

## Gluey Love 1411

### Chapter 1411

Victor smiled obediently and closed his eyes.

Eden kissed him on red lips very quickly. Then she turned around and muttered, "I've loved you tonight. Let's continue tomorrow night."

Opening his intense eyes all of a sudden, Victor smiled more brightly. She actually fooled him.

"Ha-ha..." He laughed in a warning tone.

She was really bold. Originally, he thought that she would do something seductive to him.

He did not expect that she would only kiss him.

Hearing his meaningful laughter, Eden was slightly startled. It seemed that she had failed again. She underestimated his possessiveness.

She turned around and looked at him pitifully, "Honey, I was wrong." Her expression looked more and more aggrieved, but it made Victor sexually aroused.

He felt hot and thirsty.

Victor rubbed his forehead against hers, "Honey, it is great to know your mistake and correct it. I'm magnanimous, so I'll spare you this time."

"Ha-ha..." Eden gave him a fake smile. She would be very grateful if he could really think like this.

However, he didn't know how shameless he was.

She wanted to kick him out of the bed, but she hesitated when she thought of the result. The consequences would be much worse.

Victor had known her very well since she was a child.

Victor smiled and kissed her wronged face. Eden could only cater to obediently. It was a romantic night...

The next day was destined to be busy. When Eden arrived at the company, Paula immediately followed her.

"Director Bleu, you are always in a hurry to get off work these days, and there is a lot unfinished work to do. You haven't confirmed the advertising slogans of the new products yet."

Seeing that she was so serious about work, Eden nodded with a smile, "Paula, I'm not in a hurry to confirm them because I trust you. No matter what, you were good at writing in high school. Let me have a look."

Paula smiled. She was very grateful for her trust and handed the document to her.

Eden scanned it roughly.

The clothes made by Alwynn Group had been suitable for wearing. They looked elegant, simple, uncomfortable and fashionable. It was a natural and healthy fashion brand.

It had always been very popular among the customers.

"Good job! Now ask all the managers to come here and get prepared. We'll release the new products today."

"Ah..." Paula widened her eyes, "Today?"

Eden smiled faintly and said, "The business world is like a battlefield. I have been fully prepared, so there will be no problem. You just need to inform them. They know what to do."

Paula was stunned. Only then did she realize that Eden and Victor were too cunning.

Gwyneth called her every day to confirm the date of the release of the new products. Just now, she replied to her that she was not sure about the date, but she gave herself a slap in the face twenty minutes later.

Paula didn't dare to slip up and immediately called the call the managers.

The Operation Department received the notification first. They immediately took actions and Irene came over to help them.

She was one of the people whom Eden trusted the most, and she had many years of experience, so she could deal with everything at ease.

The whole press conference might only last for two or three hours, but it was a joint effort and their team had put in a lot of hard work. A successful press conference would play a great role in the publicity of the new products.

Moreover, they should use flexible strategy and tactics to make the press conference creative and successful.

At the same time, Gwyneth and Irma were shocked when they knew the news.

Irma immediately ran to Gwyneth's office, "Gwyneth! Why do they release the new products all of a sudden? It's actually the same day."

Gwyneth didn't expect Victor to do this.

With a straight face, she looked very unhappy. Although she was not fired, she had been depressed and restless.

"Call them and tell them that Alwynn Group will release the new products today. Let them prepare in advance." Since Victor looked down on her, she would let him pay the price.

As soon as she finished speaking, the door was suddenly kicked open.

"Bang..."

"Ah..." They were afraid of being found out and screamed.

Victor came in with two lawyers.

Gwyneth had a bad feeling the moment she saw Victor.

Victor was dressed in a blue suit which set off his slender figure and flattered his fair skin. However, his eyes looked extremely cold-blooded and gloomy.

He didn't look so arrogant and overbearing in this way, and he couldn't be more perfect.

It was the first time Gwyneth had seen him dressed in a blue suit, and she was totally amazed.

As Victor approached, she felt that the atmosphere had turned colder.

Irma had once experienced how horrible Victor was. At this time, she was so terrified that she almost wanted to jump out of the window.

She stood still, shrank her neck and didn't dare to look into Victor's eyes.

"Mr. Alwynn, why did you suddenly come here?" Gwyneth was very anxious, but she forced a gentle smile.

Victor did not say anything, but glanced at the two lawyers behind him.

One of the lawyers took a step forward, looked at them and said in a sharp tone, "You two are suspected of leaking the secret documents of Alwynn Group, and we've got the evidence. Please go with us."

"Ah! No, I didn't! Mr. Alwynn, I really didn't do anything." Irma was so afraid that she shouted first.

Gwyneth glanced at her frightened face with disdain. What an idiot! She was so scared, and it meant that she had confessed everything, didn't it?

She was greedy for money, but she had no courage. She was simply an a\*shole!

"Mr. Alwynn, where is the evidence?" Gwyneth asked calmly.

Without evidence, no one could wrong her.

Victor glanced at her coldly and said in an apathetic voice, "Are you afraid that I have no evidence? Will I come here to see your ugly face if I have no evidence?"

Gwyneth's face darkened to the extreme. She was beautiful, and she had always been very popular in the company, but she was ugly in his eyes.

Compared with Eden, she was prettier and sexier.

"Mr. Alwynn, why do you have to speak so harshly?" She said in a choked voice. She had loved him for a long time.

Victor's eyes were shrewd, "Do you want to hear something harsher?"

"Mr. Alwynn." Gwyneth interrupted him. She didn't want to talk about this anymore, because she knew that he could say the most ruthless words to her.

"We didn't do anything to betray the company. You don't have to take revenge on me just because I didn't respect Director Bleu before. I did that for the sake of Alwynn Group." She had been contacting those people in private, and it was impossible for her to be found out.

She had the confidence.

## Chapter 1412

Back then, he once praised her and said that she was very capable, which made her happy for a few days. She regarded him as her Prince Charming, and she had been trying to be with him.

His praise gave her hope and encouraged her to work harder. Finally, she was approved by him and became the manager of the department.

She was the most hard-working in the past four years.

Victor didn't want to say more to her. He looked back at the two lawyers, "Show them the evidence and send them to the police station."

After that, he turned around and left ruthlessly.

"Mr. Alwynn!" Gwyneth was really anxious. She cried out in a hurry, on the verge of tears.

Victor didn't stop and strode away.

Gwyneth didn't want to give up and chased after him, but she was stopped by the two lawyers.

"Mr. Alwynn, listen to me! It's not like this." Seeing Victor turn at the corner, Gwyneth was very worried. She didn't want her career to be ruined like this, so she immediately pushed away the two lawyers and followed Victor.

Irma stood still in a daze with a flustered and scared expression, not knowing what to do.

She felt that no matter what she did, it would be of no use.

"Mr. Alwynn, please wait a moment. You have misunderstood me." Gwyneth stood in Victor's way with a pale face.

She wanted to explain, but she felt that her reason was so ridiculous and powerless.

Victor squinted at her with aloof eyes, "If your explanation can work, What's the use of the evidence? The evidence will tell you whether I've wronged you or not, and the law will uphold justice. Alwynn Group never wrongs anyone. You don't have to explain to me. I have seen the evidence. There is no need for me to listen to your lie."

"No, Mr. Alwynn, we didn't divulge any secret..."

"No matter what your excuse is, you've betrayed Alwynn Group. Get out of my way." Victor's voice was cruel. In his opinion, anyone who betrayed Alwynn Group deserved to die.

Everything in Alwynn Group was hard-earned.

Alwynn Group was the painstaking effort of him and his friends, and it was a castle that he built while waiting for Eden to come back.

At this time, Eden was right by his side, and he would give this solid castle to her as a gift.

He would never allow anyone to betray or slander him.

"Mr. Alwynn, please trust me again and give me another chance."

His ruthless expression made her completely flustered. She was even in the depth of despair.

She raised her head and looked at Victor's noble face with complicated feelings.

She did everything in private. Why had she been found out?

She asked Irma to do most of the things, because she wanted to have a way out after Irma was found out.

Victor said word by word slowly, "Get out!"

His tone was so threatening that Gwyneth took a few steps back unconsciously.

She looked at Victor's back with tears in her eyes.

Margery stood in the distance and watched this indifferently.

In this world, no one liked being betrayed.

Especially Victor and Eden. They treated all the employees sincerely, and the salary in Alwynn Group was higher than that in other companies. They just wanted all the employees to be loyal to the company so that their hard work could be rewarded. But some people were not satisfied.

They always dreamed of gaining more.

When Victor returned to the 25th floor, Dean walked to him with a smile.

"Mr. Alwynn, good news!" Dean smiled flatteringly and followed Victor.

Holding the documents in his hands, he kept smiling.

Victor looked at him, "Tell me. What is the good news?"

"Mr. Alwynn, Mr. Klein has come to River City to inspect the clothing industry. Now, he is studying the market. If we can cooperate with his company, we can strive for further improvement. After my careful investigation, I find that Mr. Klein has several shopping malls in Lemmon City. This is a great chance for our company."

Victor nodded, "This is indeed good news, but where is Mr. Klein?"

Hearing this, Dean's smile froze. Victor's question reminded him. Although it was good news, where was Mr. Klein?

Victor frowned, and he suddenly had a bad feeling.

Dean felt like he had shot himself in the foot.

"Mr. Alwynn, Mr. Klein is in TS Company now." After saying that, Dean waited for Victor to lose his temper.

Sure enough, Victor's face instantly darkened, "Is this your so-called good news?"

"Ha-ha..." Dean smiled, "Mr. Alwynn, Mr. Klein hasn't made a decision yet. He has not signed a contract with TS Company, has he? Besides, our products speak for themselves. We've definitely got the edge."

Victor looked at Dean as if he was an idiot.

He waved at him, "Just leave and do your own work. It's a piece of boring news. Don't say it's good news until Mr. Klein has decided to cooperate with us. Now he is in our rival company, but you told me it's good news. Are you out of your mind because you're too busy these days?"

"Isn't it just? Mr. Alwynn, I can't be busier these days." Dean said with his face full of grievances. He had been busy preparing for the release of the new products, and he had to do everything in secret.

Victor was speechless.

"Go ahead. Since our products speak for themselves, show our products to people first." Victor waved his hand impatiently.

Dean turned around and left with complaint.

After taking a few steps, Dean looked back at Victor, but Victor had entered the office.

He was somewhat unwilling to give up. Should they miss the chance like this?

Mr. Klein was very capable and promising.

In TS Company, they released the new products according to routine and everything went on smoothly .

With Bert Klein's arrival and the great publicity given by the media, TS Company attracted so many people's attention.

All the business partners they invited had great confidence in them. After all, when Darlene worked in the company, they had a great performance.

At the same time, Melissa and Dahlia received the news that Alwynn Group had released their new products.

They were extremely shocked.

However, Dahlia had a nasty feeling in the bottom of her heart.

She immediately told Melissa, "Miss Craig, hurry up and accelerate the process."

Looking at her serious expression, Melissa said with a smile, "Dahlia, you're too nervous. We're well-prepared. I'm afraid that they release the new products hastily after knowing our news."

Dahlia shook her head, "You don't know about Victor's way of doing things at all. Don't forget that you have copied their design."

Hearing this, Melissa was a little unhappy, "I know what to do." Her face darkened.

Dahlia said, "Mr. Matthews introduced Mr. Klein to you. This time, you must grasp this chance."

Chapter 1413

Melissa looked at her with a confident smile, "Dahlia, Mr. Klein has become my client. Don't worry. There will be no change."

Seeing that Melissa underestimated Victor's strength like this, Dahlia felt a bit anxious, for fear that she would be fooled by Victor.

Victor was so good at concealing his true intentions.

At the same time, Eden and Irene had prepared everything.

Eden looked at Irene and asked with a smile, "Irene, when will TS Company release their new products?"

Irene laughed wickedly and said with a confident smile, "Five minutes later. Mr. Alwynn has ended his talk. As long as you give an order, we'll release all the new products. We've contacted the media and Dean has informed the clients."

Dean had made the preparation in advance.

Eden nodded with a smile, "Okay, let's get started."

On the huge T-shaped stage on the eleventh floor.

Irene gestured to Margery.

Margery nodded with a smile.

The winter collection launch of Alwynn Group started officially.

A short video was being played on the big screen outside Alwynn Group and on their Internet platform.

The new collection was coming!

The pictures of Claire wearing the flagship products were showed.

These videos and photos were all fascinating.

The new collection of CY fashion brand went on the market.

In the past few years, the women's wear brand of Alwynn Group was rapidly on the rise all over the world. Their new winter collection had attracted so much attention.

Their fashionable design started a trend and was liked by many superstars and rich people.

Melissa released the new products, but she found that Alwynn Group was faster than her.

Eden did it one minute earlier than her.

In disbelief, Melissa looked at the new product launch of Alwynn Group on the big screen.

Their new products were exactly the same as those in their company.

However, the difference was that there was a short video about Eden's inspiration on the screen. In the video, Eden was very beautiful, and her every move was so pleasing to the eye.

Dahlia knew the result would be like this.

"D\*mn it!" She couldn't help but curse.

Alwynn Group deliberately showed their original drafts in public, and it was obvious that they had copied Alwynn Group.

In the luxurious reception hall.

Irving accompanied Bert to watch the new product launch of TS Company, but they saw Alwynn Group's new product launch first.

Irving looked quite interested, while Bert frowned.

He stared at the big screen with a pair of sharp eyes. The design of Alwynn Group was a mixture of modern elements. On the dazzling stage, all kinds of clothes made a tremendous impact and had a strong visual appeal.

It was like an amazing fashion show which surprised those trend followers.

Every fashion element was mixed with a variety of professional styles, including national style, fashionable style, girl style and anime style.

The combination of cultural styles and fashionable styles was very successful, and it would become a trend in this winter.

Besides, Victor invited a singer from his own company. With the wonderful rhythms, the clothes looked more stylish and attractive.

In just five minutes, the new collection had been deeply rooted among the people.

They organized many raffles on SNS, Tiktok, Youtube and other social platforms, which attracted tens of millions of fans.

Claire was invited to the scene. Although she was not very famous before, she was very eye-catching on the new product launch because of her young and beautiful appearance.

Moreover, she had become a hot topic on the Internet.

Netizens knew more about Claire and the TV series she was acting in.

Claire and the new winter collection of Alwynn Group became a hot trend online.

Customers loved and admired their style and originality, and every piece of clothes was so popular and trendy.

Victor sat in the office and looked at the data rolling on the big screen, laughing from ear to ear.

Looking at him, Dean smiled and asked, "Mr. Alwynn, are you so happy? This is what we expected!"

Victor pointed to Eden in the short video, "Dean, don't you think my wife is very photogenic?"

Dean was speechless. It turned out that Victor was infatuated with Eden.

What he cared about was the rising sales which showed how much money they had earned.

Meanwhile, he admired Victor's capacity for brand construction and marketing channel.

He knew what customers liked very well.

Ah...

Alwynn Group made rapid and brilliant progress and attracted everyone's attention again.

His life seemed to have become more meaningful as well.

"Mr. Alwynn, I think that Mrs. Alwynn will definitely be very popular if she becomes an actress."

Victor looked at him with displeasure, "Does my wife need to work as an actress? She just needs to be the little princess in my castle. It's a pity that she is not very obedient. You can't say this in front of her."

Dean was stunned. He could swear that it was the first time he had seen someone dote on his wife like this.

It was unbelievable!

He was envious and jealous, but where was his wife?

He didn't have a wife even if he wanted to dote on someone.

Thinking like this, Dean felt more painful in heart.

Victor's words hurt such a single man like him.

Victor did not hear what Dean said. He smiled happily and asked, "Dean, why don't you speak?"

Dean looked at him scornfully, "Mr. Alwynn, I don't want to hear you show off your love. You are bullying a single man like me, aren't you?"

Victor smiled and said, "That's right. Time has changed a lot of things, but it can't change the fact that you're single. Love is something you can't get. Dean, don't always be busy with work. You should get married and have children at this age. When I was at your age, my children were more than three years old."

Dean was silent.

He felt that he had better not say anything, or he would lose his appetite at the celebration party at night.

Victor looked at the big screen and narrowed his eyes, "Dean, I'll give you a task. Find out who leaked our design."

Dean was speechless. Didn't Victor ask him not to be busy with work just now? He gave him a task immediately afterwards. Would he have time to date with a girl?

Dean didn't dare to say anything and left in silence.

The new products of Alwynn Group were the same as those of TS Company. In addition, what scared Melissa was that Eden designed some other impressive and wonderful styles.

How could it be? How could Eden have designed such trendy styles?

"How is it possible? The design drafts I got were completely different from these." A deep sense of despair overwhelmed Melissa.

## Chapter 1414

The design drafts she got were totally different. She was so angry that her whole body was trembling. She was completely unaware that she had been fooled by Eden.

She even thought proudly that she could let Alwynn Group pay the price and let Victor know how awesome she was. But she laid herself open to ridicule in the end.

Dahlia found that the flagship product of TS Company was very similar to the winter collection of Alwynn Group last year.

Melissa only changed the color and style slightly. She actually copied the outdated design, which made Dahlia extremely furious.

"Melissa, these aren't the design drafts you showed me." She said with a cold expression, and her body was trembling in a frenzy of rage.

Looking at her, Melissa could say nothing to defend herself, "I made a mistake. I modified the drafts and made these clothes."

"What?" Dahlia looked at her in disbelief.

"Why didn't you tell me that the design drafts were different? Do you want to ruin my career? My company invested so much money in your company, but you fooled me like this! Melissa, do you think too much of yourself just because you're rich?" Dahlia went off the deep end. It was her who suggested Irving to invest in TS Company, because she found that Eden and Melissa were enemies and she could benefit from it.

But she didn't expect Melissa to make such a big mistake. She and Irving were just business partners, and he didn't treat her as his fiancée at all.

Such a thing had happened. According to Irving's character, he would definitely kick her out of his life.

Melissa's face was extremely gloomy. She looked at her Dahlia with shrewd eyes, "I did it because I wanted our companies to develop better and better, but the result turned out to be just the opposite of my wish, and I was even fooled by them."

D\*mn it! Victor and Eden were really cautious when doing things.

She finally understood why Eden was so confident.

No wonder Eden was so haughty when she saw her.

It turned out that all the drafts she got were the styles that Eden showed her deliberately.

She produced other clothes secretly.

Moreover, no one dared to copy Alwynn Group's design. Whoever did it would face hefty restitution.

"Humph!" Dahlia snorted, turned around and left.

All of a sudden, on the big screen, the new product launch of TS Company was interrupted. Then another video was played.

It was in a secret private box.

"Here are one hundred thousand dollars. I want you to take a photo of Eden getting close to a man and then gossip that she has a love affair with him. What's more, release the news that Victor has cheated on Eden as long as a woman approaches him."

"Miss Craig, he is Victor. It's too risky to do such a thing. One hundred thousand dollars are not enough. I am the most famous private detective, and I charge according to different tasks."

"Then how much do you want?" Melissa asked coldly with her arms crossed.

"Five hundred thousand dollars. I will arrange everything well, and I'm sure you'll be satisfied with the result."

"Fine! I'll give you five hundred thousand dollars. If I can't get the result I want, you can't even get a penny." Melissa said while gritting her teeth and then left with arrogance.

Then the second video was played.

"The money is for you. I want you to give me the design drafts of the winter collection of Alwynn Group this year. One million dollars are enough for you to pay your debts."

A man bent over and kept bowing to Melissa.

"Miss Craig, it's enough. I'll give you good news in three days. I'll definitely send you the design drafts."

The video was switched again. In a bar, Melissa dressed in sexy clothes, hugged and kissed different men. Even the videos of them having sex were exposed.

Seeing this, Melissa even wanted to die.

Looking at those videos which were taken after she was drunk, she was about to have a nervous breakdown.

At this time, the people present all point and talked about her.

The employees in the company whispered to each other.

They gossiped about Melissa recklessly.

"Ah..." Melissa screamed in anger, "Why?"

Why did things become like this?

She sat on the ground feebly with glassy eyes and couldn't believe what had happened.

Her assistant looked at her from afar, not knowing what to do.

How could such a thing be broadcast in public?

Since such scandals were exposed, TS Company would be ruined completely.

At this time, many people spoke for Alwynn Group online, saying that TS Company had copied the design of CY Brand.

Furthermore, Melissa had framed Victor and Eden. In a few minutes, all the rumours about Eden and Victor were clarified.

"It's all swings and roundabouts. Melissa is too rich, so she wants to solve everything with money. If she gave me one million dollars, I was willing to do it as well. But it seems that he won't have the chance to spend the money in jail. Ha-ha... I am just joking."

"Melissa finally reaps what she sowed."

"Fortunately, I haven't had my meal, or I would be too disgusted to eat."

"We finally know the truth about Mr. Alwynn and Director Bleu. I'm their fan. On my god, there's actually such a vicious woman in this world."

"That is so disgusting. Let's find out all the evil things she has done and let her be punished by law severely."

There were different comments on the Internet.

Eden and Victor, who had been wronged for a long time, finally felt relieved.

Sitting in the office, Victor saw all the videos and widened his eyes in surprise.

He picked up his phone and dialed Lucian's number.

"Hello?" Lucian's voice was slightly hoarse.

"Lucian, did you find out the videos that are being played online?"

"No." Lucian replied to him very straightforwardly.

"Who..."

"Kenny." Lucian interrupted him, "Your son gives Melissa a nice present."

Victor laughed wickedly. He knew that Kenny would do something after he knew the incident. It turned out that he wanted to give Melissa a fatal blow.

Lucian said, "Now it's the right time. We can carry out the plan you asked me to make."

Victor narrowed his eyes slightly and said with a sharp smile, "Buy TS Company before Irving takes actions. As far as I know, you have almost dealt with the affairs in your family. Since Benson is in prison, you're in charge of Ronen Group now."

Lucian said, "In this way, I won't be able to come back to work."

Victor laughed and said, "Why? You're capable enough. Moreover, you like Alwynn Group more, don't you?"

Lucian said, "You know me quite well. I've hired a professional manager to manage the company. I'll come back to work in a week."

Victor was happy to hear that, "Mr. Ronen, welcome back."

Lucian said, "Thank you. Let's stop talking. I have to buy the shares before Irving takes actions. The share price of TS Company is crashing."

Chapter 1415

Victor said, "Good luck to us."

Lucian said, "You only need to order us. Why do you have to be lucky?"

"Ha-ha..." Victor was in a good mood at the moment, and he spoke much more gently.

Lucian was silent for a while before saying, "Victor, let's wish Adonis good lucky. I hope he can wake up soon so that he can get married with Candace and have his own child." Suddenly, Lucian's voice became melancholy.

Victor's smile froze, and he persuaded him, "Lucian, Adonis will wake up. Remember that it's not your fault. If you blame yourself, you will only make yourself sadder and make Adonis uneasy. He is a kind person, and you are best friends. His father is right. Even if that person was not you, he would save him without hesitation. Let's pray for him. He will wake up."

"Okay, I'll hang up." Lucian hung up the phone.

Victor looked at the time. Kenny should be at school at this time.

How did he make it? Was it his master who did this?

He was quite mysterious.

He had to admit that Kenny was more excellent and capable than him, and he felt that he was inferior.

He had no way to understand Kenny more.

Victor turned over and watched the stock channel, paying attention to the changes of the share prices of each company.

Meanwhile, Eden did not notice the sudden change of TS Company. Irene, Paula and other managers of various departments were so busy that they did not even have time to drink water.

Everything came to a perfect end at five o'clock in the afternoon.

Eden had never been so confident in a new collection before. The trip to Love Sea gave her a lot of inspiration.

This time, she was more confident than ever.

She was confident that her design would stand out the competition and sell well on markets.

At this moment, Irene walked over, looked at Eden and then gave her a big hug.

"Oh! Our Director Bleu is really amazing. Looking at the data on the big screen. Are you shocked?"

Eden raised her head and glanced at the data which showed how much products they had sold. She widened her eyes in an instant and couldn't believe what she had seen. In the past, they couldn't sell so many products until the new products were released for a month.

That day, they had such amazing sales figures in a few hours.

"Wow!" Eden was so excited that she was about to cry.

Just now, she was busy with other things and didn't have time to see it.

The sales figures really made her delighted.

She didn't care how much hard work she had put in, as long as her hard work could be rewarded and she could prove the value of her existence.

Eden's eyes glistened with tears.

Suddenly, someone hugged her from behind. Smelling the familiar and pleasant smell, Eden smiled gently.

"Oh... Mr. Alwynn, you can't do this. We're all watching. Eden is thin-skinned, and she will be shy. Besides, you must maintain your image as a president." Irene smiled and looked at Victor whose face was tender.

Victor became gentler and gentler.

His movement attracted everyone's attention.

Those models were so jealous that their eyes turned blood-shot, but none of them dared to make troubles.

What had happened to Irma and Gwyneth was not a secret in the company.

Victor treated them very ruthlessly.

It made everyone feel how cruel and heartless he was again.

"Ha-ha..." Victor chuckled.

"Irene, this is my wife. I can hug her at any time. If you don't want to see it, you can turn around or close your eyes."

Irene looked at Eden enviously, "No. When you and Eden stay together, you always look so pleasing to the eye. I can be in a better mood by watching you. However, look at the sales figures. Shouldn't you do something to reward us?"

Irene laughed wickedly. She had been thinking about the food in River City Restaurant.

Glancing at Eden whose face was ruddy and shy, Victor was pleased.

He looked at all the hard-working staff and managers on the eleventh floor and said with a smile, "Tonight, we will go to River City Restaurant. Remember, everyone in Alwynn Group can go there."

"Yeah!" Everyone was so excited and cheered.

Victor took out his phone and asked the manager of River City Restaurant to make preparation.

Then he took Eden back to the office.

Victor held her tightly, "Honey, you did a great job. Your efforts proved your value."

Eden nodded excitedly, "I'm so glad. The new collection will definitely become a hot topic in this winter." She had the confidence.

"Yep!" Victor looked at her with gratification. She was getting closer and closer to her dream.

She was really hard working.

"By the way, Eden, Melissa is under investigation now." This time, he would let Melissa pay all the price.

"Oh!" Eden was shocked when she heard the news.

"Why? What did she do?" She was very busy just now, and she didn't even pay attention to what had happened in TS Company.

Victor knew that she was busy and did not notice the news about Melissa.

He said with coldness in eyes, "Kenny played those videos on the big screens outside and made her crime known to the general public. We have called the police, and Brian got some evidence. Now they're on the way to the police station. Barring accidents, she will spend the rest of her life in prison."

"She deserves it. But have you caught the person who leaked our design drafts?" She was more concerned about this.

No matter how well Victor managed the company, such a thing would happen.

Victor nodded, "Yeah. Dean is dealing with this matter now. The manager of the design department is in debt. Melissa came to him and gave him one million dollars, so he stole your initial drafts."

"I see. He seems to be very nice and friendly in daily life. I didn't expect that he is a gambler."

Victor sneered and said, "Honey, we may know a man's exterior but not his heart. He is a dressed-up beast."

Eden was speechless. Why did she feel that he was sanctimonious as well?

She sat on the sofa tiredly, and her injured leg ached a little because she had stood for a long time.

Victor poured her a cup of warm water, "Eden, drink some water."

Eden took the cup.

Then Victor put her foot on his legs and massaged the injured part lightly.

Eden smiled and closed her eyes, enjoying his thoughtfulness.

Being gently massaged by him, the injured part was a bit painful and sore, but she felt very comfortable.

Seeing that she was so weary, Victor felt distressed.

Fortunately, she would not have to work so hard from that day on.

"Eden, the release of the new products is very successful. Have a good rest in the next few days."

Eden shook her head, "I can't relax at this critical moment."

"Fool, I'm by your side." Victor was quite helpless. Couldn't she rest assured about his work?

Thinking about it, he felt quite wronged, "Honey, don't you believe that I can do a good job?"

## Chapter 1416

Eden opened her eyes and squinted at him. Seeing that he looked aggrieved, she was amused, "I really can't rest assured after hearing what you said. I'm afraid that there will be new gossips about you and another woman when I wake up. I don't like you to be rumoured like this."

Victor was speechless.

How could such a thing happen?

"Eden, I was rumoured before because Melissa played tricks on me. Now she has been caught, and such a thing will not happen again. You don't have to worry."

Eden asked, "How can I not be worried?"

No matter those female employees were married or not, they all wanted to seduce him.

She knew this very well.

"Rat-a-tat..."

Someone knocked on the door, and Eden put down her foot.

Victor said in a deep voice, "Come in."

Immediately afterwards, Dean walked in with a smile. Before he walked to Victor, he said happily, "Mr. Alwynn, Mrs. Alwynn, good news!"

Victor turned to look at him blandly, "The release of the new products is very successful. I have known the good news."

Dean immediately shook his head and said with a bright smile, "No, Mr. Alwynn, I'm not going to talk about this. Do you remember what I told you this morning? Mr. Klein came here without being

invited and said that he wanted to talk to you about the cooperation."

"Oh!" Victor narrowed his eyes. He had forgotten this matter.

"Let him come up."

"Okay, I'm going to invite Mr. Klein." Dean ran out with a smile. He looked much happier than Victor.

Eden smiled, "Dean really treats his work seriously."

"Yeah! He's a grateful man." He was very satisfied with Dean's capacity for work.

Victor was a very simple man, and he would reward those who were loyal to him and worked very hard.

In this way, they would stay in the company and immerse themselves in work.

A few minutes later, a man in a suit came in with Dean. He was in his early thirties. His features were strongly defined, and his eyes were shrewd. He looked commanding, imposing and serious.

Moreover, he was holding a little girl's hand.

Eden took a look and found that it actually was Alice, the girl who called her future mother-in-law yesterday.

Dean smiled and introduced to Bert, "Mr. Klein, they're Mr. Alwynn and Mrs. Alwynn."

"Mr. Alwynn, Mrs. Alwynn, they're Mr. Klein and his daughter."

Victor nodded, "Nice to meet you, Mr. Klein!"

Bert smiled, "Mr. Alwynn, Mrs. Alwynn, I've heard a lot about you."

Eden smiled courteously, "You're too polite, Mr. Klein."

Alice smiled at Eden gently, "Hello, Aunt Alwynn, Uncle Alwynn!" Her voice was as sweet as ever. When she saw Eden again, she looked quite obedient.

"Hi, Alice, we meet again." Eden greeted her with a smile.

Bert glanced at Eden. In the video, Eden looked very beautiful, but he did not expect that she was really so pure and pretty.

He looked at Eden gratefully, "Mrs. Alwynn, thank you for taking Alice to the hospital to bandage her wound yesterday. She likes to run out, and she's a little impatient, so it is inevitable for her to fall down."

Eden smiled and said, "You're welcome. It's no bother. Please have a seat!"

"Thank you!" Bert and Alice sat opposite them.

Victor glanced at Alice and knew that she was the little girl Eden met yesterday, and she came here for Ricky.

Alice looked lovely, and the Klein family was rich and respectable. Their families were equal in social status.

Well...

He had thought too much. It depended on Ricky's feelings.

Paula soon came in with two cups of coffee and two glasses of juice.

She put the drinks in front of them and then stood next to Dean.

"Aunt Alwynn, I saw you on TV today. You are so beautiful!" Alice smiled and looked at Eden with admiration.

Eden was so pretty, so her Prince Charming was so handsome.

"Thank you for your compliment. You'll be beauty when you grow up." In fact, Eden liked Alice quite much. She smiled sincerely and readily spoke her mind. Moreover, she praised her from the bottom of her heart and didn't mean to flatter her at all.

However, such a good girl couldn't be hurt by Ricky who was wicked.

When Ricky grew up, he would definitely be faithless in love.

She knew his son very well.

Alice smiled happily and asked shyly, "Aunt Alwynn, could I meet Ricky?"

Bert smiled helplessly and looked at Eden and Victor, "Mr. Alwynn, Mrs. Alwynn, to tell you the truth, my daughter came here with me just because she wants to meet Henrick. She has been a fan of Henrick. She had wanted to see him last year. This time, I have no choice but to bring her here."

Victor nodded, "No problem. We'll hold a party in River City Restaurant tonight. If you're free at night, you can go there with Miss Klein. My three children will also be there. We can let them communicate with each other."

He was not in a hurry to talk about business. Anyway, no one would refuse to cooperate with Alwynn Group.

"Dad, let's go there! Didn't you say that River City Restaurant is very famous? The dishes there are delicious. What's more, I really want to meet my Prince Charming."

Bert shot her a helpless glare.

He couldn't understand what she was thinking about.

Alice didn't even understand what "Prince Charming" meant, but she said that she wanted to meet her Prince Charming everyday.

Bert looked a bit embarrassed, but he didn't reject Victor's kindness.

"Mr. Alwynn, thank you for your kindness. Then Alice and I will go to the party tonight."

Victor nodded with a bland expression, "It's my honour that you can go to my party. Why don't you go there with me and Eden later? I'll ask my driver to bring my children straight to the restaurant."

"Alright." Bert nodded with a smile, and he no longer looked so serious.

Looking at Alice's delighted face, he couldn't stop smiling.

"By the way, Mr. Alwynn, Mrs. Alwynn, I've seen the new products of Alwynn Group today. I'm very interested in the new products. I know that your share of the market in Lemmon Ctiy is not as big as that in River City. I don't know if you're intend to cooperate with me. I want to do some business in Lemmon Ctiy. According to the current situation, our cooperation is more beneficial to you." Since there was some time left, he might as well talk about business.

Victor was not in a hurry to give him an answer but glanced at him thoughtfully. Bert was introduced to TS Company by Irving, so he wanted to know his relationship with Irving.

"I heard that you went to TS Company today." Victor said in a light tone.

Eden looked at Bert as well.

Bert smiled and said, "Irving and I know each other, but we're not good friends. I went to TS Company to inspect. Of course, I will not only inspect one company The reason why I went to TS Company first was that Irving tried his best to invite me. If I really want to do business, I prefer to cooperate with Alwynn Group."

Chapter 1417

"I have known a lot about Alwynn Group when I was in Lemmon Ctiy, and my visit in TS Company was just a mere formality."

It turned out to be like this.

Victor was no longer so doubtful.

As long as Bert wouldn't collude with Irving, he would not refuse him and miss a great chance to make money.

"Thank you, Mr. Klein. I am a straightforward businessman. Alwynn Group doesn't have a big share of the market in Lemmon Ctiy because of its location. You have a business kingdom in Lemmon Ctiy. Since you're willing to share your market with me, of course I'm unwilling to cooperate with you."

Bert was a straightforward man. Perhaps he was a bit hesitant before, but after seeing the winter products released by Alwynn Group, he immediately made up his mind. Moreover, Alice liked Henrick, and Eden took care of Alice yesterday, so he naturally wanted to cooperate with Victor.

"Mr. Alwynn, we can draft a contract first. I will fly back to Lemmon Ctiy tomorrow night, and we can sign the contract tomorrow morning."

Seeing that he was so straightforward, Victor nodded with a smile.

"Dean, did you hear that? Prepare the contract tomorrow morning and let Mr. Klein sign it."

Dean nodded with a smile and said excitedly, "Mr. Alwynn, I heard it. I am going to prepare it right now, and I can send you to sign the contract tomorrow morning."

Dean walked out with a smile, so did Paula.

Outside the office, Dean smiled heartily.

Paula rolled her eyes at him, "Mr. Alwynn will sign the contract, but why are you so happy?"

Dean grinned and said, "Of course I'm happy. If the company develops well, my salary will be higher. Why shouldn't I feel delighted? Moreover, the market in Lemmon City has great potential, and the prospect is cheerful."

Paula was speechless. Dean's words made sense, but he looked as if he owned the company. Did he have to be so glad?

"Paula, I'll get the contract done. Do your own work. I hope you can have a pay rise at the end of this year." After saying this, Dean trotted away without waiting for Paula to reply to him.

Paula pursed her lips. She wanted to have a high salary as well.

She glanced at the documents on her hands and felt a little helpless. There was a party in River City Restaurant at night, and she must go there.

It was almost time to get off work, so she immediately went back to the office to deal with her work.

In the office.

Alice said with embarrassment, "Aunt Alwynn, Uncle Alwynn, we're not going with you. I haven't bought a gift yet."

Eden knew that she wanted to buy a gift for Ricky.

She did not say anything and nodded.

Bert stood up and reached out his hand to Victor, "Mr. Alwynn, I wish we have a pleasant cooperation."

Victor also reached out and said with a smile, "Thank you so much, Mr. Klein."

He was naturally happy in heart. After all, making an entrance into the market in Lemmon City was very beneficial to Alwynn Group.

Bert owned all the big shopping malls in Lemmon City, and it was a favorable condition for Alwynn Group.

Lemmon City was a city of fashion, and the young people were always fond of luxury brands.

Their business there was not bad, but he was not satisfied with it.

"Mr. Alwynn, Mrs. Alwynn, see you at night."

Victor and Eden nodded. After saying goodbye to Bert and Alice, they saw them off.

Eden sat on the sofa tiredly.

Victor sat next to her and hugged her.

"Are you very weary?"

Eden nodded. She was indeed very tired during this period of time. Candace suffered from mood swings, so she had to go to the hospital every day.

Although Brenda went there as well, there was a generation gap between them. Candace still liked to talk to her.

Victor said with a distressed face, "Have a relax, and I'll massage your shoulders for you."

Eden smiled and nodded. She looked at the time, and there was an hour left.

"Victor, I'll sleep for a while. Wake me up when you leave, or I won't have enough energy to socialize tonight."

Victor nodded. How could she be pregnant since she was so tired?

But he smiled immediately. Just let nature take its course. They had had three children.

"My legs will be your pillow."

Eden laid down with a smile, "Don't blame me if your legs get numb."

Victor looked down at her and said affectionately, "You can give me a massage at that time."

"Humph! I won't do that. I'm afraid that you'll have some evil intentions." Eden snorted and changed into a comfortable posture, closing her eyes to rest.

Victor smiled helplessly. She did understand him more and more.

He lowered his head and kissed her forehead. Then he took the phone next to him, turned down the voice to see what had happened that day.

In Irving's apartment.

Irving sat there quietly. Although he didn't do or say anything, there was a surge of great fury on his expressionless face.

Sitting opposite to him, Dahlia was uneasy and restless.

He hadn't said a word since she came in.

The more silent he was, the more furious he was.

Melissa had been taken away by the police for investigation.

TS Company was in a mess, and the share price had been falling sharply. Moreover, Melissa had copied the design and slandered Victor and Eden. TS Company would definitely go bankrupt.

She knew that Victor always carried out his plan resolutely, and Irving immediately started to buy the shares of TS Company.

However, she always had a nasty feeling that Irving would not get TS Company so easily.

On the contrary, Victor, who was unusually observant, would get TS Company successfully.

If Irving failed, he would absolutely go off the deep end.

As she thought so, she suddenly heard the sound of opening the door.

Aidan came in.

Irving, who was sitting quietly, finally had a reaction.

He stared at Aidan blandly, but did not speak.

Aidan glanced at him and said with his head lowered, "Mr. Matthews, Mr. Klein went to Alwynn Group, and they will sign the contract tomorrow morning."

"Anything else?" Irving's voice was dull and hoarse as he suppressed the boiling fury in his heart.

Aidan lowered his head more.

Dahlia's heart skipped a beat, and she had an ominous presentiment.

Then, she heard Aidan's voice.

"Mr. Matthews, Alwynn Group has made preparation in advance. They have bought TS Company."

"Bang..." Irving, who had been suppressing his anger, went ballistic in the end. The coffee table was kicked away by him.

Irving had been in the business world for many years, and he had always been able to control his temper.

Bad temper was an inner demon. If he couldn't control it, it would ruin him.

Irving had always been very clear about this. He would lose his temper like this unless he was extremely irritated.

Aidan had been worked for him for many years and knew his temper very well.

"Victor, I really underestimated you." No, after he knew how Alwynn Group worked, he had never looked down upon Victor.

Aidan had been monitoring the changes in the stock market secretly.

However, they were not as well-prepared as Victor, and Victor had beaten them to it.

In addition, the piece of land had been given to Victor because of the two women and Victor's threat.

## Chapter 1418

"F\*ck!" Irving couldn't help cursing. It was hard to move a rock up the mountain, but it was easy to roll it down. This time, he was really angry because Victor had got the best of the bargain.

Dahlia lowered her head and did not say a word. She was not surprised at all.

Victor's subordinates were all elites. She was afraid that Melissa would definitely be punished by law.

Fortunately, she had a way out.

Since Victor hated Melissa so much and wanted to take revenge on her, he would not show Carney any respect.

"How is Melissa now?"

"Mr. Matthews, she's under investigation now. She's involved in a murder case, so I'm afraid that she will be commuted to life imprisonment. Chairman Craig is on the way to River City."

"Humph! What's the point of coming here now?" Irving said mockingly. If he had known that Melissa was such a woman, he wouldn't have invested a large sum of money in her company.

Dahlia looked at Irving, "Calm down. She asked for it, and she can't blame anyone."

Irving glanced at her with sharp eyes, and the expression in his treacherous and deep eyes was hard to understand.

Dahlia shuddered as she looked away in a hurry. The look in his eyes was really horrible.

"You two got me into trouble last time. I thought I could make it all back, but I didn't expect that I had helped Victor. I'm really pissed off." Irving's tone was furious and his eyes were aggressive.

Dahlia's face was burning hot. Last time, she was really wronged. Unfortunately, Irving didn't love her and did not trust her at all.

"Irving, we really misjudged Melissa. It won't happen again. River City is so big, and there are many people we can cooperate with. We can cooperate with other partners to enter the market in River City. It's not a problem." Her tone was very gentle, and she only wanted to leave a good impression on him and make herself his real helper.

She knew that it was impossible for Irving to be with Eden. He had no way to separate Eden and Victor.

To Victor, Eden was as important as his life.

Dahlia did not want to give up Irving.

"Who?" Irving looked at her sarcastically.

The four richest families in River City all had a close relationship with Victor.

The other families were in hard survival situation.

Who could they cooperate with?

He had thought about this before.

Victor was really a great talent, and he was good at winning people's support.

Dahlia said, "Although Meaker Group, Lee Group and Kline Group are small, they have been holding a grudge against Victor because he has such a big share of the market. Moreover, I heard that the richest man in A Country is from River City. He will settle down in River City recently."

"Oh! Are you sure? Is the news accurate?" Irving was very curious about the richest man in A Country.

He remembered that Victor was on the list of the three richest people last year. If Alwynn Group had a better development, he might become the richest person in A Country. After all, Alwynn Group was developing very fast.

Dahlia smiled gently and nodded, "Irving, it's real. I will inquire about where he lives and then tell you."

"Okay!" Irving's mood was much better. It was hard to start a business and maintain it, but he had to advance despite difficulties.

"Aidan, haven't you found who Mr. Calder's daughter is?" Irving frowned. Finding his daughter was as difficult as looking for a needle in a sea.

Aidan shook his head, "Mr. Matthews, we haven't got any clue. I want to plant an enemy agent in Symantec Group, but it's very difficult. It's even harder to meet Zaiden. He won't attend any social activity unless he is interested in a project. He doesn't like social activities and rarely appears in high-end clubs."

He could do nothing with this matter.

He was not the only one who was looking for Zaiden's daughter. Many people who wanted to flatter Zaiden were all looking for his daughter.

But no one knew who his daughter was.

Irving said in a deep voice, "Keep looking for her. Since we can't change Mr. Calder's mind, we can definitely move his daughter." He had many ways to deal with women.

"Okay, Mr. Matthews." Aidan was in a dilemma. Did Miss Calder really exist?

No one knew if it was true.

There was only a vague back in the news back then.

It was difficult to find her just by a photo of her back.

Hearing this, Dahlia felt somewhat uncomfortable, "Irving, Mr. Calder has some projects in the north of the city. Why don't you go there and have a look? Maybe you can meet him there."

Irving sneered, "If waiting for him like that was useful, I would have done it a long time ago. Do I need you to remind me?"

Dahlia's face was extremely awkward.

It was hard for Irving to be with Eden, but he was looking for Zaiden's daughter. What on earth was Irving thinking?

Did he really love Eden? In her opinion, he didn't love Eden quite much. He was just unconvinced because he failed to be with Eden.

Compared with Irving, Victor was more sincere. Unfortunately, she and Victor were not fated.

Moreover, Irving didn't like to be flattered.

He was a gentleman on the surface, but he had done a lot of evil things in private.

She did not care about it. After all, everyone was selfish.

"Dahlia, go find Victor's weakness." Irving told her. She used to like Victor, so she must know some unknown secrets.

Hearing this, Dahlia was stunned. Why did he ask her to do this?

"Irving, Victor cares about Eden and his three children the most."

Irving said, "I mean, his weakness in business."

"In business?" Wasn't it something Aidan should do? How could he let her do it?

"What? Can't you do it? If you can't, find the weakness of Alwynn Group. Victor has many different kinds of companies, and I don't believe he doesn't have any weakness. Slight negligence may lead to great disaster. Don't you understand it?" Irving's tone was cold and emotionless.

Dahlia felt angry immediately.

Who did he think she was?

"Irving, although I don't have a wide connection, I will try my best to investigate it." She made up her mind. In order to get his approval, she would try her best.

Only when she became his real helper would he stay by her side.

Irving looked at Aidan, "Give her the list of the companies covered by Alwynn Group. I suggest you starting with cosmetics. Victor is busy with clothing design, and he doesn't pay much attention to the cosmetics company. Adonis is in a coma now. You two have to make use of this opportunity and give full play to your ability." Irving's tone was stern. He did not allow himself to fail again.

Both of them nodded.

Eden had a sleep, but she still felt very tired.

She had wanted to go back after greeting everyone, but she could only cheer herself up since Bert and his daughter would go to the party.

She waited for the three children at the gate of the River City Restaurant, because she had to remind Ricky in advance.

"Mom." Giada got off the car and ran to Eden happily.

When Eden saw her clothes, she was so shocked that she almost fainted.

## Chapter 1419

Giada's fluffy hair was a little messy. She wore a pair of ripped jean shorts with two silver chains on both sides. The black hoodie was a bit loose and the tail was long. She looked so punk.

If it weren't for her delicate face, straight nose, beautiful facial features and slender figure, Eden would really doubt if this girl was her daughter.

"Mom, look. Am I cool? Grandma bought the clothes for me. I like such an unique style." Giada looked at Eden with a bright smile.

Eden was speechless!

"Punk is out of fashion." she said in a low voice.

Why was her little princess so rebellious?

She had been found of princess dresses since she was a child, and she hoped that Gia could wear it, but Gia was unwilling to wear a dress.

She liked such a cool style. She was indeed pretty in such clothes, but Eden felt that she could be a little gentler.

"Humph! Mom, you can't appreciate it. How cool it is!" Giada said narcissisticly.

Eden ignored her. Anyway, she couldn't judge Gia's taste since she liked it.

Hearing Eden's words, Henrick and Kenneth smiled.

Eden looked at them. That night, they dressed exactly the same. They both wore black and casual clothes, looking really handsome. Their heights had reached her shoulders, and they looked so attractive.

"Well..." Eden broke out in a sweat on her forehead.

The three children really worried her.

"Mom, you said that one of my fans wanted to meet me, so I bought a set of cool new clothes with Kenny specially. What do you think? Am I handsome?" Henrick looked at Eden proudly.

Eden looked at him suspiciously. Noticing the cunning expression in his eyes, she asked in a deep voice, "Did you do it on purpose?"

The smile on Henrick's handsome face froze, "Mom, no matter what, I am a famous star. Kenny and I just want to impress my fan. Please show me some respect, okay?"

Eden squinted at him, "Henrick, you should gain respect by yourself. Besides, Alice can even give up her study because of you. When you see her later, you're not allowed to have any improper thought. If I find that you do something bad to her, I'll give you a lesson!" She came to pick them up just to warn Ricky.

Henrick looked aggrieved, "Mom, I'm just a child. What do you think I could do? On the one hand, I can't date her. On the other hand, I can't do anything to hurt her. Mom, your worry is unnecessary."

After that, he looked at Eden leisurely and smiled wickedly.

Seeing him like this, Eden couldn't be more helpless.

Ricky was so precocious that she could do nothing with him.

Seeing that it was too late, she looked at Kenneth who always made her feel at ease, "Kenny, watch Ricky and Gia."

Kenneth nodded with a smile, "Mom, just rest assured."

Only then did Eden bring them upstairs.

The party was held on the roof, and the atmosphere was very lively because of Irene.

She arranged all the activities, and everyone was having a good time.

The models were good at dancing and singing, and they gave performances on the stage.

In the private box, Alice sat next to Bert, holding a gift box in her hand.

Victor sat opposite them, and Anson chatted with Bert from time to time.

The atmosphere was somewhat stiff.

Eden smiled and went in with the three children.

Alice's big clear eyes became brighter and brighter when she saw Eden.

She smiled and looked at the two handsome boys who looked exactly the same, feeling a bit puzzled.

However, she recognized Henrick immediately.

Alice wore a pink gown with her hair tied into a bun, looking elegant and adorable. She was more beautiful than she was in the daytime.

Kenneth was expressionless when he saw Alice, while Henrick was amazed by her. What a pretty girl!

"This is for you." Alice handed the gift to Henrick and looked at him with a smile. She finally saw her Prince Charming. Henrick was really handsome, and he was as elegant as a prince.

Eden was a little surprised and looked at Alice, "I didn't even introduce them to you. Can you recognize Ricky?"

"Aunt Alwynn, I am very familiar with him. I watched all his movies and TV series. What's more, I even paid attention to his piano competition and collected his photos, so I could recognize him at a glance."

Eden was stunned.

Henrick was touched. Alice was his devoted fan.

He took the gift with a smile and said gently, "Thank you."

Giada glanced at Alice's beautiful gown. Tut-tut, she was so pretty!

Henrick couldn't even take his eyes off Alice.

At this moment, he must have forgotten Alma.

But Gia felt that Alice was much more pleasing to the eye than Alma.

Alma was cute, but she always felt that she was unreal.

The smile on Alice's face was very pleasant.

"I know that you have an elder brother and a younger sister." Alice looked at Giada and Kenneth, "Nice to meet you."

Kenneth only nodded indifferently.

Giada smiled happily, "Nice to meet you, too."

Then she reached out and shook hands with Alice.

Seeing Giada's dress, Alice was clearly taken aback.

Giada and Alice were about the same age. When they stood together, the difference between them was obvious.

Alice was elegant and graceful, while Gia looked commanding and uninhibited.

Eden couldn't figure out whom Gia was like.

Giada looked at Bert who was smiling at Alice and asked politely, "Uncle Klein, could we bring Alice out to eat something?"

Bert nodded with a smile, "Of course, have a good time."

Giada held Alice's hand and walked out, "Let's go. I'll take you to eat something delicious."

Alice glanced at Henrick. Seeing that he followed them, she was very delighted.

Bert looked at Victor enviously, "Mr. Alwynn, your three children are all famous. They're indeed extraordinary."

Victor smiled as proudly as usual, "Mr. Klein, you flatter me. My wife educates them well." He thanked Eden so much.

The children had been very obedient and sensible when they came back to him.

Looking at Victor's smug face, Anson was looking forward to his own child.

Eden sat down beside Victor, "Anson, where is Abby?"

Anson said, "She works overtime today. I will chat with Mr. Klein for a while and then go to pick her up."

"Then bring her some delicious food."

"Alright!" Anson nodded.

Eden looked at Bert, "Mr. Klein, make yourself at home. I'll go out and look after the children."

"Mrs. Alwynn, thank you very much." Bert was very courteous.

Eden looked at Victor, nodded and then went out.

## Chapter 1420

Eden went out. Feeling the lively atmosphere, she was in a good mood, but she didn't want to play because she was too tired.

She saw that the children were taking snacks.

Each of them held a plate in their hands, selecting their favorite food.

Ricky stayed with Alice. They talked and laughed, and Alice looked a bit shy all the time.

Eden smiled helplessly. The children knew everything without a master.

"Eden, why don't you accompany your husband?" Paula's sour voice sounded behind Eden.

Eden turned around with a smile, only to see that Paula was looking at her with a red face and blurred eyes, "Are you drunk?"

Paula shook her head, "No, I just feel that this world is fickle."

Eden asked, "You're so pessimistic. What stimulated you?"

Staring at the people at the party, Paula narrowed her eyes and said in a daze, "Why can't I blend into these people?" She knew the fickleness of human nature. These people knew that she didn't have a nice background, so they were perfunctory and indifferent to her.

However, Dean was on good terms with them.

Eden knew what she was thinking.

"Paula, you don't even treat them sincerely. How could you blend into them? Among them, some people used to live harder than you, but they were willing to lower themselves, so they made achievements. Since I knew you, you have been very proud. Remember that others won't treat you

well unless you're sincere to them. Do you think that you are still in high school and everyone should flatter you?"

Eden said straightforwardly. Paula should take the initiative to assimilate into them instead of waiting for others to get close to her.

She was used to being pleased by others, but everyone worked in Alwynn Group by their own strength, and no one would think that they were inferior.

Paula only smiled. Without saying anything, she gulped down the wine in the glass.

Eden frowned and looked at her, "Don't drink too much. No one will send you back later."

Paula smiled mysteriously, "Of course someone will send me back."

"Who is it?" Paula seemed to have come to her to show off deliberately.

"Take a guess." Paula held her in suspense.

Eden frowned and didn't say anything.

Paula smiled as she ran her finger through her beautiful hair. With a smile, she told Eden the answer, "Your eldest brother."

Eden was dumbfounded.

"Where's he?" Her tone was unfriendly as she looked at Paula with weird eyes.

"He's drinking over there." Paula turned around and was about to leave. Her eyes were filled with smiles. "Eden, you can't stop me." She thought in heart.

Eden stomped her feet in anger, "Paula, how dare you approach Delmont!"

Paula said, "Eden, constant effort brings success. You neglected my determination."

Eden said, "Paula, let me tell you. Although constant effort brings success, it depends on what kind of people you're. You're not suitable for him, so you can't be with him no matter how hard you try."

Paula suddenly stopped and turned around to look at Eden seriously, "Eden, do you really think I'm not good enough for him?" They exchanged their phone numbers and got along quite well.

Delmont was a very warm man.

He was exactly the man she wanted.

Eden walked to Paula with her face darkened and warned her with apathetic eyes, "Paula, I don't mean that you're not good enough for him, but you're not suitable for him. Delmont needs a virtuous and gentle wife who can help him."

Paula looked at her in amusement and asked in reply, "Don't you think I'm virtuous and gentle?"

Eden shook her head and looked at Paula seriously, "Your purpose is to marry a rich man. Just seduce others and don't hurt Delmont!"

Paula smiled casually and smugly. She shook her head and said, "I didn't get close to him on purpose. We met by accident again and again, so I asked for his phone number. We got familiar with each other after chatting." Saying this, she smiled bitterly, "Eden, am I that bad in your eyes?"

Eden looked at her helplessly. She didn't look down on Paula, but Delmont was very careless, so she hoped that he could marry a woman that he really liked.

Seeing that Eden remained silent, Paula said with a smile, "Eden, everyone will change. I want to be a better woman and then marry a good man who will cherish me. I just want to be spoiled and loved by my husband, just like you. This is enough."

Victor's love for Eden was as solid as rocks.

He loved Eden, and he would live till old and grey together with Eden.

Paula was so envious!

All these years, she lived alone, and she was so lonely.

Eden clenched her fists and looked at Paula's melancholic face. She didn't think that Paula would change a lot. She had bad habits since childhood, and it was hard to change one's nature.

She said in a deep voice, "Firstly, you smoke and drink. Secondly, you're indiscreet about your private life. Thirdly, you only care about money. Therefore, please stay away from Delmont." After saying this, Eden turned around and left.

She knew that everyone would change, but Paula did not. She had been careful, so she could find that Paula had worked harder than before, but her nature didn't change at all.

Paula looked at Eden's back and smiled, saying in heart, "Eden, I won't give up."

"Don't you know my temper very well? The more you stop me, the longer I will insist."

Eden took a few steps and saw the wine glasses on the tray. She picked up a glass of cocktail and drank it up.

The waiter knew that she Mrs. Alwynn. Seeing that she angry, he lowered his head in fear.

After drinking up the wine, Eden put the glass back, picked up another glass of wine and had a quick swill. Turning around, she looked at the direction from which Paula had left. Then she narrowed her eyes slightly and followed her.

As expected, she saw Delmont and Paula standing together, talking and laughing.

Paula deliberately smiled coquettishly and tenderly, while Delmont had a gentle smile on his face.

Did they met by accident?

She would not believe Paula's words!

She did not believe it.

During this time, she often went to the hospital because of Adonis, so she neglected this matter.

She took out her phone and called Dean.

"Mrs. Alwynn, I'm right behind you."

After Eden hung up the phone, Dean smiled and walked towards her.

Dean smiled and said, "Mrs. Alwynn, what can I do for you? Mr. Alwynn asked me to follow you. He was afraid that something bad would happen to you."

Eden smiled, "I'm not a three-year-old child."

However, Dean looked envious, "But Mr. Alwynn is worried about you."

Eden smiled helplessly, "By the way, Dean, help me find out the whereabouts of Paula and Delmont these days."

Dean glanced at her with puzzlement. When he looked up, he saw Paula and Delmont not far away and understood what she meant.

"Okay, Mrs. Alwynn. I'll give you an answer tomorrow."

"Thank you very much!" Eden wanted to know what Paula's intention was.
