Chapter 141

Chapter 141 An Amazing Woman

The two walked in together.

There were many guests at the moment. They were all looking at the door so as not to miss any of the bigwigs at the banquet and to befriend them.

Under the gazes of the guests, two girls walked in together.

On the left was a girl in a light blue dress with minimal embellishment and stripes. She got a blue gem that wasn't too sparkly but was eye catching and matched her dress perfectly.

Gloria had a great figure. With this dress, she was even more beautiful.

Her curls were loose with a butterfly-shaped bobby pin, which made her look more attractive. No one could imitate her grace.

Many people couldn't take their eyes off her.

Nydia was also well-dressed. She was wearing a pink dress with lots of gems. Her slender legs and waist fascinated many men. Her stunning face was covered in delicate makeup.

However, Nydia could still feel a lot of people staring at Gloria.

She sighed helplessly. "I'd better not stand next to you in the future. I am very confident in myself, but you attract everyone's attention! You are too eye catching. By your side, I am nothing."

Hearing her complain, Gloria couldn't help laughing. "I didn't expect you to be so unconfident."

"Unconfident? It's true! Look at those men. They're all widening their eyes! You're wearing no makeup and simple clothes today, but those people are just staring at you! Beautiful women are the worst! They don't know you are conscienceless!"

Gloria didn't know what to say.

'Yes. I am conscienceless, which you will see tonight!'

Nydia couldn't help but laugh: "Okay! Let's see!"

At this moment, everyone came back to their senses while many women were extremely jealous and didn't want to admit that Gloria was beautiful!

However, some people were whispering, 'Why is Gloria here? Wouldn't she be embarrassed in her identity? Did she want to make peace with him?'

'Make peace? Is that possible? It was Gloria who filed for the divorce, so she wouldn't embarrass herself.'

"I heard that Gloria has a very good relationship with Karen, who likes her very much. This may be the reason why she came to the banquet."

"Look! Gloria is so pretty and classy! Why didn't Mr. Collins love her later?"

It was Gloria who filed for the divorce, but smart guys knew that the relationship between Jordy and Angela caused it.

Everyone thought that the Collins family disliked Gloria because she was incompetent. However, Gloria wasn't what they thought it would be. The sudden divorce plunged the Collins Group into crisis. Then they teamed up with Mr. Brown, but a lawsuit cost the Collins Group billions of dollars. This woman was amazing!

Chapter 142 Rage

Uninformed people thought Gloria was a scheming woman and kept blaming her, but those involved in it knew the truth

"So what? Can a nice appearance last a marriage? Besides, do you know how cunning Gloria is? After all, we don't often see her."

Without knowing the truth, they talked baselessly.

"It's a pity I'm not a man, or I'm definitely going to woo her. She's so pretty!"

"Such a beautiful woman could be a problem! People around her could be in trouble because of her. Historically, many men had been like that."

Just as everyone was chatting with enthusiasm, someone suddenly shouted excitedly, 'It's started!"

The others looked towards the door in confusion. Their eyes lit up when they saw the three people walking in.

These three were Claude, his wife, and his daughter.

Perhaps because of today's occasion, Angela's outfit wasn't as dazzling as the one she wore at Murray's birthday party, but her pink gown was still eye catching.

Angela had white skin, which was accentuated by the pink dress, making many men keep their eyes on her.

Some couldn't help but compare them. "Look! Angela is so beautiful! I envy her so much. She's the daughter of the White family and will be the wife of the president of the Collins Group Those two identities are daunting

'She's indeed beautiful, but look closely, Angela has makeup and wears such a striking dress while Gloria doesn't. She's wearing a simple dress and no makeup, so Gloria is prettier by comparison!"

"Gloria is better looking but not as excellent as Angela'

"However, Gloria and Angela are sisters, aren't they? Did you see yesterday's headline? The two seem to have a good relationship!"

People were still talking.

Seeing that many men were looking in the other direction instead of her, Angela looked there suspiciously.

Then she saw Gloria in a blue dress with a stiff smile and growing rage!

To this day, Angela still remembered what Gloria said in the interview. Gloria seemed to be complimenting Angela, but she was actually satirizing that Angela was a mistress!

Angela took a deep breath to control her emotions. Today's guests were staring at her and Gloria, so she couldn't lose control

Then, she smiled at her parents. "Dad, Mom, look. Gloria is over there."

Martha was shocked

The guests present prevented her from casting her murderous gaze on Gloria!

Martha looked over there suspiciously while Claude was also a little surprised. "Gloria is here too?"

With that, he said to Martha and Angela, Just talk to Gloria now. I need to go to my business partner."

Martha and Angela were irritable but still nodded and walked towards Gloria together.

Chapter 143

Chapter 143 Hypocrisy

At this moment, Gloria was standing face to face with Nydia. Many people were staring at Gloria, but no one greeted her.

Gloria's status was too special now. She was the ex-wife of Mr. Collins. They were divorced, but those men

still didn't dare to provoke Mr. Collins' ex-wife

Plus, she was also Jonathan's friend. If these men really chatted with her, they could be enemies of these two big shots, which might be tragic...

Nydia smiled when she saw the two behind Gloria. "They are here."

Then, she greeted Martha and Angela, "Hello!"

Yesterday, she told the media that because Gloria was so nice to Angela, she needed to say hello first!

Seeing Angela's stiff smile, Nydia was very complacent!

Gloria turned around and saw them, suddenly feeling sick!

When the three of them were desperate, they turned to her father, who was kind, but the family was so evil.

Once, she was simple and didn't care about it. After her father died, her uncle took all her father's shares. When her uncle asked Gloria to sign it, he said it would still belong to her. He did this just to convince the company's shareholders. No matter what, the White family must unite

Gloria thought her uncle was the same as her dad at the time, so she signed it without hesitation

However, things didn't go the way Gloria had imagined

Claude said nothing. These things seemed to already belong to them.

As for Angela, she replaced Gloria as the daughter of the White family and forced her to

divorce Jordy.

These three were really scheming. Before, she didn't care about it, but now, after her father died, they showed their true selves without hesitation.

However, Gloria certainly wouldn't let her dad's achievements be taken away by others. Sooner or later, she would get the company back.

"Hello"

Angela smiled and nodded to them. "You came early Gloria, why didn't you tell me you were coming? We could have come together."

People around them were paying attention to them and could hear their conversations. Gloria smiled and responded sternly. "Nydia stayed at my house yesterday, so I came with her."

"Okay." Angela smiled while gritting her teeth angrily.

Knowing that her daughter was speechless in rage, Martha smiled and looked at Gloria.

"Gloria, it's been a

long time since you left home. Do you want to move back home tomorrow?"

Gloria smiled and shook her head. "No. Now I work in a law firm. I live nearer there."

"Okay, so do you want to go home for dinner tomorrow? Your uncle misses you very much and always wants you to come back."

Facing Martha's warm invitation, Gloria thought for a while. She did have a lot to say to them, so she nodded. "Okay. See you tomorrow night."

Martha smiled and nodded. "A family must be like this! I'll cook and wait for you to come back. I remember you love the meal I make the most."

Chapter 144 Old But Healthy

Seeing Martha's hypocrisy, Gloria sneered silently.

A family must be like this

She actually meant that Gloria didn't regard it as her home anymore and distanced herself from them.

Martha's words and actions were provocative. She wanted everyone to know Gloria was a hypocrite. So, she had to bring up yesterday's interview in another way

However, at this point, Gloria would definitely not give them a chance to turn a defeat into a victory

She smiled and nodded, "Yeah. Indeed, we haven't had dinner together for a long time.

Last time, I mentioned this to Angela, but she seemed too busy at the time, so she didn't explain it clearly. Angela, are you free tomorrow?"

Martha was taken aback,

Angela could barely contain her anger. "Nonsense! You never mentioned that!"

She didn't expect Gloria to be so good at lying.

Gloria's words saved her a garrie Just now, they tried to claim that she was estranged from her family, but in fact, they were the indifferent ones.

Angela hurriedly smiled and said, 'Gloria, you misunderstood me I was a bit busy at the time, but when I tried to chat with you again later, you were also busy. So we haven't been able to meet again. I'm free tomorrow, so please come!

Gloria smiled and nodded. "Understood, but you are all very kind to me, so I will not misunderstand anything."

Nydia remained silent.

She was a little sleepy now and wanted to yawn

"When will this boring conversation end?"

Their words were very dull, and they needed to beware of all kinds of language pitfalls. Conversations like this were hypnotic

At this point, Nydia glanced around and saw that no one was listening to their chat, so she couldn't help laughing

They looked at Nydia, who coughed lightly. "I just suddenly thought of an interesting thing."

"Ms. Shaw is here!" Someone suddenly shouted, and everyone turned their heads.

Karen came out with Jordy's parents supporting her on both sides,

They all had happy smiles.

Gloria looked at her with a pure smile.

Angela also looked at Karen and walked over subconsciously.

She looked at Olivia, who smiled and said, "Angela, help your grandma."

Olivia was doing this to prove to everyone that Angela was the daughter-in-law she really recognized!

She was trying to highlight Angela's importance, which made perfect sense. After all, the two families were friends, so there was nothing wrong with Angela helping Karen.

Olivia saw Gloria out of the corner of her eyes and had a cold expression, but the next moment, she began to sneer. "You want revenge on Angela? Try if you can!"

Angela smiled. "OK."

She walked over, but Karen raised her arm and said helplessly, "Enough. I can walk by myself and I'm healthy enough, so I don't need help."

Angela's hand stopped in mid-air.

Everyone had mixed expressions. At this point, Olivia recognized her daughter-in-law but Karen did not.

In this family, Karen was more senior than Olivia.

Joining the Collins family was a bit difficult for Angela

At this moment, Angela, who was well educated, began to curse Karen silently.

Obviously, Karen embarrassed Angela.

Angela took a deep breath to control her emotions and said with a smile, "Yeah. You don't look old at all, even if they worried that you might fall."

Olivia also came back to her senses and said with a smile, "You are always like this, now you are not like before, so you should pay attention to your health."

Karen waved casually while everyone congratulated and flattered her, which made her happy.

"Don't say that. You make me think I'm only eighteen." Karen was much more relaxed than just now.

However, Karen saw Gloria looking at her with a smile at this time, so she waved at Gloria "Why didn't you help me just now?"

Gloria was taken aback, realizing that her grandmother was embarrassing Angela for her

Gloria took a deep breath, stepped forward, and smiled, "Grandma, you're still healthy, aren't you?"

"Even your aunt cares about me and worries that I will fall, why don't you? You are so unconscionable!"

Karen seemed a little disappointed, but she was actually indulging in Gloria
Angela stood there, bewildered.

Hearing this, everyone was surprised

Karen said that Olivia was Gloria's aunt, but before, Gloria had been called Olivia's mother.

This showed that Karen admitted that Olivia was divorced, but people didn't know why Karen still loved Gloria.

The guests were confused. Nydia looked at Gloria with a smile and walked towards Angela slowly. "Angela, did you see it? Even though Gloria and Mr. Collins are divorced, she still loves Gloria! Don't think too much. She's just caring about Gloria and not ignoring you."

Angela was angry.

She didn't expect Nydia to be so sly.

Angela's smile just now told the others that she was glad to see Gloria and Karen getting along well.

Before she could say that, however, Nydia's words attracted the guests and made them think Angela was narrow-minded!

Suppressing her anger, Angela chuckled. "What are you talking about? Of course I'd be happy to see my grandma and Gloria getting along well! After all, they're no longer family, which made me a little sad before, but now, seeing them get along in a different way, I'm happy too."

Nydia laughed. "That's right. You're really generous. I just misunderstood you and thought you'd be jealous."

This woman was really strong, she needed to improve her abilities.

Chapter 146 Why Is This Happening?

Angela took a breath and laughed, 'I'm not like that.'

At this moment, Gloria and Karen walked to their seat.

Gloria glanced at Newell and nodded with a smile.

In fact, she sometimes didn't know what to call Newell.

He was not like Olivia. She didn't get along well with Olivia but could still call her aunt.

In this regard, however, Newell was embarrassing her. She and Jordy were divorced, so Gloria couldn't call him Dad. But she couldn't call him uncle either, because he was kind to her, and it would be weird.

The last time they met, she called him Dad, but she couldn't do it in front of so many people.

After a while, Michael also came out with a smile. Looking at the compliments from everyone, he responded

with a smile.

Angela looked around subconsciously but didn't see Jordy:

Holding Gloria's hand, Karen smiled and looked at the crowd "Everyone, I would like to introduce my biological granddaughter to everyone."

People were confused

"Biological granddaughter?"

"She has a biological granddaughter?"

Olivia also looked at them in surprise, wondering what Karen wanted to do.

And when everyone was puzzled, Karen and Gloria took a step forward while Gloria was surprised. "Grandma?"

Karen said with a smile, "Gloria used to be my granddaughter-in-law, and I have always regarded her as my biological granddaughter. She is now divorced from my grandson, but in my eyes, she is still my own granddaughter.

Joseph glanced at Karen. He was a little unhappy but still affectionate.

He loved Karen the most and realized he couldn't lose her, even if he only cared about his work now.

So, Joseph wouldn't interfere with Karen on something innocuous. Today was her birthday, and Joseph wouldn't make her sad.

Ignoring the surprised look of everyone, Karen continued.

*Today, there are so many guests here, so I announce that, from today, Gloria is the daughter of the Collins family. Her parents are dead, so in the future, Gloria will enter the family tree of the Collins family. This is my and Michael's decision.'

Olivia's expression changed slightly. "Wait..."

Karen smiled and nodded before she finished. "Olivia, I know you like this girl very much too. She called you mom before, so in the future, you will be her mother too. She's divorced, but the relationship can't be terminated, right?"

Olivia was stunned, but she had no choice.

Before she could speak, Newell smiled and said, "That's right. Gloria will still be my daughter. I'm not going to lose her because she and Jordy divorced."

Olivia smiled stiffly, unable to suppress her anger.

Angela subconsciously clenched her fists with panicked gazes. Today, Karen completely embarrassed her. She let everyone know that the Collins family still cared the most about Gloria rather than Angela! Also, what Gloria said to reporters yesterday didn't bode well for her! She might have nowhere to go in the future! "Why is this happening??" However, Angela didn't know that Karen had already made this plan and saw the video and Gloria's state at the time...

Chapter 147 Fall in the Status

Karen was excited!

She had never been so ecstatic!

At the time, she watched the video with Newell while saying with a smile, "See? My granddaughter still loves my grandson! She won't allow Angela to marry Jordy. I, as her grandma, have to help her!"

Newell had a mixed look, knowing that her mother was pretending not to know anything. Gloria did it out of the hatred for Angela and Jordy. It was just her revenge. She had already given up on

Jordy.

But, seeing Karen so happy, he didn't say it.

Now, she announced that without hesitation at the banquet.

Newell could sense that his mother just didn't want Gloria to be wronged or looked down upon because of the divorce. In any case, the Collins family was still Gloria's backer.

Jordy walked in and saw this

The dress she was wearing was a little lighter than the one she wore at the last banquet. It was very ordinary but made her the most dazzling woman

Jordy stepped forward with a cold expression

Karen didn't seem to see Jordy and continued to smile at Gloria. "Gloria, I haven't forgotten you Don't be at odds with the Collins family because of what happened before. You can ignore that little bastard, but you should know that I am waiting for you every day!"

Everyone's eyes widened. This was incredible!

Gloria's identity was embarrassing now, but Karen still defended her in front of so many people.

However, Karen didn't seem to know what Gloria had done before.

Not only did she publicly divorce Jordy to put him in big trouble, but she helped the Brown family against the Collins family. It stood to reason that the Collins family would

not ignore these.

At this moment, everyone was confused.

Suddenly, Jordy appeared, and everyone looked at him.

Today, he and Gloria were in the spotlight.

After all, the two were always very intimate in public, and Jordy was very gentle, but now, they were divorced. At this point, both of them were here and needed to face Karen, so then there must be some contact between them

Many people were very curious about this.

Gloria was moved and felt her heart racing. She didn't expect her grandma to say this in front of so many people.

She looked at Karen with tears, "Grandma, thank you..."

Karen smiled and said, "Don't say that. Okay. It's my birthday, so you need to be the host now like you always did before. You'll be in charge of all my birthday party planning from now on."

Olivia had a gloomier expression.

Before Gloria got married, it was her job. But since Gloria joined the family, the task was given to Gloria. At that time, Olivia didn't care about it. It was normal for the wife of the president of the Collins Group to deal with it

However, Gloria was already an outsider, but Karen still wanted Gloria to do this, which was a humiliation to Olivia

Olivia felt that she had fallen in the status.

Jordy came over with a colder expression.

Karen finally noticed Jordy and had a gloomy look on her face. "Bastard, why are you here so late? Don't you even care about your grandma's birthday?"

"I don't dare," Jordy responded flatly and looked at the striking Gloria. "You only care about your granddaughter now, not your grandson."

Karen laughed helplessly in anger. "Bastard! Are you mocking your grandma? In the future, she will be my biological granddaughter, your father's biological daughter, and your sister"

Gloria and Jordy were speechless,

Everyone was confused

"What the hell? His wife became his ex-wife and then his biological sister? What happened?"

Angela laughed suddenly. Jordy's biological sister was not going to marry him.

Ignoring everyone's opinion, Angela stepped forward with a smile. "That would be great. Before, I was worried that after Gloria and Jordy got divorced, their relationship would deteriorate. Now, it will be the best ending for you to become brother and sister."

“Ending” had many meanings
This meant they wouldn’t become husband and wife again.
Nydia sneered silently, thinking that Angela was too acquisitive now.
Sometimes, the more one said, the more wrong he would be.
Angela thought she protected Gloria, but others thought she was scheming
Everyone subconsciously looked at Jordy and wondered how he would respond 10
Karen.
This banquet was really interesting.
So much happened during it.
Jordy did not disappoint everyone. He gave Gloria a cold look and said calmly. “You
guys can accept this granddaughter or daughter, but I won’t accept this sister.”
“You...’ Karen tried to say something.
Newell said quickly, ‘Mom, leave those kids alone. It’s your birthday. Let’s get the party
started.”
Karen was helpless. Knowing that Jordy was stubborn, she nodded. “Okay. Let’s start.”
Joseph, who had been sitting beside Karen, looked at everyone. “Everyone, it will be
the same as those in previous years. This time, let’s save the unnecessary words.
Thank you for being able to attend this banquet.”
Newell smiled and raised a glass to the crowd. “Cheers!”
After speaking, he took the lead to drink.
Then everyone raised their glasses,
Usually, banquets would be grand, and the host would say some high-sounding words.
Everyone was tired of these things.
Such time would be better for free communication.
Noble people were always right, so they felt that those simple words of the Collins
family made great sense.
At this point, Jordy didn’t seem to want to talk to anyone.
Soon, everyone was seated.
Karen was at the same table with other family members. Just when Gloria wondered
where she should sit, Karen calmed her down.
She grabbed Gloria’s hand and said without hesitation, ‘Sit by my side. I’ll be happy to
have you by my side on my birthday!
After speaking, she glanced at Jordy. “Come on, little bastard. Sit by my side too!”
Joseph had a gloomy expression “What about me?”

Remarriage Never And Go Away Chapter 149

Chapter 149

Chapter 149 I Can’t Watch You Suffer Anymore

Joseph didn’t mind Gloria sitting next to Karen because there was another seat.

But now, all seats beside her were occupied!

Gloria was embarrassed and tried to stand up, but Karen grabbed Gloria's hand and snorted. "If it weren't for so many guests here. I would definitely ignore you. Just take a seat you want."

Gloria didn't know what to say.

Her grandma's actions made her more embarrassed and even sense Michael's hostility, but it was Karen's birthday, so she couldn't go against her grandma.

Jordy sat on Karen's left without saying anything and turned his head to see Gloria who seemed to be hesitating

After the divorce, he had never seen Gloria react like this, suddenly realizing that she had completely changed

Michael had a ghastly expression but didn't want to be fussy with her on her birthday. So, he sat beside

Jordy

At this moment, Nydia hadn't sat down while Gloria looked at her apologetically, but Nydia didn't care and pointed to the distance. Gloria followed her fingers to see Bryson and Jennifer and nodded reassuringly.

Angela didn't take her seat either, very unwilling, "Gloria is divorced, but why is grandma still so nice to her?"

Olivia glanced at Angela and said, 'Angela, come on. Today.'

Hearing this, Angela tried to shake her head hypocritically, but Karen interrupted Olivia, 'Olivia, don't ask Angela to do anything. Let her eat something first Come on!'

Olivia's expression changed slightly

Everyone knew what she meant, but Karen still embarrassed her in front of so many people

It was all because of Gloria!

Joseph had a gloomy expression but spoke calmly. 'Sit down and enjoy the meal.'

Olivia was stunned and stopped talking.

Angela could barely control her expression

In any case, in everyone's eyes, she was Jordy's savior, but Karen never invited her

At this moment, the guests were watching this scene curiously

Everyone realized that something interesting would always happen in the places Gloria was in.

Angela's friend Lillian blinked and came over "Angela'

Angela looked at Lillian and nodded with a smile "I didn't know you were here. When did you come?

"It's been a while. We haven't seen each other in a while. Sit next to me!"

As if rescued, Angela smiled and nodded. 'OK."

Lillian was very upset, put her arm around Angela's, and whispered, "Angela, I don't understand. They're so outrageous! Why does Karen like Gloria so much? Let me say something, and then you guys take out the presents and compare them. Gloria's gift is so worthless. Maybe Karen will like you when she sees it."

Angela shook her head quickly. "No. She's my sister..."

"Sister? Why are you still defending her? Has she ever defended you? Obviously, she's embarrassing you!! don't care. I can't watch you suffer anymore!"

With disapproving glances, Angela grabbed her hand and tried to say something, but Lillian continued, "Besides, you saved Jordy! Based on this, the Collins family can't embarrass their savior anyway!"

Angela sneered silently in her mind. This was what she wanted!

Lillian became her entourage. With Lillian, Angela could avoid a lot of trouble

Just as she was hypocritically stopping Lillian, Lillian looked at Karen. "Karen"

Karen turned her head and saw Lillian approach with a smile. She was a guest, so

Karen smiled and asked, "Do you have anything to tell me?"

A lot of people looked at them, who were more attractive than the food.

Obviously, everything that happened at this birthday party was a least! Lillian was Angela's good friend and she didn't want Angela to be wronged. The two had been chatting just now, and Angela clearly disagreed with her. The guests all wondered what Lillian would say next

Lillian smiled and nodded. "Yes. I do want to tell you something. I think you, as well as all your guests, must be very curious about it

Jordy frowned and subconsciously glanced at Gloria, who just gave Lillian a nonchalant look while sitting motionless next to Karen.

All the while, Gloria didn't look at Jordy. He had a cold expression, which seemed to contain his anger

Karen wanted to stop Lillian from talking but couldn't do it at her birthday party, so she had to laugh and ask. 'What's that?'

Lillian smiled. "Angela told me that she and Gloria bought you a very precious birthday present on the same day. They are sisters, and I think they must have a good understanding of each other. So, would you love the gift they gave you?"

She was asking Karen to compare their gifts!

Everyone couldn't help but quiver their lips while someone said helplessly, "Is Lillian too childish?"

The man next to him laughed. "Childish? She's trying to embarrass one of them. Lillian's words prove that she knows Gloria's gifts are inferior. If everyone sees their gifts, Gloria's problems will be exposed. Then, do you still think she's childish?"

"Yeah, if Gloria's gift was nothing in comparison, Karen would be disappointed in her. Lillian is really smart."

"Are you sure the smarter one is Lillian instead of Angela?"

Hearing this, the guy stopped talking and started thinking about it.

But the next moment, someone said with a smile. "Didn't you see that just now? Lillian might be asking Angela about the birthday present, but Angela didn't approve of her talking about it openly. Clearly, it was Lillian's idea."

"Yes, Angela has always been very kind, or why did she take the risk to save Mr. Collins? No one has her guts and kindness."

There was no objection from anyone. Angela almost died for Jordy. It was even lucky for her to be alive.

At this moment, everyone looked at Karen and wondered what she was thinking.
