Chapter 151

Chapter 151 Surprises

Karen chuckled, "I thought it was something big. Why are you so curious about it? These two girls are smart. They both know what I want. They must have prepared the best gifts for me, but if they show them, there must be a winner.'

It was unfair to both of them.

Angela hurriedly stepped forward and held Lillian's hand, "Lillian.'

She whispered this, and then smiled at Karen, "Yes, grandma, Lillian came up with this idea temporarily. There is no need to compare them like this She suggested that because she felt it was novel. Please don't take it to heart."

She was like pleading for Lillian, but some people would wonder if Karen was 100 partial.

Was it because Gloria's gift was too awkward and she didn't want to embarrass her? Karen was upset by Angela's pretentious look. She believed that Gloria could win!

Then she looked at Gloria and said, "Gloria, I suddenly became curious. You two grew up together and the gifts you prepared must be exquisite Why don't you show them to us?"

Gloria's gifts never disappointed her every year. This time, it must also be a satisfying one.

Angela was a little surprised. Karen was so partial and she actually asked Gloria to show the gift to them? How confident was she in Gloria?

She sneered inwardly She would like to see how Gloria made a fool of herself and how Karen was embarrassed!

"Grandma..." Gloria was a little surprised, but the next moment she reacted. Grandma must want her to turn

the table and bring Angela down a peg.

She suddenly hesitated. She set this up in person to help Karen to get rid of her demon, In fact...

Grandma didn't want to celebrate her birthday Grandpa didn't provoke her on this day for a reason.

But now, she had to push grandma into the abyss with her own hands. What should she do if grandma really couldn't get over it?

At this moment, she was incredibly regretted and hesitant.

Jordy naturally noticed her complex mood. He frowned slightly. She shouldn't be flustered even if their gifts were compared.

Then why was she so flustered?

"Gloria?"

Gloria didn't speak. Karen thought she didn't want to do this.

Nydia saw Gloria's hesitant look She sat opposite Gloria across two tables and was

quite close to her. She directly said, 'Gloria, you and Angela seem to always think the same Why don't you show your gifts to us?! guess Karen would be very glad to see them!'"

Gloria's eyes were filled with hesitation. She subconsciously looked at Nydia who was nodding at her with an encouraging look

After hesitating for a moment, she looked at Karen and nodded with a smile, "I was afraid that the gift! prepared was not as good as Angela's, and that you would be disappointed. But since you want to see it, I'll show it to you. No matter how the gift is, it represents my love for you."

Nydia breathed a sigh of relief after hearing this. Fortunately, Gloria was smart. Just now she was so hesitant and was even in a trance, which was already suspicious. If Angela showed her gift and angered Karen with it, the others would probably doubt that this was Gloria's trick.

However, Gloria covered this by saying that. She made herself look like a person who was eager to win but was afraid to be embarrassed if her gift wasn't good enough.

Karen chuckled, "Don't worry! Housekeeper, go and take their gifts out. I'd like to see what they have prepared for me."

Chapter 152 Gifts

The housekeeper responded and went to the gift room.

The others were all waiting to see the gifts

Gloria and Angela were not only cousins, but also Jordy's ex-girlfriend and girlfriend, However, they were both close to the Collins family, and each had backers

Karen and Newell were on Gloria's side, while Old Joseph and Olivia were on Angela's side As for Jordy, Angela was his lifesaver. In any case, Angela would win, but she said that she would never marry Jordy. Therefore, this thing became complicated

And they were in chaotic camps

The others all wanted to see the face

Since Jordy and Gloria divorced, there had been farces.

Angela needed to show her gift, so she didn't sit down but just waited aside

Lillian had a proud look in her eyes. She glanced at Gloria, as if Gloria was bound to lose.

Angela was sullen Lillian was like a moron!

Why did she have that look as if they were bound to win?

She hurriedly winked at Lillian, and then Lillian wiped that look off her face

Angela took a deep breath and looked at Gloria with a soft smile, "Gloria, I didn't expect that we would offer gifts to grandma together, but it's our honor to do this together, right?"

At this moment, Angela acted like an elder who was comforting a person who was about to lose the game, as if they were not going to compare their gifts but just presented the gifts together.

Gloria nodded, "You are right."

Angela smiled and looked at the housekeeper who had taken out the gifts. She whispered, 'The housekeeper came back

Each gift was marked with its givers' names The housekeeper handed the unopened gifts to the two people respectively

Gloria look the gift. She wanted to give it to grandma before, but Grandma didn't take it. She asked her to bring the gift to the birthday party.

However, it was all grandma's excuse. What she really wanted to do was to announce that she was her granddaughter at the birthday party. Grandma's every step was for her. She was really afraid that grandma would see Angela's gift later.

She even wanted to... snatch Angela's gift and stop her from showing it

Jordy looked at Gloria. They were married for three years, so he could feel that she was getting more and more flustered

What made her so flustered?

Nydia came over with a smile, "How boring it is to open the gifts by yourselves! Miss Jones, shall we?"

Lillian was expecting this. She said with a smile, 'Okay, I'll open it for Angela.'

Nydia took Gloria's gift and squeezed Gloria's hand by the way, as if to set her mind at rest.

Gloria pursed her lips and looked away.

Then, they opened the gifts together.

Angela stood not far from Karen with a soft smile on her lips.

Everyone looked in their direction. If they weren't on such a special occasion, they would have stood up to watch this

People who were close to them could see it without standing up.

Lillian and Nydia were not slow Obviously, they were very confident in the gifts in their hands.

Under everyone's expectant gaze, the ropes on the two gifts were untied.

Chopter 153 How Could I Bo So Stupid

So many people were looking at them. Nydia opened the giri faster.

Angela looked at the gift box in her hand and wondered. It was just an ordinary jade bracelet, wasn't it? Why did Gloria use such a big gift box? Was there anything else in it?

Angela sneered inwardly It didn't matter even if there was anything else in it. She didn't care

Gloria's guilt couldn't be very novel.

However

When she saw Gloria's gift, her expression changed slightly

It was not the jade bracelet Gloria bought in the mall that day! It was a green jade loach!

Moreover, its texture was obviously different from that of the bracelet they saw in the mall. So was its

pattern!

The jade bracelet had dark lines pattern, but this one had no patterns and looked very pure,

The others sized the gift up unconsciously. Nydia introduced it with a smile, "Mrs Collins, Gloria is thin-skinned, so I'll help her introduce this gift to you."

'Go ahead' When Karen saw the jade loach, she loved it very much and even looked forward to knowing its origin.

Nydia nodded with a smile. This loach has a special origin and we didn't buy it casually. We specially went to

Temple Lucius at the foot of the green hill. The abbot of the temple was a very kind person. Gloria told him her intention. Then he said that there was a treasure in the temple, and Gloria was the one who was fated to have it. It was blessed by gods, and the one who was fated to have it didn't need to pay for it."

The others suddenly looked curious.

She didn't need to pay for it?

Angela looked at Nydia suspiciously. Nydia was so close to Gloria. How could she set Gloria up? She was obviously implying something.

Looking at the different expressions of the others, Nydia continued with a smile. The abbot said that Gloria didn't need to pay for it because luck brought her to the loach, which couldn't be desecrated with money, but she couldn't take it away for nothing. The temple has a total of 490 steps. Gloria needed to kneel every three steps, bow every five steps, and kowtow every seven steps before she got it'

Nydia didn't lie. Gloria really did that.

The others all had a surprised look in their eyes.

To kneel every three steps, bow every five steps, and kowtow every seven steps!

It was so strenuous! If one didn't want it very much, how could he do those things? They would rather spend tens of millions of dollars or hundreds of millions of dollars for a thing than kneel for it.

Besides, it was embarrassing if this got around!

Even if one wanted to please others, it would be theatrical to do those things.

Was Gloria too pretentious?

No one doubted what Nydia said, because Temple Lucius was a very serious and noble Buddhist site. No one dared to blaspheme Temple Lucius, and the people in Temple Lucius wouldn't lie for anyone.

Therefore, if they wanted to know whether Nydia was telling the truth, they could just go and inquire about it.

A surprised look flashed across Jordy's eyes, and he glanced coldly at Gloria. Gloria just smiled, "Grandma, do you like this jade loach?"

At this moment, Karen only looked touched. She looked at Gloria with a heartache, "Good girl! It's just an ordinary birthday Why did you have to do so much for it? Come on, let me see if you are hurt! Oh, 490 steps! And you might even fall from them accidentally. What a foolish child!"
Gloria chuckled, "I'm not that foolish, am I?"
While speaking, she walked to Karen with a smile.

Chapter 154 They Have a Connection

Karen only felt distressed. If it weren't for so many people here, she really wanted to lift up Gloria's dress and see how her knees were.

Angela suddenly turned a little pale!

Gloria tried so hard to please Karen!

Lillian became a little embarrassed to show the gift in her hand. The ropes on the gift box in her hand had been removed, but the gift box hadn't been opened As long as it was her turn, she would raise her hand and remove the lid.

Nydia chuckled, "Karen, the abbot of Temple Lucius said that you can put the jade toad in your bedroom, which will bring you longevity!

Karen immediately smiled and nodded, "Okay, Jade could nourish people, and it has been blessed It's very valuable

She took Gloria's hand, Gloria, thank you, but you can't do this again, okay? It's just a birthday.'

Gloria shook her head with a smile, 'Grandma, that's what I should do. You are my grandma, aren't you?"

Karen suddenly chuckled, "Oh, good girl, come here Sit beside me

Joseph looked at Gloria with a surprised look. She could actually make so many efforts to please Karen?

He turned to Karen and saw her sincere smile Light slickered in his eyes. As long as she was happy. everything would be worth it, nol lo mention

Joseph picked up the glass somewhat sullenly and took a sip of the wine.

Newell looked at Gloria with a smile, "It's really nice of you."

Gloria smiled, "You're welcome."

"Hey, how lucky I am to have such a granddaughter!"

Karen held Gloria's hand tightly and seemed to have forgotten Angela,

Nydia didn't forget her. She directly said with a smile, 'We have just seen Gloria's gift. Angela's gift is still waiting to be opened

Angela took a light breath. She suddenly didn't want to open her gift. No matter how good the gift she prepared was, it would be inferior to Gloria's!

Damn it!

This bitch actually played such a trick!

Lillian turned her eyes and hurriedly said, "Wow, they are truly cousins! In fact, Angela also went to Temple Lucius. Alas, the abbot also told her those things, but she couldn't do them in such a condition. Therefore, she chose such a gift carefully. I hope you can like her gift

Light flickered in other people's eyes. Yes, Angela couldn't do those things in such a condition. She became like this because of Jordy!

Angela breathed a sigh of relief She glanced at Lillian. This woman was helpful. At least she could put in a good word for her at the critical moment.

Karen smiled, "Don't worry."

However, she looked obviously less expectant.

She had always disliked Angela and felt that the thing she became a vegetable was suspicious. However, she couldn't find any evidence, so she didn't mention it.

Lillian said with a smile, "Angela had been choosing all kinds of gifts in the past month. She wanted to find one you like. Her efforts were paid off in the end!"

Then open the gift. Olivia didn't want Gloria to have all the limelight. She said as if she were expecting to see Angela's gift.

Nydia echoed with cold eyes, 'Yeah, open it and see if you two cousins' minds were in sync!"

Chapter 155

Chapter 155 Extremely Pale!

Lillian was still confident. Karen liked such a gift, and it looked high-end. Obviously, it was very valuable.

Under everyone's gaze, the gift was slowly opened.

When they saw the six pairs of jade bracelets, all the people in the Collins family turned pale, especially Karen!

Her hands suddenly shook hard, holding Gloria more tightly.

Noticing this, Nydia felt great!

Karen looked extremely pale, but she couldn't get angry at the party

Angela's expression stiffened. Why did they have such expressions?

Olivia panicked She quickly glanced at Lillian and motioned her to take the gift away quickly.

But Lillian got it wrong and said with a smile, "Mrs. Collins, these six pairs of jade bracelets are handmade. Angela watched the craftsman make them personally, I guess Angela's sincerity touched God, so that she got such good bracelets for you."

Karen looked gloomier, and the guests seemed to have noticed something wrong

Some people knew what happened before When they saw the jade bracelets, they were extremely shocked Angela actually prepared such a gift! Even if she didn't know what happened before, it was too coincidental! This was Karen's only taboo!

Why did Angela just prepare such a gift?

Angela was a little flustered at this moment. Something was wrong! Why did all of them look so grave? Lillian didn't notice this but continued to introduce it with a smile, "Six pairs, and Mrs. Collins will be sixty-six this year..."

"Stop it!

Gloria quickly stopped her.

Lillian frowned slightly. What was Gloria doing? The gift was better than hers, so she didn't want her to introduce it?

Seriously?

Angela's expression changed. Something was wrong! This was wrong! Just when she wanted to stop Lillian, Lillian continued proudly. And they are of high quality Look, the dark lines on them are exquisite and clear. These jade bracelets."

At this point, Karen couldn't stand it anymore. She immediately slapped angrily on the table and shouted, "Get out of here!"

Karen looked like a different person at this moment. Her eyes were red, and she trembled all over in rage!

"What's wrong? I can't just stop because Gloria wanted me to. How can we compare the two gifts if I can't finish introducing them?

"I told you to stop talking!" Before Lillian finished speaking, Gloria suddenly yelled at her in a cold voice.

Nydia sneered inwardly. Curtain time!

Angela really felt something wrong. She panicked and wanted to explain, but Gloria looked at her with disappointment, 'Angela, I told you not to buy such a gift and that grandma wouldn't like it! But why did you still bring such a gift here?"

The others were all shocked.

So, Karen didn't like this gift. But even if she didn't like it, she wouldn't be so furious. The gift must have touched Karen's taboo and was related to something.

The people in the Collins family all looked grave. Jordy said, "Put the jade bracelets away and give them back to Miss White

The housekeeper quickly snatched the gift box, replaced the lid, and handed it back to Lillian. Lillian was already dumbfounded.

Angela turned pale instantly!

Chapter 156

Chapter 156 Angela, Why Did You Do That

There were hundreds of people at the banquet, but it was silent on the spot at this moment. There wasn't even the sound of chopsticks touching the bowls.

Angela was flustered!

Even if she was a moron, she knew that she had fallen into the trap!

Gloria set her up!

That day, she thought she and Gloria were far apart and Gloria didn't notice her, so she heard Gloria say that she wanted to buy a bracelet for grandma. However, Gloria knew that she was secretly observing her from the beginning, so she said that deliberately, waiting for her to jump into the trap!

Damn it! What a bitch!

Gloria was in the Collins family for three years and naturally knew what was taboo to Karen, but she never mentioned it to her!

Angela shook her head with a confused look and looked at Gloria with disappointed eyes, "Gloria, what are you talking about? You never told me that grandma didn't like this. You told me this was her favorite. Why didn't you tell me she didn't like such a gift?" Angela stood where she was. She was skinny and even looked a little pitiful, which gave people a heartache when they looked at her.

The crowd subconsciously looked at Gloria. So, she and Angela were on good terms on the surface, but they were fighting secretly.

Maybe Gloria was jealous after being dumped by Jordy, so she set Angela up. It might be the truth!

Gloria shook her head in disappointment, "Angela, you think I envy you being close to Jordy after I divorced him? You are his lifesaver, Jordy, and I didn't love each other anymore not because of you. Why do you always guard against me? You think I was lying to you when I told you grandma didn't like such a gift? You think she liked such a gift, so you bought it for her?"

Jordy looked at Angela with a frown.

George was sitting at another table with Carlos, and he frowned slightly. Three women could make a scene. I think the two of them can already do that. Who do you think is telling the truth?"

Carlos's eyes slightly darkened, and he didn't reply.

Then the others all looked at Angela with some doubt in their eyes.

Angela was suspicious. Gloria said in the media that Angela was in love with Jordy. Did she pretend to be a good woman who would never break up other people's families but avail herself of every opportunity to seduce the married men?

Otherwise, why did she often eat alone with Jordy? After all, Gloria and Jordy were still married at that time. Didn't she know to keep a distance from a married man? Even if they wanted to eat together, they should bring Gloria with them, right?

Claude and Martha also turned a little anxious. Martha quickly got up and stepped forward.

She hurriedly said, "Mrs. Collins, there must be a misunderstanding. Please don't be angry with Angela. Angela, apologize to Mrs. Collins!"

Gloria looked so cold. She laughed in anger, "Apologize? You think an apology can make this thing right? Then why would grandma be so angry? Why would I tell her not to prepare such a gift again and again? Grandma didn't celebrate her birthday party before. Strictly speaking, this is the first time Angela presented her a gift. I was afraid that she would buy such a gift! But she always guards against me. She didn't believe what I said!"

Martha looked embarrassed and sullen. Gloria actually argued with her in front of so many people!

Remarriage Never And Go Away Chapter 157

Remarriage Never And Go Away

Chapter 157

Chapter 157 Why Did You Induce Me to Buy These Jade Bracelets?

But on this occasion, Martha couldn't talk back. She didn't know what happened before and why the jade bracelets became Karen's taboo.

"Drive her out of here. I don't want to see her! Get out of here!" Karen, who had been silent for a long time, was even angrier. She shouted in rage.

Gloria hurriedly took Karen's hand and said with flusters, 'Grandma, I'm sorry it's my fault'

She looked so guilty, as if saying that if she had known that Angela would not believe her words, she would not have told her not to buy such a gift. Then there might be such a coincidence.

Angela was shocked,
What a bitch!

Karen's heart was trembling. Her reason was almost submerged by anger. She grabbed Gloria's hand tightly in silence.

Olivia knew if this continued, Angela might never get a chance to marry into the Collins family. She said quickly. "Mom, it's been so long since that happened. It was not your fault at all, and this kind of jade will always be on the market. You'll see it again. You can't keep thinking about that thing."

Jordy also looked at Karen and said in a soft voice he rarely had, "Grandma, he's already dead."

He was already dead?

The crowd suddenly reacted. Who was "he"?

The little son that Karen lost many years ago?

He swallowed something carelessly, which led to his death. Was that. Was that related to the jade bracelets?

Even if no one explained what happened back then in detail, they could guess what had happened.

Even Angela responded, and she looked paler!

This was grandma's biggest taboo!

Damn Gloria!

She was such a bitch!

She actually set her up like this!

If Gloria hadn't said that she would buy that bracelet for grandma, how could she buy it?

Gloria induced her to buy it! So she could watch her make a fool of herself at the party!

Angela was anxious. She tried her best to calm herself down, looking at Gloria with

grievances and helplessness on her face, "Gloria, why? Why did you induce me to buy these jade bracelets?"

Everyone looked at Gloria in disbelief. So, she induced Angela to buy these jade bracelets?

No wonder Karen obviously didn't like them but Angela still bought them. Only a fool might do that. Moreover, Gloria knew what happened 10 Karen best. Anyone who was a little competitive might fall into the trap, right?

Gloria was really scheming.

Jordy looked coldly at Gloria with a frown.

Gloria looked puzzled, "Angela, what are you talking about? When did induce you to buy them?"

Angela's expression stiffened. She didn't know whether to tell the truth or not. Even if she did and vindicated herself, she might be considered extremely hypocritical, because...

But if she didn't do that, she couldn't vindicate herself, and the people in the Collins family would misunderstand her!

After much consideration, she made a choice that was less unfavorable.

She pretended to look at Gloria with distress, "Gloria, I don't know if there is any misunderstanding between us, but we are cousins anyway! I never wanted anything that didn't belong to me. Did you forget what happened when we were in the mall?"

Chapter 158 How Can She Forgive Gloria?

So many people looked at Gloria and Angela, as if waiting for them to confront each other,

Gloria frowned and looked at Angela in disbelief, "What should I remember?"

Karen's heart seemed to be bleeding, and she still grabbed Gloria's hand, as if she could feel secure in this way.

Gloria grabbed Karen's hand and said softly, "Grandma, I will always be with you, forever!"

Karen sighed. When she closed her eyes, tears fell on the table.

Joseph felt distressed. He immediately said in a deep voice, "Karen! Pull yourself together!"

Karen didn't speak, as if she were controlling her sadness.

Jordy also looked at Karen's other hand, "Grandma."

He didn't say anything else, but it was already a comfort for Karen.

He rested his sharp eyes on Gloria!

Just now, he noticed that Gloria wasn't in the right mood. She must have something to do with what had just happened!

How could she do this? To embarrass Angela, she opened grandma's old wounds?

Jordy had been suppressing his anger. Grandma cared about Gloria so much. If he exposed Gloria on the spot, grandma would only be more disappointed and sadder. So, he could only keep it a secret temporarily.

Angela was even more flustered. Everyone misunderstood her! They all thought she hurt grandma's feelings, but she was just set up by Gloria!

If grandma knew that her old wound was opened because of her favorite granddaughter, would she still love her so much?

Angela suddenly felt that she could take this opportunity to turn the table. She built up sadness and said with distress, "Gloria, when Lillian and I were shopping, we ran into you and Nydia. You said you wanted to buy a jade bracelet as a gift for grandma, but you said you told me that grandma didn't like jade bracelets and that I didn't believe you?"

Angela looked so disappointed. Her tears streamed down her cheeks. She looked so thin and pitiful. She trembled all over. Many people even wanted to pull her into their arms and soothe her.

Gloria immediately closed her eyes, as if she had nothing to say. The others were shocked. Gloria's trick was exposed, so she didn't know what to say? Right, they bought things in big shopping malls. There would be monitor video clips, witnesses, and purchase records, which were all indelible evidence. Gloria couldn't deny it.

Angela sneered inwardly. She would like to see how Gloria wound this matter up! Karen opened her eyes at this moment and looked at Gloria.

Gloria...

It wasn't that she didn't believe Gloria but that she wanted to see how Gloria was going to explain this.

Gloria sighed, and looked away, as if she didn't want to mention this again, "It's my fault."

The others were shocked.

Gloria really set Angela up? The situation turned unfavorable to her, so she admitted her mistake so quickly?

However, it was no use admitting her mistake. This was Karen's biggest taboo. How could she forgive Gloria?

"Gloria, you..." Karen's eyes were full of confusion.

Gloria sighed, looked at Karen and said in shame, "Grandma, it's my fault. It's all my fault."

Remarriage Never And Go Away Chapter 159

Chapter 159

Chapter 159 They All Responded

Gloria closed her eyes as if she had chosen to keep silent.

Angela suddenly breathed a sigh of relief. Gloria finally couldn't relule anymore! She hurriedly stepped forward and said to Karen, "Grandma, I should also apologize. If I had asked it carefully, such a thing wouldn't have happened. It was my fault Grandma, please forgive Gloria She is just too young and too ignorant'

"She's too young?" Olivia laughed in anger. She's already in her twenties!

Olivia didn't like Gloria and had been iargeling her, but in the past, she only picked on her at home.

Now that something like this had happened and Karen was so sad, she could pretend to be a filial junior and criticize Gloria

She said with disappointment, 'Gloria, when you were in the Collins family, how did grandma treat you? She was so nice to you and loved you so much! And you? Look what you have done. How dare you induce Angela to buy such things? Aren't you afraid of letting grandma down? I'm so disappointed by you!"

Jordy frowned and didn't speak. He always felt that something was wrong. Gloria was so smart, and was an eloquent lawyer Why was she still keeping silent?

When Nydia saw it was the time, she immediately said with a frown, "Gloria, why don't you tell the truth? Why are you still protecting her? She didn't listen to your warning and even shifted the blame to you Did she really treat you as her cousin?"

Angela's expression changed!

Damn it!

Gloria had a countermeasure!

She hurriedly looked at Nydia, 'Mydia, what are you talking about? How could I treat Gloria like that?"

Lillian was not as scared as she had just been, but said with a frown, "Yeah, what are you talking about? Gloria bought that jade bracelet and said in front of us that it was a gift for her grandma. There are the monitor video clip and purchase records. Do you want to see the evidence now?"

Nydia laughed in anger, "Gloria said that she was going to buy a gift for grandma! For my grandma, not hers!"

In an instant, the others all looked shocked,

George said in surprise, 'it's so dramatic!"

Gloria's expression changed slightly. "Nydia...

Nydia ignored her, but looked directly at the fifth table away from them.

She walked slowly to it, "Grandma, please raise your wrist and show the jade bracelet on your wrist to all of us.'

Ai this moment, Nydia's grandma also understood what was going on. She naturally couldn't refuse, but slowly raised her hand,

The others seemed to respond when they saw that the jade bracelet was similar to the gift Angela had just presented.

Angela turned pale instantly.

She shook her head with a pale face. It was all Gloria's trick! She made this trap for her! Gloria!

When Karen saw the bracelet, she was slightly relieved though she was still sad.

Fortunately... it wasn't Gloria who did that.
Nydia sneered and looked at Angela and Lillian, 'You actually said those things! How could you slander Gloria like that?'

Remarriage Never And Go Away Chapter 160

Remarriage Never And Go Away

Chapter 160

Chapter 160 Vanity and Desire to Win

Angela shook her head, "I didn't..."

Lillian was angry. It dawned on her what was going on. She immediately said, gritting her teeth, 'This was Gloria's trick! She deliberately said in front of us that it was a gift for grandma, so we thought that she was going to give that gift to Mrs Collins! We thought it was Mrs Collins's favorite style, and then we went 10 great pains to find it, but, but.'

They had to tell the truth

Nydia sneered, "My grandma loves this kind of bracelet most. Gloria and I are best friends. My grandma just celebrated her birthday yesterday. Gloria bought this for her! You didn't put your mind 10 figuring out what Mrs. Collins liked but tried to get the answer from Gloria directly. Don't you feel ashamed?"

Gloria looked at Nydia and shook her head, "Enough..."

Her voice was low but people nearby could hear it.

Angela and Lillian looked even paler!

Martha also panicked. She wanted to please Karen at this party, but they were set up by that bitch!

They fell into her trap and touched Karen's taboo!

They couldn't explain it at all. She quickly looked at Karen and shook her head, 'The whole thing must be a misunderstanding!'

Before Karen could speak, Nydia sneered, "I was wondering why you bought such a gift. When Gloria said she wanted to buy a gift for my grandma, you weren't nearby at all. So you were watching her in the distance a long time ago!"

Angela looked even paler. She shook her head and was about 10 speak, but Nydia's sarcastic voice sounded again, "Before, you said that you and Gloria always thought the same and might buy the same gifts. So you just secretly found out what she bought and then prepared a better gift! You thought Gloria only bought one bracelet, so you bought six pairs!"

Angela was dumbfounded

She took a deep breath, but she couldn't get a word out of her mouth. She just shook her head repeatedly

The others looked at Angela with more complicated eyes.

So Angela had been hypocritical all the time?

She pretended to be Gloria's good cousin on the surface, but secretly did such a thing? How ridiculous she was! She failed to hide her true face this time. How should she face

others in the future?

“Nydia... Gloria got up and held her hand, trying to stop her.

But Karen suppressed her anger and sneered. There’s no need to hide anything. Don’t protect her. She already did such a thing, didn’t she?”

Nydia’s father looked grave!

Gloria was close to the Collins family, so it must be beneficial for Nydia to make friends with her.

But... they couldn’t afford to offend the White family. Nydia completely offended the White family by doing this. How should he face the White family in the future?

However, Mrs. Collins had said that. If he stopped Nydia from exposing Angela, he would offend the Collins family. He was caught in a dilemma.

Nydia looked at Angela in strong disappointment and scolded, “You were Gloria’s cousin and I thought you were a very smart and nice person. When Gloria was interviewed, I even praised you, but how could you do such a thing? Will you be happy if you win and embarrass Gloria in front of so many people? Since you thought that Gloria was going to prepare a jade bracelet as a gift, why did you prepare more than she did! Was it because of your vanity and desire to win?”
