Chapter 1061

"Buzz~! "

The altar once again emitted a dazzling light.

The next second, a protective light shield rose around the altar, covering Qin Feng.

The beautiful woman in palace attire and others were forcibly teleported outside the light barrier.~

"It's over! It's over! The Lord of God's test was completely exciting!"

"This... This Qin Feng is too reckless!"

Everyone was extremely anxious.

The beautiful woman in palace clothes was almost furious.

She specifically warned Qin Feng that he must not activate the challenge, otherwise he would die.

Unexpectedly, this kid still did this

"quick! ...quick! Let's quickly break the protective shield and rescue Qin Feng!"

Taibai shouted anxiously.

In an instant, dozens of people took action, and all kinds of spiritual lights flashed, constantly bombarding the light mask.....

Bang~bang~! Bang~!

For a while, the roar continued, but the mask was not damaged at all

"it's useless!"

The voice of a beautiful woman rang out from the crowd.

"This light shield can defend against a full blow from the peak of Heavenly Saint. Even if we attack together, we will not be able to break this light shield....."

The beautiful woman knows best about the difficulty of the assessment left by the ancient God Lord.

""Empress, that...that Qin...he...", Taibai was very anxious.

The beautiful woman shook her head helplessly:"Unless the assessment is over, this mask cannot be opened. Everything can only be done by Qin Feng himself....."

After saying these words, the center of the altar once again lit up with a spiritual light that reached the sky, extremely dazzling.....

Then, a monster with two heads, four legs, and green scales gradually formed in the aura.....

"That is?!"

Everyone is confused

"That is the fantasy beast that tests Qin Feng's strength....."

As soon as the beautiful woman in palace attire finished speaking, the giant beast stepped out of the altar.

Bang~

The giant beast landed on the ground, and the entire temple trembled.

Roar~

The giant beast roared, its whole body's momentum exploded, and its combat power suddenly reached the level of the peak of the Heavenly Saint.....

"Oh My God!"

"It's over! It's over!"

Everyone exclaimed.

The phantom beast at the peak of the Heavenly Saint came to test Qin Feng's strength. He didn't just slap him and kill him on the spot.....

"Why~! "

The beautiful woman in palace clothes shook her head and sighed.

In her opinion, Qin Feng is dead

"Madam, how can this phantom beast test Qin Feng's combat prowess?"

Taibai is still a little unwilling to give up.

He has witnessed Qin Feng's potential with his own eyes, and naturally he doesn't want such a genius to die in vain.

"The content of the assessment is very simple, that is, the examiner needs to persist for an hour under the full attack of the phantom beast. I'm afraid it would be difficult for Qin Feng to meet him....."

The beautiful woman in palace attire was a little speechless.

That kind of result was not what she wanted to see.

"Brother Taibai, Qin Feng is really finished now!"

Kuimu looked regretful.

After all, he had met Qin Feng once, and he still hoped that nothing would happen to Qin Feng.

Na Taibai even smiled bitterly and shook his head helplessly.....

But at this moment, some dissatisfied voices sounded from the crowd

"snort! No need to feel sorry for this kid! It's not that he was too reckless. If he died under the claws of the phantom beast, he would be the one to blame!"

"that is! The empress has clearly reminded him, but he still doesn't take it seriously. Isn't he looking for death?"

Xi! I thought he really had some way to destroy the Holy Ancestor, but I didn't expect such a thing to happen! We wasted a lot of time in vain....."

Upon hearing these words, the beautiful woman in palace clothes frowned slightly, often irritated."."You guys, stop talking nonsense!"

She couldn't help but scolded a few words.

"Madam, what we said is true. If it weren't for Qin Feng...."

Those people looked unconvinced.

But before they could finish speaking, a sudden change occurred in the field.

Roar~

I saw the phantom beast roaring violently, and rushed towards Qin Feng like lightning, and slapped Qin Feng's head with its huge claws...

Boom~ Long~! Long~!

Wherever the giant hand passed, there was thunder and wind, and the heaven and earth cracked...

The peak combat power of the Heavenly Saint destroyed the heaven and the earth.....

Everyone exclaimed...

Some soft-hearted female cultivators couldn't help but close their eyes, as if they didn't want to see Qin Feng being hit with a claw...

At this critical moment, Qin Feng took action and punched directly. Caught in the iron claws of the giant beast...

The few sarcastic people in the crowd showed disdain when they saw this scene...

A person in the first level of eternity who dares to confront the peak of the Heavenly Saint is simply looking for death.....

In the blink of an eye, fists and claws collide!

At that moment, Qin Feng exploded with all his strength, and his fighting power was comparable to that of the Quasi-Saint Ancestor. It was so majestic that it covered the sky and the earth.....

Immediately afterwards there was a loud sound of earth shattering!

The world breaks apart!

All worlds collapse!

The phantom beast let out a shrill roar, and in the eyes of everyone's astonished eyes, it turned into starlight and dissipated between the sky and the earth.....

Everyone was dumbfounded, their mouths opened wide, and their jaws almost dropped... Oh my god!

One punch instantly killed a peak-level phantom beast of the Heavenly Saint!

This is really incredible.

Of course, the phantom beast cannot be resurrected once it is defeated, making it much weaker than monks of the same level.

But killing him instantly with one punch is too exaggerated!

Even if the Saint Ancestor of Guixu came, he would never be able to do it.

Everyone was extremely shocked!

The eyes of those people who made sarcastic remarks were about to fall off.....

At this moment, Qin Feng took a step and reached Tianyin's side in the blink of an eye.....

"Buzz~! "

Tianyin released an arrow of purple light, piercing Qin Feng's eyebrows like lightning.....

That is the second test, the soul strength test!

The arrow of purple light is formed by the solidification of invisible spiritual consciousness, and its strength is comparable to the threshold of spiritual consciousness of the quasi-saint ancestor...

Phew~

Qin Feng automatically shoots a golden arrow of spiritual consciousness from the center of his eyebrows!

Click~!

The golden arrow of consciousness instantly defeated the purple arrow.....

Please give me flowers. Buzz!

The sky seal is vibrating!

What a joy!

Qin Feng only counted seconds to pass two levels and complete the assessment.

The next second, Tianyin flew over automatically.

Qin Feng understood, broke the blood in his finger, and flicked his fingertip.

A drop of blood essence fell onto the Heavenly Seal and began to be refined.....

Boom~~Long~!

Immediately, the entire Xuanji Heaven began to shake violently, and trillions of creatures were alarmed. They all looked in the direction of Tianyin Palace in shock.....

"Ding~! The host is transforming the Heavenly Seal... The refining degree has been increased to 10%....The host is fed back by the power of heaven and earth from the Xuanji Heaven...the combat power is increased to 423 extremes....."

"Ding~! The host is transforming the Heavenly Seal....The refining degree has been increased to 17%....The host receives the power of heaven and earth from the Xuanji Heaven to feed back...the combat power is increased to 425....."

"Ding~! The host is turning into Tianyin 26%....Refining progress....."

For a time, Qin Feng, with the help of the ancient god's spiritual thoughts, was able to refine the Tianyin extremely quickly.....

His combat power and momentum are also skyrocketing...

At the same time, the ancient god's spiritual thoughts attracted a ray of divine thoughts from the spiritual roots of heaven and earth, which merged with Qin Feng's spiritual thoughts.....

This is helping Qin Feng gain control of the spiritual roots of heaven and earth...

In the blink of an eye, Qin Feng's refining of the heavenly seal reached 69%, and his combat power and momentum increased to 4.33 million.....

He also gradually gained partial control over the spiritual roots of heaven and earth.....

Just when Qin Feng was refining Xuanji Heaven, there was a huge movement in the spiritual roots of heaven and earth.....

Outside the world, return to the ruins.

The phantom clone kept pinching the seal, trying hard to imprison the sacred tree in front of it...

Buzz~buzz~! Buzz~!

The sacred tree was vibrating continuously, and its whole body was emitting three-color spiritual light, which was earth-shattering...

It was struggling desperately, trying to escape into the back of the Guixu space.

The confinement of the phantom clone was very difficult.

He knew that the divine tree was escaping because the divine thoughts of the Guixu Saint Ancestor were causing it.....

Naturally, he would not let the Saint Ancestor of Guixu succeed...

At this moment, on the other side of Guixu.

Di Jun, Tai Yi, Brahma and other five people are searching everywhere....

"Huh! Look! What is the three-color aura?"

Suddenly, Tai Yi seemed to have discovered something and pointed into the distance.

Di Jun and others followed the sound one after another, and saw a three-color spiritual light rising into the sky in the far distance, and there were also faint waves of space fluctuations.....

That is where the spiritual roots of heaven and earth are located.

It's just that it's too far away, they can't see the spiritual roots, nor can they see the phantom clone, they can only see some spiritual light.....

"Everyone! Something big must have happened somewhere, let's go take a look!"

"Walk!"

At that moment, Di Jun and the five others rushed towards the direction of the spiritual root of heaven and earth...

Chapter 1062

But he said that there is another side, in the Xuanji Heaven.

With the help of the ancient god Lord Can Nian, Qin Feng refined the Heavenly Seal at an extremely fast speed...

His momentum continued to surge.....

"Ding~! The host is transforming the Heavenly Seal... The refining degree has been increased to 94%.....Combat power increased to 4.39 million poles....."

"Ding~! The host is transforming the Heaven Seal... The refining degree has been increased to 97%Combat power increased to 4.4 million poles....."

"Ding~! The host is transforming the sky seal....."

.....

"Ding~! Congratulations to the host for successfully transforming the Heavenly Seal and obtaining a prototype of the Heavenly Realm (Xuanji Heavenly Realm).....The host receives a large amount of combat power in return.....The combat power has been increased to 4.5 million. The level of the Great Flood God Realm has been increased to 53.%...."

Qin Feng finally completely refined the Tianyin and became the master of Xuanji Heaven.

Now, as long as he thinks, he can see the scene in any corner of Xuanji Heaven, and he can teleport to any corner at any time...

Everything in Xuanji Heaven is already under his control.

That feeling is wonderful!

Qin Feng slowly opened his eyes, his eyes filled with joy.

This time, his combat power has been increased to 4.5 million poles, which has been greatly improved.

What's even better is "687", he finally got his first prototype of heaven (domain).

In the future, if he evolves this prototype of heaven into a real heaven, he will receive ten times or even dozens of times of energy in return, and the benefits will be limitless.....

Buzz~

At this moment, the altar emitted a clear sound, the spiritual light converged, and the light mask outside was automatically removed.

Qin Feng then turned around and looked at everyone

"I'm waiting to see the Emperor of Heaven!"

The beautiful women in palace attire and others all knelt down to worship with great respect.

"Why do you call me the Emperor of Heaven?!" Qin Feng was a little surprised.

"Master Qin Feng, if you passed my master's test, refined the Heavenly Seal, and became the master of the Xuanji Heavenly Realm, then you will become the Emperor of Heaven, the Emperor of Heaven. This is my master's last wish."

The beautiful woman in palace clothes sighed with emotion.

Over the years, she also wanted to challenge the test left by the ancient God Lord, but she lacked the strength and courage.

But she never expected that Qin Feng only had the cultivation level of the first realm of eternity. She passed the master's test easily.

Of course, she was not jealous of Qin Feng at all.

For Qin Feng, she only had admiration and even fear in her heart.

At that moment before, Qin Feng's combat power had reached the level of the Quasi-Saint Ancestor. The level even surpassed that of Guixu Saint Ancestor.

If she hadn't seen it with her own eyes, she wouldn't have believed that an Eternal First Realm could exert such terrifying combat power.

Not only that, the strength of Qin Feng's soul had also completely reached the accurate level. Saint Ancestor level.

Judging from the energy and blood value, Qin Feng's age is only about 10,000 years old...

It can be seen that Qin Feng's talent potential is extremely terrifying, even far exceeding her master - the ancient god.

When the beautiful woman in palace attire thought of this, she became even more in awe of Qin Feng... Not only her, but Taibai and others were also in awe. At this moment, they all lowered their heads and did not even dare to breathe.

Several people who had made sarcastic remarks before were even more in awe. Embarrassed and worried.....

Qin Feng naturally didn't care about those little things.

"Everyone, please get up first!"

"Thank you Lord Tiandi!"

Everyone stood up respectfully.

Qin Feng looked at the beautiful woman in palace clothes.

"Fellow Taoist, you keep mentioning heaven. Qin is very curious, what is heaven?"

The beautiful woman was worried, "Your Majesty, the little girl's real name is Yao Qiong. From now on, Sir Xi, just call the little girl by her real name, but you can also call me Taoist friend, so as not to disturb the superiority and inferiority."! Let me call you Queen Mother of the West for now. Didn't you tell me, what is the Heavenly Court?"

Queen Mother of the West did not dare to disobey and said respectfully: "Sir, when my master created the divine world, he also planned to create a Heavenly Court to manage the gods in the future. boundary"

"This heaven will be composed of three heavens, namely the Xuanji heaven, the Huangzhong heaven, and the Yuanchu heaven....."

"Of course, these three heavens are only prototypes. After they evolve into real heavens, Master will use great supernatural powers to merge the three heavens into one and turn them into heaven....."

Qin Feng nodded: "Senior God Lord is really extraordinary! Those Saint Ancestors of the Sixth Realm can evolve a heaven. It is extremely extraordinary. Senior God Lord not only created a God Realm, but also prepared to evolve three heavens... Tsk tsk.!! Amazing!"

Queen Mother Xi also sighed: "My master has lofty ambitions, which a little girl cannot imagine. In order to successfully complete the integration of the heavens in the future, the master selected the realm masters of the three heavens of Xuanji, Huangzhong and Yuanchu who must have the following qualities The strength is above the peak of Tiansheng, and the strength of the soul must also exceed the peak of Tiansheng....."

"For this reason, Master arranged a test. Unfortunately, the little girl and the two senior brothers were not qualified to complete the test. The three of us could only serve as gatekeepers."

"Master also stipulated that the future Emperor of Heaven will be selected from the three world masters. Now, both the Huangzhong Heaven and the Yuanchu Heaven have fallen into the hands of Guixu Saint Ancestor, leaving only my Xuanji Heaven"

"Your Excellency is the Lord of the Xuanji Heaven Realm and the only candidate for Heavenly Emperor, so we call you Heavenly Emperor. From now on, we are your subordinates. We will never disobey your Majesty's orders, and we hope that Your Majesty will not give up and accept us!"

The Queen Mother of the West bowed respectfully again.

"I hope His Majesty the Emperor of Heaven will not give up and accept us!"

Taibai and others all bent down to salute with extremely respectful attitudes.

Qin Feng was surprised and happy.

He could see that these people came from the bottom of their hearts and were willing to follow him.

Qin Feng didn't know that Queen Mother of the West and others were in ancient times. Before the death of the God Lord, they made a heartfelt oath. Whoever becomes the Emperor of Heaven in the future, they must swear allegiance to the Emperor of Heaven and not betray.

This is why the ancient God Lord was worried about the fight between the three world masters. Once the position of the Emperor of Heaven is determined, they must be loyal to that person, and naturally they will. There will be no fight.

Now that Qin Feng has become the sole successor of the Emperor of Heaven, they can naturally only be loyal to Qin Feng.

"We share the same roots, and we all have a mortal feud with the Guixu Saint Ancestor. We should advance and retreat together, and there is no saying whether we will accept you or not. Since you recognize me as the Emperor of Heaven, I will treat you as my confidant and will never treat you badly!"

"Thank you, His Majesty the Emperor of Heaven!"

The Queen Mother of the West and others were overjoyed and saluted one after another.

"Queen Mother of the West, you just said that you have two senior brothers. Where are they?"

"Your Majesty, your two senior brothers are the gatekeepers of the Huangzhong Heaven Realm and the Yuanchu Heaven Realm. They are called Zhongwangshen and Dongwanggong by their subordinates. It's a pity that both of them were killed by Guixu Saint Ancestor through tricks..."

"What's the trick?" Feng asked curiously

"When Saint Ancestor Guixu first obtained the spiritual roots of heaven and earth, he had no ability to refine them, so he sent a few of his men to pretend to be creatures from the divine world. Our two masters were fooled and allowed several spies to enter the Yuanchu Heavenly Realm and the Huangzhongtian Realm."

"Those spies stayed calm for a while, and finally sneaked into the Tianyin Palace while the two senior brothers were not looking, and destroyed the Tianyin Palace in Huangzhong Tianjie and Yuanchu Tianjie.....In this way, the two heavens no longer have the protection of my master's spiritual thoughts, and were forcibly refined by the Guixu Saint Ancestor.....

"The two senior brothers, Zhong Wang Shen and Dong Wang Gong, also died in those two battles, and hundreds of billions of subordinates were all slaughtered by Guixu Saint Ancestor. Only a few of the two realms escaped to our Xuanji Heaven Realm and survived..."

At this point, the Queen Mother of the West was filled with grief and anger.

The more than 300 high-level officials in the Eternal Realm also showed grief and indignation.

Many of these high-level officials came from Huang Zhong Those who escaped from the Heavenly Realm and the Heavenly Realm in the early Yuan Dynasty.

Many of their disciples, children, and relatives died at the hands of the Guixu Saint Ancestor. Naturally, they hated the Guixu Saint Ancestor extremely. When

Qin Feng heard this, he suddenly realized.

No wonder When he first came in, Queen Mother Xi and others were so alert.

"Do not worry! Sooner or later, this emperor will destroy the Guixu Saint Ancestor! To avenge my blood revenge in heaven!"

As soon as these words were said, Queen Mother Xi and others were overjoyed and expressed their gratitude one after another.

Having seen Qin Feng's potential and strength, they believed in Qin Feng's words.

"By the way, Queen Mother of the West, as far as this emperor knows, one spiritual root leads to the heavenly realm. Why did the spiritual root of the senior god master give birth to three prototypes of the heavenly realm?"

"Your Majesty, you don't know something. In order to unite the three realms, my master merged the three spiritual roots of heaven and earth into one, so that there would be a certain connection before the three heavens were formed. Qin

Feng was surprised:"So, this heaven and earth spiritual root is the fusion of three different heaven and earth spiritual roots?"

"That's right! It is made from the fusion of three kinds of heaven and earth spiritual roots: ginseng fruit tree, Huangzhong plum, and Renshui flat peach....."

Qin Feng exclaimed:"Tsk ts!! It is extremely difficult for ordinary saint ancestors to have one spiritual root. The senior god master actually has three spiritual roots...."

Queen Mother Xi smiled and said:"Your Majesty, my master has not just three spiritual roots of heaven and earth, but four... He once said that if you want to break through to the seventh realm, you must have at least four spiritual roots. The so-called four Depends on the extreme...."

"The little girl didn't know what exactly happened. Perhaps, only by receiving the inherited mantle from my master can we know the specific method of cultivation....."

Upon hearing this, Qin Feng's eyes shone.

He didn't know until today that more than four spiritual roots of heaven and earth are needed to break through 0.4 to reach the seventh level.....

I'm afraid many saint ancestors don't know this secret.

It seems he needs a few more spiritual roots.

"correct! I've been talking about this for a while, and almost forgot about the real thing. The Saint Ancestor of Guixu will return at any time, and the Huangzhong Heaven and Yuanchu Heaven are still in his hands. You protect me, and I will go and seize the Huangzhongtian Realm now."

"I'll obey!"

Everyone suddenly woke up and did not dare to delay.

At that moment, Qin Feng no longer wasted time and entered the altar.

Taibai and others quickly surrounded the altar to protect Qin Feng.

The Queen Mother of the West quickly ordered that the entire Xuanji Heaven Realm enter the first level of martial law, and everyone will protect it. Tianyin Palace...

At the same time, Qin Feng began to sit cross-legged and meditate, and his spiritual thoughts sank into the Tianyin...

He wanted to use the fusion of spiritual thoughts and spiritual roots to attack Huang Zhongtian's spiritual thoughts. First, Let's talk about capturing Huangzhongtian Realm...

Chapter 1064

Behind Nadijun and Brahma are Taiyi, Shiva and Vishnu.....

"Um? Why did these five guys suddenly come here?"

The phantom clone frowned slightly.

At this moment, Qin Feng was trying his best to seize the Huangzhongtian Realm and could not clone himself to fight the enemy.

It seems that he had to find a way to deal with the enemy.

Especially he couldn't let these five people destroy the sacred tree, that would Influence Qin Feng's seizure of the sacred tree.....

At this thought, Guixu's clone frowned even more.

As Qin Feng's combat power increased to 4.5 million poles, his combat power also increased to 1.5 million poles...

But with such strength, it is absolutely impossible for him to fight one against five.....

At the same time, the void ends.

Di Jun and the other five finally saw clearly the situation here.....

"Brother Dijun! Look! Isn't that the spiritual root of heaven and earth of the Guixu Saint Ancestor! Brahma exclaimed

"yes! Huh! That person seems to be Qin Lei!"

Di Jun saw the phantom clone.

"Brother, it's really Qin Lei!"

Taiyi was shocked.

Brahma frowned:"Strange! Why did Qin Lei appear here? How could he appear next to the spiritual roots of fellow Taoist Zhentian (the Saint Ancestor of Guixu)? Di

Jun's eyes lit up: "No wonder Fellow Taoist Zhentian asked us about Qin Feng. I have always found it strange." Now it seems that Qin Feng is trying to take advantage of the spiritual roots of Taoist Zhentian!

Brahma suddenly said: "That's it!" This Qin Feng's ambition is really big! He wants to seize the spiritual roots of Fellow Daoist Zhentian, which means digging up the roots of Fellow Daoist Zhentian. This is a life-or-death feud!"

"yes! However, it is indeed unusual for this boy to find the location of Zhentian Taoist Friend's spiritual root. By the way, why did I only see Qin Lei but not that boy? Is he hiding nearby?"

Shiva suddenly interjected.

But as soon as he finished speaking, the faces of Dijun and the five others changed slightly, and they stopped one by one, not daring to fly forward.

They had long been frightened by Qin Feng.

If there were only phantoms The clones were alone, so they were not afraid at all.

If Qin Feng was there, the five of them just wanted to turn around and run away...

Just like that, the shadow clones looked at the five Dijun people from a distance.

The five Dijun people also looked at the shadows from a distance. Doppelgänger.

The two sides fell into a strange confrontation.....

"Qin Feng seems not to be here....."

Brahma stared at it for a long time before saying with some uncertainty

"It seems like he's not here....."

Di Jun also secretly breathed a sigh of relief.

"Brother, you see, Qin Lei seems to be guarding something. The spiritual roots of heaven and earth on the side are constantly experiencing strange phenomena. Could it be that Qin Feng has entered the spiritual roots and is doing something wrong? Could it be that he wanted to rob Taoist Zhentian of his spiritual roots?"

As soon as Taiyi finished speaking, everyone's expression changed slightly, and they felt that it made sense.

Shiva hurriedly said: "Everyone, if this is really the case, we must take action, and we must not let Qin Feng succeed!"

"yes! If Qin Feng succeeds and Taoist Zhentian loses his spiritual roots, his cultivation level will inevitably fall to the peak of Tiansheng, and we will also lose a powerful ally!"

Vishnu also quickly agreed.

Di Jun nodded: "That makes sense! However, can we stop it with the power of the five of us? If Qin Feng is provoked, I'm afraid....."

"Brother Dijun, Fan thinks you can give it a try. After all, this place is not Qin Feng's home base. He does not have the help of the Jade Order of Creation, and his combat power is not yet at the threshold of the Quasi-Saint Ancestor. Even if we provoke him, the five of us can still escape by joining forces....."

Brahma suggested.

He didn't know that Qin Feng's combat power had surpassed the threshold of the Quasi-Saint Ancestor, reaching 4.5 million extremes...

As soon as his words came out, Di Jun and others looked at each other, and finally felt moved.

"By the way, brother, if Qin Feng attacks the spiritual roots of heaven and earth, Taoist Zhentian must be aware of it. Why don't we contact Taoist Zhentian and see what he says?"

Taiyi suddenly reminded

"right! I'll ask now...."

Di Jun quickly took out the jade talisman of communication and sent a message to Saint Ancestor Guixu.

In just a moment, Saint Ancestor Guixu replied to the message.

After reading it, Di Jun looked overjoyed.

"Brother Dijun, how is the situation?" Brahma asked hurriedly.

Di Jun said with a happy face:"Haha!! Everyone, my second brother said everything. Taoist Zhentian is using the secret technique of space jumping. On the way back, he will definitely arrive in three quarters of an hour!

Brahma's eyes lit up:"Three quarters of an hour?" Less than half an hour! That's pretty fast!"

"yes!", Di Jun continued,"Taoist Zhentian knew that we were nearby, and he was very happy. He begged the five of us to help him stop Qin Feng. Afterwards, he will be rewarded heavily!"

As soon as these words came out, everyone was overjoyed.

Brahma immediately said:"If he can really arrive in three quarters of an hour, let's take action! After three-quarters of an hour delay, the five of us can still do it."

"yes! If we help Taoist Zhentian this time, he will definitely be grateful to us and will definitely agree to form an alliance with us!"

"That's right! Let's take action!"

"good!"

At that moment, after the five people of Di Jun reached a consensus, they aggressively attacked the phantom clone.....

But on this side, the shadow clone saw Di Jun and the five people muttering constantly, and did not dare to approach for a long time.....

After a while, five people came to kill them.

The phantom clone couldn't help but frowned.

He thought that Di Jun and the other five people would retreat despite the difficulties, but he didn't expect that these five people still came to kill him.

"It seems that a war is inevitable!"

The phantom clone sighed, and with a casual move, the space in front of him suddenly changed.

The next second, Fuzhi and Lu Ya appeared.

"Father!"

"Lu Ya has met his master!"

When Fu Zhi and Lu Ya saw the shadow clone, they were delighted to pay their respects.

"Huh! Father, aren't the five people over there Dijun, Taiyi, Brahma, Shiva, and Vishnu?"

"strangeness! Master, why are the five of them mixed together?"

The two of Fu Zhi took a brief look at their surroundings and discovered the five Di Jun people in the distance.

The phantom clone said coldly: "Don't worry about why they got together, it's because they came with bad intentions."

"Now, my body is refining my spiritual roots, Free time clone. I will work together to withstand their attack. Fu Zhi, how is your practice of the Zhou Tian Xing Dou Formation going? Fu

Zhi said hurriedly: "Father, we have been practicing in the Great Flood God Realm for decades, and we have initially become proficient in the formation." Preliminary assessment, it should be able to exert the peak combat power of Tiansheng....."

The phantom clone's eyes lit up: "That's right! In a moment, you will perform a large formation to deal with Taiyi, and the three of Brahma and Brahma will be combined as a father....."

Lu Ya was worried: "Master, with my current strength, I still can't deal with Di Jun."....."

Although Di Jun suffered continuous injuries and lost the Nine Dragon Sword, and his strength dropped a lot, he still had the strength of the Peak Heavenly Saint.

Lu Ya's combat power is only in the middle stage of Tiansheng, so he is naturally no match for him.
....

"You can just assist the battle from the side! Xuan Mi's clone will come forward to deal with Di Jun. This time, these five people must be taught a bloody lesson!"

Speaking of this, the shadow clone's eyes revealed a cold light, and his eyes were full of killing intent..

Chapter 1065

Speaking of this, the eyes of the phantom clone revealed a cold light, and their eyes were filled with murderous intent.....

At the same time, in the Great Flood God Realm, the Holy Land of Heavenly Palace, in the secret cultivation room.

On the altar, Xuan Min's clone closed her eyes and crossed her knees, her hands constantly pinching the seals.

Above his head, there were nine light groups...

That was the nine light groups he combined more than 300 small space worlds. Small universe.

Now, these nine small universes have reached the critical moment of taking shape...

At this moment, Xuan Mi's clone sensed something and slowly opened its eyes.

Then, he raised his head and looked in the direction of Guixu, with murderous intention and a hint of anger in his eyes...

He and the shadow clone were connected spiritually, so he naturally knew that the five emperors and emperors were coming...

He had to help the shadow clone to fight..

But if this happens, all his decades of hard work will be in vain.....

Thinking of this, Xuan Mi's clone raised his head and looked at the nine small cosmic light groups in front of him, none of which had yet to take shape.....

It took him decades to finally finalize these, and he was just short of the last step...

If he gave up, he would have to regroup next time, and it would take decades more.

Of course, in the Great Flood God Realm, only a few days have passed in the outside world.....

But time is extremely precious to Qin Feng. Even if it is a few days outside, he is not willing to waste it.

"It seems that I have to go there....."

Xuan Mi was helpless both physically and mentally, and was about to end the combination of nine small universes.

Seeing that these decades of energy and time will be wasted in vain.....

But at this moment, Xuan Mi's clone seemed to sense something, and looked into the depths of the Holy Land with a look of surprise.....

That was the place where Hongjun was practicing in seclusion...

At the same time, in Guixu territory.

The shadow clone also sensed it, with a look of joy on his face.

"Father, did you discover something?....."

Fuzhi also saw the change in the expression of the phantom clone....

"That little guy Hongjun is coming out of seclusion....."

The shadow clone was overjoyed.

On the other side, inside the sacred tree.

Qin Feng was fighting fiercely with the spiritual thoughts of Guixu Saint Ancestor...

Bang~! Bang~! Bang~!

Click~! Click~! Click~!

At this moment, in the space with infinite texture and rhyme, the sky was filled with lightning flashes of divine consciousness...

Qin Feng had the upper hand.

The Divine Ancestor of Guixu was so angry that he screamed

"Qin Feng, little thief! I will fight with you until death!"

"Huh?! How do you know my name? Is it possible that you have hooked up with Di Jun and the other five?"

Guixu Saint Ancestor was shocked, secretly thinking that this boy is too smart!

He said a word casually, and this boy was able to think through the cause and effect of the matter.

"snort! Little thief! I already know your background. Even if you succeed today, I will kill you and crush you to ashes. If you know what is going on, retreat now, and I will still be able to keep you safe!"

"Ha ha!! Do you think I am a three-year-old child? Just tell some jokes! No matter what you say, I will determine the world of Huang Zhongtian!

The Saint Ancestor of Guixu was furious:"You little thief!" Don't be so arrogant! To tell you the truth, my true body will definitely arrive in three quarters of an hour. And with the power of your spiritual thoughts, you will definitely not be able to attack the Huangzhongtian Realm in less than half an hour."

"You still want to seize my Huangzhongtian Realm, stop dreaming about it! Ha ha!!!"

Arrived in three quarters of an hour?!

Qin Feng frowned slightly.

According to his current progress, it will indeed take him half an hour to capture Huangzhong Tianjie, which is obviously too late.

If he cannot capture it before Guixu Saint Ancestor arrives, Huang Zhongtian, I'm afraid that with the Guixu Saint Ancestor, the Shadow Clone and the others won't be able to hold on...

This thought made Qin Feng feel a little anxious.

"Huh! This is....."

At this moment, he sensed that in Hongjun's retreat place in the Great Flood God Realm, there was a surge of aura, and the sky and the earth were connected.....

At the same time, the system prompts sounded in his mind.....

"Ding~! Congratulations to the host, your child (Hongjun) has successfully refined the Chaos Ultimate Sacrifice into the prototype of the heaven.....Its cultivation has been upgraded to the middle stage of Tiansheng, and its combat power has skyrocketed... The host has received a large amount of combat power in return, and its combat power has been increased to 4.65 million....."

"Ding~! Congratulations to the host, you have obtained the second prototype of heaven - Chaos Heaven.....The completion progress of the Great Flood God Realm has been increased to 57%.....The host's combat power is increased to 4.8 million....."

"Ding~! Congratulations to the host.....Your cultivation has been raised to the first level of eternity 76%....."

Boom~Long~Long!

At this moment, Qin Feng's whole body momentum continued to surge, and his cultivation progress also skyrocketed.....

In the blink of an eye, his cultivation progress reached the first level 76%.....

As the level of cultivation increases, the strength of the soul will also increase, and the power of spiritual thoughts will also increase.....

In the blink of an eye, Qin Feng's spiritual power increased by 30%...

Qin Feng was overjoyed and immediately launched an attack.....

Bang~! Bang~! Bang~!

For a time, the battle between the gods within the sacred tree became more intense.....

Click~! Click~! Click~! Click~!

Huang Zhongtian Realm's spiritual protection was suddenly unable to withstand it, and the speed of rupture greatly increased.....

"This... what's going on?!"

The Divine Ancestor of Guixu shouted in horror...

It never expected that Qin Feng's Divine Will could suddenly strengthen, and its power has been increased by 30%, infinitely close to the level of the Holy Ancestor in the later stage.....

Such power makes it unbearable, and the speed of collapse is accelerating.....

"Guixu Saint Ancestor! Maybe before your true body arrives, I can seize the Huangzhongtian Realm! Ha ha!!"

Qin Feng laughed boldly and showed no mercy in his spiritual attacks.

"Damn it! Damn it! Little thief! Don't offend me! It is still unclear who will win!"

The Saint Ancestor of Guixu jumped with anger.

He was also extremely anxious in his heart.

Qin Feng's spiritual will suddenly strengthened, and the speed of seizing Huang Zhongtian Realm accelerated.

According to his estimate, it would take about three quarters of an hour to fight with his body. It took quite a while to arrive...

As a result, the battle between the two sides became more intense.

No!

I will never let this kid succeed!

Guixu Saint Ancestor screamed in his heart!

The spiritual root of heaven and earth is related to his foundation, he will never No room for error.....

That's right!

Only this guy's clone is guarding outside.

A clone in the first realm of eternity would never be able to withstand the siege of Di Jun and the five others.

If the five emperors and the ancestors cooperate with each other internally and externally, they should be able to stop this kid.....

The spiritual thoughts of Guixu Saint Ancestor are connected with the original soul.

At the moment, outside the Nine Heavens Territory, the Saint Ancestor Guixu sent an urgent message to Di Jun and the other five, asking them to speed up and control the sacred tree.....

As soon as Di Jun and the other five received the message, they sped up and came over to kill them.
.....

At the same time, in the Great Flood God Realm.

Xuan Mi's clone is still reorganizing the nine large and small universes.

Xiao Hongjun stood aside with excitement on his face

"Dad, my child has reached the middle stage of Tiansheng....."

"Um! My father saw it. The avatar of the father has to reorganize these nine small universes, and the body cannot be separated. Right now, there is an extremely important matter that requires you to take action....."

Hongjun's eyes lit up:"What's your mission, daddy?"

He has made great progress in cultivation now, and he wants to try his skills to see how far he has improved.

"Hong'er, my father is asking you, what is your overall strength now?"

"I don't know the specifics, I won't know until we fight. According to Hai'er's estimation, the weakest one should have the combat power of the Heavenly Saint's peak threshold....."

Xuan Min's clone was overjoyed:"Haha! That's great! Go and assist the phantom clone, there will be arrangements there!"

As soon as he finished speaking, Hongjun was summoned by the phantom clone and disappeared out of thin air.

No matter the Xuan female clone or the phantom clone, they are all extensions of Qin Feng's body, and the three are connected spiritually at all times.....

Seeing Hongjun leaving, Xuan Mi's clone breathed a sigh of relief.

With the help of Hongjun, the shadow clones and the others should be able to withstand the attack of Di Jun and the five others and buy time for the main body...

Thinking of this, the Xuan female clone did not dare to waste time, and quickly pressed the seal and continued to regroup. nine small universes.....

He wants to combine the nine small universes as soon as possible and evolve them into nine great worlds.....

In this way, Qin Feng's cultivation level can be quickly improved, thereby increasing the power of his divine thoughts.

The stronger his spiritual thoughts are, the faster Qin Feng will seize Huang Zhongtian Realm.....

All of this is a race against time and interlocking..

Chapter 1066

But he said that on the other side, in the Guixu space.

The three shadow clones, Lu Ya and Fu Zhi were guarding in front of the sacred tree.....

Di Jun and the five others are rushing towards this direction.....

"Father, these five guys have sped up and seem to be in a hurry!"

"Master, when will your other clone arrive?"

Lu Ya was a little nervous.

"This time, he won't come!"

"ah?!", Lu Ya was stunned.

Fu Zhi couldn't help but said: "Father, without your other clone here, I'm afraid we can't stop it!"

The shadow clone smiled slightly: "That's not necessarily the case!"

After saying this, the surrounding space shook slightly, and Hongjun walked out of the void.....

"Lu Ya has met the young master!"

When Lu Ya saw Hongjun, he quickly stepped forward to pay his respects.

"Huh! The middle stage of Tiansheng! You have a breakthrough!"

After Fu Zhi saw Hongjun's cultivation clearly, he was also pleasantly surprised.....

Hongjun smiled and said nothing, feeling happy.....

Then, he saw the five men of Emperor Jun not far away, rushing towards this direction with murderous intent.....

"strangeness! Why did Emperor Jun Taiyi come to Guixu? Dad, is my mission this time to deal with them?"

"That's right!", the phantom clone nodded, "In a moment, my father will deal with Brahma and the other three, Fuxi will practice the formation to deal with Taiyi, and you and Lu Ya will deal with Di Jun together!"

Hongjun cupped his little hand and said excitedly: "My child obeys!"

He has made great progress in cultivation, and he is just looking for someone to try his skills!

Now, someone is coming to his door. In the blink of an eye, the five Dijun and the others are tens of millions of miles away. At this time, the space in front of the phantom clone flashed, Another beautiful woman in palace attire walked out of the void. She was none other than the Queen Mother of the West.....

"Who are you?!"

Lu Ya suddenly looked wary when he saw a middle-level Tiansheng strongman suddenly appeared.

Fu Zhi and Hongjun were also a little surprised.

The Queen Mother of the West was also a little at a loss.

Especially when she saw Lu Ya and Hongjun, they didn't look big on the outside. , but her cultivation had reached the middle stage of Tiansheng, and she was shocked.

When she saw these two people looking at her with wary faces, she couldn't help but become nervous.

"Don't worry! She is one of her own!"

At this time, the shadow clone hurriedly explained.

Queen Mother Xi looked at the shadow clone following the sound, and immediately sensed a familiar breath from its body, which was Qin Feng's breath.

"You are the clone of the Emperor of Heaven, Lord Qin Lei, right?"

Queen Mother Xi asked respectfully.

In fact, she had already confirmed it in her heart.

Before Qin Feng teleported her out, he had briefly told her the situation outside and the aura of the clone.....

"That's right! My body should have told you everything. The current situation is critical, so I won't explain more. The enemy is coming soon!"

"My subordinates understand!"

The Queen Mother of the West bowed respectfully to Xuying Fenshen.

"Daddy, who is she?", Hongjun asked curiously

"She is considered as her father's new subordinate! You can call her Queen Mother of the West!"

Fu Zhi was overjoyed:"Father, in this way, we in the Divine Alliance will have three heavenly saints..." As soon as he said these words, a rapid sound broke through the air in the distance.

The five Emperor Jun people finally arrived!

Five shadow clones People stopped talking and looked forward...

The two sides were confronting each other, and the atmosphere in the scene was instantly tense.

Especially the Queen Mother of the West, when she saw that there were three peak Heavenly Saints and two late Heavenly Saints, their faces instantly turned ugly...

They Although there are also five people on this side, it seems that the three strongest ones are in the middle stage of Tiansheng.....

This situation seems not good!

"Qin Lei, why are you here?", Di Jun asked loudly.

The shadow clone sneered:"What does it have to do with you?"

Di Jun frowned:"Where is Qin Feng?" Why doesn't he come out?"

The shadow clone sneered:"None of your business!"

Di Jun was furious and about to explode...

Taiyi quickly intervened:"Brother, look at the sacred tree that is shaking violently. Qin Feng must be playing tricks in the sacred tree!"

Di Jun, Brahma and others looked at the sound, and sure enough they saw the sacred tree shaking violently, and the three-color auras glowing in response.

"Brother Di Jun, Qin Feng must be trying to seize the spiritual root of heaven and earth. Let's stop him quickly!"

"Do it!"

At that moment, Brahma, Shiva, and Vishnu merged into one. In the blink of an eye, they turned into a monster with three heads and six arms. The fighting strength and momentum instantly surged to 1.4 million, which was extremely terrifying...

The Queen Mother of the West was dumbfounded. She I didn't expect Brahma and the other three to have such a method.

Such combat power is far stronger than that of the Heavenly Saint. It is definitely not something she, a mid-stage Heavenly Saint, can resist. What should I do?

Just when the Queen Mother of the West was worried, the phantom clone rushed forward. Go up.....

"not good!"

The Queen Mother of the West's expression changed slightly.

She could see that the shadow clone's cultivation was at the first level of eternity, and it could withstand this three-headed and six-armed monster.....

But the next second, she was dumbfounded.

The phantom clone just dodged and reached in front of Brahma and the other three, splitting the sky with a palm strike...

Brahma and the other three immediately attacked!

Boom~!

With a loud sound of earth shattering!

The three Brahma men groaned and flew tens of thousands of miles away.....

The phantom clone actually knocked back Brahma and the other three with one palm.

Queen Mother Xi was dumbfounded.

At the same time, Fu Zhi waved his hand and instantly summoned Hetu Luoshu...

Hetu and Luoshu's auras were ablaze

~ Buzz~! Buzz~! Buzz~!

Large star flags are projected from Hetuluo Shuzhong.....

There are a total of 365 large star flags, corresponding to 365 ancient stars.....

Fourteen thousand eight hundred small star flags, corresponding to the ancient stars.....

At the same time, Hetu Luoshu dropped another army of hundreds of millions...

Kunpeng, Hongyun, Ziwei, Panzu, Fengdi and others were suddenly among them. There were seven or eight hundred light eternity realm experts, and 100 million quasi-gods and above. Thirty million, the scene was magnificent, and the momentum was mighty... As soon as the army appeared, everyone lined up in position, and the Zhoutian Xingdou formation was completed instantly.....

It turns out that Fu Zhi integrated the Zhoutian Xingdou Formation into Hetu Luoshu...

Hetu Luoshu can be turned into a cosmic Rubik's Cube, which is both a deduction artifact and a space artifact.....

After it is combined with the Zhoutian Star Formation, the army can form a formation and then temporarily store it in it.

In this way, Fu Zhi can instantly set up the Zhoutian Star Formation.....

"Isn't this our Zhoutian Star Formation?"

"I am so angry!"

When Emperor Juntai saw the large formation in front of him, he was furious.

This was originally their most precious treasure, but now it has become a weapon for others to attack them. How could they not be so angry?

"attack!"

At this moment, Fu Zhi issued thousands of different orders to the hundreds of millions of troops through Hetu Luoshu.....

Buzz~!

The Zhoutian Xingdou Formation is activated instantly!

Kunpeng and Hongyun, who were stationed at the two main formations, took the lead in activating the power of the stars from the Sun Star and Taiyin Star nine days away, and launched a starlight attack on Taiyi...

Ziwei, Fengdi, Panzu, Qin Baobao, etc. also followed closely. Arousing the power of the ancient Zhengxing... buzz~! Buzz~! Buzz~!

In an instant, under the command of Fu Zhi, the power of thousands of starlights shot towards Taiyi like stars all over the sky...

That starlight like a shower carried the power of destroying the world. , Destroy heaven and earth,

"Damn it! Damn it!"

Taiyi was shocked and angry. He quickly sacrificed the Donghuang Bell and turned it into an ancient bell that covered the sky to protect his whole body.....

Dang~!Dang~!Dang~!.....

Thousands of starlight attacks, the power completely surpassed the level of the peak of the Heavenly Saint. They bombarded Tai Tai and retreated one after another. The bells sounded loudly and the heaven and earth shook.....

After Fu Zhi combined He Tu Luoshu with the Zhoutian Xingdou Formation, he actually increased the power of the Zhoutian Xingdou Formation...

Even though Kunpeng and Hongyun at the eye of the formation were only at the peak of the Supreme Saint, far inferior to the original Di Juntai. One, this formation also unleashed a combat power that surpassed the peak of the Heavenly Saint and was comparable to a million-strong combat power. However, Tai Tai was defeated one after another, without the ability to fight back...

Queen Mother of the West was dumbfounded.

She could see that Taiyi was extremely powerful.

That Taiyi possesses the Heavenly Forging Saint Artifact Donghuang Bell in his hand, and his strength is far stronger than that of the Peak Heavenly Saint of the same level.

But unexpectedly, he was still suppressed by Fuzhi and others...

Lord Tiandi's subordinates must be too strong!

"Second brother, let me help you!"

Di Jun saw Taiyi was killed in an extremely embarrassing manner.

He was very anxious and rushed over to help.....

"Emperor Jun! Your opponent is Xiaoye!"

But at this moment, a young figure stopped Di Jun like lightning. It was Hongjun.....

"Get out of here!"

Di Jun was furious and hit Hongjun with a palm.

His eyes were full of irritation.

He never took Hongjun seriously from the bottom of his heart. A kid in the middle stage of Tiansheng dared to intercept him, he was simply looking for death! But!

The next second, he was hit by Hongjun's palm so much that he vomited blood and flew backwards...

A loud noise echoed between heaven and earth!

The whole audience was dumbfounded!

Queen Mother Xi was even more confused!

Oh my god!

That person with the same cultivation level as her A child actually knocked away a peak god with one palm?

Am I not dazzled?

"Western Queen! Go and help the young master!"

At this moment, Lu Ya's extremely excited voice sounded behind her.

The next second, Lu Ya turned into a light and shadow, passed by her, and rushed towards Di Jun.
.....

Only then did Queen Mother Xi wake up and follow her quickly. timeHongjun, Lu Ya, and Queen Mother Xi joined forces to deal with Dijun, but they only killed him until he was in a state of panic and vomited blood..

Chapter 1067

After Hongjun broke through to the middle stage of Tiansheng, his comprehensive strength has reached the peak of Tiansheng. He has reached the same level as Taiyi and is better than Dijun.....

Coupled with the help of Queen Mother Xi and Lu Ya, the three of them killed Di Jun until he was miserable...

On the other side, Fu Zhi controlled the Zhoutian Star Dou Formation and was killed so much that he couldn't breathe.

The phantom clone even killed Brahma and the other three people, causing them to scream.

Even though Brahma and the others have sacrificed the sacred artifacts of the Three Worlds of Rebirth and the Sword of Creation, they are still no match for the phantom clone... The phantom clone possesses the sacred artifact, the Earth Book, and its own combat power has reached 1.6 million, which is stable. Steadily overpowering Brahma and the other three...

From the beginning of both sides, the Divine Alliance had the upper hand.

Billions of children of the League of Gods are high in fighting spirit and excited.....

"How...how could this happen?!"

"asshole! What a bastard!"

"Brother Brahma, this is not the way to go!"

Di Jun and others were killed and were in a hurry, shouting angrily.

"Wow~! "

At this moment, Di Jun was hit by Hongjun again and spurted out a large mouthful of blood.

"Brother!"

Taiyi yelled anxiously.

"Second brother, send a message to fellow Taoist Zhentian quickly! The situation is unfavorable, please rush back to the rescue!"

Di Jun gave anxious orders while holding on with all his strength.

Taiyi quickly covered the Donghuang Bell all over his body, activated all-round protection, and then took the opportunity to take out the communication jade talisman and contact the Guixu Saint Ancestor.....

After a while, Taiyi's shout rang out from the Donghuang Bell.....

"Brother, Fellow Taoist Zhentian has replied to the message. He will arrive in three-quarters of an hour at the earliest. He asked us to hold on!"

"asshole!", Di Jun roared angrily.

Although he could hold on for three quarters of an hour, it could kill half of his life.

"Brother Dijun, what should we do? Brahma and the other three were also frightened.

Di Jun hesitated for a while and said, "That's it!" Let's hold on! Don't let the little thief Qin Feng succeed!"

Brahma suddenly understood.

That's right!

If Qin Feng succeeds, Qin Feng's strength will only be stronger in the future, which will be more disadvantageous to them.

On the contrary, if they can hold on until the return of the Guixu Saint Ancestor, they may be able to reverse the situation.

Even if the results are not great, the alliance between them and the Guixu Saint Ancestor can be achieved.

If they escape now, I am afraid that it will be difficult to form an alliance with the Guixu Saint Ancestor in the future.

Thinking of this, Brahma and others decided to hold on.....

The two sides continue to fight!

The scene was shattering and extremely intense!

Just like that, a quarter of an hour passed unknowingly...

The disadvantages of Dijun and the five others became more and more obvious.

In the field, except for Taiyi, Dijun and Brahma were all injured.

Among them, Di Jun was the most seriously injured, and his combat strength and momentum dropped by 10%...

This made him extremely anxious.

But when he thought that Guixu Saint Ancestor would arrive in two quarters of an hour, he gritted his teeth and persisted.....

At the same time, inside the sacred tree.

The spiritual war between Qin Feng and Guixu Saint Ancestor has entered the whitening stage.
.....

Bang~! Bang~! Bang~!

Click~! Click~! Click~! Click~!

A quarter of an hour has passed, and one-third of Huang Zhongtian's spiritual protection has been lost.....

"Damn little thief! My true body is coming soon! When I arrive, it will be your death!"

Guixu Saint Ancestor yelled anxiously

"Ha ha!! If you are so confident, why are you yelling? I think you have no confidence!"

Qin Feng mocked and retorted.

Guixu Saint Ancestor was furious: "I can arrive in my true form in two quarters of an hour at most. If you want to capture Huangzhong Tianjie, at your current speed, it won't be possible in less than a quarter of an hour. Do you think you really have time?"

But as soon as he said this, a system prompt rang in Qin Feng's mind.....

"Ding~! Remind the host that your Xuan Ni clone successfully combined nine small universes.....Congratulations to the host for obtaining nine small universes... You have received a large amount of combat power in return. Your combat power has been increased to 4.9 million poles....."

"Ding~! Congratulations to the host, because you have obtained nine small universes, the completion progress of the Great Flood God Realm has been increased to 57.6%.....Cultivation level is promoted to the first level of eternity 79.3%....."

Boom~Long~Long!

At this moment, Qin Feng's body roared continuously, his momentum skyrocketed, and even his cultivation level was improving...

This is the benefit of obtaining the small universe.

That would not only improve the completion of the Great Flood God Realm, but also increase Qin Feng's cultivation realm... As soon as the realm was improved, Qin Feng's spiritual thoughts immediately became stronger...

Qin Feng was overjoyed and immediately strengthened his spiritual attacks...

Bang ~! Bang~! Bang~!

Click~! Click~! Click~! Click~!

"This...is this? No~! "

The Saint Ancestor of Guixu roared miserably.

At this moment, he clearly felt that the power of Qin Feng's spiritual thoughts had become stronger, and the speed of destroying his spiritual thoughts' protection increased by 10%.....

At this speed, Qin Feng will be able to seize the Huangzhongtian Realm in less than two quarters of an hour.....

The situation is very unfavorable to him!

"how so! Why is this happening?! Little thief! Why does your spiritual consciousness keep getting stronger?!"

"Ha ha!! Didn't you say that I don't have time to snatch Huang Zhongtian from you?!"

Qin Feng laughed boldly

"Little thief! Don't be complacent! Even if you speed up, you may not succeed!"

The Saint Ancestor of Guixu roared angrily.

But as soon as the roar died down, the mutation reappeared.....

"Ding~! Remind the host that your Xuande clone has evolved the first small universe into a great world... Congratulations to the host for the total number of great worlds to twenty-four, and the combat power has been increased to 4.93 million poles... The cultivation level has been promoted to the first level of eternity. 79.7%....."

In a quarter of an hour outside, several months passed in the Great Flood God Realm.

A few minutes in the outside world, a few hours have passed in the Great Flood God Realm.....

In just one minute, Xuan Mi's clone evolved into a vast world...

Boom~Long~Long!

Qin Feng's body roared again, his momentum surged, his cultivation level improved all the way, and his spiritual power also continued to rise.....

Bang~! Bang~! Bang~!

Click~! Click~! Click~! Click~! Click~!

The battle of spiritual thoughts is getting more and more intense.....

The protection of Huangzhongtian Realm is becoming more and more fragile.....

"How...how could this happen? How come your spiritual consciousness has become stronger again!"

Guixu Saint Ancestor shouted in horror.

ThisThis time, Qin Feng's speed in defeating Huang Zhongtian increased by 10%.....

Qin Feng laughed:"Haha!! There are more surprises behind!"

As soon as he said this, the system sent an improvement message again.....

"Ding~! Remind the host,... your total number of worlds has reached twenty-five, and your combat power has increased to 4.96 million poles... your cultivation level has increased to 80.1, the first level of eternity.%....."

"Ding~! Remind the host,... your total number of worlds has reached twenty-six, and your combat power has increased to 4.99 million poles... your cultivation level has increased to 80.4, the first level of eternity.%....."

"Ding~! Remind the host,...your world has accumulated to twenty-seven.....".....

In this way, Qin Feng's momentum skyrocketed, his cultivation level continued to improve, and his spiritual power continued to increase...

In the end, all nine small universes were transformed into the great world. ,

Qin Feng's vast worlds have accumulated to thirty-two, his combat power has been increased to 5.2 million poles, his cultivation has been increased to 82.8% of the first level of eternity, and his spiritual consciousness has been greatly increased.....

As soon as this spiritual thought surged, Qin Feng's speed in seizing Huang Zhongtian Realm increased greatly. It was expected that he would be able to capture it in a quarter of an hour.....

"No~! "

Within the body of the sacred tree, the desperate roar of the Guixu Saint Ancestor resounded...

He never expected that Qin Feng's spiritual power would increase so quickly.....

According to Qin Feng's speed, Huang Zhongtian Realm can be captured in a quarter of an hour, but it will take another quarter and a half for his body to get back.....

The situation has completely turned towards Qin Feng.....

But he was unwilling to give in and still struggled desperately.

At the same time, the battle outside the sacred tree has also undergone surprising changes..

Chapter 1068

At this moment, outside the sacred tree.

As Qin Feng's combat power soared, the combat power of the phantom clone soared, exceeding 1.7 million poles...

This caused Brahma and the other three people to retreat steadily, and suffered heavy losses one after another, even worse than Di Jun.....

"Why is this happening?! Qin Lei, why is your strength.....ah~! "

Before he finished speaking, Brahma screamed!

The phantom clone knocked away Brahma and the other three with one punch.

The monster's three heads spurted blood continuously, and its momentum was sluggish.....

But before Brahma and the other three could take a breath... the phantom clone flashed and attacked again.....

"Damn it!! Damn it!"

On the other side, Di Jun saw this scene and yelled anxiously.

But he was also killed by Hongjun and the others and was unable to fight back, so he could only yell.....

"Brother, the situation is not good!"

Tai Yi secretly transmitted the message.

He was also completely suppressed by the billions of troops of the Divine Alliance.

Fu Zhi is good at formations and deductions.

He came to control the Zhoutian Star Formation, and he was like a fish in water, even better than Emperor Jun Tai Yi. You have to be skillful and kill so hard that you can't even breathe.....

"Brother Dijun and Fan Mou can hardly hold on any longer!"

At this time, Brahma also sent a message.

"Hold on! Be sure to hold on! In a quarter of an hour, fellow Taoist Zhentian will be here!"

Di Jun still gritted his teeth and persisted.

The strength of the Divine Alliance continued to increase, which made him fear from the bottom of his heart.....

Before this, Qin Feng relied on the fragments of the Jade Order of Creation to defeat them.

But just how long had passed, the two powerful men from the heavens joined forces and were defeated by Qin Feng's men.....

If Qin Feng himself came forward, the scene would be even more unimaginable.

He also knew that Qin Feng was robbing Huang Zhongtian Realm without taking action, and it had reached a critical moment.....

Therefore, he must destroy Qin Feng's plan no matter what.

Otherwise, their future will be extremely worrying!

"Brother Dijun, do we really want to persist?"

Brahma sent a message again.

He already had the intention to retreat in his heart.....

The phantom clone continued to grow stronger, which gave him a huge blow.....

"Brother Brahma, we must hold on! In a quarter of an hour at most, fellow Taoist Zhentian will be able to rush back. By then, everything will be reversed!"

"this...."

"Brother Brahma! This is our last chance, we have no choice!"

"Whatever! Just keep going, Fan! I hope fellow Taoist Zhentian will arrive in a quarter of an hour!"

"Do not worry! Fellow Daoist Zhentian will definitely arrive in time!"

Di Jun kept sending messages to persuade him.

He did not hesitate to be seriously injured, but he was also determined to confront Qin Feng in order to destroy Qin Feng's plan.....

But just as his message fell, something suddenly appeared in the field...

The space behind Di Jun suddenly changed and distorted, and a majestic figure with a height of ten thousand feet came out of the air. It was Xuan Mi's clone.....

"It's him!"

Taiyi et al.....

At this moment, Xuan Mi's clone pointed his sword, and Yuantu Abi's two swords merged into one, and directly blasted towards Di Jun...

Di Jun was horrified and wanted to escape, but was trapped by Hongjun and the others. live.....

"not good!"

"Brother, run away!"

Tai Yi and the others exclaimed.

In the blink of an eye, Yuan Tu's swords hit Di Jun...

Bang~!

Ka~ka~cha~!

A dazzling sword light erupted between the sky and the earth, reaching the sky and the earth.....

Billions of miles of empty space were shocked, and billions of space cracks were torn apart by that sword.....

Di Jun's desperate roar sounded within the sword light.~

"No~! ah....."

Bloody light emerged and flew all over the sky!

With just one sword strike, Xuan Mi's clone blasted Emperor Jun into a cloud of blood.....

"No~! brother....."

Taiyi's expression changed drastically...

Dang~! Dang~! Dang~!

The Donghuang Bell was worshiped, and the sound of the divine bell resounded throughout the world.

In an instant, within billions of miles of space, all winds, all sounds, all creatures, all time and space were blocked...

At this moment, Taiyi launched the unique skill of the East Emperor Bell.

All the scenes in the field were frozen, as if time had stood still.

Immediately, Taiyi took advantage of this moment to rush out of Fu Zhi's formation and pounce on the blood mist transformed by Di Jun...

He wanted to rescue Di Jun and ran away.....

But at this moment, Xuan Mi's clone casually struck out with a sword... a sword light flashed across the sky!

Click~!

With a crisp sound, the spatial confinement of the Donghuang Bell was instantly shattered.

"Taiyi! Where are you going?!"

Fu Zhi roared and immediately performed a large formation...

Whoosh~! Whoosh~! Whoosh~!

Billions of star sword lights, like a violent storm, rushed towards Taiyi intensively.....

"Ha ha! Taiyi! Don't even think about saving anyone!!"

Hongjun laughed and moved to intercept Taiyi.

At the same time, the blood mist transformed by Dijun kept rolling.....

He wants to be resurrected again.

Xuan Mi's clone, Lu Ya, and Queen Mother Xi worked together to kill the blood mist...

Emperor Jun's screams continued to be heard from within the blood mist.....

"help me! Second brother, save me! Brother Brahma, save me!"

Boom~! Boom~! Boom~!

Countless sword lights penetrated!

In the blood mist, Di Jun's soul energy continued to decline, and screams continued to echo.....

Taiyi's eyes were red with anxiety, but he was unable to do anything under the obstruction of Hongjun and Fu Zhi's army.....

In the blink of an eye, Di Jun's soul energy plummeted by a quarter.....

The Hongmeng power of Qin Feng (Xuan Mi's clone) is the nemesis of the Yuan Shen, and it penetrates and corrodes Di Jun's Yuan Shen at an extremely fast speed.....

When the soul is destroyed, it means complete death.....

"It's over! It's over! Big boss, Di Jun is about to die!"

"Chief, let's retreat quickly! Otherwise it will be too late!"

"Walk!"

When Shiva and Vishnu saw this scene, their fighting spirit collapsed completely.

Brahma also collapsed and turned around and ran away without even thinking about it.....

The phantom clone hurriedly chased and killed.....

"Brother Brahma, don't leave! help me! help me!"

In the blood mist, Di Jun's spirit roared anxiously.....

But Brahma and the other three people ignored him and ran for their lives...

At this moment, Di Jun's soul energy dropped to most of his power...

Taiyi hesitated when he saw this scene.....

Suddenly, he turned around, held up the Donghuang Bell, and ran away with Brahma and the other three.....

"don't want! Second brother! Don't leave me as a brother....."

Di Jun roared in despair.

At this critical moment, even Taiyi abandoned him.....

Boom~! Boom~! Boom~!

Xuan Mi's clone, Lu Ya, and Queen Mother Xi continued to bombard the blood mist with all their strength.....

"Don't... don't leave me! ah....."

Di Jun kept screaming, and his spirit energy continued to plummet.....

Tai didn't even look back and ran away desperately.....

"Taiyixiu escapes!"

Hongjun followed and chased...

Taiyi did not lead the formation to chase...

This week, the Tianxing Dou formation requires hundreds of millions of people to form an array. It can be attacked and defended, but it is difficult to pursue and kill...

Fuzhi and others had to give up..

However, Fu Zhi was not idle either.

In the next second, he commanded the formation and fired out billions of star lightsabers, blasting towards the blood mist...

Di Jun's spirit aura plummeted again.....

Pfft~!

In just a moment, there was a soft sound in the blood mist...

Di Jun's soul was shattered, just like the flames of a dead lamp blown by the wind, extinguished as soon as it was blown... Di Jun died and turned into a monstrous energy.....

In the void, the last screams still echoed.....

At the same time, the system prompts also sounded in Qin Feng's mind.....

"Ding~! Congratulations to the host, your Xuan female clone has killed the peak of the Heavenly Saint (Di Jun)).....The host has gained a large amount of karma points, which can be exchanged for 10.7 billion redemption points....."

Qin Feng was inexplicably surprised.

Just killing one Emperor Jun provided him with 10.7 billion exchange points, which was really generous.....

The energy transformed by swallowing up Emperor Jun will definitely increase his strength greatly..

Chapter 1069

Hearing Di Jun's screams, Taiyi was filled with grief, anger, and fear, and fled even faster...

Brahma and the other three were even more frightened, and they ran away as fast as they could!

However, under the restraints of the four shadow clones and Hongjun, the speed of escape was greatly affected and slowed down.....

But on this side, the Queen Mother of the West was extremely shocked when she saw the sky full of energy transformed by Di Jun.

A powerful person at the peak of Heavenly Saint!

He was killed like this!

The Emperor's men are too strong!

At this moment, Xuan Mi's clone took out a large number of rune jade bottles and began to collect the energy.....

This time, he filled one hundred and twenty-seven jade bottles before he could collect all the energy transformed by Di Jun.

The energy provided by a peak heavenly saint is really too rich.....

"Huh! This is....."

Xuan Mi's clone looked forward with curiosity...

After all Di Jun's energy was collected, a storage ring, a jade talisman, and a golden ball of light the size of a fist were left in the field.....

The storage ring is the storage ring of Emperor Jun, and the jade talisman is the seal of the heaven of the Great Sun.

There are two heavenly seals in the Great Sun Heaven Realm, which are controlled by Emperor Jun and Taiyi respectively. Refining one of them is equivalent to mastering half of the Great Sun Heaven Realm, which has great benefits...

As for what the golden light group is, Xuan Mi's clone can be seen Not coming out.....

"Master, that is the innate extremely yang essence!"

At this time, Lu Ya shouted excitedly, as if the golden light group was some kind of incredible treasure.....

"oh! What is the innate Yang essence?"

Xuan Mi's clone waved his hand and put away the storage ring and the seal of heaven.

At the same time, he also grabbed the innate Extreme Yang Essence into the palm of his hand. As soon as he took possession of the Extreme Yang Essence, he felt a strange feeling It feels like this golden ball of light contains a trace of life, but there is no fluctuation of thoughts symbolizing life.
.....

This phenomenon is somewhat similar to the original Hongyun....

"Master, the innate extremely yang essence was born from the extremely yang sun and experienced several calamities. Back then, the Extreme Yang Sun gave birth to three groups of innate Extreme Yang essences. The last three groups of Extreme Yang essences turned into three Golden Crow eggs, namely Dijun, Taiyi and me."

Lu Ya explained carefully.

Xuan Mi's clone suddenly realized:"In other words, this innate extremely yang essence is the foundation for the birth of Emperor Jun."

"Yes Master! This innate Yang essence is almost immortal, but Di Jun is really dead. However, if the owner integrates his own essence and blood into it, it will give birth to a new life with the owner's essence and blood as the core."

"This new life has nothing to do with the previous Emperor Jun. He will be extremely loyal to his master and has great potential in the future....."

After hearing these words, Xuan Mi's clone's eyes lit up.

Isn't this the same as Hongyun!

That Hongyun was born by absorbing Qin Feng's blood essence.

And this ball of innate polar Yang essence seems to be a little more advanced. If it can be cultivated into life, its future achievements will probably surpass Hongyun.....

"good! good!"

Xuan Mi's clone happily put away the innate Extreme Yang essence.

The matter of giving birth to new life will naturally wait for the main body to do it. The thought of getting another general made him feel much better. He put away the Extreme Yang After a while, Xuan Mi's clone looked at the escaping Brahma trio and Taiyi.

The two waves of people fled in different directions, and the situation was completely different at this moment.....

With the Donghuang Bell's ability to control time and space, Taiyi managed to get rid of Hongjun's entanglement and almost disappeared without a trace.....

In the other direction, Brahma and the other three were not as fast as the phantom clones. They were so entangled that they had a very difficult time escaping...

After all this, they did not escape very far...

Xuan Mi's clone thought about it for a moment and decided to go first. Deal with Brahma and the other three.....

"Please protect the sacred tree!"

Throwing these words aside, Xuan Mi's clone summoned from a space and disappeared out of thin air.....

Lu Ya and Queen Mother Xi did not dare to neglect and guarded beside the sacred tree.....

Under Fu Zhi's arrangement, the hundreds of millions of troops of the Divine Alliance were arrayed and did not dare to be distracted.....

But on the other side, the phantom clones are chasing Brahma and the other three.....

The two sides were fighting and retreating...

At this moment, Brahma and the other three were in an extremely embarrassed state, covered in blood.....

"Qin Lei! Why do you need to kill them all?! Even if you keep chasing us all the way, you can't kill us. Don't you want to pursue me all the way to the Great Freedom? Brahma was furious.

The shadow clone sneered: "You may not have a chance to escape!"

Brahma was furious: "Arrogant!" Do you really think you can stop us?"

As soon as these words were said, there was a burst of space distortion above everyone's heads, and Xuan Ni's clone appeared out of thin air... The faces of Brahma and the three people instantly became extremely ugly...

The cultivation and combat power of Xuan Min's clone and the shadow clone were equivalent. But the virtual shadow clone mainly defends, and the Xuan female clone mainly attacks...

When the strength is stronger than the opponent, the mysterious female clone naturally becomes more terrifying.....

"Big boss! Run away!"

"Can you escape?!"

Xuan Mi's clone sneered, and then took out both swords, blasting towards Brahma and the three...

The shadow clone also took action at the same time.....

"No~! "

Brahma and the other three people roared in shock and hurriedly sacrificed the world of three lives and the Sword of Creation.....

Boom~! Boom~! Boom~!

Suddenly, sword light filled the sky and thunder shook the sky!

An extremely fierce battle broke out in the void...

The appearance of Xuan Mi's clone completely cut off the retreat of Brahma and the three men.

The three Brahmas had no choice but to fight head-on.....

The two sides fought together...

The shadow clone and the Xuan female clone gained the upper hand after just a few encounters.....

The three Brahmas were killed and looked disgraced, screaming in agony.....

At the same time, inside the sacred tree.

The battle between Qin Feng and Guixu Saint Ancestor has entered a fierce battle.....

Bang~! Bang~! Bang~!

In the Daoyun texture that fills the sky, dazzling spiritual sparks flicker.....

The divine thoughts of Guixu Saint Ancestor also roared incessantly.....

Now, a quarter of an hour has passed unknowingly in the battle between the two sides...

Huang Zhongtianjie's defense is on the verge of collapse

"Qin Feng! You will regret it! You will definitely regret what you did today!"

"I never regret my actions! Die!"

Qin Feng gathered all the power of his soul and issued the strongest blow.....

Click~!

A crisp sound!

"No~! "

The spiritual protection of Huang Zhongtian Realm was instantly shattered!

A shrill scream from the divine mind!

The spiritual thoughts of the Guixu Saint Ancestor that remained in the Huangzhongtian Realm instantly turned into ashes and were completely destroyed.....

Woo~! Woo~! Woo~!

As soon as Saint Ancestor Guixu's spiritual thoughts were extinguished, the fusion body of Huang Zhongtian's divine thoughts disintegrated.

Huang Zhongli's thoughts appeared, and he let out a whimpering cry, as if he was missing the spiritual thoughts of the Guixu Saint Ancestor...

With a thought in Qin Feng's mind, his spiritual thoughts directly invaded the Huang Zhongtian world, and began to forcibly fuse with Huang Zhongli His thoughts...

He wanted to forcibly refine Huang Zhongtian Realm...

Huang Zhongli's thoughts instinctively resisted...

But at this moment, the remaining thoughts of the ancient God Lord resurfaced again, comforting Huang Zhongli's thoughts...

Huang Zhongli's thoughts It is one of the four spiritual roots of the ancient God Lord.

As soon as it sensed the existence of the ancient God Lord, it immediately became docile.....

Immediately, under the guidance of the ancient God Lord, it actively cooperated with Qin Feng, accepted his fusion, and no longer resisted.....

"No!"

On the other side, the fusion of divine thoughts in the heaven of the early Yuan Dynasty witnessed all this with his own eyes.

It is the fusion of the divine thoughts of Guixu Saint Ancestor and the thoughts of ginseng fruit.

It is spiritually connected with Guixu Saint Ancestor.

Guixu Saint Ancestor The Holy Ancestor cannot accept the facts before him

"No~! Boy, don't even think about refining Huangzhongli!"

Guixu Saint Ancestor roared.

The next second, the spiritual fusion body from the heaven in the early Yuan Dynasty, under the control of Guixu Saint Ancestor, launched a spiritual attack on Huang Zhongtian, trying to harass.....

On the other side, the fusion of spiritual thoughts in the Xuanji Heaven Realm also launched a spiritual attack and intercepted it... The fusion body of the divine thoughts in the Xuanji Heaven Realm was the result of Qin Feng's split of a ray of divine thoughts and the Renshui Peach Tree. It was formed by the fusion of thoughts...

In this way, Guixu Saint Ancestor could no longer stop Qin Feng...

And with the help of the ancient god Lord Can Nian, Qin Feng merged with Huang Zhongli's thoughts at an extremely fast speed...

Chapter 1070

Boom~Long~Long!

At this moment, Qin Feng's spiritual thoughts and Huang Zhongli's thoughts quickly merged, and they actually made bursts of roaring sounds.....

The endless texture and rhyme exudes the majestic aura of divine thoughts.....

"Ding~! Congratulations to the host, your spiritual thoughts and Huang Zhongli's thoughts are merging to form a new spiritual fusion body....."

"Ding~! Fusion level reached 11%.....The power of the fusion body's spiritual thoughts is increasing....."

"Ding~! Fusion degree reached 27%....."

Just when Qin Feng merged with Huang Zhongli's thoughts, the remnants of the ancient God Lord entered Huang Zhongtian Realm...

Suddenly, in Huang Zhongtian Realm, the earth and the earth trembled, and the endless spiritual energy gathered together to form a spiritual sea, which surged continuously.....

A moment later, a prototype of the Heavenly Seal was slowly gestating in the spiritual sea...

It turned out that the ancient God Lord Can Nian was using his remaining telepathy to re-condensate the Heavenly Seal (Huangzhong Heavenly Realm) that was destroyed by the Guixu Saint Ancestor.

At the beginning, Guixu Saint Ancestor knew that he could not pass the test of Tianyin (Huangzhongtian Realm), so he sent his subordinates to pretend to be creatures from the God Realm and took the opportunity to destroy the Tianyin of Huangzhongtian Realm and remove the biggest obstacle.

Without the interference of the ancient God Lord's residual thoughts, Gui Xu Saint Ancestor forcibly refined Huang Zhongli's thoughts and captured Huang Zhongtian Realm.

However, the remnants of the ancient God Lord have not completely dissipated. Instead, they are scattered in every corner of the Huangzhongtian Realm, still affecting the Huangzhongtian Realm, making it impossible for the Guixu Saint Ancestor to condense the Heavenly Seal again.

Without mastering the Heavenly Seal, Guixu Saint Ancestor cannot completely control the Huangzhong Heavenly Realm, and cannot borrow the power of heaven and earth from this prototype of the Heavenly Realm.....

This caused him to break through to the fifth realm (quasi-saint ancestor), but his combat power was below the threshold.....

Boom~Long~Long!

The spiritual energy is constantly surging!

Huang Zhongtian's seal was slowly perfected...

It didn't take long for Qin Feng to finally integrate Huang Zhongli's thoughts.....

The birth of a new fusion of spiritual thoughts in Huangzhongtian Realm.....

"My Huang Zhongtian! ah.....asshole! Damn bastard!"

Guixu Saint Ancestor roared in anger.

He immediately sensed the changes in Huang Zhongtian Realm, but there was nothing he could do about it.....

"Ha ha!! Old man, there is something more surprising for you!"

Qin Feng laughed loudly, then emitted the power of his spiritual thoughts and bombarded the heaven in the early Yuan Dynasty.....

"You...what are you going to do?....."

Saint Ancestor Guixu was so frightened that he kept shouting... he only had the Yuanchu Heaven Realm left. If this one was lost, he would probably lose the Divine Tree completely.....

But just when Qin Feng's spiritual attack was about to approach, the ancient god's remaining thoughts actually asked for help...

Qin Feng was startled, and quickly withdrew his spiritual thoughts, infiltrating into the Huang Zhongtian world...

The spiritual thoughts of the Guixu Saint Ancestor Seeing this scene, I was a little dumbfounded. I didn't know what was happening, but I didn't dare to take the initiative to attack.....

It can only tremble and huddle in the distant heaven.....

But as soon as Qin Feng's spiritual thoughts returned to Huang Zhongtian Realm, he entered the rolling spiritual energy group and saw a purple-gold light group, exuding an eternal aura, and a kind connotation.....

That was exactly the ray of divine thought that the ancient God Lord left in the sacred tree...

At this moment, the breath of this divine thought became extremely weak.

Qin Feng secretly thought something was wrong and quickly sent out a ray of thought to contact him.....

The next second, the two sides' spiritual thoughts merged, and a large amount of information poured into Qin Feng's mind...

After a moment, Qin Feng suddenly understood.

It turned out that the ancient god's remnant had consumed a lot of power of divine thought in order to re-condensate the heavenly seal (Huang Zhongtian Realm), and it was no longer possible to maintain it. He wanted Qin Feng to assist it in condensing the heavenly seal...

Qin Feng readily agreed.

The ancient god Lord Cannian is the original master of Huangzhongtian Realm, and he still has certain control over Huangzhongtian Realm.....

Qin Feng has only integrated Huang Zhongli's thoughts and can initially control Huang Zhongtian Realm, and is not yet a complete master.....

If the two sides join forces, they will become a complete master, and the speed of condensing the heavenly seal is extremely fast...

Qin Feng does not dare to waste time when he thinks that the main body of Gui Xu Saint Ancestor is about to arrive.....

At that moment, the two sides joined forces to quickly condense the Heavenly Seal.....

Boom~Long~Long!

In Huang Zhongtian Realm, the spiritual sea surges more intensely, and the completion of the Heavenly Seal is also increasing rapidly... Not only that, with the help of the ancient god Lord Cannian, Qin Feng condenses the Heavenly Seal while refining the Heavenly Seal, greatly Improved efficiency.....

As the Tianyin was refined, his combat power and momentum skyrocketed.....

"Ding~! The host is refining Tianyin (Huangzhong Tianjie)... The refining progress reaches 7%Obtain the power of heaven and earth to feed back...the combat power is increased by 5.23 million poles....."

"Ding~! The host is refining Tianyin (Huangzhong Tianjie)... The refining progress reaches 18%Obtain the power of heaven and earth to feed back...the combat power is increased by 5.27 million poles....."

"Ding~! The host is refining the Heaven Seal (Huang Zhong Tian Realm).....Increased combat power..".....

Qin Feng was overjoyed.

This is the Ancient God Lord helping him quickly control the Huangzhongtian Realm...

Without the help of the Ancient God Lord Cannian, relying on his own ability alone, he doesn't know how many years it will take to completely control the Huangzhongtian Realm.....

If you don't completely control the prototype of a heaven, it would be extremely difficult to condense the heaven seal out of thin air...

In the beginning, Guixu Saint Ancestor retreated because it was too difficult.....

In this way, Qin Feng began to cooperate with the ancient god Lord Can Nian to condense and refine the heavenly seal with all his strength.....

His momentum is rising all the way.....

The Saint Ancestor of Guixu was dumbfounded and felt extremely sad in his heart, secretly hating why he was not a creature from the divine realm.....

If he were also a creature from the divine realm, he would not have been strongly repulsed by the ancient god Lord Can Nian when he was refining it.....

Within the Divine Tree, Qin Feng was refining the Heavenly Seal in full swing, and at the same time, great changes were also taking place in the outside world...

Outside the Divine Tree, there were trillions of miles away.

The phantom clone and Xuan Min's clone joined forces and killed Brahma and the three of them until they screamed and were covered in blood...

Suddenly, the momentum of the phantom clone and Xuan Min's clone continued to surge, and their combat power became stronger and stronger.....

"The big...big leader, he...they are getting stronger!"

"Ah~! this.....What kind of devil is this!"

The three Brahma people roared in fear...

Of course they didn't know that it was because Qin Feng's strength was constantly increasing, and the combat power of the two clones was also constantly increasing...

In the blink of an eye, the battle between the virtual shadow clone and the Xuan female clone began. The strength has been increased to 1.75 million, and the strength has greatly increased.....

"Brahma! Die!"

The phantom clone roared violently.

The next second, the phantom clone punched him with all his strength.....

Xuan Mu's clone used her two swords to strike head-on...

Boom~! Boom~!

Two loud bangs in a row!

Brahma's creation sword was knocked away by the shadow clone...

Shiva's world of three lives was split open by the twin swords of Xuan Ni's clone, directly splitting into three great worlds...

Wow~! Wow~! Wow~!

The three-headed and six-armed monster transformed by Brahma and the others was directly blown away by hundreds of millions of miles. The three ferocious heads spurted out blood and spread all over the place...

Seeing the two sacred weapons of the Brahma and the others, they were thrown away. The shadow clone's eyes lit up....

"Grab it quickly!"

The next second, he dodged, rushed to the Sword of Creation, and imprisoned it...

Xuan Mi's clone rushed towards the world of three lives.....

The three worlds that had been torn apart were about to be reintegrated and restored, but they were imprisoned in place by Xuan Mi who took action in time.....

"not good! My sword of creation!"

"Damn it! And my three lives world!"

When Brahma and Shiva saw that their sacred weapons were taken away, their eyes were red with anxiety, and they were about to snatch it back...

Vishnu was in a hurry: "Big boss! Second leader! If you don't run away now, when will you wait?"

As soon as these words fell, the two of them woke up in an instant.

Yes!

With the strength of the three of them, they are no match for the Xuan female clone and the virtual shadow clone.

If they continue to entangle, I am afraid that the lives of the three of them will be lost, so they should take the opportunity to escape. Come on!

If the sacred artifact is lost, there is still a chance to get it back!

But if your life is lost, there is nothing!

Thinking of this, the three of them turned around and ran away, without even having time to wipe the blood from the corners of their mouths.....

It didn't take long for the Phantom clone and Xuan Mi clone to seal the two sacred artifacts and put them directly into the storage ring.....

The two of them looked up again and saw that Brahma and the other three had fled to the edge of the sky and were about to disappear from sight...

The two of them were about to chase them.

But at this moment, something unexpected happened.

In the distance, over the sacred tree, a black shadow suddenly appeared, like the sky pressing down on the top of the tree.....

Immediately afterwards, there was a loud sound of earth shattering!

Click~!

A huge claw covered with green scales instantly blasted through the void and directly bombarded Fu Zhi's formation.....

The momentum of that claw suddenly reached over 3 million, instantly frightening the hundreds of millions of disciples of the Divine Alliance in the formation.....

This is a blow that is close to the power of the Quasi-Saint Ancestor!

The true form of Saint Ancestor Guixu has finally arrived...
