

God level 1031

Chapter 1031

On the altar, Xuan Mi's clone slowly stood up.

Buzz~! Buzz~!

The two swords of Yuantu and Abi shine with aura, thousands of rays of light penetrate in all directions, and billions of sword energies are boundless.....

At this time, Xuan Mi's clone's spiritual energy burst out, her mind opened... the two swords resonated!

Man and sword unite!

The aura of Xuan Mi's clone surged, reaching the late stage of Heavenly Saint in the blink of an eye.

The shadow clone uses the Book of the Earth as its natal sacred weapon, which is mainly for defense.

"Hmm... These guys are quite interesting.....", at this time, the incarnation of Xuan Mi seemed to sense something, and raised her head again to look at every corner of the God Realm.

At this moment, he sensed hundreds of hidden forces and nearly tens of billions of beings pouring into various branches of the SAARC, vying to sign contracts with the Pillar of Faith and actively defecting to the SAARC...

Among those people, there were many Eternal Realm powerhouses, half-step Eternal Realm There are as many as hundreds.

Among them is a second-level peak expert named Yingzhao.

The sudden addition of these people increased Qin Feng's strength a lot.

Similarly, the strength of the phantom clone and the mysterious female clone has also been improved.

In just a moment, Qin Feng's combat power increased by 03,000 poles. The phantom clone and Xuanfei clone increased by 01,000 poles respectively... The phantom clone is an extension of Qin Feng's body, and Xuanfei's clone is an extension of Qin Feng's body. The female clone is also an extension of Qin Feng's body, but it is continued in another way.....

At that moment, Xuan Mi's clone took one step and left the Great Flood God Realm.....

At the same time, outside, the sky above the SAARC headquarters

Emperor Juntaiyi is working together to suppress Qin Feng.

Originally, the two of them still had the upper hand.

But soon, the two of them discovered that Qin Feng's momentum seemed to be increasing little by little, and their first-line advantage was constantly weakening...

Naturally, the two of them didn't know that there were tens of billions of living beings vying to join SAARC at this moment...

Qin Feng's combat power is increasing little by little...

In just a moment, Dijun Taiyi's weak advantage disappeared. Instead, Qin Feng became stronger as he fought, and there was a vague tendency to gain the upper hand.....

The two of them, Di Jun, were finally a little anxious.

"Brother, this guy is weird! He seems to be getting stronger as he fights!"

Tai Yi secretly transmitted the message, his tone full of anxiety.

"Brother Wei also discovered it, I really don't know how he did it. However, the advantage is still on our side. Qin Feng can hold on, but his men can't."

As soon as these words were said, there were thousands more disciples in the Southern Alliance camp. They were so shocked that they vomited blood and their momentum dropped greatly. Many of the defensive formations had dimmed. It was obvious that they were at the end of their strength...

Seeing this scene, Tai was very happy.

"Ha ha! My brother still has vicious eyes! As long as we hold on for a while longer, the SAARC defense will be breached. By that time, the Southern League will be defeated like a mountain, and Qin Feng will be unable to turn the tide....."

Di Jun sneered:"Humph! IHow can these inferior creatures from the God Realm be able to withstand the Zhoutian Starry Formation in the Great Sun Realm!"

After the message was transmitted, Emperor Jun shouted to Qin Feng

"Qin Feng, little thief! Your men can't hold on any longer! You, SAARC, are dead this time! Ha ha!!"

Di Jun laughed, intending to demoralize the Yugoslav Army.

Qin Feng said coldly:"It's not certain who is dead!

Taiyi sneered:"Haha!" Qin Feng, you are really optimistic. Don't look at your subordinates. How long do you think they can hold on?"

As soon as these words were said, hundreds of muffled groans rang out in the field.

In the SAARC camp, a defensive formation was finally defeated. Hundreds of SAARC disciples were stunned and fell from the air.....

At the center of the formation, Tianfu Star Master was even shattered by half of his body by the power of starlight.....

"Ah~! His Majesty! I can't hold it any longer....."

Star Lord Tianfu roared miserably, fainted, and fell from the air.....

"not good!"

"Lord of Tianfu Star!"

Everyone in the Southern League exclaimed in surprise.

"Tianfu!", Qin Feng was shocked and angry.

Tianfu Star Master is his old subordinate and is extremely loyal to him.

Although Tianfu Star Master has limited qualifications and is only at the God-level cultivation level now, Qin Feng cannot tolerate anyone who hurts him.....

"broken! broken! Qin Feng, you, the Southern League, can't defend yourself anymore!"

You guys! Attack me! Attack with all your might! Haha, Emperor Jun and Taiyi laughed proudly.

Everyone in the Great Sun Heaven Realm was extremely excited and immediately activated the formation. A starlight fell from the sky and blasted towards the SAARC camp.....

At this moment, the Southern Alliance lost a defensive formation, and no one could resist this attack anymore. Everyone was in great panic.....

If this attack cannot be blocked, it will create a vicious cycle. More and more defensive formations will be breached, and the army will be defeated like a mountain.....

At this critical moment, the phantom clone waved, and the space in the field changed. In an instant, tens of thousands of people appeared densely, all of them were powerful people above the gods, and the seven leaders were all powerful in the Eternal Realm.

The strongest among them is Yingzhao, who is at the peak of the second level... As soon as Yingzhao and the tens of thousands of people showed up, he immediately filled the gap and blocked the starlight attack....., at the same time, many seriously injured SAARC disciples were replaced by Yingzhao and others...

This scene made Dijun Taiyi and others stunned.

"how so?! Where do they come from? Where did these people come from?!"

Di Jun was so angry that he flew into a rage. But before he could think about it, a golden light flew out of the SAARC headquarters and rushed directly towards the Zhoutian Xingdou Formation.....

"Huh! That is?"

"So fast!"

At this moment, the eyes of both parties could not help but fall on the light and shadow.

The light and shadow were extremely fast, like a rainbow light. In the blink of an eye, it broke through many obstacles and reached the bottom of Zhoutian Xingdou Formation.....

At this time, Emperor Juntai saw clearly the person coming.

It was actually a guy who was 70% similar to the phantom clone, and his aura was also very similar.
.....

This person is Xuan Mi's clone!

"not good"

"That guy wants to break the formation!"

Di Juntai felt that something was not going well. The two of them took action at the same time. The Donghuang Bell Nine Dragon Sword attacked Xuan Mi's clone.....

But here, Qin Feng pointed his sword, and activated the Heaven-Destroying Sword Formation, shooting out billions of sword lights, forming a sky-reaching sword curtain, blocking the two men's attacks....

"quick! Stop that man!"

"He must not be allowed to break the formation!"

Dijun Taiyi shouted anxiously.

Bai Ze, Ji Meng, Bifang and others shook the star flags in their hands and launched starlight attacks at Xuan Mi's clone.....

"Counterattack!"

The phantom clone raised its arms and raised the earth book again to block the strong attack of Bai Ze and the others...

Hongjun, Ziwei Star Master, Pan Zu and others also took the initiative to intercept the opponent's attack....., this is the first time that SAARC has turned from defense to offense and launched a counterattack.....

Even so, there were still hundreds of starlight attacks that were not intercepted in time, and they all hit Xuan Mi's clone.....

The power of each starlight attack is no less than a strike from a powerful person in the Eternal Realm, and no less powerful than a strike from the Supreme Saint.....

Those hundreds of attacks gathered together are so powerful that they can destroy the heaven and the earth. Even the most powerful saints will not be able to bear it and will fall on the spot.....

"not good!"

"It's over! It's over!!"

Everyone in the Southern League exclaimed.

Although they didn't know who this strong man suddenly appeared, he was obviously here to help the Southern League... It was a pity that they were not strong enough and did not help that person intercept all the attacks. I'm afraid That man will soon die on the spot.....

After all, even the supreme saints couldn't stop those attacks, unless the heavenly saints took action...

They couldn't believe that in addition to Qin Feng and the shadow clone, there would be a third heavenly saint-level powerhouse in the Southern League.....

Boom~! Boom~! boom~.....

The next second, hundreds of starlights hit Xuan Min's clone... The dazzling white light swallowed up everything, and also swallowed up the figure of Xuan Min's clone.....

The hearts of everyone in SAARC sank!

"Dead! This guy is dead! Ha ha!"

Di Jun and others laughed excitedly.

But within a second, their smiles froze on their faces.....

I saw a flash of golden light, a rainbow light penetrated the white light in the sky, and Xuan Ni's clone rushed over unscathed.....

"This...how is this possible!"、

"Oh my God! This guy is a Heavenly Saint level powerhouse!"

"quick! quick! Start protection mode quickly!"

Dijun Taiyi wanted to stop, but was intercepted by Qin Feng.

At this moment, they could only activate the large formation protection mode in order to block the attack of Xuan Mi's clone.....,, buzz~! Buzz~! Buzz~!

The sky is filled with stars twinkling!

The entire Zhoutian Star Array lit up with a blue protective light shield...

Only then did Emperor Jun Taiyi let out a long sigh of relief.

The Zhoutian Xingdou Formation integrates offense and defense. Its protective light shield is extremely strong and can withstand a blow from a powerful person in the late Heavenly Sage period...

This is where Emperor Jun Taiyi's confidence lies. They don't believe that Xuan Mi's clone can break this formation. Protection... buzz~! Buzz~!

At this moment, Xuan Mi's clone sacrificed Yuantu Abi's double swords.....

The power of the two swords increases dramatically!

Whoa~ a sword light flashed by!

The power of that sword exploded instantly, reaching the threshold of the peak of Heavenly Saint... it stabbed~!

A tearing sound!

The sword light actually cut through the defense of the formation and rushed into the formation...

Poof~! Poof~! Poof~!....

Wherever the sword light passed, it blasted eight people in succession. Three large star flags rolled and fell from the blood mist.....

Xuan Mi's clone waved and took the three star flags into her hand.....

"No~! "

Di Jun's extremely sad and angry roar sounded in the air.

The formation of the Starry Formation this week relies on these star flags. If one pole is missing, the formation will be broken and will never be able to take shape...

Without the blessing of the formation, the momentum of Dijun Taiyi and others has plummeted exponentially.....

"die!"

Qin Feng took the opportunity to activate the Heaven-Destroying Sword Formation. Billions of sword lights shot towards Di Jun and others.....

Bang~! Bang~! Bang~!

With just one encounter, Qin Feng blasted Di Juntai to the point where he vomited blood, rolled over and flew hundreds of millions of miles away.....

There were hundreds of thousands of disciples from the Great Sun Realm who were blasted on the spot and killed instantly, including many from the Eternal Realm.....

Without the blessing of the great formation, Emperor Jun Taiyi's strength dropped to the peak of the Heavenly Saint, and those subordinates were even more unbearable...

So, how could they be Qin Feng's opponents...

This scene made everyone in the Southern Alliance extremely excited.....,

"kill!"

The phantom clone raised its arms and shouted, and 80 million Southern League disciples rushed towards the army of the Great Sun Realm...

A large-scale massacre began vigorously..

Chapter 1032

"kill!"

The phantom clone raised its arms and shouted, and 80 million Southern League disciples rushed towards the army of the Great Sun Realm...

A large-scale massacre began vigorously.....

"Withdraw~! Evacuate quickly~! "

Dijun Taiyi shouted in horror.

Immediately, the two turned around and fled away from Jiutian...

The people in the Great Sun Heaven Realm suddenly had their military morale collapsed, and they fled one after another.....

"snort! Can you escape?"

Qin Feng sneered, wrapped in the light of ten thousand swords, and chased Emperor Juntai.....

Along the way, wherever the sword light passed, thousands of disciples from the Great Sun Realm were killed and turned into energy that filled the sky.....

"kill! Kill me! Leave no one behind!"

Xiao Hongjun shouted excitedly.

He rushed directly towards the Great Rijie camp, like a tiger rushing into a flock of sheep, killing one in one move.....

The phantom clone killed Ji Meng, the three great saints...

The clone of Xuan Mi killed Bai Ze, the three great saints.....

Although these two people are both at the peak of the Supreme Saint cultivating the "403" level, they have no power to fight back in front of Qin Feng's two clones. They were blown to pieces after just a few encounters...

Ziwei Star Master, Pan Zu , Hongyun, Fuzhi, Qinglin, Gonggong, and Jiuyin are all extremely powerful. Once they enter the enemy camp, they are like wolves and rabbits, killing one at a glance, hundreds at a glance, and thousands of opponents are killed. They were easily killed...

Without the support of the great formation and the will to fight to the death, the strength of the Sun Heaven Realm's army plummeted and became vulnerable, and the field turned into a one-sided massacre.....

In just a moment, tens of millions of disciples from the Great Sun Realm died, their blood dyed the sky red, and their screams echoed throughout the world.....

This made those hidden forces dumbfounded.....

"Won! Won! SAARC actually won!"

"Oh My God! Our divine forces actually defeated the Great Sun Realm of the Nine Heavens and Ten Realms! Incredible! It's incredible!"

"Clan leader, it seems that Yingzhao's choice was very wise. He even led the whole clan to join the Southern Alliance. Let's join too. Let's join too!"

"yes! Patriarch, there is no place in the world that is not the land of SAARC. If we don't join, we will be ignorant of current affairs. Maybe we will be treated as aliens and eliminated in the future. Besides, SAARC is so powerful, it is not a bad thing to submit to SAARC....."

"Makes sense! Walk! Let's join SAARC....."

At this moment, similar discussions were heard in every corner of the God Realm...

The great victory of the SAARC made the last group of hidden forces decide to join the SAARC.
.....

This battle also allowed Qin Feng to completely control all the forces in the God Realm.....

At the same time, the screams of Di Jun and Tai Yi continued to echo in the sky.....

The two of them were constantly bombarded by Qin Feng and suffered heavy losses... and system prompts kept coming from Qin Feng's mind.....

"Ding~! Your child (Hongjun) successfully killed the powerful man in the second realm of eternity... The host received 2 trillion karma values (20 million exchange points)....."

"Ding~! Your phantom clone successfully killed the supreme saint (Ji Meng)... The host received 110 million karma points (110 million exchange points)....."

"Ding~! Your Xuande clone successfully killed the extremely holy and powerful person (Bai Ze)... The host received 120 million karma points (120 million redemption points)まゐり.."

"Ding~! Your subordinate (Hongyun) will kill you.....".....辛 In just a moment, Qin Feng received tens of millions of messages, and the number of exchange points reached billions.

On the other side, Emperor Juntai was killed by Qin Feng, and was extremely miserable.....

That Taiyi has the Donghuang Bell to protect his body, and his strength is already stronger, but it is a bit better...

Dijun's Nine Dragon Sword is good at offense but not at defense. If it can prevent the intensive attack of the Heaven-Slaying Sword Formation, it will have been stabbed by the lightsaber long ago. riddled with holes..... suddenly!

Above the nine heavens, Emperor Jun's extremely sad scream rang out!

Qin Feng cut off one of Di Jun's arms with a sword...

The severed arm was still holding the Nine Dragon Sword tightly.....

Qin Feng pointed his sword, and the Four Heaven-Destroying Swords turned into billions of sword lights, smashing the broken arm into pieces and turning it into energy that filled the sky.....

The next second, Qin Feng quickly put away the ball of energy...

That ball of energy was comparable to the combined energy of several extremely holy men.....

"No!"

Di Jun's miserable roar sounded in the air.

Losing the energy of an arm was equivalent to losing tens of trillions of years of cultivation, a huge loss...

Buzz~

The Nine Dragon Sword also screamed at the same time.

It sensed the sadness and despair of its master..The next second, it will be a rainbow light, trying to return to Emperor Jun...

But Qin Feng arrives at the critical moment, grabs the hilt of the sword, and traps him.....

"My sword! My sword!"

Di Jun shouted anxiously

"Brother, go quickly!"

Taiyi anxiously stopped him from running away, not caring about the Nine Dragon Sword.....

Yin ~

The Divine Sword groans sadly, like singing and crying!

The next second, Di Jun lost his sense of the Nine Dragon Sword.

It turns out that Qin Feng sealed and imprisoned the Nine Dragon Sword, completely cutting off contact with Di Jun.....

"ah! My Nine Dragon Sword! I am so angry!"

Di Jun's boundless roar sounded in the air again....., after winning the Nine Dragon Sword, Qin Feng put it away excitedly, and then chased Emperor Juntai again...

The three of them chased and escaped like this, and unknowingly they reached the nine heavens and escaped from the God Realm area.....

Buzz~

Inside Qin Feng's body, the jade certificate of creation made a slight vibration.....

Immediately, the power of heaven and earth attached to him suddenly disappeared...

It turned out that Qin Feng had left the divine world, and the auxiliary role of the jade certificate of creation disappeared.

At this moment, Qin Feng's combat power plummeted to the peak level of Tiansheng.....

"Huh!"

Taiyi noticed it immediately and quickly turned around to fight.

"Boy! Without the Jade Certificate of Creation, let me see what your real abilities are.!"

As soon as the words fell, the East Emperor Bell rang!

The heaven and earth were brilliant, the universe resonated, and all time and space were imprisoned!

"Just in time!"

Buzz~

Qin Feng pointed his sword, and the Heaven-Slaying Sword Formation faced the East Emperor Bell. The two sides fought again and again.....

After only a few rounds, Qin Feng had a slight upper hand...

In fact, the two of them should be equally powerful.

Both of them are at the peak of the Heavenly Saint's combat power, and the holy weapons they possess are also at the Heaven-casting level....., but after chasing them all the way, Taiyi had been injured and his strength had dropped a lot, so Qin Feng had the upper hand.....

"Second brother, let me help you!"

Di Jun roared angrily, his tiger body shook, and a new arm grew out of the broken arm.....

The next second, he rushed over and teamed up with Taiyi to deal with Qin Feng.

Although Di Jun lost the Nine Dragon Sword and tens of trillions of years of cultivation, his strength is still at the peak level of Heavenly Sage.....

After all, he was at the peak of Heavenly Saint before, and he has not yet fallen below that level.

When he and Taiyi joined forces, Qin Feng's pressure suddenly increased, and he gradually fell into a disadvantage...

But not long after, two more figures rushed out from under the nine heavens, it was the virtual shadow clone and the Xuan female clone... 4.0...

Two big points As soon as the body arrived, it automatically merged into one, becoming a stronger clone, the Xuanxu clone, and its momentum surged again, just reaching the threshold of the peak of Tiansheng.....

"Huh! These two guys can actually fit together...."

"Qin Feng, little thief! Who are they to you?"

Di Juntai was shocked when he saw it.

"Ha ha! Of course they are all my younger brothers!"

Qin Feng casually made nonsense

"Don't you only have one younger brother, Qin Lei? Why is there another one?"

Qin Feng sneered: "None of your business!"

Di Juntai was all furious.

At this moment, Xuanxu cloned himself with the sacred weapon Dishu on his head, holding the sacred weapon Abi Yuantu, and killed Di Jun.....

Qin Feng faced Taiyi directly.

The two sides are just above the nine heavens, fighting together..

Chapter 1033

As soon as the battle started, Qin Feng overwhelmed Tai Yi and gained the upper hand.

On the other side, Xuanxu's clone is still no match for Dijun, even with three sacred weapons.

After all, Di Jun is the pinnacle of the Heavenly Saint, seeking to break through the existence of the Quasi-Saint Ancestor.

Even if he lost tens of trillions of years of cultivation and lost the Nine Dragon Sword, he was still not comparable to an ordinary peak Heavenly Sage.

The Xuanxu clone has just reached the threshold of the peak of Tiansheng.

However, the gap between the two sides is not big at this moment, and Xuanxu's clone is only slightly at a disadvantage.

After all, Di Jun is now at the weakest moment in his life.

In this way, both sides are strong and weak.

For a moment, no one could do anything to anyone...

Not long after, under the nine heavens, the army of the Great Sun Realm retreated like a tide.....

The leader is the last supreme saint Yi Bi Fang in the Great Sun Heaven Realm.

"His Majesty! His Majesty! Help us!!" "Save us!"

Bi Fang shouted anxiously as he fled...

Behind him, there were more than 30 million defeated troops.

Behind the defeated army, there were 80 million SAARC led by Hongjun, Ziwei and Hongyun. The army is coming to chase you.....

In fact, more than 60 million disciples of the Great Sun Realm have been killed, leaving only these 30 million remnants.....

When Di Jun saw this scene, he was extremely sad

"quick! You guys quickly escape from the God Realm area! I will cut off my queenship for you! I want to see who among the children of the Southern Alliance dares to step outside the God Realm area!"

Di Jun responded and roared angrily.....

This roar¹³ alarmed the Southern Alliance army and also gave a shot in the arm to the remnants of the Great Sun Realm.....

Di Jun was telling the truth.

He did not dare to fight Qin Feng in the God Realm area, but outside these nine days, he was not afraid of Qin Feng.

What's more, Xuanxu's clone couldn't suppress him.

As long as the people of the Southern Alliance step out of the God Realm area, he has the ability to intercept and kill them.....

"All the sons of SAARC, listen! Stop the chase!"

Qin Feng's order sounded in the field.

He was also worried that something might happen to the children of the Southern League.....

"Just let them run away...."

"Why~! "

Eighty million troops stopped at the border of the God Realm. Looking at the retreating army, they felt regretful but helpless.....

"escape! Run away!"

The defeated army in the Great Sun Realm fled wildly, escaping from the God Realm area in the blink of an eye.....

Just when everyone in the Southern League was feeling sorry for themselves and the defeated army of the Great Sun was rejoicing, thinking that they had escaped with their lives, a sudden change occurred.....

"No one can escape!"

Xiao Hongjun suddenly rushed out of the boundary of the God Realm, opened his mouth and spit out Chaos Beads.....

Buzz~

The Chaos Pearl shines brightly!

Wherever the light goes, it creates endless suction.....

Phew~! Phew~! Phew~!

In an instant, thousands of troops were forcibly sucked into the Chaos Bead.....

In the blink of an eye, more than 30 million troops in the field were defeated, and most of them were sucked in. Only hundreds of thousands of remnant troops were left, stunned in place, obviously shocked by such a change, and did not react for a long time.....

"not good!", Taiyi exclaimed.

He wanted to stop him, but was tightly entangled by Qin Feng.

"you wanna die!"

Di Jun roared, knocked back Xuanxu's clone with a palm, and rushed towards Hongjun.....

Xun Hongjun was horrified. He quickly waved his hand and took the Chaos Pearl back.

At this moment, Di Jun happened to drive Liu....谷.

"Little bastard! Go to hell!". The banging blade joined Xi Dijun's palm and struck it. The force penetrated all directions. The void was shattered for thousands of miles. The power of the palm that destroyed the heaven and the earth was swallowed up by Hongjun.....

"not good!"

"Little Lord!"

Everyone in the Southern League exclaimed.

Hongjun's eyes widened in horror.

His current strength is only half a step closer to the Heavenly Saint, and the gap in strength between him and Di Jun is really too big.....

With this palm strike, he will 90% fall on the spot.....

"baby!"

Ziwei Star Master wailed sadly and rushed out to save Hongjun.

Even though she knew that if she went out, she would die, but as a mother, she was brave. In order to save her child, she could no longer care about so much.....

But at this extremely critical moment, changes are taking place in the field.....

The space around Hongjun suddenly flickered strangely, and the whole person disappeared out of thin air...

Boom~!

Di Jun's palm just happened to take the shot, but it missed...

The whole audience was immediately confused.

Huh! Where are people?

Before Emperor Jun could react, Xuanxu's clone came to kill him, and the two sides fought together again...

At the same time, Qin Feng's majestic voice sounded again

"You allocate one person to clean the battlefield, and the rest go to help Hongjun!"

As soon as these words were said, the senior leaders of the Southern League suddenly realized.

They figured it out. Hongjun suddenly disappeared and was taken into the Great Flood God Realm by Qin Feng...

After thinking about this, Lord Ziwei and others were overjoyed.

"The sons of the Southern League, come with me to help Hongjun!"

Ziwei Star Master waved his hand, and a light door appeared in front of him, which was the entrance to the Great Flood God Realm.....

"Everyone! Let's go help the young master together!"

"Walk! Go help the young master!"

Pan Zu, Fu Zhi, Qing Lin and other high achievers opened the light gates leading to the Great Flood God Realm one after another...

Immediately, the disciples of the Southern League cheered and passed through those light gates and rushed towards the Great Flood God Realm....Zhenji and Jiuyuan took millions of their disciples back to the previous battlefield and began to collect energy and clean up the battlefield.....

In the blink of an eye, most of the Southern League disciples had left...

This strange change made Dijun Taiyi a little confused.

They vaguely felt that the thirty million children who had been taken away were in serious danger.
.....

But they didn't dare to rush into the realm of gods, they could only watch helplessly....

"His Majesty! His Majesty! we...us.....",

Bi Fang's words were incoherent. He was confused by everything in front of him and didn't know what to do.....

"Walk! Hurry up and leave! How long will you stay?"

Di Jun scolded him angrily.

If these idiots don't run away now, if something happens again, he and Taiyi will become bare commanders.

After being yelled at, Bi Fang woke up and quickly took hundreds of thousands of remnant troops. Fleeing in panic towards the Great Sun Realm.....

On the other side, in the Great Flood God Realm.

As soon as Ziwei, Panzu and others entered, they saw the Chaos Pearl hanging high near Buzhou Mountain.....

Hongjun is working hard to control the Chaos Orb to prevent the 30 million people from the Great Sun Realm from escaping.....

"mother! You came just in time!"

Hongjun was overjoyed when he saw Ziwei and other reinforcements arriving.

Ziwei breathed a sigh of relief when she saw that her child was well.

"Hong'er, are you okay??"

"mother! I'm fine! Come with me into the Chaos Pearl and kill those guys...."

"good!"

At that moment, the Chaos Pearl's spiritual light shined brightly.

Hongjun, Ziwei, Panzu and other high-level officials led tens of millions of troops and rushed into the Chaos Pearl...

A moment later, the screams of the disciples of the Great Sun Realm rang out from the Chaos Pearl.
.....

At the same time, the outside world is at the junction of the God Realm and Jiutian.

Qin Feng, Xuanxu's clone and Di Juntai were killed until the sky was dark and the earth was dark.

In the blink of an eye, the two sides fought for several hours, and neither side could do anything to the other... 210...

At this moment, Bi Fang and others were safe and no one was around, and they had escaped without a trace.....

Di Juntai looked at each other and breathed a sigh of relief.

At this point, they are almost done, and they should be able to save Bi Fang and others.

Just thinking about it, an army of hundreds of millions came and only a few hundred thousand escaped. It made their hearts bleed, but there was nothing they could do.....

"Qin Feng, little thief! That's it for today! In the future, we will avenge today's blood and fight you till death!"

Dijun Taiyi exited the battle circle at the same time, leaving behind these harsh words, the two of them turned around and left.....

"Ha ha!! Qin is waiting for you at any time.~! "

Qin Feng laughed and looked at the two people's fleeing figures, but did not pursue them.

He knew that if he chased them, there would be nothing he could do to Di Jun and the other two.

However, he still has a purpose in fighting so far.

Thinking of this, Qin Feng looked towards the direction of the Great Sun Heaven Realm.

Kunpeng had already set out for half a day. With Kunpeng's speed, he would reach the Great Sun Heaven Realm in two days.

It would take at least four or five days for Di Jun Taiyi and his group of defeated soldiers to rush back to the Great Sun Heaven Realm.

After all, Emperor Jun Taiyi had to protect his men all the way back, and those men were not very fast, so the speed of their return was naturally much slower.

And Qin Feng can use the space summons to rush to the Great Sun Heaven Realm one step ahead and take the opportunity to rob... The

Great Sun Heaven Realm is currently guarding an empty space, and there are countless treasures and resources in it. There should be a huge harvest...

Thinking of this , the corners of Qin Feng's mouth curled up slightly, revealing an evil smile..

Chapter 1034

At this moment, Zhenji, Jiuyuan and others had finished cleaning the battlefield and rushed over with happy faces.....

"His Majesty! The harvest this time is so great! My subordinates have collected all the battlefield energy, and a total of 173 bottles have been filled. Look!"

Zhenji waved his hand, and more than a hundred rune jade bottles appeared, all filled with energy.

"Well done!"

Qin Feng was overjoyed and put away the more than one hundred jade bottles with a simple move.

"Your Majesty, I have also collected these formation flags. There are 273 large ones and 9300 small ones....."

Jiuyuan waved his hand, and nearly 10,000 large and small formation flags appeared all over the sky. They were the large star flags and small star flags that formed the star formation in the sky.

"Ha ha! well-done!"

Qin Feng put away the star banners all over the sky with a look of joy.

He had seen the power of the Zhoutian Starry Formation with his own eyes.

If he gathered these banners together and created the Zhoutian Starry Formation, he would definitely be able to conquer the south. The strength of the alliance has been raised to a large level.....

Thinking of this, Qin Feng was very excited.

At this time, spiritual lights flashed around, and Hongjun, Ziwei, Panzu, Hongyun, Fuzhi and others appeared one after another.....

"father! Those 30 million disciples of the Great Sun Realm have been killed by us. This is the energy they transformed into...."

Hongjun took out nearly a hundred rune jade bottles as if they were offering treasures, all of them were filled with energy.

"Hong'er is good! You deserve the greatest credit for being able to leave behind those 30 million defeated troops this time!"

Qin Feng casually put away the nearly one hundred jade bottles.

"Thank you dad for the compliment!"

Hongjun was delighted.

Qin Feng also showed a happy smile.

He was extremely satisfied with this child.

Regardless of his talent, strength, or decisiveness, he was first-rate.

"Your Majesty, there are more than 3,000 poles and flags here, also left by those people....."

Lord Ziwei also casually released more than three thousand spiritual flags, which were the big star flags and the small star flags.....

"good! good!"

Qin Feng nodded repeatedly with satisfaction.

"Your Majesty, as far as I know, the star formation in the Great Sun Realm consists of 365 large star flags and 14,800 small star flags."

Gonggong actively stepped forward to explain.

"oh? Qin Feng suddenly became interested,"Gonggong, look at these more than 3,000 pole formation flags. Are those big star flags and those small star flags?""

Those formation flags are of the same length and size. Only the inscriptions on the flags are different. It is difficult to distinguish at first glance.

Gonggong glanced at the many spiritual flags and said: "Your Majesty, as far as I know, that big star banner is the power that activates the ancient true star, so the image of the ancient true star is engraved on the big star banner. The small star banner is the power that activates the ancient star, and what is engraved on it is the image of the ancient star.....",

"I see!"

Qin Feng waved his hand, and all the nearly 10,000 star flags he had obtained before flew out, mixed with the more than 3,000 star flags in the air...

Then, Qin Feng thought, and the flags moved, and the big star flags and small star flags moved. The flags separated automatically...

When everyone counted, there were 359 big star flags and more than 14,600 small star flags.....

"pity! What a pity!"

After counting the spiritual flags together, we felt extremely regretful.

"yes! The big star flags are still six strokes away, and the small star flags are just over a hundred strokes away. They are just a little short of forming a star formation in the sky....."

"Hey~! If we can also build the Zhoutian Star Formation, then the strength of our SAARC will be greatly increased! pity....."

Everyone felt sorry for him.

The missing spiritual flag had been taken away by Emperor Jun Taiyi's remnant army.

If they want to snatch it, they have to attack the Great Sun Heaven Realm.

But the Great Sun Heaven Realm is the home base of Emperor Jun Taiyi. The two of them can use the power of heaven and earth in the Great Sun Heaven Realm to exert combat power above that of the Quasi-Saint Ancestor, or even stronger.....They want to conquer the Great Sun Heaven Realm. I guess it's a bit of a fantasy.

Of course, at this moment, Emperor Jun Taiyi has not rushed back to his hometown, and the place is still the most empty. A casual move by Tiansheng can sweep across the great sun and heaven.....

"if I get it I am lucky, but if not, it is fate! Let's talk about this star flag thing later!"

After saying this, Qin Feng will put away many star flags

"Father, my child is very interested in the Zhoutian Star Formation. Can you give me this set of star flags to study? I want to see if I can complete the missing star flags....."

Fu Zhi suddenly stepped forward to ask for it.

Qin Feng's eyes lit up. yes!

Fu Zhi is best at formations, and his attainments in formations are no less than his.

What's even better is that Fu Zhi masters the Divine Seal of Destiny and is naturally good at deduction.

At the same time, he also possesses the two spiritual weapons of Hetu and Luoshu, which can peek into the past and future, and assist him in extremely complex deductions...

If anyone in the Southern Alliance has the ability to complete the Zhoutian Starry Formation, except Qin Fengzhi Outside, there is only Fu Zhi.

The rest of the people have nothing to do!

Thinking of this, Qin Feng waved his hand, and more than 10,000 star flags flew towards Fu Zhi.

....

"Since my son has this idea, go ahead and study it! Fu Zhi was overjoyed:"

Thank you very much, Father!""

"By the way, the father suddenly had an idea. If you complete the Zhoutian Star Formation and then refine these star flags into the Hetu Luoshu, you may be able to upgrade your Hetu Luoshu to a sacred weapon, which will have endless uses in the future!

Fu Zhi's eyes lit up:"Hey!" Father, this is a wonderful idea! Hetu Luoshu can transform the Rubik's Cube of the universe and imitate the infinite stars of heaven and earth. It is naturally compatible with the Zhoutian Star Array."

"If the two are successfully integrated, the power of the Zhoutian Star Formation will be increased by another 30%!"

The more Fu Zhi talked about it, the more excited he became, with unlimited expectations in his heart. He couldn't wait to study it right away.

Qin Feng smiled slightly:"Since you are interested, study it carefully later!"

"yes! The child will definitely live up to his father's trust!"

"correct! Kunpeng has been gone for a day, and you have to reorganize your army. Maybe there will be a big battle in two days!"

"yes! Father!"

Fu Zhi respectfully accepted the order.

But everyone was confused.

Didn't they just end the battle, why did theyAfter reorganizing the army, is there still a big war?

These people didn't know that Kunpeng had been secretly arranged by Qin Feng to rush to Dijun Taiyi's lair one step ahead.

Only Qin Feng and Fuzhi knew about this.

After finishing the chores, Qin Feng and Xuanxu's clones returned to the Great Flood God Realm together.

Then, he happily took more than 200 bottles of energy and began to devour and refine it.....

The virtual shadow clone and the mysterious female clone took the Nine Dragon Sword and the Four Zhutian Swords respectively and went to the weapon refining chamber.....

This time, they want to destroy the Nine Dragon Sword, and then integrate its material into the Four Swords of Zhutian to enhance the power of the Sword of Zhutian.....

On the other side, Fu Zhi told several senior officials of the Southern League about Kunpeng.

After hearing this, the senior officials were overjoyed and immediately reorganized their army, waiting for Qin Feng's orders at any time....., at the same time, hundreds of hidden forces across the God Realm are rushing to join the SAARC....., the great victory of the Southern Alliance in this battle completely conquered all the races in the God Realm, and their desire to surrender was unstoppable...

Under these hundreds of hidden forces, there are tens of billions of people in total.....

With the support of so many people, after the war in SAARC, not only did the number of quasi-gods and above not decrease, but the number continued to increase.....

Time flies!

In the blink of an eye, two days passed.

At this moment, nine days away, there is a starry sky in Hongmeng Outer Territory.

Emperor Juntaiyi, leading hundreds of thousands of defeated soldiers, was flying to the Great Sun Realm dejectedly.....

".~Brother, are your injuries okay?"

Taiyi looked at Di Jun distressedly.

At this time, Di Jun's face was extremely ugly.

Just one day ago, he sensed that his sacred weapon, the Nine Dragon Sword, was destroyed, causing him to suffer backlash from the soul and lose tens of thousands more. After billions of years of cultivation, it can be said that misfortunes never come singly.

"Second brother, I'm fine!"

"Brother, be more open-minded! Although your Nine Dragon Sword is lost, with the strength of our Great Sun Heaven Realm, we will soon be able to find a new holy weapon for you....."

"Second brother, I understand! I just can't swallow this bad breath because of my brother!"

"Don't worry, brother! The blood feud between Qin Feng and us will never end. After we go back and repair it, we will look for opportunities to compete with him!"

Taiyi was also full of anger.

This time, the losses in the Great Sun Heaven Realm were too heavy.

Only one of the nine great saints died, only three masters of the eternal realm and above were left, and only a few hundred thousand of the billions of troops were left.....

Just thinking about it makes his heart bleed

"Your two majesties! Do you think Qin Feng will bring someone to chase him?"

Bi Fang suddenly asked in a low voice.

He was frightened by the people from the Southern League.

Hearing this, Di Jun was displeased and couldn't help but sneer.

"snort! Does (Wang Qian's) Qin Feng dare to chase him? Qin Feng could win this battle, but with the help of the Jade Order of Good Fortune. But if we reach our Great Sun Heaven Realm, Taiyi and I can also use the power of heaven and earth in the Great Sun Heaven Realm to exert the strength of the Quasi-Saint Ancestor in the middle stage."

"At that time, as long as he dares to step even half a step into the Great Sun Realm, we will turn him into powder and never expect to come back alive....."

Taiyi echoed:"That's right! I won't easily step into the God Realm in the future, and Qin Feng will not dare to step into our Great Sun Realm, unless he doesn't want to live anymore!"

Hearing this, Bi Fang secretly breathed a sigh of relief.

Dijun Taiyi was not worried about being chased, but their weaker subordinates were still worried.

Bi Fang looked at the direction of the Great Sun Heaven Realm again. It would take about two days for them to reach the Great Sun Heaven Realm.

By then, they will be completely safe.....

But this group of people didn't know that at this time, at the distant border of the Great Sun and Heaven, a divine bird that looked like a fish and a bird appeared with its wings spread for tens of thousands of miles... At this moment, the divine bird looked at the Great Sun and Heaven from a distance, with eyes in its eyes. Glowing with excitement.

This divine bird is naturally Kunpeng.

After three days and three nights of hard work, he finally arrived at the Great Sun Heaven Realm.

"arrive! arrive! finally reached!"

Kunpeng's figure flashed and transformed into the human form of a ten-year-old child.

He looked at the Great Sun Heaven Realm with excitement on his face. From a distance, he could see that in the Heaven Realm, the divine peaks were suspended in the sky, and the spiritual mist was like a ribbon, half wrapped around it. On the mountainside.

In the meantime, there are white-feathered cranes soaring in the sky, and various spiritual beasts jumping over the mountain streams.

Majestic palaces stand one after another, accompanied by the bright rays of the sun, just like a fairyland.

The auras of living creatures among them are countless, and there are countless by visual inspection. Ten trillion.....

Of course, most of these creatures are quasi-gods and below, and most of the quasi-gods and above were transferred away by Emperor Jun Taiyi.

But these creatures with low cultivation levels should not be underestimated. They are the foundation of the future of the Great Sun Heaven Realm, and they are also the hope for the future vitality of the Great Sun Heaven Realm.

Unfortunately, they met Qin Feng

"Tsk tsk!! So many creatures! I wonder how many people will seek refuge with their master? However, even if they are ignorant of current affairs, they can still provide a lot of energy to their owners....."

Thinking of this, Kunpeng took out the communication jade talisman and sent a message to Qin Feng...

Then, he dodged and flew towards the Great Sun Realm.....

On the other side, in the Great Flood God Realm, there is a secret room for refining weapons.

Qin Feng, Xuying's clone, and Xuan's clone are working together to refine the Four Heaven-Slaying Swords.

In the past two days, more than twenty years have passed in the Great Flood God Realm.

Over the past twenty years, Qin Feng has devoured and absorbed all the energy. His cultivation level has reached 54% of half-step eternity in one fell swoop, and his combat power has increased to 700,000 extremes in one fell swoop, surpassing the limit of the peak of the Heavenly Saint.....

In addition, after more than twenty years of sacrifice, 95% of the materials used in the Nine Dragon Sword have been integrated into the Four Heaven-Destroying Swords, and their power has increased by a full 30%...

If fully integrated, the power of the Four Heaven-Destroying Swords would still be There will be improvement...

In addition, the hidden forces in the God Realm have basically joined the Southern Alliance.

This allowed Qin Feng to gain tens of billions of new subordinates, the number of subordinates above quasi-gods increased to 90 million, and there were more than 70 people at the top of the Eternal Realm...

In short, the strength of SAARC has made huge progress. Qin Feng's strength It is progressing by leaps and bounds and improving by leaps and bounds.

He finally established a firm foothold in the God Realm and raised the previously low-status God Realm to the same level as the Nine Heavens and Ten Realms.

Of course, Qin Feng also has his own worries.

One is Emperor Jun Taiyi. The two have a deadly feud and will probably never stop fighting in the future, so he must continue to weaken the opponent's background.

The other one is the even more terrifying Saint Ancestor Guixu.

What he did to Saint Ancestor Guixu will be found out sooner or later.

After all, the Guixu Saint Ancestor is an old monster at the quasi-Saint Ancestor level. Although there are some mistakes in his cultivation, his combat power still reaches more than 3 million, which is not something Qin Feng can deal with.

Of course, as long as Qin Feng stays in the God Realm, he can ensure safety by relying on the Jade Certificate of Creation.

But he will eventually leave the divine realm.

After all, the location of the ancient God Lord's treasure is above the Nine Heavens, and it will be opened in more than thirty years. He cannot miss it.

As long as he misses it, he will have to wait another hundred billion years, or even never wait.

Who can guarantee that the next time the treasure of the ancient God Lord is opened, a successor to the God Lord will not be born?

As soon as the successor of the God Lord is born, all the treasure will belong to the successor, and the secret realm of the treasure will disappear forever.

Therefore, Qin Feng must go to the God Lord's treasure, and it is inevitable that he will encounter the Guixu Saint Ancestor outside the God Realm.

Of course, he still has more than thirty years, and there is still a lot of time that can be used to improve his strength.....

At this moment, inside the secret room of the weapon refining room.

Qin Feng seemed to sense something, his expression moved slightly, and he took out the jade communication talisman.

After reading the message, his face lit up with joy.

Kunpeng finally arrived.

The next second, he put away the jade talisman, turned around, and left the secret weapon refining room...

In the secret room, the shadow clone and the Xuan female clone continued to refine the weapon...

The sacrifice of the Heaven-Slaying Sword had also reached its final moment.....

At the same time, in the Great Sun Heavenly Realm.

A huge red sun hangs high in the sky, exuding endless power of the polar sun, nourishing the entire great sun world.....

At this moment, the Great Sun Celestial Realm headquarters is outside the Sun Temple and in the central square.

More than a dozen half-step eternal experts chatted around an old man in the first realm of eternity.

This time, Emperor Juntai came out in full force.

These people are the top brass of the army left behind.

The old man in the first realm of eternity is the strongest among the left-behind army, which shows the weakness of the left-behind force.

The old man in the first realm was just a manager before, but this time he was able to take on the big responsibility of staying behind, and he was also worried.

"Sir Steward, Your Majesty has led a large army to conquer the Southern League in the God Realm. It has been seven or eight days since they left. Calculating the time, it should be time to start a war with the Southern League. I don't know what the outcome will be?"

A half-step eternal strongman chatted. The manager said disdainfully: "Haha! Is there any need to guess? How can a small force from the God Realm stop our attack from the Great Sun God Realm? Let me see, that little Southern League has been destroyed by your two majesties a long time ago!"

As soon as this was said, everyone agreed. "Of course! The creatures in the God Realm have always been inferior, how can they be compared with our great God Realm?"

"Speaking of which, this is the first time in my lifetime that my two majesties have put up such a huge battle!"

"yes! An army of nearly 100 million quasi-gods and above has taken away more than 90% of the combat power of our Great Sun Realm. Tu really can't figure out what ability the Southern Alliance has to resist? With such combat power, it would be easy to destroy the entire God Realm, not to mention destroying the Southern Alliance!"

"Everyone, we don't need to worry about the war on His Majesty's side, but our defense here is empty. We must be cautious and alert to everything!"

The old man in charge casually reminded

"Your Excellency is right! I was on guard day and night, not daring to relax at all.

The old man nodded slightly: "That's good!" According to my estimate, as long as we hold on for another two or three days, we can wait until the two His Majesty's return in triumph...

Hearing this, everyone showed a knowing smile.

In their view, all this should be taken for granted.

But at this moment, a half-step eternal warrior with sharp eyes saw a rainbow light flying into the airspace of the Great Sun Heaven Realm from nine days away.....

"Huh! Master Steward, look! what is that?"

At this reminder, everyone followed the sound and saw a rainbow light coming quickly.

When they looked carefully, they found that the rainbow light was a ten-year-old child.

The person who came was none other than Kunpeng.

"Huh! It was actually a ten-year-old child! Where did this wild child come from?"

"Deacon Zuo and Deacon Yue, you two intercept the child and ask him where he came from."

"yes! Lord Steward!"

As soon as the words fell, the two half-step eternity deacons flew into the air and met Kunpeng.

These people saw that Kunpeng was young and had no doubts at all.....

In just a moment, the two deacons met Kunpeng at a high altitude.

"Where did the fur baby come from? Stop it quickly!"

"Boy! Make you stop! Stop it!"

The two deacons scolded each other, arrogantly.

Kunpeng frowned slightly:"Noisy!"

The two people opposite were furious.

"Be bold!"

As soon as the words fell, the two of them attacked Kunpeng at the same time.

"court death!"

Kunpeng also took action at the same time.

But the two of them looked disdainful.

How strong can a teenage boy be?

But the next second, the devastating offensive came, and the two suddenly felt that something was not good.

No. When the two people reacted, Kunpeng's attack fell, and two shrill screams sounded in the air...

Bang~! Bang~!

Two muffled sounds!

The two people were exploded on the spot, turning into a mist of blood.....

Below, everyone was shocked when they saw this scene.

"not good! Enemy attack! Enemy attack!"

"quick! quick! Quickly activate the protective formation!"

The old man in charge reacted quickly, yelling in fear while issuing a warning.

Woo~! Woo~! Woo~!

The warning sounds spread to every corner of the Great Sun Realm in an instant.

The garrison troops who stayed in various homes also Reacting quickly, everyone immediately got into position and activated the protective formation...

Buzz~! Buzz~! Buzz!~.....

Formation light pillars shot up into the sky one after another...

In an instant, tens of thousands of formation light pillars emerged, and a protective light curtain covering the sky and the earth automatically formed, shrouding the entire sky of the sun.....

"not good!"

Kunpeng was so anxious that he dived quickly.

Bang~

His extremely hard body hit the guarding light curtain hard, making a dull sound, and was bounced back.....

The protective power of the protective light curtain cannot be broken even by Tiansheng in the early stage. How can he break through it?

Kunpeng couldn't help but frown, feeling anxious.

At this moment, the space behind him fluctuated, and Qin Feng walked out of the void

"Owner!"

Kunpeng was overjoyed when he saw Qin Feng.

Qin Feng stepped forward and pressed the....., click~! Click~! Click~! Cha~!

The huge protective light curtain was shattered by a palm and turned into dust...

Hundreds of millions of screams came from below, and a large number of defenders were shattered through the air and turned into blood mist.....

This terrifying scene made countless creatures in the Great Sun Heaven Realm dumbfounded.

OMG!

What kind of existence is this young man?

He actually broke through the protection of the Great Sun and Heaven Realm with just one palm!

Before everyone in the Great Sun Heaven Realm woke up, Qin Feng made a move, and light flashed in the sky. Tens of millions of Southern Alliance troops appeared densely, all of them were quasi-gods or above.....

"not good! Enemy attack! Enemy attack!"

"This...what's going on? who are they? Who are they?"

At this moment, the Great Sun Heaven Realm was in panic.

Countless creatures looked at the army in the sky in horror.

And everyone in the Southern League looked at this new world, full of rich resources, and their hearts were extremely hot.....

"Those who obey me will live! Anyone who goes against me will die! Do it!"

Qin Feng waved his hand, and tens of millions of troops rushed towards the trillions of creatures below.....

For a moment, the momentum was overwhelming and the sound of killing was loud.

There are trillions of creatures below, but their fighting power is not strong.

When the SAARC army attacked, the scene turned out to be a one-sided massacre.....

Countless screams, roars, and begging for mercy resounded.....

The blood dyed the ground red, and the place quickly turned into a Shura dojo...

Of course, not all the people in the Southern League were killed.

As long as they are willing to sign a contract, those who surrender to Qin Feng can survive...

In short, facing the tiger and wolf troops of the Southern Alliance, those creatures have no power to resist...

In just a moment, there are hundreds of millions of casualties, and tens of millions of surrenders.....

Qin Feng's karma and destiny values are skyrocketing.

This is another crazy harvest of redemption points.....

"Your Majesty, look over there....."

At this time, Gong Gong suddenly pointed at the giant red sun in the sky.

Qin Feng couldn't help but follow the sound.

At this sight, a look of ecstasy appeared on his face.

Ha ha!!

This red sun constantly emits the majestic power of the Yang, isn't it the source of the Yang he needs?

You must know that the second level of his Hongmeng body requires the creation sun body and the creation moon body.

Now, he only has the eternal moon body, and has not even reached the creation moon body. The creation sun body is even more beautiful.

"His Majesty! That sun is the source of the polar sun! It is said that Emperor Jun Taiyi was born from this sun. Because they were conceived from the source of the extreme sun, their physiques are both those of the creation sun....."

Gonggong explained excitedly.

Clearly, his knowledge was extraordinary.

Hearing this, Qin Feng was ecstatic.

If he forcibly refine such a huge source of extreme sun, he would definitely be able to obtain the Creation Sun Body.....

"This thing is exactly what I need! Ha ha!"

Qin Feng looked up to the sky and laughed. He took one step forward and flew towards the red sun..

Chapter 1036

In just a moment, Qin Feng flew in front of the giant sun, transformed into billions of feet, and stood tall in the sky...

But such a huge figure was as small as an ant in front of the giant sun.....

Qin Feng looked up at the giant sun and felt that the source of this extreme source contained the power to destroy the heaven and the earth.....

Waves of rays of extreme Yang power emanated, piercing his pupils and making him almost unable to open his eyes.....

The power of the extreme sun kept coming, scorching his whole body, and the temperature was extremely high...

In just a few seconds, large beads of sweat appeared on Qin Feng's forehead.

You must know that his strength has exceeded the limit of the peak of Tiansheng, and he can't bear the scorching heat of the giant sun.....

"This source of extreme sunshine is so huge!"

Qin Feng sighed, reaching out to the giant sun with one hand.....

Bah~!

There was a sound like water drops falling into a hot iron pot....-.

As soon as Qin Feng's fingers touched the surface of the giant sun, he felt a sharp tingling sensation...

He retracted his fingers reflexively, looked down, and was surprised to find that the skin on his fingertips was burned. It was completely burnt and had a burning smell.....

Qin Feng was surprised and happy.

This giant sun is indeed the source of the polar sun that can give birth to Emperor Jun Taiyi. The power of the polar sun contained in it is almost endless. It is a huge treasure!

But then, he felt a little worried again.

Although the source of the extreme sun was placed in front of him, it was simply impossible for him to refine the entire thing and take it away.

Even if he touches it, his fingers will be eroded by the purest power of the Yang, let alone moving.
.....,

What's more, this source of extreme sunshine is so huge that even if he can touch it, he may not be able to move it.

Having said that, not to mention that Qin Feng couldn't refine this giant sun, even Emperor Jun Taiyi couldn't refine it.

Even if the two of them were born from the giant sun, they are not afraid of any damage from the giant sun, and they can absorb the power of the extreme sun emitted by the giant sun at will, but they cannot refine the giant sun.....

But if the giant sun is not refined, Qin Feng is a little unwilling

"correct!"

Suddenly, Qin Feng's heart moved, and he opened his mouth to inhale the giant sun...

The next second, the endless power of the extreme sun poured into his mouth, and his momentum suddenly surged.....

"Ding~! Congratulations to the host for swallowing a large amount of the power of the polar sun.....Your combat power increases by 01,000 poles...."

"Ding~! Congratulations to the host for swallowing a large amount of the power of the polar sun.....Your combat power increases by 01,000 poles...."

"Ding....."

"Ding~! Congratulations to the host for swallowing a large amount of the power of the polar sun.....You have obtained the body of Japan and Germany, and your combat power has increased by 710,000 points....."

Qin Feng was overjoyed.

It is good to have a sufficient source of extreme sunshine.

In just a moment, he obtained the body of Japan and Germany.

At the moment, he continues to swallow the power of the extreme sun.....

At the same time, the bloodbath in the Great Sun Realm continues...

The Southern Alliance army has slaughtered nearly 100 billion Great Sun Realm creatures, and the number of prisoners has reached more than 70 billion...

Qin Feng's exchange points are soaring all the way.....

The combat power he received in return also continued to skyrocket.....

But on the other side, Emperor Jun Taiyi was leading hundreds of thousands of remnant troops, rushing back to the Great Sun Heaven Realm.....

Suddenly, a message came from Di Jun's communication jade talisman.

He quickly took it out and took a look.

Seeing this, his expression suddenly changed.

"Brother, what's wrong?"

"look by yourself!", Di Jun was so angry that his hands were shaking.

Taiyi quickly took the jade talisman and looked at it

"Who...who are these people?! Who is it?!"

After reading it, Taiyi roared in anger.

"Your Majesty, what happened?", Bi Fang hurriedly stepped forward to ask

"A group of people took advantage of the empty defense of our Great Sun Realm and invaded our territory. They are now killing the creatures of our Great Sun Realm.....",

Jun casually put away the communication jade charm

"ah?" Bi Fang's face changed greatly, Your Majesty, who are they? Is it the other eight-day-ten forces?" Three. "I don't know!" Di Jun shook his head, "They did not declare their homes, and the garrison who stayed behind could not recognize them. the details....."

Before he finished speaking, Taiyi suddenly thought of something and his face changed drastically.

"not good! Brother, our sacred fusang tree!"

Hearing this, Di Jun's face instantly turned ugly.

There are countless resources in the Great Sun Heaven Realm, but there are only two most precious ones.

One is the giant sun that contains the endless power of the polar sun.

The other is the spiritual root of heaven and earth - the Fuso Sacred Tree.

They They are not worried about the Giant Sun, because no one can refine the Giant Sun, not even the Holy Ancestor. What they are worried about is the Fuso Sacred Tree, which is the key to their promotion to the Quasi-Saint Ancestor.

"not good! Fuso sacred tree!"

Di Jun screamed and transformed into the original form of the three-legged golden crow.

The next second, he used the technique of golden crow to transform into a rainbow, turned into a rainbow light, and rushed towards the Great Sun Heaven Realm...

Taiyi followed closely..The two of them were hundreds of millions of miles away in the blink of an eye, and soon disappeared from the sight of all their subordinates.....

Bi Fang and others were left confused.

In order to protect the Fuso Sacred Tree, they no longer care about these subordinates.

After all, the Fuso Sacred Tree is more precious than these subordinates!

"Lord Bi! What do we do now?"

All the disciples of the Great Sun Realm looked a little confused.

"Let's keep walking! There should be no SAARC pursuers behind!"

Bi Fang looked back and saw that the void behind him was empty.

In fact, the battle in Southern League had already frightened them.

I think they had been on the run for two days, so they should be safe.

Hearing this, all the subordinates were a little surprised. relieved

"Let's go! Let's get on the road quickly. The sooner we get to the headquarters, the safer it will be.
...."

"yes! I don't know who invaded our headquarters. Could it be that the news about the overwhelming number of people in our Great Sun Heaven Realm was leaked by an insider? Otherwise, even if the people from Nine Heavens and Ten Domains learned about it, they wouldn't have arrived so quickly?"

"hehe! Not much to say, when the two majesties arrive, all the truth will be known!"

"That's right! With the speed of the two majesties, flying at full speed, they can get back to the headquarters in less than a day....."

Bi Fang and others were chatting while rushing to the Great Sun Heaven Realm.....

On the other side, in the Great Sun Heaven Realm.

At this moment, the SAARC army has massacred hundreds of billions of people from the Great Sun Realm, and the number of prisoners is close to 100 billion.....

Qin Feng's exchange points have soared and have accumulated to tens of billions.....

At the same time, he was constantly devouring the power of the extreme sun, and his momentum skyrocketed crazily, and his combat power had increased to 730,000 extremes.....

"Ding~! Congratulations to the host for swallowing a large amount of the power of the polar sun.....Your eternal sun body is successfully promoted to the creation sun body, and your combat power is increased to 750,000 extreme powers....."

Ha ha!! Success!

Qin Feng is ecstatic!

He absorbed a large amount of the power of the extreme sun, making the giant sun shrink a circle!

He finally obtained the Creation Sun Body and reached the limit of tempering by the power of the extreme sun.

Now, he possesses the Hongmeng Body (the first stage), the Creation Sun Body and the Eternal Moon Body.

If he also promotes the Eternal Moon Body to the Creation Moon Body, he can promote the Hongmeng Body to the second stage, and then his strength will undergo earth-shaking changes.

Thinking of this, Qin Feng felt happy.

The next second, he stretched out his big hand again and touched the surface of the giant sun.....

When his fingertips touched the giant sun, there was no burning sensation like last time. Instead, it was as if he had stretched into a warm air mass. The warm air flow continuously penetrated into his skin and moisturized his limbs. I feel very comfortable.....

Obviously, after he obtained the Creation Sun Body, the giant sun no longer harmed his physical body, but instead had a nourishing effect. It felt very wonderful!

"Huh! This is....."

Qin Feng fumbled with his hands for a while, and was surprised to find that the surface of the giant sun was like a mist, with no real surface.

As soon as he thought about it, he took a step forward.

Then, he completely penetrated into the sun.

The next second, Qin Feng's eyes lit up, and now he entered a world filled with golden light, enclosed on all sides, as if he were inside a huge golden egg.

In the center of the world, there is a dark golden sphere suspended with a diameter of ten thousand feet, like an egg yolk, exuding extremely pure polar power, which is more than ten times purer than the polar power emitted from the surface of the giant sun.....

What's even more surprising is that the dark golden sphere is covered with strange lines, naturally forming strange restrictions, which are somewhat similar to the eternal restrictions of holy weapons...

Eternal restrictions are the standard for holy weapons.

The cauldron-level holy weapon has thirty-six levels of eternal restrictions, symbolizing the thirty-six heavens... The casting-level holy weapon has forty-nine levels of eternal restrictions, symbolizing the forty-nine levels of heaven...

The creation-level holy weapon has fifty levels of eternity. The prohibition symbolizes the fifty-fifty avenue, which is for perfection.

Qin Feng was surprised to find that the restrictions on this dark gold ball had fifty levels, but they were not the eternal restrictions of the holy weapon, but they were somewhat similar and extremely extraordinary.

"Could it be that this is the core of the giant sun? As long as I refine this core, does it mean I have refined the giant sun?"

Qin Feng guessed in his mind.

Then, he moved his eyes downward and saw three huge nests directly under the dark gold ball, which seemed to be bird's nests.....

In two of the nests, the eggshells have been broken, and the life inside the eggs has already been gestated.

Obviously, those two are The Golden Crow's Nest that bred Emperor Juntaiyi.....

But when Qin Feng's eyes fell on the third nest, he was shocked.

Inside the nest, there is a golden divine egg lying quietly, covered with natural spiritual patterns, accompanied by purple rays of light, shining brightly and extremely noble.....

But at this moment, the breath of the divine egg is extremely weak, and there are many cracks on the surface of the egg shell, which seems to have been damaged by external forces...

It seems that the divine egg has been damaged by external forces, causing its breath to be extremely weak and in a state of frequent death.....

Qin Feng looked at three more bird's nests. The third bird's nest was obviously larger, higher in position, and closer to the dark golden ball. It was obviously higher than the other two bird's nests...

Could it be that three golden crows were originally born in the sun? , not two golden crows, but Emperor Juntai broke out of the shell first.

I don't know what happened, but the shell of this third stronger Golden Crow egg was damaged and had numerous cracks, causing the vitality to continue to drain. Now it has fallen into a state of frequent death...

Thinking of this, Qin Feng suddenly became interested. Stride towards the Golden Crow Egg..

Chapter 1037

After a few steps, Qin Feng stepped into the third Golden Crow's nest and walked to the Golden Crow egg...

Buzz~

The Golden Crow egg seemed to sense his arrival, and the accompanying purple glow became It became brighter, and the natural spiritual text on it also turned golden.....

Immediately, an extremely weak spiritual thought emanated from the Golden Crow Egg and actively communicated with Qin Feng.....

"help me! help me! Break the formation! Break the formation!"

At this moment, Qin Feng's mind heard the cry for help from the Golden Crow Egg.

He was very surprised, and quickly looked at the Golden Crow Egg carefully, and found that there was an inconspicuous ancient rune array under the divine egg. Continuously absorbing the vitality of the Golden Crow Egg from the cracks of the Golden Crow Egg...

Then, the ancient rune array will transform the absorbed vitality into the pure power of the polar sun, feeding back to the surrounding world.

Seeing this, Qin Feng An thought that the people who set up the formation were really vicious. They were clearly trying to destroy the Golden Crow Egg and let it return to the source of the extreme sun and turn into nothingness..."Four Sixty"..."

"help me! help me....."

The spiritual thoughts in the Golden Crow Egg are very weak, but they are fluctuating very intensely at this moment.

As if it had found a life-saving straw, it kept sending distress messages to Qin Feng and had a strong will to survive.....

"Who made you like this?", Qin Feng tried to find out

"It's...it's Dijun and Taiyi...."

The spirit of the Golden Crow Egg fluctuated weakly.

Qin Feng nodded slightly, not surprised.

The interior of this giant sun is the birthplace of Emperor Jun Taiyi and their true home base.

Under the Holy Ancestor, the only people who can enter this place unscathed are the strong ones with the Creation Sun Body.

As far as Qin Feng knows, among the heavens and the ten realms, the only ones under the Holy Ancestor who have the Creation Sun are Di Jun and Tai Yi.

In other words, except for Di Jun and Tai Yi who have the opportunity to do something, there is really no way for anyone else to do something about this Golden Crow Egg.....

As for the Saint Ancestor level powerhouses (sixth realm), they are all old monsters who have lived through countless calamities and witnessed the recurrence of all realms. They would not bother to attack a Golden Crow Egg.....

"strangeness! The three of you are all born from the source of the extreme sun, and you are truly a compatriot, so why does Emperor Jun Taiyi want to harm you?"

Qin Feng continued to ask.

"Your Excellency, you don't know something. They are really jealous....."

At that moment, the Golden Crow Dan informed the cause and effect of the matter.

It turns out that the source of the polar sun that condensed into a giant sun has experienced countless calamities and witnessed countless reenactments of the heavens and worlds, and finally gave birth to three incomparably noble Golden Crow eggs in this era.

Of course, the talents of these three golden crow eggs are different. The later they are born, the higher their talent potential.....

There is not much difference between the first and the second. The third has the highest talent potential, obviously surpassing the first two.

The first one is Dijun, and the second one is Taiyi.

The two were born first and hatched first. The three-legged golden crow is the innate holy spirit and possesses innate wisdom.

Soon after Juntai was born, he realized that after the birth of the third Golden Crow, no matter the talent or strength, it would be far superior to them... At that time, the masters of the heaven would not be them, but the third one. Golden Crow....., this thought made the two of them jealous, so they simply destroyed the third Golden Crow Egg, and arranged an ancient rune array to continuously draw its vitality, turn it into the power of the extreme sun, and let it return to nothingness...

Fortunately This Golden Crow Egg was born from the source of the Extreme Yang, and it took countless years to create it. It will not take a while for it to return to the power of the Extreme Yang.

Therefore, this Golden Crow Egg has gone through countless years and has not completely died. When it encounters Qin Feng, it still has a glimmer of life left.....

"hehe!! This Emperor Jun Taiyi is really vicious, and he treats his brothers and compatriots so ruthlessly!"

Qin Feng couldn't help but sneered.

"Please...Your Majesty...save my life...."

Golden Crow Egg asks for help again

"Although I despise what Emperor Jun Taiyi did, I can't find a reason to save you.....

"I just want...your Excellency to save my life, and I will be rewarded in the future....."

Golden Crow Egg begged.

It has reached the end of its life. If no one comes to save it, within a thousand years, it will completely turn into the power of the polar sun and disappear... You know, it has been waiting for people to save it for countless billions of years....Qin

Feng is the only third person it sees besides Di Jun Taiyi. It doesn't want to miss anything.....

"The future is too vague, I am more concerned about the present.....", Qin Feng smiled faintly

"this.....", Jinwudan was a little anxious, "Well, let's do this. As long as you save my life and promise to help me avenge and kill Emperor Jun Taiyi in the future, I am willing to recognize you as my master now!"

Qin Feng was overjoyed:"Okay!"

He said This is what I was waiting for.

He already had a grudge against Di Jun Taiyi, so it was just a matter of course to avenge the Golden Crow Egg.

If so, you can take this Golden Crow Egg as your pet and have one more capable subordinate in the future.

"Thank you...ge...for never giving up! It's just...it's...it's just that Emperor Juntaiyi is already at the peak of Heavenly Saint, and you are only half a step into eternity. It will be extremely difficult for you to avenge me in the future. You promised me this...."

Golden Crow Egg seems a little worried.....,

Qin Feng smiled slightly:"Although I am not high in cultivation, I still have some means. Otherwise, how could I enter this giant sun?"

Golden Crow Dan suddenly said:"That's right! You can achieve eternity in half a step. With your cultivation level, stepping here means that you are at least the Creation Sun Body, and your energy and blood are so young, and your talent and potential are far stronger than that of Emperor Jun Taiyi....."

Having said this, Golden Crow Dan sighed, his spirit fluctuating slightly with excitement.

In its view, being able to recognize an outstanding genius like Qin Feng as its master does not insult it at all. Instead, it gives it hope of revenge.....

"Friends, let's sign the contract quickly. If we wait for Emperor Junta to come back, everything will be too late....."

Jinwudan suddenly thought of Emperor Juntaiyi and couldn't help but become anxious.

"good!"

Qin Feng thought the same thing.

Dijun Taiyi should have received the news about the invasion of the Great Sun Realm and was on his way back.

He'd better finish these trivial matters early.

At the moment, Qin Feng cut his fingertips, used the blood as a guide, and drew the contract runes on the eggshell...

The runes were completed, blooming with purple-gold light, and integrated into the dome at a speed visible to the naked eye...

Next In just one second, Qin Feng and Golden Crow Egg had a spiritual resonance, and the intimacy between the two increased rapidly.....

"Ding~! Congratulations to the host for receiving the innate holy spirit and one or three golden spirits (Lu Ya)... as new battle pets... currently not hatched... not showing much fighting power...

Hey! It turns out that this guy is Lu Ya!

Qin Feng was overjoyed and couldn't help but reveal a smile.

He vaguely remembered a sentence from Chapter 3.9: First there was Hongjun and then there was Tian, and Lord Lu Ya was even more ahead.

Now, Hongjun has become his child, and Lu Ya has become his pet.

As a former Earthling, he still remembered another rumor that Lu Ya was the tenth son of Emperor Jun.

This is obviously wrong!

If this is the case, it shouldn't be like this: Hongjun comes first and then Tian, and Lord Lu Yadao comes first.

How could Emperor Jun's tenth son be born earlier than Hongjun?

Perhaps there is a possibility that the tenth son of Emperor Jun was taken away by Lu Ya. Only in this way can it be explained, and it also coincides with retribution....., in short, Lu Ya's origin has always been extremely mysterious, and his future strength will also be extremely extraordinary....., thinking about this, Qin Feng looked forward to the birth of Lu Ya even more.....

Then, he began to take action to rescue Lu Ya..

Chapter 1038

Qin Feng waved his hand, and dozens of golden lights shot out towards the rune array.....

Click~! Click~click~click. There was a series of crisp sounds, and the rune array was broken and immediately collapsed.....

This is not a complicated formation, and it is not difficult to crack.

As soon as the formation was broken, Lu Ya's flow of life immediately stopped.....

"The formation is broken! broken! Thank you master! Thank you master!" Lu Ya was very excited.

Qin Feng could hear that his tone was very weak. It was obvious that the loss of life was too serious and he needed treatment.....

"Lu Ya, I will help you again!"

Qin Feng cut his fingertips and popped out a drop of blood essence. It fell on the egg shell...

Then, the purple-gold blood essence was completely absorbed by the Golden Crow Egg at a speed visible to the naked eye, and Lu Ya's vitality began. Skyrocketing all the way.....

"Hey~ Master, your essence and blood aura is so strong! If my assessment is correct, the quality of your essence and blood is dozens of times more powerful than that of Emperor Jun Taiyi, and is comparable to the holy blood....."

Lu Ya's tone was full of boundless surprise.

You know, the so-called holy blood refers to the blood essence of the holy ancestor.

Only the essence and blood of the Holy Ancestors are qualified to be called Holy Blood, not even the quasi-Saint Ancestors.

Because after the cultivation level breaks through to the realm of the Holy Ancestor (the sixth realm of eternity), its blood will undergo earth-shaking evolution, containing boundless vitality, capable of reviving human flesh and bones, and is a life-saving and healing medicine, so it is called holy blood...

In addition, some people with super strong physiques have extremely strong vitality in their blood, but no matter how strong it is, it cannot be stronger than the blood of the Holy Ancestor.

It's just that Lu Ya didn't expect that Qin Feng's physique was so excellent. It was unprecedented and unprecedented. Even the ancient God Lord was far inferior. This made Qin Feng's blood essence quality reach the level of the blood of the Saint Ancestor...

Lu Ya The more I thought about it, the more shocked I became, thinking to myself what a monster master I had met. With only half a step of eternal cultivation, the quality of blood essence was so high, and the potential was unimaginable.....

"It seems that one drop of blood is not enough...."

Qin Feng flicked his index finger, and three more drops of blood flew towards the Golden Crow Egg...

He could feel that Lu Ya's aura was still very weak.....

In just a moment, the Golden Crow Egg sucked up all the essence and blood, and the cracks in the eggshell healed at a speed visible to the naked eye.

And Lu Ya's vitality surged several times in a moment, reaching its peak.....

"Enough...enough! enough! Thank you so much, Master, for your kindness!"

Lu Ya was so excited that his voice was trembling.

He originally thought it would take him tens of thousands of years to regain his vitality.

But he didn't expect that Qin Feng only used four drops of blood to make him recover instantly, which shocked him At the same time, I am even more grateful to Qin Feng from the bottom of my heart.....

After Lu Ya was nourished by Qin Feng's essence and blood, the intimacy between the two parties also increased a lot, which made Lu Ya even more devoted to Qin Feng and willing to fight to the death.....

"Master, Lu Ya's vitality has been restored to perfection, and he can now hatch out....."

Lu Ya told him excitedly.

According to normal progress, he would have been hatched and born trillions of years ago. ㄟ Because he was persecuted by Emperor Jun Taiyi, he was unable to hatch.....Once his vitality is restored, the hatching conditions will be fully mature and he can hatch out immediately.....

"very good!"Qin Feng was also overjoyed. ㄗ.

"Then you can hatch it yourself. I will study this dark gold ball...

After saying that, Qin Feng looked up at the dark gold ball in the center of the world and looked at the fifty layers of strange restrictions on it.....

"Master, that is the Extreme Yang Core!"

"Um? Do you know much about this?"

"Master, I am the innate Holy Spirit and possess innate wisdom. What's more, I, Dijun, and Taiyi were born from this extremely yang core. Master, do you want to refine it?"

"I have this idea..."

"Master, after refining this Extreme Yang Core, you will be able to completely control the Extreme Yang Sun....."

"A very sunny day?"

"This is the sun where you are now. This thing is strange, it has the same effect as the spiritual roots of heaven and earth, and it also has the same effect as the creation-level holy artifact. To put it bluntly, it is a special existence between the spiritual root of heaven and earth and the sacred artifact of creation, and the three can be considered to be on the same level..."

Qin Feng's eyes lit up:"Hey! Are you saying that the spiritual roots of heaven and earth and the sacred artifacts of creation are equal entities?"

"That's right!"

Lu Ya continued to explain:"When heaven, earth and all realms repeat themselves, everything will return to nothingness and turn into chaos. Only the spiritual roots of heaven and earth will not be destroyed. Therefore, integrating the soul into the spiritual roots of heaven and earth is the key to breaking through the quasi-saint ancestor, and also The key to eternity..."

"It's just that the world doesn't know that the Creation-level holy artifact also has the same magical effect. It can also integrate the soul and help people break through to the quasi-saint ancestor. It's just that this is more difficult, so more people choose the Heaven and Earth Spiritual Root....."

"After all, the power of the creation-level holy weapon is extremely terrifying. Even the saint ancestors cannot do it if they want its spirit to surrender and recognize its master, let alone those who are at the peak of the heavenly saints. Therefore, most practitioners do not use this method. Over time, people who know it will also Just less...."

"In addition to these two methods, there is also an innate creature that can also help people break through the Holy Ancestor"

"For example, this extremely yang day is an innate creation. If the master refines the core of Extreme Yang, it is equivalent to refining the Sun of Extreme Yang. In the future, when you break through to the realm of Quasi-Saint Ancestor, you will no longer have any bottlenecks...."

Hearing this, Qin Feng was overjoyed and looked at the Ji Yang Core with brighter eyes...

But at this moment, Lu Ya sighed again:"However, it is too difficult to refine the Ji Yang Core!"

"oh? How difficult is it?"

"It is a hundred times more difficult than sacrificing and refining the spiritual roots of heaven and earth, and ten times more difficult than obtaining the approval of the Holy Artifact of Creation. It can be said to be the most difficult of the three methods to break through the quasi-saint ancestor."

Qin Feng nodded slightly:"If it were easy, I'm afraid Di Juntai would have refined it long ago. Then do you know what conditions are needed to refine it?"

"Master, if you want to refine the Extreme Yang Core, you must have the cultivation of the Saint Ancestor Realm plus the Creation Sun Body. Only such a physique can be recognized by the Extreme Yang Core."

"anything else?", Qin Feng asked again.

Although he has the Creation Sun Body, his cultivation is only half a step into eternity, and he is too far away from the Saint Ancestor Realm.

"Another condition is that regardless of realm, that person must master the power of extreme yang and the power of extreme yin at the same time. Use the combined power of yin and yang to refine, and you can also refine the core. Perhaps it is the principle of yin and yang....."

"But we all know that this is absolutely impossible. Yin and Yang can be combined, but extreme yang and extreme yin represent the two extremes of things and cannot coexist in the same person."

"Therefore, a person who possesses the Creation Sun will never be able to possess the power of extreme yin. This method can only be a hypothesis, no...impossible...Hey! my god.."

Lu Ya became mute halfway through speaking.....

His mental thoughts clearly scanned that Qin Feng had flown to the core of Ji Yang's heart, and he was sealing seals with both hands. The power of Ji Yang 607 and the power of Ji Yin poured out from his fingertips, constantly refining his heart. nuclear.....

The first level of innate restriction in the Extreme Yang Core has already lit up with a dazzling white light...

In just a moment, the first level of restriction was refined, and then the second level of restriction began to shine...

In this scene, Lu Ya was completely dumbfounded...

Oh my god!

The master actually mastered the power of the extreme sun and the power of the extreme sun at the same time. How did he do it?

Doesn't it mean that yin and yang can be combined, but extreme yang and extreme yin cannot coexist?

Lu Ya was extremely shocked in his heart and couldn't help but shut his mouth, not daring to say another word....., he naturally didn't know that Ji Yang and Ji Yang cannot coexist, but Qin Feng's physical strength also has a third mysterious force, that is the power of Hongmeng (the first stage)

The power of Hongmeng reconciled it, allowing the power of extreme yang and yin to coexist peacefully and transform into each other continuously...

In this way, Lu Ya looked at it coldly for a quarter of an hour, and Qin Feng also understood and refined the second level of restriction. , start refining the third level.....

It's just that the time required to refine the second level of prohibition is several times that of refining the first level... The refining of this restriction is inherently more difficult to refine as it progresses...

However, Lu Ya can also see that the master should It is capable of completely refining the core of Jiyang.

He was filled with envy and admiration when he thought that his master had refined his heart core and mastered the Sun of the Extreme Sun. He would no longer be able to break through the bottleneck of the Quasi-Saint Ancestor and his strength would skyrocket.....

At that moment, he also put away his thoughts, fell into a deep sleep, and began to incubate himself...

Chapter 1039

Time flies!

In the blink of an eye, six hours passed!

The Southern Alliance army finally completed its conquest of the Great Sun Realm, killing trillions of those who refused to surrender and capturing more than 700 billion of those who surrendered. Among them, the number of quasi-gods and above reached more than 10 million...

In this way, the number of Southern Alliance quasi-gods and above After several battles, the number of the army has not decreased, but has increased from more than 80 million to 100 million.

This greatly increased the overall strength of SAARC, and also gave Qin Feng a lot of feedback.
.....

And Qin Feng obtained countless exchange points, and his harvest was overwhelming.....

After the conquest was completed, Lord Ziwei arranged for the captives to be settled in the Great Flood God Realm.....

Under the leadership of Hongjun, the SAARC army began to plunder the resources of the Great Sun Realm.....

This search is full of surprises.

The resources of the Great Sun Realm are so abundant!

In just a moment, the SAARC army harvested a lot of money. Everyone was overjoyed and searched more actively.....

At the same time, inside the Extreme Sun.

Qin Feng is refining the prohibition of Jiyang core.

He has been refined to the twenty-seventh level of prohibition.....

The further back this restriction goes, the more difficult it will be to refine.

Of course, if the refiner is stronger, the refining speed will also increase.

With the Southern Alliance's conquest, he received a large amount of combat power in return, and his combat power has been increased to 780,000 poles, which has increased his refining speed a lot.

But this speed increase is still a drop in the bucket and there is no substantial change.....

"The further this restriction goes, the harder it will be to refine it! This can't go on like this!"

Qin Feng looked at the remaining twenty-three levels of restrictions and felt a little anxious.

According to the current progress, it will take more than ten hours or even longer for him to completely refine the Extreme Yang Core.....

But in more than ten hours, Emperor Jun Taiyi will definitely rush back.

At that time, Emperor Juntaiyi will use the power of heaven and earth in the Great Sun Realm, and his strength will increase dramatically. He is definitely no match, and he can only retreat... In that case, all his previous efforts will be wasted.

Thinking of this, Qin Feng started to get anxious...

Click~! Click~! Click~! Click~!

At this moment, the Golden Crow Egg next to him heard a cracking sound, and streams of majestic momentum soared into the sky from the cracks in the eggshell...

Crack~!

Another crisp sound!

A three-legged golden crow, radiating golden light all over its body, broke out of the golden egg and flew into the sky.....

"Ding~! Congratulations to the host. Your battle pet (Luya) hatched and reached the early stage of cultivation as a Heavenly Sage.....The host has received a large amount of combat power in return... Your combat power has been increased to 900,000 extremes..."

Boom~!

Qin Feng's tiger body shook, and his whole body's aura increased dramatically.

At the same time, His refining speed doubled!

In the blink of an eye, the twenty-seventh level of restriction was completed, and the twenty-eighth level of restriction began to shine.....

This time, his strength has greatly increased, and the speed of refining the restriction has doubled.

According to this progress, maybe he will be able to refine the Extreme Yang Core in six or seven hours.....,

Qin Feng was ecstatic.

Ouch~

A cheerful bird song!

The three-legged golden crow circled Qin Feng very happily, and turned into a young man named Yun who wore gold on his head and royal robes and had an extremely noble temperament.

This young man looked about twelve or thirteen years old, but his temperament was quite different. More noble than Dijun Taiyi, obviously more talented and potential.....Pass~! District. The young man with the golden crown suddenly knelt down in front of Qin Feng. No

"Thanks to the owner for recreating Lu Ya!"

Lu Ya cupped his hands and clenched his fists, his face filled with gratitude.

"good! good!"

Qin Feng nodded happily, secretly thinking that Lu Ya was worthy of being an innate Holy Spirit. He was in the early stage of Heavenly Saint when he was born.

In fact, when Emperor Juntai was born, his cultivation was at the peak of Extreme Saint, and he had not yet reached Heavenly Saint.

The talent and potential of the two of them are not as good as Lu Ya's, which is why they are jealous.

Of course, although Lu Ya's talent is very high, it is not as good as Hongjun's.

Lu Ya is an innate Holy Spirit, so his starting point is extremely high. His talent and physique are far behind Hongjun's, and he is far inferior to Qin Feng, but he is much stronger than Kunpeng and Hongyun.

In short, Lu Ya is Qin Feng's first Heavenly Saint-level subordinate. He is extremely satisfy.....

"Get up!"

"Thank you master!", Lu Ya stood up respectfully.

Buzz~

Suddenly, Qin Feng and Lu Ya's hearts palpitated at the same time.....

"Ding~! It was detected that the host's battle pet (Luya) has an associated small universe.....Its small universe automatically transforms into the host's small world, and the creation progress of the host's Great Flood God Realm increases.....The host's combat power is improved...."

In an instant, Qin Feng's combat power increased again, and his refining speed also increased simultaneously.

He was overjoyed.

Sure enough, extraordinary creatures are all extraordinary, and they all have an accompanying universe when they are born.

This was the case for Kunpeng, Hongyun, Lu Ya, and Hongjun...

At this moment, the surrounding space shook continuously, and the shadow clones and Xuan female clones walked out of the void one after another.....

"who are you?!"

Lu Ya was shocked and looked at the Phantom Clone and Xuan Ming Clone with a wary expression...

This place is inside the Extreme Sun, and no one can enter without the Creation Sun.

These two people appeared strangely, which shows that they They all possess the Creation Sun Body.

The Creation Sun Body is an extremely noble physique. It ranks first among many Creation Bodies along with the Creation Moon Body. Logically speaking, it is difficult to have several creation bodies in an era.....

But now, besides Qin Feng, why did two more people appear at once?

When did the Creation Sun become so worthless?

Lu Ya reacted very quickly and was immediately in front of Qin Feng.

He does not allow anyone to disturb the master's refining.....

But the next second, he was horrified to discover that the auras emitted by the Phantom Clone and Xuan Ming Clone had both reached the level of the late Heavenly Sage, and were both much stronger than him.

His face suddenly changed slightly and he felt a little flustered.

At this moment, Qin Feng's voice sounded in Lu Ya's ears

"Don't panic! thisAll of them are clones of me!"

"ah?! Is...is your clone?", Lu Ya was a little confused.

At this time, the virtual shadow clone waved his hand, and the Four Zhutian Swords and the Zhutian Formation flew towards Qin Feng, and automatically merged into Qin Feng's body...

Qin Feng's face also showed a happy look.

In the virtual world With the efforts of the Shadow Clone and Xuan Ming Clone, the refining of the Heaven-Destroying Sword has been completed, and the material made from the Nine Dragon Sword has been completely integrated into the Four Swords.

He clearly sensed the quality of the Four Heaven-Destroying Swords and the array. They have all been greatly improved, and his power will definitely increase greatly.

This will greatly improve his overall strength.

After watching this scene, Lu Ya couldn't help but swallowed.

These two guys are indeed the master's clones!

I still underestimated my master.

Just a clone, he was much stronger than him. At this moment, Lu Ya's arrogance hidden in his heart suddenly disappeared.

He is an innate Holy Spirit, and his talent potential is still higher than that of Emperor Jun Taiyi. Naturally, there is a kind of innate arrogance in his bones.

But from this moment on, he can't show any arrogance in front of Qin Feng.

".These magical elixirs are given to you, they can make your cultivation level greatly improve, and maybe you can break through to the middle stage of Tiansheng in one fell swoop....."

The phantom clone waved his hand, and more than a dozen divine pills flew towards Lu Ya. They were the ultimate divine pill and the Hunyuan divine pill.....

"Thank you master!"

Lu Ya was ecstatic and quickly took the magic pills.

"Come with me! You go into seclusion to refine the divine elixir! I will evolve your companion universe into a vast world...."

"yes! Owner!"

At that moment, the phantom clone waved his hand, and the two people disappeared out of thin air.

The next second, the two people entered the Great Flood God Realm.

The time flow rate in the Great Flood God Realm is thousands of times that of the outside world, and Lu Ya was in the Great Flood God Realm. It will only take a few hours for the outside world to refine all the divine (Li Dehao) elixirs.

In this way, Lu Ya's strength can be quickly improved. If

Lu Ya's strength increases greatly, Qin Feng's strength can also increase greatly. can increase the speed of Qin Feng's refining of the forbidden.

After entering the Dahong Universe, the shadow clone arranged a secret training room for Lu Ya to refine the divine pill.

He then entered Lu Ya's companion universe, and then Exchange the cultivation essence and begin to evolve it into the Great Thousand Worlds...

On the other side, after the phantom clone entered the Great Flood God Realm, Qin Feng continued to refine the restriction, and the Xuan female clone left the Jiyang Rihao.

He had just left the sun When I walked out of the house, I saw Xiao Hongjun flying over.....

"Daddy!"

As soon as Hongjun saw his father's clone, he flew close to it happily

"Dad, we just discovered a sapling of a sacred tree, which seems to be a spiritual root of heaven and earth!

Xuan Mi's clone's eyes lit up:"Where?""

"Right in that valley!"

Xiao Hongjun pointed in the direction of Tanggu, which is where the Fuso Sacred Tree is..

Chapter 1040

Xiao Hongjun pointed in the direction of Tanggu, which is where the Fuso Sacred Tree is.
.....,

"Walk!"

Xuan Ma's clone dodged and flew towards Tang Valley.

Xiao Hongjun followed closely behind.

After a while, the two of them reached the sky above Tang Valley.

In the center of the valley, they saw a seedling of a sacred tree growing in two branches. , broke out of the ground, like two saplings supporting each other, no more than three feet tall, but with lush branches and leaves that are ever-changing and unpredictable. Its leaves are shaped like midsummer mulberries, accompanied by golden glow, shining...

At this moment, Kunpeng, Hongyun, Gonggong and others were surrounding the sapling of the sacred tree, looking at it curiously... As soon as Xuan Mi's clone saw the sapling of the sacred tree, her eyes lit up.

"Dad, is this divine tree seedling a spiritual root of heaven and earth?"

"That's right! It is a spiritual root of heaven and earth, a spiritual root that has just been born. This type of spiritual root ritual is the least difficult..."

Xuanzang's clone was very excited.

Qin Feng had refined a divine leaf on the spiritual roots of heaven and earth, and already knew about the spiritual roots of heaven and earth, so the Xuan female clone recognized it at a glance.

The spiritual root of heaven and earth is the key to becoming a quasi-saint ancestor and is extremely precious.

Since the birth of all heavens and worlds, countless heavenly saints have broken their heads looking for one, but most people can hardly find one throughout their lives.

Qin Feng did not expect that in the great sun and heaven, Emperor Jun Taiyi actually hid a spiritual root of heaven and earth.

Fortunately he found it early.

If they wait for Emperor Juntai to cultivate this spiritual root to maturity, the two of them will definitely break through to the Quasi-Saint Ancestor.

At that time, Qin Feng and Nanmeng will be the unlucky ones...

Thinking of this, Xuan Mi's clone sped up and flew towards the Fusang Sacred Tree.

He must seize the spiritual root of heaven and earth to cut off Emperor Jun Taiyi's hope of promotion.

What's more, refining the spiritual roots of heaven and earth can greatly improve the body's cultivation. How could he miss it?.....

But at this moment, Kunpeng couldn't help but feel curious. He approached the Fuso Sacred Tree, emitted his spiritual consciousness, and explored the Fuso Sacred Tree.....

"No!", Gonggong exclaimed.

But he still reminded him that as soon as

Kunpeng's spiritual consciousness touched the Fuso Sacred Tree, the spiritual tree lit up with dazzling golden light, automatically triggering a spiritual consciousness attack comparable to the peak of the Heavenly Saint, directly The bombardment hit Kunpeng's spiritual consciousness... a scream!

The next second, Kunpeng was seriously injured by that spiritual consciousness. His seven holes were bleeding. He fell to the sky and fainted on the spot.....

"not good!"

"Kunpeng! Kunpeng!"

Everyone was exclaimed, and one by one they came forward to check.

"His soul was injured and he needed to nurse himself back to health for hundreds of years before he could recover....."

At this time, a majestic voice sounded from behind everyone.

Everyone quickly turned around and saw the clone of Xuan Ming arriving, and they all came forward to pay their respects.

"I'll wait to see your Majesty!"

"Get up, everyone!"

Xuan Mi's clone waved her hand, and a ray of spiritual light flew into Kunpeng's eyebrows.

After a while, Kunpeng woke up leisurely.

"Many... many thanks, master..." Kunpeng looked extremely haggard.

"You are too reckless! This elixir can repair your soul. Go to retreat to heal your wounds!"

"Yes, master!"

Kunpeng was grateful and took the elixir respectfully.

Then, Xuan Mi's clone waved and took it into the Great Flood God Realm. After everyone saw this scene, they couldn't help but sigh, and their eyes looking at the Fuso Sacred Tree were filled with fear....., this sacred tree sapling is really terrifying!

You must know that Kunpeng's comprehensive strength has reached the threshold of the supreme saint, and the strength of his spiritual consciousness is also close to the threshold level of the supreme saint. He can't withstand the backlash of this sacred tree seedling.

This is still a seedling. If it waits for it to grow and mature, its spiritual attack will be even stronger.At this moment, Xuan Mi's clone also looked at the Fusang Sacred Tree.

Seeing this, Gonggong hurriedly stepped forward and said:"Your Majesty, your subordinates have something to remind you.....""Say!""

"Your Majesty, as far as I know, any kind of spiritual root of heaven and earth comes with a spiritual attack, or directly attacks the person's soul, causing the person's soul to collapse and die instantly. Or it may be a confusing soul that makes people fall into an illusion and become lost....."

Xuan Mi's clone nodded slightly.

Gong Gong said so indeed.

The spiritual root of heaven and earth that Qin Feng encountered in Guixu was mainly based on illusions, which made people get lost.

However, that spiritual root of heaven and earth was 30% controlled by the ancient god Lord Can Nian and was not completely refined by the Guixu Saint Ancestor. This caused it to be close to the creatures of the divine world and its power was not obvious.

Qin Feng and others were able to pick the fruit of spiritual roots.

The Fuso Sacred Tree has no intention of being close to the creatures in the divine world, and its backlash is also the most direct attack of divine consciousness.....

At this time, Gonggong continued:"Your Majesty, as far as I know, if you want to forcibly refine the spiritual root of heaven and earth, you must be able to withstand its spiritual attack and forcibly implant a ray of spiritual thought into it."

"The spiritual consciousness attacks of the spiritual roots of heaven and earth generally reach the level of the peak of heavenly saints, which is extremely terrifying....."

As soon as these words were spoken, the surrounding people couldn't help but take a deep breath of cold air.

Hiss~

The strength of the divine consciousness at the peak of Heavenly Saint!

This is too scary!

No wonder Kunpeng was almost killed on the spot.

He was very lucky to survive.

Thinking of this, everyone looked at Xuan Mi's clone.....

It seems that this clone of His Majesty only has the strength of the late Tiansheng, and has not yet reached the peak of Tiansheng.

If he forcibly refines it, he may not be able to withstand the spiritual attack of this spiritual root of heaven and earth.

At this thought, everyone became a little worried.

Xuan Ming's clone smiled slightly: "Gonggong, what do you mean, I can't withstand the spiritual attack of this spiritual root?"

Gonggong was frightened: "I don't dare! Your Majesty, I have one more thing to say!"

"explain!"

"As far as my subordinates know, one spiritual root leads to one holy ancestor. If only one spiritual root of heaven and earth grows, it can only be used by one peak heavenly saint. And this spiritual root is born with two roots that support each other. In other words, it can be used by two peak heavenly saints."

"Makes sense!" Xuan Ni nodded slightly.

Gonggong continued: "This spiritual root was born in the Great Sun Heaven Realm. Emperor Jun Taiyi must have been sacrificed to it, so the spiritual thoughts of Emperor Jun and Taiyi are still hidden in this spiritual root."

"If Your Majesty forcibly sacrifices it, you will not only be counterattacked by the spiritual consciousness of this spiritual root, but also be attacked by the spiritual consciousness of Emperor Jun Taiyi. This means that Your Majesty alone will have to resist the spiritual attacks of three peak Heavenly Saints....."

As soon as these words were spoken, everyone suddenly realized and became even more worried.

Xuan Mi's clone nodded slightly: "It makes sense! Gonggong, you really have so much knowledge!"

"Thank you for the compliment, Your Majesty! The subordinates think that if you want to sacrifice this spiritual root, it is best to let the main body take action....."

Gong Gong also had good intentions, for fear that Xuan Mi's clone would not know the inside story and suffer a big loss.

All the subordinates also felt that this should be the case. After all, Xuan Mi's clone was just a clone of Qin Feng, and the strength of her spiritual consciousness was only one-third of the original body., but unexpectedly, Xuan Min's clone smiled slightly: "You don't need my body to take action, I will do it!"

As soon as he finished speaking, he pressed one hand against the Fuso Sacred Tree.

At this moment, Qin Feng was refining the Ji Yang Core and had no time to deal with this matter, so he had to do it himself.

What's more, Dijun Taiyi is coming back soon.

The Fuso Sacred Tree must be taken away by force before Emperor Juntai arrives... In the blink of an eye, the palm of Xuan Mi's clone fell on the trunk of the Fuso Sacred Tree.....

Buzz~

The Fuso Sacred Tree lit up with a dazzling golden light, and a golden divine consciousness attack bombarded the clone of Xuan Mi... Buzz

~

The palm of the clone of Xuan Mi also lit up with a dazzling divine light, and emitted a gray divine light. Consciousness attack, facing the golden divine consciousness attack.....

Seeing this scene, Hongjun and others opened their eyes nervously.

The next second, two spiritual attacks met...

Xuan Mi's clone's divine attack was like a sharp sword. It shattered the divine tree's divine attack into pieces and forcibly invaded the divine tree's body...

Seeing this scene, Hongjun and others were overjoyed.

But before they could finish their joy, the sacred tree once again condensed a golden consciousness and attacked the consciousness of Xuan Min's clone.

At the same time, two silver divine consciousness attacks emerged from the roots of the sacred tree. They were hidden in the sacred tree, sent by the divine thoughts of Di Jun and Taiyi... Just like this, one gold, two silver, and three spiritual consciousnesses jointly attacked Xuan Mi's divine consciousness...

Gonggong's speculation is indeed correct!

Hongjun and others held their breath for a moment, they were so nervous that they didn't even dare to take a breath.....

In the blink of an eye, four spiritual consciousnesses met!

Bang~! Bang~! Bang~!

Collision of consciousness!

The light flashes!

The sacred tree shook violently!

The sun and the earth trembled!

The divine consciousness of Xuan Mi's clone was so powerful that it broke through three divine consciousnesses in one breath, and rushed towards the roots of the sacred tree to strangle Emperor Jun Taiyi's spiritual consciousness.....,

"Ha ha!! Won! Your Majesty wins!"

"Oh My God! Your Majesty's spiritual consciousness is too strong!"

The subordinates were extremely shocked.

Immediately, everyone cheered.

Naturally, they didn't know that Qin Feng's Yuan Shen was not an ordinary Yuan Shen, but a Hongmeng Yuan Shen. Its strength was more than ten thousand times that of the same level.

Even the Xuan female clone's The strength of the divine consciousness is only one-third of that of the main body, and it has completely reached the level of the quasi-saint ancestor. Naturally, neither the divine tree nor the divine will of Emperor Jun Taiyi can withstand it.....

Buzz~! Buzz~ wow~! Wow~! Wow~!

The next second, the four colors of the Fusang Sacred Tree bloomed, and the tree body shook violently.....

Xuan Mi's clone started to kill Emperor Jun Taiyi's spiritual thoughts with one to three.....

Only by eliminating the spiritual thoughts of these two people can he take away the Fuso Sacred Tree.....

At the same time, above the nine heavens, there was a vast starry sky.

Emperor Juntai is coming quickly.

There are only two or three hours left between them and the Great Sun Realm..
