Chapter 601: Condition

In the Shrine.

The God Attendant brought Zhou Zhou to an open-air palace.

In this palace, a Divine Wolf that was more than a thousand meters tall and snow-white with a snowflake divine pattern between its eyebrows was entrenched here.

It did not move.

However, the divine might naturally released was enough to make countless life forms tremble in fear.

At this moment, Ze Wu raised its wolf head and stared coldly at Zhou Zhou with its ice-blue eyes.

"Greetings, Lord Ze Wu." Zhou Zhou said neither servile nor overbearing in the face of the God Spirit's direct gaze.

Ze Wu did not say anything. "He" looked at Zhou Zhou and gradually became surprised.

This was because the current Zhou Zhou clearly only had the strength of an Epic-Tier Elementary Grade, but he actually gave "Him" a faint sense of threat.

It was as if the other party could threaten his life.

This intuition made Ze Wu feel that it was ridiculous.

One had to know that "He" was a Mid-level Deity-Tier Elementary Grade God Spirit.

Not to mention the Epic-Tier, even a Low-Tier Deity-Tier expert would not give him this feeling in front of him.

However, the human Lord in front of him gave him an unbelievable feeling.

How could "He" not be surprised?

As a Wolf-type God Spirit, "He" had always believed in this intuition.

Therefore, "He" immediately did not dare to underestimate the human Lord in front of him.

"Lord of The Blazing Sun."

"You're very interesting."

"Tell me, why are you here?"

The God Of The Snowfield And White Wolf—Ze Wu said in a low voice.

"Then I'll be straightforward."

"From today onwards, in a month, it will be the King of Ten Thousand Kings event set by the Supreme Will."

"Lord Ze Wu must already know this."

"I want to ask Lord Ze Wu to temporarily protect my Blazing Sun Kingdom during this period of time until it officially ends in a month."

"Of course, I won't let Lord Ze Wu take action for nothing. I won't disappoint Lord Ze Wu in terms of remuneration."

Zhou Zhou said.

"Ask me to protect your Blazing Sun Kingdom?"

"Do you know how dangerous the outside world is now? How many Scarlet God Spirits are eyeing the outside world covetously?"

"Even though I'm a God Spirit, I won't be able to do well if I'm surrounded by many Scarlet God Spirits. I might even die."

"Moreover, you're a Lord who has only been in the High Continent for less than a month. Even if you obtain some rewards from the Supreme Will's event, what treasure can you take out to move a Mid-level Deity-Tier expert like me?"

"There's no need to mention the Mist Cores. I don't need that thing."

"Do you have Divine Crystals? Have you heard of Divine Crystals?"

Ze Wu mocked.

"I actually have Divine Crystals."

Under Ze Wu's stunned gaze, Zhou Zhou really took out a Mid-level Deity-Tier Divine Crystals from his King's Treasure box.

But then he put it away.

"However, I think Lord Ze Wu should like this more."

Zhou Zhou flipped his right hand.

A robe that was completely ice-blue and emitted a faint aura of powerful Divine Power appeared in his hand.

Seeing this ice-blue robe,

Ze Wu, who had a cold and indifferent expression, immediately stood up as if he had seen an extremely tempted treasure. "He" looked at the robe with burning greed.

"A divine artifact!?"

"He" said fervently.

"Yes."

"This is a Low-Tier Deity-level Elementary Grade divine artifact."

"Its name is the Ice Demon Sacrificial Robe."

"It should be barely worthy of your attention even though its grade is relatively low."

Zhou Zhou smiled.

This Ice Demon Sacrificial Robe was one of the six duplicate divine artifacts that he had dropped when he killed the hero of the Ice Demon Kingdom.

As he still had two Ice Demon Sacrificial Robes in his hands, he did not care much about using them in a transaction.

In any case, it was only a Low-Tier Deity-level divine artifact.

A large number of Legendary-Tier enemies could be dropped.

On this High Continent.

There were indeed very few God Spirits.

However, were there not many Legendary-Tier experts?

There must be a lot.

Therefore, he did not feel that it was a pity at all.

However, in Ze Wu's eyes, this divine artifact was exceptionally precious.

In the myriad worlds,

other than a very small number of divine artifacts that were naturally nurtured,

Most of the other divine artifacts were forged by God-Tier divine artifact forgers.

How rare were divine artifact forgers?

They were simply like giant pandas among God Spirits. They could only be chanced upon by luck.

Therefore, it was extremely difficult for God Spirits to obtain divine artifacts.

Most God Spirits usually only had three ways to obtain divine artifacts.

One way would be a God Spirit with an inheritance relationship between the same Pantheon who inherited their respective divine artifacts.

The second was to use the power of faith and divine power to temper a certain divine artifact embryo for a long time. After a long period of tempering, there was a chance of creating a divine artifact.

The last method was much simpler.

That was to kill a God Spirit to snatch its divine artifact!

Other than that, they could only rely on luck or some special methods.

Ze Wu was luckier.

The White Wolf Race that "He" was from had once given birth to a White Wolf God which became a God through faith a long time ago. The other party had used the power of faith and divine power to condense a divine artifact—White Wolf Tooth. After thousands of years, this divine artifact had only been upgraded to Low-Level Deity-Tier Advance Grade.

Poor "He".

As a Mid-level Deity-Tier Elementary Grade God Spirit, if word got out that he only had a Low-level Deity-Tier Advance Grade divine artifact, living beings who did not know better might feel that this God of White Wolf was doing too badly.

However, if the other God Spirits knew about this, they would probably feel that the God of White Wolf was really lucky and wish they could replace him.

That was why it was so excited when it saw this Low-Level Deity-Tier Elementary Grade divine artifact.

What to do, another Low-Level Divine Artifact would directly increase "His" strength by at least 30% to "Him", who only had one Low-Level Divine Artifact, to "Him"!

Moreover, this was an ice-element robe-type divine artifact. There was a high chance that it was a defensive divine artifact with ice stats.

If "He" could have it, "He" would no longer have any shortcomings in attack and defense.

It was not an exaggeration to say that "his" strength would double!

"He" might even be able to pry into the method to increase "his" Ice Stats Law Skill from this ice-element divine artifact.

"You plan to give me this divine artifact in exchange for me protecting your kingdom for a month?" Ze Wu licked his lips and said.

"Yes." Zhou Zhou nodded.

"Deal!" Ze Wu said without hesitation.

Zhou Zhou muttered in his heart.

It seemed that he had suffered a loss. Perhaps the other party would most likely agree if he used Divine Crystals to trade.

However, Zhou Zhou did not lack divine artifacts. What he lacked was the common currency among God Spirits, Divine Crystals. Therefore, he did not feel that he had suffered a loss.

"Let me tell you in advance. I won't risk my life for your Blazing Sun Kingdom if I encounter danger that I can't resist." Ze Wu added.

"Sure. Then I have a condition too. How about handing over the corpses of the enemies you killed to us?" Zhou Zhou said.

Ze Wu hesitated.

However, thinking about what "he" had just said, "he" might feel that "he" had taken advantage of him, so he nodded and agreed.

Ze Wu: "I can obtain a Low-Level Deity-Tier divine artifact by protecting a kingdom for a month. I've made a killing."

Zhou Zhou: "I made a killing by using an extra and useless Low-Level Deity-Tier Elementary Grade divine artifact in exchange for a Mid-level Deity-Tier God Spirit to protect me through the Faction Quests."

The man and the God looked up at each other at the same time and smiled awkwardly, feeling a little guilty.

[**Global Lord: 100% Drop Rate**](#)

Chapter 602: God Of Blazing Sun And Burns—Haros

After bidding farewell to the God Of The Snowfield And White Wolf—Ze Wu, Zhou Zhou and Nadia headed to the Shrine of the God of Blazing Sun and Burns—Lord Haros.

"Why are you looking for these two God Spirits? You don't have to tell me if it's inconvenient." Nadia asked curiously.

"There's nothing I can't tell you. Aren't we doing Faction Quests? I want to get some help." Zhou Zhou smiled and said.

"How did it go? I heard that it's very difficult for either Lord Ze Wu or Lord Haros, whom we're going to look for next, to ask them to take action."

"Those two God Spirits might not do anything even if Her Majesty comes personally."

Zhou Zhou clicked his tongue in wonder. However, he was not very surprised.

They were all God Spirits after all. It was normal for them to like freedom and not listen to orders.

Still...

"They don't even listen to you, but you still recruit them and give them offerings?" Zhou Zhou asked curiously.

"Our Elven Empire has more than a dozen God Spirits protecting our Empire."

"Some of these God Spirits were invited by us at a huge price. They are naturally willing to listen to Her Majesty's orders and serve the Elven Empire. They are even willing to do some dangerous things. However, there are also God Spirits that we invited at a very small price to guard our Elven Empire. They are equivalent to a sect's guest elder."

"These God Spirits don't have a very strong sense of belonging to our Elven Empire, and we didn't invest too many resources in them. Therefore, they are relatively free and don't have to completely listen to our orders." Nadia explained.

This information was not a secret in the Elven Empire. Or rather, every Empire used this method to rope in God Spirits, so it did not matter even if it was disclosed to Zhou Zhou.

Zhou Zhou came to a realization.

No wonder these two God Spirits were so carefree.

He had learnt that he could completely do the same in the future and let the Blazing Sun Kingdom have more experts when he became rich and imposing.

It was good to have more deterrence even if they did not take action.

They arrived at the Shrine of the God of Blazing Sun and Burns—Lord Haros.

Zhou Zhou looked at the Shrine in front of him.

This Shrine also looked quite majestic, much larger than the Shrine of the God Of The Snowfield And White Wolf.

It was completely scarlet and there was a huge sun standing at the top of the Shrine, burning with raging scarlet flames, transmitting terrifying heat in all directions.

However, it would automatically disappear after reaching a certain border, looking very magical.

"I'm going then." Zhou Zhou said to Nadia.

"Be careful. This God Spirit's temper is not very good." Nadia said telepathically.

Zhou Zhou nodded.

Then, he came to the front of the Shrine and also entered through the Elven Holy Token. He met the God of Blazing Sun and Burns—Haros.

The God of Blazing Sun and Burns—Haros' main body was a fire elemental creature.

It had no fixed form.

When Zhou Zhou saw "Him", he only saw a ball of scarlet flames floating in the sky, emitting an uncomfortable and terrifying heat.

If ordinary Diamond-Tier experts came here, they would probably be burned by the heat with divine power and lose all the moisture in their bodies before dying.

Fortunately, Zhou Zhou's Constitution was also extremely strong, allowing him to ignore such terrifying flames.

This surprised Haros, who had wanted to see Zhou Zhou make a fool of himself.

Then, Zhou Zhou said the same thing as when he faced Ze Wu.

However, Zhou Zhou had made changes to the price of inviting God.

...

Zhou Zhou walked out of the Shrine.

Nadia, who was waiting for Zhou Zhou, immediately walked over.

"Why are you out so quickly?"

Nadia said in surprise. Then, she thought of something and hesitated for a moment before comforting her.

"It doesn't matter if it fails. I know some heroes of the Legendary-Tier Elven Empire. Their combat strengths are not inferior to a Low-Level Deity-Tier expert. I'll invite a few more people and they should be able to help you complete your faction mission."

"Thank you, but no since "He" agreed." Zhou Zhou laughed.

"How did you invite "him"?" Nadia's eyes widened.

He could actually do something that even Her Majesty could not do?

Zhou Zhou smiled and did not say anything.

This time, he did not pay any divine artifacts or Divine Crystals.

Instead, he took out a Holy Spirit-Tier Faith Divine Crystal.

Originally, he wanted to use this resurrection opportunity to ask this High-Level Deity-Tier expert to protect the Blazing Sun Kingdom.

Even though...

Given the Shelter of the Goddess of Life's level, it could only revive life forms below the Legendary-Tier Elementary Grade.

However, the other party might also be tempted and agree to his request.

If it really didn't work, Zhou Zhou even planned to take out Divine Crystals to trade.

This was a High-Level Deity-Tier existence after all.

If "He" was by his side, he could definitely safely complete the Knight Empire's Faction Quests.

Who would have thought that as soon as he took out the Holy Spirit-Tier Faith Divine Crystal, the other party's gaze landed on it and stopped moving.

Zhou Zhou's Six Senses was astonishing, and he was also smart. He directly changed his words and used a Holy Spirit-Tier Faith Divine Crystal to ask the other party to protect the Blazing Sun Kingdom for a month. During this period, "he" had to help him complete the Faction Quests.

He did not expect the other party to agree without hesitation.

"Whether it's the God of Death or the other God Spirits, they're so passionate about the Faith Divine Crystals."

"They seem to value the path of faith to Godhood very much..."

Zhou Zhou pondered silently.

In the future, there was a high chance that he would also walk the path of Faith becoming a God.

Because...

Everyone knew that the Lord Talents of the Blessing of the Ten Gods represented the 10 Master God-Tier experts.

They were also the 10 strongest Master God-Tier experts in the High Continent and even the Endless Heavens!

Almost all of them walked both the path of Faith and Law to becoming a God!

This was one of the important reasons why they were so powerful!

So, he would also take both the path of Faith and the path of Law to become a God.

This way, he would not be weaker than other God Spirits when he grew up.

On the other side.

Nadia obediently did not ask further seeing that Zhou Zhou did not answer.

The two of them walked all the way to the residence of the Star Alliance Master.

...

Under the throne.

"Your Majesty, I just received news that the God Of The Snowfield And White Wolf, Lord Ze Wu, and the God of Blazing Sun and Burns, Lord Haros, have already agreed to the King of the Blazing Sun's request to travel with him and assist him in completing his Faction Quests in this month."

A mysterious life form in a black robe that covered her entire body said to Elizariel, the Elven Empress, who was sitting upright on the throne.

"They actually agree to that kid's request?"

Elizariel's beautiful eyebrows immediately curled up slightly.

"I've invited them so many times, but they're unwilling to help. Why would they agree with their lazy nature?" Elizariel was puzzled.

"The God Of The Snowfield And White Wolf did reveal some information. It's because the King of the Blazing Sun took out a Low-Level Deity-Tier Elementary Grade divine artifact that "He" couldn't refuse."

"As for Lord Haros, 'He' didn't reveal the specific content of the conversation, so I don't know for the time being."

The life form in black whispered.

Low-Level Deity-Tier Divine Artifact? Where did that kid get so many treasures? Rewards from the Supreme Will?

Divine artifacts...

There were not many of them even in their Elven Empire.

Elizariel narrowed her eyes slightly.

[Global Lord: 100% Drop Rate](#)

Chapter 603: The Terrifying Tribulation Of All Races

"I thought I'm already expecting a lot from him. I didn't expect this guy to still exceed my expectations." Elizariel muttered to herself.

She had thought that the other party could at most recruit some Epic-Tier and Legendary-Tier experts in the Elven Empire.

Anyone better would be Epic-Tier and Legendary-Tier heroes.

Even though such an existence was considered the mainstay of the Elven Empire and even the top combat strength, she would not care too much if he recruited some in a short period of time on account that he would help her complete the Faction Quests.

But...

He had taken away the only two God Spirits in her capital.

She found it hard to accept this.

She was still thinking of leaving these two God Spirits to guard her capital.

Now this is timely, they found the opportunity to run away.

As for the True God-Tier in the sky, even though "he" had already agreed to be a Guardian of the Elven Empire,

However, there were conditions.

She could not easily drive him to do anything before completing these conditions.

"Your Majesty. It's all thanks to the Elven Holy Token that Your Majesty lent him that the other party was able to recruit successfully this time."

"Otherwise, he probably won't even be able to enter the Shrines."

The mysterious life form in black also told this news to Elizariel, adhering to the principle of dutifulness.

Elizariel was speechless.

What a sin!

She was filled with regret. If she had known earlier, she wouldn't have given it to him.

...

After Zhou Zhou met up with his subordinates and Lords, he returned to the Blazing Sun Kingdom and brought 20 million soldiers to do the Faction Quests.

The remaining three million soldiers stayed behind to protect the Lord's territory of the Blazing Sun Kingdom and the Star Alliance.

...

Outside the borders of the Knight Empire.

A total of 40 Starry Nights hid in space and flew into the distance.

In the captain's room of the Starry Night.

Zhou Zhou looked at the map in his hand.

This map was given to him by the Knight Empire before he left. It depicted very detailed terrain information.

Especially on the map between the Knight Empire and the Divine Sword Empire, it was extremely detailed.

There was even the latest distribution of the Scarlet Forces.

Zhou Zhou was quite satisfied with this.

He felt much more confident about the upcoming mission.

"According to the map, the Spatial Teleportation Array closest to us is about 10 million kilometers southeast. With the speed of the Starry Night, we can arrive in less than 10 minutes if we fly at full speed." Zhou Zhou put away the map and waited quietly.

Eight minutes later, Zhou Zhou felt the spaceship stop.

A virtual screen appeared in front of him.

A silver incomplete array square covering a radius of 10 kilometers was laid on the ground.

Around 40,000 to 50,000 strange scarlet monsters with eagle heads and cow bodies were guarding this place.

Most of their strength was below the White Platinum-Tier. Only a small number of Scarlet Monsters had reached the Diamond-Tier and Extraordinary-Tier.

However, at this moment, they looked a little lazy, as if they were unwilling to guard this array formation.

Zhou Zhou carefully used the life detection radar function of the spaceship to look around. After discovering that there was no ambush, he gave the orders through the army interface.

The next second, a Starry Night appeared and opened its hatch. A total of 500,000 Blazing Sun Army soldiers jumped down from the hatch on the wings of the Fear Falcon. Then, they pounced on the 40,000 to 50,000 scarlet monsters below at an extremely fast speed.

With such a huge difference in strength and military strength, the outcome was naturally without suspense.

In less than 20 seconds, the Blazing Sun Army wiped out the other party and won with 0 injuries and 0 sacrifices.

The ownership of this Extraordinary-Tier Advance Grade Spatial Teleportation Array had also successfully transferred to the Blazing Sun Army.

After confirming that their surroundings were safe, Zhou Zhou ordered the spaceship to fly down and land on the Spatial Teleportation Array.

He looked at the damaged spatial teleportation array in front of him and frowned slightly. Then, he called a soldier over.

"Let the spatial teleportation array maintenance team come over, this Spatial Teleportation Array needs repairs." He said.

The soldier immediately received the order and left.

1,000 spatial teleportation array maintenance team quickly walked over.

The other spatial teleportation array maintenance team began to repair on the spot.

The spatial teleportation array maintenance team in the lead came in front of Zhou Zhou.

"Third Lord of the Spiritual Array Tower—Yu Huan greets His Majesty, the King of the Blazing Sun!" Yu Huan was a middle-aged male elf.

He looked mature and had a strong body. He wore a white army uniform with blue trimmings and looked like a military.

"How long will it take to repair this array formation?" Zhou Zhou asked directly.

"It's just an Extraordinary-Tier Advance Grade spatial teleportation array. We'll repair it with all our might. It can be repaired in less than five minutes." Yu Huan said confidently.

He was a Low-Level Deity-Tier Advance Grade spatial teleportation array maintenance officer.

He did not need to do anything at all for such a low-level array formation to be repaired by the disciples he brought.

It would not be too late for him to repair the spatial teleportation array of the Legendary-Tier Advance Grade when it was necessary.

Zhou Zhou nodded.

Five minutes was really not long.

"Tell the soldiers to guard their surroundings."

"Once an enemy approaches, there's no need to report. Just destroy them!"

Zhou Zhou instructed Bai Yun.

"Yes, Your Majesty!"

Bai Yun said respectfully and went to make arrangements.

Zhou Zhou was about to wait for a while when he saw more than 100,000 scarlet monsters with eagle heads and cow bodies suddenly run over from afar and rush towards the Spatial Teleportation Array.

However, before they could approach, they were destroyed by Bai Yun's troops.

What happened next was beyond Zhou Zhou's expectations.

In the next five minutes, three more waves of scarlet monsters, totaling about 200,000, rushed over, wanting to destroy them and take back the Spatial Teleportation Array.

Fortunately, their average strength was not high and they were easily repelled by Bai Yun.

But even so, it also made Zhou Zhou feel the horror of this calamity.

Scarlet monsters were everywhere!

There were so many fog monsters that even Zhou Zhou, who was used to seeing them, felt that it was a little ridiculous.

Normally speaking, 200,000 fog monsters could occupy a Yellow Gold-Tier regional territory.

This was only a separate Extraordinary-Tier Advance Grade Spatial Teleportation Array.

and yet so many fog monsters actually gathered.

What about the other important places?

Wouldn't that be even more terrifying?

While he was thinking, Yu Huan's disciples had already repaired this Spatial Teleportation Array.

Right on the heels of that, the Spatial Teleportation Array flashed with silver light.

A total of 200,000 Knights with neat military equipment appeared on the Spatial Teleportation Array.

"From now on, this Spatial Teleportation Array will be taken over by the Knight Empire's Han Wu Cavalrymen Legion."

"Thank you for your contribution, King of the Blazing Sun!"

The Legion Commander of the Han Wu Cavalrymen Legion walked over and thanked Zhou Zhou.

A Quest notification appeared.

[Faction Quests Hint: You have successfully snatched back one Extraordinary-Tier Advance Grade Spatial Teleportation Array. Reward: 100,000 faction points! Currently, you have snatched back [1/114] Extraordinary-Tier Advance Grade Spatial Teleportation Arrays.]

"There's still a long way to go."

Zhou Zhou lamented.

Fortunately, this mission was long and he was not in a hurry.

He did not chat much with this Legion Commander. Seeing that they were busy setting up the defensive teleportation array, he led his troops and left.

Time passed and in the blink of an eye, it was already night.

Zhou Zhou, who had snatched back another Extraordinary-Tier Advance Grade Spatial Teleportation Array, opened the Faction Quests notification and looked at it.

[Faction Quests Hint: You have successfully recaptured 46 Extraordinary-Tier Advance Grade Spatial Teleportation Arrays. Reward: 4.6 million faction points! Currently, you have recaptured [46/114] Extraordinary-Tier Advance Grade Spatial Teleportation Arrays.]

[Faction Quests Hint: You have successfully recaptured two Epic-Tier Advance Grade Spatial Teleportation Arrays. Reward: 1.5 million faction points! Currently, you have recaptured [2/26] Epic-Tier Advance Grade Spatial Teleportation Arrays.]

"Even though we're quite efficient, we still have to speed up tomorrow."

"Who knows when the God War Ruin in the Elven Empire will begin? I have to rush over immediately once the ruin is activated." Zhou Zhou thought.

[Global Lord: 100% Drop Rate](#)

Chapter 604: Diamond-Tier Lord Talent—Wisdom Master God's Blessing!

Zhou Zhou looked at the Quests information in front of him and recalled his experience today.

Today, they had snatched back a total of 48 Spatial Teleportation Arrays.

On average, an Extraordinary-Tier Advance Grade spatial teleportation array had between 200,000 and 400,000 fog monsters stationed around them.

The only two Epic-Tier Spatial Teleportation Arrays were even more terrifying!

One of them was guarded by two million fog monsters while the other one had a total of four million fog monsters stationed around it!

Even though Zhou Zhou's soldiers still easily destroyed it, it still left a deep impression on him.

Other than that, it was not like he had not obtained any benefits.

Putting aside the Loots and promotion energy, the monsters resulting from their Incite Defection alone were a huge gain today.

Among them, Zhou Zhou had used his Incite Defection on the four million fog monsters in the Epic-Tier Advance Grade Spatial Teleportation Array. He had directly obtained 480,000 scarlet monster troops!

As for the other Lords of the Star Alliance, they had also used Incite Defection and obtained many fog monsters.

It could be said that they had gained a lot!

After that, they did not stay any longer. They used this already activated spatial teleportation array to return to the Knight Empire and then Teleported back to the Blazing Sun Kingdom.

...

In the Blazing Sun Kingdom.

Zhou Zhou looked at the list of Loots in his hand.

Today, they had eliminated a total of 18.4 million fog monsters!

There was no lack of Extraordinary-Tier and even other Epic-Tier fog monsters.

With the enhancement of the King of Loots and the title of the strongest Lord, he obtained a total of these loots:

450 Legendary-Tier Mist Cores, 41,200 Epic-Tier Mist Cores, 1,551,200 Extraordinary-Tier Mist Cores, 8,005,000 Diamond-Tier Mist Cores, 24,323,000 White Platinum-Tier Mist Cores, 55,502,400 Yellow Gold-Tier Mist Cores, 104,875 White Silver-Tier Mist Cores, 189,002,425 Green Bronze-Tier Mist Cores!

There were 21,359,600 skill books and 302,401,050 equipment, 280 billion units of basic materials, 13,100 Green Bronze-Tier Lord Talent Crystal Fragments, one Diamond-Tier Scarlet Lord Talent Sphere and five Holy Spirit-Tier Faith Divine Crystals!

In addition, in terms of the increase in the combat strength of the soldiers, after today's series of battles, the total military strength under Zhou Zhou had also increased again.

Other than his own Incite Defection's 480,000 fog monster troops, the 20% of the Incite Defection troops handed over to him by the Lord members of the Star Alliance amounted to a total of 233,040 fog monster troops!

In total, there were 713,040 fog monsters!

And now, Zhou Zhou's total military strength has already reached 15,673,286!

Among them, there were 2,088,824 Black Iron-Tier soldiers, 1,951,822 Green Bronze-Tier soldiers, 3,291,882 White Silver-Tier soldiers, 3,591,506 Yellow Gold-Tier soldiers, 2,592,230 White Platinum-Tier soldiers, 1,145,01 Diamond-Tier soldiers, 26,500 Extraordinary-Tier soldiers and 21 Epic-Tier soldiers!

In addition, the Original Spirit Race—Ansel had broken through to Diamond-Tier Elementary Grade!

The Dragon King of War and Strength—Haris (former Extreme Dragon Race Lord) had broken through to the Diamond-Tier Advance Grade!

Soul Arrow—Wu Tu had broken through to Extraordinary-Tier Elementary Grade!

The Ghost God General—Luo Sheng had broken through to the Epic-Tier Elementary Grade!

The other new heroes who had just joined the Blazing Sun Kingdom had also increased their strength greatly!

Zhou Zhou looked at the Loots and nodded in satisfaction.

Now, with the 9.32 million troops under his command and controlled by the Star Alliance, his total military strength had reached 25 million!

"If I want to complete the Faction Quests this time, I will face a large number of fog monsters every day. I can upgrade the Incite Defection." Zhou Zhou pondered.

After upgrading Incite Defection, he would increase the level of the Lords' Incite Defection. This way, he would have more new troops every day!

However, there was no hurry.

He turned his attention to the Diamond-Tier Scarlet Lord Talent Sphere he had obtained in today's battle.

Zhou Zhou looked at the Diamond-Tier Scarlet Lord Talent Sphere with burning eyes.

It held a Diamond-Tier Lord Talent!

If used well, he could be treated as a cheat.

He no longer hesitated and focused on it.

A text notification appeared.

[Do you want to purify it?]

"Purify!" Zhou Zhou said expectantly.

The next second.

A golden light flashed on the Scarlet Lord Talent Sphere.

After the golden light disappeared, its message also changed.

[Treasure Name: Blessing of the Ten Gods—Wisdom Master God's Blessing]

[Treasure Grade: Diamond-Tier]

[Treasure Effect: After absorbing it, the Lord will have the Diamond-Tier Lord Talent—Blessing of the Ten Gods—Wisdom Master God's Blessing!]

[Treasure Description: A Lord Talent Sphere purified by the Supreme Will. After absorbing it, you can obtain a Diamond-Tier Lord Talent.]

"It's actually a Lord Talent from the Blessing of the Ten Gods series?"

Zhou Zhou was a little surprised.

He did not expect it to be this Lord Talent.

He could already feel how abnormal the Blessing of the War God's Lord Talent was.

It could be said that the reason why his Blazing Sun Kingdom could have today's achievements was because of this Lord Talent of the Blessing of the Ten Gods series!

He wondered how effective this new Lord Talent of the Blessing of the Ten Gods series would be.

But soon, Zhou Zhou remembered something.

It seemed like there was a Lord Talent holder with the Wisdom Master God's Blessing in the Military Industry Alliance of the Military Industry Lord.

With this Lord Talent, the other party was very popular in researching Cerulean Planet weapons.

Could it be that this Lord Talent was related to researching weapons?

He thought for a moment and another bold idea appeared in his mind.

"I wonder if I can gather all the Blessing of the Ten Gods Lord Talents in the future? Perhaps there will be some new changes if all of them are gathered?" He muttered.

Then, he shook his head and gave up on this idea.

Even though the Blessing of the Ten Gods Lord Talent was not rare, it was not easy to chance upon them either.

If he wanted to gather these 10 Lord Talents, he had to be extremely lucky or slaughter a large number of Lords.

The former was too illusory.

If he wanted to do the latter, he had to take his time.

He stopped thinking about it and looked at the Lord Talent Sphere again.

The text notification appeared again.

Do you want to absorb this Lord Talent Sphere (Diamond-Tier)?

"Yes!" Zhou Zhou said.

The next second.

This Diamond-Tier Lord Talent Sphere immediately turned into countless diamond-colored light spots and surged into his glabella.

Zhou Zhou closed his eyes.

He re-opened his eyes again after some time.

Then, he immediately opened his Lord's personal information.

His Lord Talent column had already been updated!

[Lord Talents: King of Loots (Mythical-Tier. Unique), Gnome Alchemy Workshop (Green Bronze-Tier), Monster Ranch (Yellow Gold-Tier), Incite Defection (Yellow Gold-Tier), Peace And Prosperity (Diamond-Tier), Return To The City (White Silver-Tier), Mysterious Caravan (Yellow Gold-Tier), Master Thief's Robbery Gloves (Legendary-Tier), Blessing of the Ten Gods - Blessing of the War God (Epic-Tier), The Shelter of the Goddess of Life (Diamond-Tier), Knight Temple (Extraordinary-Tier), Dragon Slaying Hometown (White Platinum-Tier), Gift of the Machina (White Silver-Tier), Embrace of the Conqueror (White Silver-Tier), Fighting God Full-time Master II (Green Bronze-Tier), Lord Shop (Mythical-Tier. Unique), Scavenger (Green Bronze-Tier), Sturdy Constitution (Green Bronze-Tier), Agricultural Kingdom

Global Lord: 100% Drop Rate

Chapter 605: Terrifying Extraordinary-Tier Incite Defection!

"My 25th Lord Talent!"

Zhou Zhou nodded.

Then, he immediately opened the details of the talent.

[Lord Talent: Blessing of the Ten Gods—Wisdom Master God's Blessing (Diamond—Tier)]

[Blessing of the Ten Gods—Wisdom Master God's Blessing: The Wisdom Master God's Blessing of one of the ten Master Gods under the Supreme Will. The Wisdom Master God has blessed you and your Wisdom-related Professionals. When you and your Wisdom-related Professionals carry out Wisdom-related Professional actions, you will receive an additional 4,000% promotion energy. There is also a chance of obtaining more Wisdom and Inspiration when carrying out Wisdom Creation-related actions.]

Zhou Zhou looked at this Lord Talent in surprise.

"I see."

"No wonder the Lord in the Military Industry Lord Alliance is good at developing Cerulean Planet Arms."

"It turns out that the Professionals under him have all been enhanced in terms of intelligence."

"Moreover, the range of intelligent Professionals is quite large..."

"Many Lifestyle Professionals can be considered intelligent Professionals.

Archaeologists, mathematicians, physicists, chemists, and biologists on the Cerulean Planet were all intelligent Professionals.

Extraordinary-Tier combat Classes such as Mages, Arcanists, and Mysticians in the High Continent can also be considered intelligent Professionals..."

"Tsk..."

The more Zhou Zhou thought about it, the more he felt that this Lord Talent was terrifying.

In the future, the Professionals in his territory would definitely start to rapidly increase their Lifestyle Professionals levels until they reached the limit of their potential.

At the thought of this, a smile appeared on Zhou Zhou's face.

Even though there were many high-level Lifestyle Professionals in his territory, they were still inferior to the national Lord factions that had existed for hundreds, thousands, or even tens of thousands of years.

After all, his development time was too short.

However, with this Lord Talent, he at least had the qualifications to catch up to them.

In addition, he could also plunder the Lifestyle Professionals of the enemy country through war.

In the long run it was not impossible for him to catch up to or even surpass those Empire-level Lord factions with deep foundations!

As for comparing him to the Lord of the Cerulean Planet?

Zhou Zhou did not even think about it.

With his current level of development, if he still wanted to compete with the Lords of the Cerulean Planet, he would be too narrow-minded.

Under the cleansing of the first two events, Zhou Zhou's current goal was to be the strongest Lords of the myriad races, including even the powerful local Lord factions that had existed for thousands of years!

The Knight Empire, the Elven Empire, and even the high and mighty Empire Kingdom...

That was the target he was chasing.

This was not arrogance.

Instead, he was confident and prepared for the worst.

Then, Zhou Zhou did not think too much about it. He took out 10 White Platinum-Tier Lord Talent Crystal Fragments and fused them into a White Platinum-Tier Lord Talent Origin Divine Crystals. Then, he chose to use them.

A text notification appeared.

[As you have three Yellow Gold-Tier Lord Talents, Monster Ranch, Incite Defection, and Mysterious Caravan, please choose one to level up.]

"I choose to advance to Incite Defection!"

Zhou Zhou said without hesitation.

The other Yellow Gold-Tier Lord Talents were also very good.

However, for now, it was best to increase the effect of Incite Defection.

Therefore, he chose Incite Defection.

Even though he still had other White Platinum-Tier Lord Talent Crystal Fragments that could be used to upgrade Monster Ranch or Mysterious Caravan to the platinum level, he wanted to keep it so that he could raise the Blessing of the War God to the Legendary-Tier or even the Mythical-Tier level.

[Lord Talent has been chosen!]

[Upgrading in progress...]

The next second.

A familiar warm feeling came from between his eyebrows.

The warmth faded.

A new text notification appeared.

[Lord Talent upgrade successful!]

[Congratulations, your Yellow Gold-Tier Lord Talent, Incite Defection, has been upgraded to White Platinum-Tier Lord Talent, Incite Defection!]

[You have leveled up to White Platinum-Tier Lord Talent Effect:]

[Lord Talent: Incite Defection (White Platinum-Tier)]

[Incite Defection: A Lord's exclusive talent. When you fight the enemy Lord's faction head-on, you can activate the Incite Defection talent and make 16% of the enemy Lord's faction your loyal subordinate.]

[Lord Talent Hint One: The minimum number of enemies you can incite using the Incite Defection is one unit, and the maximum number of enemies you can incite using the Incite Defection is one million units. The loyalty of the enemies after using Incite Defection will be at least 89 points.]

[Lord Talent Hint Two: Currently, the upper limit of the Lord faction level that you can Incite Defection is the Mid-level God-Tier Elementary Grade Lord faction! This upper limit can grow.]

[Lord Talent Hint Three: This talent can only be activated once a day!]

Zhou Zhou looked at the White Platinum-Tier Incite Defection information and smiled.

The effect of the White Platinum-Tier Incite Defection was not bad!

Firstly, the percentage of Incite Defection had increased from 12% to 16%.

Secondly, the upper limit of the number of enemies for Incite Defection had increased from 300,000 to one million!

Finally, the upper limit of the Incite Defection faction directly increased from Low-Tier Deity-Level Elementary Grade to Mid-Tier Deity-level Elementary Grade!

It was super awesome!

He looked at his Lord Talent Crystal Fragment and realized that it could continue to level up.

Seeing this, he continued to level up without hesitation.

However, before that, he first took out 29,000 Green Bronze-Tier Lord Talent Crystal Fragments, 110 Yellow Gold-Tier Lord Talent Crystal Fragments, 50 White Platinum-Tier Lord Talent Crystal Fragments, and one Diamond-Tier Lord Talent Crystal Fragment and fused them into a Diamond-Tier Lord Talent Origin Divine Crystals.

Then, he upgraded Incite Defection to Diamond-Tier.

The probability of Incite Defection increasing again for Diamond-Tier Incite Defection, reaching 20%!

Then, he took out another 10 Extraordinary-Tier Lord Talent Crystal Fragments and fused them into an Extraordinary-Tier Lord Talent Origin Divine Crystals, upgrading Incite Defection to the Extraordinary-Tier!

[Lord Talent: Incite Defection (Extraordinary-Tier)]

[Incite Defection: A Lord's exclusive talent. When you fight the enemy Lord's faction head-on, you can activate the Incite Defection talent and make 25% of the enemy Lord's faction your loyal subordinate.]

[Lord Talent Hint One: The minimum number of enemies you can incite using the Incite Defection is one unit, and the maximum number of enemies you can incite using the Incite Defection is five million units. The loyalty of the enemies after using Incite Defection will be at least 89 points.]

[Lord Talent Hint Two: Currently, the upper limit of the Lord faction level that you can Incite Defection is the High-level God-Tier Elementary Grade Lord faction! This upper limit can grow.]

[Lord Talent Notification Three: This talent can only be activated twice a day!]

[Lord Talent Notification: This talent cannot be activated twice against the same Lord faction in the same day!]

"What a powerful Extraordinary-Tier Incite Defection!"

"The Incite Defection ratio has actually reached 25%? Doesn't that mean that once I use Incite Defection, the other party will directly send a quarter of their military strength under my command?"

"And the number of times it can be activated every day has increased to two!"

Zhou Zhou was pleasantly surprised.

This was an unprecedented improvement.

He did not expect it to increase in the number of times it could be activated at the Extraordinary-Tier.

Then, he opened the Lord Group and upgraded the Incite Defection level of his Lords to Diamond-Tier.

This was already the limit of his improvement.

This way, his Lords would also have a 20% Incite Defection percentage ability when using Incite Defection in the future.

This could be said to be a huge improvement for them!

[**Global Lord: 100% Drop Rate**](#)

Chapter 606: Ranking

The Lords were in an uproar when Zhou Zhou shared the Diamond-Tier Incite Defection Lord Talent.

A large number of comments immediately appeared in the Lord Group of the Star Alliance.

[Your Majesty is awesome!!!]

[I offer my knees to His Majesty!]

[My subject asked me why I was kneeling and looking at the chat group.]

[F*ck, f*ck, f*ck! A 20% Incite Defection ratio. In other words, one-fifth of the enemy will belong to me once I use Incite Defection? So heaven-defying???]

[It's indeed a little ridiculous. It would be a cheat if this was in an alternate world web novel!]

[The title will be "Rebirth: I Became A King With Incite Defection In An Alternate World"]

[Awesome!]

[I really want to give it a try... Unfortunately, it's dark. This Scarlet Fog really makes me feel uncomfortable!]

[This Lord Talent is too heaven-defying. I feel that it's not inferior to the Legendary-Tier Lord Talent.]

[You're too narrow-minded. If you know how strong a true Legendary-Tier Lord Talent is, you'll know that even though this Lord Talent is Diamond-Tier, it's still reasonable.]

[Think about His Majesty's Blessing of the War Master God-Tier. Do you understand?]

[Now that you mention it, I suddenly feel that Diamond-Tier makes sense.]

[I'm looking forward to tomorrow. No, I can't sleep anymore. I'm so excited that I won't be able to sleep tonight.]

[Ahem, everyone, pay attention to your image. We're just Lifestyle Lords.]

[Yes, Lifestyle Lords (laughing).]

[Hold tight to His Majesty's thigh! I knew that following His Majesty was the right choice back then!]

...

Zhou Zhou looked at the Lords' chat in the chat group and smiled without saying anything.

Actually, he was also looking forward to tomorrow.

With his Extraordinary-Tier Incite Defection and the Diamond-Tier Incite Defection of the Star Alliance, his new military strength every day would begin to increase explosively in the future!

Give him enough time.

Perhaps...

He could deal with all the Scarlet Monsters surrounding the entire Knight Empire alone.

Of course, this goal was too far away. He had to take it slow.

Then, he looked at the Lord Talent Crystal Fragment he had.

After the consumption just now, he still had:

55,542 Black Iron-Tier Lord Talent Crystal Fragments!

13,617 Green Bronze-Tier Lord Talent Crystal Fragments!

279 White Silver-Tier Lord Talent Crystal Fragments!

165 Yellow Gold-Tier Lord Talent Crystal Fragments!

One Diamond-Tier Lord Talent Crystal Fragment!

Eight Extraordinary-Tier Lord Talent Crystal Fragments!

Nine Epic-Tier Lord Talent Crystal Fragments!

Two Legendary-Tier Lord Talent Crystal Fragments!

Six Mythical-Tier Unique Lord Talent Crystal Fragments!

"There are too few high-level Lord Talent Crystal Fragments."

"Otherwise, I can completely upgrade my Incite Defection to the Epic-Tier or upgrade the Blessing of the War God to the Legendary-Tier."

Zhou Zhou thought regretfully.

However, even though he was regretful, he was not too disappointed.

This was because there was a huge number of Lords, local Lords, and Scarlet Lords participating in the King of Ten Thousand Kings event in front of him.

This was dangerous but it was also an opportunity for him to obtain a large number of Lord Talent Crystal Fragments or even a new Lord Talent!

Just like today. He had obtained 13,100 Green Bronze-Tier Lord Talent Crystal Fragments and one Diamond-Tier Lord Talent!

After he increased his strength, he could completely obtain more and better Lord Talent Crystal Fragments and Lord Talents!

Thinking of this, Zhou Zhou looked forward to it even more.

And the consequence was that he was experiencing insomnia.

He took a deep breath and opened the function icon of the King of Ten Thousand Kings. Then, he clicked on the [Kingdom/ Empire faction points ranking] inside.

Two rankings appeared in front of him.

They were the Knight Empire's rankings and the Elven Empire's rankings.

Zhou Zhou first looked at the Knight Empire's rankings.

[Knight Empire faction points rankings]

[First place: Blazing Sun Kingdom—Lord of The Blazing Sun—6.1 million faction points!]

[Second place: Green Phoenix City - Green Phoenix Lord - 102,000 faction points!]

[Third place: Spiritual Medicine City - Spiritual Medicine Lord - 98,400 faction points!]

[Fourth place: Paper Immortal City - Paper Immortal Lord - 43,500 faction points!]

...

Zhou Zhou's expression did not change.

This ranking was also within his expectations.

He had accepted the Knight Empire's only Legendary-Tier Advance Grade Quests after all. It would be strange if his faction points could not be ranked first under such circumstances.

As for the remaining people from the second place to the 26th place, they were all occupied by the Lords of his Star Alliance.

They had also received their Legendary-Tier Advance Grade Assistance Quests after all. It was more than enough to help them enter the rankings.

Then, he opened the [Knight Empire Camp Channel] and took a rough look.

In the end, he realized that there were already more than 200,000 Lords of All Races gathered in the Knight Empire faction channel.

Among them were the Dragon Race Lord, the Spirit Nether Race Lord, the Goat Head Race Lord, and the Radiant Light Race Lord...

The Lords of all races looked at Zhou Zhou in a dazzling manner.

Of course, there were also human Lords and even Cerulean Planet's human Lords.

And there were many of them.

This was because the Supreme Will did not arrange the initial territory of the Lords of All Races randomly.

It was often arranged according to the principle of the proximity of the Races.

For example, the Lords of the Cerulean Planet would definitely be close to a local Lord faction.

For example, Zhou Zhou's initial territory was close to the Aurora Kingdom.

The other Lords of all races were the same.

Speaking of which, perhaps it was because they were both human Lords, so at that moment, they were all publicizing on the Camp Channel that the Lord of The Blazing Sun had reached the top of the rankings.

Even though they were not the ones who reached the top.

However, as humans, they also felt honored when they saw the Lord of The Blazing Sun reach the top!

Otherwise, even the Knight Empire would probably not feel good if the human Knight Empire's camp was reached by a Lord of the people of foreign race.

"So many Lords of all races joined on the first day."

"In a few days, more Lords of all races should join the Knight Empire."

"They should make the Knight Empire's situation better."

Zhou Zhou pondered.

However, even so, he could not rely on them to save the Knight Empire.

They had only developed for a short period of time after all. They had few soldiers under their command and were weak.

No matter how many Lords there were, they could only be cannon fodder on the current battlefield.

The power of cannon fodder could only relieve the situation and not determine the outcome of the battle.

In the end, Zhou Zhou looked at the fanatical comments praising him on the Camp Channel and smiled. Then, he closed the Camp Channel and opened the Elven Empire's faction points rankings.

[Elven Empire faction points ranking]

[First place: Underground King City—Dark Emperor Lord—54,000 faction points!]

[Second place: Light God City - Light Envoy Lord - 49,000 faction points!]

[Third place: Nature City - Lord of Harmony - 38,800 faction points!]

[Fourth place: Winterfrost City—Lord of Winterfrost—15,000 faction points!]

[Global Lord: 100% Drop Rate](#)

Chapter 607: Method To Break Out Of The Situation! Illusionary Heavenly Fate!

Zhou Zhou looked at the rankings.

He was naturally not at the top of this ranking.

He had yet to complete the Faction Quests of the Elven Empire after all. His faction points were still 0.

However, he didn't do both since this King of Ten Thousand Kings Event would last for a month.

He would be a true hero only by having the last laugh.

He was confident that he could quickly break through the rankings when his Elven Empire Faction Quests began.

Zhou Zhou opened the [Lord of All Races faction points ranking] and looked at it.

[Myriad Races Lord faction points ranking]

[First place: Original Spirit Race—True Lord—15,405,100 faction points!]

[Second place: Shepherds God Race - Heaven Chasing Lord - 14,456,000 faction points!]

[Third place: Chaos Divine City - Great One Lord - 13,206,000 faction points!]

[Fourth place: Myriad Spirit Race—Spiritual Venerable Lord—12,601,000 faction points!]

...

[19th: Human Race - The Lord of The Blazing Sun - 6,100,000 faction points!]

Zhou Zhou's expression froze.

He had only reached 19th place?

He originally thought that he could enter the top five of the myriad races with his advantage.

He did not expect to not even enter the top 10.

He frowned and thought for a while. Then, his expression became serious.

"Is this because of the racial foundation by the strongest races?" Zhou Zhou muttered to himself.

He could rely on his relationship with the humans and elves to obtain the strongest Faction Quests of these two lineups.

How could the top Races of the Original Spirit Race, Shepherds God Race, Chaos Gods Race, and other races not have corresponding methods?

These top-notch Races had developed for countless years and accumulated countless connections and resources from national-level Lord factions.

With these connections, it was too easy for them to obtain a large number of Faction Quests.

He only had the Faction Quests of the two strongest Empire factions.

The other party might have already obtained more than ten or even dozens of Faction Quests from the Kingdom faction or even the Empire faction.

After all, they were Lords of all races from a top race.

The great Race behind them would definitely help it with all their might.

As for the other Kingdoms and Empires, they might even take the initiative to rope them in in order to curry favor with the civilizations behind these top Lords. Then, they would give them the best Faction Quests in their faction.

This seemed to be Zhou Zhou's guess.

However, it was very likely to become a reality under the drive of benefits.

Moreover...

It had become a reality.

Thinking of this, Zhou Zhou frowned slightly.

At this moment, no matter how many Lord Talents he had, he could not think of what to do.

This was the crushing of the civilization and foundation of the Race.

It was not something a Lord of all races who had just arrived in the High Continent for less than a month could resist.

"Why don't I also find the human kingdoms and Empires to help me accept a few Faction Quests with more faction points?" Zhou Zhou thought.

With his current status in the human race, it was very likely that the higher-ups of the human race would help him.

Then, he quickly shook his head and gave up on this idea.

This method was useful, but not much.

Even the human kingdoms and Empires could not compare to the connections and resources of those top-notch Race civilizations.

In the end, it was indeed possible for him to increase by hundreds of millions or even billions of faction points if he gathered the strength of the entire human race.

However, the other party might already have hundreds of billions of lineup points.

"What should we do?"

Zhou Zhou muttered to himself.

There was only one Lord of All Races.

If he did not want to be eliminated,

He had to seize any opportunity to strengthen himself.

To be honest, with the Mythical-Tier Lord Talent, the King of Loots, he might have the strength to fight these top Lords of all races in the future if he gathered countless Lord Talents.

However, it was naturally better to be stronger!

"What else do I have to break out of this situation?"

Zhou Zhou muttered to himself.

...

The night passed.

Intermediate Grade Lord's Paradise.

In the quiet room.

Zhou Zhou sat cross-legged on a golden futon with his eyes closed. He frowned, as if he was thinking about something.

His skin was a little pale, as if he had exhausted a lot of his Spirit.

After a long time,

his body trembled slightly before he opened his bloodshot eyes.

"I found it..."

His voice was hoarse.

Even though his voice sounded a little tired, it also sounded relaxed.

"There was one thing recorded in the Legendary-Tier Dragon Race inheritance of the Light Sacred Dragon."

Zhou Zhou muttered to himself,

"More than 12,600 years ago, a Scarlet Divine Kingdom called Battleaxe led 46 Scarlet Empires and more than 10,000 Crimson Kingdoms to launch a large-scale invasion against the local Lord forces in the northeast of the High Continent."

"At that time, the local Lord forces were in a hurry and were hurriedly forced to counterattack."

"From the beginning of the war, the total military strength of both sides reached more than a trillion."

"This war even alarmed the Supreme Will. The Supreme Will immediately released an event called 'Breaking Battleaxe' at that time. It was to encourage the Lords of all races to resist the invasion of the Scarlet Divine Kingdom together."

"At that time, countless top-notch Race civilizations wanted to be the first in this Broken Battleaxe event and obtain the final reward of the Supreme Will."

"In the end, those top-notch Race civilizations never expected this."

"In the end, this final reward was obtained by an intermediate-level Race civilization called the Illusory Fate Race."

Zhou Zhou's eyes were dark.

"At that time, no one knew how this Illusory Fate Race did it."

"However, the Legendary-Tier Dragon among the dragons, the Spacetime Divine Dragon, accidentally discovered the secret of the Illusory Fate Race's victory through "He"'s Master divine artifact, the Spacetime Mirror."

"So the Illusory Fate Race has grasped a heaven-defying divination bloodline talent called the Illusionary Heavenly Fate."

"Through this bloodline talent, it divined the location of the main Scarlet General of the Hidden Battleaxe Divine Kingdom."

"It even found the location of the Divine Kingdom's Great Marshal, who led the Scarlet Army at that time."

"Then, the other party unconditionally released the positions of all the Scarlet Generals and the Scarlet Marshal."

"The next day, countless God Spirits appeared where they were and assassinated more than 90% of the generals and the most important Grand Marshal of the Hidden Battleaxe Divine Kingdom."

"After this battle, the Hidden Battleaxe Divine Kingdom suffered a huge blow. We have to admit that the invasion failed and escaped from the High Continent in a sorry state."

"As a result, the Broken Battleaxe event ended."

"Even though the Illusory Life Race has never assassinated any Scarlet General, they influenced the outcome of this invasion war. Therefore, the other party was recognized by the Supreme Will as the final winner of the Broken Battleaxe event and obtained the final reward of the Supreme Will."

"Can I replicate the method of the Illusory Fate Race?"

Zhou Zhou muttered to himself.

He pondered for a long time and felt that this was not impossible.

However, before that, he had to find the Illusory Fate Race first and use the Illusory Heavenly Fate bloodline talent they controlled to break out of the situation.

[Global Lord: 100% Drop Rate](#)

Chapter 608: Three Goods! 30 Million Military Forces!

After the Illusory Life Race obtained the final reward of the Supreme Will back then, they knew that they were already guilty of possessing a treasure and cleverly disappeared from the world.

With a top-notch divination bloodline talent like the Illusionary Heavenly Fate, even those top-notch Race civilizations could not find their hiding place.

However, this did not include the Legendary-Tier Dragon Race, the Spacetime Divine Dragon.

With the Spacetime Mirror divine artifact, "He" easily saw that they were hiding in an independent small world called the Myriad Illusions Small World.

However, the Spacetime Divine Dragon was already at the Master God-Tier level back then.

The myriad treasures in the Endless Heavens, even the treasures rewarded by the Supreme Will, would not move "He".

Only treasures that could break through to the Supreme level could attract their interest.

Therefore, the Spacetime Divine Dragon only treated this matter as a play. After watching it, it turned around and forgot about it.

He would only think of it when he was bored and mention this matter to relieve everyone's boredom when he occasionally encountered the Light Sacred Dragon and other Legendary-Tier dragons.

Therefore, this matter was also recorded by the Light Sacred Dragon and the other Legendary-Tier dragons in their secret inheritance.

However, most of them were also Master God-Tier existences. Naturally, he was not interested in such a treasure. However, Zhou Zhou wanted to make use of it now.

"The Myriad Illusions Small World..."

"If the Elven Empire is the initial coordinates, it's about 60 billion kilometers southeast of the Elven Empire."

Zhou Zhou recalled the secret inheritance of the Legendary-Tier Dragon Race and compared it to the current map of the High Continent to find the location of the Myriad Illusions Small World.

It happened more than 12,000 years ago after all.

Under the vast sea and mulberry fields, many places in the High Continent had undergone a huge change in the terrain, and there were even tectonic shifts.

Many kingdoms and even Empires had already disappeared throughout the long river of time.

If Zhou Zhou searched according to the place the Spacetime Divine Dragon had told the Light Sacred Dragon, there was a high chance that he would not be able to find the Myriad Illusions Small World.

Fortunately, even though the High Continent had already been in existence for more than 10,000 years, the ancient empire of the Elven Empire still existed.

He could still find the approximate location of the Myriad Illusions Small World with it as the memory point.

After finding the direction, Zhou Zhou heaved a sigh of relief.

At this moment, while he was not sure if his method would work, he had a direction to work towards at the very least.

It was different from before.

He could not resist even if he wanted to.

"This is the inheritance of the Race civilization."

Zhou Zhou sighed inwardly.

If not for the fact that this matter was recorded in the Legendary-Tier Dragon Inheritance of the Light Sacred Dragon, he would probably not be able to resolve the current predicament no matter how many Lord Talents he had.

From a certain perspective, this usually inconspicuous inheritance was even more valuable than the bloodline talents he had obtained.

It was even enough for him to fight against top-notch civilizations like the Original Spirit Race, the Chaos Gods Race, and the Shepherds God Race at certain times.

He got up and walked out of the quiet room. Only then did he realize that it was already the next morning.

Zhou Zhou shook his head and went to the Lord Shop without thinking too much.

As soon as he arrived at the Lord Shop, he saw Zhou Chengmin looking at him bitterly.

Zhou Zhou was stunned for a moment before reacting.

He seemed to have promised the other party yesterday that he would play games with her tonight...

In the end, he forgot about this because he was thinking about how to break out of the situation.

"I'm sorry. I was delayed yesterday and did not manage to come."

Zhou Chengmin looked at Zhou Zhou's pale face and sighed helplessly. Then, he said seriously, "Your Majesty, rest well for the next two days."

"Look at you. It's very easy for others to misunderstand. I'll try my best to find excellent goods for Your Majesty. Your Majesty, you still have to prioritize your health."

Zhou Zhou was stunned for a moment before smiling.

Last night, in order to find a way to break out of this situation and immerse himself in the various bloodline inheritances in his body, he had indeed consumed a lot of energy.

However, it was naturally not a big problem with his physique.

He cast the Chaos Healing Technique on himself, and his expression instantly returned to normal. He was even much better than usual.

Seeing this, Zhou Chengmin did not say anything else. He took out three silver boxes from under the counter.

Zhou Zhou looked at them one by one.

In the first silver box was a Diamond-Tier Intermediate Grade skill book called Weapon Repair.

In the second box was a talent crystal called Demon Sense.

In the third box was a talent crystal called the Son of Space.

Zhou Zhou looked at the specific information of these goods.

[Skill Name: Weapon Repair]

[Skill Quality: Diamond-Tier Intermediate Grade]

[Skill Description: You have a large amount of Weapon Repair knowledge. You can repair most weapons below the Diamond-Tier Intermediate Grade.

If you lack the corresponding repair materials, you can inject the energy in your body into the weapon, allowing the weapon to have all the Weapon Effects during the undamaged period for a short period of time.

The specific repair effect depends on the level of the weapons and the total amount and quality of energy injected.]

...

[Talent: Demon Sense]

[Talent Effect: Your sense of smell is very sharp. You can easily sense all kinds of smells contained in the air.

You can immediately discover the location of the demons through your sharp sense of smell when they appear around you.]

...

[Talent: Son of Space]

[Talent Effect: Your talent in the Law of Space is like the darling of the Law of Space. You can easily comprehend spatial skills and even have a small chance of comprehending the Law of Space series of Law Skills.]

...

"The Diamond-Tier Intermediate Grade Weapon Repair and the talent, Demon Sense, came from the Demon Hunter who just arrived in the territory yesterday."

"As for the talent of the Son of Space, I don't seem to have any impression of it."

Zhou Zhou scratched his head.

After his territory's Subjects merged with the four countries, there were already more than 30 million soldiers.

With so many subjects, he naturally could not understand the talent and abilities of every subject.

However, he didn't mind and just asked Zhou Chengmin about the prices of these three goods.

"Diamond-Tier Intermediate Grade Weapon Repair is worth 50 Diamond-Tier Mist Cores. The Talent—Demon Sense is worth 20 Legendary-Tier Mist Cores while the Talent—Son of Space is worth 500 Legendary-Tier Mist Cores." Zhou Chengmin said.

"Why doesn't the cost include Territory Tokens?" Zhou Zhou was stunned.

"Does My Majesty have it if I asked for it?" Zhou Chengmin said expressionlessly.

Zhou Zhou smiled as he handed the other party 520 Legendary-Tier Mist Cores and 50 Diamond-Tier Mist Cores without saying anything else.

He then proceeded to learn all of the skills.

Right on the heels of that, he went to the Gate of Summoning without stopping and summoned the 4,000 Subjects today. Then, he led his troops to clean up the Monster Ranch and obtained another 4,331,650 soldier type recruitment books.

Zhou Zhou threw these recruitment books into the Gate of Summoning, increasing the number of troops under his command to 20,004,936!

Zhou Zhou looked at these soldiers and smiled.

Coupled with the more than nine million troops of the Star Alliance, it was a total of nearly 30 million troops!

This military strength should be comparable to some veteran Lord factions of the Intermediate Grade Kingdom, right? Zhou Zhou thought to himself.

Just as he was feeling happy, he saw Zheng Yuanqi walking over with a solemn expression.

[Global Lord: 100% Drop Rate](#)

Chapter 609: Universal Mobile Phones! Hijacked Refugees!

"Your Majesty. Something very strange happened." Zheng Yuanqi said solemnly.

"Why?" Zhou Zhou was stunned.

"No new Subjects came to seek refuge outside our Blazing Sun Kingdom today."

"Not a single one." Zheng Yuanqi said seriously. "This situation is extremely abnormal. Logically speaking, even if the influence of the optimization of appearance decreases, there should gradually be fewer Subjects coming to join our Blazing Sun Kingdom, unlike now, when suddenly no refugees come."

"I suspect that there's something behind this."

Zhou Zhou frowned.

"Could those refugees have gone to other cities in the King of the Blazing Sun?" He thought for a moment and said.

After the Blazing Sun Kingdom annexed the former Tahan Kingdom, the former Aurora Kingdom, the former Titan Kingdom, and the former Nether Bark Kingdom, the higher-ups of the Blazing Sun Kingdom did not give up on many cities in their territory. Instead, they chose to take over and rebuild them as the new residence of all the Subjects of the Blazing Sun Kingdom to relieve the population pressure of the Blazing Sun Kingdom.

It was not impossible for those new refugees to join other cities in the Blazing Sun Kingdom on the way here instead of choosing to come to the capital.

In any case, he could also enjoy the enhancement of Beauty and other Lord Talents by joining other cities in the Blazing Sun Kingdom.

"That won't happen."

Your Majesty, I've already instructed the other territories and cities of the Blazing Sun Kingdom that if they accept the refugees, they must call the capital immediately and gather the most outstanding talents to the capital so that we can gather resources to nurture and train them and develop the potential of these talents as much as possible."

"I haven't received any calls from the City Lords of other regional territories, which means that they definitely haven't received refugees." Zheng Yuanqi said.

'That's right.'

The Blazing Sun Kingdom had telephones.

This was not strange since both the Black Ghost and Starry Night had communication systems after all.

Zhou Zhou only asked Wen Ya to modify the communication system into a personal civilian model through the [Research Room] function of the spaceship. Telephones were easily made.

And now, the officials of the Blazing Sun Kingdom already had phones.

After building a few more phone manufacturing factories and increasing the production, all Subjects of the Blazing Sun Kingdom could completely each have a phone!

This was a level that even the Military Industry Lord, who was developing the technology of the Cerulean Planet with all his might, could not achieve.

"Did the soldiers in charge of protecting the refugees along the way discover any refugees coming?" Zhou Zhou asked again.

"No, not a single one. However, I've already asked Legion Commander Wu Tu to send soldiers to the surrounding area to check what happened."

Zhou Zhou nodded.

He could only wait for news now.

Then, he called Bai Yun over.

"Your Majesty." Bai Yun said respectfully.

"Today, you will lead the troops to the Knight Empire to continue the Faction Quests there."

"I have something else to do."

Zhou Zhou said.

Then, he clenched his right hand slightly, and a ball of blood energy gradually appeared, quickly forming a Blood Bat Avatar. Then, he handed this Avatar to Bai Yun.

"I'll leave this Blood Bat Avatar with you."

"I will observe the situation on your side through this Blood Bat Avatar."

"After each teleportation array you attack, you can occupy the territory of the lowest-level Scarlet Lord."

"Inform me immediately if anything happens. I'll rush over immediately." Zhou Zhou said.

He had the Lord Talent of Return To The City and could teleport through his territory. It was very convenient to use it to provide support.

The current him, as the strongest combatant of the Blazing Sun Kingdom, could personally fight when the time came and with his safety assured.

"Yes, Your Majesty!" Bai Yun said respectfully.

At this moment, a soldier flew over from the distant sky. He carried a little girl on his back and flew quickly in Zhou Zhou's direction. Then, he landed on the ground and said respectfully to Zhou Zhou.

"Your Majesty, Prime Minister."

"We've already investigated the whereabouts of the refugees who came to our Blazing Sun Kingdom."

"After we flew out of the Blazing Sun Kingdom, we followed the main road and scouted into the distance."

"Then we found this little girl."

"Her name is Ying Ning."

"When we found her, she was hiding in an empty tree stump. At that time, her clothes were tattered and covered in blood. It was as if she had experienced a fight."

"We first treated and appeased her. Then, we learned from her that she and a group of relatives and friends originally wanted to join our Blazing Sun Kingdom."

"They were hijacked by a group of creatures covered in ice-blue ice on the way here."

"Ying Ning's relatives and friends have all been captured, and her mother is a Life Professional. She tried her best to cover her in order to let her escape."

"After that... we discovered her."

"Ying Ning still has some injuries, but we've already done the initial treatment. She's basically fine. She should recover in half a month."

The soldier said.

Zhou Zhou's gaze landed on the little girl.

At this moment, this little girl called Ying Ning had already changed into clean clothes. She looked very clean.

However, her face was pale, and her body trembled from time to time. She had been in a state of panic.

Obviously, the fear that the monsters had caused her was still affecting her.

Zhou Zhou squatted down and reached out to touch her hair.

Chaos Healing Technique.

Activate!

A faint chaotic Origin Energy was slowly released from his hand and flowed throughout Ying Ning's body, healing all her external and internal injuries.

Originally, Ying Ning's face was very pale but under the treatment of the Chaos Healing Technique, her face quickly regained its rosy color, and her eyes gradually lit up.

Moreover, he did not know if it was because the level of the Chaos Healing Technique was too high.

The fear in the little girl's eyes lessened by more than half after the healing.

"Thank you, Big Brother."

Ying Ning said gratefully.

"It's okay."

"Big Brother, are you the King of the Blazing Sun Kingdom?"

Even though Ying Ning was young, she was very smart.

She had already guessed that this good-looking big brother in front of her was the King of the Blazing Sun Kingdom that their mother had been talking about from everyone's conversation just now.

"Right." Zhou Zhou nodded gently.

"Big Brother King!"

"Please save my mother!"

"When Mother asked me to escape, she kept shouting for me to come to the Blazing Sun Kingdom to look for His Majesty. She said that Your Majesty is a benevolent and powerful human King."

"Big Brother will definitely be able to save Ying Ning's family, right?"

Ying Ning's eyes were filled with sparkling tears.

Zhou Zhou looked at the crying Ying Ning and his expression turned serious.

"Don't worry. I'll definitely save your relatives and friends." Zhou Zhou said seriously.

Even though those Subjects had yet to join his Blazing Sun Kingdom, they were already Subjects of his country in his heart.

As the King of the Blazing Sun Kingdom, abducting his subjects was undoubtedly a provocation to him!

He would definitely make those enemies pay ten times or a hundred times the price!

"Thank you, Big Brother King!"

Ying Ning immediately hugged Zhou Zhou's hand and cried loudly.

Zhou Zhou did not say anything and only patted Ying Ning's back gently.

The others did not say anything.

However, their expressions were a little heavy.

This child did not cry along the way. She only dared to cry when she saw His Majesty agree to save her family.

It could be seen how much pressure she was under.

Zhou Zhou pursed his lips when he saw Ying Ning crying.

If it was on the Cerulean Planet or Earth... This child should still be in elementary school and playing happily with other children of the same age, right?

"The Ice Demon Kingdom..."

Zhou Zhou muttered to himself.

His voice gradually became a little cold.

After hearing the soldier's description, he immediately thought of the Ice Demon Race in the Ice Demon Kingdom.

Only they would have the physical characteristics described by Ying Ning.

[Global Lord: 100% Drop Rate](#)

Chapter 610: Fury (1)

Zhou Zhou's expression was cold.

Originally, he planned to head to the Myriad Illusions Small World and find the Illusory Fate Race.

However, after what had happened, Zhou Zhou immediately changed his mind and decided to save the kidnapped refugees first.

Firstly, they were all his future Subjects. As their future King, he could not abandon them.

Secondly, the King of Ten Thousand Kings had only advanced to the second day. There was still time. He was not in a hurry to immediately look for the Illusory Life Race.

Thirdly...

As an adult, how could he let down a child's promise!

Since she was asking for help, he would provide her that immediately!

He asked Zheng Yuanqi to preside over the matters of the Blazing Sun Kingdom. Then, he called Chi Xuantian, Xu An, and Wu Tu to board a Starry Night and fly towards the Ice Demon Kingdom.

...

At the border of the Ice Demon Kingdom.

An Ice Ghost in ice-blue armor was chatting with a human in dark red clothes.

"His Majesty the Ice Ghost King is indeed wise and divine. He actually captured tens of millions of humans!"

"If so many humans become slaves, the Ice Demon Kingdom's national strength will increase by at least 10%, right?!"

"When I come to plunder once a day in the future, the Ice Demon Kingdom will be promoted to a high-level kingdom or even an Empire!"

Zheng Qu said fawningly.

Ice Demon General—Ayssa had an arrogant and smug expression.

"The so-called tens of millions of humans are just a group of ants. Moreover, they're a group of ants with delusions."

"They actually want to secretly pass through my Ice Demon Kingdom and join the Blazing Sun Kingdom? Don't they know that the Blazing Sun Kingdom is our Ice Demon Kingdom's mortal enemy?"

"He has a death wish!"

"Since they don't know what's good for them, we'll capture them all and make them slaves of our Ice Demon Kingdom!"

"Coincidentally, my Ice Demon Kingdom has many deep ice crystal mines that require a large number of slaves to mine."

"These tens of millions of humans should be able to mine billions of tons of Deep Ice Crystals for our Ice Demon Kingdom!"

It said proudly.

"Lord Ayssa is right."

"I just wonder... when will the benefits you promised me be fulfilled?"

Zheng Qu said.

His eyes were burning with anticipation.

He was originally a human Lord of the Cerulean Planet. His initial territory was near the Ice Demon Kingdom.

Originally, there was a human kingdom nearby, but later on, this human kingdom was quickly destroyed by the Ice Demon Kingdom.

Zheng Qu was very afraid when he found out about this.

The human kingdom was already a height that he could only dream of.

He did not expect the Ice Demon Kingdom to be even stronger.

He was very afraid...

He was afraid that one day, he would also be destroyed by the Ice Demon Kingdom.

After all, even the human kingdom could not survive from the hands of the Ice Demon Kingdom.

What was a mere Lord of the human race?

And so, he tossed and turned, thinking of a way to save himself.

After thinking about it, he decided to join him.

However, joining the other party required a show of loyalty, so Zheng Qu was vexed again.

However, he was not vexed for long this time.

This was because two days ago, he suddenly realized that a large number of refugees were gathering from all directions and moving in the same direction.

Through sending people to ask, Zheng Qu quickly found out that all of them actually wanted to join the Blazing Sun Kingdom and become Subjects of the Blazing Sun Kingdom!

Moreover, most of them were actually female Subjects.

There was no lack of female rich women and female Professionals, or both.

Their reasons for going to the Blazing Sun Kingdom were similar. There were mainly three reasons.

The first reason was to become beautiful and handsome by joining the Blazing Sun Kingdom!

The second reason was that they had heard that the Blazing Sun Kingdom was a habitable place for the Peace And Prosperity. Therefore, they had come all the way here to live in such a paradise that was not affected by war.

The third reason was the first two reasons and the comprehensive version.

When Zheng Qu found out about this, he was extremely jealous and afraid.

His kingdom was beside the territory of the Ice Demon Kingdom.

It was neither close nor far from the Blazing Sun Kingdom.

If the Blazing Sun Kingdom continued to become stronger, his expansion range would sooner or later include his territory.

If an unambitious Lord knew about this, they might recognize the difference and directly surrender to the Lord of The Blazing Sun.

The Lords of Cerulean Planet on the World Channel all knew one thing after all.

The Lords of the Star Alliance under the King of The Blazing Sun were all dozens or even hundreds of times stronger than before he joined the Star Alliance!

Becoming a subordinate of the Lord of The Blazing Sun might mean losing his status as a Lord and the possibility of continuing to fight for supremacy

but they would definitely live very comfortably!

He would definitely not lose the chance to become stronger!

The King of the Blazing Sun would definitely not mistreat his subordinates after all!

As long as you don't have any thoughts of rebelling against the King of the Blazing Sun, he will definitely nurture you as one of his own!

However, Zheng Qu was unwilling.

The Lord gave him a taste of power.

It was impossible for him to give up his status as a Lord of all races and become someone else's subordinate.

Therefore, he thought of the Ice Demon Kingdom.

Therefore, he told the higher-ups of the Ice Demon Kingdom about the Human Refugee Association passing through the border of the Ice Demon Kingdom and heading to the Blazing Sun Kingdom as a token of his allegiance.

He knew everything that happened after that.

The Ice Demon Kingdom had sent troops to ambush the refugees on the way to the Blazing Sun Kingdom today. Then, they had easily captured tens of millions of human refugees!

The Ice Demon Kingdom was naturally overjoyed.

When Zheng Qu saw this scene, he hesitated and could not bear to see it.

After all, he knew what would happen to these tens of millions of human refugees.

However, he quickly cut off this thought.

Every man for himself!

Please go to hell for my bright future!

"You want 10,000 sets of military equipment, right?"

"Go back and wait in peace."

Ice Demon General—Ayssa said calmly.

Zheng Qu was stunned for a moment before asking carefully, "Can you give me a precise time? As you know, our Lord of All Races is currently experiencing the King of Ten Thousand Kings event announced by the Supreme Will."

"My territory is not strong. I really need these 10,000 sets of conventional military equipment now."

"I said go back and wait? Are you deaf?!"

Ice Demon General—Ayssa looked at him coldly, his tone filled with an unquestionable tone.

Zheng Qu was stunned for a moment before his face turned red and white.

"Then... then I'll go back and wait."

He forced a smile and nodded. Then, he turned around and walked towards his territory.

The further they walked,

the redder his face became, the more blue veins appeared on his face.

He was already furious to the extreme.

Then, he took a deep breath and forcefully calmed the anger in his heart.

"Don't be angry, don't be angry."

"I want to get 10,000 sets of conventional military equipment first."

"When my strength advances by leaps and bounds, I will definitely avenge today's humiliation!"

He gritted his teeth.

"You sold tens of millions of human refugees just for 10,000 sets of conventional military equipment?!"

At this moment, a cold and murderous voice sounded.

Zheng Qu was shocked and looked up.

He saw an extremely handsome man in the Emperor Dragon Robe standing not far away and looking at it coldly.

Beside him were a sword immortal, an assassin, and a Cartographer.

All of them emitted the aura of terrifying high-level experts.

"King of the Blazing Sun?!"

Zheng Qu said in fear.

Zhou Zhou's photo had long circulated on the World Channel.

That person's appearance was unforgettable to countless people.

Zheng Qu was no exception.

However, when he saw Zhou Zhou, his heart was filled with fear.

Without thinking, he turned around and fled.

At this moment, Chi Xuantian, who was beside Zhou Zhou, looked coldly at the fleeing Zheng Qu and extended his right hand.

Zheng Qu's body stiffened. He realized that he could not move at all. Then, he flew back to Zhou Zhou and knelt down uncontrollably.

Zhou Zhou and the others looked at him coldly.

They were all furious.

Especially Zhou Zhou.

He had never been so angry before.

For the sake of his own strength, he sold the lives of tens of millions of his fellow humans.

This could be considered the largest traitor on the Cerulean Planet.

Such bad and stupid traitors were rare even in this treacherous High Continent.
