Chapter 661: Epic-Tier Lord Talent - Super Quests Master

In addition, Night Rakshasa Sword God—Xu An had broken through to the Legendary-Tier!

The Blood Fire Sword Spirit—Bai Yun, the Dragon Horse Spear General—Wu Xin, the Ten-Directional Martial Emperor—Feng Luo had broken through to the Legendary-Tier Elementary Grade!

Soul Arrow—Wu Tu had broken through to Extraordinary-Tier Elementary Grade!

The Original Spirit Race—Ansel had broken through to the Extraordinary-Tier Elementary Grade!

The others also had different increases in strength.

Zhou Zhou looked at the list and nodded slightly.

Now, the total military strength under his command, coupled with the more than 26.1 million troops of the Star Alliance, had already reached more than 73 million!

After Zhou Zhou calculated this result, a smile appeared on his face.

With so many troops around, the difference between them and the fog monsters was not very great.

He undoubtedly felt more confident about those enemies.

Then, he began to deal with the Loots.

First, Zhou Zhou looked at the Epic-Tier Scarlet Lord Talent Sphere.

A text notification appeared.

[Do you want to purify it?]

"Purify!"

Zhou Zhou said expectantly.

The next second, a golden light flashed on the Scarlet Lord Talent Sphere.

Then, the blood-colored light on the Scarlet Lord Talent Sphere disappeared.

At this moment, its message has also changed.

[Treasure Name: Lord Talent Sphere—Super Quests Master]

[Treasure Grade: Epic-Tier]

[Treasure Effect: After absorbing it, the Lord will have an Epic-Tier Lord Talent—Super Quests Master!]

[Treasure Description: A Lord Talent Sphere purified by the Supreme Will. After absorbing it, you can obtain an Epic-Tier Lord Talent.]

"Super Quests Expert?"

"Lord Talent related to Quests?"

Zhou Zhou pondered.

Then, he did not think too much about it and chose to absorb it.

Soon, the Epic-Tier Lord Talent Sphere immediately turned into countless purple light spots and surged into his glabella.

Zhou Zhou closed his eyes.

A moment later, he re-opened his eyes again after some time.

Then, he immediately opened his Lord's personal information.

The 28th Lord Talent appeared in his Lord Talent column!

"Not bad, not bad!"

"The more Lord Talents I have, the stronger my Lord Law talent will be. I will be able to walk further on this path in the future."

Zhou Zhou nodded in satisfaction.

Then, he opened the details of the talent.

[Lord Talent: Super Quests Master (Epic-Tier)]

[Super Quest Master: You are a fanatic about Quests. No matter what Quest it is, you can maintain 200% enthusiasm to complete it. During the long-term completion of Quests, you have gradually nurtured a pair of eyes that can discover Quests and always find the trick to completing them easier. You believe that there is no Quest that you can't complete because you have endless ideas.]

[Specific Talent Effect One: Your eyes can see targets with Quests and hidden missions.]

[Specific Talent Effect Two: When you communicate with the target with the Quests, there is a certain chance of triggering the Quest notification, making it easier for you to obtain the Quest from the other party.]

[Specific Talent Effect Two: When you communicate with the target with the Quests, there is a certain chance of triggering the Quest notification, making it easier for you to obtain the Quest from the other party.]

[Specific Talent Effect Four: There is a very small chance of obtaining additional mission rewards and a high chance of triggering subsequent Quests after you complete the mission.]

[Specific Talent Effect Five: You are a famous Quest Master. After other life forms hear your reputation, there is a certain chance that they will take the initiative to find you and issue Quests to you.]

"This Lord Talent... looks quite useful."

Zhou Zhou looked at this Lord Talent a few times and clicked his tongue in wonder.

He thought for a moment and walked out of the Advance Grade Lord's Paradise. He walked on the street and prepared to test the specific Effect of this Lord Talent.

...

In the capital.

Jade Sun Park.

This was the largest park in the Blazing Sun Kingdom.

It was personally ordered by Zheng Yuanqi and covered an astonishing 10,000 square kilometers.

Such an area was comparable to the size of a city on the Cerulean Planet and could accommodate four to five million people.

The reason why it was built so big.

Firstly, it was because the population of the Blazing Sun Kingdom was increasing. In order to allow more and more Subjects to have places to relax and entertain in the future, this Jade Sun Park was built.

Secondly, it was because there were many Subject Races in the Blazing Sun Kingdom.

There was no lack of Subjects as huge as the Dragon Race.

In order to make Jade Sun Park a place that could accommodate the recreation and entertainment of many Races, Zheng Yuanqi built this park so big.

He even had plans to expand in the future.

At this moment, Zhou Zhou was strolling by a lake called the Leaping Fish Lake in Jade Sun Park.

Along the way...

He saw more than ten people in front of him, sitting on a small bench on a stone by the lake with a fishing rod in their hands, fishing leisurely.

Zhou Zhou clicked his tongue in wonder.

Then, he prepared to leave.

But at this moment...

"Huh?"

He suddenly looked at the top of one of the fisherman's heads as if he had seen a ghost.

A bright golden exclamation mark floated above.

Zhou Zhou could not help but fall into deep thought.

He must have played too many online games, right?

However, it had to be said that such a notification was indeed quite eye-catching.

Zhou Zhou put on a mask and turned into a middle-aged man after some thought. Then, he walked over and came to the other party's side.

He was about to speak when he saw the person in front of him shushing him with a serious expression. Then, he pointed at the lake.

Zhou Zhou nodded and sat down beside him without saying anything else.

However, even though he had sat down, he did not plan to stop. Instead, he sized this person up.

He looked like a middle-aged man with short hair. His hair was a little messy, and his gaze was patient and determined.

Then, his gaze landed on the other party's fishing rod.

At this moment...

A line of golden text suddenly appeared.

[Quest Hint: This is Yu Huan's favorite golden bamboo jade rod. Few people know it. If you mention it to Yu Huan, he will have a certain favorable impression of you.]

Zhou Zhou raised his eyebrows.

He thought for a moment and pretended to be surprised. "This is the Golden Bamboo Jade-Patterned Rod, right?"

"Hey, you know?"

As soon as he finished speaking, the fisherman, who had just ignored him, suddenly turned to look at him with a surprised expression.

"Of course I've heard of such a famous fishing rod."

Zhou Zhou said seriously.

"Not bad, not bad. This is the Golden Bamboo Jade-Patterned Rod. Brother, you know your stuff."

"Sigh, when I first moved here, no one nearby recognized this top-grade fishing rod. It's really frustrating. I thought I was in the desert of the fisher..."

"Speaking of which, I heard that the Blazing Sun Kingdom used to be a huge desert. I really couldn't tell at all."

Yu Huan rambled on.

It was as if talking about fishing could open his mouth.

Zhou Zhou smiled and listened as he communicated with the other party from time to time.

"Big Brother seems to like to fish."

Zhou Zhou chatted.

"It's not just like. It's also work."

"I don't have any other skills, but I know how to fish."

"But fishing is also difficult..."

"I earn very little Mist Cores. It can only supplement my family's expenses."

"My son, Yu Wang, has also grown up. I'm thinking of exchanging the golden bamboo and jade rod in my hand for two Diamond-Tier Mist Cores to find him a wife."

"Aren't there many girls in the city now? And all of them look like thieves."

"If we don't get married now, won't the good-looking ones be snatched away so quickly in the future?"
Yu Huan muttered.

"This fishing rod is a very important treasure to Big Brother, right?"

Zhou Zhou glanced at the golden bamboo and jade-patterned rod.

White Platinum-Tier Advance Grade's fishing rod.

It could increase the experience of the Fisherman's Life Class during the fishing process.

There were also a few exclusive Fishing Skills, other than that.

Even though it was a little old, selling them for two to three Diamond-Tier Mist Cores together was indeed not a scam.

"It's very important."

"It's the reward of the champion, the King of Fish, I obtained in a regional fishing competition."

"I've loved fishing for most of my life. This fishing rod can be said to be my greatest achievement in fishing."

"It's better not to sell such a meaningful item, you can think of another way to make money."

Zhou Zhou hesitated for a moment and suggested.

Yu Huan shook his head and grinned.

"I want to sell it."

"Fishing was my greatest achievement until I had my son."

As soon as he finished speaking, a quest notification appeared.

[Global Lord: 100% Drop Rate](#)

Chapter 662: Quest: Greatest Achievement

[Your Subject, Yu Huan, has issued you a Subject Quest.]

[Quest Name: Greatest Achievement]

[Quality of Quests: White Platinum-Tier Advance Grade]

[Quest Content: Yu Huan wants to find a satisfactory woman for his son, Yu Wang, to be his wife in this wave of immigration. Therefore, he wants to sell his precious fishing rod, the Golden Bamboo Jade-Patterned Rod, to sell the Mist Core and buy his fishing rod to satisfy his wish.]

[Mission Reward: White Platinum-Tier Advance Grade fishing rod, Golden Bamboo Jade-Patterned Rod, as well as blueprints, White Platinum-Tier Advance Grade fisherman's Fishing EXP, 10 Diamond-Tier Mist Cores, Yu Huan's gratitude, and Yu Wang's friendship (extra reward).]

...

Zhou Zhou looked at the mission.

It was just a Normal Quests, so the mission reward was not too special.

The only thing that surprised Zhou Zhou was that Yu Huan's son, Yu Wang,'s friendship was actually an additional reward to him.

Zhou Zhou smacked his lips.

Never mind, it was just an ordinary quest, not a hidden mission. How could he ask for any high-level rewards?

Moreover, he remembered that he had accepted a Quest from Deadwood Village in the past. There was also a child's friendship inside that had become one of the Quests' rewards.

Looking at it this way...

It did not seem strange to use the friendship of children as a mission reward.

He did not mind. He took out two Diamond-Tier Mist Cores and handed them to Yu Huan with a smile.

"I quite like this golden bamboo jade rod, since Big Brother is willing to part with it, how about selling it to me?"

"Really?!"

Yu Huan was stunned and could not react for a moment. When she reacted, she was immediately excited.

Heaven took pity on him.

He had spent countless efforts in order to find a suitable seller to buy his precious fishing rod and was willing to pay to no avail.

Originally, he did not believe the legend that the Blazing Sun Kingdom, which had a rather good green environment, was located in the desert.

However, after realizing that not many people bought his fishing rod, he had to believe it even if he didn't want to.

God had actually sent the seller he wanted to him just as he was worried.

The more Yu Huan looked at Zhou Zhou, the more satisfied she felt.

Since this brother knew the golden bamboo jade rod, it meant that he was also a person who liked to fish.

He did not have to worry about his fishing rod being wasted if he handed his treasures to the other party.

"Thank you, Brother."

Yu Huan sighed.

Then, the two of them handed over the Mist Core and the fishing rod in one hand and each obtained what they wanted.

Still...

When Yu Huan handed over the fishing rod, his eyes were still filled with reluctance.

However, when he thought of his son, the reluctance in his eyes disappeared and a faint smile appeared on his face.

On the other side, after Zhou Zhou obtained the fishing rod, a quest notification immediately appeared in front of him.

[Prompt! Mission Quest: The greatest achievement has been completed!]

[Mission Reward: Yellow Gold-Tier Advance Grade fishing rod, Golden Bamboo Jade-Striped Rod, as well as blueprints, White Platinum-Tier Advance Grade fisherman's Fishing experience, 10 Diamond-Tier Mist Cores, Yu Huan's thanks, and Yu Wang's friendship (extra reward) have been distributed!]

"Big Brother."

"It's getting late. I'll go back and rest first."

"Don't go back too late."

Zhou Zhou stood up and said.

"Okay."

Yu Huan smiled and nodded.

After Zhou Zhou left, he looked at the lake in front of him and sighed.

If it was in the past, he would most likely stay here to fish at night and earn more Mist Cores for his family.

But now that the fishing rod was gone, he could only...

"Hmmm!?"

Yu Huan's eyes suddenly widened.

Because he suddenly saw his precious fishing rod was actually quietly placed on the fishing gear behind him.

"Brother!"

"You forgot your fishing rod!"

He hurriedly stood up and shouted at the figure in the distance.

"Haha, I suddenly don't want it anymore."

"Big Brother, keep it for yourself. You don't have to return the Mist Cores to me."

The figure in the distance waved without turning his head.

At this moment, how could Yu Huan not understand?

He had met a good person!

At this moment...

His body suddenly trembled.

He stared fixedly at the back of the figure in the distance.

At the same time, his voice began to replay in his mind many times.

"This back view... This voice..."

"Why does it look so much like His Majesty?"

"Is it so difficult that the person I was chatting with just now was His Majesty?" Yu Huan muttered to himself.

While this idea was a guess, for some reason, he believed his guess very much.

Perhaps this was a man's intuition.

...

On the other side, Zhou Zhou did not care about the fishing rod.

He was already very satisfied with exchanging two Diamond-Tier Mist Cores for so many rewards.

Why snatch what others loved?

He did not return to the Advance Grade Lord's Paradise. Instead, he continued to stroll around the territory and try to obtain some Quests.

Yu Huan's Quest gave him some benefits. He felt that he could not stop now, as if he had really become a super quests expert.

In the next two hours, with the hint given by the Lord Talent of the Super Quests Expert, Zhou Zhou had actually triggered three more Quests in a short period of time.

Even though they were all Normal Quests, he had also obtained rewards for the total value of more than 100 Extraordinary-Tier Mist Cores.

In addition, he had also obtained a lot of Skills, equipment, Class experience, and even some interesting small tools, allowing him to fully satisfy the addiction of a Super Quests Master.

...

"Time to go back."

Zhou Zhou handed a letter to an old man. After making the old pen pal smile, he successfully obtained the mission reward.

The reward was not much, but he was enjoying it. However, he could not continue.

This was because he wanted to go back and rest. He had been comprehending the Lord's Law previously and made himself so tired. He had yet to rest.

At the thought of this, after bidding farewell to this old man, he rushed towards his Advance Grade Lord's Paradise.

On the way back, Zhou Zhou also took off his mask.

Then, he pondered as he walked.

"I can try not wearing a mask tomorrow and trigger the Quests with my true identity." Zhou Zhou thought.

His status as a Lord would give others, especially the Subjects in the territory, a huge sense of reliability.

This feeling would make it easier to obtain higher-level Quests even though it was easy to pull away from Normal Subjects.

"Your Majesty!"

At this moment...

A surprised and familiar voice sounded.

Zhou Zhou was stunned and looked over.

A girl was running towards him.

It was Bao Xiu'er, whom he had not seen for a long time.

Zhou Zhou had a deep impression of this tailor who had followed him the earliest in the territory.

After all, the other party had mended his clothes many times.

"Long time no see."

Zhou Zhou smiled.

"Your Majesty, nobles are forgetful. I'm afraid you've already forgotten about me, right?"

Bao Xiu'er was quite excited at first. After hearing Zhou Zhou's words, she said bitterly and disappointedly.

Zhou Zhou coughed lightly.

He knew that the other party seemed to be interested in him.

However, he could not force it...

"Where's Teacher Li Huiyue? How's her body?"

Zhou Zhou changed the topic.

"Grandmaster's body has completely recovered."

"And..."

"Xiu'er, who are you talking to?"

Before Bao Xiu'er could finish speaking.

He heard a woman's voice coming from behind her.

Then, a middle-aged couple walked over.

When they arrived, not only were they stunned, even Zhou Zhou was stunned.

[**Global Lord: 100% Drop Rate**](#)

Chapter 663: Li Huiyue's Background! Mid-Tier Deity-level Hidden Mission!

"Teacher Li... Elder Bai?"

Zhou Zhou's eyes widened.

This pair of old men advancing in parallel, their eyes filled with love and warmth, were Li Huiyue and Bai Yuejing.

Li Huiyue and Zhou Zhou were not surprised.

But Elder Bai, what are you doing?

At this moment, Zhou Zhou's mind raced.

He quickly thought of the most correct possibility.

Li Huiyue was cured by Elder Bai.

Could the two of them have feelings for each other during the treatment and were now together???

At the thought of this, he widened his eyes and looked at the couple, his eyes filled with gossip.

"Your Majesty, please listen to my explanation."

When Bai Yuejing saw Zhou Zhou's expression, she knew what he was thinking and explained with a bitter smile.

Zhou Zhou nodded.

Tell me and I will believe them all!

Seeing this, Bai Yuejing could only explain first.

The content of his explanation was almost the same as Zhou Zhou's guess.

Previously, when Bai Yuejing treated Li Huiyue's condition to a certain extent, Li Huiyue was still very weak. Following the principle of a doctor saving people to the end, Bai Yuejing came to Li Huiyue every day to do follow-up treatment.

Under Bai Yuejing's meticulous treatment and care,

Both sides gradually understood each other better.

During the process of understanding, feelings gradually developed between them.

In the end, Li Huiyue stopped pretending and took the initiative to chase after Bai Yuejing, this old handsome man.

Bai Yuejing was also very tempted by this old beauty with an extraordinary aura.

Therefore, the two sides gradually came together.

Two days ago.

They had even become a legal couple under the witness of the officials of the Marriage Department in the Blazing Sun Kingdom.

"Why didn't you call me for such a big matter?"

Zhou Zhou said regretfully.

"His Majesty is busy every day. You were also busy with the activities of the King of Ten Thousand Kings. After discussing it with Huiyue, I didn't tell Your Majesty about us."

"However, we haven't held a wedding banquet yet. We're just registered in the Marriage Department."

"In the future, if Your Majesty is willing and has time, please come when we hold the wedding banquet."

Bai Yuejing smiled.

"Of course."

"I'll definitely go then."

Zhou Zhou smiled and nodded.

The old couple in front of him had a deep relationship with him.

Zhou Zhou naturally had to witness it with his own eyes now that they could get together.

"At that time, we will welcome Your Majesty!"

Bai Yuejing smiled.

Zhou Zhou smiled and nodded.

At this moment...

Li Huiyue looked at Zhou Zhou and hesitated for a moment before suddenly asking,

"Your Majesty."

"How's the situation outside now?"

"Don't worry, everything is under control."

Zhou Zhou was stunned before saying.

Li Huiyue nodded hesitantly.

The three people present could vaguely tell that Li Huiyue had something to say.

Zhou Zhou found it a little strange.

But at this moment, a rainbow-colored exclamation mark appeared above Li Huiyue's head.

At the same time, a line of rainbow-colored text slowly appeared.

[Hidden Mission Hint: Tell Li Huiyue how powerful the Blazing Sun Kingdom is now. Perhaps she has something else to tell you.]

Zhou Zhou was slightly surprised.

It was actually a hidden mission?

He thought for a moment and said seriously to Li Huiyue,

"Just live in the capital in peace. Don't worry about anything else."

"Our Blazing Sun Kingdom is very powerful now. Not only does it have a lot of soldiers, but a God Spirit was even born in the territory two days ago. Moreover, the other party has already agreed to serve the kingdom."

"I don't dare to say anything else with our current strength."

"At least conquering an Intermediate Kingdom is simple."

"Even if the Advance Kingdom leads the entire military force to our Blazing Sun Kingdom, they might not be able to take down our Blazing Sun Kingdom."

Li Huiyue took a deep breath and her eyes became determined.

"Your Majesty."

"Li Huiyue has a request."

Li Huiyue said solemnly.

Zhou Zhou looked at her and nodded.

"Let's not stand there and talk. Let's talk in This King's blessed land."

"Yes, Your Majesty."

Li Huiyue nodded.

Then, he looked at Bai Yuejing, who seemed to know what was going on, and Bao Xiu'er, who was at a loss. He said gently, "Yuejing, Xiu'er, come with us."

The two of them could only nod in agreement.

A moment later, in a study room in the Advance Grade Lord's Paradise.

In a spacious lounge.

Zhou Zhou and the others were sitting there.

"Let me tell you about my situation first."

Li Huiyue took a deep breath and said wistfully,

"Before I came to the Blazing Sun Kingdom in the future, I was born in the Advance Kingdom—the New Wind Kingdom. I was the third daughter of the last King of the New Wind Kingdom, Feng He."

"I was also a princess before the fall of the country."

At this point, she laughed at herself.

"Everything was going very peacefully."

"But one day, everything changed."

"Because a Mist Source was naturally born in the territory of our kingdom!"

"Mist Source?!"

As soon as she finished speaking.

Bao Xiu'er exclaimed.

No one present blamed her.

This was because even Zhou Zhou was shocked by the words Mist Source.

According to the records of the Light Sacred Dragon Bloodline in his body, the so-called Mist Source.

It was also known as the Cultivationless Age Prime Murderer, Scarlet Spreader, and the Cancer of All Realms...

It was a product of an invasion created by the Crimson Overlord in order to invade the worlds under the Supreme Will.

This Mist Source would randomly appear in a certain world in the Endless Heavens.

After it appeared, it would seal off this world or a certain area. Then, it would spread Scarlet Fog in this world or this area and transform all living beings in the sealed area into fog creatures.

This was because the speed at which the fog was spread and transformed into scarlet creatures was too fast.

Most of the life forms sealed could not even escape. They became muddle-headed fog creatures.

In the history of the myriad worlds, there were many examples of the entire world falling into a fog world because of a Mist Source.

It could be seen how terrifying this small Mist Source was.

"My father and mother doted on us the most. After sending us children out of the range of the Mist Source, they were transformed into fog creatures by the Mist Source before they could escape."

"Your Majesty!"

Li Huiyue looked at Zhou Zhou and begged,

"I know that my father, mother, and the Subjects of the entire New Wind Kingdom can't be saved."

"But I don't want them to be humiliated after they die."

"I beg Your Majesty to go conquer the fallen New Wind Demon Kingdom when you have enough strength in the future and give Father, Mother, and the New Wind Subjects... freedom!"

"May I? Your Majesty."

As soon as he finished speaking,

A Quest notification appeared.

[Your Subject Li Huiyue has issued a Quest to you!]

[Quest Name: Conquer the New Wind Demon Kingdom]

[Quality of Quest: Mid-Tier Deity-level Advance Grade - Obscure]

[Quest Description: The New Wind Kingdom that was once famous for flying freely in the sky has been reduced to a fog country because of a naturally born Mist Source. Agree to the request of the Princess of the fallen country and lead troops to conquer the New Wind Kingdom and save their free souls who are unwilling to fall into the Fallen!]

[Mission Reward: Lost Treasure of the New Wind Kingdom]

Zhou Zhou looked at the mission thoughtfully.

[**Global Lord: 100% Drop Rate**](#)

Chapter 664: The New Ancestor Statue Of The Human Race On Cerulean Planet

Zhou Zhou's expression was a little serious.

A hidden mission for a Mid-Tier Deity-level Advance Grade...

This was the first time he had seen such a high-level hidden mission.

The difficulty behind this mission was probably not small and should be at least Mid-Tier Deity-level enemies.

"Where's the New Wind Kingdom?" Zhou Zhou asked.

"My father knows that the fall of the New Wind Kingdom is an irreversible fact."

"Therefore, he activated a Mid-Tier Deity-level Advance Grade Array—Wind King Barrier before he completely fell, completely closing the entire New Wind Kingdom."

"The current New Wind Demon Kingdom has been completely hidden on the High Continent because of the Wind King Barrier. Even a High-Tier Deity-level might not be able to find the location of the New Wind Kingdom."

"However, this Wind King Barrier can be opened with the New Wind royal bloodline."

"However, this Wind King Barrier can be opened with the New Wind royal bloodline."

"This is the map of the New Wind Kingdom."

"Your Majesty, please accept it."

Li Huiyue said.

Then, he took out a golden silk map from his Spatial Ring and handed it to Zhou Zhou.

Zhou Zhou took it and read it.

Soon, he heaved a sigh of relief.

Fortunately, not very far.

With the current speed of the Starry Night, they should be able to arrive after flying at full speed for about a day.

He put away the map and said to Li Huiyue,

"I can't leave for the time being."

"I'll take a look when I have time in two days."

"Thank you, Your Majesty!"

Li Huiyue was about to kneel when Zhou Zhou hurriedly helped her up.

Her eyes were filled with tears. Clearly, this matter had been in her heart for too long.

"You were so seriously injured previously? Could it be?"

Zhou Zhou suddenly thought of this and asked curiously.

Li Huiyue nodded and sighed softly.

"I really missed my family so I went to the New Wind Demon Kingdom alone. I wanted to use the secret passage to see my parents, but I was severely injured by the New Wind Demon Soldiers at the outermost area before I could see my parents."

"I dragged my severely injured body to Fish Spring Town to rest. Then, I happened to encounter my disciple and His Majesty. It could be considered a blessing in disguise."

At this point, she looked at Zhou Zhou and Bai Yuejing beside her.

If not for that injury, he might not be able to meet his disciple, Lord, and loved ones in his life.

It could be considered a blessing in disguise.

Everyone nodded.

"According to His Majesty's Hometown Language, this is called a blessing in disguise!"

Bao Xiu'er quickly came back to her senses from the fact that her Grandmaster was the princess of a fallen country and said with a smile.

She accepted it very quickly.

In another world, the princess of a fallen country might be a very precious 'species'.

But in the High Continent, new kingdoms were established and destroyed every day.

Not to mention the princess of a fallen country.

It was not uncommon for Descendants of the God Spirit to decline.

Among the people present, only Bai Yuejing sighed softly.

Li Huiyue and him had known about this during the treatment.

Originally, he did not want the person he loved to be in danger after almost dying.

However, looking at the scene in front of him, he knew that it was useless for him to say too much.

Forget it, forget it.

Just as well.

With His Majesty's current power, he might really be able to save the New Wind Demon Kingdom.

This could also resolve the knot in Li Huiyue's heart.

Bai Yuejing thought to himself.

...

After Zhou Zhou was concerned about their recent matters, he bade farewell to everyone and returned to his Advance Grade Lord's Paradise.

In the study.

Zhou Zhou sat on a throne made of golden cedar wood and recalled what had happened tonight.

The more he thought about it, the more he thought about it, the more he felt that this Super Quests had astonishing potential.

In just one night, he had obtained many Mist Cores and valuable items. He had also obtained a hidden mission for a Mid-Tier Deity-level Advance Grade. The reward for this mission was the lost treasure of an entire high-level kingdom.

Even though there was a coincidence, it could be seen that this Lord Talent had huge potential.

"My previous guess was right."

"The strength, power, and status represented by my identity also determines what Quests I can receive."

"For example, when I was wearing a mask previously, I could only receive some ordinary middle and low-level Quests."

"Even though the rewards I obtained are also of a certain value, they're only ordinary to the current me. At most, they're a little novel."

"And when I put down my mask and came into contact with Quests as myself, I directly obtained a hidden mission for a Mid-Tier Deity-level Advance Grade!"

"If I had worn a mask to meet Teacher Li Huiyue, she definitely wouldn't have handed her identity and the New Wind Demon Kingdom's entrustment to me without knowing my identity and ability."

"Even if I can know that she has a hidden mission through the mission notification given by my talent, I might not be able to trigger it."

Thinking of this, Zhou Zhou nodded slightly.

Since that was the case...

In the future, if he wanted to do missions, he would try his best to do them with his true identity.

Otherwise, it would be a waste of his experience and title!

As the Strongest Lord of All Races, the owner of the Race's divine artifact, the owner of the Chaos Human bloodline, the Lord favored by the Supreme Will!

This Lord Talent could not be more suitable for him!

He came back to his senses.

Zhou Zhou took out three gray humanoid statues.

This gray willful statue depicted a middle-aged man with a tall crown on his head, a thin face, and a neat black beard.

He looked over.

A text notification appeared.

[Treasure Name: Ancestor Statue of the human race on Cerulean Planet—Zhang Heng]

[Treasure Grade: Extraordinary-Tier]

[Treasure Effect: Place it in the shrine of the Imperial Ancestral Temple and activate the Ancestor Statue's Ancestral Enhancement effect on territory, Subjects, or Lords!]

[Treasure Description: Zhang Heng, courtesy name Pingzi, Han Chinese. He was from Xi'e, Nanyang, and one of the Five Sages of Nanyang. He was a great astronomer, mathematician, inventor, geographer, and literary scholar during the Eastern Han Dynasty of China. He was praised by later generations as the "Wood Sage" (Sage of Science).]

"It's Ancestor Zhang Heng..."

Zhou Zhou came to a realization.

He had a deep impression of this ancestor.

He remembered watching a children's animation when he was young. It told the story of this ancestor making a guidance car.

At that time, he was very curious. Why was the wooden man's finger pointing south even though the direction of the guidance car had clearly changed?

He did not understand it in the end and he did not expect to obtain the statue of this ancestor today.

As for the other two Ancestor Statues of the human race on the Cerulean Planet, they were naturally the two additional Ancestor Statues that Zhang Heng had dropped with the help of his Lord title.

Zhou Zhou first picked up two of them and fused them into an Epic-Tier Ancestor Statue of Zhang Heng.

Then, he took this Ancestor Statue to the Imperial Ancestral Temple.

[Global Lord: 100% Drop Rate](#)

Chapter 665: Treasure — Hou Feng Earthquake Device

Imperial Ancestral Temple.

Zhou Zhou looked at the scene in front of him.

Four 10-meter tall red shrines were neatly placed on the altar.

Three of the shrines worshiped the statues of Sun Simiao, Gong Shuban, and Liu Bei's ancestors.

The other three shrines were empty.

Thick spatial power erupted, forming a spatial passageway with endless suction behind it, directly sucking it into the spatial rift.

Zhou Zhou could not help but complain in his heart.

He had killed more than 100 million fog monsters under his command.

However, there were only a few Ancestor Statues of humans on Cerulean Planet.

This was not a matter of drop rate.

His drop rate was already maxed out.

The fog monsters that could drop ancestral statues were too random and rare.

When he was in the World Channel, he had seen other Lords drop the Ancestor Statue of the human race on Cerulean Planet.

However, no one sold it at all.

Zhou Zhou, the King of Loots, could only covet such a situation.

He didn't think too much about it.

He directly took out Zhang Heng's ancestral statue and carefully placed it in an empty shrine with the Art of Control.

The next second, the entire hall shook slightly.

A deep and solemn middle-aged man's voice sounded.

...

[It's better to retreat and form a net than to envy fish in the abyss.]

...

"So this is what Zhang Heng's ancestor said?"

Zhou Zhou mourned for a second for his language and historical standard.

At this moment...

A new text notification appeared.

[You have placed an Epic-Tier Ancestor Statue of the human race on Cerulean Planet in the shrine of the Imperial Ancestral Temple—Zhang Heng. You have activated the exclusive Ancestral Enhancement Effect: Climate, Wind and Earth Seismoscope!]

[The current Ancestor Statue has been updated!]

[Current Ancestral Enhancement Effect has been updated!]

The next second, a huge golden Climate, Wind and Earth Seismoscope that was 20 to 30 feet tall gradually appeared on the ground in front of Zhang Heng's Ancestor Statue.

Zhou Zhou looked at the Climate, Wind and Earth Seismoscope.

Its entire body was golden in color.

It looked like a wine goblet.

There were eight dragon heads set up outside the goblet. Each dragon head had a small copper pill in its mouth, and under each dragon head was a toad with its mouth open.

"The Climate, Wind and Earth Seismoscope..."

"The world's first instrument to observe earthquakes."

"Unbelievable."

"As expected of a Saint."

Zhou Zhou looked at the seismograph and felt very emotional.

If it was in the modern world, it would not be strange for people to observe earthquakes with all kinds of advanced technology.

In the ancient times when technology was backward, Zhang Heng had forcefully created such a black technology without the help of various scientific instruments. Just thinking about it made him feel ridiculous.

He looked at the information on the device.

A text notification appeared.

[Treasure Name: Climate, Wind and Earth Seismoscope]

[Treasure Grade: Epic-Tier]

[Treasure Effect One: When all the Professionals in the territory create related Class actions, their manufacturing efficiency will increase by 800%. At the same time, during the manufacturing process, there is a very small chance that they will suddenly be inspired and create new item manufacturing blueprints!]

[Treasure Effect Two: The potential of all Physician-related Professionals in the territory will increase by two levels. It cannot surpass the Legendary-Tier Advance Grade at most. (If you leave the territory, the enhancement of your potential will be ineffective.)]

[Treasure Effect Three: When an earthquake occurs within 10,000 kilometers of the Climate, Wind and Earth Seismoscope, it can calm the earthquake for three days. Cooldown: 10 days.]

[Treasure Introduction: Life is hard work. If you don't want it, how can you obtain it?]

[Prompt: This treasure is exclusive to the Imperial Ancestral Temple. It cannot be worn down, lost, or destroyed.]

Zhou Zhou looked at the treasure Effect of the Climate, Wind and Earth Seismoscope and took a deep breath.

Even though this Climate, Wind and Earth Seismoscope was still a little inferior to the Effect of Ancestor Sun Simiao's Thousand Gold Medicine Recipe, it was also very strong.

Firstly, 800% manufacturing efficiency was already very exaggerated!

Professionals in other territories could only do one day of work a day.

The Professionals of the Professional Kingdom could work for eight days a day!

Moreover, during the production process, there was actually a chance of comprehending a new item creation blueprint?

Good God!

The King of Internal Scrolls + Inventor is talking about you?

As for its Treasure Effect Two, it directly increased the potential of the Professionals in his territory by a large level.

Even though the upper limit was Epic-Tier Advance Grade, this was also a height that many life forms could only dream of.

The third treasure's ability to suppress earthquakes was similar to his Lord Talent—Peaceful Times.

His Lord Talent, Peaceful Times, could prevent natural disasters from happening in his territory.

Of course, he could bring this treasure out of the territory and suppress the earthquake outside the territory. He could use this ability.

"A top-grade treasure!"

Zhou Zhou was all smiles.

As expected of the Epic-Tier Cerulean Planet's Ancestor Statue.

The Effect did not disappoint him.

Then, he left the Imperial Ancestral Temple and returned to Advance Grade Lord's Paradise.

...

In a study room in the Advance Grade Lord's Paradise.

In a Loots Warehouse.

This was a special place that came with the blessed land to process, sort, and store Loots.

It occupied a rather large area, which was enough to store a large number of Loots.

After Zhou Zhou arrived, he took out the corpses of the 21 Legendary-Tier fog monsters and three Low-Tier Deity Level Elementary Grade Scarlet Fog God Spirits that he had obtained during the Faction Quests today.

A smile appeared on Zhou Zhou's face as he looked at the corpses of so many high-level experts.

A moment later, all the corpses had been extracted.

The corpses of 21 Legendary-Tier fog monsters provided Zhou Zhou with a total of 1,150 Low-Tier Deity Level Divine Crystals! 18 Low-Tier Deity Level Hero Inheritance Secret Manuals! 189 Low-Tier Deity Level divine artifacts! 260 Low-Tier Deity Level Law Skills! 21 Low-Tier Deity Level Book of The God Spirit! 252 Green Bronze-Tier Lord Talent Crystal Fragments! And 56 Low-Tier Deity Level treasures! For example, Low-Tier Deity Level Potions, scrolls, and materials!

As for the three Low-Tier Deity Level Elementary Grade Scarlet God Spirits, they provided Zhou Zhou with 220 Low-Tier Deity Level Elementary Grade Divine Crystals, three Low-Tier Deity Level Elementary Grade Hero Inheritance Secret Manuals! Three Mid-Tier Deity Level Elementary Grade divine artifacts, 'Fiery Fist'! 18 Mid-Tier Deity-level Elementary Grade Law Skills! Three Mid-Tier Deity-level Elementary Grade Books of The God Spirit! 26 Green Bronze-Tier Lord Talent Crystal Fragments! 12 Mid-Tier Deity-level Potions, scroll materials, and other God-Tier items!

"This Low-Tier Deity Level Scarlet God Spirit is too poor."

"Of the three God Spirits, only one of them has a Low-Tier Deity Level divine artifact."

Zhou Zhou was speechless.

It seemed that the lack of divine artifacts was the same for the God Spirits under the Supreme Will and the God Spirits under the Crimson Overlord.

Still...

He looked at the divine artifact in the King's Treasure Box that was about to pile up into a small mountain. He kept feeling that there was something wrong with the style of the divine artifact on his side...

"It's all brought about by my Lord Talent."

"Speaking of which, my Lord Talent as the King of Loots is really abnormal."

"I feel that the only level of the Mythical-Tier is not enough to describe it."

Zhou Zhou could not help but sigh.

Then, he did not think too much about it. Instead, he called Atley and Aliya over and asked them to gather Bai Yun, Wu Xin, and the other generals of the main territories, as well as the Lords of the Star Alliance, to the conference hall to discuss matters later.

The two sisters took their orders and left.

Chapter 666: Beginner Scarlet Empire of Fei Du! Refine Flame Scarlet Legion!

A moment later, in the conference hall.

Hundreds of generals had gathered here.

Among these generals, many were of different races.

There were human generals, monster generals, Titan generals, kobold generals, Ice Ghost generals, and some generals from other races.

In terms of quantity, about two-thirds of them were human generals, while the other one-third were from the people of foreign races.

Moreover, more than half of these generals emitted the aura of heroes!

Even though the other half of the generals did not have the aura of heroes, their strength and aura were also extremely strong. Their temperaments were shrewd and capable. Clearly, they were not ordinary people.

The Lords of the Star Alliance were among them.

Even though their temperaments were not as good as the generals who had been on the battlefield for a long time, they were considered outstanding people among the Normal Cerulean Planet Lords.

Especially after following Zhou Zhou, she had seen many big scenes and gradually developed a calm temperament.

In addition, Haris and Ze Wu were also present.

At this moment, they were looking at the generals of the Blazing Sun Kingdom in surprise.

It would be hard for them to imagine if they hadn't seen them with their own eyes.

This was the strength of a Lord faction that had just established the Beginner Kingdom a few days ago.

"It's not unreasonable for this King of the Blazing Sun to have come this far."

Haros grinned.

"What kind of Charm does this guy have to be able to attract so many capable people to work under him willingly?"

Ze Wu looked at these generals and experts, and his icy blue pervert eyes flickered.

He recalled what this King of the Blazing Sun had done in the past few days and nodded inwardly.

He dared to think about what others didn't dare to think about and do what others didn't dare to do. The key was that he had done everything...

"He" didn't dare to say anything else.

He was ambitious and had the ability to realize his ambitions. Moreover, there would not be much risk in the process...

If it were "He"...

He really wanted to follow this emperor.

On the other side, seeing that everyone was here, Zhou Zhou briefly recounted how the Scarlet Army would arrive at the Blazing Sun Kingdom tomorrow night. Then, he said,

"That's probably what happened."

"Please share your opinions."

"Wu Tu, you first, tell me about the other party's information." He said.

Wu Tu immediately stood up.

"After receiving His Majesty's order today, the Heavenly Map Army immediately went ten thousand miles away to investigate the situation of the Scarlet Army."

"According to our investigation..."

"This Scarlet Army is a complete Scarlet Army. It comes from a junior Scarlet Empire called Fei Du. It's the strongest army of this Empire, the Smelting Yan Army!"

Everyone's expressions turned serious when they heard this.

It was actually the strongest army of the Empire?

No wonder there were 100 million scarlet troops.

Wu Tu did not look at the others' expressions and continued,

"According to the information we've received."

"After this junior Scarlet Empire called Fei Du let the Smelting Yan Army descend to the supreme continent, they suddenly realized that the location of their descent was actually very close to our Blazing Sun Kingdom. Coupled with the fact that they knew the reputation of the Blazing Sun Kingdom, the ruler of their empire, Fei Du Komori, suddenly changed his mind about invading other empires and headed straight for our Blazing Sun Kingdom."

"It's all for the sake of plundering our Blazing Sun Kingdom and even destroying it!"

"The other party even plans to withdraw from this Tribulation of Ten Thousand Races event after attacking our Blazing Sun Kingdom. This is because they seem to think that their gains after destroying our Blazing Sun Kingdom are enough for them to eat and drink their fill."

As soon as he finished speaking,

Chi Xuantian snorted coldly, his eyes flickering with Sword Radiance. "Looks like our Blazing Sun Kingdom is quite valued by the other party? Aren't they afraid of breaking their rotten teeth if they come to destroy us?"

"Since it's the strongest army of the Scarlet Empire, there should be a Scarlet God Spirit inside."

"I hope the blood of such a Scarlet God Spirit can improve my strength."

Guo Qiao also grinned. His smile was ferocious and arrogant.

On the other hand, Ze Wu's expression was solemn.

"I knew that this divine artifact wouldn't be so easy to obtain... Moreover, it was borrowed at the last minute..."

"He" sighed softly.

Haros was much more excited compared to Ze Wu.

"He" gently stroked the divine artifact on his body with an excited expression, and his eyes were filled with fighting spirit.

"Since it's the strongest army of the Scarlet Empire, there might be a High-Tier Deity-level Scarlet God Spirit among them."

"Very good."

"Now that I have this set of divine artifacts, only a High-Tier Deity-level God Spirit will require me to fight it with all my might!"

As the God of Blazing Sun and Burns!

The nature of "His" personality was influenced by the path of laws he walked. It was actually quite explosive.

From the day "He" became a god.

Deep in "His" heart, "He" yearned to fight with other powerful God Spirits!

However, even though he yearned for battle, he was not stupid. He knew that without a divine artifact, if he really rashly went to fight other God Spirits and encountered a powerful God Spirit with a divine artifact, he would be sending himself to his death.

Therefore, in the days after he became a God, he spent most of his time in seclusion to accumulate strength.

Until the day the King of the Blazing Sun arrived.

"After following the King of the Blazing Sun, I seem to be living the life I want."

Haros thought.

...

"God Spirit!"

"There definitely are."

"According to our intel..."

"At least five scarlet God Spirits have come with the army, and there's no lack of High-Tier Deity-level existences among them!"

"This is some specific information. I've sent it to your personal terminals."

Wu Tu said.

Everyone immediately opened their personal terminals and looked at the information about the Scarlet God Spirit that Wu Tu had just sent.

Zhou Zhou was no exception.

"Mid-Tier Deity—Blood Fiend Demon God—In Robel... a Scarlet God Spirit from the Abyss. He specializes in the Law of Blood and the Law of Evil Energy..."

"High-Tier Deity-level —East Capital King—Zhe Qi... comes from one of the myriad worlds, the Eastern Emperor Great Thousand World. He specializes in the Law of True Fire and the Law of Space Condensation..."

"Low-Tier Deity-level —Tsunami Fist God—Zhao Chengkong... originated from an unknown Martial Dao world's Law-type God Spirit..."

He looked at the information of these God Spirits one by one.

Wu Tu had investigated a total of seven God Spirits.

Among them, there was a High-Tier Deity-level, two Mid-Tier Deity-levels, and four Low-Tier Deity-levels.

As for whether there were other Scarlet God Spirits, he did not know for the time being.

"As long as it's not a True God-Tier that descends, our Blazing Sun Kingdom will have the strength to fight."

A certain hero of the people of foreign race smiled.

"True God-Tier will not descend."

Zhou Zhou said casually, "With the power of a True God-Tier, a casual attack can cause a large-scale damage of at least 5,000 kilometers. If you attack with all your might, you might even permanently destroy a certain place in the High Continent. Therefore, the supreme agreement has stipulated that unless the Empires or Divine Kingdoms fight, True God-Tiers are not allowed to interfere in matters below the kingdom level."

Therefore, the supreme agreement has stipulated that unless the Empires or Divine Kingdoms fight, True God-Tiers are not allowed to interfere in matters below the kingdom level."

"There's only one way for a True God-Tier to make a move in a world with life forms."

"That is to descend on the Holy Spirit that believes in 'He' to walk the world of life forms as a Sage."

"But once a True God-Tier leaves the Holy Spirit, the possessed Holy Spirit will die quickly."

"Even though they will become heroic spirits after death and head to the True God-Tier's Divine Kingdom to be reborn in another form, a living Holy Spirit is much more valuable than a dead heroic spirit."

"Therefore, unless we have to make a move, the True God-Tier won't easily sacrifice the Holy Spirit and descend into the life form world."

He had some of the contents of the Supreme Agreement in his mind, so he was quite clear about such things.

Chapter 667: Bai Yun's Reason! Feng Luo's Path To The Martial God!

Haros and Ze Wu were a little surprised.

This King of the Blazing Sun was clearly a Lord of the human race. How did he know so many secrets...

Next, Wu Tu said some more information, then indicated that he was done.

"Good work."

Zhou Zhou nodded.

It was already quite good to be able to gather so much information in such a short period of time.

"Does anyone have anything to say next?"

He looked at the other generals and they looked at each other.

Then, their gazes landed on Bai Yun.

Even though Bai Yun was not strong, in terms of combat command, she vaguely surpassed the old general, Wu Xin, and became the number one person in the army. Therefore, everyone wanted her to speak first.

For example, Chi Xuantian, Xu An, and Guo Qiao.

Even though they were much stronger than Bai Yun, most of them only trusted their own strength and were not interested in commanding the army at all. Therefore, they had no objections to Bai Yun's current status.

Both sides were like generals and commanders.

Therefore, there was not much conflict between them previously.

Under everyone's gaze, Bai Yun had no intention of being nervous at all. She stood up calmly and said,

"Even though the enemy is coming aggressively, I feel that we will definitely win this war!"

Everyone became serious as soon as she finished speaking.

Even though they had some confidence in the strength of the Blazing Sun Kingdom, they were not as determined as Bai Yun.

Where did her confidence come from?

Bai Yun noticed the gazes of the generals, but her expression did not change as she continued.

"I'll tell you a few reasons."

"Firstly, our military strength is increasing at all times. We only have more than 70 million troops now. After cleaning up the Monster Ranch tomorrow, our military strength will increase to at least 90 million! 90 million against 100 million. Even though there's still a difference in numbers, the difference is not too big. We can even be said to be evenly matched."

"Secondly, Your Majesty has the ability to turn the tables. When they arrive tomorrow or the day after tomorrow, Your Majesty will use Incite Defection and the other party's military strength will decrease by at least 20 million!"

"At that time, we will have 90 million troops while the other party only has 80 million troops. At that time, we will have the advantage in terms of the number of soldiers!"

"Thirdly, we still have nearly 500 million high-quality Faith Divine Crystals in our inventory!"

"It's not an exaggeration to say that so many Faith Divine Crystals are enough for all our soldiers to sacrifice once before using the Small Resurrection Spell to revive!"

"We have a huge tolerance for mistakes in war. Soldiers are not afraid of death when fighting. Even though the other party is a Scarlet Monster, we also know that even Scarlet Monsters are afraid of death!"

"Fourthly, we have a complete military merit exchange system and a huge number of resources to increase our soldiers' strength. Every soldier of ours has obtained a high-level soldier type Class from the military merit exchange system. Moreover, they are well-equipped and have many Skills."

"How many armies of the Lord faction in the entire High Continent can be like us?"

"Our opponent tomorrow is just an ordinary Scarlet Legion that wants to rely on their numbers to sweep through us."

"I think our soldiers will be completely stronger than them!"

Bai Yun said firmly.

Everyone nodded.

They naturally trusted and were proud of the strength of their soldiers.

Just as Bai Yun had said, the soldiers of the Blazing Sun Kingdom were definitely one of the strongest and most fearless soldiers among the human soldiers of the same level and even the soldiers of the people of foreign races!

Coupled with the other factors mentioned by Bai Yun, they also felt that their chances of winning were much higher.

"There's still the fifth point."

"This Refine Flame Scarlet Legion is still more than 10,000 kilometers away from us."

"This distance is neither too far nor too short, but it can completely allow us to set up traps along the way in advance and ambush it to weaken its strength."

"We have Starry Night. We can observe from an extremely high altitude and even attack from a high altitude. Unless the other party uses high-level combat strength or even the combat strength of a Scarlet God Spirit, they basically won't be able to hurt us."

"If the other party's high-level combatants really dare to fly up to look for us..."

Bai Yun smiled. "Without the help of those Normal Scarlet Soldiers, our advantage will be even greater."

"Even if there are only a few, it's enough to increase our chances of winning."

Everyone nodded.

Even though God Spirits were powerful, once there were more lower level soldiers, they could not be underestimated.

For example, if tens of millions of lower level soldiers attacked a Low-Tier Deity level God Spirit together, this God Spirit would not be able to withstand it.

Quantity would cause a qualitative change after all.

"I have good news too."

"The new God Spirit of our Blazing Sun Kingdom, Lady Ice Flower, has already established her Divine Kingdom. She will return tomorrow."

Zhou Zhou said.

Everyone was a little excited.

Even though the other party was a God Spirit of the people of foreign race, "He" was also a Subject of their Blazing Sun Kingdom.

The battle was about to begin.

It would definitely be a good thing to have another God Spirit on their side.

"How can it be so fast?"

Haros said in surprise.

Didn't the other party just build the Divine Kingdom in the morning?

It was successfully built in less than a day?

Normally speaking, it would need at least two or three days for it to be built successfully.

Zhou Zhou shook his head, indicating that he did not know.

Actually, he knew in his heart.

According to the information Vicky had told him,

"He" had discovered the location of the Ice Demon Kingdom's God Spirit Divine Kingdom in the information "He" had given the other party about the original God Spirits of the Ice Demon Kingdom.

The four Ice Demon God Spirits of the Ice Demon Kingdom might have built their Divine Kingdom together with the thought of advancing and retreating together.

When Vicky arrived and discovered the already dilapidated Divine Kingdom, she immediately became overjoyed. She directly built her own Divine Kingdom with their dilapidated Divine Kingdom as the foundation.

As their bloodlines came from the same source and they had both used ice-element laws to become Achievement God Spirits, this operation was smooth beyond expectations. In less than a day, Vicky had built her Divine Kingdom and was preparing to return.

Now, the other party was already on the way back with the divine inheritances of the four dilapidated Divine Kingdoms.

"He" planned to offer the inheritance of these God Spirits to the Blazing Sun Kingdom.

This was because Vicky also knew that the Ice Ghost King Kingdom and the four Ice Ghost God Spirits had been destroyed by the Blazing Sun Kingdom.

The inheritances of these God Spirits were more accurately the loots of the Blazing Sun Kingdom.

In addition, these inheritances were all God-Tier medicinal herbs, God-Tier minerals, and other God-Tier treasures.

There were no divine artifacts or Law Skill inheritances.

Therefore, "He" was not interested in staying.

Zhou Zhou was naturally very satisfied with Vicky's performance.

He even planned to reward "He" with a few Low-Tier Deity Level Elementary Grade divine artifacts when "He" returned.

As for why he did not tell Haros, it was naturally because Haros was an outsider for the time being.

Zhou Zhou would not be stupid to tell them everything.

"Your Majesty."

At this moment...

The Ten-Directional Martial Emperor, Feng Luo, stood up and pointed at a human Scarlet God Spirit displayed on his personal terminal.

"Can I deal with this Scarlet God Spirit?"

Zhou Zhou was stunned.

Everyone was also a little surprised.

They looked over.

The Scarlet God Spirit Feng Luo was pointing at was Zhao Chengkong, the Martial Arts Law God Spirit from an unknown martial arts world!

Zhou Zhou pondered and said, "This guy is a Low-Tier Deity Level Elementary Grade God Spirit... Are you confident?"

Feng Luo's comprehension ability was astonishing.

This could be seen from the fact that he had independently comprehended his own Law Skill.

Zhou Zhou had many heroes under his command.

However, there were very few generals who had comprehended Law Skills by themselves.

Even a heaven-defying Sword Dao prodigy like Chi Xuantian had yet to comprehend his own Law Skill.

It could be seen how strong Feng Luo's comprehension ability was!

However, no matter how strong his comprehension ability was, the other party was still a true Martial Dao Law God Spirit!

"Your Majesty!"

Feng Luo raised his head and stuck out his chest. His temperament was steady and calm. He said calmly, "I comprehended my own martial arts Law Skill—One Blade Ultimate—a long time ago!"

"And just last night, I had already walked my own path as a God Spirit!"

"Or rather..."

"The path of the Martial God."

[Global Lord: 100% Drop Rate](#)

Chapter 668: Should I... Accept The Friend Request?

As soon as he finished speaking, a pressure that was similar to divine might and the pressure of blood energy suddenly came from his body.

It was the unformed divine might!

This meant that even though the other party had yet to become a God Spirit, he had already come into contact with the path of a God Spirit.

From now on, as long as he continued step by step and with the help of enough resources, there was at least a 50% chance of becoming a God Spirit.

As soon as this pressure appeared, all the generals, experts, and Lords looked at him in unison, their eyes shining with envy.

Some of them had already obtained the Book of God Spirit rewarded by Zhou Zhou and were already on the path to becoming God Spirits.

However, their God Spirit path was ultimately given to them by Zhou Zhou. Their advancement would accelerate in the early stages, but in the later stages, especially after reaching the upper limit of the Book of The God Spirit, it would be very difficult for them to break through this upper limit, making it extremely difficult for them to break through to the next God Spirit Realm.

Unless they could change to a higher-level Book of The God Spirit to increase their potential and then use their great perseverance and wisdom to study the God Spirit path of the new Book of The God Spirit from the beginning. Only then could they embrace the new method and take another step forward!

The difficulty could be seen as average.

It would be completely different if he walked the path of a God Spirit.

This path would be very suitable for him because it was the God Spirit path he had developed.

Moreover, when he needed to break through the upper limit of the path in the later stages, he only needed to follow his own method and continue to develop up the original path. There was no need to take a detour or walk on the path of other God Spirits.

Therefore, those who could walk the path of a God Spirit had extremely high potential!

For example, the Book of The God Spirit that Zhou Zhou gave his subordinates was usually divided into three situations.

The first was that his future potential was limited and he might not even be able to become a subordinate of a God Spirit.

Zhou Zhou would only allow such subordinates to surpass the upper limit of their potential and reach a realm that they could not reach previously if he gave them the Book of The God Spirit. This naturally did not matter if there was an upper limit or not.

The second was that the Book of The God Spirit was extremely compatible with its subordinates.

For example, as a Natural Assassin, Xu An was naturally compatible with the Book of The God of The God Spirit given to him by Zhou Zhou.

It would only allow Xu An to understand his God Spirit path faster. He could even take advantage of his strengths to make up for his weaknesses and easily break his upper limit.

The third situation was that his potential was astonishingly high.

Geniuses with Master God-Tier potential like Xiao Xuan and Chi Xuantian!

Their future potential was at the Master God-Tier level!

Naturally, he would not be restricted by the God Spirit path of a mere Low-Level God.

After reaching the upper limit of the path given by the Book of The God Spirit, they could even easily use their potential to break the upper limit and walk on their own path.

Otherwise, if it was really so easy to be restrained, then their potential would not be at the Master God-Tier level.

However, even so, Zhou Zhou did not give them the Book of The God Spirit.

He still hoped that they could walk their own path as God Spirits.

...

"Okay!"

Zhou Zhou clapped.

"Since you're confident, I won't say anything else."

"Don't worry about the battle. Our Blazing Sun Kingdom is behind you." He said.

With the Holy Spirit-Tier Faith Divine Crystals, he was naturally not afraid of his subordinates' deaths.

"Thank you, Your Majesty, for fulfilling my wish!"

Feng Luo said respectfully.

The Martial God path he wanted to walk required him to experience a large number of battles with experts. It would naturally be best if he fought experts from the martial arts course.

He took the initiative to make this request to Zhou Zhou because it concerned his future path.

Zhou Zhou smiled and nodded before letting him sit down.

Perhaps it was because the fact that he had walked his own path was too shocking.

Many gazes still fell on Feng Luo even after he sat down.

Zhou Zhou was also very satisfied with him.

This guy...

He had given him many surprises ever since he used the Law Skill he had comprehended.

He did not expect it to give him such a big surprise again.

He thought for a moment and said to Feng Luo,

"After the meeting, go to the military officer and collect 1,000 Legendary-Tier Mist Cores worth of military merits."

"This is your reward for comprehending your own God Spirit path!"

At this point, he looked at the others and realized that they were all looking at him with burning eyes.

Zhou Zhou smiled.

"If any of you comprehend your own path as a God Spirit in the future, you can also receive such a reward."

"Also..."

"There's no need to think too much about the generals and experts who have already used the Book of The God Spirit."

"With the sufficient resources provided by my Blazing Sun Kingdom, the probability of breaking through to the God Spirit Realm will increase by at least 40%!"

"There will naturally be more benefits waiting for you after you become God Spirits."

"Don't worry too much about the reward I just mentioned!"

...

"Yes, Your Majesty!"

The morale of the generals and experts soared, and everyone's eyes were filled with the flames of ambition.

Who doesn't want to become a God Spirit?

Not to mention that His Majesty is using real benefits to crazily encourage us?

Who can resist this temptation?

Haros and Ze Wu looked at each other.

This High-Tier Deity-level and Mid-Tier Deity-level actually felt a little envious.

This King of the Blazing Sun and his Blazing Sun Kingdom were really rich!

They did not have such a good faction to provide them with resources and support before they advanced to the God Spirit Realm back then.

After that, everyone discussed for more than an hour and arranged specific missions before the meeting ended.

After the meeting ended.

The generals immediately went to do what they had to do.

Zhou Zhou originally wanted to go take a look at his Machina race clone.

However, before he could leave, his message page Blinked.

Zhou Zhou took a look.

He realized that it was a message from the Military Industry Lord.

He looked over.

[Military Industry Lord: Your Majesty, that descendant of the Holy Roman Empire—Estan has already handed over a third of the country's wealth to me. I'll send you the transfer certificate, a third of the country's wealth, and the corresponding books on the nuclear weapons manufacturing process.]

[Lord of The Blazing Sun: Alright.]

A moment later, the Military Industry Lord sent him everything he said.

One-third of the country's wealth was 500 Legendary-Tier Mist Cores.

This was also written on the handover certificate, proving that the Military Industry Lord was not filling his own pockets.

The corresponding books for the nuclear level Arms manufacturing process were an entire library.

Zhou Zhou clicked his tongue in wonder and put away all of this. Then, he put away the Mist Core and the handover certificate. As for these books, he handed them to Wen Ya to study.

Then, he sent the Kingdom Token he had agreed on.

This transaction was completed harmoniously.

[Military Industry Lord: Your Majesty.]

[Military Industry Lord: The Overlord Lord, Dragon Lady Lord, Undead Lord, Dark Martial Lord, and Black Heaven Lord, the five top Lords of Cerulean Planet, also want to trade the Kingdom Token with you.]

[Military Industry Lord: Do you want to... approve their friend request?]

Chapter 669: The Dark Martial Lord Is Removed From The Group Chat

When the Military Industry Lord said this, he could not help but want to complain.

In terms of the difficulty of adding him as a friend, His Majesty was definitely the most difficult Lord to add as a friend among all the Cerulean Planet Lords.

If not for the fact that he had some trade relationship with the King of the Blazing Sun previously, his friend request would probably have been deleted long ago.

Zhou Zhou was stunned.

He opened his friend request list and saw billions of friend request messages.

After a few seconds of silence, he opened the search bar and typed the names of these Lords.

Soon, he saw the friend requests of these Lords.

Moreover, it was not the first or second time they had requested it.

The most recent time was more than half an hour ago.

Zhou Zhou did not think too much about it. He approved all their applications and pulled them into a group alone.

[Lord of The Blazing Sun: Hello, everyone!]

[Lord of The Blazing Sun: I heard from my little brother that everyone is interested in my Kingdom Token?]

[Military Industry Lord:_•`) Hide]

[Dragon Lady Lord: Yes, I wonder if the King of the Blazing Sun is willing to sell it?]

[Black Martial Lord: King of the Blazing Sun, the entire Cerulean Planet is currently experiencing the crisis of the Tribulation of All Races. Only when our Cerulean Planet's human Lords join forces and build our own kingdom can we unite all our strength to protect ourselves. As a Lord who has done so much with the Kingdom Token, why do you still have the intention to sell it? You should hand the Kingdom Token to us, the top Lords of the Cerulean Planet. Only then can you minimize the losses of the Cerulean Planet's human race. If you ask for too much and we can't obtain the Kingdom Token, the human Lords

of the Cerulean Planet will suffer heavy losses because they are alone and helpless in this Tribulation of All Races. Can you bear this responsibility?!!]

As soon as these words were spoken, the entire chat group fell silent.

The Military Industry Lord, the Undead Lord, the Overlord Lord, and the Dragon Lady Lord broke out in cold sweat.

[Lord of The Blazing Sun: You're really lucky to be alive until now with your intelligence.]

[Lord of The Blazing Sun: Show some information about the Compass of the Soul of Vengeance.]

[Lord of The Blazing Sun: Bye-bye.]

[Lord Black Martial has been moved out of the group chat.]

...

About 160 billion kilometers away from the Blazing Sun Kingdom.

Black Martial City.

When the Dark Martial Lord—Fan Yin saw that he had been removed from the group chat, he was first stunned, then furious.

Snap!

A golden jade cup was smashed to the ground.

"A Lord with dog luck walking in front is probably just a low-level person who earns a few thousand a month and has no power when he returns to the Cerulean Planet. How dare he treat me like this?!"

"If you dare to do this to me on the Cerulean Planet, I'll let your entire family live a life worse than death!"

Fan Yin was so angry that his entire body was trembling, and his gaze was ruthless.

He was once an only child. With his family connections and doting, he controlled a lot of power in both the underworld and the underworld.

On the Cerulean Planet.

He was a person praised by tens of thousands of people. Women, wealth, power... It could be said that he could get whatever he wanted. Even if there were some things that he could not obtain for the time being, he could easily obtain them with some small tricks.

Who would have thought that the Supreme Will moved countless Cerulean Planet people, including him, to the High Continent on a whim.

At the beginning, Fan Yin, who had lost everything, felt very desperate.

However, the Subjects at the bottom obediently bow down to him with an order and he let his subordinates snatch the beautiful daughter of a commoner for him to enjoy during the day with a casual sentence, when there was no national law to punish him.

He suddenly fell in love with this lawless life where he made his own decisions.

This was because the supreme right to be a Lord was something he could not enjoy on the Cerulean Planet.

Even though he could almost do whatever he wanted on the Cerulean Planet, there was still a limit.

On the High Continent, as long as he did not leave his territory, coupled with the extraordinary power given to him by the Black Martial Artist Lord Talent, he could really do whatever he wanted without any scruples!

At that moment, the Lord of The Blazing Sun appeared in his vision.

His achievements, the wealth he had, the power he controlled, and his reputation among the Lords of the Cerulean Planet and even the Lords of all races... were all things he was very jealous of and yearned to have.

He had once tried to add the Lord of The Blazing Sun as a friend.

It was because he wanted to use the methods he was good at to deceive the other party and transfer everything to him.

And yet...

His request was not approved!

The Dark Martial Lord was very angry about this, but he had no choice.

Later on, the Kingdom Token was discussed.

Even though he was arrogant and domineering, he was not stupid. He naturally knew the value of the Kingdom Token.

If he had the Kingdom Token and could build his own kingdom, the enjoyment of being a top-notch Lord would definitely increase by hundreds or thousands of times!

Therefore, he asked his friend to find the Military Industry Lord to join this transaction.

Then, he, who was very stingy, was unwilling to pay a high price. Therefore, he wanted to use righteousness to coerce the other party. He did not expect the other party to not fall for this at all and directly move him out of the group chat.

"No way!"

"I definitely can't give up on the Kingdom Token. As long as I have the Kingdom Token and build my own kingdom, the identity, status, wealth, and everything else I have will increase by more than ten times!"

"Now is the best time to build a kingdom. Otherwise, there will definitely not be such a good opportunity for me to possess so many resources in advance and build a kingdom after this special period of the Tribulation of All Races!"

Fan Yin quickly thought about it and quickly thought of the Military Industry Lord and the others.

"If they can obtain the Kingdom Token, I can try to see if I can snatch the Kingdom Token from them."

A ruthless glint flashed across his eyes.

He was more afraid of fog monsters.

However, he was best at dealing with his fellow clansmen.

He came back to his senses.

He was about to close the chat group in front of him that could no longer speak.

Then, he saw the treasure information of the Compass of the Soul of Vengeance sent by Zhou Zhou.

"How... How can there be such a treasure?!"

When he saw the ability of this compass, his originally ruthless expression suddenly turned pale.

...

On the other side, in the chat group.

At this moment, no one spoke.

All the Lords in the chat group, other than Zhou Zhou, were staring fixedly at the treasure information of the Compass of the Soul of Vengeance.

Such a treasure actually exists?

All the Lords present were terrified.

Why did someone still dare to scold the Lord of The Blazing Sun in the world channel of the Cerulean Planet at this stage?

To put it simply, he thought that he was untouchable with this distance between them.

No matter how powerful you, the Lord of The Blazing Sun, is, are you going to come to my territory to capture me through the Cerulean Planet's World Channel?

Since you can't then why should I be afraid?

I can scold anyone I want. Who cares who you like or dislike?

Such an aura was like a keyboard warrior.

The reason why this Dark Martial Lord dared to say such brainless words was partly because of his personality and his desire to coerce Zhou Zhou.

However, the main reason was because he was not afraid that Zhou Zhou would come and take revenge on him.

However, he never expected that Zhou Zhou actually had a treasure like the Compass of the Soul of Vengeance.

Therefore, he was dumbfounded.

At the same time, the four top Lords, the Dragon Lady Lord, the Overlord Lord, the Undead Lord, and the Mystic Heaven Lord, also warned themselves in their hearts.

Unless they had the strength to resist the Lord of The Blazing Sun in the future or the ability to stop the Compass of the Soul of Vengeance from detecting their location, they definitely could not provoke the King of the Blazing Sun.

Otherwise, he would use this treasure to find their location before sending an army to suppress the border, then the person who provoked the King of the Blazing Sun would really be finished.

Chapter 670: Black Martial Artist! Mystic Heaven Lord! Auctioning The Kingdom Token!

After Zhou Zhou moved the Dark Martial Lord out of the group chat, the Military Industry Lord was the first to come out and admit his mistake.

[Military Industry Lord: Your Majesty, I'm sorry. I didn't know him well. I just heard of his reputation in the past and know that he's considered one of the top Lords on the Cerulean Planet.]

[Military Industry Lord: Later on, a friend of mine took the initiative to look for me after he found out about the Kingdom Token. He said that he wanted the Dark Martial Lord to join him. I owe this friend a favor. After thinking about it, I felt that the other party could be considered a top-notch Lord, so I agreed. I didn't expect this Dark Martial Lord to be such a fool!]

The Military Industry Lord was also cursing in his heart.

It's fine if you're f*cking stupid, but don't f*cking drag me down with you!

At this moment, no matter how good his temper was, he could not help but feel anger and even... killing intent!

During this period of living in the High Continent,

he was no longer the innocent and honest weapons development Techies he used to be.

[Lord of The Blazing Sun: It's fine. Just treat it as a joke.]

[Lord of The Blazing Sun: Tell me about this guy. I want to know what abilities this guy has. His words are so annoying that he can still live until now.]

When the Military Industry Lord heard this, he immediately knew that his chance to show off had come.

[Military Industry Lord: Your Majesty, this Dark Martial Lord is a Lord who bullies the weak and fears the strong. He usually lords over his territory, but the group of Dark Martial Artists under his command are indeed quite powerful.]

[Military Industry Lord: It's said that the Black Martial Artists under his command have a special method. They can freely enter and leave the Scarlet Fog. Moreover, they have grasped the ability to weaken the enhanced strength of the fog monsters at night.]

[Military Industry Lord: This ability is quite rare. It's said that he even used his black Martial Artist soldiers to befriend some Kingdom-level Lord factions. To put it bluntly, he's working for those native Lord factions.]

[Military Industry Lord: If nothing goes wrong, this should come from his Lord Talent.]

Zhou Zhou's eyes lit up.

There was actually such an innate ability?!

He immediately thought of the Refine Flame Scarlet Legion that was coming tomorrow.

After the other party arrived, there was a high chance that they would attack his kingdom at night.

If he could also master this method to allow his soldiers to avoid the threat of the Scarlet Fog, the chances of his soldiers surviving in battle at night would definitely increase greatly!

Zhou Zhou thought for a moment and typed:

[Lord of The Blazing Sun: Do any of you know the location of this Dark Martial Lord's territory?]

When the Military Industry Lord, the Dragon Lady Lord, the Overlord Lord, the Undead Lord, and the Mystic Heaven Lord saw Zhou Zhou's message, an idea appeared in their minds.

Could it be...

This guy wanted to deal with the Dark Martial Lord?

Thinking of the Compass of the Soul of Vengeance, everyone felt that it was really possible.

[Mystic Heaven Lord: I know!]

Zhou Zhou looked at this Lord's name thoughtfully.

Thanks to the fact that he usually knew how to surf the World Channel when he was free.

He knew some famous Cerulean Planet Lords.

This Mystic Heaven Lord was one of them.

It was said that this person's Lord Talent was the White Platinum-Tier Lord Talent—Immortal Sect Protection.

The effect of this Lord Talent was...

Within his territory was a cultivation sect—the Mystic Heaven Sect.

During the aptitude test, the Subjects in his territory had a higher chance of awakening an immortal cultivation spiritual root and being taken in by the Xuantian Sect to be an Immortal Dao Qi Practitioner.

This was nothing.

At most, the territory would have one more rare Class Change opportunity.

But the key was...

The Mystic Heaven Lord, who had the Lord Talent of the Immortal Sect Protection, actually had extremely high cultivation aptitude.

It was said that his cultivation aptitude was so high that he even had a chance of touching the Zenith Heaven Golden Immortal Realm (True God-Tier) in the future!

This aptitude even alarmed the upper sect of the Black Heaven Sect in the Immortal World, the Profound Heaven Immortal Sect.

There was even a True Immortal (Low-Tier Deity) from the Upper Realm who took him in as his disciple for the time being. Then, he left behind a bunch of immortal cultivation resources and left.

This matter quickly caused a huge commotion in his territory.

It was said that the average loyalty of the Subjects in the entire territory had increased by a few points.

After this matter was sent to the World Channel, the Cerulean Planet Lords on the World Channel were naturally envious and jealous.

Some Lords even joked.

This Mystic Heaven Lord had forcefully made a White Platinum-Tier Lord Talent feel like a Legendary-Tier Lord Talent.

Even though it was a little exaggerated,
it could be seen how high this person's potential was.

[Lord of The Blazing Sun: How did you know?]

[Mystic Heaven Lord: My territory is not far from this guy's territory. Previously, when I joined the Mystic Heaven Immortal Sect, this person specially came over and wanted to buy my Immortal Dao cultivation technique at a low price. After I rejected him on the grounds that my sect did not allow it, this guy thought that I was unwilling to sell it to him. He flew into a rage out of humiliation and often sent troops to attack my territory.]

[Mystic Heaven Lord: My sect can't interfere in the battle for the title of Lord of All Races. I had no choice. In the beginning, it was very difficult for me to deal with this guy. Later, I mastered some Qi Practitioner protective techniques and learned some array formations. The situation improved a little. After that, I established the Mystic Heaven Immortal Alliance and had the support of a large number of Cerulean Planet Lords. That's why this guy didn't dare to attack me.]

[Mystic Heaven Lord: If Your Majesty has the intention to deal with this guy, I'm willing to lead the way for Your Majesty!]

Zhou Zhou was deep in thought.

He naturally did not believe everything this guy said.

Unfortunately, it was not in reality.

Otherwise, he might be able to listen to this guy's inner thoughts to differentiate between truth and falsehood.

At this moment...

The Military Industry Lord sent him a transaction.

[Military Industry Lord: Your Majesty, I just asked my subordinates. What this Mystic Heaven Lord said is true. He has a long-standing grudge with the Dark Martial Lord. The two Alliances have even fought many times.]

Zhou Zhou did not reply. He typed in the group chat:

[Lord of The Blazing Sun: Let's private chat later.]

[Lord of The Blazing Sun: Alright, there are only the four of you left.]

[Lord of The Blazing Sun: Let me make things clear first. As I only have three Kingdom Tokens now, one of you will not be able to obtain the Kingdom Token.]

[Lord of The Blazing Sun: So... the price goes to the one who gets it!]

[Dragon Lady Lord: Alright!]

The others also expressed their opinions.

He could tell.

They had already made preparations to compete before coming.

Seeing this, Zhou Zhou asked them to start bidding.

After more than an hour,

the ownership of these three Kingdom Tokens was completely settled.

They were obtained by the Dragon Lady Lord, the Undead Lord, and the Mystic Heaven Lord.

Instead, the Overlord Lord with the highest grade of Lord Talent among the four of them did not obtain the Kingdom Token.

Regarding this situation,

even though the Overlord Lord felt a little aggrieved, he could not do anything.

In order to improve his Gluttonous Demon Body, he had used almost all the resources in the territory to buy rare monster flesh.

This allowed his strength to increase rapidly. He had even become an Extraordinary-Tier Intermediate Grade expert!

With all kinds of bloodline abilities,

it was even enough to kill an Epic-Tier expert!

This strength,

putting aside the pervert Zhou Zhou,

it was definitely one of the top three human Lords in the entire Cerulean Planet!

However, the price of such an achievement was that there was not much wealth left in his territory.

As a result, he could not fight back at all in the face of the high price competition of the other three opponents.

[Lord of The Blazing Sun: Overlord Lord, don't worry too much. This is only the first time the Kingdom Token is being auctioned. There will be opportunities in the future. Accumulate your wealth well. I will inform you when the Kingdom Token is auctioned next time.]

[Overlord Lord: Alright...]

When the Military Industry Lord, Dragon Lady Lord, Mystic Heaven Lord, and Undead Lord saw this scene, they felt a little emotional.

How proud was the Overlord Lord?

They had all come into contact with it, so they naturally knew very well.

However, facing the current King of the Blazing Sun, they could only obediently let him comfort them.
