

God level 1001

Chapter 1001

"not good!"

"escape!"

Huoyun and Lupao screamed at the same time.

The next second, the two of them fled towards Huoyun Holy Land in unison.....

"Can you escape?!"

Qin Feng crushed it down with a palm of his hand.

The palm instantly turned into an infinite giant, covering the sky and the earth...

Huoyun and Lupao felt that the sky and earth dimmed, and the giant palm poured down from the sky, with a shocking momentum.....

"No~! "

Huo Yun roared and raised his Sanso Gourd to resist...

Green Robe also took action at the same time.

The two of them worked together to resist a palm... boom~!

Click~! Click~! Click~!

A loud sound of heaven and earth shattering~!

All the heaven and earth for hundreds of millions of miles were shattered and turned into powder!

"ah~! "

"ah~! "

Two shrill screams!

Qin Feng slapped Huo Yun with one palm until he vomited blood and flew backwards. The endless red sand beaten out by the San Po Gourd was all turned into powder...

The green robe was even more unbearable. With one palm, his body exploded into pieces. Turned into blood mist.....

"This...how is this possible!"

In the blood mist, the frightened roar of the green robe was heard.

It was not until this moment that the green robe was horrified to discover that Qin Feng's combat power had actually reached 30,000 poles, which was twice as high as before.....

It was really hard for him to imagine that in just a few days, Qin Feng's combat power had soared to such an extent.....

This is completely illogical!

But now, he can no longer think too much, Qin Feng comes to kill again.....

While you are sick, I will kill you!

How could Qin Feng let go of this great opportunity!

He shot continuously, blasting the blood mist crazily.....

Boom~! Boom~! Boom~!

One after another, the power of Hongmeng blasted into the blood mist, causing the blood mist to surge, and the green robe screamed again and again...

The super corrosive power of the power of Hongmeng to the soul was fully reflected at this moment.....

The vitality of the green robe plummeted!

The speed of destruction of the soul is completely comparable to the attack of the powerful Heavenly Saint.....

"No.....Brother Huoyun, save me! Help me!"

The green robe yelled in fear, calling for help with all his strength.....

But on the other side, with blood hanging from the corner of his mouth, Huo Yun stepped on the San Po Gourd and fled towards his lair.....

At this moment, he was so frightened that his liver and gallbladder were split apart. His own life was in danger. How could he care about the green robe?.....

In the blink of an eye, he was thousands of miles away.....

"Huo...Brother Huo Yun, don't...don't leave me..."

When the green robe saw Huo Yun running away alone, he screamed sadly.....

But Huo Yun didn't pay any attention to it and only focused on escaping.....

"Huoyun...brother, save me...."

Lupao felt desperate.

At this moment, he was extremely regretful...

If he had known that Qin Feng was so strong, he might as well have helped Jiu Ying and the others to get out of trouble, at least he would not have ended up like this.....

But God is not as good as man, and it is too late for him to regret now...

In just a moment, Lupao couldn't hold on any longer, and with a shrill scream, his soul completely collapsed.....

"Ding~! The host successfully killed the peak powerhouse (green robe) in the early stage of the third realm of eternity... and obtained 9 quadrillion karma values (90 million redemption points)"

The green robe thus fell.

Qin Feng waved and put away the energy contained in the green robe.

Then, he raised his head and looked into the distance...

Huo Yun had already fled tens of trillions of miles away, leaving only a sesame-sized back...

Qin Feng raised the corner of his mouth slightly and chased after Huo Yun.....

A few days ago, Huo Yun had the help of Sanso Gourd, and he was faster than Qin Feng.....

But now, Huoyun's speed is far inferior to Qin Feng's.....

But on the other side, Huo Yun ran away frantically, feeling extremely anxious...

He also did not expect that Qin Feng's strength would become so terrifying after only a few days of absence, completely disrupting his and Lupao's plans.

This time, they really stole the chicken but lost the rice!

What's even more frightening is that Qin Feng is chasing him from behind. If he can't escape back to his home territory, he will definitely die... The more

Huo Yun thought about it, the more anxious he became.

At this moment, a huge and continuous mountain range appeared in front of him...

As soon as he saw the mountain range, Huo Yun's face showed a look of ecstasy.

As long as he jumps over the mountain range, he can enter his own realm...

At that time, he will be able to use the fragments of the jade ultimatum to exert 60,000 extreme combat power. He will no longer have to fear Qin Feng and can even crush him. Suppressing Qin Feng...

Huo Yun became more and more excited as he thought about it. He was finally going to be rescued.
.....

But at this moment, there was a rapid sound of breaking through the air behind him...

Huo Yun quickly followed the sound and saw Qin Feng chasing him.....

"not good!"

Huo Yun's face changed with fright, and he quickly sped up and ran away!

"Huoyun, do you think you can escape?"

Qin Feng sneered, and after a few steps, he reached behind Huoyun.

And Huoyun was still millions of miles away from the mountains in front of him.....

He was so anxious that he shouted:"Qin Feng, do you have to kill them all?!"

Qin Feng sneered:"Haha! You and Lupao used tricks to kill Jiu Ying with my hands, so that I and Di Jun would form a deadly feud. Don't you just want to borrow a knife to kill people! Now that I'm going to kill you with this knife, you know you're going to be afraid!"

"But...but, Qin...Master Qin Feng, that is because I listened to Lupao's persuasion. In fact, this plan came from Lupao and has nothing to do with me! As long as Mr. Qin Feng lets me go, how about the grievances between you and me be wiped out?"

Huo Yun was quibbling while running away.

In the blink of an eye, he was only a million miles away from his own territory.....

"Do you think I am easy to fool? I will believe your sophistry!"

Qin Feng sneered, accelerated, caught up in an instant, and blasted away with a palm.....

Huo Yun felt the thunder and earth moving behind his head, as if the whole world was being crushed down, making him unable to escape.....

"Damn it~! "

Huo Yun had no choice but to turn around and resist.....

Boom~!

There was another loud noise!

Huo Yun screamed, and was knocked away by the gourd, and blood spurted out...

The next second, Qin Feng began to strangle Huo Yun...

Boom~! Boom~! Boom~!

The roar of attacks continued to be heard in the field, as well as Huo Yun's shrill screams...

Not long after, Huo Yun suddenly transformed into a red cloud the size of an acre.....

The red cloud wrapped around the soul gourd, and despite Qin Feng's violent attack, it desperately fled towards the mountains.....

After transforming back into his original form, Huo Yun lost his attack power, but his defense power increased several times, and he could resist Qin Feng's attacks one after another.....

"Huh! Good guy!"

Qin Feng was also a little surprised, but he just kept chasing after him.....

Just like that, both sides chased and escaped!

In the blink of an eye, Huoyun escaped to the top of the mountain range, and was only one step away from returning to the Holy Land of Fire Cloud.....

But at this critical moment, Huo Yun finally couldn't hold on any longer, and with a shrill scream, the red cloud the size of a mother's foot exploded automatically, and most of it turned into pure energy. Even the San Po Gourd lost its spirituality and was left on the spot.....

But there was still a small half red cloud that flew into the Holy Land of Fire Cloud.....

Qin Feng waved his hand and put away the Soul-Sanding Gourd and the sky-wide energy.

At the same time, after the little half of the red cloud flew into the Holy Land of Fire Cloud, he reappeared as the Supreme Saint of Fire Cloud, but he lost most of his energy and his cultivation level plummeted to the late stage of the Supreme Saint.....

"hehe! He's not completely dead yet!"

Qin Feng sneered and stepped into the Fire Cloud Holy Land.....

"Damn little thief! I will fight with you!"

After returning to his home territory, Huoyun's confidence increased greatly.

With a wave of his hand, he sacrificed the jade ultimatum fragments.

Buzz~!

A clear cry!

The jade ultimatum fragments burst into light!

The next second, the entire Huoyun Holy Land shook slightly. Get up, between heaven and earth, light shines brightly, and billions of living beings are alarmed.....

The power of heaven and earth in Fire Cloud Holy Land was completely activated at this moment..

Chapter 1002

The power of heaven and earth in Fire Cloud Holy Land was completely activated at this moment.
.....

The next second, the fragments of the jade certificate in the air turned into a ray of light and penetrated into Huoyun's body.....

Buzz~!

Heaven and earth are clear~!

One after another, the light of heaven and earth is projected onto Huo Yun.

The power of heaven and earth in the entire Huoyun Holy Land was attached to Huoyun.

Huo Yun's combat power instantly increased to 35,000 extreme powers.....

At this moment, Qin Feng arrived, and the two sides fought together instantly.....

Boom~! Boom~! Boom~!

For a time, the two sides fought until the sky was dark and the earth collapsed.....

Although Qin Feng's combat power is only 30,000 poles, his increase is two hundred times, which is much stronger than Huoyun...

And the power of Hongmeng is extremely special, and its destructive power is far stronger than Huoyun's spiritual power..

All these factors caused a stalemate between the two sides and turned into a draw.

Even though Huo Yun's combat power was obviously superior, there was nothing he could do against Qin Feng.

In the blink of an eye, the two sides fought for hundreds of rounds, and still no one could do anything to the other.....

"Qin Feng, there is nothing you can do about me! Ha ha!!"

Although Huo Yun was surprised, his life was saved and he laughed proudly.....

"hehe! You are just relying on the power of the Holy Land, so what is there to be proud of?"

Qin Feng looked disdainful.

Huo Yun sneered:"Not bad! I borrowed the power of heaven and earth to achieve a tie with you, but I survived. But you will die soon!"

"Yeah?"

"Is not it? You snatched the jade certificate from Green Robe and killed Jiu Ying. Do you think Emperor Juntiansheng will let you go? Do you think you can withstand the anger of a heavenly saint? Little thief! You are dead! Ha ha!!"

Huo Yun laughed wildly.

Although Lu Pao died, their plan finally succeeded.

After he got rid of Qin Feng with the help of Emperor Jun, no one in the entire God Realm could be his opponent.

In other words, The entire God Realm will be his territory.

Qin Feng said coldly:"Before you worry about me, you should worry about yourself first! Even if I can't deal with Di Jun, I can definitely kill you first!"

"Ha ha!"

Huo Yun laughed wildly, as if he had heard a big joke.

"joke! What a joke! Qin Feng, can you kill me now? As long as I don't leave the Holy Land, you can't do anything to me, and you still talk about killing me. What a big joke!"

Huo Yun looked disdainful.

"good! You wait!"

Qin Feng sneered, dodged and disappeared out of thin air.

Huo Yun was slightly startled, and quickly swept his consciousness around, but found no trace of Qin Feng. Obviously Qin Feng had left and was not hiding nearby.....

Then he breathed a sigh of relief.

Then, he looked in the direction of the Green Robe Holy Land with lingering fear and showed a proud smile.....

"Poor green robe! I didn't expect you to die too! However, if you have a spirit in heaven, there is no need to be sad. Qin Feng will soon be buried with you. In this way, the God Realm belongs to me alone, haha!"

Huo Yun laughed proudly, turned around and flew to his home lair.....

At this moment, he felt very proud.

Although he lost most of his cultivation and lost his Soul-Sanding Gourd, he was finally able to get rid of his lifelong enemy, and he would become the final winner...

But on the other side, Qin Feng suddenly disappeared out of thin air.

The next second, he summoned through space and returned to the sky where the Xiang clan was stationed.

At this moment, the battle in the air has changed a lot.

Under the violent attack of the shadow clone, Gui Che was seriously injured and his momentum plummeted.

The phantom clone also mastered the power of Hongmeng, which greatly eroded Gui Che's body and soul.....

After this battle, Gui Che's strength dropped drastically.....

The sudden appearance of Qin Feng made Gui Che extremely frightened...

Before he could think about it, Qin Feng took action against him, and his shadow clone stood by to help him.....

Just one face-to-face encounter and the ghost car was blown up.....

This scene made hundreds of thousands of Xiang's descendants cheer.....

At this moment, the Chaos Pearl suddenly became enlightened.

Immediately, a figure rushed out of the Chaos Bead and fled into the distance.....

That figure was none other than Qin Yuan.

He sensed Qin Feng's return in the Chaos Bead, and was so frightened that he risked serious injuries, broke out, and ran away like crazy...

At this moment, he couldn't care less about the ghost car.

"That big black-faced man! Don't even think about escaping from me~! "

Xiao Hongjun was so angry that he rushed out, chasing him all the way.

Kunpeng, Gonggong, Jiuyin and others followed closely...

At this moment, the shrill scream of the ghost car rang out in the field.....

"Ding~! The host successfully killed the peak powerhouse (Ghost Che) in the late third stage of eternity... and obtained 130 billion karma points (130 million exchange points)....."

As soon as Gui Che died, Qin Feng put away the energy he had transformed into.

The next second, he and the shadow clone chased Qinyuan.....

In the blink of an eye, Qin Feng caught up with Qin Yuan....

"Lord Qin Feng! Spare your life! Spare me!"

As soon as Qin Yuan saw Qin Feng catching up, he howled loudly...

Qin Feng didn't bother to pay attention and took action directly. Qin Yuan's screams suddenly sounded in the field...

In just a few seconds, the shadow clone, Xiao Hongjun, Kunpeng and others rushed over one after another. Come, let's take action together.....

Before Qin Yuan could survive for a few seconds, he was attacked by a group of people and died. It was extremely miserable.....

System prompts also sounded in Qin Feng's mind.....

"Ding~! The host successfully killed the strong man (Qin Yuan) in the late third stage of eternity... and obtained 110 million karma points (110 million exchange points)....."

At this point, all three Jiuying people have died.

"Thank you, Your Majesty, for avenging our clan!"

Below, the children of the Xiang clan were extremely excited, with tears in their eyes and cheering loudly...

That Qinyuan killed more than a thousand of the Xiang clan.

Qin Feng did not hesitate to fall out with Emperor Jun, but also wanted to avenge them, How could they not be grateful!

At this moment, Qin Feng keenly sensed that the Xiang clan's loyalty to him was soaring...

Qin Feng was very pleased.

Everything he did was not in vain!

The next second, he waved, Put away the energy transformed by Qin Yuan.....

At this moment, Xiang Liu flew up from below, and with a pop, he knelt down in front of Qin Feng.
.....

"On behalf of the whole clan, young and old, Xiang Liu would like to thank Your Majesty for avenging the blood of our clan! From now on, our clan will follow your majesty to the death!"

Xiang Liu's tone was unwavering.

As soon as he finished speaking, hundreds of thousands of Xiang's descendants below all knelt down and shouted to Qin Feng.

"We will follow your majesty to the death!"

The shout was loud!

The momentum was amazing!

All the senior officials of the Southern Alliance nodded slightly and felt relieved in their hearts.

Gong Gong secretly glanced at Qin Feng and was also touched.

This Qin Feng dared even Emperor Jun to do it for his subordinates. Offended, he is indeed a person worth entrusting to!

Even if those subordinates are very weak, he will not give up.

Such people are often very charming and make people willing to follow them to death!

At this moment, Gonggong and Jiuyin looked at each other, feeling in their hearts Everyone has other ideas....

"Get up!"

Qin Feng looked at Xiang Liu with a gentle expression.

"Thank you, Your Majesty!" Xiang Liu slowly stood up.

"This time, apart from the person just now, the one who killed your descendants was also a green robe, right?"

"Yes, Your Majesty!"

"Oh, then you can rest assured, the green robe has been killed by me!"

As soon as these words were spoken, there was an uproar below.

"Green... Green Robe is dead too!"

"Very good! Very good! Our revenge has been avenged!"

"Your Majesty helped us with this!"

At this moment, Xiang Liu's lips trembled with excitement.

He puffed and knelt down again

"Thank you, Your Majesty, for avenging this blood for our clan! Xiang Liu has nothing to repay, but is willing to be a slave and a servant, and to accompany His Majesty for the rest of his life! Qin

Feng looked at him briefly and said:"I see that your cultivation has reached the peak of half-step eternity, and you are only one step away from breaking through to the eternity realm." I have a Hongshen Pill here, take it!"

"This elixir has a high chance of helping you break through to the eternal realm. Of course, this depends on your talent. If you can successfully break through, then stay with me for your own use!"

Qin Feng threw a Hong Shen Dan casually.

Xiang Liu was ecstatic and caught the Shen Dan at once.

"Xiang Liu will definitely live up to His Majesty's expectations!"

After that, he respectfully saluted Qin Feng three times.....

"Get up! Whether you can become a close attendant of the deity depends on your own destiny!"

"yes! His Majesty!"

Xiang Liu stood up respectfully.

At this time, Qin Feng looked at Xiao Hongjun and the others again.

"You guys should go and assemble an army of 20 million people now. All of you must have a cultivation level above that of a quasi-god, and wait for my order!"

Xiao Hongjun and others were shocked.

"Daddy, what are you doing?", Xiao Hongjun asked curiously

"My father wants to attack the Fire Cloud Holy Land!"

As soon as these words were said, everyone suddenly realized and showed joy.

The only thing in the God Realm that was not conquered was the Holy Land of Fire Cloud, and the rest had all surrendered to the Southern Alliance.

They also wanted to conquer the Holy Land of Fire Cloud as soon as possible.....

After giving the order, Qin Feng dodged and returned to the dual universe.

He wants to digest the large amount of energy he just obtained and improve his strength in order to extinguish Huoyun.....

As for the chores outside, let the shadow clone handle them....

Chapter 1003

After a while, Qin Feng returned to the Holy Land of Tiangong in the dual universe.

As soon as he entered the secret training room, he took out the rune jade bottle and began to absorb energy.....

"Ding~! The host successfully swallowed the peak energy (green robe) of the early stage of the Supreme Saint.....Improvement in cultivation.....Combat power increased to 31,700 extreme powers....."

"Ding~! The host successfully swallowed the late-stage energy of the Supreme Saint (Qin Yuan)Improvement in cultivation.....Combat power increased to 35,300 extreme powers....."

"Ding~! The host successfully swallowed the peak energy (ghost car) in the late stage of the Supreme Saint.....Improvement in cultivation.....Combat power increased to 39,200 poles....."

"Ding~! The host has successfully devoured 60% of the peak level energy of the Holy Saint (Fire Saint).....Improvement in cultivation.....Combat power increased to 42,600 extreme powers....."

"Ding~! The host successfully swallowed the peak level energy of the Holy Saint (Nine Infants).Cultivation level has been improved to 99.7, the peak of the gods.%.....Combat power increased to 48,000 poles....."

It took three days and three nights for Qin Feng to digest all the energy.....

At this moment, he slowly opened his eyes, his face full of ecstasy.

This time, not only did his combat power reach 48,000, his cultivation level also increased to 99.7% of the peak of the gods, and his strength increased significantly.

What's even better is that his cultivation has reached the limit of the peak of the gods, and he is just one step away from the realm of the gods.....

"When I extinguish the fire cloud and then swallow its energy, I will definitely be able to break through to the level of God and my strength will be greatly increased. At that time, with the help of the power of heaven and earth from the jade ultimatum fragments, I may be able to withstand Emperor Jun's attack!"

At this thought, Qin Feng's eyes lit up, and he felt that this method was feasible.

He was originally very anxious because of Emperor Jun's incident.

Now, he seemed to see a glimmer of hope, and he suddenly became excited.

Immediately, he dodged. , disappear into thin air.....

A moment later, Qin Feng appeared at the border of Fire Cloud Holy Land.

He did not stay and rushed directly to Huo Yun's lair...

Qin Feng stayed in the dual universe for three days and three nights, and the outside world did not pass long.....

He must seize the time to destroy the Fire Cloud Holy Land in order to better deal with the next crisis, so time cannot be delayed.....

Time flies!

In the blink of an eye, most of the day has passed since the battle between Huo Yun and Qin Feng.

Huo Yun hurried all the way and finally arrived near his lair.....

"Ha ha!! I'm back! I'm back!"

Huo Yun looked at the old lair not far away, and could vaguely see the palace, as well as the pavilions and pavilions. He couldn't help shouting excitedly...

This time, his experience was too dangerous, and it could be said that he had a narrow escape.

Fortunately, he After all, he succeeded!

He will definitely become the final winner!

The more Huo Yun thought about it, the more proud he became.

At this moment, dozens of figures flew out of the palace in front of him.....

The leader is Huosheng from the second realm of eternity, and he is also the only remaining eternity-level powerhouse besides Huoyun.....

And behind Huosheng, there were about twenty half-step eternal experts.....

These are all the high-level officials of Fire Cloud Holy Land.

They were alerted by Huoyun Jisheng's laughter, so they showed up one after another.....

"Huh! It's the ancestor! The ancestor is back!"

"Very good! The ancestor has returned safely!"

Huo Sheng and others were overjoyed and stepped forward to greet them...

After a while, the two sides met.

"Fire rises to greet the ancestor!"

Huo Sheng and others greeted him respectfully.

But the next second, he seemed to have discovered something, and his face changed slightly....

"Huh! Ancestor, you...why did your cultivation fall to the threshold of the later stage? "

As soon as these words were said, the other senior executives quickly investigated carefully, and their expressions changed drastically.

The ancestor's cultivation level has really plummeted.

"Ancestor, you...what's wrong with you?"

"By the way, ancestor, where is Lord Green Robe?"

"And where is Lord Jiuying?"

All the subordinates asked one after another

"Why! Forget it! The green-robed brother has died in the hands of Qin Feng, and Jiuying has also died in the hands of that little thief!"

Ancestor Huoyun sighed, but there was no sadness on his expression.

When the subordinates heard this, their expressions changed slightly.

Oh my God!

Is that Qin Feng so powerful?

So many supreme saints went there, but they all came back defeated.!

"Ancestor, your cultivation level has plummeted, isn't it also because of Qin Feng?"

"It was that little thief who did it! Even my soul-sucking gourd was taken away by him! If I hadn't escaped quickly, I almost wouldn't have seen you....."

Huo Yun's face was filled with resentment and a little fear.

Huo Sheng and others were dumbfounded.

Just when everyone was extremely shocked, Huo Yun said with a relaxed expression: "But don't worry! Although the little thief is powerful, he will not die soon!"

"Ancestor, how do you say this?"

"Ha ha! Think about it carefully, if that kid killed Jiu Ying, would Emperor Juntian let him go?"

Huo Sheng and others suddenly realized it, and couldn't help but breathed a sigh of relief, and their faces showed joy.

Huo Sheng said happily: "What the ancestor said is absolutely true! No matter how powerful the little thief Qin Feng is, he is just an ant in front of Lord Di Jun! Little thief Qin Feng is dead this time"

"Ha ha!! Of course! Lord Dijun is a powerful person at the peak of Heavenly Saint. His younger brother Taiyi is even stronger. It is said that Lord Taiyi is about to break through the limit of Heavenly Saint. He is only half a step away from breaking through to the quasi-Saint Ancestor realm."

"If either of these two people takes action, Qin Feng will definitely die! When I think about the future fate of the little thief Qin Feng, I feel much better...."

Huo Yun stroked the beard on his chin, feeling extremely happy.

All the subordinates looked at each other and smiled knowingly.

At this time, Huo Sheng seemed to have thought of something, and said with some worry: "Ancestor, I am very worried about something!"

"What's the concern?"

"The subordinates believed that the little thief Qin Feng might also be aware of the crisis. Then will he cause trouble for our Fire Cloud Holy Land before Lord Dijun arrives? If he fights with us, it will be difficult!"

As soon as these words came out, all the subordinates changed their expressions.

Yes!

If Qin Feng comes to fight before Lord Dijun arrives, what will they do?

Huo Yun laughed: "Haha!! You don't have to worry about this! That little thief is not as strong as you think! To tell you the truth, I had a fierce battle with that kid in the Holy Land half a day ago, and both sides were evenly matched! Even if that kid comes again, there's nothing we can do about it!"

Hearing this, all the subordinates were overjoyed.

"Yes! The ancestor has fragments of the Jade Order of Creation with him, so how can he be afraid of Qin Feng in his own territory!"

"that is! As long as that kid dares to come, the ancestor can easily blast him out!"

At this moment, all the subordinates praised Huoyun one after another.

Ancestor Huoyun was also very proud.

The group was about to return to the nest.

But at this moment, a sound of rapid sound breaking through the air suddenly sounded in the distance.....

Everyone was startled and followed the sound, and saw a handsome young man rushing towards this direction.....

When Huo Yun saw the visitor, he was frightened and angry.

"Damn Qin Feng! Only half a day later, he caught up again! What is the purpose of this? Huo

Yun roared and quickly took out the jade ultimatum fragments.

"What?! Is he Qin Feng?! So young!"

All the subordinates were shocked and frightened, and couldn't help but retreat slightly.

Buzz~!

In just an instant, Huo Yun's jade shards were activated.

The entire holy land echoed it, and the power of heaven and earth attached to it. In the blink of an eye, Huo Yun's combat power is increased to 35,000 poles.....

"When the fire rises, just watch with your eyes wide open! Look how I repel this beast!"

With this additional combat power, Patriarch Huoyun's confidence greatly increased.

He dropped those words and rushed towards Qin Feng.

Huo Sheng and others stopped in mid-air and watched with anxiety.....

In just a moment, Patriarch Huoyun and Qin Feng met in the air

"Little thief, if you go and come back again, are you still determined to be a thief?!"

Huo Yun cursed loudly as soon as they met.

"Old thief! Give me a slap!"

Qin Feng was too lazy to talk nonsense. He took action when he saw him and covered the sky with one palm.....

"court death!"

Huo Yun sneered and met Qin Feng's head with a palm.

He didn't take Qin Feng's palm seriously at all.

In the blink of an eye, the two palms collided!

Boom~!

There was a loud bang!

The world was shattered!

Huo Yun groaned. With a sound, Qin Feng slapped him down from the air with a palm...

Bang~!

There was a loud noise!

The ground shook!

Debris flew everywhere!

The fire cloud was hit hard to the ground, leaving a huge human-shaped pit!

This This scene made Huo Sheng and others dumbfounded.

Huo Yun was dizzy and confused at the same time.

This... what is going on?

Just half a day ago, he was fighting with Qin Feng They were evenly matched.

How come it was only half a day later that he couldn't even catch Qin Feng's palm?...

Chapter 1004

"How can this be!"

Ancestor Huoyun exclaimed in his heart.

He could not accept the facts before him.

"Old...Ancestor!"

Huo Sheng and others exclaimed in surprise.

But before they could think about it, Qin Feng waved his hand, and the surrounding space shook. One after another, figures appeared, with more than 20 million people densely packed, all of whom were quasi-gods or above.....

The phantom clone and Xiao Hongjun were in front of the crowd.

Qin Feng summoned his subordinates in an instant.....

Huo Sheng and others were shocked!

The Fire Cloud Holy Land is the largest force in the God Realm. Its territory is larger than the Green Robe Holy Land and the Purple Green Holy Land combined, and it has hundreds of billions of living beings...

But the total number of powerful quasi-gods and above in the entire Holy Land is not even To the number of five million, there is no way to compare with the army in front of you!

"Do it!"

Without waiting for Huo Sheng and others to think too much, Qin Feng gave the order, and tens of millions of troops rushed towards Huo Sheng and others.

"not good!"

"Enemy attack! There is an enemy attack!"

Huo Sheng and others roared in fear.

Not far away, in the Holy Land's lair, countless Huoyun disciples were also alarmed and appeared in the air... When those people saw the tens of millions of troops, their faces suddenly changed with fear...

But they didn't wait. If you think about it carefully, the SAARC army came to kill you.....

The phantom clone and Xiao Hongjun join forces to kill Xiang Huosheng.....

Kunpeng, Gonggong, Jiuyin, Zhenji, and Fuzhi killed those half-step eternal experts.....

Ziwei Star Master, Qing Lin, Feng Di, Jiu Yuan and others led an army of 20 million and went directly to the home of Fire Cloud Holy Land... As soon as the two sides came into contact, there was no distinction between superior and inferior. It was simply a one-sided massacre. Naturally, The Southern League is massacring the children of Huoyun.

All of a sudden, screams came one after another, and the whole place was filled with laughter.....

"Damn it! I will fight with you!"

At this time, Patriarch Huoyun, who was stunned by Qin Feng's palm, finally recovered.

When he saw the tragic scene, he was immediately frightened and angry, and rushed out of the ground, bringing up rubble all over the sky!

"roll!"

Qin Feng dodged, rushed over, slapped him on the head, and slapped him into the ground again.....

The ground shook again and rocks flew everywhere!

On the ground, a large human-shaped pit appeared again. Ancestor Huoyun was hit so hard that he felt dizzy.....

Before he could think about it, Qin Feng came after him again.

Huo Yun woke up and hurriedly fought.

The two sides immediately fought together.....

Now, Qin Feng's combat power has reached 48,000 poles, which has increased by 60%. When the two sides fought, he had the upper hand and defeated Huo Yun.....

From time to time, Huo Yun's roar of pain could be heard in the field.....

"Why? Why! Why did your strength suddenly become so strong?"

Huo Yun was furious and yelled while fighting.

He really couldn't understand why Qin Feng's strength improved so quickly.

Qin Feng sneered: "What I said, Nothing is impossible! If you dare to plot against me, you must die!"

"Damn it! Damn it! Little thief, it's not that easy for you to take my life!"

Huo Yun roared.

But before his roar stopped, a shrill scream sounded in the field.....

"Ding~! Congratulations to the host, your phantom clone has successfully killed the powerful man in the second realm of eternity (Fire Ascension)... The host has obtained 2 trillion karma values (20 million redemption points)....."

Na Huosheng was killed by the virtual shadow clone and Xiao Hongjun.....

"Fire rises!"

Ancestor Huoyun roared sadly.

At this time, the shadow clone put away the energy transformed by Huosheng, and came over with Xiao Hongjun to kill.....

Ancestor Huo Yun's face changed drastically. He knew the situation was not good and wanted to run away, but Qin Feng was clinging to him.....

In just a moment, the shadow clone and Xiao Hongjun surrounded him.

The three of them teamed up to kill Ancestor Huoyun!

Huoyun's situation was even worse. In just a few rounds, he was killed by Qin Feng and the others. He screamed and was covered in bruises. It was very miserable...

Before long, Kunpeng, Gonggong, Jiuyin, Zhenji, Fu Zhijiang and others Kill all those who are half a step into eternity.....

Afterwards, the five people collected the energy and joined in the siege of Patriarch Huoyun.....

A series of shrill screams kept ringing out in the field.....

"Ah~! Master Qin Feng, spare your life! Spare me!"

Ancestor Huoyun soon reached his limit and began to cry out for mercy.....

"Ah! If we had known today, why bother in the beginning? Do you think I will spare you?"

Qin Feng sneered and continued to attack...

After a while, Huo Yun finally couldn't hold on under the siege of everyone.....

"ah.....Qin...Qin Feng, you must die a good death! Lord Dijun will definitely take revenge on me... ah~! "

With a shrill scream, the fire cloud collapsed, and the soul was instantly annihilated, turning into energy that filled the sky. There was also a fragment of the jade ultimatum floating in the middle...

That jade ultimatum fragment was obviously more powerful than the green robe holy land, purple ultimatum, etc. The ones from the Green Holy Land were more than twice as big, and they were exactly the jade tablet fragments from the Fire Cloud Holy Land...

Qin Feng was overjoyed, and with a wave of his hand, he sucked the jade tablet fragments over.

At this point, all three jade shards of creation in the God Realm fell into his hands.

Qin Feng was very satisfied. After collecting the jade certificate, he collected the energy transformed by the fire cloud.

When everything was gone, the place was not empty. There was still a red cloud as big as a fist.....

"Huh! what is that?"

Qin Feng waved and sucked the red cloud into his hand...

All his subordinates also looked over curiously.

"This thing is interesting....."

Qin Feng carefully looked at the red cloud in his hand. He held it in his hand and felt a strange feeling like milk, glue and lightness.....

He secretly used his strength to disperse the red cloud.

But the next second, the red cloud automatically gathered together again, intact as before, as if it couldn't be wiped out.....

Qin Feng scanned it several times with his spiritual consciousness and found that the fist-sized red cloud did not have any soul mark at all, nor any remnants of his spiritual consciousness. It was more like the most primitive treasure of heaven, material and earth.....

"Strange! After the general eternal powerhouse dies, it will turn into the purest energy without any residue. After this fire cloud fell, how could there be a small red cloud left behind that was still difficult to wipe out?...."

Qin Feng was greatly puzzled.

Kunpeng was curious:"Master, Kun'er thinks this thing is very similar to a treasure of heaven and earth. How about refining it, it would also be good to use it to refine holy weapons."....."

At this time, Gonggong seemed to have thought of something

"Lord Qin Feng, I thought of a rumor. Legend has it that this ancestor of Fire Cloud was the first red cloud that was born by chance in the God Realm when the ancient God Lord created the Great Wilderness God Realm."

"Driven by the thoughts of the ancient God Lord, he dropped a drop of his own blood essence into the red cloud. Unexpectedly, the red cloud became conscious. A few years later, the red cloud turned into a human form, and it was Patriarch Huoyun...."

"This fist-sized red cloud may be the original core of Huoyun Ancestor's body, but it no longer has any spiritual consciousness, let alone the essence and blood of the ancient God Lord....."

"I see!"

After hearing these words, everyone suddenly realized.

Qin Feng also smiled slightly:"No wonder Huo Yun's luck is so strong that he was able to get the largest jade tablet fragment. It seems that the ancient god Lord favored his luck!"

As soon as these words were said, everyone nodded slightly.

Speaking of which, the ancient God Lord showed great favor to the creatures of the God Realm.

Huo Yun, Lu Pao, and Zi Qing all obtained jade shards from the ancient God Lord's treasure, but those from the Nine Heavens and Ten Realms There are many people who are stronger than them, but few of them have obtained it.

In addition, the three people's sacred weapons were also obtained from the treasures of the ancient gods.....

In comparison, Jiu Ying, Gui Che, and Qin Yuan are stronger, but none of them have sacred weapons.

The luck of the three people in Huo Yun can be said to be excellent, and among them Huo Yun has the best luck.

Whether it's a sacred artifact or a fragment of a jade certificate, what he gets is the best.

Thinking of this, Qin Feng added: "Perhaps, that drop of the ancient God Lord's blood essence made him the first living being in the Great Wilderness God Realm, and also made the Ancient God Lord take good care of him. Unfortunately, he has also spent all these years. Exhausted the gift of that drop of divine blood...."

Speaking of this, Qin Feng's heart moved again. He cut his fingertips and dropped a drop of his blood essence into the red cloud... As soon as the blood essence fell into the red cloud, the whole red cloud burst into red light, and then began to squirm quickly. As if absorbing blood essence.....

In just a moment, the blood essence and the red cloud merged into one, and an ignorant spiritual idea gradually emerged in the red cloud and spread outward... As soon as that spiritual idea met Qin Feng, it released cheerful mental fluctuations.

Qin Feng's heart was also touched. He could feel that the mental fluctuation was very close to him, and even felt like he was connected by blood.....

This kind of mental fluctuation is completely different from Huo Yun's spiritual idea. He can be very sure that this spiritual idea is newly born.....

"Huh! Master, this Hongyun is alive!"

"Not alive! It is this cloud that gives birth to new ideas!"

Kunpeng and others also felt it, and they all opened their eyes in surprise.

Qin Feng was also surprised, and couldn't help but look at the red cloud curiously.

At this moment, the red cloud shrank into a ball, like an egg shape, and looked at Qin Feng intimately. Rolling it around in his hands, he expressed his affectionate thoughts to Qin Feng from time to time.....

"Ha ha! Mr. Qin Feng, Mr. Gong has figured it out. Back then, this red cloud was blended with the blood of the ancient god lord, and the ancestor Huoyun was born. Later, Patriarch Huoyun died, and everything returned to its original state."

"Now, this red cloud has been integrated into Lord Qin Feng's blood, and a new consciousness has been born, which will surely become a human being in the future. And this little guy has the essence and blood of an adult as his soul and Hongyun as his body. His future achievements will definitely be extraordinary and he will definitely surpass the ancestor Huoyun....."

After Gonggong finished speaking, everyone nodded, feeling that it made sense.

Now, all his subordinates feel that Qin Feng's talent has surpassed that of the Lord of the Ancient God Realm, but his cultivation level is just a little bit behind.

However, talent is the foundation and realm is the result.

The quality of Qin Feng's essence and blood must be extremely high. If this red cloud can be transformed into a human being, his future achievements will definitely be extremely high.....

"Dad, the child thinks this red cloud is round and very cute. Can daddy reward the child with this red cloud? The child wants to cultivate it and keep it by his side as a playmate in the future!"

Hongjun became curious about the red cloud, just like a child seeing a pet.

"Whatever! The Father will give it to you. In the future, if you cultivate it and transform it, let it be your little follower!"

Qin Feng thought, and the red cloud flew over.....

"Thank you daddy!"

Xiao Hongjun was overjoyed and hugged the red cloud into his arms...

The red cloud was actually well-behaved and did not reject Xiao Hongjun at all.

"Hong'er, the predecessor of this Hongyun is Patriarch Huoyun, who has a sinister and cunning character. When you train this Hongyun, you must be more careful and don't let him become a cunning person again!"

"Don't worry, Dad! The child must cultivate it into a kind person and be absolutely loyal to his father. If it dares to be disloyal in the future, I will kill it myself!"

Qin Feng nodded slightly and smiled without saying a word.

"By the way, daddy, please give this little guy a name....."

"Well... since its original body was a red cloud, let's call it a red cloud!"

Xiao Hongjun was delighted:"Thank you, dad, for giving me the name!"

At this time, the red cloud also sent out joyful mental fluctuations.

It also seemed to like this name very much....

Chapter 1005

Qin Feng felt moved when he saw Hongyun's happy look, and summoned a crystal-clear red gourd with a wave of his hand.....

That was Patriarch Huoyun's sacred weapon - the Nine-Nine Red Cloud Soul Gourd. , as soon as the Sanso Gourd appeared, it let out a mournful cry.....

It sensed that Ancestor Huoyun had died!

At this time, Qin Feng pinched his fingers and released the seal of the Soul-Removing Gourd.

The gourd was born with spirituality. As soon as he got out of trouble, he ran away into the distance and actually wanted to escape.....

But when it passed by Hongyun, it couldn't help but stop...

The feeling Hongyun gave it was extremely familiar, yet extremely strange.

The gourd seemed to be curious and circled the red cloud several times.....

Hongyun sensed the red gourd, and also sent out curious thoughts...

The two parties had a natural sense of closeness, and they communicated unknowingly.....

After a while, the red gourd let out a clear cry and burst into auras that filled the sky.

Then, the red gourd suddenly shrank, turned into the size of a peanut, and was thrown into Hongyun's body, echoing the aura on Hongyun's body.....

The Sanso Gourd actually took the initiative to recognize Hongyun as his master...

Seeing this scene, everyone showed envy.

"Tsk tsk! This little guy hasn't really been born yet, but he already has his own sacred weapon, and he is born with his own luck!"

"yes! Even though we have been practicing till now, we don't have a holy weapon with us. It's really enviable....."

Gonggong and others were envious.

Xiao Hongjun looked calm.

He has a companion sacred weapon that can grow with him. In the future, he will not only open the cauldron level, so he will naturally not be envious...

Among the crowd, only little Kunpeng curled up his lips, feeling a little unhappy.

He recognized that his birth qualifications and future potential were no worse than Hongyun, but he was not favored by the sacred weapon, and he was a little dissatisfied.

"Daddy, this little guy is born with good luck...."

"Well, then you need to educate yourself well!"

"Hong'er knows!"

With a wave of his hand, Hongjun took Hongyun into the Chaos Bead. It was his small space, which controlled all laws. It could also be used to store treasures from heaven, materials, and earth, and all living things. It had endless wonderful uses...

At this moment, Ziwei The Star Lord and others flew out from their lair in the Fire Cloud Holy Land...

After a moment, the Star Lord Ziwei and others came closer.

"Your Majesty, I have lived up to my command and have killed three million people from the Fire Cloud Holy Land. Another seven million people are willing to surrender and are waiting to sign a contract. Your Majesty, this jade bottle contains the energy of those three million disciples, among whom there are thirty-six at the God level...."

Lord Ziwei presented a jade bottle with a happy face

"Master, here is the energy of more than twenty half-step eternal experts!"

Little Kunpeng also presented a jade bottle.

With a wave of his hand, the shadow clone also threw a jade bottle towards Qin Feng, which contained the energy transformed by Huosheng.

This battle can be said to be a complete victory and extremely smooth.....

"well-done!"

Qin Feng nodded slightly and took the three jade bottles. He was in a good mood.

The energy contained in these three jade bottles, coupled with the energy transformed by Ancestor Huoyun, will definitely allow him to break through to the realm of God.....

"Your Majesty, there are still seven million people in the Holy Land waiting to surrender and sign contracts!"

Star Master Ziwei reminded.

Fuzhi also stepped forward:"Father, the Fire Cloud Holy Land is extremely vast. The seven million surrendered disciples are only the core disciples of the Fire Cloud Holy Land. Their peripheral disciples, plus the affiliated forces, The total amount is probably over 10 billion...."

Zhenji also said:"If all the intelligent creatures are included, Lin Lin is afraid that the number is close to a hundred billion. If all these creatures come under His Majesty's command, it will be of great help to Your Majesty's strength..."

Qin Feng nodded slightly:"Desire" To unify the Holy Land, all living beings need to be conquered. I order you to lead an army of 20 million to conquer all living beings in the Holy Land immediately. Anyone who refuses to surrender, obey, or sign a contract will be killed without mercy!"

"I'll obey!"

All the senior officials shouted in unison.....

"Here are one hundred thousand pillars of faith! You'll take it to me soon!"

Qin Feng waved his hand, and one hundred thousand pillars of faith flew out, and the senior officials put them away one after another.....

"It seems calm now, but we in SAARC are about to face a big crisis, and that is the crisis from Dijun. You must quickly capture all the creatures in the Fire Cloud Holy Land in order to gain more vitality for the Southern Alliance!"、

"Your Majesty, we will surely capture all the living creatures in Fire Cloud Holy Land within three days!"

Ziwei took the initiative to express her position.

All the senior executives also nodded.

"good! Let's fight quickly!"

After leaving these words, Qin Feng dodged and disappeared out of thin air.

He wanted to refine those energies and break through to the realm of God as early as possible to deal with the next difficulties.....

The phantom clones and other high-level officials also took the order and began to conquer all living beings in the Fire Cloud Holy Land.....

At the same time, there was already a commotion in the Great Sun Heaven Realm among the Nine Heavens and Ten Realms...

At this moment, in the Great Sun Heaven Realm, over Tanggu...

Di Jun and Taiyi were still watching the growth of the Fuso Spirit Root.

"Brother, the growth rate of this sacred hibiscus tree is really slow!"

Taiyi looked at the sacred tree, feeling a little anxious.

"yes! If you want it to mature as soon as possible, you can only count on the trip to the treasure of the ancient God Lord decades later. This time, we have the fragments of the jade certificate with us, and we have great hopes...."

Di Jun looked proud.

As soon as Jiuying got the jade ultimatum fragment, he sent him a message.

At this moment, he thought the fragments of the green robe's jade certificate were still on Jiu Ying's body.

Taiyi also smiled and said:"With the jade shards in hand, our luck in the treasure of the ancient God Lord can at least double, and the chance of getting the treasure will be much greater. By the way, brother, count the time, Jiu Ying San Is it time for people to convey our orders to Qin Feng?"

"Um! It should have been conveyed!"

"I wonder how Qin Feng will deal with it? Will he evacuate the Green Robe Holy Land obediently?"

The corners of Di Jun's lips curled up slightly:"I'm afraid he wouldn't dare to violate it!"

Taiyi also smiled and nodded:"Yes!" Qin Feng is just an extremely holy warrior. He is like an ant in front of you and me. Unless his brain is broken, how can he go against you and me?"

But just after saying this, there was a rapid sound of breaking through the air in the distance.....

Di Jun and Taiyi quickly followed the sound and saw an old man with white hair flying towards them in a panic.....

"His Majesty! His Majesty! Your two majesties! Something bad is happening!

The white-haired old man's voice had already arrived before he arrived, and his tone was full of panic...

Di Jun frowned and said displeased:"Shang Yang, why are you so panicked?"

"His Majesty! Jiuying...Jiuying's soul card is broken!"

Shang Yang was out of breath...

He is the person in charge of Hunpai Pavilion.

In fact, there are no people in Hunpai Pavilion on weekdays, because there has been no war in the Great Sun Heaven Realm for a long time.

Therefore, there is only one patrol every day, and there is not always anyone there..

He went on patrol today, but was horrified to find that Jiuying's soul card was broken. He didn't know when it happened...

He quickly came up to report...

At this moment, Di Jun was shocked:"What?! Is Jiuying's soul card broken? What about Gui Che and Qin Yuan?"

"He..theirs were broken too!"、

"Damn it!"

Dijun's tiger body shook violently, extremely shocked.

Taiyi was also dumbfounded.

Immediately, Dijun became furious:"How did Jiuying and the other two people fall? who?! Who killed them?"

"Brother, please ask Huo Yun quickly. Huo Yun should know everything!"、

"yes!"

Tai Yi reminded him, and Di Jun quickly took out the jade symbol of communication and sent a message to Huo Yun.

But after a moment, his face became extremely ugly.....

"Brother, how are you?"

"Huo Yun didn't reply! I'm afraid something happened to Huo Yun too! Taiyi's expression changed slightly:"

It seems that there are some changes in the God Realm that we don't know about!" If something happened to Huo Yun, the fragments of the jade certificate in the green robe would also be lost...."

"no! I have to go to the God Realm myself!"

Di Jun's face was a bit ugly.

He only had nine Ultimate Saint subordinates in total.

This time, he lost three of them at once, including the strongest Supreme Saint - Jiu Ying. How could this not make him heartbroken? It made him even more heartbroken. What makes him sad is that he hasn't gotten the jade shards yet.

He can't lose his wife, lose his troops, lose his men, and still get nothing.....

He couldn't bear this kind of loss-making business!

"Brother, let me take people down!"

"Need not! You just stay in the Great Sun Heaven Realm and protect the Fusang Sacred Tree. This is our future. I want to go to the God Realm myself, and I want to see who killed my subordinates!"

"Whatever! Brother, be careful here!"

After the two said goodbye, Di Jun took Shang Yang and left Tanggu.....

Three hours later, Emperor Jun led three supreme saints and thirty eternity realm warriors to the God Realm with great momentum...

Chapter 1006

Three hours later, Emperor Jun led three supreme saints and thirty eternity realm warriors to the God Realm with great momentum.....

This mobilized nearly half of the top management of the Great Sun Heaven Realm.

Obviously, Di Jun was really angry.....

At this moment, in the God Realm, Qin Feng's twin universes.

An earth-shaking momentum rose from the Holy Land of Heavenly Palace, and all the heavens and worlds were shocked by it.....

Countless members of the Southern Alliance rushed out of the training place excitedly...

At the same time, in the Holy Land of Tiangong.

Qin Feng opened his eyes with excitement.

Just now, he absorbed all the energy, broke through the bottleneck in one fell swoop, and finally reached the realm of God.

His combat power also skyrocketed to a strength of 75,000.

Of course, such combat power has not even touched the threshold of Tiansheng.

The threshold of Tiansheng's combat power is 100,000 ultimates.

Na Dijun was even more powerful at the peak of the Heavenly Saint, with a combat power of 500,000.

Taiyi's strength is stronger and has exceeded this limit.

However, Qin Feng still has fragments of the Jade Certificate of Creation, which he can use to borrow the power of the gods and heavens. There is still hope of resisting the emperor's attack.....

Thinking of this, Qin Feng took out the green robe and the fragments of the Fire Sage's jade certificate, and began to seize the time to refine it...

He was in a critical situation now and did not dare to delay at all...

Time flew by quickly!

In the blink of an eye, three days passed.

Emperor Jun's army is only three days away from the God Realm.....

The Great Sun Heaven Realm is very far away from the God Realm. It took Jiu Ying and the others five days to get to the Fire Cloud Holy Land...

This time, Di Jun's speed will naturally be faster, but he has to take care of the speed of many of his subordinates. , among them were the subordinates from the first realm of eternity, so he had to slow down.....

In just these three days, the people of the Southern League have completely conquered the Holy Land of Fire Cloud, and nearly a hundred billion creatures have all signed contracts and taken under Qin Feng's command... Not only that,

Qin Feng also wanted to help the Xiang clan. The story of taking revenge and falling out with Emperor Jun was also gradually spread in the God Realm under the deliberate manipulation of the Xiang clan... As soon as this news came out, hundreds of millions of people in the God Realm were greatly relieved and praised Qin Feng for his affection. Yi, and even some ethnic groups hidden in the corners of the God Realm also appeared one after another and actively requested to join the Southern Alliance.....

Of course, these ethnic groups who appear from the secret are only a minority, and most of them are waiting and watching.....

The God Realm is boundless, and there are naturally more living beings than appear on the surface...

Although many hidden ethnic groups and lone strong men have not yet appeared, they have been secretly observing for a long time. The recognition of Qin Feng by the secret forces is also It is improving step by step...

In short, after these three days, Qin Feng has gained a lot of life points, and his combat power has been increased to 79,300 extreme points in one fell swoop. His strength has improved a lot.....

Three days in the outside world and thirty years in the dual universe.

But on this day, Qin Feng finally refined the green robe's jade shards.

At this moment, inside the secret room.

He looked at the fragments of the jade certificate in his hand, and the system prompts sounded in his mind

"Ding~! Congratulations to the host for refining the second jade tablet fragment and completely taking control of the Green Robe Holy Land... The host can borrow the power of heaven and earth in the Green Robe Holy Land, and the increase multiplier is four times....."

Qin Feng was very happy.

His current combat power is 79,300 extreme powers, a fourfold increase, which means that he can exert more than 300,000 extreme powers in the Green Robe Holy Land.

This kind of combat power has completely reached the level of the late Tiansheng.

This also gave Qin Feng some confidence.

Speaking of which, the jade shards of the Purple Green Sword Master also increased fourfold.

In other words, he can also use the jade ultimatum to exert an extreme power of more than 300,000 in the Purple Green Holy Land.....

In short, he refined two fragments and completely controlled the Purple Green Holy Land and the Green Robe. In these two areas, he is a strong person in the late stage of Tiansheng.....

Thinking of this, Qin Feng took out the jade ultimatum fragments from the Fire Cloud Holy Land and prepared to continue refining.....

But at this moment, the system sent another prompt

"Ding~! It is detected that the host has refined two jade tablet fragments. The host can choose to fuse them to obtain unexpected changes....."

"Huh! An unexpected change?"

Qin Feng was very curious and couldn't help but take out the two jade shards...

Buzz~! Buzz~!

As soon as the two jade shards appeared, they automatically lifted into the sky and bloomed with dazzling spiritual light...

The next second, The two jade tablets began to merge in the air.....

In just a moment, they merged into one, blooming with a more dazzling aura.....

At the same time, the Green Robe Holy Land and the Purple Green Holy Land resonated simultaneously.

The two holy places bloomed with aura at the same time, shocking hundreds of millions of living beings and looking sideways...

After a moment, the auras of the two holy places began to blend with each other, slowly merging into one.

The power of the two holy places is perfectly integrated!

The two holy places merged into one and became a new holy place.....

"Ding~! Congratulations to the host, the fusion of the two jade tablets is completed and a new jade tablet is generated.....The Green Robe Holy Land and the Purple Green Holy Land merge into one to form a new Holy Land... The host can borrow the power of heaven and earth in the new Holy Land, and the increase multiplier is six times....."

What?!

Six times!

Qin Feng waved and summoned the new jade certificate into his hand...

He looked at the jade certificate in his hand with excitement. It was bigger than the previous two pieces, but the meaning was different.

With this jade certificate, his territory in the Green Robe Holy Land and the Purple Green Holy Land can be increased by six times, which means that his combat power is close to 480,000.

Having such fighting power doesn't mean that he can withstand Emperor Jun's attack!

"It turns out that as long as these jade artifact fragments are refined, they can be automatically fused, and the effect will be even stronger after fusion!"

This discovery made Qin Feng's eyes sparkle and he was very excited.

He also had a stronger fragment of the Fire Cloud Jade Order in his hand.

If this fragment is refined again, will it have more magical uses?

I thought about it At this point, Qin Feng took out the fragments of the Fire Cloud Jade Order and prepared to refine it.....

But at this moment, the system prompt sounded in his mind again.....

"Ding~! Congratulations to the host, your subordinate Pan Zu has achieved enlightenment and has broken through the bottleneck in one fell swoop. His cultivation has reached the first level of eternity, and the host's combat power has increased to 79,700 extreme powers.....Gain 1,300 trillion lives (13 million redemption points)...."

Huh!

Panzu actually broke through on his own!

Qin Feng was very pleased.

Panzu's talent is extremely high, and he hasn't been disappointed yet!

Before Qin Feng was happy, another prompt came from the system.....

"Ding~! Congratulations to the host, your subordinate Xiang Liu has refined the Hong Shen Dan, breaking through the bottleneck in one fell swoop. His cultivation level has reached the first level of eternity, and the host's combat power has increased to 80,000 extremes.....Gain 1,270 trillion lives (12,700,000 redemption points)...."

Qin Feng was overjoyed.

Xiang Liu also made a breakthrough!

That guy finally lived up to his magical elixir and his intentions... The continuous breakthroughs of these two people also allowed his combat power to reach 80,000 in one fell swoop.

At this moment, Qin Feng was in a great mood.

But at this moment, the system sent a prompt for the third time.....

"Ding~! It is detected that the host's redemption points have accumulated to 1 billion points, the hiding conditions have been reached, and the mall upgrade is automatically activated....."

"Ding~! The mall has been upgraded and more advanced products have been released. Hosts can view them by themselves....."

Qin Feng was overjoyed.

Good things come in pairs indeed!

The mall has been upgraded again, and more advanced treasures will appear in it. This is too timely for him.....

At that moment, Qin Feng couldn't wait to open the mall interface.

Chapter 1007

At that moment, Qin Feng couldn't wait to open the mall interface and browse quickly.....

《"Second Turn of the Hongmeng Body" (Physical Refining), 200 million redemption points/copy.
The

Eternal Sacred Artifact Refining Method (Weapon Refining), 20 million redemption points/copy.

Cultivating Essence of the World (Cultivation), 10 million redemption points/copy.

Hunyuan Divine Pill (cultivation), 100 million redemption points/piece

Hong Shen Pill (cultivation), 10 million redemption points/piece

Huang Shen Pill (cultivation), 1 million redemption points/piece

Xuan Shen Pill (cultivation), 100,000 redemption points /

Taishen Pill (cultivation), 10,000 redemption points/piece.....

"Huh! The body of Hongmeng really has a second turn!"

Qin Feng was overjoyed.

His Hongjun body was only just formed, but it brought him unimaginable benefits, and even made his talent potential surpass the ancient god master in one fell swoop.

If the Hongmeng body can be further advanced, he The future upper limit is even more unimaginable.

At the moment, Qin Fengxin began to exchange.....

"Ding! Redemption successful! Congratulations to the host for getting a copy of "The Second Transformation of Hongmeng Body". It consumed 200 million redemption points and currently has 800 million redemption points left....."

The next second, Qin Feng thought, and there was an extremely simple jade talisman in his hand, which recorded the second turn of the Hongmeng Body...

Then, he infiltrated his spiritual thoughts into the ancient talisman..Buzz

~!

The ancient talisman vibrated, emitting a dazzling golden light! ,

Immediately, the ancient talisman sent out a majestic message, which was poured directly into Qin Feng's mind along with his spiritual consciousness, and implanted deep in Qin Feng's soul.....

This kind of method of transmitting exercises can only be understood, cannot be expressed in words, let alone recorded...

Qin Feng couldn't help but close his eyes and experience the exercises with his soul...

After a long time, he slowly opened his eyes, and his face showed Joyful...

At this moment, the ancient talisman automatically shattered and turned into dots of starlight, dissipating between heaven and earth...

These top-secret techniques are unique to heaven and earth and have no roots.

Of course, Qin Feng has completely understood it!

"It turns out that the second turn also requires condensing the body of the sun and moon of creation and integrating it into the body of Hongmeng, which is the second turn....."

Qin Feng murmured to himself.

The four phenomena of heaven and earth are earth, fire, water and wind.

Through the ages, the sun, the moon, the universe.

The four images form heaven and earth, and the sun and moon illuminate the universe.

When the two echo each other, Hongmeng will flourish!

Speaking of which, in addition to the first turn of the Hongmeng body, Qin Feng also possesses the eternal moon body.

If his moon body goes one step further, it will be the creation moon body.

As for the creation sun body, it requires a large amount of polar Yang source to temper the body.

Qin Feng has not yet obtained the source of the polar sun. After all, it is an extremely rare resource. No one has seen it in the entire God Realm for billions of years...

However, Qin Feng has heard that there is a source of the polar sun in the Great Sun Realm..

The Dijun Heavenly Sage and the Tai Heavenly Saint have been tempered by the source of the polar sun, and they are all creation sun bodies...

Thinking of this, Qin Feng couldn't help but raise his head and gaze in the direction of the Great Sun Heaven Realm.

It seems that he will have to go to the Great Sun Heaven Realm in the future...

Of course, with his current strength, he will never dare to go.

Without the assistance of the Jade Certificate of Creation, he left the God Realm, and his strength was not yet at the level of the Heavenly Saint.....

"It seems that I have to improve my strength quickly! correct!"

Qin Feng's eyes returned to the mall interface again, browsing the pill interface...

Finally, his eyes fell on the 'Hunyuan Divine Pill'.

This magical pill actually costs 100 million redemption points, and the cost is "Hongmeng's Pill". Half of "The Second Turn of the Body", it is extraordinary at first glance.....

Qin Feng quickly looked at the introduction to the effects of Hunyuan Shendan.

Hunyuan Divine Pill: Eternal Lower Realm Divine Pill. It is effective when taken below the eternal realm. You can take three pills in a lifetime, and the effect will gradually increase. The higher the talent, the higher the efficacy utilization rate of the medicine. Note: Each pill must be taken 10,000 years apart, otherwise the efficacy of the medicine will be greatly reduced or even invalid.

It turns out that you can take three pills of this Hunyuan Shen Dan throughout your life, but there needs to be an interval of 10,000 years between each pill to better exert its effect.....

What's even better is that the effect of this elixir is actually more powerful than the other.....

"Not sure about the effectiveness?"

Qin Feng was curious and exchanged one directly.

The next second, he had a milky white magic pill in his hand. There were three rings of ancient runes engraved on it. It exuded a faint halo and the aroma was very attractive.....

He opened his mouth and sucked it in, then swallowed it directly.....

After a moment, an extremely huge aura emanated from Qin Feng's body.....

"Ding~! Congratulations to the host for successfully refining the Hunyuan Divine Pill.....Your speed talent is excellent, the medicine is fully effective, and your cultivation level has been raised to Heavenly Lord Realm 7.3%.....The combat power is increased to 83,000 poles....."

After a moment, Qin Feng opened his eyes, with a look of ecstasy on his face.

The effect of this Hunyuan Divine Pill exceeded his expectations. One pill actually increased his power by 0.3 million.....

According to the introduction of the medicine's efficacy, Qin Feng takes the second pill, and the effect will be enhanced...

Unfortunately, if he wants to take it again, it will take ten thousand years.

Converted to outside time, that's about thirty years.

Qin Feng smacked his lips, feeling a little unfinished...

In order to better exert the effect of the medicine, he could only endure it for the time being.....

Of course, the reason why Qin Feng takes the elixir so well is because his talent and potential are so good. It would be difficult for anyone else to have such an effect.....

Next, Qin Feng exchanged all the remaining 700 million redemption points for the Hunyuan Divine Pill, a total of seven.....

At this point, the exchange points on him are close to 0 and need to be harvested again.....

After doing this, he waved, and the space in the field changed continuously...

Xiao Hongjun, Kunpeng, Ziwei, Fengdi, Qinglin, Panzu, and Fuzhi appeared one after another.....

"Daddy!"

"His Majesty!"

When everyone saw Qin Feng, they all showed joy.

"Your Majesty, why did you summon us?"

"I have just obtained a magical elixir that is of great use to the lower realm of eternity, so I will reward it to you!"

Qin Feng waved his hand, and seven Hunyuan Divine Pills flew towards the seven people.....

"Thank you, Your Majesty!"

The seven people were overjoyed and caught them one after another.

"Wow~! Dad, this elixir looks extraordinary at first glance!"

Xiao Hongjun looked at the magic elixir in his hand curiously.

Qin Feng touched the little guy's head and said dotingly: "This elixir is not ordinary, and the higher the talent, the better the effect. With your talent, maybe one stone will allow you to cross two small realms in a row and reach the late stage of the second realm....."

"Wow! so smart!"

Xiao Hongjun's mouth opened wide.

He is now in the early stage of the second realm. If he breaks through two small realms in a row, he will be in the late second realm. Then his overall strength will be comparable to the peak of the Supreme Saint!

This thought, Xiao Hongjun was extremely happy.

Kunpeng, Ziwei and others were also ecstatic.

They did not expect that the Hunyuan Divine Pill was so powerful.....

"Father, this elixir is so wonderful. If it can be taken by other Eternal Realm experts, it will be of great help to improve Father's strength....."

Fu Zhi prompted excitedly.

Qin Feng smiled bitterly and shook his head:"How can we say that there is such a magic pill? My father only has these seven pills. Let's talk about it later when we have accumulated enough resources....."

The resources Qin Feng mentioned naturally refer to the exchange points.

If he wants to redeem one, he needs to accumulate 100 million redemption points, which is not cheap at all.....

"I see! Fu

Zhi was suddenly enlightened.

All his confidants also nodded, thinking that this should be the case.

"Your Majesty, there is some anxiety in SAARC right now, and everyone is worried about the Emperor Jun's attack. I wonder when Emperor Jun will come?"

There was some worry in the eyebrows of Ziwei Star Master.

She has been worried about her man.

As soon as she finished speaking, all the confidants thought of the predicament at hand and couldn't help but show melancholy.

Qin Feng shook his head slightly:"I It's not clear when he will come. However, as soon as he enters the God Realm, I will notice it immediately. For now, you don't have to think too much, seize the time to refine the magic elixir, it will be of great help to our future situation!"

"Your Majesty is right!"

At that moment, everyone chatted for a few more words, then left in a hurry, and went into seclusion to refine the magic elixir.....

Qin Feng did not dare to delay. He took out the jade shards from the Fire Cloud Holy Land and began to refine them.....

Time flies! ,

In the blink of an eye, three days passed.

On this day, a loud noise was heard in the sky above the God Realm and in the endless frontier.

Billions of creatures in the God Realm were alarmed and raised their heads one after another, looking up at the towering sky.

I saw a huge red sun slowly falling from a height of ten thousand feet.....

And behind the red sun, there were also a group of small black dots.

When everyone took a closer look, they were shocked to discover that the falling red sun was not the sun at all, but a three-legged golden crow with a body billions of miles long and burning with red flames... And the little one following the three-legged golden crow was The black spots are actually a group of powerful men from the eternal realm...

Emperor Jun's army finally arrived...

Chapter 1008

The original headquarters of the Purple Green Holy Land was Tianshu Mountain.

It is now the new headquarters of SAARC.

At this moment, above Tianshu Mountain, Kunpeng looked up at the distant sky in great astonishment...

He was shocked by Di Jun's huge body.

Huh~! Huh~! Huh~!

At this moment, dozens of figures flew from below.

Xiao Hongjun, Fu Zhi, Pan Zu and other senior Eternal level officials all came out and looked at the three-legged Golden Crow in the distance one by one in astonishment....

"Wow! What a big bird!"

Xiao Hongjun's cute little face was filled with wonder. This was the first time he had seen such a big bird.

"Little Lord! That...that is the true form of Dijun Tianshen! he came!"

Zhenji's tone was full of panic.

"It turns out that the three-legged bird is Di Jun!"

Xiao Hongjun had a look of surprise on his face, but he did not show any fear.

He was a newborn calf and was not afraid of tigers, so he had no idea how powerful Emperor Jun was.

Gonggong on the side smiled bitterly and said: "Young Master Hongjun, this Emperor Jun is a heavenly sage. A super strong man, and a peak Heavenly Saint, with a combat power of at least 500,000. In front of him, even the ultimate saint will be killed instantly!"

"Forehead! This guy is not easy to deal with!!"

Xiao Hongjun frowned and began to worry.

He refined the Hunyuan Divine Pill three days ago, and his cultivation reached the peak of the second level in one fell swoop.

The effect was better than Qin Feng expected!

This made Xiao Hong Jun was proud for a while. He was invincible in the world. Apart from my father, Qin Feng, he was the second best in the world...

After all, after his cultivation reached the peak of the second realm, his overall strength surpassed that of the Supreme Saint. The upper limit is comparable to the original Jiu Ying.

Looking at all the worlds, there are really not many people at the extremely holy level who are his opponents... It was only at this moment that the little guy realized that after all, there is a world outside the world, and there is a world outside the world. Someone is there!

"Young Master, Emperor Jun is here, our Southern League is in a big crisis!"

Kunpeng also looked anxious.

He also refined the Hunyuan Divine Pill three days ago, and his cultivation level broke through from the late second stage to the peak of the second stage. It only increased by a small level, which was far behind Xiao Hongjun..

After all, his talent is far inferior to that of Hongjun.

However, Kunpeng's comprehensive strength is already comparable to that of the early stage of the Supreme Saint.

In the past three days, not only the strength of the two of them has greatly improved, Ziwei, Fuzhi, Qinglin, Panzu, Emperor Feng also refined the Hunyuan Divine Pill, and all of them broke through to the early stage of the second realm, and their strength skyrocketed. The breakthroughs of these seven people naturally brought a lot of combat power to Qin Feng....

Not only that, Qin Feng also asked Shangguan Yunxi to distribute all other types of magical pills in his inventory...

This also increased the strength of a group of elite subordinates!

For example, Zhenji and Jiuyuan have successively broken through to the first level. In the middle period,

Bie Tie, Qin Baobao, and Ming He successively broke through to the first level of eternity.

In addition, there was a new master of eternity - Xiang Liu.

In addition, during this period, many half-step eternity experts were born. , the total number reached fifty or sixty people.....

There are as many as six to seven hundred God-level experts.....

The increase in strength of this large number of subordinates has allowed Qin Feng to receive a large amount of combat power in return...

Today, Qin Feng's combat power has reached 90,000 poles, which is just 10,000 poles short of the Tiansheng combat power threshold....

At this moment, the three-legged Golden Crow in the distance has already landed halfway.

But at this moment, it swayed and turned into a majestic man wearing a crown and a golden robe, standing hundreds of millions of feet tall.

Behind him, many of his subordinates also turned into human forms.

Afterwards, a group of people flew directly towards the home of Huoyun Holy Land...

Obviously, the first person Di Jun wanted to find was the Huoyun Ancestor. He wanted to know the truth of the incident.....

"not good! Di Jun is going to his home base in the Fire Cloud Holy Land. There are no experts stationed there, only millions of ordinary children staying behind!"

Fu Zhi looked anxious.

Ziwei Star Master smiled bitterly:"Even if there are experts stationed there, they can't stop Di Jun. If you want to stop Emperor Jun, you can only rely on Your Majesty...."

"yes! We can only rely on Your Majesty!"

"Is Your Majesty still in retreat?"

"yes! He has been in seclusion for the past few days and has not yet come out...."

"This...what should I do?"

The senior leaders of the Southern League looked at each other with anxious and fearful expressions.

Qin Feng is their backbone.

As long as Qin Feng is here, even if they face a powerful enemy like Di Jun, they will still have some confidence...

If Qin Feng Without him, everyone seemed to have lost their souls and were in panic.

At this moment, the atmosphere in the venue began to become anxious.....

Seeing this, Lord Ziwei hurriedly said: "Everyone, please be patient! I will contact His Majesty now and ask him to come out and take charge of the overall situation!"

As soon as these words came out, all the subordinates were happy.

But at this moment, the ground shook under everyone's feet, and a series of auras of heaven and earth rose into the sky.....

At the same time, the Fire Cloud Holy Land also shook the earth, and a series of spiritual lights of heaven and earth rushed up...

The next second, the spiritual lights of heaven and earth in the three holy places were intertwined and gradually merged into one.....

At this moment, Qin Feng actually fused the jade shards of the Fire Cloud Holy Land.

At this point, the three fragments of the Jade Certificate of Creation have all been integrated, and the three holy places have also merged into one...

The new jade certificate has taken shape, and naturally has special changes, which has also caused resonance in the outside holy places... The various changes caused by the three holy places have shocked the world. He killed hundreds of millions of living beings and alarmed Di Jun's group of people.....

After a while, all the light of heaven and earth slowly converged and returned to tranquility together.

Emperor Jun hesitated for a while, then led his men and sped towards the Fire Cloud Holy Land's lair.....

The senior officials of SAARC are naturally worried about this.

At this moment, a space change occurred above the heads of the senior officials, and Qin Feng appeared out of thin air.....

"It's Your Majesty!"

"I've been waiting to see Your Majesty!"

When everyone saw Qin Feng, they were all overjoyed and stepped forward to salute.

"Dad, Di Jun is here, and he rushed towards his lair in Fire Cloud Holy Land....."

Xiao Hongjun pointed to the far distance, which was the direction Di Jun and others were going.
.....

At this moment, they could no longer see clearly the figures of Di Jun and his party.

"My father knows!", Qin Feng nodded slightly.

"Your Majesty, the enemy is extremely strong, are you prepared?", Ziwei Star Master looked concerned.

She was naturally worried about the safety of her men.

"This time, I will not disappoint Emperor Jun!"

Qin Feng showed a confident smile.

Just now, he integrated the jade ultimatum from Fire Cloud Holy Land, which gave him a surprise discovery.

This also greatly increased his confidence.

"Let's go!"

Qin Feng waved again and took the senior officials into the dual universe.

Then, he disappeared out of thin air.

The next second, his figure appeared in the lair of Fire Cloud Holy Land.

Only then did he appear, and the sky above the lair There was an explosion

"Fire cloud! Come out and see me!"

This roar, the sound wave was vibrating, majestic and powerful, with a radius of hundreds of millions of miles.

In the holy land, nearly a million weak and powerful SAARC disciples were shocked to the point where their blood boiled and they vomited blood.....

This roar was naturally made by Di Jun.

Seeing this scene, Qin Feng frowned slightly.

Although this station is full of peripheral children, they cannot be bullied by others.

The next second, he made a casual move, and the shadow clones and senior executives appeared one after another.....

"Huh! Here we are!"

As soon as the senior executives showed up, they found that they had arrived at Huoyun's lair.

"Fire cloud! Get out!"

At this time, Emperor Jun's roar came again from the sky above his head, which only caused the eardrums of the senior officials of SAARC to swell and hurt, and made them dizzy and brain-swelling...

This made the senior officials' faces slightly change, and they were extremely frightened.

"Your Majesty, that guy...."

"Come with me!"

As soon as he finished speaking, Qin Feng took the lead and flew into the sky.

All the senior officials followed him.

After a while, Qin Feng and his party flew to an altitude of hundreds of millions of feet.

At the same time, Di Jun and his party also slowly flew up from an altitude of hundreds of millions of feet. fall.....

Both sides saw each other from a distance...

Chapter 1009

The two sides slowly came to a standstill and faced off from afar.

Di Jun glanced at Qin Feng and others coldly and frowned.

There is no ancestor Huoyun he wants to see here.

Of course, he only knew Patriarch Huoyun. He didn't know any of the other disciples of Huoyun Holy Land and didn't bother to know him.

After all, he is so high up there that no one below the Supreme Saint has the right to associate with him.

The group of people in front of him were of low cultivation. The tallest among them was only at the peak of the second realm. He was still a little kid wearing a red bellyband. He didn't know what kind of freak he was...

Di Jun's eyes paused briefly on Xiao Hongjun. Within a few seconds, he glanced at the others, with disdain on his face.

As for Qin Feng, he didn't even bother to look at it.

He is just a little god, not even qualified to let him take another look.

"What about Huoyun? Let him get out and see me!"

Di Jun looked at the people of the Southern League impatiently.

He thought these people were the subordinates of Patriarch Huoyun.

He didn't know that the Holy Land of Fireyun had been destroyed by Qin Feng and others.

When Qin Feng saw this, he flew in front of body

"Your Excellency must be Emperor Jun Tiansheng! You are looking for Huoyun....."

Before Qin Feng could finish speaking, Di Jun frowned in displeasure.

At this time, a white-haired old man with a goat's beard rushed out of the emperor's team.

This person is none other than Shang Yang, one of the three supreme saints brought by Emperor Jun, who has reached the middle stage of supreme saint cultivation.

As soon as Shang Yang saw Emperor Jun's unhappy expression, he understood and rushed out immediately

"Shut up! You, a little God, have no right to talk to my Majesty! Get out of here! Shang

Yang actually said something bad to him.

Qin Feng frowned:"Who do you think you are?!"

Shang Yang was stunned.

He didn't expect that a little god would dare to contradict him.

He suddenly became furious:"Little thief! you wanna die!"

As soon as he finished speaking, he pounced directly on Qin Feng, actually planning to kill this ungrateful God in public.....

"Old thing! Dare you take action against my father! you wanna die!"

Xiao Hongjun was furious and rushed out directly.,

"hehe! Little doll, your opponent is me!"

In Dijun's team, a strong man at the peak of the second level also rushed out and tried to intercept Xiao Hongjun.

This man thought Xiao Hongjun was going to save Qin Feng, so he stopped him because he didn't want Xiao Hongjun to destroy Shang Yang. Good thing.

Others in the Great Sun Realm are gloating about the misfortune.

They also want to see Shang Yang kill Qin Feng, so as to establish his authority in one fell swoop, and let these lowly divine beings take a good look at the majesty of the Great Sun Realm. No offense, not everyone is qualified to talk to their Majesty...

At this moment, the shadow clone moved.

He dodged and rushed to Xiao Hongjun, trying to help Xiao Hongjun stop the A strong man at the top of the second realm....

"What a hassle!"

A member of the Eternal First Realm rushed out from the Emperor Jun team, trying to stop the phantom clone.

In their view, the phantom clone is just a little god, and a strong man from the first realm can easily stop it....These guys have made up their minds to stop everything possible and prevent others from ruining Shang Yang's good deeds.

They want to watch Shang Yang kill Qin Feng!

Even Di Jun narrowed his eyes and watched the show leisurely..

But how could the man in the first realm of eternity stop the phantom clone? The speed of the two was so different.

In the blink of an eye, the phantom clone came first and faced the peak of the second realm.

Xiao Hongjun also faced off against the one who was in the first realm of eternity.

At the same time, Qin Feng also faced off against Shang Yang.

Boom~! Boom~! Boom~!

Three shocking loud noises!

Billions of gods shook!

Bang~! Bang~! Bang~! Ah~! Ah~! Ah~!

Three extremely miserable screams!

All three of Shang Yang were exploded, and the sky was filled with blood mist. Even the soul was exploded in an instant!

"Ding~! Congratulations to the host, your son (Hongjun) successfully killed the powerful man in the first realm of eternity... The host obtained 1 trillion karma points (10 million redemption points)"

"Ding~! Congratulations to the host, your phantom clone successfully killed the powerful man in the second realm of eternity... The host obtained 2 trillion karma values (20 million redemption points)....."

"Ding~! Congratulations to the host, you have successfully killed the powerful man in the third realm of eternity... The host has obtained 9 quadrillion karma values (90 million redemption points)"

In just an instant, Shang Yang and the others were instantly killed by Qin Feng and the others!

Qin Feng also received 120 million exchange points in exchange for a Hunyuan Divine Pill.

At this moment, Di Jun and others were dumbfounded, and their mouths opened wide.

That Shang Yang is a powerful person in the middle stage of the Supreme Saint!

Even Di Jun didn't dare to say that he could kill Shang Yang instantly with one palm.

But now, Shang Yang was instantly killed by a little God, which completely exceeded his logical common sense.....

Not only Qin Feng, but also the shock caused by the shadow clone and Xiao Hongjun to Di Jun and others was also extremely strong.

Naturally, these people don't know that although Qin Feng is a god, his combat power has reached 90,000 extremes. Coupled with the special nature of the power of Hongmeng, he has the terrifying ability to instantly kill the middle stage of the supreme saint.

The phantom clone has 30,000 extreme combat power and also possesses the power of Hongmeng. It is no longer a problem to instantly kill the peak of the second level.

Xiao Hongjun's comprehensive strength has surpassed the peak of the Supreme Saint. In addition, his power of chaos is also very magical. It is similar to the power of Hongmeng. It is not surprising at all to kill a person in the first level of eternity in an instant.....

Just like that, as soon as the two sides came into contact, Qin Feng and the other three instantly killed Shang Yang and the other three, which was a victory!

When everyone in SAARC saw this scene, they cheered and were very excited. ,

Qin Feng waved his hand and put away the energy transformed by Shang Yang and the others.....

Only then did Di Jun wake up.

He is extremely angry!

Before the war even started, his side had lost three generals. How could he bear this?!

"Damn those three thieves! Die all!"

Emperor Jun was furious, all the heavens were darkened, and the earth cracked.

Immediately, his whole body was filled with blazing sun fire, and his momentum surged, connecting the sky and the earth.

The next second, he took down Qin Feng and Xuying's clones with one palm. , Xiao Hongjun are all enveloped.

He wants to kill these three terrible guys with one palm and find a venue for himself

"I come!"

Qin Feng stepped forward alone and flew into the air.

The next second, he sacrificed the fragments of the jade ultimatum of creation.

Buzz~!

The jade ultimatum made a clear sound~!

Woo~! Woo~! Woo~!

The three holy places resonated in unison!

Rays of light from heaven and earth rose into the sky and attached themselves to Qin Feng one after another.....

With the blessing of the power of heaven and earth, Qin Feng's momentum skyrocketed...

150,000 poles.....230,000 poles.....370,000 poles.....

In the blink of an eye, Qin Feng gathered all the power of heaven and earth, and his momentum reached its peak...

At this moment, Di Jun's palm fell.

For a moment, the heaven and earth trembled violently, the void cracked, and the momentum destroyed the heaven and the earth.....

"Just in time!"

Qin Feng swung out his fist and met the terrifying palm...

Below, everyone in the Southern Alliance and the people in the Great Sun Realm all stared at this scene with great nervousness.

Chapter 1010

In just an instant, Qin Feng's punch collided with Di Jun's palm.....

Boom~!

Click~! Click~! Click~!

There was a loud crashing sound!

Billions of miles of void are all shattered!

Hot white light erupted between the fists... and another terrifying black hole appeared within the white light.....

The aftermath of the head-on collision between the two formed a violent energy storm that swept across the entire holy land in an instant, causing the sky to darken and the earth to turn into darkness.

Countless creatures were frightened by it and looked up at the direction of the battle in shock.....

But the next second, something happened that shocked hundreds of millions of living beings.

Just hearing a muffled groan, the billion-foot-tall Emperor Jun was sent flying nine days away by Qin Feng.....

"This...how is this possible!"

Di Jun's subordinates exclaimed in surprise, and all of them opened their eyes in disbelief.

"Oh My God! Your Majesty blasted Emperor Jun away!"

"Haha! Great! This is great!"

Everyone in the Southern League was extremely excited, and their faces were all red with excitement.

Before this, they had been on tenterhooks for a long time...

At the same time, in a very secret valley on the border of the Fire Cloud Holy Land.

A group of people wearing cloaks and The mysterious man in the mask looked at the sky in the distance.

At this moment, they were all completely shocked by the battle in the distance.

"Qin...Qin Feng actually defeated Di Jun!"

These mysterious people looked at each other and saw the extreme shock in each other's eyes.

"This Qin Feng is too strong!"

"yes! We underestimated him far before!"

"Clan leader, now that the entire territory of the God Realm belongs to the Southern Alliance, and Qin Feng is so powerful, our clan might as well submit to him!"

"This... let's take a look and talk about it! Di Jun will not be defeated so easily, and there will be good things to watch next. It is hard to say whether SAARC can survive this crisis. If they can get through this difficulty, there is no harm in us joining SAARC...."

The leader of the old man whispered.....

It turns out that this group of people is one of the hidden races in the God Realm.

Although Qin Feng unified the Great Wild God Realm and conquered hundreds of billions of creatures, those do not represent all the creatures in the God Realm.

Within the God Realm, there are many races, creatures, and some casual cultivators hiding in the dark, numbering no less than tens of billions, and there are many strange people and strangers in them.

These people are unwilling to be enemies of SAARC, nor are they willing to join SAARC.

Of course, many races are unwilling to join and still have no confidence in Qin Feng's strength.

In particular, they were even more worried when they learned that Qin Feng and Di Jun had fallen out.

And Emperor Jun's attack today also alarmed these hidden ethnic groups, making them watch secretly one by one...

But they didn't expect that Qin Feng was the first to face him and repelled Emperor Jun...

This scene, It is deeply engraved in the hearts of many hidden races, and it has been lingering in this life.....

Those lone cultivators were completely dumbfounded...

At this moment, Qin Feng's evaluation in their hearts increased rapidly.....

At this moment, Emperor Jun's shocking roar rang out nine days away.

"Damn boy! I want you to look good!"

Boom~! Boom~! Boom~!

There was a sound of wind and thunder, and the Emperor Jun was seen flying back menacingly from nine days away... As soon as he appeared, the people in the Great Sun Heaven Realm showed joy.

Everyone in the Southern League I couldn't help but keep silent and didn't dare to speak.

No one dares to offend the majesty of the Heavenly Saint.

"Boy, who are you?"

After Di Jun arrived, he did not rush forward to kill impulsively.

Qin Feng smiled coldly:"The Lord of the Southern Alliance - Qin Feng!"

"It turns out you are Qin Feng!"

Di Jun was greatly surprised.

He didn't expect that Qin Feng, whom Huo Yun mentioned, had only the cultivation level of God.

Obviously, Huo Yun also had hidden feelings for him.

"Qin Feng, why are you in the Fire Cloud Holy Land? Could it be that Huo Yun has been killed by you?...."

"What do you think?", Qin Feng smiled and said nothing.

Di Jun said angrily:"Boy! You don't have to be arrogant! Seeing that you just used the fragment of the Jade Order of Creation, I know that Huoyun and Green Robe both died in your hands. If you hadn't had the jade certificate to help you, how could you be my opponent?!"

"Besides, do you think you are the only one with treasures? Now let me show you my true strength!"

As soon as he finished speaking, Di Jun waved his hand, and a divine sword engraved with nine dragon patterns appeared out of thin air...

Buzz~!

The divine sword chanted for a long time!

The sword body trembled, and the shadow of the Nine Heavenly Divine Dragon emerged, entwining the divine sword. The sword has an astonishing momentum.

This is Emperor Jun's natal sacred weapon - the Nine Dragon Sword.

Speaking of which, the natal sacred weapon of Emperor Jun's brother Taiyi is the Donghuang Bell, which is a heaven-level sacred weapon with incomparable power. Terrifying.

Although this Nine-Dragon Sword is not as good as the Donghuang Bell, it is still the best among the Kaiding-level ones. It is extremely powerful...

Buzz~!

The Nine-Dragon Sword chimes!

The aura pours into the Emperor Jun's body!

The next second, the human and the weapon merge into one, Emperor Jun's momentum surged instantly.....

"Boy! Receive a sword from me!"

The holy weapon took action, and Emperor Jun's confidence increased greatly!

The next second, he struck Qin Feng with a sword...

咻~!咻~!咻~!

Wherever the sword wind passed, a crack was opened in the sky, Extremely scary.....

Everyone in the Southern League opened their eyes wide in horror.

All over the God Realm, the various hidden races that were secretly observing, as well as the individual practitioners who were practicing alone, also held their breaths.....

At this moment, everyone's eyes were focused on that sword.....

"Just in time!"

Qin Feng smiled coldly and faced the sword directly.....

Speaking of holy weapons, Qin Feng's Heaven-Destroying Sword is only one day away from being successfully refined.

However, Di Jun has arrived!

If Emperor Jun comes one day later, Qin Feng will be stronger with the Heaven-Slaying Sword in his hand.....

In the blink of an eye, Qin Feng and Di Jun collided again.

Boom~!

There was another loud noise!

The sky is filled with sword light!

With two groans, Qin Feng was shocked by the sword and retreated 200 million miles, while Di Jun retreated 23,000 miles.

In this round, Qin Feng actually had the slight upper hand.

It's just that this advantage is extremely unclear!

But this scene shocked everyone!

Oh My God!

Qin Feng actually defeated Di Jun again!

Those hidden races were shocked again!

The people in the Great Sun Heaven Realm were even more dumbfounded.

Even the people in the Southern League couldn't believe their eyes.

They didn't know that Qin Feng got a new jade tablet fragment after fusing three jade tablet fragments.

The increase in combat power of the new jade certificate suddenly reached eight times.

Qin Feng's combat power is 90,000 poles. This increase has reached 720,000 poles, so he can withstand Emperor Jun's sword.....

"impossible! This is impossible!! How can you withstand my sword?! Boy, let's do it again!"

Di Jun was extremely angry.

He never thought that he, the peak of the Heavenly Saint, and with the help of the Nine Dragon Sword, could not suppress a God.

Naturally, he was unwilling to give in!

The next second, he waved the divine sword and pounced on him again Qin Feng.

Qin Feng also went up directly.

The two sides fought together!

For a time, the sky and the earth were torn apart, the earth was shaking, and the mountains were shaking...

The two sides fought until the sky was dark, the sun and the moon were dark, and no one could do anything for a while.....

Countless creatures were stunned to see it! , in the blink of an eye, the two sides fought for dozens of rounds, and there was still no winner, and the battle entered a stalemate.....

"Do it!"

At this moment, the phantom clone suddenly gave an order.

The next second, everyone in the Southern Alliance pounced on the masters of the Great Sun Heaven Realm...

Xiao Hongjun chose a peak-level expert of the Supreme Saint.

The man's name was Cicada. The power of the nine great saints in the Great Sun Heaven Realm is also the best among them.

But as soon as the two sides fought, Xiao Hongjun had the upper hand.

Kunpeng chose a strong man in the early stage of the great saint, named Fei Dan, who was among the nine great saints. Shengzhong is the weakest being.

Once the two sides fight, they are entangled, and the winner is difficult to distinguish.

Later, seven second-level strong ones, including Ziwei, Qinglin, Fengdi, Fuzhi, Panzu, Gonggong, and Jiuyin, etc. They also found seven opponents in the second realm.

Six people, including Zhenji, Jiuyuan, Qin Baobao, Minghe, Bie Tie, and Xiangliu, each found opponents in the first realm.

In this way, Da Ri There are still two second-level and fourteen first-level experts in the heaven, and no one can challenge them...

But at this moment, the shadow clone summoned the earth book, which instantly turned into the fetal membrane of heaven and earth, and these sixteen people wrapped in it.....

The phantom clone also got into it on its own...

The next second, an extremely fierce fighting sound rang out in the fetal membrane...

But with the 30,000 pole power of the phantom clone, coupled with the strange power of Hongmeng, who can stop it?

Not long after, screams continued to be heard from within the fetal membranes of heaven and earth.
