Chapter 721: Upgrading The Territory!

"Okay." Zhao Changshou nodded with a smile and left.

Zhou Zhou thought about it again. In the end, he could not think of a solution and could only give up.

"I hope this war hero monument will never be used."

Zhou Zhou had another thought.

Then, he walked out of his Advance Grade Lord's Paradise and looked at the grand building in front of him.

"I can upgrade my territory now."

Zhou Zhou thought.

He had obtained more than six million units of high-level Elemental Gems in today's spoils of war.

In addition, he already had more than three million units of Life Elemental Gems and Death Elemental Gems.

With so many gems, it was enough for him to upgrade his territory once. He still had more than a million units of high-level Life Elemental Gems and Death Elemental Gems left.

The next second, with two trillion units of basic materials, 1,000 Extraordinary-Tier Mist Cores, 500,000 Origin Crystals, 10 million units of basic Elemental Gems, nine million units of high-level Elemental Gems, and three Extraordinary-Tier Territory Tokens disappeared.

BOOM!

A golden light immediately covered the entire Advance Grade Lord's Paradise.

A moment later...

The golden light dissipated.

The clearly expanded Beginner-Grade Lord's Paradise appeared in front of Zhou Zhou and a text notification appeared.

[Congratulations, your Advance Grade Lord's Paradise has successfully been upgraded to an Extraordinary-Tier Intermediate Grade building!]

[Your territory has been successfully upgraded to Extraordinary-Tier Intermediate Grade!]

[Your Extraordinary-Tier Intermediate Grade Five Elements Amplification Array has been successfully upgraded to Extraordinary-Tier Intermediate Grade.]

[Territory Stone Tablet Endurance increased to: Five billion/Five billion!]

[Your territory has expanded to 200,000 km x 200,000 km x 100,000m!]

[All fog monsters within the territory of the new territory have been expelled!]

[Scarlet Fog will not appear in any of your territories!]

[You have received an upgrade reward: Basic Building Blueprint Treasure Chest (Extraordinary-Tier Intermediate Grade)!]

[Lord Talent Notification: The upper limit of the enemy lord's power that you can use Incite Defection to increase to High-Tier Deity-level Elementary Grade!]

[Lord Talent Hint: Your Monster Ranches can be upgraded!]

[Lord Talent Hint: Your Mysterious Caravan faction has increased!]

[Lord Talent Hint: The strength of the clergy in your Goddess of Life's shelter has increased!]

"Not bad, not bad."

"I've finally advanced the territory to an Extraordinary-Tier Intermediate Grade."

Zhou Zhou nodded in satisfaction.

Then, he looked at the next requirement for the territory to level up.

[Construction Upgrade: one trillion units of wood, one trillion units of fine sand, one trillion units of metal, one trillion units of stone, 5,000 Extraordinary-Tier Mist Core, 1,000,000 Origin Crystals, 10 million units of basic Elemental Gems, 10 million units of Thunder Elemental Gems, 10 million units of Life Elemental Gems, 10 million units of Death Elemental Gems, 10 Extraordinary-Tier cities, 100 Extraordinary-Tier Lifestyle Professionals, 10,000 Extraordinary-Tier Military Professionals, 10 Extraordinary-Tier Territory Tokens!]

Zhou Zhou looked at the upgrade request and frowned deeply.

Basic materials, Mist Cores, Origin Crystals, as well as Basic Elemental Gems, Thunder Elemental Gems, Extraordinary-Tier Class Life Class Integration, and Combat Professionals were not a problem.

However, wasn't 10 million units of Life Elemental Gems and 10 million units of Death Elemental Gems too ridiculous?

The previous upgrades only required three million units of high-level Elemental Gems each.

It had increased by three times by now!

He looked at the more than a million Life Elemental Gems and Death Elemental Gems in the King's Treasure Box in silence.

"There's too much I need."

"Moreover, these high-level Elemental Gems are not the only ones we lack."

"There are also 10 Extraordinary Territory-Tier Territories and 10 Extraordinary Territory Tokens."

"After I took down the Ice Demon Kingdom, there are only seven Extraordinary-Tier regional territories in the kingdom."

"I still need three Extraordinary-Tier territories to satisfy it."

"As for the Extraordinary-Tier Territory Tokens, I don't have any of them now. I've used them all as upgrade materials for my territory."

Zhou Zhou had a headache.

Together, they needed him to occupy 13 Extraordinary-Tier regional territories!

Under normal circumstances, an Extraordinary-Tier regional territory was enough to become the capital city for establishing a Beginner Kingdom.

Which meant...

These 13 Extraordinary-Tier regional territories might mean that he needed to occupy 13 Beginner Kingdoms.

"13 Beginner Kingdoms, where can I find them... No, there really are!"

Zhou Zhou suddenly perked up and reacted.

He suddenly remembered something.

Previously, when he attacked the Titan Kingdom and the Nether Bark Kingdom, these two people of foreign races knew that they could not defeat Zhou Zhou's Blazing Sun Kingdom, so they secretly facilitated the Ice Demon Kingdom to unite a total of sixteen people of foreign races to deal with Zhou Zhou together.

However, not only did the alliance of the people of foreign races not defeat Zhou Zhou, he also led his troops and wiped out more than 20 million of them.

Since that time, Zhou Zhou had formed a feud with the 16 people of foreign races and the Ice Demon Kingdom behind them.

Even later, during Zhou Zhou's founding ceremony, they had sent their heroes to cause trouble, but they were easily dealt with by Zhou Zhou and his subordinates.

The Ice Demon Kingdom had already been destroyed by him.

As for the 16 people of foreign races, they were still in their respective territories because Zhou Zhou did not have time to deal with them.

How could he continue watching?

"I'll take them!"

Without hesitation, Zhou Zhou made his decision.

"After completing the Knight Empire's Faction Quests, I should be free for a period of time before the Battlefield of the Gods opens."

"During this period of time, I can completely send my billions of troops to destroy these 16 people of foreign races who have a grudge against me."

"When the time comes, I should be able to satisfy the requirement to upgrade my territory again."

Zhou Zhou thought.

Moreover, he had not forgotten about it.

Among the 16 people of foreign races.

there was also a Spiritual Gu Kingdom with good bloodline potential.

Their Ten Thousand Gu Insect Royal Bloodline should be able to improve his Chaos Human Race bloodline to a higher level.

At the thought of this, Zhou Zhou immediately asked Aliya to call Wu Tu over.

...

In the Advance Grade Lord's Paradise.

"Greetings, Your Majesty!"

After Wu Tu came over, he immediately said respectfully.

"Wu Tu."

"From today onwards,

"The Heavenly Map Army will be expanded with 10 million veterans and 40 million new recruits!"

"At the same time, I will get Wen Ya to assign you 10 Black Ghosts, five Starry Nights, and one Galaxy."

"Next, the Heavenly Map Army will be in charge of two intelligence exploration Quests."

"On the one hand, it's to continue exploring and collecting the current intelligence information I need to kill in the King of Ten Thousand Kings' activities." Zhou Zhou said.

The targets he mentioned were naturally the existences that the Supreme Will hated through the Eye of The Heaven's Anger.

After killing them, Zhou Zhou would obtain a large number of faction points as a reward.

Naturally, he would not give up.

He had already killed Gerard, and there were still four targets that he had yet to come into contact with.

Wu Tu and his Heavenly Map Army had to collect information on these targets.

"The second Quest."

"The 16 people of foreign races that the Nether Bark Kingdom and the Titan Kingdom allied with last time, I'm preparing to make a move on them after some time."

"During this period of time, you also have to gather information on them."

"Of these two Quests, the former is the main and the latter is the secondary."

"As for the specific arrangements, you can figure it out yourself." Zhou Zhou said.

It was just 16 Beginner Kingdoms that he had once severely injured.

To the current Zhou Zhou, dealing with them was not a difficult task.

Therefore, the focus of Zhou Zhou's intelligence gathering was still the remaining four targets that had been discovered by the Eye of The Heaven's Anger.

"Yes, Your Majesty!"

"I'll definitely do it well."

"Actually, I've been collecting information on those 16 people of foreign races for a long time."

"If Your Majesty needs it, I'll organize all their information tomorrow night and send it to Your Majesty."

"As for the targets of the four scarlet forces, please give me some time, Your Majesty. It won't be long."

Wu Tu said respectfully and confidently.

"Okay!"

Zhou Zhou nodded in satisfaction.

This kid was a little young, he had never been disappointed in his work.

Wu Tu left after that and Zhou Zhou walked out of Advance Grade Lord's Paradise and came to the Gate of Summoning.

[Global Lord: 100% Drop Rate](#)

Chapter 722: Upgrading The Gate of Summoning! Upgrade Of The Lord Talent!

Zhou Zhou came to the Gate of Summoning and spent 40 billion units of basic materials and 2,000 Extraordinary-Tier Mist Cores to upgrade it to the Extraordinary-Tier Intermediate Grade

a text notification appeared.

[Congratulations, your Gate of Summoning has been upgraded to an Extraordinary-Tier Intermediate Grade building!]

[You can summon +600 Subjects every day!]

[You will definitely summon 400 Professionals every day among the Subjects!]

[Prompt: Under the influence of the unique title of the race, Glory of the Pioneer VI, you can summon 11,200 Subjects a day!]

[You will definitely summon 407 Professionals every day among the Subjects!]

[Seven of the Professionals will have the same level as your territory!]

Zhou Zhou nodded slightly.

After the Gate of Summoning was upgraded to the Extraordinary-Tier Intermediate Grade, the number of Basic Summoning Subjects had reached a total of 1,600!

After being enhanced by Glory of the Pioneer VI, it directly doubled to 11,200 people!

Moreover, there were 407 Professionals among them.

Not bad, not bad.

Even though the number of these Subjects was almost worlds apart from the number of Subjects he recruited every day because of his Beauty Lord Talent,

However, in terms of Profession Level, it was far superior to those refugees who came because of the Beauty Lord Talent.

Most importantly, they were free.

Zhou Zhou naturally would not mind.

Then, he looked at the upgrade requirements for the Gate of Summoning.

[Construction Upgrade: 50 billion units of wood, 50 billion units of fine sand, 50 billion units of metal, 50 billion units of stone, 5,000 Extraordinary-Tier Mist Core, Territory Level upgraded to Extraordinary-Tier Advance Grade!]

"This upgrade requirement is really easy."

Zhou Zhou sighed for the umpteenth time.

Then, he returned to the Advance Grade Lord's Paradise and asked Atley to call Mu Gu, Zheng Fugui, and Carol Moeli over.

Soon, they came over.

"Greetings, Your Majesty!"

The three of them said respectfully.

"The territory has been upgraded. Let me understand your respective improvements." Zhou Zhou said.

Mu Gu was the first to stand up with a calm expression as usual.

"Your Majesty, my current strength is already that of an Extraordinary-Tier Intermediate Grade rancher."

"I already have a total of 12,000 Monster Shepherds under my command."

"In addition, the number of Monster Ranches under my command has increased from 500 to 600 today!"

"Moreover, the maximum capacity of each Monster Ranch has increased from 500,000 to 600,000."

"Moreover, the area of my Ranchland Continent has increased from more than 800,000 square kilometers to more than a million square kilometers."

Mu Gu reported truthfully.

Zhou Zhou nodded slightly.

Which meant...

360 million fog monsters will appear in Mu Gu's monster ranch the next day. Coupled with his King of Loots...

A smile gradually appeared on Zhou Zhou's face.

The gains from his monster ranch tomorrow would probably exceed his imagination!

"Use the additional 100 Monster Ranches to nurture the King Of Yellow Gold."

Zhou Zhou thought for a moment and said.

He already had enough Violent Storm Spirit Professionals.

On the other hand, the number of King Of Yellow Gold troops was relatively small.

There were even times when the relatively small number of Yellow Gold-Tier Kings could not protect the Violent Storm Spirit behind them, allowing a portion of the enemies to pass them, forcing the Violent Storm Spirit to face this group of close combat Agility-type enemies.

Even though the Violent Storm Spirit's close combat ability was not bad, it was definitely not their spellcasting strength.

Therefore, this definitely wouldn't do.

That was why Zhou Zhou assigned these 100 new Monster Ranches to the King Of Yellow Gold.

Even if he took ten thousand steps back, it would not be a bad thing to have more troops in the front row.

"Yes, Your Majesty!"

Mu Gu said respectfully.

Then, he retreated to the three of them.

Carol Moeli stood up.

"Your Majesty, our The Shelter of the Goddess of Life has also advanced to the Extraordinary-Tier Intermediate Grade after our territory was upgraded to the Extraordinary-Tier Intermediate Grade."

"The Shelter of the Goddess of Life now has a total of 12 million clergymen, 12 million priests, 12 million nuns, and 122,000 Life Paladins."

"And my strength has also jumped to Mid-Tier Deity-level Elementary Grade!" Carol Moeli said.

Zhou Zhou acknowledged.

Even though it did not increase much, it was not bad.

After Carol Moeli left, Zheng Fugui stood up.

"Your Majesty, the number of our Mysterious Merchant has increased from 5,000 to 80,000!"

"The number of carriages transporting goods has also increased to 30,000!"

"In addition, the strength of all the Mysterious Merchant has also increased to the Extraordinary-Tier Intermediate Grade."

"The internal space of each Mysterious Merchant's mysterious business ring has also increased from the original one million cubic meters to two million cubic meters!"

Zheng Fugui chuckled.

Zhou Zhou nodded.

Then, he chatted with the three of them for a while before they left.

After they left, Zhou Zhou asked Atley to call Feng Luo over.

A moment later...

Feng Luo came over.

"Greetings, Your Majesty!"

Feng Luo said respectfully.

"How does it feel to become a God Spirit?"

Zhou Zhou looked at him.

"I'm terrified."

Feng Luo lowered his head even more. There was no arrogance on his face.

Zhou Zhou looked at him admiringly.

This Feng Luo...

From the beginning, he had walked his own path as a Sword Shield Soldier. Right on the heels of that, he relied on the Zun Wu inheritance he had given the other party to become the new Ten-Directional Martial Emperor.

He had also relied on his obsession with martial arts and comprehension to become the Martial Arts Department's God Spirit—Ten-Directional Martial God!

This person...

Even though it looked ordinary on the surface, he had actually reached this stage without anyone knowing.

Even a prodigy like Chi Xuantian was actually behind the other party...

Zhou Zhou could not help but click his tongue in wonder.

Silently improving his genius...

"This is for you."

"Consider it my reward for you killing the enemy God Spirits alone today."

Zhou Zhou took out a Spatial Ring and threw it to the other party.

Feng Luo hurriedly took it.

When he saw what was in this Spatial Ring, his body immediately trembled. Then, he immediately looked up at Zhou Zhou in disbelief and excitement.

"Your... Your Majesty, isn't this too precious..."

Feng Luo was a little afraid to accept the gift given to him by His Majesty.

This was because the Spatial Ring contained nothing else.

It was a set of six Low-Tier Divine Artifacts and the bottle of High-Tier Deity-level Intermediate Grade Potion rewarded after killing Gerard!

A Potential Advancement Potion of this level.

Not to mention God Spirits below the High-Tier Deity-level.

Even a True God-Tier, would probably be willing to take action.

Many True God-Tier had their own subordinates or descendants.

Any True God-Tier would be willing to have a subordinate or descendant with High-Tier Deity-level potential in their faction after he made a move once.

It was precisely because Feng Luo knew how precious this potion was that he did not dare to accept his Majesty's reward.

[**Global Lord: 100% Drop Rate**](#)

Chapter 723: Touched Feng Luo! Ze Wu Joins The Blazing Sun Kingdom!

"Take it."

"You're not the only one with a divine artifact. In the future, I'll reward "He" with a divine artifact that suits every Low-Tier Deity Level Elementary Grade God Spirit in our territory."

"As for the Potential Advancement Potion."

"Your potential is a little low."

"Even with the enhancement of the Sun Moon Star Sword, it only increased your potential to the Legendary-Tier Advance Grade."

"If not for your Dragon Slaying Will allowing you to bathe in high-level bloodlines and break through the limit of your potential, you would almost have no chance of breaking through to the God Spirit Realm."

"However, even though your potential is low, your comprehension and Resistance far exceed the world."

"Moreover, you've been with me for a while. I've seen everything you've done, your attitude towards the Subjects and soldiers, and your loyalty to me."

"You're not bad!"

"This King will never mistreat my subordinates."

"I'm willing to give you this bottle of potion!"

"Don't think too much about it."

"If you really think this potion is precious, just improve yourself in the future and don't disappoint yourself, This King, and the Subjects behind us."

Zhou Zhou stood up and patted Feng Luo's shoulder.

"I remember your dream is to open up a peaceful place for living beings who have suffered from war, right?" He asked.

"Yes, Your Majesty."

"I didn't expect you to still remember."

Tears appeared in Feng Luo's eyes.

"I remember many of your dreams."

Zhou Zhou smiled.

"Bai Yun's dream is to become the most outstanding general under me."

"Uncle Wu's dream is to retire after peace."

"Wu Tu's dream at first was to supplement his family's expenses. Later on, after this dream was completed, his dream became to draw a map of the entire High Continent."

"Zhao Changshou's dream is to build all kinds of special buildings."

"There are also many, many soldiers and subjects."

"I remember their dreams."

Zhou Zhou looked at Feng Luo seriously.

"So since this is your dream, you need to become stronger and stronger."

"And this bottle of potion is the power you need to realize your dream!"

After saying that, he sat down again.

"Thank you, Your Majesty!"

"I won't be able to repay you even if I die ten thousand times!"

Feng Luo knelt on one knee, tears in his tiger eyes.

"Come on."

"Go back and consume this bottle of potion."

"There's a battle tomorrow."

Zhou Zhou waved his hand casually.

"Yes, Your Majesty!"

Feng Luo wiped his tears forcefully and bade farewell.

Zhou Zhou was about to call Atley over when he heard a knock on the door.

"Come in."

Zhou Zhou said.

Atley walked in.

"Your Majesty,

"His Excellency Haros and His Excellency Ze Wu request an audience."

She said respectfully.

"Let them in."

Zhou Zhou was stunned before saying.

"Yes, Your Majesty."

Atley turned around and left.

Soon, Haros and Ze Wu walked in.

"Greetings, Your Majesty."

Haros smiled and patted Ze Wu beside him, causing sparks to fly on his body.

Ze Wu shook the fur on his body and dissipated the cremation.

"Your Majesty, I've just told 'He' that I've already joined the Blazing Sun Kingdom."

"After this snow wolf heard my conditions, 'He' thought for a moment and agreed." Haros laughed.

Which God Spirit wouldn't be tempted after hearing the benefits of joining the Blazing Sun Kingdom?

Ze Wu was only an ordinary Mid-Tier Deity-level, so he naturally could not resist such temptation.

Zhou Zhou was overjoyed.

A Mid-Tier Deity-level Elementary Grade God Spirit joining his Blazing Sun Kingdom at this time would definitely increase the upper limit of his power greatly.

"Welcome to the Blazing Sun Kingdom."

Zhou Zhou stood up and said seriously.

"Ze Wu is willing to serve His Majesty."

Ze Wu nodded.

Zhou Zhou nodded and said:

"If that's the case."

"I gave you the divine artifacts I lent you previously."

As soon as these words were spoken,

Not to mention Ze Wu, even Haros' eyes widened.

"Really?"

The two Gods said in unison.

"Of course it's true."

"In the future, This King will give 'Him' a set of Low-Tier Deity-level divine artifacts to every God Spirit who joins my Blazing Sun Kingdom."

"However, if you want a higher-level divine artifact, you need to make contributions."

Zhou Zhou said with a smile.

He was about to pile up a small mountain of Low-Tier Deity-level divine artifacts.

However, he still had to cherish divine artifacts above the Mid-Tier Deity-level.

"That's great!"

Haros and Ze Wu looked at each other and saw the excitement in each other's eyes.

This was a total of six divine artifacts!

It was enough to make countless God Spirits below the True God-Tier jealous.

He actually gave it to them for nothing?

If they had known earlier, they would have joined the Blazing Sun Kingdom earlier.

"Oh yes."

"This is the divine artifact we agreed on previously."

Zhou Zhou took out a High-Tier Deity-level divine artifact from his King's Treasure Box and handed it to Haros.

This divine artifact was called the Flame Spirit Divine Armor.

Focusing on protecting the main body and soul could also increase the power of Fire Stats Law Skills by about 30%.

He could hand it over to Haros.

"Thank you, Your Majesty!"

Haros took the divine artifact and stroked it excitedly, as if it was his lover.

"This divine artifact is too suitable for me!"

After Haros recognized the divine artifact as his master, he knew the ability of the divine artifact. Then, his eyes immediately lit up.

"As long as Your Excellency likes it."

He turned around and saw Ze Wu's eager gaze.

"Your Excellency Ze Wu, you don't have to be envious."

"In the future, as long as Your Excellency can personally kill a Mid-Tier Deity-level or assist in killing a higher-level God Spirit, I can also give Your Excellency a Mid-Tier Deity-level divine artifact suitable for you."

Zhou Zhou promised.

"Really?!"

Ze Wu's snow-white Wolf eyes lit up.

"You're joking!"

Zhou Zhou said this idiom in the common language of the continent. Ze Wu immediately understood.

"Okay!"

Ze Wu nodded seriously.

With the divine artifacts that Zhou Zhou had given "He", it was not difficult for "He" to kill a Mid-Tier Deity-level as long as he was careful.

Zhou Zhou smiled and nodded.

Then, he called Vicky and Guo Qiao over and gave them two sets of divine artifacts.

As Guo Qiao's performance was very outstanding when he killed the Scarlet God Spirit today, Zhou Zhou rewarded him with a Mid-Tier Deity-level Elementary Grade divine artifact.

It did not matter if he could not use it for the time being.

He would reward them first.

Otherwise, with the results of the other party killing a High-Tier Deity-level God Spirit and assisting in killing a High-Tier Deity-level God Spirit, Gerard, Zhou Zhou would be too embarrassed to only reward him with an ordinary Low-Tier Deity divine artifact.

Then, Zhou Zhou chatted with them for a while before they left.

After they left, Zhou Zhou took out the Sword Of New Dimension Creation.

He looked at the divine sword in his hand and gradually became serious.

Then, he continuously injected the Chaotic Origin Energy in his body into the Sword Of New Dimension Creation.

However, no matter how much Chaotic Origin Energy he injected, this Sword Of New Dimension Creation seemed to be unable to wake him up. There was no reaction at all.

"Indeed, it's still too difficult for me to activate this True God-Tier Intermediate Grade divine artifact with my current Epic-Tier Advance Grade Chaotic Origin Energy."

Zhou Zhou sighed inwardly.

True God-Tier Divine Artifacts were indeed True God-Tier Divine Artifacts!

Even the Chaos Human bloodline could not defy the heavens to the extent of using such a divine artifact above their level.

He put away the Sword Of New Dimension Creation and prepared to continue comprehending the incomplete Lord Law behind the Hand of Wealth.

But at this moment, there was another knock on the door.

However, instead of Aliya and her sister's voices, another female voice came.

"Husband."

"Haven't you rested yet?"

It was Wen Ya.

Zhou Zhou was stunned before getting up to open the door.

At the same time, in the cultivation room of Chi Xuantian's residence.

Chi Xuantian sat cross-legged in midair, the accompanying divine sword circling around him.

"Even the nameless Feng Luo has comprehended his own Law Skill and reached the Achievement True Immortal Realm."

"It's time for me to take the last step..."

He closed his eyes and prepared to break through.

Chapter 724: I Can Defeat Someone At Grand Unity Realm!

In the bedroom of the Advance Grade Lord's Paradise.

Zhou Zhou opened his eyes in a daze and woke up. Then, he turned around and saw Li Ya, who was still half asleep.

A faint smile appeared on his face. He kissed the other party and habitually opened the World Channel.

[Brothers, it's the fifth day. Did you obtain any results in your own camp?]

[Don't mention it. F*ck, I'm still bribing a diplomat near a kingdom. I've already invested a lot. I hope I can farm diplomacy in the next two days and join this kingdom.]

[I was lucky enough to complete a Yellow Gold-Tier Faction Quests in a kingdom faction. I already have 8,000 faction points!]

[Envy!]

[Envy +1!]

[How did I obtain the faction mission? Can you give me some pointers?]

[Brother?]

[Big Brother?]

[Come on, don't be petty.]

[F*ck, I spent so much time and energy on the Mist Cores, but I only found out today that that person is not a kingdom noble at all, but a swindler pretending to be a noble to deceive the Mist Cores! Everyone, be careful. Don't be deceived like me!]

...

Zhou Zhou clicked his tongue in wonder.

In order to do this event, the Lords of the Cerulean Planet had really displayed their abilities.

And from the looks of it, there were also many unlucky people who suffered losses.

At this moment...

Four people sent Zhou Zhou a message at the same time.

They were the Military Industry Lord, the Dragon Lady Lord, the Mystic Heaven Lord, and the Undead Lord.

Zhou Zhou looked at them and realized that the messages they sent were all about how they were going to establish a kingdom. All of them sent an invitation to Zhou Zhou, hoping to invite his backer to attend the founding ceremony.

Zhou Zhou was a little speechless. Then, he pulled them into a group chat.

[Lord of The Blazing Sun: You guys chose the same day to build your kingdom?]

[Military Industry Lord: Ahem, we all feel that today is a good day and an auspicious day. Moreover, we don't want to delay the establishment of the kingdom for too long, so we discussed and decided to build the kingdom today.]

[Dragon Lady Lord: There's another reason. Actually, there's nothing to be embarrassed about. The four of us don't want to fall behind the other party in building a kingdom, but we're all your people, so we don't want to fight too hard. Therefore, we chose to build a kingdom on the same day or even at the same time.]

[Mystic Heaven Lord: Your Majesty, the Spatial Teleportation Array you requested has been built. You can come over directly through the Spatial Teleportation Array. Our founding ceremony will be held at the Alliance headquarters.]

[Undead Lord: Your Majesty, can you bring me along the next time you start a war? My Undead Resurrection Lord Talent can revive dead life forms to become my subordinates. You will definitely conquer faster with me helping you!]

...

The corners of Zhou Zhou's mouth twitched when he saw the Undead Lord's words.

I, the King of Loots, let you, a Lord who has mastered Undead Resurrection, follow me around in battle? How can I retrieve the loot if you resurrect the dead?

Sacrificing me for you? Your Lord Talent is naturally at odds with mine!

[Lord of The Blazing Sun: @Undead Lord, next time for sure!]

[Lord of The Blazing Sun: The four of you are establishing your kingdom at the same time. This King can't participate all at the same time... How about this? Your founding ceremony shouldn't be over for a while. I'll go to all of your places to show myself then go to the others to participate in the other founding ceremonies.]

Zhou Zhou felt like a professional ribbon-cutter, but he had to go.

Firstly, he was also quite interested in the founding ceremonies of other countries and wanted to join in the fun.

In any case, the Faction Quests of the Knight Empire could be easily resolved by Bai Yun and the others with an army of billions, Haros, and other God Spirits even if he did not go.

Secondly, he had previously promised the Military Industry Lord and the others that he would see the "capital party" behind them in the future.

In other words, the descendants of the kingdoms that had been destroyed.

This trip could be considered a way to meet them.

Thirdly, the Military Industry Lord and the others could be considered half his own people.

As their backer, he had to go over and show his face to leave an impression in their hearts.

At this moment, the Military Industry Lord and the others were already a little embarrassed about the time they built their kingdom.

How could he dare to object? He immediately agreed.

[Lord of The Blazing Sun: When will you start the founding ceremony?]

[Mystic Heaven Lord: Eight pm.]

[Dragon Lady Lord: Eight pm.]

[Military Industry Lord: Same!]

[Undead Lord: I'm also at eight o'clock.]

[Lord of The Blazing Sun: Alright, This King will pass through the teleportation array and go to your places to participate in the ceremony.]

[Dragon Lady Lord, Military Industry Lord, Mystic Heaven Lord, Undead Lord: Welcome, Your Majesty!]

When Zhou Zhou saw this, he closed the private chat and dived into the World Channel to watch the chats of the Lords of Cerulean Planet.

At this moment...

There was a commotion beside him. Li Ya had woken up.

"You always wake up before me."

Li Ya lay on the bed and smiled quietly at Zhou Zhou.

"I'm used to this.

Zhou Zhou smiled.

"I'll go cook."

Li Ya did not stay in bed. She got up, put on her clothes, washed up and went to cook.

Seeing this, Zhou Zhou also got up, washed up and ate a meal with Li Ya before walking out of the Advance Grade Lord's Paradise.

However, as soon as he walked out of the blessed land, he saw someone waiting quietly for him at the door.

"Greetings, Your Majesty."

Chi Xuantian said respectfully.

"Why are you..." Zhou Zhou was stunned. Then, he sensed the change in his aura and his expression suddenly became pleasantly surprised.

"You broke through?!"

"I was lucky enough to comprehend a trace of the True Meaning of the Sword Dao Law and finally reached the Achievement True Immortal slot!"

Chi Xuantian sighed with emotion.

"The Law of Sword Dao?"

"Then aren't you a Sword Immortal now?"

Zhou Zhou was stunned for a moment before taking a deep breath.

Being a Qi Practitioner was the top Profession that surpassed many other Professions!

The Sword Immortals among the Qi Practitioners were top existences among the Qi Practitioners.

It was said that such Sword Immortals pursued the path of breaking all techniques with a single strike or creating all techniques with a single strike.

The only thing they believed in and wanted was the sword in their hands.

Hence, even though it was very difficult for such Sword Immortals to be born, once one was born, he was the top existence of the same level.

Even killing enemies above their level was as easy as eating and drinking to them.

No wonder Chi Xuantian had never become a hero with his comprehension ability.

Only then did Zhou Zhou understand.

To a Sword Immortal, everything other than the Sword Dao could be considered an existence that disturbed their Dao hearts.

What they pursued was 'Supreme Sword Intent To Reach The Pinnacle'!

The hero slot was important, but it was also an external object to them.

Therefore, Chi Xuantian naturally would not waste his time and energy on becoming a hero.

"What level of enemy do you think you can deal with now?" Zhou Zhou asked.

"I can even defeat someone at the Grand Unity Realm!" Chi Xuantian said softly.

However, his voice was quite firm.

The Scarlet Mystic Immortal Sword on his back seemed to have heard his words and actually let out a series of sword whistles.

Zhou Zhou looked at Chi Xuantian and a smile appeared on his face.

[**Global Lord: 100% Drop Rate**](#)

Chapter 725: Easily Breaking Through A Billion!

Those above True Immortals were Golden Immortal Realm!

Above the Golden Immortal realm was the Grand Unity Golden Immortal!

The Grand Unity Golden Immortal Realm was an existence comparable to a High-Tier Deity-level God Spirit.

Which meant...

Chi Xuantian, who had just advanced to the Low-Tier Deity-level, was already confident in dealing with High-Tier Deity-level existences.

Chi Xuantian, who had just advanced to the Low-Tier Deity-level, was already confident in dealing with High-Tier Deity-level existences.

Putting aside the actual combat ability of a Sword Immortal,

Zhou Zhou had discovered the grade of the Scarlet Mystic Immortal Sword on Chi Xuantian's back when it let out a Sword Howl.

It was actually a High-Tier Deity-level divine artifact (A Grand Unity Realm immortal artifact)!

This immortal sword was already a Low-Tier Deity-level divine artifact when Chi Xuantian first arrived in the Blazing Sun Kingdom and was only at the Epic-Tier.

Now that Chi Xuantian had advanced to the Low-Tier Deity Level Elementary Grade, this immortal sword had actually advanced two levels in a row and become a High-Tier Deity-level divine artifact.

Even Zhou Zhou was a little envious.

As expected of Chi Xuantian, who had the Heavenly Sword Immortal Body and the Immortal Sword Summoning.

However, envy was useless. Unless these two goods came from the Lord Shop, it would be very difficult for Zhou Zhou to have the same talent.

Therefore, Zhou Zhou quickly calmed down.

"Here."

"Your gift for becoming an immortal."

Zhou Zhou threw a Spatial Ring over.

Chi Xuantian hurriedly caught it.

When he saw the six divine artifacts inside, his body immediately trembled. Then, he immediately knelt on one knee.

"Thank you for the reward, Your Majesty!"

He said excitedly.

and could not help but be excited.

That was a total of six True Immortal Realm immortal artifacts!

Even if it was the Myriad Sword Immortal Sect in the Immortal World, he would have to do a large number of sect Quests and pay a huge price to obtain them.

This process might take hundreds or even thousands of years.

He did not expect His Majesty to give him a set of immortal artifacts.

How could he have imagined this?

"Don't worry too much."

"Every Low-Tier Deity-level God Spirit in our Blazing Sun Kingdom will have such a divine artifact."

"Use them well. Don't disappoint me."

"If you can make more contributions, this King will give you stronger immortal artifacts in the future!"
Zhou Zhou said.

"Yes, Your Majesty!"

Hearing His Majesty's words, even Chi Xuantian was so excited that he almost became unstable.

He had experienced His Majesty's generosity a long time ago.

Therefore, he did not doubt the authenticity of His Majesty's promise at all.

At this moment, he was even more glad that he had chosen to come to the Blazing Sun Kingdom and become His Majesty's Subject.

Then, he chatted with Chi Xuantian for a while more before he left.

After he left, Zhou Zhou saw another person walking over before he could go to the Gate of Summoning.

It was none other than Feng Luo.

"Greetings, Your Majesty!"

Feng Luo's face was filled with gratitude.

Zhou Zhou looked at his expression and opened his attribute list. Indeed, the other party's potential had increased to the High-Tier Deity-level Intermediate Grade.

"How does it feel to have your potential increased?"

Zhou Zhou smiled.

"I feel that there are no more doubts ahead!"

Feng Luo said emotionally.

Previously, "He" had already felt a little strained when advancing to the Legendary-Tier because of "He"'s limited potential.

And now,

"He" could feel it.

Low-Tier Deity Level Elementary Grade was far from his limit!

"He" already had a greater future!

Therefore, he was even more grateful to his Majesty now.

It was just that Zhou Zhou had yet to become a God Spirit.

Otherwise, he would have become Zhou Zhou's Holy Spirit-Tier Believer in minutes!

Zhou Zhou smiled.

Then, he chatted with Feng Luo as they walked towards the Gate of Summoning.

...

In front of the Gate of Summoning.

Zhou Zhou looked at the huge Gate of Summoning in front of him and chanted the summoning in his heart.

The next second, the Gate of Summoning suddenly lit up with a bright white light. Then, a large number of Subjects walked out.

After spending 100 Extraordinary-Tier Mist Cores to accelerate, the 14,700 new Subjects quickly walked out of the Gate of Summoning.

"Greetings, my Lord!" x14,700

The 14,700 new Subjects said respectfully.

"Welcome to Blazing Sun City."

Zhou Zhou nodded and smiled.

Then, he asked all the Professionals to stand up and realized that he had summoned a total of 496 Professionals this time.

Among them were one Extraordinary-Tier Intermediate Grade Demon Hunter, one Extraordinary-Tier Intermediate Grade Demon Warlock, one Extraordinary-Tier Intermediate Grade Carpenter, one Extraordinary-Tier Intermediate Grade Fire Elemental Archmage, one Extraordinary-Tier Intermediate Grade Blacksmith, one Extraordinary-Tier Intermediate Grade Water Elemental Archmage, one Extraordinary-Tier Intermediate Grade Qi Practitioner!

The rest were Life Professionals and Combat Professionals below Extraordinary-Tier.

Zhou Zhou nodded and asked the officials beside him to bring them to their respective places of work and life.

After that, he called Bai Yun, Wu Xin, and the others, gathered all the territory soldiers, and directly entered Mu Gu's Ranchland Continent.

...

Ranchland Continent.

When Zhou Zhou arrived on this continent, he immediately felt that it was different from before.

Not only was the area larger, but there were also more Monster Ranches and monsters...

More importantly, the Extraordinary-Tier energy contained in the air here had also increased by a small level.

Zhou Zhou even vaguely felt that the grade of this continent had increased to a certain extent with his super powerful Six Senses.

"This Ranchland Continent is not inferior to my small world."

"As long as it grows smoothly in the future."

"Mu Gu's Ranchland Continent might grow into a Universe-level world."

Zhou Zhou thought to himself.

Ranch Universe or Monster Universe...

He was really looking forward to it.

Zhou Zhou smiled and did not think too much about it.

Then, he ordered Mu Gu to bring his soldiers to the various Monster Ranches in the Ranchland Continent and begin to clean up the monsters in the ranches.

Even though there were already more than 360 million monsters in the Ranchland Continent!

they naturally could not resist Zhou Zhou's 500 million-strong army.

It was not enough for each soldier to kill a ranch monster.

Coupled with the help of a large number of Monster Shepherds, these 360 million ranch monsters were all dealt with in less than a moment.

After that, all the soldiers began to retrieve the loot of the ranch monsters.

A moment later...

All the ranch monsters were extracted.

Under the effect of the titles of King of Loots and Strongest Lord:

In terms of the Mist Cores, he had obtained a total of more than 2,040,000,000 Green Bronze-Tier Mist Cores, more than 1,720,000,000 White Silver-Tier Mist Cores, more than 1,260,000,000 Yellow Gold-Tier Mist Cores, more than 1,023,000,000 White Platinum-Tier Mist Cores, more than 1,020,000,000 Diamond-Tier Mist Cores, more than 630,000,000 Extraordinary-Tier Mist Cores, and more than 120,000,000 Epic-Tier Mist Cores!

There were also:

360 million King Of Yellow Gold recruitment books!

360 million King Of Yellow Gold Class Change Certificates!

360 million Violent Storm Spirit recruitment books!

360 million Violent Storm Spirit Class Change Certificates!

26,500 Proof of Legion fragments!

More than 160 million True Faith-Tier Scarlet Crystals! More than 128 million Pious-Tier Scarlet Crystals!
More than 76 million Fanatic-Tier Scarlet Crystals! 151 Holy Spirit-Tier Scarlet Crystals!

90 million Iron-Eating Bear pet eggs!

180 million Fear Falcon wings and Fear Falcon III radar!

More than 2.8 billion units of original gold!

As for the other unimportant spoils of war, there was no need to elaborate.

Zhou Zhou looked at the list of loot from the Monster Ranch and could not help but smile.

360 million Violent Storm Spirit recruitment books!

360,000 trillion King Of Yellow Gold recruitment books!

There was only one thought in Zhou Zhou's mind as he looked at these loots.

The number of soldiers under my command has indeed exceeded one billion!

[**Global Lord: 100% Drop Rate**](#)

Chapter 726: Scarlet Mystic Sword Immortal's Sword Dao Inheritance! Talent - Heavenly Sword Immortal Body!

Zhou Zhou nodded in satisfaction.

The upgraded Monster Ranch Effect was really not bad.

The number of recruitment books alone had nearly doubled.

The Mist Cores obtained from the Monster Ranch today were nearly 20 million Legendary-Tier Mist Cores!

It was a third more than yesterday!

As for the other gains, they were about a third more than before.

After that, Zhou Zhou did not waste his breath. He took these 720 million soldier type recruitment books to the Gate of Summoning and spent 100 Extraordinary-Tier Mist Cores to summon them all at once.

Zhou Zhou nodded slightly as he looked at the endless recruits in front of him.

Now, he had more than 1.25 billion soldiers under his command!

Including the more than 41 million soldiers of the Star Alliance, he had nearly 1.3 billion soldiers under his command!

This was almost the entire population of China.

"However, so many recruits can't go to the battlefield immediately. I have to let them train their soldiers first and increase their strength." Zhou Zhou pondered.

Then, he called Wu Xin over.

"Greetings, Your Majesty!"

Wu Xin quickly came over and said respectfully.

"Deputy Commander Wu."

"Lead 100 million veterans and these 720 million recruits to raise their levels around the Knight Empire."

"I'll get Haros, Vicky, and Feng Luo, the three God Spirits, to follow you and protect you."

Zhou Zhou made arrangements.

"Yes, Your Majesty!"

Wu Xin looked at the vast sea of recruits in front of him, smacked his lips, and agreed respectfully.

After that, he asked Bai Yun, Chi Xuantian, Guo Qiao, Ze Wu, and the other generals to lead the remaining soldiers and the Lords of the Star Alliance on the Galaxy to continue doing the Knight Empire's Faction Quests.

He came to the Lord Shop.

"Old Zhou, where's the new product?"

Zhou Zhou knocked on the goods counter.

Then, Zhou Chengmin, who had a pair of eyes, walked out of the shadow of the shop.

"F*ck, what's wrong?"

Zhou Zhou said in surprise.

"I've been obsessed with Reincarnation for the past two days."

"It's just that I don't have any teammates. The party up is filled with system NPCs. It's a little boring to carry out the faction confrontation segment."

Zhou Chengmin complained. Then, he looked at Zhou Zhou excitedly.

"How's the production of the Virtual Helmet going?"

He asked expectantly.

"The factory has been built and is already operational."

"In two days, the first batch of about 10 million virtual reality gaming helmets will be sold for the first time."

"You'll have teammates to accompany you then."

When Zhou Zhou heard this question, he first asked Wen Ya. After receiving a reply, he told Zhou Chengmin.

"There are still two days..."

"Then I'll play two standalone games for the next two days."

Zhou Chengmin said regretfully.

The corners of Zhou Zhou's mouth twitched.

He was already middle-aged, but he still played games every day...

Oh? A subordinate of the Supreme Will?

Then it was fine.

"Commodity goods."

Zhou Zhou knocked on the counter again seeing that the other party was still engrossed in the game world.

When Zhou Chengmin heard this, he reluctantly came back to his senses and took out the three golden boxes under the counter.

"Take a look for yourself."

He said casually, then sat down and began to write.

Zhou Zhou took a casual look and realized that this guy was actually writing a game guide.

Zhou Zhou felt a little helpless.

He looked at the three golden boxes in front of him.

The first box contained a book.

On the cover of the book was the figure of a Sword Immortal with a cold expression and a divine sword that was as red as blood on his back.

"Isn't this from Chi Xuantian?"

"Is it the goods on Chi Xuantian?"

Zhou Zhou was a little surprised.

He looked at it.

[Inheritance: Scarlet Mystic Sword Immortal's Sword Dao Inheritance]

[Inheritance Quality: Low-Tier Deity Level Elementary Grade]

[Inheritance Description: Scarlet Mystic Sword Immortal—Chi Xuantian's Sword Dao Inheritance—After learning it, you will automatically master all the Sword Dao understandings that the Scarlet Mystic Sword Immortal has currently mastered.]

"Inheritance-type goods... This is the first time I've seen it."

Zhou Zhou was a little surprised.

He decided to buy it and looked at the next item.

It was a purple Talent Crystal.

[Talent Name: Heavenly Sword Immortal Body]

[Talent Level: Master God-Tier Elementary Grade]

[Talent Description: As soon as the Heavenly Sword appears, all swords would bow! You were born to be a Leader of the Sword Dao. You are destined to stand at the peak of the Sword Dao. Comprehending the Sword Dao is just the easiest and most interesting thing in the world to you. Most of the divine swords in the Endless Heavens are willing to respect you. No one in this world can surpass you in terms of comprehension of the Sword Dao. If there is, it can only be the Law of the Sword Dao itself.]

...

"Tsk tsk, it's Chi Xuantian's talent again. Moreover, it just so happens to be the top-grade talent of the Heavenly Sword Immortal Body."

"Looks like the Lord Shop today is specially provided by Chi Xuantian."

Zhou Zhou's surprised expression carried a hint of joy.

He had been coveting Chi Xuantian's talent for a long time.

Especially when the other party said that he was confident that he could fight a High-Tier Deity-level with his Low-Tier Deity-level body, he understood even more how precious this talent and the Immortal Sword Summoning talent were.

He actually had a chance to obtain one of them now.

"This Lord Shop is indeed worthy of being at the Mythical-Tier, Unique Lord Talent."

"Almost all the goods provided are top-grade!"

"And it seems to have followed my thoughts."

"It will have a higher chance of providing me with the goods I want if I want something."

"And if we play games with Zhou Chengmin, it will increase the chances of top-grade goods appearing."

Zhou Zhou thought.

"The last product must be the Immortal Sword Summoning talent."

"It must be the Immortal Sword Summoning. It must be the Immortal Sword Summoning... Let me have an accompanying divine sword too."

He came back to his senses and prayed a few times.

Then, he looked at the last item.

In the end, what he saw was not a Purple Talent Crystal.

It was a card.

[Card Name: Super Double Commodity Card]

[Card Level: Special]

[Card Effect: The Lord has this card. When shopping in the Lord Shop, you can specify a good that appears in the goods counter of the shop the next day. However, the buyer has to pay double the price to buy this good!]

[Card Description: An exclusive card from the Lord Shop. It can be used to buy specific goods, but you have to pay a higher price.]

"Wasn't it summoned by the Sword Immortal?"

Zhou Zhou was a little disappointed.

However, when he looked at this Commodity Law, he realized that the Super Double Commodity Card was not bad. It could also be used to buy the Immortal Sword Summoning, but he would have to pay double the Mist Cores.

And did Zhou Zhou lack Mist Cores?

He was not lacking in them at all!

Therefore, he immediately decided to buy it too.

"Old Zhou."

"How many Mist Cores do these three goods cost?"

Zhou Zhou asked.

"Scarlet Mystic Sword Immortal's Sword Dao Inheritance is worth 5,000 Legendary-Tier Mist Cores."

"The Heavenly Sword Immortal Body is worth 30 million Legendary-Tier Mist Cores."

"Super Double Commodity Card is worth 100 Legendary-Tier Mist Cores."

"What?"

Zhou Zhou felt that he had heard wrongly.

When Zhou Chengmin heard this, he wrote the game guide without stopping and repeated it without looking up.

Zhou Zhou heard it clearly this time.

There were indeed 30 million Legendary-Tier Mist Cores.

Zhou Zhou was stunned.

This was the first time he had heard a price of this level.

[Global Lord: 100% Drop Rate](#)

Chapter 727: I Was Clearly Here First...

"30 million Legendary-Tier Mist Cores? Are you serious?" Zhou Zhou asked seriously.

"The talent of a Master God-Tier Elementary Grade can give a life form a chance to reach the Master God-Tier level."

"And the Master God-Tier level is already the top existence in the Endless Heavens."

"Your Majesty, don't you think that it's worth it?" Zhou Chengmin looked up and said helplessly.

"Otherwise, I can also say that I only need 300 Master God-Tier Elementary Grade Divine Crystals." He added.

Zhou Zhou silently emptied most of his savings and placed them in a large Spatial Ring for Zhou Chengmin.

Zhou Chengmin took it with a smile. When he checked and realized that there were indeed 30 million 5,100 Legendary-Tier Mist Cores inside, the smile on his face immediately became even brighter.

"His Majesty has made a fortune recently!"

"I can't believe you can really take this amount out."

Zhou Chengmin smiled so widely that his old face was like a chrysanthemum.

Zhou Zhou said nothing.

Zhou Zhou did not say anything.

That was a total of 30 million Legendary-Tier Mist Cores!

A third of the wealth in a kingdom's treasure vault was only 500 Legendary-Tier Mist Cores.

30 million Legendary-Tier Mist Cores was equivalent to a third of the wealth of the 60,000 kingdom treasure vaults.

Even though he had already obtained this Master God-Tier talent, Zhou Zhou was not sure if he had made a profit or a loss.

He took a deep breath and did not think too much about it. He first used the Super Double Commodity Card and designated the commodity as Chi Xuantian's Immortal Sword Summoning talent.

After hearing Zhou Chengmin agree, he took out the Scarlet Mystic Sword Immortal's Sword Dao Inheritance and the Heavenly Sword Immortal Body Talent Crystal and used them on the spot.

A moment later...

Zhou Zhou woke up.

He carefully sensed the changes in his body.

He realized that a large number of Sword Dao common sense, secret techniques, and realm-related inheritances had indeed appeared in his mind.

Moreover, not only were there a huge number of these inheritances, the quality was also abnormally high.

Other than that, this knowledge was clearly systematic. When Zhou Zhou received it, he did not feel that it was complicated at all and accepted it abnormally smoothly.

"The Myriad Sword Immortal Sect is indeed good!"

"He does have a way of teaching his disciple."

Zhou Zhou felt the systematic Sword Dao inheritance in his mind and could not help but click his tongue.

Then, he stretched out his right hand, and a golden divine sword appeared in his hand.

This golden divine sword looked dignified and vast.

One side of the sword was engraved with the sun, moon, and stars, and one side had the Agriculture Husbandry Technique. The other side was blank.

It was the Race's divine artifact—Sword of Xuan Yuan!

With a thought, he used Spatial Teleportation to arrive at the combat training room of the Advance Grade Lord's Paradise. Then, he summoned a puppet dummy and waved his right hand.

A chaotic sword energy shot out of the Sword of Xuan Yuan. Then, halfway through, this sword energy suddenly divided into hundreds of millions of tiny invisible sword threads, enveloping the puppet dummy.

Bang, bang, bang, bang, bang...

In the blink of an eye.

This puppet dummy's body was covered in dense sword marks.

Moreover, if one could observe the interior of the puppet dummy, they would discover that it was already filled with countless sharp and fine sword marks.

"One of the supreme realms pursued by sword cultivators— Sword Qi Threads!"

"No wonder sword cultivators can fight above their level."

"I'm afraid even a High-Tier Deity-level divine artifact won't be able to withstand the attacks of these billions of Sword Threads with the powerful attack characteristic of these Sword Threads."

"This Sword Silk can probably directly penetrate the defense of the divine artifact and attack the God Spirit's internal life core—Divinity!"

Zhou Zhou clicked his tongue.

This was the horror of a peerless sword cultivator!

It was useless even if you had a divine artifact.

It directly ignored your Divine Artifact Defense, Divine Power Defense, and Divine Skill Defense and directly hit the enemy's life core. Aren't you afraid?

Then, a smile appeared on his face.

From today onwards, he could also call himself a Sword Immortal!

After that, he walked out of the Advance Grade Lord's Paradise and went to the Imperial Ancestral Temple to ask for a good Ancestral Enhancement for Bai Yun and the others. Then, he took the teleportation array and headed to the Military Industry Alliance headquarters of the Military Industry Lord.

...

Military Industry Alliance Headquarters.

When Zhou Zhou arrived through the Spatial Teleportation Array, he realized that it was quite lively.

A large number of people were gathered here. At a glance, there were at least 10,000 people.

Some of them were talking loudly, some stood on both sides of the road and waited excitedly for the founding ceremony to begin. Some of them were wearing formal clothes, as if they were about to do something important.

Teams of soldiers were patrolling, so there was no trouble here.

Zhou Zhou nodded slightly when he saw this.

Even though it was far inferior to his founding ceremony, it looked at least alright.

When Zhou Zhou emerged from the Spatial Teleportation Array, he attracted the gazes of almost all the surrounding Subjects.

Everyone was amazed by this person's appearance!

Zhou Zhou's expression was calm, not affected by such a small scene.

Soon, a team of soldiers quickly ran over from afar and arrived in front of Zhou Zhou.

"Would you be Your Majesty of the Blazing Sun?"

The captain of the soldiers asked.

Zhou Zhou acknowledged.

The team of soldiers looked at each other and knelt down without hesitation.

"Greetings, Your Majesty!"

"Get up."

"Bring me to see the Military Industry Lord and the others."

Zhou Zhou said.

"Yes, Your Majesty!"

The soldier said respectfully and began to lead the way.

A moment later...

Zhou Zhou saw the Military Industry Lord and the descendants of the fallen country that had joined forces with him to build a kingdom.

"Greetings, Your Majesty!"

After seeing Zhou Zhou's appearance, the two groups were clearly stunned for a moment. Then, after coming back to their senses, they hurriedly knelt on one knee and said respectfully.

"Get up."

"You guys are the protagonists today. I just came over to take a look."

Zhou Zhou smiled.

He looked at the Military Industry Lord.

In reality, the Military Industry Lord was wearing a silver military uniform. He had a square face, sharp eyebrows, and starry eyes. He had a faint beard and looked like a middle-aged handsome man.

The descendant of the fallen country beside him was a rather young man.

However, he was noble and had an extraordinary aura. One could tell at a glance that he was different from other ordinary people in the crowd.

"Are... are you His Majesty the Blazing Sun?"

"My name is Aldrich."

"I've heard of your legend since a long time ago!"

"My King Father and some of the seniors that my King Father knows have also discussed you. They all say that you're one of the future pillars of our human race! One of the future hopes of our human race!"

The more Aldrich spoke, the more excited he became.

His eyes lit up, as if he had seen his idol.

The Military Industry Lord could not help but click his tongue when he saw his performance.

At the same time, he felt a little sour.

This Prince Aldrich was quite proud when he was with him. He spoke very little and generally appeared to be polite to the beauties he sent him as if he was placing barriers up from a thousand miles away.

He was never like today,

becoming like a bootlicker seeing a goddess and a fanatic fan seeing an idol after lying eyes upon His Majesty.

I was clearly here first...

Zhou Zhou also saw him.

However, he did not panic at all and chatted with the other party calmly.

Half an hour later.

Zhou Zhou took a photo with the Military Industry Lord before heading to the Spatial Teleportation Array, preparing to go to the Dragon Lady Lord to participate in their founding ceremony.

The Military Industry Lord looked at the photo in his hand proudly. Then, he sent it to the World Channel without hesitation and attached a paragraph.

And then...

The World Channel... exploded!

[Global Lord: 100% Drop Rate](#)

Chapter 728: The Establishment Of The Four Kingdoms Of The Cerulean Planet!

[Military Industry Kingdom—Military Industry Lord: From today onwards, the Military Industry Kingdom is officially established! Thank you, Your Majesty, for coming. Our Military Industry Kingdom will definitely develop better and better under Your Majesty's guidance! Hahahaha...]

[Dragon Lady Lord: Look at how smug you are... When will His Majesty come to me?]

[Mystic Heaven Lord: Your Majesty, we're also waiting for you here.]

[Undead Lord: All the life forms and undead in our Undead Kingdom are also waiting for His Majesty's arrival at the headquarters!]

[Good lord, top-notch Lords are actually all bootlickers!]

[F*ck, His Majesty is actually so handsome?]

[As expected of our Majesty. I'll lick his boots too.]

[Previously, I didn't believe it when I heard that the Military Industry Lord and the other top-notch Lords had joined the Blazing Sun Kingdom. Now, such a thing really happened... Is His Majesty the Blazing Sun going to unify all the human Lords on Cerulean Planet?]

[It's good to be unified! Looking at the current situation, other than His Majesty, the special Lord, the other Lords of the Cerulean Planet are nothing in the eyes of the top Lords of the myriad races. They

were destroyed by a top Lord with a casual wave of his hand. If we're still not unified and still want to fight among ourselves, our Cerulean Planet's human Lords will die sooner or later!]

[I'm not convinced by the other Lords among the human Lords of Cerulean Planet, only by the Lord of The Blazing Sun!]

[Me too.]

...

Facing the ridicule of the Cerulean Planet Lord on the World Channel, the Military Industry Lord was proud instead of being ashamed.

So what if I'm a bootlicker?

As a bootlicker, I can at least lick it!

You people who are jealous on the World Channel every day can't even lick it even if you want to!

He snorted proudly and went to discuss the development of the kingdom with Aldrich.

15 minutes later.

On the world channel.

Another group photo appeared.

Then, the Dragon Lady Lord sent a message.

[Dragon Blood Kingdom—Dragon Lady Lord: From today onwards, the Dragon Blood Kingdom is officially established! Thank you for coming, Your Majesty. Under Your Majesty's lead, our Dragon Blood Kingdom will definitely soar into the sky. Everyone will be like dragons! I also hope that everyone on the World Channel will join our Dragon Blood Kingdom in the future!]

...

Another 15 minutes later.

[Mystic Heaven Kingdom—Mystic Heaven Lord: From today onwards, the Mystic Heaven Kingdom is officially established! Under His Majesty's lead, our Mystic Heaven Kingdom will definitely nurture more and more Immortal Dao experts in the future and help His Majesty and the Blazing Sun Kingdom dominate the world!]

...

Another 15 minutes later.

[Undead Kingdom— Undead Lord: The Undead Kingdom is officially established from today onwards! Our Undead Kingdom will definitely become stronger and stronger under His Majesty's lead in the future and become the strongest Lord faction in the Undead Domain! I welcome all Lords who have the ambition to develop the Undead-related domain to join our Undead Kingdom!]

[Blazing Sun Kingdom—Lord of The Blazing Sun: @Military Industry Lord @Dragon Lady Lord @Mystic Heaven Lord @Undead Lord, thank you.]

[Blazing Sun Kingdom—Lord of The Blazing Sun: I will hold an online auction on Kingdom Tokens after a while. I will sell no less than 10 Kingdom Tokens in this auction. I welcome all Cerulean Planet Lords with strength and character to participate in this auction. Lords with bad morals, such as the Dark Martial Lord, don't take the initiative to sneak in. If I discover you, I will directly destroy your nest.]

[Military Industry Kingdom—Military Industry Lord: Yes, Your Majesty!]

[Mystic Heaven Kingdom—Mystic Heaven Lord: I can help!]

[Dragon Blood Alliance—Dragon Lady Lord: I can help too!]

[Undead Alliance—Undead Lord: I have a way to detect the Unholy stuff. Your Majesty, you can leave the screening of Lords with bad morals to me.]

Zhou Zhou, who had already returned to the Blazing Sun Kingdom through the Spatial Teleportation Array, pursed his lips when he saw the Undead Lord's words.

You're talking about having a method to detect the Unholy in front of a living being with the Light Sacred Dragon Bloodline?

He had guts!

He did not reply to the other party. He went straight to the Knight Temple and the Temple Lord's office.

Knock, knock, knock.

Zhou Zhou knocked lightly on the door.

"Come in."

Bai He's voice sounded.

Zhou Zhou pushed the door open and entered.

When Bai He saw Zhou Zhou in the office, he was stunned for a moment before a smile appeared on his face.

"Have a seat."

He smiled.

Zhou Zhou sat down impolitely.

"You brat, you actually caused such a huge commotion while I was away."

"Rob has already told me. However, did you really obtain so many Proof of Legion through raising monsters?"

The two of them chatted for a while.

Bai He brought up the previous incident.

"He" asked curiously.

"My territory does indeed have a monster ranch specially used to nurture fog monsters to collect designated Loots."

"The Proof of Legion is only one of the designated Loots we collected."

Zhou Zhou said.

"Monster Ranch..."

When Bai He heard this, his body trembled. Then, he looked at Zhou Zhou with a complicated expression.

"He" was extremely experienced.

He had once heard of Monster Ranch, which was specially used to collect designated Loots when he was young.

It was said that only a few powerful Empire-level Lord factions or even Divine Kingdom-level Lord factions could create such a Monster Ranch.

Moreover, even if they could do it, the price they would have to pay was huge.

Finding the designated monster, setting the territory of the monster's Survival, researching the growth method of the monster, choosing the time to harvest, how to increase the drop rate of the designated Loots...

All kinds of conditions were necessary.

The Lord faction that could realize Monster Ranch had paid an unknown price.

It was also because of this that

Even though "He" knew of the existence of the Monster Ranch, "He" had never let the human race do it.

They could not afford it.

He did not expect to hear it from the Lord of The Blazing Sun today.

Moreover, the other party had done it and the Effect was not bad.

As expected of one of the publicly acknowledged future hopes of the human race's higher-ups!

"He" sighed inwardly.

"Do you still have any Proof of Legion?"

Bai He asked bluntly.

Zhou Zhou did not think too much about it. He took out 400 Proof of Legion from his King's Treasure Box and placed them on the table.

Looking at the Kingdom-level Proof of Legion that was piled up into a small mountain, even with Bai He with his knowledge and experience, he could not help but be stunned.

You really have them...

And so many so many of them?!

"Good God..."

Bai He clicked his tongue.

With so many Proof of Legions, it was enough for their human territory to have an additional 400 regular armies.

This was undoubtedly a huge help to the extremely rare humans in the official army.

However, Bai He did not touch these Proof of Legion immediately.

Thousands of years of life let "He" know that everything had a price secretly marked.

There was never anything free in this world.

"What do you want?"

Bai He looked at Zhou Zhou.

"I do have a request."

"However, I don't have any intention of using these 400 Proof of Legion to complete what I want. I just heard that the Temple Lord wanted them, and then I purely wanted to give them to our human race."

"If this is considered a request, then what I'm asking for should be a friendship with our human race, right?"

Zhou Zhou smiled.

The Proof of Legion was indeed useless to him at the moment.

He had indeed just casually taken it out and given it to the other party when he heard that the other party needed it.

In any case, his Monster Ranch could produce so many Proof of Legion in two days.

Bai He pondered and nodded. With a wave of his right hand, he put away the 400 Proof of Legion.

"What do you want?"

Bai He asked.

"The last time I revived Li Xingguang, the Temple Lord said that he owed me a favor?"

Zhou Zhou asked.

"That's right. Do you want to use this favor?"

Bai He asked.

Zhou Zhou nodded.

"I want the corpse of a high-level demon."

"If possible, I hope it's a High-Tier Deity-level demon."

"It would naturally be better if there are higher ones."

He told him his request.

Chapter 729: Mystic Realm - Green Bronze Mausoleum! Green Bronze Book!

"Is it urgent?"

Bai He pondered for a moment and asked seriously.

"There's no hurry."

"Sure."

Bai He nodded. "Leave this to me."

"In two days, I'll give you the corpse of a demon at least at the High-Tier Deity-level."

"Thank you, Temple Lord!"

Zhou Zhou's eyes lit up and he immediately smiled.

"You're welcome. Demons can still be seen everywhere in our Knight Temple."

Bai He smiled.

He was the God of Abyssal Knights! An existence that had once made a name for itself in the Abyss alone!

To "Him", it was not difficult to obtain the corpse of an Abyssal Demon at least at the High-Tier Deity-level.

"In addition, you gave us so many Proof of Legion but I can't give you nothing."

"So this is for you."

Bai He took out a map and a token and handed them to Zhou Zhou.

Zhou Zhou took it and realized that there was a location called the Green Bronze Mausoleum marked on the map.

As for the token, it was called the Green Bronze Mausoleum Token. It was the key to open a special mystic realm.

"This Green Bronze Mausoleum is a special mystic realm. There are 100,000 fog monsters, the Green Bronze Knights, and a monster general called the Green Bronze General."

"We killed a few Bronze Generals and accidentally obtained a Green Bronze Book."

"The effect of this Green Bronze Book is to increase the quality of soldiers below the Kingdom-level by one grade."

"Which means Basic Soldiers can be upgraded to Intermediate Soldiers with the help of the Green Bronze Book. Intermediate Soldiers can be upgraded to Advanced Soldiers. Advanced Soldiers can be upgraded to Special soldiers, but Special Soldiers can't be upgraded to Kingdom-level Soldiers."

"But even so..."

"It's quite precious to have the special soldiers."

"If you're interested, I can represent the higher-ups of the human race and give you this mystic realm permanently."

"But I have to tell you that after this mystic realm opens once, it will take 10 years to open again. It can't be forcefully restarted halfway, or this mystic realm will self-destruct."

"How about it? Are you interested?"

Bai He looked at Zhou Zhou.

"Yes!"

Zhou Zhou thought for a moment and agreed.

He had the King of Loots. Perhaps the loots of this mystic realm would change in his hands.

"Okay!"

"Then I'll leave this Green Bronze Mausoleum to you."

"You can go there yourself through this map or through our Knight Temple's spatial teleportation array."

"You'll naturally know the requirements to enter the mystic realm when you arrive. It's not difficult. You'll definitely be able to enter and obtain the things inside."

Bai He said.

"Then I'll go take a look tomorrow."

Zhou Zhou nodded.

Bai He nodded.

After chatting for a while, Zhou Zhou bade farewell and left.

After leaving, Zhou Zhou piloted a Galaxy and planned to take a look at Wu Xin.

...

Outside the territory of the Knight Empire.

Near a White Platinum-Tier Scarlet Territory in the wilderness.

More than 800 million soldiers wearing the standard equipment of the Blazing Sun Kingdom were methodically killing the fog monsters gathered nearby.

In front of the huge number of soldiers, even if more and more of these fog monsters gathered, they could not stop their slaughter.

Some fog monsters that had developed intelligence had already fled into the distance in fear when they saw this scene.

Other than that, there were clergymen wearing emerald green divine robes amongst these soldiers.

They were the clergymen in The Shelter of the Goddess of Life.

They cast Divine Arts on the injured soldiers to save or even revive them.

At this moment, a slender girl holding a Phoenix Musket and wearing silver knight armor was watching the clergy revive the soldiers on an Epic-Tier Dragon Blood Horse.

"No matter how many times I see it."

"It still feels unbelievable."

Yu Ling sighed softly.

She had personally led the soldiers to help this group of recruits from the Blazing Sun Kingdom train since yesterday.

At that time, she was shocked by the number of recruits and the unbelievable methods of these clergy.

Especially the resurrection method!

In the eyes of the Princess of the Empire, such methods were legendary.

However, according to her understanding over the past two days, this resurrection method was actually no different from an ordinary Healing Technique to the soldiers of the Blazing Sun Kingdom.

She even knew about a general of the Blazing Sun Army who had undergone 16 resurrections and had the strength of a Legendary-Tier!

Only then did she know why this group of soldiers from the Blazing Sun Kingdom was so fierce and fearless of death?!

After all, if the soldiers of their Knight Empire could also have such a resurrection method, even the most timid soldiers would probably have the courage to fight the enemy to the death.

In the long run, who would be afraid of death?!

"And..."

"There are more recruits today."

"More than yesterday, and they're not even the same batch of recruits."

Thinking of this, Princess Yu Ling took a deep breath.

She naturally understood what this meant.

This meant that the number of recruits under the King of the Blazing Sun alone exceeded a billion.

This number had already exceeded the total military strength of the soldiers from all over the Knight Empire.

Even though this sounded unbelievable it was the truth.

"That King of the Blazing Sun... is really an unbelievable person."

"No wonder so many higher-ups of the human race think that he's one of the hopes of our human race's rise."

Princess Yu Ling thought to herself.

"Your Highness!"

At this moment...

A knight wearing the standard equipment of the Knight Empire galloped over on his Horse from afar. Then, he stopped in front of her and said respectfully,

"Your Highness, the King of the Blazing Sun is here!"

"Take me there!"

Princess Yu Ling immediately said.

"Your Highness, please follow me."

The general nodded and ran in a direction with Princess Yu Ling.

Soon, they rushed to a military tent.

A handsome young man in the Emperor Dragon Robe with the Sword of Xuan Yuan wrapped around his waist was chatting with Wu Xin.

Beside Wu Xin were Vicky and the other God Spirits.

"Long time no see."

Princess Yu Ling listened from afar. After confirming that the other party was not discussing anything important, she took a deep breath and walked over, greeting him with a smile.

"Your Highness?"

"Thank you, Your Highness, and the soldiers of the Knight Empire, for taking care of our soldiers these two days."

Zhou Zhou said politely.

He already knew that this princess had come to help in the past two days through Wu Xin's report.

"I'm ashamed."

"We did come with the intention of helping."

"But the soldiers under your command don't seem to need our help."

Princess Yu Ling said.

She had learned the saying "I can't care less, that's above my pay grade" from the soldiers of the Blazing Sun Kingdom in the past two days.

She didn't even realize it.

She, who had always had a cold personality, actually had a specially intimate attitude when she spoke.

Zhou Zhou smiled.

"How's the situation in the Knight Empire now?"

He asked.

"With the help of His Majesty's soldiers over the past two days,

"The pressure on our Knight Empire has been relieved a lot."

"However, our situation is still not too good on the battlefield of high-end combatants."

Princess Yu Ling said truthfully.

Zhou Zhou nodded.

Then, he suddenly said, "I plan to make a trip to the Divine Sword Empire today. Princess, are you willing to go with me?"

With the Galaxy around, it was not difficult for him to cross the Spatial Teleportation Array and go straight to the Divine Sword Empire.

Chapter 730: To The Divine Sword Empire (1)

"To the Divine Sword Empire?"

"Have you already opened all the Spatial Teleportation Arrays to the Divine Sword Empire?"

Princess Yu Ling was stunned for a moment before she became excited.

"No."

"But..."

Zhou Zhou looked at the disappointment on Princess Yu Ling's face and smiled. Then, he snapped his fingers gently and saw a huge silver spaceship in the form of a miniature galaxy gradually appear in the sky above them.

This Galaxy was more than 80,000 square kilometers in size.

It was comparable to Chuanyu City on the Cerulean Planet.

It lay across the sky, and the ground was enveloped in a large shadow, as if night had fallen.

Princess Yu Ling looked at the spaceship above her head and even subconsciously held her breath.

Moreover, what surprised her the most was not the size of the spaceship, but the faint divine power aura emitted by it.

"A God Spirit-Tier spaceship of the Machina race..." She muttered.

The Knight Empire she was from did not have much negotiations with the Machina race. They only had some technological products spread by the Machina race civilization.

As for the so-called God-Tier spaceship of the Machina race,

She had only read about it in some ancient books.

This was the first time she had seen a spaceship of this level in reality.

"This is... yours?"

Princess Yu Ling looked at Zhou Zhou.

Zhou Zhou nodded casually.

Princess Yu Ling looked confused.

At this moment, she felt that she, a princess from an Empire-level Lord faction, was like a country bumpkin.

The new King in front of her, who had only established his kingdom a few days ago, was actually a member of a high-level Race civilization that came from a Lord faction.

She shook her head to shake away this thought that she felt was a little ridiculous.

"With the speed of the Galaxy, we should be able to reach the Divine Sword Empire in half an hour."

At this moment...

Zhou Zhou's voice sounded in Princess Yu Ling's ear.

The Knight Empire was about 6.25 billion kilometers from the Divine Sword Empire.

Normally speaking, it would take an hour and a half with the speed of the Galaxy.

However, the spatial teleportation array that Zhou Zhou had taken down in the past two days was naturally not for nothing.

He could first use the Spatial Teleportation Array to arrive at the closest Spatial Teleportation Array to the Divine Sword Empire before heading to it. This way, he would only need about half an hour to reach the Divine Sword Empire.

"Sure, then let's go now!"

Princess Yu Ling said excitedly.

She looked at the magnificent Galaxy above her head, her eyes filled with curiosity.

She had never taken a God Spirit-Tier Machina race spaceship before.

"Your Highness."

The general behind her hesitated and wanted to speak.

"The King of the Blazing Sun is trustworthy."

"If my King Father and Queen Mother ask me where I'm going, tell them the truth." Princess Yu Ling turned to look at the general and said coldly.

"Yes, Your Highness." The general did not dare to refute and lowered his head respectfully.

Zhou Zhou smiled when he saw this.

Then, Princess Yu Ling and him flew into the Galaxy.

...

Inside the Galaxy.

In a wide hall.

"Wow..."

Princess Yu Ling looked at the mechanical and technological settings around her and exclaimed softly. Her eyes were sparkling and very resplendent.

At this moment, she seemed to have put down the airs of an Empire's princess and become a little girl who had seen something new.

"This place is so big."

"Can I take a look around here?"

She looked at Zhou Zhou.

"Princess, please feel free."

Zhou Zhou said casually.

"Your Blazing Sun Kingdom has a very high degree of diplomatic relations with our Knight Empire. We don't have to be so distant."

"Just call me Yu Ling or Alina."

"How about I call you Zhou Zhou?"

Princess Yu Ling smiled.

"Of course."

Zhou Zhou said casually.

"Why are your words so genteel? Why are you like my Qi Practitioner King Father?"

Princess Yu Ling complained.

"I'm indeed a Qi Practitioner."

"Your Majesty too?"

She said in surprise as Zhou Zhou asked Wen Ya to activate and head to the Spatial Teleportation Array.

"That's right!"

"The Qi Practitioner Class can be considered a top Class of our human race."

"Normally, humans with good background and Qi Refinement aptitude will basically change their profession to Qi Practitioners as long as they have channels for Qi Practitioners."

"I'm also a Qi Practitioner."

Yu Ling smiled.

Zhou Zhou nodded.

Well, Qi Practitioners had a bright future. Which human was unwilling to become a Qi Practitioner?

"Moreover, the Divine Sword Empire we're going to this time is the Immortal Dao Kingdom of a Qi Practitioner."

"The King of the Divine Sword Empire is a Grand Unity Golden Immortal Realm Sword Immortal."

"As for the ancestor of the Divine Sword Empire, it's said that he's a Zenith Heaven Golden Immortal Realm with great divine power."

Princess Yu Ling said.

Zhou Zhou nodded.

He was not surprised.

The Knight Empire even had a True God-Tier Knight like Bai He.

It was quite normal for the Divine Sword Empire to have Zenith Heaven Golden Immortal Realm experts of the same level.

He even guessed that perhaps each of the five empires of the human race had a True God-Tier existence behind them.

However, if that was the case, why didn't they build a Divine Kingdom?

Zhou Zhou was puzzled.

He did not have a specific method to build a Divine Kingdom in his mind.

Therefore, he did not know the exact reason.

Perhaps he would need to increase his strength to a higher level before his bloodline inheritance could unlock this bloodline knowledge.

"What's this?"

At this moment...

Princess Yu Ling pointed at a black Helmet and said.

"Virtual Reality Game Helmet."

"There are many virtual games inside."

"Yu Ling, if you're interested, you can play to pass the time first."

"We'll only arrive at the Divine Sword Empire in about half an hour."

"Yu Ling, if you still want to play after this, I can give you 10,000 virtual game Helmets."

Zhou Zhou said.

These virtual game helmets were the first batch of gaming helmets created by Wen Ya's factory. They had yet to be released, so it was naturally fine to give some to this princess.

"Virtual Reality Game Helmet?"

"Is it the very popular toy in the books for the Mechanical Race's civilization?"

"I heard that many life forms of high-level Races and civilizations like the virtual games made by the Machina race very much."

Princess Yu Ling curiously picked up the virtual Helmet curiously and looked at it.

"Right."

Zhou Zhou nodded.

Princess Yu Ling played with the virtual Helmet curiously for a while before putting it down reluctantly.

She looked at Zhou Zhou.

Her expression suddenly became serious.

"Your Excellency, King of the Blazing Sun."

"I want to buy one of such a Galaxy from you on behalf of the representative of the Knight Empire. I wonder if that's possible?"

"Don't worry about the price. We won't mistreat you." She said.

Zhou Zhou pondered for a few seconds before shaking his head.

"My apologies, Your Highness."

"Our Blazing Sun Kingdom can't make much of the Galaxy at the moment."

"Therefore, we can't sell a God Spirit-level spaceship like the Galaxy to the outside world for the time being."

During this period of time, Wen Ya had used up all the God-Tier materials in Zhou Zhou's hands to create another two Galaxy, allowing him to have 12 Galaxy under his command.

But this was already the limit.

Without more corresponding God-Tier materials, even Wen Ya could not create more Galaxies.

It was difficult for a clever woman to cook without rice after all.
