Chapter 877: Becoming The Sixth Speaker! The Powers And Obligations of the Speaker!

Time passed quickly.

The sky gradually darkened.

Scarlet Fog gradually appeared in the air.

At this moment, the huge battlefield that covered a radius of 50,000 kilometers finally gradually calmed down with the destruction of the Scarlet Army's allied forces.

The clergy, doctors, and other healers rushed to the battlefield to save the gods who had been injured and died in the war.

As for the other uninjured soldiers, they were cooperating with Galaxy on the vast battlefield to collect the Loots.

There were a total of five billion fog soldiers' corpses. Just collecting these was enough for Zhou Zhou's soldiers to spend a lot of time.

Fortunately, with the 18 Galaxy, this speed could be greatly reduced.

After the dust settled on the battlefield, Zhou Zhou slowly flew out of the Galaxy and looked at the blood-colored battlefield that had completely changed.

"Five billion corpses are lying on the ground, and blood is flowing for a hundred thousand miles."

"The current war alone has already developed to this extent."

"I wonder how tragic it will be when it involves the battle of the myriad worlds in the future?"

Zhou Zhou thought ruefully.

This battle alone was enough to surpass all the battles in the history of the Cerulean Planet or Earth.

If he was still on the Cerulean Planet or Earth, he would definitely become the number one person in the history of war!

At this moment, a large number of figures suddenly flew over from afar.

Zhou Zhou looked over. It was Yang Jian, Nezha, the Goddess of the Holy Land, and the other humans who had come to help the God Spirits.

"Greetings, Sixth Speaker."

The immortals of the human race were a little reserved and respectful. Their attitude was very different from before.

"They" looked at Zhou Zhou with reverence. Even the arrogant immortals did not dare to show any disrespect to Zhou Zhou.

The Lord of All Races in front of them was a super existence who had killed a semi-True God-Tier Elementary Grade!

It was equivalent to a Mahayana cultivator killing a Grand Luo cultivator!

How could he be so heaven-defying?

No matter how arrogant they were, they would not be stupid to show their arrogance to an existence not only powerful but also with a limitless future.

"You're too kind, everyone."

"Thank you for your help in this battle."

"I won't go back on the benefits I promised previously. When the time comes, everyone can choose the divine artifact you want."

Zhou Zhou smiled at them.

He naturally knew their attitude in his heart but he didn't care.

This battle could not have been won without the help of these God Spirits in front of him, if he only relied on the God Spirits under his command, the difficulty of this battle would definitely be ten times higher than before!

Not to mention anything else, even if "He" relied on his powerful strength to win against the many soldiers and God Spirits under him in the end, most of his God Spirits and experts would probably die in this battle.

Unlike now, the main generals and heroes had only lost about 30% of their lives. They could be revived later, and the losses were almost negligible.

On the other side, when the immortals heard this, their faces immediately revealed excitement and anticipation.

Apart from helping the King of the Blazing Sun, wasn't the most important reason why "They" came here for the divine artifact?

As long as they participated in the battle, they could obtain a divine artifact at Low-Tier Deity Level!

They could even obtain an entire set of divine artifacts if they killed a scarlet God Spirit!

Even if he was injured or died in battle, he could obtain compensation from the divine artifact.

Which God Spirit could withstand such a test?

Zhou Zhou smiled when he saw their expressions. Then, he suddenly reacted and asked curiously, "What does the Sixth Speaker mean?"

"Speaker, don't you know?" Yang Jian smiled and said, "Just now, the Yellow Emperor, Patriarch Lu, and Bai He secretly watched the entire process of our battle, especially your battle."

"Therefore, 'They' determined that you now officially have power comparable to a True God-Tier."

"In addition to your contributions and the special situation of the human race, the three members of royalty have decided to make an exception and upgrade your identity as an ordinary Councilor to the status of 'Speaker'."

"Speaker!"

"Only the True God-Tier of the human race can take on the role."

"Therefore, you are now the Sixth Speaker of our Human Race."

"We just received this news."

Zhou Zhou immediately opened his personal terminal and realized that there were indeed several new messages. They were all sent by the Yellow Emperor, Patriarch Lu, and Bai He.

They all told Zhou Zhou that he was now the Speaker of the Human Race and truly stood at the highest level of the Human Race. He was on par with the Yellow Emperor, Patriarch Lu, Bai He, and the Nirvana Buddha Lord.

Zhou Zhou stroked his chin.

Good God!

He had just officially become a Councilor yesterday and his butt was not even warm yet. Today, he was the Speaker...

Forget it, there was nothing to be conflicted about. It was a good thing after all.

[Your Excellency Bai He, what are the benefits of becoming the chairman?]

Zhou Zhou sent a message to Bai He curiously.

Bai He, who was chatting with the Yellow Emperor and Patriarch Lu, smiled when he saw Zhou Zhou's question. Then, he showed the news to the Yellow Emperor and Bai He.

"Little Bai, since our Sixth Speaker is curious, tell him. This is the power he deserves."

The Yellow Emperor smiled.

Bai He nodded and sent a message to Zhou Zhou.

...

Zhou Zhou looked at the message sent by Bai He.

[Becoming the Speaker of the Human Race has countless benefits for the Human Race.]

[Let's not talk about the small benefits for now. I'll only talk about the biggest ones. At the same time, they're also benefits that you should be interested in.]

[First: As the highest-level speaker of the human race, each speaker has the power to command all the forces of the entire human race!]

[As long as you see a human soldier, you have the right to order the other party to fight for you, even if the other party is a God Spirit or even a High-Tier Deity-level God Spirit.]

[Second: As the Speaker of the Human Race, you have the right to buy any resources below the God Spirit level at half price.

The Speaker of the Human Race could also buy resources from the Low-Tier Deity-level to the High-Tier Deity-level at a 30% discount.

As for resources at the True God-Tier level, it depended on the True God-Tier Speaker's own wishes. They could be exchanged for items, given to each other for free, or bought at full price or at a discount... The True God-Tier Speaker could discuss it himself.]

[Third: The True God-Tier Speaker has the right to dismiss and establish the emperor of the human empire.]

[If the True God-Tier Speaker is interested, he can even become the King of the empire himself to enjoy himself.]

[Fourth...]

Bai He mentioned seven or eight benefits of becoming the Speaker of the Human Race in a row, making Zhou Zhou's eyes turn red.

There were actually so many benefits to becoming the Speaker of the Human Race!

Then he had to be a good Speaker!

At this moment, Bai He sent another message.

[Some of these powers might conflict with the Supreme Agreement, so when you want to use these powers, it's best to try in advance.]

[Let's talk about rights for now. Let's talk about obligations now.]

[There is only one obligation after becoming the Speaker:]

[That is to do your best to protect the human race!]

[We humans will not use too many requests to restrict the True God-Tier Speaker because we believe that the True God-Tier Speaker, who can be recognized by all the higher-ups of our human race, will definitely not let us humans down.]

[The Speaker must have a reason for doing whatever you do.]

When Zhou Zhou saw this, his heart suddenly felt heavy. He felt that the humans had sacrificed too much, but he also felt that doing this could indeed allow him to develop his Lord faction freely and fully.

The existence that established these rights rules back then seemed to be very concerned about the Speaker's own feelings. They were even willing to sacrifice some of the human race's interests to satisfy the Speaker's needs.

Under such circumstances, if the humans wanted to obtain benefits from the Speaker, they could only rely on the Speaker's self-awareness.

If they encountered a vampire who only sucked blood without paying, the entire human race would probably suffer.

However, Zhou Zhou was naturally not that kind of person.

As a rich and imposing person, he disdained to take advantage of the human race in this aspect.

After that, Zhou Zhou, Bai He, and the others chatted about many human matters and agreed to hold a human summit meeting after he dealt with the matters at hand.

More than an hour later, the entire battlefield was cleaned up.

Zhou Zhou and the others did not stay any longer. All of them boarded the Galaxy and returned to the Blazing Sun Kingdom.
