Remarriage Never And Go Away

Chapter 171

Chapter 171 Jordy, You Have Such Good Taste!

Gloria was about to pick up the shoe box, and Jordy looked at her. His face looked even more gloomy than before.

Karen hurriedly said, "Gloria, hurry up and put on these shoes! Jordy, carry Gloria to the lounge to change her shoes."

Jordy felt speechless.

He didn't move. Then, Gloria hurriedly said, "No need. I'll ask my friend to take me there Gloria said as she waved her hand at Nydia.

Nydia was looking at her. Seeing this, she called Jennifer beside her And then she and Jennifer got up together and walked toward Gloria

Then, Gloria sighed with relief.

Jordy picked up her chopsticks and didn't say another word.

Karen gave Jordy a disappointed look, but at this point, she couldn't say anything.

Then Nydia and Jennifer helped Gloria up. The three of them slowly walked towards the lounge

After Nydia arrived at the lounge, she couldn't help but say. "Gloria, what's wrong with you? How can such an expensive shoe be broken? The quality of these shoes is too bad!"

Gloria's face was slightly stiff, and Jennifer saw that something was wrong. Then she looked at Gloria and said, "Gloria, how did the heel break?"

Jennifer said as she opened the shoe box for her.

Gloria took off her high heels and said in a helpless tone, "I just broke it by accident. Maybe I had a bad day."

"Come on! These are multi-million dollar heels! You're so unlucky!" Nydia didn't believe what Gloria said.

Jennifer didn't continue to question Gloria because she was already stunned when she saw the shoes in her hands. "This is such a beautiful pair of crystal heels."

Gloria and Nydia looked over together. Those shoes were made of crystal. And if the feet were put in the feet would also become all transparent

These shoes looked very high-class. And it was not that rich people were suitable to wear these shoes. It seemed to be more suitable for someone who had beautiful feet to wear!

Secondly, there were some detailed lines on these high heels. If the light shone on that pair of heels, it would shine with silver light, which made this pair of high-heeled shoes look extremely upscale,

This pair of heels is so pretty! And your feet are so beautiful. If you wear these shoes, you will look beautiful! Gloria, this pair of heels is even better than the ones you had before!"

Gloria's eyes flickered, but she stayed silent.

At this point, that was the only pair of heels she could wear, so she didn't have a choice. Then she said, "Give it to me."

Jennifer took this pair of heels out and bent down on the floor. Then, Gloria put on crystal heels.

"Jordy has good taste! You can just fit into these shoes!" Nydia said in a casual tone. However, Jennifer looked at Gloria with some concern. "Gloria, what's going on between you two..."

Gloria sighed. "It was all an accident today. I didn't expect it to happen. Forget it. Let's go out first! Grandma is still waiting for me."

"Okay."

When they came out again, many people dropped their eyes on Gloria's feet. When the others saw Gloria wearing that pair of crystal heels, they all had a look of envy and jealousy in their eyes!

Not only was Gloria gorgeous, but even her feet could be so beautiful!

A look of amazement crossed Jordy's eyes, but he frowned the next moment. His face clouded over as he regretted it a little.

Olivia was confused when she saw her son frowning.

However, when Karen saw the crystal heels, she said in a surprised tone, "The heels are so pretty! Jordy, you have such good taste!"

Chapter 172 The Collins Family Will Protect You

Jordy felt speechless.

When Gloria came over and heard this, she coughed lightly. Then, she didn't say anything and took her seat.

However, Karen smiled and said, "Jordy, I'm going to give you a task. No matter how bad your relationship has gotten since your divorce, let me tell you that I will treat Gloria as my own granddaughter. She is the apple of my eye! So you have to be nice to her! You pick out dozens of outfits for Gloria. Then have them made to order and delivered to her!"

Jordy frowned as he said in a helpless tone, "Grandma."

Olivia looked grim. Before Olivia could say anything, Gloria spoke up, "Grandma, I have enough clothes to wear. You don't have to have them custom-made for me anymore"

Karen looked at Gloria with gentle eyes, "Good girl. I know you have enough clothes, but those clothes are not the same as the ones he bought!"

After saying that, Karen looked at Jordy with a fierce gaze. "I don't care! You have to carefully pick out fifty outfits for the season. And I'm going to check out those clothes myself! Otherwise, I will punish you!"

Jordy's face darkened

Gloria's expression also changed a little. At that moment, they said at the same time, "Grandma."

Because they both heard each other's voices, they looked at each other. And the next moment, they quickly looked away.

However, Karen was pleased and said, "Today is my birthday! I'm the one who rules here! Jordy, I'm asking you to buy those clothes or not!"

Jordy said in an annoyed tone, "I'll buy those clothes!"

Karen was satisfied. Then she turned her head to Gloria, "Will you accept those clothes?"

Gloria was about to shake her head, but she looked at Karen's expectant look in her eyes and said, "I'll take them."

That's right! Karen felt satisfied and continued to eat the noodles. When she finished eating noodles, she rubbed her stomach and felt a little helpless. "Honey, do you still think I'm eating the same as before? My stomach is about to explode!"

Joseph frowned as he said, "If you're full, why are you still eating?"

"If you hadn't cooked the noodles yourself, could I have eaten so much? Karen's eyes had a complaining look.

Joseph was stunned. He didn't know what to say for a moment. After a moment, he sighed and said, "Then I will cook for you more often, but you should not eat too much."

Karen laughed and said, "Okay! You have to keep your word like Jordy and Gloria."

Joseph felt speechless.

"Okay, okay, okay. I'll listen to you."

Karen felt satisfied with her birthday banquet!

She couldn't help but say, "I think today is the best birthday banquet I have had in decades!"

Karen said as she shook Gloria's hand. At that moment, Gloria shook her head.

"Grandma, ..."

"Don't say it. I got you."

Gloria wondered what Karen understood. However, why did she not understand what Karen meant?

The party had come to a successful end!

When the party was over, Gloria couldn't leave and helped to see off the guests because she was a member of the Collins family. Besides, Karen also asked her to do so.

Gloria felt helpless, but she was also very moved. Since Karen had asked Gloria to do this, she was telling everyone about Gloria's position in the Collins family. Even if Gloria and Jordy divorced, the Collins family would still protect her.

However, everyone was left in confusion, as Gloria had done two decisive things that were unfavorable to the Collins family. Therefore, people wondered why Karen forgave Gloria and defended her.

Chapter 173 I Made It

It was not until the guests had left that Gloria looked at Karen. "Grandma, I should go." Although Karen did not want Gloria to leave, she nodded helplessly and said, "Okay, off you go."

Gloria flashed a grin.

Karen smiled as she nodded her head. When she looked at Jordy, who was standing by, she wanted to kick him in the shin!

'Why don't you hurry up and give Gloria a ride home? Are you going to let her leave alone?'

Jordy looked even more gloomy. "Grandma!"

Gloria's expression changed. Then she said in a hurry, 'I don't need him to drive me home. Grandma, my friends are waiting for me outside. I'll go back with them.'

"Friends?" Karen was a little suspicious.

Gloria spoke up and said, 'Well, Nydia and Jennifer are waiting for me Grandma, I'll go first.'

After saying that, she didn't want to wait for Karen to reply to her. Thinking that the crystal heels were a gift from Jordy, she paused but left quickly the next moment, Her last pair of heels had been broken because of him, so he should pay for them!

Then, Gloria walked out with her crystal heels on

By now, Nydia and the others were staring at the door. As soon as they saw Gloria come out. Bryson immediately rolled down the passenger window. "Gloria."

Gloria smiled and walked over.

Jordy had just reached the door when he saw Gloria get into the car. When he saw through the unclosed window that the person sitting in the driver's seat was Bryson, Jordy's face turned icy cold!

However, they were looking at Gloria, so none of them noticed Jordy.

Gloria was a little surprised when she saw they let her ride shotgun, but after thinking about it, she opened the door and got in.

After closing the door, Bryson closed the window for her and drove away.

Nydia was in a great mood and said, 'I was so thrilled to see Angela get kicked out of the party! I just want to go out and have fun!'

Jennifer laughed, "Sure. Why don't we go to karaoke? Do you guys have anything else to do tonight? It's been a lot of days since we last hung out!"

Bryson smiled and said, 'I'm fine with that.'

His car drove slowly. Apparently, he was waiting for the group to discuss before deciding on a route.

Gloria raised her eyebrows. "I'm in"

Nydia smiled and said, "Let's go! I'm so bored!"

Bryson laughed as he drove faster. 'Then we'll go to the old place'

Soon, they arrived at KTV and went into a private room. Nydia had started to order

songs and was in a very good mood.

"I don't know what Angela is like at home right now. Maybe she's going to cry all the time!" Nydia spoke as she took the microphone

Jennifer snickered. "Crying? I'm sure she's cursing Gloria, but I didn't expect Angela to play such a trick. She was trying to beat Gloria. Gloria, did you already know your cousin's true colors? Otherwise, you wouldn't have plotted against her like this. Right?" Gloria sighed. "I only did this as a test, but I didn't expect Angela to fall for it. Again, I didn't do it to humiliate her.

"So you did it because...?" Jennifer was a little confused while Bryson raised his eyes to look at her.

Gloria curled her lips and said, "I made it."

She then told them her intentions.

Bryson and Jennifer were both a little shocked. And Jennifer said in an incredulous tone, "How dare you do that! If you don't make it this time, you'll break Karen's heart. Aren't you afraid that the Collins family will blame you?"

Chapter 174 I Will Never Have a chance to Redeem Myself

Gloria laughed helplessly. "I probably didn't think about it that much at that time. And I just wanted Grandma to get over it."

Nydia had ordered the song. She walked over to the couch, sat down, and handed out the bottles of beer to the others. "Come on, come on! Let's drink and get drunk! Gloria made it! We're celebrating Gloria's success today!"

"Come on! Let's drink together!"

Everyone was very excited. After drinking for a while, Bryson couldn't help but look at Gloria and speak in a lower voice, "Gloria, what's wrong with your high heels today?"

Gloria was in a daze. After a moment of hesitation, she spoke in a lower voice, "I stepped down on the ground 100 hard, so I accidentally broke one of the heels. I didn't have my cell phone with me at that time, so I couldn't contact you guys. Grandma saw that I hadn't come back for a long time, so she forced Joidy to find me. Then, you all know what happened next"

At this point, Gloria was still wearing those crystal high heels.

A look of bitterness flashed under Bryson's eyes. He realized that he would never reach Jordy's social status.

Jennifer patted Bryson's shoulder and said, "What are you thinking? Come on! Let's drink! No matter what happened today, at least Gloria made it. I'm more curious about what Angela will do next."

"Didn't you say that? She's cursing Gloria. No! She is also cursing me! She's starting to hold a grudge against me this time" Nydia spoke in a casual tone.

Gloria frowned slightly while Nydia laughed out loud and said, "My dad is going to be

angry He knows he can't afford to offend either the Collins family or the White family. If he stopped me, he would have offended the Collins family, but if he didn't, he would have offended the White family, and he is now in a dilemma! But he deserves it! Gloria had mixed feelings inside. "Did your dad call you?"

"Can't you see I turn my phone off? Otherwise, he'd be phone bombing me! Now I'm so thrilled about offending the White family! I think my dad has too much free time. And all he does is live with that homewrecker and give birth to a bastard! I'll give him something to do now, so he won't bother me all the time."

Jennifer sighed helplessly "You can't keep doing like that! He is your father, after all."

"I only have my two mothers in my life!"

After saying that, she picked up the microphone. 'Enough! We must have fun tonight! I'm going to sing! Which one of you is going to sing with me?'

After saying that, Nydia started to sing.

Although there were some small episodes, the atmosphere soon became exciting, and Nydia started dancing

On the other hand, the atmosphere was very depressing

Bang! Clang!

There was one smashing sound after another. The ground was filled with all the pieces. Some of the containers were filled with water. And because the light was on, the ground reflected a layer of silver light.

However, this did not stop Angela. She didn't stop until she realized there was nothing left to smash in the house!

She slammed her fist on the bed in anger. She hadn't been this angry since she woke up!

And yet, she was so angry because of Gloria!

Martha looked grim, and Claude looked at Angela with a gloomy look on his face. "Have you had enough? Do you think you're going to be able to fix this if you keep smashing things?"

Angela was going crazy and shouted, "What can I do? Gloria humiliated me so much today. She disgraced me in front of all those rich people! I will never have a chance to redeem myself."

Chapter 175 They're Having A Great Time

Martha took a breath. "Mrs. Collins just called me to tell me that Karen has since gotten better. She also asked someone to find you and that she wouldn't mind it."

Angela gritted her teeth and said, "So what if she doesn't care? Now everyone thinks I'm a hypocrite. And

everyone thought I pretended to have a good relationship with Gloria. Gloria was kind enough to remind me, but I was so ungrateful. And I even wanted to beat her. How can I clarify this with her?"

The good image she had maintained for years was gone for good at this moment. She was exposed!

“And Jordy didn’t even speak for me today And he even stood by with a cold face. He doesn’t like me at all. How can I get in touch with him in the future? What will people in high society say about me then?”

Martha said in a deep voice, “The White family is still very influential, so no one dares to judge you. Angela, no matter what your image is, all you have to do now is find a way to marry Jordy And we are both from business families, so we will be united based on our interests. No matter what your reputation is, you are Jordy’s savior

Claude nodded with a grimace. “Thai’s right. People will slowly forget what Gloria said today You still have a chance to redeem yourself. You can’t just give up! The Collins family still has to cooperate with the White family in business right now.”

Listening to her parents’ words, Angela seemed to have calmed down a little

In fact, when Martha and Claude watched Angela smash things into pieces, they were trying to give her a chance to vent her anger and calm down.

At this point, although Angela was angry, she felt that her parents had a point

She frowned slightly and said, ‘So what should I do next?’

Now, she was a little confused and afraid that Jordy didn’t like her anymore.

However, she felt that her parents were right Sometimes people didn’t be together just because they liked each other. Her family had a partnership with the Collins family, so she would get married to Jordy sooner or later.

Claude said, “I’ll find a way to ask Gloria to come back tomorrow. You need to let them know that you have a good relationship with Gloria. As for you, you keep being yourself. You need to continue to maintain your image. You have to pretend that you have moved on from what happened before. You’re generous. And you don’t want to explain anymore for Gloria.”

Angela’s eyes flickered, but she nodded anyway.

Martha said, “Yes. Olivia really hopes that you and Jordy can get married. Next, I’ll get Olivia to do something about it. If it is possible, why don’t you and Jordy have sex?”

Angela’s face changed slightly. “Mom...”

She wasn’t shy, but she had tried to have sex with Jordy, but Jordy wouldn’t agree!

Besides, she wasn’t cheeky enough to keep mentioning things like that Otherwise, she would have made Jordy think she was flirtatious.

Martha said with a cold expression, “Things are different now. Just wait and see. I’ll make your wish come true.”

Angela looked at Martha with some surprise and said, “Mom, do you have a solution?”

“Well, keep up your image. You don’t have to stay home either. Just live your life as usual. A lot of people are watching you now. You have to live a better life. And you’re going to visit Karen at the Collins villa tomorrow.”

Angela nodded as she said in an obedient tone, “Okay.”

She felt relieved now that her parents had arranged for her to do what she needed to do next.

As it was getting darker, Angela eventually fell asleep in agitation. Meanwhile, Gloria and the others were having a great time.

Chapter 176 Find Out What Happened to Her

Nydia was waving her beer bottle while dancing around. Jennifer was laughing out loud as if she didn't care about her image.

Gloria drank a bit too much. At that moment, she was leaning on the couch while rubbing her temples with one hand.

The only sober person left in the room was Bryson.

He slowly approached Gloria and handed her a glass of water. Then, he took the glass of beer out of her hand. 'Stop drinking. Otherwise, your head will hurt more.'

Gloria opened her eyes slightly. Her face was a little redder than just now because of drinking. She grinned as she said, 'Okay'

Although she had drunk a little too much, she was still sober

After a few moments, she slowly got up and said, "I'm going to the bathroom."

Bryson didn't say anything. However, Nydia just entered the bathroom and closed the door. Then, Gloria walked straight out the door.

Bryson frowned and said, 'Gloria.'

"Don't worry. I'm not that wasted. I've just had a little beer."

Gloria had a slight headache, but she was walking steadily.

Soon, Gloria went to the public bathroom. Because each private room had its own bathroom, customers seldom went to the public bathroom. Gloria washed her hands and then walked out of the bathroom. Because she had her head down and wasn't paying attention, she turned the corner and ran right into someone else.

At that moment, she felt her head suddenly hurt more!

The man she bumped into found it a bit familiar when he smelled the fragrance and the alcohol on her body. When he saw who she was, he held her up and said, "Gloria?"

This familiar magnetic voice made Gloria sober up instantly. Then she took a step back and said in a surprising tone, "Mr. Brown?"

Jonathan burst out laughing. "What a coincidence! I didn't think I'd see you here. Are you drunk?"

Jonathan was a little surprised. As far as he remembered, she didn't like alcohol because she thought it would mess things up. What's wrong with her today?

Looking at Gloria with one hand on her temple, he frowned. "Why are you drinking so much? I'll take you home first."

Gloria hurriedly took a step back and said, 'No need.'

Because her friends were in the private room, and she didn't want to spoil their fun, she had a drink. Besides,

she was in a really good mood today. She was really happy because she let her

grandmother figure it out her concerns And that was why she drank a little more. However, she didn't want to get too close to Jonathan. Seeing him raise an eyebrow, Gloria said, "I'm out with my friends. Mr. Brown, I won't bother you to take me home. Take care."

Just as Gloria finished speaking, Bryson walked out. Seeing Gloria and Jonathan together, he frowned and immediately approached them. Then, he stood beside Gloria and stopped in his tracks.

"Mr. Brown, you're here, 100," Bryson said with a smile.

Jonathan narrowed his eyes and said, "Mr. Lloyd, are you out here with Gloria?"

Bryson frowned when he heard Jonathan call Gloria by her nickname, but the next moment, he smiled and nodded, "Well, Gloria's had a little too much to drink. I'll drive her back first. Mr. Brown, if we have a chance to meet next time, let's have dinner together."

Jonathan glanced at Gloria, and when he saw that she had no intention of talking to him again and was going to leave, he nodded and said nothing more.

Soon, Bryson and Gloria went back to the private room.

At that moment, another person slowly came out of the hallway. Then Jonathan said, "Go find out what's going on with her."

The man did not go to find out and said in a respectful tone, "Mr. Brown, I know what happened to Miss White"

Chapter 177

Chapter 177 Just a Dream

Jonathan gave him a look and led him to an empty room. Then his assistant told Jonathan everything that had happened at Karen's birthday party.

Jonathan narrowed his eyes slightly and didn't say anything at first.

The assistant described the events in detail and was afraid to miss anything. And he did not dare to analyze it, so he told Jonathan the whole story truthfully

The next moment, Jonathan laughed lightly. 'Does Jordy think he can still be with Gloria now?'

The assistant was a little surprised and said, "Jordy is going to get back together with Miss White? How is

that possible? He's always been very cold to Miss White. He even resents her"

Jonathan snickered "Given his personality, who could give him a hard time? Even if his grandmother did give Jordy a hard time, he could have carried her in through the back door. Why would he let so many people watch him carry Gloria into the banquet hall?"

After spending some time with Gloria, he could be sure that Gloria had no feelings for Jordy at all

Therefore, she would not let Jordy carry her into his arms back in front of everyone. But she could not walk because her high heels were broken. Therefore, she could only let

Jordy carry her inside

The assistant laughed and said, "Mr. Brown, we don't need to think so much about it. After all, Miss White is determined not to get back with Jordy. We just have to go with our original plan."

Jonathan narrowed his eyes and said, "It's hard to say"

The assistant looked at Jonathan with some surprise and didn't say anything.

And Jonathan said, "Keep watching her. Go check Bryson and Gloria's history back then."

wanted to dig deeper into what had happened between the two of them.

The assistant nodded and said, "I'll do that."

By now, Gloria and Bryson had returned to their private room.

Nydia came out of the bathroom and saw Gloria looking a little dazed. Then, she staggered over and said in a slightly agitated tone, "Seriously? You haven't drunk half as much as I have before you started to faint? No way! You have to keep drinking!"

Bryson said, "I'll drink with you. Gloria has a headache."

Gloria smiled back and shook her head. "Yeah, I can't drink anymore. Otherwise, my head is going to explode."

"Boring!" pouted Nydia. After drinking, she felt her tongue stiffened a little.

They had some fun before they went out together. Gloria seemed fine because she didn't drink anymore. And she no longer had a headache.

Nydia was staggering, so Gloria and Jennifer held Nydia up. Jennifer was laughing while cursing. "You're an alcoholic! Can't you behave? You get wasted every time you drink! I still have to take care of you!"

A look of arrogance flashed across Nydia's face. "You're lucky to take care of me. I won't allow others to take care of me. Gloria, I'm going to sleep at your place!"

Bryson was also a little helpless. "I've already spoken to the family driver about driving you back home."

Bryson took Gloria and Nydia home first. He walked them both upstairs before returning to the car.

Jennifer had been leaning in the back seat with her eyes closed. When she heard the door open, she opened her eyes and saw Bryson already sitting in the passenger seat. Jennifer looked at his handsome face and couldn't help but whisper, "Bryson, do you like Gloria that much?"

Bryson was stunned, but the next moment he laughed lightly. "Yeah, but Gloria doesn't like me. It was just like a dream."

"Just a dream..." Jennifer murmured. She thought she was just having a dream too.

Remarriage Never And Go Away Chapter 178

Remarriage Never And Go Away

Chapter 178

Chapter 178 A Stone In The Throat

Bryson's eye had never been on her. Should she carry on?

She was exhausted, but she just couldn't give up...

How she hoped Bryson would give up on Gloria and turn to her one day!
“So, there’s never been a second that you wanted to give up?” with her eyes on him, she couldn’t help asking.

The driver drove his car silently in his own bubble. He’d never dared to pay unnecessary attention to his boss’s business

Bryson’s eyes flickered. He couldn’t help but turn his eyes to Jennifer and gave a helpless smile, “Do you have a loved one, Jen?”

Jennifer felt something grip her heart. Her face stiffened a little and for a moment, she didn’t even know how

to reply.

While Bryson was actually not really waiting for a reply, but only talked to himself instead, ‘My love for Gloria didn’t start yesterday Looking out for her and protecting her has been written into my bones. Over these years, I’ve never dared to hope that she can really be with me, but... if she wants, I’ll definitely make her my priority in everything and never let her get hurt.’

Jennifer’s face became more and more complicated.

How much... did Bryson love Gloria on earth?

But the next second, she started to laugh at herself. That was an unnecessary question!

Bryson loved Gloria, as much as she loved Bryson

True love could be generous, to the point where the loved one’s happiness is all that matters, while selfish love will stop at nothing to get what it wants.

Therefore, even though she knew Bryson loved Gloria, she had never been jealous, but only envious of her. She just wanted to stand behind Bryson and be there with him.

“What happened, Jen?” hearing her self-mocking laugh, Bryson looked back, only to find tears trickling down her face

Bryson’s face changed slightly. “You’re crying, did I say something wrong?”

The driver tried not to listen, but still, he caught an unconscious look at Jennifer in the back seat from the rear-view mirror.

Jennifer suddenly realized what was happening and wiped off with her hand the tears off her face, ‘No. It’s just some old memories, I’m fine. I drank too much today.’

Bryson frowned a little. Obviously, he didn’t believe it. ‘Are things at home going on well? Is there something still not settled? You can try talking with me. I’ll help you,’ he asked apprehensively.

Jennifer’s heart was gripped by his words. How could she give him up when he was so good to her?

The pain was like a beast tearing her heart into pieces. It hurt to even breathe.

“I’m fine,” Jennifer forced herself to turn her head away from Bryson and not to communicate with him. She was afraid that driven by alcohol, she was going to confess her love to him in any minute.

Once it was brought to light, things between them would become more than weird.

Bryson would possibly alienate her, which was the least she wanted. His friendship was enough for her, if his love was never impossible.

At least he would be there whenever she was sad and wanted a drinking buddy.

Otherwise, he would very possibly try to avoid her.

Seeing that she was in no mood to talk about it, he was helpless at last, "I love Gloria and my attention has always been on her, but both of you are my friends. You can talk to me whenever you are in trouble. Whatever it is, whether I'm capable or not, I will try to find a way."

Jennifer only felt a stone in her throat. She forced herself not to cry tears again and only nodded yes. She didn't dare to even speak, because she would burst into tears in any minute.

Bryson didn't notice anything and withdrew his head. It was dead quiet in the car. The silence was suddenly broken when they arrived at Jennifer's house at last.

Chapter 179

Chapter 179 Tied Down By Her Family

"Thank you for the ride."

Jennifer said nothing except that she had everything to tell this man but in the end, she still couldn't open her mouth

Bryson nodded, smiling. "I'll walk you."

"No, there's no need. I'm already at the gate. It's too late, you should go home and rest Bryson didn't insist but only nodded He didn't leave until he was sure she was inside the house safely.

While Jennifer just looked through the window at the light lading away, heartbroken. He was such a sweet guy she would be with him for the rest of her life if he really was willing to love her

Gloria simply didn't love him. Her heart was still broken from her last relationship and she simply didn't believe in love anymore. Did he want to protect her and be her guardian for the rest of his life?

Jennifer's tears seemed to be pouring now.

At the sight of her daughter standing in the doorway of the living room and sobbing with her head down, Jennifer's mother came downstairs and walked up with a confused look, 'What's wrong, Jennie?'

Jennifer came back to her senses and hurried to wipe her tears off, "Nothing, I'm just very tired. I'll be in my room."

Mrs. Thomas took her by the arm and found tears streaming down her cheeks. "Why are you crying? Did someone hurt you? Where have you been? Why are you back home so late?"

No matter how she had forced Jennifer to marry Wayne, at the end of the day, she was still her beloved daughter How could she watch Jennifer cry all the time?

Jennifer took a short breath and her face looked quite bad. "I'm fine, Mom. Nobody hurt me. Don't worry about me.'

After that, she stepped toward her room.

Jennie! Mrs. Thomas followed her steps and spoke again, 'Have you been forced by some man?'

This time, Mrs. Thomas couldn't hold back and asked what had been in her mind. Jennifer looked at her in shock, 'So you were worried that I might have had something with a man?'

Jennifer saw the change in the look of Mrs. Thomas's eyes, but she continued the next second, 'It's an open society, but you are a woman after all, Jennie. You need to know the boundaries. Women are always the first to get hurt in things like this.'

Jennifer felt it couldn't get more sarcastic, 'I'm the one to get hurt?'

Mrs. Thomas's face changed a little. Jennifer couldn't take the sarcasm and said, 'Then how come you didn't think about my happiness when you let me marry that scum?'

'You... ' Mrs. Thomas restrained herself and said in a little helpless tone, 'I didn't know he was that kind of scum! He disguised himself 100 well. And your father.'

Mrs. Thomas suddenly stopped. She didn't seem to want to bring Mr. Thomas into this, in case he also resented by Jennifer.

But Jennifer was not a fool. She only said coldly, 'All right, I don't want to talk about it anymore. And you guys should stop telling me what to do with my life I'll not listen to you!'

After that, Jennifer went back to her room and slammed the door.

Mrs. Thomas was furious, 'Jennifer, you are a grown lady now! Stop being the baby you are right now! Don't take all the previous privileges for granted! Being the daughter of the Thomas family, you have to give! This is your destination!

Jennifer's tears seemed to be getting heavier

At this very moment, she suddenly had a strong idea that, she wanted to be just like Nydia, whose life she had found enviable.

Nydia had chosen to disassociate herself from her family, and no longer be tied down by the family.

But she...

Jennifer took a light breath and closed her eyes. Tomorrow, she had to look for an apartment.

Jennifer did not sleep well that night, and neither did Gloria. What had been bothering her kept waking her until her alarm rang and got her up. Today, was the day to visit her grandmother.

Chapter 180 Soothed And Reassured

She washed herself up and found her eyes looked a little puffy, so she put on some foundation to make herself look not too bad

Plus, she was going to Temple Lucius today. Too much makeup was inappropriate

She drove all the way to the old Collins residence in the living room, she found Karen already well dressed and seated on the sofa. Gloria was pleased to find her florid and smiled, "We could hit the road in any minute."

Karen nodded, smiling. There was no rush, girl."

'What else, Granny?' Gloria was a little confused

'We're waiting for another one.'" Karen made it very mysterious. Gloria was puzzled.

However, before she could make a guess, the sound of a car came from outside. She took a subconscious look while Karen said in excitement, 'Go, Let's We're going right now!'

He sprang to her feet, took Gloria by the hand, and walked towards the door

Outside the door. Jordy was found sitting in the driver's seat and didn't seem to be wanting to get off. There was a change in the look of Gloria's eyes. She subconsciously looked at Karen, 'Granny.'

"Sometimes, Gloria, it's just meant to be. By Master Void's words, Jordy is my.."

Dead son.

She silenced the two words by a pause, and said in excitement again, 'So I should take him with me and ask for the Master's enlightenment!'

Gloria found it ludicrous

For a minute, she didn't know what to say.

Granny must have totally fallen for her words, which explained why she was taking Jordy with her. She probably just wanted a word of confirmation.

What else could Gloria say?

She secretly sighed. She had always found Jordy everywhere she went like a haunting ghost, but Jordy must be feeling the same way!

They had divorced for good, but she just kept coming back and bringing trouble to him.

He had a job and ran a big company, but now he had to take granny and his ex-wife to a temple for some enlightenment from a monk.

With that in her mind, Gloria felt much better. Jordy must be feeling more annoyed than her, for sure.

Seeing him annoyed had made her less annoyed. And for that, she could put up with her own annoyance now.

"Come on, Gloria, get in the car. Jordy will drive us there."

Gloria nodded yes and got in the car following Karen.

Jordy said nothing, but only slowly backed the car out after making sure the door of the car was closed.

Gloria compressed her lips and kept silent, while Karen was more than excited at the moment. She took Gloria's hands and looked thrilled, "Gloria, will Master Void give me some more guidance? What do you say?"

"It depends, granny. Let God decide, we should just let it be."

Karen burst into laughter, "Right, you're right. Let God decide."

Jordy frowned at that. He hated that saying. He believed in man's efforts and capability.

Karen was in a good mood on the way. She kept talking with Gloria.

As if she had walked out of the mist. But Gloria knew she was just pretending. She was just giving herself a break before the word of confirmation from Master Void. She would only believe it then. Now, she was just killing the time and keeping her mind off it in

case of disappointment.

Gloria saw through her mind and helped keep her mind busy.

The two women kept babbling in the rear but Jordy didn't find it any annoying and kept driving.

It kept him soothed and reassured.
