Chapter 801: Exclamation And Curiosity

Zhou Zhou also swung his sword at the other party.

As this 9,000-kilometer-long sword aura slashed at the scarlet God Spirit, its body quickly shrank.

8000 miles, 6000 miles, 4000 miles... 900 miles!

After shrinking by a full 10 times, even though the size of the sword qi of the Myriad Sword Immortal Formation decreased greatly, the light became even more dazzling. It seemed to contain endless surging and surging nomological energy.

The two collided in the blink of an eye.

The world fell silent at first, as if someone had pressed the mute button.

Then...

Boom!!!

An earth-shattering roar sounded.

It was as if a black and red sun had appeared in the world.

The 'sun' kept distorting and expanding. In the blink of an eye, it filled the world, creating a scene that looked like the end of the world.

"Hurry!"

"Everyone, join forces to control this explosive energy within a certain range. Otherwise, our soldiers will be in danger!"

Haros' expression changed and he immediately said.

The others also reacted and hurriedly wanted to create a barrier to restrict the release of this collision.

However, in the next second, in the black-red distorted and expanding sun, the blazing golden Fire Sword Qi was actually quickly devouring the power of the black Gravity Law. Moreover, during the process of devouring, not only did it not leak any energy outside, but even the power from the Meteorite Sky Strike was firmly restrained by the Fire Sword Qi, facing the future of being quickly devoured.

"This..." When Haros and the other God Spirits saw this scene, they were instantly dumbfounded. Their expressions were filled with disbelief. "His Majesty's control over power has actually reached such a level?"

They naturally did not know.

Yesterday, after Zhou Zhou comprehended a Black Iron-Tier Law Skill in the Time World, he had been searching for experts to challenge in the Time World.

It was all for the sake of completely mastering his immense strength and ability!

He couldn't possibly not know what kind of enemy he was facing and what kind of moves he would use in battle, right?

Then, with the help of the Bodhi Supreme and his astonishing comprehension ability, he perfectly grasped the Lord Law Skill "King" in less than ten years. Moreover, he had integrated all his skills and Law Skills to the extent that he could use them freely during combat.

At this moment, Zhou Zhou's actual combat experience had increased by more than ten times!

...

In the sky, at this moment, Zhou Zhou had already dispersed the illusory Sword of Xuan Yuan in his hand. He looked at the scene of the High-Tier Deity-level Advance Grade scarlet God Spirit being slowly devoured by his enhanced version of the Myriad Sword Immortal Formation.

Soon, a text notification appeared.

[You have killed a High-Tier Deity, an Advance Grade Scarlet God Spirit. You have gained +800 billion promotion energy! Loots have been condensed!]

[Blessing of the War God: Your Subject Maris has obtained an additional 40 promotion energy points!]

[Faction Quests Hint: You and your subordinate have successfully killed a High-Tier Deity-level Scarlet God Spirit without the interference of external forces. You are rewarded with 100 million faction points!]

Zhou Zhou closed his eyes and felt the massive amount of promotion energy surging into his body, causing his cultivation realm to rise continuously.

A moment later...

BOOM!

Zhou Zhou only felt an even more powerful Chaotic Power Source being born from his heart. Then, it surged towards his limbs, bones, and soul, washing and strengthening them over and over again to quickly increase the strength of his body and soul.

After a while, he had just completely absorbed all the promotion energy contributed by this dead High-Tier Deity-level Advance Grade Scarlet God Spirit.

"Legendary-Tier Advance Grade."

"Moreover, the promotion energy in my body has already reached about 80%. If I kill another Mid-Tier Deity-level or even a lesser deity, I should be able to reach the limit of a Legendary-Tier Advance Grade."

Zhou Zhou lamented.

Then, he couldn't help but want to complain.

It was equivalent to obtaining the promotion energy to kill 81 High-Tier Deity-level Advance Scarlet God Spirits, which allowed him to advance from Legendary-level to Legendary-Tier Advance Grade.

This improvement was f*cking ridiculous!

Even though he had too many high-level bloodlines, which was a very important reason why he needed so much promotion energy, wasn't this too much?

If it were any other Normal Human Lord, they would probably be able to directly promote the other party from a Black Iron-Tier Lord to a Legendary-Tier Lord.

He shook his head and stopped thinking about it. Then, he casually took the corpse of the scarlet God Spirit and directly extracted the other party's Loots.

As a non-hero deity, the most valuable thing on the other party was probably the High-Tier Deity-level Advance Grade Book of The God Spirit. After extracting it, he directly obtained a True God-Tier Advance Grade Book of The God Spirit.

Zhou Zhou put it away solemnly.

This was the highest-grade Book of The God Spirit he had ever come into contact with.

In the future, he planned to reward whoever contributed the most.

As for the fact that he was a Lord who walked the path of the Lord's laws, he naturally did not need this Book of The God Spirit.

As for divine artifacts, the other party only had two Mid-Tier Deity-level divine artifacts on him. After extracting them, they became six High-Tier Deity-level divine artifacts. This was considered a good gain.

He turned around and realized that Haros, Chi Xuantian, and the others were looking at him in shock.

"Why are you looking at me?"

"Continue to eliminate the other scarlet God Spirits."

Zhou Zhou said.

Then, he was the first to board his exclusive Galaxy and fly to the next location where the scarlet God Spirits had yet to be cleaned up.

The gods were left speechless as they watched the Galaxy fly away.

"Haros, how strong do you think His Majesty is now?"

After a long silence, Ze Wu asked Haros.

"He", who had always been arrogant, actually became a little reserved after seeing Zhou Zhou's display of might.

"I don't know, but he must be better than me."

Haros smiled bitterly.

As soon as these words were spoken,

the other God Spirits of the Blazing Sun Kingdom looked at each other speechlessly.

They knew Haros' unyielding personality very well.

To be able to make "Him" say such convincing words, it could be seen that His Majesty had really convinced Haros.

"How long has it been..." Haros lamented.

The other God Spirits looked in the direction of the Galaxy, their eyes filled with yearning and reverence.

Just now, His Majesty had killed that High-Tier Deity-level Advance Grade Scarlet God Spirit in one move without using anything.

If His Majesty were to wear all the divine artifacts, how powerful would "He" be if "He" were to use "His" full strength?

The gods were very curious.

...

In the Galaxy.

Zhou Zhou sat on the main seat in the captain's room, reviewing the battle just now.

He wasn't too proud of his record of defeating a High-Tier Deity-level Advance Grade Scarlet God Spirit in one move.

"The reason why I was able to defeat a High-Tier Deity-level Advance Grade Scarlet God Spirit in one battle without using a divine artifact is most likely because of the Black Iron-Tier Law Skill 'King'."

"If I use the Sword Of New Dimension Creation again, I should have the combat strength of two casual strikes from a True God-Tier."

"Next, even if I comprehend the King's Lord Law Skill to a higher level, it will probably only increase the number of marked Subjects. I shouldn't be able to increase anything else."

"This increase in strength only allows me to have a few more casual attacks from a True God-Tier. It's not much of an increase." Zhou Zhou thought.

However, he had nothing to regret.

It was already very exaggerated for him to be able to do this as a Legendary-Tier Advance Grade.

He was quite easy to satisfy.

"Next, if I want to increase my strength by a large level, I should only be able to do so when I officially become a God Spirit."

"When I truly become a God Spirit."

"Only then will the high-grade bloodlines in my body reveal their true strength.

"At that time, my strength should undergo a qualitative change!"

The flames of ambition burned in Zhou Zhou's eyes.

A moment later...

Zhou Zhou arrived at the next scarlet God Spirit.

This was a Green Bronze-Tier territory. It looked ordinary and nothing special.

If not for the support of the two emperors and Wu Tu's intelligence, who would have thought that there would be a Mid-Tier Deity-level Intermediate Grade Scarlet God Spirit hidden in such a place?

Zhou Zhou didn't waste any time. He picked up the Sword Of New Dimension Creation and flew out of the spaceship.

The hunt was still ongoing!

Chapter 802: Nine-Headed Nightmare Formation!

Rumble...

Accompanied by a loud bang, a scarlet God Spirit with a black body and a single horn fell into a deep hole in the sword aura and quickly stopped breathing.

A text notification appeared in front of Zhou Zhou, who was high in the sky.

[You have killed the Mid-Tier Deity God Spirit — Qi Long, promotion energy + 40 billion! Condensation of Loots completed!]

[Blessing of the War God: You have obtained an additional 320 billion promotion energy points!]

[Faction Quests Hint: You and your subordinate have successfully killed a High-Tier Deity-level Scarlet God Spirit without the interference of external forces. You are rewarded with 100 million faction points!]

Zhou Zhou did not pay attention to these text notifications.

He closed his eyes and felt the promotion energy surging into his body. Then, he opened his eyes, and his eyes lit up.

"Legendary-Tier Advance Grade."

"Next, it's finally time to become a God."

Zhou Zhou muttered to himself before he fell into deep thought.

From today onwards, he did not have to care too much about the promotion energy. The most important thing was to focus on improving his comprehension of the Lord's Law Skill.

"I have to raise my Law Skill—King to the Extraordinary-Tier level before I can use it as my foundation to advance to become a Lord Law God Spirit."

"There's still a long way to go." Zhou Zhou thought.

However, he was not in a hurry.

His current combat strength was already high enough. As long as he did not face a True God-Tier head-on, God Spirits below the True God-Tier posed almost no threat to him.

He was not in a hurry to increase his realm and combat strength.

"Normally speaking."

"If a life form wants to become a God Spirit, Law Skills must be Low-Level Low-Level Deity Law Skills."

"And this Lord Law actually only requires Extraordinary-Tier Lord Law Skills to be used to advance to a Lord Law God Spirit."

"Tsk tsk, as expected of the strongest Lord Law."

Zhou Zhou sighed.

After that, he did not plan to continue killing the other scarlet God Spirits. Instead, he planned to return to the Galaxy and enter the Time World to continue comprehending the Lord's Law.

He did not want to waste any time.

But just as he was about to enter the Galaxy...

"Hehehe..."

A cold and arrogant laugh sounded.

Then, a scarlet light suddenly appeared in the sky. Right on the heels of that, this scarlet light suddenly shot out countless scarlet rays in all directions. In the blink of an eye, it enveloped everything within a 100,000-kilometer radius of Zhou Zhou and formed a scarlet light barrier.

A purple-black illusory creature with pitch-black wings and nine heads stood on the scarlet light barrier like a nine-headed Demon Horse.

Among the nine heads, there was a scarlet God Spirit emitting at least a Mid-Tier Deity-level aura standing on each head. It was either sneering, indifferent, mocking, or looking at Zhou Zhou curiously.

"Is this the famous King of the Blazing Sun? He doesn't look like much. Didn't he easily fall into the trap we set up without realizing it at all?"

"This Nine-Headed Nightmare Demon Array is a top-notch High-Tier Deity-level Advance Grade array given to me by His Majesty. Even a True God-Tier array is not much stronger than my array. It would be strange if a Lord of a myriad race who hasn't even reached the God Spirit Realm could discover it."

"Tsk tsk, a High-Tier Deity-level Advance Grade demonic array was actually used on a Lord of all races... That's true. This guy was the Strongest Lord of All Races last time. Who knows if he has any trump cards rewarded to him by the Human Race or the Supreme Will."

"That's right. Moreover, as a legendary creature, he can actually use some kind of secret technique to erupt with High-Tier Deity-level combat power. It's really unbelievable."

The nine powerful scarlet God Spirits discussed Zhou Zhou brazenly in their respective array eyes, not caring what Zhou Zhou thought at all.

Zhou Zhou looked at the nine scarlet God Spirits with a strange expression.

He could tell that these scarlet God Spirits were all the scarlet God Spirits who had besieged the Divine Sword Empire.

"They" were also very powerful. There were a total of six Mid-Tier Deity-levels and three High-Tier Deity-levels.

However, if he used the Sword Of New Dimension Creation, "They" would still not be enough for him to kill.

Wouldn't these guys inquire about his information before finding trouble with him?

Or did they have other trump cards?

He looked at them and suddenly asked, "Where are your Low-Level God Spirits?"

"Hmm?"

The scarlet God Spirits looked at him in surprise, as if they did not expect this human Lord to still be in the mood to care about such a question under such circumstances.

"Go to the God of Death and ask such a question."

There was a High-Tier Deity-level Advance Grade Scarlet God Spirit in the middle of the nine heads. The God Spirit on him was the most powerful. It was obvious that he was the temporary Boss of these Scarlet God Spirits. At this moment, he looked at him coldly, as if he was looking at a dead person.

They would not make the stupid mistake of the villain dying from talking too much.

"Open the Nightmare Divine World and summon the Demon God!"

"He" continued.

As soon as he finished speaking, the expressions of the other eight scarlet God Spirits immediately turned solemn.

They performed hand seals and chanted something. Then, they saw streams of blurry nine-colored light shining from their bodies. Then, these nine-colored lights rose and fused into the Nine-Headed Nightmare Realm Demon Formation. Soon, it covered the entire space of the formation, turning it into a dreamy and evil Fallen space in the blink of an eye.

Right on the heels of that, wisps of blurry nine-colored light gathered from the array eyes of the nine scarlet God Spirits, forming a purple-black nightmare that was ten thousand kilometers tall.

"He" exuded a terrifying aura at the True God-Tier level from head to toe. His deep purple-black eyes seemed to reflect a myriad of dreamy Fallen Worlds. At that moment, "He" was looking at Zhou Zhou calmly.

Zhou Zhou also looked at him.

He was slightly surprised.

This group of scarlet God Spirits had really come prepared.

He could sense that this Nine-Headed Demon God had the power of an Elementary Grade True God-Tier. Although it seemed to be alone, it was enough to pose a threat to him.

"Lord Demon God, please kill him!"

The Boss-level scarlet God Spirit's respectful voice sounded between heaven and earth.

Puff!

The Nine-Headed Demon God snorted and spewed out a ball of purple mist. There were many illusionary Fallen Dream Realms floating in the mist, showing the various Fallen Realms.

Following that, "He" let out a crisp nasal sound at Zhou Zhou.

Buzz—

The space of the array was shaken by this nasal sound and became slightly unstable. The expressions of the nine scarlet God Spirits changed, and they hurriedly increased the output of their divine power to barely suppress the array and stabilize it.

Zhou Zhou, who was facing the Nine-Headed Demon God phantom's Law Skill, felt the scene in front of him change. Then, he appeared in a house that was about sixty to seventy square meters.

Zhou Zhou looked at the house blankly.

The house was cleaner and the items were neater. It looked ordinary, but it gave him a warm feeling.

This is... my rented apartment on Earth?

This thought appeared in his mind.

Chapter 803: True God-Tier Advance Grade Bloodline—Nine-Headed Nightmare Demon God Bloodline!

At this moment...

His phone rang. It was a call from "Baby".

"Hubby, are you picking me up from work tonight?" The voice on the other end of the line sounded coquettish.

"Of course." Zhou Zhou smiled subconsciously. Then, he washed up and put on his clothes. He planned to take the bus to his girlfriend's office to pick her up.

However, he looked at the small yellow car by the street and suddenly had an idea while waiting for the bus. He felt that he had not taken a small yellow car for a long time, so he swept a small yellow car and rode it to the place where his girlfriend got off work.

"It's so cooling."

Zhou Zhou sighed as he rode his bike.

Soon, he arrived at his girlfriend's workplace. When his girlfriend walked out of the office, he smiled and walked over. He took her hand and they chatted as they walked towards the bus stop.

Along the way...

Drops of tears fell from his eyes.

"Honey, what's wrong?"

His girlfriend noticed Zhou Zhou's abnormality and immediately became anxious.

"It's okay."

Zhou Zhou touched her face and focused his gaze on her face. He could not bear to look away for a second. He said, "I just miss you a little."

"I missed you too."

His girlfriend immediately smiled.

"Wait for me."

"I'll come back and see you later."

Zhou Zhou touched her face.

The first time he transmigrated to Cerulean Planet without Extraordinary-Tier power, he felt that he would probably never see his girlfriend again. He only hoped that his sudden departure would not make her too sad and delay her for too long.

When he transmigrated to the high continent for the second time after spending more than 20 years alone on the Cerulean Planet, he felt that the hope of seeing the other party again was very slim. He even felt that after so many years, the other party might already be with someone else and had grandchildren, so he completely gave up on the idea of seeing the other party again.

This was also one of the reasons why he could accept Li Ya later.

But now, he suddenly had a new idea.

He might really have a chance to return to Earth in the future.

At that time, he would be able to reunite with his family, lover, and friends.

At this moment...

The bus arrived.

The girlfriend got on the bus and turned to look at Zhou Zhou. She was surprised to find that Zhou Zhou did not get on.

"Hubby, come up quickly. The car is leaving soon."

"I'll be up in a minute."

After Zhou Zhou finished speaking, he immediately activated his "King" ability and instantly raised his strength to the level of a True God-Tier.

At the same time, his Chaos Will had also been raised to this level.

The next second, he saw the world shatter. The roads, tall buildings, buses, pedestrians, and even his girlfriend turned into light spots and disappeared.

The massive purple-black body of the Nine-Headed Nightmare Demon God appeared in front of him.

"You saw through my nightmare art?"

The Nine-Headed Demon God's voice boomed.

"He" looked at Zhou Zhou in surprise, as if "He" did not expect this tiny Lord of all races to be able to crack "His" ability.

One had to know that as a True God-Tier, even if "His" current state was just a trace of divine consciousness, logically speaking, it was not something that a High-Tier Deity-level Advance Grade God Spirit could withstand.

"He" looked at Zhou Zhou and quickly discovered something.

"Chaos Human bloodline, Light Sacred Dragon Bloodline, Original Spirit Race bloodline..."

"There's also a Lord-type Law Skill!?"

"I see."

"I'm not surprised."

"You're destined to dance on a bigger stage, so how could you fall in the hands of my divine sense?"

The Demon God looked at him in surprise.

As a True God-Tier, due to the uniqueness of the nomological path "He" took, "He" knew more secrets about the myriad worlds and even higher rules than ordinary True God-Tier.

Therefore, "He" also knew of the existence of the Lord's laws.

Even though "He" only knew a little, it didn't prevent "He" from knowing how powerful the Lord's laws were and how difficult it was to grasp them.

Therefore, "He" treated Zhou Zhou differently.

"I can only use my divine will once. Now that I've done it, I'll leave the rest to you."

"Little friend of the human race, how about becoming friends?"

The Nine-Headed Demon God smiled.

Zhou Zhou looked at the other party and could feel that he did not have any ill intentions.

Therefore, he naturally nodded without hesitation.

"It's my honor!"

"Haha, then take this as a gift for you."

After "He" finished speaking, "He" saw a purple-black heart emitting a blurry nine-colored fog appear out of thin air in front of Zhou Zhou.

Zhou Zhou looked over and his eyebrows twitched.

[Bloodline Name: Nine-Headed Demon God Bloodline]

[Bloodline Level: True God-Tier Advance Grade]

[Bloodline Effect: After absorbing it, the user will receive the bloodline of the Demon God of the Nine-Headed Nightmare Realm. After fusing with the bloodline, the user will gradually awaken the bloodline ability of the Demon God as they grow.]

"True God-Tier Advance Grade bloodline!"

Zhou Zhou clicked his tongue.

This was already comparable to the Original Spirit Race bloodline he had obtained back then.

As expected of a True God-Tier existence!

He gave such a precious gift as soon as he arrived!

"How is it?"

The Nine-Headed Demon God smiled and asked, "I knew you had the Chaos Human bloodline, so I knew you needed this the most."

"You know about the Chaos Humans?"

Zhou Zhou asked curiously.

"Relying on my ability, I've heard of some of this Race."

"It's said that it was a very ancient race. It was so ancient that the Supreme Will and the Crimson Overlord had yet to clash. However, I don't know more. After all, not many living beings from that era could survive until now. There were many descendants. For example, the Chaos Gods Race was the descendant of the Chaos Beast that fought with the Chaos Humans for the territory of Survival."

The Nine-Headed Demon God said.

Zhou Zhou nodded.

He was already very satisfied to know this.

It would be great if there were legacies similar to common sense or secrets in the Chaos Human bloodline heritage.

He did not need to know so little about the Chaos Humans like he did now.

The Nine-Headed Demon God didn't say anything else and left.

After he left, the space inside the Nine-Headed Nightmare Formation quickly became clear again, revealing the nine scarlet God Spirits whose auras had been greatly reduced.

"Why aren't you dead yet?!"

When "They" saw the unscathed Zhou Zhou appear from the array, "They"'s expression changed drastically.

"Don't you know?"

"The Nine-Headed Demon God is actually my senior!"

Zhou Zhou grinned.

"What?!"

The nine scarlet God Spirits were stunned.

However, Zhou Zhou did not give them a chance to be stunned.

He first used the Heaven Sealing Void Life Concealing Technique to seal the space within a radius of 50,000 kilometers. Then, he raised his right hand and the Sword Of New Dimension Creation appeared.

At this moment, a powerful might belonging to the True God-Tier Divine Artifacts erupted from its body.

The expressions of the nine scarlet God Spirits immediately changed.

"True God-Tier Divine Artifacts!?"

The leader of the scarlet God Spirits finally lost his cool and screamed.

"That's right."

Zhou Zhou grinned and charged forward with his sword.

...

A moment later...

With the help of the Mysterious Merchant, Zhou Zhou walked out of the enchantment formed by the sealing technique.

He looked at the corpses of the nine scarlet God Spirits neatly placed in the King's Treasure Box and smiled.

Then, he looked at the notification that had just appeared.

...

You have killed a High-Tier Deity Intermediate Grade Scarlet God Spirit—Stranger. Promotion energy +400 billion! Loots condensed...

...

[System announcement! Faction Quests: God-slaying has been completed!]

...

Zhou Zhou smiled and shook his head at the end.

He originally wanted to let his subordinates deal with these scarlet God Spirits as food for them to increase their strength.

He did not expect these guys to bump into him on their own. All their promotion energy had fallen into his pocket, and he had completed the God-Slaying Quests.

He did not mind. After all, there were not many other things in the high continent. There were too many fog monsters to count. Bai Yun and the others would not lack energy for advancement.

Then, he calculated the points obtained from killing the nine scarlet God Spirits and realized that he had obtained a total of 660 million faction points!

In addition, during the previous operation, he had killed two Scarlet God Spirits alone and obtained 170 million points.

Also, before he came to the Divine Sword Empire, Haros, Chi Xuantian, and the other God Spirits had helped him kill the two scarlet God Spirits and obtained 60 million faction points.

Today, he had obtained a total of 890 million faction points!

Zhou Zhou could not help but take a deep breath.

This was a total of 890 million faction points!

Not to mention the Lords of the Normal races.

Even for the top Lords of the ten thousand races, it was an unimaginable number of faction points.

His heart skipped a beat. He opened the rankings and looked at the current rankings.

[Myriad Races Lord faction points ranking]

[First place: Human—Lord of The Blazing Sun—1,269,000,000 faction points!]

[Second place: Original Spirit Race—True Lord—810,000,000 faction points!]

Third place: Shepherds God Race—Heaven Chasing Lord—412 million faction points!

[Fourth place: Chaos Gods Race—Great One Lord—390 million faction points!]

[Fifth place: Myriad Spirit Race—Spiritual Venerable Lord—123 million 9,000 faction points!]

"As expected, he has reached the top."

A smile appeared on Zhou Zhou's face.

With more than 800 million faction points, it would be strange if he did not reach the top.

"In seven days, he reached the top of the Lord faction points ranking."

"It's much faster than I thought."

Zhou Zhou lamented.

He did not expect himself to reach the top so quickly.

Who asked him to increase his strength so quickly?

However, he did not have any arrogant thoughts at this moment.

This was because the lead was only temporary.

Until the end of the event, the champion of this King of Ten Thousand Kings event would forever be unknown.

Zhou Zhou was very clear-headed.

Then, he opened the World Channel and took a look.

Not surprisingly since any change on the faction points ranking of the Lords of all races that received a lot of attention, could immediately attract the attention of countless humans on the Cerulean Planet.

Not to mention the change in King of the Blazing Sun's ranking as the representative of the human race on Cerulean Planet.

[Dragon Blood Kingdom-Dragon Lady Lord: Congratulations to Your Majesty for obtaining the top spot in the rankings!!]

[Military Industry Kingdom-Military Industry Lord: Congratulations to Your Majesty for obtaining the top spot in the rankings!!!]

[Mystic Heaven Kingdom- Mystic Heaven Lord: Congratulations to Your Majesty for obtaining the top spot in the rankings!!]

[Undead Kingdom- Undead Lord: Congratulations to Your Majesty for obtaining the top spot in the rankings!!!]

[...]

[I'm shocked! I thought that King of the Blazing Sun might be able to reach the top of the rankings this time, but isn't this too fast? It hasn't even been a third of the time since the event!]

[Brother Jiaoyang, you can do it. There are still twenty-three days left. You have to stabilize your position in the remaining time!]

[That's right. The champion of the previous event was His Majesty Jiaoyang. This time, we must win as well!]

[Isn't this too much of a wind howl around the highest peaks?]

[Only the weak keep a low profile. The strong do things in a high-profile manner!]

[Your Majesty is awesome! Your Majesty, you're my fan. No, I'm your fan!]

...

When Zhou Zhou saw these conversations, a smile appeared on his face.

Then, he opened other channels.

In the Kingdom Channel, the Knight Empire Camp Channel, the Divine Sword Empire World Channel, and the Elven Empire World Channel, the Lords of countless races were also discussing the matter of the Lord of The Blazing Sun reaching the top of the rankings.

He looked at it for a long time and satisfied his vanity before turning it off.

Then, he began to think about the future.

"Currently, the only faction points that the Divine Sword Empire can still earn are those fog monsters scattered throughout the Divine Sword Empire's territory."

"According to the information Uncle Lu gave me, their numbers add up to about 1.45 billion. Their average strength is also quite high."

"But it sounds strong."

"However, without the support of the Scarlet God Spirits, these fog monsters are no longer a concern. With the help of Chi Xuantian, Guo Qiao, Haros, and the others, and the fact that the Galaxy can quickly rush to the place where the fog monsters are gathered, I should be able to eliminate them today."

"This way, I can complete the Divine Sword Empire's 'Save the Divine Sword Empire' Faction Quests."

"After."

"We can ask Uncle Lu and Uncle Ji to see if the other three Human Empires need help. This way, we might be able to obtain similar Faction Quests."

"With my current military strength, if the situation of the other three human empires is similar, I should be able to resolve it. This way, I can obtain a large number of faction points."

"Other than that, I have to find those 'existences' that the Supreme Will hates."

"If I kill them, I can also obtain a lot of faction points."

As for how the other faction points would be used, Zhou Zhou had not thought of it yet.

However, these two channels were enough for him to eat for a while.

At this moment...

Another Galaxy flew over from afar.

Then, Bai Yun, Chi Xuantian, Feng Luo, Wu Xin, and the other God Spirits flew down from the spaceship and arrived in front of Zhou Zhou.

[Global Lord: 100% Drop Rate](#)

Chapter 805

"Greetings, Your Majesty!"

The Deities said respectfully.

Zhou Zhou nodded casually.

Haros looked around and realized that there were no scarlet God Spirits. Furthermore, this place was filled with large-scale traces of the battle. He smiled and said,

"Looks like we're a step too late. The Mid-Tier Deity-level Intermediate God Spirit named Qi Long has already been dealt with by His Majesty."

The other God Spirits nodded and looked at Zhou Zhou in admiration.

"Your Majesty, let's set off to where the next Scarlet God Spirit is." Wu Xin smiled.

"He" had just become a God Spirit and had yet to fight with other God Spirits. Even though "He" was old, "He" still wanted to find a scarlet God Spirit with similar strength to try.

"Keep the change."

"I've dealt with the six Mid-Tier Deity-level and three High-Tier Deity-level scarlet God Spirits around the Divine Sword Empire."

"As for the remaining low-level scarlet God Spirits, they have already left the vicinity of the Divine Sword Empire."

Zhou Zhou shook his head.

Just now, when he was dealing with those scarlet God Spirits, he had specially left behind the last scarlet God Spirit to interrogate them about their situation. Hence, he obtained this information.

Reality had to be real. In front of his Lord Talent, no one could lie to him, not even a God Spirit.

He felt that it was a pity.

If those Low-Tier Deity Level God Spirits did not leave, he would be able to obtain another sum of faction points.

However, there was no choice.

According to the scarlet God Spirit, there could not be too many scarlet God Spirits gathered in one area, or it would be a waste of energy. When those lesser God Spirits saw so many high-level scarlet God Spirits gathered, they could only leave the Divine Sword Empire for other areas.

Bai Yun and the other God Spirits were stunned.

'All taken care of?'

They knew that His Majesty would definitely not lie to them, and there was no need to lie to them. However, it was precisely because of this that they found it even more unbelievable.

"How long has it been..."

While they were on their way, His Majesty had actually killed so many scarlet God Spirits.

Ridiculous!

All the Gods had the same thought.

In the crowd.

Haros looked at Zhou Zhou.

His Majesty should have strength comparable to a True God-Tier.

"He" thought to himself.

Even though this conclusion was a little unbelievable, it was the truth.

Only a True God-Tier could deal with so many Mid-Tier Deity-level scarlet God Spirits and High-Tier Deity-level scarlet God Spirits in such a short time after all.

"Haros, Ze Wu, Bai Yun, Wu Xin."

"The four of you will stay behind and be in charge of protecting the soldiers and continuing to clean up the fog monsters around the Divine Sword Empire's territory."

"The other God Spirits come with me to deal with 'Galos', 'Castro', 'Ingiga', and 'Temir'. These four existences are hated by the Supreme Resistance."

Zhou Zhou ordered in a low voice.

There were not many threats around the Divine Sword Empire, so he naturally could not waste his precious God Spirit power here.

Garlos and Castro were the targets that Wu Tu had scouted out previously, while Ingika and Temir were the specific locations that Wu Tu had just found today.

There was still a lot of time today. With the Galaxy around, he could solve all of them.

"Yes, Your Majesty!"

The Gods said.

Zhou Zhou acknowledged.

Then, everyone split into two teams. One team boarded the Galaxy and headed to where the Blazing Sun Kingdom's soldiers were, while the other team was led by Zhou Zhou to board the Galaxy and head to the low-Tier Deity Level Elementary Grade Scarlet God Spirit—the Advance Kingdom of the human race where Gallos was currently located—the Tianze Kingdom.

...

In the spaceship.

In the captain's room.

Zhou Zhou sat in the captain's seat and was examining the corpses of the nine scarlet God Spirits in his King's Treasure Box.

With a thought, he directly extracted the Loots from the corpses of the nine scarlet God Spirits.

Whoosh.

In the blink of an eye.

The corpses of the nine scarlet God Spirits turned into a large number of spoils of war, even piling up into nine small hills.

When Zhou Zhou saw this, he scanned it carefully with his consciousness. Soon, surprise appeared in his eyes.

This was because these nine scarlet God Spirits had not only provided him with a large number of divine artifacts, God-Tier materials, God-Tier Potions, Law Skills, God-Tier secret techniques, and God-Tier inheritances.

Most importantly...

Among them, he discovered six True God-Tier artifacts!

These six True God-Tier artifacts were all provided by the most powerful High-Tier Deity-level Advance Grade God Spirit, the Garin Emperor.

They were a low-level High-Tier Deity-level Nether Radiant Emperor Armor and a High-Tier Advance Grade array treasure, the Nine-Headed Nightmare Realm Demon God Statue!

After they were strengthened by the King of Loots, they became three low-level True God-Tier Eternal Fallen Styx Divine Armor and a True God Advance Grade array treasure, the Nine-Headed Nightmare Realm Demon God's Heart!

"I've struck it rich!"

"I actually obtained six True God-Tier treasures directly!"

"Including the three Sword Of New Dimension Creations in my hands, I now have a total of nine True God-Tier treasures!"

Zhou Zhou was extremely excited.

Then, he immediately looked at the specific information of these two True God-Tier treasures.

The first was the Eternal Fallen Styx Divine Armor.

The Eternal Fallen Styx Divine Armor was grayish-white in color and was engraved with complicated nomological patterns.

At first glance, there seemed to be a boundless world inside. In this world, densely packed souls rushed towards an Eternal Fallen Styx Divine Armor with fear on their faces. They were like moths to a flame, looking mysterious and strange.

[Divine artifact Name: Eternal Fallen Styx Divine Armor]

[Divine artifact Grade: True God-Tier Elementary Grade]

[Divine Artifact Law One - Summonerial of the Eternal Fallen Styx Divine Armor: The Eternal Fallen Styx Divine Armor is forged from the water of the Eternal River.

After absorbing a certain number of souls, the Eternal Fallen Styx Divine Armor and the demiplane in "His" body could advance to a higher level.]

[Divine Artifact Law Two - External Indestruction: The Eternal Fallen Styx Divine Armor is a creation of the Netherworld's Resistance. As long as the Netherworld is not destroyed, the Eternal Fallen Styx Divine Armor will not be destroyed.

Attacks from the outside world that were below the True God-Tier Elementary Grade would automatically absorb at least 90% of the attack power when they landed on the Eternal Fallen Styx Divine Armor and transfer it to the Eternal Nether River. Only 10% of the attack power would be defended by the wearer.

When facing attacks of lower-level True God-Tier and above, the Eternal Fallen Styx Divine Armor also had a certain attack weakening ability.]

[Divine Artifact Law Three- Eternal Fall Soul: Eternal Fallen Styx Divine Armor is the nemesis of all souls during the Eternal Fallen Styx Divine Armor. It is immune to soul attacks from True Gods below the Elementary Grade. The Eternal Fallen Styx Divine Armor also has an extremely high attack weakening ability;

Any soul that is exposed will be extremely afraid of the owner of the Eternal Fallen Styx Divine Armor and will fall into it uncontrollably.]

[Prompt: It can be bound to the soul.]

"What a terrifying True God-Tier armor!"

Just by looking at these descriptions, Zhou Zhou felt that the Eternal Fallen Styx Divine Armor was a little terrifying.

However, he still put one on himself without thinking and put the remaining two into the King's Treasure Box.

He looked at the Eternal Fallen Styx Divine Armor on his body and smiled.

It had to be said

that wearing True God-Tier armor made him feel very safe.

At the thought of this, he even felt that this armor was a little cute.

Then, he looked at another treasure.

[Divine artifact Name: Nine-Headed Nightmare Realm Demon God's Heart]

[Divine artifact Grade: True God-Tier Advance Grade]

[Divine Artifact Law - Summon the Nine-Headed Nightmare Demon God: Summon the Nine-Headed Nightmare Demon God to descend, and ask him to grant himself a reasonable wish within the scope of the highest rules.]

[Prompt: It can be bound to the soul.]

Zhou Zhou was stunned.

His first thought was:

The introduction of a True God-Tier Advance Grade divine artifact was actually so short?

And when he saw what it could do, he gasped.

A True God-Tier Advance Grade Nine-Headed Nightmare Demon God had agreed to his request?

Even if it was just a reasonable wish that was within the scope of the supreme rules, it was still priceless!

"I've found a treasure!"

Zhou Zhou looked at the other two Nine-Headed Nightmare Realm Demon God's Hearts and smiled foolishly.

That was a total of three wishes!

[Global Lord: 100% Drop Rate](#)

Chapter 806: Incite Defection!

After laughing foolishly, Zhou Zhou gradually calmed down.

He looked at the Nine-Headed Nightmare Realm Demon God's Heart and realized that this wish was not omnipotent.

The phrase [reasonable and within the scope of the Supreme Rules] was the main point.

Zhou Zhou was deep in thought.

According to his understanding, the [reasonable and within the scope of the Supreme Rules]. It was estimated that the first was that he could not violate the Supreme Rules.

For example, he asked the Demon God of the Nine-Headed Nightmare Realm to give him a Divine Kingdom.

The Supreme Rule definitely wouldn't be willing for him to destroy the Lord of All Races competition like this. He probably wouldn't fulfill this wish.

Another example was Zhou Zhou asking the Nine-Headed Demon God to commit suicide so that he could retrieve "He"'s spoils of war.

The Nine-Headed Nightmare Demon God would never agree to such a plan.

He might even feel that he had offended this Demon God and might even kill him.

The divine artifact didn't mention that the Demon God he summoned was the same Demon God he knew.

Even if he summoned it, it should only be an equal relationship. It was just that the other party had to help him fulfill a wish.

He thought for a moment, opened his personal terminal, and sent a message to Ji Yun and Lu Zhen to ask about their situation.

The other party did not reply.

Zhou Zhou was not in a hurry and waited slowly.

...

The Tianze Kingdom was about 1.6 billion kilometers away from the Blazing Sun Kingdom. Zhou Zhou and company first used the teleportation array to return to the Blazing Sun Kingdom before piloting the Galaxy. In less than two minutes, they arrived at the Tianze Kingdom.

At this moment, this Low-Tier Deity Level Elementary Grade Scarlet God Spirit was following an Empire-level Scarlet Army and besieging the capital city of the Tianze Kingdom.

At this moment, in the capital of the Tianze Kingdom.

The city wall shattered and blood flowed. The capital city was in danger.

Garlos was a scarlet God Spirit transformed from a fallen angel with six pairs of pitch-black wings that was more than twenty meters tall.

At this moment, "He" was following the other scarlet God Spirits to attack the capital of this high-level human kingdom, hoping to break through the kingdom's capital's protective array.

It had to be said that the Tianze Kingdom was an Advance Kingdom, so it still had some foundation.

The Empire-level Scarlet Army had a total of six Scarlet God Spirits on their side, and there was even a High-Tier Deity-level Scarlet God Spirit among them. However, they were actually unable to do anything to the Kingdom Protection Formation for a while.

However, from the few long cracks that could be vaguely seen above the array,

It was only a matter of time before they broke through the Country Protecting Formation.

...

In the interlayer of space.

In the Galaxy.

Zhou Zhou and the others were watching the battle through the virtual external screen.

"In a short half a month, at most three months, this Kingdom Protection Array will probably be broken."

Ze Wu said lazily.

"Even though this Empire-level Scarlet Army is said to be Empire-level, there are no Empire-level soldier types among them," Haros said. "This is also the reason why the Tianze Kingdom can last until now."

"If these fog monster soldiers of more than 250 million Empire-level armies are all Empire-level soldier types, even if the Tianze Kingdom is an Advance Kingdom with a deep foundation and many trump cards, it would have been destroyed long ago."

The other God Spirits nodded solemnly.

Empire-level soldier types were all geniuses who could fight above their level in the modern world.

Even though it could not be as exaggerated as Nezario in the early days when he could fight someone two levels higher.

However, it was still easy to defeat an enemy one level higher.

"I'll activate Incite Defection later and instigate some of the other party's fog monster soldiers, then cause a civil war."

"You guys take advantage of the chaos to kill the scarlet God Spirit among them."

Zhou Zhou said.

"Yes, Your Majesty!"

The Gods spoke in unison.

Zhou Zhou acknowledged.

Even though it was a little dangerous to charge at an Empire-level Scarlet Army, after all, even if there were many ants, they could bite an elephant to death. Moreover, they were not weak ants.

However, not to mention the powerful strength of the Incite Defection and "them", just the fact that "They" had a True God-Tier combat power like him behind them meant that they did not have to worry about "Their" safety.

After that, Zhou Zhou and the God Spirits flew out of the Galaxy one after another. Then, Ze Wu, Feng Luo, Guo Qiao, Luo Yuan (Tri-Talent Sword Immortal), and Wu Xin were the first to charge towards these scarlet God Spirits with sinister smiles.

Haros, Chi Xuantian, and Vicky did not move.

The three of them stood side by side and attacked almost at the same time.

A fiery red flame that was incomparably scorching like a meteor, a scarlet gold sword qi that was swift and fierce to the point it seemed to be able to split the heavens and split the earth, and an ice spear that was piercingly cold to the bone and seemed to be able to freeze the ground...

They shot out in unison, emitting intense Law Skill fluctuations. In the blink of an eye, they approached this Empire-level Scarlet Army.

"Enemy attack!!!"

The High-Tier Deity-level Intermediate Grade Scarlet God Spirit Legion Commander who led the Empire-level Scarlet Army discovered the three Law Skill attacks that came from the Pounce.

In particular, two of the attacks emitted a power that was comparable to "His" full-strength strike, making "He" feel even more terrified.

This meant that there were at least two enemies that were not much weaker than "Him" nearby!

There was no time to think.

"He" immediately used Law Skills to defend with the other scarlet God Spirits.

Their reactions were also extremely fast.

Under the combined Defense, the combined attack power of the three gods was really mostly negated.

The remaining attacks only killed or injured more than a thousand Scarlet Fog monsters.

But that didn't matter.

Because...

The conditions for Incite Defection had been met!

Zhou Zhou raised his right hand and calmly activated Incite Defection.

The next second,

an invisible fluctuation instantly covered the 230 million Scarlet Fog monsters.

A text notification appeared.

[Prompt: You have activated your Lord's exclusive talent, Incite Defection!]

[Incite Defection has taken effect!]

[Lord Talent Notification: There are a total of 19,005,412 Black Iron-Tier fog monsters, 15,606,790 Green Bronze-Tier fog monsters, 13,669,988 White Silver-Tier fog monsters, 10,107,540 Yellow Gold-Tier fog monsters, 6,148,571 White Platinum-Tier fog monsters, 2,017,500 Diamond-Tier fog monsters, 501,850 Extraordinary-Tier fog monsters, 201,512 Epic-Tier fog monsters, 246 Legendary-Tier fog monsters have betrayed their lord's faction and become your loyal subordinates!]

"67,243,659 fog monsters have been incited by Incite Defection."

"Not bad."

Zhou Zhou nodded.

Even though this number was far inferior to the soldiers produced by the Monster Ranches every day, the Monster Ranch only produced new recruits.

These were all veterans who had a certain level of strength and could directly go to the battlefield, so there was no more important difference between the two.

"Disrupt their formation."

"The bigger the chaos, the better!"

Zhou Zhou silently ordered in his heart.

The next second, the Scarlet Fog soldiers who had been incited by Incite Defection turned around and brandished their weapons at their former comrades with a sinister smile.

Some of the military formations that could only be activated with the support of the soldiers completely collapsed because of the internal strife.

Under the confused gazes of the humans of the Tianze Kingdom, the enemy they had been dealing with so bitterly just now had inexplicably started beating themselves up?

When the scarlet God Spirits heaved a sigh of relief after successfully resisting the attacks of Haros and the other God Spirits, they turned around and saw this scene that made their eyes widen.

[Global Lord: 100% Drop Rate](#)

Chapter 807: Four Symbols Demon Imprisoning Arrow Realm! Incite Defection!

"Dammit! What's going on!?"

The Empire-level Legion Commander roared.

Garlos also looked at this scene in bewilderment.

At this moment...

"They" noticed the gods of the Blazing Sun Kingdom flying down from the sky with astonishing killing intent. The Legion Commander of the Scarlet Legion was immediately shocked and wanted to gather the soldiers to form a military formation to counterattack.

Since "They" were backed by an entire Empire-level Scarlet Army,

unless an enemy True God-Tier or an even stronger existence, if only a few Normal God Spirits dared to barge into the army alone, they would basically not pose any threat to the army. They might even be able to permanently keep the enemy God Spirits who dared to barge in with the help of the army soldiers.

However, even though "His" idea was good, at this moment, the entire Empire-level Scarlet Army had already been completely thrown into chaos by a quarter of the Incite Defection soldiers. Even if some soldiers wanted to form a military formation, they were powerless.

Hence, they could only watch as Bai Yun, Wu Xin, Feng Luo, and the others charged into "His" army without restraint, killing all the enemies that stood in their way. Then, they ran straight for Gallos.

Garlos was shocked when he saw this scene. Then, without any time to think about why these God Spirits were targeting him, he turned around and flew in the opposite direction.

"You want to run?!"

As Bai Yun flew with all her might, she took out the bow and arrow from her back and drew the bow.

Bang!

The arrow string was like a full moon!

Four divine arrows that were emitting crimson, yellowish-brown, jade-blue, and sky-blue radiance hung on Bai Yun's divine artifact bow.

"Go!"

Roar! Roar! Roar! Roar!

The four divine arrows were like four divine dragons, each emitting the intense power of the four Laws of Earth, Water, Wind, and Fire. In the blink of an eye, they rushed to the four directions of Gallos.

Then, they each emitted a dazzling four-colored light. The light intertwined and actually formed a four-colored spirit formation.

Battle Formation Law Skill— Four Symbols Demon Imprisoning Arrow Realm!

Garlos looked at the Four Symbols Demon Imprisoning Arrow Realm that surrounded him in shock and anger. "He" took out his huge saber weapons and slashed at the Four Symbols Demon Imprisoning Arrow Realm. However, the Four Symbols Demon Imprisoning Arrow Realm did not seem to waver at all.

"Ahhh!!"

Garlos roared at the sky, and his body actually emitted a faint blood-colored light spot. Right on the heels of that, "His" aura increased rapidly.

Low-Tier Deity Level Intermediate Grade... Low-Tier Deity Level Advance Grade... Mid-Tier Deity-level Elementary Grade!

It wasn't until "He" reached this realm that "He"'s aura stopped rising. Then, "He" didn't dare to waste any time and slashed at the Four Symbols Demon-Imprisoning Arrow World again.

However, "He" found it unbelievable.

His full-strength attack at the Mid-Tier Deity-level Elementary Grade couldn't even break through the barrier released by this Low-Tier Deity Level Elementary Grade God Spirit. Not even a crack appeared on the barrier...

Garlos began to doubt his life.

Did I really become a Mid-Tier Deity-level Elementary Grade?

At the same time,

Bai Yun, who had rushed over, had a calm expression.

"Her" Four Symbols Demon Imprisoning Arrow Realm looked simple, but it was actually a fusion Law Skill that she had created by combining the laws of archery and the laws of military formations!

This Four Symbols Demon Imprisoning Arrow Realm seemed to have been created by "Her" power.

However, it was actually created by "Her" using 1% of the strength of the entire Blazing Sun Army.

Currently, the total number of soldiers in the Blazing Sun Army has already exceeded two billion. It was undoubtedly the Blazing Sun Kingdom's number one army!

With such a large number of Blazing Sun Army soldiers, in addition to Chi Xuantian, Haros, and other existences with High-Tier Deity-level combat power, they were also members of the Blazing Sun Army.

The 1% of power that Bai Yun could borrow could only be described as vast and terrifying!

Using so much borrowed power to create the Four Symbols Demon Binding Arrow Realm, let alone imprisoning a scarlet God Spirit that had temporarily erupted with Mid-Tier Deity-level combat power.

Even a High-Tier Deity-level expert would be trapped in "Her" Four Symbols Demon Imprisoning Arrow Realm for a period of time.

Just as Garlos was trapped in the Four Symbols Demon Imprisoning Arrow Realm and could not escape...

Chi Xuantian and the other God Spirits had already flown over and looked at "His" with a sinister smile.

"Trying to run? Where do you think you're going?"

Ze Wu mocked.

"This Scarlet God Spirit is also a genius God Spirit. A Low-Tier Deity Level Elementary Grade can actually erupt with the strength of a Mid-Tier Deity-level Elementary Grade. It looks like it's some kind of talent."

Haros commented with a smile.

The other God Spirits nodded.

After that, they did not waste any time. After Bai Yun opened the enchantment, they directly dealt with Garlos.

Even though "He" had relied on "His" talent and mystic techniques to greatly increase "His" strength, "He" still had no power to resist in front of so many powerful Blazing Sun Kingdom God Spirits.

At the same time,

a text notification also appeared in front of Zhou Zhou.

[King of Ten Thousand Kings Event Announcement: You have led your territory's soldiers to kill the Deputy Commander of the Black Cloud Scarlet Legion from the Beginner Scarlet Empire—Jick Scarlet Empire— Garlos (—Tier Deity Level Elementary Grade). You have made outstanding contributions to this King of Ten Thousand Kings Event. You are rewarded with 1 bottle of Potential Advancement Potion (Low-Tier Deity Level Elementary Grade), 1 Book of The God Spirit (Low-Tier Deity Level Elementary Grade), 100 Divine Crystals (Low-Tier Deity Level Elementary Grade), and one Talent Crystal!

[King of Ten Thousand Kings Event Hint: You have obtained the Achievement 'Scarlet Beheader' (Low-Tier Deity Level)!]

[Scarlet Beheader (Low-Tier Deity Level): Worth 10 million universal general faction points!]

Zhou Zhou glanced at the event notification and retracted his gaze.

For him, this reward was only so-so. Only the Potential Advancement Potion (Low-Tier Deity Level Elementary Grade) was still worth a look. The other rewards, excluding the Talent Crystal that he had never seen before, were only so-so.

He took out the talent crystal and took a look.

He realized that the talent in this talent crystal was none other than the secret technique that Garlos had used to temporarily increase his strength. It was called 'Heart Explosion'.

At the cost of losing the God Spirit's blood essence in his heart, he could temporarily increase his strength by a large level. The highest level he could increase was the Mid-Tier Deity-level God Spirit to the High-Tier Deity-level.

The price was that he would be weakened for a period of time. Furthermore, he needed a large amount of supplements to nourish the God Spirit's blood essence. Otherwise, he might lose his potential.

Zhou Zhou thought for a moment and learned it himself.

Perhaps he could use this talent when he was in a desperate situation.

However, it was better to use it less often.

"The last target was the Legion Commander of the Empire-level Scarlet Legion. He has the strength of a High-Tier Deity-level."

"This time, he's the Deputy Commander of the Empire-level Scarlet Legion. He has the strength of a lesser god, but he has a secret technique to increase his strength."

"The Supreme Will... This is asking me to specially choose Elites or geniuses to kill."

Zhou Zhou began to figure out the principle behind the Eye of Heaven's Annihilation's search for a target.

"Your Majesty,

"The target has been killed. What should we do next?"

At this moment...

Bai Yun's plea came from the display screen in front of him.

"We're already here."

"Let's get rid of the scarlet God Spirits here while we're at it."

"As for the remaining Mist Legion soldiers, we'll leave them to the Tianze Kingdom to deal with. We didn't bring our troops here, so we won't do such laborious work."

"Attack with all your might. There's no need to worry. I'm here."

Zhou Zhou ordered casually.

Then, he thought of some things from the past and could not help but laugh.

In the past, he was also a cautious Lord who relied on Nezario's protection to attack the territory of the fog monsters without any scruples.

Now, he had actually changed his Character and become their protector?

The development of the world was indeed wondrous.

"Yes, Your Majesty!"

After Bai Yun received the order, she did not waste any time. After conveying His Majesty's thoughts to the other God Spirits, she immediately began to hunt down the other five Empire-level Scarlet Army God Spirits.

At this moment...

A video request suddenly appeared on Zhou Zhou's personal terminal.

As soon as he saw it, his lazy gaze immediately focused.

It was Ji Yun!

[Global Lord: 100% Drop Rate](#)

Chapter 808: Decision

Zhou Zhou picked up the video call. Soon, Ji Yun and Lu Zhen's faces appeared on the terminal screen.

At the same time, not far from them stood a sage-like Daoist in a blue Daoist robe and a Huayang scarf. He held a horsetail whisk and carried a sword on his back.

It was the Sword Emperor Fuyou—Lu Yan!

Beside "He" was a benevolent-looking emperor wearing a royal robe and a crown.

"His" body was somewhat illusory and transparent. "He" didn't look like "His" true body had arrived.

It was Yellow Emperor Xuanyuan!

However, at this moment, both of them had solemn expressions.

Zhou Zhou's heart sank when he saw this. He had a bad feeling.

"It's Zhou Zhou. We just came back from fighting the three Abyssal Demon Gods and saw the message you sent."

Ji Yun forced a smile.

"Uncle Ji, how's Temple Lord Bai He?"

Zhou Zhou asked.

As soon as these words were spoken,

Ji Yun and Lu Zhen fell silent.

"You don't have to worry about this. We will definitely save His Excellency Bai He."

Lu Zhen said.

"Even the Undying God is useless?"

Zhou Zhou frowned.

Logically speaking,

with the Undying God around, even if they faced three True God-Tier existences at the same time, they still had a certain chance of winning.

After all, that was a treasure created by a Master God-Tier. Its Effect was almost comparable to True God-Tier Divine Artifacts.

"It's not that it's useless, but... there is no place to use it."

Ji Yun sighed.

Lu Zhen nodded silently.

"You're my little friend Blazing Sun?"

At this moment...

A gentle and refreshing voice sounded.

The Yellow Emperor and Patriarch Lu walked over one after another, smiling and looking curiously at Zhou Zhou's appearance on the terminal.

"Junior Zhou Zhou greets Senior Yellow Emperor and Patriarch Lu!"

"Junior Zhou Zhou greets Senior Yellow Emperor and Patriarch Lu!"

"Hehe, there's no need to be so polite." The Yellow Emperor shook his head and looked at Zhou Zhou in admiration. "I've heard a lot about you. Not bad. I didn't expect our human race to give birth to a genius like you."

"You've done something that many Lords in the history of our human race have failed to do."

"Exactly."

"We've seen the Undying God scroll you gave us. It's really a divine item. As expected of a Saint's creation."

Patriarch Lu stroked his beard and sighed.

To immortals, Master God-Tiers were like saints.

Even though their paths were different, they were still worthy of respect and reverence.

"Thank you for your praise, Senior. In addition, I was only lucky to obtain the Undying God."

Zhou Zhou did not overly humble himself and smiled faintly.

The Undying God Scroll was indeed found in the treasure vault of the Ice Demon Kingdom. It was not even a treasure enhanced by his spoils of War King.

Facing such a treasure that fell from the sky, one could only describe it as luck.

"Your luck is so deep that even I can't understand it." The Yellow Emperor observed Zhou Zhou for a moment and could not help but exclaim. "It's only natural that you can obtain a divine item like the Undying God."

"Senior, how is Temple Lord Bai He doing?"

Zhou Zhou did not want to talk too much about this topic and directly asked his doubts.

Patriarch Lu revealed a worried expression.

The Yellow Emperor thought for a moment and said,

"The tyranny and tyranny of the Dark Sovereign—Azgrad used 'His' three layers of abyssal Divine Kingdom as the foundation. Together with the Queen of Spiders, Lorci, and the Undying Sovereign—Orcus, they set up a True God-level restriction and sealed Bai He in the depths of the abyss."

"These three Abyssal True God-Tiers are also inside the restriction and are working together to harm His Excellency Bai He."

"If we don't save Bai He in time, 'He' might die."

"We tried to break the restriction just now, but we couldn't break it at all. The three Abyss True God-Tiers refused to come out."

"They should be thinking of letting Bai He die first before coming out to deal with us."

"We can't do anything against such an enemy for the time being."

Just as he finished speaking, Ji Yun and Lu Zhen sighed softly.

"Your Holiness, why did you tell him about this?"

"Aren't you just worried?"

Lu Zhen could not help but ask.

"Don't be rude to His Holiness the Yellow Emperor."

Patriarch Lu frowned.

"I'm sorry, Your Holiness."

Lu Zhen knew that he had crossed the line and immediately apologized obediently.

"It's fine." The Yellow Emperor always had a gentle and indifferent smile on his face. "As a junior, it's a good thing to be worried about Senior. Are we happy just because we don't care about anything?"

"Besides, little friend Blazing Sun is different."

"It's very likely that 'He' will join our Human race's Supreme Council in the future. Knowing some information about the upper echelons of the Human race in advance might not be a bad thing for him."

The Yellow Emperor said seriously.

There was something else that "He" didn't say.

If Zhou Zhou knew that Bai He was likely to die, he could also see his true attitude towards the human race from his reaction.

If he did not abandon the humans and thought of ways to protect them and make them better, the Yellow Emperor and the others would naturally not treat Zhou Zhou badly.

If Zhou Zhou knew that Bai He was about to perish and that the human race was about to fall into a period of weakness, he would suddenly act indifferently towards the human race. He might even have the intention of leaving his race and joining another race. The human race would naturally not invest in him to prevent things like to make ducks and drakes of misfortune from happening.mm

It was not as if this had never happened to the human race before. As the highest Leader of the human race other than Imperial Lord Pangu, the Yellow Emperor naturally had to be wary of this matter.

If "They" wanted to nurture Zhou Zhou with all their might within the terms of the supreme agreement, they would need to pay a huge amount of resources.

Zhou Zhou frowned.

This was a little tricky.

However, there was still a way.

He now had three defensive True God-Tier Divine Artifacts, the Eternal Fallen Styx Divine Armor, three offensive True God-Tier Divine Artifacts, the Sword Of New Dimension Creation, and three Nine-Headed Nightmare Realm Demon God's Hearts.

If they were used, Bai He's crisis would definitely be easily resolved.

The problem was...

Would Zhou Zhou dare to use it?

He fell into deep thought.

Seeing Zhou Zhou's expression,

The Yellow Emperor, Patriarch Lu, Ji Yun, and Lu Zhen sighed in their hearts.

"They" did not think that Zhou Zhou could come up with a solution.

"Why don't we... ask the Emperor to help?"

Patriarch Lu asked after a moment of hesitation.

The Yellow Emperor was silent.

Ji Yun and Lu Zhen did not dare to speak.

Even though they could save Bai He with the help of the emperor, it also meant that the emperor's recovery process was completely in vain. If they wanted to wait for the emperor to recover, it would take a long time. It also meant that it would take a long time for the human race to return to its peak.

If they didn't ask the emperor to help, Bai He would definitely die. Once this news was leaked, the human race would be in danger of losing a top-notch expert.

On one hand, the future potential of the human race had been damaged. On the other hand, the human race was currently in danger.

How should he choose?

After a long time,

"I'll ask the Emperor for help."

The Yellow Emperor said.

"But..."

Patriarch Lu hesitated and struggled.

The Imperial Lord was the founder of the human race. He was very noble and revered in the hearts of all humans.

It could be said that every human who knew the history of the emperor was willing to sacrifice their lives for the emperor's return, not to mention that the emperor's return was an accident for the future and revival of the human race. Even if Bai He sacrificed himself at this time, there might still be a possibility of reviving the emperor when he comes back in the future.

This was also why "He" was hesitating.

"There's no need to say anything else. I'll use a secret technique to wake the Emperor."

The Yellow Emperor's expression became resolute. Then, he was about to use a secret technique to contact the Emperor.

"But..."

Patriarch Lu pursed his lips.

"We must save Temple Lord Bai He."

At this moment, Zhou Zhou's Grit voice sounded. "However, we don't have to wake the Emperor up!"

As soon as he said this, everyone looked at him in shock. Even the Yellow Emperor, who was about to use the secret technique, looked up at Zhou Zhou in surprise.

Chapter 809: Shock!

"My good nephew, don't spout nonsense at this time."

Lu Zhen hurriedly said.

'Are you kidding me?'

Could he save Bai He without awakening the emperor?

If the Yellow Emperor and the Old Ancestor could not do anything, what could a junior like him do?

"I'm not talking nonsense, Uncle Lu."

Zhou Zhou said in a deep voice, "But before I say this method, I want to ask one thing. If Senior Yellow Emperor and Senior Lu have True God-Tier Divine Artifacts, can they save Temple Lord Bai He? Also, can they hide the aura of the True God-Tier Divine Artifacts during the battle?"

As soon as these words were spoken,

be it the Yellow Emperor, Patriarch Lu, Ji Yun, or Lu Zhen, they all thought of something and disbelief and surprise appeared in their eyes.

The next second,

the Yellow Emperor waved his right hand and set up an isolation barrier around him to prevent other life forms from eavesdropping on their conversation.

"You... you have True God-Tier Divine Artifacts?!"

Patriarch Lu said excitedly.

"Yes."

Zhou Zhou nodded affirmatively.

He still decided to take out his True God-Tier Divine Artifacts.

Bai He was his benefactor to a certain extent after all. If not for Bai He's trust in him, Zhou Zhou might not have been able to get along so well with the humans.

There was another key point.

Bai He was the Temple Lord of the Knight Temple, and the Knight Temple was one of his Lord Talents!

Even if Bai He died, it would not affect the Lord Talent of the Knight Temple. At most, they could choose another Temple Lord to take over "His" position.

However, to Zhou Zhou, there would more or less be some losses.

Be it in terms of the future of the human race or in terms of personal benefits, Zhou Zhou had a reason to try and save Bai He.

Therefore, he chose to give it a try!

In any case, even if he failed, he would not lose much.

But once he won, it would be very beneficial to him!

Thinking of this, there was no reason for him not to do it.

As for the trump card of the Dragon Sacrifice Holy Tower, Zhou Zhou did not choose to use "He" after some thought.

Firstly, the Dragon Sacrifice Holy Tower did not 100% summon the Master God-Tier, the Extreme World Honored Dragon.

Secondly, the Dragon Sacrifice Holy Tower was a trump card that had a chance of summoning a Master God-Tier big shot. Zhou Zhou didn't want to use it unless he was in a desperate situation.

In this way, True God-Tier Divine Artifacts were the best choice.

"With the True God-Tier Divine Artifacts and the Undying God scroll, we have an 80% chance of rescuing Bai He."

"Also, it's true that we don't have any secret techniques to conceal the aura of the True God-Tier Divine Artifacts." As the Yellow Emperor said this, he suddenly smiled. "However, it's different now. In order to

secretly assassinate Bai He, the three Abyssal True Gods specially set up that restriction in the depths of the abyss. As long as we can use the True God-Tier Divine Artifacts to break the restriction and enter the restriction to fight, the battle fluctuations at the True God-Tier Divine Artifact level won't be leaked."

"As for the fluctuations of breaking the restriction... I'm afraid that's inevitable. However, as long as we're fast enough, we shouldn't be discovered."

"That's right!"

Patriarch Lu nodded as well.

Zhou Zhou nodded and said,

"Then there's no time to lose. Everyone, come to my territory to look for me first."

"I will personally hand over the True God-Tier Divine Artifacts to everyone!"

"Okay!"

The four gods nodded without hesitation, then hung up the video call.

After hanging up, they looked at each other in disbelief.

"Does he really have True God-Tier Divine Artifacts?"

Lu Zhen could not help but ask.

"There should be. This young friend Jiaoyang doesn't seem like someone who would lie at a time like this."

"Besides, don't forget that he gave us many divine artifacts previously." Patriarch Lu said.

The Yellow Emperor also nodded.

Then, they did not waste any more time and flew in the direction they came from.

...

On the other side, Tianze Kingdom.

In the Galaxy.

When Zhou Zhou saw this, he also turned off his personal terminal. Then, he first watched as Chi Xuantian and the others dealt with the other five scarlet God Spirits of the Empire-level Scarlet Army in front of them. Then, he told them that he was preparing to return to the Blazing Sun Kingdom and told them not to search for other targets for the time being and to wait for his return.

In fact, Zhou Zhou could also let "Them" deal with the other three targets themselves.

After all, the other three scarlet God Spirits were not True God-Tiers. Chi Xuantian and the others were more than enough to deal with them themselves.

However, Zhou Zhou always wanted to be safe.

What if something unexpected happened?

He could at least reduce his losses.

The gods naturally obeyed.

Seeing this, Zhou Zhou didn't waste any time. He piloted the Galaxy and returned to the Royal Capital.

...

Blazing Sun Kingdom.

In front of Knight Temple.

As soon as Zhou Zhou arrived, he saw the Yellow Emperor, Patriarch Lu, Lu Zhen, and Ji Yun waiting for him at the door.

Zhou Zhou was taken aback as he hurriedly ran over and bowed.

"Greetings, Senior Yellow Emperor, Senior Patriarch Lu, Uncle Lu, Uncle Ji."

"Haha, there's no need to be so polite."

The Yellow Emperor smiled and nodded. Then, he praised, "Your territory is not bad. Unfortunately, my main body is in the Xuanyuan Tomb and I can't come out casually. Otherwise, I would definitely come to visit you a few more times."

"That's right. Its popularity is at its peak, luck is boiling, and the hearts of the people are gathered. It's indeed a rare capital."

"No wonder you can make such a name for yourself among the myriad races."

Patriarch Lu also praised.

"Seniors, you praise me too much."

Zhou Zhou went straight to the point. "Seniors, let's talk inside."

The four gods nodded in understanding and turned around to enter the Knight Temple together.

"Greetings, Your Holiness!"

As soon as he entered, he saw the acting Master of the Knight Temple, Rob Allen, waiting respectfully at the door.

When "He" saw that Zhou Zhou was also beside the Yellow Emperor and the other big shots, "He" couldn't hide the shock in his eyes.

"Get us a room with the best security."

Ji Yun did not waste his breath and said directly.

"Yes, Your Majesty!"

Rob Allen nodded and immediately led the way.

Soon, the six of them arrived in front of a room.

"This is the highest meeting room. Teacher will only come in when he attends the meeting. Even the True God-Tier won't be able to see what's going on inside. Are the members of royalty satisfied?"

Rob Allen said carefully.

"Sure."

Ji Yun nodded and followed behind the Yellow Emperor into the highest meeting room.

Zhou Zhou was at the back. When he saw Rob Allen looking at him curiously, he shrugged and said nothing.

Young man, this is not something you can come into contact with now.

At the same time, he understood.

Only the few of them and a few other higher-ups knew that Bai He was in danger. The others were probably still clueless.

...

In the highest meeting room.

After Zhou Zhou and company sat down, the Yellow Emperor smiled and said,

"Little friend Blazing Sun, can you showcase to us your treasures?"

The others also looked expectant.

Zhou Zhou nodded and did not say anything else. He took out two Swords Of New Dimension Creation and two Eternal Fallen Styx Divine Armor from his King's Treasure Box.

As soon as the four True God-Tier Divine Artifacts appeared, a huge pressure and the power of the divine artifact's nomological laws rippled in all directions with the True God-Tier Divine Artifacts as the center.

Fortunately, this room was specially made for True God-Tier existences, so the fluctuations of their True God-Tier Divine Artifacts didn't spread.

Otherwise, it would probably have already shocked all the races.

Even so, the four God Spirits present were also completely shocked.

Even the usually calm and amiable Emperor Huang couldn't help but stand up as he stared fixedly at these four True God-Tier Divine Artifacts.

"Four True God-Tier Divine Artifacts..."

"He" said with some difficulty.

Patriarch Lu was also at a loss.

Lu Zhen and Ji Yun were completely dumbfounded.

The scene in front of them really overturned their worldview.

Chapter 810: Battling The Abyssal True God-Tier! (1)

"These four True God-Tier Divine Artifacts... how did you come here?"

Patriarch Lu could not help but ask.

"Be careful with your words."

When the Yellow Emperor heard this, he frowned and looked at Patriarch Lu quietly.

"It doesn't matter if you don't tell me."

Patriarch Lu immediately realized that his words had violated a taboo and immediately shut his mouth.

How could he casually say such an important thing?

Zhou Zhou smiled and did not say anything.

In fact, this was not a big secret in his territory. After all, his spoils of war were extracted by his soldiers using the high-level Conqueror's Blast Furnace.

However, because the loot extracted was directly a higher level of loot, most of the soldiers only felt that His Majesty was very lucky and could greatly increase the chances of obtaining more loot. However, they were not clear about the fact that the quality of the Loots could +1.

Only a few soldiers felt that there was something wrong with the grade of the spoils of war. However, because of their respect for Zhou Zhou, no one took the initiative to ask.

In addition, Zhou Zhou had always asked them to keep this matter a secret.

Therefore, due to their high loyalty, all the soldiers and Subjects had never revealed this secret. This resulted in very few outsiders knowing that there was a problem with Zhou Zhou's drop rate.

Actually, it didn't matter even if he knew.

Zhou Zhou had been prepared for this since the first day he came to the High Continent after all.

At most, he would deal with whatever came his way.

However, if he could stall for time, it would naturally be better.

"When I received the batch of divine artifacts you traded with previously, someone said that your luck was so good that you could trip over a divine artifact buried underground when you went out."

"I didn't believe it at first."

"But now, I feel that what that person said is not even 1/10,000 of your luck."

"How long have you been in the High Continent? You already have four True God-Tier Divine Artifacts."

"In our human race, only Imperial Lord Pangu possesses a divine artifact suspected to be a True God-Tier artifact."

The Yellow Emperor smiled bitterly.

A human who had just arrived in the High Continent had actually obtained True God-Tier Divine Artifacts that even True Gods who had lived for tens of thousands of years or even hundreds of thousands of years could only dream of obtaining. If news of this spread, it would simply be shocking!

"These True God-Tier Divine Artifacts aren't known to enemies or unfamiliar life forms, right?"

Patriarch Lu suddenly asked.

"Most of those who know are already dead."

"The rest won't hurt me."

Zhou Zhou smiled faintly.

The Dark Holy Dragon knew that he possessed True God-Tier Divine Artifacts.

However, he was already a Master God-Tier. Coupled with his close relationship with the Dragon race, he had never mentioned anything about True God-Tier Divine Artifacts.

The Yellow Emperor and the others nodded.

They naturally would not harm Zhou Zhou.

"We'll borrow these True God-Tier Divine Artifacts for now."

"After we rescue Bai He, we will definitely return these four True God-Tier Divine Artifacts to you."

"We can sign a contract!"

The Yellow Emperor said seriously.

"There's no need for a deed."

"I believe in you seniors."

Zhou Zhou acknowledged.

Zhou Zhou trusted and respected these people who had appeared in ancient Chinese myths and legends.

The Yellow Emperor and Patriarch Lu looked at each other and smiled.

After that, the Yellow Emperor didn't stand on ceremony. He and Patriarch Lu each received two True God-Tier Divine Artifacts and wore them.

"With this divine sword and divine armor, even if it's a top-notch True God-Tier expert, I still have the courage to fight him!"

Patriarch Lu laughed.

The Yellow Emperor looked at the Eternal Fallen Styx Divine Armor on his body and the Sword Of New Dimension Creation in his hand, and a smile appeared on his face.

"He" and Patriarch Lu were both good swordsmen.

Facing such a top-notch divine sword, he immediately felt like he could not bear to part with it.

As for why Zhou Zhou had two identical pairs of True God-Tier Divine Artifacts, they tacitly did not ask.

"Let's go!"

"The longer we delay, the more danger Bai He will be in."

The Yellow Emperor Easy cast a breath concealment technique on the divine armor and divine sword. Although it couldn't completely conceal the aura of the True God-Tier Divine Artifacts, it was fortunate that the True God-Tier Divine Artifacts had the ability to conceal themselves. He didn't have to worry about the information of the True God-Tier Divine Artifacts leaking out before he used it.

After that, they did not waste any time and directly used the Knight Temple's spatial teleportation array to head to the Abyss again.

At the same time, Ji Yun also maintained a video call with Zhou Zhou, allowing him to see the real-time battle situation on the Yellow Emperor's side.

Zhou Zhou was also very curious about True God-Tier-level battles, so he drove Galaxy in the direction of Chi Xuantian and the others while watching the live broadcast of the Yellow Emperor's battle.

...

The 47th level of the abyss.

In a dark place.

The Yellow Emperor and Patriarch Lu each held a changed Sword of Xuan Yuan and looked coldly at the restriction barrier under their feet.

This restriction barrier had already reached the True God-Tier Advance Grade!

Patriarch Lu was a True Elementary Grade and the Yellow Emperor was an Intermediate True God-Tier. Previously, even if they joined forces, they would not be able to break through the restriction barrier here.

But it was different now.

The two gods looked at each other and raised the Sword Of New Dimension Creation in their hands at the same time.

Boom! Boom!

Terrifying spatial fluctuations centered around the two True God-Tier Divine Artifacts and spread to a radius of a million kilometers.

At that moment, Ji Yun and Lu Zhen, who were in a hidden interlayer of space, watched this scene in shock.

Zhou Zhou, who was displayed on Ji Yun's personal terminal, could not hide his shock as he watched this scene.

"True God-Tier Divine Artifacts... Only a True God-Tier can unleash their full power."

"The power of the True God-Tier Divine Artifacts I used previously when I temporarily advanced to the High-Tier Deity-level is probably only 1/10,000 of the power of the Sword Of New Dimension Creation."
Zhou Zhou thought to himself.
