

## GOD! I TURNED INTO A TURTLE

Chapter 11 – Ancient Gods Swallow The Scriptures

Ye Que was overjoyed, turned around bluntly, and bit the fruit in his mouth. But he didn't eat it.

When the experience point reaches the upper limit, the experience point must be used up, and eating fruit will be effective.

At the same time, a thought arose in my mind.

Seeing the joy in Xiao Guigui's eyes, Xue Lingluo couldn't help but smile slightly.

What an easy-to-satisfy little guy.

With her family broken and her family ruined, she was not as good as a tortoise as she was running around and fleeing.

"Once a catastrophe occurs in life, it is really not in the slightest!"

Xue Lingluo raised her head and looked around, with tiredness and confusion in her eyes.

There is hunting outside, and the monster forest is in danger.

Next, where should we go? How to survive?

Suddenly, the trousers were pulled by something.

She looked down and saw that it was the little turtle biting her trouser leg, and even made some gestures.

One will point to the package, one to her, and one to himself.

"Little Guigui, what do you mean, you want to protect me?"

Xue Lingluo hesitated.

Ye Que nodded immediately, then pointed at the package.

There are many treasures in that package, which can allow him to collect several waves of experience points.

Compared with the experience points gained from killing monsters, eating treasures is safe and easy, and it doesn't waste time and energy.

And the price for getting the package is to protect a young girl.

Maybe others thought it would be difficult to protect a girl in the Monster Beast Forest.

But Ye Que was different.

He has a map scanning function, protecting a girl is really like playing.

“You keep pointing at the package, I see what you mean.”

Xue Lingluo picked up the little turtle.

“If you can really protect me, I can give you all the treasures in the package.”

She doesn't know the next road, how to walk, and how to survive, so it doesn't matter if she trusts the little turtle once.

“Hahaha, I made a lot of money!”

Ye Que was elated.

“But don't worry, I, Ye Que, will not take advantage of you. If I protect you well, I won't let you hurt a single hair.”

Although Xue Lingluo couldn't hear his promise, Ye Que had already made plans to deal honestly.

He crawls outside.

This place is in the depths of the monster forest, and there is a high chance of danger.

“Go to the central area and stay for a while. After Xue Lingluo regains her energy, send her to the human city.”

Ye Que has already made a plan.

Xue Lingluo hugged the package and followed the little turtle.

Relying on the map scan, Ye Que brought Xue Lingluo to the central area safely.

Finally settled in a hidden small valley.

There is also a small river passing by in the trough, which is very suitable for shelter.

“It's surrounded by vines and dense forests. It's hard to find a small valley inside. The little tortoise is really amazing. You found it all.”

Xue Lingluo felt at ease, and could finally take a rest.

Ye Que hunted and killed monsters everywhere, and had discovered the mystery of this place long ago.

It's just that he is small and can stay anywhere, so he never came here until Xue Lingluo appeared.

Seeing Xue Lingluo looking around, he happened to check the panel data.

The mind clicks into one item of martial arts.

Evolution: Wild Forest Turtle (a five-fold monster with keen hearing)

Cultivation method: The first volume of the ancient \*\*\*\* swallowing the sky 0/100 (reach 20 experience points, gain the ability to communicate with all monsters)

Skill 1: Shadow Assassination 275/500 (proficiency increased to 500, can be upgraded to Void Assassination)

Skill 2: Rock Seal 55/500 (Proficiency increased to 500, can be upgraded to Void Shock)

Mystic: Riot (in one minute, all abilities are increased by 50%, cooldown time: three days)

“You are an old pitiful system, you actually need to use experience points to practice this technique. Even if I die outside, I will not know how to practice by jumping off the mountain...”

Ye Que yelled at the system for being cowardly, but the words stopped at the end.

Because he saw the introduction behind the exercises.

Reach 20 experience points and gain the ability to communicate with all monsters.

This is a good thing!

“What the hell, just practice!”

Ye Que accepted cursingly.

Suddenly, a huge divine thought squeezed into his mind, and the pain made him almost faint.

“This is... this is the Ancient God Swallowing the Heavens.”

The content in the divine sense is the introduction to the first volume of the ancient \*\*\*\* swallowing the heavenly scriptures.

Entering his mind, it directly became a part of his memory.

“I’ll go! What a domineering technique! It’s worthy of the system’s own!”

After the exercises became a memory, he already knew how powerful the Ancient God Swallowed the Heavenly Scripture.

For all cultivators in the world, the first step is to reach the Spirit Martial Realm.

Among the monster clan, the Spirit Martial Realm is also called the Monster Beast Realm.

They all have ten weights.

This is the most basic level. Once you break through this level, you will gain the ability to absorb the essence of heaven and earth.

At that time, there will be Yuanli in the body.

Those who have Yuanli have extraordinary strength.

Among them, the most powerful ones can turn rivers and seas upside down.

But if you want to have Yuanli, you have to absorb a lot of essence of heaven and earth.

And the essence of heaven and earth is so good, they are basically occupied by the strong and powerful.

In addition, even if you have the essence of heaven and earth, if you want to absorb it, you must have a well-qualified body for cultivation and a good cultivation method to assist.

“The ancient \*\*\*\* swallowing the heavenly scriptures is a real cow! After practicing, he can devour everything in the world and turn it into a force of origin! Not restricted by the essence of the world!”

For this alone, Ye Que felt that it was worthwhile to practice it.

“Cultivating to a high level, being able to master great supernatural powers such as the indestructible golden tortoise, the law of heaven and earth, and communicating with monsters is only the most basic ability of the ancient gods swallowing the heavenly scriptures.”

Ye Que was excited.

If he masters the law of heaven and earth, he will turn into the size of heaven and earth in an instant, shatter the earth with one foot, and make all living beings terrified with a roar.

In some respects, this is better than breaking through the realm and improving strength.

Longing!

“Must practice!”

Ye Que fell in love with this exercise a little bit.

Calm down a little.

View another section of data on the panel.

Speed: 7.9/10

Defense: 7.9/10

Attack: 5.9/10

Experience Points: 3

These are the three experience points gained from killing the young master of the Long family and the guards.

Now, there is a difference of two realms between speed, defense and attack, and it is impossible to add points, and the experience points have reached the upper limit.

You can only choose to break through, or add points to the skills.

“With just these three experience points, it’s a drop in the bucket to cultivate the ancient gods swallowing the heavenly scriptures! Use them to improve your strength first!”

Only the treasures in the package are enough for Ye Que to cultivate the ancient \*\*\*\* swallowing the scriptures.

“Then increase your strength and protect Xue Lingluo more securely.”

Next, he adds 1 to attack, 1 to speed, and 1 to defense.

Panel data changes.

Speed: 8.9/10

Defense: 8.9/10

Attack: 6.9/10

Experience points: 0

“Ding! The host’s speed, defense, and attack are all above 6, and it can break through to the sixth level! Do you want to break through?”

“breakthrough!”

Long Family in Qingfeng Town.

“Patriarch, the young master was killed by Xue Lingluo and her pet turtle.”

The guard put the young master’s body on the ground, pleading with snot and tears.

“Xue Lingluo, your Xue family has been ransacked by bandits, and you have long since lost your family background. Why are you still so arrogant! That’s my Long Er!”

The Patriarch of the Long family has a ferocious face, full of hatred.

With a bang, the aura of the tenth level of the Lingwu Realm was released.

Huo Ran turned around and looked at the guards, his killing intent burst out.
