### Chapter 841 A Suffocating Place

The next moment, she responded, gave him a sarcastic smile and said in an indifferent voice, "You don't have to do so much for me. I'll be fine, and grandma won't blame you for this. You can leave."

Gloria made her attitude clear. She didn't want to keep him at all.

Jordy's face turned livid with anger. He even suppressed his urge to strangle Gloria. Without saying anything, he walked upstairs.

Gloria's frown deepened. She looked at Jordy's receding figure in a fret.

But she couldn't drive him away. She hesitated for a moment and ignored him.

### Chapter 842 Stop Being Disgusting

Gloria's frown deepened. She looked at the person in front of her. Although she didn't say anything, what she meant was obvious.

Jordy sat on the sofa in the living room, pretending not to see her, and read these documents.

Gloria was speechless.

She looked at Jordy coldly, "Is this fun for you? What's the point of doing this?"

Jordy sneered, "You tell me?"

“You are just like a ruffian. Jordy, I even feel like I’m the only one you want. Don’t let me have such an illusion, or I will think you are disgusting. Why don’t you leave now?”

Jordy opened the door of the room, but didn’t see Gloria.

He turned sullen in an instant. After checking every room, he was sure that she was gone.

So, she escaped upstairs!

She jumped out of the building!

Damn woman!

At this moment, the blue veins on Jordy’s forehead twitched. He didn’t expect that Gloria would do such a thing. He had a headache with anger.

Gloria didn’t leave him a note. She really hated his guts.

Chapter 844 Love Triangle

A sad look suddenly flashed across Jennifer's eyes, "I haven't seen him for a long time. After he knows my thoughts, he is deliberately avoiding me. He's probably afraid of giving me hope."

Nydia said with a frown, "This has to stop. You guys are in a complicated love triangle, but we have been friends for so long. Why don't we call Bryson here? So, we can have dinner tonight?"

A complicated look flashed across Gloria's eyes. She was thinking about Bryson's words. He asked her not to avoid him, but he was actually avoiding Jennifer...

People's feelings were so complicated.

After thinking about it, she nodded, "Good."

Jennifer also wanted to see Bryson very much. She said quietly, "Okay, let's get together."

Nydia nodded, "OK, I'll call him right now."

Jennifer was nervous.

Chapter 845 Why Did They Have to Be with Men?

Jordy had been staying at Gloria’s home.

Harold touched his nose embarrassedly. How should he tell Jordy about what Nydia said?

If he just relayed it to him, Mr. Collins might be angrier and take it out on him.

But... If he didn’t do that, he would be deceiving Mr. Collins. He was in a dilemma.

After hesitating for a moment, he said quietly, “Mr. Collins, I just called Miss Maguire. Miss White is in her place, and Miss Thomas is also with them. Miss White would be okay.”

Jordy looked so cold. He didn’t say anything.

Harold was a little embarrassed and didn’t know what to say. He had to continue, “Miss Maguire said that... she would take good care of Miss White, and she didn’t need you to take care of her. They didn’t want you to be distracted from your work for this...”

Nydia nodded, “Right! You must stay with us! Otherwise, we will let Jordy take care of you.”

Gloria was speechless.

Nydia hesitated, and then said, "Actually... I know Jordy's temperament. He was really humble in the past few days. You were hurt because of him and you acted like you didn't need him. If he hates you, he would be glad to see that, and he could just hire someone to take care of you, or just ignore you. He knows you have us."

Jennifer also nodded, "Yes, I felt the same, Gloria. Maybe you are different now, so he starts to pay attention to you."

Gloria curled her lip, "Oh, I don't care. Just forget about him. I would be glad as long as he won't bother me."

"Tut..., then let us take care of you. He will definitely send someone to keep an eye on you. If you are alone, he will certainly reappear around you. He might think that you were just playing hard to get and were waiting for him to come back to you."

Gloria was speechless.

Jennifer immediately nodded, "Yes, there will be such a misunderstanding."

Gloria nodded with a smile, "Hey, wash your hands and we'll eat immediately."

Bryson nodded and walked into the bathroom. After Gloria sat down, Jennifer sat beside her.

Nydia knew what was going on between them and immediately went to the opposite side of Gloria and sat down.

He left the position opposite Jennifer to Bryson.

An awkward expression flashed across Jennifer's eyes, "Nydia..."

Her voice was so low that only the three of them could hear her.

Nydia smiled and winked at her, "Don't be afraid. Be brave!"

### **Chapter 848 What Was His Purpose**

Bryson wondered as if thinking of something, "Why didn't we have wine on the table?"

"You drove here, and it's not good to drink often. I've got pimples on my face."

"You should eat less spicy food."

After saying that, Bryson found that there was no spicy food on the table, and he immediately laughed, "All healthy food?"

"Yeah..."

Jennifer breathed a sigh of relief. Having pimples was a good excuse.

They talked and laughed, and the mood was much lighter.

But...

Gloria nodded, "Sure."

She just said this.

Bryson seemed relieved and then smiled gently.

"I was too stubborn, or maybe I loved you too much. All I thought about was to get you. Then I forced you to be with me when I was injured. To tell the truth, I was really happy when I heard you agree to be with me, but I was also worried. You did that after I had the accident. I know it wasn't right, but... I still deceived myself."

Bryson shook his head with a smile.

Jennifer opened her mouth and wanted to say something, but she didn't know how to say it.

Nydia said, "No matter what the reason was, you woke up in the end. You didn't have the desire to live at that time, and you refused to wake up. Do you know how sad we were?"

Bryson said with a smile, "I wasn't sensitive enough, and didn't notice so many things. I even pursued Gloria when you were around and even talked to you about how to pursue her. You actually put it up and helped me with that. I'm really sorry."

Jennifer hurriedly shook her head again, "No, it's not your fault. I didn't say it before, and you didn't know it."

She just didn't want to make the situation complicated, and she was afraid that they couldn't be friends after she said that.

Jennifer took a deep breath, lowered her head slightly, and was afraid to look at Bryson's face.

Bryson said quietly, "I'm sorry, but I know it will make you feel worse no matter what I say. Although I said I would give up pursuing Gloria, I can't be in a new relationship now, and it's hard to start a new relationship for me. Jennifer, can we just be friends like before?"

He was like refusing Jennifer directly and asking her to give up.
