

God level 1021

Chapter 1021

Immediately, a huge severed finger covered with green scales slowly rose from the ruins.....

The severed finger of the Saint Ancestor seemed to come to life, and his whole body exuded a huge amount of energy. His momentum was comparable to that of the Heavenly Saint in the middle stage.....

"Huh! this finger....."

Everyone was horrified and looked at the severed finger... snap~! Bang~!

The bright red blood dripped from the wound of the severed finger...

Then, the reddish-brown tendons at the wound began to squirm as if they were alive...

The broken capillaries also shrank automatically...

At this moment, the broken capillaries The finger seems to be alive and is repairing the wound automatically.....

"Daddy, is this finger alive?" Xiao Hongjun looked shocked.

"It has no consciousness, just instinct. However, this thing cannot be kept...."

Qin Feng used his spiritual consciousness to scan the severed finger several times, but did not find any residual thoughts of the soul...

And as soon as he finished speaking, the broken finger recovered from the injury very quickly.....

The next second, it rushed straight towards Qin Feng.....

Boom~!

In an instant, the sharp and long black nails were like a huge spear shining with black light, piercing the void. The power was extremely shocking, and it suddenly reached the middle stage of Heavenly Sage.....

"His Majesty! careful!"

All the subordinates exclaimed in surprise

"Just in time!"

Qin Feng waved his hand, and the Heaven-Destroying Sword Formation was activated, and billions of sword lights shot out...

Bang~! Bang~! Bang~!

In an instant, Qin Feng started fighting with the severed finger.....

Countless lightsabers shot down on the severed finger like raindrops...

The green scales on the severed finger had extremely high defense and actually blocked all the lightsabers.....

The attack of the severed finger is also extremely terrifying. The power of each thrust has completely reached the peak of the middle stage of Tiansheng... Anyone with a discerning eye can see that the energy contained in the severed finger seems to be stronger than Qin Feng...

This made everyone in the Southern League stunned.

Oh My God!

Just a broken finger is so terrible!

If the Holy Ancestor comes in person, how terrible will it be?

Fortunately, they destroyed the altar and interrupted the Holy Ancestor's teleportation...

This thought made everyone a little scared, and cold sweat broke out on their backs.

At the same time, they also felt very fortunate.....

In just a short while, Qin Feng fought with the severed finger for dozens of rounds. The battle entered a stalemate, and no one could do anything about the other...

The severed finger obviously had no intelligence, and relied on instinctive hostility to attack Qin crazily. wind.....

This made Qin Feng very excited.

It is obvious that the energy contained in this finger has reached the middle stage of Tiansheng, or even the peak of middle stage of Tiansheng.

Qin Feng's strength is only in the early stage of Tiansheng, and he can only use the Heaven-Slaying Sword Formation to exert the combat power of a middle-stage Heavenly Saint...

If he can explode this finger, it will be equivalent to harvesting the energy of a middle-stage Heavenly Saint, or even a middle-stage Heavenly Saint. At the peak level of the mid-sage Saint...

However, it is not easy for Qin Feng to defeat the severed finger...

The green scales covering the severed finger are extremely hard, even the Heaven-Slaying Sword Formation is difficult to break...

At this moment, the phantom clone also took action.

With a wave of his hand, he sacrificed Yuantu Abi, and combined his two swords to attack Broken Finger...

The two of them joined forces to suppress Broken Finger.....

"Daddy! I'm here to help you!", Xiao Hongjun also rushed forward.

"What do you see?! Let's do it too!"

The senior officials agreed and rushed forward one after another.

For a time, dozens of Eternal Realm experts from the Southern Alliance assisted Qin Feng in besieging the broken finger...

The broken finger had no intelligence. He only knew how to attack Qin Feng and did not know how to attack others.....

In this way, Qin Feng resisted the attack of the severed finger head-on, letting the phantom clone and others bombard the body of the severed finger with all their strength, constantly accumulating damage...

In this way, the sound of bombardment continued to come from the sky above the Holy Land!

The world is shaking!

In the end, those half-steps of eternity, even the gods joined the siege.....

Gradually, numerous fine cracks appeared on the severed finger.....

Half an hour later, the severed finger finally couldn't hold on anymore and collapsed suddenly, turning into a sky full of energy.....

"Ding~! Congratulations to the host for defeating a finger of Saint Ancestor Guixu (the fifth realm of eternity)... and gaining 1 billion karma points (1 billion exchange points)...."

Qin Feng is ecstatic!

He killed one of the Saint Ancestor's fingers and actually got 1 billion exchange points, which he could exchange for 10 Hunyuan Divine Pills.....

In addition, this time, he slaughtered so many returning monsters that his exchange rate soared to 800 million points.....

In addition, he already has two Hunyuan Divine Pills in his body. If accumulated together, he can reach twenty Hunyuan Divine Pills... The

Hunyuan Divine Pills are very useful to Qin Feng himself and many senior officials of the South Alliance. Very useful.

He can also greatly improve the strength of his confidants.....

What makes Qin Feng even more excited is that the energy contained in this severed finger is more than the energy accumulated in the massacre of the three holy clans this time, and far more than the energy of the last massacre of Emperor Jun's men.

This is a great harvest!

Qin Feng took out a rune jade bottle and put away the energy from his severed finger with excitement on his face.....

"Daddy! We finally got rid of this weird finger!"

Xiao Hongjun was extremely happy

"Although the broken finger is gone, the external worries are great. If the Saint Ancestor of Guixu loses a finger, he will not let it go....."

Qin Feng put away the jade bottle calmly.

After everyone heard this, they all felt uneasy.

At this moment, they all could see that the strength of the Guixu Saint Ancestor was extremely terrifying, probably beyond the scope of the fourth realm.....

"Your Majesty, I think it is not suitable to stay here for a long time, so we should retreat to the God Realm quickly. When you arrive in the God Realm, you will be much safer if you have the Jade Certificate of Creation with you..."

Lord Ziwei suggested.

Qin Feng smiled calmly: "You don't need to be nervous. Although the Holy Ancestor is scary, he will not be able to come back for a while. When he rushes back to the ruins, it will probably be more than ten years later"

"Secondly, he doesn't know our identities. It will take a lot of time for him to come back and find out our identities....."

After hearing this, everyone nodded slightly, feeling much relieved.

At this time, Gong Gong stepped forward and said: "Master Qin Feng, I have a suggestion that may be useful to you."..."

"Say it!"

"Sir, although we have destroyed the four major saint clans in Guixu and the leaders of all clans, the thousands of clans in Guixu are still there and are still scattered in every corner of Guixu. And what you did to the four great saint clans in Guixu has been spread among the thousands of clans in Guixu....."

"If the Holy Ancestor returns, he will soon be able to guess your identity as long as he inquires a little bit about the descendants of the Guixu Ten Thousand Clans....."

Qin Feng nodded slightly:"That's right! I have thought about this issue before, so my next step is to let all the tribes return to the ruins. If you are willing to surrender, you can sign a contract, join our Southern Alliance, and move into the dual universe. Life...."

"Anyone who is unwilling to submit will be killed without mercy! In short, within a short period of time, there must be no ghosts in Guixu who know my true identity. As a result, there will be no clues to investigate after the Holy Ancestor returns. By the time he finds me, I don't know what year or month it will be..."

Gonggong smiled and said,"Your Majesty, you are wise! That's what I mean!"

"good! Since you proposed this opinion, I will arrange for you and Jiuyin to preside over the next conquest of all races. In addition, all the returned monsters who are willing to surrender will be jointly managed by you and Jiuyin in the future....."

Gonggong was overjoyed:"Thank you, Your Majesty!"

At that moment, Qin Feng made some arrangements and returned directly to the dual universe.

As for the 50 million troops, Qin Feng only left 10 million for Gonggong and Jiuyin, and the other 40 million were transferred back to the God Realm to garrison.....

Shadow clones, Xiao Hongjun and other masters also returned to the God Realm to stand by.

After all, all the masters from all the tribes who returned to the ruins have fallen. The next conquest will be very easy. At most, it will be just the fatigue of running around. It does not require many troops or masters.....

After arranging these trivial matters, Qin Feng hurried back to Dual Universe.

He must quickly absorb this big harvest so that he can deal with the next attack by Emperor Jun and Taiyi's army...

That is the most urgent crisis in SAARC..

Chapter 1022

A moment later, Qin Feng returned to the dual universe, inside the Holy Land of Heavenly Palace... In the secret cultivation room, Qin Feng took out this harvest, dozens of energy-filled runes and jade talismans, the largest of which was filled with Holy Ancestor. The energy transformed by the fingers.....

"The harvest this time is really rich!"

Qin Feng smiled with satisfaction.

Immediately, he opened his mouth and inhaled. Dozens of jade bottles were opened at the same time, and energy poured out of the bottle mouth and poured into his mouth...

The next second, his momentum began to go crazy. skyrocketing.....

At the same time, something was happening in the Great Sun Heaven Realm, the Sunset Palace, and the Meeting Hall.

At this moment, Di Jun sat on the throne with a face full of grief and indignation.

Tai sat aside.

Many Eternal Realm high-level officials stood below, also filled with grief and anger.

"I really didn't expect that a small Southern Alliance would actually cause our Great Sun Heaven Realm to lose six great saints and more than thirty eternal realm masters. This loss is not small....."

Taiyi sighed, his eyes filled with sadness and anger

"Hey~! It's all my fault for being sloppy!", Di Jun was filled with regret.

"Second brother, we all underestimated Qin Feng and South Alliance before. I really didn't expect that Qin Feng's cultivation level was only in the Heavenly Lord realm, but his comprehensive combat power reached 90,000 extremes, which was infinitely close to the threshold of Heavenly Saint....."

As soon as these words were spoken, the whole hall was in a commotion.

"Brother, you said that Qin Feng's cultivation level has reached the Heavenly Lord realm, and his combat power has reached 90,000? Did you read this correctly?"

Taiyi was so shocked that he almost stood up from the throne.

He had never heard of such an exaggerated thing since his birth in the Eternal Hongmeng Era.

"yes! Your Majesty, how can a small god have a combat power of 90,000?"

Below, a man in white with a handsome face also had a look of disbelief.

This man's name is Bai Ze, and he is one of the nine great saints in the Great Sun Heaven Realm. His combat power has reached 11,000 extremes, which has exceeded the limit of the peak of the extreme saints. He is the second strongest of the Nine Great Saints, only ranked below Jiu Ying.

"That's right! My subordinates also thought it was impossible!"

"Your Majesty, are you mistaken?"

As soon as Bai Ze finished speaking, another strong man and an old man came forward.

The strong man's name was Ji Meng, who was at the peak of the Supreme Saint's cultivation and ranked third among the Nine Great Saints.

The old man's name was Bi Fang, who was in the late stage of the Supreme Saint..

These three people are the only three remaining supreme saints in the Great Sun Heaven Realm.

When the three of them heard that, Qin Feng's cultivation level had reached the Heavenly Lord Realm, and his combat power had reached 90,000, far exceeding the three of them.

This It was difficult for the three of them to accept it, and they became jealous and even doubted Di Jun's words.....

"snort! I have personally fought against Qin Feng. How powerful is he? Can I not see it?"

Di Jun frowned and was very unhappy.

"The subordinates dare not!"

Baize and the other three people were frightened.

"Brother, if you put it this way, Qin Feng is really the most talented genius in all the worlds since the founding of Hongmeng! Even in the Nine Heavens and Ten Domains, no one can compare with him...."

Taiyi was filled with emotion.

This was the first time he had heard that a god could have such fighting power, which showed how terrifying this person's talent was.

Di Jun also smiled bitterly:"Don't say there is anyone who can compare with Qin Feng. Even if his talent and potential are one-tenth of Qin Feng's, there is still no one! That kid is a complete freak! By the way, his son Hongjun is also considered a freak, but if he wants to catch up to one-tenth of Qin Feng, I'm afraid he's still a little short of it....."

Taiyi was shocked:"Is Qin Feng's son so powerful?"

Di Jun smiled bitterly:"I forgot to mention that he also has a younger brother Qin Lei, who is also a god, but his combat power has reached 30,000 extremes, which is better than Nahong Jun is even more terrifying..."

"hiss~! "

As soon as these words were spoken, the whole audience gasped.

Everyone looked at each other, shocked.

Taiyi couldn't help but swallowed.

At this time, Di Jun said again:"This time, all the men led by me will perish. It is also because Qin Feng has too many talents, and all of them can fight beyond the ranks....."

At that moment, Di Jun briefly described the battle situation at that time.

After hearing this, Taiyi and others looked a little ugly.

After a long time, Taiyi sighed:"Brother, we have always thought that the creatures in the divine world are inferior and their talents are not as good as those in the Nine Heavens and Ten Realms.""

"But from this incident, it can be seen that the God Realm is also a place of outstanding people, otherwise there would not be such evil talents as Qin Feng and so many outstanding subordinates like him....."

Di Jun also sighed:"Yes! When the ancient God Lord created the God Realm, his original intention was to create a new world above and beyond the Nine Heavens and Ten Realms. Unfortunately, he was too ambitious and failed."

"However, we cannot say that he failed completely. Perhaps the birth time of the creatures in the God Realm is too short. In the past, there was nothing strange about it. Now that Qin Feng has appeared, it can also be seen that the God Realm is extraordinary....."

Taiyi nodded slightly:"Brother, no matter what, Qin Feng killed nearly forty of our eternal warriors, and this revenge must be avenged!"

"Report! Of course I have to report it!"

Di Jun suddenly stood up, his face full of anger.

This time, he suffered a huge loss, and naturally he couldn't swallow this breath.

"That's right! revenge! revenge! We want revenge!"

Below, all the senior officials also echoed in unison, which can be said to be united.

Taiyi said coldly:"This time, we not only have to avenge, but we must avenge, otherwise there will be endless troubles!

Di Jun was stunned:"Second brother, what do you mean by this?" Taiyi took a deep breath and said,"Brother, as you mentioned before, Qin Feng's talent is too terrifying." If we don't destroy him as soon as possible, he will become a terrible enemy when he grows up, which will be extremely detrimental to our great sun and heavenly realm....."

Di Jun was startled by this reminder:"It makes sense!"

Bai Ze and others also nodded slightly, deeply convinced.

"By the way, brother, I still have something to puzzle over."

"What's the matter?"

"You said that Qin Feng's combat power is 90,000. Even so, he should not be able to defeat you if he borrows the fragments of the Jade Order of Creation. After all, my brother has the Nine Dragon Sword and can exert at least 700,000 extreme combat power.Can't win Qin Feng?"

Di Jun smiled bitterly:"You don't know something. The jade tablet fragments used by Qin Feng are obviously different from those of Huoyun and Lupao. They seem to be larger and have a higher growth rate. A rough calculation shows that it can provide Qin Feng with an increase of at least 8 times....."

"8 times increase? It's so high!", Taiyi was a little shocked.

Immediately, his eyes lit up, and he seemed to have thought of something.

"Brother, I once heard a rumor. Legend has it that the jade ultimatum fragments of Ziqing and Green Robe were of the same size. When the two of them entered the treasure of the ancient god with the jade ultimatum, their luck doubled, and the probability of obtaining opportunities was twice that of other people."

"The jade certificate of Huo Yun was larger, and its momentum was three times that of others in the treasure land of the ancient God Lord. The growth rate of Huo Yun's jade certificate is also higher than that of Green Robe and Zi Qing."

"Moreover, these jade tablet fragments can be fused. After the fusion, the increase in combat power will increase, and at the same time, the luck of entering the treasure of the ancient god will also increase....."

Upon hearing this, Di Jun's eyes lit up:"You mean, Qin Feng probably merged the jade certificates of Ziqing, Green Robe, and Huoyun together."

Tai nodded:"That should be the case! And according to the current situation Calculated in multiples of...."

Di Jun's eyes flashed:"Four times! If we kill this kid and grab the fragments of the jade certificate, even if there is a curse from the God Lord, it will offset the two and bring us great benefits..."

Taiyi said coldly."That's right! So Yudi thinks that this time either he won't take action, or he will uproot Qin Feng and the Southern Alliance!"

Di Jun frowned:"Qin Feng has a jade ultimatum, so it's not easy to kill him!"

Taiyi sneered. : "Brother, now that things have come to an end, our trump cards are no longer hidden."

Di Jun was shocked:"You mean to use the 'Zhoutian Xingdou Formation'""? "

"That's right! This formation takes you and me as its core and controls the power of 365 ancient stars, 18,000 big stars, and 190 million ordinary stars. As long as the formation is activated, no one below the Quasi-Saint Ancestor (fifth realm) can defeat him. I don't believe it, so Qin Feng can still survive?"

Having said this, Taiyi was full of confidence.

The senior executives below were also frightened when they heard this.....

Di Jun hesitated and said: "Taiyi, in that case, we will all come out! But in this way, the Great Sun Heaven Realm will have no defensive power....."

The reason why Di Jun hesitated was because he was worried about the spiritual root of heaven and earth - the Fusang Sacred Tree.

That was his only hope of breaking through to the quasi-Saint Ancestor, and it couldn't be left unprotected.

Taiyi sneered: "Brother, until now, we haven't attacked the enemy with all our strength, I'm afraid we won't have any chance in the future. Besides, even if we all come out in full force, nothing will necessarily happen. The outside world doesn't know our reality."

After hearing this, Di Jun thought for a moment and felt that it made sense.

"good! Then take the plunge! This time, we won't take action! The first shot must be successful!"

Di Jun finally made up his mind.

Immediately, he added: "However, the Zhoutian Xingdou Formation has not been practiced for a long time. Jiuying and others have died again. Important formation members need to be replaced, so we must first Practice at home for a few days, and wait until you are proficient in the practice before going out to fight....."

Taiyi responded: "Of course!"

When Bai Ze and others saw this scene, they all laughed and started talking.

"It seems that this time, Qin Feng is dead...."

"That's natural! His current combat power is only 90,000 poles. How can he compare with our Zhoutian Xingdou Formation?"

As soon as these words were said, there was a roar of laughter in the hall, and everyone was extremely confident.....

At the same time, in the distant divine realm, the Holy Land of the Southern Alliance.

Those twin universes are in the Holy Land of Heavenly Palace.

In the secret cultivation room, Qin Feng sat cross-legged and was refining energy.....

At this moment, his eyebrows trembled slightly, and his eyes slowly opened and closed.

When he opened his eyes, his divine eyes stared at the heavens, and the supreme power of heaven came into being...

Then, Qin Feng smiled slightly, his face full of joy...

After this period of crazy devouring and refining, he finally digested all the energy..

His combat power actually reached 230,000 poles in one fell swoop.

If you include the Heaven-Slaying Sword, the power of Hongmeng, and the multiplier, he can fully display the combat power of the late Tiansheng.

Of course, this is without using the jade ultimatum of good fortune.

If he uses the Jade Order of Creation, his combat power will be unimaginably stronger.

In addition, his cultivation level has also been raised to 98.6% of the God Realm, which is just one step away from half-step eternity.

As long as he breaks through the realm again, his strength will undergo earth-shaking changes.

Chapter 1023

Thinking of this, Qin Feng became more confident.

Speaking of which, it took him two years to digest all the energy this time...

Two years have passed in the dual universe, and only two days have passed in the outside world...

At this time, Qin Feng took out three more simple pieces of The token is the Holy Land Order of the Three Saints of Guixu.....

Next, he will start refining these Holy Land Orders.....

As long as he refines these three Holy Land Orders, he will have three more worlds.....

In this way, time flies by.

One day later, Qin Feng refined the first Holy Land Order.....

"Ding~! Congratulations to the host, for refining the Order of Gongtian Holy Land.....The holy land of Gongtian is transformed into the vast world....."

"Ding~! Conversion successful! Congratulations to the host for acquiring the sixth Great Thousand World - Gongtian Great Thousand World. The creation progress of the Great Flood God Realm has been increased to 8.3%.....The host's combat power is increased to 233,000 poles....."

The first holy land was successfully transformed, and its combat power increased dramatically.

Qin Feng was delighted and had a thought in his mind.

The next second, he appeared in a large empty world, which was the Gongtian Great Thousand World.

Qin Feng waved his hand, and the winds and clouds surged between heaven and earth, and the power of countless worlds surged and gathered, finally condensing into a jade tablet of inheritance.
.....

Next, Qin Feng waved again and summoned the Ziwei Star Master.

"His Majesty!"

Ziwei Star Master was filled with joy when he saw Qin Feng....

"Huh! here it is...."

She soon discovered that she was in a place that was both familiar and unfamiliar

"This is the Great Thousand World of Gongtian, which was transformed from Gongtian Holy Land."

Ziwei Star Master suddenly said:"No wonder this place looks familiar. I would like to congratulate Your Majesty for gaining another world....."

"Master, please take this!"

Qin Feng waved his hand, and the inheritance jade certificate flew towards the Lord Ziwei.

"This is?"

"This is the inheritance jade certificate of Gongtian World. If you refine it, you will become the master of Gongtian World. From then on, you will become something like the Lord of the Universe just like Hong'er....."

The Master of Ziwei Star was overjoyed: "Thank you, Your Majesty! In this way, I will be able to greatly increase my strength, and I will be able to share more of Your Majesty's worries."

Qin Feng smiled and said nothing.

Later, Lord Ziwei resigned and took the inheritance jade certificate to refine it.....

Qin Feng continued to refine the second Holy Land Order...

Time passed quickly, and seven days passed in the blink of an eye.

Calculating the time, it has been twelve days since Di Jun's defeat.

According to Qin Feng's prediction, Emperor Jun will lead the army to attack again within ten days.

But this time it has been more than two days, and there is no movement from Di Jun's side. It seems that the situation is extremely unusual...

This makes Qin Feng feel very strange.....

Everyone in SAARC is also confused.....

Although the emperor's army did not arrive as expected, Qin Feng and others did not waste time...

In the past seven days, Qin Feng refined the Huangtian Holy Order and the Zhutian Holy Order one after another.

Since he obtained the Huangtian Great Thousand World and the Zhutian Great Thousand World, the creation progress of the Great Flood God Realm has increased to 11.3%, and his combat power has also skyrocketed... Not only that, these days, there are hidden forces and races in various places in the God Realm, , and they all joined his ranks one after another.....

What other casual cultivators are also joining in batches?.....

Over and over, nearly a hundred billion creatures signed contracts with Qin Feng, allowing him to receive a large amount of combat power in return...

On the other side, Gonggong and Jiuyin's conquest of the Guixu tribes was also coming to an end... Gong and Jiuyin divided the conquest army into dozens of groups and dispersed their movements. They swept fallen leaves wherever they went at the autumnal equinox, and their speed was naturally extremely fast...

After this conquest, nearly 100 billion people returned to the ruins and were willing to surrender to the Qin Dynasty. Feng and signed a contract, which gave Qin Feng a lot of combat power in return.
.....

In addition, Qin Feng made the master of Ziwei Star the master of Gongtian World, Panzu became the master of Zhutian World, and Qin Baobao became the master of Huangtian World...

After the three became the masters of the world, their strength All have improved rapidly.

Ziwei broke through to the peak of the second realm, and Panzu and Qin Baobao broke through to the late second realm.....

After this, Qin Feng's combat power has also increased to 250,000 poles, and his cultivation level has increased to 99.87% of the God Realm. He is just one step away from breaking through half a step of eternity...

But today, the SAARC headquarters is discussing something. In the main hall.

Qin Feng is discussing important matters with many senior officials.

At this moment, Qin Feng was sitting on the throne in the center of the hall.

Ziwei Star Master, Hongjun, Kunpeng, Fengdi, Qinglin, Panzu, Fuzhi and other second-level experts were sitting on both sides...

Below the main hall, there were more than forty first-level experts, three hundred More than half a step into eternity.....

With the active participation of many forces and the breakthroughs of the SAARC children themselves, the number of SAARC's eternal realms and half-step eternities is increasing.....

The combat power of quasi-gods and above has also unknowingly increased to more than 70 million people...

The strength of the entire Southern League has been booming, and its comprehensive strength is no less than any one of the Nine Heavens and Ten Regions.....

"Your Majesty, today is already the twelfth day, and the emperor's army has not arrived yet. This matter is a bit abnormal!"

Ziwei Star Master was the first to express his opinion.

Qin Feng nodded slightly: "When something goes wrong, there must be a monster! If my prediction is correct, Emperor Jun will be fine if he doesn't send out troops this time. Once he does, they will all come out in full force!"

As soon as these words were said, all the senior officials were moved.

"An overwhelming attack?! Your Majesty, the entire Great Sun Realm is attacking, this is going to be troublesome....."

"yes! Although the Great Sun Realm is not ranked high among the Nine Heavens and Ten Realms, its overall strength has always been stronger than that of the God Realm!"

"hehe!! It was said before that the overall strength of the God Realm was not as good as that of the Great Sun Heaven Realm. At that time, the world of gods was a piece of scattered sand, each working on its own. Now, the God Realm has been unified by His Majesty, and its strength is no longer what it used to be. If we compare it with the Great Sun Heaven Realm, it's hard to say who is stronger and who is weaker!"

"That's right! With the current strength of our Southern Alliance, it is not necessarily weaker than the Great Sun Heaven Realm! What's more, the Great Sun Heaven Realm has suffered heavy losses before, losing many eternal-level powerhouses, and its strength has been greatly damaged....."

"That being said, the Great Sun Heaven Realm is an established force in the Nine Heavens and Ten Realms after all, so we still have to be careful when dealing with it....."

At this moment, there was endless debate in the main hall...

Qin Feng leaned back on the throne and kept tapping his fingers, thinking about another thing.....

At this moment, the sound of rising and falling sounded in his ears.

"Father, I have an idea. If Emperor Jun Taiyi really attacks in full force, will their lair be left empty for defense?"

Hearing this, Qin Feng slowly opened his eyes, turned to look at Fuzhi, and showed an approving smile.

This was the question he was thinking about just now.

Unexpectedly, Fuzhi thought of the same thing as him.

Among many subordinates, Fuzhi is the best at it. The deduction and resourcefulness are also quite outstanding.

At the moment, Qin Feng moved his lips slightly and sent a message to Fu Zhi

"As a father, I was just thinking about this question! If Emperor Juntaiyi really came in full force, their defense would be empty. Let's do this, Fu Zhi, you can check the route to the Great Sun Heavenly Realm during this time....."

Fu Zhi's eyes lit up:"Father, do you want to....."

Qin Feng smiled and said nothing.

Fu Zhi understood, and there was a smile in his eyes.

Then, he sent a message: "After the meeting, the child went to check the route....."

"good! As long as you and I know about this, please don't make it public!"

"The kid understands!"

At the moment, after the two people finished transmitting the message, Qin Feng looked down at the bottom of the hall...

When all the senior officials saw Qin Feng's sight, they all fell silent.

The hall became quiet for an instant.

"That concludes today's proceedings! After your meeting, all quasi-god and above combat forces from all over the world will be dispatched to the Holy Land of the Southern Alliance, waiting for the Great Sun Heavenly Realm to attack!"

"I'll obey!"

All the senior executives agreed in unison.

Afterwards, the meeting ended and all the senior executives took the order and left.....

At this moment, the sound of system upgrade sounded behind Qin Feng's head.

"Ding~! Congratulations to the host, your subordinate (Hongyun) has successfully transformed, and his cultivation realm has reached the threshold of the first level of eternity... The host has received a large amount of combat power in return....."

"Ding~! It is detected that your subordinate Hongyun has his own small universe.....The host automatically gets a small world.....The host's combat power increases again....."

Huh! Hongyun actually succeeded in transforming at this moment.

Once it takes shape, it is the threshold of the first realm of eternity, and it also has its own small universe.

This talent and potential are on the same level as Kunpeng!

Qin Feng couldn't help but be overjoyed to gain another capable subordinate.

What excites him even more is that Hongyun owns a small universe, and he can directly promote it to a large world.

In this way, he will have accumulated all nine great worlds, and the first step in creating the Great Flood God Realm will be completed.

By then, his combat power will skyrocket again.

Thinking of this, Qin Feng couldn't wait to see Hongyun

"Daddy! Hongyun has transformed!"

At this moment, Xiao Hongjun ran over excitedly.

He also felt that Hongyun had transformed.

That would be his future follower, so he would naturally think about it all the time.

Qin Feng fondly touched Xiao Hongjun's head

"Let's go! Let's go meet that little guy and see what he looks like after he transforms...."

"Um!"

At that moment, the figures of the father and son flashed and disappeared into the hall out of thin air...

Chapter 1024

A moment later, the father and son appeared in Dual Universe, Hongyun Pavilion.

Hongyun Pavilion is Xiao Hongjun's residence.

As soon as Qin Feng and Qin Feng appeared, a young child in red clothes, about one or two years old, walked out of the pavilion.....

"Hongyun meets the master! Meet the young master!"

As soon as Xiao Hongyun met, he recognized Qin Feng and Hongjun, and came forward to meet him excitedly.

He had signed a contract with Qin Feng a long time ago, so he naturally had a kind of telepathy.

And Hongjun was very attentive to his cultivation, and the two There has long been a spiritual connection between them

"Little one, you finally transformed. I have been waiting for this day for a long time... Hehe!"

Hongjun touched Hongyun's little head with a look of joy. As his cultivation level improved, Hongjun also grew up to be about two or three years old, half a head taller than little Hongyun.

The scene of the two cute babies interacting was extremely cute.

"Hongyun, please follow me from now on! My dad also agreed!"

Hongjun put his hands behind his back, looking like a young adult.

Hongyun did not dare to talk and looked at Qin Feng.

Naturally, Qin Feng had to agree to this matter.

Qin Feng smiled and nodded.

Hongyun was overjoyed: "Young Master, subordinate Willing to follow you around!"

"This is so good! whee!"

Hongjun also looked happy.

He promised Qin Feng that he would teach Hongyun well so that he would always be loyal to Qin Feng, and he would also induce Hongyun to be kind and not be as evil as in his previous life.....

"Hongyun, I think your potential and talent are not inferior to Kunpeng, but you were born later, and your cultivation strength is not as good as Kunpeng....."

Qin Feng looked at Hongyun carefully...

Kunpeng's current cultivation level is at the peak of the second level, but his comprehensive combat power has reached the early stage of the Supreme Saint.

This Hongyun's cultivation level is only at the threshold of the first level. Even if he has the accompanying sacred weapon Nine-Nine Red Clouds Soul-Removing Gourd in hand, it would be good if his overall strength can reach the late stage of the first level.

Such strength is no longer outstanding among Qin Feng's many subordinates.....

"Master, Hongyun will definitely follow the young master to practice hard and catch up!"

"His ambition is commendable! Take these magic elixirs! They allow you to easily break through to the second level...."

Qin Feng waved his hand, and several magic pills flew towards Hongyun...

Those magic pills ranged from Ji Shen Dan, Tai Shen Dan to Hong Shen Dan and Hunyuan Shen, one each, which was exactly in line with Hong Yun's growth.....

"Thank you master! Hongyun was overjoyed and took the elixir with excitement.

"Let's go! Enter your little universe with me! I want to transform it into the world....."

"yes! Owner!"

As soon as the words fell, the two of them disappeared out of thin air.

The next second, the two of them appeared in a small universe filled with red clouds and mist.

This was a newborn small universe, everything was barren, and not even living things were born...

With a thought in his mind, Qin Feng exchanged 10 groups of the cultivation essence of the world from the system...

Not long after, there was a huge roar in the small universe, and the whole universe began to tremble and expand crazily in all directions.....

"Ding~! The host consumed a ball of essence.....The growth progress of Hongyun Daqian World reaches 10%....."

"Ding~! The host consumed a ball of essence.....The growth progress of Hongyun Daqian World reaches 20%....."

"Ding~! Host.....".....

"Ding~! Hongyun Daqian World was successfully promoted.....Congratulations to the host for acquiring the ninth world. Your combat power has been increased to 252,000 poles....."

"Ding~! Congratulations to the host, your subordinate (Hongyun) has successfully been promoted to the big world due to the small universe.....Cultivation broke through to the late stage of the first realm of eternity...Strength increased greatly....."

"Ding~! It has been detected that the number of worlds acquired by the host has accumulated to nine, and the first phase of the Great Flood God Realm has been established....."

As soon as the system prompt sounded, the entire dual universe began to undergo huge changes.
.....

Boom~! Boom~! Boom~!

The roar of the twin universes continues.....

Countless SAARC disciples were shocked and looked up to the sky one by one.....

"Huh! This is..."

"Look! The pillars of heaven and earth have begun to materialize....."

"Oh My God! It really is....."

For a time, countless creatures looked towards the center of the twin universes.....

The pillars of heaven and earth connecting the centers of the Taichu universe and the Taishi universe, the black and yellow energy kept rolling, and actually solidified step by step... The whole world trembled, and the nine great worlds also shook...

The two universes of Taichu and Taishi began Complete integration... the two universes began to differentiate. The pure air rose and returned to Taishi, and the turbid air sank and returned to Taishi.
.....

If you look carefully, you can see that the Taishi Universe is at the top and the Taishi Universe is at the bottom.

The pillar of heaven and earth between the two universes gradually condensed into the appearance of a sacred mountain, and its aura became more and more sacred.....

Boom~! Boom~! Boom~!

There were violent roars!

The Pillars of Heaven finally solidified completely and turned into the sacred mountain (Buzhou Mountain), which is extremely sacred.....

At this point, the two universes that were originally incompatible can now travel freely through this sacred mountain...

At this moment, the two universes and countless creatures had extremely wonderful feelings deep in their hearts...

They discovered that in front of them, The world is no longer the same. It is no longer the so-called dual universe, but a new prototype of the divine world.....

At the same time, Qin Feng's momentum skyrocketed, and his aura became extremely sacred.....
.....

"Ding! Congratulations to the host, your Pillar of Heaven (Buzhou Mountain) has been successfully condensed.....The Taichu Universe and the Taishi Universe have been completely integrated and can now be named the Great Flood God Realm....."

"Ding~! Congratulations to the host, your growth progress of the Great Flood God Realm is 31.7%....The host receives feedback from the power of heaven and earth from the Great Flood God Realm... Your combat power is increased to 300,000 ultimate power....."

Note: When the growth progress of the Great Flood God Realm reaches 100%, the creation of the Great Flood God Realm is completed and can be merged with the Great Desolate God Realm to reorganize the Great Desolate God Realm.....

At this moment, in the vast world of Hongyun.....

Hongyun looked at Qin Feng in surprise.

He clearly sensed that his master's aura was somewhat different and became extremely sacred, making him have the urge to worship...

At this moment, Qin Feng's divine eyes slowly opened and closed, and the divine light in his eyes was like two beams of light. Easily penetrated the endless void...

With only a slight sweep, he could see all the nine great worlds and every corner of the Great Flood God Realm.....

After a long time, he took back the light in his eyes, and his eyes were full of joy.

He completed the first step in establishing the Great Flood God Realm, which actually increased his combat power to 300,000 ultimates in one fell swoop.....

The power of 300,000 poles has reached the peak of the middle stage of Tiansheng.

If Qin Feng also counts the increase, the power of Hongmeng and the assistance of Tianshu Sword can fully display the strength of Tiansheng in the later stage.....

Of course, this is after leaving the home of the God Realm and not using the Jade Certificate of Creation, so that the strength of the late Heavenly Saint can be exerted.

With such strength, when the treasure of the Ancient God Lord is opened next time, he is fully qualified to compete with the great powers of the Nine Heavens and Ten Domains.

In the past, the strength of Huo Yun, Lu Pao and others was no more than that of the Supreme Saint. With the care of the ancient God Lord, they were able to gain a lot, and were even stronger than many strong men from the Nine Heavens and Ten Realms.

Nowadays, Qin Feng has a combat power comparable to that of the late Tiansheng. Once he enters the treasure of the Ancient God Lord again, he will definitely gain a lot.

It is even possible to obtain the inheritance of the ancient God Lord in one fell swoop and completely end that treasure.

Thinking of this, Qin Feng became even more excited.

However, he also knew in his heart that it would not be easy for him to obtain the inheritance of the ancient God Lord.

Not to mention, he will have to compete with many heavenly saints, and will also encounter several quasi-saint-ancestral level old monsters.

Facing the Quasi-Saint Ancestor, he had no choice but to escape.

The combat power threshold of the Quasi-Saint Ancestor (the fifth realm of eternity) is the power of 4 million poles...

Even with Qin Feng's current combat power, plus the assistance of the Jade Order fragments, the comprehensive combat power does not reach that of the Quasi-Saint Ancestor. threshold.

However, after the initial formation of the Great Flood God Realm, his cultivation progress has reached 99.98% of the God Realm, and he is just one step away from breaking through to half-eternity...

If he can break through this realm, his combat power will increase again. Earth-shaking improvement....

"such a pity! Just the last line left!"

Qin Feng felt a little regretful in his heart.

"Master, congratulations on your great progress in cultivation!"

Hongyun looked excited.

Qin Feng smiled slightly:"Your harvest is not bad, your cultivation has been promoted to the late stage of the first realm. In the coming time, if you refine those magic elixirs as soon as possible, your strength will be greatly improved..."

Hong Yun felt grateful:"All of these are blessings given by the master, and Hong Yun will definitely cherish them....."

"alright! Just retreat into your own world!"

"yes! Owner!"

Qin Feng nodded slightly and was about to leave.

But at this moment, Lord Ziwei sent him a message.

It turned out that Gonggong and Jiuyin had led the expedition army back to the SAARC headquarters.

In addition, Gonggong Gong also brought back nearly a hundred billion returning souls.

These were all willing to join Qin Feng, signed a faith contract, and were arranged by Lord Ziwei to enter the Great Flood God Realm.

In addition, there are hundreds of billions more. The creatures of Guixu who were unwilling to surrender were all massacred by Gonggong and Jiuyin.

So far, no Guixu spirit monster existed in Guixu. Even if the Saint Ancestor of Guixu returned, he could not find any valuable clues.....

However, what excites Qin Feng is that Gonggong Jiuyin slaughtered hundreds of billions of spirits that were unwilling to surrender and collected all their energy, which was about to be dedicated to him.

That much energy is just enough for him to break through the realm...

Thinking of this, Qin Feng dodged and disappeared....

Chapter 1025

The next second, in the SAARC headquarters, in the meeting hall.

Qin Feng met the Lord of Ziwei Star, Gonggong and Jiuyin.

"Mr. Qin Feng, Gong is lucky enough to live up to his mission!"

When Gong Gong saw Qin Feng, he saluted quickly.

Qin Feng smiled and nodded: "I already know it! Well done you two!"

"Sir, this jade bottle contains more than 300 billion of the energy of the returning spirits. I hope you will accept it!"

They bowed together and presented a jade bottle respectfully.

Qin Feng was overjoyed.

With so much energy, he can definitely make a breakthrough in his cultivation.

"good! good! Gonggong and Jiuyin, you two have made great achievements this time, so I will reward you with these two Hunyuan Divine Pills!"

Qin Feng smiled and put away the jade bottle, and rewarded two Hunyuan Divine Pills.

Gonggong and Jiuyin were all ecstatic.

They knew the wonderful effect of Hunyuan Divine Pill, and one divine pill can be worth tens of thousands. Hundreds of millions of years of hard work!

"Thank you, Mr. Qin Feng!"

Gonggong and Jiuyin excitedly took the magic pill with trembling hands.

"Let Ziwei arrange the next thing for you!"

"Sir, I have something to ask of you!"

"What's the matter?"

"Sir, Gonggong wants to sign a contract with you and join your service. I hope you will not give up!"

Gonggong's tone was very sincere.

Qin Feng said seriously: "Fellow Taoist Gong, please think carefully. After signing the contract with me, from now on I will be the master. You cannot betray me in this life, nor can you obey my orders. defy!"

Qin Feng said very frankly.

The contract they signed before was a contract of equality.

220 According to the content of the contract, after Qin Feng destroyed the Gongtian Saint Clan, he had completed the contract oath, and Gonggong could leave at any time.

But Gonggong did not leave, and still helped Qin Feng conquer the returning tribes, which shows that he intended to stay by Qin Feng's side.

In this case, Qin Feng also treated each other honestly and made the consequences of the contract clear in advance.

"grown ups! Gonggong has thought it through very clearly, and I am willing to swear allegiance to you!"

"good!"

Qin Feng stopped rambling, broke his fingers to coagulate blood, and drew a contract rune in the air.

Then, with a flick of his index finger, the contract rune automatically flew to the center of the eyebrows...

Wow~ as soon as the rune touched When it reached the skin between his eyebrows, a golden aura erupted, and the next second it automatically blended into his eyebrows and disappeared.....

At this moment, Qin Feng and Gong Gong's hearts palpitated at the same time, the contract was signed, and telepathy occurred...

But at this moment, telepathy also occurred between him and Jiuyin at the same time.....

"Ding~ Congratulations to the host for gaining a new subordinate (middle of the second realm of eternity)...the host has gained combat power in return.....Combat power is improved....".

"Ding~ Congratulations to my new subordinate Jiuyin (in the second realm of eternity... for gaining combat strength and giving back to him).....Combat power increased again.....Huh!"

Qin Feng looked a little towards Jiuyin who was silent.

He did not sign a contract with Jiuyin, but only signed a contract with Gonggong.

However, he did not expect that as soon as his contract with Gonggong was completed, Jiuyin would automatically become His men, what is going on?

At this time, Gonggong opened his eyes with joy.

He sensed that the contract had been completed

"I have met His Majesty!"

Gong Gong bowed again, officially joining Qin Feng's command.

Qin Feng nodded slightly: "You will follow me well from now on! Of course I won't treat you badly. By the way, the hundreds of billions of returning creatures you brought back this time will be under unified jurisdiction in the future!"

Gong Gong was delighted: "I obey my orders!"

"By the way, what's going on between you and Jiuyin?"

"Your Majesty, the relationship and secret between Jiuyin and I are in this jade talisman. After you read it, you will understand everything."

We respectfully presented a jade talisman together.

"good!"

Qin Feng took the jade talisman with great interest.

He was also full of curiosity about this matter.

Qin Feng only glanced briefly and found that the jade talisman actually recorded an extremely precious secret technique, which was also very complicated. There was no time to read it all.

At that moment, he put away the jade talisman and waited until he had finished handling the trivial matters before taking a closer look.

"Gonggong, since you are loyal to me, I will not treat you two badly. You should also accept these magical elixirs!"

Qin Feng waved his hand, and another batch of magic pills flew towards Gonggong and Jiuyin.

They were Tai Shen Dan, Ji Shen Dan... Hong Shen Dan and a series of other pills.

"Thank you, Your Majesty!"

The two Gonggong happily accepted the elixir.

With these elixirs, the strength of the two of them can increase dramatically...

Then, Qin Feng gave a few more instructions and disappeared into the hall out of thin air..

A moment later, he returned to the Great Flood God Realm, the Holy Land of Heavenly Palace.

In the secret training room, Qin Feng took out the jade bottle full of energy.

Whether he could break through the realm depends on this time.

Thinking of this, Qin Feng opened his mouth and inhaled, and he swallowed the energy containing 300 billion spirits in one breath.....

The next second, the aura on Qin Feng's body began to skyrocket.....

That is to say, on this day, in the Great Sun Heaven Realm, Emperor Jun and Taiyi were suspended in mid-air.

Bai Ze, Ji Meng, and Bifang led more than 30 eternal realm experts and more than 500 half-step eternal realm experts, waiting for orders.....

"Brother, our Zhoutianxingdou formation has been rehearsed and ready to go....."

Taiyi looked down at the army below, his face full of confidence.

Di Jun also stroked his beard and smiled and said: "I'm afraid that Qin Feng never imagined that he has the Jade Order of Good Fortune to help him, and we also have the help of the Zhoutian Xingdou Formation. With the Zhoutian Xingdou Formation here, he will definitely die this time!"

Tai Da Da Laughing:"Haha!! Of course! Unless his combat power can reach the level of Quasi-Saint Ancestor for a few more days. But is this possible?"

Di Jun's lips curled up slightly:"Of course it is impossible! Quasi-Saint Ancestor The combat power of Ancestor Threshold is 4 million. Even if he reaches the combat power of Threshold, it is a 50-50 chance of survival."

"What's more, that kid only has 9 poles of power, and with the help of the jade ultimatum, he only has 720,000 poles. With this strength, it would be a surprise if he didn't die!"

As soon as these words were said, all the subordinates showed understanding smiles.

Bai Ze even echoed:"Your Majesty! If we fight here, Qin Feng will die! What we have to wonder is, how long can he last? A quarter of an hour? Or half an hour?"

Di Jun sneered:"Humph!" This time, we not only want to destroy Qin Feng, but also the entire Southern League. Only in this way can I avenge the blood of Jiu Ying and others, and also relieve the hatred in my heart!

Tai nodded:"Brother is right!" However, this time we are leaving in full force, and it will take at least five days to get to the God Realm. If we talk about a round trip, it will be ten days. Ten days is not a short time, so we'd better set off quickly to avoid the empty nest and others taking advantage of it....."

"What the second brother said is right! This matter should be resolved quickly to avoid arousing suspicion from other forces! Let's go!"

Di Jun waved his hand, and all the leaders agreed with a loud voice.

"yes! His Majesty!"

At this moment, a group of people started to set off.

Di Jun and Taiyi were in front, Bai Ze and other eternal realm powerhouses were in the middle, followed by Half-Step Eternity, thousands of gods, and 90 million quasi-gods and above. The strength of this wave of army The number of people, close to 100 million, marched towards the God Realm in such a mighty manner.....

Time flies!

On the second day after the march of Emperor Jun's army, an earth-shaking monstrous force rose from the SAARC headquarters, instantly alarming the entire Great Flood God Realm.....

Qin Feng finally broke through to half eternity at this critical moment..

Chapter 1026

Time flies!

On the second day after the march of Emperor Jun's army, an earth-shattering momentum rose up from the SAARC headquarters, instantly alarming the entire God Realm.....

Qin Feng finally broke through to half eternity at this critical moment.....

"Ding~! The host has completed absorbing energy... Congratulations on your breakthrough to the half-step eternity realm. The power of True Spirit, Heavenly Soul, Divine Foundation, and Hongmeng has begun to be perfectly integrated....."

"Ding~ Fusion successful....Congratulations to the host for obtaining Hongmeng Yuan Shen....."

Huh! Hongmeng Yuanshen?

Qin Feng couldn't help but open his eyes.

For ordinary cultivators, if they break through to half a step of eternity, they can condense the soul. From then on, there will be no life limit and they will die with the heaven and the earth.....

Unless heaven and earth decay, he will decay. To a certain extent, he will be immortal.....

After all, the decay of heaven and earth and the recurrence of all things will require an immeasurable catastrophe, and it will happen after countless Yuanhui. It is a long time that ordinary people cannot imagine.....

In short, after half a step of eternity, the Yuan Shen can be born, and he will die with the world. But after Qin Feng broke through to half a step of eternity, the Yuan Shen born was called Hongmeng Yuan Shen, which is different from others.

What is the difference between Hongmeng Yuanshen and ordinary Yuanshen?

Just when Qin Feng was confused, the system sent a prompt.....

"Ding~! Remind the hosts that the strength of the Hongmeng Yuanshen is ten thousand times that of the same level, and it can survive countless calamities....."

"Ding~! Remind the hosts that with Hongmeng Yuanshen, they can directly refine the spiritual roots of heaven and earth... and refining the spiritual roots of heaven and earth will be of great help to the host's cultivation and strength....."

So this is what happened!

Qin Feng opened his eyes wide in surprise.

As far as he knows, only those above the fifth level of eternity (quasi-holy ancestors) can rely on the spiritual roots of heaven and earth to safely survive countless tribulations, transition to the next reincarnation of heaven and earth, and become a true eternal-level existence.....

But he is different!

He possesses the Hongmeng Yuan Shen, and he can safely survive countless calamities without relying on the spiritual roots of heaven and earth...

This shows how powerful the Hongmeng Yuan Shen is.

What's even better is that he can now directly refine the spiritual roots of heaven and earth, and use the spiritual roots of heaven and earth to improve his strength...

You must know that if the soul cannot reach the level of the peak god, it cannot refine the spiritual roots of heaven and earth.

If it is forcibly refined, it is very likely that the foundation of the soul will be damaged by the spiritual roots of heaven and earth, or even the soul will be swallowed by the spiritual roots of heaven and earth, becoming an appendage of the spiritual roots of heaven and earth, or turning into a walking zombie.

It was because of the forcible refining of the spiritual roots of heaven and earth that Saint Ancestor Gui Xu hurt his soul and was seriously injured by the backlash...

Saint Ancestor Gui Xu's cultivation back then had reached the peak of Heavenly Saint, but his soul was his weakness. Therefore, it was somewhat incompetent when forcibly refining the spiritual roots of heaven and earth.....

It is precisely because he is not good at Yuan Shen that all the Guixu tribes he created have great flaws in Yuan Shen.

Nowadays, although Guixu Saint Ancestor luckily broke through to the fifth realm, he has also left behind a hidden injury to his soul. His real strength is not as good as the threshold of the fifth realm, and he can only barely reach the power of 3 million.

However, even with such strength, He can also crush the powerful Tiansheng with just one finger, which is definitely not something Qin Feng can deal with.....

And Qin Feng possesses the Hongmeng Yuanshen and is used to directly refining the spiritual roots of heaven and earth.

In other words, Qin Feng's soul strength is even stronger than that of Guixu Saint Ancestor...

This makes him very satisfied..

"Ding~! Congratulations to the hosts...your cultivation progress has been increased to Half-Step Eternity 2.7%....Combat power increased to 506,300 poles....."

At this time, the system sent another prompt.

Qin Feng's face was full of ecstasy.

His combat power actually reached 506,300 poles. Combined with the fragments of the Jade Order of Creation, it should be comparable to the threshold of the quasi-saint ancestor...

But before Qin Feng could finish being happy, the system continued to send messages.....

"Ding~! Congratulations to the host. Your subordinate Hongyun has refined the Hunyuan Divine Pill.....The cultivation level breaks through to the late stage of the second realm of eternity...the host receives feedback from the combat power...the combat power is increased to 508,000 extreme powers....."

"Ding~! Congratulations to the host. Your subordinates have jointly refined the Hunyuan Divine Pill.....The cultivation level breaks through to the peak of the second realm of eternity...the host receives combat power in return...the combat power is increased to 509,000 extreme powers....."

"Ding~! Congratulations to the host. Your subordinate Jiuyin has refined the Hunyuan Divine Pill.....The cultivation level breaks through to the peak of the second realm of eternity...the host receives combat power in return...the combat power is increased to 510,000 extreme powers....."

Huh! All three of them actually broke through!

Qin Feng was overjoyed.

As soon as these three people broke through, his combat power increased to 510,000 poles, which increased a lot.

At this point, even without the help of the Jade Certificate of Creation, his comprehensive combat power has reached the peak of Heavenly Saint...

The next time the treasure of the Ancient God Lord is opened, he will have the confidence to go there.

Having said that, Hongyun's talent is obviously stronger than Gonggong and Jiuyin.

Even if Hongyun is in the late second stage, his overall strength is much stronger than Gonggong and Jiuyin, so the more combat power he can give back to Qin Feng....., according to Qin Feng's estimation, Hongyun's cultivation in the late second realm, coupled with the support of Sanso Gourd, should be comparable to the strength of the early stage of the Supreme Saint, and comparable to Kunpeng's level.

Thinking of Gonggong and Jiuyin, Qin Feng thought of another thing.

As soon as he thought about it, there was a jade talisman in his hand, which was exactly what Gonggong had given him.....

Previously, Qin Feng had no time to study, so he took it out and examined it carefully.

U 0 Asking for flowers 0 Over 0

At the moment, his consciousness penetrated into the jade talisman, and a large amount of information poured into the back of his mind.....

After a long time, Qin Feng slowly opened his eyes, with a look of surprise on his face.

It turns out that Gonggong and Jiuyin are actually the same person. They can be said to be one body with two sides, but they are different from Qin Feng's Liangyi clone method.

What Gong Gong practices is an ancient secret technique called the Destruction of Clone Technique.

Persistence is obsession!

People have three attachments: good attachment, evil attachment, and self-attachment.

The method of breaking the attachment of the clone will be to separate one's three major obsessions, turn one into three, and practice each one.

When the three major attachments are matured in cultivation and merged into one again and again, it will be a great success.

This method can break through to the Heavenly Saint stage in one fell swoop, leaving no bottleneck in cultivation.

The nine yins are the body of evil attachments.

However, although this set of secret techniques of clones is extremely brilliant, it is not perfect and belongs to the final stage of exploration....., and the founder of this secret technique of avatar is the ancient God Lord.

The last time the treasure of the Ancient God Lord was opened, a powerful saint obtained this secret technique from the treasure, but he was also seriously injured in the battle.

Later, the supreme saint escaped to the ruins to heal his injuries, but his injuries were too serious and he eventually passed away.

At that time, Gonggong was persecuted by Gongtian, and when he escaped from Guixu, he accidentally discovered the extremely holy cave, obtained the inheritance of the extremely holy, and thus obtained the entire secret technique of clone.

After Qin Feng read the jade talisman, he was very interested in the secret technique.

If he completes the refining and creates another clone, it will be equivalent to one more powerful subordinate who can cultivate himself.

However, this secret technique of clone is not perfect yet, and there are some disadvantages in practicing it hastily.

Suddenly, Qin Feng's eyes lit up.

He thought that he could stop practicing and let his shadow clone practice, and even if there were disadvantages, it would not affect him.

What's more, he still had a damaged sacred artifact, the Xuan Mizhu, in his hand.

This object is refined into an obsession clone, which is just right for storing obsessions.

Just do it when you think of it, Qin Feng's mind moves, and the shadow clone walks out of the void.....

Afterwards, Qin Feng threw the Xuan Mizhu and the jade talisman that recorded the secret skills of the clone to the phantom clone... After the phantom clone got the items, he left directly and began to practice the obsession clone.....

Qin Feng continued to retreat and polish his foundation.

Time flies.

Four days passed in the blink of an eye.

It was on this day that there was a sudden rumble in the sky over the Holy Land of the Southern Alliance, and then it became dark.....

Billions of people from the Southern League were alarmed and looked up one after another. They saw two huge three-legged golden crows in the sky, leading an army of hundreds of millions, pressing down in darkness...

Emperor Jun Taiyi's army finally arrived.....Zero..._

Chapter 1027

Boom~! Long~! Long~!

Countless piercing sounds are roaring!

The world is dark!

At this moment, countless creatures in the God Realm were alarmed, and they all looked up at the sky in horror.....

"Oh my God! That is....."

"coming! coming! The army of Di Jun and Tai Yi finally arrived!"

"Oh My God! This time, with so many people coming to the Great Sun God Realm, can the Southern Alliance hold on?"

"yes! This time SAARC is in danger!"

At this moment, all hidden races and forces in every corner of the God Realm came out to watch.
.....

Although after so many days, 70% of the hidden races and forces, as well as some casual cultivators, have defected to SAARC, there are still 30% of the hidden races and forces watching.

They wanted to wait for the battle between Nanmeng and Dijun to be completely settled before they dared to make a decision.

This is a group of extremely conservative races and forces, but the number of people is also large...

From a perceptual point of view, they hope that SAARC can win"807", but the situation in front of them makes them very unfavorable to SAARC, and even many people He even sighed...

At the same time, the SAARC headquarters was also in a panic.

Countless SAARC disciples were shocked.

They didn't expect that Di Jun and Tai Yi would lead so many people here. They came out in full force...

But no one noticed that they were over a remote valley in the God Realm.

Two figures were suspended in the air, looking alone at the army in the distance.

These two people were Fu Zhi and Kun Peng.

At this moment, the faces of the two of them were very ugly.

"Master Fu Zhi, things are not going well this time! Di Jun and Tai Yi brought so many people, could it be that they all came out in full force?"

"Look at the momentum of this army, everyone is quasi-god or above, and the number is no less than 100 million! The Great Sun Heaven Realm is absolutely coming out in full force!", Fu Zhi frowned slightly.

The total combat power of the Southern Alliance's quasi-gods and above has only reached 80 million, which is more than 20% less than that of the Great Sun Heaven Realm.....

What's more, the two leaders of the Great Sun Heaven Realm, Di Jun and Tai Yi, are here. These are two peak heavenly saints!

And my father is still in seclusion, and I don't know if he has made any breakthrough in strength recently?

The more I think about it, the more anxious I become.

"Master Fu Zhi, it is said that Tai Yi is stronger than Di Jun. The master was only slightly stronger than Di Jun last time. This time, Di Jun and Tai Yi join forces, can the master still cope with it?"

Kunpeng is very worried.

Qin Feng has been in seclusion during this period of time. He doesn't know how far Qin Feng's strength has improved.

"Do not worry! When has His Majesty ever let us down? In fact, His Majesty has already calculated that Taiyi and Dijun will come out in full force this time"

"As a result, the Great Sun Heaven Realm will inevitably be empty, and the remaining strength will be less than 10%, so Your Majesty has an extremely important task for you?"

"What is the mission?", Kunpeng asked hurriedly

"Among all my father's subordinates, in terms of speed, apart from Shadow Clone and Hongjun, you are the fastest....."As he spoke, Liao Fuzhimang took out a jade talisman.

When Kunpeng heard this, he felt a little proud.

Although he was only at the peak of the second realm, his cultivation level was comparable to that of the Late Saint....ケ"Kunpeng, this jade talisman records the route from the God Realm to the Great Sun Heaven Realm. Before my father went into seclusion, he ordered me that if the Great Sun Heaven Realm came in full force, I would send someone to rush to the Great Sun Heaven Realm's home base as quickly as possible. This person is none other than you!"

Fu Zhi handed the jade talisman to Kunpeng.

He had spent a lot of effort recently to collect the route to the Great Sun Heaven Realm.

"Young Master Fu Zhi, does the master want to sneak attack on the rear of the Great Sun Realm?"

Kunpeng took the jade talisman

"You don't need to ask more about this. However, as long as you arrive at the Great Sun Heaven Realm, it means that Your Majesty has arrived at the Great Sun Heaven Realm!"

"understood!"

Kunpeng naturally understands what Fu Zhi means.

As long as he reaches the Great Sun Realm, Qin Feng can use space summons and rush there instantly

"Kunpeng, in this mission, time is the most precious, you must go all out!"

"rest assured! I will definitely reach the Great Sun Heaven Realm within three days! Young Master Fuzhi, farewell!"

Kunpeng didn't dare to waste time. As soon as he handed over his hand, he transformed into a bird-like body. With his wings spread, he soared ninety thousand miles and reached the horizon in the blink of an eye.....

"What a speed!"

Fu Zhi couldn't help but sigh.

At this moment, there was also movement in the Southern Alliance.

I saw a black army flying out of the Holy Land of the Southern Alliance, headed by hundreds of strong men who were more than half a step eternity. Below them were Eighty million disciples of quasi-gods and above.

Seeing this, Fuzhi quickly dodged.

He wanted to quickly go to the headquarters to meet up and help his father.....

At the same time, over the SAARC headquarters.

At the front of the 80 million-strong army, Qin Feng stood in the clouds, looking up at the arrival of the emperor's army.

All the senior officials of SAARC stood behind him, looking a little nervous.

"Your Majesty, Emperor Jun Taiyi is coming out in full force! They are going to fight us desperately!"

"There's a lot of trouble this time."

Ziwei, Qinglin and other senior officials were talking about it, looking a little worried. It was their first time seeing such a huge formation, so they were inevitably nervous. Qin Feng, however, had a calm look on his face. ㄟ 0

Now, his The combat power has reached 510,000 poles and is full of confidence.....

At this moment, hundreds of millions of people high in the sky.

The two three-legged golden crows in the lead turned into two men wearing crowns and royal robes. They were Emperor Jun and Taiyi... As soon as the two transformed into human forms, they looked directly at Qin Feng.

The two sides are hundreds of millions of miles apart, facing each other from afar

"Brother, is that Qin Feng?"

Taiyi looked at Qin Feng from a distance.

"That's right! it's him!"

Di Jun looked at Qin Feng coldly, his eyes filled with hatred.

"Brother, judging from the energy and blood value of this boy, he is extremely young, definitely no more than 10,000 years old. At such an age, does he really have a combat power of 90,000 poles? How about I try his skills?"

Taiyi was eager to give it a try.

He obviously didn't believe that Qin Feng had a combat power of 90,000.

At this moment, Qin Feng was hiding his cultivation and momentum, so naturally he couldn't tell

"Second brother, you must not!", but Di Jun quickly stopped him

"Brother, why?"

"The second brother, last time because of Brother Yu's carelessness, he lost three generals as soon as they met, and he was killed by him by surprise. This time, we can't make the same mistake again"

"Oh, that's because Shang Yang and the three of them are too weak. Yudi is different from the three of them.....", Taiyi didn't take it seriously.

Di Jun said seriously:"In terms of strength, Brother Yu also thinks that you can definitely defeat Qin Feng. But this time we are here to destroy Qin Feng and eradicate the entire Southern League, not for a dispute of wills.""

"We either don't take action, or we take action and catch Qin Feng by surprise. Only in this way can the battle be resolved the fastest in 5.9....."

"After all, our lair is empty, and the Fuso Sacred Tree in Tang Valley is unattended, so we must make a quick decision and return as soon as possible to avoid being taken advantage of by other forces, and the gain outweighs the loss....."

Taiyi woke up with a start:"Brother is right to remind you! Then let's get started!"

"good!"

As soon as he finished speaking, Di Jun looked back at the many subordinates in the eternal realm and half-step eternity.

"Three hundred and sixty-five positive star positions, are you all ready?"

"I'm ready!"

Those subordinates in the eternal realm and half-step eternity agreed in unison.

"good! Hold the flag!"

With a wave of his hand, Di Jun waved his hand, and three hundred and sixty-five Great Zhoutian Star Flags flew towards his subordinates...

With this opening, Di Jun was about to amplify his moves and go all out....

Chapter 1028

Di Jun waved his hand, and the three hundred and sixty-five Great Zhoutian Star Flags flew towards his subordinates...

At this opening, Di Jun was about to use his full strength and go all out.....

Those Great Zhoutian Star Flags are each engraved with ancient star runes, and each one has reached the level of a heavenly spiritual weapon.....

In a moment, 365 star flags were in the hands of those who were in the Eternal Realm and the Half-Step Eternal Realm.

The weakest flag-bearer has a half-step eternal late stage cultivation level.

As soon as the Star Flags were obtained, the 365 people blocked their formation positions and pressed seals...

Buzz~! Buzz~! Hum~...夫......

One after another, the Great Zhoutian Star Flags lit up with spiritual light and soared into the sky, activating the power of 365 ancient stars nine days away.....

Woo~! Woo~! Woo~...夫......

Suddenly, one after another, silver starlight pillars with a diameter of thousands of miles were projected from nine days away, reflecting on the Great Zhoutian Star Banner.....

That is the power of starlight cast by 365 stars from nine days away.....

Buzz~

In just a moment, the foundation of the formation was laid!

The momentum of the three hundred and sixty-five pole array flags slowly connected, the power of starlight was superimposed layer by layer, and the combat power of the three hundred and sixty-five flag bearers also instantly blended together. The momentum reached the sky and the earth, and skyrocketed crazily all the way.....

"Huh! What are they doing?"

"They should be setting up a formation!"

Everyone in the Southern League looked up at the sky and talked about it.....

Three hundred and sixty-five strong men with half-step 11 eternity and above formed an formation to guide the power of three hundred and sixty ancient stars. The momentum unexpectedly rose all the way to the level of the Heavenly Saint.....

This made everyone in SAARC nervous.....

"The position of the Big Dipper!"

"The six stars of the South Dipper!"

"West Dou four-star position!"

"Dongdou three positions!"

"Zhongdou five-star position!"

"Arctic Purple Star! Jiu Yaoxing! Twenty-eight nights! Tiangang and earth evil! Metal, wood, water, fire and earth stars....."

Emperor Jun and Taiyi gave orders one after another and threw out another 14,800 star flags.....

All the men held banners and took up positions...

Buzz~! Buzz~! Buzz... the star flags are activated one after another.....

The holders of these 14,800 small star banners are all above the peak of the gods...

Wow~! Woo~! Woo...

The star flags were activated. Nine days away, the star power of 14,800 ancient stars was activated, casting starlight one after another...

The momentum of the formation soared into the sky, reaching the peak of Heavenly Saint in an instant...

But this Everything is not over yet. Crowds are surging in the Great Sun Heaven Realm. The remaining nearly 100 million disciples of quasi-gods and above are taking their positions one after another.....

In an instant, the 365 large Zhoutian star flags were used as roots, 14,800 small flags were used as poles, and hundreds of millions of demons and gods were used as branches and leaves.....

The momentum of the entire formation instantly exceeded the limit of the Heavenly Saint Peak...

At this moment, Di Jun and Taiyi also entered the two formations.

Emperor Jun lives in the sun constellation!

Taiyi resides in the lunar star position!

Boom~Long~Long!

The Zhoutian Starry Formation is completed!

Arousing the power of the stars in the sky, the momentum rolled down and pressed until the hearts of hundreds of millions of creatures in the God Realm were suffocated.....

In just an instant, the momentum of the formation reached the level of a quasi-saint ancestor!

"Oh My God! This...the momentum of this formation has actually reached the level of quasi-saint ancestors....."

"It's over! It's over! The Southern League is about to end.

Countless creatures in the divine world opened their eyes in horror, and were all frightened by the earth-shattering formation in the sky.

The forces who were observing in secret were all pale with fright...

As the saying goes, once the Southern Alliance dies, they will inevitably be affected.

And the power of the Quasi-Saint Ancestor is enough to blow up the God Realm to pieces.....

"His Majesty! This... the situation is not good this time!"

After Qin Feng, all the senior officials of the Southern League were completely dumbfounded.....

"Ha ha!! Qin Feng, kid, you are dead this time!"

At this moment, Di Jun's proud laughter sounded from high in the sky.

"hehe! That's not necessarily the case!"

Qin Feng stepped forward and rushed forward first.....,

"His Majesty!"

All the SAARC senior officials exclaimed and followed suit one after another.

"You guys stand down! I fight alone!"

"But...but...."

"Back off!"

"yes! His Majesty!"

The senior executives had no choice but to watch Qin Feng, who was fighting alone.....

Below, hundreds of millions of SAARC children were dumbfounded.

No way?

After the Emperor Jun's army has been deployed, it already has the fighting strength of the Quasi-Saint Ancestor. Does your Majesty want to fight alone?

You must know that even if the Heavenly Holy Face is aimed at the Holy Ancestor, even if it is not killed instantly, it will still be seriously injured.....

"Then...what is that Qin Feng doing?"

"Did he want to die alone?"

"yes! This is too.....If everyone in the Southern League takes action together, there may be a glimmer of hope. He is like this... Hey!

The forces watching secretly shook their heads, thinking that Qin Feng was unwise.....

When Emperor Juntai saw this scene, he also showed disdain

"Ha ha!! Brother, this Qin Feng seems to be having trouble with his brain! He actually rushed up alone! Does he think he can block our Zhoutian Star Formation by himself?"

Tai Yi laughed endlessly.

Di Jun sneered:"If he can block it by one person, then he can block a big world with one person. But except for those old monsters who are quasi-saint ancestors, how many people in this world can do it? Does Qin Feng really think that he is a quasi-saint ancestor?"

"Ha ha! Brother, let's do it!"

"good! Start the formation!"

As soon as the words fell, the Zhoutian Star Formation was immediately activated. The power of the stars surged across the sky, and boundless coercion rolled in. The sky in the God Realm darkened, and an invisible pressure oppressed all the creatures in the God Realm.....

Buzz~! Buzz~!

The two major formation eyes of the formation - the sun star position and the lunar star position are activated at the same time, emitting an extremely dazzling light, like the sun and the moon shining together, brightening the entire divine world....

"Qin Feng, son, let him die!"

"Ha ha!!"

The next second, the sun star position and the lunar star position blasted out two light beam attacks at the same time...

The power of each attack reached the threshold level of the quasi-saint ancestor, and they blasted towards Qin Feng at the same time...

Countless creatures in the God Realm screamed in surprise!

This is equivalent to two strong men at the threshold of the quasi-saint ancestor, working together to attack Qin Feng alone.

Even if Qin Feng reaches the strength of the threshold of the quasi-saint ancestor, it will be difficult to resist.....

The SAARC disciples were even more nervous and their eyes widened.

At this critical moment, Qin Feng sacrificed the fragments of the jade ultimatum of creation...

Buzz~

The jade ultimatum bloomed with spiritual light!

The entire Southern Alliance Holy Land was activated and trembled slightly.

Woo~! Woo~! Woo~!

Waves of power from heaven and earth rose into the sky and were projected on Qin Feng...

At this moment, two attacks from the Zhoutian Starry Formation fell together... 950.

Qin Feng rose into the wind and transformed into a billion-foot-high sky. Giant, attack with two palms.....

Boom~! Boom~!

Two loud noises that shattered the earth~!

The starry sky shatters!

The void collapses!

The dazzling white light shone between heaven and earth, swallowing up Qin Feng and covering up all the breath.....

"His Majesty!"

Everyone in the Southern League exclaimed in unison

"Why!"

Many hidden forces sighed in their hearts.

A joint attack comparable to the threshold level of two quasi-saint ancestors, even the peak Heavenly Saint cannot withstand it....., in their opinion, Qin Feng is in danger!

"Done!"

Di Jun breathed a long sigh of relief.

"Brother, with the power of this blow, even if you and I face each other, we will still be severely injured, or even fall to the ground accidentally. This Qin Feng is probably dead!"

Tai Yi smiled all over his face.

Di Jun said proudly:"Who allowed him to offend us in the Great Sun Heaven Realm! He deserves everything!"

After the two of them finished speaking, all the subordinates around them smiled.

This battle was too easy, completely beyond their imagination.

They thought that Qin Feng would unite all his subordinates to fight together, but they didn't expect that one person would come up to die.....

Thinking of this, the smiles on the faces of Di Jun and others became even stronger.

At this moment, the white light below finally dissipated, and a black hole in the void gradually appeared in front of everyone's eyes...

And above the black hole, Qin Feng That majestic figure was hanging on it, and it was not damaged at all.....

Everyone was dumbfounded..

Chapter 1029

And above the black hole, Qin Feng's majestic figure was hanging above it, without any damage at all.....

Everyone was dumbfounded.....

"This...how is this possible!"

The hundreds of millions of troops in the Great Sun Realm, their jaws dropped in shock.

"Oh My God! Qin Feng actually blocked it!"

"This... this is too strong!"

Those hidden forces and races all exclaimed in shock.

"His Majesty! His Majesty blocked it! Ha ha! His Majesty blocked it!"

"Your Majesty is mighty! Your Majesty is mighty!....."

Countless SAARC disciples shouted excitedly.

Even some emotional disciples cried with joy on the spot...

The momentum of the entire SAARC disciples instantly changed, and everyone was high-spirited...

In the air, Di Jun and Tai Yi were dumbfounded.

"impossible! This is absolutely impossible!"

Di Jun shook his head repeatedly.

"Brother, didn't you say that Qin Feng's combat power is only 90,000, and his cultivation level is only at the Heavenly Lord realm? But why did his current combat power suddenly reach over 500,000 poles, and his cultivation level break through to half an eternity?"

Taiyi swallowed his saliva.

He had not yet fully recovered from the shock.

The blow just now would have killed or disabled him.

But Qin Feng was unscathed.

How could he not be shocked!

"Damn it! Damn it!"

Di Jun grinned in anger.

He couldn't understand why Qin Feng's combat power was only 90,000 poles half a month ago. How could he increase it to 510,000 poles so quickly?

This is too exaggerated!

He didn't I am willing, but I am even more unconvinced!

"Second brother! I don't know why this evildoer has improved so quickly. However, this child is practicing extremely fast and must not be kept! If he continues to practice, we will be in danger!"

As soon as these words were reminded, Taiyi broke out in a cold sweat, and his eyes when looking at Qin Feng became frightened.

That's right!

This kid only had 90,000 poles of power half a month ago, and now his strength has doubled in half a month. Several times.

At this rate, it's still okay!

"Brother, let's do our best! Never hold back!"

"That's right! With him today! Fight until death!"

As soon as he finished speaking, Di Jun opened his mouth and spat out, and the Nine Dragon Sword rushed out of his mouth.....

Buzz~

The divine sword roars!

Aw~aow~aow~

In the shadow of the sword, nine phantom dragons flew out, looking up to the sky and roaring...

In an instant, man and machine became one.

Di Jun's momentum surged.

At the same time, Taiyi also summoned a divine bell.

Outside the bell, the sun, moon, stars, earth, fire, water, and wind surround it. Within the bell, mountains, rivers, earth, and all the races of the heavens are looming in it.

The entire divine bell shines with five colors of light in the heavens, and the holy power of chaos shakes the world!

When the bell rang, the sound wave was so powerful that the heaven and earth were eclipsed, and the universe was shaken. The power was obviously a level higher than that of the Nine Dragon Sword. The power of the heaven-level holy weapon was undoubtedly revealed, and countless creatures were frightened by it.

"It's Donghuang Zhongshui. ! "

"Then...that is the Heaven-Forging Holy Artifact that is famous in the Nine Heavens and Ten Realms - the Donghuang Bell?!"

"That's right!"Yi" My Lord Tianmo Qin Feng is only afraid that he is in danger....."

Many hidden forces have changed their colors.

Everyone in the Southern League was extremely nervous, and no one dared to breathe. The power of a heaven-level holy weapon is more than ten times that of a cauldron...

It is rumored that the Donghuang Bell can reverse the time and space of the heavens, evolve the mysterious poles of heaven, and refine the earth, fire, water, and wind. It is infinitely mysterious and has endless creations...

It can rebound The attacks of any treasures and magical weapons, and the damage of any magical powers and spells, are both attack and defense.

With this treasure, one is almost invincible within the same level.

At this moment, Taiyi and Donghuang Zhong became one, and their aura surged, more than 30% higher than that of Di Jun.....

"Qin Feng! Die!"

Di Jun roared angrily, and the Nine Dragon Sword turned into ten thousand meters of sword light and shot out towards Qin Feng.....

At that time,

Taiyi also raised the Donghuang Bell and smashed it towards Qin Feng.

The bell is ringing!

In an instant, the heaven, earth, time and space were imprisoned, and the four phenomena of the universe were sealed!

Countless creatures!

Countless monks!

Countless things!

All at this moment, all six senses were imprisoned.

In their view, everything was imprisoned by the Donghuang Bell, as if time stopped flowing at this moment...

The wind stopped!

The sound stopped!

The blood flow stopped!

Their breathing stopped too!

Even their thoughts stopped at this moment...

It seemed that everything in the world stopped. However, the East Emperor Bell and the Nine Dragon Sword did not stop.....

They watched helplessly as Donghuang Bell and Nine Dragon Sword attacked Qin Feng.....

"His Majesty...."

Zhenji and the others opened their mouths wide, wanting to scream, but found that they couldn't shout...

This scene panicked countless SAARC disciples, and also frightened the hidden forces.....

The power of this Donghuang Bell is too terrifying!

At this extremely critical moment, Qin Feng's body lit up with four sword lights, and the light of the sacred weapon also lit up at his feet, which was extremely dazzling.....

The Four Heaven-Destroying Swords!

The Heaven-Destroying Formation!

The five cauldron-level sacred weapons are originally one body, and they are all sacrificed!

Buzz~! Buzz~! Buzz~! Buzz~! Buzz~!

The four divine swords turned into sword gates, reaching a height of hundreds of millions of feet...

The Heaven-Slaying Formation rumbled and unfolded!

In an instant, the Heaven-Destroying Sword Formation was completed!

Five weapons combined into one, the power increases tenfold!

The formation united, and Qin Feng's momentum skyrocketed.....

Many hidden forces were dumbfounded.

Qin Feng's sword formation is absolutely extraordinary.....

At this moment, the East Emperor Bell and the Nine Dragon Sword attacked together...

Qin Feng's figure flashed and merged with the sword formation.....

The next second, the four sword doors opened simultaneously, and countless divine swords shot out.....

Dang~dang~dang~ 𠂇 𠂇

Countless sword lights shot out, hitting the Donghuang Bell and the Nine Dragon Sword.....

Boom~! Boom~! Boom~!

Bang~! Bang~! Bang~! Bang~!

There is a constant roar in the sky!

Countless lightsabers were shattered and the starry sky was trampled....., the dazzling light makes people unable to open their eyes.....

After a long time, there was an earth-shaking loud noise!

The Heaven-Destroying Sword Formation was blasted!

The four sword gates collapsed!

Donghuang Bell!

Nine Dragon Sword!

Everyone was bounced back!

When all the sword light dissipated, Qin Feng still stood in the air.....

With a casual move, the Four Heaven-Destroying Swords circled around him again, and the Heaven-Destroying Formation was suspended beneath his feet without any damage...

The East Emperor Bell and the Nine Dragon Sword also returned to the hands of Tai Yi and Di Jun respectively.

This round, it was still a tie... the hidden forces were dumbfounded.

Qin Feng actually blocked it again.....

This strength far exceeds their imagination!

Everyone in SAARC cheered again!

"..Brother, he actually blocked it again!"

"I am so angry!"

Di Jun was so angry that he burst into rage.

Immediately, he looked back at his subordinates,

"Three hundred and sixty-five positive star positions! Fourteen thousand eight hundred star positions! Follow me and take action to destroy Qin Feng!"

"yes! His Majesty!"

All the subordinates agreed with a bang.

The next second, Emperor Jun and Taiyi took action again.

The Nine Dragon Sword and the East Emperor Bell struck Qin Feng again....., at the same time, the 365 righteous stars headed by Bai Ze shook the big star flags one after another, attracting the ancient righteous stars nine days away, and inspired the power of 365 starlights, all of which blasted towards Qin. The wind... the 14,800 stars also shook the small star flags in their hands, triggering the power of the stars nine days away, inspiring more than 14,000 starlight attacks, and blasted towards Qin Feng.....

"not good!"

"They gathered all their strength to bombard His Majesty!"

Billions of children of SAARC exclaimed.....

"Come with me!"

At this moment, the phantom clone waved its arms and flew into the sky first...

Hongjun, Ziwei Star Lord, Qinglin, Gonggong, Jiuyin... followed closely.

In an instant, 80 million quasi-gods The above-mentioned armies all took to the sky...

An unprecedented battle concerning the life and death of the God Realm and the Great Sun Realm began..

Chapter 1030

An unprecedented battle concerning the life and death of the God Realm and the Great Sun Realm begins here.....

With the blessing of the formation, the starlight attacks of Bai Ze, Ji Meng, and Bifang all reached the early stage of Heavenly Saint, which was extremely terrifying...

In addition, with the blessing of the formation, more than thirty eternal level powerhouses , and also displayed a starlight attack at the extremely holy level.

The remaining three hundred or so half-step Eternal Realm experts, with the support of the large formation, displayed attacks at the Eternal Second Realm level.....

Next, there are the holders of the 14,800 small star flags. The cultivation levels of these people range from gods to gods, and the levels of starlight attack they exert range from the first realm of eternity to half-step eternity.....

The remaining nearly 100 million quasi-gods and above are all auxiliaries of the formation, constantly inputting skills into the formation and not participating in the attack...

But under this attack, there were more than 15,000 starlight attacks, and the weakest ones were all It's a half-step eternal level.....

The accumulation of these attacks is so powerful that it can destroy the entire God Realm.....

"Oh My God! This this....."

Countless hidden forces opened their eyes in horror.....

If SAARC cannot stop this wave of attacks, the entire SAARC headquarters will be blown to pieces, causing countless casualties.....

Just when all the forces were worried about the Southern Alliance, the phantom clone had arrived at Qin Feng's side.....

At that moment, his momentum unfolded and he suddenly reached the middle stage of Tiansheng.
....

"out!"

The phantom clone waved his hand and offered up the Book of the Earth.

Buzz~

The holy weapon is activated!

Man and weapon merge into one!

The phantom clone's aura surged, all the way to the late stage of Heavenly Saint.

"Inside and outside the universe, the membrane of heaven and earth opens!"

The next second, the phantom clone made a seal with his hand, and the Book of Earth slowly unfolded, turning into the membrane of heaven and earth, blocking the attacks of Bai Ze, Ji Meng, and Bifang, as well as the more than thirty eternal-level people. Attack of the strong.....

"Set up the formation! Set up your formation quickly!"

At the same time, Star Master Ziwei, Hongjun and other high-level officials have given orders...

The well-trained 80 million Southern Alliance troops, centered on those strong at the Heavenly Lord Realm and above, have deployed tens of thousands of protective formations to resist the attacks from above. Attack...

On the other side, Qin Feng re-launched the Heaven-Destroying Sword Formation and faced Taiyi's Donghuang Bell and Di Jun's Nine Dragon Sword...

Boom~! Boom~! Boom~!

In 700 seconds, all the attacks fell! ,

The sky collapsed and the earth shattered! The void collapsed!

All realms were destroyed!

The bright light of the attack between the two sides illuminated the entire God Realm.....

At that moment, there was only white light between heaven and earth, and nothing else could be seen with the naked eye.....

After a long time, the light faded!

The battlefield scene, everything reappears!

All the forces were shocked to find that the 80 million-strong SAARC army was still standing in the sky. Only a few had blood on their lips, but no one was injured or killed.....

The people of the Southern Alliance actually blocked that wave of attacks!

"ah! ah! attack! Attack me wildly! Let's see how long they can hold on!"

Di Jun roared with anger.

Immediately, the Great Sun Heavenly Realm crazily launched the Zhoutian Star Dou Formation, and frantically bombarded everyone in the Southern League.....

Qin Feng led 80 million disciples to desperately resist.....

Both sides attacked and defended, and soon entered a stalemate.....

Many hidden forces were dumbfounded....., at this moment, over an island.

A group of people looked at the direction of the battle.

The seven people led by this group of people are all Eternal Realm experts, and the middle-aged man leading them is at the peak of the Second Realm, one step away from the Ultimate Saint.

The middle-aged man is called Yingzhao. He has handsome features and a heroic temperament. He is the patriarch of the hidden power Ying clan.

The Ying clan is the strongest of all hidden forces.

Among the many hidden forces, Yingzhao has the highest prestige and can be called the uncrowned king.

At this moment, he was completely shocked by the battle ahead.

"Tsk tsk!! I really didn't expect that! The Southern Alliance alone blocked the incoming attack from the Great Sun Realm! amazing! How amazing!"

An Eternal Realm master sighed.

He is the leader of another hidden force.

"yes! SAARC is so shocking!"

The rest of the Eternal Realm masters also sighed."These are the leaders of other hidden forces.

≠ However, although the Southern League blocked the attack of Emperor Jun's army, they did so reluctantly. If time goes by, I'm afraid SAARC will be in danger...."Zhi"It's true that it's better than not knowing how long the Southern Alliance can hold on..."

The leaders once again looked worried.

They could see that it was very difficult to resist the 80 million-strong SAARC army.

If it weren't for the Qin Feng and Phantom clones from the Southern League, the Southern League would never be able to resist it.

After all, Qin Feng and the phantom clones withstood more than 80% of the large array attacks...

Of course, Hongjun, Ziwei Star Master, Panzu, Hongyun and others were also very powerful and turned the tide...

But even so, the Southern Alliance The army is still resisting very hard. It can only defend with all its strength and is unable to attack.....

After each wave of attacks, many SAARC disciples were injured from the air, with blood spurting from their mouths....., even Qin Feng had a hard time resisting Taiyi Dijun's alliance with one person.....

If the situation continues like this, it is only a matter of time before SAARC's defenses are breached.

This makes all the forces worry about SAARC

"Fellow Daoist Yingzhao, what do you think of this matter?"

The leaders of all the forces couldn't help but look at Yingzhao...

They have always followed Yingzhao's lead.

Yingzhao looked into the distance, his eyes showing contemplation.

After a moment, he slowly looked away

"Everyone, judging from the current situation, the situation in SAARC is not good. As long as SAARC cannot withstand the attack, the deadlock between the two sides will inevitably be broken. By then, SAARC will be the unlucky one!"

Yingzhao made a brief analysis.

The leaders nodded slightly.

Yingzhao continued:"So, now the SAARC has reached a moment of life and death. If we take action now to help SAARC, we only need to help SAARC overcome the current difficulties. In the future, Master Qin Feng will naturally look at me and others differently!"

As soon as these words were said, the leaders of all the forces raised their eyes.Bright

"right! Our current assistance to SAARC is equivalent to providing help in times of need. If we wait for SAARC to get through this, and then join us, it will only be considered the icing on the cake, not worth mentioning!"

The leaders of all the forces agreed.

But at this moment, another person raised concerns

"Brother Wang, look at the large armies fighting in the front. Both sides have nearly 100 million troops. We and the other seven tribes are all helping us, but I'm afraid we can't change the situation.

Besides, this battlefield is far away from us. By the time we get there, I'm afraid the fighting situation is no longer salvageable....."

As soon as these words were said, the faces of the leaders of the forces changed slightly, and they all had the feeling that they were determined to kill the thieves and were helpless... But

Yingzhao smiled coldly: "Fellow Daoist Wu, Ying has received a reliable news, as long as he surrenders to Qin Feng Sir, signing a contract with Lord Qin Feng on the Southern Alliance Faith Pillar will increase Lord Qin Feng's strength."

"As long as Lord Qin Feng's strength improves, he should be able to overcome this difficulty. If we sincerely help SAARC, then we can go to the nearest SAARC branch and sign a contract with the Pillar of Faith. What do you think?"

Yingzhao looked at everyone....

"this...."

Some power leaders began to hesitate.

The main reason why they have not joined SAARC for a long time is that they do not want to sign a contract with Qin Feng and are worried that their destiny will be controlled by others in the future.
....

"Everyone! Have you ever thought about it, the Southern Alliance now concentrates more than 90% of the power of the God Realm. If the Southern Alliance is breached, our God Realm will be completely destroyed. In the future, it's hard to say whether the creatures in the divine world will have a chance to succeed."

"As the saying goes, if we help the Southern League, we are helping the God Realm. As for the strength displayed by SAARC, you have also seen that they are fully capable of revitalizing the divine world. Master Qin Feng's excellence is unparalleled in history and can be seen by all."

"Would it be an insult to us to sign a contract with such an excellent person? Furthermore, if we help Mr. Qin Feng at this most critical moment, he will definitely be grateful to us and will not treat us badly."

"In short, Ying decided to lead the whole clan to the nearest SAARC branch and sign an allegiance contract with the Pillar of Faith. Whatever you think about it, please feel free to do so!"

As soon as he finished speaking, Yingzhao turned around to leave.

"Brother Ying, wait! Wang is also willing to join you and lead the whole clan to join...."

"And I!"

"That's it! Our seven tribes have always advanced and retreated together, so please join Wu!"

At that moment, the other six ethnic groups also expressed their willingness to join the Southern Alliance.

Yingzhao was overjoyed:"Haha!! That's it!

Another person said:"Brother Ying, even if all seven of our tribes join together, I'm afraid it will be difficult to change the situation of the war."....."

Yingzhao smiled slightly:"In the past few days, the hundreds of forces that have not yet joined the SAARC have all inquired about Ying's plans...

The man was puzzled:"Why did Brother Ying suddenly mention them?

Yingzhao smiled and said:"Ying has an idea. The seven of us will jointly issue a statement to inform these hundreds of forces. We will start immediately and lead the seven tribes to join the Southern Alliance." How they do it is their own business...."

As soon as these words came out, everyone's eyes lit up

"Yes! These people have always followed our seven major forces. As long as we announce our joining, they will most likely follow....."

"In this case, it would be equivalent to hundreds of forces joining SAARC at the same time. That is a large number, and it may change the situation....."

"Ha ha! Brother Ying is still smart, this is a good idea!"

At this moment, Yingzhao and others began to jointly issue a statement and write a contract to inform the hundreds of forces.....

As soon as this information was sent out, it immediately caused a sensation among all the hidden forces.....

Subsequently, the seven major forces in Yingzhao took the initiative to seek refuge with SAARC...

This move was like a butterfly effect. Some forces followed suit and went to the nearest SAARC branch to seek refuge.....

Gradually, more and more forces joined the ranks.

An undercurrent began to surge throughout the God Realm...

Di Jun and Tai Yi did not notice this change.

At this moment, the two of them were holding back all their strength and were suppressing Qin Feng with all their strength...

As long as they suppressed Qin Feng, their men would be able to slowly break through Qin Feng's defense...

After all, some of Qin Feng's men were constantly being injured. , can't last long...

This is exactly what Di Jun and Tai Yi believe.

But the two of them did not realize that the momentum of Qin Feng and the phantom clones was improving little by little...

Many forces such as Yingzhao were constantly joining the Southern Alliance...
