Chapter 1081 What Are You All Talking About?

Perhaps...

This was a little uncomfortable.

Jordy Collins didn't look like he was going to strive for a satisfactory solution, but he did look quite at ease.

But... only he knew that he had let out a small sigh of relief in his heart.

His grandmother's condition had improved. He still had a lot of things to do, which gave him some time.

He didn't dare to ask if she could recover. Giving them a little time was already a blessing.

He was already very satisfied.

"Then... how long will it take? When will the next step be carried out!?" George added worriedly.

He didn't know how to spit out the last word.

In the end, Gloria looked at him and said softly, "Lung."

Lung!

Didn't that mean that it would develop in a bad way quickly?

He opened his mouth and didn't know what to say at this moment. He was confused today because he had no idea what was going on.

"Then... what are you going to do next..." After saying these words, George didn't know what to say.

He had yet to recover from the shock.

Never in his wildest dreams could he have imagined... .. the woman who had walked out from beside him earlier! It was actually Orycho!

Chapter 1084 Not Suitable To Be The Third Wheel

The corner of Gloria’s mouth twitched, but he did not speak. He walked to his chair and sat down before continuing to browse Twitter with his phone.

Because of the return of Gloria, Carlos no longer discussed it.

Occasionally, George could not resist saying that Gloria was a freak, after that. he shut his mouth.

Very soon, it was the time that Gloria had just mentioned. Everyone was busy checking on him.

Finding that the data was even more ideal than before, Gloria finally heaved a sigh of relief. She looked directly at Carlos, "Then... shall I leave Grandma's matter to you tomorrow?"

Carlos knew exactly what was going on and nodded immediately. "No problem."

"I'll go back first." Gloria didn't bother to greet them. She was also a little tired now, and she didn't intend to return the car keys to Jordy.

But it was too late. Jordy said directly, "Give me the key."

But thinking that he might want to drive himself, Gloria did not say anything and gave him the key directly. She could

Jordy didn't say a word, as if he didn't want to talk to her.

Gloria furrowed his brows as if he had already understood. He might have simply wanted to send her back, or he felt that the night was not safe enough. If something happened to her, what would happen to Grandma?

Gloria twitched his lips and stopped asking.

The two did not say anything on the way. The car stopped when they reached Gloria's house.

Gloria did not say anything. He turned to look at the man before opening the front passenger door.

"Open the courtyard door." Before she could close the door, she heard a man's voice.

Gloria's hand froze in the process of closing the car door. She looked at the man, momentarily unable to understand what he was saying.

Jordy was originally facing forward but Gloria did not move. He slowly turned his head and stared at her with cold eyes, repeating, "Open the courtyard door."

Gloria frowned, "You want to stay?"

"Don't you want me not to be too tired?"

Gloria was speechless.

Gloria's brows furrowed tighter. She was busy with her experiments today and did not eat anything. She was really hungry now.

After hesitating for a moment, Gloria walked towards the kitchen.

Seeing Jordy sitting on the sofa in the living room with no intention of rushing back to his room, she thought for a moment and took some ingredients from the refrigerator.

After Gloria cleaned all the ingredients, she started to cook the noodles. In a short while, two bowls of hot noodle soup were ready.

Gloria brought them out and placed them on the table.

Jordy smelled the aroma and naturally went to the bathroom to wash his hands, walking over.

Seeing Gloria hand over the fork, Jordy did not say anything and reached out to take it.

They sat opposite each other and did not want to talk.

Gloria tucked a strand of hair from the side of her face behind her ear and used his fork to pick up some noodles. She blew on it and put it in her mouth.

Chapter 1087 Why Are You Here?

That day, she was exhausted. She took a quick shower, dried her hair, and went back to bed.

But...

When she thought of the fact that Jordy had contracted the same kind of disease, she felt an indescribable complexity in her heart. Her eyes, which had been closed, suddenly opened slowly.

What would he look like when he was tortured by the disease?

How did he put up it alone?

Grandma was so optimistic every day. She guessed that when Carlos gave him a check-up, he found out about this matter. Jordy chose to keep it a secret, and no one else knew about it. Otherwise, Grandma would not be able to stand it.

She even wondered if Jordy's parents knew about this...?

Carlos could not speak.

He turned to look at the man next to him and touched the tip of his nose. Jordy refused to admit it, but his body was quite honest. He must have tried his best to stay at Gloria's house.

If George were here, he would definitely walk up to Jordy and give him a thumbs-up with his back to him.

Karen was also extremely shocked. "Ah? You two...?"

Karen suddenly did not dare to finish her words, but her eyes were filled with shock and expectation. She kept staring at Gloria, waiting for her to continue.

Have they already made up?!

The smile on Karen's face seemed to be uncontrollable and she was waiting for Gloria to speak.

Gloria's eyes flashed and he smiled, "Grandma..."

Carlos didn't know whether to laugh or cry.

Gloria could not help but chuckle, "Grandma, why do you have this feeling? Carlos is a mature man."

The latter sentence caused Jordy to suddenly turn his head and look at Gloria.

Gloria was suddenly confused by Jordy's gaze. He was perfectly fine. Why did his gaze suddenly become sharp and even stare at her? Did she say something wrong?

Jiang Rou immediately furrowed her brows unhappily. "This brat! He's talking nonsense! How many times have I been deceived by him? He's just trying to coax me into giving him an injection! His mouth says it doesn't hurt, but it's so painful!"

Carlos rubbed his nose and said nothing.

Jordy, on the other hand, said calmly, "You still have to get an injection."

Carlos packed up the medical supplies and walked to Jordy's side to sit down. Obviously, he had no intention of leaving.

Early in the morning, the three of them did not go to work, but all stayed at her place. Karen looked at them in confusion. "You... don't need to work? Are you all going to stay here?"

The main problem was that the timing was wrong.

Gloria could not help but chuckle, "Grandma, have you forgotten that today is the weekend?"

“Ah? weekend?” Karen was a little confused. She raised her hand and looked at the phone. “Oh, yes, it’s the weekend. My poor memory.

In the next moment, she was slightly happy. “So all of you have come to accompany me?”

Gloria smiled, “Yes, Grandma doesn’t like it?”

“Of course I like it!” Karen was instantly even happier and almost slapped her leg with one hand. She grabbed Gloria’s hand and then looked at the other two, her eyes full of suspicion.
