### Remarriage Never And Go Away

#### Chapter 241

##### Chapter 241 What Is She up to?

-Mr. Brown's Fan, [No! I strongly disagree! Gloria is just a divorced tramp. Why does Mr. Brown want to be such a woman? Only better girls can be worthy of him! Mr. Brown, Don't marry her!/] crying/ crying/ crying)

-Shining star, ("Damn it, what horrible news! The Collins family issued an announcement, saying that Gloria was a scheming woman, but Mr. Brown stepped forward for her so quickly? I love such a man! I'm so moved... When will I meet such a man who will love me so much?)

– Black Rose, (What? Are you serious? Your moral compass is seriously f\*\*ked up. You think what you see is true? Alt-right trolls, stop it!]

-Gloria Is My Goddess, (I hope they could be together. Gloria didn't have a happy marriage with Jordy. They probably just pretended to love each other. Otherwise, how could they have such a strained relationship after getting divorced? Gloria did so much for the Collins family, but Jordy didn't cherish her. She needs a man who cherishes her, and I wish they could have a happy life!]

–Cute Rabbit, (It's really shocking! I agree with you @Gloria Is My Goddess. Gloria hadn't been Norma for Jordy for three years. It's enough to prove how much she respected the Collins family and was willing to be a full-time wife, but the Collins family didn't know how to cherish her.)

– Black Widow, (Are you serious? Gloria is clearly a scheming woman! Didn't you see the announcement of the Collins family? You actually think that she is worthy of a better man? Are you all blind?]

Then there was a quarrel between the two sides. Gloria even had her own fans to speak for her. She never paid attention to these things before.

She left the tweet and enter the one posted by the Collins family,

Nydia's voice sounded beside her ears, "Have you seen it? Have you seen it?"

"Yes, I saw Jonathan's tweet." Gloria responded in a flat tone and continued to browse other tweets.

Nydia couldn't help chuckling, "Although I don't want you to be with Jonathan, what he did really embarrassed the Collins family and made you look good. He's a good man!"

Gloria tutted and had clicked into the announcement issued by the Collins family.

When she found that the announcement was actually issued by Joseph, she looked stunned, "It was actually grandpa who posted this..."

Although she knew that Joseph didn't like her, she had a good impression of him, but now...

"Yes, it's him! Why are you so surprised? He was very mean to you before, and even forced you to divorce Jordy many times. It's not surprising."

Gloria pursed her lips silently.

“Angela seems to be in hospital.” Nydia said this in a slightly disgusted tone. Gloria’s expression changed, “She’s in hospital?”  
“Yes, I guess what the Collins family did might have something to do with her being hospitalized today. It’s like the Collins family was making it right for the White family. Angela might be up to something again.”  
Angela was in hospital? Gloria narrowed her eyes. Every time Angela made waves, she could collect evidence.  
The next moment, she clicked into Joseph’s tweet.

Chapter 242

#### Chapter 242 You Think I’m Taking Revenge?

– Joseph, [I’m sorry that you see this announcement, but I posted this after long and great deliberation. Next, I’ll make the thing clear.

I believe that many people are paying attention to the things between my grandson Jordy and Gloria. You might all wonder why they suddenly got divorced. In your eyes, they loved each other very much, right? You might even doubt that they just pretended to love each other.

But you are wrong. They indeed loved each other. Our Collins family won’t do anything hypocritical.]

When Gloria saw this, her eyes were filled with mockery. They wouldn’t do anything hypocritical?

Heh...

She continued to read the tweet.

– [But because of one thing, our Collins family saw another side of Gloria. You might all know why they were together and it was widely discussed back then. Our family thought that no matter what happened, Jordy, as a man, should be responsible, so our Collins family and the White family prepared the wedding for them quickly. We thought it was a good thing, but three years later, we found that the whole thing was just Gloria’s trick!)

“Where are you with the tweet? Gloria, he’s such a hypocritical man. Don’t get mad at him! They posted this to shift all the blame to you. They need to spare a thought for their Collins Group. Gloria, you don’t have to be angry with them. I let you read this just because I want you to see their true faces.”

“I know.” Gloria looked extremely cold and she continued to read the announcement.

1

She wanted to see what Joseph said next.

-[After we found out everything, Jordy went to Gloria, but was told that it was all false accusations. Gloria said that she had nothing to do with what happened. She was framed and was also a victim.

Our Collins family knew that she was lying. Even if she and Jordy loved each other, we couldn't accept such deception and betrayal. Even during her marriage, she saw other men privately. How could our Collins family stand being insulted like that?]

"Heh..."

Gloria sneered, and Nydia hurriedly said, "Where are you with the tweet?"

"They said I cheated on Jordy when we were married."

Nydia sneered, "They are good at whitewashing themselves, and many people actually believe it!"

"I don't care." Gloria replied in a flat tone and continued to read it.

– [So our Collins family decided to ask Jordy to divorce her. He couldn't live with such a hypocritical woman anymore, because no one knew whether she would contact our enemies and give our Collins family a fatal blow after she knew that Jordy wanted a divorce. The facts had proved that we were right. She became angry from shame.)

Nydia started from the part Gloria had just read and read the rest. When she saw this paragraph, she gnashed her teeth with anger, "Joseph is really shameless! How could he say such words? He is the chairman of the Collins Group! He doesn't know he should preserve his reputation?"

Gloria sneered, "He must do this if he wants the whole thing to go smoothly. He has such an identity and thought that no one would doubt he was lying. After all, only you guys know the truth. If you refute, the other would only think I was retaliating."

"Then you'll let this go?" Nydia was indignant.

#### **Chapter 243 How Are You Going to Fight Back?**

Gloria's eyes were extremely cold, "Let it go?"

How could she let it go?

How could she swallow her grievances?

"Gloria, are you going to fight back?" Nydia was suddenly a little expectant.

Gloria didn't respond, but continued to read it.

-[At this point, I guess you have probably figured out what kind of Gloria is. She followed Mr. Brown to Mr. Murray's birthday party and said that she wanted to divorce Jordy in front of everyone, which gave our Collins Group a heavy blow.

She stood on Mr. Brown's side in the court and caused our Collins Group heavy losses. We could see her purpose from these two things. She was irritated and wanted to destroy our Collins family.]

The announcement ended here and the comments were all abuse of Gloria. But some people were defending her. The two sides got into a fight.

-Alexia, [Is Gloria so scheming? Oh my god! I used to think she was so kind, and I thought she was the most elegant and kind woman in the world, but now? I'll cancel her! I'll reject her all my life!  
What a bi\*ch!]

-Keleman, (Damn it! What's wrong with Gloria? Jordy loved her so much. She did so many shameful things, so he divorced her. Then she took reprisals against the Collins family? Why is she so shameless?)

-Mrs. Green, (Everything could happen, right? And everybody would speak for himself, right? Gloria had done enough in her marriage! After marrying Mr. Collins, she had always been an excellent full-time wife. Everything she did was for the Collins Group, and she even gave up her career. She was Norma, such a capable lawyer. So many companies wanted to fawn on her, but she put aside her career for three years! Three years! Do you know what it means for an elite?)

Jordy Is My Sweetheart, (Three years? So what? She was just accumulating her strength, so she could give the Collins family a heavy blow!)

– First lady, [If Gloria is such a person, why did Karen announce that Gloria was her granddaughter in front of so many people?]

– Professional Hater, [Heh, the face is no index to the heart. Gloria is so disgusting. If I were her, I would have killed myself. Why is she still alive?]

“Gloria... Are you still reading the comments?” Nydia was suddenly a little worried, but if she didn't tell Gloria, Gloria would know this sooner or later.

Gloria smiled and said calmly, “Yes, I'm reading the comments.”

“Don't get mad for those people and things!”

Gloria smiled, “I know, so I was just reading them.”

“Then what are you going to do? Now everyone misunderstood you. They all...”

Gloria responded with a calm face, “It was Joseph who posted that announcement. I want to see what Jordy will do. I won't get mad at old people.”

“You...”

“What if it were Olivia who did that? Olivia will definitely make some moves!”

“She's not old but very young.” Gloria said in a flat tone.

Nydia sneered. Gloria implied that if Olivia made a move against her, she would fight back.

“How are you going to fight back?”

Nydia was holding her mobile phone with a confused look, but before Gloria responded,

Nydia suddenly found that Gloria was on the trending topic again. She said, "Honey, you and Jonathan were on the trending topic together! And it's in the first place."

Gloria's eyelid twitched, and she immediately clicked into the topic.

— Jonathan and Gloria's CP Fan, (Guys, what do you think of Gloria and Jonathan being together? I like them very much. Both of them are excellent! And they could make a handsome couple. They are a perfect match!)

There were countless comments below.

-Gloria Is My Honey, (I agree! Totally agree! Gloria can't be with Mr. Collins, but she deserves a better man. Moreover, Mr. Brown never tweeted for any woman! But this time he directly told everyone his feelings for Gloria and said that Gloria was a light in his life! How important she is to him! Be together! Be together! Be together!)

-Cinnabar Nevus, (Are you kidding? I think Jordy and Gloria are the best match! Although they had divorced, they could remarry! How can you guys break them up like this! It's sinful, okay?)

-Shining star, (They are the best match? I used to think so, but they already have such a strained relationship. How can they remarry? You are just kidding! I think Gloria and Mr. Brown are the best match!)

— Hobo, [No! No! No! I just hope Gloria can marry a normal man, who will love her, spoil her, and cherish her! She shouldn't marry into such powerful and complicated families. Otherwise she will be under great stress. I'll feel distressed for her!]

Nydia laughed, "I think what Hobo said made sense! You should find a man who loves and spoils you. Bryson is here for you. If you are with him, you won't get involved in those forces. Why don't you consider it?"

Light flickered in Gloria's eyes, "Nydia, don't try to bring me and Bryson together again." Nydia's expression changed slightly, "So... you've found that..."

"You posted those tweets and always let us sit together. Only a fool can't tell that."

Gloria sighed helplessly and continued, "I'm really not in the mood to be with anyone now, and I'm in an embarrassing situation. Bryson has a wonderful life and should not waste his time on me. If you keep doing that, you will keep giving him hope, but I won't agree to be with him at all. It will only make him sad."

"I..." Nydia had an anxious look in her eyes, "Gloria, you always consider things in your own way, but Bryson doesn't think so. It's not that he will have hope if I try to bring you two together. Even if I

don't do that, he still loves you. In the past three years, his love for you never changed, did it?"

Nydia sighed lightly, "Every time we get together, he would say how regretful he was and why he didn't tell you that he loved you earlier. Now that you are divorced, although he felt distressed for you, it also gave him hope. He really wants to be with you... If you don't want to get married, I think he will keep waiting for you."

Gloria's expression changed slightly. She sighed and didn't know what to say.

The whole thing went viral on Twitter. Some people scolded her for the Collins family, and some people who liked Jonathan thought she made Jonathan her new target after failing to seduce Jordy, and her fans supported her.

“Gloria, do you feel stressed because of what I did?”

11Gloria smiled, “It has nothing to do with you. I should face the things that I have to face. I just hope you won’t try to bring me and Bryson together again. Just try your best to tell him my thoughts and persuade him to give up.”

Nydia sighed helplessly, “After you married Jordy, I saw your true feelings for him, so I persuaded Bryson to give up more than once, but he...”

Nydia didn’t go on, because Gloria knew what she was going to say.

Gloria sighed, “We’ll talk about this later.”

Nydia was also helpless, “Okay.”

Since she couldn’t get them together, she could only give up.

Nydia hesitated for a moment and said to Gloria, “How are you going to fight back? The Collins family is really shameless.”

Gloria smiled and her eyes were filled with irony. In fact, she didn’t expect such a thing to happen.

Grandpa...

She just chuckled.

“Gloria? Why are you chuckling?”

“Nothing, I’m not in a hurry to do that.”

“Huh? But you wanted to let it go, didn’t you?”

“The White family might make other moves. I’ll do something after they play all their tricks.” Gloria looked calm.

Nydia was shocked, “Shoot! They might make other moves? When will they stop? Why are they so shameless? It’s okay that they took Jordy away from you. He’s an asshole anyway. But they’re still not satisfied?”

Gloria smiled, “Maybe I’m too important?”

Nydia was speechless.

Gloria was indeed important. She thought so because they were friends. But why did Angela keep targeting Gloria? She could marry Jordy easily!

### Chapter 246 I Have Something to Tell You

#Shocking news! Mr. Collins actually spent the night with Miss White#  
Although the title was exaggerated and made people fantasize, it was true.  
Angela was in hospital again.

Gloria squinted. She always felt that Angela's hospitalization might not be as simple as it appeared.

Her hospitalization this time was a trick. The last time when she was hospitalized as a vegetable...

Gloria sneered. What a good trick, but what if one day it was exposed?  
If she hadn't known those things about her father, she might not have cared so much about Angela's childish tricks.

Angela could play any tricks she wanted, and similarly, it was her business that she couldn't keep Jordy around her. They were two different things and she wouldn't really blame Angela.

But now!

Even if what happened to her father and the thing that Angela seduced Jordy were two different

things, she would regard them as one!

If Angela and her family wanted to bring her down, they must defeat her father first.

After that, Claude could take over the company, and Joseph would think she was useless.

Gloria looked at those pictures of Jordy lying with Angela on the sickbed. He occasionally had a gentle smile on his lips, and his eyes were also very soft. The longer Gloria looked at them, the more she felt ironic. She never saw such a smile on Jordy's face after they got married.

Gloria quit Twitter and didn't even read the comments. She would find out the truth as soon as possible!

Angela and her family had long wanted to replace her family, and Jordy hated her father so much. She would find out whether they were involved in the actions against her father!

If they were, she would never be merciful to them!

Gloria took a deep breath, suppressed her anger, pulled herself together, and went downstairs after breakfast

But...

Before she could go to her parking space, she suddenly found an eye-catching blue Lamborghini parking at the door of her house.

Gloria's expression slightly stiffened. She knew the high profile license plate number. She paused, and the man in the driver's seat slowly got out of the car. His bright blue suit matched the car perfectly.

"Gloria." Jonathan had a gentle smile on his lips and looked very natural.

Light flickered in Gloria's eyes, and she sighed, "Mr. Brown."

"What are you bothering you?" Jonathan bypassed the car with a smile, walked to the co-driver's seat, and opened the door for her, "I'll give you a ride."

Light flickered in Gloria's eyes. He must have got her schedule. She pursed her lips, "Mr. Brown, I have my own car, so you don't have to pick me up." "I like doing this. Get in the car?" Jonathan's smile widened, and his eyes were so soft. Gloria frowned slightly. She wanted to refuse. She whispered, "Mr. Brown, I said, we'd better not contact each other again. I hope you can delete what you posted on Twitter yesterday. I don't want to get involved in the fight between you and the Collins Group. Please don't make it too difficult for me. Otherwise, I'll think it's not worthwhile to be friends with you." Jonathan narrowed his eyes, "You think I posted that just because of interests?" Gloria raised an eyebrow and didn't answer. But her meaning was already very obvious. She was like asking, "What do you think?" Jonathan sighed lightly, "Get in the car. I have something to say."

Gloria frowned and didn't want to get in the car, but Jonathan looked at her with a calm look and

said, "There are many things I didn't tell you in detail. Get in the car, okay?"

Gloria pursed her lips, thinking about settling up with him, and then got in the car.

Jonathan slowly showed a smile, closed the door for her and went to the driver's seat.

He didn't start the car immediately. After closing the door, he looked at her. Seeing that Gloria was also looking at him, Jonathan said with a smile, "Everyone would think that I deliberately posted that tweet to annoy Jordy, but each word in it was filled with my sincerity."

Gloria sneered and didn't believe him, "Mr. Brown, I'm Jordy's ex-wife. I was married and I'm no longer a silly young girl."

"I know." Jonathan answered seriously. He wasn't the casual and careless Jonathan at this moment.

Gloria showed a smile, as if waiting for him to continue.

Jonathan looked at her seriously, "I was attracted by your temperament when you met me as

Norma. Jordy didn't cherish you, which was the biggest loss for him. I'm very grateful to him for

divorcing you even if I would lose some projects in the fight with him."

Gloria was speechless.

She leaned back in her seat and said with a calm look, "That's all you want to tell me?"

Jonathan sighed lightly, "I know you don't believe me, but you should give me a chance, right?"

Gloria's eyes were filled with irony, "Will you make such an effort when you pursue other girls?"

“Will you believe me if I tell you I never had a girlfriend?” Jonathan stared at her, as if expecting her response.

Gloria chuckled, “Don’t make such a joke.”

Who would believe that?

Jonathan shook his head helplessly, “I didn’t care about fame before because I was never into any woman, and I didn’t think I would be attracted by anyone, but everything changed after I met you.

Gloria, do you know how regretful I am now?”

Gloria looked at him in silence.

Jonathan whispered, “I should have built up a good reputation before. Then it might be easier to pursue you. And why didn’t I know you before Jordy did? if I marry you, I would never make you so sad.”

Gloria’s heart trembled slightly, and the smile on her lips stiffened for a moment. Soon, she regained calm and said, “Those things would never happen. Why don’t you stop thinking about them? Moreover, before I completely disown the Collins Group, I don’t want to have any intersection with you. I don’t want you two groups to fight for me again.”

“We will fight endlessly even if you never exist, unless... one of us goes bankrupt.”

Gloria frowned slightly and didn’t speak.

Jonathan still brought her breakfast, “Have you eaten yet? Have some breakfast?”

Gloria shook her head, “I’ve eaten.”

Jonathan put the breakfast down, while Gloria whispered, “Mr. Brown, you must have a lot of things to do. Since we can’t settle up today, don’t mention this thing again. Excuse me, I’m going to work now.”

After Gloria finished speaking, she was ready to open the door and get off, but her wrist was suddenly grabbed by Jonathan

#### **Chapter 248 You Are Probably out of Your Mind**

Gloria frowned slightly.

Jonathan’s heart trembled slightly. Although she held his arm when they were at the previous party, he was wearing a suit and they couldn’t touch each other directly like this.

When he felt Gloria’s soft and delicate wrist, he only felt that an electric current flashed across his body.

He never touched any woman, and his heartbeat raced at this moment.

Gloria looked a little upset, "Mr. Brown."

She didn't go on, but Jonathan knew what she meant.

He didn't let go of her but looked away with some flusters, "I'll send you to the law firm."

With that, he let go of her wrist, locked the car doors, started the car and left.

He looked very skilled, but only he himself knew that he was stiff all over.

Gloria didn't notice that, but whispered, "I guess that the show you came to pick me up will also be a trending topic soon."

"No, it won't." Jonathan responded without hesitation.

Gloria gave him a mildly quizzical glance, and didn't speak.

Jonathan whispered, "I know you don't trust me, and I can understand it, but Gloria, there is an old saying, time reveals a man's heart."

"But there is another old saying, it's hard to tell what's going on in the minds of other people." Gloria retorted without hesitation. Jonathan rarely frowned. Seeing that, she smiled, "Mr. Brown, we are not close, and we can't be very close. If you have any lawsuit and it's not someth my moral compass, I'll help you when I'm free, but I hope you won't disturb me privately anymore, or I'll feel bothered."

Jonathan just chuckled, "Then I won't appear around you as Jonathan."

Gloria frowned. He understood what she was talking about, but he still wanted to provoke the Collins Group with her?

Was he taking the Collins Group lightly, or was he really too idle recently?

Gloria pursed her lips and didn't speak. Jonathan didn't mention these things to her again. He had a good sense of propriety, so he stopped speaking and decided to come again in the future.

When he arrived at the law firm, he looked at her calmly, "You didn't drive. I'll pick you up after

work in the evening? If you don't like that, I'll let my driver come."

Gloria immediately refused, "Irene can drop me along the way. She can give me a ride."

Jonathan sighed, "Alright, I'll see you around."

Gloria pursed her lips and didn't say that they'd better not see each other again. She knew it was useless.

She opened the door and went straight into her office.

Sammy and the others naturally saw Gloria's figure, but none of them dared to speak at the sight of her sullen look.

Scarlett blinked and said with doubt, "She looks terrible. Is it because of what happened yesterday?"

"Who could be in a good mood after being scolded by Joseph like that?" Sammy glanced at her, "Get back to your work, or our boss will fire you in anger."

"Humph! You think our boss is as narrow-minded as you?" Scarlett snorted coldly, suppressing her anger.

Sammy was amused, "I'm narrow-minded? I'm generous and graceful, okay? Don't you know that I'm a phantom of grace?"

"You are probably out of your mind."

They talked and laughed. Gloria had already arrived at the office. Irene was already here. She turned around and saw Gloria who looked a little sullen.

She looked at Gloria and said, "If things are not true, just forget about them, and every famous

person will be slandered."

Light flickered in Gloria's eyes, and she suddenly remembered what happened yesterday. She

chuckled, "I don't care about those things."

"Then why are you..." Irene could tell that Gloria wasn't in the right mood. She looked at Gloria steadily and didn't want to miss any emotion on her face.

Gloria frowned slightly, "Jonathan waited for me downstairs at my house again. I couldn't offend him completely, but he thought I could be a useful pawn in the fight between him and the Collins Group, so he pestered me."

Irene laughed, "I see."

Gloria glanced at her, and Irene smiled, "Honey, have you considered one thing?"

Seeing her mysterious appearance, Gloria wondered, "What?"

"To get back at Jordy!"

Gloria was confused.

Her eyes were filled with doubts, while Irene said with a smile, "In fact, you can try to accept Jonathan."

Seeing Gloria's frown, Irene hurriedly said, "I didn't mean you should really accept him or be with him. He chased you for a purpose, so you can revenge Jordy by pretending to be with him."

Gloria was speechless.

She thought Irene could give her good advice. She curled her lip and said, "No, don't mention that again."

Irene looked at her in surprise, "Are you not going to have a try? If you and Jonathan can make a private deal and pretend to be together, maybe you can turn the tables. The Collins family

undermined you and slandered you, but Jonathan pursued you openly, which clearly embarrassed

Joseph."

"Everyone knows how excellent Jonathan is. Why would such an elite pursue you? It could only prove that you are not as scheming and revengeful as the Collins family said. Moreover, you could turn the tables without much effort. It's a good deal, isn't it?"

Gloria shook her head helplessly, "Irene, this is a bad idea."

"Why? You really should consider it carefully."

Gloria shook her head helplessly. She didn't want to discuss this anymore, so she whispered, "I'm here today because I have something else to tell you. Maybe... I won't

work here anymore.”

Irene looked puzzled, “Why?”

Gloria paused and whispered, “I’m going back to the White Group.”

Irene’s eyelashes fluttered slightly, and she looked at her with some worry, “You’ve made up your mind? Now the White Group is totally under your uncle’s control.

Everyone follows his lead. If you go back…”

“He values his reputation very much. He would pretend to be nice to me, so people in the company won’t make things too difficult for me. Just don’t worry.”

“I don’t think so. You know your uncle’s character. Maybe he’ll ask other employees to spite you on the plea of training you. You’re overrating him.”

Gloria still insisted, “They will only make things difficult for me in the company, and won’t spite me in private. They are afraid of my uncle.”

At this moment, both of them suddenly fell silent.

After a pause, Irene sighed helplessly, “Alas, I will support you whatever you want to do, but are you really sure you want to do that? Once you enter the White Group, you will be completely monitored by them and then it will be very difficult for you to do anything.”

“I know, but nothing ventured, nothing gained, right?” Gloria looked determined, and the look in her eyes was firm.

Irene sighed and patted her on the shoulder, “I support you in your decision. Take care of yourself.”

Gloria felt warmed, “I will, I owe you over the years. We established this law firm together, but you have been taking care of it alone.”

“Don’t say that. You are my source of income! Our law firm has such a reputation because of you, and those clients came for you. I’m just an employee. How can I not take care of it?”

Gloria shook her head helplessly. Irene could establish her own business alone, but she never took part in any cases and had been her assistant.

It seemed that she would be her assistant all her life.

Irene looked at Gloria, “When are you going to leave?”

“Some days later. I have some things to deal with. I’ll go there when I’m ready.

Moreover, Angela is still in hospital. I’ll go there at least after she leaves the hospital, otherwise they would think I take advantage of her absence.”

“It doesn’t matter. You two would be in different posts.” Irene didn’t care.

Gloria smiled, “I’ll be there when I’m ready.”

“It’s good if you have a plan. Be careful! Your uncle and his family are not easy to deal with! It’s good that you know this now.”

Gloria nodded solemnly, "Don't worry."

The Collins Group

Jordy didn't sleep all night, and he needed to get back to work. There wasn't any fatigue on his face, and he just looked... very cold!

The door of his office was suddenly knocked.

was

"Come in." Jordy sounded colder than usual.

Harold stepped in. There was no meeting on this day, Jordy just worked as usual.

Harold said with a complicated look, "Mr. Collins, the thing that you spent the night with Miss White in the hospital has got around. Should we delete it?"

In fact, at the moment when the news got around, he called Jordy, but Jordy's mobile phone was turned off, so he had to come to the office to find him.

Jordy's face suddenly darkened. When he was about to tell Harold to delete it, he thought of what Gloria said yesterday.

He immediately said in a deep voice, "No."

A surprised look flashed across Harold's eyes, but he didn't dare to question Jordy's decision. He glanced at Jordy and said tentatively, "...There were several trending topics last night."

Jordy immediately raised his eyes at him. Harold took a light breath and directly showed him the trending topics with his phone. Then Jordy saw all of them.

#Jordy spent the night with Miss White#

#Jonathan and Gloria#

#Mr. Brown expressed his feelings for Gloria#

#Old Joseph's announcement #

Jordy looked more and more sullen, and he clicked into the trending topics. He didn't read the comments. After he read the first one, his face darkened instantly!

When he saw the last one #Old Joseph's announcement #, his expression turned extremely gloomy!

"Delete all the trending topics, now!"
