Remarriage Never And Go Away Chapter 1461-“What?” Gloria turned back to look at Harold. Seeing Harold’s surprised expression, she frowned.

‘Harold, if you have something to say, just say it.’

She didn’t really like that way of talking.

Harold wanted to pull Gloria to the side, but Ernest kept fixing his eye on him coldly and fiercely.

“Miss White... Is Ernest your new underling?”

Harold had followed Jordy for a long time and had seen many kinds of people.

He was not afraid of Ernest, and there was still Gloria around.

He did not believe that Gloria would watch him being bullied by others and didn’t save him!

But Gloria directly denied, “No. You’d better go back to stay with Jordy!”

She felt that Harold was very talkative lately.

She also did not want to say anything about Jordy.

But Harold shook his head. “No, Miss White. If you sent me back now, it would just be sending me to death. I can’t go back!”

‘Then just die.’

He deliberately made up that!

In fact, Jordy was not that scary.

This was just Harold’s trick to make them stay together.

“Oh, Miss White, you can’t watch me...”

But before Harold finished his cry, Ernest grabbed his back collar, lifted him easily, like carrying a chick, and threw him to the side.

He added, "You are a man, but you are crying loud here. Do you still have a sense of shame?"

Harold stayed silent.

He was choked. How could Ernest say he was shameless?

But before he could say anything, Ernest bumped him off directly.

Ernest followed Gloria and left him behind.

On Jordy's side, he suffered taunts from Mr. Goddard.

'Look at you, you use ten kinds of poison on me but I am still alive. What else can you do but use the club against us and rely on women?'

Mr. Goddard not only mocked him but looked at him even more contemptuously.

He did not take Jordy seriously.

Jordy was already in extreme anger, and Mr. Goddard provoked him now.

It was impossible for Jordy to talk to him calmly!

So, he strode to Mr. Goddard and stepped on his throat with one foot, shutting Mr. Goddard up.

His black eyes were burning with endless cruelty.

Mr. Goddard was dragged up by Jordy in the next second.

The ten poisons almost tore Mr. Goddard's body and smashed his bones.

Mr. Goddard was tortured without any strength. Although he was dragged by Jordy, he was like a broken wind chime, swaying.

Jordy sent Mr. Goddard flying with one punch.

Mr. Goddard's head hit the wall hard.

For decades, this was the first time that Mr. Goddard had been treated like this.

And he was tied up shamefully!

If it was in the Middle East... No, if Jordy was not surrounded by Gloria, how could the club even shelter Jordy?

Without the club's shelter, he wouldn't have been made to look like this by Jordy!

'Jordy, Gloria may have been with the owner of Crockfords Club. She is such a good woman. How can you divorce her? Were you blind before?'

Even though the blood was spreading everywhere in his mouth, and his mouth was filled with the smell of rust, Mr. Goddard still smiled mockingly.

Remarriage Never And Go Away Chapter 1462-Every word of Mr. Goddard was like a sharp blade, fiercely cutting at Jordy's heart!

Jordy struck another blow, but Mr. Goddard had no strength to resist at all. In an instant, Mr. Goddard was knocked down by him and sprawled limply on the ground.

"Jordy, why are you so angry? Hah, only after losing then you know how to cherish. But your love is nothing to Gloria now! No wonder it is said that a man's success depends on a woman. If your woman serves your target customer well..."

Men knew themselves best.

Mr. Goddard found that Jordy loved Gloria and heard the argument between Gloria and Jordy just now.

"Shut up!"

Mr. Goddard had sensed Jordy's anger and his desire to kill him at the moment.

What if he didn't shut up?

Mr. Goddard laughed contemptuously and ignored Jordy's anger.

"Why should I shut up? I just said what's in your heart, and you are outraged. Jordy, listen, if I die here, you can never leave the UK. Even if you died, your ashes can only be kept here!"

Mr. Goddard smiled coldly like a devil.

"Really?" Jordy also did not care about Mr. Goddard's words. Just when he lifted his fist, something hard was pressed against the back of his head.

Jordy knew exactly what it was.

If the person behind him hooked the trigger slightly, he would be instantly shot in the head and killed!

“Let him go and give me the antidote. Or I will cut your assistant’s arms and legs! As for you... Do you want to get a headshot?”

It was a threat from a woman.

Jordy never feared others’ threats, let alone there was only an enemy.

He snorted indifferently, “Then you can try. Will you first cut my assistant’s arms and legs and get me killed first, or I kill him first?”

Jordy didn’t pay attention to this woman.

Even though he knew that the other party was threatening him with a gun, he didn’t have the slightest fear.

At the moment he spoke, Jordy quickly struck out, clasped the woman’s wrist, and directly knocked the weapon out of her hand!

Mr. Goddard couldn’t help admiring Jordy’s speed.

Undeniably, Jordy was a formidable opponent.

If it were someone else, with the head pressed by a gun, the person had long been panicked, not to mention fighting back so accurately and fast.

But, in the face of interests, there were only enemies and no friends.

“Jordy, do you think I only have one subordinate?”

Mr. Goddard laughed coldly, and just as his words fell, his men were already escorting Harold, standing in front of Mr. Goddard in a row, waiting for his order.

Unless Jordy was cold-blooded and ruthless, not caring about Harold at all, otherwise...

He had to release Mr. Goddard.

“You do not have Gloria around, and the club won’t send people here for your rescue. Jordy, you can’t win me, even if you feed me ten kinds of poison... Huh! Don’t forget what I’m best at.”

Mr. Goddard smiled coldly and contemptuously and said slowly.

Jordy didn't say anything. He knew the fact that Mr. Goddard was best at using poison to control people.

Otherwise, those five people could not have been easily changed their side by Gloria.

Remarriage Never And Go Away Chapter 1463-In the end, this was due to Mr. Goddard himself.

Seeing Mr. Goddard's deep, cold black eyes, Jordy instantly understood.

The antidote Gloria gave him could also be poison!

"Now that Gloria is with the owner of Crockfords Club, I don't think she will care about you anymore. Your Misty Lucid Ganoderma... Bring it back home to your grandmother as soon as possible to cure her." Mr. Goddard mocked. The next second, before Jordy could make a move, his men had surrounded Jordy.

Soon, Mr. Goddard was untied.

Mr. Goddard was weak because of the poisons, but he looked very arrogant now in front of Jordy.

Jordy did not pick up a word and did not do anything.

Because he remembered the adversity of Lisa and Heather.

If they started a dispute in the club, they would be driven out. However, he didn't want to leave now. If he was kicked out, Gloria wouldn't help him again.

Standing in Gloria's shoes, she had done everything she could. Now that they had divorced, there should be no implication between them.

But why? Why was he so depressed when he heard Mr. Goddard's words just now?

It was clear that there were no feelings between them.

He thought that he must be unwilling to watch Gloria just indulge and sink like this.

When he thought of this, his mind became clearer.

He took out his cell phone and dialed Gloria's number. He had something else to say, but he didn't expect that the call was hung up directly.

Seeing the scene, Mr. Goddard on the side scornfully laughed, "Jordy, you can't bring back a woman who doesn't love you anymore. What's more, the owner of the Crockfords Club is richer, more powerful, and more excellent than you!"

When he said this, Mr. Goddard had been paying attention to Jordy's reaction.

Seeing Jordy's gloomy face, Mr. Goddard was even more gloating.

Piss him off!

However, Jordy was better not to die.

He loved to see people in pain and suffering!

It would be a shame to let Jordy die so easily!

However, just as Mr. Goddard was pleased that he made Jordy mad, he felt a sudden chill.

He raised his eyes and saw Jordy glaring at him chi Hi ly.

The two just confronted each other, and the atmosphere was stiff and dreary.

In front of the surveillance, this scene was clearly seen by Gloria and Harvie.

Gloria was not going to interfere this time.

The reason was that she had already finished what she should do. Moreover, Harold was controlled by Mr. Goddard, so Jordy wouldn't leave Harold alone.

This was indeed the case.

"Release Harold, and we can solve our feud outside."

No matter what kind of purpose the owner of Crockfords Club had for defending Gloria so much and what Gloria wanted to do, he can't make trouble in the club, which would put Gloria in a dilemma.

"Huh? Aren't you afraid?"

Mr. Goddard caught the point of Jordy's sentence and smirked.

Although Mr. Goddard was not afraid of anything, now he was in someone else's territory. Heather and his companion were a good example of violating the rules.

He did not want to make any trouble at this juncture.

Remarriage Never And Go Away Chapter 1464-After all, his target was only Jordy.

'Whether I am afraid or not, that's my business. If you refuse, then well have to settle it here.'

Jordy said coldly.

He proposed this because he had some scruples.

But if Mr. Goddard just wanted to make trouble, he could only settle it here!

"Who wants to settle with you here?"

Mr. Goddard indifferently snorted and directly rolled his eyes at Jordy.

Under his gesture, his men immediately released Harold.

He also ordered his men to put away their weapons.

Mr. Goddard, escorted by his men, walked away.

Only Jordy and Harold were left in the room.

Harold looked at Jordy who was silent and gloomy, hesitated, and finally said to Jordy,

"Mr. Collins, how about we go back first as Miss White wished?"

Miss White was smart, resourceful, and has her own ideas.

Moreover, the people in Crock fords Club all respected her and followed her orders.

So in a short time, Miss White wouldn't meet any danger.

Harold said that out of kindness. After all, Gloria had something to do, but Jordy was not willing to go alone. There was no point continuing to stalemate.

Jordy was directly exasperated. "You followed me for all these years, and in the end, you became such a heartless and unrighteous man?"

Harold felt wronged.

When did he become a heartless and unrighteous man?

In order not to let Jordy misunderstand him, he hurriedly explained, "Mr. Collins, I did not mean that. My idea is that since Miss White has her own arrangements, why don't you go back first to settle Mrs. Shaw's illness, and I will stay here to help Miss White."

Harold thought of a compromise when he explained.

However, his words reminded Jordy.

"Well, I'll stay here, and you take the Misty Lucid Ganoderma back."

Jordy said this with an eased tone.

Harold was a little shocked.

He really did not expect that Jordy would make such a decision.

But this also showed one thing, Mr. Collins really cared about Miss White, otherwise, he wouldn't stay here for Miss White.

Seeing Harold keep silent, he could not help but frown. "What? Are you not willing to do that?"

"No, no, I'm very willing to do that."

Harold hurriedly shook his head to deny it.

How dare he be unwilling!

Jordy nodded and said, "Then it's settled. A private plane will be arranged later. Get on it and go back first."

"OK."

Harold nodded.

As for Gloria, she was taken to the top floor by Harvie.

It was the same floor where she and Jordy had met Harvie last time. In addition to the luxury rooms she saw last time, there were some rooms she hadn't noticed.

"I have some club stuff to take care of, so you live here for the time being. When I'm done, I'll take you somewhere else. This is a black card with no limit."

With that, Harvie took out a black card without a password and handed it to Gloria.

Gloria did not receive it. "Thank you for your kindness, I have my own money."

The implication was that she had money of her own, and if she lacked anything, she would buy it herself.

She was an adult.

Harvie also did not mean to take the card back.

He said, "I know you are not short of money, but I want to give you more. It's the first time we two really meet. This is a gift from the uncle to his niece."

Remarriage Never And Go Away Chapter 1465-Harvie's words were sincere and he regarded the card as a gift, so Gloria had to accept it.

However, Gloria was determined to refuse the gift.

She reached out her hand, and when Harvie thought she was going to take the bank card, she pushed it back to him.

"Thank you for your gift. But I have enough money, and I can't take money from you."

"Why?"

Harvie looked at her with a puzzle.

At the same time, he also noticed the aloofness on Gloria's face.

Instantly, he understood why Gloria refused the gift.

Essentially, Gloria still cared about her mother whom she hadn't contacted, seen, or heard from for more than twenty years.

He and Gloria were family. Even though he no longer wanted to go back to that country, for the sake of this lonely child in front of him, he had to make a trip back!

"Take it, and don't worry about those things. Since I know about your existence and the false news that your mother used to spread, I will investigate it and find the truth."

If nothing happened to her mother, he was bound to bring her mother to her.

Gloria saw the determination in Harvie's eyes.

She knew he was a man of his word.

He was a very good uncle.

But then again, she did not know the name of her uncle until now.

She hadn't even called him "Uncle".

Gloria hesitated a bit.

But after a while, she still asked for it, "By the way, I still don't know your name."

After knowing the relationship between the two of them, Gloria dared not to look at Harvie directly.

And Harvie felt her change clearly.

The next second, he ignored Gloria's refusal, directly took Gloria's hand, and placed the black card in Gloria's palm.

"I know what you are concerned about. I am your uncle, some of your only remaining relatives in this world, so you can be capricious in front of me!"

Gloria was really touched by these words.

She was moved to the point of crying.

It was the first time since her father's death that she had had such a feeling.

Her heart was still stuffy and heavy, and she felt extraordinarily depressed.

The black card with no limit was lying quietly in her palm, but she felt a thousand pounds heavy.

"What a silly child!"

Harvie stroked Gloria's head, smiling with a doting face.

And this scene was just seen by one of his men.

This henchman had just returned from abroad after running an errand, and she was carrying a silver-white, modest suitcase in her hand.

She rushed here as soon as she got off the plane, to report for the first time.

She knew that their boss was good to his men, and there had not been any woman around for so many years, let alone any intimate actions.

But she saw such an intimate interaction between her boss and a woman at the moment.

Her intuition told her that her boss and the woman across had a special relationship!

She did not dare to disturb them, and she silently pull the suitcase and turned around.

So she did not hear their conversation next.

“My name is Harvie Ferber. I know you still can’t accept the fact. It’s okay.

You can just call me Mr. Ferber. That’s what people who have been close to me and have known me for years call me.”

This was not his original name. Thinking that Gloria’s mother used the name Gianna Ferber, he took the surname Ferber as well.
