

Remarriage Never And Go Away Chapter 1171-1174

Chapter 1171 How Can I Help with That?

Rachel was overthinking it. That could not happen.

Harold shook his head. "I'm sorry. Mr. Collins isn't available today... Why don't you reschedule the appointment with him?"

Normally, it was Harold's duty to reschedule appointments, not Rachel's. Rachel was special. She worked with Jordy many times, so Harold discussed the details with her very often. And they decided things together. But today, something important came up all of a sudden.

When Harold learned that Gloria was coming to Jordy, he knew Rachel wouldn't be seeing him

today.

Rachel was silent.

She was more than a little upset. After a moment's hesitation, she asked tentatively, "Did something important happen? How can I help with that?"

Rachel asked a very good question.

First, she was powerful. The Tamah Group was the backbone of the country.

Second, she expressed her concern reasonably. She didn't poke around for a trade secret or something. The Tamah Group and The Collins Group worked together. They never fight over turf. They were allies, which was known to the whole country.

She masked her curiosity well in this way.

After all, everyone knew she liked Jordy. How could Harold not know her real intention? Harold touched the tip of his nose and smiled, "Mr. Collins can handle it. Don't worry."

The implication was that she could go now.

Rachel felt a second stab of annoyance, but she didn't show it. She was always nice to Jordy, and it was unlikely she would throw a tantrum. She was in no position to do that, and she had to make a good impression on him.

"Okay, I'll reschedule the appointment with him." Rachel gave in.

Harold nodded and said gratefully, "I'm very sorry about today, Miss Roberts."

"I understand. It's an emergency. I'll see him another day." Rachel was very understanding. After a

she added with a smile, "I'm going back then."

pause,

"I'll see you off."

"No need, I'll just go down myself." Rachel turned to leave. "You can go back to your work."

Harold smiled, "Goodbye, Miss Roberts."

"Bye."

Harold didn't see her off.

Rachel entered the elevator, and soon, she was on the ground floor. Two girls walked past her. She heard them talking and stopped, though she was unaware of doing so.

"Do you think Mr. Collins and Gloria will get remarried?" With their backs to Rachel, the girls. didn't look in the direction of the elevator, so they didn't even notice her. Otherwise, they wouldn't have discussed it in front of her.

One girl finished, and the other girl said, "Yes, I do. After all, they're so close. I just saw Gloria stop by. I think she was going to Mr. Collins' office."

The girl with big eyes said in wide-eyed amazement, "What? Gloria is here?"

"Yeah, people are talking about her. How come you don't know? Gloria used Mr. Collins's elevator."

Chapter 1172 Who Posted It?

Rachel's face went a little pale.

Harold just said there was an emergency. Did he mean the fact that Gloria was here?

Was it that important?

Harold said it was. It looked like people were just totally caught off guard by an emergency, but that was not an emergency at all.

I made an appointment with Jordy, but he stood me up because Gloria showed up.

Rachel could not believe that. Jordy would never do that. He doesn't like to mix business with personal affairs.

Even if he likes Gloria, he's supposed to date her in his free time. He doesn't have to see her during

work time.

Is Gloria that important to him?

Rachel drew in another breath as those girls' voices reached her ear.

"Good heavens! Really? Gloria's here to see Mr. Collins? Maybe it's about work, right? It doesn't feel like they're dating."

"Mr. Collins is chasing after her. Other guys are interested in her. Besides, she was the one who filed for divorce. Maybe Mr. Collins wants her back."

"I envy Gloria for being so great and having many great men interested in her."

"That's normal because she's good enough. Just like Miss Roberts from the Tamah Group, she also

has a bunch of excellent men around her."

"It seems that Miss Roberts likes Mr. Collins."

"Uh, but Mr. Collins only has eyes for Gloria. Let's see how things turn."

The two of them kept talking and talking. Rachel became angrier and almost lost control of herself.

There were a lot of people on the ground floor. Those girls weren't talking very loudly, but they were close enough for Rachel to hear them all.

People saw Rachel's angry face but did not know what happened to her.

Some of them began to talk.

They made a guess. Rachel came to see Jordy, but she was turned away because Gloria was in his

office.

Someone posted it on Twitter.

Gloria won in the first round!

Rachel drove back to her office. She was trying so hard to control her anger. When she was alone in the office, she couldn't hold it anymore. She took a deep breath and slammed her hand hard on the desk. And her hand instantly turned red.

She didn't get the full picture, but she exploded with rage.

Rachel took out her cell phone and checked her Twitter. Everyone in the Collins Group must have seen her and Gloria. Rachel came and went so quickly. Many people talked about her. She wanted to know who posted it on the Internet!

She was stunned...

Twitter was abuzz with...

Chapter 1173 Crush

People sympathized with her or criticized her.

Some of them were so blind.

-Unicorn, [Rachel is so stupid. She has worked with Jordy for so many years. Can't she see that he has no feelings for her? If he did, they would have been together long ago.]

Jordy is an outstanding man admired by a lot of people. Given their frequent interactions, it's reasonable that Rachel is attracted to him. I'm feeling sorry for her. Her admiration lasts a long time but doesn't get unrequited. Jordy never pays attention to her.

-Eternity, [I'm also feeling sorry for Rachel. She is such an outstanding woman. Why does Jordy give her a cold shoulder? They're made for each other. Besides, Jordy is a divorced man. Yet he is unsatisfied! Is Gloria so good? She has so many men around her. She is not a faithful woman.]

ch with Jordy when he had -Unicorn, [Is this a joke? Rachel is the other woman, okay? She was in a wife. She never disguises her admiration for Jordy. That's shameful. Only a phony woman would

do that.]

-Eternity, [A phony woman? What do you mean by that? Don't denigrate Rachel, okay? She is a fair lady and not a phony woman.]

-Unicorn, [Am I not clear enough? She approached Jordy while he was married. I suspect that Rachel sowed discord between Jordy and Gloria. Her way of speech is phony, and she spares no effort to justify herself.]

-Ronin, [Bullshit! Rachel just keeps it real. Is it wrong to like someone? Although Jordy was married, it doesn't mean she couldn't admire him. It takes courage for Rachel to admit her feelings for him, okay?]

-Unicorn, [Damn, hah... I get it. You hate Rachel, don't you? That's criticism in disguise, right? Lovely! Respect!]

Rachel couldn't bear to read the comments. She lost her cool and put her phone down.

Then she contacted her assistant. As soon as the line got through, she said, "Take down those

She hung up the phone before the other party could respond. Confused, the assistant logged onto Twitter and changed color when the trending topics were seen. In a hurry, she went to take care of

Gloria and Jordy were discussing how to deceive Karen, unaware of the heated discussions on the

internet.

Just then, her phone rang.

It was Nydia calling. She hesitated for a moment, glanced at Jordy, and whispered, "I need to take

this."

Instead of walking away, she answered the phone in front of the man.

Nydia's excited voice then rang out. "Girl, that was awesome! You crushed Rachel!"

Chapter 1174 Check Out Twitter

Jordy looked up at Gloria.

She was confused. "What?"

"Didn't you check out Twitter?"

A flicker of puzzlement flashed across Gloria's eyes.

Jordy's eyes dimmed as he realized what was going on. He took out his phone and tapped the screen with his slender fingers.

Without a word, Gloria also logged onto Twitter.

"Taken down?" Gloria blurted out as she didn't see anything relevant.

Nydia was surprised. "Huh? So fast?"

She logged onto Twitter, refreshed the page, and found the content all gone.

-She yelped, "Holy shit, they're fast. It's all gone."

Gloria wrinkled her brows. "What happened?"

"It's about Rachel and you."

Nydia then told her what happened in detail. Gloria listened and furrowed her brows.

Following a glance at Jordy, she whispered to her friend, "I see. I'm in the middle of something and will catch you later."

Nydia heard Gloria's solemn voice and swallowed back her words. Instead of interrupting Gloria, she agreed and hung up the phone.

"Sorry, I didn't know your appointment with Rachel."

Jordy's tone was bland. "It's alright."

Her eyes glimmered. Although interests inattered, he knew his priorities.

Since she had said what she had to say, she concluded, "I'll go to treat Karen tonight. If this is not a convenient time for you, I'll figure out a way. I'm leaving now. You can go ahead with your

business."

It didn't bother her. Gloria was aware of Rachel's hostility but had no interest in wrestling with her.

Seeing that she got up, Jordy frowned. "It's okay. I'm going with you."

Gloria's brows furrowed. "Karen will suspect."

It was the working hours. If they went to the old house together, Karen would suspect.

Old Joseph's strange behavior was explicable, and Karen was somewhat convinced. It was a different story for Jordy.

His face turned serious. "We'll go first."

Gloria didn't quite understand it but said nothing. Jordy seemed to have gotten a plan.

They left the office together. The employees were excited to see it. As the trending topics on Twitter were suddenly gone, they were expecting something else to talk about. Now they had gotten one.

There would be another wave.

Soon, the picture of them leaving together went viral on the internet.

The netizens left their comments one after another. Nydia saw it and felt helpless.

She thought it was something sensational. Turned out Gloria was with that scumbag.

What she didn't know was that the two people had arrived at a restaurant.
