Remarriage Never And Go Away Chapter 1456-He paused and continued, "I know you have the ability to look into it. But I don't want you to take risks. I can help you with all these things. Now you can play here for a few days at ease, and I will send Jordy back home. Don't worry about the Collins family in the future. Jordy is not worth it!"

The man told her his true thoughts.

Gloria looked at the man in front of her with a confused look. The man said so much to her, so either he was really related to her, or... he had some kind of purpose.

She paused, gazed at the man in front of her, and said, "You said that I looked like a family of yours. Can you tell me who it is? I don't believe you can help me like this just because I look like her."

'It won't do you any good if you know.'" The man curled his thin lip.

They sent out a prince and a princess to kill Gloria. Obviously, Gloria was a threat to their position, and more than one person wanted to kill her.

He shouldn't have told her those things.

But when he learned that she was related to him by blood, he could not control himself anymore!

Gloria took on a grim look, If you think so, you shouldn't have told me those things. You aroused my curiosity but refused to tell me the truth. If you were me, could you stay calm?"

These people came at her one after another, probably because of her mother.

She also had spent a lot of manpower, resources and energy trying to find out her mother's whereabouts, but nothing was found.

The man in front of her... Gloria thought he might be a breach!

After a moment of silence, she directly asked, "How are you related to my mother? You are her brother?"

The man and her mother were about the same age. They were not like a couple.

Then they were very likely to be brother and sister.

Hearing Gloria's words, the man was impressed. She was really smarter and quick-witted than ordinary people.

Seeing that she had already guessed this, he didn't deny, "Yes, I'm her brother. Normally, you should call me uncle."

Gloria was shocked. Uncle? She was really unfamiliar with such an address.

The man made the club the number one in the UK on his own not just with his outstanding appearance.

Suddenly, she remembered the cup of tea she had drunk with him not long ago.

Unexpectedly, the man had compared their DNA so fast.

However, Gloria had no feelings for her mother, because she abandoned her, abandoned her father and eloped with another when she was a child.

In the past twenty years, she had never called her or come to see her.

She was indeed looking for her mother.

But she also hated her!

She had no feelings for her mother's family.

"You and she are brother and sister, but she abandoned me a long time ago. The person you are looking for is her, and I don't need you to help me with my business."

Gloria appeared a little cold, and she was not sure whether what the man said was true or not.

The man had asked Ernest to make some enquires, but Ernest didn't inquire about things that happened in her country.

Remarriage Never And Go Away Chapter 1457-Seeing Gloria's expression, the man pursed his lips and then said, "Have you ever thought that maybe your mother had no choice at that time."

Gloria was an adult and naturally knew what he meant.

However, even if what he said was true, how could she never contact her in the past more than 20 years!

Gloria gave an ironic smile, "I had thought about the reason, but what kind of situation would make her abandon her own daughter and never contact her in the past decades? You are her brother, and you have been separated from her for so many years. How could you know what she is?"

'I made a clean break with that country a long time ago. Your mother... If she really wanted to abandon you, why would she give birth to you?

Someone must have threatened her with you and your father. I just don't understand why she chose your father who was so ordinary."

The White family was a local century-old family that owned a listed company.

The man actually said her father was ordinary.

Gloria was a little angry.

She failed to suppress her anger but spoke for her dead father!

"I know you have an extinguished status. But you can't deny my father's past because of your current achievements. At least my father never remarried after my mother left."

Her father loved her mother deeply.

He even worked so hard to raise her up.

However, her mother who had no choice left her and had never contacted her for so many years.

It was even said that she eloped with another man!

As the saying went, "There's no smoke without fire."

If she hadn't done that, how could there be such a rumor?

The man was speechless.

He and Gloria found the same information.

Neither of them got involved in those things back then, so they couldn't judge it.

The only thing he could do now was to protect her and find out the truth!

"We don't know what happened between them. Your father is already gone. Now, your mother's whereabouts are unknown. Gloria, at least I found you. So, I will protect you."

An uncle should protect his niece. This was an uncle's responsibility.

The man looked extremely firm.

Gloria knew how serious he was.

He had the power to protect her, so he was not just saying.

Moreover, he indeed protected her well.

She would appreciate it if she didn't know he was her uncle.

She didn't know how to describe her mood at the moment.

Having a family who was related to their mother by blood should be a happy thing, but at the moment she was not happy at all.

The man knew what Gloria was thinking.

He could understand her.

She was already very nice to him, because she didn't walk away after knowing he was her uncle.

"Sorry, I should have been more patient."

The man pursed his lips and apologized to Gloria.

Gloria quickly said, "You don't have to apologize to me."

It wasn't that she didn't accept his apology but that it was really unnecessary.

She didn't expect that the man was related to her like this.

She was still in confusion.

She saw the man's sincerity. After all, he had such an identity.

Moreover, he was an elder.

"You stay here. I'll ask my men to send Jordy back home."

The man spoke with a clear attitude.

She could stay but Jordy...

Remarriage Never And Go Away Chapter 1458-Gloria didn't think Jordy would accept such an arrangement.

Harvie also noticed her worry and said, "Even if Jordy is powerful, he can't escape my control. Compared to me, he is still a brat!"

Harvie smiled contemptuously when he talked about Jordy.

He didn't care about Jordy at all.

He was powerful enough to ignore Jordy.

Gloria didn't say anything more. It was good if he could send Jordy back.

Considering Harvie's words just now, Gloria decided to stay here and continue the in-depth investigation.

No matter what the truth was, she had to check it out carefully.

She wanted to be free from any compunction.

Moreover, she was moved by Harvie.

What if her mother was compelled to do so?

So, Gloria decided to stay.

Harvie asked Ernest to arrange a private plane for Jordy to leave.

Ernest had done such a thoughtful job, but Jordy's face was taut and sullen.

'Where is Gloria? What does your boss mean by doing this?'

Jordy narrowed his eyes, looking at Ernest coldly.

He took a step forward with an imposing presence.

Ernest knew that Jordy was in a bad mood.

However, he did not panic.

When Jordy walked towards him, he quickly took a step back.

He just replied indifferently, "Miss White also hopes you could leave now."

"Why didn't she come to tell me by herself?"

Jordy queried coldly, gazing wildly at Ernest.

"Jordy."

The next second, he saw Gloria quickly run towards him.

"Miss White."

Ernest was the first one to know about the relationship between Gloria and his boss, and he showed great respect to Gloria now.

Gloria nodded, and Ernest subconsciously retreated to the side.

Jordy looked at them on the side with a sullen face.

He was very confused.

Gloria only met the owner of Crockfords Club three times.

What did the owner of Crockfords Club want, or what deal did he make with Gloria so that even his best men could treat Gloria with such respect?

"Gloria, what are you doing?" Jordy's tone was cold and stern, and he looked at Gloria angrily.

She was no longer the Gloria he knew, she had her own opinions and solved many things on her own.

But in a foreign country, from Heather to the owner of Crockfords Club, they all had their own axe to grind!

If they really wanted to get something from her, she was no match for them. On this matter, he had repeatedly reminded her, but she never listened to him, and still contacted them.

What madness!

Jordy's words immediately made it clear to Gloria.

She knew why he was so angry.

But this made Gloria feel ridiculous.

“Jordy, don’t you hate me a lot?”

Since he hated me, it was none of his business whether I was dead or paralyzed.

He didn’t have to be so wrathful.

Ernest checked the time and also remembered Harvie’s order, so he coldly reminded, “Mr. Collins, for the sake of Miss White, our boss arranges this for you. The party will end soon and there is no rule of keeping people in the club.”

Ernest was warning Jordy not to be ungrateful.

When he was talking, his eyes were cold and oppressive.

However, Jordy just ignored that.

His eyes fell on Gloria, who had been with him for three years and knew his nature best.

He was never afraid of threats from others.

Remarriage Never And Go Away Chapter 1459-“You take these people out first.” Gloria turned her head towards Ernest and said.

“OK.”

Ernest listened to Gloria’s words, nodded, and waved his hand toward his men. They all walked out of the room together.

Gloria White glanced into the washroom and found Mr. Goddard tied up and passed out.

“There are so many people you care about.”

Jordy sneered behind Gloria.

Gloria was speechless.

She turned her head and rolled her eyes. “Jordy, why are you so mad? Didn’t you already get the Misty Lucid Ganoderma?”

Since Jordy got the Misty Lucid Ganoderma, he could use it to treat his grandmother. After grandmother's illness was cured, she would think about getting the two of them together again, but in the case of knowing that it was impossible, she wouldn't watch Jordy stay single.

She would arrange many blind dates for Jordy.

They would not have any interactions in the future.

Jordy was silenced under Gloria's cold and disgusted stare.

Although he wanted to answer Gloria's questions, he did not know what to say.

What was he angry about?

He had already gotten the Misty Lucid Ganoderma, and the owner of the club had arranged everything for him, so he could just accept the arrangement and return home by plane swimmingly.

But he was not a villain, so why did he have to do what only a villain would do?

Jordy just realized why he was so angry.

He frowned. "Leaving you here alone, that's what a villain does. Gloria, I didn't get the Misty Lucid Ganoderma by myself alone."

So, he had a high sense of companionship and thought they should stay with each other.

If that was true, it was good.

Gloria laughed, "Thank you for your kindness, and I'm not left here by you. I stay here because I have something to do."

"Accept the owner's kindness, otherwise, you can't take the Misty Lucid Ganoderma back safely. So many people want to get it." Gloria advised Jordy again.

Since what should be said was finished, she should leave now.

But Jordy stopped in front of her, not letting her go.

His deep black eyes fixed on Gloria. "What else do you have to do?"

She took control of the White Group now, and Angela was also dead. Her identity was exposed one by one.

The five men of Mr. Goddard all followed her.

Jordy really couldn't figure out anything else she had to solve.

But Gloria was not obliged to answer Jordy's questions.

The divorced couple was not even a friend.

She seemed indifferent. "This is my thing, Jordy, mind your own business. I'm leaving. If you insist, you may lose the Misty Lucid Ganoderma. Don't blame anyone then."

After saying that, Gloria bypassed him.

Jordy did not stop her and knew that as soon as he reached out to stop her, Ernest would appear with those people and confront him.

Now Gloria was protected by Harvie and respected by his men.

"You..."

A thought flashed through Jordy's mind, but when it was on the tip of his tongue, he found that it was hard to express.

Such a feeling made Jordy incomparably irritable, even the stifling and stressful feeling in his chest became more obvious.

Harold came back.

Seeing Gloria leave, and seeing Jordy behind, who compressed his thin lips, he immediately knew what had happened.

Remarriage Never And Go Away Chapter 1460-Harold immediately greeted Gloria, "Miss White, are you done with everything? Why do you leave just after arriving here?"

"Well, I still have things to do. Pack your things up and go back with Mr. Collins."

Although Jordy's words made her uncomfortable, Harold did not mess with her.

Harold was confused, scratching his head, "We came together. Miss White, this is not appropriate to leave you here alone, right? Besides, you have helped Mr. Collins so much, Mr. Collins can also offer help when you meet problems. Although Mr. Collins is poisoned, I'm here!"

“You can’t help with these things.” Gloria knew what Harold meant, and also knew Jordy was worried about her.

It was not a big deal.

However, Harvie’s words were worth exploring, and she needed to find the facts herself.

Otherwise, it would be very taxing to live in confusion.

‘Except for the emotional thing, other...’

‘Did I tell you it is an emotional thing? Jordy, what are you thinking about?’

Not waiting for Jordy to finish his words, Gloria had already interrupted seriously.

She looked at Jordy coldly, not wanting Jordy to have any misunderstanding about her and Harvie.

“Then tell me, why do the people in the club all listen to you? Why is the owner of the Crockfords Club, all of a sudden, on such good terms with you?”

A series of questions made Gloria even more speechless.

She reprimanded unhappily, “So according to your mode of thinking, is there only love between men and women? You don’t have any female friends?”

Gloria was angry to the extreme.

Seeing Gloria like this, Jordy was silent.

During the three years of marriage, she took good care of him and did everything for him.

But after the divorce, she was like a different person.

She was now nothing like the person she was before!

“Are you still Gloria White?”

Jordy closed his lips tightly, feeling his chest pressed by a huge stone.

Gloria was speechless.

This question put Gloria in a spin.

Gloria looked over sideways helplessly, "What the point of your words? Who else can I be?"

What this bastard said was more and more baffling and absurd.

Well, the conversation became more and more ridiculous.

Not waiting for Jordy to say something, she urged: "Mr. Collins is poisoned, and his brain may get hurt. Take good care of him."

Harold was shocked.

Only Gloria dared to say this.

If it were anyone else, he should be dead now.

He immediately caught up with Gloria. "Miss White, you also know that Mr. Collins is poisoned, don't be mad at him. If you do not take care of him, there may be some sequelae... He has already said strange words. If he loses his temper again..."

Harold thought about Jordy's long face and shook his head.

Forget it, he did not want to be scolded.

So, he caught up with Gloria to beg her.

"He just has a brain fart sometimes, not Alzheimer's!"

Gloria didn't want to deal with him anymore. She was afraid that she would die of anger because of Jordy.

"But..."

Harold went out after Gloria, but before he could finish his words, he saw Ernest glaring at him fiercely.

He could tell that it was a warning.

The man of Crockfords Club became Miss White's bodyguard?

Harold was surprised when he realized this.
