

## GOD! I TURNED INTO A TURTLE

Chapter 16 – Mystic: Riot

Tulong was dumbfounded.

What the \*\*\*\* is this a turtle?

This is a mouse!

“I’m going to eat you! Stop it!”

Tulong was tricked and became angry from embarrassment.

With a low growl, Yuanli surged on his body.

Yellow light was released from the body, connected to the hole, and turned into a layer of yellow light curtain.

boom!

Ye Que couldn’t dodge in time, crashed into the yellow light curtain, and was squeezed by the force inside it.

He couldn’t move.

Monster beasts in the Yuan Wu Realm should not be underestimated.

“Bastard, honestly become my food, I will let you die quickly!”

The earth dragon backed up, retreated to Ye Que’s side with a big mouth, and opened his mouth to bite.

“If I don’t solve you, I can’t escape!”

Ye Que’s eyes showed cruelty.

The opponent was a first-level Yuanwu Realm monster, but it was seriously injured.

He has a chance!

“Get rid of me? Ridiculous ants!”

Tu Long listened to the other party’s words and laughed angrily.

“If you can’t bite my turtle shell, I’ll kill you today!”

Ye Que retracted his limbs and head into the turtle shell.

The translucent tortoise shell imprint on the tortoise shell became brighter and brighter.

The dragon bites.

“Ding! Host talent triggers, counterattack!”

hiss-

The earth dragon opened its mouth to move away from the turtle.

It feels pain.

Because of the serious injury, this kind of pain touched the whole body, and the pain instantly increased ten times.

“Asshole!!”

It growled in pain.

The dragon claw covered with yellow light grabbed the turtle shell again.

It used its power.

This blow was no small matter.

Ye Que stretched out his limbs and head, and when he saw the dragon’s claws covered in yellow light, his eyes were red.

“If you can’t bite into pieces, that means I can still kill you!”

“riot!”

“Ding! The host uses riot: within one minute, all abilities are increased by 50%, cooling time: three days.”

“Ding! The one-minute countdown to the riot begins...”

Blood light spread all over Ye Que’s body.

He felt unprecedented power, filling his whole body.

With a low growl, he forcibly pulled his body out of the yellow light curtain.

brush-

His speed was terrifyingly fast, as if he disappeared in an instant.

boom!

The dragon claws made a big hole in the ground.

“So fast?”

Tulong was shocked.

Suddenly, a phantom appeared in front of his eyes.

It's that turtle!

"not good!"

He subconsciously closed his eyes!

Just as he wanted the yellow energy to cover his eyes, a sharp pain spread from his left eye.

Roar-

Earth Dragon screamed.

Its left eye was cut off.

Ye Que fell next to his left eye, and said ferociously: "You are not allowed to let me go, I will make you regret it!"

Jump hard, jump into the left eye.

boom!

Earth Dragon's yellow Yuanli covered his left eye, and instead of jumping in, he fell into the Yuanli.

"Die to me!"

Taking advantage of the fact that the tortoise was not struggling to release its energy, it slammed its head hard against the stone wall on the left.

There was a bang, as if the earth was shaking.

The stone wall was knocked out of a big pit.

The turtle in the pit, intact.

"You can't even bite me to death, and you still want to crush me to death, dreaming!"

Ye Que used Shadow Attack again.

brush-

He disappeared from the stone wall.

The earth dragon is in pain.

This turtle's shell counters damage!

"Disappeared again!"

It releases yellow energy, covering the whole body to prevent the opponent from attacking.

This time, however, the tortoise did not show up.

This kind of situation made Tulong anxious.

It was already seriously injured, its left eye was cut, and its injuries were compounded. After all, its strength to maintain stability was declining again.

Moreover, it has been releasing yellow energy, and the consumption is extremely huge.

But if you don't release the yellow energy, the opponent will launch a surprise attack again.

If you continue to spend so much time, before the other party appears, it will be self-defeating.

In the bottom of my heart, regret emerges.

If I had known this would happen, I would have let the turtle go.

"By the way, I'm leaving the cave. The tortoise will definitely know itself and leave here."

Thinking of this, Tu Long immediately retreated from the cave.

"You want me to go? It's too late! I'm playing you to death!"

Ye Que's voice came from the entrance of the cave.

This earth dragon was probably attacked by humans, and fled from the monster forest under serious injuries.

Coincidentally, I came to this cave to recuperate and meet Ye Que.

But it insisted on thinking about it and provoke Ye Que.

Now it's better, not only the injury has worsened again, but also facing the danger of being attacked by Ye Que.

When Tu Long heard this, he said angrily: "When I recover from my injuries, I will kill you!"

Leaving behind a harsh word, he ran into the mountains and forests.

Maybe it was because of the fear of the Beastmaster of the Shenyan Mountains, or those human beings, it didn't fly in the air.

Ye Que didn't say a word, and followed Tu Long secretly.

“Ding! The riot ends in one minute! The host, please get ready to rest! The countdown to the riot cooldown: three days!”

The blood on his body disappeared, his strength weakened, and his momentum dropped.

Here comes the side effect.

pain!

My whole body hurts!

But the more he hurt, the more he hated Tulong.

“If I don’t kill you, I won’t be reconciled!”

Ye Que held grudges very much, he gritted his teeth and followed Ding Tulong.

He wanted to take advantage of Tulong’s injuries and his weakened strength to kill him.

morning hours.

The earth dragon stopped running, glanced around, saw nothing unusual, and then burrowed into a crack in the ground.

Ye Que let out a breath, and said coldly: “Your death will be soon!”

He also jumped into the underground crack.

A stream of yellow energy emits yellow light, illuminating the surroundings of the crack.

Below is the earth dragon with its \*\*\*\* mouth wide open, and above is the turtle that just jumped off.

“I knew you would follow, I can’t use my strength in the air, I’ll see how you run, die!”

The earth dragon condensed all its energy on the teeth.

It wants to use the strongest blow to crush the turtle.

Ye Que smiled coldly: “Coincidentally, I knew that you would be on guard, but will it work for me?”

“Void Assassination Technique!”

He borrowed power in the void, as if he could fly.

brush-

The palm-sized tortoise disappeared instantly.

When it appeared, it was already in the mouth of the earth dragon.

“Oops!”

A crisis of death rose in Tu Long’s heart, and he immediately released the yellow energy to block the inner cavity.

It never expected that the opponent could borrow power in the air, and the speed was faster than before.

Yellow Yuanli covers the inner cavity.

But too hasty, the yellow light was too weak.

Ye Que used the Void Assassination Technique again, tearing it apart easily.

“I want your life!”

He rushed into the body of the earth dragon and started a frenzied destruction.

That night, Earth Dragon died in pain.

It never dreamed that it would be killed by a little turtle.

If I had known earlier, I would not have provoked this turtle.

Before it died, it felt remorse countless times.

But it was useless, and he died in the end.

Ye Que felt that the earth dragon was dead and couldn’t hold on any longer, so he fell into a deep sleep in the earth dragon’s body.

“Ding! Congratulations to the host, start the second phagocytosis synthetic evolution, please choose the phagocytosis target!”

The system prompt sound woke up Ye Que.

“Five days are up, haha, I’m so lucky, I just wanted to kill the earth dragon to vent my hatred last night, I didn’t even think about it, I want to treat it as the target of devouring!”

Ye Que was excited.

I have no intention of inserting willows and willows into shades.

Choose the earth dragon as the devouring target, ideal!
