

Gluey Love 2421

Chapter 2421

"Rae, I miss you again. What should I do?" As an energetic young man, he had little resistance to the woman he liked.

Raelynn naturally knew what he meant by 'miss'.

She patted his back gently and said with a red face, "Kenneth, work. Be serious."

Kenneth hugged her even tighter and said childishly, "No, I just want you. I don't want to do anything else."

"Haha..." Raelynn couldn't help laughing. He was indeed a troublemaker.

She raised her eyes and looked at him. When she saw the lust and tenderness in his dark eyes, her heart ached.

She looked shy and whispered, "That won't do. Let's go back to the apartment together after work."

Such an obvious hint was something that Kenneth understood very well.

"Now we have to solve the problem first. Work is more important."

Kenneth also knew this.

"I'm going to solve the problem." Kenneth picked up the color board. "Let's go down together."

"Yes!" Raelynn didn't want to do it, but Faith had gone too far.

She had worked hard for more than ten years, but was misunderstood like this. She was very sad.

She was another person who did not like to be wronged over these things.

She had an innocent relationship with Kenneth, and she had never deliberately seduced him. Why was she being gossiped about?

Kenneth called Luke and the two of them went to the 24th floor. In Faith's office, she had already gathered all the personnel who were related to the matter.

All four of them lowered their heads and did not dare to look at Kenneth.

When Faith saw Kenneth and Raelynn coming down together, she felt very upset.

She took a step forward and said with a smile, "Mr. Kenneth, they have all seen the color board. Clara is Miss Edwards' assistant. The color board was correct when it left her office. However, when it reached her office, it was wrong."

Someone had to take the blame for the matter, right?

Raelynn's assistant would be the scapegoat.

Both Raelynn and Clara knew what Faith meant.

Raelynn spoke up, "Miss Mason, Miss Hansen is very serious. She was the one who found out that the color board was incorrect. What do you mean by that?"

Faith looked at Clara and smiled. "Miss Hansen, this is the true version I gave you. Why is there a problem with it when it was in your hands?" Her tone was aggressive.

Clara could never have imagined that she would be taken advantage of.

Raelynn looked at Faith, who wanted to stay out of the matter. Keep dreaming.

"Miss Mason, could you think before you speak? It was Miss Hansen who found out the problem and told me. Only then did I know that there was something wrong with the color board. Are you

putting the blame on Miss Hansen now?"

Faith looked at her coldly. "Miss Edwards, what do you mean by that?"

Raelynn retorted, "Something went wrong with the color board in your office. Why did you push the responsibility to my assistant? From your office to mine, it's only ten steps away. During this period, would Miss Hansen have the time to do anything?"

"There are so many things we can do. Miss Hansen, don't you agree?" Faith's gaze was sharp as she looked at Clara.

Clara smiled and asked, "Miss Mason, what can I do?"

Faith said with a smile, "For example, you can change the color board yourself."

Clara looked at her with uncontrollable anger in her beautiful eyes. "Miss Mason, I don't quite understand what you're saying."

"Miss Hansen, even if you want to pretend to be confused, this is not the way to do it." Faith's gaze became colder, but her aura was not enough to scare Clara.

It wasn't until that day that Clara realized how evil human hearts were.

During these years of work, she had met many people.

If it had been in the past, she would have been scared.

However, things were different now, and she had to defend her reputation.

What's more, she was more confident with Rae around.

"Miss Mason, I'm sorry but I don't want to take the blame. Why did the first person who noticed the problem become accused of being the person who did it? If I really wanted to change the color board, why should I tell Miss Edwards?"

"Miss Mason, if you want to frame someone, you have to have enough evidence. When I came to see you this morning, you gave me the color board very readily, and I looked at it while walking back. There are no surveillance cameras in your office, but there should be some in the corridor, right?"

Faith was stunned. Why were the people she met that day all so smart?

Why?

Kenneth looked at Luke and instructed, "Luke, the surveillance footage."

"Yes, sir." Luke immediately clicked on the laptop to check the footage.

"Huh!" Luke was surprised. "Mr. Kenneth, the surveillance footage was destroyed."

Kenneth ordered, "Give it to me."

"Yes!" Luke handed the laptop over.

Kenneth took it over and saw that the surveillance footage had been deleted.

However, it was not difficult for him to get it back.

Faith was very nervous. She looked at Kenneth's handsome face with both hatred and love.

She hated that he never looked at her, but she loved everything about him. No matter what, he was excellent.

Two minutes later, Kenneth showed the video to Faith.

Faith was stunned. She had already asked someone to delete it. How could he get it back?

"Miss Mason, look at it yourself. After Miss Hansen came out of your office, she looked through the color board and returned to her office. Less than a minute later, Miss Edwards came to your office. What do you think Miss Hansen can do during this time?"

"Or do you have other evidence to prove that Miss Hansen changed it?"

"I... I didn't. I was just speculating that Clara would do this. After all, even assistants would be jealous of the designers."

"I... I..."

"Shut up!" Kenneth angrily smashed the laptop in his hand, and the light in his eyes was as cold as ice.

Raelynn was speechless. He could get angry if he wanted, but why did he smash things?

That laptop was very high-end, and it was very expensive!

Faith was stunned.

Everyone was also shocked. They lowered their heads and didn't even dare to breathe.

Faith just felt like something was choking her.

She was nervous and scared.

Kenneth knew that there was more than one spy in the company. Since Faith could delete the surveillance footage, she must have accomplices in the company.

Taking advantage of this opportunity, he was going to take her out.

"Luke, investigate the person who deleted the surveillance video immediately. Find out who did it." Kenneth's expression was very gloomy. He would not spare anyone who dared to do such a thing under his nose.

"I got it, Mr. Kenneth. I'll look into it right away." Luke knew how serious the matter was.

To think that someone would dare to delete the company's surveillance footage so easily. Wasn't that a slap in the face?

Wasn't this a slap in Kenneth's face?

Luke turned and left. When he left, he glanced at the brave Clara. "This girl is very cute. She's obviously scared, but she's still trying her best to defend herself. She's so cute!" He thought to himself.

This time, Faith was completely flustered. If they were to investigate in this way, she would be found. The development of the matter was beyond her control.

What should she do now?

She couldn't let Kenneth find out about her.

She was very anxious, and she had been too impulsive to frame Raelynn.

Chapter 2422

Faith was so anxious that she sweated profusely. Raelynn looked at her with a cold gaze.

Did she understand the urgency now?

She wanted to throw the blame onto Clara? Dream on!

"Miss Mason, shouldn't you apologize to my assistant?" Raelynn's voice was cold as she looked at the nervous Faith.

Faith was like a frightened deer. When she heard Raelynn's voice, she suddenly glared at her.

"What did you say?"

Raelynn repeated, "I said, Miss Mason, shouldn't you apologize to my assistant? Why did you frame her without any evidence? Miss Mason, shouldn't you apologize?"

Faith gritted her teeth and looked at Clara. She apologized reluctantly, "Miss Hansen, I'm sorry. I misunderstood you."

Clara looked at her coldly and did not speak. If there was no surveillance video that day, she would probably have become the scapegoat.

After Faith apologized, she looked at Kenneth and said, "Mr. Kenneth, I'm going to the bathroom."

Kenneth nodded slightly.

He sat down with Raelynn and waited for the result.

Raelynn glanced at Clara.

Clara immediately understood.

"Mr. Kenneth, I'm going to the bathroom too."

Kenneth also nodded slightly and did not notice the communication between the two women.

The remaining three staff members became more and more nervous.

Cold sweat broke out on their foreheads. Once Clara had cleared her name, this matter would lie with one of the three of them. However, they had never done such a thing before.

They were also afraid of being wronged. After all, no one wanted to admit something that they had never done.

From Faith's actions, it seemed that she wanted to find someone to take the blame.

However, with Clara's previous explanation, they were no longer afraid. Anyway, they didn't do anything.

Things could be checked!

All of a sudden, the office became quiet. Even the breathing of the three people standing became cautious.

Only Kenneth and Raelynn were sitting quietly.

Neither of them felt awkward.

On the other side, after Faith came out, she did not go to the bathroom, but went to the fire exit to make a call.

Clara took off her high heels and followed her.

"Hello! Boss, something happened to me. You must help me, or we will all be exposed..."

Clara walked over quietly and started recording. She placed her phone behind the fire hose and turned to leave. This time, she really went to the bathroom.

A few minutes later, Clara watched as Faith returned. She then went over and retrieved her phone, then followed her.

Kenneth watched as Faith returned, but Luke had yet to return.

Raelynn looked at Faith, who looked relaxed at this time. It seemed that the matter had been solved.

She really wanted to see what Faith would do next.

She also hoped that Clara could obtain sufficient evidence.

Faith looked at Raelynn and smiled. "Miss Edwards, what happened today is a misunderstanding. I believe that Mr. Kenneth will soon find out the truth of the matter. I just went out, and I'm much more awake now. I'm really sorry for what happened just now. I haven't slept well recently, so I'm a little absent-minded."

"With your mental condition, you don't have to go to work," Kenneth said mercilessly.

Faith was speechless. She had once again shot herself in the foot.

"I'm sorry, Mr. Kenneth. I'll adjust myself as soon as possible."

Kenneth looked at her coldly and said, "Miss Mason, I can't trust you anymore because of what you've done recently."

Faith pursed her lips tightly and endured the pain in her heart.

She had really been too anxious that such a thing happened.

Her breathing hitched, and she remained silent, hoping that Boss had arranged it.

Otherwise, she would really be kicked out of the company.

At that moment, Clara walked in as well.

She looked at Raelynn and nodded slightly.

Raelynn picked up her phone and sent a message to Kenneth.

"Clara discovered a situation. Do you want to hear the recording?"

Seeing the news, Kenneth was stunned for a moment and slowly glanced at Raelynn beside him.

He nodded slightly.

Raelynn said, "Miss Hansen, let's go back to the office first."

Clara understood. "Okay!"

Kenneth also stood up and said, "Just in time, Miss Edwards. I have other things to discuss with you. Let's go to the office together. We'll come back when Luke returns."

Faith was speechless. She always felt that something was wrong, but there was no evidence.

The three of them returned to Raelynn's office and she closed the door.

Clara spoke up, "Mr. Alwynn, Rae, I got a recording."

Kenneth and Raelynn glanced at each other.

Raelynn requested, "Clara, let's listen to the recording first."

Clara turned on the recording.

"Hello! Boss, something happened to me. You have to help me, or we will all be exposed."

"Boss, you also know how I feel about Kenneth. There's a designer in the company whom he has taken a fancy to, and I've done something to frame her, but Kenneth now suspects me. Boss, please help me."

"As long as you help me this time, I will definitely help you get the information about the ATM plan you want."

"Boss, we just need to find two people to take the blame. One is a person in the surveillance room, and the other is a person who changed the color board."

"Okay, I see. Thank you, Boss!"

After the recording ended, none of them spoke.

Kenneth's handsome face was full of hostility.

How did the other party know about the plan?

The ATM plan was his new artificial intelligence product.

Although it had been developed, it had not been promoted in large numbers. There were still many bugs that had not been repaired and it was still in the testing stage.

How did the other party find out so soon?

Raelynn looked at the pale-faced Kenneth and asked, "Mr. Kenneth, what should we do now?"

Kenneth was silent for a long time before he spoke up, "Let's see who the two people to be blamed are. There are still many spies in the company. If we want to find out one by one, we can only keep giving them opportunities to be exposed."

Raelynn said with a smile, "Don't worry. Miss Mason doesn't want me to marry you, so she will keep playing tricks on me. She will also use the people in the company to cover her. At that time, you can kill them all in one fell swoop."

Kenneth looked at her with distress and said with a smile, "I won't let my beloved woman suffer like this. Don't worry, I will handle this matter well."

Clara was speechless. Wow, Raelynn's so doted on.

She was right there!

Raelynn answered sullenly, "Well, I wanted to do something for you. Since you won't let me do it, I have no choice."

She was a little unhappy because she could not help him.

Kenneth said with a smile, "Rae, you've done a lot. The ATM plan is my new research and development plan, but it hasn't been completed yet. If the other party wants to seize it, there must be other actions."

He still had a lot of chances to catch hold of the other party's weakness, but he didn't want to let Raelynn suffer.

Chapter 2423

Raelynn said, "Mr. Kenneth, Clara and I can help you. As long as you can use us, just say it."

That was the top business empire in River City, where there were many talents. There was no shortage of people like them.

However, as his girlfriend, she still wanted to do her best.

Kenneth looked at the two of them and said, "Actually, you don't have to do anything. Just pay more attention to the people around you as usual."

"Also, you have to tell me immediately if something like what happened today happens again. Don't swallow your pride and solve it yourself. They are a group. If they work together, you are no match for them. Now that we know their purpose, it will be easier for us to find out who they are. Be careful and don't tell anyone what you know today."

Raelynn and Clara nodded. They were not people who gossiped.

Kenneth looked at Clara. "Miss Hansen, could you please send this recording to Rae later? Rae, please send it to me."

Clara hesitated and then responded, "Okay!"

In fact, she really wanted to know about her idol's private life.

In Kenneth's circle of friends, there must be news of his whole family.

Could she also see her idol?

Her idol had not made any new TV series or films recently, and she was already despairing.

Unfortunately, Kenneth was a careful man who would not add another woman's phone number in front of his girlfriend.

She was happy for Rae, that she could find a man who really loved her.

A few minutes later, Luke came back and the three of them returned to Faith's office.

He also came up with two people, and the man and woman stood there submissively.

When Luke saw Kenneth enter the room, he noticed that the latter's dark eyes were filled with violence.

Others might not understand Kenneth very well, but Luke did.

His heart sank. Who had made Kenneth angry while he was away?

Once Kenneth got angry, his work would be extremely hard.

"Mr. Kenneth, I ran into these two talking on my way to investigate the surveillance footage. The man's name is Sebastian White and he works in the surveillance room. This woman's name is Nina. She's the assistant of Ms. Jane Clement from the design department. She admitted that she wanted to frame Miss Edwards because of jealousy."

Kenneth had already known the result. He said, "Fire the two of them. Alwynn Group will never employ again."

Luke replied, "Okay, Mr. Kenneth. I'll inform the Human Resources department right away."

Hearing this, Faith breathed a sigh of relief. The matter had finally been solved. How could she get the new ATM plan next?

Kenneth said, "Miss Mason, call all the designers over. I have something to announce."

Faith smiled and glanced at her assistant. "Lauren, go and get the designers from the design department to come over."

"Okay."

Lauren quickly walked out.

In less than ten minutes, all the designers had gathered.

Over the past few days, Kenneth had often gathered them together. Everyone had heard about what had happened to Raelynn. For a moment, everyone was in a state of panic and they looked nervously at Kenneth.

They were afraid that they would be blamed.

However, in the next moment, they were stunned.

Kenneth looked at the crowd and said, "You've all worked hard. Miss Mason's work ability is limited, and she's nearing the end of her six-month probation period. However, her working ability has not reached my expectations. In the next month, if your autumn designs can garner the most sales in the market, you will be promoted to become the design director. I hope that everyone can work hard and seize every opportunity to get the promotion."

Upon hearing this, all the people present were overjoyed.

Only Faith felt as if she had fallen into an ice cellar.

She looked at Kenneth in disbelief.

He was going to humiliate her in this way.

That's right. Alwynn Group never joked about work.

It was all because of Raelynn. Faith had never seen such a thing happen before Raelynn came, and she worked very hard. Even if there was anything that Kenneth wasn't satisfied with, she would soon be able to correct it.

However, because of Raelynn, impulse was like the devil. Jealousy had ruined her career and her future.

.....

The matter was solved just like that.

When Raelynn and Clara returned to their office, they were excited and happy. After all, they had won a bloody battle. How could they not be happy?

Clara's legs did not tremble just now, but right then, they shook uncontrollably. "Rae, my legs are shaking."

Raelynn looked down and saw that Clara was indeed shaking violently. She smiled happily.

"Clara, why are you so useless?"

Clara blushed. "Rae, this is the first time I've won. How can I not be happy? Can I not be excited? Just now, I was so nervous that I felt tense. Now that I've relaxed, my heart is racing and my legs are trembling. Even my head is in a mess. I'm really useless."

When Luke came in, he heard Clara's words. He could not help but smile.

"Miss Hansen, you're in the same state as when I first started working part-time in society. You're brave when you're standing your ground and arguing with people. You should continue to be like this in the future."

Luke smiled and walked towards the two of them.

Raelynn asked, "Mr. Parma, what are you doing here?"

Luke replied, "Mr. Kenneth said that the two of you have worked hard. He asked me to send you two glasses of iced tea to calm you down."

Raelynn was lost for words.

Clara was also speechless. Kenneth was so considerate. She also wanted such a good man.

"Thank you." Raelynn took the drinks with a smile.

"You're welcome! I have something to do, so I'll leave now."

After Luke left, Raelynn took one of the drinks and handed it to Clara. She smiled and said, "Drink it. Calm down!"

Clara took it and took a deep breath. The cool feeling made her heartbeat recover a lot.

"Wow! It's so nice and cold. This feeling of iciness has aroused my fighting spirit."

Clara took another sip of the tea with a face full of enjoyment. Only then did she look at Raelynn, who was slowly sipping on her drink. "Rae, you must work hard this time. You must obtain the position of design director. That way, no one will dare to bully you."

Raelynn smiled and retorted, "It's not that easy."

Although she was very confident in her designs, there was always going to be someone better than her. Nothing was absolute.

"Hey, don't I know you well? Your work is one in a million. Otherwise, you wouldn't apply for Alwynn Group."

"You have to believe that your designs are very unique, just like the former design director and Mr. Kenneth's mother. Her designs had their own unique style, which is why she was able to stand firm in the fashion industry."

"However, so are you. Mr. Kenneth has a unique eye and picked you out of tens of millions of people. This is your ability."

Raelynn was actually very happy to hear these words.

"When autumn comes, we'll know the result." She just wanted a stable job and be able to do what she liked to do. That was enough.

Humans would have endless desires if they were too greedy. Desire would swallow one's heart and change one's self. That was the most terrifying thing.

Chapter 2424

After work, Clara had something to do, so she left first.

Raelynn promised Kenneth that she would go to his apartment, so she went to the garage to wait for him.

In order to go on a date with Raelynn, Kenneth had been working hard.

When the time came, he had Luke go home first. As for Faith and the two people who had been fired, he had already sent professionals to follow them.

He went to the underground garage to pick up Raelynn and they went back together.

As soon as Kenneth entered the elevator, he received a call from his brother. "Ricky."

"Kenny, are you off work?"

Kenneth replied, "Yes! I'm about to go back."

"Hehe... Kenny, I heard from Gia that you have a woman you like."

Kenneth was speechless.

"Wow! I thought you would be single for the rest of your life. I didn't expect you to find a girlfriend so soon."

"Dad and Mom have wanted to come back for a long time, but I don't want them to come back. In a few days, Symantec Group will have a ribbon-cutting event. You can go on Mom's behalf."

"Mom and Dad are both here. I want to wait for Marlon and Juliet's vacation. Then, we can come back together."

Hearing this, Kenneth was in a particularly bad mood. "You like to live with your parents so much. Why don't you just move back to River City as well? Why do you keep Mom and Dad there?"

Henrick said, "Ah, Kenny, they are also my parents. I know you miss Mom, but I haven't seen her for a long time."

Kenneth was speechless, and his expression was very unpleasant.

"Kenny, one month. We'll be back in a month. It's almost the end of June and the children will soon be on holiday."

Hearing that, Kenneth began to feel much better.

"Tell Mom that I'll go to Symantec Group on her behalf. She doesn't have to work so hard."

"Got it, Kenny. I'll tell Mom later." Henrick hung up the phone happily.

However, Kenneth couldn't bring himself to be happy.

As soon as Kenneth stepped out of the elevator, Raelynn saw him. Seeing that he was in a bad mood, she walked over and asked, "What's wrong? Did something happen? Why do you look so pale?"

Kenneth shook his head slightly and held her hand. When he saw her, he felt much better. "It's okay. Let's go back to the apartment. There are a lot of ingredients we bought last time, so we don't have to buy food today."

Raelynn said, "Okay! Let's go buy some fruits. You have to eat fruits and vegetables so that you can be healthy. I don't think you like to eat fruit very much. There's not even an apple at home."

Kenneth thought about it and agreed. When he lived in Dragon Villa, there were servants who cut fruits for him, so he ate some. Presently, he lived alone, so he was really not bothered to do it himself.

Most men were inherently careless, and couldn't be bothered about their daily lives.

No wonder so many mothers wanted their sons to find a wife.

Sure enough, it was his wife who was more attentive.

"There's a shop under the apartment building. Let's go there and buy it."

Kenneth took her into the car and drove straight back to the apartment.

For Faith, who was still in a state of shock, when she saw that Raelynn had gotten into Kenneth's car, her heart broke.

No matter what she did, Kenneth would not give her a second glance.

It was unknown whether that woman, who liked Kenneth, would continue to disturb Raelynn in the future.

Faith agreed readily to Boss's request when she asked for help earlier that day, but right then, she didn't know what to do. How could she get the necessary plans?

If she couldn't get it, the other party would abandon her. She knew very well what kind of situation she was facing.

Faith took a deep breath, got in her car, and drove away.

As soon as Raelynn and Kenneth returned to the apartment, she put down her things, and he hugged her from behind.

Raelynn's body instantly tensed up and she did not move at all.

Although they had been together many times, she was still nervous and shy.

Kenneth was a little embarrassed at how keen he was, but as soon as he saw Raelynn, he became very impulsive.

"Rae, may I?" Even if he missed her, he would respect her. Only if she was willing would he continue.

Raelynn turned around and looked at him. The two of them were facing each other and they clung to each other. The burning heat from his body seemed to be burning her.

His dark, ink-like eyes were full of burning passion.

Raelynn slowly stood on her tiptoes, but she still couldn't kiss Kenneth.

Raelynn was a little angry. The height difference between them was really a pain.

She kicked off her shoes in anger and stood on the sofa.

Under Kenneth's confused gaze, she lowered her head and kissed him.

Kenneth's whole body trembled, and his lips curled slightly. His smile was full of tenderness, and the soft touch made all the blood in his body boil.

A few minutes later, the shackles on the two of them were completely clear. The feeling of being honest with each other was too beautiful. Raelynn even forgot her bashfulness and was immersed in the happiness brought by Kenneth.

His strong physique impacted her soul. Raelynn felt as if it was floating in the clouds. When she was at her limit, she bit hard on Kenneth's shoulder. The double stimulation made Kenneth feel

satisfied and happy.

Raelynn was drowsy, and she silently praised Kenneth for his strong physique.

However, at that moment, it was as if she had just run 5,000 meters. She was so tired that she was almost out of breath.

The room was dark, and time proved how terrifying the man's physical strength was.

"Rae," Kenneth whispered in her ear, and his satisfaction made him very energetic.

He liked this sweet date so much.

Raelynn closed her eyes, and even her eyelashes were covered with sweat.

Hungry and tired!

Kenneth knew that she was tired. After taking a bath with her, he laid on the soft couch with her in his arms.

Raelynn had already fallen asleep.

He smiled, lowered his head, and kissed her gently on the forehead. In high spirits, he turned around and went to the kitchen to cook.

There were many ingredients in the refrigerator from when they had gone shopping together last time. He could make a few simple dishes. It was not difficult for him to make a meal for two people.

In order to make Raelynn happy, he used the pressure-cooker to cook the ribs, adding corn and carrots to the stew. That way, the dish would be more nutritious, and Raelynn would like it very much.

Raelynn slept until eight o'clock, and she was directly awakened by her hunger.

She went to look for clothes in the wardrobe and saw that there was a wardrobe as tall as a wall, and full of clothes for girls. Each style had two colors, and they were all her size.

She smiled, put on a pink dress, and went downstairs.

In the kitchen, Kenneth was washing some grapes and apples.

There were also some of Raelynn's favorite grapefruits.

Hearing the footsteps, Kenneth went over with the washed fruit and put them on the table.

"You're awake," he said with a smile.

Raelynn nodded shyly and looked at him with blame. "Hungry!"

Kenneth helped her sit down. "I'm almost done with dinner. Sit down first. You can eat soon."

Kenneth moved quickly and soon brought the food to the table.

Raelynn also began to eat unceremoniously.

After they finished their dinner, Raelynn narrowed her eyes with satisfaction. Kenneth was good at cooking.

"Rae, sit down for a while. I'll make tea for you." Kenneth began to serve his girlfriend.

"Okay." Raelynn was too lazy to move, so she just let him serve her.

Ding-Dong...

Someone rang the doorbell. Raelynn was a little confused. Who would come at this time?

Chapter 2425

Raelynn glanced at Kenneth, who was busy in the kitchen. She could only get up and open the door.

When she opened the door and saw Isla sitting in the wheelchair, she was slightly stunned.

Wasn't she at Dragon Villa? Why was she here?

The moment Isla saw Raelynn, her face was filled with hatred. She was indeed here.

She couldn't wait to kill her with her own hands.

She asked angrily, "Raelynn, why are you in Kenny's apartment?"

Raelynn was also very angry when she saw her. After all, they both liked the same man, and in order to get Kenneth, this woman had used unscrupulous means to frame her.

There was Faith in the company, and Isla was also there outside the company. It was like being faced with both a tiger and a wolf!

Raelynn retorted, "I'm Kenneth's girlfriend. Why can't I be here?"

Isla couldn't hold her temper anymore. She shouted, "You b*tch, how dare you!"

Raelynn looked at her with a funny smile. "You said I don't deserve him, but you do. I, whom you think doesn't deserve him, am already with him. However, you think yourself worthy of him, yet you can't even see him?"

"You b*tch, where is Kenny? I want to see him." Isla was so angry that her breathing was ragged. She spoke without thinking, and Raelynn's words completely irritated her.

"B*tch, who are you scolding?" Raelynn was never polite to Isla.

"Raelynn, why don't you scold Isla again?" Nathaniel, who had gone to the parking lot, had just come out of the elevator when he heard Raelynn scolding Isla.

Looking at Nathaniel's aggressive expression, Raelynn sneered and said, "She was the one who scolded me first."

"How could she scold you? Isla has been very obedient and sensible since she was a child and has never cursed or swore. I personally heard you scolding her. Let's see how you will defend yourself this time."

Raelynn looked at him calmly and said, "I just scolded her. I dare to do what I dare to do, and I'm frank. Do you dare to ask her?"

Feeling wronged, Isla lowered her head and wiped away her tears.

"Nathaniel, I didn't." Isla was extremely uncomfortable.

"You shameless woman." Nathaniel walked over and looked down at Isla. "Isla, don't cry. Let's go and see Seven now."

"There's no need. I've already seen what happened just now." Kenneth's cold voice sounded behind Raelynn.

Isla was speechless. She had been too engrossed in the noise earlier and did not notice that Kenneth was behind Raelynn.

"Seven, you'd better listen. This woman is so vicious, and you brought her here. You're so stubborn." Nathaniel was furious. He had never been as angry as he was now.

"Shut up. You're the stubborn one. You only heard Rae scolding Isla, but you didn't hear her scolding Rae. You idiot, get lost!" Kenneth hated Nathaniel even more now.

A man who could not tell right from wrong was confused by a woman.

He just ran up and spouted nonsense.

"Seven, you must have been bewitched by this fox. Who is Isla? She's our junior. Do you still have any conscience to treat her like this?"

Kenneth held Raelynn in his arms, stepped forward, and glared at him coldly.

Nathaniel looked at the two of them hugging each other and frowned. "Seven, must you be so stubborn?"

"Nathaniel, do you have to be so stupid?" Kenneth retorted rudely.

"Seven, you..."

"Enough; you don't have to say anymore. Nathaniel, if you dare to be unreasonable to Rae again, we won't even be friends. If Isla makes use of you, I can forgive you once. If you continue to be so stubborn, don't blame me for being rude." Kenneth would not allow anyone to bully his beloved woman.

Nathaniel's emotions were extremely complicated as he looked at Kenneth's serious expression.

He was even more upset. Seven didn't even want to be his friend because of a woman.

"Haha..." Nathaniel laughed coldly. "Seven, I didn't expect you to be such a person. You are so obsessed with a woman that you can't distinguish right from wrong. You don't even care about friendship."

Kenneth looked at him coldly and said, "Leave. When you come to your senses, come here and find me."

Then, he looked at Isla and said, "Isla, I'm being polite to you because you're our junior. However, tonight, you showed me how vicious you are. It's not up to you to decide whether Raelynn is worthy of me or not. My woman doesn't need to be worthy of me. It's enough for me to marry her."

"..." Isla couldn't help but cry out loud.

"Kenny, I'm sorry. I was in a hurry just now. Don't be angry, okay? I... I just like you too much. I don't want to lose you ..."

Isla cried like a child who had lost their favorite toy.

Raelynn looked at her and felt disgusted.

If Isla made a mistake, she would only use crying to attract sympathy. Raelynn looked down on such a person the most.

"Enough. I've already made it very clear to you that I don't like you. You can go."

He was about to close the door.

Nathaniel stepped forward to block it and looked at Raelynn fiercely.

"Raelynn, apologize to Isla."

Raelynn was also very stubborn. "I said she scolded me first."

"But I only heard you scold her." Nathaniel was also very stubborn.

Kenneth said, "Nathaniel, you idiot, get lost!"

Kenneth kicked him in the stomach without hesitation.

"Ah..." Nathaniel didn't expect that Kenneth would hit him.

Caught off guard, he stumbled and fell to the ground.

"Seven, you..."

"Idiot, it's okay to be used by a woman, but you still can't distinguish right from wrong." Kenneth began to get angry.

Nathaniel roared, "You're the one who's being used by a woman. You're the one who can't distinguish right from wrong."

"Raelynn, you are a vixen. With me around, you can forget about marrying Seven."

Nathaniel endured the pain and got up from the ground.

Kenneth's gaze grew sharper. "Nathaniel, don't worry. No matter whether you exist or not, Raelynn will always be my future wife."

Looking at Kenneth's excessively handsome face, Isla was very serious.

She suddenly regretted her sudden attack that night.

She deliberately brought Nathaniel here to confirm that Raelynn was here. She wanted Nathaniel to hate Raelynn even more, but she did not expect the results to be so mediocre.

"Hmph! Seven, I want to see how long she can fool you. Isla, let's go." Nathaniel pushed Isla away.

Kenneth did not stop him.

Nathaniel took a few steps, but Kenneth didn't make a sound. Only then did Nathaniel realize that the latter had always been cold-hearted. How could he sympathize with others at that moment?

Nathaniel didn't believe that he couldn't defeat the vixen Raelynn.

Isla looked at Kenneth reluctantly.

She wanted such a noble man to be her future husband.

If it wasn't for Raelynn, she would be the woman in Kenny's arms.

Chapter 2426

When Isla turned around, Kenneth slammed the door shut.

Raelynn was lost for words.

Kenneth held her tightly in her arms and kissed her forehead. His forehead was pressed against hers, and his tone was apologetic. "Rae, I'm sorry for making you suffer."

Kenneth blamed himself for letting her be bullied.

Raelynn smiled and said, "It's okay. I haven't been wronged. Didn't I scold them back? I'm not an idiot, and I won't let anyone get away with scolding me."

"Rae, you're awesome!" Kenneth kissed her forehead again.

He took her hand and returned to the living room. After they sat down, Kenneth poured some tea for Raelynn.

"Rae, have some tea first. I'll get the gifts." Kenneth patted her on the shoulder gently.

Raelynn looked at him in surprise. "What gift?"

Kenneth smiled and answered, "I prepared it for you. I also gave you a card but it seems that you haven't used a penny."

Raelynn replied, "I don't have much need for money. I wanted to buy some clothes, but you have prepared a lot for me in the wardrobe, and they are all my favorite kinds. Why would I need money?"

Kenneth said, "I'll prepare everything for you in the future. I'm very happy to prepare everything that you like!"

He went upstairs with a smile, and Raelynn was stunned on the spot.

Kenneth quickly brought down a gift box.

He put it on the coffee table and opened it. It was a very beautiful white dress with diamonds on it.

"Wow!" As a designer, Raelynn knew that this dress was very beautiful even without seeing all of it.

"Why did you prepare a dress for me? I'm not attending any banquet soon?" Raelynn's face was filled with unconcealable joy.

She had seen this style before. There had been similar styles abroad, but the ones in the country were far more beautiful.

"This is one of my mom's designs and it's from her private collection. If there's no suitable person to give it to, it would have been given to Gia in the end."

"Gia sent this dress over and she asked me to give it to you. She said it will suit you very well."

"I'll thank Gia later. I really like it!"

Kenneth smiled and asked, "Do you want to try it on?"

Looking at the smile on her face, he knew that she liked it very much.

"No, I don't want to wear it. Of course, I will wear it when I need it." She was reluctant to wear it now.

Her slender fingers carefully stroked the silky and soft fabric. The diamonds on them shone brightly. It was really a beautiful dress.

Kenneth looked at her with a gentle gaze.

Raelynn felt that she was extremely lucky. She could really wear the clothes designed by Eden, the fashion queen, who was famous all over the country.

She was very serious about the clothes she designed for every quarter.

The clothes designed by Eden, whether in terms of material or style, were all very comfortable and fashionable.

"Ah... Kenneth, I can't bear to wear it. What should I do? I want to keep it well."

Kenneth saw that she was so excited that her eyes were red, and she looked very attractive.

He sat beside her and hugged her. "If you keep it well, it won't have the value it deserves."

"In a few days, there will be a ribbon-cutting event held by Symantec Group. There will be a banquet held at the top restaurant in River City at night. You can go with me."

"No." Raelynn shook her head.

Kenneth asked, "Why?"

Raelynn said, "I can't do it now. After I marry you, I will perform the responsibilities of being a good wife. I am only your girlfriend now. If I go, I will become the public enemy of all the women in River City."

"Compared with the life of rich ladies, I still want to live a peaceful life. When I am free, the two of us can go on dates, cook together, and do what we want to do."

Kenneth began to understand, but he wasn't unhappy. On the contrary, he didn't want his woman to appear in public too much.

"Fine, fine, fine. It's up to you." Kenneth couldn't help kissing her fair cheeks.

Raelynn was used to him kissing her from time to time.

In the beginning, she would be very shy, but now, she would not be so anymore. That was what happened when one got used to things.

"Kenneth, send me back. My mother will be worried if it's too late."

"Okay!" Kenneth looked at her with yearning eyes. He carefully kept the dress, then went to the storage cabinet on the first floor to take out a few bags.

Raelynn took a look and found that they were all clothes.

"Why are there so many clothes?"

"These are gifts for Auntie and Ryder."

Raelynn was very surprised. "I already brought a lot of gifts with me last time. My mother will feel bad if you do this."

Kenneth smiled and said, "I'm serious. Auntie should leave you to me without having any worries. Let's go. I'll send you back and then go up with you. In order to make Auntie feel at ease, I have to visit her everyday."

Raelynn smiled and thought that what he said was reasonable, so she didn't refuse and went back with him.

Forty minutes later, they arrived at her home.

Seeing that the two of them had returned together with a lot of gifts, a worried look appeared in Malia's eyes.

Kenneth knew how to observe people's expressions, and he knew that Malia was very worried about them.

"Nice to meet you, Auntie!" He greeted her respectfully.

"Hello, come in and have a seat." Malia hurried to help him carry the gifts in.

When Raelynn entered the room, she didn't see Ryder. "Mom, hasn't Ryder come back yet?"

Malia responded with a smile, "Ryder called to say that he will work overtime today."

"Oh!" Raelynn put down her bag and sat on the sofa.

Malia poured some water for the two of them and asked Kenneth to have a seat as well.

Looking at the perfect couple, Malia was both happy and worried.

"Have you eaten yet?"

"Auntie, we already ate," Kenneth replied in a gentle voice.

"Then I'll peel some fruits for you."

"Auntie, you don't have to be so busy. Rae and I ate very well tonight. I just wanted to come and see you." Although Kenneth was not very eloquent, he had been influenced by Henrick and his three younger brothers since he was a child, so he knew what to say.

Malia was surprised and delighted. She and these children were of different generations, so she felt that there was nothing to talk about.

"Kenneth, what are you trying to say?" She asked with a smile.

After getting to know Kenneth, Malia felt that although he looked arrogant, he was actually a very kind person with a good character.

"Auntie, thank you for allowing me to be with Rae. Don't worry, I will never let Rae down." Kenneth came here that night to eliminate the worries in Malia's heart.

Raelynn was also stunned. He was here to see her mother. He was here to persuade her.

Malia glanced at her beautiful daughter. Perhaps because she was in a relationship, she was even more beautiful.

"Kenneth, I don't have any special requirements. I only hope that you will keep your word." Although there were few such examples in rich families, she was a mother. Except for letting her children live a happy life, she had no other wishes.

"Auntie, don't worry. I really love Rae, and I will never let her down." Long before that, Kenneth had already made up his mind.

Chapter 2427

Kenneth looked at the gentle Malia and continued, "Auntie, I know that such a simple promise is worthless in this era, but please trust me this once."

Malia looked at him. Under the warm light, his eyes were very dark and sincere.

Malia was moved. Since he had said so, it was not appropriate for her to say anything more. The most important thing was that her daughter liked him. Even if there were any changes in the future, she would have no regrets if she loved him.

It was better to have loved and lost rather than regretting for the rest of her life.

"Okay, I believe you!" Malia was really not worried this time.

Kenneth's sincere gaze moved her.

"Thank you, Auntie!" Kenneth heaved a sigh of relief.

"My parents will come back next month. At that time, I want to invite you and my parents to meet and discuss my marriage with Rae."

"Kenneth, what are you doing? I haven't agreed to marry you yet." Raelynn looked at Kenneth, who was eager to marry her, and felt a little funny.

Malia couldn't help laughing, but it was also good. It was perfectly justifiable, and Rae wouldn't be hurt.

A man in love always wanted to marry the girl he liked. She was also experienced and knew this.

.....

After Nathaniel left with Isla, he sent her back to Dragon Villa.

Giada had just coaxed the children to sleep, so the couple went downstairs to drink some water. They happened to meet each other.

"Gia, Martin, you haven't slept yet," Nathaniel greeted them with a smile.

"Yes, Nathaniel, where have you been?" Giada leaned into Martin's arms. She had just yawned, so there was still a faint mist in her eyes.

"I went to see Kenneth. Your big brother had been fascinated by that vixen and even beat me up." Nathaniel told her what had happened that night angrily.

Giada and Martin looked at each other before she spoke up, "Nathaniel, even my parents don't care about my brother's matters. He has the freedom to marry anyone he wants. You guys care too much about this matter."

Giada's words were not polite, and she felt that her brother's kick was very justified. She was relieved when she heard that.

Isla glared hatefully at Giada. How could a married girl have the nerve to take over her family home and not go back? How could she say such irresponsible things?

"Gia, can't you think about Kenny? It's harmful for him to stay with such a scheming person like Raelynn." Isla was sincere and looked at Giada with grievance.

Kenneth sneered. "I'm very considerate of my brother. Miss Edwards is very suitable for him."

"Gia, you don't understand. People are evil. Raelynn performed well in front of you, but she's not like that behind your back."

"In order to marry your big brother, she wouldn't let go of her foster brother and foster parents. Such a woman is really terrible. Gia, do you really want such a person to be your sister-in-law?"

Isla found an opportunity to persuade Giada to stand on her side.

Now that Kenneth's three younger brothers had returned, she wanted to rope them in. However, his three younger brothers treated her coldly.

They didn't even bother looking at her.

She didn't want to endure the feeling of not being able to get what she wanted.

Giada looked at her with a cold gaze. "Miss Alden, we can clearly see who's right and who's wrong. We can see everything clearly."

"Those rumors on the Internet were created by some people who wanted to destroy Raelynn. I investigated her and found that she carries a lot of burdens. She has encountered a lot of unfortunate

things. She was switched at birth, and when the truth was revealed, she was abandoned. Despite this, she didn't hate anyone. She went back to her relatives and worked hard to live a serious life. Such a person, tell me, what can she do and what should she do?"

"Haha..." Isla was so angry that she laughed. "Gia, Raelynn is just a poor and vicious woman. How can you speak for her like this? That's your brother, or do you want to seize the property of the Alwynn family and let your eldest brother be fooled by a woman like this?"

Giada suddenly flew into a rage, and Martin's expression became even gloomier.

"Isla, watch your words. It's not up to you, an outsider, to take charge of the Alwynn family."

"Don't worry. As long as I'm here, you'll never be able to enter the Alwynn family."

Isla instantly became nervous. How could she be so impulsive?

"Gia, I'm sorry. I said that because I was too anxious. That wasn't my intention. I was just too angry with that woman, Raelynn, tonight." The more Isla said, the more she cried.

Giada regretted allowing this ugly woman to stay behind to anger her.

"Darling, don't be angry. It's not good for your health." Martin comforted Giada gently, but he glared at Isla coldly.

Seeing that Martin's expression was not quite right, Nathaniel also spoke up for Isla. "Mr. Talbot, it's just a misunderstanding. Isla spoke so recklessly because she likes Seven too much. She is also worried about Seven. You haven't seen Raelynn's ugly face..."

Martin interrupted him. "I haven't seen Miss Edwards's ugly face, but I've seen Miss Alden's. Thus, please leave Dragon Villa."

Martin ordered them to leave. If Isla continued to stay there, she would definitely make things difficult for Gia. It was already very hard for her to take care of the children everyday. There was no need for his wife to suffer even more for such a person.

Isla and Nathaniel's faces suddenly turned pale. Nathaniel was also angry. How dare a son-in-law kick them out?

"Martin, you are only the son-in-law of the Alwynn family. You have no right to drive us away."

Giada sneered and said, "Nathaniel, we don't blame you if you don't understand people well. However, you can only blame yourself."

"In addition, our Alwynn family doesn't believe that married daughters are no longer part of the family. Martin is my husband, so he is also regarded as the son of the Alwynn family. Everyone here has the right to speak, but you two outsiders don't."

"Everyone." Giada was furious and called for the servants.

"Miss Giada." The servants immediately ran out.

Giada pointed at Isla and said, "Help her pack up and make sure they leave Dragon Villa."

Giada and Martin turned around and went upstairs. They ordered the servants to bring some water upstairs.

In the end, Isla and Nathaniel were kicked out of the house.

Giada and Martin stood on the second floor and watched them leave. She heaved a sigh of relief. "It's finally quiet at home."

They had evidence of Isla's evil deeds, so they just needed to find a good opportunity to show it all to Kenneth.

Martin smiled gently but did not speak.

The next morning, Raelynn woke up early in the morning. Kenneth was going to the branch office for a meeting, so she had breakfast alone and went to work.

Not long after she went out, she found that something was wrong. It seemed that someone was following her.

She turned around and saw two men in suits and leather shoes following her. In the end, they were stopped by someone sent by Kenneth to protect her. Only then did she get into the taxi with peace of mind.

"Sir, let's go to the Alwynn Group building." She told the driver the address after getting in the car.

"Okay, Miss."

"Crack." The door was locked.

Raelynn instantly became alert. "Sir, why did you lock the door?"

Chapter 2428

Only then did Raelynn notice that the driver was wearing a cap and black clothes. His exposed jaw tightened, and the car gradually sped up.

Raelynn's heart tightened and she asked again, "Sir, what is going on?"

"Sit down. Don't talk nonsense," the driver said in an evil voice.

Raelynn never thought that after getting rid of the two people following her, she would be targeted again in the blink of an eye. The villain had a back up plan, which made it impossible for her to guard against them.

Raelynn took out her mobile phone and wanted to call for help. However, she saw that there was no signal; the signal was blocked.

She tried to call Kenneth's number, but she couldn't get through to him.

The driver said calmly, "Don't waste your strength. There is no signal in the car."

Raelynn was speechless.

D*mn it, who did it?

"Sir, I'd advise you to send me to the Alwynn Group building. Otherwise, you will die miserably," Raelynn threatened aggressively.

The driver smirked and said, "I really want to know how miserably I will die."

Raelynn choked; it would naturally be very miserable. At least, Kenneth was crazy when he hit people. Moreover, his strength was amazing. Thinking of what happened to James, she still had a lingering fear.

"Sir, how much money did the other party give you? I'll give you double the money. Let me go." Raelynn changed tactics. The other party must have done this for money. She couldn't think of anything else that they would want.

If it wasn't for money, then it would be blind loyalty to a certain person.

The driver sneered and said, "How much money can you give me to live in this community?" He really needed money, but this lady might not be able to afford it.

Hearing this, Raelynn felt that there was hope. "I have money. My boyfriend is very rich. If you let me go, I will ask him for help if you need any help."

"Bah." The driver snapped.

His voice became terrifying. "What I hate most is women like you who can do anything for a man's money. You want to use your man's money to redeem yourself? Dream on. Let me tell you, you will die today."

Raelynn was stunned. She didn't know why her words had provoked him.

Well, this man must have been hurt by something before. Otherwise, why was he so sensitive?

She stopped talking. This man looked very crazy. If she accidentally angered him with a few words, she would have to suffer. She might as well save some strength and find a chance to escape later. She did not go to work, so Clara would definitely notice it.

With the experience from last time, this time, she was no longer afraid, but quietly waited to be rescued.

On the other side, as soon as he arrived at the company, he received a call from the bodyguard.

"Hey! What's wrong with Rae?" His tone was very nervous. He knew the bodyguard's phone number.

"Mr. Kenneth, there were two men in suits following Miss Edwards early in the morning. We've caught them. I wonder if Miss Edwards arrived at the company safely? She took a taxi."

Kenneth turned around and looked at Luke. "Go and check if Miss Edwards has arrived at work yet. Hurry up."

Luke replied, "Okay!"

He turned around and went downstairs. He didn't even have time to take the elevator. He ran all the way to Raelynn's office and saw Clara cleaning.

"Miss Hansen, hasn't Miss Edwards arrived yet?" He asked anxiously.

Clara nodded. "She's not here yet. She usually comes to work at this time. She usually comes to work half an hour earlier in case there's an emergency. She's always prepared for things. I've been meaning to call her too."

"Ah, why don't you give her a call now?" Luke was a little anxious. He didn't want anything to happen to Raelynn.

Clara picked up her phone and dialed Raelynn's number. Then, she looked at Luke strangely and said, "It can't be connected."

"Alright, I understand." Luke turned and ran out.

Clara chased after him, but Luke was nowhere to be seen anymore.

"Why can't I get through to her so early in the morning? Oh no, did something happen?" Clara made several phone calls, but she could not get through to Raelynn for the time being.

"What's going on?" She panicked.

At this moment, Lauren walked over and looked at Clara. Her tone was cold. "Miss Hansen, get ready. The meeting is about to start."

Clara looked at her. "Miss Edwards isn't here yet. Can we wait a little longer?"

Lauren sneered. "Is this company run by Miss Edwards? We can't afford to wait for her." After saying that, she turned around and left.

Clara glared hatefully at her back, as if she was Faith.

Luke soon arrived upstairs. Kenneth had already dialed Raelynn's phone number, but he couldn't get through to her for the time being either.

He clicked on his phone to track Raelynn's location.

Raelynn's location was somewhere outside the city, so he knew that something had happened to her.

"Mr. Kenneth, Miss Edwards hasn't arrived yet."

"Get the car ready," Kenneth said with a sullen expression on his face.

"Yes, Mr. Kenneth." Luke knew that something had happened. Otherwise, Kenneth wouldn't be so anxious.

He turned around and went to the garage first.

Kenneth took his laptop and mobile phone, and quickly left the office.

At the same time, all the executives had arrived in the conference room.

Kenneth called a senior executive and said, "The meeting this morning is canceled."

Then, he hung up the phone. The executive who received the call was stunned.

He looked at the people in the conference room and announced excitedly, "Mr. Kenneth just called me and said that today's meeting is canceled. Let's go back to our work."

Upon hearing this, Faith was extremely jealous. Earlier, Lauren came back and said that Raelynn had not come yet, but Kenneth had canceled the meeting because of her.

Did Raelynn really have such great charm?

Did she want Kenneth to ignore the company for her?

Clara heaved a sigh of relief. She walked out of the meeting room and kept calling Raelynn, but she still couldn't get through to her.

She was very anxious. Did something happen?

On the other side, Kenneth was driving personally while Luke sat in the passenger seat. Looking at Kenneth's car, his forehead was covered with sweat.

"Mr. Kenneth, if you drive too fast, you'll be pulled over. Slow down... Slow down." Luke grabbed the car door tightly. This was not going to save people at all, but rather, they were at risk of dying.

Kenneth asked, "Do you think they'll have the chance to pull me over?"

Luke responded, "That's true. Mr. Kenneth, you're not an ordinary person." However, he was an ordinary person. He didn't even have a girlfriend yet.

Luke's head was spinning, and when Kenneth made a sudden turn, he leaned hard against the car door.

"Ah! Mr. Kenneth, slow down, slow down. I can't hold on any longer. We are here to save people, not to kill ourselves. Don't keep accelerating."

Luke wasn't afraid of Kenneth driving, but he was most afraid of him racing as he drove at an insane speed.

Chapter 2429

Kenneth shouted, "Shut up. If you don't shut up now, I'll throw you out of the car."

Luke shut his mouth tightly. Fine, fine, fine. He wouldn't say anything anymore.

However, in the next second, Luke's pupils violently trembled and all the blood in his body seemed to flow backward.

"No, no, no, Mr. Kenneth, slow down. There's a bus in front of us. Mr. Kenneth, you're driving too fast..." Luke was so frightened that his eyes rolled at the big vehicle that had suddenly turned out.

Kenneth desperately pressed the horn, and the other party also saw his car.

Seeing that they were about to crash into each other, Kenneth's sharp eyes measured the distance. Amidst the rapid honking of the vehicles, the car moved at a very fast speed. He suddenly drove it in a direction and passed the front of the bus at a tricky angle.

Luke was lost for words. D*mn, Kenneth had taught him a lesson, and he even managed to save his life with such a miraculous method.

"Whew..." Luke's life was saved. His entire body was drenched in sweat.

It was simply too exhilarating. Just now, he felt that his mind was empty.

He suddenly realized that he hadn't written a will yet. He had been with Kenneth for so many years, and in fact, he had few assets.

Boohoo, boohoo, boohoo...

Fortunately, he survived.

The car gradually slowed down. Kenneth glanced at the location of Raelynn's mobile phone. She was in a hotel outside the city where a village was being demolished.

He was about three kilometers away from the hotel.

Kenneth calculated the time of Raelynn's taxi. At this time, they should have just arrived at the hotel.

The three-kilometer journey was very fast for him, but he was still anxious.

In the abandoned hotel, the water and electricity had long been cut off, and the ground was full of rubbish and junk.

All the things that could be moved away had been removed, leaving only some abandoned mattresses and garbage.

Raelynn was taken to the second floor of the hotel. There was a bed there, which was relatively clean.

There was some water and food on the table not far away. It seemed that someone was living here.

The driver tied up Raelynn's hands and legs with rope, but left some space so that Raelynn could take small steps. However, it was impossible for her to run away.

Raelynn did not have the slightest chance to escape.

The driver pushed her into the room, and she stumbled and almost fell to the ground.

"Hey, hey, hey, don't you know how to take pity on women?" Raelynn glared at him fiercely. If she fell, her front teeth would probably be knocked out.

The man glared coldly at her. "Shut up. I have a few smelly socks. If you feel that you still have things to say, I can use them to gag your mouth."

Raelynn shut her mouth tightly in an instant.

Seeing that she was scared, the driver smiled faintly and said, "Don't worry, I won't kill you. The other party's request is very simple. It is to let you and me do some intimate things here. I am really lucky that you are so beautiful."

After the man finished speaking, he sat by the bed and lit a cigarette. In the smoke, he narrowed his eyes and looked at Raelynn with malicious intent.

Raelynn was stunned. "Who asked you to do this?"

The driver laughed and said, "Do you think that person will be so stupid as to report their name to me if they do such a bad thing? They just gave me money, and I don't know their name."

"Thus, even if I want to tell you, I don't know what to say."

"Since you are so beautiful, I will take photos of you and upload them onto the Internet. Then I will inject something into you. That is what you have to bear today."

The man told her those devilish things in a calm tone.

Raelynn trembled all over. Listening to the man's words, she felt that she was about to throw up.

The other party's request was very simple. It was to trample on her dignity, destroy her pride, and ruin her life. Those were the most precious things for women. If they were ruined, it would be completely destroyed. It would also become a stain in a woman's life. She would always be pointed at and would live in endless pain everyday.

Who was so vicious?

Was it Isla or Faith?

So far, she had offended these two people.

While Raelynn was lost in her thoughts, she heard the man's voice as he spoke on the phone. "Hey! I've caught her. Give me the money first. After I'm finished, give me the other half of the money. Remember, I won't do anything to her until you give me the money."

"Haha, it's not enough to have me alone. You also arranged for four other men. The human heart is indeed the most vicious thing in the world."

"Okay, okay, okay. I won't talk anymore nonsense. I'm in room 203 on the second floor of the hotel. Ask them to come up."

"Listen, don't play any tricks on me. I won't upload the photos online before the money is transferred into my account."

"Yes! Got it."

The man put down his mobile phone and looked at Raelynn. He said with a smile, "I don't know who you have offended. The other party thinks that I alone am not enough, so they also found four other men for you. I don't care. Anyway, I have done this kind of thing before. It's just that it's a little disgusting to have too many people."

The man's voice was still calm, but Raelynn's face was pale and she couldn't help trembling.

Bang... The door was pushed open and four gangsters came in.

Seeing Raelynn's beauty, they were almost drooling.

"Hehe... It's so cool to earn money and have a beautiful woman to play with." One of the men looked at Raelynn with a lewd smile.

Raelynn looked at these people, and they were all hideous. She felt sick when she looked at them. That person found these ugly men in order to disgust her.

The driver glanced at the four men and warned them, "I caught her. I'll go first, and then you can play with her."

The four men nodded knowingly and agreed.

"Beasts, can you have some human nature?" Raelynn was afraid. There was almost no possibility for her to escape here.

The driver laughed and said, "Go ahead and scold us, but you should also scold yourself. I heard that you stole someone else's boyfriend and framed her. You are also very vicious, so we are like each other."

Raelynn instantly understood when she heard these words.

"It's Isla."

The driver smiled and said, "I don't know who it is, but the money has been transferred to me, so I should do what I should do." The man's tone was calm, and he said such a vicious thing as if he was talking about something normal.

He took off his clothes as he walked towards Raelynn.

"Don't come over." Raelynn retreated to the window, but her hands and feet were tied up. It was difficult for her to end her own life.

The driver laughed and said, "Don't think about jumping out of the window to escape. You can't escape like that. Be good and bear everything, lest you suffer more."

Raelynn's face turned paler when the driver guessed what she was thinking.

While speaking, the man had already taken off his shirt and asked another young man to take out his mobile phone to record a video.

Chapter 2430

"No, I beg you. I'll give you whatever you want. Please let me go." Raelynn tried her last struggle. She wanted to live well. Why was it so difficult?

Why was the mastermind so vicious and wanted to ruin her?

She just fell in love with Kenneth, but she didn't regret it.

The appearance of Raelynn begging with tears in her eyes was pitiful, which affected the hearts of the several men present. All of them were eager to make their move.

Raelynn also wanted to delay things for a while. With her mobile phone location, Kenneth would soon find her.

The driver laughed and said, "Where would you get the money? It's too late."

The man pushed Raelynn to the bed.

"Ah... Get lost. Don't touch me." Raelynn screamed like a frightened animal.

Upon hearing her scream, Kenneth, who had just arrived at the stairs, felt his heart jump into his throat.

Bang... He kicked the door open with force.

Seeing the scene inside, he was covered in an icy and violent aura which seemed to burst into the air.

The sudden change made the five people in the room look at the door in astonishment.

Kenneth was very tall, and although he was behind several men and could not see anyone, Raelynn looked up and saw his fierce and handsome face.

"Kenneth." Raelynn relaxed the moment she saw him. He was like a dazzling beam of light in the darkness, illuminating her life.

If he was a few minutes late, or even a few seconds late, she could not imagine what would happen.

Luke followed her in and saw the five men in the room.

"D*mn it, you b*stards really know how to play. However, you're dead meat." He couldn't help but curse.

Kenneth looked at him gloomily. "Hurry up and call the bodyguards here."

Luke was dumbfounded. "Mr. Kenneth, didn't you call the police?"

"Ask the bodyguards to come here first. Call the police only after they're crippled," Kenneth ordered.

After he finished speaking, he looked at the five men who had their mouths wide open in shock.

Before they could enjoy the beauty, their lives had basically come to an end.

Kenneth's eyes turned cold. Looking at Raelynn's miserable state, he was extremely angry. He suddenly attacked and grabbed one of the men to beat him up.

Kenneth hit the man so hard that the man didn't even have a chance to fight back.

Three or four minutes later, Raelynn's eyes widened and she looked at the five men lying on the ground in disbelief.

Kenneth's destructive power was simply too terrifying.

Kenneth walked up to her and quickly untied the rope around her.

"Rae, are you hurt anywhere?"

Raelynn was in a sorry state, with tears in her eyes and messy hair. She looked very pitiful.

She looked at him with grievance. "It's all your fault. I just fell in love with you, but I almost lost my life. ..."

Raelynn leaned in his arms and cried.

It was not because she was afraid that she was crying, but because he had saved her in time. She was so moved that she cried.

Kenneth hugged her tightly in distress. His heart was still fluttering with fear. Now that he was holding her in his arms, the anger in his heart intensified. If he had been a step later, he would not have been able to forgive himself.

"It's okay, Rae. I won't let them go." Kenneth comforted her in a soft voice.

Seeing this, the driver looked at the two of them with a complicated mood.

Didn't that person say that this woman had no backer?

Who was this man? He was Kenneth, the president of Alwynn Group. The driver had offended someone so powerful.

The driver slowly struggled to get up from the ground, and his calm expression was no longer the same as before.

Seeing this, Kenneth kicked him. The driver fell to the ground again, with tears flowing out of his eyes.

He looked at Kenneth with wide eyes.

"Mr. Alwynn, if you have the ability, kill me." He smiled playfully, provoking Kenneth's anger.

Kenneth sneered and said, "Do you think a worthless person like you is worth me making a move?"

The driver looked embarrassed and humiliated. The life of a person like them was indeed cheap.

However, it was because of this that he wanted more money to climb up, wasn't it?

"I'll use information on the mastermind behind the scenes to exchange for my life." The driver's mouth was full of blood, but he didn't care at all.

The gangsters were speechless. They didn't know anything.

Kenneth replied, "No need. Without you, I already know who the mastermind is."

The driver was stunned and miscalculated.

Kenneth looked at Luke and said, "Take his phone and find out who that person is."

Luke walked over, picked up the man's phone on the ground, and looked at the call record.

He looked at Kenneth in surprise. "Mr. Kenneth, it's Nathaniel's phone number."

"What?" Kenneth was stunned. He obviously did not expect that it would be Nathaniel.

"Give me the phone."

"Oh!" Luke took out a tissue and wrapped it around his phone before carefully handing it to Kenneth.

Kenneth looked at the driver on the ground with a disgusted expression. "Call him."

Luke dialed the number and it was quickly answered. "Hey! Have you finished?"

Kenneth's eyes were filled with anger. That was indeed Nathaniel's voice.

Kenneth glanced at the man, bent down, and whispered, "Tell him that the matter has been settled. Where will he wait for you? I can spare your life and give you a sum of money."

The driver smiled. As expected, the truth was always moving.

He nodded slightly.

Luke placed the man's phone in front of him. The driver smiled and said, "It's done. The video has also been recorded. Send the remaining half of the money. Let's meet somewhere. I'll personally hand the video to you."

"No, you can upload the video directly to the Internet, and I will immediately send the rest of the money to you. If you dare to play any tricks, I will not give you a penny."

After hearing this, the driver smiled confidently. "I heard that the lady you asked me to catch is the girlfriend of the president of Alwynn Group. Tell me, if I tell him about it, how will Mr. Alwynn treat you?"

The driver was very smart, and his words caught the other party's attention.

"You b*stard..." After a moment of silence, the other party said angrily, "Well, where do you want to meet?"

The driver smiled and said, "We'll meet in the park near the hotel. I'll wait for you there."

"Okay, I'll be there in ten minutes. Be quick."

After that, the driver hung up the phone.

Kenneth was so angry that he wanted to tear Nathaniel apart with his own hands. If he said he'd be there in ten minutes, that meant that he was nearby.

Kenneth's phone rang again. He took it out and saw that it was from Nathaniel.

B*stard, how dare he call him?

"Nathaniel, how dare you call me?" Every word Kenneth said was full of anger.

Nathaniel said, "Seven, I'm so disappointed in you. Your sister drove us out last night, but you didn't care about us. Seven, can't we really be brothers?"

"Nathaniel, you sent someone to kidnap Rae and wanted to destroy her. Do you think we can still be brothers?"

"Haha..." Nathaniel smiled. "Kenneth, this is another play planned and acted by Raelynn."

Kenneth stated, "Shut up, Nathaniel. I've already called the police. I'll let you be punished by the law. It's against the law to kidnap someone."
