

God level 1041

Chapter 1041

At the same time, above the nine heavens, in a vast starry sky.

Emperor Juntai is coming quickly.

There are only two or three hours left between them and the Great Sun Realm.....

"Brother, we are almost there!"

"yes! It's only two or three hours away."

"Brother, those people have already attacked the sacred tree.....", -Taiyi looked worried.

Di Jun said with a gloomy face:"I have sensed it. However, those guys underestimated the backlash of the sacred tree. The first person to attack is probably dead!"

At this point, Di Jun's mouth curled up slightly. , showing a hint of disdain.

After Kunpeng was severely injured by the Fuso Sacred Tree, they sensed a rough idea through the spiritual thoughts left in the Sacred Tree.

"Brother, although the first person was repelled, they still have latecomers..."

Taiyi was still a little worried.

Di Jun sneered:"Even if there are latecomers, that person can withstand the divine tree and your and my divine thoughts. A joint attack? Unless that person's spiritual consciousness is strong to the level of Quasi-Saint Ancestor, or they have three peak Heavenly Saints.....",

"But within the Nine Heavens and Ten Domains, there are three powers above the peak of the Heavenly Saints. We in the Great Sun Heavenly Realm have never offended us, and even deliberately made good friends with them. I don't think they will inflict trouble on us at this moment....."

Di Jun analyzed it carefully

"Brother, what do you mean, the ones who attacked our Great Sun Realm this time were not those powerful forces, but the forces that have enmity with us?"

"Most likely!"

"That's good! The forces that have enmity with us are not as strong as us. Even if they see the Fuso Sacred Tree, they will not be able to refine it....."

Having said this, Tai Yi secretly breathed a sigh of relief.

Suddenly, he thought of something again and said hurriedly:"By the way, brother, I forgot to mention the Southern League. If we talk about those hostile forces, the only one that can match us is the Southern League. If the Southern League launches a sneak attack....."

Before he finished speaking, Di Jun sneered and said:"Second brother, we have just fought against the South Alliance not long ago. It is impossible for them to come for a sneak attack. You are thinking too much."....."

Taiyi smiled bitterly:"I'm overthinking it. If it weren't for the Southern Alliance, the few remaining forces wouldn't be able to touch the Fuso Sacred Tree....."

"Having said that, if they are afraid that they will not get it themselves and forcefully destroy the Fuso Sacred Tree, then we.....Huh! This is...good!"

"Damn it!"

Suddenly, the expressions of both Emperor and Jun changed drastically.

The next second, the two roared and flew towards the Great Sun Heaven Realm.

Just now, Xuan Mi's clone took action, and both Emperor and Jun sensed that the Fuso Sacred Tree was suppressed at the same time. The spiritual thoughts left in the sacred tree are also being attacked crazily...

Such a sudden change made the two of them frightened and angry, and they rushed to the Great Sun Heaven Realm desperately...

No matter who it was this time, they wanted to stop them.

Even if the opponent is a Quasi-Saint Ancestor, they are not afraid.

As long as they reach the Great Sun Heaven Realm, they can borrow the power of heaven and earth and exert the strength of the Quasi-Saint Ancestor.....

Just like that, on this side, Emperor Juntaiyi rushed desperately to the Great Sun Heaven Realm.

On the other side, Xuan Mi's clone is fighting for the Fuso Sacred Tree.

During the extremely sunny day, Qin Feng was also trying his best to refine the core restriction.

Time flies!

In the blink of an eye, an hour and a half has passed. Water Emperor Juntai is only an hour away from the Great Sun Heaven Realm.....In the extremely sunny day, Qin Feng's restraint was refined to the 41st level. This speed was much slower than he expected.....▷Production. In fact, the further back this ban goes, the harder it is to refine it.....⌘

"There is still the ninth level that has not yet been refined, which will take at least three or four hours. It's too late to go on like this...."

Qin Feng became more and more anxious as he thought about it.

According to his estimate, Emperor Juntai would be able to get back in just an hour or two.

At that time, those two people used the power of heaven and earth to increase their strength to the level of quasi-saint ancestors, and he had no choice but to retreat.

Then all his previous efforts will be in vain.....

"Ding~! Congratulations to the host. The companion universe of your subordinate (Lu Ya) has successfully evolved into the Great Yang World.....The strength of land pressure increases greatly....."

"Ding~! Congratulations to the host for obtaining the tenth Great Thousand Worlds.....The progress of the Great Flood God Realm you created has been improved.....You get a lot of combat power in return... your combat power is increased to 930,000 poles....."

As the system prompts sounded, Qin Feng's momentum surged again, and the refining speed increased by 10%.....

Qin Feng was overjoyed.

The associated universe of Lu Ya evolved into the Great Yang World!

The Jiyang world contains infinite energy, ranking second among Qin Feng's ten great worlds, only under Hongjun's chaotic world.

This also increased Qin Feng's combat power to 930,000 poles in one fell swoop, and the speed of refining the ban was accelerated by 10%.

However, even if he speeds up, it still takes him three hours to refine the remaining nine levels of prohibition. It is obviously too late...

What should he do?

Just give up?

If we give up, we will not only give up the Ji Yang Core, we will also give up the Fuso Sacred Tree.

Qin Feng estimated the time and found that it would take Xuan Ni's clone at least an hour to capture the Fusang Sacred Tree.

But Di and Jun could arrive in an hour, and they might not be able to make it in time.

Besides, Qin Feng will never give up.

Whether it is the Extreme Sun or the Fusang Sacred Tree, he will take it away.

Suddenly, Qin Feng's eyes lit up and he seemed to have thought of a way.

Then, with a thought in his mind, the phantom clone appeared out of thin air.

The next second, the phantom clone flew out of the extreme sun and rushed towards the nine heavens.

It turned out that Qin Feng's idea was to let the shadow clone intercept Di Jun Taiyi and try to buy some time for him and Xuan Mi's clone.

Flowers

At this moment, only the shadow clone is free, and only he can stop Taiyi Emperor Jun for a while.
.....

In just a moment, the shadow clone flew out of the Great Sun Realm.

In the vast starry sky, after he identified the direction, he fled towards the direction where Emperor Juntai came.....

A few days ago, when the Southern Alliance fought with the Great Sun Realm, the combat power of the Shadow Clone and the Xuan Female Clone reached 340,000 only after they were combined.

Nowadays, Qin Feng's strength has skyrocketed to 930,000 poles, and the strength of the phantom clone has also increased to 310,000 poles, which is almost the same as at that time.

If the phantom clone uses the Holy Artifact again, its comprehensive strength will be infinitely close to the threshold of the Heavenly Saint peak, and it will indeed be qualified to intercept it.....

In the blink of an eye, another half hour passed.

In the extremely sunny day, Qin Feng has reached the 44th level of prohibition.....

In Tanggu, Xuan Mi's clone finally destroyed Di Jun's remaining spiritual thoughts and began to concentrate on dealing with Taiyi's spiritual thoughts.....,, at the same time, nine days away, in a vast starry sky.

Di Jun's mouth was bleeding and his face was pale.

"Brother, what's wrong with you?"

"The spiritual thoughts I left in Fuso were destroyed!"

Di Jun was so angry that he gritted his teeth.

Just now, Xuan Mi's clone destroyed his spiritual thoughts, causing his soul to suffer backlash, and his momentum dropped a bit.

"Brother, let's go back quickly. We'll be there in half an hour. Maybe it's still too late....."

Taichi was completely panicked.

The brother's spiritual will was destroyed, and it was his turn to use his spiritual will next.

After both of their spiritual thoughts are destroyed, the Fuso Sacred Tree will become an ownerless thing and can be forcibly transplanted away.

"Walk! Let's hurry!"

Di Jun wiped the blood from the corner of his mouth.

He was also very anxious.

However, they still had a chance.

Calculating the time, it took the man half an hour to destroy his divine will.

And Taiyi's divine will was stronger. It would definitely take more than half an hour for the divine thought to destroy Taiyi.

Based on this calculation, they could arrive at the Great Sun Heaven Realm before that person succeeded.

At that moment, Di Jun and his two men accelerated their speed and flew towards the Great Sun Heaven Realm..

But at this moment, there was a sound of rapid sound breaking through the air in the distance.

The two were stunned and couldn't help looking up. They saw a young man in white with a sacred book on his head flying straight towards them.....

"It's...it's Qin Lei!"

When Di Jun and I saw the person clearly, they were a little confused.

That person was the shadow clone.

But Di Juntai couldn't figure out why the shadow clone appeared here.

And seeing where the shadow clone came from The direction seems to be coming from the Great Sun Heaven Realm...

Thinking of this, the two of them felt something was wrong..

Chapter 1042

"Qin Lei, why are you here?", Di Jun asked in surprise

"Coming for you!"

The phantom clone smiled coldly and raised the book of the earth.

Buzz~

The book of earth's aura shines out!

The man and machine merged into one, and the momentum of the phantom clone surged all the way. After a moment, it increased by 30%, and it was infinitely close to the peak of the heavenly saint. threshold

"Brother, you...look at his strength....."

"Huh! This...how is this possible!"

Di Juntaiyi couldn't help but exclaimed.

A few days ago, the phantom clone barely reached the threshold of the late Heavenly Sage even if the human and machine were combined into one.

But after only a few days of absence, the phantom clone's strength has almost doubled, and it has already Approaching the threshold of the peak of Heavenly Saint

"Are you really Qin Lei?"

Di Jun still couldn't believe it.

"you guess!", the phantom clone smiled and said nothing.

His purpose was to delay time, and he was not in a hurry to take action.

Di Jun frowned, feeling unhappy.

"Brother, there is no need to doubt it. This guy is Qin Lei, and I will never mistake his aura!"

Tai Yi looked determined.

Di Jun frowned even deeper.

He also discovered that the guy in front of him was the shadow clone, not someone else pretending to be it.

But he really couldn't figure out"520", how could the shadow clone suddenly appear? His strength surged, and he even ran in front of him. It seemed that the direction he came from was the Great Sun Heaven Realm...

At this thought, Di Jun's face changed slightly:"Qin Lei, where did you come from?"

The shadow clone still smiled and said nothing.

Di Jun said coldly:"You think I can't see it, you just came from the Great Sun Heaven Realm, right?"

As soon as he said this, Taiyi's expression changed drastically:"No! Brother, if Qin Lei can appear here, then Qin Feng may appear in the Great Sun Heaven Realm. It should be Qin Feng who secretly attacked the Great Sun Realm!"

"Wha...what?!", Di Jun was stunned.

Immediately, he suddenly said:"It must be him! It must be him!! Walk!"

As soon as he finished speaking, he rushed towards the Great Sun Heaven Realm anxiously.

Taiyi followed closely behind.

"Stop leaving!"

The phantom clone suddenly blocked the way of the two of them.

Di Jun was furious:"As expected, it was you, the Southern Alliance, who did it!"

At this moment, Di Jun was so angry that he just wanted to vomit blood. He had been beaten extremely miserably by Qin Feng, and he didn't expect that his lair would also be raided by Qin Feng.

This Qin Feng wanted to kill him quickly!

"Qin Lei! Get out of my way!", Di Jun roared

"Feel sorry! If you want to leave, you must get through me first!", the shadow clone sneered.

Di Jun sneered:"You just want to stop the two of us?!"

The phantom clone didn't take it seriously:"It's up to you to stop him as long as you can!"

"Brother, this guy is just stalling for time, don't talk to him too much!"

After Taiyi reminded him, Di Jun suddenly woke up.

He suddenly became furious:"Little thief! you wanna die!"

As soon as he finished speaking, he rushed towards the shadow clone.

"Ha ha!! Just in time!"

The shadow clone laughed loudly, sacrificed the earth book, and turned it into the fetal membrane of heaven and earth, barely blocking Di Jun's attack...

Taiyi was about to go up to help, Di Jun urged loudly

"Second brother, go and stop Qin Feng! I'll deal with Qin Lei!"

Taiyi woke up, quickly dodged, and was about to fly to the great sun world.

"Don't even think about leaving!"

The phantom clone waved his hand, and the fetal membrane of heaven and earth transformed by the Book of Earth completely wrapped up Emperor Juntai. The phantom clone also got in.

"court death!"

Dijun Taiyi's angry roar rang out from within the fetal membrane. Bang, bang, bang~! Bang~!

The next second, a fierce fighting sound sounded from within the fetal membrane.

The two sides fought with all their strength, and the fetal membranes continued to deform.
.....⌢The phantom clones were one against two, so they were naturally no match for Emperor Jun Taiyi.

The muffled sounds of the phantom clones kept coming from the fetal membrane.

But Di Juntai was trapped in the fetal membranes and could not break out for a while, feeling extremely depressed.

In this way, the phantom clone successfully trapped Dijun Taiyi.

Time flies!

In the blink of an eye, half an hour passed.

The battle within the fetal membrane of heaven and earth is also coming to an end.

Bang~

Suddenly, there was a loud noise!

The fetal membrane of heaven and earth suddenly burst, emitting a bright light all over the sky, completely exploded, and turned into a book on the earth again, screaming incessantly...

Emperor Juntai also rushed out of the white light.....,

"Ha ha!! died! That kid is dead!"

Di Jun laughed wildly with pride.

He and Taiyi joined forces and after half an hour of hard fighting, they finally killed the phantom clone.

Of course, if the phantom clone hadn't insisted on fighting to the death, they wouldn't have succeeded so easily.

"Brother! Look! Those are Qin Lei's storage ring and sacred weapon!"

Taiyi pointed to the storage ring not far away, as well as the book on the ground, and he was very excited.

"Ha ha!! These are all our spoils of war, just think of them as the interest we get from Qin Feng!"

Di Jun dodged and flew to the storage ring, about to grab it in his hand...

But at this moment, a sudden change occurred!

The surrounding space changed, and the storage ring and the earth book disappeared at the same time.

"Huh! This is..." Di Jun couldn't help being stunned.

But at this moment, Tai Yi's tiger body shook and spurted out a large mouthful of blood. His momentum instantly weakened...

Di Jun was shocked:"Second brother! What's wrong with you?"

"I...my spiritual thoughts left in the Fuso Sacred Tree have been destroyed!"

"ah!"Di Jun's face instantly turned ugly.

The Fuso Sacred Tree had become an ownerless thing without the two of them.....

"Damn it! It's all Qin Lei's fault for intercepting!"

Di Jun was furious.

"Brother! Let's go quickly! Maybe it's not too late!"

"Walk!"

As soon as the words fell, the two brothers turned into two rainbows and rushed towards the Great Sun Heaven Realm.....

At the same time, in the Great Sun Heaven Realm, within the Extreme Yang.

A book on the ground and a storage ring were suspended in front of Qin Feng.

Just now, after the shadow clone was killed, he summoned the storage ring and earth book of the shadow clone.

At this moment, with a thought in his mind, a black mist came out of the surrounding space and gathered into a human shape.....

Subsequently, the entire Great Sun Heaven Realm shook violently, and countless powers of heaven and earth poured into the Extreme Sun, and then poured into the human-shaped black mist...

The power of the Extreme Sun also used the human-shaped black mist crazily....., the momentum of the humanoid black mist skyrocketed...

In the blink of an eye, 10% of the power of heaven and earth in the Great Sun Realm was extracted, and the spiritual energy became much thinner.

Extreme Yang Sun also had a large amount of Extreme Yang power extracted, and it became smaller again....., but the aura of the humanoid shadow surged all the way to the level of the late Tiansheng, and turned into the appearance of a young man, who was the shadow clone.

In just a moment, the phantom clone was resurrected, and its strength returned to its peak without any damage...

Then, the phantom clone put away the storage ring and the earth book, and emerged from the extreme sun.

At this moment, Qin Feng has refined forty-six levels of restraints, and he still has four levels of restraints that cannot be refined....., if he wants to refine them all, he will need more than two hours, and it is obviously too late.....

Therefore, the phantom clone was going to intercept Emperor Jun Taiyi again to buy Qin Feng time...

But as soon as the phantom clone came out of the extreme sun, the entire Great Sun Heaven Realm violently shook again...

In Tanggu, a dazzling light lit up Golden light, one after another...

The shadow clone flashed and reached the sky above Tang Valley.

I saw Xuan Mi's clone resisting the divine attack of the Fuso Sacred Tree while forcibly pulling it up...

Xuan Mi's clone had destroyed Emperor Jun Taiyi's spiritual thoughts, and the Fuso Sacred Tree became an ownerless thing and could be forcibly removed. Transplantation...

The phantom clone quickly came to help...

Boom~! Long~! Long~!

For a time, the earth cracked and the valley collapsed.

Everyone around looked terrified.

Not long after, the two of them worked together to forcibly uproot the Fuso Sacred Tree from the ground. Tens of millions of golden roots seemed to be alive, twisting in the air, as if struggling... At this time, the phantom clone waved his hand and opened a path. The light door leading to the Great Flood God Realm.

Xuan Mi's clone pushed hard and forced the Fuso Sacred Tree in.....

All the visions disappeared, and the surroundings returned to calm.

Both the shadow clone and the Xuan female clone showed happy expressions.

They finally forcibly moved the Fuso Sacred Tree into the Great Flood God Realm and successfully captured it.

Next, as long as Qin Feng is free, he can refine it at any time.....

"Congratulations to dad for getting a treasure from heaven and earth!"

Hongjun stepped forward to congratulate him with a face of joy.

Everyone around him also stepped forward to congratulate him.

At this moment, Pan Zu, Xiang Liu and other senior officials flew in from a distance.

"Your two 5.4 majesties, we have finished plundering the resources of the Great Sun Heaven Realm! The SAARC army has regrouped and is waiting for His Majesty's order!"

Hearing this, everyone couldn't help but look around.

They saw that the resources that were originally all over the Great Sun Realm have become a barren land, and all the resources have been plundered by the Southern Alliance.....

Seeing this, everyone smiled meaningfully.

This time, SAARC's gains were really great.

When Emperor Juntai returned and saw this scene, he still didn't know how it would collapse.....

"Well done! Now that the search is complete, you will lead everyone back to the Great Flood God Realm. Soon, Dijun Taiyi will return. If you stay here, you will be in danger eventually!"

"I'll obey!"

At this moment, all the senior officials of the Southern League took the order and left one after another, opened the door to space one by one, and began to evacuate... The shadow clone and the Xuan Mi clone flew towards the nine days away together.....

They are going to intercept Emperor Jun Taiyi and buy the last bit of time for Qin Feng..

Chapter 1043

In the blink of an eye, the shadow clone and Xuan Mi clone flew nine days away...

Hongjun and others began to withdraw.

Next is a duel between the peak level of Tiansheng and above. They can't intervene at all. Staying here will not only not help Qin Feng, but will also hinder him....., just like that, under the arrangements of Hongjun and other high-level officials, the tens of millions of SAARC troops evacuated in an orderly manner.....

A quarter of an hour later, all the tens of millions of troops were evacuated, leaving only a mess.

Except for Qin Feng, there was no living thing in the entire Great Sun Heaven Realm, and it became deathly silent.....

At this moment, Qin Feng is refining the 48th level of restriction...

According to his progress, it will take more than an hour to refine the Extreme Yang Heart Core.

But Emperor Juntai was not even half an hour away from the Great Sun Realm....., thinking of this, Qin Feng became more and more anxious....., unknowingly, another quarter of an hour passed.

Buzz~

The forty-eighth restriction lit up with a dazzling golden light!

Another one was successfully refined.

Qin Feng was delighted and began to refine the forty-ninth level.....

At this moment, the system prompts sounded in his mind.....

"Ding~! Congratulations to the host. Your subordinate (Lu Ya) has refined all the magic pills.His cultivation was successfully promoted to the middle stage of Tiansheng... The host received a large amount of combat power in return, and his combat power was increased to 1 million....."

Boom~

At this moment, Qin Feng was shocked, and his momentum surged wildly, reaching the power of 1 million in an instant.

The speed at which he was refining the restriction also doubled.

Qin Feng was overjoyed. According to this progress, he could complete it in just half an hour.

He finally saw a glimmer of hope to capture the Sun of the Sun.....

At the same time, nine days away, in a starry sky.

Emperor Juntaiyi is rushing towards the Great Sun Heaven Realm.

They have vaguely seen the area where the Great Sun Heaven Realm is...

They can arrive at the lair in two quarters of an hour at most.

But at this moment, two lights and shadows flew from the direction of the Great Sun Realm.....

"Brother, look!"

Tai Yi vaguely felt that something was not good.

Di Jun quickly followed the sound and looked.

When the two lights and shadows approached, the two of them saw the appearance of the person clearly, and their expressions suddenly changed.

They saw that one of the people came unexpectedly. It's a shadow clone, and the other one is also the Xuan female clone they've seen.....

"How...how is this guy still alive?!""

Di Jun's eyes widened in disbelief.

Taiyi was also confused.

Wasn't this guy killed by them together?

In a blink of an eye, the two sides met

"Ha ha!! Dijun Taiyi, we meet again!"

The shadow clone laughed loudly.

"How are you still alive?", Di Jun couldn't help but ask.

The shadow clone smiled coldly and didn't bother to pay attention.

"Brother, stop talking nonsense to him! This time, not only did he come, but his other brother also came. They tried their best to intercept us, they must be buying time for Qin Feng, then Qin Feng must be doing something detrimental to us....."

Taiyi reminded anxiously.

Di Jun suddenly realized it and cursed secretly that he was too stupid.

"Walk!"

At this moment, Emperor Juntai bypassed the two shadow clones and killed directly towards the Great Sun Heaven Realm.....

This time, Di and Jun learned the lesson wisely and immediately opened a large distance to avoid being trapped by the phantom clone's land book at the same time.

After all, the scope of the siege by the Book of Earth is limited. The two of them are far enough apart. The shadow clone can trap one person at most, and the other person can rush to the Great Sun Heaven Realm in time.....

"Stop leaving!"

The phantom clone and Xuan Min's clone hurriedly intercepted.

The phantom clone killed Tai Yi.

Xuan Min's clone killed Di Jun.

Is it just you? Get away!" Di Jun looked disdainful, and

Tai Yi also raised the corner of his mouth slightly.-.The two sides soon fought together.But in this fight, Emperor Juntaiyi's face changed slightly and he tried to trick them again. They were surprised to find that the strength of the phantom clone had actually increased. what happened?

This guy died once, and not only did he not become weaker, he actually became stronger.

Dijun Taiyi really couldn't understand it, as if he had seen a ghost.

Naturally, they didn't know that Lu Ya's breakthrough in cultivation not only greatly increased Qin Feng's combat power, but also greatly increased the strength of the phantom clone and the Xuan female clone.....,

Dijun Taiyi didn't have time to think so much.

In the blink of an eye, the two sides fought for dozens of rounds.

Even though the Phantom Clone and Xuan Ming Clone have increased in strength, they are still no match for Emperor Jun Taiyi.

Of course, Di Jun's strength was damaged and he lost the Nine Dragon Sword, so his overall strength was only slightly better than Xuan Mi's clone.

However, he was unwilling to get entangled with Xuan Mi's clone.

He wanted to rush back to the Great Sun Heaven Realm.

Therefore, he continued to fight off Xuan Mi's clones while rushing towards the Great Sun Heaven Realm.....

It's just that this way, his speed has slowed down a lot.

On the other side, the phantom clone knew that Taiyi was stronger, so he directly used the Book of Earth to create the fetal membrane of heaven and earth, trapping Taiyi in it.

In this way, the phantom clone trapped Taiyi.

Xuan Mi's clone kept pestering Di Jun, causing his speed to drop drastically.....

Emperor Jun ignored the trapped Taiyi and rushed towards the Great Sun Heaven Realm with all his strength.....

In this way, the two battle groups gradually distanced themselves.

Xuan Mi's clone blocked the attack while feeling anxious at the same time.

Although he caused Di Jun's speed to slow down significantly, his speed could still reach the Great Sun Heaven Realm within half an hour.

As long as Di Jun arrives at the Great Sun Realm and borrows the power of the entire Great Sun Realm, he will be able to exert the combat power of the mid-stage Quasi-Saint Ancestor.

At that time, Qin Feng could only give up refining the Extreme Yang Core and retreat immediately.

Then all the previous efforts would be in vain.

Huh! correct!

Suddenly, an idea flashed in Xuan Min's clone's mind, and she made a move.

The next second, there was a young man wearing an imperial robe beside him. It was Lu Ya who had just made a breakthrough in cultivation.

"His Majesty! here it is....."

As soon as Lu Ya arrived at the scene, he was a little dazed.

"No need to say more! Follow me and stop him!"

"yes!Huh! Dijun is you!"

As soon as Lu Ya saw Di Jun, he recognized him instantly and rushed over with a roar.....

It can be said that enemies meet and become extremely jealous.

"court death! Huh.....You...you are Lu Ya!"

Di Jun also quickly recognized Lu Ya, and was extremely shocked.

No matter what Lu Ya looked like, his aura would never change.....

But Lu Ya was clearly dying, so why did he hatch and be born?

Moreover, this birth was in the middle stage of Tiansheng, and he was much better than him and Taiyi back then.

"You...why did you come out?! correct! It must be Qin Feng! It must have been him!"

Di Jun was shocked and angry.

"Di Jun, I will fight you until death!"

Lu Ya roared and rushed forward.

Xuan Mi's clone followed closely.

The two teamed up to deal with Di Jun.

Di Jun's pressure suddenly increased.

However, after all, Lu Ya was only at the middle stage of Tiansheng, and even his talent and potential were stronger than Di Jun's. Jun, the awareness of realm strength cannot make up for it.

Even if he and Xuan Mi's clone teamed up, they were still no match for Di Jun, but Di Jun's speed dropped sharply again.

In this way, the two sides retreated while fighting.

Unknowingly, both sides were killing each other. Arriving near the Great Sun Heaven Realm.

Emperor Jun could already see the Great Sun Heaven Realm. It was only trillions of miles away and could be reached in just three to five minutes.....

At this moment, he finally breathed a sigh of relief.

It was very difficult for him to come all the way. The journey originally only took two-quarters of an hour, but it took him half an hour. This was naturally due to the obstruction of Lu Ya and his two men.

It's a pity that they still couldn't stop themselves

"Ha ha!! I'm coming soon! You can't stop me!"

Di Jun used both palms to repel Lu Ya and Xuan Mi's clones, then turned around and flew towards the Great Sun Heaven Realm.....

"Stop him quickly!"

Xuan Mi's clone was so anxious that she rushed over quickly.....

He and Qin Feng have a spiritual connection.

At this moment, Qin Feng is refining the last level of restriction, and it has reached the most critical moment.

He couldn't let Di Jun destroy it no matter what he said.

In the blink of an eye, Xuan Mi's clone rushed behind Di Jun, and Yuantu A640 combined his swords and fired away... Lu Ya had transformed into his true body, and the golden crow turned into a rainbow, flying to the top of Di Jun's head, with his claws pointing towards the sky. Catch the spirit.....

The two of them joined forces to strike with earth-shattering power, a strike that completely reached the peak of the Heavenly Saint.....

"Get out of here!"

Di Jun had no choice but to turn around and resist.

Boom~!

There was a loud bang!

The two sides were fighting equally.

But after one blow, Di Jun did not want to fight and continued to rush towards the Great Sun Heavenly Realm.

Xuan Mi's clone and Lu Ya again They rushed forward to entangle...

Just like that, the two sides retreated while fighting. The journey of several minutes made Di Jun very difficult...

At this critical moment, a rainbow light flew from the distance.....

"Brother! I'm here to help you!"

It was Taiyi who came.

It turns out that he spent a lot of effort to break through the phantom clone's membrane of heaven and earth, and rushed over immediately.....

"Second brother, help me stop them!", Emperor Jun was ecstatic.

Both Xuan Mi's clone and Lu Ya felt something was wrong.

In the blink of an eye, Tai Yi rushed over and directly sacrificed the Donghuang Bell.....

When the sacred vessel is sacrificed, the bells ring loudly!

In an instant, all the heavens and worlds were sealed in space and time.....

Xuan Mi's clone and Lu Ya couldn't help but stagnate, as if they were frozen in the air.

Di Jun took the opportunity to get rid of the entanglement between the two, turned into a rainbow light, and escaped hundreds of millions of miles away in the blink of an eye.....,

"not good!"

Lu Ya and the two were in a hurry. They wanted to stop them, but Taiyi stopped them.....

Without anyone to entangle him, Di Jun was extremely fast. He rushed into the Great Sun Heaven Realm in just a few breaths...

At the moment when Di Jun entered the Great Sun Heaven Realm, within the Extreme Yang Sun, the fiftieth member of the Extreme Yang Core Core The heavy restriction lit up with a faint golden light...

Qin Feng also reached the last moment of complete refining..

Chapter 1044

The entire Great Sun Heaven Realm, all resources Trillions of creatures were plundered, not a single one left, and the world became almost a desolate place.....

"ah~! ...This... this... makes me angry."

Di Jun roared angrily, almost vomiting blood and collapsing.

The accumulation of nearly an era was emptied out like this....., correct!

Fuso sacred tree!

Immediately, he thought of this peerless spiritual object, and quickly flew towards Tang Valley...

In just a moment, he reached the sky above Tang Valley, and what he saw was the collapsed valley, and a huge tree pit. Fuso God The tree is long gone....

"Ah~! Qin Feng! I'm going to kill you!"

Di Jun completely collapsed!

Immediately, his consciousness swept across the great sun and heaven, searching for Qin Feng.

After a moment, his eyes fell on the extremely sunny sun above his head.

He sensed Qin Feng's breath. In the extremely sunny day, the guy has not left yet.

Emperor Jun was ecstatic.

As long as Qin Feng is still here, he will find a way to keep Qin Feng and take back everything he has.

With a thought, Emperor Jun activated the seal of heaven in his body.

The Seal of Heaven is similar to the Seal of Holy Land and the Jade Order of Creation. It is a jade certificate that controls the power of the entire heaven. The

Seal of Heaven in the Great Sun Heaven Realm is divided into two pieces, which are controlled by Emperor Jun and Taiyi respectively.

One Seal of Heaven can control the world. Half of the power of heaven and earth in the sun and heaven realm.....

Buzz~! Buzz~! Buzz~!

At this moment, the entire Great Sun Heaven Realm shook, and the power of heaven and earth rose into the sky, attached to the body of Emperor Jun.....

His momentum skyrocketed.....

The power of one million poles...the power of 1.5 million poles.....The power of 2 million poles.....

At the same time, on a very sunny day.

Qin Feng is working hard to refine the core of Jiyang.....

The golden light of the fiftieth level of restriction is getting brighter and brighter...

He is just short of the last line, and he is about to complete the refining.....

But at this moment, he sensed that outside the extreme sun, Di Jun's momentum was skyrocketing, and the transfer reached a power of 2 million...

2 million!

His current combat power is only 1 million poles....., but as soon as this thought came up, Di Jun's momentum skyrocketed to 3 million, and it was still going on.....

3.5 million.....4000000.....4.5 million ㄤ.....

Qin Feng's face became increasingly ugly...

The power of 4 million extremes was the threshold for a quasi-saint ancestor.

4.5 million has exceeded the threshold of the quasi-saint ancestor.....

Facing such a terrifying existence, he had no power to fight back.....

4.5 million.....5.5 million.....600 ㄴ...

Di Jun's momentum continues to surge...

Boom~! Long~! Long~!

In the end, his combat power was fixed at above 6 million, which just reached the peak of the early stage of the Quasi-Saint Ancestor.....

Di Jun couldn't help but frown slightly.

Producing such combat power is obviously not his peak...He uses the Seal of Heaven to reach the power of 7 million poles at his strongest.

Taiyi is even stronger and can reach the power of 8 million poles. When the two of them join forces, Shimoyama's comprehensive combat power is comparable to that of the mid-stage quasi-saint ancestor.

But this time, the vitality of heaven and earth in the Great Sun Realm has obviously become thinner, resulting in a decrease in the power of heaven and earth.

In addition, his own strength has also dropped a lot.

The weaker your own strength, the less power you can borrow from heaven and earth.

As a result, his combat power only increased to 6 million poles.

However, this kind of strength is completely enough to kill Qin Feng.....

Di Jun smiled coldly and flew towards the extremely sunny sun...

Boom~! Long~! Long~!

Emperor Jun's flight caused a huge roar...

For a moment, the sky was dark and the ground was dark, and the wind was strong.....,

In the extremely sunny day, Qin Feng clearly heard the sound of breaking the sky outside...

In the blink of an eye, the sound of breaking the sky was only a few thousand miles away from the extremely sunny day.....

"Qin Feng! You will die today!"

There was a roar outside, and Qin Feng couldn't help but change his face.

The Emperor Jun has arrived and is preparing to enter the extreme sun.....

At this extremely critical moment, the fiftieth level of restriction lit up with a dazzling golden light.
.....

Qin Feng finally refined all the restrictions.

Buzz~

The monstrous golden light of Jiyang's core lights up, making a cheerful sound.....

Qin Feng was also shocked. At this moment, he reached spiritual communication with Jiyang Heart Core, seeming to have formed the most primitive symbiosis contract, and he also emitted a joyful roar deep in his soul... For a moment,

Qin Feng felt that His soul can enter and exit the Ji Yang Core at will, as if the Ji Yang Core has become a part of his body, and he can completely control the Ji Yang Sun.

At this moment, Di Jun's huge figure stepped into the extreme sun.

He wants to enter the extreme sun and tear that hateful guy Qin Feng into pieces alive.....

But at this moment, Qin Feng shouted coldly on the extremely sunny day.

"Get out!"

As soon as the words fell, the entire Ji Yang Sun lit up with a dazzling golden light, becoming extremely fierce...

Before Di Jun could react, an invisible force surged out of Ji Yang Sun, and Di Jun was ejected.....

It actually didn't let Di Jun enter!

Di Jun was immediately stunned!

A very sunny day!

That was his real lair, the place where he was conceived, raised, and raised. At this moment, he was not allowed to enter...

At the same time, Qin Feng's mind also sounded a system prompt.....

"Ding~! Congratulations to the host for refining the core of Extreme Yang... and taking control of the innate creation - the Sun of Extreme Yang....."

"Ding~ A wisp of the host's soul successfully settled in Jiyang's heart core.....From then on, the extreme sun is immortal, and the host is immortal... The host and the extreme sun begin to merge."

The next second, Ji Yang's heart core automatically merged into Qin Feng's body.....

Immediately afterwards, the entire Extreme Sun began to shrink and continuously merged into Qin Feng's body.....

Boom~! Long~! Long~!

The extremely sunny sun trembles violently and shrinks continuously.....

At the same time, a sun appeared out of thin air above the Great Flood God Realm. It continued to grow and emit infinite power of the sun, nourishing the entire Great Flood God Realm and causing the spiritual energy concentration of the entire God Realm to increase crazily....This action alarmed countless beings in the God Realm. They all looked up in astonishment....., at the same moment, Qin Feng's momentum surged crazily.....

".迺 Ding~! Fusion of Host and Extreme Sun 11%.....Your combat power increases to 1.1 million poles.....

"Ding~! Fusion of Host and Extreme Sun 17%.....Your combat power increases to 1.17 million poles....."

"Ding~! Host and Extreme Sun Fusion 21%.....Your combat power increases to 1.21 million poles....."

"Ding~! Host and Extreme Sun Fusion 1.....𠂇.....

At this moment, the huge Extreme Sun continued to shrink and merge into Qin Feng's body...

At the same time, it was still frantically absorbing the power of the heaven and earth from the Great Sun Heaven Realm...

Suddenly, the Great Sun Heaven Realm seemed to be about to collapse. The ground collapsed...

I saw mountains and rivers cut off, cracks in the earth, volcanoes erupting, the entire heaven and sun shaking violently, and the light of heaven and earth gradually dimming.....

"This...is this...is it possible?...."

When Di Jun saw this scene, he was a little confused...(Deqian Zhao)..

Could it be that Qin Feng refined the Ji Yang Heart Core?

But how is this possible?

Even if the Holy Ancestor comes forward, it may not be possible.

With just one and a half steps of eternity, Qin Feng can refine this extremely sunny day?

Di Jun didn't believe it at all.

But at this moment, the power of heaven and earth began to weaken, and Emperor Jun's combat power and momentum also dropped rapidly.....

6 million poles.....5.7 million...5.2 million...

Di Jun's expression changed drastically.

He understood instantly that Qin Feng had really refined the Extreme Sun.

At this moment, Qin Feng is forcibly merging with Jiyang Sun.

The Extreme Sun is part of the Great Sun Heaven Realm. Without its existence, the power of heaven and earth in the Great Sun Heaven Realm will be greatly reduced.

This will cause Di Jun's combat power to plummet..... no!

He absolutely cannot let Qin Feng fuse successfully!

"stop! Stop!"

The next second, Di Jun roared and rushed towards the extreme sun..

Chapter 1045

"stop! Stop!"

The next second, Di Jun roared and rushed towards the extreme sun.....

By the time Emperor Jun approached the extreme sun, Qin Feng had already fused 63% of it, and his combat power had increased to 1.63 million poles.....

However, Emperor Jun's combat power plummeted to 4 million, reaching the threshold of a quasi-saint ancestor.....

"stop!"

With a flash of Di Jun's figure, he was about to rush into Ji Yang Sun...

Buzz~

Ji Yang Sun automatically raised a barrier to block it from the outside.

"Break it for me!"

Boom~

There was a shocking loud noise!

Emperor Jun struck the barrier with a palm.

Click~!

The barrier instantly collapsed~!

The extreme sun was not damaged at all. Not even the Holy Ancestor could destroy the innate creation, let alone Emperor Jun.

Qin Feng, who was in the extremely sunny day, was shocked by that palm in the air, causing all his orifices to bleed.....

After breaking through the barrier, Di Jun forced his way into Ji Yang Sun's lair.

At this time, Qin Feng had fused 76%, and his combat power had increased to 1.76 million poles, while Di Jun had dropped to 3.6 million poles...

Both sides were extremely anxious.

As soon as he broke into the lair, Di Jun saw that Qin Feng was still merging.

He quickly rushed towards Qin Feng to kill him.

As soon as Qin Feng thought, the Four Heaven-Destroying Swords appeared above his head, and the Heaven-Destroying Formation Disk appeared under his feet...

Now, the Four Heaven-Destroying Swords and the Formation Disk were integrated into the Nine Dragon Sword, and their power was greatly increased.....

Buzz~buzz~buzz~buzz~

The Heaven-Slaying Sword Formation was instantly completed!

Unity of people!

Thousands of swords fired together!

Billions of sword lights shot towards Emperor Jun.....

At the same time, the power of the extreme sun of 4600 weeks was crushing towards Di Jun.....

This is Qin Feng's home court, and the power of the extreme sun around can be freely controlled by Qin Feng.....

"Get out of here!"

Di Jun roared and punched away...

Ka~! Ka~! Ka~!

With one punch, billions of sword lights shattered.....

The Heaven-Destroying Sword Formation was also blasted away!

But under the combined effect of the Heaven-Slaying Sword Formation and the surrounding Extreme Yang power, Qin Feng was able to block Di Jun's blow...

With this block, Qin Feng's fusion degree was completed to 93%, and his combat power also increased. Upgraded to 1.93 million poles.....

Di Jun's combat power dropped to 3.3 million. ㄟ..

"Damn it! Damn it!"

Di Jun was so angry that he couldn't block Qin Feng's fusion with one punch, which was completely beyond his expectation.....

Qin Feng was very happy in his heart.

Fortunately, the Heaven-Destroying Sword Formation absorbed the Nine-Dragon Sword, and its power was greatly increased. It is not weak even at the Heaven-casting level.

He got help from Jiyangri again, and then he could no longer stop him.....

But before he could relax, Di Jun came to kill him again.....

Qin Feng's expression changed slightly.

The Heaven-Destroying Sword Formation had been broken up and needed to be reorganized, but it was too late...

In the blink of an eye, Di Jun's attack arrived, and the heaven-destroying and earth-destroying fist wind tore apart all space and blasted directly towards Qin Feng's face.....

"Ding~! Congratulations on the host fusion reaching 100%.....Combat power increased to 2 million extreme power.....Cultivation level increased to half-step eternity 96%....."Don't cry. At this moment, Qin Feng finally completed all the fusions and was able to completely control the polar sun... shua~ a spatial twist!

Just when the punch was about to land, Qin Feng forcibly sent Emperor Jun out of the Sun.....

The next second, Di Jun appeared outside the extreme sun...

Before he could react, the giant sun in front of him swished and retracted into Qin Feng's body at lightning speed.....

Qin Feng's momentum suddenly increased to the strength of 2 million people in an instant...

When the sun lost its polar sun, it immediately became pitch black and lost all light. Countless mountains, rivers, and seas collapsed, and the world between heaven and earth collapsed. His strength weakened crazily...

Emperor Jun's combat strength also plummeted to 2.8 million, not even the threshold of a quasi-saint ancestor.....

"No~! "

He howled in despair.

Opposite him, Qin Feng looked ecstatic. , he finally succeeded!

The two most precious treasures in the Great Sun Heaven Realm fell into his hands.....

"Give me back the sun! Give me back the Fusang Sacred Tree!"

Di Jun roared and rushed towards Qin Feng again.....

"Ha ha!!"

Qin Feng looked up to the sky and laughed, and raised the Heaven-Destroying Sword Formation again...

With the help of the Heaven-casting sword formation, his strength greatly increased.....

Buzz~! Buzz~! Buzz~! Buzz~

Countless sword lights erupted!

The two sides immediately fought together.

This confrontation was actually evenly matched.

Di Jun became even more desperate.

He relied on the Seal of Heaven to have such strength, but there was still nothing he could do against Qin Feng...

At this moment, a sound of rapid piercing the air rang out nine days away.

"Brother! I'm here to help you! Hey...this is....."

Taiyi rushed back at this time.

But as soon as he entered the Great Sun Heaven Realm, he was confused.

I saw that the world was dark, the earth was cracked, the mountains and rivers were drying up, and the spiritual energy between heaven and earth became extremely thin.....

This is still the Great Sun Heaven Realm that is full of spiritual energy. It is clearly a world that is on the verge of collapse.....

"Second brother! Qin Feng took away the Extreme Sun and the Fusang Sacred Tree, and he must not be allowed to leave!"

Di Jun shouted

"What?!"

Tai was shocked.

At that moment, he immediately thought, and the seal of heaven in his body was activated, and his combat power skyrocketed, reaching 3 million in the blink of an eye... Immediately

, he sacrificed the Donghuang Bell and killed towards Warband.....

Qin Feng's expression changed slightly.

It was with the help of the Heaven-Slaying Sword Formation that he managed to draw a tie with Di Jun...

Taiyi was not only more powerful, but also had the help of Donghuang Zhong.

If the two of them join forces, he can't get any benefits.

"I won't accompany you anymore!"

"Can you leave??" Di Jun sneered.

As soon as Ke's voice fell, the surrounding space flickered, and Qin Feng disappeared out of thin air.

Taiyi arrived just in time, but missed the opportunity.....

The two of them suddenly looked confused...

At this moment, above the nine heavens, near the Great Sun Heaven Realm.

Xuan Ming's clone and Lu Ya were chatting.

Not long ago, after Qin Feng's strength exceeded 2 million in one fell swoop, the combat power of Xuan Min's clone also skyrocketed...

Taidun felt that there was no chance of winning if he continued to be entangled, so he quickly left the battle group and returned to the Great Sun Heaven Realm...

Lu Yayu He went to chase him, but was stopped by Xuan Mi's clone.....

"Master, why didn't we chase Taiyi just now? If he returns to the Great Sun Heaven Realm, it will be detrimental to your body!"

Lu Ya was puzzled.

But as soon as he finished speaking, the void behind him changed, and Qin Feng appeared out of thin air.....

"Lu Ya has met his master!"

Lu Ya was surprised and happy, and hurriedly came forward to pay homage.

At this time, he realized that Xuan Mi's clone did not let him chase Tai Yi because he knew that Qin Feng would use the space summons and rushed to them in an instant

"Master, have you refined the Extreme Sun?"

"Um!", Qin Feng nodded slightly.

This time, his harvest was too great.

Lu Ya was overjoyed: "Congratulations, master, on your great progress! Master, do we want to fight back to the Great Sun Heaven Realm together and destroy Emperor Jun Taiyi?"

At this moment, he can't wait to avenge blood.

Qin Feng shook his head: "Now is not the time! Emperor Juntaiyi has the help of the seal of heaven, and our strength is not enough to destroy them. Let's talk about it after I refine the Fuso Sacred Tree..."

Qin Feng became very excited when he mentioned the Fuso Sacred Tree.

After he refined the Sun of the Extreme Sun, his strength doubled, and his cultivation level also increased to Half-Step Eternity 96%....

If he refines the Fuso Sacred Tree again, he must be able to break through to the first realm of eternity, and his strength will skyrocket again.

By that time, even if he didn't borrow the Jade Certificate of Creation, he wouldn't be afraid of the potential enemy of Guixu Saint Ancestor.

Thinking of this, Qin Feng secretly breathed a sigh of relief.

At that moment, he wanted to rush back to SAARC and seize the time to refine the Fuso Sacred Tree.....

"Huh! This is....."

But at this moment, he seemed to sense something and looked up at the distant starry sky.

"Master, what's wrong?", Lu Ya asked curiously.

Qin Feng smiled slightly:"The shadow clone discovered something interesting, let's go there too!"

Chapter 1046

Qin Feng smiled slightly:"The shadow clone discovered something interesting, let's go there too!"

As soon as the words fell, the three of them disappeared into thin air.....,, the next second, the three of them appeared in an endless star field, and screams and fighting came from the front.

Lu Ya quickly followed the sound and saw the phantom clones killing everyone....., there are hundreds of thousands of people on the other side, but in front of the phantom clone, they are like ants, being exploded in pieces, and the sky is filled with blood mist....

"Lord Qin Lei! Spare your life! Spare your life! ah....."

"Lord Bi Fang! quick! Please ask your Majesty for help!"

In the battlefield, those people screamed in agony....., these people are the hundreds of thousands of Japanese remnant troops led by Bi Fang.

After Taiyi broke through the siege of the shadow clone, he rushed to the Great Sun Heaven Realm, but the shadow clone did not catch up.

It turned out that he knew that Di Juntai had rushed back early and Bi Fang's remnant army must still be behind, so he rushed to intercept him in advance, and sure enough he met -.....

"Owner! I'm here to help you!"

As soon as Lu Ya saw the scene in front of him, he rushed over excitedly, and immediately rushed into the flock like a tiger. In just a moment, he killed hundreds of people...

Qin Feng and the shadow clone also rushed in together, killing four people. The swords and Yuantu Abi came out at the same time, and the sky was filled with sword light.....

Wherever the sword light went, one by one the disciples were blasted, and tens of thousands of disciples were killed in the blink of an eye.....

"No~! "

When Bi Fang and others saw Qin Feng and arrived, they roared in despair...

The next second, he was killed by Qin Feng with a sword.....

"Ding~! Congratulations to the host. You successfully killed the extremely holy and powerful man (Bi Fang)... The host received 110 million karma points (110 million exchange points)....."

"Ding~! Congratulations to the hosts..".....

For a time, Qin Feng's karma value skyrocketed, and the exchange points increased crazily...

At the same time, inside the big sun.

Dijun Taiyi looked at the dark world with boundless despair in his heart.

Their consciousness has swept across several times, but they still can't find any trace of Qin Feng.

Suddenly, Di Jun's expression changed, he took out the communication jade talisman and started to read it.

Seeing this, his face changed drastically

"Brother, what's wrong?"

"Damn it! Bi Fang and the others were intercepted by Qin Feng and Qin Lei, and the situation was very critical!"

"ah?"

"Walk! Let's go and save them!"

"Brother! Wait!"

Taiyi stretched out his hand to stop Di Jun.

"Second brother, why did you stop me?"

"Brother, have you forgotten? You rely on the Seal of Heaven to achieve a tie with Qin Feng. If we leave the Great Sun Realm, even if you and I join forces, we will not be his opponent. We will only have to run for our lives....."

"ah....."

Emperor Jun's tiger body trembled, and he suddenly woke up, his expression became sluggish.

"Hey~! I never expected that you and I, brothers, would become polished commanders....."

He smiled bitterly and shook his head, extremely decadent.

Taiyi also looked disappointed and said: "Not only did we become a polished commander, our resources, the Extreme Sun, and the Fusang Sacred Tree were all plundered, and the Great Sun Heaven Realm became the most barren place in the Nine Heavens....."

"Hey~! Hateful! Hateful! This matter must not be forgotten!"-. "Brother, naturally I can't forget it. But you and I are at a disadvantage now and can only stay in the Great Sun Heaven Realm to survive. If I leave the Great Sun Heaven Realm, I can only retreat when I see Qin Feng, let alone take revenge. ㄟ"

"this.....That's not necessarily the case!"

Di Jun seemed to have thought of something, and rolled his eyes with a sneer on his face.

"Brother, do you have a plan?"

"Second brother, have you ever thought about it? The Sun of Extreme Yang is an innate creation and can be taken away as long as it is refined. But the Fusang Sacred Tree is different. It is the spiritual root of heaven and earth.

"If you want to refine the spiritual roots of heaven and earth, you need to find a suitable place to plant them first. If he couldn't find a place to plant it, he wouldn't be able to refine the spiritual roots of heaven and earth. The Fusang Sacred Tree will always be an ownerless thing....."

As soon as he said these words, Taiyi's eyes lit up.

"Brother is right! If you want to refine the spiritual roots of heaven and earth, you must first find a suitable place to plant them. Only spaces like the Nine Heavens and Ten Realms are suitable for spiritual root planting. Qin Feng is not like us. He has control over the Great Sun Realm. Where can he plant it? Is he going to plant it in the land of the gods?"

Di Jun sneered: "Although he has the fragments of the Jade Order of Creation, he has not obtained all the fragments of the Jade Order, which means that he is not yet the true master of the God Realm. The spiritual root contains its own set of laws of heaven and earth. If it is forcibly implanted into the divine world, it will definitely be rejected by the laws of heaven and earth."

"If Qin Feng wants to eliminate the conflict between the two laws of heaven and earth, he must become the true master of the divine world in order to smooth out the conflict between the two laws of heaven and earth. Otherwise, not only will his transplant fail, but he will also be seriously injured by the backlash....."

Taiyi nodded slightly:"That's right! Don't talk about him. Even if he is as tyrannical as Zhentian Taoist, he forcibly transplanted a heaven and earth spiritual root into Guixu, and he suffered severe backlash."

"Although he was lucky enough to break through to the Quasi-Saint Ancestor in the end, his combat power was only over 3 million, and he had not yet reached the threshold of the Quasi-Saint Ancestor, which was also sad!

Di Jun also nodded and said,"Yes!" The so-called Guixu is actually a heaven that has been completely destroyed. It has its own system of laws of heaven and earth. It also meets the standards for transplanting the spiritual roots of heaven and earth. But even so, Taoist Zhentian was still injured, and Qin Feng had no hope....."

It turns out that the so-called Guixu is actually a heavenly domain in the past.

Back then, the ancient God Lord fought a bloody battle with all the great powers in that Heaven Realm, which ultimately caused the complete destruction of that Heaven Realm and became the Guixu today.

Since then, the Ten Heavens and Ten Realms have become the Nine Heavens and Ten Realms.

Later, Taoist Zhentian obtained a mature spiritual root of heaven and earth from the treasure of the ancient god master, and transplanted it into Guixu.

Taoist Zhentian does not have his own territory, so after much calculation, the only suitable place for transplantation is within Guixu.

What's more, he got a broken piece of Guixu's power by chance back then. He was able to borrow 50% of the power of Guixu's world and was considered half of the owner of Guixu, so he successfully planted it forcefully....., thinking about this, Emperor Juntai felt that even if Qin Feng got the Fusang Sacred Tree, he would not be able to truly refine it.....

"Brother, as far as I know, after Zhentian Taoist made a lucky breakthrough, he proclaimed himself the Saint Ancestor of Guixu. Counting the time, he will soon return from outside the Jiutian Territory, right?"

"how? Do you want to join forces with him to deal with Qin Feng? But we can't find a reason for him to take action against Qin Feng....."

Taiyi smiled bitterly:"That's right!"

Di Jun sneered:"Although we can't unite to Zhentian, we can let others deal with Qin Feng....."

Taiyi's eyes lit up:"Does brother want to reveal the secret of the Fuso Sacred Tree?"

"That's right!" Di Jun said with a sinister look on his face,"Since we can't get it, we can't let Qin Feng get it. No one in this world knows about the existence of the Fuso Sacred Tree. If it were announced, it would definitely cause a sensation in the Nine Heavens and Ten Realms.

Taiyi said excitedly:"That's right!" An immature and ownerless heaven and earth spiritual root is very easy to refine. As long as we reveal that Qin Feng has the Fusang Sacred Tree in his hands, and then reveal that Qin Feng is incapable of refining it, the masters from the Nine Heavens and Ten Domains will definitely come to trouble him!"

"Ha ha!! Of course! At that time, I will see how Qin Feng can resist the entanglement of all the powerful men!"

"Brother, with Qin Feng's strength and the help of the Jade Order of Creation, I'm afraid that all the powerful experts will not be able to get any benefits. I'm worried, not many people dare to go?",

A sly look flashed in Di Jun's eyes:"We didn't reveal Qin Feng's strength, let alone that we lost the Fuso Sacred Tree, and deliberately belittled Qin Feng's strength, so we let those people find trouble for him.....

"This...if those people suffer, will they hate us?"

"There will definitely be people who hate us, but they will hate Qin Feng even more. If Qin Feng forges a big feud with those people and brings out one or two Saint Ancestor level old monsters, maybe we can get revenge!

Taiyi was surprised:"Haha!"! Brother really has a clever trick!

Di Jun also said proudly:"Hmph!" That kid wants to fight me! He is still tender!

Taiyi was still a little worried:"Although my brother's plan is clever, the premise is that Qin Feng does not have the ability to refine the Fusang Sacred Tree." If he refines the sacred tree, masters at the heavenly saint level will be willing to take action, but old monsters at the quasi-saint ancestor level or above will not be willing to be implicated in this cause and effect...."

Di Jun said indifferently:"Don't worry! In my estimation, Qin Feng really has no way to refine the Fusang Sacred Tree. An ownerless spiritual root of heaven and earth will definitely arouse the curiosity of the old monster of the Saint Ancestor...

Hearing this, Taiyi breathed a sigh of relief.

He also felt that Qin Feng did not have the ability to refine....., these two people did not know that although Qin Feng did not control the Great Wilderness God Realm, he founded the Great Flood God Realm himself.

The completion progress of the Great Flood God Realm is only 37%, but it already has a complete system of laws of heaven and earth, which is several times larger than any of the Nine Heavens and Ten Realms. It is easy to transplant the Fuso Sacred Tree.

What's more, the Fusang Sacred Tree is still a sapling, which is easier to refine than the Heaven and Earth Spirit Root of Guixu Saint Ancestor.

Therefore, it is very easy for Qin Feng to refine the Fusang Sacred Tree.

Once refined, his strength will skyrocket.

Di Jun's plan will only be in vain..

Chapter 1047

But on the other side, Qin Feng and others met the remnants of Bi Fang's army and began to massacre.

In just a moment, hundreds of thousands of the remaining Japanese troops were slaughtered, and Qin Feng's exchange points increased by more than a billion.....

"Master, who are these people?", Lu Ya then curiously asked

"He is a subordinate of Emperor Jun Taiyi."

Qin Feng waved his hand and collected all the energy transformed by Bi Fang and others.

This is also a big gain!

"It turns out that they are subordinates of Emperor Jun Taiyi. No wonder their aura makes me feel a little familiar. Huh! If all these people are dead, then Dijun Taiyi will become the bare commander, haha!!"

When Lu Ya thought of this, he couldn't help but laugh.

Qin Feng smiled and said nothing.

He knew that Lu Ya had suppressed his hatred for Emperor Jun Taiyi for a long time, and it was inevitable that he would be a little out of control at this moment.

At this time, the virtual shadow clone and the Xuan female clone Return.

The two of them waved their hands, and several large star flags and small star flags flew over.

Qin Feng put them away happily.

Then, with a casual move, Hongjun, Ziwei Star Lord, Fengdi, Kunpeng, Hongyun, Fuzhi, Panzu, Qin Baobao and other senior officials showed up one after another to "four two three"....

"Daddy!"

"His Majesty!"

"I've been waiting to see Your Majesty!"

When all the senior officials saw Qin Feng, they were all happy to pay their respects.

"Huh! Dad, who is this?"

Hongjun looked at Lu Ya curiously.

Ziwei, Fengdi and other senior officials looked at Lu Ya with expressions of surprise.

This young man looks like he is only in his teens, but his cultivation has reached the middle stage of Heavenly Sage. It is really incredible. It's so simple!

It's the first time for everyone to meet Lu Ya, so naturally they don't know him

"His name is Lu Ya, and he is my new subordinate!"

Everyone suddenly realized

"Lu Ya has met the young master!" "I've met you all."

Lu Ya didn't dare to neglect and met each other.

Especially when facing Hongjun, he was extremely respectful.

He could see that all the people in front of him had strong energy and blood, were not old, but had low cultivation levels. The talents he showed were extremely amazing, and almost none of them were inferior to himself.

Especially Hongjun, whose talents were far better than his own, which made him amazed.

This made Lu Ya not dare to be arrogant at all, but instead admired Qin Feng even more. , secretly thinking that the master is not only extraordinary himself, but also the people under his command.

In time, not only will the master himself be famous throughout the world, but even these subordinates will become famous people.....

But he said that when Hongjun and others learned that Lu Ya was Qin Feng's subordinate, they were all overjoyed, secretly thinking that the Southern Alliance had its own Heavenly Saint-level powerhouse.

At that moment, both parties exchanged greetings, and the scene was very harmonious.

"Your Majesty, these energies are left behind by trillions of creatures in the Great Sun Realm....."

Star Master Ziwei took out more than 600 rune jade bottles, which were filled with energy.

"good!"

Qin Feng put away the jade bottle with joy.

Such a large amount of energy is no less than what was obtained in the first battle to kill Emperor Jun's army. Obviously, the quantity makes up for the quality.

As long as Qin Feng refines this energy, he can be powerful. Entered

"Your Majesty, these are the resources we use to plunder the Great Sun Heaven Realm....."

Emperor Feng stepped forward and took out hundreds of thousands of storage rings.

There are too many resources in the Great Sun Heaven Realm, and they were filled with hundreds of thousands of storage rings before they were completely emptied.

Such a harvest was no small feat, and Lu Ya on the side was dumbfounded. good!"

Qin Feng was overjoyed and was about to put away these resources and prepare to go back and develop the Great Flood God Realm.

"Daddy, my child has a favor to ask!"

Hongjun suddenly stepped forward

"What's the matter?", Qin Feng looked at his child dotingly

"Dad, this time I came to the Great Sun Heaven Realm. My child gained a lot of insights through observing the Great Sun Heaven Realm. As long as daddy gives me enough resources, the child has hope to evolve the extreme realm of chaos under his control into a heaven, or a heaven....."

As soon as this was said, the senior officials were extremely shocked!

Lu Ya was also stunned.

As we all know, a small universe can evolve into a large world. It is usually a matter of time, but this time is extremely long.

And the vast world can evolve into heaven or celestial realm.

Nine Heavens and Ten Realms refers to the nine heavens and the ten heavens.

The evolution of the vast world into heaven or celestial realm does not rely on the accumulation of time and the accumulation of resources.

He is the master of the world who needs to realize his own set of laws and integrate them into the world.

Once the integration is successful, the world can be promoted to the heaven or celestial realm.

This is extremely difficult and requires extremely extraordinary understanding. Even many quasi-saint ancestors cannot do it.

Tens of thousands of universe masters can be born in one era.

But not all of these universe masters may be able to promote their own universe to a heavenly realm or celestial realm.

Generally speaking, it takes several epochs and hundreds of thousands of universe masters to be born before a monster can be cultivated into the heaven or celestial realm.

However, these monsters usually only have such insights when they are in the Heavenly Saint Realm (the fourth realm).

Once they succeed in promoting the universe to heaven or celestial realm, they will no longer need to rely on the spiritual roots of heaven and earth, and they will be able to break through to the quasi-saint ancestor (the fifth realm).

This is the true breakthrough to the quasi-saint ancestor realm by relying on talent, and the strength will be stronger than other types of quasi-saint ancestors.

Now, Hongjun has just reached the peak of the second realm of eternity. He has not even reached the third realm, and he actually said that he hopes to promote his extreme realm of chaos to the heaven realm or the heavenly realm.

How could this not shock everyone!

At this moment, Qin Feng's eyes sparkled and he was overjoyed.

If his child can really do it, it will be equivalent to having an additional world of heaven (domain) under his Great Flood God Realm.

This can greatly enhance his strength and speed up the completion of the Great Flood God Realm.

Every additional universe, additional world, and additional heaven (domain) Qin Feng obtains will increase his strength and speed up the completion of the Great Flood God Realm.

Of course, creating a divine realm is thousands of times more difficult than creating a heaven (domain).....

Back then, when the ancient God Lord was in the third realm, he created a heaven.

But when he founded the God Realm in the seventh realm, he eventually fell due to the failure of the creation, leaving an incomplete God Realm, which is the Great Wilderness God Realm..0

Qin Feng also discovered a problem, that is, his Great Flood The further the God Realm is established, the more obvious the speed becomes, so he urgently needs to acquire various worlds and even the heaven (domain)

"Hong'er, have you really had an epiphany?"

"Dad, the kid has had an epiphany, but the kid is not sure that he will succeed this time. There is only a 30% chance of success!"

"Ha ha!! Thirty percent is enough. Tell me, what do you need as a father to help you?"

"Dad, if your child wants to promote the extreme realm of chaos to the realm of heaven (domain), he not only needs to complete his own system of laws and regulations, but also needs a lot of resources and energy. I want to ask you for the resources for this harvest....."

"This is easy to say! Take all these resources!"

Qin Feng waved his hand, and the hundreds of thousands of storage rings filled with resources flew towards Hongjun.

Hongjun was overjoyed:"Thank you, dad!"

"By the way, daddy, the child is only 30% sure. If it fails, these resources are wasted.

Qin Feng said cheerfully:"It doesn't matter if you fail, just give it a try."

Hongjun was ecstatic:"Thank you, dad!""

At that moment, he happily put away hundreds of thousands of storage rings.

Everyone was envious and admired.

Lu Ya was even more amazed, secretly thinking that the young master's talent was stronger than that of the ancient gods. ah!

"Fu Zhi!"Qin Feng looked at Fu Zhi again.

"What's the matter, father?"

"I'll give you these star flags. Let's see how many strokes are left?"

Qin Feng waved his hand and threw over some star flags he had just obtained.

Fu Zhi quickly took them.

After a moment, he said happily:"Father, the child just counted them, and with these star flags, there is only one shot left. A large star flag and three small star flags can complete the Zhoutian Starry Formation."

3.7 Qin Feng nodded slightly. The few missing shots were either taken away by Emperor Juntai, or were damaged in the battle. It is impossible to find them all....."

Fu Zhi smiled and said: "Father, if you are only missing these few strokes, I will be more confident that I can make them up in a short time."

Qin Feng said happily: "That's good! When you complete the Zhoutian Xingdou Formation, for Father will let you take charge of the hundreds of millions of troops of the South Alliance and let them practice the Zhoutian Star Formation. If this formation is used properly, it may be able to deal with the quasi-saint ancestors....."

Fu Zhi was overjoyed: "Father, don't worry, my child will never let you down!"

"As a father, I believe you can do it! Let's go! It's time for us to go back!"

Qin Feng smiled slightly and waved to take Hongjun and others into the Great Flood God Realm. He was the only one left in the field. In this battle, he made a lot of money and was very happy.

At this moment, he should He went back to refine the Fuso Sacred Tree.

The next second, he disappeared out of thin air..

Chapter 1048

A moment later, Qin Feng used space summons and returned to the SAARC headquarters.

He released the people of the Southern Alliance, and after giving an explanation, he returned to the Great Flood God Realm alone.

At this moment, in the Holy Land of Heavenly Palace, over a valley.

Qin Feng was suspended in the air, holding seals with both hands, and constantly controlling the Fusang Sacred Tree in front of him....., boom~! Boom~! Boom~!

The spiritual energy of heaven and earth surges violently!

The aura of the Fuso Sacred Tree has greatly increased!

Three thousand divine lights lit up all over the body...

As long as the spiritual root of heaven and earth has its own set of laws of heaven and earth, it is incompatible with the laws of the outside world...

At this moment, the laws of heaven and earth brought by the Fuso Divine Tree are exactly the same as those of the Great Flood God Realm. The laws of heaven and earth conflict, stirring up the spiritual energy of heaven and earth.....

If this conflict is not resolved, the hibiscus sacred tree cannot be successfully transplanted.

Without transplantation, the hibiscus sacred tree cannot be worshiped.

Back then, Emperor Juntaiyi teamed up to control the laws of the Great Sun and Heaven with the help of the Seal of Heaven. It took hundreds of years to forcibly implant the Fuso Sacred Tree into the Great Sun and Heaven.

This is because the Fuso Sacred Tree is a sapling, and the power of the self-formed laws of heaven and earth is still very weak. The conflict between the two sets of laws of heaven and earth is not fierce, and it can only be completed in hundreds of years.

Replace it with a mature spiritual root of heaven and earth. Just transplant it. It can take as short as a thousand years, or as slow as nearly ten thousand years.

Back then, Saint Ancestor Guixu spent tens of thousands of years to completely plant the Heaven and Earth Spiritual Root, but the result was that it still could not be completely refined.

It can be seen that transplanting the spiritual roots of heaven and earth is an extremely difficult task.

At this moment, Qin Feng waved his hand, and the color of the world suddenly changed, all realms shook, and the power of the laws of the entire Great Flood God Realm began to surge...

But in just a moment, under the guidance of Qin Feng, the power of laws of the Great Flood God Realm and The magical power of the Fuso Sacred Tree blends together.....

Boom~! Long~! Long~!

The sacred tree trembled, and three thousand divine lights were about to shine brightly. Thousands of roots began to slowly penetrate into the valley...

When all the roots penetrated into the ground, peace returned to heaven and earth, and all the visions followed. Disappeared...

Just like that, in less than a quarter of an hour, the Fuso Sacred Tree was successfully implanted into the Great Flood God Realm. The process was extremely smooth.....

Dijun Taiyi would never have thought of this, nor dared to imagine it.

The Great Flood God Realm is far stronger than the Nine Heavens and Ten Realms, so it is most suitable for transplanting the spiritual roots of heaven and earth.

What's more, the Great Flood God Realm was founded by Qin Feng himself. He can control it easily, unlike Dijun Taiyi who needs to borrow external forces. The difference between the two is naturally huge.

After the transplantation, Qin Feng separated a spiritual thought and penetrated into the Fusang Sacred Tree.

At this moment, the root system of the sacred tree is connected to the Great Flood God Realm, and the laws of the two are integrated, so he does not reject Qin Feng, and even shows a hint of closeness.

Qin Feng's spiritual thoughts penetrated easily and started the sacrifice.....

In just a moment, the progress of the sacrificial refining reached 6%. The speed was thousands of times faster than the peak of Tiansheng. It was unimaginable.....

Generally speaking, the stronger the soul, the higher the speed of sacrifice.

Qin Feng's Yuan Shen is the Hongmeng Yuan Shen. In terms of the strength of his Yuan Shen, it is comparable to the threshold of the Saint Ancestor (sixth realm). Therefore, his speed of sacrifice is thousands of times that of the peak of the Heavenly Saint.....

Dijun Taiyi would never have imagined this.

As the sacrifices deepened, Qin Feng's momentum began to skyrocket.....

"Ding~! The host's sacrificial progress reaches 7%.....Congratulations on getting the spiritual root combat power to feed you back.....Combat power increased to 2.04 million poles..... to 13%.....Congratulations on getting the spiritual root combat power to feed you back.....Combat power increased to 2.09 million poles....."

"Ding~! The host's sacrificial progress reaches 21%.....氤卓,

In this way, Qin Feng's combat power skyrocketed....., at the same time, in the Great Sun Heavenly Realm.

Emperor Jun and Taiyi announced the news that Qin Feng owned the Fusang Sacred Tree to the Nine Heavens and Ten Realms through the Jade Talisman.....

They even summoned some old monsters hiding outside the Jiutian Territory.

In order to provoke a conflict between the powerful men and Qin Feng, Emperor Jun and Qin Feng deliberately belittled Qin Feng's strength and emphasized that Qin Feng could not refine the Fusang Sacred Tree.....

The Fusang Sacred Tree was an ownerless thing...

As soon as the news came out, it was like a bomb that exploded in the Nine Heavens and Ten Domains.

Countless powers are starting to make moves.....

The Great Wild God Realm!

A place that they have always looked down upon has now seen a seedling of the spiritual roots of heaven and earth. How could they not be moved?

At least in their opinion, the danger of going to the God Realm to grab a heaven and earth spiritual root is far less than going to the Nine Heavens and Ten Domains to grab a spiritual root.....

Not only many heavenly saints think this way, but even some quasi-holy ancestors have begun to set their sights on the divine world...

There are a total of eleven quasi-holy ancestors in the Nine Heavens and Ten Domains.

If we include those who have returned to seclusion outside the Jiutian Territory, there will be nearly twenty quasi-saint ancestors, many of whom are late-stage quasi-saint ancestors.

With Qin Feng's current strength, even with the help of fragments of the Jade Order of Creation, it would still be very dangerous to encounter the late-stage quasi-saint ancestor.

The combat power of the Quasi-Saint Ancestor in the later stage is more than 20 million poles, and his various methods are even more powerful...

Qin Feng's current combat power is only more than 2 million poles, which is a huge difference.....

Of course, all this is undercurrent.

The quasi-saint ancestors in the Nine Heavens and Ten Domains did not take any immediate action. They were paying more attention in secret. The treasure of the ancient God Lord that they valued more... The treasure of the Ancient God Lord will be opened in more than thirty years. There is not much time left for everyone. too much.....

Only some powerful Heavenly Saints have already started taking action...

Time flies so fast!

In the blink of an eye, three days passed by the outside world.

On this day, in the Great Sun Heaven Realm.

Emperor Jun was greatly surprised when he received the message from Guixu Saint Ancestor.

"Brother, did Taoist Zhentian send you a message?"

Taiyi asked curiously.

Zhentian Taoist is the name of Guixu Saint Ancestor.

"That's right!"

After reading the message, Di Jun looked strange.

Taiyi frowned:"Weird! Ever since Zhentian broke through to the fifth realm, he has had a very high opinion of himself and has never looked down upon us and the Heavenly Saints. Why would he take the initiative to contact us this time?"

"The second brother didn't know something. This guy contacted us because he wanted to ask us to do something for him."

Di Jun silently put away the communication jade charm.

"Brother, what did he do?"

"Since we last revealed information to him, Qin Feng obtained the Fusang Sacred Tree. He became interested in Qin Feng and asked us to help him check whether Qin Feng had been to Guixu some time ago....."

Taiyi was puzzled:"Why did he want to check whether Qin Feng went to Guixu? Did something happen in Guixu?"

Di Jun shook his head slightly: "I don't know! He said that he was rushing back from outside the Nine Heavens Territory and it would take more than ten years. Before we can arrive, please ask us to check first. Brother Wei has already promised him, even if he sells him a favor...."

Tai nodded: "That guy is a quasi-Saint Ancestor after all, so it's reasonable to sell him a favor. By the way, didn't he ask his subordinates to build a psychic altar? If anything happens, he can return to Guixu through the altar. Why? Will you have to travel for more than ten years?"

Di Jun sneered: "I'm afraid that the altar has been destroyed⁷³³ and he can't use it anymore...."

Tai rolled his eyes: "Brother, since Zhentian can't make it back for a while, then should we go to Guixu and snatch his heaven and earth spiritual roots?"

Di Jun smiled bitterly: "His heaven and earth spiritual roots have been implanted in Guixu. space, and under his secret technique, entered the back of the Guixu space. No one except him can find the location of the spiritual root. How can we grab it?"

"This is a problem!", Taiyi nodded slightly.

Immediately, his eyes lit up again: "Brother, I once heard a rumor that Zhentian's spiritual root was not completely refined, and it contained the remnants of the ancient God Lord."

"Under certain circumstances, the gods can communicate with the gods and find the location of the spiritual roots. Could it be that Qin Feng and the spiritual roots....."

Di Jun's eyes also lit up: "You mean, maybe there is some conflict between Qin Feng and Zhentian because of the spiritual roots?"

Taiyi smiled strangely: "Brother, it's very possible!"

Di Jun was overjoyed: "If so, this matter must be investigated carefully! If Zhentian and Qin Feng really have a conflict, you and I will have a big support!"

As soon as these words were said, the two looked at each other and smiled, and began to plan.....

At the same time, in the God Realm, the SAARC headquarters.

Great Flood God Realm, within the Holy Land of Heavenly Palace.

On this day, an extremely terrifying momentum conflict arose, causing the laws of heaven and earth to surge throughout the Great Flood God Realm. The pure air rose, the dirty air sank, and the territory of the Great Flood God Realm continued to expand....., at this moment, Qin Feng finally refined the Fusang Sacred Tree.

At this moment, his cultivation level also broke through to the first level of eternity..

Chapter 1049

"Ding~! Congratulations to the host for refining the spiritual root of heaven and earth - the Fusang Sacred Tree (seedling stage)... The host's cultivation has broken through to the first level of eternity 3.1%.....Combat power increased to 3 million poles....."

"Ding~! Congratulations to the host. Your fusion of the Great Flood God Realm and the Fuso Sacred Tree (seedling stage) has been successful... The territory of the Great Flood God Realm has been expanded.....The completion progress of the Great Flood God Realm has been increased to 43.7%.....The host's combat power is increased to 3.3 million....."

Boom~Long~Long!

Buzz~! Buzz~! Buzz~!

At this moment, the Great Flood God Realm rumbled and continued to expand.....

The golden fusang tree shines brightly in the sky!

Qin Feng's momentum also skyrocketed...

It took a long time before the world returned to calm.

Qin Fengshen's eyes opened and closed slightly, with a look of ecstasy on his face.

He finally entered the first realm of eternity, and his combat power increased to 3.3 million.

Even better, his progress in the Great Flood Realm increased to 43.7%.....

If the completion of the Great Flood God Realm reaches 100%, he can swallow up the Great Desolate God Realm and merge it into the complete Great Desolate God Realm.

By then, his strength will have a terrifying improvement.

Thinking of this, Qin Feng couldn't help but look around.

Today's Great Flood God Realm is completely different, and its territory has more than doubled.....

In the sky, the polar sun hangs high, constantly emitting the power of the polar sun, nourishing all living things, and increasing the concentration of spiritual energy between heaven and earth.

On the ground, the hibiscus sacred tree stands tall, its thousands of roots emitting spiritual power, nourishing the plants on the earth, and also increasing the concentration of spiritual energy between heaven and earth.....

Whether it is the concentration of spiritual energy or the size of the territory, the Great Flood God Realm far exceeds the Nine Heavens and Ten Realms, which makes Qin Feng very satisfied.

This harvest let him know that the integration of innate creation and the spiritual roots of heaven and earth can greatly improve the progress of the establishment of the Great Flood God Realm...

Speaking of which, the Fuso Sacred Tree is still a seedling. If it can be allowed to fully mature, It can also greatly improve the progress of the Great Flood God Realm, and also improve his strength.

Emperor Juntaiyi failed to break through to the Quasi-Saint Ancestor Realm because the Fusang Sacred Tree had not reached maturity.....

Thinking of this, Qin Feng couldn't help but look at the Fusang Sacred Tree below, secretly wondering how to cultivate the Fusang Sacred Tree to maturity... It takes hundreds of billions of years, or even longer, for a spiritual root of heaven and earth to mature.

Qin Feng naturally couldn't wait.

In addition, there are some rare spiritual objects that can quickly mature the spiritual roots of heaven and earth, such as Nine Heavens Spiritual Dew.

Jiutian Spiritual Dew is produced outside the Jiutian Territory.

The outside of the Nine Heavens Territory refers to the endless airspace outside the Nine Heavens and Ten Territories. The environment is extremely dangerous. Without the strength of a Heavenly Saint or above, it is impossible to survive there.

With Qin Feng's current strength, he has the ability to find it.

Just a trip to the outside of the Nine Heavens Territory, a trip that takes about twenty years, and a round trip of more than forty years, means that you will miss the opening of the treasure of the ancient God Lord.

Having said that, the treasure place of the ancient God Lord contains a large amount of Nine Heavens Spiritual Dew.

Qin Feng was a little excited when he thought about the treasure of the ancient God Lord..This time, he not only wanted to go to the treasure birthplace to collect the Nine Heavens Spiritual Dew, but also to collect all the fragments of the Jade Certificate of Creation and obtain the inheritance from the ancient God Lord.

Because only by obtaining the complete jade certificate of creation and the inherited mantle of the ancient god lord, can Qin Feng successfully devour the Great Desolate God Realm and condense a more powerful Great Desolate God Realm.....

More than thirty years later, when the God Lord's treasure trip took place, he had to go, and there was bound to be a bloody battle...

After all, all the Heavenly Saints and Quasi-Saint Ancestors from the Nine Heavens and Ten Domains would go there, and no one would sit back and watch the ancient God Lord's mantle fall into the hands of others. hand.

There will even be old monsters from the Holy Ancestor (Sixth Realm) going there. After all, the ancient God Lord is the only being in the legend who has reached the Seventh Realm.

Those old monsters also hope to get a way to break through the seventh realm from the mantle of the ancient God Lord.

Although the ancient God Lord restricted the Saint Ancestor (Sixth Realm) from entering the treasure, it does not mean that they did not have some special means...

Qin Feng got a lot of information about the treasure from the relics of Huoyun Jisheng.

That information revealed that every time the Divine Master's treasure is opened, the shadows of some old monsters from the Holy Ancestor will appear.

Although they did not show up directly, they were all observing secretly.

If someone really gets the mantle of the ancient God Lord, he is afraid that as soon as he comes out of the treasure land, he will be killed by a few great saints and the mantle will be taken away directly.....

The ancient God Lord restricted the successors to have a cultivation level below the fifth level, but the Holy Ancestor can snatch the inheritance from the successors...

This is definitely a huge hidden danger!

Qin Feng became a little worried when he thought of this.

The strength gap between the Holy Ancestor and the Quasi-Saint Ancestor is hundreds of times greater than the gap between the Quasi-Saint Ancestor and the Heavenly Saint. They are completely in the sky and on the earth.

Qin Feng's current combat power is only 3.3 million, which is even lower than the threshold of the quasi-saint ancestor.

When you arrive at the treasure land of the ancient God Lord, you can no longer borrow the power of heaven and earth. What everyone is competing for is their true strength...

Thinking of this, Qin Feng is even more eager to improve his strength.

"correct! The Saint Ancestor of Guixu has not returned yet, and his spiritual roots of heaven and earth are hidden in Guixu. Others have no way to find that spiritual root of heaven and earth, but I have a way.....`."

Qin Feng suddenly thought of this matter, and his eyes gleamed involuntarily.

If he could find that spiritual root of heaven and earth and take it by force, his strength would definitely be greatly improved.

This will be of great help to his journey to the Divine Master's treasure.

As for seizing the spiritual root, he would completely blame the Ruins Saint Ancestor, he didn't care at all.

Anyway, he has already been offended, so he will be offended to the end.....

With his current strength, he is not afraid.

Thinking of this, Qin Feng quickly exchanged thoughts and completed the communication with the phantom clone.....

Then, he waved, and hundreds of rune jade bottles appeared in front of him, all filled with energy.

That was all the energy collected when the Great Sun Heaven Realm was annihilated.

At this moment, Qin Feng had time to refine.....

Then, he opened his mouth and inhaled, and hundreds of energy rushed into his mouth...

The next second, his momentum began to increase crazily...

At the same time, a space shook in Guixu.

Then, a slender figure walked out of the void with a sacred book on his head.....

That figure was the shadow clone.

At this moment, with a thought from the shadow clone, the book above his head lit up with aura, and flew directly in a certain direction...

The shadow clone followed closely.....

The Book of Earth merges the strongest divine leaves of the spiritual roots of heaven and earth, so it has a slight connection with the spiritual roots of heaven and earth... The shadow clone used this feature to start searching for the location of the spiritual roots of heaven and earth.....

Time flies!

In the blink of an eye, three days passed.

Gui Xu is boundless and vast, and the spiritual roots of heaven and earth are constantly moving within Gui Xu (Nuo Zhao's) and never stay in one place for more than a quarter of an hour.

Unless the spiritual fruit matures, it will automatically appear and stay for a few days, but that only appears once in a hundred billion years.

This greatly increases the difficulty of finding spiritual roots.

The spiritual roots of the sky seemed to have spirituality. They seemed to know that the phantom clone was looking for it, but they avoided it all the way.....

The two sides formed a situation of chasing each other, which was very strange.....

However, the phantom clone moves faster than the spiritual root, and the distance between the two parties is getting closer and closer.....

On this day, when the phantom clone was about to catch up with the spiritual root and Qin Feng was still refining energy in seclusion, a group of people appeared near the God Realm, all of them were super strong men at the Heavenly Saint level.....

The effect of Dijun Taiyi's propaganda worked.

The first wave of powerful people who are interested in the Fuso Sacred Tree have begun to appear..

Chapter 1050

There are three people in this act.

The one at the front is a middle-aged man with a majestic temperament named Brahma, whose cultivation is at the peak of the Heavenly Sage.

The person on his left is a strange man with brown and black skin who looks like a man and a woman. His name is Shiva. His cultivation is in the late stage of Heavenly Sage.

The person on his right is a strong man with curly hair named Vishnu, whose cultivation is in the late stage of Heavenly Sage.

Behind these three people, there were six more people, whose cultivation levels ranged from the early stage of Tiansheng to the middle stage of Tiansheng.

This group of nine people come from the Great Freedom Realm of the Nine Heavens and Ten Realms.....

"Chief, do you think the news released by Dijun Taiyi is true or false?"

In the team, a powerful middle-aged man asked Brahma.

The middle-aged man's name is Indra, a master of the mid-level Heavenly Sage.

"I'm not sure if it's true or not.....Even if it's fake, it doesn't hurt to treat it as a visit to the God Realm. What if this news is true? Brahma said it lightly.

He did not fully believe what Emperor Jun Taiyi said, but the temptation of the Fuso Sacred Tree was too great.

The second leader Shiva also echoed:"That's right!" If the news is true, we will make a lot of money from this trip. Brother Brahma has already reached the peak of the Heavenly Saint. He only needs one spiritual root of Heaven and Earth to break through to the Quasi-Saint Ancestor....."

Indra nodded slightly:"If the great leader can break through to the Quasi-Saint Ancestor, the comprehensive strength of our Great Freedom Heaven will be greatly improved. This will also be of great benefit to the trip to the God Lord's treasure thirty years later!"

The three leaders Vishnu also said:"That's what the three of us thought, so we rushed over as soon as we got the news, whether it was true or false. I'm afraid that if the news is true, if we take a step late, our spiritual roots will be taken away by other forces!"

As soon as these words were spoken, all the powerful men nodded their heads.

"Yes! If the news is true, those inferior creatures in the God Realm are too weak to keep their spiritual roots....."

"yes! It is too easy to snatch spiritual roots from the hands of the gods. This battle for spiritual roots is a matter between our Nine Heavens and Ten Domains. It depends on which side arrives first. It can be said that it's first come, first served....."

"Are we late? In terms of distance, we and the Great Sun Heaven Realm are the closest to the God Realm. Other forces will need two to three months at the earliest, and several years at the latest. They shouldn't be able to catch up with us....."

"That's right! In terms of distance, our Great Freedom Heaven Realm is very close to the God Realm. I never thought that this could also be an advantage....."

As soon as these words were said, Brahma and the others all had smiles on their faces.

From the beginning to the end, these nine people never paid attention to the God Realm, let alone Qin Feng.

What they care more about is the authenticity of the news.

Of course, they also hope that the news is true

"Brother Brahma, after arriving in the God Realm, how can we judge whether the news is true or false?"

The second leader Shiva suddenly asked.

Brahma smiled coldly: "This is not simple! Let's find out Qin Feng directly and ask him directly. It would be fine if he admitted it and handed over his spiritual roots obediently. If he refuses to admit it, I will draw out his soul and refine his memory. I will know whether everything is true or false."

"Ha ha! Brother Brahma was right, it was so simple and clear, and it could save a lot of time...

Everyone looked at each other and laughed.

To extract people's soul and refine their memories is equivalent to killing them, which is extremely cruel.

Brahma and the others spoke lightly and did not take Qin Feng's life or death seriously.

In their opinion, killing Qin Feng is like squeezing an ant to death. It is no big deal.

"Chief, if we attack directly like this, will we encounter any resistance? After all, that is the home of the God Realm, and there are quite a few of them..."

Indra said something casually.

But as soon as he said this, everyone burst into laughter.

"Ha ha!! Since the birth of the God Realm, there is not even a single Heavenly Saint. How can they fight against us?"

"that is! The nine of us are all heavenly saints. Killing them is like ants....."

"Let's go~ There are still two hours before we can reach the God Realm....."

At this moment, everyone stopped talking and accelerated towards the God Realm.....

At the same time, in the SAARC headquarters, inside the court hall. The avatar of Wei Xuan was sitting on a high throne. Ziwei

, Fengdi, Fuzhi, Panzu, Luya, Kunpeng, Hongyun and many other top SAARC officials stood on both sides.

Further down, there are ordinary high-level officials and leaders of many forces.

All kinds of things, tens of thousands of leader-level figures gathered in the hall, and the atmosphere was very lively.

Everyone's faces were filled with joy.

More than ten days have passed since the last war.

In the past ten days, everyone in the Southern League has been in retreat in the Great Flood God Realm.

In the past ten days, more than a hundred years have passed in the Great Flood God Realm.

Before everyone retreated, Qin Feng exchanged millions of various magical pills and distributed rewards.

After more than a hundred years of rest, everyone in the Southern Alliance has refined all the magic pills, and their strength has improved by leaps and bounds.....

The number of quasi-god and above armies has increased to 130 million.....

The number of powerful people in the first realm of eternity reaches more than one hundred and sixty.

In the second level, there were more than forty people.

Fengdi, Panzu, Qinglin, Qinbaobao, Minghe, Gonggong, and Jiuyin have all reached the limit of the second realm, and are just one step away from the ultimate saint.

Ziwei, Kunpeng, Ziwei, and Fuzhi successively broke through to the early stage of the Supreme Saint.....

After Hongjun obtained massive resources and many divine elixirs, he has been in retreat to worship the extreme realm of chaos, hoping to turn it into a heaven (domain).....

Although I don't know whether Hongjun can succeed, his cultivation has also improved by leaps and bounds in seclusion, and has quietly been promoted to the middle stage of the Supreme Saint...

In short, the overall strength of the Southern Alliance has been greatly improved, which has allowed Qin Feng to gain a lot of combat skills. In return, the combat power has been increased by 100,000 poles.....

"Is everyone here?"

At this moment, a majestic voice sounded from the main hall.

The clone of Xuan Mi spoke.

The originally noisy main hall immediately became quiet, and the atmosphere in the venue was solemn.

"Return to Your Majesty! There is still one person who has not arrived, but the rest have arrived...

Lord Ziwei respectfully replied

"Who hasn't arrived yet?"

"The leader of the Ying clan made a heroic move!"

As soon as these words were said, everyone couldn't help but look at the corner of the hall.

Standing there were thousands of people. They were the leaders of many hidden forces who had just joined the SAARC around the time of the last war.

They vaguely followed their lead with heroic tactics.

At this moment, these people Seeing the leaders of tens of thousands of forces looking over, they felt a little nervous.

One of them stepped forward nervously and reported respectfully to Xuan Mi's clone.

"Returning to Your Majesty, Lord Yingzhao has been refining in seclusion since he received the Hunyuan Divine Pill as a reward from you. He has not yet come out of seclusion...."

Speaking of this, the man's tone was full of envy.

Behind him, thousands of hidden force leaders also showed envy.

They have long heard about the benefits of Hunyuan Divine Pill.

But after the war, Qin Feng only rewarded Yingzhao, and did not give any rewards to other hidden force leaders.

It's not that Qin Feng's magic elixir is insufficient, but that these people are willing to join the South Alliance when they see that the South Alliance has the upper hand.

Although this is understandable, in Qin Feng's eyes, it is just the icing on the cake, not a timely help, so it is naturally discounted.

He has many magical pills, so he naturally wants to give priority to rewarding his direct descendants who fought bloody battles for him, so he did not reward these hidden forces who joined later.

As for the heroic move, this time the credit was not small, Qin Feng specially rewarded him with a Hunyuan Divine Pill.

However, Qin Feng did not allow Yingzhao to enter the Great Wilderness God Realm. Naturally, Yingzhao could not enjoy thousands of times of time acceleration, and he has not been able to refine the Hunyuan Divine Pill to this day.

To put it bluntly, Yingzhao still does not deserve enough credit.

Qin Feng treats them differently in order to make rewards and punishments clear.

And many hidden force leaders have long been envious in their hearts when they see that the leaders of SAARC, big and small, have greatly improved in strength in just a few days.....

"Since Yingzhao is still in seclusion, we won't wait for him....."

Xuan Mi's clone spoke again.

As soon as he finished speaking, a figure hurriedly walked in outside the hall door.....

"I hope your majesty will forgive me for the late arrival of Ying!"

The person who came was none other than the belated Yingzhao.

As soon as he entered the palace gate, he nervously stepped forward and knelt down to pay homage. Everyone couldn't help but look over.

"Huh! Master Yingzhao has broken through to the third level!"

"Yes! Master Yingzhao has really achieved a breakthrough to the extreme saint!"

Many hidden force leaders discovered Yingzhao's changes in cultivation for the first time, and they couldn't help but look envious.

Xuan Mi's clone also showed a happy smile.

His magic elixir was not wasted.

Now, Yingzhao Yiyi Breakthrough, the number of supreme saints in the Southern Alliance reached six.

"Get up!"

"Thank you, Your Majesty!" Yingzhao stood up respectfully.

"It can be seen that you have broken through to the third realm....."

"Any breakthroughs made through Yingzhao are all given by His Majesty. Without His Majesty's gift of divine elixir, it would be hard to say whether Yingzhao could break through the bottleneck in this life. Even if a breakthrough is achieved by luck, it will only happen in millions of years....."

Speaking of this, Yingzhao looked grateful.

He was truly grateful to Qin Feng.

The effect of the Hunyuan Divine Pill was so wonderful that it allowed him to break through the biggest bottleneck in his life, and also allowed him to recognize Qin Feng to the extreme.....,

Xuan Min's clone smiled and nodded:"As long as you follow me faithfully, your benefits will naturally be indispensable....."

"Your Majesty, Yingzhao has a treasure that I want to dedicate to you!"

"Oh....what?"

"Your Majesty, look!"

At that moment, Yingzhao took out something from his body.

When all the hidden forces saw it, they all showed great astonishment.

They didn't expect that Yingzhao would take the initiative to offer that kind of thing, which was related to many hidden forces. The real foundation.

With this dedication, there is no way out.....

"Huh! This is....."

When Xuan Min's clone saw that thing, her eyes shone with surprise..
