#### Chapter 761: The Flower Sword Immortal's Gift! God-Tier Secondary Profession—Immortal Plant Master!

"Brother Luo!!!"

A furious roar sounded.

A sword beam instantly flew in front of the corpse of a human God Spirit that had fallen into the desert, revealing the figure of a Sword Immortal in flowery clothes. "He" hugged the corpse of the dead Sword Immortal and looked at the other party's lifeless face. "His" pupils immediately constricted, and then the expression in his eyes gradually became a little crazy.

When the other Sword Immortals saw that a Sword Immortal had actually died on their side, their bodies trembled endlessly. A shocking killing intent and sword qi gradually rose from their bodies.

Then, they saw the Sword Immortal in flowery clothes turn to look at the Scarlet God Spirits.

"He" suddenly formed a seal with "His" hands, and blood-colored sword beams suddenly shot out from "Him." In less than a few seconds, "His" flowery clothes were dyed red.

"Unsealed Sword Forbidden Technique."

"Flower Sword Immortal is going all out."

A Worshiped God Spirit from the people of foreign races from the Knight Empire said with a heavy expression.

The Unsealed Sword Forbidden Technique was a secret Sword Immortal technique of the Divine Sword Empire.

Sword Immortals who used this secret technique could obtain a huge increase in strength in a short period of time at the cost of their lifespan.

The more lifespan they consumed, the higher the strength they could obtain.

A Low-Tier Deity Level Sword Immortal could even deal with a Mid-Tier Deity-level enemy if "He" consumed most of "His" lifespan.

However, even though this combat strength enhancement effect was powerful, most Qi Practitioners were actually unwilling to use such a forbidden method as pursuers of longevity.

As for the Sword Immortal...

It was a small number of Qi Practitioners who were willing to use such a taboo technique in order to pursue their thoughts.

That was also the reason why the other Qi Practitioners were most unwilling to provoke the sword cultivators faction amongst the Qi Practitioners.

Who would be willing to become enemies with a Qi Practitioner who was good at attacking and was willing to risk his life for no reason?

The three other Sword Immortals who were on good terms with Sword Immortal Luo followed suit and unleashed the Unsealed Sword Forbidden Technique too.

The four Sword Immortals who used the Unsealed Sword Forbidden Technique, coupled with their divine artifacts, allowed them, who were originally only Low-Tier Deity-Level God Spirits, to directly possess Mid-Tier Deity-level combat power.

This immediately reversed the situation.

After a while, the taboo spells of these Scarlet God Spirits finally ended. All kinds of backlashes came one after another, causing their combat strength to decrease to an astonishing level in a very short period of time.

This made it easier for the God Spirits of the Human Empire to fight.

In less than a moment, a Scarlet God Spirit was killed by the human God Spirits.

It was as if a domino switch had been turned on in the following time as the first Scarlet God Spirit died in battle.

Scarlet God Spirits died in battle one after another.

Two hours later, all the Scarlet God Spirits present had died in battle.

Then, among the God Spirits of the Human Empire, other than the four Sword Immortals who were unable to continue fighting, the other God Spirits turned around without hesitation to help Lu Zhen and the others deal with the four scarlet God Spirits.

Lu Zhen's side already had a certain advantage. There were so many Low-Tier Deity-level and Mid-Tier Deity-level God Spirits coming to help.

In less than a moment, Black Eye and the other two High-Tier Deity-level scarlet God Spirits died under the siege of these God Spirits.

On the battlefield, even though Lu Zhen, Ji Yun, and the God Spirits of the other two empires had obtained victory, they did not look happy.

Flower Sword Immortal was currently surrounded by immortals. "She" hugged Sword Immortal Luo's limp body and remained silent.

"Flower Sword Immortal and Tri-Talent Sword Immortal Luo Yuan are close friends. Their friendship has always been a legend even among us Qi Practitioners. There have even been stories about the two immortals in some small worlds. I didn't expect that today..."

A God Spirit from the Knight Empire lamented.

Lu Zhen and Ji Yun also watched this scene in silence.

Suddenly, Ji Yun suddenly thought of something. He suddenly clapped and said excitedly,

"How could I forget that my good nephew has a method to revive immortals!"

"I'll go look for him now..."

After "He" finished speaking, he went to look for the Galaxy.

"No need, Your Majesty."

"I'm here!"

At this moment...

A voice came from not far away. Then, Zhou Zhou flew over from afar and arrived in front of the immortals and gods.

"Your Majesty, you must save my best friend!"

"As long as you're willing to save my best friend, I, Hua Qinglong, am willing to do anything."

The white-haired Flower Sword Immortal immediately carried Sword Immortal Luo to Zhou Zhou and looked at him with bloodshot eyes.

With that, "He" directly took out his Spatial Ring and then took out the corpse of the Mid-Tier Deity-level Elementary Grade scarlet God Spirit "He" had just killed with all "His" might. "He" handed them all to Zhou Zhou with trembling hands.

"Don't worry."

"There is someone capable of reviving Tri-Talent Sword Immortal in my territory."

Zhou Zhou said.

However, he did not take the Spatial Ring and the corpses of the God Spirits.

After this battle, even though Zhou Zhou did not participate in the battle directly, everyone could be considered comrades who had experienced life and death battles together.

He had also witnessed the loyalty of these Sword Immortals.

He was more or less moved.

Under such circumstances, Zhou Zhou did not want to have anything to do with benefits when it came to reviving his comrades.

If he wanted the corpses of these scarlet God Spirits, he could have obtained them in his own way. There was no need to use such a method.

"Please accept them!"

However, Flower Sword Immortal resolutely handed over "His" Spatial Ring and the Scarlet God Spirits' corpses.

Just as Zhou Zhou was about to say something, he heard Lu Zhen say.

"Nephew, take them."

"We Sword Immortals hate owing karma to others the most. Since you have agreed to Flower Sword Immortal's request to save Flower Sword Immortal's close friend, Flower Sword Immortal has to return the favor to you. Otherwise, once "He" owes you such karma, "He" will probably have inner demons in "His" heart in the future. When that happens, be it "His" cultivation or Sword Dao realm, it will probably be very difficult for "Him" to make another breakthrough. "He" might even be in danger of losing "His" life."

Zhou Zhou was stunned when he heard this. He immediately took the other party's Spatial Ring and the corpse of a low-level Mid-Tier Deity-level scarlet God Spirit without hesitation.

When Flower Sword Immortal saw this, a faint smile finally appeared on "His" face. Even the blood in "His" eyes faded a little.

However, "His" white hair and visible wrinkles proved that the aftereffects of "Him" using the Unsealed Sword Forbidden Technique were still with him.

Zhou Zhou looked at the scarlet God Spirit's corpse and realized that the most valuable commodity on "He" was only an Advance Grade divine artifact. He retracted his gaze and looked at the Spatial Ring.

He glanced at the thing inside and raised his eyebrows slightly when he made it realize him as its master.

This was because Flower Sword Immortal's Spatial Ring did not have any divine artifacts or God-Tier treasures.

Most of it contained various Sword Dao manuals and notes related to Flower Sword Immortal's Sword Dao comprehension.

There was only one other item type left.

There were all kinds of books piled up like a small mountain.

And what was recorded in that book was actually a complete set of Low-Tier Deity Level Elementary Grade Immortal Plant Master secondary profession inheritance!

It recorded a rich variety of medicinal herbs, plants, and cultivation methods from low-level spiritual plants to high-level immortal plants.

Zhou Zhou looked up at Flower Sword Immortal in surprise.

He did not expect this Sword Immortal to actually have a God-Tier secondary profession!

**Chapter 762: Lu Zhen's Deal**

"Thank you for your legacy, Senior Flower Sword Immortal!"

"I will make good use of it and find a suitable successor for you!"

Zhou Zhou said seriously.

"As long as Your Majesty thinks it's useful."

Flower Sword Immortal nodded.

Zhou Zhou acknowledged.

Then, he looked at the other three Sword Immortals whose lifespan had also decreased greatly because they used forbidden techniques and the other Empire God Spirits and Sword Immortals who were either lightly injured or seriously injured.

He pondered for a few seconds and looked at Lu Zhen. "Uncle Lu, most of our gods and Sword Immortals are already injured. How should we resolve the crisis of the myriad races in the Divine Sword Empire?"

When Lu Zhen heard this, he looked at the God Spirits and Sword Immortals in front of him. After a few seconds of silence, he said firmly,

"We'll continue tomorrow."

"But 'They' are injured now, and Flower Sword Immortal and 'Them' can't continue fighting because they used forbidden spells. How can they fight?"

"They could well perish."

Zhou Zhou was stunned for a moment before hurriedly saying,

"Flower Sword Immortal and the other gods who can't fight can choose not to fight."

"But the other God Spirits and Sword Immortals must fight."

Lu Zhen was exceptionally determined when he heard this.

Then, "He" looked at Zhou Zhou and said in a deep voice,

"God Spirits will not allow themselves to be easily injured because once they are injured, they will need hundreds or even thousands of years to recuperate and recover from their injuries without external help."

"But we don't have that much time to recover."

"If we let these fog monster armies wander around our Human Empire for a day, hundreds or even tens of millions of human life forms will die at their hands."

"After hundreds or thousands of years, our human race has long been destroyed!"

"We don't have time to recuperate."

"Even if I have to fight to the death, I have to keep fighting!"

"This is one of the reasons why we human powerhouses exist."

As Lu Zhen spoke, he looked at Zhou Zhou.

There was another reason "He" didn't say.

That was, "He" knew that Zhou Zhou's King of Ten Thousand Kings activity would only last for a month. After a month, it would end.

Today was already the sixth day.

One-fifth of the event time had passed.

There was not much time left for Zhou Zhou.

"They" knew that it was very difficult for Zhou Zhou to fight against those top Lords alone.

The great race civilization behind them was something that the human civilization could not compare to.

The behind-the-scenes help they could give their Lords was also something that their human civilization could not catch up to.

But could they give up because of this?

Of course not!

It was not easy for them to encounter an opportunity that could allow humanity to rise to the top of the myriad races. Even if they had to risk their lives and become one of the nameless skeletons under Zhou Zhou's feet, they had to support him and let him grow to the peak of the myriad races!

So what if they were injured?

They would perish at most!

Some would die, so that others may survive.

The reason why the human race had been able to survive such a cruel era of struggle and struggle until now was because of this belief. It had even existed for a longer time than those races and civilizations that were much stronger than their human civilization!

They were already used to this, and they had long been prepared to sacrifice themselves for the future of the human race!

"Zhou Zhou."

"I remember that after you resurrect a God Spirit, the God Spirit's injuries will directly recover, right?"

Lu Zhen smiled.

"Yes, but the capable person in my territory can only revive Mid-Tier Deity-level Elementary Grade God Spirits at the moment."

Zhou Zhou said.

"That's good." Lu Zhen looked at the other human God Spirits and said in a low voice, "Did you hear that clearly? From tomorrow onwards, all existences below the Mid-Tier Deity-level Elementary Grade, don't be afraid of death when fighting. If you die, I will naturally ask the King of the Blazing Sun to revive you!"

"If one day, even Zhou Zhou will not be able to revive you."

"You will forever be engraved in the history books of our human race. No matter how strong or weak you are, you will forever be heroes of our human race!"

"Let's kill these scarlet monsters right now!"

"Avenge the deaths of our human clansmen!"

"Fight to the death for the continuation of our human civilization!"

"Are you willing?!"

Lu Zhen roared at the end.

"Kill!!!"

The other human God Spirits roared when they heard this.

Under the furious roars of the Gods, the Sun and Moon lost their light, and the mountains and rivers changed color within a radius of 5,000 kilometers.

"The matter of resurrecting 'Them' is up to you."

Amidst this earth-shattering roar, Lu Zhen looked at Zhou Zhou and said.

Zhou Zhou looked at Lu Zhen. With his Six Senses, he could roughly guess the other party's thoughts even without relying on his high-level mental perception.

He looked at Lu Zhen for a few seconds before nodding without saying anything.

Then, he waved his right hand and saw many bottles of potions and medicinal pills appear in the air.

Without exception, these potions and pills emitted the auras of Low-Tier and Mid-Tier Deity-level.

Zhou Zhou did have High-Tier Deity-level potions too but he did not take them out, seeing that Lu Zhen and the others did not seem to be injured.

"I obtained these potions by chance. We still have a lot of battles to fight. Even though these potions can't immediately heal your injuries, they can still relieve, suppress, and help you slowly recover your injuries."

"Seniors, come and get what suits you." Zhou Zhou said.

Lu Zhen and company were stunned when they saw this scene before laughing.

The Mid-Tier Deity-level and lesser deities of the other two human empires looked at each other. Then, they walked over one by one and chose suitable healing medicines for themselves.

At the same time, "They" also handed the corpse of the Scarlet God Spirit they had killed to Zhou Zhou. During this process, "They" tacitly did not even say a word.

Even Lu Zhen and company walked over and handed the corpse of the High-Tier Deity-level scarlet God Spirit they had killed to Zhou Zhou.

Zhou Zhou did not refuse and accepted them all.

Soon, all the medicinal pills and potions were chosen.

When Zhou Zhou saw this, he said.

"Since everyone has chosen to hand over the Scarlet God Spirit's corpse that you killed with all your might, please choose two of the divine artifacts on you and give them to you."

"Don't refuse, or I might also suffer from karma."

The immortals fell silent.

To them, the two divine artifacts were too precious.

"What are you looking at? Pick quickly!"

Lu Zhen immediately scolded with a smile.

Then, "He" and Ji Yun came in front of Zhou Zhou.

"Nephew, you seem to be very interested in the corpses of high-level existences?"

Ji Yun asked curiously.

"My drop rate is hundreds of millions of points higher than other life forms."

Zhou Zhou thought for a moment and said without hiding anything.

Ji Yun and Lu Zhen looked at each other and nodded in their hearts.

In fact, "They" also guessed it. Zhou Zhou had just confirmed it.

"They" guessed that "Their" nephew's drop rate was probably 10% or 20% higher than others. Otherwise, it would be impossible for him to be so eager for the corpses of high-level God Spirits.

"So you're born lucky." Lu Zhen patted Zhou Zhou's shoulder. "Then how about we make a deal?"

"We'll bring you the corpses of the Scarlet God Spirits or the God Spirits of the people of foreign races. Then, we'll trade them with you. Then, you'll give us divine artifacts as the price for buying the corpses of high-level existences. How about that?"

Lu Zhen looked at Zhou Zhou with bright eyes.

The human race, no, most of the races in the myriad races, were really lacking in divine artifacts.

That was why "He" suggested this idea to Zhou Zhou.

With such a talent by his side, it would be a waste of resources if he didn't use it as leverage.

[\*\*Global Lord: 100% Drop Rate\*\*](#)

**Chapter 763: The Destruction Of The Sixteen Kings Alliance!**

"Sure!"

Zhou Zhou's eyes lit up when he heard that.

"Then... How about I use two Low-Tier Deity-level Divine artifacts to trade for the corpse of a lesser god God Spirit who had a divine artifact of the same level when he was alive?"

"Mid-Tier Deity-level and High-Tier Deity-level, and so on."

"If the corpse didn't have a divine artifact when it was alive, I can also use a divine artifact of the same level to exchange for it. How about that?"

Zhou Zhou carefully raised his conditions.

Actually, he could give more.

In any case, he already had a mountain of Low-Tier Deity Level Elementary Grade divine artifacts.

Even if it was the corpse of a Low-Tier God Spirit who had a divine artifact of the same level when he was alive, he would be able to make a killing if he directly gave the other party an entire set of divine artifacts (six of them).

However, with his current strength and status, it was really not appropriate for him to state such ridiculous terms.

He was not afraid that Lu Zhen and the others would covet it.

It was just that it was really not suitable, and it was also inconsistent with his personality that had always pursued noble development.

On the other side, Lu Zhen and Ji Yun were stunned.

It was not that Zhou Zhou had given too little.

It was because... Zhou Zhou was proposing to give too much!

It had to be known that the corpse of a Low-Tier Deity Level God Spirit who had a divine artifact of the same level when he was alive was usually impossible to obtain a divine artifact that "He" had.

The more precious the spoils of war, the lower the probability of them dropping after all.

Treasures like divine artifacts had a probability of less than 10%, or even less than 1%.

This was also one of the reasons why so many God Spirits had died in the war over the years, but divine artifacts were still decreasing in number.

Lu Zhen and Ji Yun's original thoughts were...

Even if Zhou Zhou said that they were willing to exchange the corpses of three Low-Tier Deity Level God Spirits with divine artifacts of the same level for a Low-Tier Deity Level divine artifact, they would be willing to accept it.

Unexpectedly, it had actually become a corpse of a Low-Tier Deity Level divine artifact of the same level in exchange for three Low-Tier Deity Level divine artifacts.

Mid-Tier Deity-level and High-Tier Deity-level God Spirit corpses too?

"Are you serious?"

Ji Yun could not help but ask.

Zhou Zhou looked at their expressions and had an idea. He immediately nodded with a faint smile.

"Okay, okay, okay!"

"Let's follow this!"

Lu Zhen hurriedly agreed, afraid that Zhou Zhou would go back on his word.

"100 Legendary-Tier enemy corpses can also be exchanged for a Low-Tier Deity Level divine artifact!"

Not only did Zhou Zhou not go back on his word, he also suddenly remembered that Legendary-Tier weapons and equipment could also become Low-Tier Deity Level divine artifacts. He immediately added.

"Okay, okay, okay!"

Lu Zhen hurriedly said again.

The faces of "He" and Ji Yun were filled with unconcealable bright smiles.

God Spirit-level enemies were hard to kill.

However, don't they kill a large number of Legendary-Tier enemies at once?

This divine artifact.

They were definitely going to grab them!

The smile on Zhou Zhou's face was very happy.

Even though he was not lacking in Low-Tier Deity-Level divine artifacts now,

However, if he could have a few more, dozens, or even hundreds of divine artifact mountains, he naturally wouldn't refuse.

After that, Zhou Zhou and the immortals returned to the Galaxy and directly returned to the Knight Empire.

The Knight Empire.

After Zhou Zhou and the others returned, Lu Zhen brought his Empire's God Spirits and returned to the Divine Sword Empire through the Spatial Teleportation Array.

Zhou Zhou did not stay. After bidding farewell to Ji Yun, he returned to the Blazing Sun Kingdom with Haros, Ze Wu, and Flower Sword Immortal.

After returning to the Blazing Sun Kingdom, Zhou Zhou temporarily arranged for Flower Sword Immortal to stay in a luxurious guest room in Advance Grade Lord's Paradise.

"Senior Flower Sword Immortal, please wait a moment."

"My capable person with the ability to revive has gone out to battle with my subordinates. He hasn't returned for the time being."

Zhou Zhou explained.

Carol Moeli was currently leading the army of clergymen and following Wu Xin. She was in charge of treating the wounded and would probably not be back until the evening.

Flower Sword Immortal did not say anything and only nodded.

Zhou Zhou nodded and left.

As soon as he came out, he saw Aliya running over quickly. Behind her were Bai Yun, Chi Xuantian, Vicky, and Feng Luo.

"Greetings, Your Majesty!"

The three of them said respectfully.

"How was your trip?"

Zhou Zhou asked with a smile.

"We didn't let Your Majesty down. We've already completely taken over the Sixteen Kings Alliance."

"Currently, the 16 Beginner Kingdom Lords of the Alliance of 16 Kings have all submitted to our country from top to bottom. Their territories have also become the territory of our Blazing Sun Kingdom!"

"These are the 16 Kingdom Tokens of the 16 Kings Alliance!"

Bai Yun raised her hands respectfully. Right on the heels of that, a golden light flashed and a total of 16 Kingdom Tokens floated in the air.

When Zhou Zhou saw this scene, he could not help but smile even though he had strong self-control.

He walked over and put away the 16 Kingdom Tokens with a wave of his right hand.

At the same time, the moment he put away the Kingdom Token.

A large number of dense and repetitive text notifications appear one after another.

As there were too many of them and too many repetitions, Zhou Zhou looked at the last one.

A smile appeared on Zhou Zhou's face after reading it.

This time, Bai Yun led her troops to conquer the 16 Kings Alliance.

First: He directly obtained 48 Reputation Rating points. In other words, 48 talents with Reputation Rating were about to come to his territory tomorrow!

Secondly, with the enhancement of the Diamond-Tier Lord Talent—Embrace of the Conqueror, he would obtain 48 Extraordinary-Tier Heroes and 16 heroes with Epic-Tier Hero Fate Level slots tomorrow.

Third: The number of times he could revive had also increased from nine to 25!

Fourthly, his Final Guard had increased by 16 from 14. He could summon a total of 30 Final Guards under his command!

The fifth benefit was the Crown of The Final that had just been notified that it could be upgraded.

At the thought of this, Zhou Zhou saw the Crown of The Final appear in his hand.

[\*\*Global Lord: 100% Drop Rate\*\*](#)

**Chapter 764: Low-Tier Deity-Level Advance Grade Crown of The Final!**

Zhou Zhou looked at the grayish-white crown with three small mountains in front of it. It looked ancient and mysterious as he chanted to upgrade it.

The next second, wisps of grayish-white airflow seeped out of the void and slowly wrapped around the Crown of The Final, preventing outsiders from seeing the scene inside.

Zhou Zhou looked solemnly at the gray airflow wrapped around the Crown of The Final.

"As expected of the Final Qi that's comparable to the Chaos Qi..."

He muttered softly.

He felt a chill run down his spine uncontrollably. He finally understood why the many bloodline inheritances in his mind had once said that the power of the end was a taboo power and could not be touched.

This was a power that could truly end everything!

He shook his head and didn't think too much about it.

A moment later...

The Final Qi wrapped around the Crown of The Final gradually dissipated.

An even more ancient and mysterious desolate-looking Crown appeared in front of him.

He looked at the upgraded new Crown of The Final.

Soon, information about the divine artifact appeared.

[Divine artifact Name: Crown of The Final]

[Divine artifact Grade: Low-Tier Deity-level Advance Grade (Enhanceable)]

[Divine Artifact Ability One—Power of The End: As The Lord Of The End, the power of The End that can end all things surges in your body. When you attack any matter, you have a 10% chance of shattering it. When attacking any life form, you have a 1% chance of directly killing it.]

[Divine Artifact Ability One—Power of The End: As The Lord Of The End, the power of The End that can end all things. When you attack any matter, you have a 10% chance of shattering it. When attacking any life form, you have a 1% chance of directly killing it.]

[Divine Artifact Ability Three—The Final Descends: You can collect the power of the Law of The Final by destroying the Lord's faction. After collecting enough power of the Law of The End, you can increase the grade of the Crown of The Final and unlock more abilities of the Crown of The Final!]

[Current collection progress of the Power of The Final Law: 45%]

[Divine Artifact Description: The Lord Of The End's exclusive divine artifact. It contains the power of the end of all things!]

Zhou Zhou nodded in satisfaction.

After this upgrade, even though it had only changed from a Low-Tier Deity Level Intermediate Grade divine artifact to a Low-Tier Advance Grade Divine Artifact,

it was simply not worth mentioning to Zhou Zhou, who had a large number of Low-Tier Deity divine artifacts.

However, the effect of the Crown of The Final allowed it to stand out among the many divine artifacts!

While the probability of upgrading had only increased by 2% and 0.5%, which looked insignificant as the two unreasonably domineering laws of instant death and Shattering, even the most insignificant increase could be said to be a huge increase.

"It's just that I'll have to spend more effort to level up next time."

Zhou Zhou looked at its upgrade requirements and raised his eyebrows slightly.

Now that he had conquered a Beginner Kingdom, he was only given 5% of the Power of The Final Law to collect progress.

Which meant...

If he wanted to upgrade the Crown of The Final from a Low-Tier Advance Grade to a Mid-Tier Deity-level Elementary Grade divine artifact, he would need to conquer at least 11 more Beginner Kingdoms.

He wondered how much progress would conquering an Intermediate Kingdom or even an Advance Kingdom give him in collecting the power of the Law of Destruction?

Zhou Zhou thought.

With his current strength, conquering an Empire might not be feasible.

The strength of an empire was in all aspects after all.

Population, territory, logistics, military, generals, war machines, trump cards, connections...

An Empire-level Lord faction would not have any shortcomings in any of them.

The number of experts was only a portion of the Empire's powerful foundation.

If he dared to bring his two billion troops to find trouble with an empire now, even if it was only a Beginner Empire, he dared to believe that the other party could invite a True God-Tier to deal with him in minutes!

For example, Bai He from the Knight Empire and Sword Emperor Fuyou from the Divine Sword Empire...

However, it should not be a big problem to conquer an Intermediate Kingdom or an Advance Kingdom.

"I'll take my time."

Zhou Zhou was not in a hurry.

The most important thing for a Lord was never to fight for just one moment.

The most important thing was development!

Under the mighty power of time, if there was anything he wanted, he could slowly develop it without dying.

Then, he opened his Friend List and found the small group he had established when he sold the Kingdom Token. In the end, he realized that there were already more than a hundred people in this small group that only had five to six people back then.

Moreover, these people were all top-notch Lords among the Cerulean Planet Lords.

Zhou Zhou nodded.

It seemed that the Military Industry Lord and the others had worked hard in this aspect after he said that they could recruit people from outside to participate in the next Kingdom Token auction.

Then, he typed:

[Blazing Sun Kingdom—Lord of The Blazing Sun: Currently, I have obtained 15 new Extraordinary-Tier Advance Grade Kingdom Tokens. This King prepares to hold an auction on these Extraordinary-Tier Advance Grade Kingdom Tokens tomorrow. If you want the Kingdom Tokens to establish a kingdom, come quickly. The highest bidder will get them!]

[Overlord Lord: You're finally here!!!]

[Military Industry Kingdom—Military Industry Lord: Haha, what a fast speed. The Overlord Lord should be able to get what he wants now. In addition, Your Majesty, you've stunned us this time. You've made a total of 16 Lord Announcement announcements on the Cerulean Planet! Good lord, the World Channel is about to go crazy. Your Majesty, hurry up and say something. Otherwise, I'm afraid it won't stop for a while.]

[Dragon Blood Kingdom—Dragon Lady Lord: Congratulations to Your Majesty on your consecutive victories in 16 Beginner Kingdoms. Tomorrow, I will send someone to Your Majesty's Blazing Sun Kingdom with 50 drake cubs to Your Majesty as a congratulatory gift!]

[Mystic Heaven Kingdom—Mystic Heaven Lord: I will also bring a congratulatory gift to the Blazing Sun Kingdom tomorrow and personally congratulate His Majesty!]

[Military Industry Lord—Military Industry Lord: I've just contacted a group of old researchers. They once researched and made 'neutron super weapons' on the Cerulean Planet. Tomorrow, I'll bring them and related information over and ask Your Majesty to take a look!]

[Undead Kingdom—Undead Lord: Your Majesty, I will also go to Your Majesty's Blazing Sun Kingdom tomorrow and bring a million undead army as a congratulatory gift to Your Majesty!]

[Undead Kingdom—Undead Lord: Your Majesty, are you really not going to consider bringing me along during your battles? (Boohoo)]

Zhou Zhou chuckled as he looked at their replies. The corners of his mouth twitched when he saw what the Undead Lord said at the end.

He thought for a moment and began typing:

[Blazing Sun Kingdom—Lord of The Blazing Sun: Forget it. Event time is precious. This King has something to do tomorrow. If you come, you might not be able to see me. Just send the congratulatory gift.]

As for the Undead Lord's words, he ignored them.

Go dig up the graves and corpses yourself.

Don't blame me.

You can only blame your Lord Talent for being naturally at odds with mine.

To be honest, the Undead Lord's Undead Resurrection Talent was indeed very top-grade.

Even though it was only at the Epic-Tier, it was not inferior to some Legendary-Tier Lord Talents.

However, Zhou Zhou's talent was to consume corpses while his talent was to accumulate corpses.

Towards this, Zhou Zhou had no choice.

Then, he casually sent four red packets to the four of them. Each red packet contained 100,000 Violent Storm Spirit Class Change Certificates and one million King Of Yellow Gold Class Change Certificates.

The four of them quickly opened the red packet and sent the word 'f\*ck' in the chat group.

[\*\*Global Lord: 100% Drop Rate\*\*](#)

**Chapter 765: I'm His Majesty's Loyal Hound! The Perturbed Ling'er**

They were building new kingdoms as well, but they had about three to four million soldiers in each of their kingdoms even with the enhancement of the Cerulean Planet Lord Alliance and the forces left behind by the destruction of the countries.

Most of the soldiers were Basic Military types. There were very few Beginner soldiers, Intermediate Grade soldiers, and not a single high-level soldier type.

Not to mention Special-Tier and Kingdom-level soldier types.

They did not expect that His Majesty was actually so generous to give them so many special-grade soldier type Class Change Certificates and even a Kingdom-level soldier type Class Change Certificate!

They once again felt that joining the Lord of The Blazing Sun was indeed the right choice!

Then, after they came back to their senses and immediately thanked their emperor.

Zhou Zhou looked at the thank-you messages they sent in the chat group and did not mind.

He had already obtained more than a billion soldier type Class Change Certificates from the King's Treasure Box and the Violent Storm Spirit.

In the past, he would definitely want to sell it.

However, he was no longer short of Mist Cores now, so he had no intention of selling them. Therefore, he kept them until now.

Now, he had a new idea.

Since the soldiers under his command no longer needed these two soldier type Class Change Certificates, he might as well reward them to his Star Alliance, the Military Industry Lord, and the Dragon Lady Lord.

This way, not only would he not lose out, but he could also increase his side's strength.

At the thought of this, Zhou Zhou opened the Star Alliance Lord chat group and distributed two million King Of Yellow Gold Class Change Certificates and one million Violent Storm Spirit Class Change Certificates to each of the 312 Star Alliance Masters.

A total of 312 Star Alliance Masters meant giving away 312 million soldier type Class Change Certificates.

It was enough for them to change all the soldiers under them to high-level soldier types. Then, the rest could still be used for a long time.

When the Star Alliance Masters saw so many high-level soldier type Class Change Certificates, they immediately caused a commotion.

[Spiritual Medicine Lord: Thank you, Big Brother!!]

[Wind Dust Lord: Your Majesty, my God!!!]

[Paper Immortal Lord: I'm Your Majesty's loyal hound!]

[Destroyed City Lord: It's fine to be loyal to His Majesty, but you have to protect your integrity, Brother above!]

[Gold Merchant Lord: Thank you, Your Majesty, for the big red packet!]

[Lord of Azure Mystic: I was on the way back when I suddenly received a big red packet from His Majesty. I was pleasantly surprised and did a jazz dance for the other Lords in the cabin.]

[Lord of Starfall: His Majesty suddenly issued so many high-level soldier type Class Change Certificates. Is there a big battle to be fought?]

[Blueberry Lord: With these soldier type Class Change Certificates, I'm not afraid even if I have to go head-on against an Empire-level Lord faction!]

[Great Sage Lord: My Intrinsic Treasure Saber is already yearning for the enemy's blood!]

[Blazing Sun Kingdom—Lord of The Blazing Sun: Everyone has been fighting alongside This King during this period of time. This King also knows that everyone has worked hard. It's just some Class Change Certificates. Everyone, feel free to use them. In the future, if any of your Lords perform outstandingly in war, This King will have everything you need, including high-level soldier type Class Change Certificates, high-level treasures, Mist Cores, and even divine artifacts!]

[Lord of the Lu family: I'm willing to acknowledge Your Majesty as my foster father!]

[Silver Spear Lord: Your Majesty, you're too polite. Let's not talk about it anymore. Let me criticize this unfilial son for Your Majesty first!]

[Lord of the Dragon Well: Didn't you notice the divine artifact His Majesty mentioned? His Majesty actually has a divine artifact?!]

[Fertile Land Lord: Hehe, I knew about it long ago.]

[Gold Merchant Lord: Your Majesty is impressive, awesome. I was wondering why the equipment on those generals was especially dazzling. So it's the light of a divine artifact.]

...

Zhou Zhou smiled when he saw this.

Even though he had sent out a lot of news about the divine artifact, he had indeed never taken the initiative to publicize it.

Other than a small number of Lords and friends who were close to him, the others were indeed not too sure.

He did not say much. He found Ling'er alone and gave her a Kingdom Token before she sent a message.

[Blazing Sun Kingdom—Lord of The Blazing Sun: Ling'er, I'll give you this Kingdom Token. Hurry up and build your kingdom.]

[Spiritual Medicine Lord: Big Brother, this is too precious... I can participate in the auction and auction it myself.]

[Blazing Sun Kingdom—Lord of The Blazing Sun: You're my younger sister, and the Kingdom Token is mine. Why are you auctioning for it? Don't worry, the Kingdom Token is a very rare thing to other Lords but your Big Brother can have as many of them as he wants. Just take it.]

To the current Zhou Zhou, he really could have as many Beginner Kingdom Tokens as he wanted.

If it was not enough, he would just find a few more beginner kingdoms of the people of foreign races.

Moreover, Ling'er's Spiritual Medicine City had almost become the Blazing Sun Kingdom's exclusive medicinal herb production base. It had contributed greatly to the development of the Blazing Sun Kingdom.

Ling'er had also invested almost all her energy in nurturing medicinal herbs and making potions for the Blazing Sun Kingdom.

She did not even have time to care about the development of her territory.

Under such circumstances, Zhou Zhou had to help his sister no matter what.

He thought for a moment and typed again:

[Blazing Sun Kingdom—Lord of The Blazing Sun: Tomorrow, I will send an army to your territory and help you conquer a Beginner Kingdom near your territory. Then, I will give you this kingdom as the foundation for you to build a kingdom.]

[Blazing Sun Kingdom—Lord of The Blazing Sun: Then, I'll send you three more Legendary-Tier Heroes with Fate Level slots. This way, with the Kingdom Token, the three conditions for establishing a Beginner Kingdom are basically gathered. This way, you should be able to build a kingdom that belongs to you in the shortest time possible.]

Currently, he already has more than 100 heroes under his command. Moreover, with the enhancement of a large number of high-quality Hero Inheritance Secret Manual, the heroes with the lowest Fate Level among them were all Legendary-Tier Heroes. There were even many heroes with Low-Tier and Mid-Tier Deity-level Hero Fate Level slots.

Therefore, it was really nothing to give Ling'er and the three Legendary-Tier human heroes.

However, Ling'er did not know much about it.

Ling'er was stunned when she heard Zhou Zhou's promise.

After a while, she came back to her senses and hurriedly typed a reply:

[Spiritual Medicine Lord: Big Brother, I'm worried that I won't be able to be a good Queen.]

[Blazing Sun Kingdom—Lord of The Blazing Sun: Read more books and practice more at deploying people. Just be a conservative ruler. Even if you destroy the kingdom, I'll give you another Beginner Kingdom.]

[Blazing Sun Kingdom—Lord of The Blazing Sun: And be confident in yourself. Your Big Brother is very serious. You're actually very talented as a Lord, especially in managing medicinal herbs. I've heard about it recently. Everyone says that you're the number one supplier of medicinal herbs to the human race on the Cerulean Planet.]

Zhou Zhou was not lying.

The Spiritual Medicine City was currently developing extremely well. It was not inferior to people who were good at developing territories like the Gold Merchant Lord and the Paper Immortal Lord.

Moreover, Ling'er's 'Spiritual Medicine Alliance' had almost 60% of the Cerulean Planet Lords who specialized in the medicinal herbs trade on the World Channel.

Ling'er had so many Cerulean Planet Lords in her hands, but there was no chaos so far. It could be seen how strong Ling'er's ability was.

Therefore, Zhou Zhou was really confident in letting Ling'er build her own Spiritual Medicine Kingdom.

[Global Lord: 100% Drop Rate](#)

**Chapter 766: War Summary**

Ling'er also felt Zhou Zhou's encouragement.

She took a deep breath and determination appeared in her eyes. Then, she typed:

[Spiritual Medicine Lord: I won't disappoint Big Brother!]

Zhou Zhou smiled when he saw this. He chatted with Ling'er for a while more before closing the chat box.

Then, he opened the World Channel. As expected, he saw the Lords of Cerulean Planet discussing enthusiastically about the 16 Lord Announcements on the Cerulean Planet.

Zhou Zhou looked at it for more than half an hour and was also secretly satisfied for more than half an hour.

Half an hour later, Aliya came to tell him that Deputy Commander Wu Xin had led the army back to the Blazing Sun Kingdom and was requesting an audience with Bai Yun.

"Let them in."

Zhou Zhou said.

"Yes, Your Majesty."

Aliya said respectfully and left the study.

Soon, Wu Xin and Bai Yi walked in.

"Wu Xin/Bai Yun greets Your Majesty!"

The two of them said respectfully and led the way.

Zhou Zhou nodded and looked at Wu Xin.

"Did you encounter any accidents today?"

"Your Majesty, everything went well."

Wu Xin said respectfully.

Zhou Zhou acknowledged.

"Your Majesty, Bai Yun handed over a war list and a Spatial Ring with both hands as she spoke. "Deputy Commander Wu and I have already asked all the soldiers to pass through the Triumphal Arch just now. This is the specific war list. The Spatial Ring contains the corpses of enemies above the Legendary-Tier and the corpses of heroes of the people of foreign races. Please take a look, Your Majesty."

Zhou Zhou took it and opened the list of battles.

Today, they had eliminated a total of 620 million enemies!

Among them, Bai Yun and the others led 300 million soldiers. When they conquered the 16 King Alliance, they cooperated with the Flame Spirit King and the other Kings and eliminated more than 10 million enemies of the people of foreign race led by the King of the Demon Soldier Kingdom. They also controlled the remaining 43 million 3,650 people of foreign race soldiers of the 16 King Alliance.

As time was tight, these surrendered soldiers were not brought back yet. They were still being guarded by the Flame Spirit King.

Zhou Zhou thought for a moment and told Bai Yun that there was no need to bring these people of foreign race soldiers back to join his army.

These 16 people of foreign race kingdoms also needed strength to protect their territories after becoming his subordinates after all.

It was good for these local soldiers to stay.

Bai Yun nodded respectfully.

Zhou Zhou nodded and his gaze returned to the list of battles to continue reading.

On the other side, Wu Xin led more than 1,742 million Blazing Sun Kingdom soldiers and more than 65 million soldiers under the command of the Star Alliance Master. In a day, he killed more than 610 million fog monsters around the territory of the Knight Empire!

There were less than 200 million fog monsters in the entire territory of the Knight Empire.

"It seems that I can complete the Knight Empire Faction Quest 'Eliminate the Fog Monsters' tomorrow."

A satisfied smile appeared on Zhou Zhou's face.

The speed at which he completed the mission was much faster than he had estimated at the beginning.

The Scarlet God Spirits around the Knight Empire had been destroyed by them today.

There were not many left of the fog monster army.

It seemed that the Knight Empire should be completely safe for a period of time after tomorrow.

This way, he could also focus on doing the Divine Sword Empire's Faction Quests.

He stopped thinking and continued reading.

The corpses of a total of 620 million enemies were enhanced by the titles of the King of Loots and the Strongest Lord.

They obtained a total of 3,161,821 Legendary-Tier Mist Cores, 28,601,650 Epic-Tier Mist Cores, more than 310,000 Extraordinary-Tier Mist Cores, more than 520,000 Diamond-Tier Mist Cores, more than 711,000 White Platinum-Tier Mist Cores, more than 1,225,000 Yellow Gold-Tier Mist Cores, more than 2,960,000 White Silver-Tier Mist Cores, and more than 6,562,000 Green Bronze-Tier Mist Cores!

There were more than 25,610,000 skill books and more than 30,014,000 pieces of equipment!

10.21 trillion units of basic materials!

More than 80 million units of basic Elemental Gem resources!

There were more than 10 million units of Thunder Element Gems!

More than eight million units of Life Elemental Gem resources! More than 10 million units of Death Elemental Gems!

More than 32 million Origin Crystals!

548,212 Green Bronze-Tier Lord Talent Crystal Fragments!

501 Holy Spirit-Tier Scarlet Divine Crystals!

Zhou Zhou's eyes lit up when he saw the resources of the Life Elemental Gem and the Death Elemental Gem.

These resources and the more than three million Life Elemental Gems and two million Death Elemental Gems in his hands were just enough to increase the level of his territory.

He suppressed the urge to immediately upgrade his territory and continued to read.

In addition, in terms of the increase in the combat strength of the soldiers, even though the total number of soldiers under Zhou Zhou had not increased much, their average strength had increased greatly.

In terms of the total number of soldiers, the 20% of the Incite Defection troops handed over to him by the Lords of the Star Alliance had reached 21,505,860 fog monsters!

excluding the troops of the Star Alliance, the total number of troops under Zhou Zhou's command had already reached 532,529,549 soldiers!

Among them, were 15,528,731 Black Iron-Tier soldiers, 10,305,730 Green Bronze-Tier soldiers, 1,095,214,200 White Silver-Tier soldiers, 668,305,640 Yellow Gold-Tier soldiers, 256,796,880 White Platinum-Tier soldiers, 35,508,583 Diamond-Tier soldiers, 8,125,210 Extraordinary-Tier soldiers, 535,001 Epic-Tier soldiers and 689 Legendary-Tier soldiers!

In addition, Soul Arrow—Wu Tu had broken through to the Legendary-Tier Advance Grade!

The Dragon King Of Volcano and Destruction—Nezario, the Dragon King of War and Strength—Extreme Dragon had broken through to the Legendary-Tier!

The Original Spirit Race—Ansel had broken through to the Legendary-Tier Elementary Grade!

The other heroes and generals had also improved greatly in terms of strength.

Zhou Zhou looked at the list of battles and was silent for a while before frowning slightly.

The speed at which the soldiers' strength increased... seemed to have slowed down? He thought.

His gaze landed on the last 689 Legendary-Tier soldiers!

The total number of Legendary-Tier soldiers had only increased by more than 100.

Honestly, this was already a lot.

Even in an Advance Kingdom, their King would probably wake up laughing in the middle of the night if he could increase his strength by more than 100 Legendary-Tier soldiers in a day.

But Zhou Zhou was different.

He had the Epic-Tier Lord Talent—Blessing of the War God.

And he remembered that when he looked at the list of battles yesterday, there were more Legendary-Tier soldiers than this.

Today, they had eliminated about twice the number of enemies as yesterday but the efficiency of their strength increase was even lower than yesterday.

Zhou Zhou quickly understood the reason.

"Has the number of recruits increased too much?"

Zhou Zhou muttered to himself.

In order to increase the strength of this group of recruits, he specially ordered the veterans to bring the recruits to hunt the fog monsters.

Under such circumstances, the strength of the recruits increased rapidly, and the speed at which the veterans increased would naturally slow down.

At the thought of this, Zhou Zhou could not help but ponder.

[Global Lord: 100% Drop Rate](#)

**Chapter 767: Epic-Tier Scarlet Lord Talent Sphere!**

Zhou Zhou pondered.

The solution to this matter was easy.

There were two simple methods:

The first method was to temporarily slow down the increase in the strength of the recruits and let the recruits and veterans increase their strength on the battlefield. He did not have to let the veterans guide and protect the recruits.

This way, the speed at which the recruits' strength increased would definitely decrease, but the speed at which the veterans' strength increased would definitely increase again.

Of course, due to the increase in the total number of troops, even if the strength of the veterans increased, they should not be comparable to before.

Secondly, expand the range and scale of the war and let his soldiers face stronger enemies!

A treasured sword edge was tempered from scratch!

As long as they dared to challenge stronger enemies, be it recruits or veterans, the speed at which their strength increased could recover to its previous level, or even faster!

Zhou Zhou did not hesitate and decided to choose the latter.

With his current total military strength of more than two billion, there was indeed no need for him to play with weak enemies every day.

Over time, it would not be beneficial to the growth of his soldiers.

Then, he looked at the Spatial Ring.

Rows of corpses were neatly placed inside.

At the top were the corpses of six Low-Tier Deity-level enemies!

The remaining were the corpses of 1,265 Legendary-Tier enemies!

There were also the corpses of 24 heroes from the people of foreign races!

With a thought, Zhou Zhou used his consciousness to extract the Loots from their corpses in his Spatial Ring.

Soon, the enemy corpses were all extracted.

He obtained a total of 1,265 Low-Tier Deity-level Books of The God Spirit!

73 Hero Inheritance Secret Manuals!

More than 25,000 Low-Tier Divine Crystals!

More than 17,000 Low-Tier Deity-level divine artifacts!

2,530 Low-Tier Divine Spark Fragments!

36 Mid-Tier Deity-level Divine Spark Fragments!

More than 70,000 Low-Tier Deity-level materials, minerals, Potions, Building Blueprints, and other Loots!

56 points of Mid-Tier Deity-level materials, minerals, Potions, Building Blueprints, and other Loots!

18,975 Green Bronze-Tier Lord Talent Crystal Fragments!

The remaining Loots were things that Zhou Zhou looked down on.

Zhou Zhou nodded in satisfaction.

Not to mention anything else, if these Books of The God Spirit were distributed, the generals of the various armies under his command would all become people with the potential to become Gods!

Then, he took out another Spatial Ring.

The Spatial Ring inside was nothing else.

It was the Scarlet God Spirit corpse that the human God Spirits and Sword Immortal had given him after he, Lu Zhen, and the other Empire God Spirits went out to complete the God-Slaying Quests today!

There were a total of 16 of them!

Among them was the corpse of a Low-Tier Deity Level Elementary Grade Scarlet God Spirit. Lu Zhen and the others had discovered it when they were cleaning up the battlefield. It had died from their initial joint attack.

Zhou Zhou also extracted their corpses.

The result surprised Zhou Zhou.

This was because even though there were only three Mid-Tier Deity-level divine artifacts on the corpses of the three High-Tier Deity-level Scarlet God Spirits, there were only six Low-Tier Deity-level divine artifacts on the remaining Mid-Tier Deity-level and Low-Tier Deity-level bodies.

Zhou Zhou only obtained nine High-Tier Deity-level divine artifacts and 18 Mid-Tier Deity-level divine artifacts when he extracted them.

However, other than that, Zhou Zhou also obtained three True God-Tier Books of The God Spirit, one True God-Tier Elementary Grade Hero Inheritance Secret Manual, and 150 True God-Tier Divine Crystals!

Most importantly...

He even obtained an Epic-Tier Scarlet Lord Talent Sphere!

The remaining Loots were some Normal ones. Zhou Zhou took a look and put them into his King's Treasure Box.

Then, he took out the Hero Inheritance Secret Manual and the Book of The God Spirit below the True God-Tier and handed them to Bai Yun.

"Same old rules. Whoever performs the best and has the most needs will be rewarded with these Hero Inheritance Secret Manual and the Book of The God Spirit."

Zhou Zhou said.

"Yes, Your Majesty!"

A look of surprise flashed across Bai Yun's eyes when she saw so many Hero Inheritance manuals and the Book of The God Spirit. Then, she said respectfully.

"Also..."

"Inform the Kings of the Fire Spirit Kingdom and ask them to gather all the Lords in the territory of the 16 King Alliance Kingdom the day after tomorrow at the latest. I want to see their talents."

"If you see someone I think is strong, I won't be stingy with the rewards."

"Oh yes."

"Get the Flame Spirit Country Lord and the other Country Lords to come over. I want to take a look at them too."

Zhou Zhou said.

This was also an old custom.

Seeing their talents was just an excuse, his true intention was true to take the Lord Talent Crystal Fragments from them.

There were a total of 16 Lord Fragments in the territory of all the Lords.

Zhou Zhou's eyes were filled with anticipation.

He wondered how many Lord Talent Crystal Fragments the Lords of the 16 countries could provide him in total.

"Yes, Your Majesty!"

Bai Yun said respectfully.

"Gather 100,000 elite soldiers and let them recuperate for a while. After resting, follow me to the Green Bronze Mausoleum."

Zhou Zhou said.

Even though it was already late, his soldiers were all Dark Walkers and could already ignore the influence of the Scarlet Fog.

However, even so, it was better not to go out at night.

Firstly, they could recuperate and let the soldiers, who had already experienced a bitter day, rest well.

Secondly, according to the bloodline inheritance in his mind, when the Scarlet Fog completely descended at night, other than the strength of the fog monsters being greatly strengthened, some strange things would also appear in the Scarlet Fog.

It could be an extremely powerful fog monster, a dangerous Scarlet Mystic Realm, a door to an unknown place, or even a strange raving that would make life forms go crazy...

Even though they appeared very rarely, they still had to be wary.

After all, facing these extremely dangerous strange things, not to mention Zhou Zhou, even High-Tier Deity-level existences had a high chance of dying when traveling. Even True God-Tier existences would probably escape in a sorry state if they encountered some special and strange things.

Even though Zhou Zhou had the talent to avoid danger, he did not want to take the initiative to come into contact with these strange things.

However, there was a spatial teleportation array that led straight to the Green Bronze Mausoleum in the human territory, so this trip was not very dangerous.

"Yes, Your Majesty!"

Bai Yun said respectfully again.

She had long heard His Majesty tell her about the Green Bronze Mausoleum, so she was already prepared for this.

Zhou Zhou nodded.

Then, he looked at Wu Xin and seemed to have discovered something. He was slightly stunned before saying in surprise.

"Uncle Wu, are you about to break through?"

"This is all thanks to the True God-Tier Intermediate Grade Book of The God Spirit and the True God-Tier Intermediate Grade Hero Inheritance Secret Manual that His Majesty gave me previously."

"Otherwise, I'm afraid I won't be able to understand this last barrier and see the wonders of that God Spirit in my entire life."

Wu Xin said gratefully.

"Sure."

Zhou Zhou also smiled and nodded. "Uncle Wu, go into seclusion early. I see that you're about to break through."

"Yes, Your Majesty."

Wu Xin nodded and left.

Bai Yun stared blankly at Wu Xin's back as he left.

Teacher... has also broken through?

[Global Lord: 100% Drop Rate](#)

**Chapter 768: Epic-Tier Lord Talent— Reincarnation Sacred Palace! (1)**

Bai Yun pursed her lips.

She knew that His Majesty had always valued her and would favor her with many resources.

Compared to the many resources she had obtained, Wu Xin had actually obtained much fewer cultivation resources than her.

Even so, Wu Xin was also one step ahead of her and was about to embark on the path of becoming a God.

However, she had yet to touch that step...

She felt that she had let His Majesty down for treating her so well.

"Bai Yun."

Zhou Zhou's gentle voice sounded.

"Your Majesty!"

Bai Yun came back to her senses and said hurriedly.

"Bai Yun, people who achieve great things require a certain calmness. The more anxious you are, the less likely for you to get what you want."

"The path is already in front of you. You just have to walk slowly."

"Don't be anxious. I don't need you to immediately become a God Spirit." Zhou Zhou said slowly.

"Yes, Your Majesty."

Bai Yun's body trembled. Then, she seemed to understand something and her voice gradually became determined.

Zhou Zhou looked at Bai Yun, whose aura was changing slightly, and a faint smile appeared on his face.

It seemed that his territory would welcome two new human God Spirits tomorrow.

His mind wandered.

Actually, Bai Yun was not inferior to Wu Xin. In fact, she was even stronger than him in some aspects.

For example, Bai Yun had always maintained the heart to work hard and was willing to learn humbly from anyone. Even if that person's status was far lower than hers, she was still willing to learn the other party's strengths. At the same time, she had the ambition to make contributions...

Wu Xin had always had the thought of retiring.

With this thought in mind, Wu Xin actually did not have much room for improvement.

Even though Zhou Zhou had given the other party the True God-Tier Book of The God Spirit and the Hero Inheritance, this spiritual vitality was not something that could be regained in a short period of time.

Zhou Zhou understood her feelings.

Many people were the same.

When he was young, he had unlimited energy and the standards of his dreams were extremely high. He even thought of changing the world.

However, as he grew older, he encountered too many realistic things. In addition, his energy had fallen, and his abilities in all aspects had decreased. His cognition would gradually change, and the standard of his dreams would gradually decrease. He began to want to pursue some stable and practical goals.

Later on, he became older so he began to learn to let himself go and began to prepare for retirement. He could only gradually hide his dreams when he was young.

Occasionally, when he saw envious young people, he would sigh with envy and say, "It's good to be young." Then, he would leisurely drink a cup of chrysanthemum wolfberry tea.

Zhou Zhou was different.

When he first entered university in his twenties, he immediately gave up. His dream was to find a leisure job with insurance and money.

He had taken 50 to 60 years fewer detours than the others!

If not for the sudden change in the world, Zhou Zhou would not have become like this.

Speaking of which, it was precisely because of Wu Xin's mentality that Zhou Zhou chose to let Bai Yun, who had good potential, temperament, and fighting spirit even though she did not have enough experience, continue to be the only Legion Commander of the Blazing Sun Army and let Wu Xin, the old general, hold the fort.

Now, it seemed that even though his choice could not be said to be perfect, at least there were no mistakes.

This was enough for Zhou Zhou.

...

"Has the Demon Soldier Kingdom really submitted to the Scarlet Force?"

After enlightening Bai Yun, Zhou Zhou asked curiously.

"According to the letters we found from the palace of the Demon Soldier Kingdom, the Demon Soldier Kingdom is indeed in collusion with a high-level Crimson Kingdom called the 'Meng Nian'."

"However, the Demon Soldier Kingdom perished too quickly. The high-level Crimson Kingdom probably hasn't reacted yet."

Bai Yun said.

Zhou Zhou smiled and nodded.

As long as a high-level Scarlet Empire was not related to a True God-Tier, he did not have to worry too much.

"Oh yes."

"Where did you put the loots of the Spiritual Gu Kingdom and the bloodline Loots of the other people of foreign races?"

Zhou Zhou thought of this and immediately asked.

He had not forgotten the Ten Thousand Gu Insect Royal Bloodline of the Spiritual Gu Kingdom with unlimited potential.

Whether his Chaos Human bloodline could be upgraded again depended on this Ten Thousand Gu Insect Royal Bloodline and the bloodlines produced by Zhou Zhou.

"They have already been placed alone in His Majesty's 12th royal treasure vault."

Bai Yun said respectfully.

Zhou Zhou nodded and let Bai Yun leave without saying anything else.

After Bai Yun left,

Zhou Zhou was the only one left in the room.

Zhou Zhou was not in a hurry to absorb the Bloodline Loots. Instead, he took out the Epic-Tier Scarlet Lord Talent Sphere.

His eyes lit up as he looked at the purple ball of light wrapped in a wisp of scarlet aura.

"My luck has been pretty good recently."

"I actually obtained three Epic-Tier Lord Talents in a row."

Then, his expression turned serious as he looked at the Scarlet Lord Talent Sphere and chose to purify it.

The next second, a golden light flashed on the Scarlet Lord Talent Sphere.

When he looked again, its message had changed.

[Treasure Name: Lord Talent Sphere—Reincarnation Sacred Palace]

[Treasure Grade: Epic-Tier]

[Treasure Effect: After absorbing it, the Lord will have the Epic-Tier Lord Talent— Reincarnation Sacred Palace!]

[Treasure Description: A Lord Talent Sphere purified by the Supreme Will. After absorbing it, you can obtain an Epic-Tier Lord Talent.]

"Reincarnation Sacred Palace?"

Zhou Zhou frowned.

What kind of Lord Talent was this?

It sounded like some kind of special building?

He did not think too much about it. With a thought, a new text notification appeared.

[Absorb this Lord Talent Sphere (Epic-Tier)?]

"Yes!"

Zhou Zhou said.

The next second, the Epic-Tier Lord Talent Sphere immediately turned into countless purple light spots and surged into his glabella.

Zhou Zhou closed his eyes.

A moment later...

He re-opened his eyes again after some time.

Then, he immediately opened his Lord's personal information.

His Lord Talent column had been updated again, and a new word, Reincarnation Sacred Palace (Epic-Tier), appeared!

"My 30th Lord Talent!"

Zhou Zhou nodded in satisfaction.

Then, he opened the details of this talent.

[Lord Talent: Reincarnation Sacred Palace (Epic-Tier)]

[Reincarnation Sacred Palace: You will have a special building in your body—Reincarnation Sacred Palace.]

"It's indeed a special building-type Lord Talent."

"And it's actually in my body?"

Zhou Zhou was surprised.

Then, he closed his eyes and carefully sensed what was different in his body.

Soon, he realized that in the internal world of his Original Spirit Race bloodline, a towering but very dilapidated Netherworld Palace actually appeared out of thin air.

He looked at it.

Only one of the main halls of this Netherworld Palace was still intact, and this main hall alone occupied more than a million square kilometers.

The other halls looked like they had already turned into ruins. According to the information given to him by this Netherworld Palace, they could only be opened after repair.

"Repair? How?"

Zhou Zhou was puzzled.

However, he did not think too much about it and looked at the information of this building.

[Building Description: It was once one of the World Origin Treasures of the Reincarnation Boundless Universe. Later, it was taken away by the Supreme Will and refined into a supreme treasure with unbelievable abilities and unbelievable potential.]

...

"It's actually a Lord Talent that can be upgraded?"

Zhou Zhou looked at the information of this building and raised his eyebrows slightly.

The last time he had seen such a Lord Talent was on the Peaceful Times.

He did not expect to encounter another one today, and the upper limit of his level was actually the Mythical-Tier—Unique Level.

However, its upgrade requirements were ridiculously high.

Not to mention upgrading to the Legendary-Tier Lord Talent.

Upgrading to the Mythical-Tier, Unique Lord Talent, actually required him to have half of the control of the Supreme Origin Great Cosmos!

What kind of joke was this?

If he had the complete control of the Supreme Origin Great Cosmos, he could directly become the Lord of All Races!

He was probably not far from having half of the control of the Supreme Origin Great Cosmos even if he did not reach the level of the Lord of All Races.

At that time, he might not even need a Mythical-Tier Unique Lord Talent.

Most importantly, it could not use the Lord Talent Origin Divine Crystals to increase it yet.

In other words, he could only follow the requirements written on it to increase this Lord Talent.

Zhou Zhou looked at the upgrade requirements for this Lord Talent and was speechless.

This was a pure late-stage Lord Talent.

It seemed that it was impossible to upgrade it in a short period of time.

He stopped thinking about those unrealistic thoughts and his gaze landed on its first two building functions.

"The Gate of Time Reincarnation... Endless years..."

"It looks a little like the Master God-Tier space in some infinite novels."

Zhou Zhou scratched his chin.

This Lord Talent would definitely be a top-grade Lord Talent suitable for novices to set sail when he first arrived in the High Continent.

However, he had already established a kingdom. Wasn't this Lord Talent a little late?

"We can't judge so early."

"Let's test its effect first."

With a thought, Zhou Zhou used the Time Reincarnation Gate and a text notification appeared.

"Interesting."

Zhou Zhou clicked his tongue in wonder.

Then, he tried to reforge it.

Zhou Zhou looked at the changing Time Entry Option and raised his eyebrows slightly.

His gaze wavered between option one and three. In the end, he chose option one to give it a try.

There was no cooldown anyway.

After he chose the first option, a new text notification appeared as the 10 Legendary-Tier Mist Cores in his Spatial Ring disappeared.

[Reincarnation Sacred Palace Hint: Endless Years has been activated. Please choose the ratio of time flow you need.]

[One: 1:100 (100 days for one day in the real world). Using this time flow ratio requires 100 Legendary-Tier Mist Cores per day.]

[Two: 1:1,000 (1,000 days for one day in the real world). Using this time flow ratio, it will cost 1,000 Legendary-Tier Mist Cores a day.]

[Three: 1:10,000 (10,000 days for one day in the real world). Using this time flow ratio, it will cost 10,000 Legendary-Tier Mist Cores a day.]

Zhou Zhou chose option 3 without thinking. The rich had the right to be so wilful.

**Chapter 770: Time World! Saha Empire!**

The next second, an ancient Netherworld Gate appeared in the hall.

The Netherworld Gate was engraved with various planes, worlds, and universes. It recorded the stories of countless normal life forms, extraordinaries, heroes, and even God Spirits.

There were an endless amount of them. Ordinary people would easily fall into the charm of these mysterious and ancient stories.

However, this naturally did not affect Zhou Zhou.

However, he felt a slight pain in his soul just as he was about to take a closer look. Then, he felt that about 1% of his soul origin had been separated from his soul and thrown into the door.

BOOM!

The Gate of Time Reincarnation suddenly let out a low rumble. Then, with an ear-piercing friction, a small crack slowly opened.

At the same time, an image suddenly appeared in Zhou Zhou's mind.

...

A thousand years ago.

Humanity— Cang Huang Kingdom.

White Platinum-Tier Region Territory—Big Year City.

The human soldiers were fighting a small Scarlet Army faction.

The flames of war raged on the ground.

The sound of weapons clashing, the soldiers roaring, the sound of flesh being torn apart...

All kinds of voices sounded continuously.

Zhou Zhou stood on the city wall and saw this scene of war.

"Tsk."

"The descent was fast enough."

He was a little surprised. Then, he frowned when he saw the scene in front of him.

"But..."

"Even though I know that this is just something that happened in the past, I'm still a little unhappy to see this scene."

Then, he willed.

The next second, 30 grayish-white auras quickly surged out of his glabella and formed 30 humans more than two meters tall in front of him.

They wore grayish-white helmets and grayish-white armor. Some carried a grayish-white spear on their backs, some held huge swords, some carried bows, some held huge hammers, and some held golden maces. There were all kinds of weapons.

They exude an aura that seemed to come from the end of the world. It was terrifying.

They were his 30 Final Guard members!

"Go."

"Destroy these fog monsters."

Zhou Zhou ordered.

"Yes, my Lord!"

The Final Guard said respectfully.

Then, they turned into thirty streaks of grayish-white light and flew in all directions.

Zhou Zhou watched this scene calmly. He was not worried about their safety.

This was because each of them had the same strength as him and had also reached the Legendary-Tier Elementary Grade.

Moreover, as a Divine Kingdom soldier type, they were only at the Legendary-Tier Elementary Grade when facing any existence below the God Spirit realm, even if it was a pure-blooded dragon, they had an extremely high chance of winning in a one-on-one situation.

Even when facing Low-Tier Deity Level Elementary Grade God Spirits, with the foundation of the Divine Kingdom soldier types, especially the power of the instant death laws and the power of the Shattering laws, they were not afraid at all.

On the other hand, a Low-Tier Deity Level God Spirit might be afraid of them.

After all, if a Low-Tier Deity Level Elementary Grade God Spirit was unlucky and the Final Guard members triggered the instant death rule, they would die on the spot even if they were God Spirits!

The instant death Law Skill was so unreasonable.

If the nomological laws of shattering were triggered, their armor, weapons, and even their divine bodies might be shattered. This was an extremely painful loss for the God Spirits.

On the battlefield in front of him,

Zhou Zhou had also observed it.

This small Scarlet Army faction did not even have many Legendary-Tier fog monsters, let alone the Scarlet God Spirit.

Therefore, even if he did not make a move, the 30 Final Guard members beside him could easily take them down.

In fact, that was indeed the case.

When the 30 Final Guards began to show off their skills in Taisui City, the Scarlet Monster soldiers, who had been suppressing the human soldiers in Taisui City and were about to attack the city, were immediately forced to retreat.

The Final Guards were very smart.

They knew that they were outnumbered, so they focused on killing the Scarlet powerhouses in the small Scarlet Army.

As the scarlet experts were killed one by one, the small scarlet army was soon thrown into chaos. Then, they were forced to retreat by the defenders of Taisui City.

Two hours later, all the Scarlet Fog monsters in Taisui City either died on the battlefield or fled.

Grand Duke City was now completely safe.

The surviving soldiers and subjects all looked relieved that they had survived the calamity.

"We survived... We actually survived!"

"It's all thanks to those benefactors who attacked just now."

"That's right! Eh? Where's my benefactor?"

...

The soldiers and Subjects of Taisui City were just about to look for their benefactors when they suddenly realized that their benefactors had disappeared.

In the sky, in a fast-moving Galaxy.

Zhou Zhou was standing inside the Galaxy, looking at the map of the Blue Emperor Kingdom that he had found in the ruins.

"The closest human empire to the Cang Huang Kingdom is... the Saha Empire."

Zhou Zhou looked at the information on the map and muttered.

The Saha Empire!

One of the five great empires of the human race!

Other than the [Knight Empire] and [Divine Sword Empire] that Zhou Zhou knew about, there were also the [Great Xia Empire] and the [Heavenly Barbarian Empire]!

The Saha Empire was a religious country dominated by Buddhism.

It was said that Buddhism was prevalent in this human Empire. Even the cultivation path was a traditional Buddhist cultivation path.

Buddhist cultivators' exclusive realms were: Spirit Attraction, Foundation Establishment, Sarira, Buddha Heart, Out-of-body, Soul Splitting, Body Fusion, Tribulation Transcendence, Death, Vajra, Arhat, Bodhisattva, True Buddha, and Buddha.

Zhou Zhou was naturally not interested in these things.

The reason why he went to the Saha Empire was because he wanted to find a stable place to comprehend the Lord's Laws!

He did not intend to stay for any longer than

just for an hour in reality.

According to the time flow ratio of 1:10,000, an hour in reality was equivalent to 10,000 hours in the Time World, which was a total of 416 days!

With such a long time, he was completely confident that he could completely comprehend the incomplete Lord Talent behind the Hand of Wealth, a Black Iron-Tier Lord Talent!

The rest of the time could be used later. It wouldn't disappear anyway.

...

A moment later...

The Saha Empire.

Boundless Imperial City.

When Zhou Zhou arrived, he revealed his identity as a Legendary-Tier expert and was quickly received by the Buddhist cultivators.

After he explained his purpose for coming, the Buddhist cultivator in charge of entertaining him quickly arranged a special cultivation cave abode for him.

Zhou Zhou also gave the other party 200 Legendary-Tier Mist Cores as a fee for renting a cultivation cave abode.

"Benefactor, you can cultivate here quietly. I promise that no one will disturb your cultivation for the next two years."

When the monk saw the 200 Legendary-Tier Mist Cores, his eyes lit up and he took them with a smile.

Zhou Zhou nodded nonchalantly.

As a Time World, everything inside was an illusion.

Even the Galaxy he was on was simulated by the Time World.

Therefore, Zhou Zhou naturally did not mind spending 200 fake Legendary-Tier Mist Cores.
