

God level 101

Chapter 101

Finally killed one!

Qin Feng's mouth showed a smile.

At the same time, the fire horse not far away was also killed by the Fire Wolf King.

Immediately, the Fire Wolf King rushed towards Qin Feng with great anger.

He didn't even care about the crystal cores on the ground.

It wants to avenge the Thunder Wolf King!

What's more, this human being was seriously injured and couldn't move.

He must have been paralyzed by Thunder Wolf King's lightning.

The Fire Wolf King's guess was not wrong.

At this moment, Qin Feng's whole body was stiff and he was temporarily unable to move due to the electric shock.

However, his injuries are being repaired quickly.

In the blink of an eye, the Fire Wolf King rushed over, and the sharp fire spirit horn directly hit Qin Feng's chest.

Qin Feng's body is still semi-paralyzed and his movement is difficult.

He has not fully recovered from his injuries.

The situation was very unfavorable to him.

Not only that, there was only one minute left in his challenge.

In just a moment, the Fire Wolf King's attack arrived.

Qin Feng also moved.

He didn't dodge or retreat. Instead, he straightened his chest and took the initiative to hit the sharp corner.

Pfft~!

Blood splatters!

The fire spirit horn pierced his chest.

At the same time, he also stabbed the Fire Wolf King in the eye.

The Fire Wolf King was horrified.

It turns out that Qin Feng wants to fight it desperately.

It quickly retreated, trying to pull out its sharp horns to avoid Qin Feng's attack.

But at this moment, it discovered in horror that Qin Feng grabbed its fire horn with one hand and fixed its head, making it unable to avoid the attack.

Pfft~!

Qin Feng's dragon bone spear pierced the Fire Wolf King's eyes and blasted its brain to pieces.

The Fire Wolf King was shaken all over, and collapsed suddenly, leaving only the Fire Spirit Horn, the crystal core, and a skill stone.

The wolves are terrified!

Their Fire Wolf King was also killed.

At this time, the wolves were leaderless and dispersed one after another, fleeing in an instant.

"Ha ha!! Success!"

Qin Feng was ecstatic and reluctantly pulled out the Fire Spirit Horn from his chest.

At the last minute, he killed the Fire Wolf King. The god-level challenge was completed, and generous rewards were about to come.

In the blink of an eye, all the wolves were gone..

They were frightened.

Qin Feng swallowed several beast cores, recovered from his injuries first, and then began to clean up the battlefield.

A few minutes later, Qin Feng finished cleaning up, his face was full of joy.

This time the harvest was very good.

Guang was level 19 There are three crystal nuclei (in the early stage of four-star), one from the Thunder Wolf King, one from the Fire Wolf King, and one from the Wood Spirit Giant Elephant.

In addition, there are many three-star and two-star crystal nuclei, dozens in total..Qin

Feng exchanged all of it to the mall and got more than 15 billion.

In this way, his assets would be 20 billion. With such a rich family fortune, he can participate in the auction and buy some treasures he needs.

In addition, he also got three skill stones.

The skill stone of the Wood Spirit Giant Elephant - Thorns (wood type), which cannot be swallowed.

The skill stone of the Fire Wolf King - fiery, which can swallow the skill stone of the Thunder Wolf King - Thunder explosion, can be swallowed.

There are also fire spirit horns and thunder spirit horns

"This thing has its own amplitude. I wonder if it can be used to refine Yuanwu?"

Qin Feng curiously looked at the fire spirit horn in his hand.

"Ding! Remind the host that if you swallow the skill stone (fire blast) and the skill stone (thunderstorm) at the same time, there is a 30% chance of mutating and acquiring an advanced skill - violent transformation....."

"Huh! There is such a good thing....."

Qin Feng's eyes shone with excitement.

Advanced skills are skills that can only be mastered by six-star masters, and are powerful.

Regarding the violent transformation, he had also seen it from the two-headed wolf king, and he had long been coveted.

At that moment, Qin Feng couldn't wait to take out the skill stone and swallowed it all in one gulp.

God-level devouring operates automatically.

The two skill stones turned into two streams of energy, blended with each other, and rushed directly into the Shenting Point.....

"Ding! Swallowed skill stone (hot) successfully....."

"Ding! Successfully swallowed skill stone (Thunder Explosion)....."

"Ding! Skill fusion successful! Congratulations to the host for awakening the advanced skill - Violent Transformation!"

Haha!! The 30% mutation rate was actually successful.

I got another advanced skill.

Qin Feng was ecstatic and quickly checked the skills.

Skill name: Violent Transformation

Effect: After transformation, the strength is forcibly improved to a small level.

Level: Advanced skill, thunder and fire fusion skill.

This skill is definitely a good thing for cross-level challenges.

"Ding! Congratulations to the host for being promoted to the Quasi-Emperor level!"

Qin Feng was ecstatic.

He finally broke through from the king level to the quasi-emperor level.

This means that his strength has greatly increased.

Sure enough, mastering an advanced skill has a great impact on his strength.

At this moment, Qin Feng's residence time was up, and he was withdrawn from the Plains of Despair.

Qin Feng's residence, in the secret training room.

A white light flashed, and Qin Feng's figure appeared in the room.

He looked at himself. He was covered in blood, and his clothes were in tatters.

The newly purchased inferior product The Yuanwu armor was punctured with two holes and was considered to be half scrapped.

At this moment, the system reward also arrived.

"Ding! Congratulations to the host for completing the second god-level challenge at the one-star level. Rewards have begun to be distributed....."

"Ding! Reward a piece of wind star pattern fragment!"

"Ding! Reward a thunder star pattern fragment!"

"Ding! Reward a fire star pattern fragment!"

"Ding! Reward a piece of ice star pattern fragment!"

"Ding! Reward a piece of earth star pattern fragment!"

"Ding! A fire qualification enhancer (Tianpin)!"

"Ding! A piece of soil qualification enhancer (Tianpin)!"

"Ding! A soil source pearl....."

Sure enough, there is a soil source bead reward.

Qin Feng was delighted.

He will soon have earth talent, and his strength will skyrocket.

More importantly, with all the god-level challenges completed, he can immediately break through to a two-star elementalist..

Chapter 102

Qin Feng couldn't wait to swallow the Earth Source Bead.

God-level devouring is activated, and the Earth Origin Bead automatically dissolves and turns into a mellow energy flow, flowing to his whole body, strengthening every cell in his body.....

"Ding! Successfully swallowed the Earth Source Bead. Congratulations on the change in the host's physique. Obtained Earth Sensitivity 1.3 and acquired Earth Talent. Ordinary level....."

"Ding! The soil qualification enhancer (Tianpin) was successfully used, and the soil talent was upgraded to genius level....."

"Ding! The fire qualification enhancer (Tianpin) was successfully used, and the fire talent was upgraded to peerless level....."

"Ding! Successfully swallowed the wind star fragments....."

It didn't take long for Qin Feng to digest all the rewards.

Not only did he obtain the earth element talent, he was also promoted to genius level with the help of the qualification enhancer (Tianpin).

The fire element talent has also been upgraded to peerless level.

This made Qin Feng feel great.

But it's not over yet.

He began to devour the prepared earth element beast core, and upgraded the earth element to the quasi-element master level.

Afterwards, he started taking Emperor Liquid Serum (Fire), Fire Element Star Pattern Fragments, Fire Element Demonic Core...

A few minutes later, he was practicing in the secret room.

The violent fire energy revolved around Qin Feng, ravaging everything and dominating everything...

His momentum suddenly reached the two-star perfection.

"Ha ha! Cool!"

Qin Feng laughed, feeling extremely happy.

After so long, his fire element was the first to break through to a two-star elemental master.

And it was the ultimate of two-star perfection.

Not only that, the third star pattern of the fire element was condensed by 36%.

This is the help of Emperor's Liquid (Fire) and Star Pattern Fragments.

Emperor's Liquid and Star Pattern Fragments are still effective in condensing the third Star Pattern, but the effect is reduced by half.

"Ding! It is detected that the host has broken through to a two-star elemental master, and the system mall will automatically upgrade to level 3. Please check it yourself....."

The mall has been upgraded!

Qin Feng opened the mall interface with anticipation, and there were more than a dozen new products in it.

Earth type divine seal fragments: unit price 200 million

Wood type divine seal fragments: unit price 200 million

Gold type...

Earth type qualification enhancer (Tianpin): unit price 15 billion

Ice type qualification enhancer (Tianpin): unit price 15 billion

Fire type.....

These are all good things!

Qin Feng was pleasantly surprised.

Soon, he bought four earth-type divine seal fragments and quickly condensed the earth-type divine seal.

Then, he bought a bottle of soil qualification enhancer (Tianpin) without hesitation

"Ding! The soil qualification enhancer (Tianpin) was successfully used, and the soil talent was upgraded to peerless level....."

Qin Feng felt great.

Five series of talents, all peerless.

A few minutes later, with the help of the demon core, the earth element also reached one-star perfection.

Qin Feng's strength surged again.

This made him feel very happy.

This feeling of continuous surge in strength is really wonderful.

"such a pity! I don't have enough money, otherwise I'll buy the little girl a bottle of ice."

Qin Feng licked his mouth without saying anything.

Qualification enhancers can now be purchased in the mall.

Just one bottle can give Chu Chu a peerless talent.

It's a pity that he only has more than 4 billion left on him, but a bottle of enhancer costs 15 billion.

It's really a waste of money

"Ding! It is detected that the host already possesses the earth talent, and the hidden mission is activated....."

Mission content: Improve the cultivation of the four elements of ice, wind, fire, and earth to the two-star level, and you will get an opportunity to awaken the mysterious talent.

Note: The chance of awakening this time is 10%.

Qin Feng's eyes lit up, he was indeed a god-level elemental master training system.

He is looking forward to the mysterious talent very much.

At the moment, he opened the training interface and checked the progress.

Practitioner: Qin Feng

Earth element realm (peerless): One-star great perfection (second star pattern 40%)

Wind element realm (peerless): One-star great perfection (second star pattern 97%)

Thunder element realm (peerless): One-star great perfection (90% of the second star pattern)

Ice realm (peerless): One-star great perfection (90% of the second star pattern)

Fire realm (peerless): Two-star great perfection (36% of the third star pattern)

Battle Strength index: 20,000 points.

Qin Feng was ecstatic when he saw the combat strength index.

With 20,000 combat power points, it has reached the mid-four-star level.

Coupled with the fact that he has mastered two advanced skills, he can easily sweep through the late four-stars and even defeat the four-star Dzogchen.

Even if he meets a half-step five-star master, he is still capable of fighting.

He finally had the capital to confront Lin Yuankun.

Not only that, his completion of the second star pattern of the wind system is 97%.

With his peerless talent, he can break through to two stars in just one day of practice.

In addition, the wind demon core was prepared long ago.

As long as the wind element breaks through, he will immediately reach the two-star perfection, and his strength will skyrocket.

The second star patterns of the thunder and ice systems are 90%, and they will be able to break through to two stars in three days.

At that time, the strength will skyrocket again.

When his earth element breaks through to two stars, he will have the opportunity to awaken his mysterious talent. Everything will be so beautiful.

Qin Feng closed the interface with satisfaction and walked out of the training room in a comfortable mood.

It was pitch dark outside.

He looked at the time and saw it was past 9 p.m.

It is estimated that Lin Yuankun will take action in a few hours.....

At the same time, the Lin family mansion.

In the small courtyard where Lin Yuankun retreats.

Inside the house, a woman lay quietly in a crystal coffin, with a dim light on next to her.

The atmosphere is somewhat eerie.

Lin Xue and Lin Tianyang stood aside tremblingly.

Just in front of them, Lin Yuankun had his hands behind his back and looked expressionlessly at the night outside the window.

Lin Xue and the other two lowered their heads and did not dare to speak.

After a long while, Lin Yuankun spoke in a low voice: "Have you finished counting all your assets?"

"Second uncle, we have taken stock..." Lin Xue replied hurriedly.

Lin Yuankun said coldly: "I'll give you one day! Tonight, I will go and meet with Yunyang..."

As soon as he finished speaking, Lin Yuankun floated up in the air, and the aura exuded from his body suddenly reached the early stage of five stars.

Lin Xue and Lin Tianyang were stunned for a moment.

The next second, Lin Yuankun He escaped out of the window and disappeared into the slow night.

Only Lin Xue and Lin Tianyang were left looking at each other.

Oh my God!

Isn't the old family master half-step to five stars?

When did he break through to the early stage of five stars?

Has the old family master been hiding all this time? Strength?

After being shocked, the two people's faces showed a look of ecstasy.

The Lin family actually has a five-star master.

A five-star can be a marquis, a leader of a force, a city lord, or an important backbone of the alliance.

But the next second, the two of them He showed doubts again.

Lin Yuankun just said that he would go to Shangguan Yunyang for a meeting.

Shouldn't he go to Qin Feng?

Why did he go to Shangguan Yunyang to cause trouble?

Lin Xue and Lin Tianyang were dizzy.

Chapter 103

"Aunt, why did grandpa go to find the Lord of Shangguan City?", Lin Tianyang couldn't help but ask

"this.....", Lin Xue smiled bitterly, "I can't figure it out either."

Then, she said seriously: "However, the second uncle just said that he would only give us one day. He is going to attack with all his strength, and we should prepare."

Lin Tianyang Understand what Lin Xue means.

Grandpa said that giving one day would allow the Lin family to escape from the alliance as soon as possible.

Otherwise, if he takes action and is exposed, the entire Lin family will be implicated.

"Auntie, do you think grandpa will succeed?!"

Lin Tianyang looked out the window

"Do not worry! The second uncle is a five-star expert, Qin Feng is dead."

Lin Xue's tone was very sure.

That kid Qin Feng, no matter how talented he is, can't be better than a four-star early stage master.

The second uncle is a five-star master and can easily kill a four-star master.

Lin Tianyang also had a smile on his face.

He wished Qin Feng would die immediately.

But just then, a gust of night wind blew in outside the window.

The air in the room suddenly became cold.

Both of them shuddered involuntarily.

What's going on?

This room...

Lin Tianyang inexplicably He felt a little scared.

At that moment, he felt like there was an extra person in the room.

He quickly turned around and looked around, but he didn't see anyone.

Only the crystal coffin lay there quietly, exuding coldness. breath.

Is it my imagination?

Suddenly, he saw the female corpse in the crystal coffin, and his eyelashes trembled.

Lin Tianyang's face changed with fright.

When he looked carefully, the female corpse did not move at all.

Think about it.

His grandmother He has been dead for almost twenty years, how could he move?

This room is so weird!

He even had delusions.

Lin Tianyang was scared.

He turned around and saw Lin Xue looking at him with a pale face.

Lin Xue's eyes Deep down, there was fear.

She seemed to feel that something was not normal in the house.

At this time, the two of them thought in unison.

When they first came to this house, Lin Yuankun was not in the house.

But there were two voices in the house. A man's voice, and a woman's cry.

Could it be that this house...

"aunt....",Lin Tianyang panicked

"Let's go!" Lin Xue tried her best to suppress the fear in her heart.

The two of them pushed open the door and rushed out of the small courtyard as if they were running away.

Bang~!

The courtyard door was slammed hard, which was particularly loud in the dark night.

The two of them were frightened. He looked behind him.

Isn't there no one in the yard?

Who closed the door?

But at this moment, a gust of night wind blew.

It was biting and cold.

In the yard, a man's weird laughter and a woman's cry could be faintly heard..

Lin Tianyang was so frightened that his legs weakened.

Lin Xue helped him.

The two looked at each other and ran away in panic.

Vaguely, they felt that the old master must be hiding many secrets.....

At the same time, the sky was above the city lord's mansion.

A figure fell from the sky.

The guard at the door was startled.

After taking a closer look, the guard was shocked again.

The visitor seems to be the old head of the Lin family - Lin Yuankun.

Lin Yuankun was once a famous figure in Yunyang City.

Saw the guard on TV when he was young.

Now twenty years have passed, and Lin Yuankun's appearance has not changed at all.

"Mr. Lin, it's so late, why don't you come?....", the guard asked respectfully

"Call Shangguan Yunyang, Wei Qing, Zhou Tong, and Li Yu. I am waiting for them in the conference room. If they dare not come, tell them and there will be consequences at their own risk!"

Throwing these words, Lin Yuankun walked towards the conference room expressionlessly.

The guard panicked.

Mr. Lin Yuankun's tone was wrong!

He didn't dare to neglect, and quickly entered the security booth and made a phone call. Two hours later, Shangguan Yunyang was in the conference hall.

, Wei Qing, Zhou Tong, and Li Yu were sitting behind the desk, looking at Lin Yuankun opposite with a strange expression. Lin

Yuankun brought the four of them over and said they were catching up on old times.

But this guy had been sitting there for almost an hour. Don't say a word

"Lin Yuankun, if you want to reminisce, let's do it tomorrow. It's so late, everyone should go back and rest."

Shangguan Yunyang stood up and was about to leave.

He was in no mood to be in vain with this guy.

If he wasn't worried about what Lin Yuankun would do, he wouldn't even bother to come.

"Lord Shangguan City, please stay!"

Lin Yuankun raised his head expressionlessly, showing his early five-star momentum.

"You have a breakthrough!"

Everyone was shocked, and their eyes changed when they looked at Lin Yuankun.

It is very difficult to break through from a quasi-five-star to a five-star.

It took Shangguan Yunyang's genius-level talent seven or eight years to succeed.

Lin Yuankun's talent is only good. level.

It stands to reason that he can reach the end of his cultivation to the quasi-five-star level.

Unexpectedly, he actually broke through.

Wei Qing and others were shocked and envious at the same time.

"Everyone, please stay here tonight and talk about old times with me....."

Lin Yuankun's tone was calm and emotionless.

Shangguan Yunyang frowned: "Lin Yuankun, I don't think you're here to reminisce about the past, right? You want to trap our family here? What exactly do you want to do?" As soon as these words came out, Wei Qing and others suddenly woke up. right!

Why did this guy come to them to reminisce about old times? He wanted to trap a few of them here.

But what is he going to do?

"Patriarch Lin, have you passed? If you have anything to say, just say it directly. Is it possible that you really want to trap a few of us here?"

Zhou Tong spoke.

She was the only woman among the few people and the head of the Zhou family.

Lin Yuankun glanced at her indifferently, but did not explain.

Shangguan Yunyang said angrily: "Lin Yuankun, what if I have to leave?"

"I will stop it!", Lin Yuankun showed a rare smile, "You are not my opponent now. Even if the four of you join forces, it won't work."

Everyone's expressions changed slightly.

But they knew that Lin Yuankun was telling the truth.

Lin Yuankun is an elemental master of the special element system, and his strength is stronger than that of his peers.

In the past, he was only a quasi-five-star, and was not a match for Shangguan Yunyang.

But now, he has broken through. Now, Shangguan Yunyang is no longer his opponent.

If he really wants to take action, even Shangguan Yunyang and the four of them can't do it together.

"Lin Yuankun, do you know the consequences of threatening league officials?", Shangguan Yunyang sneered and took out the phone

"Lord of Shangguan City, Lin came here tonight just to catch up on old times. After dawn, he will leave. If the city lord forces him, there is no guarantee that Lin will be able to do anything. Excuse me, who can stop me in Yunyang City today?"

Lin Yuankun looked at Shangguan Yunyang expressionlessly.

Shangguan Yunyang was shocked.

If Lin Yuankun really wanted to go on a killing spree, no one in Yunyang City could stop him.

He hesitated, turned off the phone, and sat down slowly..

He understood Lin Yuankun's character.

If he pushed him hard, he could really do anything.

At this time, Wei Qing seemed to have thought of something and suddenly raised his head:"Lin Yuankun, are you going to attack Qin Feng?"

As soon as these words were said, everyone was shocked.

Damn it!

Qin Feng is the star of hope in Yunyang City!.

Chapter 104

Shangguan Yunyang suddenly stood up from his seat: "Lin Yuankun, do you dare to take action against Qin Feng? Do you want the Lin family to be exterminated by the alliance?"

Lin Yuankun raised his head in displeasure: "Lin is right in front of you, why would you take action against Qin Feng?"

Everyone was stunned.

This is right!

"Are there still people in your Lin family?.....", Shangguan Yunyang stopped mid-sentence.

It seems that no one in the Lin family can deal with Qin Feng.

The three earls lost contact and Lin Jianhao was arrested.

Lin Yuankun, the only one who has the ability to take action, is right in front of them!

This made everyone a little confused.

Lin Yuankun said softly: "Now, in Yunyang City, the only ones who can kill Qin Feng silently are masters with four stars or above."

"And aren't all the four-star or above experts in Yunyang City here? Who else can kill him? What are you thinking about?"

Lin Yuankun's tone did not fluctuate at all and was very calm.

Everyone looked at each other.

They were stunned by Lin Yuankun. What on earth is this guy going to do?

At this moment, Lin Yuankun secretly glanced at his watch. It was already past 12 o'clock in the night.

That Qin Yuankun Feng should be dying, right?

A rare smile appeared on his face.

At the same time, Qin Feng's residence was dozens of miles away.

It was late at night, and the villa area was silent.

Suddenly, a gust of wind blew by, and a light white shadow appeared outside the courtyard.

The white figure had a slim back and its feet were off the ground. It looked very strange in this silent night.

Knock~squeak~!

The courtyard door was gently pushed open.

The white shadow floated gently. Enter the hospital....

In the darkness, in the corner of the yard, Qin Feng opened his eyes and looked at Bai Ying.

He has been waiting for a long time.

Everything was as he expected, Lin Yuankun took action.

It's just this white shadow...

Qin Feng was stunned.

The person who came was wearing a white dress and looked like a beautiful middle-aged woman.

But when he looked closer, horror suddenly appeared in his eyes.

This woman's expression was cold and lifeless.

Qin Feng's six senses are extremely strong.

But he couldn't hear the woman's breathing, her heartbeat, or the flow of her blood.

Isn't this woman alive?

This conclusion surprised Qin Feng.

If the Lin family were here, they would be surprised to find that the woman in white is none other than someone else.

It was actually Lin Yuankun's wife who had been dead for nearly twenty years.

At this moment, Chen Wan raised her head slightly and looked at the villa ahead.

Her eyes were rolling.

She was said to be dead, but her eyes could move and her body was emitting water energy fluctuations.

Looking at the intensity of the fluctuations, it suddenly reached the late four-star level.

This woman who looks like a living dead is actually a master.

Qin Feng was surprised.

At this time, the woman's eyes rolled and she turned her head to look in the direction of Chu Chu's retreat.

She seemed to sense Chu Chu's position.

Without seeing any movement from her, the woman's figure floated towards Chu Chu's retreat.

Qin Feng frowned and followed quickly.

He didn't want this woman to hurt Chu Chu.

In just a moment, Qin Feng arrived three meters behind the woman.

The woman still didn't notice.

Qin Feng activated, flashed the wind shadow boots under his feet, and instantly got close to the woman, and slashed at the woman's neck with the blood and bone knife in his hand.

But at the critical moment, the woman suddenly turned back and looked at Qin Feng smiling with a proud look on her face.

She seemed to have seen through Qin Feng's ice concealment technique a long time ago.

Qin Feng was shocked, and the offensive in his hands did not decrease, and he continued to chop.

The woman didn't give way and stabbed Qin Feng straight into the chest with her sword.

Click~!

Qin Feng easily cut off the woman's head with one knife.

But the woman was not affected at all. The headless corpse continued to attack, and the sword continued to stab. The tip of the sword was only half an inch away from Qin Feng's chest.

Damn it!

What the hell?

Qin Feng was shocked.

This woman was beheaded but still survived. Could she be a real dead person?

But at this moment, he had time to avoid the sword.

In just a moment, with a thought in his mind, countless black sand surged out of his body.

Click~click~click~!

Between the electric light and flint, the black sand formed a black armor on his body.

Bang~!

The sword struck the armor.

The combat power of the four-star late stage is brought to the extreme.

Qin Feng groaned and took four or five steps back.

The black armor blocked all the sword attacks and he was not injured.

But before he could stand firm, the head of the woman he had chopped off flew up strangely, and he opened his mouth and bit Qin Feng's thigh.

The speed was as fast as lightning, making it difficult to guard against.

Qin Feng waved his hand, and the black armor on his body changed, and instantly turned into a black shield, blocking the head's sneak attack.

Dang~!

There was a crisp crash, which was particularly loud in the dark night.

The head hit the black shield and bounced back like a ball.

The next second, the black shield automatically turned into countless black sand, poured into Qin Feng's body, and disappeared.

That was the special mid-grade Yuanwu he had just obtained - Counter-Liquid Sand.

In this short encounter, the two sides fought for several rounds, but they were evenly matched.

The main reason is that this woman is too weird, and her strength is much stronger than the average late four-star. Her strength is almost close to the four-star perfection.

At this moment, the headless female corpse and her head rushed towards Qin Feng at the same time.

Qin Feng's figure flashed and he stepped forward to greet him.

Ice Rain Flying Arrow Technique!

Big Waterfall - Tyrannosaurus Technique!

At this moment, the female head and the headless female corpse launched skill attacks at the same time.

The woman's head flew in the air, she opened her mouth and spit out countless ice arrows, shooting towards Qin Feng.

God-level fighting possession.

Qin Feng made wrong steps and quickly avoided the attack of ice arrows.

The headless female corpse's skill attack also arrived, and a huge water dragon appeared out of thin air, roaring towards Qin Feng.

This is equivalent to Qin Feng being besieged by two late four-star masters at the same time.

Qin Feng was surprised.

Isn't this woman an expert in the water system?

Why is her body made of water, but her head is made of ice?

Ice is a variant of the water type.

But he has never heard of ice and water coexisting.

In the blink of an eye, the huge water dragon attack arrived.

Absolutely frozen!

Qin Feng activated his skills instantly.

Everything within a hundred meters was frozen.

Click~! Click~! Click~!

The water dragon froze instantly and fell to the ground, shattering into pieces.

The woman's head was also frozen into an ice ball and fell from the air.

The headless female corpse was also instantly frozen into an ice sculpture.

Qin Feng just rushed to her side and slashed at the ice sculpture with one knife.

But at this moment, the woman's shadow moved.

A black figure with an ink-like body rushed out of the woman's shadow at an extremely fast speed and stabbed Qin Feng's throat with a sword.

Ga~! Ga~!

The shadow is laughing.

It was a man's voice.

And the black shadow's momentum actually reached the four-star perfection, which was stronger than the woman's.

Bang~! Bang~!

The ice exploded.

The headless female corpse and the female head escaped at the same time and killed Qin Feng together.

For a time, Qin Feng was besieged by three parties...

Chapter 105

For a time, Qin Feng was besieged by three parties.

Two have four-star late-stage peak combat power, and one has four-star Dzogchen combat power.

The three parties jointly attacked, which was comparable to a half-step five-star attack and was extremely terrifying.

At this critical moment, Qin Feng suddenly escaped into the ground and disappeared.

The three-party attack immediately failed.

At the same time, Qin Feng suddenly appeared behind the shadow man.

The shadow man and the headless female corpse were startled and were about to turn around.

Absolutely frozen!

In an instant, the shadow man, the headless female corpse, and the female head were frozen again.

Violent transformation!

Qin Feng's body swelled up, even his hair turned purple, and flames and lightning were intertwined all over his body, making crackling sounds.

His realm aura skyrocketed by a level, and his combat power doubled, surpassing the four-star Great Perfection and comparable to a quasi-five-star.

At the same time, the weapon in his hand was instantly changed to a dragon bone gun.

A violent blow!

Blast directly towards the shadow man!

Bang~! Bang~! Bang~!

The ice exploded!

The three shadow men escaped at the same time.

But the shadow man had no time to avoid the shot.

A loud noise! The earth trembles!

The shadow man was killed by a single shot, turning into countless black smoke and dispersing, and screams like wild beasts echoed in the night sky.

A large crater was also left on the ground, shaking for thousands of meters.

People in the entire villa area were alarmed.

The headless female corpse and the female head were shocked, turned around and ran away.

Qin Feng, who was behind him, had nearly doubled in strength, and was assisted by the Wind Shadow Boots.

In just a moment, he caught up with the headless female corpse and blasted her away with one shot.

The woman's head showed a look of fear at this moment.

She wanted to escape, but Qin Feng easily caught up with her and exploded with one shot.

But the next second, Qin Feng was stunned.

The head was actually hollow, and there was no brain inside.

Only a fist-sized strange insect flew out of his head and fled into the distance.

The strange insect was translucent with a starry sky pattern on its back, exuding the power of ice, and its aura was in the late four-star stage.

From the looks of it, it was also seriously injured.

Qin Feng dodged, chased after him, and shot through the strange insect.

The strange insect struggled in the air for a moment, then stiffened and rolled to the ground, dead.

Qin Feng was curious about what this strange insect was.

He looked at the star pattern on the back of the strange insect. There were four stars, and he immediately thought of something.

At this moment, there were a lot of piercing sounds outside the villa.

People who were alerted by the sound of fighting rushed over.

Qin Feng frowned slightly, he couldn't stay where he was.

Right now, he was about to put away the corpse of the strange insect.

But he thought of another thing and gave up collecting the insect corpses.

Afterwards, he quickly put away the woman's body and simply cleaned up the battlefield.

In the process, he was surprised to find that the shadow man had no body.

But after the shadow man died, he left behind a silver-white bead the size of a table tennis ball.

Qin Feng quickly put away the beads.

After doing this, the sound of breaking the air was heard outside the hospital.

Qin Feng made a sudden escape and disappeared on the spot.

The next second, Qin Feng returned to the house.

He quickly tidied himself up, put on a clean set of pajamas, and walked towards the hall.

When we arrived in the hall, we saw Chu Chu.

The girl was startled by the sound of fighting outside.

She was about to open the door in a panic when she saw Qin Feng walking out of the back room in pajamas.

"elder brother!", Chu Chu had a look of surprise.

She was worried to death just now, thinking that Qin Feng was fighting with people outside. Now that she saw Qin Feng, she finally breathed a sigh of relief.

"Little girl, open the door! See what's going on outside?!"

Qin Feng rubbed his eyes and pretended to be awakened.

Chu Chu quickly unlocked the door and prepared to open the door.

She was also curious about what happened outside.

When the door opened, two counts came to the yard. They were wearing pajamas.

They lived nearby, so they arrived first.

But at this moment, both of them were looking at the fighting scene with shocked faces, with horror in their eyes.

This fighting scene was so terrifying, it was clearly a fierce battle between four-star masters. Traces of it.

At this time, Chu Chu's sound of opening the door alerted them

"Count Qin Feng, you were also awakened....."

The two of them saw Qin Feng walking out sleepily in pajamas, thinking that Qin Feng had just woken up.

"yes! There was a loud noise just now that startled me! It's strange, why are people fighting in my yard?"

Qin Feng pretended to be confused, and then walked quickly over to check the fighting scene.

Chu Chu also checked curiously.

At this time, more and more people arrived.

Everyone was very surprised when they saw the fighting scene.

Everyone was shocked. discuss

"This scene seems like a battle between four-star masters!"

"yes! Only four-star masters can have such destructive power"

"Hey guys, I live closest to here. I had previously sensed that there were fluctuations in ice elemental power, fire elemental power, earth elemental power, wind elemental power, thunder elemental power, water elemental power, and a strange elemental force fluctuation, each with an intensity of no less than four stars."

As soon as these words came out, everyone was even more surprised.

Immediately, someone exclaimed:"So many yuan power fluctuations? Could it be that there have been more than seven four-star experts here?"

"impossible! There are only about five of us four-star or above experts in Yunyang City. Where are there more than seven?"

"yes! Experts with four stars or above are rare, so how could there be more than seven of them randomly?...."

When Qin Feng heard this, a strange look appeared on his face.

Five of those Yuanli fluctuations were caused by him.

At this time, someone looked at Qin Feng

"Count Qin Feng, do you know what is happening here?"

As soon as these words were said, everyone looked at Qin Feng.

After all, this is Qin Feng's yard, and he should know something about it.

"Not sure!", Qin Feng shook his head,"Like everyone else, I was just woken up by the sound of fighting....."

"oh~!"

Everyone nodded.

No one doubted that Qin Feng did it.

After all, the fighting atmosphere in the field was left by those with four stars or above.

Qin Feng's early three-star strength is far behind compared with the four-star strong ones.

"How strange! Why do so many four-star experts suddenly appear here?"

Everyone is confused and confused.

"Huh! Everyone, look what is this?"

Qin Feng suddenly exclaimed, pointing to the undiscovered insect corpse in the corner.

The insect corpse was only the size of a fist and was not easy to be found in the dark.

He exclaimed.

Everyone gathered around him.

"This is... oh my god! This is the star bug beast!"

"No way? Star bug beast? Huh! What a bug! Still four stars!"

"how so? Why do starry sky insect beasts appear in our Yunyang City?"

At this time, everyone was a little panicked.

The starry sky insect beasts are one of the branches of the starry sky beasts.

The difference between them and the monster beasts is that their intelligence is much higher than the monster beasts, and they are not inferior to humans at all.

They are also the real human beings. One of the biggest enemies.

When Qin Feng heard this, he secretly thought that it was indeed the case.

He had thought that the insect beast looked like a starry sky insect beast before, so he confiscated the insect corpse.

Strange!

How did Lin Yuankun get related to the starry sky insect beast?

Qin Feng was confused.

At this time, a count suddenly clapped his thigh and said: "I understand! In the fight just now, the alliance masters must be chasing the starry sky insect beasts. They passed by here....."

"Makes sense!"

Everyone nodded in approval.

This can explain why so many four-star strong men suddenly appeared in Yunyang City.

At this time, another earl said: "Earl Qin Feng, the matter of this starry sky insect beast is not small. We should be reported....."

"Well, report it!", Qin Feng nodded casually

"Let me do it!"

A count took out his cell phone and called Shangguan Yunyang.

They must pay attention to the appearance of the starry sky insect beast..

Chapter 106

At the same time, the city lord's palace and meeting hall.

Lin Yuankun closed his eyes slightly and sat there expressionless, motionless. No one knew what he was thinking.

Shangguan Yunyang and others kept looking at the time, feeling a little restless.

It's past 1 o'clock in the evening now.

It would take at least five hours until daybreak.

No one knows what will happen in these five hours?

In fact, Shangguan Yunyang and Wei Qing had guesses in their minds.

Lin Yuankun trapped a few of them here, maybe to kill Qin Feng, but to prove that he didn't take action.

He did this to protect the Lin family.

But Shangguan Yunyang couldn't figure out why Lin Yuankun could kill Qin Feng if he didn't take action?

All the four-star and above masters in Yunyang City are here, is there anyone else?

At this moment, a sudden change occurred.

Lin Yuankun, whose eyes were originally closed, suddenly opened them.

His whole body was shaken and he let out a muffled groan.

The next second, blood flowed from his nostrils.

Immediately, he looked in the direction of Qin Feng's residence in disbelief.

Shangguan Yunyang and others were shocked.

Why did this guy suddenly get a nosebleed?

"Xiaowan! Xiaowan....."

Lin Yuankun muttered in despair, his expressionless face gradually showing grief.

He stood up slowly and walked outside with a sad face, tears already flowing from the corners of his eyes.

What's going on with this guy?

Shangguan Yunyang and others looked at each other and followed out quickly.

Lin Yuankun had already flown into the air, flying towards the Lin family.

His piercing laughter could be heard in the night.

But the next second, his extremely painful cry came again

"City Lord, is this guy crazy?", Zhou Tong looked surprised.

Shangguan Yunyang took out a cigarette and lit it.

"I once heard someone say that Lin Yuankun had an adventure when he was young, so his cultivation speed improved greatly.", Shangguan Yunyang blew out a long smoke ring.

Zhou Tong and others nodded secretly.

Lin Yuankun's talent was only good. Without adventure, it would be impossible to practice so fast, let alone break through to the early stage of five stars.

Shangguan Yun Yang continued:"During that adventure, he obtained a secret technique. Some people say that this guy has gradually developed a split personality since he practiced the secret technique....."

Zhou Tong and others were surprised

"City Lord, what kind of secret technique is that? How can practicing cultivation cause split personality?"

"Not sure!" Shangguan Yunyang shook his head and smiled bitterly,"I also want to know what his secret technique is. However, looking at this situation, if he continues to practice, he will go crazy sooner or later."

"By the way, City Lord, why did Lin Yuankun suddenly have a nosebleed just now?", Wei Qing was very confused about this detail.

"I don't know..." Shangguan Yunyang shook his head blankly.

At this moment, his cell phone rang.

Shangguan Yunyang answered the phone

"Hello! I am Shangguan Yunyang...what? The corpse of the starry sky insect beast? good! I'll come right away!"

Shangguan Yunyang hung up the phone.

Wei Qing and others looked at him in surprise.

They also heard it.

A starry sky insect beast actually appeared in Yunyang City. This issue must be taken seriously.

"Guys, something did go wrong tonight. In the count's villa area, a fierce battle broke out between multiple four-star masters, and there was also a corpse of a starry sky insect beast on the scene....."

Shangguan Yunyang put away his mobile phone with a serious expression.

Wei Qing was surprised:"City Lord, where are you?"

"The battle took place in the courtyard of Qin Feng's house....."

"So how is Qin Feng doing now?...."

"Hurry over and take a look!"

Everyone's expressions changed drastically and they hurried to Qin Feng's residence.

Qin Feng was the star of hope in Yunyang City and nothing could happen to him.

A quarter of an hour later, the four of them arrived at the scene.

There were already many people at the scene.

Everyone was surrounding them. The insect corpses were talking.

Qin Feng was wearing pajamas and mingled among them, completely becoming a bystander.

Shangguan Yunyang and the four people were secretly relieved when they saw that Qin Feng was safe and sound. When everyone saw Shangguan Yunyang coming, they all respectfully say hello.

Shangguan Yunyang began to ask about the situation.

After a while, Shangguan Yunyang and others came to the conclusion that it was probably the alliance masters who were chasing the starry sky insect beasts and passed by Qin Feng's yard.

But he still had some doubts in his heart?

Is that really the case? What a coincidence?

Those masters didn't pass by anywhere, but they happened to pass by the residence of the super genius in Yunyang City?

Then, he thought of Lin Yuankun's weird behavior tonight and felt a little uneasy.

He didn't want anything to happen to Qin Feng

"Earl Qin Feng!", Shangguan Yunyang looked at Qin Feng

"The subordinates are here!"

"What happened tonight? Do you know?"

"Lord City Lord, I was also awakened by the sound of fighting. I know nothing about what happened outside.....", Qin Feng pretended to be helpless.

"All right! Wei Qing, arrange a mecha unit to guard near Count Qin Feng's residence and be responsible for Qin Feng's safety... In addition, Zhou Tong and Li Yu, you two take turns to guard and protect Count Qin Feng."

"yes! City Lord!"

After this order, the surrounding counts all looked at each other with shock in their eyes.

The city lord really valued Count Qin Feng very much!

He actually sent a councilor and a mecha unit to protect Qin Feng.

There are With such a protective power, it is difficult for a five-star or lower powerhouse to harm Qin Feng.

It seems that tonight's incident has made the city lord worried about the safety of Earl Qin Feng.

Thinking of this, the Earls looked at Qin Feng with envy.

Super genius The treatment is different!

They are also earls, but they are very close to the battle place, but there is no one to protect them. It can be seen that Qin Feng's actual status is much higher than that of earls, and it is difficult not to be envied.....

At the same time, in the eerie little courtyard near Lin's house.

Lin Yuankun stood in the courtyard with a dull expression.

Lin Xue and Lin Tianyang stood behind them uneasily.

They were summoned by Lin Yuankun overnight.

Otherwise, Lin Tianyang and the two would not dare to enter this terrifying courtyard even if they were beaten to death.

"Give you half a day to evacuate Yunyang City!" Lin Yuankun's tone was gloomy, without any emotion.

Lin Tianyang was surprised: "Grandpa, you didn't say you would give us one day before, why has it been shortened now?....."

Lin Yuankun turned his head and glanced at him expressionlessly without any explanation, but his eyes were very cold.

Lin Tianyang was so frightened that he swallowed the following words.

"Let's go!"

After leaving these words, Lin Yuankun was too lazy to say another word and turned back to the house.

Lin Xue quickly pulled Lin Tianyang and ran out of the small courtyard.

After leaving the small courtyard, Lin Tianyang couldn't help but ask: "Aunt, why is grandpa urging you? In such a hurry? Lin

Xue looked back at the small courtyard in the distance and sighed: "I guess the operation tonight will not go well." The second uncle couldn't wait any longer. He wanted to take action against Qin Feng himself. He didn't care whether he was exposed or not, so he asked our Lin family to evacuate immediately.

Lin Tianyang's face changed slightly: "Then what should I do?"?"

"What else can be done? Evacuate Yunyang City overnight, the faster you escape, the better! Let's go! I'm afraid that my second uncle will take action during the day. If he doesn't escape, it will be too late!"

Chapter 107

But on the other side, Shangguan Yunyang left with the insect corpse after finishing the arrangements.

The crowd gradually dispersed.

Not long after, a hundred-man mecha troop was guarding near Qin Feng's villa.

As the commander, Zhou Tong lived in Qin Feng's house to protect Qin Feng.

Qin Feng doesn't care about this.

Since there were many rooms in his villa, Chu Chu was asked to arrange rooms for Zhou Tong and several deputy commanders.

In fact, if Lin Yuankun really wanted to kill him, these people would not be able to stop him.

Finished all the chores.

Qin Feng came to the secret practice room.

The walls of this secret room are doped with titanium and niobium alloy, which can block the detection of others.

At this moment, Qin Feng took out a silver-white bead, which was left behind by the black shadow man after his death.

He was curious, what on earth is this?

Qin Feng could feel the mental power fluctuations in the beads, and light screens popped up in his eyes.

Item name: Jing Yuan Pearl

Category: Rare object (extremely rare)

Effect: Contains powerful spiritual energy.

Note: Can be swallowed (can enhance mental power)

Qin Feng was surprised, a hint of joy flashed in his eyes..

As far as he knew, the stronger the talent, the stronger the control over the elements.

For people with the same talent, the stronger their mental power, the stronger their control over the elements.

Being mentally stronger is definitely a good thing.

Without any hesitation, Qin Feng opened his mouth and swallowed the Jingyuan Pearl.

"Ding! Successfully swallowing the Essence Pearl, spiritual power increased by +20%....."

After a few minutes, the Jing Yuan Pearl was completely digested.

Qin Feng opened his eyes.

He was pleasantly surprised to find that his six senses had been greatly improved.

The originally dark secret room was clear in his eyes, and he could see clearly from any corner.

He could even hear the breathing of Zhou Tong and others in the villa.

Before, he wouldn't have been able to do it.

It turns out that after the mental power is enhanced, there are such benefits.

Qin Feng was greatly surprised.

This kind of improvement will also subtly improve the strength.

"Ding! It is detected that the host's mental power is enhanced, and the hidden mission has been changed!"

"Ding! Change content: After the hidden mission is completed, the probability of awakening the mysterious talent is increased from 10% to 20%%...."

Damn it~!

That's okay!

Qin Feng was ecstatic.

It turns out that increasing mental power can increase the chance of awakening the mystical system, which is a great thing!

After being excited, Qin Feng calmed down and began to think about what happened tonight.

Lin Yuankun's assassination failed this time. He will definitely not let it go. I'm afraid.....

Qin Feng realized something, took out his mobile phone and dialed Liu Yan's number.

The phone rang and was answered

"Huh! Qin Feng, why did you think of calling your sister?" Liu Yan's voice of surprise came from the other end of the phone.

Qin Feng was a little surprised:"Sister Yan, are you still not asleep? It's already three o'clock in the night, I thought you were asleep!"

"Poof~! ", laughter came from the other end of the phone,"You bad guy, you know it's three o'clock in the night and you still call me. I just played a few games of fighting and was about to go to bed!""

"how? Suddenly miss your sister? Is it because I have some needs that prevent me from falling asleep? Otherwise, sister will come over to accompany you now and help you solve your needs. Qin Feng sweated on his forehead:"

Sister Yan, let me tell you something serious.""

"Say it!"

"Is there any way you can monitor people going out of town tonight? Especially people from the Lin family"

"Um..." Liu Yan on the other end of the phone was surprised,"There are very few people out of the city in the middle of the night, so it's easy to monitor. There are surveillance cameras all over the city...."

"Sister Yan, I won't tell you the specific reason. I'm also guessing, please monitor it. If someone from the Lin family leaves the city overnight, you don't need to alert them. Just send someone to follow them...."

"Um...okay!".....

After hanging up the phone, Qin Feng breathed a sigh of relief.

Liu Yan is an officer of the city defense army and has extensive connections.

Those things can still be done.

After doing this, Qin Feng looked at the time. It was still early before dawn, so he continued to practice.

Lin Yuankun's crisis has not been resolved yet, and he dare not relax.

What's more, his wind element breakthrough is about to happen, and he is only 3% short of completion. If he works harder, he can greatly improve his strength.

At that moment, Qin Feng began to practice, and the five elements of ice, wind, fire, thunder, and earth poured into his body at the same time.....

In a blink of an eye, it was two o'clock in the afternoon the next day.

Qin Feng came out of the secret practice room with excitement on his face.

He has been practicing since last night, and his second wind star pattern has finally been condensed, allowing him to break through to the second star in one sentence.

Later, with the help of the demon core, his wind element also reached the two-star perfection level, and his combat power soared to 30,000 points, which is the level of four-star perfection.

However, if Qin Feng uses violent transformation, his combat power will skyrocket.

With his current strength, he can easily crush the quasi-five-star.

As for the five-star early stage, he may not be able to defeat him, but it is not easy for others to kill him.

In addition, his completion rate of the second star pattern of the thunder and ice system has reached 93%. As long as he practices hard, he can break through again in two days.

Everything is just a matter of time.

Qin Feng was very satisfied with his progress and walked towards the hall happily.

He wanted to see Chu Chu a little bit, but he didn't know how his sister's progress was.

At the same time, the Lin family mansion.

In that eerie little courtyard.

Lin Yuankun opened his eyes from meditation.

He could feel that the entire Lin family mansion was empty.

Those tribesmen all evacuated.

He checked the time again, it was 2pm.

There are still 15 minutes left until 12 hours.

That was the time he left for his tribe to evacuate.

Fifteen minutes later, he was going to kill Qin Feng directly and walk away.

No one in Yunyang City can stop whoever he wants to kill.

Lin Yuankun stood up, it was time for him to make some preparations...

Chapter 108

But said the other side.

After making great progress in cultivation, Qin Feng arrived in the hall in a comfortable mood.

In the hall, Zhou Tong was chatting happily with Chu Chu.

Zhou Tong is a dignified and beautiful woman. She looks like she is in her thirties. She is extremely beautiful, with long legs, a slim waist, and a hot figure.

When she was young, she must have been a beauty that captivated the country.

She values Chu Chu very much.

Not only is Chu Chu's talent at the genius level, but his fighting skills are also at the genius level, even better than Shangguan Yunyang back then.

While Zhou Tong was envious of this, he also attached great importance to establishing a good relationship with Chu Chu.

This little girl's future achievements are destined to be above hers

"Huh! Brother, you are out of seclusion!"

Chu Chu's face was filled with joy as soon as he saw Qin Feng.

This little girl was particularly attached to Qin Feng.

"Count Qin Feng's cultivation seems to have made a breakthrough!"

Zhou Tong looked at Qin Feng with a smile on his face, and there was a bright light in his beautiful eyes.

This Qin Feng is extremely talented and handsome, and will definitely fascinate countless girls in the future.

If she were twenty years younger, she might all go Take the initiative to pursue.

What a pity! Flowers never bloom again, and people never become young again!

Thinking of this, the smile in Zhou Tong's eyes grew stronger.

Qin Feng smiled slightly:"Master Zhou, this time I ask you to protect the safety of our brothers and sisters, and give you more blessings." Trouble!"

While talking, Qin Feng sat on the sofa opposite her.

"Little brother Qin Feng, you brothers and sisters are the stars of hope for our Yunyang City, and we should protect you."

"By the way, don't call me Mr. Zhou in the future. It seems too awkward. Just call me Aunt Zhou... Oh, it's still Sister Zhou, right? Called this way, I feel several years younger."

Zhou Tong smiled cutely and had a calm and elegant temperament.

"Chu Chu, go make tea for Sister Zhou!"

"Well~! "

Chu Chu obediently agreed and ran away.

Qin Feng smiled and shook his head. This girl only focused on chatting and didn't even know how to entertain her.

"Sister Zhou, I heard that the starry sky beasts have very high IQs. Are they really smarter than humans?", Qin Feng inquired.

He found out that Lin Yuankun was actually related to the Starry Sky Beast Clan, so he naturally wanted to find out.

Qin Feng said Sister Zhou, which made Zhou Tong feel comfortable.

She smiled sweetly:"How do you say it? Most of the star beasts are slightly dumber than humans, but they are not stupid either. The intelligence of high-level star beasts is not inferior to humans at all, and many are smarter than humans."

"Even, like humans, they will create some weapons that they can use, some similar to our Yuanwu. Qin Feng was shocked:"

This is terrible!""

"yes!", Zhou Tong nodded slightly, "This star beast clan has been fighting with us humans for so many years and has always had the upper hand."

"Not to mention that their number is more than that of human elementalists, there are eight nine-star beast king-level experts, which is exactly one more expert than us humans."

The Nine-Star Beast King is equivalent to the human Nine-Star Elemental Master.

Zhou Tong added: "Actually, the key to determining the outcome of this war is the number of Nine-Star Masters. As long as we humans have another Nine-Star Elemental Master, That would equal a tie with the Star Orcs.

Qin Feng was confused: "Is the nine-star master so important?"

Zhou Tong smiled playfully: "Of course!" Once an elemental master becomes a nine-star, he becomes a god-like existence. No matter how powerful the eight-star master is, he will be killed instantly in front of the nine-star, just like crushing an ant."

"This level barrier is insurmountable. It is impossible now and it will not be possible in the future."

"Jiuxing is so strong!" Qin Feng was shocked

"yes! I don't know when we humans will be able to give birth to the eighth one? It would be nice if there was an eighth one. We humans would not be so passive."

Zhou Tong sighed helplessly.

The speaker has no intention, but the listener has intention.

A strange color flashed across Qin Feng's eyes.

He was thinking that he is a five-star fellow practitioner, and he should practice more systems in the future.

Then when he reaches the eight-star, he will If you don't break this level barrier, how can you cross the level and fight against Nine Stars?

"Sister Zhou, you said that the Starry Sky Beast Tribe is so smart. Could they be inciting some humans to rebel and become their traitors?"

Qin Feng inquired quietly.

He suspected that Lin Yuankun might be a human traitor.

"This is it....", Zhou Tong hesitated for a moment,"How do you say this situation? Yes, there is, but it is very rare. On the contrary, there is another situation that is particularly common."

"what's the situation?"

Zhou Tong explained:"Sign a soul contract. We humans and the Starry Sky Orcs can sign a soul symbiosis contract. One side is the master and the other side is the servant. Whoever has the strongest spiritual power is the master. A servant obeys his master unconditionally"

"However, signing this kind of contract is extremely dangerous and cannot be forced on the other party. Even if both parties are willing, the signing process is extremely dangerous, with a success rate of less than 1%"

"Once the signing is successful, both parties are unwilling to separate. Because once one party dies, the soul of the other party will be injured, and this kind of injury is difficult to recover."

"Especially as a servant, if the master dies, he will lose half of his life and will be unable to improve his cultivation throughout his life."

Hearing this, Qin Feng murmured in his heart.

What is the relationship between Lin Yuankun and the starry sky insect beast?

Is it a master-servant relationship?

Zhou Tong added: "Besides, not everyone is qualified to sign the contract, it must be Only those with strong mental strength will do. Therefore, among us humans, it is extremely rare to have a starry sky battle pet, even fewer than those with excellent talents."

While talking, Chu Chu had made two cups of hot tea, one cup was handed to Zhou Tong, and the other was given to her brother.

The little girl was very considerate to her brother.

After making the tea, she sat down affectionately next to Qin Feng. Down

"Brother, I am already a one-star ice elemental master!"

The little girl happily showed her cultivation results in front of Qin Feng.

Qin Feng pinched her little face lovingly: "Brother has discovered it a long time ago."

The little girl put her mouth to Qin Feng's ear again and whispered: "Brother, I only used 30 milliliters of Imperial Liquid (ice) to condense the divine seal. Do I have 10 milliliters left? Use it!"

"In addition, I tested my combat power at home today, and I have reached 900 combat power points."

Hearing this, Qin Feng was pleased.

The little girl has made great progress.

With her current comprehensive strength, she can easily defeat the one-star Dzogchen.

Zhou Tong was very envious when he saw the two brothers and sisters being intimate.

This pair of brothers and sisters The feeling is so good

"Qin Feng, I want to remind you one thing, you have to be careful about Lin Yuankun.", Zhou Tong suddenly mentioned

"Sister Zhou, why do you say that?"

"Last night, Lin Yuankun ordered the city lord and deputy city lord....."

Zhou Tong briefly mentioned what happened last night.

After those words, Qin Feng's brother and sister's expressions changed slightly.

"Sister Zhou, has Lin Yuankun broken through to the early five-star stage?" Qin Feng looked at Zhou Tong in surprise.

He always thought that Lin Yuankun was a quasi-five-star player.

"yes! Moreover, he is from the special element system and is stronger than his peers. Even the Lord of Shangguan City is no match for him. In my estimation, his strength is equivalent to the peak of the five-star early stage of the ordinary system!"

Qin Feng was shocked and stood up.

The situation changed beyond his expectation and he wanted to change his strategy.

At this moment, Liu Yan sent a message. When

Qin Feng looked at it, the message showed that people from the Lin family left the city overnight yesterday, no one is left.

Liu Yanzheng and several officers secretly tracked the Lin family's team, so they couldn't make a phone call.

Moreover, looking at the direction the Lin family was going, it seemed to be the Northern Alliance.

After reading the information, Qin Feng understood everything instantly.

The Lin family was going to defect. , Lin Yuankun is about to take action...

Chapter 109

Qin Feng knew clearly in his heart that with his current strength, he was not Lin Yuankun's opponent, and the situation was very critical.

"Sister Zhou, the Lin family may want to defect from the alliance!", Qin Feng suddenly said

"What?!" Zhou Tong was shocked.

Defecting the alliance would definitely be a death penalty.

Is the Lin family so brave?

"There are some things about the Lin family that I can't explain right now. Well, do you know Major Liu Yan?"

"know!"

"You quickly tell the city lord about this and ask him to send people to assist Major Liu Yan. Maybe he can capture the Lin family members."

Qin Feng said eagerly. He had no time to explain.

Zhou Tong saw Qin Feng's anxious look and realized that the situation was not good.

"good! I'll call now!"

"No! Sister Zhou, please quickly take Chu Chu to the city lord and report to the city lord face to face....."

"you...",Zhou Tong was stunned

"Brother, I want to be with you....", Chu Chu was anxious.

She vaguely realized that something was wrong. She was afraid that something would happen to Qin Feng and wanted to stay with Qin Feng.

"Silly girl, don't cause trouble! Listen to me, that's right!"Qin Feng looked at Zhou Tong anxiously again,"Sister Zhou, I'm asking you to help me this time....."

Facing a genius like Qin Feng, Zhou Tong couldn't bear to refuse.

She hesitated for a moment:"Okay! I will take Chu Chu to see the city lord now, and I will go back quickly. Chu Chu, come with me!"

"elder brother!", Chu Chu hesitated

"Little girl, let's go! By the way, give me the remaining imperial liquid (ice)...."

At this critical moment, Qin Feng had no time to explain.

"oh~! "

Chu Chu readily took out a crystal bottle, which contained 10 ml of unused imperial liquid (ice).

She would give up anything for her brother.

Qin Feng took the spiritual liquid and urged the two of them to leave.

At that moment, Zhou Tong took Chu Chu and left the villa.

Only Qin Feng and the guards around the villa were left in the house.

After Zhou Tong and Chu Chu walked away, Qin Feng secretly breathed a sigh of relief.

He deliberately pushed Chu Chu and Zhou Tong away to avoid being blamed by Lin Yuankun.

If Lin Yuankun wanted to kill him, he would definitely kill Chu Chu too.

Of course, he is the number one target.

As long as he attracts Lin Yuankun's attention, he can protect Chu Chu.

At the same time, he pushed Zhou Tong away and protected some of his secrets.

After confirming that Zhou Tong and Chu Chu were far away, Qin Feng did not hesitate and swallowed the imperial liquid (ice) in his hand.

"Ding! Devouring Emperor's Ooze (Ice) was successful, and the completion degree of the second star pattern reached 100%...."

"Ding! Congratulations to the host for breaking through to the early stage of a two-star ice elemental master....."

A majestic wave of ice energy emanated from Qin Feng, and his momentum increased dramatically.

Very good!! The ice element has also broken through to two stars!

Qin Feng was ecstatic.

His ice element completion degree was already 7% short, and 10 ml of Imperial Liquid Slurry (ice) was just enough to break through.

Immediately afterwards, Qin Feng took out an ice demon core and prepared to continue to improve his ice cultivation.

But at this moment, the roar of guards came from outside the courtyard.

"stop! The city lord is destined! No one is allowed to approach Count Qin Feng's residence without reason. What do you do?"

"roll!"

There was a cold shout, followed by a large number of screams.

Then, a sound broke into the villa courtyard instantly.

The aura exuded by the visitor suddenly reached the early stage of five stars, and instantly enveloped the entire villa.

No! Lin Yuankun Here it comes!

Qin Feng was horrified.

He had no time to swallow the demon core, and disappeared instantly with an earth escape.

At the same time, Lin Yuankun locked Qin Feng and rushed in directly.

Boom~!

Lin Yuankun was like a humanoid cannonball General, he rushed directly into the villa and hit a big hole in the wall.

The whole villa shook.

Bang~!

Rubbles flew everywhere.

Lin Yuankun landed with his feet, crushing the floor.

He was standing where Qin Feng had just stood Where he touched it, Qin Feng disappeared.

Huh~?!

Where is the boy?

Lin Yuankun was stunned for a moment.

Immediately, he sensed something, suddenly raised his head, and looked in a certain direction outside the villa.

At the same time, somewhere outside the villa A remote corner.

Qin Feng escaped from the underground.

Immediately, he used the ice concealment technique, blended into the air, and then fled directly out of the city.

Fighting in the city would expose his many secrets.

At that moment, Qin Feng fled out of the city with all his strength Go.

With the help of the Wind Shadow Boots, his speed was infinitely close to the early stage of the five-star stage, which was astonishingly fast.

At the same time, he also swallowed a demon core.

Just as Qin Feng walked away, Lin Yuankun rushed to where he was standing just now Where it was.

Huh?!

Why is it gone again?

Lin Yuankun frowned.

This kid is too weird.

He quickly turned his head and looked around.

Soon, his eyes were fixed on the front, with surprise in his eyes.

He sensed Qin Feng's breath.

But the boy turned invisible.

In his eyes, it was a transparent thing, moving very fast towards the outside of the city.

The speed was extremely fast, close to the early stage of five-star.

How is this possible?

Isn't this boy capable of three-star?

Yes How could he be invisible?

Just now, he could still vaguely feel the fluctuations of earth element force and ice element force.

What happened?

Isn't that kid a fire element master?

Lin Yuankun became more and more shocked as he thought about it.

His heart was filled with countless doubts..

But now, he has no time to think too much.

"snort!"

Lin Yuankun snorted coldly, jumped into the air, and chased in the direction where Qin Feng escaped.

At this moment, he no longer tried to hide anything.

Looking down from the air, he could see the whole situation. He didn't believe that Qin Feng could still escape..Although

Qin Feng's ice concealment technique is very magical, it is only an ordinary skill after all, and cannot be locked by a five-star master.

At that moment, Lin Yuankun chased Qin Feng in the direction of his escape.

The entire villa area was alarmed

"Look, look, who is that person in the sky?...."

"That seems to be Patriarch Lin!"

"Oh My God! Patriarch Lin seems to have broken through to five stars!"

"Wow! A five-star master! Huh! He seems to be chasing someone...."

"Who is he chasing?"

"Not sure!!"

In the villa area, the earls were stunned. They all looked at Lin Yuankun in the sky in awe.

They could see that Lin Yuankun seemed to be chasing someone, but they didn't know who it was because Qin Feng was invisible.

In a blink of an eye, Qin Feng rushed out of the villa area.

Lin Yuankun also chased him out of the villa area.

This scene was also seen by people in other places in Yunyang City.

People looked at the five-star powerhouse in the sky in surprise, dumbfounded one by one.

There were also The person felt a gust of wind blowing past him, but he didn't know it was Qin Feng.

But at this moment, Qin Feng was extremely anxious.

His speed was still not as fast as Lin Yuankun.

The distance between the two sides was getting closer and closer.

In the air, Lin Yuankun's face could be seen There was already a sneer on his face, and he was about to catch up.

Thirty meters...twenty meters...twenty-five meters.....

Sensing Lin Yuankun getting closer and closer behind him, Qin Feng became even more anxious.

He is not afraid of Lin Yuankun, but he doesn't want to fight with Lin Yuankun in the crowd, which will reveal many of his secrets

"Ding! Successfully swallowed the ice demon core, and the cultivation level broke through to the mid-two-star stage....."

Breakthrough in cultivation and greatly increased strength.

Qin Feng's speed surged by 10%.

The distance that was originally close to each other has widened again.

Qin Feng was overjoyed and quickly swallowed a few more demon cores.

In the air, Lin Yuankun was stunned. what happened?

Why did this kid's speed suddenly become faster?

He quickly accelerated, and the distance between the two sides gradually narrowed again.

"Ding! Successfully swallowed the ice demon core, and the cultivation level broke through to the late two-star stage....."

Qin Feng made a breakthrough in cultivation and his speed increased again.

The distance between the two sides widened again.

Lin Yuankun was shocked.

What the hell?

This guy is so weird!

He accelerated again, and the distance between the two sides was close again

"Ding! Successfully swallowed the ice demon core, and the cultivation level broke through to two-star perfection....."

Qin Feng's ice system was finally perfected, and his speed surged again, throwing Lin Yuankun away at once.

Lin Yuankun was stunned.

This kid... he quickly cast a secret technique, his speed immediately increased by 10%, and he chased Qin Feng.

This time, he actually had to use some means to suppress the situation.

Otherwise, he will be lost.

In the blink of an eye, Lin Yuankun flew out of Yunyang City amid people's amazed gazes.

When the garrison troops outside the city saw the five-star master flying by, they dared not come forward to ask. They only dared to watch Lin Yuankun fly deep into the wild in silence.

At the end, people also lamented that they were lucky enough to see the five-star powerhouse today.

But no one noticed that Qin Feng also left the city.

And Lin Yuankun was chasing him.

Chapter 110

After Qin Feng's ice cultivation reached two-star perfection, his combat power reached 40,000 points.

The initial five-star combat power threshold is 50,000 points.

Lin Yuankun is a special type of elemental master, and his combat power will be increased even more.

Qin Feng did not dare to look down upon him.

He has to give full play to his ability to fight.

Therefore, Qin Feng planned to stay away from Yunyang City and find an inaccessible place as a battlefield.

In this way, the two chased and escaped.

Qin Feng has wind support and wind shadow boots, and his speed is not inferior to Lin Yuankun at all.

In the blink of an eye, the two of them had been traveling for more than half an hour and were already hundreds of miles away from Yunyang City.

At the same time, Yunyang City had already exploded.

At the gate of the city lord's mansion, Shangguan Yunyang received a report from his subordinates.

Lin Yuankun blasted Qin Feng's villa.

Qin Feng disappeared.

Lin Yuankun flew out of Yunyang City, suspected to be chasing someone.

Shangguan Yunyang was furious.

Wei Qing, Li Yu, and Zhou Tong were all panicked.

Qin Feng can't afford to lose!

"City Lord, it was me who failed to fulfill my duties....", Zhou Tong blamed himself.

Shangguan Yunyang shook his head slightly:"I don't blame you! Even if you were there, you couldn't stop it. It was this city lord who underestimated Lin Yuankun's courage! Wei Qing!"

"The subordinates are here!"

"You lead people to arrest all the children of the Lin family. If something happens to Qin Feng, this city lord will ask the Lin family to bury him with him!" Shangguan Yunyang said in a gloomy tone.

"City Lord, the Lin family has long since escaped!"

"What?!" Shangguan Yunyang looked at Zhou Tong in surprise,"How did you know?"

"Qin Feng said it right! He said he had no time to explain, but arranged for Major Liu Yan to follow him secretly. The Lin family is currently fleeing the team and is being followed by Liu Yan and others.", Zhou Tong explained quickly.

Shangguan Yunyang and Wei Qing looked at each other in surprise.

Both of them were a little surprised.

This Qin Feng is not simple!

"City Lord, it seems that the Lin family has a premeditated plan! However, their plan had long been seen through by Qin Feng. At the moment, Qin Feng is just missing, not necessarily something happened."

Wei Qing expressed his thoughts.

Zhou Tong also interjected:"The people below reported that Lin Yuankun rushed out of Yunyang City as if he was chasing someone. Could it be that he was chasing Qin Feng?"

"not good!" Shangguan Yunyang was anxious:"Wei Qing, please quickly bring people to support Liu Yan and capture all the defecting Lin family children!"

"Zhou Tong, Li Yu, you two stay in the city and protect Chu Chu!"

After Shangguan Yunyang gave the order, he was about to leave the city to rescue Qin Feng.

"City Lord, Lin Yuankun has been out of the city for half an hour. It's so big outside the city that you won't be able to find it for a while. Do you want to ask the Alliance for help? Zhou

Tong reminded.

For this kind of rescue, you can only find five-star experts. If anyone else goes out and encounters Lin Yuankun, they will die. If you want to find five-star experts, only the alliance can send them. Shangguan Yunyang thought it made sense and hurriedly called the alliance.

After a few minutes , Finally, he hung up the phone and his face became even uglier.

"City Lord, what's wrong?", Wei Qing felt something was wrong.

"Something big happened!", Shangguan Yunyang put away the phone

"Lin Jianhao was rescued, and seven five-star masters in the alliance were killed in a row. Now the alliance is furious and is searching for Lin Jianhao with all its strength. For a while, it can't send any manpower."

Wei Qing and others were shocked.

"Oh My God! how so?"

"City Lord, it seems that the Lin family doesn't know any powerful people! Lin Yuankun would never be able to kill seven five-star experts in a row. What's more, he has been in Yunyang City the whole time!"

"No wonder Lin Jianhao suddenly took the initiative to plead guilty. Could it be that he...."

Shangguan Yunyang said coldly: "Don't worry about so much, just follow the orders!"

"yes! City Lord!"

At that moment, Shangguan Yunyang rushed out of the city to rescue.

Wei Qing also immediately led people to support Liu Yan.....

But on the other side, Qin Feng and Lin Yuankun chased and escaped for a full hour.

Qin Feng finally stopped.

We are now more than three hundred miles away from Yunyang City, surrounded by jungles and desolate people. We can fight to our heart's content.

He turned around and waited with a calm expression.

A moment later, Lin Yuankun arrived and fell from the sky.

He was a little surprised, why didn't this kid run away?

"You should be Lin Yuankun!", Qin Feng looked at Lin Yuankun.

This was the first time he met Lin Yuankun.

Even in the original earth world, he had never seen Lin Yuankun.

Lin Yuankun should be seventy or eighty years old.

But from the outside, he was only three years old. He looked forty years old, very young, and somewhat handsome, but he was full of sinister energy.

Lin Yuankun also looked at Qin Feng expressionlessly.

This boy was so young, but he had such terrifying strength.

Even if he was as cold as him, he still had a heart. He was shocked.

However, he was too lazy to say anything. He flipped over and found a long sword in his hand.

The sword was very long, with a handle of two feet, a blade of five feet, and a total length of more than two meters. It was as black as ink, like The sword is like a gun, with extremely strong spiritual energy fluctuations. It is a middle-grade Yuanwu.

Qin Feng did not dare to neglect and summoned the dragon bone gun.

Lin Yuankun was finally moved.

His eyes fell on the dragon bone gun, and a trace of sadness flashed across his eyes.

"You killed my brother...."

Qin Feng sneered: "Stop talking nonsense! Today, you and I can only leave alive!"

The grief in Lin Yuankun's eyes passed away, and he stared at Qin Feng coldly, the murderous aura in his body gathering.

But at this moment, his mobile phone vibrated, and someone sent him a text message.

Lin Yuankun frowned.

His mobile phone number is extremely secret. The only people who know the number are Lin Xue and Lin Jianhao.

Could it be that something happened to the Lin family's evacuation team?

Lin Xue sent a message for help?

Lin Yuankun hesitated for a moment, then took out his phone and looked at it.

At this look, there was a look of surprise in his eyes.

That text message was sent from an unknown number.

"Father, I have escaped and am no longer a member of the Lin family. I will avenge you, it has nothing to do with the Lin family, please don't be impulsive! Lin Jianhao stays!"

Lin Yuankun was a little surprised, but the expression on his face did not fluctuate much.

His son actually escaped.

How did he do it?

According to Lin Jianhao's message, he wanted to leave the Lin family and seek revenge from Qin Feng. What he will do in the future Everything will have nothing to do with the Lin family.

This is protecting the Lin family.

But it's too late!

Lin Yuankun shut down his phone quietly. He didn't want to be disturbed anymore.

No one can change what he decided.

Not even his son!

Qin Feng saw the change in Lin Yuankun's expression and wondered what did this guy see?

At this time, Lin Yuankun stepped back and quickly blended into the shadow of the trees behind him, and his breath disappeared without a trace in an instant.

Qin Feng suddenly felt Not good.

The next second, Lin Yuankun suddenly appeared from Qin Feng's shadow and slashed at Qin Feng's waist with a sword.

It turned out that Lin Yuankun was a shadow elementalist.

He was using his innate skill - Shadow Escape..
