

Gluey Love 141

Chapter 141

She stood there in a daze as Victor's words echoed in her mind, "Because it can only be you!"

When the elevator door opened, Eden just came to herself. Victor was so bossy that he took her hand and walked into the car.

Eden was still thinking about his words. She even forgot to struggle or refuse. She just followed him.

It was only when she sat in the car and he buckled her seat belt so that the strong scent of heterosexual hormones lingered on the tip of her nose that she came back to her senses.

When she looked up, she saw a pair of black eyes that were as deep as the ocean. Her heart beat faster. She instantly felt that his eyes were like a shackle, tightly locking her up and leaving her nowhere to escape!

Victor could tell that she was nervous, but he just slightly smiled. Without saying anything, he held the steering wheel and left the parking lot.

Along the way, neither of them spoke a word.

Eden didn't know what to say.

Victor was too excited to speak.

The woman beside him reminded him of the best times. The good memories she gave him grew up with him and made the lonely him less lonely.

It had been a busy day. By the time they arrived at the hotel, it was already dark and the banquet was about to begin.

Standing at the door of the hotel, Eden had mixed feelings.

After seven years, when she saw this hotel, she would still tremble.

She still remembered what happened that night!

If it weren't for the unforgettable night, how could she know the mystery of her identity?

Eden took a deep breath. She was no longer the Cyan she used to be seven years ago. She was now Eden.

Eden looked back. Victor had gone to park the car. He hadn't come back yet.

She stood at the door and waited alone. She took out her phone and received a message from Jasper. He said that he would be waiting for her outside the hotel at 11 o'clock.

She gently raised the corner of her lips. She looked even more charming.

Her light pink lips were like perfect handcrafts that were carved by the heavens. They silently tempted people to kiss her.

Victor had always known that Eden was a beauty.

He walked up to her and observed her face carefully.

She was really pretty!

The more he looked at her, the more attracted he was!

"Eden, come, let's go in." His voice was pleasant.

He wanted to hold on to Eden's hand, but she took a quick step back. She looked at him with a smile. "Mr. Alwynn, please!"

In this crowded place, she didn't want to have anything to do with him.

Victor took a deep look at her. Then, he turned around and elegantly walked in front of her.

Eden followed behind him in peace.

Everything in the hotel was as glorious as it was in her memory. The only difference was that the bonsai and the green plants were much taller.

They walked into the elevator, and Victor directly pressed the button on the fifth floor. They had to change clothes first.

The banquet was on the top floor. Eden had been there. It was very luxurious. The people who came here were all from the upper class.

Chapter 142

The organizer of this banquet was Phillip from the Alwynn family. The Alwynn family was the leader of the business world in River City. People from all walks of life came to the party, so it was very lively.

Eden had been staring at Victor through the mirror in the elevator with vigilance all the time.

Her working experience of the past few years had given her a mature demeanor. Her every move was so elegant and charming!

Noticing her vigilance, a sense of frustration inexplicably rose from the bottom of Victor's heart. In Eden's heart, was he so horrible?

On the fifth floor, Victor got out of the elevator first.

Eden followed behind him with some distance.

She kept lowering her head. When she reached the fifth floor, she was even more flustered. That terrible night was torturing her again.

"Eden, go in and change your clothes first. I'll wait for you outside."

A low and extremely pleasant voice sounded. Eden quickly came to her senses. She looked up and saw Room 511.

She was shocked, and her face turned pale in an instant. She quickly retreated a few steps.

Why was this room? This room had once ruined all her dreams.

Victor saw her painful look and felt a sharp pain in his heart.

He just wanted to see how she would react when she entered the room again.

He had never expected her to be in such great pain!

"Eden, are you all right?" He fixed his eyes on her, not missing any expression on her face.

Eden suddenly turned to look at him and shook her head.

She looked at the room number and clenched her fists. Something within her said, "Eden, this is a thing of the past. Only by bravely facing the past will you have a beautiful future. That night brought you not only pain, but also let you have three babies. They give you the courage to live."

Eden's hands shook. She opened the door and walked in calmly.

Victor's heart ached when he saw her slim figure.

The woman he had sex with that night was really her!

God was really on his side. Seven years ago, he met

his Eden.

But at that time, he didn't recognize her.

"Eden, it's not too late now, isn't it?" Victor said to himself, with an evil smile at the corner of his mouth.

At this moment, the door of Room 512 opened. Anson and Lucian walked out. Surprisingly, Adonis was also there.

The three handsome men were noble and elegant. They were wearing expensive hand-made shirts and trousers. Their expensive watches showed off their prestigious status.

The four men were well-known bros in River City!

They shared happiness and misfortune with each other!

The success of Victor's independent business could not be achieved without the support of his bros.

"Wow, Victor, you are finally here. I have called you countless times. Why don't you answer my phone? I haven't offended you, have I?" Adonis complained. After the villa thing, he couldn't contact Victor anymore.

He carefully recalled and found that he had offended Victor that day.

Victor took a look at him. Without saying anything, he walked into the room.

Lucian frowned and asked, "Adonis, when did you offend him?"

Adonis looked at him with an innocent face and said angrily, "How would I know? If I knew, I wouldn't have been depressed for so many days."

Chapter 143

"Then why did he ignore you?" Lucian was confused. Victor was not a person who liked to hold grudges. If Adonis had not offended him, he wouldn't have treated him like this.

"How do I know? Anyway, I didn't do anything wrong!" Adonis felt really wronged.

He didn't think that he had offended Victor because of that villa.

"What a hater! It's just a villa. If he wants it, I'll just give him! He texted me and said that he didn't want it anymore.

"What did I do wrong?" Adonis couldn't stop complaining.

Hearing this and thinking about the location of that villa, Anson opened his eyes wide. He instantly knew how Adonis had offended Victor.

"Adonis, in my opinion, you offended him badly. I don't think you should show up in front of him in the next two months. According to his character, he won't talk to you."

"Is it that serious?" Adonis frowned. "Wait, how do you know that?"

Anson was about to speak when the door of Room

512 was pulled open.

Victor came out from inside and said, "Adonis, wait for Miss Bleu outside. Lucian, Anson, come in."

"Sigh! Why me?" Adonis pointed at himself. He hadn't even waited for his own girlfriend. No, he didn't even have a girlfriend. Even though he was a playboy, he had never found the one.

However, Victor didn't even look at him. He turned around and entered the room again.

After Anson and Lucian entered the room, the door was slammed shut.

"F*ck..." Adonis cursed in rage and kicked the corner of the wall.

He kicked too hard, which caused his foot to hurt.

He took a deep breath instantly due to the pain.

"F*ck... What an unlucky day!" Adonis cursed.

In Room 511, Eden changed into a white dress and put on a makeup.

In the bright mirror, she had a beautiful face, a pointed chin and red lips. Her big star-like eyes were shining. Her crystal earrings matched the crystal hair clip on her head, making her look elegant and calm.

Eden curled her lips in satisfaction. Then, she walked out confidently.

The moment she opened the door, the door next door opened at the same time.

She turned her head and happened to meet Victor's deep black eyes. At this moment they gazed at each other.

Victor came back to his senses. Looking at her beautiful and charming face, he could not help but raise the corner of his mouth.

He had change his clothes. The hand-made shirt perfectly showed his body.

The lights on the corridor shone on his handsome face, making him look more sharp-featured.

"Eden, let's go!"

His gentle tone shocked the three other men. They looked at Victor in disbelief.

Eden nodded and kept a certain distance from him.

They walked towards the banquet.

Adonis immediately grabbed Anson's hand and whispered, "Anson, what's wrong with Victor?"

"Everyone in River City knows how cold he is. He has never been so gentle to women before.

"Also, that woman should be his first date."

Chapter 144

Anson glanced at Adonis's curious face. However, he didn't plan to answer his question.

He shook his head slowly. "I don't know."

Adonis glared at him. His hair was a little messy because of anger.

Anson lived with Victor, and he must know what had happened to Victor. It was obvious that Anson didn't want to tell Adonis anything. Adonis gave him a warning smile and let him go.

Anson looked at Adonis with provocation.

Along the way, no one said anything. Only Anson and Adonis were glaring at each other.

At the banquet, Eden was not as reserved as she was just now. She thought that Victor couldn't do anything to her in public.

If Victor knew that Eden was regarding him as a wolf, he would be really upset!

The banquet was very luxurious. The neon lights were brilliant and dazzling, making people dizzy.

It was already very lively. Powerful figures from all walks of life were chatting happily with each other.

Eden quietly followed the four handsome men. At

this moment, she looked calm and pretty.

As soon as they arrived, an unknown person made a whistle, attracting the attention of everyone.

No matter where they went, Victor and his bros were the focus of attention.

Aisling, who was not far away, had mixed feelings when she saw Eden.

She took a look at Haven beside her and felt very upset.

Haven had been crying all day and insisted on marrying Victor.

However, Victor didn't love her at all.

"Alas!"

Aisling sighed!

If her Eden was still alive, there was no need for her to be so worried!

Victor loved Eden.

Haven, who was seated beside Aisling, felt really jealous to see how gorgeous Eden was. She was somewhat unable to breathe. She kept tightening her grip on her fancy handbag and biting her lip tightly.

The Gienger family had also seen Eden.

Seeing Eden so beautiful, Myra, who had a bad temper, suddenly shouted, "Mom, Dad, look! Eden is

Cyan!" "Rara, shut up!" Before her dad spoke, her mom roared and looked at her with a frown. "Who's Cyan?"

"Mom..."

Bethany looked at her daughter with warning eyes.

Myra shut her mouth sensibly. If she angered her mother, her mother might directly chase her out of the banquet.

Many young gentlemen from the upper class were here. She wanted to get close to them so that she could marry into a rich family and live a good life. She couldn't let a bastard affect her future.

Myra's dad took a look at Eden, but he just frowned and didn't say anything.

Not far from them sat a middle-aged man in a suit. His chest pocket revealed half of a white handkerchief, which made him look gentle and elegant.

He saw clearly the faces of the Gienger family.

He reached out his hand. There was a fancy watch on his wrist, which showed that he was not an ordinary man.

Chapter 145

He got up gracefully and took champagne with crystal clear bubbles from a tray. He walked toward Victor elegantly.

At this time, Victor was introducing a famous designer to Eden.

Darlene Burton was one of the top designers. Eden liked her work very much.

Darlene was very popular in the design world.

Her work was bold and unique. The colors of her clothes were very close to nature, making her a hot designer.

She was about 40 years old, and she looked very graceful. She had her hair in a high bun and wore a well-fitted blue dress. She was as elegant as jade.

"Eden, this is the famous designer Darlene. Darlene, this is Eden Bleu, the design director of my company!" Victor said.

"I'm glad to meet you, Darlene! I'm a big fan of your work." Eden smiled. Her smile was sweet and charming.

She left a good impression on Darlene.

With a smile, Darlene glanced at Eden, who had fair skin and innocent eyes. "Miss Bleu, nice to meet you. Mr. Alwynn has a very high opinion of you. Your work must be good!"

Eden was about to speak when she saw the middle-aged man walking to her. She was very surprised!

Why was Uncle Calder here?

"Darlene, long time no see!" His voice was extremely pleasant. He looked gentle and refined.

"Oh! Zaiden! I didn't expect to meet you here." Darlene looked at Zaiden in surprise.

"I heard that you would attend this banquet, so here I am." Zaiden said with an elegant smile.

Then he clinked his glass with Darlene.

"Uncle Calder!" Eden smiled and greeted Zaiden.

Victor looked at Eden in surprise. Eden knew the real estate tycoon, Zaiden Calder?

Zaiden glanced at Victor and then looked at Eden with dissatisfaction. "Eden, you naughty girl. Why didn't you tell me that you came here and wanted to settle down in River City? If your mother hadn't called me, I wouldn't have known it."

His voice was very loud, as if he was deliberately speaking in such a loud voice. Eden looked at him curiously.

The Giengers were standing not far behind him. A

flash of confusion crossed Eden's eyes.

Eden smiled apologetically. "Uncle Calder, I'm sorry. I thought I would go back soon, so I didn't tell you."

"It's fine! I don't mind that." Zaiden said with a gentle smile.

He looked at Darlene and said, "Darlene, she's the girl I mentioned before. I want her to be your student. Though she's a little girl, she's got a good head on her shoulders. She's always full of inspiration."

Chapter 146

"Oh!" Darlene looked at Eden seriously with deep meaning in her beautiful eyes.

The Clements, who had just walked over, all looked at Eden in surprise when they heard that.

Haven was especially shocked. It seemed that Darlene planned to be Eden's teacher.

Being Darlene's student was a blessing. Jealousy filled Haven's heart.

When she was in college, he heard that Darlene wanted to have a student. However, over the past few years, she still did not find a suitable one.

Haven majored in costume design. On the one hand, she could help her family. On the other hand, she wanted to be Darlene's student. In this way, she would have a higher status in the Clement family.

She didn't know that Darlene would be here.

However, Victor introduced Darlene to Eden, not her! She was his fiancée!

"Haven, let's go greet Darlene!" Mrs. Clement could tell that Darlene planned to take Eden as her student.

But she would not let that happen.

"Okay! Mom!" Haven instantly cheered up.

Aisling had a certain status in the upper class. Few people could refuse her.

"Miss Bleu, show me your work when you have a chance. I believe in Zaiden's eyes!"

Mrs. Clement brought Haven to Darlene's side and happened to hear that.

She held Haven's hand and pushed Eden behind them.

Seeing this, Victor frowned.

So did Darlene and Zaiden.

Surprisingly, Eden still stood there with a calm face.

Mrs. Clement turned around and looked at Eden with a sneer. Then she smiled politely to Darlene.
"Long time no see, Darlene!"

Darlene glanced at Aisling and smiled politely. "Mrs. Clement, long time no see!"

"This is Haven, my daughter. She's also a designer. She loves your work," Mrs. Clement said with a smile. "If she can become your student, she'll be really happy." She glanced at the gentle Haven and smiled even more happily.

Haven would never disgrace her.

"Alright, show me her work another day. If I like it, I'll take her as my student." Darlene was very polite. In her eyes, work made it everything.

"OK! Haven, show her your work tomorrow." Mrs. Clement was really excited.

She believed that Haven's works would not be worse than Eden's.

"Great! Thank you, Darlene!" Haven smiled gracefully. Her voice was gentle and sweet, which highlighted her elegance and nobleness.

Zaiden took a look at Eden, who was standing behind Haven, and couldn't help but feel sorry for her.

This little girl had always been kind. She never fought with others so she was often bullied.

However, as long as he was around, he would never let anyone bully her.

Chapter 147

He said softly, "Eden, show her your work tomorrow. She knows your mother. Your mother used to be a hot designer. Darlene was her junior at that time."

When Eden heard that, she looked at Zaiden in surprise. Her mother had never told her this before.

However...

She looked at Zaiden and smiled guiltily. "Uncle Calder, I've been too busy lately with no new works."

"Zaiden, who are you talking about? So mysterious?" Darlene asked with a frown.

Hearing this, Mrs. Clement's face changed.

He was actually the famous real estate tycoon. This person was very strange. He would not participate in ordinary banquets, and few people had seen him. But tonight, he came here.

"Darlene, you'll know later. But if you miss Eden, you won't be able to find a suitable student." Zaiden said with a meaningful smile.

Darlene frowned slightly and fixed her eyes on Eden. She was a clever girl. She liked Eden's eyes, which were especially bright and seemed to be able to see through people's hearts!

She smiled and said, "I'm more interested in this little girl. Miss Bleu, if you don't mind, I'll give you a test. You just need to give me a design draft that matches my topic. I can give you enough time as long as your work satisfies me."

Hearing this, Eden nodded. "Thank you. I'll try." Inspiration was the only thing that mattered. She was not sure if she could make it.

She wanted to have a try.

"Okay, I'll text you later. Come, tell me your number!" Darlene looked at Eden with a graceful smile. If Eden could design a work that she was satisfied with, she would have to take her as a student.

"Alright!" Eden smiled and nodded.

Victor quickly made way for Eden.

Mrs. Clement was extremely unhappy. She asked Haven to take out her mobile phone.

She smiled and said, "In this case, let Haven and Miss Bleu have a competition."

"Sure!" Darlene nodded with a smile.

She only cared about their works!

She would like to give Haven a chance!

After getting Darlene's number, Eden smiled slightly. She got a lot tonight.

Zaiden looked at Eden and smiled happily. "Eden, if you need anything, just call me. Otherwise, your mother will definitely blame me for not taking good care of you."

"Alright! Uncle Calder, I will." Eden smiled and said.

"Good! Go have some fun! If Jasper doesn't pick you up, I will ask someone to send you back." Zaiden smiled gently. If he took good care of this little girl, he would also benefit a lot.

"Thanks, Uncle Calder. But Jasper said he would pick me up." Eden said with a smile.

"That's great!"

Zaiden looked at Darlene next to him and said, "We haven't seen each other for a long time. Shall we go to a quiet place and have a talk?"

Chapter 148

"Sure. The last time we saw each other was last year." Darlene took a glass of champagne and left with Zaiden.

As soon as Victor heard that Jasper was going to pick Eden up, his handsome face suddenly darkened. A cold aura spread around his body.

Mrs. Clement glared at Eden and said sarcastically, "Miss Eden, you're so lucky. You even know Zaiden, the real estate tycoon. I really underestimated you. It turns out that you have a strong backer!"

Her words were extremely insulting but Eden did not mind it. Instead, she looked at Mrs. Clement and smiled lightly. "Uncle Calder is my mother's friend. Is there something wrong with that?"

"You must have no father, right?" Mrs. Clement said sarcastically and looked at her with contempt.

Eden's face instantly turned extremely pale. There was clear anger in her clear eyes.

Aisling not only insulted Eden and her mother, but also her father, whom she had never met.

She clenched her fists tightly and said decently, "Mrs. Clement, you're right. But I heard that you'd always been the kindest one among the noble

madams in the upper class. I didn't expect you to be so mean."

Upon hearing that, Mrs. Clement thought to herself, "What a sharp-tongued woman. However, my kindness has nothing to do with you."

"Well, I guessed that. Since you enjoy seducing men, your mother must be the same as you. Victor, you'd better stay away from her. She doesn't deserve you."

However, Victor smiled coldly and said, "Aunt, don't go too far. Someday, you will regret what you've said."

After finishing his words, Victor turned around, held Eden's hand and walked to the other side.

Mrs. Clement didn't fully understand what Victor meant. She frowned and became angrier when she saw them leaving.

The bright light shone on Haven's angry face.

"Victor, you'll be mine tonight." She said inside.

She glanced at Rebecca, who was not far away, and Rebecca nodded at her.

She was secretly happy and said, "Mom, I'll go talk to Aunt Rebecca!"

"Okay!" Mrs. Clement replied to her sulkily. She felt that there was something else in Victor's words.

Anson glanced at Haven and gave the waiter a wink.

The waiter understood and walked to Haven.

Lucian gave Anson a strange smile. "Anson, Victor is so lucky. He actually had known the trap that others were trying to set for him in advance."

"Heh..." Anson laughed evilly.

"You tell me! Evil has its retribution. Right?"

"Victor had been bullied by Rebecca and her two sons for many years. It was not easy for him to start his own business. Even though he had moved out of the Alwynn Residence, they still tried their best to cause him trouble.

"Things are getting funny. Let's just wait and see!"

"Yes!" Lucian nodded in agreement.

Lucian turned back and looked a short distance away. His eyes were filled with doubts. When he saw Victor and Eden chatting by the swimming pool, he frowned slightly. How could Victor be interested in a married woman?

Chapter 149

"Eden, how did you know Mr. Calder?" Victor asked.

Eden smiled and said, "Uncle Calder is my mother's friend. He takes good care of me and my mother. He would bring my family out to play occasionally. We got familiar after that."

"Oh!" Victor looked at her in confusion. "Then what's the matter with your mother?" Victor was a little confused. Wasn't she Cyan? Why did she suddenly have another mother?

Eden was about to speak when a waiter came over with a wine tray. He handed a glass of wine to Victor when he saw that Victor's glass was empty.

The waiter managed to spike the drink before Victor accepted the glass of wine with a sullen face.

Victor swirled his wine and turned around before glanced in front with his dark eyes.

He raised his glass at Rebecca and Haven before he drank all the wine.

Haven only felt at ease when she saw Victor drink the wine!

Rebecca withdrew her eyes slowly. She looked at Haven with a strange smile and said, "Haven, you are my favorite daughter-in-law. You can't let me down.

I've already arranged everything for you tonight. It's up to you to take the next step."

Haven looked at her and smiled gratefully. Her smile was sweet and her eyes were filled with anticipation.

"Aunt, don't worry! I'll go there first. Wait for my good news."

Haven looked at Victor's direction with a smile. Victor would have to marry her after tonight.

"Go ahead!" Rebecca caught sight of the emotions in Haven's eyes. She hoped that she could make good use of Haven this time.

Haven walked elegantly to the room which Rebecca had prepared in her four-inch heels.

Anson gave Lucian a wink when he saw that. Lucian nodded. He had been paying attention all the while.

Rebecca looked back at Vincent and said with a smile, "Vin, it's up to you now. I'm going to find your father. You have to put on a good show tonight!"

Vincent got up. His well-made suit made him look even more noble. A faint smile formed from his beautiful lips. "Mom, don't worry! Everything is under control!"

After that, Vincent left with an evil smile on his face.

Victor would be screwed this time.

Rebecca greeted the people around generously and walked towards Phillip, who was not far away. She would let him witness the good show later.

Myra and Bethany returned to their seats and sat down reluctantly.

Myra looked at Eden, who was chatting happily with Victor not far away. She was confused.

Eden was obviously Cyan. Since when did she have a mother?

Myra asked Bethany who was sitting beside her reluctantly, "Mom, did we really get the wrong person?"

When Bethany heard this, she glared at Myra angrily and said in a low voice, "How many times have I told you? Don't mention that woman in front of me." Her whole family would not be at peace if

Cyan really appeared.

Cyan left without any reason. She must have known that Bethany was the one who had arranged for what happened that night. Cyan would seek revenge if she ever came back. Bethany had an uneasy feeling in her heart ever since she saw Eden.

Chapter 150

Myra could only shut her mouth sheepishly after she was yelled by Bethany. "Forget it. I'd better find an opportunity to meet Darlene. I also study design. I'll become successful if I could be her disciple."

Myra picked up a glass of wine as she spoke. Swaying her slender waist, she slowly walked towards a group of renowned ladies.

"Hey! Look, the woman who is with Mr. Alwynn is the new design director of their company, Eden."

"She's quite pretty. This is the first time I've seen Mr. Alwynn bring a female companion."

"That's right. He has always ignored us and it is difficult to even say a word to him. I don't know what kind of despicable means Eden used to make Victor submit to her."

"Didn't Haven say that too? She must have used improper means!"

When Myra walked over and heard a woman discussing about Victor and Eden in a low voice, she raised the corner of her lips in satisfaction.

Haven was indeed a restless person. She could not resist telling other people even if she did not mention this matter to her renowned friends in her

circle.

Haven changed into a sexy silk pajama which perfectly outlined her exquisite figure when she reached the room. She sat on the bed while waiting for Victor to come. She was very excited about it.

Haven blushed when she thought of Victor's muscular physique. She was excited and afraid at the same time.

On the other hand, Victor sent a message to ask Adonis, who was standing not far away, to look after Eden. He was afraid that the frivolous women would find trouble with Eden.

Adonis nodded when he received Victor's message.

Victor truly regarded Eden as his treasure.

Victor looked at Eden. He looked at Eden quietly from a distance. She was not drinking. The scene of Eden was so beautiful that Victor wanted the time to stop at that moment. However, he couldn't wait any longer.

He slowly withdrew his gaze from Eden's face and said softly, "Eden, I'll go to the bathroom. Wait here for me. I'll be back soon."

"Okay!" Eden nodded. She would feel more comfortable when Victor was not by her side.

Victor felt bitter when he saw that Eden wanted him to leave quickly.

He turned around and walked away under the neon lights. His tall figure looked even more magnificent in his dark well-cut suit which perfectly outlined his muscular body, exuding a dazzling noble aura.

Eden looked at Victor. She might fall for him if she didn't have children. She also had a heart of a little girl and her own dream pursuits.

Eden smiled bitterly. She could not think of anything else other than taking care of her three children and her mother at the moment.

Eden's phone rang suddenly. She smiled when she saw that it was her mother calling. "Hello! Mom?"

"Eden, are you back at home?"

Eden's smile widened when she heard the loving voice from the other end of the phone.

"Not yet, mom. I am at a banquet and I met Uncle Calder just now." Eden said.

Eden found it strange when her mother paused for a moment before she continued talking on the other end of the phone.

"Eden, that's great. Your Uncle Calder seldom goes to banquets."

"Yes! This is also the first time I've met him in one."

"Eden, Kenny wanted to go and stay at your place after a few days. He let me you ask whether you are fine with it or not."
