

# GOD! I TURNED INTO A TURTLE

Chapter 15 – Earth Dragon

“breakthrough.”

He got stronger again.

“Ding! The breakthrough has been successful!”

“Ding! The host has become a tenth-level monster and has obtained the qualification to return to the ancestors once. Do you want to return to the ancestors?”

Ye Que wanted to return to his ancestors wholeheartedly, but when he really wanted to return to his ancestors, he hesitated instead.

Because human beings aggressively attacked the monster forest, alarming the beast king.

He didn't dare to return to his ancestors rashly.

And returning to the ancestors, will it make a sound?

Will it cause anomalies?

Do you fall asleep for long periods of time, or become immobile?

He has no idea.

However, once one of the above situations occurs, danger will come.

Whether it is the Beastmaster, other high-level monsters, or strong humans, they can all pose a fatal threat to him.

“System, what will happen when you return to your ancestors?”

The system answered him again and again, whether to return to the ancestors.

Ye Que sighed: “Can I return to my ancestors later?”

“Ding! The countdown to the ancestor: five days.”

The system gave feedback, which made him happy.

“It's okay, okay! I'm leaving the monster forest now.”

He decided to find a quiet place to go back to his ancestors.

Climb out of the crevice.

Gollum—

hungry.

He broke through to the tenth level realm and did not replenish his physical strength.

“Looking for something to eat while leaving.”

Go around to the side and leave the monster forest from the other direction.

While running, check the panel.

Only martial arts has changed.

The mind clicks into one item of martial arts.

Evolution: Wild Forest Turtle (a tenth-layer monster with a keen sense of hearing)

Cultivation method: The first volume of the ancient \*\*\*\* swallowing the heavenly scriptures 20/100 (reach 50 experience points, gain the ability to communicate with all creatures)

Skill 1: Shadow Assassination 405/500 (proficiency increased to 500, can be upgraded to Void Assassination)

Skill 2: Rock Seal 170/500 (proficiency increased to 500, can be upgraded to Void Shock)

Mystic: Riot (in one minute, all abilities are increased by 50%, cooldown time: three days)

On the way to flee before, I hunted and killed many monsters, and my proficiency has improved a lot.

Shadow Assassination will soon be upgraded to Void Assassination.

Boom! !

A dull explosion sound came from the central part of the Monster Beast Forest.

Ye Que's expression changed.

Before he could react, a strong wave of air swept over.

“The powerhouses at the Yuanwu Realm are fighting!”

He thought of the Beastmaster.

According to the map scanning prompt, the Beastmaster is a first-level Yuanwu Realm monster, and there are no Yuanwu Realm warriors on the human side.

But the next moment, his idea was overturned.

Roar-

The screams came from the central area, it was the screams of monsters.

“Beastmaster?”

Ye Que’s pupils shrank.

impossible!

The human side doesn’t have warriors in Yuan Wujing, so how can they have the right to hurt the Beast King?

“Fuck! Humans don’t hold star weapons, do they?”

According to the introduction of the ancient \*\*\*\* swallowing the sky, weapons are divided into star-level, moon-level, heaven-level, supreme, and god-level.

Weapons with a star rating and above all have the power of Yuan Wujing level.

“How \*\*\*\* ruthless! To prepare at least a star-level weapon! Fortunately, I didn’t provoke them.”

Ye Que said that he couldn’t afford to offend him, so he slipped away.

With the help of the map scanning prompt, he ran out of the depths of the monster forest and came to the middle area on the other side.

“Map scanning prompt: 1,200 meters ahead, a sixth-layer monster appears!”

“There is something to eat!”

Kill the six-fold monster and eat quickly.

After recovering his physical strength, he continued to move towards the periphery, and it didn’t take long before he left the monster forest and came to another mountain range.

“The host left the monster forest, do you want to scan the new map?”

“scanning!”

“Ding! A new map scan begins!”

“Ding! Scanned information loaded 10%...20%...30%...”

“Ding! Information loaded 100%!”

Some new information appeared in Ye Que’s mind.

Shenyan Mountains.

In the mountains, there are two great forces.

A Shiyan sect formed by humans.

Another faction is ruled by a Shenyan Beastmaster.

It is the same as the Beastmaster who ruled the monster forest, except that the Shenyan Beastmaster is more powerful.

Moreover, the range of the Shenyan Mountain Range is wider, and there are more strong people in it, otherwise there would not be two big forces entrenched in it.

“Find a place where no monsters or humans disturb you, and return to your ancestors with peace of mind!”

Ye Que happily ran into the Shenyan Mountain Range.

It was already late at night when he found a remote cave.

“The cave is blocked by chaotic rocks. I’m going to return to my ancestors inside. Even if there are any changes, I can’t leak them out!”

Moreover, he got in through the cracks in the rocks, leaving no obvious traces at all.

Taking a deep breath, he suppressed the fluctuating emotions.

“Now, let’s go back...”

“Map scanning prompt: 1,200 meters ahead, a first-level Yuanwu realm monster appears!”

“System prompt: A wild monster at the first level of Yuanwu Realm is approaching quickly, please avoid it!”

Ye Que was annoyed: “I have provoked someone! There are Yuanwu realm monsters appearing in such a remote place!”

He cursed, but didn’t dare to stay for long.

There is a huge gap in strength between Yuanwu Realm and Monster Beast Realm.

If he really encounters a Yuanwu Realm monster, he can kill him with a single claw.

Quickly slip to the hole!

boom!

The rocks were shattered!

His figure suddenly stopped.

By the moonlight, Ye Que saw a blood-stained earth dragon crawling into the cave panting.

The earth dragon exuded the aura of the first level of Yuan Wujing, and the fist-sized longan looked at him.

At that moment, the world is eternal, and time and space are frozen.

Only the palm-sized tortoise and the three-meter-tall earth dragon faced each other.

Roar-

A beast's roar mixed with a strong stench came out of the earth dragon's mouth.

Ye Que clung to the ground tightly, but was not blown away by the sound waves and air waves.

"Damn, this is the Beastmaster of the Monster Forest! Why did this guy come here?"

He learned from the information scanned on the map that the Beastmaster of the Monster Forest is an earth dragon.

"Can you communicate with me? Do you know that I am the ruler of the monster forest?"

Tulong said in surprise.

He wanted to use his voice to shock the ant and turtle to death.

Unexpectedly, this tortoise is extraordinary.

The other party is actually intelligent, and he can understand what he said!

"Fuck! Forget that I have the ability to communicate with all monsters!"

Ye Que thought to himself.

"Seeing that you are special, eating it should be able to restore my injury!"

With a low growl, the earth dragon burrowed into the cave and grabbed Ye Que with one claw.

“You are seriously injured, yet you still dare to be arrogant! Let me out, or I will kill you!”

Ye Que didn't want to collide with Yuanwu Realm monsters, even if the opponent was seriously injured.

However, if he thought so, the other party would not understand it that way.

“A \*\*\*\* the size of a palm dares to shout in front of me! Leave it to me!”

The earth dragon sneered, and the dragon claws pressed it away.

brush-

Ye Que flickered in an instant, dodging the dragon's claws.

“Panshi Seal!”

A translucent tortoise shell imprint emerges on the tortoise shell.

He uses skills to thicken his defense.

“Bye bye!”

Ye Que sneered, and like a mouse, he got out from the gap between the earth dragon and the cave.
