Chapter 1211 This Is What Happens When You're Excellent!

Rachel's eyelashes trembled again in disbelief. She hadn't expected that her father would support her the most at this moment. The hesitation in her heart instantly disappeared. She looked at her father and nodded solemnly, "I know, Dad, thank you!"

As long as she liked him, she would persevere. She believed that she would succeed one day!

Everything will work out! When she thought of this, she seemed to feel a lot better.

Rachel's mother didn't say anything. She just sighed helplessly, and got up.

An hour later, Gloria got home and went to the bathroom.

It had been a mess today. Gloria just wanted to take a shower and go to bed.

But before the hair was blown dry, her phone was vibrating non-stop. She had brought her phone in just now.

It was Nydia. Gloria put on headphones. Even if she was blowing her hair dry, it wouldn't affect Nydia on the other end of the phone.

While blowing her hair, she said, "What's wrong?"

"I miss you. I'm just calling to check on you." Nydia said so, but Gloria could clearly hear the dishonesty in her words. She knew Nydia was just being curious and gossipy.

Gloria raised her eyebrows and said, "Tell me, what's the matter?"

She knew her friend Nydia too well. She knew what Nydia was doing.

Nydia chuckled, "I've heard what happened at the party today."

Gloria snorted as a response. She knew Nydia was going to ask that.

Nydia looked excited, "Girl, you're amazing! The two old men like you so much. They even openly fought over you and wanted you to be their granddaughter-in-law in front of so many people. You're on fire!!"

Gloria was speechless.

She didn't know what to say anymore. Nydia was always like that.

Nydia couldn't help but say again, "But you were on fire before. This time, when the two famous old men fought over you for their grandsons, others will think you are even more amazing

The corner of Gloria's mouth twitched and she said, "If you have time to gossip, you might as well

delve into the laws and regulations."

"Well... those are all rote things. Do you think my brain is so good? Girl, this is a sad tople!"

Gloria couldn't help laughing. At this moment, she could imagine Nydia's deep frown on the other end of the phone.

"Well... I just think that you might get into more trouble. Rachel likes Jordy very much and she's always regarded you as her opponent. At her grandfather's birthday party yesterday, they were the host after all, but they were ignored. Rachel is certainly very angry now."

Gloria was still blowing her hair, and said calmly, "I can't control this kind of thing. I can only pay it by ear."

"That's true... But girl, you should be more careful recently. Angela is not dead yet. It has been a few. days now. Maybe she will play some new tricks again! You have to be prepared for this!"

Gloria responded, "Okay."

"Well... it's because you are so good and so many people are jealous of you. Girl, this is what happens when you're excellent!"

Chapter 1212 Are You at Home? I Will Go See You

Gloria pursed her lips, said nothing, and continued to blow her hair dry, while Nydia was reading news on Twitter. After reading it for a while, she felt bored. Gloria had just finished blowing her hair at the moment. After putting away the hair dryer, Gloria took off her headphones, and put it on speaker.

"Aren't you going to bed?"

“What time is it? It’s still early and I can’t fall asleep at all.” Nydia sounded a bit sad.

Gloria naturally heard something was wrong, and asked directly, “What’s wrong?”

Nydia sighed, “It’s nothing. It’s just I’m a little tired of life.”

Hearing her words, Gloria saw that something was wrong, and she asked again, “Why don’t you tell me what’s wrong?”

“Well... I’m just too sentimental.” Nydia sounded a bit awkward, and it seemed she wasn’t even in the mood to read news on Twitter now.

“What happened?”

Nydia’s eyes became more and more complicated, and she was blushing. She found it hard to say.

She had never thought that she would experience such a thing, and she was going crazy!

She had tried to calm herself down for several days before she made herself look like a normal person.

“Nydia?” Gloria got no response from Nydia and said.

Nydia suddenly came to her sense and said, “Oh...?”

The next moment, Nydia sighed and said helplessly, “If I tell you, you can’t laugh at me.”

“How could I laugh at you? When have I ever laughed at you?”

“I...” Nydia struggled for a while. While Gloria was waiting, she finally said, “I’m not an innocent girl anymore!”

Gloria froze, and she forgot what to say for a moment. She seemed to be still thinking about the true meaning of Nydia’s words.

Nydia was already in a state of apprehension. When she didn’t hear a response, she became even more apprehensive, and immediately asked, “Did you... hear me? The signal is not good?”

She might not care about others, but what she cared most was what her most closed ones thought of her. She had not told anyone else about it and Gloria was the first one. She felt even more nervous

Gloria looked at the phone and said, “You mean...?”

Nydia's body was a little stiff, but she still let out a sigh of relief, "I slept with a man..."

Gloria froze instantly and asked, "Who? Did you do it voluntarily?"

For this kind of thing, different situations should be dealt with in different ways.

If Nydia was forced, Gloria would definitely avenge her. But if not, then Gloria should ask her if she was in love.

Nydia took a deep breath and, "He and I both got drunk and then we slept. Neither of us did it voluntarily."

Gloria was surprised.

At this moment, she was a little stunned now. Nydia sounded hesitant, so Gloria asked again, "Who is he?" If it were others, she might not ask too many questions out of respect for them. But Nydia was different. She was a friend Gloria wanted to protect.

Nydia opened her mouth, and suddenly didn't know what to say, as if it was really hard for her to say the man's name.

After a while, Nydia yelled, "Damn, I'm..."

However, she restrained herself and raised her right hand, which was not holding the phone, to scratch her head, a little annoyed.

"I'm so annoyed!!"

Gloria could feel it, and said immediately, "Are you at home? I'll go see you."

Chapter 1213 I Was A Fool to Sympathize with Her!

Nydia was touched, but she still said, "No need. Why come to see me so late at night? I'm fine."

Gloria didn't listen, and went downstairs directly with her mobile phone, "Wait for me, I'll be there. in a while. I'll bring you some snacks by the way."

"No, I..." Before she could finish her sentence, Gloria had already hung up the phone.

When the two of them communicated, Gloria was already at Nydia's house.

Moreover, Gloria was holding two boxes of late-night snacks. One was crayfish and the other was hairy crab.

As soon as Nydia saw these two boxes of food, the sadness on her face disappeared instantly, and she said in surprise, "Wow! You've brought me this! I love you so much!"

When she said that, Nydia had already taken the food, put it on the dining table, and opened the boxes.

Gloria changed her shoes, walked in, washed her hands, and sat at the dining table, watching Nydia peel the crayfish very intently.

She didn't rush to speak, and Nydia didn't bring up the subject. Gloria also helped her peel the crayfish.

Nydia enjoyed it very much. She was so happy that she didn't seem to be sad at all.

After a while, Nydia couldn't eat anymore and took off the disposable gloves. She burped and said, "It's so good! I haven't eaten so happily for a long time!"

Gloria didn't speak, and just stared at her.

Nydia noticed her gaze, and finally sighed, "Oh... I know you want to ask who that man is, but... but I really can't say it. Damn..."

Speaking of this, she suddenly didn't know what to say.

Gloria could totally tell that it was really hard for her to say the man's name. When she looked carefully, she could see the hesitation in her eyes and...a feeling mixed with willingness and unwillingness?

Gloria frowned slightly. She was not in a hurry to ask who that man was, and planned to take her time, "How did it happen?"

Nydia's eyes were a little dazed, and she finally said, "It's been a week. One day, a distant relative of mine called me and asked me to help with something, and asked me to meet at a bar."

Gloria listened carefully, without interrupting her thoughts.

Nydia was slowly immersed in the memories, "She is a very distant cousin of mine, and her family conditions are not good. I always thought she was a very poor girl, because her parents got divorced. when she was very little and she's lived with her grandma. I was a fool to sympathize with her!"

Speaking of this, Nydia sounded clearly resentful. Gloria frowned slightly, but said nothing.

“That day, she ordered me a drink, told me how painful she was, and said that she was really cornered and needed me to do her a favor. But while we were chatting, I started to feel dizzy and I got drunk. The wine was really strong!”

Gloria frowned. Now she seriously doubted whether it was because the wine was really strong, or there was something wrong with the wine.

According to Nydia’s tone, it was also very strange.

Nydia controlled her emotions and said again, “Later, I found it more and more wrong. She said she was going to help me to take a rest first, and I followed her to a room in a daze. But when I woke up the next day, I just realized that beside me... there was a man, and I wasn’t wearing anything! My whole body was sore. I was so shocked!”

### **Chapter 1214 The Man on the Bed**

Gloria blinked slightly. She thought about something she wanted to ask, but she still didn’t say anything, as if she was waiting for Nydia to continue.

Nydia raised her hands and covered her head. She was in a state of panic and said “At that time, I was really stupid. Although I hadn’t experienced it, I had heard some things, and I knew it right away. Damn! I slept with this man!”

While she was talking about it, her voice became a little strange. She wanted to shout out to release the pressure, but she didn’t dare, because if people outside heard it, her reputation would be ruined.

Nydia couldn’t help but take a deep breath, closed her eyes, rubbed her throbbing temple with one hand and said helplessly, “I don’t know what to do. Now I don’t even dare to face him anymore. I...”

Gloria stared at her and said, “What happened after you woke up that day?”

Nydia’s eyelashes trembled slightly, and her lips twitched twice, but she didn’t know what to say.

Gloria didn’t continue to ask, but was waiting for her to continue. Since Nydia had already spoken about specific things, she would slowly say who the man was.

Nydia sighed, "After I woke up, maybe I moved a little, and he woke up too. When he opened his eyes and saw me, he was also stunned. At that time..."

Nydia recalled what had happened back then.

The moment the man woke up, he seemed to feel something was wrong. When he turned his head, he saw Nydia's bewildered and flustered face. He was shocked and said, "Damn! Why are you on my bed?!"

Nydia regained her senses and took a deep breath, "Who is on your bed?! Look where this is!!"

The man took a look at the surrounding environment and the layout. It was in a hotel at first glance.

"Damn it!" The man sat up, revealing his delicate upper body instantly. Nydia panicked because the quilt was pulled away, and she quickly pressed the quilt, not wanting to expose her naked body.

But... because of such a pull, the man saw her delicate clavicle line and something downwards. In an instant, all the memories of last night flooded back into his mind, and his complexion suddenly became more complicated!

He had never expected that he and Nydia... would do that last night... He frowned even more tightly!

Nydia bit her lips and said, "I don't know what's going on. I got dizzy from drinking last night, and the find was taken to a rest by my cousin. How did you come in?"

"Damn! Who knows how I got here?!" The man looked impatient and irritable, not because of the question Nydia asked, but what had happened to them last night.

Nydia took a deep breath, and she blushed. She didn't care so much now. She immediately grabbed the quilt to wrap herself up and ran to the bathroom.

"Damn! Let go of the quilt!" When the quilt was torn away, he was left lying alone on the bed, and his leg hair could almost be seen clearly.

However, Nydia didn't turn her head, because she didn't dare to look at the man on the bed. She knew that he must have nothing on now.

The man sat up irritably and scratched his head. But when he turned his head, he found that there was blood on the bed!

How could it be possible for him not to know what the blood on the bed represented?!

At this moment, his face became even more serious!

Chapter 1215 I Don't Want to Talk to Him

"It's almost like this. After I went to the bathroom, I didn't dare to come out. I didn't come out until

he said he was leaving..."

Gloria frowned, "So, how did he get in that day?"

"I don't know, and he didn't say anything, but I know that it was absolutely impossible for him to plot against me and try to do that to me. It must just be a coincidence."

"Did you call your cousin later?"

"I did, but she said she didn't know. She just got a room in the hotel for me and left. She even apologized and said everything was safe, but I didn't believe it at all!"

"She said she had something to talk to you about that day. Did she tell you what it was?"

"Yes. She was just short of money and wanted me to lend her some money, but I felt that something is wrong. I think this incident has something to do with her. Anyway, I'm a frequent drinker. How could I really get drunk?! And I didn't feel very dizzy, and I didn't have a hangover the next day. Don't you think it's strange?!"

Gloria frowned and said nothing.

Nydia gritted her teeth and said, "I thought she might ask me something tentatively, but my cousin is very smart and she never mentioned it. I'm really speechless! I have no proof!"

Hearing that she was a lot more emotional than before, Gloria said, "Calm your emotions first."

Nydia took a deep breath, closed her eyes and stopped talking. She was really trying to calm herself down.

After a while, she raised her hands again, covered the sides of her head and lowered her head. Her hair covered her entire unhappy face.

She said, "I'm really annoyed right now."

Gloria looked at her and said softly, "It needs to be investigated. Who is he?"

By the time she said that, Gloria had gotten up and walked to Nydia's study.

Nydia immediately got up and followed, just in time to see Gloria open her laptop book. Nydia asked, "What are you going to check?"

"I'm looking up your cousin. Give me her phone number."

Nydia quickly picked up her phone and gave her cousin's phone number. Gloria tapped directly on the keyboards of the laptop.

It didn't take long for Gloria to find out who her cousin had contacted in the past two days. At the same time, she also found out who had entered Nydia's room.

And that man... Gloria's eyes narrowed slightly.

Nydia's face changed, and finally she sighed, "Well, you're indeed..."

Gloria was silent. She just wanted to help Nydia find out who had arranged it, and she hadn't expected it.

"He came in with a key card." Gloria said softly.

Nydia bit her lips and somehow felt that something was wrong. She shook her head and said, "It shouldn't be like this. He hates me so much. How could he be in the same room as me? And we..."

Speaking of this, Nydia couldn't continue.

"It still needs to be investigated. You can ask him what happened that day."

Nydia said awkwardly, "I don't want to talk to him."

Gloria sighed, knowing what she was thinking.

At this moment, she didn't say anything, but continued to check what had happened that day.

When Gloria found out who the man was just now, she felt less worried. It was just a pity that Nydia was still a virgin when....

She felt definitely more worried now.

Chapter 1216 She Was No Longer as Sharp as Before

Nydia couldn't help but sigh heavily again and her eyes were filled with unprecedented sadness.

"I don't know what to do now, Gloria. I didn't mean to hide it from you just now, but I really... couldn't say it. After all, I have always had grudges with him, and I thought we two would be mortal enemies for life. But such a thing happened and I..."

Nydia didn't know what to say.

Gloria's hands typing on the keyboard slowly stopped, and then her eyes fell on Nydia.

"It has already happened. In many cases, all you can do is to see if you've missed something. Be careful, Nydia, I know you feel uncomfortable, but...you have to find a way to accept it. As for your relationship with him ...

Speaking of which, Gloria didn't say anything.

After all, this was a personal relationship between them, and she wasn't in a position to say much.

Nydia gritted her teeth immediately and said, "How could I be with him?! This is just a misunderstanding!"

"Didn't he come to you again?" Gloria stared at Nydia.

Nydia pursed her lips, and finally said, "He called me a few times, but I didn't answer. I don't know how to face him."

After all such an embarrassing thing had happened, and Nydia really didn't know what to do.

Gloria sighed, "You have to answer the phone anyway, at least to hear what's going on with him, like whether someone was plotting against you or him. You'd better find out how it could benefit the person behind it and what his purpose is. If you're targeted, you have to be on guard. If he's targeted, you have to be more careful, because you might be attacked again."

His enemies were probably more difficult than Nydia's enemies, and they needed to be guarded against.

Nydia pursed her lips and said nothing. Obviously, she knew what Gloria meant.

But... when she thought about talking to that man, she became extremely irritable.

However... before she could really say anything, her phone rang suddenly, and Nydia said irritably, "It must be that bastard again!!"

Then she looked at the caller ID and gritted her teeth, "It really is him!"

Gloria's eyes narrowed slightly, and she said in a deep voice, "Answer it and hear what he has to say."

"But..."

"Your safety is more important." Gloria's expression was serious, and she didn't want Nydia to flinch.

After hesitating for a moment, Nydia finally nodded, "Okay, I'll answer it."

Just like that, Nydia took a breath and answered the phone, but she didn't speak, just connected it.

The man on the other end of the phone said immediately, "You finally answered the phone!"

It seemed that he sounded a little eager, which was different from his usual playfulness.

"What do you want from me?" Nydia's voice was deep, while Gloria sat aside and did not speak.

At this moment, Nydia put it on speaker so that Gloria could also hear it and do some analysis, which was more straightforward than what she conveyed.

He said again, "I've had someone investigate what happened last time, including your."

Nydia frowned, and said calmly again, "What then?"

Since that incident, Nydia's attitude towards this man seemed to be much calmer than before. From his point of view, she was no longer as sharp as before.

**Chapter 1217 She Was Really Going Crazy!**

Now she was even more indifferent, and her attitude made him a little flustered.

Not wanting her to misunderstand so much, he immediately said, "I was calculated by someone. I can't tell you about the situation on my side, but on your side, it's definitely not witchcraft. It was just a coincidence. I took the wrong room card and entered the wrong room, and the person who wanted to attack you did not enter."

Nydia's face suddenly changed and she glanced at Gloria. Seeing that Gloria didn't speak, she asked directly, "Who is the one who wanted to attack me?"

"It was a man your cousin hooked up with. Your cousin tricked you and she wanted to get some money from him."

Nydia's complexion became extremely gloomy in an instant! She knew that something was wrong with her cousin! It was just that she had put on a good show!

"Can you find any evidence?"

He said immediately, "There is a recording."

At this moment, even he didn't even notice that he sounded a little flattering.

"Can you send me the evidence?"

"Okay."

"Well, what was going on with you? Was it just a misunderstanding between us?"

He paused and said, "Yes..."

"I see." Nydia was about to hang up the phone, but he obviously noticed it and said immediately, "Don't hang up yet."

Nydia's fingers paused, as if she was giving him more time.

He sighed, and said softly, "Although it happened unexpectedly, it was your first time after all..."

Before he could finish his sentence, Nydia's face changed suddenly, and she said immediately, "Let's talk about this matter later. I'll hang up first,"

With that, Nydia really hung up the phone. Her pale face seemed a little flushed. She was obviously a little embarrassed because of this incident.

Gloria blinked, as if she suddenly realized something.

Through this incident, it could be seen that there was something wrong with them. But she didn't mention it.

Nydia said, "I didn't get on well with him, but I know that he didn't lie just now."

Gloria nodded, "It's a coincidence that you met him. It's better than someone on his side plotting against you anyway."

"I'm not his soft spot. How could it be plotted against me?" Nydia didn't even notice the sarcasm in her eyes.

Gloria looked at her, but said nothing.

After a few minutes, her cell phone rang suddenly. It was the man who texted her on WhatsApp.

"The evidence has been sent. There is an audio recording, and some photos."

Gloria nodded, "Play it."

"Okay."

The recording was played soon. It was the voices of a man and a woman.

There are two copies in total.

The first one was a deal between two people. The woman talked about how much the man should pay her if she introduced a pretty girl to him.

The second one was that the man was so angry that he felt that he had been tricked. He didn't have the so-called room card, and he didn't see the girl. The woman was trying to explain. But seeing the man really angry, she hurriedly apologized to him.

Nydia gritted her teeth angrily, "Our relationship is not that close, but she calls me cousin anyway. Is that how she treats me?! How could she do that to me?"

Nydia was really going crazy!

Gloria immediately reassured her, "Take it easy."

"I can't take it!!! If it weren't for her, how could I be..." She couldn't go on.

When Nydia thought about what had happened between her and that man, she was...

Chapter 1218 I'll Teach Her A Good Lesson!

"I know." Gloria sighed softly, and she naturally understood her friend's thoughts. But she finally said again, "You and George... should talk again if you have time."

That was right... The man who had slept with Nydia was George, and this was something that Nydia especially disliked.

Nydia immediately retorted, "What is there to talk about with him? It has reached this point, and I don't want to talk to him anymore! It was my first time! Damn! I lost my virginity to such a scum!!"

Nydia sounded a little desperate, and she complained, "Others' first time is all good, but I only remember my back pain!! It was my fault! I was really too careless! I really want to kill her!"

She was going to kill her cousin who had framed her.

But... what Nydia didn't say was that she was also a little thankful and scared. Fortunately, it was George who came in that day.

If...the old man came in...

Gloria sighed softly. At this time, she found it hard to say something to comfort Nydia. Besides, Nydia was over her most sad stage. Gloria was a little regretful now. She had too many things to do recently, so she hadn't talked to Nydia often and noticed her strangeness.

Otherwise, at least she could have accompanied Nydia during her saddest two days.

Seeing Nydia sit on the chair with a complicated look with her phone, Gloria took Nydia's hand and said, "Calm your emotions first. Since it has happened, you have to face it."

It would be useless to say more comforting words. Now she just hoped that Nydia could recover well and stop thinking about it.

Nydia waved her hand casually and said, "Oh, it's just my first time and I don't care. If I meet someone who loves me in the future, he won't care either! It doesn't matter!"

She looked like she really didn't care, and she seemed cool with it.

But Gloria knew that Nydia was irritable. If she really didn't care about it, how could it be possible that she hadn't fooled around with men all these years? She was obviously a very beautiful girl, and there were many suitors over the years. If she didn't care, she would have dated men long ago. She wouldn't have been like this all the time.

Nydia just didn't want to make her worry.

Gloria didn't say anything, and just nodded, "I'll check it for you."

Nydia twitched her lips and said, "No need. George knows what he's doing. If his enemy really wants to use me to threaten him, it would be too stupid. As for my cousin, I will deal with her!"

"Huh?" Gloria looked at her, "How are you going to deal with her?"

"Although there is evidence, it's impossible for me to really sue her. Even if it's for my own reputation, I don't want to do this. Besides, it's just my first time and I don't care! But she dared to treat me like this and I have to teach her a good lesson! Otherwise, I wouldn't be able to get over it!"

Gloria blinked and paused, "Be careful. Since she dared to plot against you, she's naturally cunning. Don't suffer in her hands. If you want to teach her a lesson, count me in."

Nydia smiled immediately, patted Gloria on the shoulder with her right hand, and said very casually, "No, thanks. I know the situation of my cousin's family. She can't beat me. Don't worry! You can wait and see how I'll teach her a good lesson later!"

Chapter 1219 She Was Definitely Hurt Very Much

Gloria frowned and she still felt worried.

"Forget it. You came to see me today, and we're talking about these unpleasant things. Let it go. I don't want to talk about it anymore."

Gloria nodded, but said nothing.

Nydia looked at Gloria again and said, "Right, don't tell them about it this time... Telling them will only make them more worried, and 1..."

Gloria nodded understandingly and said, "Okay, I won't tell them."

For Nydia, this was not something to be proud of. She looked like a carefree girl, but in fact she was not.

This time she was definitely hurt very much.

At the same time, after George sent the message, he kept holding his phone. He sat on the sofa and glanced at the phone from time to time, but there was no reply for a long time. He was indescribably irritated.

In the end, he threw the phone directly on the sofa.

Carlos looked at him with a faint smile, "Is it bothering you that my sweetheart hasn't replied for a long time?"

Carlos looked at him with a faint smile and said, "Is it bothering you that your sweetheart hasn't replied for a long time?"

"What sweetheart?" George retorted without thinking unhappily, but it looked more like he was annoyed because he was caught.

Carlos glanced at him lightly, and said calmly, "Since you don't like her, why are you so irritable and waiting for her messages all the time?"

"Isn't it because of what happened that day?! If I hadn't slept with her, do you think I would much attention?!"

"You have found out what happened this time. Without you, she would have slept with someone else. No matter what, she would not have escaped it. Why do you feel guilty?"

George's heart skipped a beat instantly!

It wasn't because Carlos' words woke him up, but he was thinking that if it were someone other

man who had slept with Nydia, it seemed he wouldn't be able to accept it!

At this moment, George's brows were tightly frowned and his face was very gloomy. He clenched his fists and said nothing.

Carlos raised his eyebrows, obviously guessing what he was thinking. Carlos smiled faintly and said, "Why? You can't accept it if it were someone else?"

George was speechless. He didn't know what to say now.

Carlos looked at him calmly and said, "Now you really should look into your own heart. Do you want to be responsible for her?"

“What’s the use of being responsible? She doesn’t want to mention it at all. Now she doesn’t want to talk to me at all. What’s wrong with me?”

“Huh.” Carlos sneered.

George frowned, “Why are you looking at me like that?!”

“Look at yourself now, you’re just like a…”

George frowned again, “Like what?”

“You look like an abandoned resentful woman.”

“Damn it!” George’s face even darkened! There was anger in his eyes! “It’s ridiculous!”

Carlos looked at him and said lightly, “That’s how I’m thinking of you now. If you still don’t know your heart, it may be too late in the future.”

George gritted his teeth and was about to say something impatiently, but Carlos spoke first, “Now you two are different from before. What you need to know is that if you don’t express your opinion now, she will only treat you with more disgust and neglect. Do you know what the result will be?”

George frowned and said nothing, obviously waiting for him to continue.

### **Chapter 1220 Face Your Own Heart**

Carlos said calmly, “You have been thinking about explaining to her and calling her for the past few days. It’s a good start. If you finish explaining this time and don’t want to talk to her later, you should know that she will only become more and more disappointed. You two used to just bicker. You should know, after this incident, it’s different now.”

George’s eyelashes trembled, and he didn’t speak. Obviously, George took what he said seriously.

Carlos said calmly, “The matter has come to this point. You really need to think about it.”

George still didn’t speak, as if he was thinking about something. After a pause, he picked up his

phone again, but still didn't see a reply.

George ran his palm over his forehead irritably, and stood up straight away.

Watching him pick up the car keys and leave, Carlos asked lightly, "Are you going to see her?"

"Yes, I'll go and explain it to her face to face."

"What are you going to say?" Carlos also got up, as if he was trying to stop him.

George stopped and looked at him, "I don't know. I'm very annoyed now."

"If you're going to quarrel with her, I don't think you should go."

George fell silent.

Carlos added again, "If she speaks coldly to you, or even makes sarcastic remarks, you may not be able to bear it. If you quarrel with her, you might as well stay cold as it is now."

George was silent. Carlos was right and he didn't know how to deal with it. Now, he was standing there, motionless, and even more distraught.

Finally, George couldn't hold back, and said, "I still think I should go, or I will feel bad."

He didn't wait for Carlos' response, and went out directly.

Carlos didn't speak or stop him anymore, and just let him go because Carlos had already said what needed to be said, and George had his own considerations.

Whether George could really succeed and what the ending would be was up to him now.

The night was getting deeper and deeper.

Nydia and Gloria had both showered and were going to bed. Nydia wanted Gloria to share a bedroom with her today.

But before she could really lie down, the doorbell of her house rang suddenly.

Nydia was a little puzzled, "Who is it?"

Gloria frowned slightly, "Go and take a look."

Gloria was worried, wondering if someone did it on purpose, and walked out, "I'll take a look with you."

"Um..." When the two walked out of the bedroom together and found that it was George, Gloria's lit up slightly.

Nydia frowned suddenly, "How could it be him?!"

She was finally in a better mood now. She had never expected that this bastard would come to her home!

"Since he's here, why don't you meet and talk? It wouldn't help if you keep hiding from him like this."

"But I..." Nydia wanted to say something, but decided to swallow it. She finally said nothing because she knew that it might not be of any use to say it anyway.

She would have to see him anyway.

Gloria was right. The sooner she faced it head-on, the sooner she could be relieved.

Taking a deep breath, she looked at Gloria and said, "Well...you go to the bedroom to rest, and I'll meet him."

Gloria patted her on the shoulder, and said softly, "No matter what, face your own heart. Don't try to brave or be too humble."
