336: Immortal Divine Medicine Doctor— Lu Cai'er! Lu Cai'er And Bai He!

Zhou Zhou's expression immediately made Bai He and Rob speechless.

"One or two isn't too little, eight or ten isn't too much."

Did he think that the Heroic Spirit Inheritance was cabbage?

"The Heroic Spirit Inheritance needs to be discussed."

"Whether it works or not depends on the outcome of the meeting."

"But I promise you, as long as you can really revive the hero."

"I will give you a reward equivalent to the Epic-Tier Hero Inheritance at the very least."

Bai He pondered for a few seconds and said.

"Okay!"

Zhou Zhou agreed decisively.

He felt that this was already very good.

If he asked for more, he felt that he would go for wool and come home shorn.

"Then let's go to the Heroic Spirit Hall now."

The three of them looked at each other and Bai He said in a low voice.

Zhou Zhou and Rob nodded. The three of them immediately rushed towards the Heroic Spirit Hall.

...

In front of the Heroic Spirit Hall.

When Zhou Zhou and the others arrived, they still saw the Lord Guardian of the Hidden Sea guarding this place conscientiously.

"Greetings, Temple Lord."

When the Lord Guardian of the Hidden Sea saw Bai He, he immediately bowed to him. Then, he looked at Zhou Zhou and Rob in surprise.

"Why... are you here together?"

He asked doubtfully.

"Open the door."

Bai He did not explain and said directly.

The Lord Guardian of the Hidden Sea did not say anything else seeing Bai He's calm expression. He immediately asked the soldiers behind him to open the door of the hall.

After the three of them walked in, Bai He led the two of them for a while before arriving at a heroic spirit.

This heroic spirit was a young female hero. She had fair skin and looked cute, looking like a young girl.

Even though she was wearing a white coat, it could not hide her proud figure.

It was as huge as a loli.

This thought subconsciously appeared in Zhou Zhou's mind.

Then, he quickly chased this thought out of his mind.

"Can you revive her?"

Bai He asked solemnly.

Zhou Zhou did not say anything. Instead, he looked at her life.

[Epic-Tier Hero—Immortal Divine Medicine Doctor]

Immortal Divine Medicine Doctor—Lu Cai'er!

It was said that this person had a phenomenon when she was born.

When she was born, all the medicinal herbs in their herb garden emitted a medicinal fragrance. Moreover, many medicinal herbs that should still be growing rapidly matured.

Later on, she displayed a strong interest in pharmaceutical science.

Her family was quite extraordinary.

Seeing that his daughter had such hobbies and talents, they sent her to the Knight Temple's medical department without a word and made her become the disciple of an Epic-Tier Elementary Grade doctor.

Lu Cai'er did not disappoint.

Soon, the great doctor unearthed her doctor talent.

It was said that not only could Lu Cai'er accelerate the growth of the medicinal herbs through careful care of them, she also seemed to have a divine-level talent in pharmacology.

She learned all the prescriptions and understood them in no time.

Moreover, other doctors memorized by rote learning, but Lu Cai'er could directly understand the pharmacology inside the prescription. She could also modify them according to her knowledge reserves to perfect the prescription.

Later on, she only studied for a year before she reached the Yellow Gold-Tier and created many very useful prescriptions.

After that, Lu Cai'er chose to join the Knight Temple and fight for the human race at the border of the Abyss to treat the injured soldiers at the border of the Abyss.

During this period, Lu Cai'er's improvement was even more visible to the naked eye during this period.

In less than a year, she had reached the Diamond-Tier Elementary Grade.

Moreover, she had developed an extremely powerful talent.

She used this opportunity to master the hero slot and become a hero.

That talent was to be able to write extremely targeted personal prescriptions according to the illness and injuries of the patient or injured.

Which meant...

At this moment, she had completely broken free from the restrictions of books and reached the realm of a great doctor.

Everyone knew that she was only lacking promotional energy to become an Epic-Tier doctor.

As long as there was enough promotion energy,

she could advance to an Epic-Tier doctor with a thought.

However, just as such a genius doctor was about to rise,

An accident happened.

During the process of treating the injured on the battlefield, a Formless Demon disguised as a human injured person suddenly revealed killing intent when Lu Cai'er approached and wanted to save it. It crushed her heart with its claw and killed her.

Even though this Formless Demon was burned to ashes by others after that, Lu Cai'er was still dead.

The human race had lost a talent!

Zhou Zhou clicked his tongue in wonder after reading it.

A Life Profession Hero!

Such a life hero was extremely rare even in the entire Heroic Spirit Hall.

Finally, he looked at Lu Cai'er's strength before she died.

Diamond-Tier Elementary Grade!

It was within the range of resurrection!

"She can be resurrected!"

Zhou Zhou acknowledged.

"But we need relics. It's fine as long as there are relics of Lu Cai'er's aura when she was alive."

He added.

Bai He flipped his right hand, and an exquisite emerald green jade brush appeared in his hand.

He handed it to Zhou Zhou.

"This is Lu Cai'er's favorite brush when she was alive. It's also the brush she often used to write prescriptions."

"It should be able to be used as a medium for resurrection."

Bai He said.

Zhou Zhou took it and looked at it twice before putting it away. Then, he nodded at Bai He.

"I'll go back and let that Cardinal take a look."

He said.

"Okay!"

Bai He nodded, his usually calm light red eyes actually filled with anticipation.

Zhou Zhou was a little surprised.

However, he was too embarrassed to gossip.

The three of them did not stay any longer and walked out of the Heroic Spirit Hall. After Bai He left, Zhou Zhou could not help but ask Rob,

"Temple Lord Bai seems to have a deep relationship with Lu Cai'er..."

"Don't let your imagination run wild."

Rob glared at Zhou Zhou before carefully turning to look in the direction where Bai He had left. After seeing that Bai He had completely disappeared at the end of the road, he secretly sent a voice transmission.

"Teacher is indeed related to Lu Cai'er, but this is not important."

"What's important is that Teacher is related to Lu Cai'er's teacher."

"Originally, Lu Cai'er was handed over to Teacher to be cared for, but she died on the Abyss Battlefield."

"Even though it's normal for accidents to happen on the battlefield, her Teacher hasn't seen Teacher since."

"Teacher has always felt guilty about this. For a long time after that, Teacher tried to find a way to make up for it, but it was useless."

"I didn't expect you to be able to revive Lu Cai'er."

"What's the best way to make up for it? Of course, it's to let her beloved disciple come back to life and stand in front of her again."

"In addition, Lu Cai'er is indeed a little medical genius of the human race. Resurrecting her is a good thing for the entire human race."

"Did you see the smile that flashed across Teacher's face just now?"

"Teacher never smiles like that."

"Go and revive her now."

"As long as you can really revive her."

"Teacher won't disappoint you!"

Rob said.

Zhou Zhou acknowledged.

He was looking forward to it. Then, he bade farewell to Rob and rushed straight to The Shelter of the Goddess of Life.

[Global Lord: 100% Drop Rate](#)

Chapter 337: Lu Cai'er Resurrected!

In The Shelter of the Goddess of Life.

Zhou Zhou found Carol Moeli and told her what had happened. Carol Moeli nodded.

Seeing this, Zhou Zhou handed the medium to her.

Carol Moeli took the medium and brought Zhou Zhou to the statue of the Goddess of Life.

"My Lord, I'll be carrying out the Great Resurrection Spell ceremony next. During this process, Her Excellency the Goddess's gaze will descend. At that time, don't do anything to offend her."

"The divine might is immeasurable. Even I can't interfere with the actions of the Goddess."

"There's more."

"The Goddess's Soul Will is extremely terrifying."

"My Lord, don't sink into it."

"However, my Lord, you don't have to worry too much. With your soul willpower, you shouldn't fall so easily."

Carol Moeli said solemnly.

"Okay."

Zhou Zhou nodded seriously.

Carol Moeli nodded too. Then, her gaze landed on the jade brush placed on the stone bed.

She raised the scepter in her hand with both hands, closed her eyes, and muttered something.

At first, Zhou Zhou did not feel anything.

But gradually, an invisible pressure suddenly appeared around him.

This pressure was different from the bloodline pressure.

It did not come from a high-level bloodline creature, but seemed to come from some pressure of the world.

It was the pressure of a God Spirit!

Buzz!

Suddenly.

There was a buzzing sound.

Then, Zhou Zhou saw the surface of the statue of the Goddess of Life behind Carol Moeli suddenly emit a gentle and rich golden light.

This golden light was so strong!

In the blink of an eye.

The entire temple was enveloped by this golden light.

Accompanied by the golden light was the extremely intense pressure of the God Spirit Law.

Zhou Zhou's face could not help but turn pale under the pressure of the God Spirit nomological laws.

Even though he had the Dragon Slayer King's Will and the Chaos Will ability at the same time, these two abilities were actually targeting the pressure of the bloodline. They were useless against the nomological pressure that the God Spirits brought with them.

In his daze, he seemed to see the statue of the Goddess of Life behind Carol Moeli's eyes light up.

A pair of usually rigid stone eyes suddenly seemed to have feelings at this moment.

"He" seemed to be looking at Zhou Zhou with pity, or rather, at all the living beings in this world, making the life forms feel weak and powerless. They subconsciously wanted to accept the protection of this God Spirit.

Zhou Zhou had a similar feeling at that moment.

However, he had the Chaos Human bloodline with astonishing potential and had many abilities on him. He quickly came back to his senses from this illusion and could not help but break out in cold sweat.

It was so terrifying!

Was this a God Spirit?

Even the will that was unintentionally released was enough to make life forms swoon?

This was also because his soul foundation was deep and he had many Skills, bloodlines, and talent enhancements.

If other life forms with weak soul foundation came here,

they would probably have already become a believer of the Goddess of Life after this set of methods.

At this moment, the ceremony of the Great Resurrection Spell was still continuing.

After Zhou Zhou calmed down, he waited for a moment.

Finally, the will of the Goddess of Life completely descended.

Zhou Zhou remembered Carol Moeli's words and did not offend her. He did not even look up at her. He just lowered his head and waited silently.

Curiosity killed the cat... Curiosity killed the cat...

Zhou Zhou repeated to himself.

During this period, Zhou Zhou felt a terrifying gaze land on him, but it quickly left.

After a long time.

The terrifying God Spirit Will finally disappeared in Zhou Zhou's perception.

The moment this Will disappeared,

the golden light that covered the entire shelter disappeared.

"My Lord, it's over."

A feeble voice sounded.

It was Carol Moeli.

Zhou Zhou immediately looked up and saw the pale Carol Moeli and the beautiful body of the woman lying quietly on the stone bed in front of her.

Zhou Zhou ignored Lu Cai'er on the bed. Instead, he went straight to Carol Moeli and supported her.

"How are you?"

Zhou Zhou asked with concern.

"I... I'm just a little weak. I'll be fine after resting for a day."

Carol Moeli barely squeezed out a pale smile.

"Where do you live? I'll send you there."

Zhou Zhou said in a low voice.

"My Lord, there's no need. Take a look at the resurrected person first. She'll wake up soon."

Carol Moeli shook her head.

Zhou Zhou did not say anything. He took out a white blanket from his Spatial Ring and covered the other party's smooth body.

Then, he ignored what Carol Moeli said and asked her where she lived before bringing her to rest before returning.

When he returned.

He saw a petite and cute young girl wearing a white blanket sitting there in a daze.

When she heard the sound of him walking, she immediately looked at Zhou Zhou. When she realized that the person who came was a man, she immediately exclaimed in a low voice. Then, she grabbed the blanket on her body tightly, trying her best to expose less of her body.

However, her figure was too good, looking even more lusty with it half hidden.

Zhou Zhou could not help but gulp.

He stopped on the spot and used the Object Control Technique to throw a white dress that he had long prepared.

At this moment, he bought it from the ancient clothing shop opened by other players on the Marketplace.

The clothes had been slightly modified, which was in line with the aesthetic standards of the humans of the High Continent.

"Put on the clothes first."

"Then I'll tell you everything."

Zhou Zhou said.

With that...

He turned around.

Lu Cai'er took the clothes and saw Zhou Zhou turn around. Her frightened face immediately relaxed.

She looked at Zhou Zhou's back and was no longer nervous.

She sized up Zhou Zhou and this place curiously before putting on the clothes unhurriedly.

"I'm done."

Lu Cai'er said.

Her voice was a little delicate and innocent.

Zhou Zhou turned around and saw her standing there quietly in her new clothes. She looked at him curiously, as if she was a little fairy who had fallen into the mortal world.

This was how Professionals + Hero slots were.

Her physical fitness had been baptized by the power of her Class and the hero slot. Be it her appearance, figure, or temperament, they had all far exceeded ordinary people.

Of course.

It still could not compare to Zhou Zhou's Celestial Appearance.

Celestial Appearance was a top-notch appearance talent recognized by the Supreme Will!

It made Zhou Zhou's appearance, figure, and temperament a level higher than the other party.

Moreover, as it was modified,

This difference would become wider and wider.

Zhou Zhou came in front of her.

He looked at her.

Attribute information appeared.

Zhou Zhou clicked his tongue.

Legendary-Tier Elementary Grade human bloodline!

As expected of a genius recognized by the entire human race.

While Zhou Zhou was looking at her, Lu Cai'er was also looking at him.

She looked at Zhou Zhou and suddenly blushed.

Why was this person... So good-looking?

It was as if he was born according to her aesthetic standards, making her unable to help but want to look at this guy.

This was the charm of the Celestial Appearance.

No matter what race or life form it was, they could find points that matched their aesthetic standards from the appearance, figure, and temperament of the owner of the Celestial Appearance.

This was also the reason why the owner of the Celestial Appearance was fascinated by countless life forms.

Zhou Zhou quickly noticed her gaze.

However, he did not think too much about it.

"I was invited by the Knight Temple to revive you as a Lord of All Races." He said.

"What's a Lord of All Races?"

Lu Cai'er asked in surprise.

"The so-called Lord of All Races..."

Zhou Zhou also knew that the other party had died before the Lord of All Races appeared, so he patiently explained everything to her.

After a long time.

Lu Cai'er, who knew everything, was filled with surprise.

"So much has happened since I died."

She subconsciously touched the place where her heart was.

The memory of the Formless Demon shattering her heart with a claw was still fresh in her mind.

However, she revived 'in the blink of an eye'.

This feeling was really strange.

Zhou Zhou nodded slightly when he heard her words.

At the same time, he felt a little strange.

Even though what he said was the truth, the other party really believed everything he said...

She was really naive.

Zhou Zhou sighed.

However, being naive was not a bad thing.

According to Bai He, [Simple-minded] was indeed one of the important reasons why many young heroes could comprehend the hero slot.

Perhaps it was because of this innocence and sincerity towards the path of medicine that the other party could become a hero at such a young age.

He looked at the other party and then at his ability. His heart suddenly skipped a beat.

"Can you treat someone for me?"

He said.

"Yes."

Lu Cai'er agreed without thinking.

A smile appeared on Zhou Zhou's face.

He did not make any requests, nor did he say what payment he would give the other party after he was cured.

However, Lu Cai'er agreed without hesitation.

This meant that patients were the priority in her heart.

She was a true doctor.

He did not say anything else and brought her to Wu Xin.

"Greetings, my Lord."

"And this is?"

Wu Xin immediately said respectfully when he saw Zhou Zhou. Then, he looked at Lu Cai'er, who was beside Zhou Zhou, in confusion.

"This is the Doctor Hero I invited."

"Immortal Divine Medicine Doctor—Lu Cai'er."

"I asked her to take a look at your injuries."

Zhou Zhou said.

"Thank you, my Lord."

Even though Wu Xin did not know the name Immortal Divine Medicine Doctor, he still nodded.

Zhou Zhou sighed inwardly.

Such a hero actually died in the Abyss without even knowing a Great General like Wu Xin, who had once held power.

Fortunately, he had revived her.

Perhaps this was the meaning of resurrection.

Lu Cai'er had already arrived in front of Wu Xin while they spoke.

"I'll have to trouble the Immortal Divine Medicine Doctor to take action."

Wu Xin said politely.

"It's my duty to treat illnesses and save people."

Lu Cai'er smiled.

Then, she sized him up, her eyes emitting seven-colored light.

A moment later.

The light dissipated.

"You were injured by a Scarlet Hero, right? A Scarlet Hero with a gun?"

Lu Cai'er asked.

"Yes!"

Wu Xin was a little excited.

As expected of a doctor hero.

She could tell at a glance that he was injured by the Scarlet Hero even without doing anything and could even tell that the other party's weapon.

"Can it be cured?"

Zhou Zhou asked.

"Easy."

Lu Cai'er said.

Hero Skill—Creation of Herbs!

She stretched out her right hand, and wisps of rainbow-colored smoothness appeared in her hand.

Then, these seven-colored lights condensed into items that looked like herbs.

After a long time.

The light dissipated.

More than ten real medicinal herbs that emitted the smell of medicine floated in her palm.

Zhou Zhou and Wu Xin were stunned when they saw this.

This is...

Creating something out of thin air?

What kind of astonishing ability is this?!

If this was in front of some living beings with low standards, they would probably think that this was a Creation God-like method.

"Cook these medicinal herbs three times and consume them in the morning, noon, and night."

"This Elder One's injuries will completely recover in a day." Lu Cai'er said.

Zhou Zhou and Wu Xin were pleasantly surprised.

It would only take a day for him to recover?!

Is this what a doctor hero was like?

It is indeed much more effective than ordinary treatment methods.

"Thank you, my Lord! Thank you, Medical Immortal!"

"This Decrepit will remember the kindness of the Lord and the Medical Immortal." Wu Xin said gratefully.

"It's my duty to save people. Moreover, your Lord just saved my life, so you don't have to thank me." Lu Cai'er smiled.

"I still have to thank you!" Wu Xin insisted.

After that, the three of them chatted for a while. Lu Cai'er told Wu Xin some prescriptions to nourish his body. Then, she and Zhou Zhou left Wu Xin's residence.

"This is for you. Consider it a consultation fee." Zhou Zhou took out 100 Diamond-Tier Mist Cores and one White Platinum-Tier Advance Grade Blood Honey King Cake for the other party.

The former was naturally a reasonable consultation fee for a Diamond-Tier hero.

The latter was the loot dropped by the Yellow Gold-Tier Advance Grade Red-Eyed Blood Wasps.

Zhou Zhou had a lot of this Blood Honey King Cake.

Even though the Effect was slightly inferior to the Blood Honey Royal Cake, it was still a top-grade dessert.

"I don't want it. You've already saved my life."

Lu Cai'er refused to accept this gift.

"The Knight Temple will pay the price for saving you."

"That's another matter."

Zhou Zhou said.

Lu Cai'er declined many times. Seeing Zhou Zhou's insistence, she finally accepted it helplessly.

When she found out that the Blood Honey King Cake was a dessert, she could not help but open the box on the spot and taste it. In the end, her eyes lit up.

"It's so sweet! This is so delicious!"

"If you like it, you can come to my place often in the future."

Zhou Zhou smiled.

"Really?"

Lu Cai'er's eyes lit up.

"Of course."

Zhou Zhou smiled and nodded.

He was still very willing to befriend such Doctor Heroes with powerful healing abilities.

"Come with me to the Knight Temple."

"Temple Lord Bai and the others are waiting for you."

He said.

"Okay."

Lu Cai'er nodded.

Then, the two of them walked towards the Knight Temple one after another.

[Global Lord: 100% Drop Rate](#)

Chapter 339: Empire-Tier Combat Class—Army Extermination Knight!

Knight Temple.

In the meeting room.

Rob's eyes widened when he saw Lu Cai'er.

Even the usually calm Bai He was in a daze.

Then, he came back to his senses.

"It's good that you're revived."

"Your teacher, I, and many others miss you very much."

Bai He smiled faintly.

"Thank you for your concern, Teacher."

"Thank you, the Holy Temple, for paying such a huge price to revive me."

Lu Cai'er thanked him. Then, she finally couldn't help but ask, "How's my teacher?"

"When your teacher first found out about your death on the battlefield, she was very depressed."

"She hasn't seen anyone during this period."

"It was four or five years before she began to interact with outsiders."

"Even though we can't see any impact now, we can all tell that she still misses you very much."

Bai He said.

Lu Cai'er could not help but open her mouth slightly.

During her death, her consciousness floated in the river of time in a daze. She did not know how much time had passed.

In the outside world.

Even though she had been dead for a long time, she felt that she had only slept for a while before waking up personally.

Therefore, she did not expect her teacher to be so sad because of her death.

She did not think so before but she immediately became anxious now that she heard Bai He's words. She wanted to go back immediately to see her teacher and tell her that she had come back to life.

"Teacher Bai, I want to go back to Teacher."

Lu Cai'er said anxiously.

"Okay."

"I'll bring you back."

Bai He agreed without hesitation. Then, he walked to an empty space and pulled out the blood-colored sword on his back. Then, he suddenly slashed the space in front of him.

Whoosh.

The next second.

A spatial gap that was more than 10 meters long was cut open by his sword. Then, it was fixed on the spot and slowly repaired at an extremely slow speed.

"Let's go."

Bai He turned to look at Lu Cai'er.

Lu Cai'er nodded and was about to run over when she suddenly thought of something and turned to look at Zhou Zhou.

"I'll be back."

With that...

She ignored the stunned Zhou Zhou and ran straight to Bai He's side. Then, she walked into the spatial rift with Bai He and disappeared.

After the two of them disappeared, the spatial rift quickly repaired and returned to its original state.

"Tsk tsk."

"It seems that even though the two of you haven't been together for long, she values you quite a lot."

Rob walked to Zhou Zhou's side and teased.

"I just revived her. How much can she value me?"

Zhou Zhou rolled his eyes.

Rob thought that it made sense and did not say anything else.

"Come with me."

"Teacher has already prepared the benefits you want."

Rob changed the topic.

"What benefits are they?"

Zhou Zhou's eyes lit up.

"There are two of them."

"The first benefit is an inheritance slot for an Extraordinary-Tier Hero."

"As for the second one."

"Just come with me."

Rob smiled mysteriously.

Zhou Zhou looked forward to it even more.

He did not say anything and followed the other party. After a while, they arrived at a venue.

This venue seemed to be a place to train knights. It was very vast and almost endless.

Zhou Zhou looked over and saw many trainee knights and knight mentors training them.

At this moment,

Rob brought him to a white-haired old man.

"Lord Sang Bo."

Rob said respectfully.

Zhou Zhou had also seen this Elder One before.

When he first came to the Knight Temple, Rob had once brought him to the Knight Training Center and met six Knight mentors representing the six major Knight sects.

This Elder One was one of the mentors of the six Knight Sects!

Zhou Zhou remembered.

The other party seemed to represent the Knight mentors of the main sect.

"Greetings, Lord Sang Bu."

He didn't think too much about it.

Zhou Zhou bowed to Rob.

Sang Bu nodded calmly. A long blood-colored scar cut across his eyelid, making his face look a little ferocious.

He looked at Zhou Zhou and the corners of his mouth twitched, revealing a more "friendly" ferocious smile.

"The Lord of The Blazing Sun, right?"

"I remember you."

"I've heard about you."

"I didn't expect a Lord like you, who has only been in the High Continent for half a month, to do something that our human race hasn't done for tens of thousands of years."

"Tsk, how's that little girl Cai'er now?"

He asked.

"She's very good. She's already followed Temple Lord Bai back to see her teacher."

Zhou Zhou said politely.

"It's time to go back."

Sang Bu sighed.

Then, he looked at Zhou Zhou.

"Perhaps the Supreme Will might really have made the right choice to bring you Lords of all races to our world."

He shook his head with a calm expression. Then, he did not say anything else and brought the two of them to a corner.

100 five to six meters tall human knights wearing blood-colored armor and holding Meteor Mace stood neatly.

"Greet your future Lord."

Sang Bu looked at the knights and said calmly.

"Greetings my Lord!"

The 100 knights roared in unison.

There were clearly not many people, but their furious roar shook the entire venue, causing everyone present to involuntarily attract their gazes.

When they saw that it was these people, they retracted their gazes enviously and helplessly.

Zhou Zhou was also stunned by their voices.

Then, he reacted.

Could this be the second benefit Temple Lord Bai gave him?

Just 100 Knights?

Who are they looking down on?

You might as well give me an Epic-Tier Hero Inheritance.

However, when he saw the information of the 100 human knights, he immediately couldn't move his eyes away.

Platinum-Tier Advance Grade - Physical Damage Immunity, White Platinum-Tier Advance Grade - Elemental Damage Immunity...]

[Loyalty: 85]

[Potential: Epic-Tier Elementary Grade]

Zhou Zhou looked at the attribute information of the other 99 people.

He realized that these Army Extermination Knights were all White Platinum-Tier Advance Grade and their potential was also Epic-Tier Elementary Grade.

Zhou Zhou was completely shocked.

Oh my god!

What kind of handiwork is this?

They directly took out 100 Knights with Epic-Tier Elementary Grade potential and gave them to him?!

The potential of a normal Reputation Rating talent was only Diamond-Tier Extraordinary-Tier.

Talents with Legendary-Tier potential were already very rare.

This time, Bai He had actually given him 100 Empire-Tier Combat Professionals with Epic-Tier Elementary Grade potential!

Moreover, all of their strength was at the White Platinum-Tier Advance Grade!

I'm sorry, Big Boss Bai.

I was wrong. I take back what I said earlier.

I really like these 100 Knights!

Zhou Zhou was delighted.

Chapter 340: Construction Of The Triumphal Arch! Zhao Changshou's Advancement!

At the same time...

Sang Bu also saw the expression on Zhou Zhou's face.

"These 100 Army Breaking Knights are Empire-level combat Professionals carefully nurtured by our Knight Temple."

"The investment in them alone has reached hundreds of millions of White Platinum-Tier Mist Cores!"

"You have to know that there are only 10,000 Army Breaker Knights in all the Knight Temple encampments."

"They were nurtured with fixed responsibilities."

"But because of you, we specially sent 100 people to you."

"How's it going?"

"These 100 Army Extermination Knights and that Extraordinary-Tier Hero Inheritance."

"Do you feel like you've suffered a loss in this deal now?" Sang Bu asked.

"It's not a loss. I've never felt like I've suffered a loss." Zhou Zhou smiled.

If he were to say that he had suffered a loss now, would it not be slapping their faces in front of them?

They were his future subordinates after all. He had to give them some face.

Moreover, they were indeed worth this price.

"In that case..."

"If there are still resurrection spots in the future, remember to prioritize our human race."

"I won't waste my breath on righteousness. I won't give you so much pressure."

"It's just that heroes are indeed one of the important factors in measuring the strength of a Race."

"If we humans have more heroes, we can also survive better in this dangerous world in the future."

Sang Bu said.

His expression was filled with worry, as if he did not seem to be optimistic about the future.

Zhou Zhou did not show anything on the surface and only nodded calmly.

"If I can revive heroes in the future, I will definitely prioritize reviving human heroes."

He was also a human.

He was willing to bear this responsibility.

Moreover, the Knight Temple had indeed taken care of him a lot because of the Dragon Slaying Will.

If he could help the Knight Temple in the future, he naturally had to help them.

Sang Bu looked at Zhou Zhou and nodded in relief.

After that, the three of them did not say anything else.

After Zhou Zhou bade farewell to Sang Bu and Rob, he left the Knight Temple with the 100 Army Extermination Knights and found Bai Yun, asking her to get them to join the Blazing Sun Army. In the future, Bai Yun, Wu Xin, and the others would be in charge of commanding them to charge.

Then, Zhou Zhou returned to the Lord Manor.

When he returned to the entrance of the manor, he saw Wu Tu waiting for him.

"Come in."

Zhou Zhou knew without thinking that the other party was here to give him the latest map.

Then, the two of them walked into the Lord Manor and went straight to the meeting hall.

In the meeting hall.

Zhou Zhou looked at the map in his hand.

This map depicted the newly discovered regional territory led by Wu Tu and the Heavenly Army.

The regional territories discovered this time were not under the jurisdiction of the kingdom, but the geography of some wilderness territories around Dark Night Town, Kingdom Beginning City, Red Wasp Town, and other places.

This included six Black Iron-Tier regional territories, three Green Bronze-Tier regional territories, two White Silver-Tier regional territories, two Yellow Gold-Tier regional territories, and one White Platinum-Tier regional territory.

Zhou Zhou nodded slightly.

He could subdue all these territories tomorrow.

After that, he chatted with Wu Tu for a while before Wu Tu left.

After Wu Tu left, Zhou Zhou thought about it and confirmed that he had not left anything behind. Then, he returned to his bedroom to rest.

At the same time...

Outside Blazing Sun City.

A majestic and tall new golden city gate stood here.

It was five to six hundred meters tall and more than a hundred meters wide.

Above the city gate was a golden statue!

The statue was of a handsome Heavenly Soldier riding a luxurious Heavenly Horse carriage, galloping valiantly through the clouds.

"This Triumphal Arch has been built after all."

"As expected of a building of the Race."

"I've benefited a lot from this construction."

In front of the Triumphal Arch.

More than 10,000 people were gathered here.

Among them were architects, Blacksmiths, Carpenters, engravers, soldiers, and all kinds of Professionals.

In front of them.

Zhao Changshou looked tired, but his eyes were shining as he looked at the Race building.

Ever since the Imperial Ancestral Temple,

This was the second Race building he had handled.

The construction time between the two was only a few days apart.

It had to be said...

As an architect, it was very satisfying to be able to build two Race buildings in a row.

He looked at his Stats information.

He realized that he had already been upgraded from a Diamond-Tier Elementary Grade architect to a Diamond-Tier Advance Grade architect.

"I wonder if I can step into the Extraordinary-Tier domain before I die."

Zhao Changshou thought to himself.

Then, he thought of his Lord who could surprise him repeatedly.

At this moment.

He suddenly felt that he might really be able to achieve this ambition.

...

The next day.

Zhou Zhou had just woken up when he found out that not only had Zhao Changshou successfully built the Triumphal Arch, but his architect level had also increased to Diamond-Tier Advance Grade.

"I heard two pieces of good news when I woke up early in the morning."

"Really good."

Zhou Zhou said in satisfaction.

Then, he immediately found Zhao Changshou and asked him if he could do anything about the Diamond-Tier Advance Grade Aurora Kingdom Tower.

"I've already made some progress towards the Diamond-Tier Advance Grade Aurora Kingdom Tower."

"But I still need a day or two to study it."

Zhao Changshou did not guarantee anything.

But even so.

Zhou Zhou could not help but look forward to it.

The Diamond-Tier Elementary Grade Aurora Kingdom Tower could create the lethality of an Extraordinary-Tier.

What if it was a Diamond-Tier Advance Grade?

Wouldn't it be able to cause damage to Extraordinary-Tier heroes or Epic-Tier experts?

He did not say anything else and only gave Zhao Changshou two portions of Blood Honey King Cake.

These two portions of Blood Honey King Cake were enough to allow Zhao Changshou to return to his peak physical state and appearance. It would also increase his basic lifespan by 10 years and four years.

It could be considered a reward for Zhao Changshou to build the Triumphal Arch.

"Thank you, my Lord!"

When Zhao Changshou found out about the effect of the Blood Honey King Cake, he was immediately shocked. Then, he was so grateful that he wanted to kneel down.

Zhou Zhou hurriedly supported him.

"Elder Zhao, you don't have to do this."

"You've worked hard and deserve this reward."

He said seriously.

In terms of who was working the hardest in the entire territory.

Other than Zheng Yuanqi and Elder Zheng, who were in charge of daily administrative matters, it would be the person in front of him - Zhao Changshou.

Not to mention anything else.

Elder Zhao was in charge of the construction planning of the entire Blazing Sun City alone.

Elder Zhao was also making arrangements for the new city construction plan that was being carried out recently.

This attitude meant that he had to do his best until he died.

However, Zhou Zhou did not want his great contributor to die suddenly from exhaustion, so it was necessary to give him two portions of Blood Honey King Cake.

After that, Zhou Zhou and Elder Zhao chatted about the construction plan for a while before arriving at the Gate of Summoning to summon today's new Subjects.

A text notification appeared.

[Prompt: Do you want to summon immediately?]

"Yes!"

Zhou Zhou looked at the Gate of Summoning in front of him.

The next second.

The Gate of Summoning suddenly lit up with a bright white light. Then, a large number of subjects walked out.

After more than half an hour.

Only then did 725 new subjects walk out of the Gate of Summoning.

"Greetings, my Lord!" x725

The 725 new subjects said respectfully.

"Welcome to Blazing Sun City."

Zhou Zhou said.

Then, he asked all the Professionals to stand up and realized that he had summoned a total of 30 Military Professionals.

Among them were one Yellow Gold-Tier Intermediate Grade Architect, one Yellow Gold-Tier Intermediate Grade Blacksmith, one Yellow Gold-Tier Intermediate Grade Merchant, and one Yellow Gold-Tier Intermediate Grade Engraver!

There were also three Yellow Gold-Tier Elementary Grade Tailors, two Yellow Gold-Tier Elementary Grade Martial Artists, and three Yellow Gold-Tier Elementary Grade adventurers.

The rest were Green Bronze and Black Iron-Tier life professionals and combat professionals.

Zhou Zhou nodded slightly.

Even though he did not summon as many Professionals as yesterday,

However, it was not much different.

At this moment, a light lit up in the distance.

It was the light of the teleportation array.

Bai Yun and the others were back.

"I can test the effect of the Triumphal Arch."

Zhou Zhou's heart skipped a beat.
