

GOD! I TURNED INTO A TURTLE

Chapter 10 – Kicked Myself To Death

“However, the requirement to use it is to kill six-level monsters or wild monsters. To be on the safe side, use the remaining skill points!”

Use it morning and night.

“Speed +1, Defense +1.”

Panel data changes.

View panel.

Speed: 7.9/10

Defense: 7.9/10

Attack: 5.9/10

Experience points: 0

“There is already a gap of two realms between speed, defense, and attack. The use of experience points has reached the upper limit. If I collect up to three experience points, I have to break through.”

But Ye Que was not worried about whether he could kill a level 6 monster or wild monster.

Just kidding, his defense and speed have reached the peak of the seventh level, and the sixth level of monsters or wild monsters can't be moved, let alone chased.

If it cooperates with the rock seal, the defense power can even reach the eighth level.

Moreover, once the talent counterattack is triggered, the counterattack damage reaches the seventh level.

His attack can't be underestimated either. With the shadow attack, the lethality can reach six levels.

Who can bear this?

Crawl to the depths of the monster forest.

With the existence of map scanning, it is not difficult to find a sixth-level monster.

“Map scanning prompt: 700 meters above the left, there is a five-level wild monster and two six-level wild monsters.”

“The gang of killers?”

Ye Que said in surprise.

“Never mind it! My defense and speed have reached level seven, and I’m blessed with talent. I’m not afraid of siege, just grab a level six wild monster and beat it!”

Speed up and run to the upper left.

“Map scanning prompt: 700 meters to the left, a quadruple wild monster appears.”

“System prompt: A quadruple wild monster is approaching quickly, please avoid it!”

Ye Que frowned, why are there so many people coming to the Monster Forest.

At this moment, a terrified girl ran past in a panic.

“It’s a girl named Xue Lingluo, who actually ran into the depths of the monster forest, what a fate.”

Ye Que was surprised.

“Xue Lingluo, your Xue family is gone, and you are the only one left, so you should obey me obediently!”

A young man chased Xue Lingluo with an unscrupulous grin on his face.

Behind the young man, two guards followed blankly.

“The house was destroyed, and a girl was reduced to such a state, that’s all, I just want to kill a sixth-level wild monster and save your life!”

Although the destruction of the Xue family has nothing to do with him, but he has benefited from the Xue family, and now seeing the girl of the Xue family in distress, it is not a bad thing to help a gang.

brush-

Ye Que rushed forward.

“Little turtle?”

Seeing the palm-sized tortoise running past her, Xue Lingluo was startled. She was already desperate.

His family was slaughtered and he escaped overnight. He was already exhausted physically and mentally. Now that he met the son of Long's eldest son, how could he have the strength to escape.

Seeing that she was about to be caught and abused by Long's parents, she was ready to commit suicide here.

Unexpectedly, the magical little turtle who saved her last night appeared again.

"Where did you come from, you bastard, get the **** out of here!"

The youth unleashed his fivefold aura and kicked the oncoming tortoise.

"Please don't add the word "death" in front of bastard!"

Ye Que rushed faster.

"Panshi Seal!"

On his tortoise shell, a translucent tortoise shell imprint appeared.

That kick came.

"Ding! Host talent triggers, counterattack!"

Click!

It was the sound of bones breaking!

"Ah... poof!"

The young man was hit hard and flew upside down while screaming, blood spilling into the air.

boom!

The whole person fell to the ground, his head tilted, and he died.

"Ding! The host kills the fifth level wild monster! Gain experience point 1."

"Ding! Rock seal proficiency, increase by 15."

Ye Que was satisfied.

It's good to keep the realm stuck in the fifth level, and you can get 1 experience point for killing the same realm.

If he breaks through to the sixth level, he can only get 0.5 experience points.

The two guards were stunned.

Kick yourself to death?

“Master!”

A guard came back to his senses and ran towards the young man.

“You **** has become a genius! If you dare to kill the young master of the Long family, I will chop you up today!”

Another guard shouted angrily, pulled out his knife, and slashed at the turtle.

He is a martial artist at the sixth level, and he can kill a tortoise with a single strike.

Ye Que neither dodged nor dodged.

The knife landed on the turtle’s back.

“Ding! Host talent triggers, counterattack!”

Click—

The knife shatters in an instant!

The guard’s expression changed drastically.

How can it be!

He is a sixth-level martial artist, and he can’t stand even his realm.

But the tortoise in front of him not only endured it, but also shattered his own knife!

Tie Wang Ba is not so resistant to beating, is he?

“It’s my turn!”

Ye Que sneered.

Although his attack is at the fifth level, it is at the peak of the fifth level, infinitely close to the sixth level.

With the speed and skills of the sixth level realm, the power can reach the sixth level.

Already able to kill the opponent.

“Shadow attack!”

brush-

Ye Que left an afterimage on the spot.

“not good!”

The guard vaguely saw the tortoise approaching his neck, and immediately suppressed the horror in his heart.

Punch away.

“Panshi Seal!”

Ye Que used the second skill.

“Ding! Host talent triggers, counterattack!”

The guard was seriously injured in an instant.

Without giving the opponent a chance to breathe, the shadow attack came.

The guard’s hand was cut off.

“ah!”

The guard grabbed the severed hand and screamed.

“The five levels of realm have been raised to the peak, combined with skills, they are very powerful!

Ye Que wanted to use Shadow Attack again to finish this person.

“Go away!”

A shout came from the side.

It was the guard who was inspecting the young master of the Long family, and he slapped him.

Ye Que smiled coldly, retracting his head and limbs into the turtle shell.

“Panshi Seal!”

“Ding! Host talent triggers, counterattack!”

boom!

The guard was seriously injured and was sent flying out.

Ye Que landed and rushed to the guard with the severed hand again.

“do not come!”

The guard with the severed hand was frightened and kept backing away.

However, messing up his mind will only make him die faster.

Shadow attack!

brush-

Ye Que appeared next to the head of the severed hand guard.

On the neck of the severed hand guard, a fatal wound appeared, and blood sprayed out.

“Ding! The host killed the sixth level wild monster! Gained 2 experience points.”

“Ding! Kill a sixth-level wild monster and open the ancient **** swallowing the sky! Please pay attention to the panel data!”

The guards who were sent flying out carried the dead young master and ran away as if they had seen a ghost.

Just as Ye Que was about to make a move, he suddenly thought of it.

My own experience points have been maxed out, and the ancient **** swallowed the heavenly scriptures can be used, so it is meaningless to kill again.

Just as he was hesitating, the guard had already run away.

“You’re lucky.”

Ye Que gave up on the kill.

“Little Guigui, thank you for saving me.”

Xue Lingluo walked up to Ye Que and squatted down.

There was mud on her cheeks, but she still couldn’t hide her delicate face.

“It’s no use thanking me, we can’t communicate.”

Ye Que ignored her and walked outside.

Not only opened the ancient **** swallowing the sky, but also used the shadow attack and rock seal many times, and the proficiency has also increased a lot.

His mood is extraordinarily beautiful.

“Do you like to eat vintage treasures? I have them here. I’ll give you one as a reward.”

Xue Lingluo chased after it, and then took out a fruit with a strange fragrance from the package.
