Chapter 821: Master God-Tier Demon's Corpse

"The True God-Tier Divine Artifacts you lent us are all inside."

"Also, we left some gifts inside. You should like them."

The Yellow Emperor smiled.

Zhou Zhou was stunned. He took it and sent his consciousness into the Spatial Ring. Then, his eyes instantly widened.

"This... this is..."

"His" breathing quickened.

In the Spatial Ring, other than the two Swords Of New Dimension Creation and the two Eternal Fallen Styx Divine Armor that Zhou Zhou had lent them, there were three other items.

It was the corpses of the three Abyssal True God-Tiers God Spirits! This was really a big gift!

Zhou Zhou's eyes lit up. He was about to obtain a Master God-Tier-level treasure!

"It's too valuable for me to accept."

Even though Zhou Zhou really wanted it, he still had to do some superficial work.

I, Zhou Zhou, am a hypocrite!

"Haha, it's just three corpses. Moreover, we don't even have a single True God-Tier Divine Artifact on us. What's so precious about it? No matter how lucky we are, we'll at most obtain some High-Tier Deity-level divine artifacts. How can they be as precious as your True God-Tier Divine Artifacts?"

"Just take it. Anyway, you have the Lord Talent to increase the drop rate. It's most suitable for you." The Yellow Emperor laughed.

"Thank you, Your Holiness." Zhou Zhou smiled.

My Lord Talent doesn't just increase the drop rate. He thought to himself.

"Alright."

"My incarnation's time is almost up, so I won't stay any longer."

"Lu Yan, Bai He, while I'm not around, the two of you have to guard our human territory well."

The Yellow Emperor's expression turned solemn. "If necessary, you can gather our Human Subjects and give up a portion of the Human Race's territories to protect the peace of our Human Race."

"Yes, Your Holiness!" Patriarch Lu and Bai He said solemnly.

The Yellow Emperor nodded. Then, he turned to look at Zhou Zhou and said with a smile, "I'll come here again if there's a chance in the future."

"I hope that by then, you will have grown to the point where you can stand shoulder to shoulder with us."

Upon hearing this, Patriarch Lu and Bai He were stunned.

The Yellow Emperor actually had such high hopes for Zhou Zhou?

However, on second thought, they suddenly understood why this kid could take out a True God-Tier treasure before reaching the God-Tier.

This kid's luck could not be described as ridiculous.

With this astonishing luck and aptitude, he might really be able to reach their level in the future.

Moreover... It was not impossible for him to surpass them.

"I'll do my best." Zhou Zhou said calmly.

"His" ambition was to become the Lord of All Races. However, it was better not to say such a thing before he did it, lest he made a fool of himself.

Seeing Zhou Zhou's calm expression, the Yellow Emperor laughed in satisfaction. Then, he saw "His" body gradually turn into golden starlight spots. They were like galaxies that gradually dissipated in the air.

"Seniors, will Senior Yellow Emperor be unable to make a move for the time being?"

Zhou Zhou suddenly spoke when he saw this scene.

"Yes, His Excellency, the Yellow Emperor's main body is still sealed in the Xuanyuan Tomb. The clone just now was created by the Yellow Emperor at a huge cost. He can't create such a clone in a short period of time."

Patriarch Lu nodded.

Zhou Zhou frowned slightly.

This also meant that for a long time in the future, the Human Race would only have two top-notch experts, Patriarch Lu and Bai He. It was a little dangerous...

He thought for a moment and took out the corpses of the four Abyssal True Gods. He placed them in his King's Treasure Box and handed the Spatial Ring containing the four True God-Tier artifacts to Patriarch Lu.

Patriarch Lu was stunned.

Then, he heard Zhou Zhou say seriously,

"These four True God-Tier Divine Artifacts won't be of much use to me for the time being."

"If that's the case."

"I would like to give these four True God-Tier Divine Artifacts to you seniors for the time being. You can use and distribute them until the crisis of the human race is resolved. Is that alright?"

Zhou Zhou had no choice.

The human race would be his most important barrier that could shelter him from the wind and rain before he fully matured!

Zhou Zhou would definitely not be able to resolve the covetous and hostile gazes of billions of people of foreign races in a short period of time. He could only rely on the human race!

Since that was the case...

He had to enhance the strength of the human race!

Lending the Lu Clan four True God-Tier Divine Artifacts was only one of his methods!

Without waiting for a response, Zhou Zhou took out another Spatial Ring and handed it to Patriarch Lu.

"There are some lesser god-level divine artifacts here. I also plan to lend them to the God Spirits of the human race."

"There are some Low-Tier Deity Level divine artifacts here. I also plan to lend them to the God Spirits of the human race."

Zhou Zhou said after some consideration.

When Patriarch Lu heard this, he was about to say that a Low-Tier Deity Level Elementary Grade divine artifact required 10,000 Low-Tier Deity Divine Crystals to rent?

With so many Divine Crystals, "He" could buy more than ten lesser divine crystals from the people of foreign races.

But when "He" and White River saw the divine artifact in the Spatial Ring, the two deities instantly calmed down. They even felt that Zhou Zhou was quite interesting.

This was because there were actually a total of 10,000 inferior divine artifacts in that Spatial Ring!

He had everything from Low-Tier Deity Level Elementary Grade divine artifacts to Low-Tier Deity Level Advance Grade divine artifacts!

Patriarch Lu had never thought that one day, "He" could use a "mountain" as a unit of number of divine artifacts.

Did Zhou Zhou treat divine artifacts as trash?

What was he thinking? He was stacking a bunch of divine artifacts that God Spirits regarded as treasures like trash?

Ancestor Lu, a Zenith Heaven Golden Immortal Realm expert, felt that his outlook on life had been overturned again.

The impact of these 10,000 lesser god-level divine artifacts on "He" was even greater than when "He" saw the four True God-Tier Divine Artifacts!

Patriarch Lu opened his mouth, wanting to say something, but in the end, he did not say anything.

"Sure."

"I'll send you the Divine Crystals later."

"He" looked determined, as if he had made a decision in his heart.

After that, "He" didn't stay any longer. "He" turned around and disappeared into thin air.

Only Zhou Zhou and Bai He were left at the scene.

Bai He walked up to Zhou Zhou, took out a Spatial Ring, and handed it to him.

Zhou Zhou was stunned. He took it and sent his consciousness into it. Then, he saw a corpse again.

It was the incomplete corpse of an Abyssal Demon God Spirit.

"He" only had a thin, purple-black arm, and an extremely pure and primordial Unholy and terrifying aura emanated from its body.

[Item Name: Abyssal Arm]

[Item Level: Master God-Tier Advance Grade]

[Item Effect: Contains unextracted loots.]

[Item Description: Creation of the Abyssal Resistance. The original Lord of the Abyss suddenly had the thought of rebelling against the Abyssal Resistance when he was about to unite the Abyss. He was sentenced to eternal dismemberment by the Abyssal Resistance.]

[Prompt: Due to the high grade of the corpse's limbs, it can last for countless years without dissipating.]

[Loots drop rate: A Master God-Tier Advance Grade Demon Bloodline (Drop rate: 10%)]

Zhou Zhou took a deep breath.

The bloodline of a Master God-Tier Advance Grade?!

"Is this the demon bloodline that the Temple Lord found?" Zhou Zhou looked up at Bai He in surprise.

Bai He nodded indifferently.

"Originally, I just wanted to find a True God-Tier demon corpse to provide you with the demon bloodline."

"However, later on, I found the Abyss Legendary-Tier about the Abyss Spirit in the Knight Temple's library. Then, I went to look for it. I didn't expect to really find it."

A look of surprise flashed in "His" eyes. Clearly, "He" didn't expect "Him" to be so lucky.

Suddenly, "He" thought of something and his gaze landed on Zhou Zhou.

"A person with great luck..." "He" muttered inwardly.

[Global Lord: 100% Drop Rate](#)

Chapter 822: Spaceship Manufacturing Completed! Talent Attracted By Mythical Reputation Rating!

Bai He returned back to the Knight Temple. "He" had accumulated a lot of matters that "He" needed to deal with personally even though "He" had only left the Knight Temple for two days.

Furthermore, His Holiness the Yellow Empire couldn't make another move for the time being. Only "He" and Patriarch Lu were left among the peak powerhouses of the human race. Under such circumstances, "They" had more things to deal with and prepare personally.

Zhou Zhou could sense from Bai He's expression that he was preparing for a storm.

This made him feel a little pressured.

However, when he thought about how he barely had the strength of a True God-Tier five to six casual attacks, he relaxed a little.

Strength. In the end, it's the strongest confidence in the face of chaos and danger. Zhou Zhou thought to himself.

This was also the reason why he had the confidence to lend 10,000 low-level divine artifacts to the human race.

If he did not have the strength of a True God-Tier, even if he knew that the current situation of the human race was not good, he would not dare to lend these 10,000 inferior divine artifacts to them.

However, a True God-Tier already had some qualifications to become one of the chess players

"When I become a God Spirit, the various bloodlines in my body will display the true power and foundation of their bloodlines. Coupled with the Law Skill 'King' and the help of two True God-Tier Divine Artifacts, I should have strength comparable to a True God-Tier!"

Zhou Zhou thought to himself

At that time, at the very least, among the humans, apart from the mysterious Imperial Lord Pangu, "He" would no longer have anything to fear!

He had some ability to protect himself in front of those top-notch Race civilizations.

Unlike now, everything depended on humans or other help.

[Your Majesty.]

[10 Galaxy ships have been built.]

At this moment...

Wen Ya's voice rang in his ears.

Zhou Zhou was stunned for a moment before the corners of his lips curled up.

"Okay!"

"Get Yu Ling to come and collect five of them according to the transaction requirements. We'll keep the remaining five and join the current spaceship team." Zhou Zhou said.

[Yes, Your Majesty!] Wen Ya said respectfully.

Zhou Zhou smiled.

This was the benefit of having a monopoly on technology. He could make a steady profit no matter what deal he made, and it was the kind of profit he made.

"I remember that the Divine Sword Empire also sent over a batch of materials to build a spaceship some time ago. They invited us to build the Galaxy, right?" Zhou Zhou asked.

[Yes, Your Majesty.]

[The Divine Sword Empire has sent a total of 20 Galaxy materials and the corresponding manufacturing costs. However, according to the cost of manufacturing spaceships that we announced to the public, we only need to hand over 10 Galaxy spaceships to the other party. The remaining 10 Galaxy spaceships can be used by us.]

[Currently, we have a total of 18 Galaxy spaceships. These Galaxy spaceships are currently working hard to build the spaceships of the Holy Sword Empire. I estimate that they will be completed in five days.]

Wen Ya trailed off.

Zhou Zhou acknowledged.

The business of manufacturing Galaxy had to be launched quickly. After he became famous, he would be able to obtain a steady stream of Galaxy and a large amount of profits.

"Your Majesty!"

At this moment...

A person's voice came from afar.

Zhou Zhou looked over and realized that it was Zheng Yuanqi. Behind him was another person of foreign race.

The people of foreign races had a beautiful appearance. There was a sun symbol on her glabella. She was tall and slender, and her body was covered in golden divine patterns. Divine orifices that emitted golden divine light were on the surface of her body, making her look very magical.

A faint divine might appeared around her, allowing the surrounding life forms to feel the obvious heaviness and pressure emanating from her.

"Divine Inscriptions on the body, Divine Inscriptions Condensing Apertures..."

Zhou Zhou looked at the other party's familiar appearance and quickly thought of which Race she was from.

"A member of the Shepherds God Race."

Zhou Zhou was surprised.

Could this be the talent attracted by his Mythical Reputation Rating?

He immediately had a guess in his heart. Then, he saw Zheng Yuanqi bring the other party to Zhou Zhou.

"Greetings, Your Majesty!"

Zheng Yuanqi said respectfully. Then, he pointed at the god-like Shepherds God Race member behind him and said with a smile, "Your Majesty, this God Spirit from the Shepherds God Race wishes to join our Blazing Sun Kingdom. Currently, I have already made 'Him' a Subject of our Blazing Sun Kingdom."

"You're the King of the Blazing Sun?"

The Shepherds God Race's Yuan Cong looked at Zhou Zhou with a solemn expression.

"He" was somewhat surprised.

As a Low-Tier Deity Level Advance Grade God Spirit who had attained the position of a God Spirit as a Shepherds God Race member, "His" true strength could be said to far surpass that of an ordinary High-Tier Deity-level Advance Grade God Spirit. "He" had even escaped from the hands of a True God-Tier with grievous injuries.

However, even with such strength, "He" actually felt a sense of danger when facing Zhou Zhou. It was as if this human in front of him, who only had the strength of an Legendary-Tier Advance Grade, was an existence that "He" could not match at all.

How could "He" believe this?

And the most ridiculous thing was...

As a living being from a top race in the myriad worlds, "He" actually felt that the bloodline of this mysterious human in front of him actually had a faint feeling of suppressing "His" bloodline.

This made "Him" feel that the experience he had accumulated over tens of thousands of years had been overturned.

Could there be a bloodline more noble than the Shepherds God Race in this world?

Even the Original Spirit Race, the top bloodline race in billions of years, didn't give "Him" such a strong feeling of suppression.

Yuan Cong was a little confused while

"He" began to revere and admire this human Lord.

It was indeed not a fluke that this human Lord could obtain the first place in the previous Lord's event.

At the same time, when Zhou Zhou heard the other party's words, he raised his eyebrows. Just as he was about to say something, Xu An walked over.

"Since you've already joined my Blazing Sun Kingdom and met my king, you should address him as Your Majesty!"

Xu An looked at Yuan Cong coldly.

"How dare you talk to me like that?"

The Yuan Cong narrowed "His" eyes at him.

"He", an Low-Tier Deity Level Advance Grade God Spirit who could easily defeat a High-Tier Deity-level Advance Grade powerhouse. "He" would be regarded as a super powerhouse by all living beings no matter where he was!

This was the first time "He" had been treated so impolitely.

Xu An silently pulled out the Blood Shadow Sword from his back. The sword trembled slightly, as if it was celebrating its bloodthirst.

"I will die for the humiliation of my master."

"And..."

"I don't like you!"

Xu An looked at the Yuan Cong, and his eyes suddenly shot out a belligerent gaze.

"Yuan Cong."

"'He' is Xu An, a newly promoted Low-Tier Deity Level Elementary Grade God Spirit."

"It's your first time in This King's kingdom. Even if This King knows your talent, I can't immediately promote you to a high position."

"How about this?"

"Fight with 'Him'. If you can defeat him, not only will This King make you a Worshiped God Spirit of our country, This King can also increase your deity's offerings by ten times. You can also become the Deputy Commander of any legion under my command!"

"Wealth, power, and status will all be at your fingertips!"

"But if you lose..."

"You'll only be the Worshiped God Spirit. You'll have to follow the army to battle every day. Other than that, there won't be any other additional benefits. Are you willing?"

Zhou Zhou said casually.

[**Global Lord: 100% Drop Rate**](#)

Chapter 823: Fusion Bloodline! Low-Tier Deity Level Elementary Grade Chaos Human Bloodline!

Yuan Cong was stunned. It sized Xu An up and nodded with a cold smile.

"Whatever Your Majesty prefers." "He" said proudly.

Zhou Zhou acknowledged.

Then, they were allowed to fight in an uninhabited territory in the Blazing Sun Kingdom.

The two Gods naturally obeyed and flew away.

In less than a moment, the two Gods had returned.

There were a few sword wounds on Yuan Cong's body that had not healed for a long time. Xu An's face was also a little pale.

The two Gods seemed to have experienced a great battle.

"How did it go?"

Zhou Zhou threw a few bottles of God-Tier Potion over and asked with interest.

Yuan Cong looked hesitant and indignant.

Xu An's expression was much calmer.

"I'm tied with 'Him'. It's a draw."

"He" said.

"A tie?"

Zhou Zhou raised his eyebrows. "Tell me the details."

"There's no need for 'Him' to say it." At this moment, Yuan Cong suddenly said, "I lost."

"I can't defeat 'Him' in a head-on battle, but the total amount of divine power in my body far exceeds 'Him'. 'He' won't be able to truly defeat me in a short period of time. And when the divine power in 'His' body is exhausted, I can indeed take this opportunity to defeat 'Him', but I disdain such an embarrassing method to defeat 'Him'."

"That's why I said I lost."

"I lost," Xu An said. "The amount of divine power is an important factor in determining one's combat strength. If you're strong, you're strong. There's nothing to be ashamed of."

"As a God Spirit of the Shepherds God Race, I disdain to use such a method to obtain victory. I'm not a lowly God Spirit who can't afford to lose!"

Yuan Cong said stubbornly.

"It means that I've lost," Xu An said calmly.

"You..."

The two Gods, one angry and the other calm, began to argue.

Zhou Zhou ignored them and fell into deep thought.

The characteristic of the Shepherds God Race was that they were born with nomological powers. Furthermore, they were born with Divine Court Realm Apertures. Each Divine Court Realm Aperture was equivalent to all the magic power/divine power that a life form/God Spirit possessed.

As for the Shepherds God Race, they had at least 108 Divine Court Realm Apertures.

Hence, in terms of the total amount of Dharmic powers/divine power, the Shepherds God Race's total amount of divine power could be said to be the number one among the countless races of the same

level. Even the original Spirit Race members who were born with the ability to control a world were slightly inferior to the Shepherds God Race.

Even though "He" was a human, "He" was talented and had the potential of an Advance Grade Master God-Tier.

Humans with such potential, even if they were only Low-Tier Deity Level Elementary Grade now, had combat power comparable to or even surpassing High-Tier Deity-level Advance Grade God Spirits.

Therefore, the outcome of the battle between the two Gods was within his expectations.

"Alright, let's not argue anymore."

Zhou Zhou stopped thinking and said.

Only then did the two of them stop talking.

Zhou Zhou nodded and looked at Yuan Cong.

"This battle will be considered a draw."

"Yuan Cong, since it's a draw, the benefits of winning the battle I mentioned before will be halved."

"You don't have ten times the offerings of a Worshiped God Spirit, but you can be the Deputy Commander of the Blazing Sun Kingdom's Heavenly Map Army."

"The duty is to protect the high-level intelligence personnel of the Heavenly Map Army and the powerful enemies that the soldiers of the Heavenly Map Army encounter in the process of collecting intelligence."

"Are you willing?" He asked.

"I'm willing." Yuan Cong said respectfully.

At this moment, "He" no longer had much pride in "His" heart.

Obviously, even though "He" did not defeat him in the battle just now, this battle had suppressed the pride in "His" heart.

A new God Spirit who had just advanced to the Low-Tier Deity Level Elementary Grade was already so powerful.

Yuan Cong already had some guesses.

There were probably many existences stronger than "Him" in the Blazing Sun Kingdom.

Since that was the case...

"He" actually had nothing to be proud of other than "His" background.

Zhou Zhou nodded in satisfaction.

He had finally subdued this arrogant prick.

Originally, he had thought that if it really didn't work out, he would personally teach this God Spirit from the Shepherds God Race a lesson.

From the looks of it, there was no need for him to do anything.

This was when he finally took a good look at this talent attracted by his Mythical Reputation Rating.

[Subject (Divine Name): Yuan Cong (God of Earth Law and Stars)]

[Territory: Blazing Sun City]

[Divine Duty: Gravity]

[Strength Level: Low-Tier Deity Level Advance Grade]

[Ability Overview: The God Spirit of the Shepherds God Race is extremely talented. "He" was born with 1,580 Divine Court Realm Apertures. "He" has never encountered any bottlenecks since "He" started cultivating. Later on, in order to become a God Spirit, "He" left the Divine World and went to the myriad worlds to train. In just 1,000 years, "He" used the law of gravity to advance to a God Spirit. Not long after, "He" advanced to a Low-Tier Deity Level Advance Grade God Spirit. The current "Him" is looking for a way to advance to a higher level.]

[Skills: Talent - Shepherd, Talent - Divine Court Realm Apertures, Talent - Boundless Divine Power, Talent - God of Gravity, Talent - Divine Power Control, Talent - God of the Earth, Law Skill - Myriad Daos Heavenly Attraction, Law Skill - Ten Thousand Times Gravity, Law Skill - Ten Thousand Times Repulsion, Low-Tier Deity Level Advance Grade - Creating Stars, Low-Tier Deity Level Advance Grade - Fallen Stars...]

[Loyalty: 89]

[Potential: Master God-Tier Elementary Grade]

Zhou Zhou looked at "His" information and nodded in satisfaction.

Its potential had actually reached the Master God-Tier Elementary Grade without the help of the Sun Moon Star Sword.

No wonder "He" was already a Low-Tier Deity Level Advance Grade at such a young age.

As expected of a talent attracted by the Mythical Reputation Rating!

"What a pity."

"My Sun Moon Star Sword only works on the humans of Cerulean Planet. Otherwise, Yuan Cong's potential would at least reach the level of a Master God-Tier Advance Grade or even surpass that."

Zhou Zhou thought to himself

The Sword of Xuan Yuan was a divine artifact of the human race on the Cerulean Planet, so it naturally had no effect on the people of foreign races.

He stopped thinking about it.

Zhou Zhou asked "Him" to follow Xu An to the Heavenly Map Army to familiarize "Himself" with the situation.

After the two gods left, Zhou Zhou returned to the Advance Grade Lord's Paradise and took out two items.

One of them was naturally the severed limbs of the Master God-Tier Advance Grade demon that Bai He had given him just now.

The other one was the Nine-Headed Demon God bloodline that Zhou Zhou had almost forgotten.

"I've been so busy these two days that I almost forgot about fusing bloodlines."

"Let's fuse now."

Zhou Zhou fused with the bloodline of a True God-Tier Advance Grade Demon God without hesitation.

[You have absorbed one portion of the Demon God Bloodline (True God-Tier Advance Grade)!]

[You have learned the secrets of the Nine-Headed Nightmare Demon God!]

"My Chaos Human bloodline has finally allowed me to advance to the God Spirit level."

Zhou Zhou looked at these text notifications and felt the changes in his body. He was even a little touched.

He had fused countless top-notch bloodlines in order to improve the Chaos Human bloodline.

It was really not easy to raise it to this level!

Zhou Zhou took a deep breath and looked at the awakened abilities.

[**Global Lord: 100% Drop Rate**](#)

Chapter 824: The Ability Of The Nine-Headed Nightmare Demon God! Absorbing The Bloodline Of The First Demon!

Zhou Zhou looked at the first ability.

[Race Talent Name: Chaotic Sacred Power]

[Talent Level: Low-Tier Deity Level Elementary Grade - Enhanceable]

[Talent Description One: After the Chaos Humans advance to God Spirits, or after their bloodline advances to the God Spirit Bloodline, the Chaotic Origin Energy in their bodies will automatically advance to the Chaotic Sacred Power.]

[Talent Description Two: The Chaos Humans have mastered the Chaotic Sacred Power. They can use it to control any form of energy, including Elemental Energy, Martial Artist Internal Energy, Void Origin Energy, Blood Force, Divine Power, and so on. Compared to the Chaotic Origin Energy, the Chaotic Sacred Power is more outstanding. When controlling the strange energy, it is even better than the strange energy itself.

When facing an enemy with other mutated energies, the possessor of the Chaotic Sacred Power could easily suppress, transform, or even erase the other party's mutated energy.]

[Talent Description Three: As the supreme omnipotent power, the Chaotic Sacred Power can drive any ability or thing that requires any energy to operate. Moreover, when driving, the Chaotic Sacred Power is more efficient. It can greatly reduce the consumption of the driving ability or thing.

"This is simply an upgraded version of the Chaotic Origin Energy!"

After reading it, Zhou Zhou nodded in satisfaction.

With this upgraded Chaotic Sacred Power, it would definitely be easier for him to control the Sword Of New Dimension Creation and even the Eternal Fallen Styx Divine Armor.

He looked at the other abilities.

[Race Talent Name: Dream Entering]

[Talent Level: True God-Tier Advance Grade]

[Talent Description: The possessor of the Nine-Headed Demon God Bloodline can enter the dreams of True God-Tier Advance Grade and life forms below without anyone noticing.]

At the same time, he could secretly observe the things that the dreamer dreamed of. He could even guide the changes in the dream and make the dreamer sink into it.]

...

[Race Talent Name: Weaving Nightmare Realm Technique]

[Talent Level: True God-Tier Advance Grade]

[Talent Description: A possessor of the Demon God bloodline of the Nine-Headed Nightmare Realm can create a nightmare realm that can exist for a short period of time or eternity. The target will experience the most painful, terrifying, and difficult experiences of his life until the target exhausts all his energy and enters an eternal death.]

...

[Race Talent Name: Truth and Illusion]

[Talent Level: True God-Tier Advance Grade]

[Talent Description: Owner of the Demon God Bloodline of the Nine-Headed Nightmare Realm can create illusory objects in the Dream Realm by consuming divine power. The specific consumption depends on the quality of the object and the compatibility with the real world.]

...

[Race Inheritance Name: "Great Nightmare Dream Realm"]

[Inheritance Level: True God-Tier Advance Grade]

[Talent Description: The possessor of the Demon God Bloodline of the Nine-Headed Nightmare Realm possesses an eternal illusion of the Great Nightmare Dream Realm. The Great Nightmare Dream Realm can connect to the dream world of all life forms in the world and transform into a small world under the Great Nightmare Dream Realm.

The more powerful the dream worlds connected to the Great Nightmare Dream Realm, the higher the level of the Great Nightmare Dream Realm. When it reached a certain level, it could even turn the Great Nightmare Dream Realm into reality and become the real world, becoming an eternal and true myriad world!

...

"This Nine-Headed Nightmare Demon God's racial talent and heritage is quite interesting."

Zhou Zhou looked at these abilities and raised his eyebrows slightly.

The Dream Entering Spell was considered normal.

The Weaving Nightmare Realm Technique was the True God-Tier's specialty—creating a world!

Reality and illusion were unimaginable illusion materialization abilities!

The Great Nightmare Dream Realm was even more unbelievable.

When it grew to its limit, it could actually create another myriad world!

Then wouldn't the existence that created "He" be no different from the Supreme Will?

However, there was no specific description of what it meant when it said 'to a certain extent'.

Zhou Zhou guessed,

Even a True God-Tier Advance Grade would not be able to do this.

At the very least, only a Master God-Tier or even an even more mysterious Supreme God Realm could do this.

However, how could it be so easy to reach that level?

"The Nightmare Dream Realm is a big deal."

Zhou Zhou complained.

He memorized these abilities in his heart and took out a skinny half-black arm.

It was the arm of the Master God-Tier Advance Grade.

Zhou Zhou extracted it directly and a text notification appeared.

[Lord Talent Notification: Your loots have been enhanced by the 'King of Loots—Perfect Loots'. Grade +1!]

[Title Hint: Your loots have been affected by the title of the Strongest Lord. The number of Loots has increased by 150%!]

[Lord Talent Notification: You have obtained Perfect Loots—Three sets of Beginner Demon Bloodline (Master God-Tier Advance Grade)!]

Zhou Zhou looked at the three lines of notifications. His gaze landed on the last line and he frowned slightly.

"Master God-Tier Advance Grade... didn't become a Supreme God Realm Advance Grade..."

Zhou Zhou muttered to himself.

Then, for some reason, not only did he not feel disappointed, but he also heaved a sigh of relief.

"So there's a limit to my King of Loots." He said softly.

He had come into contact with many Mythical-Tier Lord Talents, be it his or the people of foreign races.

However, after comparing, he was surprised to discover that his Mythical-Tier Lord Talent was actually the most abnormal. It far exceeded the other Mythical-Tier Lord Talents.

It could even conjure True God-Tier Divine Artifacts and even Master God-Tier-level treasures after all. This was truly unbelievable.

However, from the looks of it, it had its limits. It was not as omnipotent as he had imagined.

Then its existence was reasonable and within the scope of the supreme rules.

He was only able to obtain it because he was lucky.

"I can use this Lord Talent in peace in the future."

"It doesn't matter if it's exposed."

Zhou Zhou thought.

He didn't think too much about it and directly took out a portion of the First Demon's bloodline and fused it into his body.

Soon, lines of text slowly appeared as cold, unholy, and dark power was born from his heart and surged into various parts of his body,

[You have absorbed one portion of the Beginner Devil Bloodline (Master God-Tier Advance Grade)!]

Chapter 825: The Ability Of The First Demon! The Yellow Emperor's Gift?

The corners of Zhou Zhou's mouth twitched when he saw the first few lines of text.

Good God!

The bloodline of a Master God-Tier Advance Grade only allowed the Chaos Human bloodline to advance from Low-Tier Deity Level Elementary Grade to Low-Tier Deity Level Advance Grade, and it did not even break through to Mid-Tier Deity-level?

He could not help but grit his teeth.

Wasn't the Chaos Human bloodline's appetite too big?

"Fortunately, there aren't many other races in this Lord of All Races Tournament, but there are many top-notch bloodline races. Otherwise, I would really be worried about how to continue improving your bloodline."

Zhou Zhou was helpless.

Then, he looked at the effects of these awakened abilities.

[Race Talent Name: Abyss Blessing]

[Talent Level: Master God-Tier Advance Grade]

[Talent Description: Owner of the First Demon Bloodline. Because he is watched by the Abyss Will, his body is also condensed with the Abyssal providence. Therefore, no matter what he does, he will be lucky and can easily do what he wants.

When they encountered danger, the creatures protected by the abyss were easier to survive. Moreover, after the danger, it was easy to obtain a large number of benefits.

When encountering an abyssal life form, not only would it not easily have any intention of harming you, but it would also easily obtain a favorable impression. It might even take the initiative to join you and work for you.

The effect of this ability will be doubled in the abyss, and the effect outside the abyss will be halved.]

"This is the f*cking halo of a protagonist!"

Zhou Zhou widened his eyes as he looked at this ability.

Good God!

It turned out that the First Demon had almost unified the Abyss with this protagonist halo.

That instantly made sense.

An existence like the Abyss Will standing behind him was equivalent to the son of the heavens. It would be strange if he did not unify the Abyss!

He shook his head and looked at the subsequent innate abilities.

[Race Talent Name: Abyss Gaze]

[Talent Level: Master God-Tier Advance Grade]

[Talent Description: Owner of the First Demon Bloodline. When staring at other Abyss life forms, the Abyss life form will fall into extreme fear and be unable to extricate itself.]

[Note: This talent consumes a lot of mental strength.]

...

[Race Talent Name: Summon Abyss Guardian]

[Talent Level: Master God-Tier Advance Grade]

[Talent Description: The possessor of the First Demon Bloodline can summon an abyssal life form that is two levels stronger than him. As his guardian, he can protect his own life. At the very least, he can summon a Low-Tier Deity Level Elementary Grade God Spirit. At the highest, he can summon an Advance Grade Master God-Tier Abyssal life form.]

[Note: This talent consumes a lot of mental strength.]

...

[Race Talent Name: Gate of the Abyss]

[Talent Level: Master God-Tier Advance Grade]

[Talent Description: The possessor of the First Demon Bloodline can open the Abyssal Gate in the alternate world by himself and lead the creatures of the Abyss into the alternate world to start the Abyssal Invasion War. They can also return to any location of the Abyss through the Abyssal Gate, but they have to set the Abyssal coordinates of the Abyssal Gate in advance at that location.]

...

[Race Talent Name: Original Sin]

[Talent Level: Master God-Tier Advance Grade]

[Talent Description: The possessor of the First Demon Bloodline has extremely high talent in the seven Original Sins, Gluttony, Greed, Sloth, Jealousy, Pride, Lust, and Wrath. He can easily comprehend spells and even Law Skills related to Original Sin.

"He" can also easily provoke the Original Sin in the hearts of any life form in the myriad worlds and use it to transform them into abyssal life forms.]

...

Zhou Zhou was a little surprised when he saw this.

As expected of the biological son of the Abyss Will. These innate abilities were ridiculously powerful.

Abyss Gaze gave the First Demon the ability to subdue others without fighting.

Summon the Abyss Guardian and let the First Demon have a super bodyguard and a super fighter!

The Gate of the Abyss allowed the First Demon to easily start the War of the Two Worlds and profit from it.

Original Sin was a divine skill that could develop its subordinates!

As expected of the first Lord of the Abyss.

This ability was strong and comprehensive.

Zhou Zhou clicked his tongue in wonder and looked at the next ability.

Then his eyes widened instantly.

[Race Talent Name: Heart of Juggernaut]

[Talent Level: Master God-Tier Advance Grade]

[Talent Description: If a living being with the heart of a Juggernaut does not have the talent of the Juggernaut's nomological law previously, he will immediately have the talent of the Juggernaut's nomological law after having the heart of a Juggernaut. If a living being with the heart of a Juggernaut

has the talent of the Juggernaut's nomological law, his talent of the nomological law of a Juggernaut will be enhanced to a certain extent.]

"Heart of the Juggernaut... The laws of the Juggernaut?"

"Isn't the Law of Juggernaut the alias of the Lord's Law?"

"Back then, the First Demon was also a comprehender of the Lord's Law!"

Zhou Zhou was shocked.

Then, he immediately sat down cross-legged and closed his eyes to feel the changes in his body.

A moment later...

He opened his eyes and a look of joy appeared in them.

He could feel that his comprehension of the Lord's Law had actually increased by a lot.

It was almost equivalent to another "Holy Record—Book of Faith" being added to his body.

"In the future, my comprehension of the Lord's laws will be much faster!"

Zhou Zhou nodded in satisfaction.

No matter how powerful those fancy abilities were, in his eyes, they were not as big a surprise as this Juggernaut's heart.

After all, this Juggernaut's Heart was an innate ability that truly concerned one's foundation and future!

He took a deep breath and looked at the second-to-last and third abilities.

[Race Inheritance Name: "Abyss World"]

[Inheritance Level: Master God-Tier Advance Grade]

[Talent Description: With the power of the Abyss as the source, you can forcefully condense a layer of the Abyss World that belongs to you. You don't need to pass the test of the Abyss Will to obtain the protection of the Abyss Will and become the Lord of the Abyss World!]

[Note: This inherited ability can only be used by existences above the True God-Tier.]

...

[Race Inheritance Name: Abyssal Sacred Fire]

[Inheritance Level: Master God-Tier Advance Grade]

[Talent Description: One of the most powerful holy flames in the myriad worlds. It has the ability to ignite the sins in the depths of its heart and create Unholy Abyss life forms.

It can also make living beings who are deeply trapped in Unholy suffer the burning of the holy fire day and night. No matter how strong they are, they will fall into a state of eternal damnation until the sins in their bodies are burned away!]

[Note: This inherited ability can only be used by existences above the True God-Tier.]

...

Zhou Zhou was quite happy when he saw it. He thought that he had discovered two superpowers.

In the end, when he saw the last 'note', he immediately wilted.

So it could only be seen but not eaten!

Then, he suddenly thought of something.

After he became a God Spirit, with the Chaotic Holy Power that he had advanced again, he might be able to try and use these two abilities.

Finally, Zhou Zhou looked at the last line of notifications and a puzzled expression appeared on his face.

"Will Condensation Technique?"

"What's that?"

Zhou Zhou was a little confused.

The various inheritances in his mind had never mentioned any Will Condensation Technique.

There was a way to increase his will, but he felt that it had nothing to do with this condensation method.

Zhou Zhou shook his head.

Since he had no clue, he did not think too much about it.

Let's leave it to fate then.

...

After absorbing the two bloodlines, Zhou Zhou began to cultivate in the cultivation room, planning to organize the two bloodline abilities he had just obtained.

But not long after, a voice suddenly sounded.

"Zhou Zhou, come out and meet me."

"I've already brought the Divine Crystals."

"Also, His Holiness the Yellow Emperor asked me to bring you a gift."

There was no need to think too much about it.

The one who sent the voice transmission was Patriarch Lu, who had just left.

Zhou Zhou perked up. He did not expect the other party to send it over so quickly.

However, he soon became puzzled.

A gift? What gift did His Holiness the Yellow Emperor bring me?

There was no time to think about it.

Zhou Zhou tidied himself up and walked out of Advance Grade Lord's Paradise. Then, he immediately saw Patriarch Lu admiring the scenery of the Blazing Sun Kingdom in the sky.

[Global Lord: 100% Drop Rate](#)

Chapter 826: Ancestor Statue Of The Human Race On Cerulean Planet—Yellow Emperor Xuanyuan!

Zhou Zhou flew over and arrived beside Patriarch Lu.

"Greetings, Patriarch Lu."

Patriarch Lu nodded. Then, he looked at the scenery of the Blazing Sun Kingdom and exclaimed in surprise and satisfaction, "Even though your kingdom hasn't been established for long, it already has a few signs of the fusion of all races and civilizations."

"In time, as long as you don't die midway, even if you can't obtain the position of the Lord of All Races, it won't be a problem for you to become an overlord-level existence in the myriad worlds."

Even if Zhou Zhou was extraordinary, Patriarch Lu, the Yellow Emperor, and the other higher-ups of the human race had never thought that Zhou Zhou could become the Lord of All Races that only existed in legends.

They only hoped that Zhou Zhou and the others could stand out in this Lord of All Races Competition and become a peak expert who could protect the human race. That was enough!

They would feel very lucky if he could become a super expert like Pangu.

As for the Lord of All Races?

They did not dare to think about it.

Or rather...

Even a great civilization like the Original Spirit Race didn't dare to think about it.

After all, the Supreme Will had been looking for the Lord of All Races for a long time. The competition between the ten thousand races had lasted for countless years, but the Lord of All Races had never appeared.

Many experts of many races even thought that the requirements of the Supreme Will were too high. Under such requirements, it was impossible for the Lord of All Races to exist. That kind of existence that was one in a million was just the delusion of the Supreme Will.

However, no one dared to say such words. They could only watch as the Lord of All Races continued to fight until now.

All they could do was to try their best to survive in this Lord of All Races Competition and try their best to obtain as many benefits as possible.

Zhou Zhou smiled and did not say anything.

Patriarch Lu did not say much and directly threw him a yellow brocade pouch.

"In this brocade pouch are 21,642 Divine Crystals at the lower-god level that I borrowed from you. In addition, there's also a gift from His Holiness the Yellow Emperor."

Zhou Zhou had just received it when he was stunned when he heard Patriarch Lu's words.

"21,642 Low-Tier Deity Level Elementary Grades? Didn't I say that I only needed 10,000 Low-Tier Deity Level Elementary Grades?"

He asked doubtfully.

"You lent me the right to use 10,000 Low-Tier Deity Level Elementary Grade divine artifacts for 10 years, allowing the human race to live in peace for 10 years. How can the significance of this be measured by 10,000 Low-Tier Deity Level Elementary Grade Divine Crystals?"

Patriarch Lu looked at Zhou Zhou and said with a smile, "I know you have good intentions for us humans, but we humans aren't at the point where we need a junior like you to take care of us."

"I obtained these 21,642 Divine Crystals after going to the human treasury. This is all I have for the time being. I don't have anything else. Don't think it's too little."

"I wouldn't dare." Zhou Zhou hurriedly said.

Patriarch Lu nodded, his expression suddenly becoming serious.

"I've come to talk to you about something else besides these two things."

"Senior, please speak."

Zhou Zhou immediately said.

"I'm prepared to let you join the Supreme Council of the Human Race and as a member of the Supreme Council!"

Patriarch Lu said solemnly.

"The Supreme Council? A Member?"

Zhou Zhou was stunned.

This was... making him a higher-up of the human race? But he was only at the Legendary-Tier!

Patriarch Lu seemed to have guessed Zhou Zhou's thoughts and said calmly,

"There are three criteria for human powerhouses to become human councilors."

"First, you have to be loyal to the human race and not have any thoughts of betraying the race. You can't even have any thoughts of betraying the race!"

"Second: You need to make one heaven-level contribution, three earth-level contributions, ten black-level contributions, and 100 yellow-level contributions to our human race!"

"Third, your strength has to have reached the God Spirit level!"

"Your loyalty to the human race is witnessed by His Excellency the Yellow Emperor and I. There's no mistake. As for the heart of betraying the clan and the heart of a foreigner, it's even more impossible."

Patriarch Lu chuckled.

The current Zhou Zhou had performed too well in the two Supreme Will events. It could be said that he stood at the center of the storm.

At this moment, he was already seen as a thorn in the flesh by all the races. They all wanted to kill him.

Betraying the humans?

Unless Zhou Zhou was an idiot, otherwise that would not happen.

"As for the contribution, there's nothing to say."

"You saved the Knight Empire and the Divine Sword Empire. Just these two things alone are worth more than a hundred Heaven-level contributions."

"As for the final God Spirit strength..." Patriarch Lu looked at Zhou Zhou and shook his head. "Even though you haven't reached it, you should have already embarked on your own path to becoming a God."

"Becoming a God should only be a matter of time for you."

"Therefore, I can make an exception in this matter and directly make you a member of the Supreme Council of the Human Race!"

"I'll inform the other members. You don't have to worry about that."

"Prepare yourself."

"Members have rights and obligations. It's not as easy as you think."

Zhou Zhou was a little stunned.

Is it that simple? He had become a member of the Supreme Council of the Human Race without doing anything?

"Tonight, you will participate in the Supreme Council of the Human Race. We will hold a welcome party for you. We do this because the addition of every new council member represents another increase in the strength of the Human Race. When the time comes, just do your job. Don't worry about anything else."

Patriarch Lu reminded.

Zhou Zhou nodded subconsciously.

When he came back to his senses, Patriarch Lu had already disappeared.

Zhou Zhou floated in the sky for a while before returning to Advance Grade Lord's Paradise.

...

In the study.

Zhou Zhou opened the brocade bag and realized that there were two items inside.

One of them was 21,642 Low-Tier Deity Level Divine Crystals.

After Zhou Zhou put it away, he looked at another item.

It was a statue of the Ancestor Statue of the human race on the Cerulean Planet!

Moreover, from the looks of the statue, it was none other than His Excellency the Yellow Emperor himself!

Zhou Zhou took it out and placed it in front of him. Just as he reached out to touch it, he heard a smiling voice beside his ear.

"Little friend Blazing Sun."

"This Ancestor Statue suddenly appeared in my Xuanyuan Tomb when the myriad races descended on the supreme continent."

"It's useless for me to keep it. I'll give it to you."

"I hope that you can safely survive this calamity of the myriad races in the future and stand shoulder to shoulder with us."

"Thank you, Your Holiness."

After Zhou Zhou heard the Yellow Emperor's words, he didn't care if "He" could hear him and said politely.

At the same time, he was a little surprised.

It turned out that the Ancestor Statue of the humans on Cerulean Planet might not only drop from monsters.

Then, he looked at the statue, and a text notification appeared.

[Treasure Name: Ancestor Statue of the Human Race of Cerulean Planet—Yellow Emperor Xuanyuan]

[Treasure Grade: Legendary-Tier]

[Treasure Effect: Place it in the shrine of the Imperial Ancestral Temple and activate the Ancestor Statue's Ancestral Enhancement effect on territory, Subjects, or Lords!]

[Treasure Name: Ancestor Statue of the Human Race of Cerulean Planet—Yellow Emperor Xuanyuan]

"It's indeed the ancestral statue of the Yellow Emperor!"

Zhou Zhou smiled and brought the Ancestor Statue to the Imperial Ancestral Temple without another word.

...

The Imperial Ancestral Temple.

Zhou Zhou looked at the scene in front of him.

Seven ten-meter-tall red shrines were neatly placed on the altar.

Four of the shrines worshiped the ancestral statues of Sun Simiao, Gong Shuban, Liu Bei, and Zhang Heng.

The other three shrines were empty.

Zhou Zhou bowed respectfully to the four Ancestor Statues before placing the Yellow Emperor Statues in the center.

[Global Lord: 100% Drop Rate](#)

Chapter 827: Ancestral Enhancement—First Ancestor Of Humanities! Part-Time Demon Hunter Class!

The next second, the entire hall shook.

Then, a gentle and righteous male voice sounded.

...

[Yin and Yang, the Dao of Heaven and Earth, the outline of all things, the parents of change, the beginning of life and death, the residence of the Gods.]

...

Zhou Zhou nodded slightly.

This is from the Yellow Emperor's Internal Cultivation: The manifestation of Yin and Yang from the macrocosm to the microcosm.

What it meant was that Yin and Yang were the general rules of the universe. They were the outline of everything, the origin of the changes in all things, and the root of the growth and destruction. There was a lot of logic in it. Anyone who treated illnesses had to find the root of the change in the illness.

Then, he looked at the following text notification.

[You have placed a Legendary-Tier Ancestor Statue of the Human Race on Cerulean Planet in the shrine of the Imperial Ancestral Temple. The Yellow Emperor Xuanyuan has activated the exclusive Ancestral Enhancement Effect: First Ancestor of Humanities!]

[The current Ancestor Statue has been updated!]

[Current Ancestral Enhancement Effect has been updated!]

Zhou Zhou opened the Current Ancestral Enhancement Effect.

[Ancestral Enhancement: First Ancestor of Humanities]

[Grade: Legendary-Tier]

[Buff Effect one: It's easier for the Professionals in the territory to have a flash of inspiration on the basis of theory or practice and create items or theories that have more developmental and progressive meaning.]

[Buff Effect two: Life Professionals in the territory. The promotion energy needed to advance—20%.]

[Buff Effect three: When the Professionals in the territory undergo a Professional Level Breakthrough, the probability of breaking through will increase by 20%!]

[Buff Effect four: All Lifestyle Professionals in the territory have their potential increased by a large level. They can't surpass Legendary-Tier Advance Grade at most. (If they leave the territory, the potential enhancement will be ineffective.)]

After reading it, Zhou Zhou gasped.

This person's first ancestor's buff effect was a little terrifying!

Especially the last one.

It directly raised the potential of all the Lifestyle Professionals in his territory by a large level!

Black Iron-Tier Potential to Green Bronze-Tier Potential...

White Silver-Tier Potential to Yellow Gold-Tier Potential... and so on.

Just this Ancestral Enhancement alone was worthy of the Legendary-Tier Ancestor Statue, what more the other top-grade buffs!

Zhou Zhou was very satisfied.

At the same time, he had a better impression of the Yellow Emperor.

Then, he did not leave. He directly offered 100 Extraordinary-Tier Mist Cores here, wanting to obtain an Ancestral Blessing.

The five Ancestor Statues emitted a faint white light and a text notification appeared.

[You have obtained an Ancestral Blessing: Battle of Zhuolu (War Enhancement)!]

[Battle of Zhuolu (Legendary-Tier War Enhancement): When a Lord leads his soldiers to fight the enemy, their basic combat strength increases by 100%! (Can be stacked) Duration: 3 days.]

Zhou Zhou's eyes lit up.

This Ancestral Blessing was not bad!

It had to be known that under the enhancement of equipment, Skills, military formations, hero skills, Law Skills, titles, and so on, his soldiers' combat strength was already quite terrifying.

While they were only Kingdom-level soldier types, if they really had to fight, his soldiers would not be weaker than Empire-level soldier types.

This was the true conclusion he came up with after comparing the combat strength of the Army Extermination Knights!

On this basis, his soldiers' basic combat strength increased by another 100%.

Under such circumstances, even if it was an Empire-level soldier type, he was confident that his Kingdom-level soldier type could defeat the other party!

And what surprised Zhou Zhou the most was...

This Ancestral Blessing could last for three days! Furthermore, it could be stacked!

"Three days is enough for me to do many things."

Zhou Zhou nodded in his heart.

Then, he sent someone to call Gerton, the Subject he had summoned from the Gate of Summoning in the past who knew how to change his class to Demon Hunter. He also told him that he had found a suitable demon bloodline and was preparing to advance to the Demon Hunter Class.

A moment later...

Gerton came over.

Following him was a middle-aged man with white hair and a firm and cold gaze. There was an old scar on his right eye, and he was tall and muscular. He was dressed in a dark brown high-level hunter outfit.

When Zhou Zhou saw the two of them, his gaze landed on the middle-aged man.

"You are... a God Spirit?"

"He" said in surprise.

"Your Majesty, he is the teacher who brought me into the Demon Hunter Class, the Demon Hunter Master—Geralt!"

Gerton said hurriedly.

"I went to the Abyss some time ago, so I was separated from my disciple for a period of time."

"Thank you for taking care of my disciple, Your Majesty."

Geralt said politely.

"It's nothing."

"Besides, I didn't take any extra care of Geralt."

Zhou Zhou shook his head.

Geralt did not believe him.

As a teacher, "He" naturally understood this disciple of "His".

When "He" left, Gerton was only at the Diamond-Tier Elementary Grade.

In the end, how long had it been? Gerton's strength had actually increased by two major levels, directly reaching the Epic-Tier Elementary Grade!

In addition, Gerton himself admitted that he had benefited a lot from the Blazing Sun Kingdom.

Naturally, "He" attributed all of this to this Human Lord whose name shook the Supreme Continent.

However, "He" didn't say much. Instead, "He" said,

"I heard that His Majesty wants to change his profession to Demon Hunter?"

"Yes."

Zhou Zhou nodded. "I've admired the Demon Hunter Class for a long time. Moreover, I have the ability to take on other combat Classes, so I want to take on a Demon Class."

Geralt nodded.

Even though the part-time ability sounded magical, it was not impossible in the High Continent.

However, if "He" knew that Zhou Zhou could take on six additional combat Class jobs, "He" wouldn't think so.

"My disciple's proficiency in creating the 'Hunter's Secret Potion' is not high."

"Your Majesty, how about this, how about I make your class advancement secret medicine?"

"I can let His Majesty become a Demon Hunter safely and without any future troubles!"

Geralt said.

Zhou Zhou looked at "Him".

After waiting for two to three seconds, he realized that there was no notification of Danger Prediction in his heart. Furthermore, his Talent Intuition was also hinting to him to choose Geralt to help him with the class advancement ritual. He no longer hesitated and directly nodded.

"If that's the case."

"I'll have to trouble Your Holiness Geralt then!"

This Geralt was actually a rare High-Tier Deity-level Advance Grade Demon Hunter. Moreover, from his perception, he was not far from becoming a True God-Tier.

Therefore, Zhou Zhou was still very polite to "Him."

Geralt looked at him in surprise. Then, a rare faint smile appeared on his cold and determined face.

Because of the things they had experienced and the characteristics of their Class, Demon Hunters were often extremely lonely. Even among their companions, they were filled with vigilance, suspicion, and betrayal.

However, Geralt actually felt a rare sense of trust, respect, and kindness from this human Lord whom he had met for the first time.

This even left "Him" in a daze.

"He" calmed down.

"If you want to change your class to a Demon Hunter, you have to prepare a demon bloodline or have a demon bloodline yourself."

"Your Majesty should know about this, right?" "He" asked.

"I have the devil's blood in me. Furthermore, I have two demon bloodlines that share the same origin as mine. I'll listen to senior's advice as to how to use it." Zhou Zhou said.

"His Majesty is well-prepared."

"Since His Majesty has the bloodline of a demon, there's no need for anything else."

"Your Majesty, please prepare a quiet secret room for me first."

"After I concoct the secret medicine for the class change, His Majesty can come over to soak in the secret medicine and change his class to Demon Hunter." Geralt said.

Zhou Zhou nodded and immediately sent someone to prepare a quiet and secret chamber for the other party.

[**Global Lord: 100% Drop Rate**](#)

Chapter 828: True God-Tier Advance Grade Divine Artifact— Eye Of The Twilight Giant!

It would take Geralt a long time to make the 'Hunter's Secret Potion', and it would probably only be completed at night.

Zhou Zhou didn't plan on waiting for "Him" forever, so he prepared to lead his troops to the New Wind Demon Kingdom.

However, before that, he had to extract the corpses of the three True God-Tier Demon Gods.

...

A moment later...

Advance Grade Lord's Paradise, in a secret room of the highest standard.

Zhou Zhou took out the Sky Spirit Ship that he had seized from the Ice Demon Kingdom previously and entered the inner world of the Sky Spirit Ship. Then, he took out his Spatial Ring and took out the corpses of the three True God-Tier abyss demons, placing them in this small world.

Boom! Boom! Boom!

Three huge demon corpses that were more than ten thousand meters long appeared on the ground.

The surging Abyssal Demonic Qi emanated from their corpses and permeated the small world, causing the wind and clouds in the small world to change. It was actually showing signs of transforming into an Abyssal world.

"True God-Tier corpses are indeed not to be underestimated!"

Zhou Zhou's expression turned serious.

There was no time to think.

He immediately prepared to extract it.

He first looked at Azgrad's corpse, which was the most powerful tyrannical and tyrannical ruler of the Dark Crow when he was alive.

"His" body was half flesh and half bone. "He" wore a blood-red crown with a dark golden ball of light floating above it. A necklace made from the eyes of various gods hung around "His" neck. A mental impact that was filled with blood and violence was constantly released from this necklace, constantly evolving various illusory phenomena within a radius of 50,000 kilometers.

A text notification appeared.

[Item Name: the tyranny and despotic ruler of the Dark Crow Azgrad's corpse (Lord of a Beginner Kingdom)]

[Item Level: True God-Tier Advance Grade]

[Item Effect: Contains unextracted loots.]

[Item Description: Beginner Lord of the Divine Kingdom, a super expert in the Abyss. He was once a famous deity in the Abyss. Later on, after he built the Divine Kingdom, his reputation became even better than before. In order to go further and become a Master God-Tier, Azgrad chose to serve a higher race civilization and obtained the resources and news to advance to the Master God-Tier. However, this brought about a fatal disaster for "Him."]

[Loots Drop Rate: 200 True God-Tier Divine Crystals (Drop Rate: 100%), 100 million Origin Crystals (Drop Rate: 100%), one True God-Tier Law Skill (God of Tyranny) (Drop Rate: 10%), one True God-Tier Law Skill "Absolute Will" (Drop Rate: 10%), one High-Tier Deity-level Advance Grade Nine Gods Evil Eye Necklace (Drop Rate: 10%), one High-Tier Deity-level Advance Grade Divine artifact Cruel Crown (Drop Rate: 10%), one High-Tier Deity-level Advance Grade Divine Artifact Fall Star Core (Drop Rate: 10%), one True God-Tier Skill Book "Spirit Absorbing Demonic Abyss" (Drop Rate: 5%), one True God-Tier Advance Grade "Book of The God Spirit" (Drop Rate: 0.001%), one Epic-Tier Lord Talent Origin Crystal (Drop Rate: 0%), Five Epic-Tier Lord Talent Crystal Fragments (Drop Rate: 0%)]

Zhou Zhou looked at the Loots and immediately revealed a look of joy.

Good God!

As expected of the strongest of the three True Gods, the Abyss True God-Tier.

There were a total of three High-Tier Deity-level Advance Grade divine artifacts.

If he extracted it, he could directly obtain nine True God-Tier divine artifacts!

Furthermore, the other party had an Epic-Tier Lord Talent Origin Divine Crystals!

Just this alone was enough for him to make a killing!

He did not even look at the other spoils of war and directly chose to extract them.

[Lord Talent Notification: Your loots have been enhanced by the 'King of Loots—Perfect Loots'. Grade +1!]

[Title Hint: Your loots have been affected by the title of the Strongest Lord. The number of Loots has increased by 150%!]

[Lord Talent Notification: You have obtained Perfect Loots — 450 Divine Crystals (Master God-Tier), 250 million Origin Crystals, three Law Skills "Lord of Tyranny" (Master God-Tier Advance Grade), three Law Skills "Decisive Mind" (Master God-Tier Advance Grade), three Divine Artifacts Eye of the Twilight Giant (True God-Tier Advance Grade), three Divine Artifacts Crown of Original Sin (True God-Tier Advance Grade), three Divine Artifacts Heart of the World (True God-Tier Advance Grade), three Skill books "Fallen God Battlefield" (True God-Tier Advance Grade), three Skill books "" (Master God-Tier Advance Grade), one "Book of The God Spirit" (Master God-Tier Advance Grade), one Lord Talent Origin Crystal (Legendary-Tier), 13 Lord Talent Crystal Fragments (Legendary-Tier)!]

Zhou Zhou was pleasantly surprised to see so many Loots.

Good God!

There was no need to mention True God-Tier Divine Artifacts.

Most importantly, there were also Master God-Tier Divine Crystals, Law Skills, skill books, and the Book of The God Spirit!

Even his Epic-Tier Lord Talent had become Legendary-Tier Lord Talent.

Not bad, not bad!

As expected of a True God-Tier corpse, the spoils of war did not disappoint him.

He began to check the information of these Loots.

First was the Law Skill.

[Law Skill Name: Lord of Tyranny]

[Law Skill Quality: Master God-Tier Advance Grade]

[Introduction to law skills: Manipulate the power of tyrannical laws to make yourself the master of laws within a certain radius. If you are in a Boundless Universe, you can even directly and temporarily replace the world will of the Boundless Universe and make your own will become the will of the world. Leading the world to distortion of tyrannical laws

During the period of becoming a master of laws, the Lord of Tyranny's all-round abilities and quality had increased by 100%. Within the domain, the tyrant lord could command the law with his words and was immune to attacks from the Master God-Tier Intermediate Grade and below.

All living beings within the range of the laws of the Lord of Tyranny, as long as their strength was below the Master God-Tier level, their lives would be at the whim of the Lord of Tyranny. The Lord of Tyranny could even turn all living beings within the range of the laws into his fanatic believers with a thought.]

"What a powerful Lord of Tyranny."

"Using one's own will to replace the world's will, one's words become law, and one is immune to attacks at the level of a Master God-Tier. With a thought, one's life is no longer under one's control..."

"As expected of a Master God-Tier Law Skill!"

Zhou Zhou clicked his tongue.

He found it hard to imagine what a battle at the Master God-Tier level was like.

He didn't hesitate and directly took out a book to study.

Even though it was a Master God-Tier Advance Grade nomological skill, Zhou Zhou had learned it now. Without increasing his strength, he could at most unleash the power of a High-Tier Deity-level with the Chaotic Sacred Power.

But it was enough.

He gathered his thoughts.

Zhou Zhou looked at the next Law Skill.

[Law Skill Name: Decisive Mind]

[Law Skill Quality: Master God-Tier Advance Grade]

[Introduction to the Law Skills: The God Spirit that masters the Decisive Mind can temporarily replace the will of all living beings with their own will, and control all living beings to act.]

...

"This is an extreme Army Heart Law Skill!"

Zhou Zhou exclaimed.

Then, he immediately started learning.

As for the remaining two books, Decisive Mind, Zhou Zhou planned to see who could make a great contribution in the future and give them to the other party as a reward.

Right on the heels of that, Zhou Zhou looked at the nine True God-Tier Divine Artifacts.

The first was the True God-Tier Advance Grade divine artifact—Eye Of The Twilight Giant!

The Eye Of The Twilight Giant was a fiery red pendant.

The most important part of the pendant was a gem in the shape of a flaming eye that seemed to be burning with scarlet flames. It carried a strong sense of Doomsday Destruction.

[Divine artifact Name: Eye Of The Twilight Giant]

[Divine artifact Grade: True God-Tier Advance Grade]

"As expected of True God-Tier Divine Artifacts!"

Zhou Zhou clicked his tongue.

Chapter 829: Crown Of Original Sin! Heart Of The World! Book Of The God Spirit—Juggernaut Of The Abyss!

Then, Zhou Zhou could not help but get excited.

With this Eye Of The Twilight Giant, he would have a treasure that could deal with a True God-Tier!

In the future, when he faced True God-Tier or even True God-Tier Advance, he would not be too afraid.

He immediately treated it as one of his most crucial and useful trump cards and placed it in his King's Treasure Box.

Then, he looked at the second True God-Tier Advance Grade Divine Artifact — Crown Of Original Sin.

[Divine artifact Name: Crown Of Original Sin]

[Divine artifact Grade: True God-Tier Advance Grade]

[Divine Artifact Law One - God of Original Sin: Creatures wearing the Crown Of Original Sin can freely use "Gluttony", "Greed", "Laziness", "Envy", "Pride", "Lust" and "Anger". They are the skills and law skills True God-Tier Advance Grade of the seven original sins.

[Divine Artifact Law Three - Prison of Original Sin: The crown jewel of the Crown of Original Sin contains a prison space of original sin. [Prompt: It can be bound to the soul.]

Zhou Zhou looked at the attributes of this True God-Tier Divine Artifacts and then lost interest.

Firstly, he did not walk the path of the Original Sin. Secondly, he did not need the so-called potential. Thirdly, wasn't his Lord Talent in the Peaceful Times 100 times better than the Original Sin Prison?

"In the future, I can sell it to humans or people of foreign races or exchange it for other divine artifacts that are useful to me."

Zhou Zhou thought about the use of the Crown Of Original Sin in the future.

Then, he looked at the last True God-Tier Advance Grade divine artifact.

[Divine artifact Name: Heart of the World]

[Divine artifact Grade: True God-Tier Advance Grade]

[Divine Artifact Law - Source of Law: The Heart of the World is the core of a world, and it is the source of all laws. Creatures cultivated near the heart of the world, the understanding of the law +100%.]

[Divine Artifact Law Two - Heart of the World: The Heart of the World is the core of a world, and it is the source of all laws. Creatures cultivated near the heart of the world, the understanding of the law +100%.]

[Prompt: It can be bound to the soul.]

Zhou Zhou raised his eyebrows in surprise.

The Heart of the World was quite useful.

He thought about it and made a decision.

These three True God-Tier Advance Grade Heart of the World

He would keep one and use it as a supplementary divine artifact to comprehend the laws in the Time World.

When the time comes...

When Zhou Zhou and his subordinates were comprehending the nomological laws, he directly placed a Heart of the World in his main bodies, increasing the efficiency of him and his subordinates comprehending the nomological laws.

As for the other two Hearts of the World, Zhou Zhou didn't hesitate and directly threw them into the small world in his heart.

When the two True God-Tier Advance Grade World Cores were thrown into the small world in his heart, Zhou Zhou, as the Lord of the World, almost immediately felt that the two Hearts of the World began to continuously release strange energies into his small world.

After this strange energy appeared in his small world, it began to be quickly absorbed by his small world.

At this moment, Zhou Zhou felt that the speed of his small world's growth had increased by thousands of times!

"As expected of a True God-Tier Advance Grade treasure!"

"With these two Hearts of the World, it won't be long before the small world in my heart grows into a true Small World."

He nodded in satisfaction.

Normally speaking, the Original Spirit Race's small world would need at least tens of thousands of years, or the Original Spirit Race would have to become a High-Tier Deity-level existence before it could grow into a small world.

A True God-Tier was promoted to a Middle World!

Master God-Tier would have advanced to the Boundless Universe!

Like him.

Before he became a High-Tier Deity-level or even a god, the small world in his body was about to grow into a minor chiliocosm. Even if there were, it was extremely rare!

Satisfied, he looked at the skill of the next Master God-Tier Advance Grade.

[Skill Name: Fallen God Battlefield]

[Skill Quality: Master God-Tier Advance Grade]

[Skill Description: Turn the surrounding area, or even the entire world, into a forbidden Fallen God Battlefield.]

In the Fallen God Battlefield, the user's strength would increase by 10%. Moreover, for every God Spirit that died, the user's strength would increase by 10% to 100%.

After casting the Fallen God Battlefield, unless it was a Supreme God Realm, existences below the Master God-Tier Advance Grade would not be able to escape from the Fallen God Battlefield.

The divine power in the bodies of the gods on the Fallen God Battlefield will continuously be lost and controlled by the user.]

...

"The predecessor of the Fallen God Battlefield should be the method used by these three Demon Gods to trap Bai He."

Zhou Zhou thought after seeing this skill.

Then, he put it away.

The grade of this Skill was too high. He could not use it at the moment.

He might not even be able to use it for a long time.

He could give it to other life forms.

For example, the Extreme World Honored Dragon or the Dark Holy Dragon...

They should be interested.

Then, he looked at the Master God-Tier Advance Grade Book of Divinity.

[Treasure Name: Book of The God Spirit]

[Treasure Grade: Master God-Tier Advance Grade]

Treasure Effect: A Mythical-Tier book that records the path of the Abyss Juggernaut. After using it, one can embark on the path of becoming an Abyss Juggernaut.

[Treasure Description: Book of God Inheritance. After using it, you can walk on a smooth path to becoming a God, but whether you can really become a God in the end depends on the user himself.]

"Juggernaut of the Abyss..."

Zhou Zhou took a deep breath.

It sounded like an impressive God Spirit Path.

At this moment, he was even a little tempted to grasp this path to becoming a God.

At most, he would cultivate another God Spirit Path apart from the Lord's Law.

Zhou Zhou was already used to such things.

He calmed down.

"I'll ask Bodhi Supreme later."

Zhou Zhou thought to himself

As for the final Legendary-Tier Lord Talent Origin Divine Crystals, Zhou Zhou planned to take a look after conquering the New Wind Demon Kingdom.

He then extracted the corpse of the Queen of Spiders, Lorci, and the Immortal King, Orcus.

After dissecting the two corpses, Zhou Zhou obtained three types of nine Intermediate True God-Tier divine artifacts and four types of twelve Elementary Grade True God-Tier divine artifacts!

There were 750 Master God-Tier Divine Crystals, 12 Master God-Tier Law Skills, 2 Intermediate Master God-Tier Book of The God Spirit, 18 Black Iron-Tier Lord Talent Crystal Fragments, and more than 50 True God-Tier materials, potions, and other items.

"I only borrowed four divine artifacts and gave him a True God-Tier Undying God."

"In exchange for 30 True God-Tier Divine Artifacts and a large number of True God-Tier and Master God-Tier treasures!"

"This deal is really profitable!"

"In the future, I can lend more divine artifacts or other treasures to human experts."

"I don't need anything else."

"As long as the other party gives me the corpse they obtained."

The more Zhou Zhou thought about it, the more he felt that this was a profitable deal. He was prepared to tell Temple Lord Bai He about it.

With his current status as a member of the Human Race's Supreme Council and his close relationship with the highest level of the Human Race, it shouldn't be difficult to do this.

After that, he did not waste any time. He got Bai Yun to summon the army and prepare to head to the New Wind Demon Kingdom.

Chapter 830: Towards The New Wind Demon Kingdom! Void Formation!

The New Wind Demon Kingdom was not far from the Blazing Sun Kingdom. Even the previous Starry Night could take a day to reach the location of the New Wind Demon Kingdom, let alone the more advanced Galaxy.

Therefore, when Zhou Zhou led more than 4.2 billion troops and gods to set off, they arrived at the location of the New Wind Fiend Nation in less than a moment.

...

On a dry land that was dry and cracked, 10 Galaxy ships that were in the state of Spatial Concealment were hovering in the sky.

In the Galaxy in the lead, Zhou Zhou stood inside the virtual outdoor mode and looked out at the cloudless, scorching sky. He even asked Li Huiyue beside him.

"Is the New Wind Kingdom here?"

"That's right. Right here."

Even though Li Huiyue had experienced many hardships in her life and could no longer easily show her emotions, she still couldn't help but look excited when she returned to her hometown. She forcefully appeased her emotions before explaining, "Currently, the New Wind Demon Kingdom is in the Wind King Barrier. Therefore, you can't see anything from the outside."

Zhou Zhou nodded.

He was a little surprised.

This Wind King Barrier formation was indeed extraordinary.

He had mastered many spatial Law Skills, but he actually could not sense where the array formation of this Mid-Tier Deity-level Advance Grade was.

Only when he held the Sword Of New Dimension Creation could he clearly sense that in the space above his head, there was a clear outline of a spatial barrier. There seemed to be a strange world sealed inside.

"Teacher Li."

"You can open the barrier now."

Zhou Zhou said.

"Your Majesty, please wait a moment."

Li Huiyue nodded excitedly.

Her Majesty had brought a total of 4.2 billion God Spirits and all ten God Spirits to conquer the New Wind Demon Kingdom.

With such a shocking lineup, it was naturally easy for them to face the New Wind Demon Kingdom, which only had more than 50 million troops at its peak.

Therefore, she wasn't worried about what danger her Majesty and the soldiers of the Blazing Sun Kingdom would encounter after opening the Wind King Barrier.

On the contrary, at this moment, her heart was filled with gratitude.

His Majesty was too good to an old woman like her.

Unfortunately, His Majesty didn't have any feelings for Bao Xiu'er, and she was very willing to matchmake them...

At this moment, many thoughts flashed through Li Huiyue's mind but she quickly abandoned these thoughts. She took a deep breath and flew out of the Galaxy.

Just as she was floating in the sky, a voice suddenly sounded in her mind.

It was Zhou Zhou's voice.

"Teacher Li."

"Now, the New Wind Kingdom has fallen into the hands of the devils."

"If you open the barrier and let me crusade against the New Wind Demon Kingdom, it will definitely cause the deaths of many living beings in the New Wind Demon Kingdom, including your King Father, Queen Mother, relatives, friends, and citizens..."

"Actually, with this Wind King Barrier, even if I don't crusade against the New Wind Demon Kingdom, it won't affect the living beings outside the barrier. It's fine to keep it, and no one will blame you."

"Are you really... ready?"

Li Huiyue, who was high in the sky, was stunned. Then, she turned to look at Zhou Zhou and met his calm and bright eyes that were as bright as the stars.

She stroked the silver hair by her ear, her eyes shining with tears. She sent a determined voice transmission.

"King Father, Queen Mother, and the citizens of New Wind will understand my choice."

Zhou Zhou did not say anything and only nodded slightly.

Li Huiyue nodded gently as well. Then, she stretched out her right hand and saw traces of blood fly out from her palm. Then, she began to condense the blood key to open the Wind King Barrier.

Zhou Zhou looked at it for a few seconds before calling Bai Yun over.

"Your Majesty."

Bai Yun came behind Zhou Zhou.

"How long can the Sacred Redemption Medicine restore the fog monster to a normal life form?"

Zhou Zhou asked.

"The current second-generation Sacred Redemption Medicine can at most become a fog monster for about 10 years and return to its previous state."

"Any more than that, it won't work."

"However, the Master Alchemists of the Alchemist Union have been researching this topic. They should be able to develop Sacred Redemption Medicine with better effects in the future."

Before coming, Bai Yun had brought a large number of Dark Walker's secret medicines with her, so she was very familiar with these secret medicines. Therefore, when Zhou Zhou asked, she answered without hesitation.

"10 years."

Zhou Zhou acknowledged.

He felt that it was a pity.

According to what Li Huiyue had told him, the New Wind Kingdom had gradually become the New Wind Demon Kingdom for more than 50 years.

The second generation Sacred Redemption Medicine obviously could not restore the citizens of New Wind to their former state.

Zhou Zhou whispered something into Bai Yun's ear. Then, Bai Yun said yes with a slightly red face and turned to leave to convey Zhou Zhou's orders.

Zhou Zhou stood on the spot and watched Li Huiyue condense the blood key in the distance.

Soon, with Li Huiyue's blood key completed, the former princess sent the blood key into the void in front of her.

The next second, ripples suddenly appeared in the Void in front of her. Then, a silver Spatial Teleportation Array slowly appeared.

"Void Formation?!"

"As expected of the former Advance Kingdom. It does have a foundation."

Zhou Zhou exclaimed in surprise when he saw this.

The formation of the Void was not something that ordinary array masters could do.

This was because it involved the technique of setting up an array without a medium.

And the most crucial requirement to be able to set up an array without a medium was that the array master must have a certain understanding of the laws of array formations!

Only an array master who had comprehended the laws of array formations could form an array formation in the Void without the materials to set up an array formation!

Which meant...

In the past, the New Wind Kingdom had either invited a God-Tier array master to set up this array formation for their kingdom.

Either that, or their kingdom had a God-Tier array master.

Zhou Zhou was inclined to the former.

After all, God-Tier Array Masters were existences that even Empire-level Lord factions yearned for. Ordinary Kingdom-level Lord factions, even Advance Kingdom Lord factions, would find it difficult to have a God-Tier Array Master.

At this moment...

Li Huiyue, who had opened the entrance of the Wind King Barrier, also flew back.

"Your Majesty, this is an escape tunnel that only our royal family knows about."

"The main reason I was able to escape from the Infernal domain was because of this secret passage"

"The security of it should be trustworthy,

because this escape tunnel had yet to be discovered when I escaped from the New Wind Demon Kingdom a year ago."

"There's not much chance of being discovered now."

Li Huiyue said.

Zhou Zhou nodded and waved at the generals behind him without looking back. He ordered in a deep voice,

"Everyone, listen up."

"Prepare to enter the Wind King Barrier!"

"All soldiers, prepare for battle in case of any accidents!"

"Yes, Your Majesty!"

The generals said in unison.

Then, the 10 Galaxy ships flew towards the entrance of the Wind King Barrier in unison and quickly entered the Wind King Barrier before disappearing.
