Chapter 1011 There Would Be A Good Show

Both Jonathan and Jordy set their eyes on Gloria. But she wasn't going to say too much.

George frowned slightly, paused for a moment, and said softly, "At this time, we'd better team up and fight back. If you know something, why don't you just say it directly?"

It seemed Gloria didn't want to talk to George, but she still responded lightly out of politeness, "Everything is uncertain now, and I don't want my guesses to disrupt your rhythm. If it is certain, I will tell you."

Jordy and Jonathan remained silent this time while George frowned and said nothing.

There was nothing to say under the current situation.

Seeing that they were silent, Gloria looked at them and said, "You guys, aren't you leaving?"

It was very obvious that she was kicking them out. The three men who heard it raised their eyes to look at her at the same time, and there seemed to be some different expressions in their eyes.

Gloria knew that they wouldn't leave soon, so she didn't really go to rest, let alone go to the bathroom. Seeing Jordy call her, she hesitated, but she chose to pick it up.

She didn't speak, and Jordy said in a cold voice on the phone, "We're leaving now. Take care of yourself and be safe."

Gloria blinked slightly and responded, "Okay."

She didn't bother to say anything more. Jordy also directly hung up the phone.

When George saw this scene, he sighed bitterly. When would Jordy be more mature? Shouldn't he say a few more words to Gloria at this time? With Jonathan here, didn't he know how to pretend?

When Jonathan knew Jordy's attitude, he could take advantage of it and get close to Gloria! George wanted to call Jordy an idiot!

"I'm not going to get out!!" George sat in the seat without moving and didn't mean to unfasten his seat belt.

Jordy's eyes flashed with irritability, and he said lightly, "Call Carlos."

George glanced at him and finally didn't say anything. The phone went straight through.

George smiled, "I think Carlos is right! Since you don't want to take the initiative to pursue Gloria, then you should let go and never approach her again."

Jordy held the wine glass in his hand more tightly.

Carlos continued, "I could feel her wholeheartedness towards you when you were together, but you tortured and neglected her for three years, and you even had to take care of another woman at that time. Gloria is such a proud woman and I'm surprised she could tolerate you for three years."

Jordy's face turned cold, and Carlos said fearlessly, "In the end, she was heartbroken and left. It was you who gave her a heavy memory her a heavy memory for three years, and you still treat her so coldly now. Do you think she would be stupid enough to love you again? It's good that she didn't take revenge on you now."

George snorted coldly, "That's right. You still called her so arrogantly and hung up after you finish speaking. You have no manners at all. Jonathan was right there and he saw how you get along. So he'd certainly take advantage of it and get close to her! Only you are like a fool!!"

George hadn't expected that Jordy would suddenly ask such a question, and he froze.

But the next moment, he frowned and said, "I'm not the same as you, okay? You and Gloria are really destined to be together, but you didn't cherish her and lost her, and now you can get her back!"

Carlos was stunned.

Jordy didn't bother to say anything to him, so he just fell silent.

Time passed by, but Angela had never been able to contact the person behind her. The main reason was that she had always been in contact with the other party before, and the other party had lost patience. Seeing her phone call, the other party didn't want to pick it up again. "Angela, go to bed early tonight. Don't go there tomorrow. Your father and I will handle this matter."

Claude glanced at Martha with complicated eyes. His eyes were filled with distress, but he couldn't say anything in front of his daughter.

Angela also had a bad premonition at this moment. She immediately looked at Martha. Seeing her red eyes, Angela immediately said, "What are you going to do?! Are you going to do something?!"

And what they could do might be the final endgame! At this moment, Angela panicked, but she didn't know what to do!

Claude didn't respond directly to Angela, and said again, "Okay, you go to bed early and don't lose your temper. This time, take it as a lesson. We will find a way to break the current situation in the future."

The Cutie wounded a little impatient, but he didn't hang up the phone, as usual, this time.

Angela also noticed this, and she said quickly, "Do you have anything else to tell me? I'm begging you. Can you tell me what's going on?!"

She now seriously suspected that the abnormality of her parents and the abnormality of this mysterious person were about the same thing!

Speaking of this, she couldn't help but sigh again, "We never expected such a thing to happen, but we have to endure it. It will be fine!"

Claude also sighed, but he couldn't say a word. He didn't know what to say, and there was helplessness in his eyes.

Martha took a deep breath and said, "It's become like this now, and we didn't expect it. All we can do is continue to face it. Well, Honey, we can only hope for the best in the future. It's just that I can't be by your side all the time, you should hire a nanny in the future and let her take care of your daily life."

Claude nodded tearfully and said, "You don't have to worry about us. It's you... I'm incompetent. I'm so useless!!!"

Claude was still sighing, and Martha was sobbing in his arms.

"I'm sorry, Martha, I'm so sorry... Don't worry, I will find a way to rescue you, and I will never let you suffer in the prison! And I won't let you die!"

He didn't speak, but Gloria stared at him, "I don't want you to intervene in this matter, and I can handle it myself. Thank you. We'd better not be in touch again in the short term."

She had wanted to know some secrets from him before, but now there were more enemies involved.

Gloria didn't want to involve innocent people like him.

Chapter 1020 Your Honor, We Have An Objection

Boom!

The judge's words came as a bolt from the blue! Angela's face turned ghastly pale all of a sudden!

How could this be?

Why would it be a death sentence?!

For the crime of murder, some got life imprisonment, and some only ten years imprisonment. But when it came to her father, why would he be sentenced to death directly? She could not accept it!!

But before she could speak, Martha chimed in, "Your Honor, we have an objection."

People were equal before the law. Naturally, people could raise an objection and demand an answer. Even the defendant himself was entitled to the right to re-appeal.

So when Martha said so, no one argued with her. Everyone's eyes fell on Martha who stood up slowly.
