

## **Go Alone #Chapter 91 – 100**

### **Read Go Alone Chapter 91**

Chapter 91 he bullies me

Fighting against each other, there were constant shocks who wanted to interrupt Shi Jingyi's breakthrough. But the disciples of Bi Tao Ge were blocked, and they couldn't get in at all.

Without the help of the top combat power of half-step washing the marrow, Bi Tao Pavilion is not afraid of the Skyfire Sect at all. Even because the Bi Tao Pavilion disciples had not been worn out before, the overall strength was stronger than that of the Skyfire Sect.

Only Ye Yu and the three elders became more and more fierce in the battle. Ye Yu has suffered a lot of injuries, and there are a lot of blood on his clothes! But he still blocked the three of them, and the three of them couldn't get past him to get Phoenix Yan grass.

Many people were frightened and stared at Ye Yu in shock.

Liang Bufan finally understood why the pavilion master let Ye Yu be the chief disciple at this time, the person who passed the three passes turned out to be so powerful.

Liang Bufan believed that he couldn't stop the three by one person, especially Ye Yu was only the pinnacle of the Spirit Realm.

One person fights three elders, Ye Yu is very strenuous, naturally extremely dangerous. But he clenched his teeth and insisted, and of course he didn't forget to put the elixir in his mouth.

The elixir obtained in Shishan was used at this time.

Seeing that the three elders hadn't taken Ye Yu for so long, their expressions were not pretty. They actually spent so much time dealing with a spiritual realm.

"Dead!" One of the elders was furious, and the power on his body rushed out frantically and slew towards Ye Yu.

"Go away!" Ye Yu shot, a powerful force burst out, Wushuang fingered through the opponent's vitals, and forced the opponent back.

"Lao San! Go get Phoenix Yan grass, we will block him!" one of the elders roared, and they didn't want to continue like this.

"Yes!" One of the elders shot, bursting towards Feng Yancao.

Ye Yu burst shots trying to block them, but the two elders showed their strongest combat power, and they wanted to stop Ye Yu.

This scene made the faces of the disciples of Bi Tao Pavilion that they saw drastically changed, and they watched as one of the elders was about to rush to the stone pile to pick Phoenix Yan grass.

“Boy! You can’t change anything!” While an elder sneered, a mighty force struck Ye Yu.

Ye Yu couldn’t get rid of these two people and was about to rush to the pile of rocks. He gritted his teeth and looked at the bursting palm, and he greeted him.

Seeing that the two were about to confront each other, Ye Yu suddenly turned around and ran towards Shishan. Without resistance, this palm hit Ye Yu’s back without a doubt.

The powerful force caused the blood in Ye Yu’s mouth to spurt out, but the powerful force also sent him a journey. The speed was several times faster, and he flew over the pile of rocks alive. Before the opponent arrived, Ye Yu pulled it over. Three phoenix grasses.

This sudden scene stunned many people. No one had ever wanted Ye Yu to rush to Shishan with a heavy blow against the opponent.

Seeing Ye Yu’s pale face and the blood rolling out of the corners of his mouth, many people were silent.

The disciples of Bitao Pavilion have blood red eyes and clenched fists tightly.

“Hahaha! I asked for Fengyancao, did I agree?” Ye Yu laughed and looked at these people sarcastically.

“Looking for death!” The three elders were even more gloomy, with awe-inspiring killing intent, and shot Ye Yu fiercely.

Ye Yu laughed, and forced himself to use good luck to suppress the injury. Good fortune is by no means worthy of the practice recorded in the heavenly book. It is extraordinary, and if ordinary people suffer such a blow, they will have no fighting power. But he used good luck to forcefully suppress this kind of injury, and stood with the three of them again.

Of course, Ye Yu suffered repeated injuries again, and the blood stains on his body were getting more and more.

The disciples of Bi Tao Pavilion watched the more fierce and fierce and fierce Ye Yu in the Vietnam War. They all gritted their teeth, their eyes were blood red, and their fighting spirit skyrocketed.

“Kill them, go help Senior Brother Ye!” Many disciples went crazy, killing them continuously.

Both Guo Yin and Guo Yin had blood red eyes, and their eyes fell on Shi Jingyi, watching him sitting there still with a quiet face, they secretly worried. Looking at Ye Yu’s situation at this time, it would not last long.

“Damn it!” Seeing that the three hadn’t taken Ye Yu for so long, Li Mang roared and wanted to rush to deal with Ye Yu.

“You said that your opponent is me!” Liang Bufan blocked Li Mang.

The Quartet was caught in a fight again, and everyone was fighting for time. The three elders want to \*\*\*\* Phoenix Yan grass, and Shi Jingyi is trying to break through the marrow washing realm.

No matter who succeeds first, the other party will be devastating.

The three elders roared at this time, they originally thought they could easily take Ye Yu down. But the toughness and toughness of this guy is beyond imagination. They had been fighting for so long, and they had never taken him down.

On the contrary, the more he fought, the more fierce he got, and sometimes he was just killed. What a lunatic!

Their lives are worth money, so naturally they don’t want to die.

The two sides were fighting each other, and disciples continued to suffer injuries and deaths, and both sides were fighting fiercely.

As time goes by, there is more and more blood on the stone mountain, and the smell of blood dissipates with the wind.

Everyone’s eyes were red, and Ye Yu’s situation in Vietnam became worse, and his injuries became more and more serious.

The three elders were extremely gloomy, and some of them were wounded, with wounds through Ye Yuwu’s fingers. The more they felt that Ye Yu’s combat skills were extraordinary and beyond imagination during the Vietnam War. If it weren’t for this set of combat skills, no matter how tough this kid was, they would have killed him.

“boom.....”

At the same time as they were fighting, the Quartet suddenly made bursts of noise, and the aura of the heavens and the earth in the Quartet gathered towards one place.

In the place where Shi Jingyi was, a tyrannical aura rioted out. Rootless Yan still has a few strains that have not been consumed, but Shi Jingyi exudes a little luster all over her body, and it is extraordinarily beautiful that sets off the curve that she feels extreme in sex.

“Sister Poem succeeded!” Everyone in Bitao Pavilion was overjoyed, and their morale skyrocketed.

However, the expressions of the people of the Skyfire Sect changed drastically, watching Shi Jingyi, who was madly devouring the spiritual energy of the heavens and the earth, they felt fearful in their hearts.

“Hahahaha!” Ye Yu burst into laughter, Wushuang pointed one person away, and looked at the three people coldly and said, “It seems that you are driven out this time!”

Ye Yu’s words made the three elders look ugly: “Before this, I will kill you first!”

How Ye Yu was willing to fight with them at this time, he quickly forced the opponent’s lore. He is mainly avoiding at this time, not wanting to haunt them all the time.

Shi Jingyi’s breakthrough went smoothly, the little luster on her body quickly disappeared, her beautiful eyes opened, and her eyes looked in Ye Yu’s direction.

One step towards Ye Yu, he stepped in front of Ye Yu.

After Ye Yu saw it, he instantly relaxed: “Miss sister, you are finally here, they bullied me, you want to vent your anger for me!”

Shi Jingyi’s face was a little reddened by Ye Yu’s words, and she glared at Ye Yu.

His eyes fell on the three of them, and the momentum directly suppressed them.

The three of them looked at Shi Jingyi in horror. This woman was stronger than the aura they had before using sorcery. Is this just someone who has just reached the marrow-washing state?

...

Chapter 92 secret

Shi Jingyi took the lead to reach the marrow-cleansing state, making the Heavenly Fire Sect despair. They looked at Li Mang and saw that Li Mang’s face was also pale.

The three elders were stared at by Shi Jingyi, they looked at each other, and their figures burst into the distance and shot away. As the washing marrow realm before, they know the power of washing marrow realm. It's not that the Spirit Realm can be compared to you.

The gap in the great realm is vastly different, and it is impossible to bridge it.

Shi Jingyi shot, she was actually using fingering, the slender jade pointed, and the sharp energy rushed out.

A great elder changed his face and showed his full resistance. But the energy still pierced through his palm, and blood spattered.

Shi Jing leaped with her graceful body, which was so beautiful that she was indulged, and Yu pointed at the three elders.

Ye Yu stood aside, watching Shi Jingyi make a move. He didn't help, because he knew that Shi Jingyi alone was enough to deal with it.

"This figure...tsk...this action...it's no wonder that the school girls who dance on the earth are generally more popular, and they are really touching!"

Ye Yu's standing changed and twitched constantly, Shi Jing danced in her skirts, her slender and beautiful figure was outlined to the utmost sultry, really pleasing to the eye.

Shi Jingyi is different from Yan Shengting, Yan Shengting is glamorous and beautiful. Ke Shi Jingyi's beautiful youth, especially the scenes of reading books in the Cangshu Pavilion, always have a sense of beauty on a university campus.

Compared to Yan Shengting, Ye Yu felt that Shi Jingyi was more cordial.

The marrow washing realm is powerful, and Ye Yu found that Shi Jingyi seemed a little too powerful. Under her shot, the three elders were penetrated and fell directly to the ground.

Li Mang was already pale looking at this scene, and shouted to many disciples: "Get out!"

"I want to leave now, it's late!" Liang Bufan wrapped around him.

...

With the poetry who is a marrow-washing realm, there is no morale in the Skyfire Sect. The disciples of Bitao Pavilion fought all the way, but they fled in defeat.

Naturally, Li Mang couldn't be alive. Liang Bufan directly shattered his throat, and fell to the ground unwillingly with his wide-eyed eyes.

Ye Yu didn't ask his disciples to chase down the defeated disciples. These people could no longer make a difference.

Looking at the blood stains all over the stone mountain, Ye Yu took a deep breath and asked Du Qixi, "have the statistics come out?"

"Our disciples died more than 40, and nearly a hundred were injured." Du Qixi asked Ye Yu.

Ye Yu was silent for a long time when he heard these words. Even though he tried hard to keep everyone alive, the casualties were still so great after all.

Seeing the remaining Rootless Flames were still burning, Ye Yu felt a little depressed.

This is this world. Human lives are worthless for the sake of some spiritual resources.

Take a deep breath and drive out the emotions. He knew he couldn't pretend, but when he grew up on the earth, the touch was still huge, as if he had killed someone in a tomb for the first time.

Coming into this world, he learned a lot. Of course, many things have also subverted his previous cognition.

Everyone looked at Ye Yu standing there without saying a word, and they didn't understand what happened to Ye Yu.

Liang Bufan obviously has experience in handling such things, and said to everyone: "The dead disciples let them go into the soil for safety, and everyone helps treat the injured."

"Yes!"

Ye Yu didn't say anything, and let them deal with it.

Du Qixi walked up to Ye Yu at this time and took out a few elixir: "This was also found in Shishan. You can use it to recover first!"

Ye Yu nodded and took it without pretense.

In his hand, he took out the three Fengyanweeds he had just obtained from his arms.

"Phoenix yancao can drive away evil spirits and nourish qi. This is a life-saving elixir. Moreover, it contains a strong spiritual energy of heaven and earth, which is of great

use to cultivation. One plant is enough to auction three hundred spiritual storage pills!” Zhang Xiang explained next to him, “but , It’s useless to heal the wounds. Not as good as these spirit grasses!”

Ye Yu didn’t say anything more, and while putting away the phoenix yancao, he commanded Du Qixi: “The dense fog has dissipated. Go in through the entrance and see what’s in it!”

“Yes!” Du Qixi nodded and led many disciples into it.

Ye Yu’s injury was not light, and he sat down cross-legged, and healed his injuries with the help of the elixir and good luck decision.

Shi Jingyi walked in front of Ye Yu at this time and suddenly borrowed fingerprints. Under her handprint, the aura of heaven and earth gathered in the palm of her hand.

Then she made a series of marks, and finally formed a weird pattern. When this pattern appeared, all the spiritual energy gathered in it, showing a blue light, flying directly to the wound on Ye Yu’s body.

Ye Yu found that his wounds were healing at a visible speed, and there was a warm current in his body that nourished his body.

“What secret technique is this?” Ye Yu looked at Shi Jingyi in surprise.

Shi Jingyi didn’t speak, and continued to use such methods.

With the help of the spirit medicine and Shi Jingyi, Ye Yu felt that his injury was recovering at a visible speed.

Liang Bufan was also startled, and then looked at Shi Jingyi in disbelief. He had read this method in an ancient book, and thinking of the records in the ancient book, Liang Bufan’s heart was shaken, how can the poet poetry sister use it? And she just reached the marrow-washing realm!

Although Ye Yu was surprised, he was not too shocked. He didn’t understand the world itself, he just regarded himself as ignorant and didn’t think how extraordinary this method was.

After Shi Jingyi helped Ye Yu, she also helped other brothers who were more injured.

While Ye Yu was recovering from his wounds, Du Qixi suddenly ran up to him excitedly, so excited that he was incoherent: “Ye...Ye...no...no root...no root Yan...that...”

Ye Yu stammered with excitement when Du Qixi heard it. He frowned slightly, stood up and walked towards it. What do you think can excite Du Qixi to this point?

Ye Yu walked in and found that they had dug a cave in the place where Fengyan grass had just grown. There was a huge grotto under the cave.

Ye Yu walked in and was also shocked by the scene in front of him.

Below this not-so-small grotto, there is actually a raging fire, and these fires are rootless flames. The fire light shone on the entire grotto.

“Is there really a phoenix nest?” Ye Yu muttered to himself. This stone mountain looks like a phoenix nest, but Ye Yu doesn’t think it is a phoenix nest.

But now... where it is rumored that there is a phoenix aura, there can be endless flames.

Of course, there can never be a phoenix here. Then there is only one explanation. The terrain in this area actually gave birth to the phoenix breath, producing so many rootless flames.

“This time it is!” Many practitioners were excited, staring at the Rootless Yan in front of them.

Ye Yu couldn’t calm down either, he was more excited than anyone else. With so many Rootless Flames, he has no suspense after stepping into the marrow-washing realm.

Wash the marrow realm!

Ye Yu naturally wanted to reach this realm. He and Situ Zheng were in a life-and-death battle, and only when they reached the marrow-washing realm could they fight him.

And after reaching the marrow-cleansing state, one can ascend to the sky in one step. There is no need to hide in Bi Tao Pavilion all the time, even if you go outside, the Sky Fire Sect is not going to be able to kill it if you want to kill itself.

The most important thing is that Ye Yu thought of Xueyan’s words. Xueyan immersed himself and said: Reaching the marrow-washing state may enable him to wipe the dust on the pearl.

Ye Yu also wants to know, what does his enjoyment of reincarnation bring to him? What will Mingzhu look like after washing the dust?

Thinking of this, Ye Yu stepped towards the burning Rootless Yan. He wants to step into the realm of marrow washing, he wants to see what is going on, and what secrets are there in samsara?

...

## Chapter 93 Rootless Holy Yan

Rootless Flame was burning throughout the grotto, and the raging fire shocked everyone's heart.

"This time, we posted it!" Du Qixi murmured beside him.

They looked at Ye Yu, but saw Ye Yu walking towards the burning rootless flames.

"Your injury is not healed!" Shi Jingyi blinked her beautiful eyes and said to Ye Yu.

Ye Yu waved his hand to indicate that it did not matter, he walked towards Rootless Yanzhong. Wugenyan instantly burned along his heel.

Many people looked at this scene and peeked at each other, thinking that Ye Yu was too bold. Actually walked directly into the blazing Rootless Flame, and Rootless Flame was blazing hot. Doesn't someone practice cultivation one by one, so that he won't be afraid of being ignited when he walks in?

However, thinking that Ye Yu was also burned by the raging fire when he passed the third level in Bi Tao Pavilion, some people felt that there was nothing to worry about.

Rootless Yan burned up, and Ye Yu was bathed in the sea of fire. Definitely driven by good fortune, the power and spiritual energy of Rootless Flame blended and penetrated into his limbs. Ye Yu felt that his body was being washed again and again like a pot.

This feeling was painful, like an ant biting him.

Good fortune must run wildly, and this has slightly alleviated such pain. His soul trembled, sensing the changes of good fortune and himself, he was immersed in the burning of rootless flames.

A volume of Tianshu Zhenhai!

The runes surging, turned into a series of scars to form meridian textures. Ye Yu circulated along these meridian textures. The heavenly script trembled, and there were talisman appearances, each appearance was different, with inexplicable Dao rhyme.

The book of heaven is profound, and Ye Yu knows that what he is learning at this time is just a fur. He was immersed in it, resonating with the heavenly book, and with the power of Rootless Flame, penetrated every inch of his flesh and blood together with the spiritual energy.

Ye Yu was immersed in the practice, but the others' eyes widened. Because on Ye Yu's body, there are constantly flashing runes, which are a series of Dao marks.

“He has condensed Dao Yun!” Many people looked at Ye Yu in surprise. Ye Yu had never condensed Dao Yun so fast. the most important is...

“Why is he condensing Dao Yun, with Dao marks flashing all over his body!” Everyone looked at Ye Yu in doubt, this rhyme is too strong?

Liang Bufan and the others also looked at Ye Yu scorchingly, and looked at the road marks that flashed on his body like an earthworm, and their hearts were uneasy.

“Is his foundation so deep?” Liang Bufan and others knew very well that the deeper the foundation, the harder it would be to break through. But the strength after the same breakthrough is also beyond imagination, and the gains are far more than ordinary people.

“Senior Brother Liang, everyone go to collect Rootless Yan as soon as possible, or try to break through!” Shi Jingyi could not help but remind when everyone was watching Ye Yu.

Everyone also recovered, and quickly took out the jade box to collect Rootless Yan.

Shi Jingyi also walked into Wugenyan at this time. Although she had reached the marrow-washing state, it would be very beneficial for her to have so many Wugenyan baptize her again.

Liang Bufan thought for a while and walked towards Wugenyan. Practitioners such as Zhang Xiang, Xu Qiang, Guo Yulin and others at the pinnacle of the spiritual realm, gritted their teeth and walked toward the burning rootless flames.

Rootless Burning Body This is a chance, although it is dangerous. But if it succeeds, the effect is much stronger than using one plant.

It's just that except for Liang Bufan who can hold on for a while, the others insist on three breaths at most and jump out of it.

“Ah! I'm about to ignite me, I'm about to burn to death!” Zhang Xiang screamed, looking at Ye Yu who was standing in Rootless Yan, his complexion unchanged, he couldn't imagine how Ye Yu persisted.

However, even though Zhang Xiang's group was burned and screamed, they rushed out and rested for a while, and then rushed in again, repeatedly.

Rootless Yan burned in Ye Yu's body, and the heavenly book shook more and more severely. Ye Yu was immersed in it, the raindrops trembled, and Dao Yun gathered in the raindrops.

The raindrop vision evolved, and the soul merged into it. Ye Yu felt that he was changing, everything seemed to have entered a new world, and his understanding of heaven and earth deepened, as if he intercepted the great road of heaven and earth.

“Is this practice? Every time you practice, the soul resonates with the heaven and the earth, and grows with the rhyme of the Tao!” Ye Yu muttered to himself, good luck revolving. Gongfa is a means to intercept the rhyme of heaven and earth.

The book of heaven exudes golden light and is suppressed in Ye Yu’s divine sea. The ancient characters of the heavenly book are still simple and profound. Every time Ye Yu wants to remember, he is cut off. As long as he looks away, he can’t remember anything.

Feeling his body being madly baptized by Rootless Yan, Ye Yu knew that there was no problem in reaching the marrow-washing state.

It’s just that at this moment, he hasn’t noticed the changes in his body, and he doesn’t have the feeling of washing the dust.

“Could it be that Xueyan was wrong?” Ye Yu took a deep breath. Xueyan was extremely powerful. Could she have made a mistake in her guess?

Three-day reincarnation is known as the strongest law! Then it is not inferior to enjoy reincarnation in one day!

“What did you get?”

Ye Yu has infinite doubts. He has experienced many magical things. Ye Yu believes that they are brought about by enjoying reincarnation in one day, so he wants to dig out the secrets.

He looked at the center of Rootless Flame, only to find a purple flame beating in the center.

“There is a saint, the purple air is coming from the east!”

Ye Yu thought of these words, Phoenix is undoubtedly a saint! In other words...

This is Rootless Holy Yan?

Ye Yu’s heart was startled. He had never thought that the rootless Holy Yan that this general trend gave birth to was actually something with the rhyme of a phoenix.

Ye Yu couldn’t bear it and walked towards the center. Rootless Holy Yan is also called the Phoenix’s Yan, this is the treasure.

If none of this can help Ye Yu wipe away the dust and show a true pearly appearance, Ye Yu feels that perhaps his body is really nothing special.

Many people saw that Ye Yu was about to reach the marrow-washing state, but suddenly moved towards the center and frowned slightly, not understanding what Ye Yu was going to do.

Only Shi Jingyi and others in Rootless Flame saw the purple light following Ye Yu's steps.

"Phoenix Flame!" Liang Bufan exclaimed in surprise.

This sentence shocked many people, everyone opened their eyes and looked at it, and finally someone could see clearly.

"This...this..." Everyone present couldn't calm down anymore.

Phoenix's Flame, this rumor is the treasure that spews out from the breath of the Phoenix. This terrain actually gave birth to such a treasure?

Everyone was stunned, and they felt that they underestimated this secret realm. Suddenly someone thought that there was a desert in Shazhou. Could it be that a phoenix really appeared here? Everything was burned to sand, right?

This speculation made them horrified!

But watching Ye Yu walk directly towards Rootless Saint Yan like this, their faces were shocked. Shi Jingyi thought Ye Yu didn't understand, and yelled anxiously: "Don't come near!"

The effect of Rootless Sacred Yan is countless times stronger than Rootless Yan, and it is the treasure of marrow washing. But at the same time, it is also extremely dangerous. This is the breath of the phoenix, which can easily burn people.

...

Chapter 94 Human power

Shi Jingyi's voice did not stop Ye Yu, because Ye Yu had already landed on Rootless Holy Flame, and several Rootless Holy Flames spread up in an instant, Ye Yu looked like burning purple flames.

Du Qixi and others were horrified, thinking that Ye Yu was set ablaze. But soon they discovered that this burning purple flame continuously penetrated into Ye Yu's body.

Ye Yu naturally knew the horror of Rootless Saint Yan, but he believed in the extraordinary of good luck. In fact, as he guessed, although the intensity of the burning was a hundred times greater than before, he felt that there were millions of ants biting his body, and the pain was far greater than before, but he still couldn't ignite him.

Ye Yuqiang endured the pain of burning, using his good fortune to the extreme, the heavenly script trembling, and the runes surging. The aura flows along with the runes, forming a series of meridians in Ye Yu's body.

More and more Dao marks appeared on Ye Yu's body, and he sat cross-legged there. The mind is completely immersed in the body.

At this time, the raindrop spirit elephant was also trembling, walking on Ye Yu's body, nourishing Ye Yu's body. The aura of the place crazily submerged into Ye Yu's body.

On Ye Yu's bones, Dao Yun is constantly attached to it, and Dao marks tremble and flicker. Even Ye Yu felt that in the bone marrow, he also brought Dao Yun into the Rootless Sage Yan.

"This is the real marrow washing, not just the washed flesh, but the baptism of everything, even the bone marrow!"

Ye Yu was immersed in it, suffering the burning of Rootless Holy Yan.

His breath is growing, climbing all the way.

Many disciples of Bitao Pavilion naturally felt it, and their originally worried heart also relaxed.

"Senior Brother Ye really deserves to be a person who has passed the Three Passes, even without a root, Saint Yan can withstand it!"

"Rootless Holy Yan washes the marrow, this is the dream dreamed by countless people!"

"Don't be envious, you don't dare to use the Rootless Sacred Yan for you, it will ignite you instantly!"

"That's true too! It is rumored that the strong of the holy birth stage dare not use it at will, but I did not expect that Senior Brother Ye can stop it!"

"..."

Many people were envious and amazed. They stared at Ye Yu scorchingly while receiving Rootless Flame. They found that Ye Yu's aura became stronger and stronger.

“Senior Brother Ye has stepped into the marrow washing realm!”

“With so many Rootless Flames, there is nothing suspenseful about Senior Brother Ye reaching the marrow-cleansing state! Nothing strange!”

“That’s right! I don’t know how many of my brothers can enter the marrow washing realm!”

“...”

Everyone talked a lot, but soon their voices were cut off. because.....

Ye Yu in the field, the purple flames did not enter his body, Ye Yu’s aura rose all the way, strong enough to make everyone’s heart palpitations.

And this is not the reason why everyone is silent, but they see Ye Yu actually spewing boundless runes.

That’s right!

Ye Yu’s body was like a fountain, spewing out boundless runes, these runes carried the rhyme, and completely submerged Ye Yu.

“How could this be?” Many people couldn’t understand that even if Ye Yu reached the marrow-washing state, he wouldn’t be gushing out runes.

Ye Yu sat there at this time, he didn’t care about the improvement of strength, but was completely immersed in himself. He saw his own flesh and blood spew out runes spouting out of his own accord. These runes were intertwined, condensing countless lines in his body.

These Dao patterns are intertwined, and Ye Yu can’t see through it at all.

“Have you finally washed the dust? So what does enjoying reincarnation all day bring me?”

Ye Yu revolved around fortune, his soul was immersed in his body, he felt a crazy change in himself, with a strange power wandering through his body.

As this force wandered, the original scars on Ye Yu’s body disappeared completely. The whole person is being reborn, this is not caused by the marrow washing realm, but caused by the rune gushing out of his body.

The rune gushed more and more fiercely, and turned into a dazzling sea of fuss in Ye Yu’s body, and later turned into a blazing sun again, and Ye Yu’s whole body was enveloped.

Many people were stunned by the scene in front of him, because at this time Ye Yu's whole body was shining brightly, and he was like a sun, so dazzling that people did not dare to look directly.

The most important thing is that Ye Yu faintly gathers momentum. And this trend is getting stronger and stronger.

"Human power!"

Liang Bufan said in shock at this time, and looked at Ye Yu's dry mouth blankly, he thought of a possibility!

It is rumored that there is a talent for indulgence, and he carries the general momentum when he is born. The body naturally intercepts the rhyme of heaven and earth, and gathers the power.

They have the fortune of the terrifying world and are the darlings of the heavens. This kind of person is generally manifested in a special physique, like the five-element sacred body, the yin and yang body, and the flawless Taoist body. Each physique contains its own power, is known as human power, and has its own avenue.

Rumor has it that some powerful human powers can even shake the power of heaven and earth, and the whole world can be suppressed by their power.

Like a whole body that can calm the sky!

If there is a Xuanhuang Burning Celestial Body that can burn the world!

Such as the innate Communion with a whole body of frightening gods and demons!

But at this moment, Ye Yu, there is also a gathering of people, what does this show? It shows that Ye Yu's body contains the avenue, which is the luck of heaven and earth.

...

Shi Jingyi also stared at Ye Yu blankly. At this time, he was very dazzling, and the runes were still spewing crazily.

Shi Jingyi frowned: "What kind of momentum is this? Only when he washes the marrow realm, can he show such a vision? This kind of momentum is somewhat beyond the scope of human power!"

No one can understand, Ye Yu also doesn't understand. He only felt that there was a mysterious power flowing in his body, and he felt a sense of comfort nourished by warm water.

All the discomfort on the body disappeared completely, and only refreshment was replaced.

His skin at this time was as smooth and delicate as a newborn baby, fairer than suet jade.

The whole person has a sense of flawlessness.

Ye Yu couldn't help but think of what Xueyan said. She said that some people with extraordinary physiques were dazzling and dazzling when they stood there, like the same blazing sun burning, they appeared with their own visions of heaven and earth!

Could it be that the same is true for yourself?

"This is the secret brought about by enjoying reincarnation in one day? Can it change a person's physique? The body is self-contained?"

Ye Yu couldn't understand, because this trend was still climbing wildly. He couldn't stop this kind of climb.

For many disciples, they felt particularly strong. Looking at Ye Yu is like looking at an unclimbable sacred mountain.

Everyone knows that this is the illusion that Shi gave them.

In fact, they didn't know that they were in the secret realm. Those disciples of the Tianhuo Sect Yunxingzong who had been defeated but had not left, suddenly felt a sense of depression, as if there was a general trend covering this secret realm.

This feeling was very strong. They looked up at the sky, but saw nothing.

"How could this happen? Is there something wrong with this secret?"

...

At this time, Ye Yu had more and more runes spewing in his body, intertwined to form Dao patterns all over his body, and this momentum grew.

Ye Yu is a landman, he can feel it naturally, but he also can't see through this trend, and can only let it spread.

...

Chapter 95 Extraordinary physique

Peak Master Biyun and several elders were waiting outside. It has been many days since Ye Yu and the others entered the secret realm, but one of the news did not come out, which made them a little worried.

“I don’t know what’s going on?” Peak Master Biyun sighed.

“I just hope that the disciples of this class won’t lose too much. In the past three confrontations, nearly half of the disciples have fallen away!” An elder sighed.

“Resources for cultivation are limited. I don’t need my life to take it. How can I get it? It’s just that the pavilion owner let Ye Yu lead the team. It always feels like a mistake. Liang Bufan is more suitable for being stable!” An elder sighed.

Peak Master Biyun smiled and said: “Ye Yuzhen can’t live the scene, naturally Liang Bufan is headed. It can be shaken, that also shows that he has some ability. What I only hope now is that the damage will not be too much. !”

“Hey! The three major sects are all feuds, and Rootless Flame is a resource that everyone below the marrow-washing realm wants. The battle is imaginable, and I am afraid it will be more than before!”

Several elders sighed: “Didn’t we also be the same back then? The marrow-washing realm killed from the \*\*\*\* wind! On the way of practicing, going forward is always accompanied by blood!”

When Peak Master Biyun was chatting with several elders, Peak Master Bixia, who was charming and graceful, walked towards them with an ugly expression.

“What’s the matter?” Peak Master Biyun asked kindly.

Peak Master Bixia looked at a few people, opened her mouth, and said bitterly: “As soon as I got the news, the Sky Fire Sect had obtained a secret method that could erode Dao Yun, and three elders also entered the secret realm! ”

“What?” This sentence made the eyes of Peak Master Biyun and the others rounded, and they clenched their fists, their expressions a bit hideous.

“Peak Master! This...no news has come out for so long, it won’t be all of them...kill them all!” An elder turned pale, unwilling to say the word all-kill.

Peak Master Biyun looked gloomy, staring straight at the secret realm in front of him. But accidentally discovered that the entire secret realm was fluctuating.

“Huh?” Peak Master Biyun stared at the secret realm.

“What’s the matter?” The elder looked at Peak Master Biyun in confusion.

They followed their gazes, and soon discovered that they had also discovered an abnormality, as if the situation had been shaken by something.

“What’s the situation? This situation is unstable, as if it has some influence!” An elder doubted.

Peak Master Biyun also didn’t understand, the field was so strong that they couldn’t get close! And gathering the momentum of this world, I want to go to the vastness. But there is a tendency of instability now?

Was it shaken or did the field change? The latter is okay, if the former, then...what can shake the momentum of this world?

...

Peak Master Biyun didn’t know why. But Liang Bufan and others were already dumbfounded at this time. Because Ye Yu couldn’t look straight at all at this time, the whole person was completely wrapped in bright runes.

A boundless momentum spread from him!

Before Liang Bufan felt that Ye Yu had an extraordinary physique and a strong presence. But now he doubted it, it didn’t seem like a human situation at all.

His momentum is faintly changing this world, Ye Yu sitting there is like a \*\*\*\* and Buddha, like a world of heaven and earth.

Shi Jingyi’s face was also shocked, because she couldn’t explain this situation either.

“What’s the treasure in him?” Shi Jingyi suddenly guessed a possibility. There are some treasures carrying the avenue in this world that can spew endless runes, but after the spurt, Dao Yun disappeared and was completely destroyed.

“Ye Yu can’t bear the Rootless Holy Flame, so use that treasure?” Shi Jingyi guessed, but immediately felt that this speculation was untenable, because Ye Yu had already withstood the Rootless Holy Flame before the rune burst.

“Could it be that the treasure was ignited by the Rootless Holy Flame, so it was destroyed, and boundless runes spewed out. This can explain it, but since it is damaged, it should continue to weaken, how can it become stronger?”

Shi Jingyi didn’t understand what happened, but Ye Yu was completely immersed in herself at this time.

His vision of the raindrops of the sea of consciousness was trembling, and the runes continued to sink into it, and the raindrops carried all this.

The raindrops became more and more extraordinary, and Ye Yu found that he was constantly reflected in the raindrops. This picture is exactly the same as the original in that strange space.

He reflected in the raindrops, from baby to old age, from adolescence to middle age, constantly reflecting changes. Every time it was reflected, Ye Yu's blood skeleton body was trembling, corresponding to it, forming a strange frequency.

Ye Yu is familiar with this frequency, and the more Ye Yu is familiar with it, he feels that his own momentum is getting stronger and stronger. A person is a general trend, a general trend that is so terrifying that he can't imagine it now.

The body and the raindrops were shaking faster and faster, and the resonance of Ye Yu and the raindrops was even the same as his breathing.

And just as Ye Yu wanted to continue to explore and explore, the momentum dissipated like a tide in an instant, and then disappeared completely.

Ye Yu sat there, only the aura of the marrow-washing realm remained. Of course, the whole person feels immaculate.

The sudden change that everything disappeared made everyone look at each other, looking at Ye Yu with a weird expression, what was going on just now?

Ye Yu sat there, he was equally puzzled, because at this time he felt like an ordinary person again.

"Isn't it enough to cleanse the marrow?" Ye Yu muttered. He discovered that the aura disappeared after Rootless Holy Flame was completely consumed by him.

"Isn't it possible for you to get a full picture of this marrow washing?" Ye Yu muttered to himself, feeling more and more that the ability to enjoy reincarnation in one day would bring him unimaginable.

At least Ye Yu can confirm now that his physique is absolutely extraordinary. The inner road, the intertwined Dao patterns just now, can't even see through his good luck.

Ye Yu knows a lot about physique from Xueyan. He knows that some people are born with great powers, and they will get twice the result with half the effort in practice, or they may enjoy the great powers bestowed by heaven.

Each physique has different attributes and different abilities. But no matter what attribute it is, the extraordinary physique is the darling of heaven and earth.

"Can I be darling once?" Ye Yu laughed, but didn't know what physique he got.

He took a deep breath and felt his own strength. He found that he had a faint tendency to wash his marrow a second time.

Washing the marrow realm, each time the strength soars, but each time it is more difficult than the previous one.

And now he has a tendency to cleanse the marrow twice, is this the reason of Rootless Holy Flame or the reason of his physique?

Ye Yu couldn't understand, but seeing that Rootless Yan had a tendency to dissipate, he quickly stood up and took out the jade box to collect these Rootless Yan.

The other disciples also discovered this, and also expelled all the doubts and surprises in their hearts, and madly collected Rootless Yan.

And it was at this moment that Liang Bufan burst out with a powerful aura, and the whole humanity rhyme trembled.

"Senior Brother Liang has also reached the marrow-cleansing state!" someone shouted joyfully.

...

Chapter 96 go away

Perhaps it was the disappearance of Rootless Sacred Yan, or it might be due to other reasons, Rootless Flame began to slowly extinguish until there was no more plant left.

But many disciples didn't feel it a pity, because they had already charged enough.

"When you reach the peak of the Marrow Cleansing Realm, you can use Rootless Yan to break through!" Many disciples are very excited. Although Rootless Yan cannot guarantee their 100% breakthrough, the probability has increased tenfold.

Ye Yu originally thought that there should be a lot of practitioners who broke through to the marrow-cleansing realm, but the result surprised him. Apart from him, Shi Jingyi, and Liang Bufan, there are only six breakthrough practitioners.

Guo Yulin and Yin Junxin naturally had no suspense, Zhang Xiang and another veteran disciple Zhu Hongliang broke through to the marrow washing realm. Originally, Ye Yu thought Xu Qiang could break through, but although he achieved a half-step marrow washing by this, he failed to reach the marrow washing state.

On the contrary, the other two people surprised Ye Yu, and they were actually two female disciples.

Hao Yunxiu and Yang Shanshan!

These two women are very beautiful and beautiful. Ye Yu naturally paid attention to them, but Ye Yu has always paid attention to the beauty of women. She didn't care about the strength or anything. She only knew that the two women were good-looking and only knew that this was the master of Bixia Peak. Disciple.

With the help of Wugenyan, dozens of disciples at the peak of the Yunling realm have only reached nine. It's no wonder that a great realm is a heavenly moat.

"Although I didn't reach it this time, I went back to accumulate for a while. With the Rootless Flame I got, there should be no suspense to reach it!" Xu Qiang was a little frightened by Ye Yu's stare, fearing that Ye Yu hated iron for not becoming steel and scolded him for being inferior to a woman. .

He likes Yang Shanshan, and doesn't want to face her face in front of her.

"Child, sometimes being pressed is also a kind of happiness! You must know how to cherish!" Ye Yu patted Xu Qiang on the shoulder, leaving Xu Qiang with a blank face.

"My chief disciple's mission is completed, and the two cases will pose no threat to you. Don't you like Liang Bufan as your boss? You will listen to him in the future, don't bother me!" Ye Yu said to a group of disciples , Patted \*\*\*\* but ignored these people.

Many people peeped at each other. Some disciples felt hot when they thought about what they had done. They were embarrassed and shouted, "Brother Ye, it's still you..."

"What are you?" Ye Yu said angrily, "Who wants to be the chief disciple of a group of you, who would dare not complain to the pavilion lord and say bad things to the pavilion lord and ask the pavilion lord to deprive my chief disciple of the title, so I will be with whom? It's not over! Damn, it's too exhausting to be a chief disciple."

"..." A group of people looked at each other, and Liang Bufan and others were even more dumbfounded.

Speaking of this, Ye Yu turned his head to look at Shi Jingyi, and immediately put a smile on her white as jade face: "Sister Poem, the scenery in the secret realm is good, I will take you to see the scenery and talk about life and feelings. Improve our feelings."

Shi Jingyi blushed, turned her head to the side, not wanting to pay attention to this shameless person.

"If you don't want to talk about life and feelings, we can talk about other things, art and love are all good, I know everything." Ye Yu said.

Shi Jingyi turned around and walked out of the grotto, not wanting to listen to Ye Yu's words.

"Oh! Poem, you are too unreserved. You are more anxious than I am, so I am anxious to lead the way. Wait for me, I will follow up!" At this point, Ye Yu turned his head to face the crowd. The disciple threatened and said, "Keep away from it. Whoever dares to bother me, I will get him!"

The corners of the disciples' mouths twitched, and they felt that they should indeed sue when they went back. For the peace of Junior Poem, I have to ask the pavilion master to clean him up.

...

There were no two threats, and the most important rootless flame was obtained. The hearts of everyone also relaxed, and they continued to explore in the secret realm.

Although no other treasures were found, many elixir were found. It's just that there is no Phoenix Yan grass that can compare with Ye Yu.

But it's normal, and it's hard to find herbs of this grade in Kyushu.

...

After all, Shi Jingyi didn't talk to Ye Yu about her feelings about life. She was scared by Ye Yu's entanglement, and she avoided Ye Yu everywhere.

This secret washes the marrow realm cannot enter, but goes out very casually. Just the moment he stepped out, the field situation swallowed nearly half of the Tao Yun of the marrow washing realm. A few people panicked and stayed away quickly, and this avoided the treatment of being sucked up.

Ye Yu left his hand alone, and the disciples of Bi Tao Pavilion walked out under the leadership of Liang Bufan and others.

Several elders were originally worried, but their faces were full of joy when they saw the disciples coming out. Especially looking at Liang Bufan leading everyone out with a smile on his face.

"It seems that Liang Bufan is a stable person. In the secret realm, he took all the talents to avoid the fight of the Skyfire Sect. Huh... they all reached the marrow-washing state?" Several elders were surprised, thinking they could be all over the body. And retreat is good.

"Hahaha! Extraordinary is indeed a talent, who can actually pull his teeth out of his mouth and reach the marrow washing state!"

Ye Yu walked in front, and when he heard several elders discussing, he rolled his eyes and didn't bother to pay attention to him. Instead, he caught up with Shi Jingyi, took out a love letter, and handed it to Shi Jingyi and said, "I forgot to give you today's love letter!"

An elder stared at Ye Yu when he saw this scene, and said, "As the chief disciple, you will only pester women, huh, you will definitely want the pavilion master to deprive you of your chief disciple position when you go back. When will you be able to learn well?"

The elder's exhortation did not cover up, and the many disciples who came out just heard it. One by one, they looked at the elders blankly, with weird expressions.

Liang Bufan stood there, blushing with this sentence.

The elder obviously cares about Liang Bufan very much, and when he sees this, he asks: "Buffalo, are you uncomfortable? Are you facing the sky fire sect being wounded, come, come and have a rest, I have some pills on my body, you can use it first? "

"..." Liang Bufan's face became even hotter, looking at the elder enthusiastically holding his hand at a loss.

Peak Master Bixia glanced over the many disciples, and she was slightly surprised as more and more disciples came out.

Especially after seeing Yang Shanshan and Hao Yunxiu also reach the marrow-washing state, her face was full of smiles, this time their Bi Tao Pavilion is so smooth? There are not many disciples damaged, and several disciples have reached the marrow-cleansing state.

Peak Master Bixia looked at Liang Bufan admiringly, thinking that the chief disciple was indeed more suitable for Liang Bufan.

And just as Peak Master Bixia was thinking about how to reward Liang Bufan, Yang Shanshan and Hao Yunxiu ran to her quickly: "Peak Master, don't let the elders take Brother Bufan to boast. If you continue to boast, Brother Bufan can't stand it anymore. ..."

"Huh?" Peak Master Biyun was startled, not understanding what they were saying.

Yang Shanshan could only explain in a low voice. After Peak Master Bixia listened, she was stunned when she looked at Ye Yu who was still entangled in Shi Jingyi's love letter.

"You said it was him?" Peak Master Bixia was astonished.

Yang Shanshan nodded and said, "Without Senior Brother Ye, we are all in danger this time."

Yang Shanshan's words immediately caused many disciples to nod in agreement, and the elder who was pulling Liang Bufan's excitement and exaggeration discovered something was wrong at this time.

Liang Bufan's red face as a lobster seems not to be caused by the injury!

...

## Chapter 97 True feelings

Everyone galloped on horses, causing gusts of wind and sand in the desert.

The disciples came out safely and got the Rootless Yan that they had dreamed of. They were all happy and full of youthful spirits.

Especially the few who have reached the marrow-cleansing state are even more energetic. Stepping into the marrow, this means entering a new world. To reach this level, not to mention you can go to Kyushu, but you can go to most places.

The most important thing is that whether it is staying in Bitao Pavilion or going down the mountain, the status is far superior. Staying in the Bi Tao Pavilion can have a position of elder, and if you go down the mountain, you can already lead the family to soar.

Along the way, the several elders tried to avoid Ye Yu as much as possible. The previous words made them flush with Ye Yu.

From the mouths of many disciples, they learned what happened in the secret realm.

"Ye Yu! In the future, you must be upright. As the chief disciple, you must be a role model. Don't do things like scolding the street in the future!" Peak Master Biyun said to Ye Yu.

Ye Yu rolled his eyes: "I didn't do it anyway, the chief disciple. I have never enjoyed the benefits, but I have to bear the responsibility. You have to be taught by you to be wrong!"

Peak Master Biyun patted the back of Ye Yu's head: "I thought it would turn the sky after reaching the marrow washing state? Just be honest with me!"

"Peak Master Bixia, he hit me!" Ye Yu was too lazy to talk to Peak Master Biyun, and shouted directly to Peak Master Bixia.

Sure enough, after Ye Yu shouted Bixia Peak Master, he glared at Biyun Peak Master. Ever since Peak Master Bixia knew what Ye Yu had done, she had taken Ye Yu to the extreme, and Peak Master Biyun could be bullied there.

The main face of Biyun Peak turned blue, and he glared at Ye Yu and said, "I'm pretty quick when I'm young!"

After speaking, he wanted to smoke Ye Yu again, but when he saw that he was about to call Peak Master Bixia, he hurriedly stopped.

Ye Yu saw that Peak Master Biyun was like this, he smiled: "Peak Master, you are obedient to Peak Master Bixia. The diligence behind the saddle can't catch up with her. Would you like me to teach you two tricks?"

Peak Master Biyun looked at Ye Yu contemptuously: "How old are you and teach me?"

"Isn't you aspiring to be young, if you are willing to give me a set of skills above profound grade combat skills, I will give you some advice!" Ye Yu said seriously.

"Fuck!" Peak Master Biyun rolled his eyes, this kid is still excited, isn't Shi Jingyi ignored you?

Ye Yu shrugged, thinking that you will chase slowly, if you catch up this way, I will convince you.

...

A group of people galloped all the way, until a city did not stop.

"The front is Yushui City, the city under the jurisdiction of Bitao Pavilion. Everyone is on the road in Shazhou. Let's rest here for one night, and then head back to Bitao Pavilion tomorrow!" Everyone said.

"Thank you Peak Master!" Many disciples are excited. They are tired all the way and naturally want to rest. Especially Yushui City is the most prosperous city of Bitao Pavilion to which they belong, and naturally they also want to play here.

It was night when a group of people entered the city and washed away the dust on their bodies. Yushui City's night market is prosperous, and the lights are a little bit, so that a group of female disciples are very interested to visit the night market.

Peak Master Bixia was dragged out by Yang Shanshan and Hao Yunxiu, Peak Master Biyun naturally followed. Ye Yu wanted to see the world, and he dragged Du Qixi together.

To Ye Yu's surprise, Shi Jingyi was dragged out by Yang Shanshan.

A group of people strolled around the night market, and the female disciples were surrounded by them. Many male disciples launched an offensive against them and bought things they thought were very caring for them.

Yang Shanshan and Hao Yunxiu were the most popular, and in the end they couldn't hold their hands. On the contrary, it was Shi Jingyi, no one dared to give it away, always empty-handed.

"Sister Shi, I walked all over the night market and found a piece of Biqin jade that can clear my heart and nourish my spirit, and I will give it to you!" Liang Bufan bought a piece of gemstone from a shop and said while standing in front of Shi Jingyi.

Many people look at Liang Bufan, and everyone knows that Liang Bufan has admired Shi Jingyi for a long time. Of course, some people looked at Ye Yu, and Ye Yu sent love letters to Shi Jingyi every day without concealment.

Du Qixi couldn't help but hit Ye Yu with his elbow at this time, reminding Ye Yu to be more extraordinary than Xia Liang.

Ye Yu rolled his eyes and ignored Du Qixi.

His gaze was on a person, who was a beggar, dirty, and his clothes were torn into cloth strips. He was walking in the night market, everyone covering their noses to avoid him.

The beggar naturally has nothing to pay attention to, but what makes Ye Yu find it interesting is that the beggar keeps shouting Fengyancao in his mouth.

Zhang Xiang was next to Ye Yu. Seeing Ye Yu watching the beggar speak out, he couldn't help but explain: "This beggar is very famous in this city. He was also a strong man in the marrow-washing realm before, so he knows Fengyancao, but Then he went crazy."

"Marrow-cleansing realm powerhouse?" Ye Yu was surprised, "How did you go crazy?"

"Obtained a phoenix grass and was chased and killed. He ran away with his wife, but was still overtaken by a powerful enemy. His wife was weak and was penetrated by the powerful enemy. Her wife wanted the phoenix grass not to be acquired by the enemy. Personally lit and destroyed, this beggar went crazy even though he fled to death later!" Zhang Xiang said.

"As for why he keeps being called Fengyancao, it's because his wife looked at the burning scene of Fengyancao while he was still in his arms and said: It's so beautiful, I really want to see it again." Zhang Xiang explained. "After the phoenix yancao was ignited, the aura spread like a phoenix soaring beautifully. This became his obsession, and he kept calling the phoenix yancao after he was crazy."

Ye Yu nodded, keeping his eyes on the crazy beggar.

Seeing this beggar staggering towards this side, Zhang Xiang pulled Ye Yu and said, "You have Phoenix Yan grass on your body. Don't get too close to him. This guy has a very sensitive nose. He might smell it. After all, he used to be Washing the marrow realm, it will be a little troublesome to go crazy!

Ye Yu didn't pay attention to Zhang Xiang either. Instead, he took out a phoenix yancao, and when he walked to the beggar, he wanted to give him the phoenix yancao.

"Are you crazy?" Yang Shanshan was next to Ye Yu, and she was surprised when she watched Ye Yu do this, "You grabbed this from the Third Elder with your life!"

Ye Yu ignored her and went straight to the beggar. Ye Yu's actions attracted many people, and they all looked sideways.

Seeing Ye Yu really handed this phoenix yan grass to the hand of the beggar, everyone stared.

"Ye Yu, you are wasting Fengyancao!" Peak Master Bixia shouted anxiously.

Ye Yu shook his head and said, "The most worthy of respect in the world, the least worthy of disappointment, and the least waste is true love. Fengyan grass has a price, and true love is priceless. A phoenix grass can tell a relationship, I don't think so. waste!"

Speaking of this, Ye Yu patted the beggar who was stunned there, "Besides, I want to see the scene of the phoenix yancao being lit and turned into a phoenix!"

Peak Master Bixia, Yang Shanshan and others were all taken aback by what Ye Yu said, and looked at Ye Yu stupidly.

The beggar seemed to have recovered a bit of sanity, and ignited the phoenix flame grass very quickly, and the phoenix flame grass was soaring, like a firefly, the blue light and the crimson intertwined, reflecting the phantom of the phoenix, which was very beautiful. The beggar stared blankly, his face was full of smiles, and the smirk continued.

Ye Yu looked at Shi Jingyi and said, "I didn't think about what gift to give you, because I think there is nothing worthy of you in the night market. I can only show you the true love in the world, and treat it as a love letter to you today. Okay, I hope you won't refuse."

Shi Jingyi was so silly that she seemed to be stunned, the mist condensed in her beautiful eyes, and it was about to flow out. She blinked her eyes hard to hold back.

Everyone was startled, and it took a long time for Peak Master Bixia to wake up from the flow of emotions, and said with a smile: "You kid is too deceiving, Liang Bufan, you have to learn a little!"

...

## Chapter 98 Teach peak master

The beggar squatted there, smiling stupidly at the burning light, his hands bent, as if he was holding a person.

The phoenix yan grass burns beautifully, attracting the attention of many people, like fireworks blooming at night. It's just that a phoenix yan grass is almost burned after a long time.

"Xiu'er, don't go!" the beggar muttered to himself.

Ye Yu gave the remaining two plants to the beggar. The beggar seemed to be afraid of losing something, so he ignited it again, continued the previous flame, and smirked again.

Du Qixi couldn't help feeling distressed as he watched nearly a thousand storage spirit pills being burned like this.

Shi Jingyi's beautiful eyes stared at the phoenix formed by the gathering of aura, her pretty face flushed with crimson.

Biyun Peak stood there, looking at Shi Jingyi's shy and unreasonable appearance, then looked at Ye Yu, he patted his forehead.

"This kid can really lie to girls!" Peak Master Biyun felt that Bixia's words were right.

Everyone originally thought that all three phoenix grasses would be burned completely, but they did not expect that after the second one was burned, the beggar suddenly stood up, walked to Ye Yu and bowed, and then returned the remaining one. Give it to Ye Yu, then turn around and disappear in the night market.

"This... is the sanity restored?" Everyone was startled, but they didn't expect that this stimulation would restore the other party.

"Inadvertently inserting Liuliu Chengyin! It's considered a good deed!" Peak Master Bixia laughed, "It's not just a lie to the little girl!"

Speaking of this, Peak Master Bixia grabbed Shi Jingyi and said with a smile: "Jingyi don't look, this kid is too old, you have to stay away from him in the future."

One sentence made Shi Jingyi's face red, her pink face was beautiful, and she was so beautiful.

Shi Jingyi was dragged away by the Bixia Peak Master, her beautiful eyes glanced at Ye Yu and then quickly moved away. Many male disciples saw this scene and patted Liang Bufan who was still holding Biqinyu.

"Brother Liang, give up!" Yin Junxin couldn't help but persuade at this time, and a word made many disciples nod vigorously.

"Brother Ye, is our relationship ironclad?" Du Qixi squeezed in front of Ye Yu with a look of ingratiation, "Can you teach me!"

"..." Ye Yu didn't bother to pay attention to him, and sighed helplessly, "Sometimes it's hard to take my heart, but you think I'm a routine!"

Peak Master Biyun patted Ye Yu on the shoulder at this time: "Ye Yu, go, I invite you to drink!"

"Don't drink it!" Ye Yu looked at the Biyun Peak Master, a peak master with a pleasing expression on his face.

Seeing that Ye Yu was doing this, Peak Master Biyun raised a finger and said, "A set of mysterious combat skills!"

"No... wait, what did you say?" Ye Yu looked at Peak Master Biyun.

"A set of Profound Grade combat skills!" Peak Master Biyun looked at Ye Yu.

"Go! I invite you to drink!" Ye Yu dragged Peak Master Biyun to a bartender.

Peak Master Biyun took Ye Yu to sit down, and he took the lead in reviewing: "Peak Master, I do not know Taishan, Ye Yu, I have always treated you well, right?"

"Not bad!" Ye Yu replied.

"Hey, can you give me some pointers?" Peak Master Biyun asked with a sullen face.

"Don't you think my little kid doesn't understand?" Ye Yu said.

"That's because I'm not sensible. Who would dare to say that to you in the future, tell me, I must teach him on your behalf!" Peak Master Biyun said angrily.

"A set of Profound Grade combat skills!" Ye Yu made a condition, "Teach you a trick!"

Peak Master Biyun handed Ye Yu painfully from his arms, "I was going to leave it to my son!"

"You don't even have a woman, the son from there!" Ye Yu took it contemptuously, and looked at the jade seal carving with a smile on his face.

"Let's talk! What should I do to make Bixia have love for me!" Peak Master Biyun looked at Ye Yu.

Ye Yu threw Xuanpin's combat skills into his arms, pointed to a stone bridge in the distance and said, "Have you seen it?"

"Huh?" Peak Master Biyun asked in confusion.

"You go to the stone bridge and engrave a line of words, such as 'I would like to be a stone bridge and be blown by the wind for 500 years and the sun for 500 years, I just ask you to walk across the bridge'." Ye Yuxin said nonsense.

"That's it?" Peak Master Biyun said.

"If you want to pursue someone, you must first let him know that you are sincere." Ye Yu rolled his eyes, "This is the way to prove your sincerity. Remember, don't sign your name, and don't mention her name! Just this sentence That's it."

"Why?" Peak Master Biyun said.

"If you write it, it would be too artificial and too fake. Are you as stupid as you when you are the master of Peak Bixia?" Ye Yu said contemptuously, "Inadvertent revelation is fatal, okay?"

"Then how does he know that I carved it?" Peak Master Biyun asked.

Ye Yu patted his forehead, knowing why Peak Master Biyun couldn't catch up. It's weird that this IQ Bixia Peak Master can see it.

"Handwriting can prove a person's identity!" Ye Yu reminded him.

"Yes!" Peak Master Biyun said excitedly, "Is that all right?"

"Oh! Let her face your sincerity at most!" Ye Yu said, "Knowing that you are sincere, she will naturally look at you!"

Peak Master Biyun smiled: "This is not enough, can she like me?"

Ye Yu stretched out his hand and said, "Xuanpin combat skills!"

The corner of Biyun Peak's mouth twitched, and he glared at Ye Yu and said: "You are \*\*\*\* when you consider the Profound Grade combat skills. The one set for you is the only one I have."

Ye Yu got up, turned and left.

"Okay! As long as you can help me, after I go back, I will pass you a set of combat skills!" Peak Master Biyun said.

Ye Yu just sat down again, pointing to a sugar seller and said, "Have you seen it? You can buy a more beautiful sugar man and give it to Peak Master Bixia!"

"That's it?" Peak Master Biyun looked at Ye Yu, a little angry, this kid was too perfunctory.

"For so many years, there is a reason why Peak Master Bixia looks down on you!" Ye Yu sighed, "Have you never heard a word?" If she hasn't been involved in the world, take her to see the prosperity of the world. Take her on the merry-go-round'."

Speaking of this, Ye Yu stood up and patted his butt, ignoring Peak Master Biyun.

He got a set of mysterious combat skills, which made him very happy, and he was going to try his practice.

Peak Master Biyun thought about Ye Yu's words, and after a long time he suddenly slapped his thigh and said, "Good means!"

Looking at Ye Yu's back, Peak Master Biyun felt that in the future, the disciple in the door should be kept away from Ye Yu. With this method, as long as he is staring at him, who is the female disciple in the door who can not be murdered by him?

Ye Yu, regardless of what Biyun Peak Master thought, accompanied Du Qixi and his party to continue wandering in the night market. Feel the local customs of this world.

After these days, Ye Yu felt that he had gradually integrated into this world.

Of course, Ye Yu didn't help Peak Master Biyun, and used a small trick to let a group of Peak Master Bixia walk over the stone bridge.

After Ye Yu saw Peak Master Bixia seeing the words on the stone bridge for a moment, his face turned crimson, and he glanced at the direction of Peak Master Biyun secretly.

...

Chapter 99 Night

Open the mountain!

This was the combat technique given to him by Peak Master Biyun, a subordinate of the Xuan-level, who took a stubborn and domineering path, and there was a tendency to crack mountains and rocks between shots. However, this set of combat skills consumes a lot of spiritual energy, and the general marrow washing realm can't support the consumption of Kaishanquan.

It is precisely because of this that once Kaishanquan is displayed, it will be fierce and powerful.

...

In the dead of night, Ye Yu looked at Kaishanquan in the yard under the moonlight, perceiving the rhyme of Taoism with good luck. But saw a figure walking out of the room.

She didn't seem to notice Ye Yu, looking at the starry sky intently, the moonlight bathing her body, the whole person was hazy and dreamy, and the sky full of blue silk glowed with a little luster, adding an endless show of beauty to her.

Seeing Shi Jingyi, Ye Yu put away the jade book, walked forward, and could smell a refreshing fragrance.

"Ah..." Shi Jingyi was surprised when she saw the figure walking, but she soon discovered that it was Ye Yu.

Seeing Ye Yu walk in, her pretty face turned red, and her eyes fluttered to avoid Ye Yu.

"Can't sleep?" Ye Yu asked Shi Jingyi.

Shi Jingyi nodded, her beautiful eyes glanced at Ye Yu and then moved away: "How about you?"

"Think of something!" Ye Yu replied.

"A duel with Elder Situ?" Shi Jingyi's beautiful eyes turned to Ye Yu, this time they didn't move away, her beautiful eyes gleamed, and the water trails could be seen in the moonlight.

"Ah!" Ye Yu didn't expect Shi Jingyi to talk about this with herself, "No! I'm thinking about how to make myself stronger!"

"Oh!" Shi Jingyi uttered, she watched the night sky quietly, and the night was quiet again.

Occasionally, Ye Yu looked at Shi Jingyi, his face was beautiful, like a carefully carved jade.

“You really didn’t write the first letter?” Shi Jingyi asked suddenly.

Ye Yu couldn’t deny that he was killed at this time. He wrote so many first letters that he didn’t admit it. Isn’t it uncomfortable to find yourself?

“I drank too much, I just thought about writing what I was saying, but I didn’t think too much, I just wrote it by graffiti!” Ye Yu said nonchalantly, “That’s not my real level!”

In a word, Shi Jingyi’s pink and beautiful face was smeared with a drunken red, which is not beautiful.

“How about I write you on the spot?” Ye Yu asked Shi Jingyi tentatively.

Shi Jingyi didn’t speak, but the blush of her pretty face remained.

Seeing this, Ye Yu naturally understood, Wushuang used his fingers to engrave a very widely spread word on the earth.

“There are beautiful people, and you will never forget them, but if you don’t see them for a day, you will be crazy about thinking!”

Shi Jingyi’s pretty face got hotter and hotter, she glanced around and walked into the room: “It’s no different from the first one, I’m going back!”

When she turned around and was about to leave, Ye Yu subconsciously held her hand.

“If you feel dissatisfied, I can write more!” Ye Yu shouldn’t have it in his heart, just this sentence is more than a hundred times better than Chi Bafaan.

But the soft and boneless feeling in his hand made Ye Yu startled, and then he remembered the hand holding Shi Jingyi.

Where Shi Jingyi was standing, the touch from the palm of her hand flowed into her heart, her heart beating very fast, she stood there tightly and did not dare to move.

“What happened at night, is it a method you often use!” Shi Jingyi turned her back to Ye Yu, but a pleasant voice suddenly came with a faint trembling sound.

Ye Yu knew that Shi Jingyi was talking about the Fengyancao incident: “It’s not a means, but that true feelings must always be respected. A phoenix grass is nothing but true feelings are rare.”

“As for giving it to you as a gift. Although it’s pretty tacky, I thought you would like this thing! It’s also been lost and shocked by you for writing love letters, so that you may not be rejected if you give it to you.”

Shi Jingyi listened to Ye Yu’s words and felt the touch of her palms, her hands tightened slightly. Then he turned his head, beautiful eyes staring at Ye Yu’s eyes scorchingly.

After watching Ye Yu for a long time, Shi Jingyi said: “You have to be careful in the decisive battle with Situ Zhengtian!”

Suddenly the inexplicable words made Ye Yu stunned and looked at Shi Jingyi’s pretty face. The roots of her ears were blushing and it was spreading continuously.

The exquisite white face is blushing, and the beauty is shocking. The eyelashes blink and blink, the bright eyes are full of shyness, and the red lips are bright, like a rose in the morning mist. Ye Yu can feel it when she looks at it. One of the soft bullets.

Shi Jingyi was stared at by Ye Yu’s eyes, her heartbeat was accelerating continuously, and the hand held by Ye Yu was clenched tightly, and Ye Yu could feel her power in the palm of her hand.

Seeing Ye Yu taking a step forward, her breath was a little hot, Shi Jingyi was a little panicked and couldn’t help closing her eyes.

Seeing Shi Jingyi’s eyes closed, he looked like Ren Jun was picking it up, he couldn’t bear it. Bend forward and kissed her rose-like lips.

Shi Jingyi’s body suddenly tightened, her hands tightly grasping Ye Yu, Ye Yu wanted to take the next move, but her shell teeth were clenching tightly, unable to break through.

Wenrun touched each other, Ye Yu wanted to take advantage of the victory and pursued, Shi Jingyi closed her shell teeth tightly, no results at all.

Ye Yu’s hand was a little restlessly wrapped around Shi Jingyi’s waist, but she was firmly grasped by Shi Jingyi. She opened her eyes and her heartbeat was like a drum.

“Don’t move around!”

After Shi Jingyi said these words, as if she had used up all the courage she had used, an infinite red tide suddenly appeared on her face, beautiful and unreasonable, and Ye Yu was shocked to see. The girl’s charm and shyness in this sudden, even the fascinating Xueyan would be inferior.

Looking at Ye Yu blankly, Shi Jingyi finally couldn’t help it, turned around and fled into the room, slammed the door closed, leaning on the door to calm her inner emotions.

The remaining feeling made Ye Yu stare at Shi Jingyi's door blankly. Ye Yu stood there for a long time, then looked at the sky and the shining stars, he fell into silence.

...

No words for a night!

When starting the next day, everyone found that Shi Jingyi's face was always blushing, and that shyness caused many disciples to fall off the unicorn.

Peak Master Bixia also felt weird, and didn't know what happened to Shi Jingyi.

Ye Yu looked at Shi Jingyi's appearance with a smile on his face. Shi Jingyi's appearance really has the feeling of falling in love in college, and her heart can beat for a long time when she touches the palm of her hand.

Seeing Shi Jingyi's appearance, Ye Yu didn't dare to provoke her in front of so many disciples. She needed time to calm down.

But what Ye Yu didn't understand was that Peak Master Biyun glared at him when he saw him.

This made Ye Yu puzzled, thinking he didn't offend him, right? Could it be that what I taught him yesterday didn't work? impossible! He clearly saw Peak Master Bixia saw the blush of Stone Bridge lettering.

Speeding all the way, taking a break in the middle of the journey, Peak Master Biyun pulled Ye Yu over, dragged Ye Yu to a remote place, and looked at Ye Yu angrily: "What the \*\*\*\* did you kid teach!"

...

Chapter 100 Feminine

"Didn't you say that the sugar giver Bixia is heart-warming and will have a good feeling for me?" Peak Master Biyun glared at Ye Yu, a little frustrated.

"Is he angry? Shouldn't it!" Ye Yu thought with his years of sensual experience on the earth, even if Bixia doesn't accept it, she won't be angry. Her temper is not such a person.

"After giving it to her yesterday, although she put it away, she scolded me for being boring, and almost knocked my nose as soon as the door closed. Bixia had never loathed me like this, and she could at least get a cup of tea in the door before!" Peak Master Biyun scolded Ye Yu angrily.

Ye Yu looked at the angrily Biyun Peak Master, he sighed, and seriously said to the Biyun Peak Master: "Straight male cancer is not worthy of having a woman! And you are in the late stage, the kind that is hopeless! So, Please don't disturb me in the future!"

Ye Yu didn't bother to talk to Peak Master Biyun, and regardless of whether he understood what straight male cancer was, he turned around but was caught by Peak Master Biyun.

"What do you mean?" Peak Master Biyun didn't understand.

Ye Yu rolled his eyes and said: "Don't you know that a woman has an emotion that is feigning anger? If you really want to get angry, he has already lost your sugar man!"

"..." Peak Master Biyun was taken aback, and then said, "It shouldn't be. Later, she directly hit me with a cup and let me go!"

Ye Yu was taken aback, thinking that this is not just feigning anger to you, simply: "What did you do to make him so angry?"

"He scolded me for being boring and turned me away. Since I was irritating her, I naturally wanted to explain it to her. Then I told the truth, saying that you asked me to buy Sugar Man as a gift for you, and Bixia suddenly opened the door. Hit me with a teacup and let me go!" Peak Master Biyun shrugged his head with a sad expression on his face.

"Talent!" Ye Yu gave a thumbs up to Biyun Peak Master, "No! You are not ineligible to own a woman, but you are not even qualified to have a female species. Straight male cancer can no longer describe you! People are more suitable for you, really, don't force yourself!"

Ye Yu didn't bother to talk to Peak Master Biyun, thinking that he still had a face to blame himself.

"Be careful and dare to scold me!" Peak Master Biyun glared at Ye Yu, isn't this all your tricks?

Ye Yu looked at the excited expression of Peak Master Biyun, then looked at Peak Master Bixia in the distance: "For the sake of Xuanpin combat skills, I will help you one last time!"

Peak Master Biyun was startled, wondering how Ye Yu would help him.

Many disciples were resting, and Ye Yu walked towards Peak Master Bixia. Shi Jingyi watched Ye Yu walk towards her, her face flushed again, and Xiu's fist clenched tightly. She was extremely nervous, for fear of what Ye Yu would do.

Ye Yu naturally saw it, smiled at Shi Jingyi, signaled her to relax, and walked to the peak master Bixia and said, "Mountain master, can you do me a favor?"

Peak Master Bixia is very caring for Ye Yu now, looking at Ye Yu and shouting with a smile: "What busy?"

Ye Yu complained: "Can you control Peak Master Biyun? I really can't stand him. You said he is a big man. He dragged me to drink with him at night, and he was still in tears. I cried in front of me. I'm really not interested in his love life, but as a disciple, I can't resist him."

"Ah!" Peak Master Bixia said in a daze, "What did he ask you to cry about?"

"Yesterday, I watched you staring at the sugar man for a while. I wanted to give it to you, but I thought it would be inappropriate for me to give it to you. I asked Peak Master Biyun to buy it for you!" Ye Yu said, "But after you scolded him for getting out yesterday, he lost control of his emotions. He felt hopeless in life. Don't drink and cry while holding me all night, and being held by a big man, I can bear it!"

Ye Yu said that he was very dissatisfied with this, and looked at Peak Master Bixia and said, "What's more, the things he cries about are not suitable for us to listen to juniors."

Shi Jingyi listened to Ye Yu's words beside her, struggling to hold back her smile. Ye Yu watched the starry sky with her last night, where did he go for a drink?

"It's really nonsense, it's really the same!" Shi Jingyi couldn't help but gave Ye Yu a look.

Ye Yu naturally saw Shi Jingyi's actions, he thought that the sacrifice for the Biyun Peak Master was really great, and it would be difficult for him to deceive Shi Jingyi in the future.

"Peak Master, only you can control him. Don't care about it, he may drag others to drink, he can say anything when he drinks too much, what loves to my bones, what if I can't live without her? It's not good for others to hear it!" Ye Yu said.

Peak Master Bixia's face was also a little hot, and she glared at the Peak Master Biyun in the distance, and then said to Ye Yu: "Okay, don't tell others about the matter, I will deal with it!"

After speaking, she stood up and went to find Peak Master Biyun.

Ye Yu smiled, thinking that he had exaggerated the sincerity of speaking truth after drinking, and created the opportunity for Bixia to take the initiative to contact you. If you can't do it anymore, Peak Master, then you will have to be alone for the rest of your life. No one can save you anymore.

Ye Yu listened to all these nonsense poems Jingyi, the original nervous mood also relaxed at this moment, the blush on his face subsided, watching Ye Yu walk next to her, a little scornful said: "It's a deception. Yes, I suspect that all you did was lie to me!"

"You are so smart, how could I lie to you?" Ye Yu said seriously.

A smile on Shi Jingyi's delicate face gave Ye Yu a white look, with the vitality of a girl: "Huh! Dare to lie to me, I won't let you go!"

As Shi Jingyi spoke, her brows raised slightly, and then her face was full of smiles, and she secretly looked at the two peak masters, Bixia and Biyun.

Looking at Ming Yan's delicate and beautiful Shi Jingyi with a touching smile on her face, she really has always been youthful and energetic. This is in contrast to Shi Jingyi, who was quiet in a place before and barely spoke a lot of words.

There was a smile at the corner of Ye Yu's mouth, and he preferred to see Shi Jingyi's anger at this time. The excellent appearance of being alone and quiet in the past, although equally beautiful, is not comparable to this time. At this time, watching her smile, he couldn't help but feel happy in his heart, which can infect people's hearts.

Ye Yu and Shi Jingyi chat in a low voice. After the girls are happy, they can always show all kinds of moving daughters.

This made many disciples watch, but they only felt that Shi Jingyi and Mingyan were touching.

In their hearts, Shi Jingyi has always been quiet, even with a cold eye. Have you ever seen such a beautiful girl.

Everyone couldn't help but look at Liang Bufan, thinking that their Senior Brother Liang...oh...wasn't originally of the same level, but wasn't it destined last night?

Liang Bufan's face was full of bitterness. Holding the Biqin jade he bought yesterday, he took a deep breath and gave the jade in his hand to a female disciple next to him.

The female disciple blushed and looked at Liang Bufan in disbelief. She was still stunned when Liang Bufan stuffed the jade into her hand.

When many disciples saw this scene, their eyes kept turning on Liang Bufan and Ye Yu.

...
