

Go Away 1001

Chapter 1001 Are You Sure You Don't Want to Protect Your Future Wife?

Jordy frowned a little more and he didn't speak, but he was getting colder.

When any child, as long as he was not heartless, knew that his father was killed, he would find a way to avenge his father, unless he was helpless.

Gloria's ability was far greater than Claude's, and her power was not worse than Claude's. Naturally, she would avenge her father, but Declan...

Jordy froze slightly and didn't speak.

George said again, "After we went out, Gloria started monitoring Angela and heard their conversation, but she didn't find out the exact location. This person seems powerful. Are you sure you don't want to protect your future wife?"

George said the last several words in a different tone. Jordy gave him a cold look and said, "You'd better watch your tongue."

"Damn it! I have said everything, and now you're telling me to watch my tongue! How did you become my friend?! You're not a good friend at all!"

Angela took a deep breath and finally said, "I figured it out. I admit that we did it."

She was vigilant. If she didn't directly say the exact words that she killed Declan, even if it was recorded, it would be of no use.

But the mysterious person said in a deep voice, "I want the specific process. How did you kill Claude? Tell me."

Angela's face changed suddenly, "Why do you have to know this?"

"If I don't know what you did, how can I save you?" His voice was slightly lower, and he even sneered.

Angela suddenly became anxious, "I just need to give you the evidence she submitted, and I..."

"Do you know the specific evidence? As far as I know, she submitted the documents at the time. Do you think she only submitted what was said in court? Doesn't she hide anything? Why would she alarm you if she couldn't take you down at a stroke?"

Angela's eyes lit up a little, "You mean..."

"If it fails, I would arrange a new identity for you."

The light in Angela's eyes dimmed instantly. How could this work?!

She just wanted to be Angela, the daughter of the White family. She grabbed her phone and said anxiously again, "I..."

Before she could finish her sentence, he said in a deep voice, "Wait for the news."

With that, he hung up directly.

As for her father's incident, she knew that she could only take revenge on one of them temporarily, and she couldn't send all three of them to prison at once. But through this incident, she could completely kick Claude out of the company.

"It's all up to you. I've already made arrangements here and can take over at any time. But what are you going to do after you deal with Claude's family?"

Gloria's eyes narrowed, but she didn't respond immediately. She knew what Jonathan meant.

Claude's family of three couldn't be wiped out all at once, and they would play some new tricks.

"Let's deal with it later," Gloria said simply and didn't want to say too much.

But the next moment, the doorbell of her house rang.

Gloria was a little puzzled, "Someone is coming to my house. Let's talk about it later."

Jonathan smiled, "Okay."

Chapter 1005 She Somehow Didn't Like His Way

Gloria instantly raised her eyes to look at him. But the next moment, she reacted.

Jonathan had made such a sensation and made his pursuit of her a trending topic on Twitter several times. How could his family not know about it?

Jonathan sighed, "If I bring you back to meet my parents and you think I'm taking advantage of you, I may have done it the wrong way."

Gloria frowned. Seeing that Jonathan looked a little frustrated, she was a little surprised. Jonathan had never been like this.

He had always been calm and collected. His eyes were affectionate and many women couldn't help falling for him. But she somehow didn't like his way.

Moreover, she had been hurt by love, and she probably never wanted to fall in love again in her life.

But having said these words to Jonathan over and over again, she was tired even if he wasn't.

"We can't find out who it is for now, and the other party has made a ruthless attack. Mr. Brown, it's..."
He sounded rather hesitant. He had no choice but to call Jonathan.
Jonathan's face darkened, and he said in a deep voice, "I'm going to the company now."
With that, he hung up the phone.
Seeing Gloria still cleaning the table, Jonathan thought for a moment, and said softly, "Gloria, can you do
me a favor?"
Gloria turned to look at him and said, "Go ahead."
Jonathan had indeed helped her a lot. If she could help him, she would.

Immediately afterward, the two of them began to tap on the keyboard again.

This time, instead of typing the codes to make the program, they were trying to find the person behind the attack.

Gloria had always looked calm. Since Jonathan asked her to help, she certainly would help.

But she didn’t think this scene seemed familiar.

Jordy had been attacked before, but she didn’t find any similarities with Jonathan’s case this time.

But after the two searched for half an hour, Gloria’s face became darker and darker. Even her eyes turned extremely cold.

After a moment, both of them stopped, and everyone was looking in their direction with some doubts in their eyes because it might not be as simple as they had thought.

Gloria thought for a while, and finally said in a deep voice, "Last time, it also happened to Jordy's company."

Jonathan narrowed his eyes and turned to look at her, knowing that she had something more to say.

Gloria thought for a while, and had to speak again, "I'm not too sure about the specifics, because I didn't find the specific man behind it that time. But to analyze the two cases, I suspect that it is the same people who did it."

After a pause, she said again, "Their way of doing things and cracking, and the process of dealing with us are the same as those who cracked the secrets of the Collins Group."

Jonathan curled his lips slightly and said, "Looks like they're trying to swallow it all."

Gloria didn't speak and thought about it carefully.

Jonathan started the engine without saying anything. The car was quiet.

Seeing Jordy's face darken, Jonathan immediately said again, "Hurry up, get out of the car!"

When he was speaking, he had already gone off the car first. Seeing that Jonathan and Gloria hadn't walked in completely, he said directly, "Oh, it's such a coincidence that I meet Mr. Brown here."

Jonathan paused, and he turned to look at the person coming. He raised his eyebrows slightly and said, "Oh, George, it turns out you're also there."

He turned out to be here. Jonathan's choice of words was very subtle.

Apparently, he admitted to seeing Jordy, but didn't intend to say hello to him, and even walked in with Gloria, completely ignoring him, as did Gloria.

George's car door hadn't closed completely yet, and Jordy could naturally hear it. He looked over with sharp eyes, and the next moment he got out of the car.

How could she tell Jonathan directly about such things involving privacy? After all, Jordy and Jonathan had always been enemies, and there was no real harmony between them at all!

But she just said it directly?

George didn't look very happy at this moment, and there was even a bit of displeasure in his eyes.

But the next moment, he felt that something was wrong. Gloria shouldn't be such a person. Was Jonathan trying to turn them against each other?

As he thought about it, he glanced at Jordy out of the corner of his eye but looked directly at Jonathan.

Jonathan stared at Jordy. Seeing that he was back to normal, and he didn't mean to look at Gloria again, he smiled and continued, "What Gloria means is that, from the perspective of their way of cracking our secrets, it should be the same people."

George's eyes suddenly turned cold and he said, "The same people?!"
