Chapter 71: Mission Completed! New Quests!

More than an hour later, on the outskirts of Fish Spring Town.

"Have the soldiers stand guard here for the time being until Bao Xiu'er, you and I return. If they encounter an enemy, you can get the soldiers defend themselves and counterattack!" Zhou Zhou said.

Bao Xiu'er had caught up not long after they set off. She said that she wanted to see her teacher.

Zhou Zhou felt that it would be beneficial to complete the master-disciple reunion Quest with Bao Xiu'er around, so he agreed to let her follow him.

"Yes, my Lord!" Bai Yi said respectfully.

Then, she went to pass down the order.

A moment later.

Zhou Zhou, Bai Yi, and Bao Xiu'er left the soldiers and walked towards Fish Spring Town.

As for Nezario...

It was currently flying above them.

This way, it was not easily discovered by others and could fly down at any time to protect them.

A moment later, the three of them arrived at the city gate of Fish Spring Town.

It was built entirely of white stones, and the words "Fish Spring Town" were engraved on the top of the city gate.

They had just approached the city gate when a line of text suddenly appeared in front of him.

Notification: You have officially come into contact with the local forces of the High Continent!

Reward: Common language of the High Continent, general knowledge of the High Continent's language, basic knowledge of the High Continent!

A large amount of knowledge surged into Zhou Zhou's mind.

An ordinary person might have fainted.

Fortunately, his current mental strength far exceeded that of ordinary people, so he only frowned slightly and received this knowledge.

"I've mastered the common language of the High Continent? Not bad!"

"Initially, I wanted to communicate with the locals through Bai Yi. Now, there's no need to go through so much trouble." Zhou Zhou thought to himself.

Then he suddenly thought of something and looked at Bai Yi and the others.

"Oh yes, I forgot to ask you something."

"How do you know the Cerulean Planet language?"

Zhou Zhou asked doubtfully.

"When we met the Lord, we were automatically given the ability to communicate with the Lord by the Supreme Will." Bai Yi said.

Zhou Zhou came to a realization.

It seemed that the Supreme Will did not want to stop the communication between the Lords of the myriad races and the local factions in terms of language. It directly gave the two sides the ability to communicate freely.

Then, the three of them prepared to enter the town.

There might be soldiers guarding the city gate, but they only glanced at Zhou Zhou and the rest and let them in without saying anything.

On the street in the city.

As Zhou Zhou and the others walked towards the administrative hall, they looked at the pedestrians on the road.

Among these pedestrians, naturally humans who looked exactly like them were in the majority.

However, there were also many strange-looking races.

For example, a race that was two to three meters tall and had three eyes on their heads.

There were also kittens with long tails and trembling cat ears.

There were even palm-sized Flower Fairies with transparent wings flying.

The various races dazzled Zhou Zhou and broadened his horizons.

On the other hand, Bai Yi and Bao Xiu'er, who were beside him, looked unsurprised.

A moment later.

The three of them came to the door of the administrative hall.

After telling the guard at the door that he had a letter from the former Prime Minister, Zheng Yuanqi, to give to their mayor, the guard went to report it immediately even though he suspected that Zhou Zhou was bragging.

The guard returned and led the three of them to a reception room in the administrative hall in a jiffy.

A well-dressed middle-aged man was already waiting there. When he saw Zhou Zhou and the rest, he immediately stood up.

"Hi, I'm the mayor of Fish Spring Town, Zhang Boen."

"I heard you have a letter for me from my teacher?"

Zhang Boen looked at Zhou Zhou and the rest.

Zhou Zhou looked at Bai Yi.

Bai Yi passed the letter to Zhang Boen.

Zhang Boen was certain that this was definitely the work of his teacher by just glancing at the handwriting on the envelope.

"Mayor Zhang, why don't you open it now? Elder Zheng has something to tell you." Zhou Zhou said.

Zhang Boen was stunned for a moment before nodding thoughtfully.

He opened the envelope, took out the letters inside, and began to read.

He finished reading it in no time.

Then, Zhang Boen could not help but look at Zhou Zhou in shock.

"Are you the Lord of The Blazing Sun who became famous recently?"

"Teacher actually went to work for you." He subconsciously became more polite.

This was a fierce person who had taken down a regional territory from nothing in just six days!

He was not the only one who heard about it.

The Lord of The Blazing Sun was quite famous even in the entire Aurora Kingdom.

"That's me." Zhou Zhou's expression remained the same but he was a little surprised inwardly.

He did not expect his reputation to be so great now.

The reputation brought about by the four points of Reputation Rating was not just for show.

"I've heard a lot about you. Welcome to Fish Spring Town!" Zhang Boen smiled.

"I've wanted to come here for a long time." Zhou Zhou smiled.

Then, the two of them chatted about some topics.

Zhou Zhou mainly wanted to ask the Conqueror's Blast Furnace and how to increase the population of the territory.

Zhang Boen mainly asked about Zheng Yuanqi's current situation and was curious about Blazing Sun City's current development.

After a long time, the two of them, who had benefited a lot, had already become familiar with each other.

After that, Zhang Boen got someone to send the Aurora Crystals over.

"Even though I'm the mayor of Fish Spring Town..."

"But Aurora Crystals are the Kingdom's strategic resources. I can't mobilize much of them."

"I hope these 50 Green Bronze-Tier Aurora Crystals can temporarily satisfy the Lord of The Blazing Sun's needs."

Zhang Boen pointed at the tray of 50 white Aurora Crystals and apologized.

"Enough! That's more than enough!" Zhou Zhou took them with a smile.

He was pleasantly surprised.

His goal for this trip was only 10 Aurora Crystals.

However, he did not expect the mayor of Fish Spring Town to actually give him 50 Aurora Crystals generously.

This person was good!

He could get along with him!

A line of text appeared just as he received the 50 Green Bronze-Tier Aurora Crystals.

[Notification! Detailed Quest: Collection of Aurora Crystals has been completed!]

[One Green Bronze-Tier Advance Grade completed Aurora Tower and 50 Green Bronze-Tier Mist Cores have been distributed!]

[Zhao Changshou's loyalty has increased to 90 points!]

A smile appeared on Zhou Zhou's face.

He pondered for a moment and suddenly said, "How about I help you guys get rid of your Scarlet Lords during this period of time?"

"Can you do that? None of the Scarlet Lords here are weaker than the regional Scarlet Lords in the Blazing Sun Desert." Zhang Boen was shocked.

"We can give it a try." Zhou Zhou smiled.

He already had the idea of dealing with the three Scarlet Lords.

It was the perfect time to return the favor.

"Thank you, Lord of The Blazing Sun. I'll definitely seek credit from the kingdom for you after you've successfully dealt with the three Scarlet Lords!"

Zhang Boen didn't really believe it in his heart, however, since Zhou Zhou had already said so, it was not appropriate for him to say anything else.

At the same time...

Just as Zhang Boen finished speaking.

A Quest interface also appeared in front of Zhou Zhou.

[The mayor of Fish Spring Town has issued a Quest to you!]

[Quest Name: Eliminate the Scarlet Lords.]

[Quest Quality: Yellow Gold-Tier Elementary Grade, Normal]

[Quest Content: Destroy the Scarlet Lords' forces near Fish Spring Town and bring peace to the town!]

[Mission Reward: 300 Yellow Gold-Tier Mist Cores, 200 Fish Spring Town Subjects submitting to you, 10 Yellow Gold-Tier Aurora Crystals, your reputation in the Aurora Kingdom will improve, the Aurora Kingdom's King will have a favorable impression of you, and the authority to trade Aurora Crystals will be activated!]

Zhou Zhou immediately felt comfortable when he saw the Quest.

One job that had three income streams!

This was a huge profit!

Chapter 72: Zhang Li's Request! Heading to the Lord's Market!

Zhou Zhou and Zhang Ben chatted for a while more before leaving.

Zhang Boen looked in the direction where they left and couldn't help but exclaim.

"A Hero! That female attendant is definitely a hero!"

"He's only been in our High Continent for six days, but he's already developed to this extent?"

"No wonder this Lord of The Blazing Sun could take down a Regional Territory."

"Impressive."

"Teacher, the Ministers in the palace all say that you've aged and decayed. You retired because you weren't capable enough to be the Prime Minister."

"They're all wrong. You're still as wise as ever. I have to be on good terms with this Lord in the future."
Zhang Boen thought for a moment and turned to leave.

...

After a while.

Zhou Zhou followed the map and arrived in front of the New Wind Tailor Shop.

"Teacher!"

"I'm here!"

Bao Xiu'er rushed into the shop excitedly when they reached the entrance of the shop.

Zhou Zhou and Bai Yi looked at each other and smiled before entering.

Zhou Zhou saw Bao Xiu'er hugging a young woman in beautiful clothes as soon as he entered.

This young woman was already in her thirties but she was beautiful, had fair skin, and a voluptuous figure. There seemed to be light in her eyes, and she had the temperament of a virtuous wife.

Zhou Zhou's eyes lit up.

"This is my Lord!"

"This is Big Sister Bai!"

"My Lord, Big Sister Bai, this is my teacher, Zhang Li."

"She's also the current head of New Wind Tailoring Skills!"

Bao Xiu'er immediately felt a little embarrassed when she saw her Lord so she introduced him.

"Greetings, my Lord. My disciple has embarrassed herself in front of you, my Lord." Zhang Li was a little embarrassed.

"No way, I can see that Bao Xiu'er and Big Sister Zhang have a good relationship." Zhou Zhou smiled.

When Zhang Li heard this, the smile on her face widened.

Then, she invited Zhou Zhou and the others to sit in the inner room.

Zhou Zhou and the rest naturally wouldn't refuse and walked in one after another.

They chatted for a while before Zhou Zhou brought up the purpose of their visit.

"Big Sister Zhang, I wonder if you're interested in developing in my territory?"

"My territory has just been built, and I need talents."

"If you can come, you can definitely show your skills in our territory."

"And I can make you a promise. As long as you're willing to come to my territory, when there are enough resources in the future, I'm willing to build a White Platinum-Tier Elementary Grade tailor shop for you in the territory."

"Your treatment will definitely not lose to the treatment you can have in other places!" Zhou Zhou was very polite.

She was a White Platinum-Tier Elementary Grade talent after all. He would be a fool to snub her.

"Yes, Teacher! Come to Blazing Sun City with me!"

"The Lord is very powerful, and so is Big Sister Bai Yi. If you join the Lord's territory now, you will definitely not be disappointed in the future!" Bao Xiu'er persuaded.

"This... You have a White Platinum-Tier Architect in your territory?" Zhang Li looked at her disciple helplessly and asked.

A White Platinum-Tier tailor shop!

Even she would be tempted.

"The honorary president of the Construction Association, Zhao Changshou is living in my territory now."
Zhou Zhou smiled.

Zhang Li was stunned.

She had heard of Zhao Changshou before.

He was a true upper-class figure in the Aurora Kingdom. Even the Aurora King had personally received him. He was a true top-notch Expert in the construction industry!

He was actually in the territory of this young Lord?

Zhang Li did not believe him at first, but she hesitated when she saw Bao Xiu'er's sincere gaze.

She naturally understood her own disciple. Her gaze told her that the Lord in front of her should not be lying.

After a moment of silence, Zhang Li shook her head.

"My apologies, my Lord. I still can't go."

"Can you tell me the reason? Are you dissatisfied with my conditions? Or do you think that our territory has just been built, so you're unwilling to settle down there?" Zhou Zhou pondered for a moment and asked.

"That's not the case."

"Please follow me."

Zhang Li sighed softly. Then, she stood up and walked towards another house.

The three of them were stunned.

Then, they followed.

Soon.

They came to another room.

As soon as the three of them entered the room, they smelled a strong medicinal smell.

Then, they saw an old woman with gray hair lying on the bed not far away.

"This is my teacher, Li Huiyue."

"She was the one who taught me the New Wind tailoring skills, allowing me to have the ability to feed myself. She was also the one who promoted me from a Yellow Gold-Tier Intermediate Grade tailor to the current White Platinum-Tier Elementary Grade tailor I am now."

"She's seriously ill."

"I can't take her to a famous doctor who can cure her now so I can only give her a peaceful environment to recuperate in Fish Spring Town."

"And my Lord, your territory has just been built. If we go to your territory now, I'm afraid my teacher won't be able to withstand the bumps on the way."

"That's why I can't go to your territory. My apologies, my Lord." Zhang Li whispered.

Zhou Zhou fell silent.

He had nothing to say about Zhang Li's reason.

Was he going to let an old lady risk her life to go to his territory just to complete a Quest?

Moreover, the novice Lord test was in two days.

At that time, his territory would definitely be even more dangerous.

The old lady definitely couldn't stand that kind of environment.

Zhou Zhou admitted that he was very tempted by the reward for the hidden mission.

However, he was not the kind of person who would do things without any bottom line just for the mission reward.

Forget it!

He did not want the Hidden Mission reward anymore.

After thinking it through, Zhou Zhou came to the old lady's side.

"Is there no cure for this old lady? If you lack a certain herb, I can help." He looked at the old lady's ashen expression and asked.

"It's not that. She needs a famous doctor."

"However, my teacher's current situation is quite stable, so there's no need to worry too much for the time being."

Zhang Li consoled Zhou Zhou, seeing how his expression was solemn.

She could tell that this Lord was genuinely concerned about her Teacher and could not help but have a good impression of him.

Zhou Zhou acknowledged.

After that, they did not disturb the old lady's rest and walked out of the room with Bai Yi, leaving Bao Xiu'er and Zhang Li inside.

"My Lord, what should we do?"

Bai Yi could not help but ask.

She was one of the few who knew why Zhou Zhou was here.

"Nothing."

"Let her stay here. We can't really let such an old lady take the risk to travel to our territory."

"The conditions in Fish Spring Town are indeed better than our Blazing Sun City. It's also more suitable for recuperation."

"Fortunately, this place isn't far from our Blazing Sun City. If Bao Xiu'er misses her teacher in the future, she can come over anytime."

"This can be considered another form of master-disciple reunion." Zhou Zhou said.

"My Lord is merciful."

A smile appeared on Bai Yi's face.

She had an even better impression of her Lord now.

Zhou Zhou waved his hand.

Inside the house.

"You didn't follow the wrong Lord. This Lord is at least benevolent." Zhang Li smiled at Bao Xiu'er after Zhou Zhou and Bai Yi left.

"That is true. Moreover, our Lord isn't just a benevolent Lord. He's also very powerful."

Bao Xiu'er told Zhang Li about Zhou Zhou's achievements in the past six days.

"You're saying that this Lord is the Lord of The Blazing Sun who occupied the Blazing Sun Desert?" Zhang Li was stunned.

"That's right!" Bao Xiu'er nodded.

Then, she looked at her Grandmaster lying on the bed worriedly.

"I wonder when Grandmaster will recover..."

She did not notice that her teacher, Zhang Li, was deep in thought.

Soon, her gaze became determined as she walked out of the room.

Zhou Zhou, who was thinking about what to do next, suddenly saw Zhang Li walk out of the room.

"My Lord." Zhang Li said before he could say anything.

"Can you agree to a request of mine? As long as you're willing to agree, I'm willing to become your subject and serve you."

"However, I need to stay in Fish Spring Town to take care of my teacher until she recovers. I wonder if you're willing?"

"You're an elder. You don't have to be so polite. Just tell me what you want." Zhou Zhou was stunned before saying.

"I know that you are the Lord of The Blazing Sun who has been very famous recently. Your future is destined to be limitless."

"If you can meet a famous doctor who can treat my teacher in the future, I'm willing to be your Subject wholeheartedly."

"I can be your temporary Subject now. You can ask me to work for you like how you ask normal Subjects to work for you. However, I have the right to refuse too. I wonder if my Lord is willing to accept it?" Zhang Li asked.

"Of course! Don't worry! In the future, if I encounter a famous doctor who can treat your teacher, I will definitely ask him or her to help treat her!" Zhou Zhou agreed without hesitation.

A smile appeared on Zhang Li's face.

"Subject Zhang Li greets my Lord!"

She bowed slightly.

"Welcome to Blazing Sun City!"

Zhou Zhou smiled.

The next second.

A Quests notification appeared.

[Notification! Mission Quest: Master-disciple reunion completed!]

[100 White Platinum-Tier Mist Cores have been distributed!]

[Bao Xiu'er's loyalty has increased to dead loyal!]

[White Platinum-Tier Elementary Grade Tailor Zhang Li has temporarily become your Subject!]

[Prompt: After Zhang Li's teacher, Li Huiyue, recovers, Zhang Li will officially become your Subject!]

A smile appeared on Zhou Zhou's face.

Things might be different from what he had imagined, but the Quest was finally completed.

A moment later, Zhou Zhou and Bai Yi left the New Wind Tailor Shop.

Bao Xiu'er stayed in the shop for the time being to accompany her teacher until Zhou Zhou and the others were about to return to the territory.

On the street.

Zhou Zhou and Bai Yi walked one after another.

"My Lord, where are we going?"

Bai Yi asked curiously.

"To the Lord's Market!" Zhou Zhou said.

The Lord's Market!

It was the place where Zhang Boen told him that he could buy what he wanted!

[Global Lord: 100% Drop Rate](#)

Chapter 73: Conqueror's Blast Furnace! Lucky Professional!?

The Lord's Market!

Zhou Zhou looked at the scene in front of him.

There were all kinds of stalls on both sides of the street here. Their stall owners were mainly humans, and there were also various life forms of other races.

"According to what Zhang Boen said, most of the goods sold here are what the Lords need. Most of the merchants here are either Lords themselves or envoys sent by the Lords to sell their territory's goods."

"Also, the members of the various factions are selling goods here while befriending the Lords who trade here."

"He said that what I want probably can be bought here. Let's hope we run into them." Zhou Zhou thought to himself.

By talking to Zhang Boen, he had learned that:

The Lords of the High Continent summoned by the Supreme Will and the Scarlet Lords under the Crimson Overlord were not the only Lords here!

If a native life form defeated the Scarlet Lord and obtained their Lord Token, they would also be bestowed by the Supreme Will. Not only could they become a Lord, but they also had a chance to awaken their Lord Talent.

Creatures under the Supreme Will had fought with the Scarlet Lord under the Crimson Overlord for many years.

Countless Lords were born this way!

As for forces at the Kingdom-level and above!

They would even specially hunt Scarlet Lords and obtain their Lord Tokens. Then, when they conferred titles on officials, they would give them Lord Tokens so that they could awaken their Lord status and soar to the sky in a single step!

For example, the Cloud Gallop City Lord that Zhou Zhou had heard of was a Lord who had awakened his Horse Rearing Lord Talent by defeating the Scarlet Lord!

As for the mayor, Zhang Boen, he was given a Lord Token by the Aurora Kingdom and awakened his Lord Talent.

His Lord Talent was called Fish Water Lake. It was a Black Iron-Tier Lord Talent!

It could allow the territory to have a lake called the Fish Water Lake.

The Fish Water Lake would automatically produce a batch of young fish every day and grow in the Fish Water Lake. Moreover, fish that grew up in the Fish Water Lake would be larger and taste more delicious than normal fish.

This made this town, which was originally close to the desert and had a dry climate, become a rare town nearby that could produce fish food. It made Fish Spring Town's annual income quite considerable, and the Subjects lived quite well.

He stopped thinking about it.

Zhou Zhou and Bai Yun walked into the Lord's Market and began to look for the seller of the Conqueror's Blast Furnace. They also wanted to see if there were any other valuable items to buy.

After asking three strange-looking Lords, Zhou Zhou came to a middle-aged man.

The other party was wearing a leather hat, old armor, and a huge sword on his back. His face was covered in frost, and he looked like an adventurer.

Beside him was a young man who looked like he had just entered the industry. He squatted on the ground and looked around from time to time, as if he was very curious about everything around him.

"I heard that you have the Conqueror's Blast Furnace here?" Zhou Zhou glanced at the goods in his stall.

Most of them were second-hand non-military armor, Arms, Potions, and so on.

He was not interested in them.

"You want the Conqueror's Blast Furnace?" The other party looked up at Zhou Zhou in surprise.

Very few people bought this thing.

Usually, only combat-type organizations with many members would require them.

"Yes, do you have it?"

"Of course!"

"One low-grade Bronze Conqueror's Blast Furnace for 20 Green Bronze-Tier Mist Cores."

"It can work continuously for an hour if you place a Green Bronze-Tier Mist Core in the Conqueror's Blast Furnace. If you're fast, you can extract the spoils of war from 1,000 corpses every hour."

"Since you're a new customer, I'll give you a 20% discount. I'll sell you 16 Green Bronze-Tier Mist Cores. Please patronize Harus often in the future." A smile appeared on his face.

"How expensive! Is there really someone who sells this just to save energy? Which family could this guy be from?" The young man beside him looked up at Zhou Zhou and could not help but wag his tongue.

His eyes lit up when he saw Bai Yi who was beside Zhou Zhou.

However, he did not dare to look further and quickly retracted his gaze.

Zhou Zhou glanced at him without leaving a trace.

He used the common language of the High Continent when communicating just now.

This young man was actually speaking in the Cerulean Planet language.

Did he meet someone from his old hometown?

"What are you mumbling about?"

"I'm sorry, Sir. This newbie just arrived. Everything is new to him." Harus patted him and smiled at Zhou Zhou.

"It's okay. Can you make it cheaper?" Zhou Zhou said.

"It can't be any cheaper. This is a Green Bronze-Tier alchemy item after all."

"The Alchemy Technician in the association can only create five or six of them every month. I won't be able to report back if it's any cheaper." Harus shook his head.

Alchemy Technician?

Zhou Zhou's heart stirred.

Then, he did not continue bargaining.

"I don't have many Green Bronze-Tier Mist Cores. Can I use the Black Iron-Tier Mist Cores instead?"

"Sure, 10 Black Iron-Tier Mist Cores for one Green Bronze-Tier Mist Core."

"I want three of them."

"No problem. Brother, come with me to the adventurer association to get it. I don't have enough space for three Conqueror's Blast Furnaces in this small place." Harus' eyes lit up when he heard Zhou Zhou's words.

This was a big client!

"You guys are from the adventurer association?" Zhou Zhou asked casually.

"Yes, both of us."

"This kid just joined us two days ago. He was still a Lord before he came. Now, he has given up his status as a Lord and became an adventurer."

"Don't you think he's stupid? Others can't even dream of becoming a Lord, but he gave up his status as a Lord voluntarily."

"According to him, there are many people who give up their status as Lords like him. What do you think these people are thinking? They're wasting the gift of the Supreme Will." Harus looked regretful.

"You can be a Lord if you want to. I don't want to die. Isn't it good to live well?" The adventurer from the Cerulean Planet muttered in the language of the Cerulean Planet.

Zhou Zhou's expression did not change, as if he had not heard anything.

Then, Harus closed the stall and brought him and Bai Yi to the adventurer association.

A moment later.

In front of the adventurer association.

Zhou Zhou looked at the scene in front of him.

This was a tower that was four to five stories high. Adventurers of different ages, outfits, and even races came and went.

Zhou Zhou and the others were quickly led to the backyard and saw the three adventurers' blast furnaces.

These were three fiery red blast furnaces that were five to six meters tall.

There was a ladder beside it, and there was a Loots assembly line below it. It was specially used to send the loot out.

Zhou Zhou looked at it.

A text notification appeared.

[Alchemy Technology Product: Conqueror's Blast Furnace]

[Grade: Green Bronze-Tier Elementary Grade]

[Product Effect: Place a Green Bronze-Tier Mist Core in the energy slot and activate it with the energy in your body. The Conqueror's Blast Furnace can begin to extract Loots through burning. Duration: one hour.]

[Product Description: An Alchemy Technology product from the Gnome Kingdom. It is extremely useful when dealing with large numbers of monster corpses.]

Zhou Zhou's eyes lit up.

In that case, could his 100% drop rate also be achieved through this Conqueror's Blast Furnace?!

At this moment, there was a middle-aged man standing beside the Conqueror's Blast Furnace.

After Harus' introduction, Zhou Zhou and Bai Yi got to know that he was the Alchemy Technician who had refined the Conqueror's Blast Furnace.

"Dear Sir, do you need the service of a lucky person?"

He said with a smile.

"Lucky Person Service?"

Zhou Zhou was stunned.

"That's right."

"As you know, Sir."

"The drop rate of fog monsters is extremely low in the High Continent. The only loots that would definitely drop are the Mist Cores and some special items."

"But there are also some life forms who are often very lucky."

"Therefore, those who have a large number of monster corpses will seek these lucky people to specially extract the loot from the monster corpses, hoping to increase their profits through this method."

"Over time, these people become official professionals."

"In other words, they became the 'Lucky Person'."

The Alchemy Technician spoke frankly.

Zhou Zhou's expression was strange.

What an eye-opener.

How could this become a Profession?

"How lucky are these Lucky People?" He asked curiously.

"Sir, since you asked this question. We have to specially mention our 'Lady Luck's Favorite' Myers."

"He's the luckiest person in our Adventurer Association. He once extracted four 'Sword Shield Soldier Class Change Certificates' from the corpses of 100 Desert Fog Lizards!"

"He was the one who set the Lucky Person record of our adventurer association!"

"Haha, I'm afraid you've never heard of the 'Sword Shield Soldier Class Change Certificate' being extracted from the Desert Fog Lizard's corpse, right?"

"It's not surprising."

"We wouldn't know either if not for the records in our Adventurer Association."

"Would you like to make an appointment?"

"Myers happens to be free now. If you let him manage the Conqueror's Blast Furnace, he will definitely bring you shocking benefits!" The Alchemy Technician looked at Zhou Zhou with shining eyes.

Zhou Zhou: "..."

Doesn't the Sword Shield Soldier Class Change Certificate drop 100% of the time?

Do I even need the Lucky Person?

Zhou Zhou muttered in his heart.

On the surface, his expression remained the same.

He rejected the other party's good intentions and handed him 480 Black Iron-Tier Mist Cores to buy these three Green Bronze-Tier Elementary Grade Bronze Conqueror's Blast Furnaces!

He had a total of 33,231 Black Iron-Tier Mist Cores in his hands, spending 480 Black Iron-Tier Mist Cores to buy these three Conqueror's Blast Furnaces was more than enough.

After that, he asked the other party if he wanted to sell the Alchemy Technology blueprints for the Conqueror's Blast Furnace.

It was a pity that the other party saw it as a way to earn a living and refused to sell it.

Zhou Zhou did not insist.

There will always be opportunities in the future.

After that, they temporarily left the three Conqueror's Blast Furnaces at the Adventurer Association and said that they would take them away after he called for help.

Not only did Harus agree immediately, they even said that they could help transport it for free. However, Zhou Zhou rejected them.

Then, Zhou Zhou and Bai Yi left the Adventurer Association and returned to the Lord's Market.

A moment later.

They came to a place called Kunt's Slave Market.

Zhou Zhou looked at the noisy scene in front of him with anticipation.

Whether his "Sword Shield Soldier Class Change Certificate" and "Poison Crossbow Soldier Class Change Certificate" could be converted into true combat strength would depend on his gains, if any, in the slave market this time.

The two of them walked in.

[Global Lord: 100% Drop Rate](#)

Chapter 74: More than 3,000 Slaves! Peace And Prosperity Effective! (1)

Kunt's Slave Market.

Zhou Zhou and Bai Yi strolled.

Slave owners were introducing their goods on both sides of the road, and behind them were numb slaves sitting in iron cages.

Most of them were humans, but a small number were from other races.

When Zhou Zhou entered, he was already mentally prepared.

However, when he saw this scene, the excitement on his face gradually disappeared.

"My Lord, do you not have slaves where you came from?" Bai Yi asked curiously when she saw the change in Zhou Zhou's expression.

"... There really aren't any in my hometown."

"Where did these slaves come from?"

Zhou Zhou said.

"Almost all of these slaves came from the war."

"After some Lords are defeated in the war between Lords, if their conquerors are not interested in the Subjects of the defeated Lords, they will sell them here."

"There are also some slaves who lost their jobs in the war. They had no choice but to sell themselves in order to survive. Otherwise, they would either starve to death or be killed by the fog monsters outside." Bai Yi said.

Zhou Zhou acknowledged.

A moment later.

The two of them followed the information they had heard and found the slave owner who sold the largest number of slaves here.

Kunt!

Kunt was a man who was more than two meters tall. He had a big bald head, and his skin was purple. He looked rather fierce.

"I heard that you guys are looking for me to discuss a big business deal?" He sized up Zhou Zhou but when he saw Bai Yi, his eyes lit up and he could not look away.

"Hmph!" Bai Yi noticed her gaze and immediately snorted.

Kunt smiled awkwardly.

"I'm sorry. It was the first time I saw a human with an elven bloodline, so I couldn't help but take a few more glances." He chuckled.

"You better watch your eyes." Zhou Zhou said calmly.

Kunt narrowed his eyes and nodded with a smile.

"What kind of slaves do you need?"

"Human slaves. It's best if they're young and strong. It's fine as long as they don't have a profession." Zhou Zhou said.

"Sure, sure. I might not have other types of slaves, but we have a lot of human slaves without Class. Furthermore, they're the cheapest."

"Specifically:"

"There are two types of human slaves without professions here."

"The first type are slaves who have been specially trained by slave trainers. They know how to serve their masters and have a slave contract engraved in their bodies. After buying them, they promise to be loyal to you and never betray or devour their master!"

"If they dare to resist, their lives can be instantly severed in your hands with the controller we gave you."

"The cost of nurturing such slaves is very high, so the price is slightly higher. The price of each slave is one Green Bronze-Tier Mist Core!"

"The second type are slaves who have never been trained by slave trainers. They don't know how to serve their masters, let alone have a slave contract in their bodies."

"You can only bring them back for more training if you want them to be even more obedient."

"They're a lot cheaper. Four Black Iron-Tier Mist Cores each!" Kunt said.

Zhou Zhou frowned slightly.

It was not because it was too expensive, but because it was too cheap.

Four Black Iron-Tier Mist Cores in exchange for a slave?

The Mist Cores dropped by a Black Iron-Tier Intermediate Grade fog monster was enough to exchange for a slave.

In this chaotic world, human lives were like grass!

He suddenly thought of this saying.

"Let me see the second type of slave."

Zhou Zhou said after a moment of silence.

"Okay. Come with me." Kunt nodded and led the way. Zhou Zhou and Bai Yi followed.

A moment later.

They came to a large open-air warehouse.

As soon as he entered, the air was filled with smelly feces.

Then, they looked over.

There were thousands of iron cages of various sizes in the huge warehouse.

The humans were trapped in the iron cages with numb eyes. They did not struggle, nor did they have any intention of escaping. They were like walking corpses.

After seeing them arrive, most did not react at all lest for desire in some people's eyes.

"Sir, don't worry. They're not sick."

"It's just that in order to prevent them from escaping, we only give them a meal every three days. That's why they look so listless." Kunt explained with a smile.

"How many human slaves do you have?"

Zhou Zhou looked at the humans and suddenly asked.

"A total of 3,152 people."

"Sir, how many do you want?" Kunt asked.

"I'll take them all." He said.

"What?" Kunt thought he had misheard.

"I said I want them all!"

Zhou Zhou said calmly.

Kunt's eyes widened.

Then, an ecstatic expression appeared on his face.

"I'll settle the procedures for you now! Then I'll let them have a bath and a full meal. Then you can take them away. However, you need to pay a deposit of 5,000 Black Iron-Tier Mist Cores now." He immediately said.

Zhou Zhou did not say much. With a wave of his right hand, 5,000 Black Iron-Tier Mist Cores appeared out of thin air on the ground and piled up into a small mountain.

Kunt widened his eyes, his gaze immediately landed on the Spatial Ring on Zhou Zhou's finger. Greed flashed across his eyes.

Zhou Zhou noticed his gaze but he didn't care.

He did not want to expose the fact that he had spatial equipment, but he could not take out so many Mist Cores without exposing his Spatial Ring.

Chapter 75: More than 3,000 Slaves! Peace And Prosperity Effective! (2)

He wasn't afraid of being exposed with Bai Yi and Nezario around anyway.

"Sir, please rest in the lounge first."

"I will call for you to take them away when I have these slaves ready." Kunt lowered his head.

Zhou Zhou acknowledged.

Then, they were led to the lounge by two waiters.

After they left, Kunt's eyes suddenly flickered.

A moment later.

He looked at a strong male slave in the distance and secretly made a beheading gesture.

A fierce glint flashed across the male slave's eyes.

He nodded.

A sinister smile gradually appeared on his face.

...

Half an hour later.

In an open-air square.

Countless people were watching because a total of 3,152 slaves were gathered here.

"Oh my god, who is this? Buying so many slaves at once?"

"From the looks of it, they are slaves without a slave contract. Impressive. He actually dare to buy such slaves. He's really bold. One can't be so greedy even if he wants to take advantage. Be careful not to lose your life."

"It should be bought by the young man at the front. He looks unfamiliar. He's probably an outsider."

"An outsider? No wonder."

"There's a good show to watch then."

...

There was a heated discussion around them.

Zhou Zhou, who was standing in front of these slaves, had a calm expression.

"Sir, these slaves have all washed up and eaten."

"They're yours now, you can take them away at any time."

"You're welcome to visit Kunt again if you need anything next time."

"Also, Kunt has a small gift for you." Kunt clapped his hands.

A carriage was driven over.

There were two iron cages in the carriage. Inside were two tall and beautiful twin sisters with cat ears and cat tails.

Their hands and feet were tied and they sat in the iron cage, unable to move.

"Sir."

"These are the half-beast twins I recently recruited!"

"Don't worry!"

"They're still virgins and no one has touched them. You can bring them back and slowly train them. I guarantee that they will pleasure you however you want them to." At the end of Kunt's speech, an expression of understanding appeared on his face.

Zhou Zhou did not say anything.

He handed the remaining 7,608 Black Iron-Tier Mist Cores to the other party.

"Awesome!"

"From now on!"

"These 3,152 human slaves and these two half-beast beauties are all yours!" Kunt smiled.

The next second.

A text notification appeared in front of Zhou Zhou.

[Prompt: You have obtained 3,152 human slaves and 2 half-beast slaves!]

At this moment, Zhou Zhou could already see their personal information.

He took a cursory look.

He realized that the loyalty of most of the slaves here was about 30 to 40.

The lowest was only a dozen loyalty points, and the highest had 50 points of loyalty at best.

Zhou Zhou was already prepared for this.

He didn't waste his breath and left with Bai Yi.

Kunt's eyes gradually narrowed as he watched them leave.

"Young Sir, Let me teach you a lesson."

"There is a reason why you cannot just buy these cheap slaves."

"You'll suffer if you take advantage of others." He whispered.

...

Zhou Zhou and Bai Yi led the 3,000 slaves towards the city gate.

On the way.

He also took away the three Conqueror's Blast Furnaces that he had left at the Adventurer's Association and called Bao Xiu'er back from the New Wind Tailor Shop.

Soon, they walked out of the city gate and arrived a kilometer or two away from the city gate.

When he reached here, he was not far from his 1,000 soldiers.

Zhou Zhou stopped.

Then, he turned around and looked at the 3,000 slaves.

"Everyone."

"Let me reintroduce myself."

"My name is Zhou Zhou. I'm a Lord!"

"My title is Lord of The Blazing Sun!"

"Before bringing you back to my territory, I need everyone to join my territory and become my Subjects!"

"I can promise you one thing."

"As long as you become my Subjects, I can remove your slave status and let you settle down in Blazing Sun City as official Subjects. You won't be discriminated against because of your slave status anymore!"
Zhou Zhou looked at everyone.

When everyone heard this, most of them immediately became excited.

They could be freed from their slave status and return to their status as normal Subjects!

Who wouldn't agree to such a good thing?

Not to mention becoming the Subjects of the recently famous Lord of Blazing Sun City.

Even they had heard of this person's reputation being trapped in the slave market recently.

"I'm willing to become a Subject of Blazing Sun City!"

"Me too!"

"I'm willing to join Blazing Sun City and become your most loyal Subject!"

...

The crowd shouted excitedly.

"Big Brother Hu."

"What do we do?"

"I didn't expect this guy to be the Lord of The Blazing Sun? Are we joining his territory?"

A group of people's expressions fluctuated in the crowd as they started plotting in low voices.

"Say yes to him first. It doesn't matter anyway."

"How can the Lord of The Blazing Sun still exist when Boss's men arrive and kill this kid?"

The male slave who had exchanged secret signals with Kunt sneered.

"Yes, Big Brother Hu!"

The others also felt that there was no problem and echoed the call of willingness to become Subjects of Blazing Sun City.

...

Zhou Zhou looked at the notifications of applications to become Blazing Sun City Subjects.

After the number of notifications reached 3,154, he muttered to himself to agree.

The next second.

A text notification appeared.

Notification: 3,152 humans and 2 half-beasts have become your Subjects!

[Lord Talent Hint: Peace And Prosperity is taking effect. The Loyalty of your Subjects is increasing...]

[Lord Talent Hint: Loyalty of 3,152 human Subjects has increased to 71 points, Loyalty of 2 half-beast Subjects has increased to 71 points!]

Zhou Zhou saw the last notification.

A smile appeared on his face.

Why did he dare to buy these cheap, untrained slaves?

It was because he knew that he had the Diamond Lord Talent, Peace And Prosperity.

No matter how low their loyalty was, even if they harbored evil intentions, as long as they became his Subjects, they would immediately become loyal to him.

They might not be as determined as his dead loyalists but 71 points of loyalty had already reached the minimum threshold of loyalty. Basically, they would not have any thoughts of betraying him.

"Welcome to Blazing Sun City!"

"From now on, I announce that you are no longer slaves, but official Subjects of the Blazing Sun City!"

"From now on..."

"You can live uprightly in my territory and no longer be discriminated against!"

"Now..."

"Come home with me, your Lord." Zhou Zhou smiled.

"Yes!" Everyone said in unison.

Their voices contained hope for the future.

Bai Yi felt as though her Lord was emitting light seeing this scene.

Just as they were about to leave.

A sudden mutation occurred!

[Global Lord: 100% Drop Rate](#)

Chapter 76: Subdue! Kunt Is a Lord?

Tap, tap, tap...

The sound of horse hooves came from the front, accompanied by a series of arrogant shouts.

Soon, a group of people riding Cloud Horses rushed over and surrounded Zhou Zhou and the gang.

There were about 300 to 400 of them.

There were not many of them, but the bright sabers and swords completely suppressed the people on Zhou Zhou's side in terms of aura.

Zhou Zhou and Bai Yi were not afraid at all.

They just looked at them calmly.

A bald man soon emerged from the crowd.

He rode out on his horse and swept his gaze around. He immediately found Zhou Zhou and Bai Yi, who had completely different auras from others.

"You two, I'm really sorry."

"There are my brothers who were once captured among the slaves you bought. Now, I want to take my brothers away."

"Also, you treat my brothers like a slave. Isn't it a little rude to buy and sell them?"

"How about this? Leave all your slaves, weapons, and belongings behind as an apology. This Big Brother will let bygones be bygones. How about that?" He laughed.

The people behind him laughed without any scruples.

"So it's a group of bandits."

"Let me correct you on one thing."

"They are not slaves. They are now official Subjects of Blazing Sun City."

"Also..."

"Your brothers aren't among my Subjects either." Zhou Zhou suddenly said calmly.

"Haha."

"You won't give up until you see the truth, right?"

"Huzi, bring our brothers out to show this Lord of The Blazing Sun who has become very famous recently!"

He shouted.

Swish, swish, swish, swish...

Among the 3,000 slaves, at least 3 to 400 of them suddenly drew their swords.

"Are you dumbfounded now?"

"These are my brothers!"

"Surrender obediently, Little Lord."

"Don't expect the slaves you bought to protect you. They will listen to whoever gives them food. Do you believe that if I give the order now, all the slaves you just bought will become my slaves?"

Zhang Kaishan grinned and said arrogantly.

"I don't believe you." Zhou Zhou said calmly.

Then, the 300 to 400 slaves who had just taken out their weapons walked out of the crowd and stood in front of Zhou Zhou.

When Zhang Kaishan saw this scene, he wanted to mock the Lord of The Blazing Sun. Then, he saw that these people's weapons were all aimed at him.

"Zhang Dahu!"

"What the hell are you doing? Are you trying to rebel?!" He was stunned. Then, he widened his eyes and cursed.

"Old Zhang, put down your weapon. Don't go against our Lord. Otherwise, I'm afraid there will be blood between us brothers today." Zhang Dahu couldn't bear to look at his former brother.

However, when he thought of the Lord behind him, his grip on the saber became even more firm, and a hint of killing intent gradually appeared in his eyes.

"Do you f*cking know what you're talking about? Have you forgotten what you do?"

"It must be you!"

"What did you do to my brother?"

Zhang Kaishan cursed. Then, he reacted and immediately looked at Zhou Zhou angrily.

Zhou Zhou smiled.

He did not explain.

"Sorry. I had no choice previously. But right now, I just want to be an obedient Subject under my Lord." Zhang Dahu raised the saber in his hand and aimed the tip at Zhang Kaishan.

At the same time...

The brothers behind him and the remaining 500 to 600 slaves, including the two half-beasts in the iron cage on the carriage, also looked at them with hostility.

It seemed that as long as they dared to move an inch towards them, they dared to rush up and tear them apart.

Seeing this scene, Zhang Kaishan felt that the world had gone crazy.

He knew what a slave was like.

This was not the first time he had done something like this.

Every time, the slaves would watch helplessly as the owner who bought them was killed, then be captured and sold as slave goods again.

What happened to these slaves now?

Why did they suddenly become so loyal to their master?

The most ridiculous thing was that even his brother had become like this.

He looked at the gazes of these people and realized that something was wrong.

Zhang Kaishan wanted to escape.

The beauty with the elven bloodline beside the Lord of The Blazing Sun suddenly whistled.

Then, a total of 1,000 soldiers roared and rushed over from all directions, surrounding them.

Zhang Kaishan looked at this scene blankly.

"Put down your arms obediently, get off your horses and surrender. Then, become my Subjects."

"That way, I can spare your lives."

"Otherwise, the ground beneath your feet will be your burial ground today."

Zhou Zhou said calmly.

As soon as he finished speaking.

The 500 Sword Shield Soldiers took a step forward in unison. They held sabers and shields and looked at them covetously.

The 500 Elemental Archers also drew their bows and aimed their arrows at them. Faint red fire elemental energy condensed, giving Zhang Kaishan and the others immense pressure.

"I surrender!"

"I'm willing to become your Subject!"

Seeing this scene, Zhang Kaishan's expression changed. He immediately threw away the saber in his hand and jumped down from the horse. Then, he knelt on the ground and hurriedly kowtowed.

They only had 300 to 400 people on their side.

Zhou Zhou had more than 4,000 people on his side.

There was such a huge difference in numbers.

Only a fool would resist.

The leader surrendered, his lackeys looked at each other and hurriedly jumped off their horses. They put down their arms and knelt down too.

"I surrender."

"Sir, don't kill me!"

"I'm also willing to become Sir's Subjects!"

...

The bandits said fearfully.

A text notification appeared in front of Zhou Zhou.

[Notification: 421 people have surrendered to you and wish to become your Subjects. Do you agree?]

"Accept."

Zhou Zhou thought to himself.

The next second.

The familiar notification appeared again.

Lord Talent Hint: Peace And Prosperity is taking effect. The Loyalty of the Subjects is increasing...

[Lord Talent Hint: Loyalty of 421 Human Subjects has increased to 71 points!]

Zhou Zhou looked at the Lord Talent notification and then looked at Zhang Kaishan and the others.

That was indeed the case.

Even though these people were still a little terrified, their gazes and expressions had already become quite docile and loyal.

Zhou Zhou immediately felt better.

This Lord Talent of Peace And Prosperity was ridiculously useful when subduing surrendered soldiers!

As expected of a Diamond Lord Talent!

After that, Zhou Zhou looked at the strength of these people.

Among them, Zhang Kaishan was the strongest and had already reached the Green Bronze-Tier Elementary Grade!

The rest of the people were at least at the Black Iron-Tier Elementary Grade!

Even though Zhou Zhou had heard about their combat Class before, this was the first time he had seen it.

Martial Artists!

This was a classless combat profession!

They were produced in a building called a dojo!

Among the human non-military combat professions...

Martial Artists, rangers, adventurers!

These three professions were the most widespread and common gradeless professions!

Their professional strength was mainly affected by the cultivation techniques they learned.

Some could reach the strength of a Kingdom-level profession, or even higher!

Some could only match the strength of the basic profession!

The upper limit could be extremely high and the lower limit could also be extremely low!

This was the characteristic of the Martial Artist profession.

After that, Zhou Zhou asked Zhang Dahu and Zhang Kaishan about the deeper information regarding their ambush.

As Zhou Zhou had expected.

It was indeed Kunt's doing.

Moreover, they had done this many times.

It succeeded of Kunt's power. The fact that he had done things very cleanly and did not go after the Lords every time was the reason why they did not dare to provoke him even if someone suspected him.

Until he met Zhou Zhou.

Facing the Spatial Ring and a human slave with an elf bloodline, Kunt could not help but decide to take advantage of him again.

Unfortunately, no one expected Zhou Zhou to have the abnormal Lord Talent of Peace And Prosperity. In addition, he had even brought 1,000 soldiers over.

In the end, he screwed up.

After Zhou Zhou heard this, she glanced at Bai Yi.

Bai Yi nodded slightly and left quietly.

...

Kunt's Slave Market.

In the lobby.

Kunt was sitting in the main seat, thinking about Zhou Zhou and Bai Yi.

"Who should I sell that human with elven blood to after capturing her?"

He was a little excited.

He didn't dare to sell pure-blooded elves because the Elven Empire had always had zero tolerance in this aspect!

He did not want to be wanted by that huge Empire.

However, the market price of humans with elf blood was extremely high.

Many high-ranking officials and nobles were willing to spend a lot of money to buy them.

"Maybe I can make some important friends with this opportunity." He thought about this.

He couldn't help but fantasize.

At this moment, a powerful spiritual pressure suddenly descended.

It was as if a legendary hero had descended into the mortal world!

The next second.

Whoosh!

A silent wooden arrow suddenly shot over and pierced Kunt's throat.

Kunt's eyes widened as he spat out blood continuously. Gradually, he calmed down and stopped breathing.

A moment later.

On the outskirts of Fish Spring Town.

Zhou Zhou looked at Kunt's corpse.

[Item Name: Kunt's Corpse]

[Item Level: Green Bronze-Tier Advance Grade]

[Item Effect: Contains unextracted loots.]

[Item Description: An Aurora Human Slave Master killed by a hero.]

[Loot Drop Rate: Eight Green Bronze-Tier Mist Core (Drop Rate: 100%), one Green Bronze-Tier Advance Grade martial arts manual, Gust Blade (Drop Rate: 25%), one Green Bronze-Tier Aurora Crystal (Drop Rate: 10%), one gradeless Martial Artist Class Change Certificate (Drop Rate: 0.1%), nine Black Iron-Tier Lord Talent Crystal Fragments (Drop Rate: 0%)]

"He is also a Lord?"

He could not help but raise his eyebrows.

[**Global Lord: 100% Drop Rate**](#)

Chapter 77: Inaugurated Martial Artist! Gust Blade!

Zhou Zhou squatted down and placed his hand on the other party's corpse.

A golden notification appeared.

[Do you want to retrieve the loot?]

"Yes!"

He thought.

The next second.

[Lord Talent Hint: You have obtained Loots— Eight Mist Cores (Green Bronze-Tier), one martial arts manual, Gust Blade (Green Bronze-Tier Advance Grade), one Aurora Crystal (Green Bronze-Tier), one Martial Artist Class Change Certificate (No Grade), nine Lord Talent Crystal Fragments (Black Iron-Tier)]

Whoosh.

Kunt's corpse instantly turned into Loots and dropped.

Not far away.

Zhang Dahu and Zhang Kaishan, who had complicated expressions, immediately widened their eyes when they saw this scene.

"Is Big Brother's drop rate that high?"

"Is the Lord a Lucky Person?"

"Even the Lucky Person isn't that ridiculous, right?"

...

The surrounding soldiers did not seem surprised at all.

This scene was nothing to them, who saw a large number of Loots drop from their Lord every day.

At the same time...

Zhou Zhou also began to examine this fellow's spoils of war other than the Mist Cores and Aurora Crystals.

Zhou Zhou first looked at the Martial Artist Class Change Certificate.

[Item Name: Martial Artist Class Change Certificate]

[Item Level: Gradeless]

[Item Effect: Class Change Tool for Non-Grade Combat Class! After using it, you can become a Gradeless Combat Class-Martial Artist! You will also have the basic theory of martial arts cultivation, one year of Normal Martial Artist combat experience, and the initial strength of a lower-level Black Iron.]

[Item Description: Gradeless Combat Class Class Certificate! The most common basic combat Class in the Supreme Continent. Its upper and lower limits are determined by the quality of the martial arts manual!]

Zhou Zhou looked at the Class Change Certificate thoughtfully.

He had a 100% drop rate.

Therefore, he had always wanted to take on a combat profession with an extremely high upper limit!

But now, this Martial Artist Class was very interesting.

Even though it was a gradeless combat profession, its upper limit was determined by the quality of the martial arts manual.

An extremely high-quality martial arts manual could completely make a Martial Artist Class comparable to a Kingdom Class or even higher!

"I have a 100% drop rate."

"It won't be a problem to obtain higher-level martial arts manuals in the future."

"It's entirely possible for me to raise the potential and power of this Class to the level of a Divine Kingdom Class or even Supreme Class.

"Moreover, the novice Lord test is about to begin."

"I can't wait for another Class with a higher upper limit either."

"I have to have stronger strength to protect myself before the novice Lord's protective barrier disappears."

"Martial Artist then!"

Zhou Zhou made up his mind.

He did not use it immediately. Instead, he looked at the martial arts manual.

[Martial Arts Secret Manual: Gust Blade]

[Secret Manual Quality: Green Bronze-Tier Advance Grade]

[Cultivation Effect one: Gust Swordsman— When you use a blade-type Arms with all your might, your attack speed can be increased to 5 times per second!]

Cultivation Effect two: Thirteen Gust Slash— The ultimate skill of the "Gust Blade"! Within a second, strike the enemy 13 times consecutively!

[Note: The above effects will reach the maximum value when a Martial Artist reaches the strength of a Green Bronze-Tier Advance Grade. The Cultivation Effect obtained by those below the strength of a Green Bronze-Tier Advance Grade will decrease.]

Zhou Zhou nodded slightly.

It might only be a Green Bronze-Tier Advance Grade martial arts manual, but the cultivation effect of this secret manual was still quite useful.

He didn't hesitate.

After asking Bai Yi to protect him and not let anyone disturb him, he chose to use it on the spot.

Soon, the Martial Artist Class Change Certificate and Gust Blade turned into two Bronze lights and fused into his glabella.

Zhou Zhou closed his eyes.

He immediately felt that the promotion energy in his body had increased, allowing him to be closer to the Green Bronze-Tier Intermediate Grade.

At the same time, a large amount of Martial Artist cultivation common sense and Gust Blade cultivation experience appeared in his mind.

A text notification appeared.

[Congratulations, you have successfully changed your class to a Gradeless Combat Class— A Martial Artist!]

[Your Combat Class column has been activated!]

[Your martial arts secret manual has been unlocked!]

[You have cultivated the martial arts secret manual, Gust Blade (Green Bronze-Tier Advance Grade)!]

[You can switch to other martial arts manuals at any time!]

Zhou Zhou opened his eyes.

He looked at his hands and felt that they were suddenly much lighter.

Then, he took out a Green Bronze-Tier Elementary Grade Sword Shield Soldier saber from his Spatial Ring.

He tried to wave his saber and realized that his speed was indeed much faster.

However, it could only last for three slashes per second at most.

He couldn't do the top-notch five slashes a second.

Then, he prepared to use the Thirteen Gust Slash again.

Zhou Zhou stared at the air in front of him.

Suddenly, his right hand holding the saber suddenly turned into an afterimage.

Within a second.

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

A total of eight saber lights flashed in the air and a series of sharp whistles sounded.

"Not bad."

Zhou Zhou nodded in satisfaction.

The skills he had obtained previously were either summoning skills, long-range skills, or support skills.

This Gust Blade could make up for his weakness in close combat.

Moreover, as his strength increased, the cultivation effect of this secret manual would also become stronger.

Zhou Zhou was starting to like this profession.

As for the last nine Black Iron-Tier Lord Talent Crystal Fragments, he put them away.

Then, Zhou Zhou looked at Zhang Dahu and Zhang Kaishan.

"Do you know where Kunt's territory is?"

"How's the military strength there?" He asked.

"I do!"

"Kunt's territory is in the Desolate Gobi."

"That's the old camp he's been running for more than 10 years. It's well guarded."

"However, as his brothers, we know a safe passage that leads directly to the interior of his territory."

"He also has a slave guard of 5,000 people in his territory. Every slave soldier is loyal to Kunt himself. After the combat training of slave trainers, their combat ability is already comparable to basic soldier professions of the same level." Zhang Kaishan immediately said.

Zhou Zhou was deep in thought.

"If I let you and Zhang Dahu go back... I'll even lend you some more soldiers. Can you take over Kunt's slave organization?" He looked at Zhang Kaishan.

"I'm 100% confident if your soldiers are here!" Zhang Kaishan said confidently.

"Okay. Then follow me to the city first."

Zhou Zhou acknowledged.

After that, he brought all the soldiers and Subjects back to Blazing Sun City.

...

More than an hour later.

Zhou Zhou and the others returned to Blazing Sun City safely.

When they returned.

The mighty Subjects team immediately caused a stir among all the Blazing Sun City Subjects.

"My Lord."

"Did you... Rob Fish Spring Town?"

Zheng Yuanqi looked at the additional 3,500 Subjects and was dumbfounded.

"Fish Spring Town is a town under the jurisdiction of your disciple."

"Even if I really wanted to plunder, I wouldn't plunder Fish Spring Town."

Zhou Zhou explained with a smile.

Then, he told the other party about what had happened on this trip. The other party nodded slightly.

"Elder Zheng, make arrangements for these 3,573 new Subjects."

"Those who should help build buildings, build buildings. Those who should be apprentices to life professions, become apprentices."

"In short, let them do their own things as soon as possible and integrate into the identity of Blazing Sun City's Subjects." Zhou Zhou said.

Unexpectedly, Zheng Yuanqi's expression was a little serious.

"My Lord."

"Please forgive me for what I'm about to say."

"There are already more than 7,000 people in our territory including them."

"The number of people has already exceeded the maximum population that the territory's infrastructure can carry."

"The population is acceptable for today."

"But there must be no new population for the time being."

"Just the water, amongst other things, produced by our territory is almost unable to satisfy the daily needs of the Subjects."

"In addition, I discovered many problems in the territory."

"When the Lord has time, I need to talk to you about these problems and discuss solutions."

"Okay!" Zhou Zhou was stunned for a moment before nodding seriously.

Zheng Yuanqi bowed respectfully and went to arrange the whereabouts of these people.

"My Lord."

"What about the two cat girl sisters?"

"Should we arrange for them to stay by the Lord's side and serve you?" Bai Yi walked over and pointed at the catgirl sisters who had already come out of the iron cage. There was a knowing smile on her face towards the end.

"Not for now. I can take care of myself."

"I've seen their Stats before."

"They are very talented in Agility and have a huge advantage in close combat. They are quite suitable to be Sword Shield Soldiers."

"Let's arrange for them to train in the Blazing Sun Army first."

Zhou Zhou shook his head.

To be honest, these two were very tempting to any normal man given their appearance, figure, or some special physical characteristics.

Zhou Zhou was no exception.

However, they had just joined Blazing Sun City.

Even though their loyalty was already 71 points, it was still a little low in Zhou Zhou's eyes, so he did not want to arrange for the two of them to be by his side for the time being.

He could arrange for them to be by his side when their loyalty reached 90 points.

"Yes, my Lord!"

"I'll definitely train them well when they enter the Army." Bai Yi said.

Zhou Zhou nodded slightly.

"In a while, gather all the male Subjects of these new Subjects together."

"I want all of them to change professions!" He said.

He had saved up the Sword Shield Soldier Class Change Certificates and the Poison Crossbow Soldier Class Change Certificates for so many days.

He could finally use them!

"Yes!"

Bai Yi said respectfully.

Then, she turned around and left.

[**Global Lord: 100% Drop Rate**](#)

Chapter 78: Job Changes For All! Green Bronze-Tier Advance Grade Aurora Tower!

A moment later.

The 2,145 male Subjects and the two Cat girls were gathered together.

They already knew Zhou Zhou's motive.

However, not only did they not resist, they even looked at Zhou Zhou with bright eyes.

In this chaotic world...

Being an ordinary Subject did not mean that they were safer than the soldiers fighting outside.

On the contrary, only by becoming a Professional who grasped Extraordinary Power could one better grasp one's own fate.

That was something that they, who had once been slaves, knew best!

They would never forget the feeling of being powerless and unable to resist the slave owners for the rest of their lives.

Therefore, they were extremely eager that their new Lord could really bestow them with the extraordinary power of professionals!

With a wave of Zhou Zhou's hand, a total of 2,147 "Sword Shield Soldier Class Change Certificates" appeared in front of them.

He now had a total of 3,876 "Sword Shield Soldier Class Change Certificates" and 2,078 "Poison Crossbow Soldier Class Change Certificates"!

Among them, the Poison Crossbow Soldier Class Change Certificate was a beginner soldier Class Change Certificate!

Zhou Zhou did not plan to give it to them directly. On the one hand, he planned to let Bai Yi and the others choose soldiers with long-range Marksmanship talent from the soldiers to change their profession.

On the other hand, he placed the "Poison Crossbow Soldier Class Change Certificates" into the military merit exchange system so that soldiers with military merit could obtain a job change through military merit and mobilize their combat enthusiasm.

This was fairer.

At the same time...

After he took out these Class Change Certificates, soldiers walked forward and handed these "Sword Shield Soldier Class Change Certificates" to these Subjects.

Zhou Zhou asked them to change their jobs on the spot.

As soon as he finished speaking, waves of white light lit up from these Subjects stemming from their excitement to use the Class Change Certificates.

There were so many of them.

Zhou Zhou couldn't help but narrow his eyes.

A moment later.

All the white light dissipated.

What appeared in front of Zhou Zhou were 2,147 Sword Shield Soldiers wearing standard military equipment!

They looked at the equipment on their bodies and felt the Black Iron-Tier Elementary Grade power surging in their bodies. They were extremely excited.

At the same time...

A large number of notifications appeared in front of Zhou Zhou.

He could only block them all because there were too many of them.

Zhou Zhou looked at these recruits and suddenly wanted to say something.

"Soldiers!"

He suddenly said, His voice spread throughout the entire battlefield under the power of his mental power, allowing all the soldiers to hear him.

They all quietened down and focused on the Lord who had given them a new life.

"Congratulations!"

"You have already embarked on the path of an Extraordinary!"

"You now have extraordinary power that ordinary people can't even imagine!"

"This power can be used to protect your family and things you want to protect!"

"You can also take revenge on your former enemies!"

"I know that the person you hate the most is Kunt!"

"Even though Kunt is dead now."

"But."

"His territory still exists!"

"There are also a large number of Kunt's thugs inside."

"This Lord is prepared to lead troops there to destroy Kunt's lair!"

"Are you willing to follow me and destroy these enemies?"

He looked at these new Subjects.

The scene suddenly fell silent.

A few seconds later.

"We're willing to die for the Lord!"

A young soldier holding a saber and shield suddenly knelt down, his eyes gradually turning red.

His voice seemed to turn on a switch.

Furious roars sounded one after another.

"We're willing to die for the Lord!"

"Destroy these b*stards!"

"We can't let scum like them live in this world!"

...

More than two thousand soldiers roared in unison.

Every soldier was filled with killing intent.

"Okay!"

"If that's the case!"

"Rest for an hour!"

"Then we'll set off for Kunt's territory!"

Zhou Zhou said in a low voice.

"Yes!" The soldiers said one after another.

Zhou Zhou nodded and looked at Bai Yi.

"Take 2,000 men."

"Let's go together later!" He said.

Kunt's territory had a total of 5,000 slave guards!

It could be said that he was the enemy that Zhou Zhou had encountered with the most Subjects.

He had to go all out.

However, he still had a battlefield killing weapon like Nezario's Dragon Might.

Therefore, Zhou Zhou was not worried that he would lose.

"Yes, my Lord!"

Bai Yi said respectfully and immediately went to pass down the order.

Zhou Zhou was not idle either.

He found Zhao Changshou and took out the Green Bronze-Tier Advance Grade Aurora Tower.

This Aurora Tower was more than 20 meters tall.

It was completely white and had a sharp shape.

A hexagonal crystal floated at the top of the tower, emitting a gentle white light under the sunlight.

Zhou Zhou had the Elementary Grade Mental Potential. He could vaguely sense that the hexagonal crystal contained astonishing and majestic energy!

"Good luck, my Lord."

"The Aurora Tower is considered a strategic Arms in the Aurora Kingdom."

"It's very difficult for some great factions' Lords to obtain it."

"I didn't expect my Lord to obtain a ready-made one just by going out."

"Even though it's only a Green Bronze-Tier Advance Grade."

"But it's also a treasure that many large factions dream of!" Zhao Changshou paused for a second and then smiled.

He did not ask about the origin of the Aurora Tower.

Zhou Zhou did not explain further.

He first looked at the attributes of this Aurora Tower.

[Building Name: Aurora Tower]

[Construction Level: Green Bronze-Tier Advance Grade]

[Building Function one: Light Energy Reserve Device— Absorb light elements and store them in the Light Energy Reserve Device of the Aurora Tower to collect attack energy for the Aurora Cannon!]

[Construction Effect two: Aurora Cannon, Ray Mode— Activating Aurora Cannon, consumes 1% of the Light Elemental energy in the Light Energy Reserve Device every second, forming an extremely penetrating Aurora Ray that sweeps through all enemies in range!]

[Construction Effect two: Aurora Cannon, Polarity Mode— Activate the Aurora Cannon and instantly release all the Light Elemental energy in the energy storage device. Concentrate on one point to kill the enemy. It can kill anything below the Yellow Gold-Tier!]

[Remark: The Aurora Tower has a range of 10,000 meters!]

[Building Upgrade: 50,000 units of wood, 50,000 units of fine sand, 100,000 units of metal, 100,000 units of stone, 100 units of White Platinum-Tier Aurora Crystals, 50 White Platinum-Tier Mist Core!]

[Architecture Description: The tribune building of the Aurora Tribe. It is also the only kingdom-level building in the Aurora Kingdom. It plays an indelible role in the establishment and expansion of the Aurora Kingdom.]

Zhou Zhou nodded in satisfaction.

The killing ability of the Aurora Tower might not be as good as Nezario's Magma Dragon Breath.

However, its Aurora Cannon, Ray Mode, far exceeded the other party's range attack.

With this low-end Kingdom-level building, He finally felt much more at ease facing the novice Lord test two days later.

Then, he handed 51 Green Bronze-Tier Aurora Crystals to Zhao Changshou.

"I can build a Green Bronze-Tier Intermediate Grade Aurora Tower with so many Aurora Crystals."

Zhao Changshou looked at the Aurora Crystals in surprise.

The Quest he entrusted to Zhou Zhou was just to build a Bronze-level Aurora Tower.

"Other than the Aurora Tower, I have something else to ask of Elder Zhao."

Zhou Zhou said.

"My Lord, if you have something to say, just say it."

"It's our duty to share the Lord's worries. How can we ask you to do this?"

Zhao Changshou waved his hand.

"Then I'll get straight to the point."

"The Monster Ranches can be upgraded again now."

"Elder Zhao, if you have time, why don't you upgrade all the Monster Ranches to the Green Bronze-Tier Intermediate Grade?" Zhou Zhou said.

"The Monster Ranch leveled up again?"

"Leave it to me!"

Zhao Changshou's eyes lit up.

He had a vague feeling of breaking through ever since he helped Mu Gu advance to Monster Ranches.

After hearing Zhou Zhou's words, he immediately had a premonition.

Whether he could be promoted to a White Platinum-Tier Advance Grade Architect would probably depend on the promotion of the Monster Ranches this time.

More than an hour later.

The soldiers were done resting.

Zhou Zhou immediately brought 2,147 new Sword Shield Soldiers, 1,000 Poison Crossbow Soldiers, 1,000 Elemental Archers, Bai Yi, Nezario, and the others to the Desolate Gobi.

Chapter 79: Attacking Kunt City! Shocking Reward!

An hour and a half later.

Outside Kunt City, in the Desolate Gobi.

Huuuu...

The wind blew loudly.

The land of the Desolate Gobi was mainly made of coarse sand and gravel. The geology was slightly harder, which made it more convenient to walk.

Unlike the Blazing Sun Desert, where there was a lot of quicksand. The terrain was soft and more difficult to walk on.

However, the sandstorm here was much stronger than in the Blazing Sun Desert.

The wind was mixed in with gravel. It was very easy to cause some wounds when it hit a person's face.

"No one would want it even if this place was occupied, right?" Zhou Zhou looked at his surroundings.

There was no green at all at a glance.

There was nothing except for high winds and grit.

He shook his head.

His gaze landed on the distant Kunt City.

A grayish-black wall that was more than 20 meters tall stood there.

Just one glance at this tall wall gave Zhou Zhou a feeling that it was unbreakable.

He could only see the corners of some buildings inside from the outside.

"My good Lord..."

"They are so rich."

"They actually built such a high Wall!"

"I estimate that at least half of my soldiers will die before we can take this place if I get them to storm the walls without Nezario's help..." Zhou Zhou clicked his tongue.

"Where's the safe passage you mentioned?"

He looked at Zhang Kaishan.

"My Lord, please follow me." Zhang Kaishan said respectfully.

Then, he walked away from Kunt City.

When Zhou Zhou saw this, he called for the soldiers and followed him.

A moment later.

Zhang Kaishan stood in front of a stone mountain.

He looked at the stone mountain and suddenly slashed down with the saber in his hand.

Thirteen Gust Slash!

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

Eight saber beams flashed across the surface of the stone mountain.

The next second.

Splash...

A large number of stones were shattered and fell to the sand, revealing a heavy grayish-black door behind the stones.

Zhang Kaishan took out the key, unlocked the door, and pushed it open.

An underground tunnel illuminated by torches appeared in front of everyone.

"My Lord. This is the safe passage."

"We can enter Kunt City directly if we walk forward from here."

"I can lead the way."

"After entering Kunt City, I will lead my men to kill all the surrounding slave guards. At that time, my Lord can lead the army and rush forward to destroy those slave guards and occupy the entire Kunt City!" Zhang Kaishan said excitedly.

"Bai Yi."

"Bring all the Green Bronze-Tier soldiers and go with him!"

"After entering Kunt City, you must eliminate all the surrounding enemies immediately and let the subsequent soldiers enter safely!"

"I'll get Nezario to cooperate with you!"

Zhou Zhou nodded and said to Bai Yi.

He was not interested in subduing the slaves in Kunt City.

The slaves of Kunt City had been completely brainwashed under the training of slave trainers. They were more loyal than those who were dead loyal.

He could try to subdue some of them with Incite Defections if there were not many of them.

However, it was better to eliminate them all to avoid future trouble.

"Yes!" Bai Yi said respectfully.

Then, she called Zhang Cang and the other five Green Bronze-Tier Intermediate Grade soldiers and 19 Green Bronze-Tier Elementary Grade soldiers to follow her into the tunnel.

After they entered.

Zhou Zhou looked up at the sky.

The black-red figure in the air seemed to have received an order. After letting out a dragon roar, it flew down from the sky and landed inside Kunt City with a bang.

Scorching flames, lava spewing, terrified cries, and screams instantly sounded.

A moment later.

A fire vine arrow soared into the sky and exploded in the air, turning into dazzling sparks.

"All soldiers!"

"Enter the underground tunnel immediately!"

When Zhou Zhou saw Bai Yi's notification, he immediately ordered in a deep voice.

"Yes, my Lord!" All the soldiers immediately entered the underground passage in line.

A moment later.

When Zhou Zhou entered Kunt City through the underground tunnel, he saw the soldiers fighting with the slaves in simple equipment.

Blood splattered everywhere!

The ground was dyed red!

The scene was extremely bloody.

But fortunately...

With the help of Nezario's Dragon Might, it was all his soldiers slaughtering the other party one-sidedly.

These slave guards could not exert much strength at all and were easily dealt with by the soldiers.

Seeing this scene, as a Martial Artist, especially a martial artist who had just learned martial arts manuals.

Zhou Zhou could not help but feel his hands itching.

"Let's practice! Think of it as gaining some combat experience." He thought.

There was no hesitation.

If he did not dare to go forward to fight and practice under the support of the Dragon Might, he would not have the guts to be a Lord.

He immediately put on a low-grade Bronze Fire Demon Fog Wolf Outfit and rushed forward with a low-grade Bronze Sword Shield Soldier's saber.

When a Green Bronze-Tier Intermediate Grade slave captain saw him coming, he thought that he was an ordinary soldier who did not care about his life.

A sinister smile immediately appeared on his face as he charged forward with his mace.

The two sides quickly collided.

The slave captain smashed down with his mace!

Zhou Zhou twisted his body to dodge the blow.

BANG!

A half-meter deep pit was smashed into the ground.

Zhou Zhou stared at him.

Mental Manipulation!

The slave captain froze on the spot.

He seized this opportunity.

Thirteen Gust Slash!

Swish swish swish swish...

Eight saber lights flashed again.

The slave captain, who was wearing normal armor, fell to the ground weakly.

Zhou Zhou glanced at his loots.

Then, he fell silent.

The loot only consisted of a Black Iron-Tier Advance Grade Mace and a Black Iron-Tier Advance Grade armors other than the four Green Bronze-Tier Mist Cores and one Green Bronze-Tier Aurora Crystal even though it a Green Bronze-Tier Intermediate Grade slave captain?

He could not be bothered to stop to retrieve the Loots and directly rushed towards the next enemy.

...

Half an hour later.

Kunt City gradually quietened down.

Bai Yi began to send people to clean up the battlefield.

Zhang Kaishan and Zhang Dahu began to gather the wealth in Kunt City.

Both of them were Kunt's brothers when they were alive.

Therefore, they knew where all the good stuff was hidden.

After a while, Zhang Kaishan and Zhang Dahu walked over excitedly.

"My Lord!"

"All the spoils of war here have been sorted out!"

"A total of 250,000 units of stone, 150,000 units of wood, 180,000 units of metal, and 160,000 units of fine sand have been found!"

"There are 84,654 Black Iron-Tier Mist Cores, 1,521 Green Bronze-Tier Mist Cores, 101 White Silver-Tier Mist Cores, and five Yellow Gold-Tier Mist Cores!"

"Moreover, there are about 20,000 to 30,000 pieces of equipment from Black Iron-Tier to Green Bronze-Tier!"

"One Green Bronze-Tier Advance Grade Dojo Blueprint! One Green Bronze-Tier Advance Grade Kitchen Blueprint! Three Green Bronze-Tier Intermediate Grade Woodworking Room Blueprints! Five Green Bronze-Tier Elementary Grade Blacksmith Shop Blueprints!"

"Apart from that, we also captured two Green Bronze-Tier Advance Grade martial masters! Three Green Bronze-Tier Advance Grade slave trainers! Five Green Bronze-Tier Advance Grade architects! Five Green Bronze-Tier Advance Grade blacksmiths! Eleven Green Bronze-Tier Intermediate Grade chefs!"

"In addition, there are 112 Black Iron-rank life professionals!"

"That is all the Loots in Kunt City."

"In addition, there are also a portion of Mist Cores and many slaves in Fish Spring Town."

"I can bring them over at any time!"

Zhang Kaishan was fanatical and respectful.

Zhang Dahu and gang had never expected their Lord to have a dragon as his subordinate!

When the dragon appeared in front of them, all the recruits, including them, were stunned.

Is this the Lord's true strength? We did not follow the wrong Lord! They thought thankfully.

Zhou Zhou was also very surprised when he heard the report.

He had gained too much this time!

In terms of the Mist Cores alone, it far exceeded the total gains he obtained from fighting the Scarlet Lord.

Moreover, this was not the only real gain.

The large number of buildings and the towering Wall in Kunt City was also a very precious wealth!

This was the benefit of occupying a local life form's territory.

Zhou Zhou could not help but recall his previous experience of occupying the Scarlet Lord's territory and felt emotional.

The Scarlet Lords' territories would not have these ready-made buildings!

There would not be so many loots!

Zhou Zhou was happy for quite some time because there was a habitable pyramid in the sandman territory that he had conquered previously.

The difference was like heaven and earth compared to the complete construction facilities of Kunt City!

"Bring me to the territory tablet." Zhou Zhou said in a low voice after coming back to his senses.

"Yes, my Lord!" The two of them said respectfully and led the way.

Zhou Zhou followed behind them.

[Global Lord: 100% Drop Rate](#)

Chapter 80: Capturing Kunt City! Dojo and Martial Master!

Zhou Zhou saw the territory stone tablet in a Lord's courtyard in no time.

A full 100,000 durability meant that this was a Green Bronze-Tier Advance Grade Territory Token.

Zhou Zhou thought for a moment.

He decided not to take the Territory Token but to leave it here.

This was because he planned to occupy Kunt City and turn it into his second city outside of Blazing Sun City!

If he chose to occupy, then, the Territory Token had to be kept in the territory.

Otherwise, the buildings in the territory would lose their Building Effect and become self-built buildings.

This was also why the Territory Token was the foundation of the territory.

He stopped considering it.

Zhou Zhou placed his hand on the stone tablet.

Soon, a line of text appeared just as he received the 50 Green Bronze-Tier Aurora Crystals.

[Do you choose to occupy Kunt City?]

"Yes!" He said.

[Occupation successful!]

[Congratulations, you have become the Lord of Kunt City (Green Bronze-Tier Advance Grade territory)!]

[Vassal Territory panel has been activated!]

[You can check the information of your Vassal Territory on the Vassal Territory panel!]

"Open the Vassal Territory interface." Zhou Zhou thought.

The next second.

A golden virtual interface appeared in front of him.

[Vassal Territory Name: Kunt City (changeable)]

[Main City: Blazing Sun City]

[Vassal Territory Grade: Green Bronze-Tier Advance Grade]

[Territory: 20,000m×20,000m×5,000m]

[Territory Buildings: Lord's courtyard (Green Bronze-Tier Advance Grade) x1, Dojo (Green Bronze-Tier Advance Grade) x1, Warehouse (Green Bronze-Tier Advance Grade) x2, Kitchen (Green Bronze-Tier Advance Grade) x5, Blacksmith Shop (Green Bronze-Tier Elementary Grade) x3... Dormitory (Black Iron-Tier Elementary Grade) x511]

Zhou Zhou took a glance and nodded in satisfaction.

The building list was full, which was pleasing to the eye.

If not for the fact that the Territory Token could not be moved, which made it so that the location of the main city could not be changed, he even wanted to move Blazing Sun City here.

He did not like the name, so he changed Kunt City to Desolate City!

"In the future, I can try to use Desolate City as a springboard to conquer the entire Desolate Gobi region!" Zhou Zhou thought.

Then, he looked at Zhang Kaishan and Zhang Dahu, who had been waiting respectfully at the side.

He thought for a few seconds before sitting down.

"You two, come here." Zhou Zhou said.

Zhang Kaishan and Zhang Dahu exchanged glances before they immediately walked over.

"I'm going to check your memories."

"Don't resist no matter what abnormalities you feel."

"It'll be over soon."

"Don't worry. There's no danger." Zhou Zhou said.

Check their memories?

Both men paled.

However, they didn't say anything. They just lowered their heads silently.

When Zhou Zhou saw this, he immediately activated his Mental Perception Skill.

This enhanceable Racial Skill could only sense others' vague thoughts at the beginning.

However, as Zhou Zhou's strength increased, for example when he was at Black Iron-Tier Advance Grade, he could gradually sense the other party's clearer thoughts.

Now, he was already at the Green Bronze-Tier Elementary Grade!

His Mental Perception Skill could even begin to sense the memories in the other party's mind.

He wondered what would happen in the future.

Zhou Zhou was looking forward to it.

A moment later, after sensing their memories, a look of surprise flashed across Zhou Zhou's eyes.

In their memories, he realized that they did not do much evil to the slaves while the two of them were Kunt's helpers.

Zhang Dahu's memories were even a little funny.

He was arranged by Kunt to be a spy among the slaves, specially in charge of reporting on restless slaves.

After a long time, these thousands of slaves did not realize that their companions who were suffering with them were actually arranged by the slave owners.

Zhang Kaishan's experience was relatively easy.

He was Kunt's real fighter!

They were in charge of dealing with Kunt's "guests" who wanted to harm him or other factions that were at odds with Kunt.

Occasionally, he would use force to intimidate the slaves, but not often. At most, he would beat and scold them.

However that was because Kunt felt that slaves were wealth.

Therefore, he was not allowed to hit or scold too much to prevent disabling the slaves.

Zhou Zhou could not help clicking his tongue in wonder.

These two people were considered clean.

This was exactly what he wanted. He also did not want scums to be his subordinate.

"I was just checking your memories because I wanted to see if you guys are qualified to take on a big responsibility!"

"From the looks of it..."

"You barely qualified." Zhou Zhou said.

The two of them heaved a sigh of relief.

At the same time, they were curious about what Zhou Zhou was talking about.

"Do you know why I asked you to accept Kunt's slave organization?"

Zhou Zhou asked.

"My Lord... also wants to get involved in the slave industry?" Zhang Kaishan probed.

"I have no interest in the slave trade. The reason why I asked you to accept Kunt's slave organization is very simple."

"I want you to sell them all. Change it to real Mist Cores!" Zhou Zhou said.

He did not have a good impression of this industry when he was on the Cerulean Planet.

He might be in a different world now, but the preferences in his heart remained unchanged.

In addition, he was not short of people now.

In the future, he could also plunder the population of other Lords through war.

Therefore, he was even less interested in running the slave industry.

Mist Cores were a real transaction currency on the High Continent.

There was no harm in getting more!

Zhang Kaishan and his brother suddenly understood.

"We brothers will definitely sell Kunt's slave industry as soon as possible!" Zhang Kaishan said respectfully.

Zhang Dahu nodded vigorously too.

Zhou Zhou acknowledged.

"After selling all the businesses in Kunt, I plan to let you two brothers manage this city."

"You're the most familiar with this place after all. But I won't be moving people here for the time being."

"I'll only leave you 1,000 new recruits to guard this empty city. I will be attacking the Scarlet Lord forces in the desolate Gobi sometime soon."

"When the time comes, the soldiers I brought should live in this city for the time being." Zhou Zhou said.

He had no choice but to get them to guard this empty city.

Blazing Sun City was undergoing rapid development.

Most Subjects had their own jobs in Blazing Sun City. It was impossible for them to leave.

In addition, he would bring troops out to fight almost every day.

Therefore he could not send too many soldiers over.

Otherwise, just mobilizing the soldiers of the two territories every day would waste a lot of development time.

That was not what Zhou Zhou wanted to see.

Therefore, they could only let the two of them lead some soldiers to temporarily guard this empty city.

In the future, when Blazing Sun City had so many Subjects that it could no longer accommodate them, he would move the additional Subjects here.

"We won't let the Lord down!"

"We will protect the Lord's city to our death!"

When Zhang Kaishan and his brother heard Zhou Zhou's words, they knelt on the ground excitedly.

They dare not even dream of such a good thing. As two newbies who had just joined Blazing Sun City, they were actually directly entrusted with such an important responsibility by the Lord.

How much trust did he entrust them with?!

"Keep this city safe. Don't use your power to do whatever you want."

"You won't have to see me again if I hear anything like that happening." Zhou Zhou said calmly.

With Peace And Prosperity around, their loyalty would increase sooner or later.

Therefore, Zhou Zhou was not worried that the two of them would betray him just because he wasn't physically here.

"Yes, my Lord!" The two of them hurriedly said.

At the same time, they warned themselves to be a good city Lord and not disappoint their Lord.

Seeing this, Zhou Zhou did not stay any longer. He turned around and walked out of the Lord's courtyard.

A moment later.

"The Gust Dojo?"

"This should be the only Green Bronze-Tier Advance Grade Dojo in Desolate City."

"Kunt, Zhang Kaishan, and the others' Gust Blade should belong to the Martial Master of this Dojo."

Zhou Zhou looked at the green building in front of him and thought.

At this moment, a middle-aged man with a mustache walked out with his luggage.

The moment he came out, he saw Zhou Zhou.

"You are..." He asked carefully.

"I am the Lord of The Blazing Sun."

"Are you the martial master of this Dojo?" Zhou Zhou asked.

"Greetings, my Lord!"

"My name is Li Si. I'm the martial master and owner of Gust Dojo!" When Li Si heard Zhou Zhou's title of Lord, he hurriedly said respectfully.

Zhou Zhou nodded slightly.

"Are you preparing to move to Blazing Sun City?"

He asked.

"Yes, my Lord!" Li Si said.

"Don't worry about living there."

"When you get there, I'll naturally get someone to build another Dojo for you."

"The Blazing Sun City will not mistreat any subject."

"But when the time comes..."

"I'll leave the martial arts cultivation of Blazing Sun City's Subjects to you martial masters."

"You're gonna have to work harder." Zhou Zhou said.

"My Lord, you're being too serious. I will do my best!" Li Si said respectfully.

Zhou Zhou acknowledged.

Then, he looked at the building information of this Dojo.

[Construction Name: Dojo]

[Territory Level: Green Bronze-Tier Advance Grade]

[Construction Effect: A professional place for ordinary people to change their profession to Martial Artist, learn martial arts manuals, and cultivate martial arts. There is a built-in martial arts cultivation room. Cultivate in the martial arts cultivation room. Martial arts comprehension +2, cultivation efficiency +20%, promotion energy obtained by an additional 20%!]

[Current maximum number of available job changers: 11/100]

[Construction Upgrade: 1,000 units of wood, 1,000 units of fine sand, 1,000 units of metal, 1,000 units of stone, 20 White Silver-Tier Mist Core, one White Silver-Tier Elementary Grade Dojo Blueprint!]

Zhou Zhou nodded in satisfaction.

From now on, the Subjects in his territory could also change their occupation to Martial Artists.

Moreover, this Dojo was indeed a place for Martial Artists to cultivate!

The construction effect was indeed not bad.

I'll make one when we get back. He thought.

"My Lord!"

Bai Yi's voice came from afar at this moment.

Then, she quickly arrived in front of Zhou Zhou.

"My Lord, the battlefield has been cleaned up. We have collected a total of 5,124 enemy corpses and have already dripped Golden Corpse Water on them!"

"Should we transport all these corpses back to Blazing Sun City?" Bai Yi asked.

"No need."

"Let's do it here."

Zhou Zhou thought for a moment and said.

It was a waste of time to transport more than 5,000 corpses back and forth.

Moreover, the three Conqueror's Blast Furnaces were in his Spatial Ring.

It was a good opportunity to see their effects.
