

GOD! I TURNED INTO A TURTLE

Chapter 13 – Crazy Add Points

The uncle's face turned cold, and there was a bit of murderous intent in his eyes.

He roughly guessed the reason why the Xue family was destroyed.

Ye Que felt relieved.

It turned out that the killer was invited, the elder of Mie Xue's family, and someone else.

It seems that this person really came to rescue Xue Lingluo, and he didn't have any murderous intentions behind him.

"Uncle, did Xue Longfeng become greedy, so he asked the killer to pretend to be a bandit and destroy my Xue family?"

Xue Lingluo was startled and furious.

"Innocent girl! Talking so bluntly, going to the Xue family, I don't know how much trouble I will suffer!"

Ye Que shook his head secretly.

The uncle frowned and said: "Xue Longfeng is one of the core elders of the Xue family, with extraordinary strength and status, you must not speculate in the future."

"But...uncle, do you have the heart to watch something happen to my parents? They...are they dead?"

Xue Lingluo cried.

The uncle was silent for a while and said: "Go back to the Xue family first, and I will protect your safety. Regarding the destruction of the Xue family, I will investigate."

Xue Lingluo cried bitterly.

The uncle was so silent, and told her that his father and mother were dead.

"Son, let's go! Your parents, [Youyou Reading www.uutxt.vip] will not die in vain!"

The uncle stepped forward and sighed softly.

Ye Que quickly slipped to the side.

This is a super boss, he can't afford to mess with it.

In the end, Xue Lingluo was picked up.

Before she left, she wanted to take Ye Que with her.

But Ye Que would not agree.

"Little Turtle, will I still see you in the future?"

Xue Lingluo put the package beside Xiao Guigui, and said with red and swollen eyes.

"If I can transform into a human being, we will have a chance to meet."

Ye Que had already accepted the fact of being a demon, but facing such a parting, he still felt a little sad.

"Luoer, let's go."

The uncle grabbed Xue Lingluo's shoulders and slowly lifted into the air.

"Little Guigui, you protected me, and I will give you all the treasures in the package! I will never forget you in this life!"

Xue Lingluo shouted reluctantly, and tears fell to the ground.

"Ghost turtle, since you don't want to go with me, then I will give you a chance as a repayment for protecting Luoer."

The uncle made a faint sound, and with one hand tossed, a white fruit fell to the ground.

Ye Que picked it up and took a look.

It is cold real fruit.

When you smell it, it has a strong fragrance.

It is even more fragrant than the 400-year-old cold real fruit that I ate before.

"It's a big profit, the year of this Lengzhen fruit is absolutely high!"

Ye Que was excited.

The treasure inside the package, plus this cold real fruit.

He already has the ability to practice the first volume of the ancient **** swallowing the heavenly scriptures.

"Experience, here I come!"

Ye Que ran towards the package.

Before eating, look at the panel data.

Speed: 8.9/10

Defense: 8.9/10

Attack: 6.9/10

Experience Points: 3

In the past two days, with the help of the map scanning function, he squatted to guard many monsters.

Just brush the experience points to the upper limit.

Even the proficiency of Shadow Attack and Rock Seal has improved a lot.

“Don’t break through for the time being, otherwise the effect of taking treasures will be greatly reduced when the realm is high.”

Ye Que tore open the package, looking at the large amount of treasures inside, his eyes straightened.

“First add the experience points to the exercises!”

“Gongfa plus 3.”

This time, he will give priority to obtaining the ability to communicate with monsters.

As for breaking through the realm—

Relying on map scanning and one’s own strength, if you want to break through in the future, you will need to spend some energy and time at most.

At this time, on the panel in his mind, the item of martial arts was flickering.

Ideas click in.

Evolution: Wild Forest Turtle (sixth-layer monster with keen hearing)

Cultivation method: The first volume of the ancient **** swallowing the sky 3/100 (reach 20 experience points, gain the ability to communicate with all monsters)

Skill 1: Shadow Assassination 355/500 (proficiency increased to 500, can be upgraded to Void Assassination)

Skill 2: Rock Seal 115/500 (proficiency increased to 500, can be upgraded to Void Shock)

Mystic: Riot (in one minute, all abilities are increased by 50%, cooldown time: three days)

The experience points of exercises have increased.

“Haha, I will soon gain the ability to communicate with all monsters.”

Ye Que began to devour the treasure.

“Ding! The host has taken a Ganoderma lucidum for five hundred years! Gained 0.5 experience points.”

“Ding! The host takes a 600-year-old Xuezhi plant! Gain experience point 1.”

“Ding! The host took a five-hundred-year blue flower leaf! Gained 0.5 experience points.”

“Ding! The host...”

After a while, experience points reached 3.

He immediately added the experience points to the exercises.

Then, continue to take Jumbo.

“Ding! The host took a 700-year-old trichos fruit! Gained 2 experience points.”

“Ding! The host...”

And so on.

Within a few minutes, the system notification sound came.

“Ding! The experience points of the first volume of the Ancient God Swallowing the Heaven have reached 20.”

A divine thought entered Ye Que’s mind.

Fortunately, I had an experience once, but I quickly adapted to it.

“It is part of the first volume of the ancient **** swallowing the heavenly scriptures.”

Just as I thought of this, the system notification sound came again.

“Ding! Automatically practicing!”

“Ding! The training is complete, and the host has gained the ability to communicate with all monsters!”

Ye Que was stunned.

There is also this operation.

“It’s good to have experience points. I just need to add some points to the exercises, and I can practice automatically. It doesn’t take time or effort!”

Ye Que felt the convenience, and liked this way of cultivation more and more.

View panel data.

The mind clicks into one item of martial arts.

Evolution: Wild Forest Turtle (sixth-layer monster with keen hearing)

Cultivation method: The first volume of the ancient **** swallowing the heavenly scriptures 20/100 (reach 50 experience points, gain the ability to communicate with all creatures)

Skill 1: Shadow Assassination 355/500 (proficiency increased to 500, can be upgraded to Void Assassination)

Skill 2: Rock Seal 115/500 (proficiency increased to 500, can be upgraded to Void Shock)

Mystic: Riot (in one minute, all abilities are increased by 50%, cooldown time: three days)

A skill has changed.

“Reach 50 experience points and gain the ability to communicate with all creatures!”

Ye Que longed for this ability.

But not in the short term.

In order to add 20 experience points to the exercise, he used a whole package of treasures.

This time I need to add 50 points, I don’t know how long it will take.

Look at the remaining treasures.

There is only one cold real fruit left.

It was a gift from Xue Lingluo’s uncle.

It can be seen how much effort was spent in order to add 20 experience points to the exercises.

“Adding something to the cultivation method, let’s put it on hold for now, the strength cannot be ignored, and it must be improved!”

Strength is fundamental, if you cannot improve your skills, your strength will stay where it is.

Looking at the cold real fruit.

“Eat it first, then fill up the experience points, and then break through!”

Eat cold real fruit quickly.

“Ding! The host takes an 800-year-old Lengzhen fruit! Gain experience point 3.”

“Fuck!”

One will fill up the experience points.

The treasure of the highest age he ate before was only 700 years old.

The Leng Zhenguo that Xue Lingluo's uncle gave him was really amazing, it was 800 years old.

View panel.

Speed: 8.9/10

Defense: 8.9/10

Attack: 6.9/10

Experience Points: 3

There is a difference of two realms between speed, defense and attack, so no points can be added.

The experience point has reached the upper limit and cannot be used again.

Seeing this, Ye Que decisively chose to break through.
