Chapter 1031 Extraordinary Beauty

Two days later,

Gloria had already finalized some plans for the cooperation with Collins Group, and at this moment, Gloria met up with Jonathan for dinner at a restaurant.

The two dined in the box as usual.

Jonathan agreed readily as Gloria called him.

At the moment, the two were sitting opposite each other. Jonathan wore a faint smile on his lips.

He looked carefully at the woman in front of him, and saw that her eyelashes were long and dense. Each time she blinked her eyes, it looked particularly beautiful.

He sighed lightly.

Gloria looked up at him in bewilderment. "What's wrong? Is there any flaw in the plan?"

"Of course not, you are the one making the plan. I can completely count on you."

Gloria maintained a dignified silence.

She took away one copy of the contract and said calmly, "You'd better be careful next time. I am afraid that you might be framed by me one day."

With that, Gloria stood up, not intending to stay any longer. She had finished the meal and got the signed contract. There was no need for her to stay.

Yet, just while she took a step forward, Jonathan raised his hand and grabbed her wrist.

Jonathan held her wrist tightly, even though Gloria struggled to get free.

She turned to cast the man a sullen glare.

Chapter 1033 Clear Minds

Jonathan walked out a while later.

He watched as Gloria hopped into her car and sped off.

He squinted, not in a hurry to leave. His phone buzzed, bringing his attention back.

He put it through. Henry's voice came through, "Mr. Brown, we are all set. What do we do next?"

"Give it a pause," he said.

"What?" Henry was a bit surprised and confused.

"Take no action for now." With that, Jonathan hung up the phone and got into his car.

Joseph frowned. "Why are you talking about her again? She didn't even show mercy to her uncle. What else to say?"

"Bullshit! How did her uncle's family treat her? They killed her father. Can't she take revenge? I am distressed for her now!"

Jordy frowned and said nothing.

“Enough. It has already been in the past, and there is no need to talk about it again. They’ve already separated whatever.”

Joseph really did not like Gloria and was very dissatisfied with her.

Karen sneered. “She can’t be struck on you now! Go and see the trending searches on Twitter yourself!”

Jordy’s expression turned frosty. Without another word, he took out his phone.

There was no definite statement of who Poppy was.

It was just said that Poppy would cooperate with the White Group and the Brown Group.

And the White Group was even put in the front.

Everyone could see the priorities. Joseph was just unwilling to admit it.

“Kiddo, tell me what you’ve thought of!” Joseph was already feeling conflicted. Seeing that Jordy had already known what was going on, he couldn’t help but roar.

Jordy snorted. “It is obvious. Can’t you tell?”

Joseph’s face darkened. “Can you just be frank?”

Karen was already furious, so Joseph didn’t dare to say anything.

If he spoke at this time, she would be even angrier.

Joseph’s sudden silence calmed Karen down a little, but she still couldn’t help saying angrily, “Joseph, you don’t have to be stubborn here. We all know what’s going on!”

Joseph opened his mouth and was about to retort when he saw Karen’s slightly red eyes. He suddenly stopped.

Newell smiled. “Dad, you’re too stubborn. Only my mom can control you.”

“I’m letting your mother win.” At this time, Joseph was still unconvinced.

Jordy didn’t even spare her a glance and said coldly, “I’m not in the mood to eat with you.”

After that, he went straight upstairs.

Just as Gloria stood up, she heard Jordy’s words, and the smile on her face froze.

Jordy didn’t even spare her a glance.

At the end of his recollection, Jordy’s eyes flashed. He remembered that Gloria intentionally put away
the drawing, not letting him see it when she saw him back.

Back then... the drawing in her hand looked like a draft design.

"At that time, the White Group was not bad! But later, Gloria failed to live up to my expectations, and even the company was possessed by someone else. How could I let her be the granddaughter-in-law of the Collins family? If she couldn't stand out, how could she be part of our family?" Joseph still said confidently.

Karen was about to die of anger. She raised a hand and pointed at Joseph, but before she could say anything, Jordy suddenly uttered in a deep voice, "Enough."

Karen looked over with dissatisfaction.

Jordy's gaze fell on Joseph. "Don't ever mention Gloria again. She never owes us anything."

Surprised, Joseph blurted out, "What do you mean? Are you not angry with her anymore?"

Karen was a little surprised, but when she thought of what Jordy had said to her before, she breathed a sigh of relief. Jordy might have fallen in love with Gloria. Otherwise, why would he say that?

Speaking of this, she seemed to be unable to continue.

Moreover, her voice seemed to be a little choked.

Previously...

Olivia had always disliked Gloria and felt that she was not worthy of her son.

But now...

After she made the wrong decision and her son and husband distanced themselves from her, she no longer wanted to be so tough. What Newell said just now was really like needles that made her feel uncomfortable.

Ever since Jordy and Gloria divorced, she had been neglected for a long time. Jordy became more and more alienated from her, which made her feel particularly sad.

Therefore, what she hoped the most now was to restore the relationship with her son and husband.

This was also the reason why she didn't say much this time. She even... began to favor Jordy and Karen. expected Olivia to say such that, so he
