“Ding! The speed, defense, and attack of the host are all above 4, and you can break through to the fourth level! Do you want to break through?”

“Breakthrough! Breakthrough!”

Ye Que shouted tremblingly in his mind.

The body changes.

There was severe pain, but he was afraid and didn't care about the pain.

“Ding! The breakthrough has been successful!”

Ye Que ran along the wall, and quickly left from the warehouse.

Ok?

It has a fragrance!

“It's the kitchen!”

Gollum—

A strong hunger strikes.

“Go to the kitchen to hide first, and eat something by the way, otherwise I won’t have the energy to run out of Xue’s house!”

Smelling the fragrance, I brushed the floor, and got into the kitchen not far away.

Fortunately, it was night and there was no one in the kitchen, otherwise there would have been a little trouble.

boom!

There is a huge roar outside!

Ye Que’s heart tightened.

“Invasion! There are foreign enemies invading!”

“It’s a bandit!”

Someone was yelling outside.

“Nimma, I’m scared! So it’s none of my business!”

Ye Que heaved a sigh of relief.

Then feel annoyed.

“I should have known to eat a few more bites. I haven’t visited the secret room in the back of the warehouse. There must be more precious treasures there!”

But listening to the roar outside, he was relieved again.

Those guys are so powerful, they are probably here to rob the Xue family.

If he stayed in the warehouse for a few more seconds, he would definitely be caught by the bandits and stewed with **** soup.

“It’s important to eat first!”

Even if there were shouts of fighting and killing outside, it still couldn’t shake his desire to eat.

Eating enough is the most important thing.

When he was full, the outside voices shifted to other places in Xue’s house.

It’s a lot quieter here.

boom!

The door was pushed open.

Ye Que took a bite of the meat and quietly crawled under the table.

“I didn’t expect a family in a small town to have the strength to resist!”

A panting voice was heard.

“Hush!”

The other person seemed to be very cautious. After entering the kitchen, he began to search.

“no one!”

The man breathed a sigh of relief and sat down on the table to rest.

“Ying San, you said the Xue family, why did you attack the Xue family, no matter what, the Xue family is also a branch of the Xue family.”

“Take other people’s money, just do things, don’t talk too much! Also, don’t call me by name, we are bandits now!”

“There is no one here, you are so cautious... Do it, put away your eyes, we are bandits, here to rob Xue’s house!”

“I’ve heard it said above that Mie Qingfeng’s town of Xue’s family was done by an elder of the Xue family. I don’t know if it’s true or not. Don’t talk nonsense!”

“I knew you weren’t so rigid.”

“It’s almost time to rest, quickly slaughter the Xue family, don’t waste time!”

“This operation can also take away all the resources of the Xue family, which is a good deal!”

Then there was the sound of two people walking out.

Ye Que originally wanted to return to the warehouse, but now it seems that it is useless to stay here.

Jump out of the window.

There were corpses everywhere outside, and blood flowed into canals.

Looking at the infiltration, it is better to leave here early.

“Master Xue, don’t kill me! I worked for the manager before and wanted to poison Xue’s family. Although I failed, it shows that I have one heart with you!”

“The matter of the Xue family being destroyed, you are no longer needed, die for me!”

Li Heacock fell out of a certain room, landed heavily on the ground, and soon became silent.

Seeing this, Ye Que speeded up and slipped away so as not to be discovered.

Find a hole in the wall and sneak out through the hole.

“There are a lot of things going on in Qingfeng Town recently, so go back to the Monster Forest first!”

In the dark night, he ran against the wall, moving very fast.

It is now safe to view the panel as well.

“The skill is opened at the fifth level, and I am not far from the fifth level!”

“In addition, I have new skills, and I will improve my proficiency when I go back!”

Ye Que was excited and moved faster again.

Suddenly, a scent of medicine penetrated into his nose.

“It’s the scent of ginseng!”

He paused, and greed appeared in his eyes.

“A baby appears, if you don’t eat it, you’re a bastard! Bah! If you don’t eat it, you’re an asshole!”

I almost forgot that I was a bastard.

Turning the corner in front of the wall, a black package and a head came into view.

Take a closer look.

A young girl crawled out of the hole in the wall that was just broken.

It’s just that the head just got out.

Ok?

The scent of ginseng comes from the package.

“You... what are you doing, you turtle! Don’t touch my package!”

The girl panicked and cried.

Talking and crawling outside.

Ye Que ignored her, lightly pawed, and tore open the package.

Looking at the things inside, I was dumbfounded.

“A lot of treasures! Get rich!”

Just open your mouth and eat.

“Daughter, if you don’t leave quickly, your father and I will commit suicide in front of you!”

“Wooooow, I’m leaving!”

The girl desperately crawled out, but halfway through the climb, she was stuck by a hole in the wall.

“I heard that Xue Lingluo from the Xue family is top quality, so bring it back for the brothers to play with!”

The voice of a bandit came from within the wall.

“Don’t touch my daughter, I will fight with you!”

“Husband, I am with you. If I am captured alive, I will choose to commit suicide. I will never let these beasts take advantage of it!”

The voice inside the wall is full of tragedy.

Ye Que paused when he heard the words.

It’s a bit of a beast to take advantage of others like this.

Although he is not a kind person, he has not lost his humanity.

He raised his head and looked at the girl, who happened to be looking at him.

Such familiar eyes!

It was exactly the same as his eyes full of fear, despair and helplessness before he was hit by a car.

“This feeling of guilt is so uncomfortable! Forget it, I eat so many treasures from your family, so I should rescue you.”

Ye Que climbed up in front of the girl, and with his paws down, the hole in the wall widened.

The girl crawled out crying.

“Hey, save your life, it’s okay to give me a ginseng plant!”

Although the girl couldn’t hear it, Ye Que felt it was reasonable.

Climbing up to the package, he put the ginseng that he wanted to eat before into his mouth again.

“Map scanning prompt: 600 meters ahead, a ten-level wild monster appears.”

Ye Que picked up the ginseng and ran outside.

BOSS appears, can’t afford to mess with it.

It’s better to save my life first.

“System prompt: A quadruple wild monster is approaching quickly, please avoid it!”

Ye Que looked back.

Why did this girl follow here!

Regardless, avoiding those killers first is the business.

Qingfeng Town is not big, Ye Que came to the town’s entrance soon.

“Map scanning prompt: 600 meters to the right, a five-level wild monster appears!”

Ye Que turned his head and looked, to the right was a thatched cottage, dark and silent.

That wild monster should be hiding between the thatched huts.
