

## God level 1051

### Chapter 1051

Yingzhao took out a blue light group, exuding extremely strong space fluctuation power.....

Xuan Mi's clone could see at a glance that the light group was a small self-enclosed space world.

The small universe is broken and will not be completely destroyed.

Some will turn into countless floating continents, and some will turn into dozens of self-enclosed small space worlds.

Those small worlds in space will give birth to the Seal of the World - by refining the Seal, you can control that small world and become the World-Lord.

In a small world like that, the spiritual energy may not be rich and the resources may not be abundant, but it is extremely concealed.

As long as the lord of the small world deliberately hides it, it will be difficult for even the Heavenly Saint to discover the location of the small world.....

"Yingzhao, the light group in your hand is a small world in space, right?", Xuan Mi's clone deliberately asked

"Your Majesty is wise! This is a small space world, and it is also the family residence of my Ying family that has been passed down for tens of billions of years. I heard that the small world of space is of great use to Your Majesty, so I dedicated this thing to Your Majesty!"

Yingzhao presented the light group respectfully and took out a jade seal at the same time.

That jade seal is the seal of the world that controls the light group.

Everyone was slightly moved when they saw this scene.

A small world in one space is worth a lot of money!

Those leaders of the hidden forces, you look at me, I look at you, they all have weird expressions...

The clone of Xuan Mi silently saw all this, and started to care about it...

Speaking of which, these small spaces Worlds are indeed of great use to Qin Feng.

After all, they are formed by the fragmentation of small universes. If the corresponding fragments can be found and reassembled and repaired, a complete small universe can still be obtained. The small universe can be cultivated into a large world.

And every time a large world is obtained , In the world, Qin Feng's progress in the Great Flood God Realm will be improved, and his combat power will also be enhanced.....

"Yingzhao, this space world is your inherited family land. You rashly dedicated it to me. How should you explain it to your family? Yingzhao said with sincerity:"

Your Majesty, this is the result of our whole clan's discussion." We, the Ying clan, are willing to follow His Majesty wholeheartedly, so there is no need to hide in a small world."

"For this reason, our whole family has moved out of the small world in advance. I also erased my consciousness of this world seal. As long as your Majesty refines this Seal of the World, you can immediately control this small world..."

Hearing this, Xuan Min's clone nodded repeatedly

"good! Yingzhao, since you treat me sincerely, I will not treat you badly. From now on, your clan does not need to choose another clan place in the outside world, just move directly into my Great Flood God Realm!

Yingzhao was delighted:"Thank you, Your Majesty!"

When the leaders of the hidden forces saw this scene, they couldn't help but be moved, with more or less a hint of envy on their faces.

As we all know, Qin Feng's Great Flood God Realm is rich in resources and rich in spiritual energy, far superior to the Great Desolate God Realm, and even more It is better than the Nine Heavens and Ten Realms.

If they can also be qualified, it will be a great thing for them to arrange their family's residence into the Great Flood God Realm.

But such preferential treatment is not available to all forces. Only Qin Only the most direct forces of Feng are qualified.

Now, Yingzhao will be treated so favorably because of his merits in offering treasures, so they are naturally a little tempted.

At this time, Xuan Mi's clone waved her hand, and the small world where Yingzhao dedicated himself was also the world. Seal, sucked it into his hand.

After observing it for a while, he put it away with satisfaction.

"Yingzhao, these extremely divine pills were given to your tribe, and you accepted them!"

Xuan Mi's clone waved her hand again, and thousands of extremely divine pills flew towards Yingzhao.

Yingzhao was overjoyed and took the pill with excitement.

The leaders of the hidden forces were all greedy to see it.

"There are also these Hongshen Pills, Huangshen Pills, and Taishen Pills that are of great use to the top leaders of your clan, so you should accept them too!"

"There is also this Hunyuan Shendan. You can continue to take it, and the effect will be better than the first time. However, it needs to be taken 10,000 years apart to be effective. If you have been staying in the Great Flood God Realm, ten thousand years have passed in the Great Flood God Realm, and more than thirty years have passed in the outside world...

Xuan Mi's clone waved her hand again, and hundreds of divine pills flew towards Yingzhao, one of which was extremely powerful. Precious Hunyuan Shendan

"Thank you, Your Majesty!"

, taking the magic pills with excitement.

He carefully put away the magic pills, especially the Hunyuan God Pill...

With that Hunyuan God Pill, as long as he has passed ten thousand years, he can take it again.

By then, he will have the hope of breaking through to the middle stage of the Supreme Saint...

This thought made him extremely excited.

Coupled with the other divine pills rewarded by His Majesty, his people will also be greatly strengthened.

The leaders of the hidden forces see At this point, I was completely jealous.

Finally, a white-haired old man couldn't bear it anymore.

He strode forward and said:"Your Majesty, I also have a small world of space in my hand, which is where our clan is stationed. I am willing to dedicate this small world to Your Majesty!"

The white-haired old man took out a silver light group and a seal of the world.

"very good!"

Xuan Mi's clone waved her hand and put away the light group and the seal of the world.

"Liu He, since you treat me like this, I will not treat you badly. From now on, your clan may also move into the Great Flood God Realm. In addition, this Hunyuan Divine Pill and these divine pills will be rewarded to you!"

Xuan Mi's clone waved her hand, and nearly a thousand magic pills flew towards the white-haired old man.

"Thank you, Your Majesty!"

The old man was ecstatic and put away those magic pills with excitement.

"Your Majesty, I also have a small world of space....."

"Your Majesty, I have it too...."

At this moment, nearly a thousand hidden force leaders are vying to offer treasures.....

The senior officials of SAARC were dumbfounded.

"good! good! Come one by one....."

Xuanzang's clone had already expected it and smiled happily.....

Qin Feng has always had a doubt in his heart.

That's why there are so many hidden forces, and why no one can do anything to them during the period of Huoyun Jisheng.

Even during the Southern Alliance period, many of Qin Feng's subordinates could not discover the locations of these hidden forces.

It wasn't until Yingzhao dedicated himself to the small world of space that he finally figured it out.

It turns out that these hidden forces have inherited small space worlds that can hide their home base...

In this way, Huoyun Jisheng and others have no way to deal with these hidden forces.

It wasn't until Qin Feng appeared and SAARC became unprecedentedly powerful that these hidden forces felt unprecedented pressure.

In order to develop, they also need the resources of the Great Wilderness God Realm. They cannot hide in the small world all the time, so they have to join the Southern Alliance.....

At this moment, Yingzhao and Liuhe successively sacrificed their small worlds and received generous rewards.

The leaders of these hidden forces finally couldn't stand it any longer, and one by one they revealed their final details.

They also know very well that if they don't give it now, they will be marginalized forever in the future.

Besides, Qin Feng was not stingy and did not treat them lightly.....

In this way, as long as one of the hidden forces is willing to dedicate the small world, Xuan Mi's clone will reward that party greatly and allow their entire family to move into the Great Flood God Realm...

After a long time, all the hidden leaders have finished their contributions.

Xuan Min's clone collected more than 1,200 small space worlds.

He made a rough assessment and found that he should be able to integrate more than twenty small universes...

In other words, he will soon be able to reach more than twenty large worlds, and he can greatly improve the strength of his main body...

At the same time, he will also Great rewards were given to many leaders.

Both parties are happy!

The atmosphere in the venue was very harmonious... but under this heavy reward, Qin Feng didn't have many exchange points left.

If he hadn't swept through the Great Sun Realm before, he really wouldn't have been able to get so many rewards.....

"Ziwei!"

"I'm here!"

"After the conference is over, you go to the Great Flood God Realm and divide the locations for Yingzhao and Liuhe. The range of each clan's settlement must not be smaller than their previous settlement...."

"I understand!"

As soon as he said this, Yingzhao and others were very grateful.

"I will thank Your Majesty!"

"Your Majesty, Yingzhao has another proposal....."

"oh? What's the proposal?"

"Your Majesty, now all the forces in the God Realm belong to you, and all the lands in the God Realm are your territory. My subordinates feel that it is inappropriate to name your force after the Southern Alliance. It is more appropriate to use the Divine Alliance, or the Divine Alliance for short....."

As soon as this was said, everyone felt that this should be the case and agreed one after another.

"The subordinates also felt that it would be more appropriate to use the Divine Alliance....."

"That's right! The name of the Divine Alliance is also more grand....."

Xuan Min's clone nodded slightly:"This is a good suggestion! From now on, the Southern League is the past, and the Divine League is our new starting point....."

Everyone was overjoyed and cheered

"Your Majesty is wise!"

"Long live the Divine Alliance!"

For a time, there were thunderous cheers in the venue, and the atmosphere was high.

When the shouts calmed down, the phantom clone looked at the leaders of the hidden forces again

"I would like to ask you, are all the forces in this divine world now attached to our divine alliance?"

"Your Majesty, as far as I know, there are still a dozen stubborn forces who have not surrendered. ...."

Yingzhao takes the initiative to report.

He is now completely devoted to Qin Feng

"oh? Why are they not attached?"

"Your Majesty, they should feel that since their small world is extremely hidden, they have nothing to fear. However, my subordinates know them well and know where the entrances to their world are....."

Xuan Min's clone nodded:"Okay! I will give you a task. You tell them: in the whole world, is it the king's land; on the shore of the land, is it the king's ministers. In the world of gods today, there can only be one force, and that is the gods. alliance"

"If they are willing to join the Divine Alliance and dedicate the small world of space, I will reward them generously. If you don't know the signs, don't blame me for being rude....."

"Subordinates obey!"

Yingzhao was excited.

He knew that the opportunity to make meritorious deeds was coming.....

"Anyone else have anything to report?"

"Father, my child is in trouble....."

Fu Zhi stepped forward.

But before he could finish his words, Xuan Mi's clone's expression suddenly changed slightly, and she suddenly raised her head, looking through the dome of the temple and looking up to the nine heavens.....

"Your Majesty, what's the matter?", Ziwei asked quickly.

Xuan Mi's clone smiled coldly:"Nine heavenly saints are coming together, I'm afraid the person who comes is not good....."

Chapter 1052

"Nine heavenly saints?"Everyone was a little frightened.

For them, any Heavenly Saint was extremely terrifying, let alone nine who appeared at once.

"Your Majesty, who is coming?"

"I don't know! Let's go out and have a look! If these guys are here to cause trouble, don't blame me for being rude!"

Xuan Mi's clone sneered and strode out.

All his subordinates quickly followed behind.....

With Qin Feng's current strength, he is really not afraid of the opponent.

What's more, this is the headquarters of the Divine Alliance, Qin Feng's home base.....

After a while, the group of people left the temple and came to the central square... As soon as

Xuan Mi's clone and others arrived at the square, nine holy powers descended from the sky above the God Realm, covering the sky and the earth, and crushing down.....

"Huh! This is....."

"Look! That...what is that....."

"Oh My God! Nine heavenly saints have arrived! What are they here for?....."

In an instant, the land of the God Realm was shaken, and hundreds of millions of creatures raised their heads.

I saw nine majestic figures, all of them tall and carrying rings of holy light, slowly descending from the "877" sky...

The children of the Shenmen League could tell at a glance that those nine people were all heavenly saints!

The powerful Heavenly Saint has an extraordinary body and naturally emits a ring of holy light all over his body.....

The higher your cultivation level, the more dazzling the ring of holy light will be!

This scene made countless beings in the God Realm panic...

Most of the children of the Divine Alliance looked calm.....

This is not the first time they have seen such a big scene.....

"Those below the Supreme Saint will stay behind! The rest of the people will follow me up to have a look!"

Xuan Mi's clone gave the order and took the lead to fly high into the sky.

At that moment, Lu Ya, Ziwei, Kunpeng, Hongyun, Fuzhi, and Yingzhao followed closely.

Panzu, Fengdi and other senior officials quickly organized an army of hundreds of millions and entered the alert status, activate the protective formation at any time...

In front of the Heavenly Saint, the Supreme Saint and below have no resistance at all. Only the Supreme Saint can still have a glimmer of hope of escape.

This is also the reason why Xuan Mi's clone only allows the Supreme Saint and above to follow.....

At the same time, thousands of feet high in the sky.

The nine Brahma men descended slowly

"Big boss, seven people are flying below....."

"hehe! There are just a few supreme saints, and one of them is in the first realm. The power of the God Realm is really low.....Huh! There is actually a supreme saint...."

When the nine Brahma people saw the seven clones of Xuan Mi approaching, they all showed disdain...

Finally, their eyes fell on Lu Ya.

A strong middle-level Heavenly Sage appeared in the God Realm, which surprised them a bit.....

Of course, it was just a small accident.

It's just the middle stage of Tiansheng. It can't change any situation.....

On their side, there is one peak Heavenly Saint, two late-stage Heavenly Saints, one mid-stage Heavenly Saint, and five early-stage Heavenly Saints. Their strength is far stronger than that of the Divine Alliance... In their opinion, they have defeated the gods. Alliance people.

In just a moment, the two sides met in mid-air

"Where are you from? And why did you visit the God Realm?"

Xuan Mi's clone asked politely.

Brahma frowned slightly and glanced at Xuan Mi, not even bothering to stop for a second.

A small person in the first realm of eternity was not qualified to let him speak. Shiva also looked at Xuan Mi. The clones glanced at each other and sneered and were too lazy to speak. The arrogance of Brahma and others made Lu Ya and others frown.

These guys are too arrogant!

They ignored His Majesty's polite inquiries.

"several people.....", Xuan Mi's clone was about to speak.

A person came out from behind Brahma, it was Indra.

He interrupted directly: "You are a small person in the first realm of eternity. What qualifications do you have to question our leader?"

After saying this, he turned to look at Lu Ya: "Your Excellency is the rumored leader of the God Realm. Qin Feng?"

Lu Ya asked back: "Who are you?"

Indra said proudly: "We come from the Great Freedom Realm. Today I am visiting your God Realm to discuss important matters with Qin Feng. Your Excellency should be Qin Feng. Right?"

Just as Lu Ya was about to deny it, Xuan Mi's clone sent him a message and asked him to make up his words.

At that moment, Lu Ya said: "What do you want to discuss?"

"this....", Indra looked back at Brahma.

Brahma nodded slightly.

Indra received the instruction and said: "Qin Feng, let's get straight to the point! There is a rumor in the Nine Heavens and Ten Realms recently, that is, you have obtained a seedling of the spiritual root of heaven and earth."

"I see that your cultivation level is only in the middle stage of Heavenly Sage, and you still don't need the spiritual roots of Heaven and Earth. On the contrary, the leader of my family is already at the peak of the Heavenly Saint, but he only needs one spiritual root to break through to the Quasi-Saint Ancestor. If you are willing to give up your spiritual roots and give them to each other, we in the Great Freedom will not treat you badly..."

Indra has already regarded Lu Ya as Qin Feng.

When Xuan Min's clone and others heard this, they already understood the other party's intention.

This group of people came with great fanfare and were absolutely unwilling to leave empty-handed.

This is a bad sign!

"How did you get this news? Could it be that Dijun Taiyi told you?"

Xuan Mi's clone suddenly interjected.

Indra and others frowned.

This first-level boy was really ignorant and would interject from time to time.

However, he still replied: "That's right! It was the news spread by Dijun Taiyi. Even your little first realm knows about this. It seems that the news about Emperor Jun Taiyi is true....."

After saying this, Indra looked at Lu Ya again

"Qin Feng, hand over the Fusang Sacred Tree quickly!"

"What if I don't pay?", Lu Ya said deliberately.

He was instructed by Xuan Mi's clone and continued to test.....

"Not paying?! So, you really have the Fuso Sacred Tree!"

Brahma suddenly interrupted.

At this moment, his eyes were shining and his heart was ecstatic.

Shiva and Vishnu also looked at each other, their eyes full of joy.

They were worried that Qin Feng did not have the Fusang Sacred Tree and that the news was false.

Now, They confirmed that Qin Feng had a sacred tree, so they had to grab it no matter what.....

"Qin Feng, I give you a chance. If you hand it over obediently, I will give you a certain amount of compensation. If you don't pay, then your fate will be the same as his....."

As soon as the words fell, Fan Suddenly, he slapped Xuan Mi's clone with his palm.

He wanted to slap this little ant in the first realm to death, in order to scare Lu Ya into obediently handing over the sacred tree.

After all, Lu Ya is a powerful person in the middle stage of Tiansheng, and he is not so easy to kill.

But this kid in the first level can kill him instantly with just a flip of his hand.

In the blink of an eye, Brahma's palm reached above the head of Xuan Mi's clone.

The all-out blow from the peak of Heaven's Saint covered the sky and the earth.....

Click~click~! Click~!

Wherever the wind of the palm passes, all laws are shattered, space is cracked, and the heaven and earth are destroyed.....

"His Majesty!"

Ziwei, Kunpeng and others couldn't help but exclaimed...

This scene made them a little unable to react.

Shiva, Vishnu, and Indra sneered...

They had long disliked Xuan Mi's clone.

A small first-level ant has been chirping beside him.

Now, the big leader personally takes action to destroy this ant, just to give these people in the world of gods a disincentive...

In the blink of an eye, Brahma's palm fell.

Xuan Ni's clone Also greeted with a palm.....

The smiles of the Eight Shivas became even thicker. There was still some disdain in their eyes.

A little ant in the first realm of eternity still wants to resist the palm of the big leader. What is the difference between this and seeking death?.....

They seemed to see it. The female clone was exploded by the big leader's palm and turned into blood mist...

But the next second, the smiles on their faces froze.....

I saw two palms coming together!

Boom ~ an earth-shaking loud noise.....

Then there was a shrill scream!

Brahma was struck by the palm of Xuan Mi's clone, causing him to vomit blood and fly out...

Shiva and others were completely dumbfounded.

No way?!

Their leader was actually blown away by a boy from the first realm of eternity. In the blink of an eye, he was flown nine days away and out of everyone's sight.....

And he vomited so much blood that the sky was filled with blood..

Chapter 1053

Shiva and others were completely dumbfounded.

No way?!

Their leader was actually blown away by a boy from the first realm of eternity. He flew nine days away in the blink of an eye and was out of sight of everyone.....

And he vomited so much blood that the sky was filled with blood.....

Immediately, Shiva and others looked at the Xuan female clone in horror.

"You...you...who are you?"

"Difficult... Are you Qin Feng?!"

Shiva and others were so shocked that they couldn't even speak.

Xuan Mi's clone smiled coldly, and the momentum of her whole body exploded, exceeding one million in an instant, and it was still rising rapidly.....

"This...how is this possible?!"

The faces of Shiva and others changed greatly.....

The combat power and momentum of an eternal first-level warrior has reached more than twice that of the peak of Heavenly Saint.

If they hadn't seen it with their own eyes, they wouldn't have believed it.....

The next second, these eight people woke up

"Brother Shiva, hurry! quick! Integrate quickly!"

Vishnu shouted anxiously.

Shiva understood and immediately thought.

Buzz~buzz~!

The two people's bodies instantly bloomed with dazzling golden light...

The next second, the two people merged together and turned into two heads and four arms. A weirdo with a fighting strength of 900,000.....

"Do it!"

Xuan Mi's clone gave the order and took the lead in killing them.....

"Fight to the death with us!"

Shiva and Vishnu also exclaimed loudly.

The two sides immediately fought in a melee.

The clone of Xuan Mi faced the two-headed and four-armed monster transformed by Shiva and Vishnu. When the two sides fought, the clone of Xuan Mi took a large share. The upper hand.

23 The other five early stage Heavenly Saint warriors rushed forward to help.....

They teamed up with Shiva and Vishnu to deal with Xuan Mi's clone. Seven against one, they were still at a disadvantage.....

Indra was worried and wanted to help, but was intercepted by Lu Ya.

Ziwei, Kunpeng, Hongyun, Fuzhi, and Yingzhao quickly followed up to assist Lu Ya in dealing with Indra.....

Soon, Lu Ya's side gained the upper hand.

At that moment, high up in the sky, they were divided into two large groups.

The League of Gods has the upper hand!

Below, hundreds of millions of divine beings were filled with excitement and excitement.....

Once upon a time, the God Realm was ranked below the Nine Heavens and Ten Domains, and was always looked down upon by them.

To this day, the Nine Heavens and Ten Domains are no longer considered aloof.

Previously, Da Ri Tian Jie was so killed that he fled.

At this moment, the Great Freedom Heaven Territory also fell into a disadvantage.....

What makes them even more gratified is that Qin Feng, the strongest man in the God Realm, has not yet appeared!

Boom ~ boom ~! Long~!

The battle in the air was extremely fierce, the sky was dark and the ground was dark, and the space collapsed...

Suddenly, there was a muffled groan!

A heavenly saint was blasted by Xuan Ni's clone until he vomited blood and flew backwards...

This scene made Shiva and others' expressions change greatly.

This kid is too strong and too evil!

He clearly only had the first level of cultivation, so why did his combat power reach 1.2 million, which was far higher than the peak of Tiansheng... What made them even more speechless was that the combat power of Xuan Min's clone increased by 200 times, exceeding all the saints.....

The amplitude of Tiansheng's combat power is about one hundred and ninety times.

An increase of two hundred times could only be achieved by the Quasi-Saint Ancestor.

But this kid clearly only has the first realm of eternity!

If this kid also breaks through to the Heavenly Saint Realm, it will definitely exceed 200 times. If he breaks through to the accurate level, I am afraid that the increase will be even greater. I am afraid that it will be around 250 times.....

Shiva and others became more and more frightened as they fought...

They didn't know that Qin Feng's physique was still not enough to break through to the second level of the Hongmeng Body..As long as Qin Feng succeeds in breaking through, his growth rate will skyrocket again, and his strength will be horribly improved. This is another story...

Shiva and others don't even know that the person they are fighting now is just a clone of Qin Feng.  
.....

In the blink of an eye, the two sides fought for dozens of rounds, and two more early-stage Tiansheng warriors were beaten until they vomited blood and flew away.....

"Two... two leaders, I... we can't hold on anymore...."

A strong man in the early stage of Heavenly Saint shouted anxiously

"Hold on! Just hold on!"

Shiva and Vishnu were also under great pressure and shouted anxiously.....

"Shiva! Sacrifice the sacred vessel!"

While speaking, Vishnu sacrificed his sacred weapon, which turned out to be a long turbid river, turning into a long yellow-white belt, rising and rotating around them, forming a protective.....

That long river is Vishnu's sacred vessel - the eternal river, referred to as the Ganges.

At the same time, Shiva also waved his hand and released a large ball of bloody light.....

In just an instant, the bloody light group appeared in the air as the phantoms of three big worlds.....

I saw those three great worlds, one with a sea of blood in the sky, one with skeletons on the ground, and one with corpses everywhere...

These are the worlds of the first and third lives of Shiva's sacred weapon.....

Buzz~buzz~!

The holy weapon's spiritual light blooms!

The eternal river forms a defense.....

The three worlds form the realm.....

In an instant, the two-headed and four-armed giant transformed by Shiva and Vishnu received the help of the two sacred weapons, and its combat power surged to 30%. Even the increase was increased to 200 times, which is equivalent to the increase of Xuan Mi's clone.....

That is a wonderful use of the world of three lives.....

As soon as this sacred weapon was used, Shiva and the seven people could barely resist the attack of Xuan Mi's clone...

But before they could breathe a sigh of relief, Xuan Mi's clone sneered and used Yuantu Abi's twin swords.....

Buzz~buzz~!

The two swords roared!

The combination of the sacred weapons, the union of heaven and man...

The combat power of Xuan Min's clone was instantly 30%, and the power of the two swords combined surpassed the power of the two sacred weapons of Shiva and Vishnu.....

In just a moment, Xuan Min's clone gained the upper hand, killing the seven Shiva men and making them scream...

On the other side, Indra was besieged by Lu Ya and six men, and was completely at a disadvantage, retreating steadily.....

As a result, the situation of Shiva and others becomes even more unbearable...

All the beings in the God Realm are excited to see this.....

"Lord Shiva! Lord Vishnu! I...we can't hold it any longer!"

Indra shouted anxiously.....

Shiva and Vishnu were also completely panicked.

The five early-stage Heavenly Saints were even more intent on retreating..... right hereAt the critical moment, an extremely angry roar sounded from the nine heavens.....

"Boy! I will destroy you!"

Boom~~Boom~!

A burst of rapid sound broke through the air, causing the earth to tremble and the world to shake!

Countless creatures were startled and followed the sound one after another.....

Brahma, who was blasted to nine heavens, finally rushed back at this moment.....

At this moment, he was holding the sacred weapon of his destiny, the Sword of Creation, in his hand, with red eyes, and he rushed over with murderous intent.....

In any of the previous encounters, he was not prepared at all, and was blasted nine days away by Xuan Mi's clone. It was really embarrassing.....

This time, he must regain his face

"Big boss!"

"The big boss is finally back! I'm home!"

"Brother Brahma! Fusion! Integrate quickly!"

Shiva and others were very excited when they saw Brahma arriving.....

Brahma understood.

In the blink of an eye, he rushed into the battle group, his body lit up with a dazzling golden light.....

Buzz~buzz~!

In just a moment, Brahma merged with Shiva and Vishnu, turning into a monster with three heads and six arms, holding the Sword of Creation, with the world of three lives on its back, and the eternal river around it...

Their fighting power and momentum also changed in an instant. Raised to 1.5 million...

Then, these three-headed and six-armed monsters pounced on Xuan Ni's clone, and the two sides fought together...

This time, Brahma and the other three actually had the upper hand...

At the same time, the five heavenly beings The 923 strong ones in the early stage of the Saint voluntarily withdrew from the group...

The battle between the Brahma trio and Xuan Ni's clones became more intense. They were no longer able to intervene, nor were they qualified to intervene.....

"Come and help me!"

Indra yelled angrily.

Only then did the five early stage Heavenly Saints react, and one of them rushed over to help.....

When the other four people were about to help, Brahma's voice came from above

"The four of you go down! Kill all Qin Feng's men!"

As soon as these words were said, the four of them suddenly realized that the big leader was really smart.....

This is to distract Qin Feng and focus on one thing and the other in order to defeat him...

At this moment, they have determined that the clone of Xuan Female is Qin Feng.....

At that moment, the four early-stage Heavenly Sage warriors rushed towards the headquarters of the Divine Alliance...

In the air, the three Brahma men fought against Xuan Ni's clones and gained the upper hand...

Indra was helped by a Heavenly Saint early-stage warrior, and the situation He immediately reversed course and gained the upper hand, overpowering six people from Mainland and China.  
.....

At the same time, the remaining four Heavenly Saints reached the sky above the Shenmeng Square.  
.....

Below, Emperor Feng, Pan Zu and others saw four heavenly saints coming to kill them, and their faces changed with fear...

They didn't even have one supreme saint, how could they deal with the heavenly saints, let alone four heavenly saints together. Come to kill.....

"quick! quick! Start the formation!"

"Open the protective formation!"

The senior leaders of the Divine Alliance shouted anxiously... all the disciples were also panicked.  
.....

But no one noticed it at this critical moment.

In the Great Flood God Realm, the Holy Land of Heavenly Palace, I saw the secret room.

Qin Fengshen opened and closed his eyes, penetrated countless spatial barriers, and looked to the outside world....

Chapter 1054

But no one found it at this critical moment.

In the Great Flood God Realm, the Holy Land of Heavenly Palace, I saw the secret room.

Qin Fengshen opened and closed his eyes, penetrated countless space barriers, and looked to the outside world...

The next second, with a thought in his mind, he disappeared out of thin air.....

Meanwhile, the outside world.

The disciples of the Divine Alliance reacted quickly...

Buzz~buzz~buzz~!

Formation beams of light soar into the sky.....

In just a moment, a huge protective mask took shape, covering the headquarters of the League of Gods.....

"Just based on this? break!"

The four heavenly saints took action at the same time...

Boom~boom~! Boom~boom~!

There was a shocking loud noise, the mask of light shattered, and the protective formation collapsed. Thousands of disciples of the Divine Alliance were shocked to the point of vomiting blood.....

"Ha ha! You ants are trying to resist our attack, you are really looking for death."

The four people laughed wildly.....

"Quickly kill them all!"

From above, Brahma's urging came again

"yes! Big boss!"

The four people took the order and attacked the Shenmen League headquarters together.....

Boom~~Long.

Four palms came down together, and the sky collapsed and the earth shattered.~

"not good!"

The hundreds of millions of disciples of the Divine Alliance have changed their colors.....

In the air, Lu pressed six people in a panic.

But they were entangled by the two Indras and had no time to rescue them.

Xuan Mi's clone was suppressed by Brahma and the other three and could not make a move.

At this extremely critical moment, a divine power soared into the sky from the headquarters of the League of Gods.....

Before everyone could react, a big white hand penetrated the void and struck the four heavenly saints.....

Bang~bang~! boom~! ~!

Ah ~ bursts of shrill screams!

With just one palm, that giant hand smashed the four heavenly saints to pieces!

All of a sudden, blood and flesh were flying everywhere, and there were screams.....

"This is....."

Brahma and the others were immediately stunned, and they all looked over...

With one palm, the four great heavenly saints were destroyed in the early stage. Even if Brahma and the three of them merged together, they would never be able to do it.....

At this moment, a majestic figure walked out of the void, it was Qin Feng!

"His Majesty! It's Your Majesty!"

"Your Majesty is out! His Majesty is finally out!"

When everyone saw Qin Feng, they cheered and were extremely excited...

Your Majesty?

Is this man Qin Feng?!

Brahma and others were confused.

The flesh and blood of the four blasted heavenly saints rolled and began to fuse. They wanted to resurrection.....

"You hurt my people and you still want to be resurrected? die!"

Qin Feng sneered, and the momentum of his whole body exploded, reaching 360 poles in an instant, and he was infinitely close to the threshold of the quasi-saint ancestor...

That momentum enveloped the entire God Realm in an instant, reaching the sky and the earth...

Ah! This... this It's the quasi-saint ancestor!"

"escape! Run away! Brahma

, Shiva and others exclaimed in surprise.

In one second, they pushed back their opponents and fled away to the sky.....

Facing a strong man who was infinitely close to the Quasi-Saint Ancestor, they had no chance of winning. If they didn't escape now, how could they wait...

I saw Brahma and the other two people escaping the fastest, and they were there in the blink of an eye, hundreds of millions of miles away... because Tuoluo and another Heavenly Saint followed closely behind...

As for the four Heavenly Saints who are still resurrected, they can no longer control them.....

"Can you escape?!"

Qin Feng's thoughts moved, and a clear sound resounded in his body.

Buzz~

The fragments of the Jade Order of Creation were activated!

The heaven and earth in the God Realm trembled, and streaks of heaven and earth rose into the sky, attaching to Qin Feng...

Qin Feng's momentum continued to surge, and in the blink of an eye he was Reached the late stage of Quasi-Saint Ancestor.....

At this moment, the four heavenly saints were resurrected.....

"die!"

Qin Feng slapped it away with one palm, turning it into a hand that reaches the sky, sealing the sky and the earth.....

"No~! "

"Spare your life!"

The four heavenly saints were horrified to find that they could not move under the power of that palm, and they couldn't help but roar in despair.....

Bang~bang~! boom~! ~!

"Ding~! Congratulations to the host for killing an early Heavenly Saint powerful person...obtaining 101 trillion karma value (10.1 billion exchange)....."

"Ding~! Congratulations to the host for killing an early Heavenly Saint powerful person...obtaining 103 trillion karma value (10.3 billion exchange)....."

"Ding~! Congratulations to the host for killing an early Heavenly Saint powerful person...obtaining 10.4 billion karma points (104 exchange)....."

"Ding~! Congratulations to the host for killing an early Heavenly Saint powerful person...obtaining 107 trillion karma value (10.7 billion exchange)....."

Four muffled sounds in a row!

The four heavenly saints were instantly killed!

A strong person in the early stage of Tiansheng is already vulnerable to a blow in front of the late stage of Quasi-Saint Ancestor.

What's more, Qin Feng's power of Hongmeng is unparalleled and will cause great harm to Tiansheng.

Under the influence of this series of conditions, Qin Feng had the ability to instantly kill the early Tiansheng.

You must know that even if the true quasi-saint ancestor takes action in the later stage, he may not be able to kill the early stage saint in an instant.

At least it will take a while to kill him.....

And Qin Feng killed the four heavenly saints in one move, which was really terrifying.

"Bo... Bo Xun, four people are dead!"

"quick! Run away!"

At this moment, Brahma and the others were completely frightened and fled desperately to the outside of the Nine Heavens...

Qin Feng sneered, stepped out, and instantly reached behind the fifth Heavenly Saint.....

He killed him instantly with a single palm of his hand.....

"Ding~! Congratulations to the host for killing an early Heavenly Saint powerful person...obtaining 109 trillion karma value (10.9 billion exchange)....."

Later, he caught up with Indra.....

"~Spare my life! Sir, have mercy!"

Indra roared in despair.....

Boom~

Qin Feng struck with a palm, and the space was torn apart. Indra screamed and was exploded into a bloody mist.....

The next second, the blood mist rolled, and he wanted to be resurrected...

Qin Feng slapped his palm again, and the blood mist immediately dispersed, and the soul collapsed. The misery echoed.....

"Ding~! Congratulations to the host for killing a powerful person in the middle stage of Heavenly Saint... Earning 231 trillion karma value (23.1 billion exchange)...

With just two palms, Qin Feng instantly killed a powerful person in the middle stage of Heavenly Saint.

The exchange points that were almost exhausted were quickly accumulated to more than 70 billion points after he killed six heavenly saints in a row, which can be exchanged for a large number of divine pills and resources...

Hearing Indra's scream, Brahma III People were shocked, and their backs felt cold...

Indra, the strongest general in the hands of the three of them, also fell...

At this moment, there was a rapid sound of breaking through the air behind the three of them.

Qin Feng is catching up! not good!

The expressions of Brahma and the other three people changed drastically.

(OK)"Where to escape?!"

"Your Majesty, you must be merciful and merciful!"

Brahma and the other three people exclaimed loudly.

Boom~~Long!

Qin Feng took the shot with one palm.....

Vishnu quickly offered sacrifices to the eternal river.

Shiva worships the world of three lives.

Both of these sacred weapons have defensive effects...

In an instant, the sky is rolling, the sea of blood is churning, and the sky is filled with ghost shadows of skeletons.....

Boom~ then!

A loud noise!

Click~click~! Click~!

The phantoms in the sky are shattered!

The Tianhe collapses and the sea of blood overflows.....

The Eternal River was blasted into several pieces and fell down.

The three worlds of life also collapsed, and the light dimmed...

The two holy weapons combined could not stop Qin Feng's palm... The three-headed monster transformed by Brahma and the three men screamed miserably, and all three heads were gone. Spurting blood, he rolled and flew out, nine days away...

Qin Feng dodged and chased after him again.

Chapter 1055

In the blink of an eye, Qin Feng chased him nine days away.

Buzz~

Suddenly, his body shook, and the power of heaven and earth attached to him quietly faded away.

Qin Feng's combat power dropped directly to 3.6 million.....

It turned out that he had left the realm of the gods, and the Jade Order of Creation could no longer function...

At this moment, the Eternal River, which had been cut off by Qin Feng's palm, regrouped and flew towards Vishnu automatically. Go...

The Eternal River is a sacred weapon after all, so it is difficult to damage it.....

In the blink of an eye, the Eternal River flew past Qin Feng...

Qin Feng quickly took action and imprisoned it in place.....

This is a sacred weapon, so naturally he wants to grab it

"My eternal river!"

Vishnu shouted anxiously and wanted to turn around and snatch

"Go quickly!"

"No more!"

Brahma and Shiva yelled even more anxiously.

Vishnu woke up.

The monster transformed by the three people immediately used the secret technique, turned around and ran away.....

Even if Qin Feng didn't have the help of the Jade Order of Creation, the three of them couldn't deal with it, so they had to give up the Eternal River.....

In just a moment, Qin Feng finished sealing the Eternal River and put it away.

He looked up again and saw that Brahma and the other three were wrapped in blood mist and turned into a blood rainbow, flying hundreds of millions of miles away. Their speed was comparable to that of the Quasi-Saint Ancestors... The three of them teamed up to perform the secret escape technique, which was extremely disappointing. weak.....

Qin Feng pondered for a while and stopped chasing...

At this moment, a sound broke through the air, and Lu Ya rushed over.

"Master, where are those three guys?"

"Escaped!"

Qin Feng looked at the direction in which Brahma and the three men were escaping, and there was no one left in sight.

Lu Ya was surprised:"Master, why don't you chase after them? 437"

"There's no use chasing him! After the three people used the secret technique, their escape speed was no less than that of the Quasi-Saint Ancestor. Even if I chase you, I may not be able to catch up. ...."

Qin Feng didn't say a word.

Even if he pursues him all the way to the Great Freedom, he will still get no benefit.

As soon as the three Brahmas returned to their old nest, they could borrow the power of the world from the Great Freedom Realm, and their strength reached the level of the Quasi-Saint Ancestor, so they were not afraid of Qin Feng...

Lu Ya suddenly said:"So that's it!"

Immediately, he had another expression on his face. He said excitedly:"Master, even if these three people escaped, they would have suffered heavy losses and were in extreme embarrassment....."

As soon as these words were said, Ziwei, Kunpeng, Hongyun, Fuzhi, and Yingzhao also arrived.

"Your Majesty, the appearance of these people is not accidental, they are all caused by Emperor Juntaiyi....."

Lord Ziwei is a little annoyed

"Father, by doing this, Emperor Juntai deliberately caused you to conflict with the Nine Heavens and Ten Realms. They should have spread throughout the Nine Heavens and Ten Realms that you got the Fusang Sacred Tree."

Fu Zhi was a little worried.

Qin Feng said unconcernedly: "Sooner or later, the news that my father owns the Fusang Sacred Tree will spread throughout the world. As for offending the Nine Heavens and Ten Realms, don't even worry about it. Those guys are just greedy, so they dare to bully you."

"In this case, I let them know that it is not easy to get my things. Whoever dares to take advantage of me will be killed!"

As soon as these words were said, all the high-level officials nodded their heads, and they were filled with pride. Today's God Realm has His Majesty sitting in charge. It is no longer the God Realm of the past, let alone the God Realm that was randomly bullied by the Nine Heavens and Ten Realms. What do they have to be afraid of?.....

"By the way, Fu Zhi, did you tell me something before?"

"Father, my son has been in seclusion for hundreds of years. Fortunately, he has lived up to his mission and has completed the star flags in the Zhoutian Star Formation....."

His eyes lit up and he said happily: "That's right! Get the star flags together and arrange the star formation for the whole sky."

、 Kunpeng, Hongyun and others also showed happy faces..If the Zhoutian Xingdou Formation could be deployed and the Divine Alliance's battle would be upgraded to a higher level, they would naturally be happy. Lu

Ya was overjoyed and a little amazed, secretly thinking that all of his master's subordinates were the elite among the elite.

Fu Zhi's formation talent is unparalleled

"Fu Zhi!"

"The child is here!"

"Let's do this, starting from today, you will lead the army of the Divine Alliance and train them to set up the star formation in the sky.

Fu Zhi was overjoyed: "My child will do his best!"

Ziwei Star Master said:"Your Majesty, we will fully assist Fu Zhi so that his formation exercises can be completed as soon as possible."

Hongyun also said happily:"Master, there are more than 130 million disciples of quasi-gods and above in our Divine Alliance, which is 30% more than the number of people originally deployed in the Great Sun Heaven Realm. If Master Fuzhi can set up a large formation, even if he cannot exert the combat power of the Quasi-Saint Ancestor, he can still exert the combat power of the Peak Heavenly Saint....."

Qin Feng smiled and nodded:"We will see how much combat power can be exerted after the formation is formed. It is estimated that this formation will be used soon....."

Ziwei Star Master asked:"Your Majesty, are you saying that after this person from the Great Freedom, who else will come?"

Qin Feng smiled coldly:"The temptation of the spiritual roots of heaven and earth is too great, and our God Realm has always been weak. There will be some guys who are taking chances, how can they just give up!"

"So, there might be a quasi-saint ancestor level coming next time?", Ziwei was a little worried.

Qin Feng didn't take it seriously:"With the current strength of our Divine Alliance, even if the quasi-saint ancestor comes, he will have to retreat in despair. I just take this opportunity to become famous in the God Realm, so that the world will no longer dare to underestimate us in the God Realm!"

"Father is right! Today's God Realm is different from what it used to be with Father. We need to teach those guys who look down on others a lesson!"

Fu Zhi was also extremely heroic.

At this moment, there was a sway in the space, and Xuan Min's clone arrived...

He waved his hand casually, and six rune jade bottles flew towards Qin Feng.

Qin Feng took them happily.

Inside the six bottles, there were He absorbed the energy of five early-stage Heavenly Saints and one mid-stage Heavenly Saint.

By refining these energies, he greatly increased his strength.

Qin Feng knew very well that with the Jade Certificate of Creation, he now had no fear of being harassed by those forces in his home base..

But more than thirty years later, he will go to the God Lord's treasure land, and he can only rely on his true strength to face many quasi-saint ancestors.

Therefore, he must constantly improve his strength so that he can be promoted to the level of quasi-saint ancestors as soon as possible. Level of strength.

Only in this way can he not be afraid of any threats in the secret place, and have a chance to obtain the mantle of the ancient God Lord.....

Afterwards, Qin Feng put away the jade bottle, gave a few instructions, and returned to the Great Flood God Realm with Xuan Mi's clone.

He must seize the time to refine this energy.

Xuan Mi's clone has to deal with the thousand or so small space worlds, integrate some small universes, and then evolve them all into the big thousand worlds, which can also greatly increase Qin Feng's combat power.....

After Qin Feng and the others left, Fuzhi and others also returned to the headquarters and began to organize an army to practice the Zhoutian Star Dou Formation.....

Time flies!

In the blink of an eye, six days passed.

Within these six days, under Fu Zhi's guidance, the drills of the Zhoutian Star Dou Formation began to get on track and gradually got better.....

On the other side, Yingzhao led an army of tens of millions of quasi-gods to conquer the last dozen hidden forces and contributed a dozen small space worlds to Qin Feng.

One of the small space worlds was actually half a small universe, and the harvest was not small...

At this point, the God Realm was united and completely unified!

Apart from the Divine Alliance, there is no other force.

The world of gods has become Qin Feng's real back garden.....

Six days outside.

The Great Wild God Realm lasted more than sixty years.

Over the past sixty years, Xuan Mi's clone has worked day and night to piece together more than 700 small space worlds into seventeen small universes, and evolved into a large world.....

This gave Qin Feng a full increase in power of 200,000 poles.....

Later, Xuan Mi's clone gathered his confidants such as Minghe, Gonggong, Jiuyin, Hongyue, Zhenji, Jiuyuan, Bitie, Xiangliu, etc., and became the masters of those vast worlds.

Yingzhao also received rewards for his merits and became the master of the world.

This caused the strength of Styx and others to skyrocket, and they improved by leaps and bounds.

Yingzhao even broke through to the middle stage of the Supreme Saint in one fell swoop...

All this is not over. There are still more than 300 small space worlds in the hands of Xuan Mi's clone, which need to continue to be integrated.....

In addition, Qin Feng also refined the energy of six heavenly saints in the past sixty years, raising his cultivation to 37% of the first level of eternity, and his combat power to 4.2 million.....

At this point, Qin Feng has officially entered the level of quasi-saint ancestor's combat power.

Speaking of which, within the Nine Heavens and Ten Territories, plus the mysterious outside the Nine Heavens Territory, there are no fewer than twenty powerful quasi-saint ancestors.

Most of them are early and middle-stage quasi-saint ancestors.

Of course, this is only the information Qin Feng knows. The true strength remains to be determined in the future... Looking at the early stage of the Quasi-Saint Ancestor alone, the general combat power range is between 4 million poles and 8 million poles.

The combat power of individual elites can reach 8 million to 10 million.

Of course, the Quasi-Saint Ancestor pays more attention to the Tao's understanding.

The battle between them is somewhat different from other stages of cultivation. In addition to combat power, it also depends on various strange methods...

Sometimes it is not the strong combat power that will definitely lead to the final victory.

If the means are special, the weak can defeat the strong and win by surprise.

Unless the difference in combat power between the two sides is too great, means cannot make up for the gap.

Otherwise, the Quasi-Saint Ancestors will not underestimate their opponents easily...

In short, Qin Feng's combat power is only 4.2 million, which can be regarded as the bottom among the Quasi-Saint Ancestors in the early stage.....

But on this day, Qin Feng came out of seclusion and was in a very leisurely mood.

He was about to go to Xuan Mi's clone to help him integrate the remaining three hundred small space worlds...

At this moment, he received a spiritual message from the phantom clone.

The phantom clone finally caught up with the spiritual roots of heaven and earth, broke through the Guixu space, imprisoned the spiritual roots, and was calling him to deal with it...

Qin Feng was overjoyed, and with a thought in his mind, he disappeared in place..  
Chapter 1056

Qin Feng was overjoyed, and with a thought, he disappeared where he was.....

At the same time, in the Great Sun Heavenly Realm.

Di Jun and Tai Yi are repairing the broken world of the sun.

But at this moment, several roars came from the nine heavens

"Emperor Jun! Get out of here!"

"Emperor Jun! Taiyi! Get out of here!"

The roar was thunderous!

It spread throughout the heavens!

The heavens and the earth were trembling.....

"Brother, this is....."

Taichi was surprised and put down what he was doing.

Di Jun raised his head and frowned slightly:"Let's go! - Go and see!"

At that moment, the two of them flew into the air...

A moment later, the two of them reached the nine heavens, and saw Brahma, Shiva and Vishnu facing each other in anger. The ground surrounded

"Huh! It turns out that it was Brother Brahma who came to visit. I hope you will forgive me for not being able to welcome him from afar!

Brahma was furious:"Emperor Jun!" Who is here to visit you? Fan Mou is here to settle accounts with you today! Emperor Jun was surprised:"

Brother Brahma, when did I offend you?""

"snort! You still have the nerve to say it? You spread the news everywhere, saying that Qin Feng obtained the Fusang Sacred Tree, the spiritual root of heaven and earth, and tricked us into going there, causing the death of Fan's generals. How do you settle this account?"

Hearing this, Di Jun and Tai Yi couldn't help but look at each other, with secret joy in their eyes.

They didn't expect that Brahma and others would take the bait so quickly.

"No way? Brother Brahma, are you really facing Qin Feng?", Emperor Jun asked knowingly

"nonsense!"

"Well! Brother Brahma, please be patient!"

"All five of my sage generals have fallen. Do you want me to calm down?! Di Jun was surprised:"

No way?" Indra also fell? He is a strong person in the middle stage of Tiansheng!! Brahma was furious:"

It's not all your fault!" Stop being so pretentious here."

Hearing this, Di Jun said displeasedly:"Brother Brahma, I hurt the one on your left, and I cheated on the one on your right. When did Di betray you?"

"Do you still want to deny it?! If you hadn't spread the news everywhere, how could Fan be fooled? How could Indra and the others fall!

Di Jun sneered:"This is strange!" Let me ask you, which one of the news spread by Di is false?"

"this...."

Brahma and the other three couldn't help but be stunned.

They really haven't thought about this problem carefully, but this time, they suffered a big loss.

They didn't dare to trouble Qin Feng, so they had to vent their anger on Di Juntai no matter what.

At that moment, Brahma said:"You said Qin Feng got the Fusang Sacred Tree, but he didn't admit it himself!"

"Does he deny it?"

"Not so! However, just because he didn't admit it, doesn't necessarily mean he did. But you spread the news that he has the Fuso Sacred Tree, aren't you just deliberately leading us to conflict with them..."

Di Jun sneered:"What I said is 100% true. Because that sacred fuso tree was what he snatched from our hands! If you don't believe it, I can swear on the spot....."

"ah?!"

These words shocked Brahma and the other three.

Immediately, Brahma became angry:"Di Jun, you still said you didn't mean to deceive us? Since you already knew that Qin Feng was so strong, why did you deliberately say that he was not strong?"

"hehe! Brahma, you see clearly. At the beginning, I only said that Qin Feng's cultivation level was not high, but he did not say that Qin Feng's strength was not strong! You have met Qin Feng, haven't you seen that his cultivation level is indeed not high? Did I lie?"

"this....."

The three Brahmas were confused again.

It seemed that everything Di Jun said was true and he had indeed not deceived them.

But the three of them are not fools. They know that the information spread by Di Jun is just to lure them into being fooled.

Unfortunately, they were really fooled, but they couldn't find any leverage against each other..These three people were furious.."Emperor Jun! Don't tell me, I have fallen into your scheme this time...

Emperor Jun was furious:"Brahma, you want to say that I am plotting, it is simply nonsense. If you are not greedy, how can you rashly go to Qin Feng to trouble you? A big loss?"

Taiyi also intervened:"Brother Brahma, if you came to ask us in advance about Qin Feng's strength and we deceived you, then you can still say that we plotted against you. But in fact, you can't even ask If you haven't asked me, how can you talk about calculations?!"

"this....."

Brahma was stunned for a moment, somewhat speechless to refute.

Di Jun said again:"Besides, since we two brothers know that Qin Feng has spiritual roots, why don't we go get it ourselves, but tell everyone, obviously we are powerless. This also shows that Qin Feng is very powerful, but Brother Brahma I rushed here without thinking carefully....."

"this....."

Hearing this, the voices of Brahma and the other three gradually weakened.

When they thought about it carefully, they realized that they were indeed too impulsive, and they really couldn't blame Di Jun Taiyi.

To be honest, they underestimated the God Realm too much and their inertial thinking was at work. They never thought that a monster like Qin Feng would appear in the God Realm.

"Brother Brahma, Di knows that you have lost five generals, and is angry in his heart. But in terms of losses, our Great Sun Heaven Realm has suffered much more than you....."

Brahma was curious:"What? Could it be that your Great Sun Heaven Realm has also been poisoned by Qin Feng?"

"That's right! Brother Brahma, if you don't believe it, come and take a look!"

As soon as the words fell, Emperor Juntai took the lead to lead the way.

Brahma and the other three looked at each other and followed closely.

As soon as the three Brahmas entered the Great Sun Realm, they were completely dumbfounded. They saw that the sky and the earth were dark, the earth was barren, and there was a lack of spiritual energy.....

The entire Great Sun Heaven Realm was lifeless and dead, as if it was the end of the world.....

"Oh My God! How could the Great Sun Heaven Realm become like this?"

"Brother Di Jun, is all this caused by Qin Feng? Brahma and the other three were shocked.

Di Jun smiled bitterly:"That's right!" It was caused by Qin Feng. When it comes to suffering losses, we are ten and a hundred times more miserable than you!"

As soon as these words were said, the expressions of the three Brahmas gradually relaxed, and they felt inexplicably much more comfortable.....

Human nature is so strange!

When you suffer a big loss,Urgent destruction.

When you see others who are worse off than you are, your mood will actually become much better.

It's like a person falling into a latrine and expecting others to fall into it too.

If the person who falls in is worse than himself, he feels secretly happy.....

"Brother Dijun, your day of extreme sunshine was also snatched away by Qin Feng? Shiva looked at the darkness all around and couldn't help but ask.

Di Jun smiled bitterly:"If it's not him, who could it be?"!

Shiva was surprised:" Tsk, tsk!" The Extreme Sun is an innate creature, and even if the quasi-saint ancestor takes action, he may not be able to snatch it away. It's really incredible that Qin Feng was able to get rid of him. If other people knew....."

Before he finished speaking, Brahma quickly interrupted:"Shiva, don't spread this matter. The less other people know, the better."...."

Hua0

Dijun quickly agreed:"That's right! It's good for the five of us to know about this!"

Shiva was stunned.

Soon, he understood.

That's right!

Qin Feng is such a monster. If his deeds were spread, no one would dare to trouble Qin Feng.

They want to conceal Qin Feng's deeds and let more people fall into the trap.

Once everyone was hurt, they felt relieved.

Secondly, it would also be a good thing for Qin Feng to conflict with more people.

"Brother Brahma, the situation is clear now. Qin Feng and I have a hatred of genocide in the Great Sun Heaven Realm, and they will never stop fighting to the death. He killed five of your generals in a blood feud. Brother Brahma, have you ever thought about taking revenge? Brahma smiled bitterly:"Fan wants to take revenge, but that kid is too perverted, and Fan is helpless!""

Di Jun sneered:"If we only rely on the unilateral power of you and me, it may be difficult. How about you and I joining forces to form an alliance to kill Qin?"

"Kill the Qin Alliance? This is a good idea! However, the five of us alone may not be able to take revenge?"

Brahma is still a little hesitant.

Di Jun suddenly whispered: Brother Brahma, I will tell you one more thing. The Saint Ancestor of Guixu asked me to help him find out the details of Qin Feng. I suspect that there has been a change in Guixu. I'm afraid it has something to do with Qin Feng, maybe there is a feud between the two people."

Taiyi also said:"Besides, more people will conflict with Qin Feng in the future, and the number of people in our Qin Killing Alliance will only increase. The more we get, the stronger we get. Sooner or later, we will have the ability to destroy Qin Feng"

"Doesn't Brother Brahma not want to avenge his subordinates? What's more, Qin Feng has many treasures in his hands, such as the Sun of the Extreme Sun, the Sacred Fusang Tree, etc. Brother Brahma is not tempted?"

Hearing this, Brahma was finally moved.

He thought for a moment and nodded slightly.

"Makes sense! Then let's wait for the five of us to form an alliance!

Di Jun was overjoyed:"Haha!" Brother Brahma, this is right! Well, how about we make a contract now?"

"good!"

At that moment, the five people began to sign an alliance contract.

After a while, the Qin-Zhuan Alliance was officially established.

The two sides also discussed the distribution of spoils.

For example, after killing Qin Feng, Emperor Juntai wanted to take back the Sun of the Sun, and Brahma wanted Fuso God Tree.....

"Brother Brahma, Di has a suggestion....."

Di Jun happily put away the contract reel.

This time he can recruit Brahma to join his team, and his plan is completed.

"Brother Dijun, what are you proposing?"

"The Saint Ancestor Guixu asked me to investigate some matters, but Di suspected that something was wrong with Guixu. Before, we two brothers were worried about Qin Feng and did not dare to enter Guixu without permission. We were afraid that Qin Feng would chase him after he learned the news."

"Now, there are five of us, so why not go in and take a look. Even if we encounter Qin Feng, the five of us can escape unscathed if we work together. If we can go in and find out why, we might be able to recruit the Saint Ancestor of Guixu to join the gang!

Brahma's eyes lit up:"Okay!" Di Jun was overjoyed:"

Then it's settled." Brother Brahma, when do you plan to set off?"

"It's better to choose a day than to hit it! Just today!"

"good!"

Then the five people discussed it and flew directly out of the Great Sun Heaven Realm and rushed towards Guixu..

Chapter 1057

But on the other side, Qin Feng made a reverse space summon and arrived in Guixu territory.....

In front of me, I saw a towering sacred tree standing in the void, blooming with dazzling golden light, reaching all over the sky and the earth.....

The phantom clone is constantly pinching the seal, sealing the surrounding space, imprisoning the sacred tree...

The sacred tree emits spiritual light and struggles desperately.

This spiritual root of heaven and earth will only break through the void and appear when the spiritual fruit is mature, allowing the beings of the gods to pick the spiritual fruit. Of course, the picking process requires tests... but not during the mature period of the spiritual fruit, so there is no way to control it. Even the creatures from the divine realm cannot control it.....

Not to mention the creatures of the God Realm, even the Guixu Saint Ancestor would have some difficulty controlling this spiritual root.....

At this moment, the phantom clone was in a stalemate with the sacred tree.

Qin Feng was excited and took one step forward to reach the sacred tree.

Buzz~

The sacred tree roars!

Thousands of roots of the sacred tree, like spears, pierce Qin Feng...

The power of each root spear is no less than a full blow from the first level of the eternal"200" .....

The cumulative power of these tens of thousands of attacks is no less than a single blow from the late Tiansheng.....

Bang~bang~! boom~! ~!

Qin Feng waved his hand and easily repelled the attack of thousands of roots...

Then, he put one hand on the trunk of the sacred tree, and a spiritual thought followed his arm and invaded the body of the sacred tree...

If he wanted to seize the spiritual root of heaven and earth, he must Use your spiritual thoughts to forcibly refine it...

Buzz~

The divine tree blooms with silver light again, and a spiritual barrier is formed!

Click~click~! Click~!

The barrier of spiritual thoughts collapsed instantly, and

Qin Feng's divine thoughts quickly invaded the body of the sacred tree.....

"Huh! This is....."

The next second, Qin Feng's eyes showed surprise...

As his spiritual thoughts invaded, he could clearly see the situation inside the sacred tree.

There are countless textures in the body of the sacred tree, containing circles of Taoist rhymes, endless, like a big world. It has its own system of laws.....

Qin Feng has seen this on the Fusuo Sacred Tree...

The Fusuo Sacred Tree also has countless textures inside it, containing circles of Taoist rhymes, endless, like a big world, with its own system of laws.....

However, there is only an inconspicuous light spot at the core of the texture of the Fusuo Sacred Tree.

And at the core of the texture of this sacred tree, there is a red light group...

That light group contains a very strong atmosphere of the world of space. It gives Qin Feng the feeling that the red light group is a big space world that contains complete laws. And it is much larger than a thousand worlds...

Could it be that this is the prototype of the rumored heaven (domain)?

A rumor popped up in Qin Feng's mind.

It is said that a mature spiritual root of heaven and earth will give birth to the prototype of a heaven (domain).

As long as a strong person at the peak of the Heavenly Saint can separate a ray of spiritual thought and merge it with the prototype of the Heavenly Realm (domain), he can achieve symbiosis with the spiritual root. At this point, he can break through the bottleneck and be promoted to the quasi-saint ancestor realm...

The Fuso Sacred Tree is still a spirit Root seedlings did not give birth to the prototype of their own heaven (domain), so Emperor Jun Taiyi failed to break through to the quasi-saint ancestor... There are also rumors. If the saint ancestor breaks through to the quasi-saint ancestor realm (sixth realm), there will be a heaven (domain) prototype into a heaven or a heaven. In other words, every saint ancestor walks with a world (domain) on his back..They can harness the power of the heaven (domain) at any time and at any time, and their strength is boundless, far beyond the comparison of the Quasi-Saint Ancestors.....

Thinking of this, Qin Feng secretly thought that he had found the core, and his spiritual thoughts rushed towards the prototype of the heavenly realm (domain).....

As long as he refines the prototype of the heaven (domain), he will have a chance to seize the spiritual root of heaven and earth.....

Boom~

As soon as Qin Feng's spiritual thoughts touched the embryonic form of the heavenly world (domain), he was rebounded by an extremely strong spiritual thought.....

The two sides' spiritual thoughts collided, and a huge groan erupted!

The whole sacred tree trembled involuntarily.....

Qin Feng was shocked.

The intensity of the spiritual energy that rebounded from him actually reached the level of the Saint Ancestor...

And Qin Feng's spiritual energy was at the level of the Eternal First Realm, but its intensity was also at the Saint Ancestor level, so the first collision between the two sides was no different.

"you again!"

The other party's mind actually sent out thoughts that were filled with shock and anger.....

"Huh! Sure enough it's you....."

Qin Feng's spiritual thoughts were not surprised either...

He felt the aura of Guixu Saint Ancestor's spirit from the other party's spiritual thoughts.

The other party also recognized him.

After all, he had intercepted one of Guixu Saint Ancestor's claws.

However, the opponent is not the pure divine thought of the Guixu Saint Ancestor, but a fusion of the Guixu Saint Ancestor's divine thought and the divine tree's divine thought, so it has reached the level of the Saint Ancestor.

The separate spiritual thoughts of the Guixu Saint Ancestor are only at the quasi-Saint Ancestor level.

Because of this, it is difficult to seize a mature spiritual root of heaven and earth after it is successfully practiced.

It is much easier to seize immature spiritual roots of heaven and earth.....

Unless your spiritual thoughts reach the level of the Holy Ancestor, there is only a glimmer of hope. It is just hope.....

"Boy, you cut off one of my ancestor's claws last time, and this time you want to seize my spiritual root. You want to die!"

The invasion of Qin Feng's spiritual thoughts completely awakened the sleeping divine thoughts of Guixu Saint Ancestor.....

"This spiritual root is not yours, but you got it from the treasure of the ancient God Lord. Why can't I take it?!"

Qin Feng sneered, and his spiritual thoughts forcibly invaded.

The two sides' spiritual thoughts immediately clashed.....

Boom~~Boom!

In an instant, spiritual thoughts collided, and the fire of spiritual power radiated.....

An invisible and invisible battle raged extremely fiercely.....

At the same time, outside the distant Nine Heavens Territory... a giant beast covered in blue scales was rapidly flying through the gray wind...

Those winds were extremely terrifying, and no one below the Heavenly Saint could touch them.....

As long as it is swept away by that strong wind, it will instantly turn into powder.....

And this giant green beast is the Saint Ancestor of Guixu.

At this moment, it is rushing back to the ruins.....

Suddenly, it swayed and turned into an old man with green robes and white hair.....

"not good! That kid actually wants to snatch the spiritual root!"

The expression of Saint Ancestor Guixu changed drastically.

At his current speed, it would take ten years at the fastest to arrive.

No!

He must rush back as soon as possible to preserve his spiritual roots.

That is his foundation!

What's more, that The boy had a grudge against him for breaking his claws.

He was also eager to go back for revenge.

This time, the Guixu Saint Ancestor clearly sensed that Qin Feng's spiritual aura was at the first level of eternity, but its intensity was comparable to the Saint Ancestor level.

That guy He should be a guy with a strong spirit but not a high level of cultivation.

He is confident that he can easily destroy Qin Feng!

"what to do? Which secret space jumping technique should I use?!"

Guixu Saint Ancestor was a little hesitant.

He is good at the art of space.

As a quasi-saint ancestor, he also has his own special method, which is the art of space jump.

This space jump is somewhat similar to teleportation, and can span thousands of miles in a single thought. Realm, you can also let him rush back to the ruins within a few hours.....

It's just that the secret technique was extremely destructive and would cost him hundreds of billions of years of hard work, which was even more severe than the last time he lost his claws.....

"I can't control that much anymore! The spiritual roots of heaven and earth cannot be lost 1.4!"

The Saint Ancestor of Guixu hesitated for a long time, and finally made up his mind.

He can lose all the disciples in Guixu, and he can even lose a sharp claw, but he can never lose the spiritual root of heaven and earth...

Now that the spiritual root of heaven and earth has been found, That person was still seizing his spiritual roots, and he couldn't hesitate any longer...

Thinking of this, Saint Ancestor Guixu bit his fingertips, drew a blood talisman in the air, and began to use the secret technique of space jumping.....

He must rush back to Huixu to rescue the emergency as soon as possible.....

At the same time, a huge space crack suddenly opened in a certain space in Guixu.....

Afterwards, five majestic figures walked out of the cracks in space one after another. They were Di Jun, Tai Yi, Brahma, Shiva, and Vishnu.....

They also entered Guixu at this moment..

Chapter 1058

"strangeness! How come the places where the returning ghosts are stationed nearby have become deserted and inhabited?"

"yes! I have been here before, and I clearly remember that there are hundreds of millions of spirits nearby, but now there is not a single one left!"

Di Jun and the other five looked at each other and were very surprised.

As Heavenly Saints, their spiritual consciousness scan range is extremely wide.

But after this scan, they did not detect the aura of a living being.

"Everyone, I'm afraid something really happened in Guixu....."

Di Jun couldn't help but take a deep breath

"Then let's check it out quickly! If the situation here is really related to Qin Feng, maybe we can win over Saint Ancestor Guixu to join the alliance...."

"Brother Brahma makes sense! let's go!"

At this moment, the five people flew to the depths of Guixu and began to investigate.....

On the other side, deep in Guixu.

The phantom clone still uses all its strength to imprison the spiritual roots of heaven and earth, preventing it from escaping into the back of the void and unable to break away...

And Qin Feng has fought with the divine thoughts of Guixu Saint Ancestor thousands of times, and still no one can do anything about anyone.....

Within the body of the sacred tree, two divine consciousnesses collided continuously, bursting out sparks like lightning.....

This caused the sacred tree to vibrate, and the circles of texture and rhythm also resonated, like an alternative 26 world-destroying battle, extremely fierce.....

"This can't go on like this!"

Qin Feng muttered in his heart...

This spiritual battle naturally alarmed Saint Ancestor Guixu.

That guy would definitely rush back.

After all, he had endangered the foundation of Saint Ancestor Guixu.

If he hadn't expected it wrong, Saint Ancestor Guixu should have a hidden method to rush back to Ruixu in a very short period of time.

If not, Saint Patriarch Guixu would not safely implant his spiritual roots into Guixu space and hide in seclusion outside the Nine Heavens Territory.....

Of course, that method would inevitably cause huge losses, and Saint Ancestor Guixu would not use it easily.

But the situation is different now...

Qin Feng's idea is completely correct...

At this thought, he began to become a little anxious.

If the Saint Ancestor of Guixu arrives in person, that guy can take back the spiritual root of heaven and earth at any time, and he will have no chance to snatch it.

He must seize the time to break through the opponent's mind.....

Boom~boom~! Boom~!

Collision of spiritual thoughts!

The spiritual roots tremble violently!

In the blink of an eye, the two sides fought fiercely for hundreds of rounds!

Qin Feng still had no way to break through, and the more he fought, the more anxious he became.  
.....

"Boy, even if you are in the first realm of eternity, you are simply dreaming if you want to break through my ancestor's spiritual thoughts!"

The divine thought of Guixu Saint Ancestor came with sarcastic thoughts.

In fact, he was extremely horrified.

He never thought that the strength of the soul in a small first realm of eternity could be so terrifying. It was simply unimaginable..If it weren't for the fusion of his thoughts with the sacred tree, his spiritual strength would have reached the level of the Holy Ancestor, and he would not be Qin Feng's opponent.

This made him happy, but also a little guilty.

"Boy! It won't be long before my ancestor's true form will arrive. By then, you won't be able to escape even if you want to!!"The spiritual thoughts of the Guixu Saint Ancestor began to threaten.

Qin Feng sneered and continued to strengthen his spiritual attacks.....

Boom~.Boom~!

Continuous powerful spiritual attacks, countless textures and rhymes vibrated.....

Buzz~buzz~! Buzz~!

Click~click~! Click~! suddenly!

There was a strange cracking sound from deep within those textures, as if something was breaking out of its shell...

Qin Feng's consciousness quickly followed the sound.....

I saw that in the depths of the endless texture, affected by the spiritual battle, a layer of illusion barrier was breaking at an accelerated rate...

Crack~!

The illusion barrier was completely broken, revealing two groups of light, one white and one yellow.....

The yellow light group exudes a divine aura comparable to that of the Saint Ancestor, and it contains the aura of the Guixu Saint Ancestor.

It was clearly a fusion of the thoughts of the Guixu Saint Ancestor and the Sacred Tree.

The intensity of the spiritual aura of the white light group has also reached the level of the Saint Ancestor, but it does not have the aura of the Guixu Saint Ancestor.

To put it bluntly, the yellow light group and the white light group are the prototypes of the heaven (realm).

It's just that the yellow light group has been refined by Guixu Saint Ancestor, but the white light group has not yet been refined.

Qin Feng was a little surprised.

How come there are three prototypes of heaven (domain) within one heaven and earth spiritual root?

This is different from common sense!

According to common sense, one spiritual root can at most give birth to a prototype of the heaven.

Only when the Quasi-Saint Ancestor breaks through to the Supreme Sacred Ancestor can the prototype of the heaven be transformed into a heaven.

"strangeness! strangeness! Why are three prototypes of the heaven born in this spiritual root?"

Qin Feng was a little puzzled.

Suddenly, an idea flashed in his mind, and he thought of something.

This heaven and earth spiritual root has three layers and can give birth to three kinds of spiritual roots.

The first layer is the Yuanchu Spirit Fruit, and the second layer It's the Yellow Spirit Fruit, the third layer of Xuanji Spirit Fruit...

Is it possible that these three spiritual fruits are related to these three prototypes of heaven?

What mystery is hidden here?!

"Damn it! Damn it!"

At this moment, the divine thought of Guixu Saint Ancestor roared excitedly.....

It seemed that his biggest secret had been discovered...

Qin Feng's heart moved, and he quickly turned his mind and rushed directly towards the yellow light ball.....

"Boy! What are you going to do?!"

The Holy Ancestor of Guixu roared anxiously with his spiritual thoughts...

The next second, Qin Feng's spiritual thoughts encountered the yellow light group.....

Bang~bang~! Bang~!

A fierce collision of spiritual thoughts!

Qin Feng's spiritual thoughts were bounced back by the yellow light ball.....

"Sure enough!"

Qin Feng sneered, and his spiritual thoughts attacked the yellow light group.....

The spiritual thoughts of the yellow light group automatically counterattacked...

The two sides fought together...

On the other side, the spiritual thoughts of Guixu Saint Ancestor were about to come to help.....

But at this moment, the white light group actually sent out spiritual thoughts, blocking the spiritual thoughts of the Guixu Saint Ancestor...

This scene made Qin Feng feel magical...

He tried to attack several times, but found that he could not break through the yellow light group. Shen Nian, I have no choice but to give up.....

Then, his mind moved, and his mind turned towards the big white light group.....

Buzz~

The spiritual thoughts of the big white light group actually sent out a jolt of joy to him, and waves of eternal thoughts swept toward him.....

Qin Feng felt a sense of déjà vu with this wave of thoughts, as if he had come into contact with them somewhere.....

Suddenly, an idea flashed in his mind and he figured it out.

He had encountered this wave of thought aura in the fragments of the Jade Certificate of Creation.

This is clearly the regret of the ancient God Lord!

As soon as this thought came up, the big white light group produced infinite suction.....

Swish~663

After a burst of space distortion, Qin Feng was sucked into the sacred tree and directly entered the large white light group.....

The next second, the space distorted and changed, and Qin Feng's figure stabilized.

He quickly looked around and found that he had entered a vast world.

At this moment, Qin Feng was hovering in mid-air.

The sky ahead is blue, shrouded in glow, elegant clouds and mist, and sometimes spiritual birds fly by.....

There is an extremely vast continent below.

On the land, mountains stretch, Lingquan Mountain Waterfall looms, palaces and towers are dotted among them, colorful bridges run through all directions, rare birds chirp, and ancient beasts whisper, creating a fairyland atmosphere.....

"It's really a unique cave!"

Qin Feng clearly sensed that this world is dozens of times larger than the Great Thousand World, very vast, and the concentration of spiritual energy is a hundred times.

This should be the prototype of the heaven (domain).

The prototype of the heaven (domain) is also a kind of space world, compared with The heaven (domain) is much smaller, but much larger than the Great Thousand World, and its energy level is dozens of times that of the Great Thousand World.....

Just as Qin Feng was looking around, a cold shout came from below

"Why did Fang Xiaoxiao come to invade the heaven?!"

This cold shout resounded throughout the whole world in an instant, as if it was exploding in everyone's ears...

The next second, from a mountain range in the west of the mainland, a man wearing a golden phoenix hairpin and colorful fairy clothes flew out. Beautiful woman, her cultivation aura suddenly reached the middle stage of Heavenly Sage..

Chapter 1059

The next second, from a mountain range in the west of the mainland, a beautiful woman in palace clothes wearing a golden phoenix hairpin and colorful fairy clothes flew out. Her cultivation aura suddenly reached the middle stage of Heavenly Sage.....

Immediately afterwards, one after another majestic figures flew out from every corner of the continent.....

As soon as these people appeared, they flew towards Qin Feng one after another.....

The beautiful woman in palace attire arrived first.

I saw that this beautiful woman's skin was whiter than snow, her waist was slender, and she was extremely beautiful. The aura on her body was 70% similar to that of the creatures in the divine world.....

"Who are you?! Huh! It turned out to be just the first realm of eternity....."

The beautiful woman was very surprised. She didn't seem to expect that Qin Feng's cultivation level would be so low.

Her alert expression gradually relaxed, and she became a little disdainful.....

A small first realm of eternity poses no threat to their heaven.....

At this time, other people arrived one after another, about three hundred people, most of whom were from the first realm of eternity.

There were more than twenty people in the second realm.

There are only two people in the third realm of extreme saints.

It's just that these people all have indifferent expressions and are vaguely hostile to Qin Feng.....

"I'm Qin Feng! Coming from the Great Wilderness God Realm, he accidentally entered this place. Please ask my friend, where exactly is this place?"

Qin Feng was too lazy to make excuses.

With his current strength, these people could not pose a threat to him at all, so he might as well be straightforward.

However, the beautiful woman sneered: "Sure enough, it's the same rhetoric again! In the past hundreds of billions of years, no fewer than twenty people have broken in, and each of them claimed to be from the Great Wilderness God Realm, but it turned out that they were all spies sent by Taoist Zhentian!"

As soon as these words were said, there was a burst of ridicule from the crowd.

"Empress! Is the old thief who suppresses the sky out of his mind? He has used the same strategy so many times, but he still uses it. Does he really think that all of us in heaven are fools?"

"yes! At the beginning, the old thief who suppressed the sky used the trick of combining inside and outside to take away the Yuanchu Heaven and the Huangzhong Heaven. He thought we would still be fooled! What a crazy dream!"

"Did you find it? The men sent by Taoist Zhentian are each weaker than the last! The earliest one was in the early stage of the Heavenly Sage, then the peak of the Supreme Saint, and the late stage of the Supreme Saint.....This time, only one from the first level of eternity was sent!"

"Ha ha! Could it be that all of Zhentian's men were almost dead and he couldn't send any strong men?"

As soon as these words were said, everyone burst into laughter.

Qin Feng was not angry at all, but asked curiously:"Who is Zhentian you talking about?

The beautiful woman sneered:"You don't have to pretend to be stupid with me." Isn't Zhentian the master who created you? By the way, he now claims to be the Saint Ancestor of Guixu! Qin Feng suddenly realized,"

It turns out that you have enmity with the Guixu Saint Ancestor!" We are friends rather than enemies. Because Qin also has a mortal feud with the Guixu Saint Ancestor! The beautiful woman said disdainfully:"The people who broke in before said so. Do you think I will still believe it?"

"Could it be that the divine aura on Qin's body couldn't prove it?"

"cannot! With the methods of Guixu Saint Ancestor, he has a way to help you disguise the aura of the God Realm....."

Qin Feng frowned:"This...can you tell the difference?"

"If we have a way to distinguish them, the Huangzhong Heaven Realm and the Yuanchu Heaven Realm will not be lost. Otherwise, let go of your soul and let me explore your memory. What is your real background? Once I investigate, everything will become clear."

The beautiful woman suddenly proposed such an idea.

Qin Feng frowned.

It was impossible for him to accept this approach.

He has so many secrets, how could anyone search his memory at will, let alone a stranger.

The beautiful woman said again:"Of course, you can refuse.! However, if you refuse, it means that you admit that you are a spy sent by Guixu Saint Ancestor. Then don't even think about going back alive....."

Qin Feng was a little unhappy:"It's really unreasonable!"

The beautiful woman sneered:"Are you guilty? It seems that you are really a spy sent by Zhentian!"

"Empress! Let's do it! We don't have to show mercy to spies!"! Madam, let us kill this traitor."

It's true.

But at this moment, a voice suddenly sounded from the crowd."Madam, I belong to... this person, he seems to be really from the God Realm."

As soon as these words were said, everyone followed the sound.

Behind the crowd, a white-haired old man looked at the beautiful woman with some anxiety.

Qin Feng also looked over curiously.

"It's you!"

Qin Feng recognized the old man as soon as he saw him.

The old man's eyes lit up:"You can recognize me at a glance, which means you are really the young man back then. But your cultivation level....."

Qin Feng suddenly realized:"Fellow Taoist has been reluctant to identify me. It should be because my current cultivation level is very different from that of the past. That's right! My original cultivation level was only half a step to God, but this does not mean that I can't make progress..."

The old man Hesitation:"Having said that, I am not 100% sure that you were the young man back then. By the way, besides me, there were two other people at that time. Do you know who they were?"

Qin Feng glanced at everyone, Just point to a man and a woman in the corner of the crowd

"Isn't it them?"

The man and the woman couldn't help but look at each other.

They secretly wondered whether this boy was really the young man back then?

The look on their faces in the eyes of everyone couldn't help but arouse curiosity.

"Taibai, Maoyue, Kuimu, what on earth is going on?"

The beautiful woman in palace clothes couldn't help but ask.

The white-haired old man, a man and a woman quickly walked out of the crowd and respectfully reported to the beautiful woman.

The cultivation of these three people are all in the first realm of eternity, and they have the lowest status among everyone. , seemed a little uneasy.

The old man Taibai reported:"Empress, the last time the Xuanji Spirit Fruit matured, it was the projection of the three of us to assess the testers. The one who successfully picked the spiritual fruit was the young man in front of me!"

"it's him?!"

"Empress, it's him."

Mao Yue and Kui Mu also agreed.

It turns out that Taibai, Mao Yue and Kui Mu were the three assessors Qin Feng met when he was picking the Xuanji Spirit Fruit.

Qin Feng didn't expect to meet him here

, and he was lucky to meet them. Just enough to prove his identity

"Fellow Taoist, your subordinates have proven that I have picked the Xuanji Spirit Fruit. You also know that non-god creatures cannot harvest the spiritual fruits of the spiritual roots of heaven and earth without the approval of the Divine Master. Now, you should believe that I come from the God Realm, right?

The beautiful woman's expression softened:"I believe you for now!" If you are truly from the God Realm, then you share the same origin with us, and I will treat you as one of my own. But this matter is no small matter, and I still can't completely trust you.

Qin Feng was a little depressed:"Why are fellow Taoists so cautious!"

The beautiful woman smiled bitterly:"If we hadn't been deceived by Zhentian many times, we wouldn't be so cautious, so I hope fellow Taoist friends will forgive me." Qin

Feng said anxiously:"Fellow Taoist, Qin told the truth, the situation outside is not good, and the Guixu Saint Ancestor is on his way back." According to my estimation, he may arrive in a few hours. Qin Feng has no time to delay here....."

"What?! Is Zhentian going to rush back soon?", the beautiful woman was a little surprised.

Everyone around her also looked panicked.

Taibai was even more surprised and said:"Your Majesty, before the old thief Zhentian went into seclusion, he said harsh words. After he comes out of seclusion, he will definitely come to seize our Xuanji Heaven. When he comes back this time, isn't he going to attack our Xuanji Heaven Realm?

Kuimu also said nervously:"According to time calculation, the old thief Zhentian should have been out of prison for more than thirty years." Why did he leave the quarantine early? Could it be that he had an epiphany and a breakthrough?!"

As soon as these words came out, everyone became even more panicked.

The beautiful woman in palace clothes also frowned and seemed a little uneasy.

Qin Feng hurriedly said:"Fellow Taoist, if you and I are honest with each other and join forces, maybe we can find a way to deal with it. Guixu Saint Ancestor....."

"Can you and I work together to deal with Zhentian? That guy is a powerful quasi-saint ancestor....."

The beautiful woman couldn't imagine how Qin Feng, with his first-level strength, could have the confidence to say such a thing.

Qin Feng said anxiously: "Fellow Taoist, time is running out now, and I don't have time to explain. If you believe me, Qin will never let you down."....."

"this.....", the woman was still a little hesitant.

Taibai hurriedly said: "Madam, the fact that little friend Qin Feng can enter this place means that he must have something extraordinary. Why don't we try to cooperate with him first. It's better than waiting for the Guixu Saint Ancestor to come and kill him."....."

As soon as this was said, everyone nodded, feeling that it made sense.

The news that the Guixu Saint Ancestor left the country early brought them great uneasiness.

They thought that Saint Ancestor Guixu had achieved a sudden enlightenment and had the strength to destroy them, so they came out of seclusion early.....

They didn't know that Saint Ancestor Guixu didn't have an epiphany, but was forced by Qin Feng to rush back early.

Naturally, Qin Feng would not tell this truth.

He just wanted to make these people anxious and finally compromise with him.

In fact, Qin Feng also had a lot of doubts in his heart.

For example, why are there three prototypes of heaven within the spiritual roots of heaven and earth.

Why is this place called Heaven?

(Zhao Nuo) Why are the auras of these people similar to the creatures in the divine world?

The only people who could tell him the truth were the group of people in front of him.

At this time, the beautiful woman in palace clothes seems to have understood

"That's it! Fellow Taoist Qin Feng, it has nothing to do with your cooperation. However, I need to confirm your identity before I can cooperate with you with confidence. If you, fellow Taoist, believe in me, please come with me....."

As soon as she finished speaking, the beautiful woman in palace clothes turned around and flew towards a palace below.

Qin Feng followed closely.

When everyone saw the direction in which the two were flying, their expressions changed slightly.  
....

"No way? The empress actually took Qin Feng to Tianyin Palace? That is the most important hub of our heaven!"

"Is this...is this too risky?"

"There is no way! The old thief from Zhentian has come out of seclusion, and the situation outside is not good. The place where Qin Feng's identity can be confirmed the fastest right now is Tianyin Palace....."

"Let's go! Let's go take a look!"

At that moment, everyone followed in a mighty manner.

Although Taibai and the other two people have determined the origin of Qin Feng, who dares to be sure whether this Qin Feng is impersonated by others?

In order to eliminate the last glimmer of doubt, the beautiful woman in palace clothes had to risk Risk brings Qin Feng into their core place - Tianyin Palace..

Chapter 1060

In this way, Qin Feng followed the beautiful woman in palace clothes and entered a huge temple, the Tianyin Palace.

Inside the temple, there are many giant statues and the atmosphere is magnificent.

On the corridors of the palace walls, there are carvings of rare birds and ancient animals, as well as ancient seal scripts and divine inscriptions. There is a faint aura emerging, exuding an eternal atmosphere.

After passing through a corridor, the group came to the center of the hall.

There is a quaint altar somewhere.

In the center of the altar, there is a black jade tablet suspended in the air.....

"Huh! The Seal of the Prototype of Heaven!"

Qin Feng recognized the black jade certificate at a glance.

"The fellow Taoist was indeed very knowledgeable and recognized him at a glance. This thing is what Saint Ancestor Guixu wants to destroy most. I don't dare to bring strangers here unless absolutely necessary....."

The beautiful woman sighed helplessly.

The implication is that if it weren't for the approaching threat of Guixu Saint Ancestor, she would not have brought Qin Feng here easily.

Qin Feng was puzzled:"It's strange! Why did the Saint Ancestor Guixu want to destroy it instead of taking it away and refining it? As long as he can refine this seal of the prototype of the heaven, wouldn't he be able to control this world? Then we can truly refine this spiritual root of heaven and earth."

The beautiful woman shook her head slightly:"You don't know something! This is not an ordinary seal of the prototype of heaven, it contains a ray of spiritual thought from my master. Got it. It cannot be refined without the approval of my master's mind....."

Qin Feng thought:"Your master's divine mind? Are you a disciple of the ancient God Lord?"

The beautiful woman smiled bitterly:"You guessed 770 is right! However, I have ordinary qualifications. I am only a registered disciple of the ancient God Lord, not a direct descendant....."

Qin Feng suddenly said:"So, you are all disciples of the ancient God Lord. No wonder the aura on your body is similar to that of the creatures of our God Realm. After all, we are indeed from the same origin."

"That's it!", the beautiful woman continued,"According to my master's last wish, the successor of this spiritual root of heaven and earth can only come from his descendants. Saint Ancestor Guixu is not his disciple, so he naturally cannot refine this prototype seal of heaven."

"To this end, he thought of a way, which was to destroy the prototype seal of heaven. In that case, my master's spiritual thoughts will lose their sustenance and will dissipate on their own. The Saint Ancestor of Guixu then used his great magical power to refine the prototype of the entire heaven. He relied on this method to take away the Huang Zhong Tian Realm and the Yuan Chu Tian Realm....."

"It's just that after these consecutive battles, his soul was seriously damaged, and his combat power dropped sharply. For this reason, he had to give up on annexing our Xuanji Heavenly Realm and go into seclusion to heal his wounds first....."

Qin Feng's heart moved:"Fellow Taoist, if I guess correctly, the Yuanchu Spiritual Root, Huangzhong Spiritual Fruit, and Xuanji Spiritual Fruit grown from this spiritual root are related to the three prototypes of heaven, right?" The beautiful woman nodded slightly

:"That's right! The names of these three prototypes of heaven are also called Yuanchu Heaven, Huangzhong Heaven, and Xuanji Heaven. The place you are now is called Xuanji Heaven. The other two prototypes of heaven have been returned to the Ruins Saint Ancestor. snatched away"

"He destroyed the prototype seals of the heavens in Huangzhong and Yuanchu, and then managed to refine the two realms. He has not yet condensed the new prototype seal of heaven. In this way, his refining of Huangzhong and Yuanchu was not complete, and his control over the spiritual roots was greatly restricted.....".Qin Feng suddenly realized:"That's it! I have a question in my mind, why are three prototypes of heaven born in this spiritual root of heaven and earth? As far as I know, one root of heaven gave birth to one prototype of heaven."

"Fellow Taoist, you are asking too much. I suggest you complete the verification first and wait for your confirmation. This palace will answer all your questions!.Beautiful women give timely reminders.

Qin Feng nodded:"Okay! My friend, what should I do to truly determine my identity?"

"Very simple! You release a ray of spiritual thought to contact the heavenly seal. If you are a person from the divine realm, my master's residual thoughts will be sensed. If you are not, your spiritual thoughts will be attacked by my master's residual thoughts....."

The seal of heaven is the seal of the prototype of heaven.

Qin Feng smiled slightly:"This is easy!"

After saying that, he was ready to try.

The beautiful woman said: "Qin Feng, I want to remind you of two things. The first thing is, don't think about suddenly taking action to destroy the Tianyin. With me by your side, if you have this idea, you have no chance to take action."

Qin Feng didn't say much.

Obviously, this beautiful woman still didn't dare to trust him completely, fearing that he would destroy the seal of heaven.

After all, the texture of Tianyin is not strong and can be destroyed by masters of the first level of eternity.

"Qin Feng, don't blame me for not trusting you. That was how the heavens in Huangzhong and early Yuan Dynasty were lost. This is how my two senior brothers lost their lives....."

Qin Feng nodded slightly: "Qin understands. What is the second thing?"

"The second thing is, as long as you get the approval of my master's divine mind, don't try to refine the heavenly seal. If you do this, you will definitely activate the test left by my master."

"Once that test starts, it cannot be stopped. But without the cultivation of the peak of Tiansheng, if you start the test rashly, you will die without any chance of life. Remember! Remember!"

The beautiful woman said very seriously.

She didn't even dare to try that test, so she naturally wanted to remind Qin Feng

"oh!"

Qin Feng nodded casually and didn't take it seriously at all.

"Fellow Taoist, let's get started! Saint Ancestor Guixu may rush back at any time, and we don't have much time left....."

"good!"

The beautiful woman hurriedly pinched the seal.

Buzz~

The altar vibrated!

Woo~woo~!

The next second, the heavenly seal in the center of the altar was activated, the rays of light were released, and the clear sound continued.

"Fellow Taoist Qin Feng, release your spiritual thoughts!"

"good!"

Qin Feng quickly released a ray of spiritual thought, turned into a golden light, and flew directly to the heavenly seal...

When his spiritual thought came close to the heavenly seal, the seal lit up with a purple light that reached the sky, exuding the aura of eternal spiritual thought.

That was exactly A ray of divine thought left by the ancient god lord.....

In just a moment, the two lights of gold and purple were about to touch together...

Everyone held their breath and nervously watched the changes in the altar. The place became very quiet...

This was the most critical step to confirm Qin Feng's identity....As long as Qin Feng is a creature from the divine realm, the purple aura will not rule out Qin Feng's divine thoughts. Otherwise, the attack will rebound.....

In the blink of an eye, the two lights of gold and purple touched together... buzz~ the two lights merged!

The light is superimposed and dazzling!

The two divine thoughts merged together as soon as they touched, and the ancient divine lord's divine thoughts also emitted a joyful roar.....

"Combines! Totally integrated! He is really a man of the gods"

"yes! The Lord of God completely accepted his thoughts and seemed very happy!"
