Remarriage Never And Go Away Chapter 732

Chapter 732 Sue Me

Gloria's brows were knitted together. She glared at the unreasonable man.

What does he mean by that? Did anything happen between us? For what you gave me an out?

His eagle's eyes were fixed on her, and her patience wore thin. In the end, she asked in a stern voice, "What the hell do you want?"

She was lying on the sofa, with Jordy on top of her. There was no way she could break free.

The coldness prevailed in his eyes. She acted like she didn't know what was going on, and his anger knew no bounds.

He was in shock. Since when a woman can affect my mood so much? This is not a good sign.

He spat, "You tell me. Everyone in the office is talking about us. Gloria, I've asked you this many times, but you refuse to keep it in

mind."

"What are you trying to say?"

She didn't get it. The irritation in her eyes grew stronger. Now the man was infuriated.

He raised his hand. She thought that he was going to punch her.

Bam!

His fist landed on the back of the chair.

The noise was ear-piercing.

Gloria changed color, lost her patience, and snarled, "What is wrong with you?"

Her mood seemed to be affected.

Whenever they met, she was composed and distant. That was not something he would like to see.

Her bellow somehow made him relent a little.

"Same request. Remarry me."

Her brows furrowed. What is your problem? You don't understand humans?

"What has it got to do with me? I don't want a remarriage. I've told you many times."

Their postures were ambiguous. Once he lowered his head, he would reach her cherry lips. However, what came out that her mouth was the cruelest and most apathetic words.

Her message was clear. It would not happen in their lifetime.

Jordy snorted, which made her further furrow her brows. Instinct drove her to look at the man with caution.

He lowered his head. His handsome face enlarged in her eyes. Gloria freaked out and shouted, "What do you want from me?"

Emotionless, he gazed at her. The sharp contour of his face made her skin crawl. His thin lips parted, and his cold voice went into her ears. "Given our postures, what do you think? Do you need me to do something to realize what you should go?"

Her pupils dilated. Driven by sheer instinct, she braced her hands against his chest. When she felt his compact abs, she was shamed.

irritated, and anxious.

The next second saw her berating the man, "This is against the law!"

Jordy snorted, "Really? You can sue me."

Without giving her a chance to react, he dropped a kiss on her soft, sexy, cherry lips.

Chapter 733 Let Go of Me, Asshole

He had missed her lips for a long time.

His mind was blown the moment their lips contacted.

The fragrance from her body found its way into his nose. He was not repulsive to it back when he first smelled it.

Harold, who followed him like a shadow, knew his habit. He hated women for wearing all kinds of pungent perfume. The fragrance from Gloria's body, however, was inborn and refreshing.

He could even hear her rapid breathing.

He knew that she felt it. That was not a reaction of anger and panic.

She raised her hands, trying to push the man away.

One step faster, he grabbed her hands and deprived her of her ability to struggle. Facing the man, the boxer was reduced to a powerless woman.

The blood drained from her face. Jordy was doing this on purpose to humiliate her.

She was hopping mad.

However, her arms had been pinned down on her sides. There was no room for resistance.

She whipped her head to the side, but his lips moved along. There was no escape.

"Jordy! You're such an..."

"Mmm..."

Before she could shout abuse, the man took the chance to plunder.

She was taken off guard. It was too late for her to close her mouth. His tongue went on the rampage.

She glared at him and struggled with all her strength, Jordy didn't give her a chance. She whipped her head about, which tired his patience. He turned to kiss her swan neck.

At first, he had just intended to punish her. Unbeknownst to him, it turned into a subconscious move. He was eager to claim her.

"Lunatic! Wake up! What do you think you're doing?"

Oblivious to it, Jordy continued to kiss her snowy, tender neck.

Unable to escape, she lost it and gnashed her teeth. "Remember what you said? Only fools would fall in love with me and want to touch me.

What are you doing now?"

Jordy stopped at once.

The lust in the depths of his eyes was getting stronger, but her words sobered him a little.

The next second saw him chuckling.

His laughter was light and soft, which was a stark contrast. Gloria went stiff, and her flustered heart was thumping.

It was his penetrating eyes and tough vibe.

What the hell does he want? How could he?

Jordy gave no response. Just as she was going to continue, he clasped her hands together and held the back of her head. His lips once again pressed against hers.

Mortified and exasperated to no end, she snarled, "Let go of me, asshole!*

Chapter 734 Humiliation

Jordy's face fell. It was not the first time she had called his name like that. His desire to punish the woman was burning stronger.

While her mouth was open, he came in for another plunder.

"Now this is the consequence of being disobedient."

With that, he deepened the kiss. Her head was in the grip of his hand. She was unable to break free. Without warning, he drew his hand back and stuck it under her clothes.

Gloria was petrified.

The moment his slender fingers marched to her lower abdomen, she shook all over, and her face turned bloodless.

She stopped struggling and said in a shaky voice, "Jordy, you really know how to humiliate me."

Her voice was muffled by his kiss, but his ears captured her every word. In an instant, he stopped moving and looked over.

Then he stiffed at the sight of her bloodless face.

He sobered up and changed color.”

What have I done?

He let go of her and regretted allowing anger to get the better of him.

While he was in a daze, there came a plip.

What’s that sound?

He looked over and saw tears gushing out of her eyes.

Plip!

Her tears dropped on the sofa. The sound was so clear and disturbing.

She was crying.

He couldn’t remember when he saw her crying last time.

This tough woman rarely cried, but this time....

I kissed her, and she has such a strong reaction.

Agitated, he got up and ripped off his tie.

Once liberated, she sat up and threw her head back to prevent her tears from falling.

Her clothes remained orderly. Jordy hadn't gone too far.

Unwilling to say another word to the man, she got up and strode toward the door. Once again, Jordy grabbed her by the arm.

Her face changed, and she glared at him in a rage. "What else do you want?"

Jordy pursed his lips into a thin and squinted at her. "Do you hate me so much? I touched you, and you cry?"

She sneered, brushed the new tears off her face, and said in an icy voice, "Who is the hater now? Disgusted with me, you touched me to humiliate me. I didn't expect such great endurance and perseverance from you."

In an instant, his face turned frosty, and the air about him turned so cold that the temperature in the room seemed to drop to the freezing point.

With a jerk, she took him by surprise and broke free. Unwilling to see the face of this weirdo, she trotted away on her high heels.

Jordy sat down on the couch instead of giving a chase.

The moment she opened the door, a secretary happened to pass by. Her face was pale when Gloria rushed out. Before she closed the door, the sullen face of the man inside and the tie he had torn off was seen.

The secretary was stupefied.

After taking care of her task, she headed back to the secretary's office and said with bulging eyes, "Just now, I..."

Chapter 735 Noble and Reserved

She stopped halfway through her speech. She looked tom, hesitant, and daunted. Her expression gave away her mixed feelings.

The other secretaries were intrigued.

"What is it? Go ahead."

With a pile of documents in her arms, she raised her right hand to tuck a few strands of hair behind her ear and bumbled, "I might

have seen... something sensational."

Her behavior was mysterious, and her words invited gossip. "What is it?"

A male secretary in the office laughed, "Sensational things are juicy."

"Tell us about it. We're colleagues and friends. No one will rat you out." A younger female secretary urged her

It was hard to keep the secret anyway.

The listeners had no pressure.

It was not them who spread it anyway

More and more people joined in to urge her.

The female secretary itched to tell them and thus soon gave way to their persuasion.

“I just passed by Mr. Collins’ office and saw Miss White Her face was pale, and her clothes were wrinkled. The door was open, and i saw Mr. Collins’ tie had been torn off. The look on his face and in his eyes was terrifying ”

The others filled in the rest of the scene with imagination. The amazement in their eyes was getting more intense.

“Holy smokes, does Miss White still have feelings for Mr. Collins? Now that she’s around him, she gets physical_”

The corner of the male secretary’s mouth twitched. “Whom are you kidding? It’s obvious that Gloria doesn’t want to get close to Mr. Collins.”

“I used to think the same way, but how do you explain that situation?”

“What if it was Mr. Collins who made a move on Miss White?”

A female secretary shook her head. “That’s impossible. Mr. Collins is noble and reserved...”

Another secretary interposed with a helpless look, "Come on!"

The speaker was stunned.

She was stating a fact

"We know how much you admire Mr. Collins, but given the situation, don't you think he is more active? Regarding what happened downstairs earlier, don't you know the answer?"

"No, I don't think Mr. Collins would do such a thing. He defended Miss White just for the sake of his mother. Miss White hasn't got over him and wants to stick around. His tie was torn off. He was annoyed and kicked her out."

The female secretary spoke with assurance and emotions. She wouldn't allow anyone to speak ill of their boss.

Some people agreed with her, but others retorted.

"Keep this in our office and do not spread. Mr. Collins doesn't like gossip. Be aware of his punishment."

The others made no comments. That was the right thing to do.

Then they couldn't help but discuss it again.

One of the parties involved had returned to her office.

She noticed her wrinkled clothes and changed into a set of spare ones.

Remarriage Never And Go Away Chapter 736

Gloria's Revenge

Till she sat down at the desk, she hadn't calmed down.

The earlier scene kept flashing across her mind.

She didn't understand why that man had lost his mind.

Gloria closed her eyes, took a deep breath, and did her best to contain her emotions.

She tried to forget the unpleasant experience but found it hard to swallow her pride.

She took another deep breath and pressed her eyebrows.

It was not the first time Jordy had done such a thing to her. She couldn't take it anymore.

She took out her phone and called Jordy.

Surprised to receive the call, he answered it with a sullen face.

Before he could say anything, Gloria stated, "I'm going to see Karen tonight."

His face clouded over. "What for?"

She gave a cold laugh. "Weren't you the one who told me to visit her often?"

His brows were locked in a frown. "Let's go together after work."

She hung up the phone without another word.

She knew that Jordy would come along. He was afraid that she would tell on him.

That was what she wanted.

Gloria was distracted and inefficient all morning.

Of course, it was comparative.

In others' eyes, she was still ten times more productive than them.

In the office, the escapade was discussed again.

That secretary had told the story to everyone in the same office, and someone with a loose tongue spread it.

In the end, almost all the staff members heard about

In the afternoon, many people found it hard to focus. They were dying to study and gossip about the entanglement between Gloria and Jordy.

Finally, the shift was over.

Jordy was worried that Gloria would go without him.

So, he came to her office.

Gloria opened the door and saw the lofty man standing there.

The look in her eyes gave away her mixed feelings. With her bag in her hand, she silently went outside.

She was eager to teach him a lesson, but the sight of him reminded her of what had happened in his office.

As she walked away, Jordy followed without saying anything

Not all the staff members had left. They were surprised to see Gloria and Jordy walking off one after another. Someone even sneaked a shot of them and shared the picture with her friends.

Then it was the third round of debate. It was limited to internal discussions. No one dared to post it on Twitter.

On the way, neither of them talked. Jordy served as the driver.

When they arrived at the old house, she got off without a look at Jordy.

Dale looked at the visitor with a gentle smile and said, "Welcome, Miss White."

Gloria nodded also with a smile. "Good evening, Dale."

The butler stepped aside and said with a respectful look, "Come on in."

She smiled and went in without further ado.

Karen had learned about Gloria's visit. In high spirits, she waved at Gloria from the sofa.

“Girl, come over here.”
