## Chapter 911 I Only Want Him

Rachel fixed her eyes on her grandpa and said, "Grandpa, I was one of the Roberts family, and I can't make decisions about my marriage. I knew that my marriage should bring benefits to our family even when I was a child. But now I am glad that the person I like is Jordy, so that I can not only marry the one I love, but also make our family prosperous."

Her voice was firm, and she was looking at Mr. Roberts with sincere eyes.

Mr. Roberts was stunned, "Rachel..."

He couldn't help sighing, "I know that it would bring us benefits if you marry him, but you should know that Jordy was a divorced man."

"I don't mind."

"I know, but no matter how excellent others are, Jordy is the best in my eyes."

Mr. Roberts was speechless. He was too angry to speak.

Rachel looked at him carefully, "Grandpa, I hope you can support me. At present, it would be the best choice if our Roberts family and the Collins family form a marriage alliance. Moreover, I like Jordy so much. Do not worry about me. I believe Jordy will fall for me one day!"

The old man snorted angrily, "Gloria had the same idea as you did!"

Rachel immediately retorted, “No, that’s different. Gloria threatened him and set him up, but I didn’t!”

Chapter 913 How Could She Watch That Happen?

Everyone had come to the meeting room. Claude took a look at the people present, and then rested his eyes on Gloria. He hated her guts, just like Angela.

As soon as he recalled that Gloria cheated him out of two billion dollars, he was so angry that he wanted to eat her alive!

But he couldn’t do anything at this time or even offend Gloria. She was Black Rose, a great threat to him!

“We hold this meeting for the cooperation between Gloria and the Collins Group. Now that the two-month-long project has been completed, I hope you can tell us the details.”

Ted looked at Gloria with a smile. It was not time to praise her. Otherwise, he really wanted to praise her in front of the crowd and let them see how excellent the daughter of the former president was, and how useless the daughter of the current president was!

Yvonne had always been aggressive, but she actually said such words, which was enough to show how excellent Gloria was!

However, Claude and the others looked pale!

Yvonne was like humiliating him!

Declan was excellent and he was incompetent?

So what? Declan still died!

He snorted coldly in his heart. Forget it. Declan had been dead, but they still admired him and held their ground. It was ridiculous!

They thought Gloria was their hope? She was a woman after all! How could she really achieve something?

The more Claude thought about it, the more confident he was. He was already thinking about how to kill these people!

Angela was a little flustered.

Although Gloria warned her last time, she didn't tell her she had the information. Gloria just tested her,  
and she didn't take it seriously.

But this time, it was different!

Gloria had shown her all the information she had!

Angela immediately called the mysterious man.

She couldn't contact her directly. After she called, the other side would hang up, and then she would  
receive a call from a virtual number.

When the phone rang, she answered it immediately.

Before the other side could speak, Angela said, "Gloria came to me just now. They already knew that  
someone was helping me behind the scene, and she even found some traces of you. What should I do?"

The sweet voice snorted coldly, and then said in a flat tone, "It's normal that she could find some traces

Gloria smiled, "OK."

Then they hung up.

After that, Gloria called Jonathan.

Jonathan answered it quickly, "Wow, you actually call me?"

Gloria smiled, "There is a cooperation. Do you want to work with me?"

Jonathan was a little surprised. His cooperation with the White Group was still on hold. He thought  
Gloria would put it off. However, she wanted to have a new cooperation with him?

Chapter 917 Is It More Romantic?

Everyone in the office had started to talk about it.

"Why is Mr. Brown doing this? If he wants to pursue Gloria, he can do it in a different way. He's smart and experienced and should know the best way to pursue girls. So why is he doing this?"

"Mr. Collins also did this before. Maybe Mr. Brown wants us to see who is more sincere?"

"Hmm? I don't think so..."

Even Gloria didn't know that Jonathan could do such a thing.

People in the company were still talking about it, and the audience behind the screen was also commenting.

Gloria glanced at her mobile phone and whispered, "Five minutes to get off work."

"Hmm."

If she left ahead of time, Claude's men would take that against her. It was unnecessary to do that.

Angela was in Claude's office at the moment. She also saw the scene downstairs and even browsed the news about it online. She looked so sullen!

She looked at Claude angrily, "Did you see that? I can't believe it! She actually let someone make such a scene in front of our company. If this goes around, people will doubt the rules of our company! We'll just watch her do that?"

"She's here. She's here!"

"Look! Gloria's here!"

All the people followed the line of sight of the speaker. When Gloria walked out, the crowd all looked at her with very complicated eyes.

Some people were envious, some people wanted to watch this for fun, and some people watched this with a common heart.

Most of them thought that Gloria was really lucky but she didn't know how to cherish her luck.

When she married Jordy, they felt that she was lucky. When she announced her divorce in public, they thought that Gloria didn't appreciate what she had got and that something wrong was with her.

After she got divorced, they thought that she could only live a common life.

But...

To their surprise, she became a top-notch lawyer, Norma, and actually helped Jonathan win 20 billion dollars from Jordy!

Everyone felt that he was Gloria's Prince Charming!

The bright roses in his hands were in sharp contrast to his black suit, and the onlookers were excited.

Gloria's eyes turned slightly. She walked forward into the sea of flowers.

Two figures were approaching each other on the ground covered with red roses.

Gloria stopped after a few steps. Jonathan approached her with the roses.

The reporters were taking pictures and making videos madly. Many of them wanted to rush over to interview them, but they dare not destroy the roses on the ground. So, they could only explain the scene excitedly facing the cameras.

Jonathan said with a soft smile, "Gloria, I fell for you at the first sight of you, but you didn't pay attention to me at that time."
