

God level 1081

Chapter 1081

When Hongjun, Lu Ya and others saw Qin Feng's arrival, they all expressed joy.

Cang Sheng and others were originally shocked.

After they saw clearly the cultivation levels of Qin Feng and others, they couldn't help but frown.

Three eternal first realms, two supreme saints.

With such a low level of cultivation, he dared to say such arrogant words to these heavenly saints.

This thought made all the saints feel unhappy.

They are afraid of Hongjun because Hongjun not only has the cultivation level of middle Tiansheng, but also has the strength of peak Tiansheng.

But who are these five people in front of me?

Especially the cold and arrogant look of Qin Feng who took the lead made them extremely unhappy.

At that moment, the grumpy Jun Sheng took the lead in breaking out.

"Boy! Who do you think you are! How dare....."

Before he finished speaking, Hongjun's voice sounded behind him

"Daddy!"

The next second, Hongjun flew over happily.

Can't it?

Is this young man the father of the little baby?

Can a person in the first realm of eternity give birth to a son in the middle stage of the Heavenly Saint?

This scene made all the saints stunned.....

"Fellow Taoist, are you Qin Feng?!"

Xian Ling asked immediately, her beautiful eyes moving on Qin Feng's face, and a light shining deep in her eyes.

Qin Feng's handsome appearance and extremely noble temperament made her feel amazing.....

Qin Feng glanced at her indifferently and ignored her.

"Hong'er, are you okay?"

"Dad, the baby is okay. By the way, these guys wanted to kidnap me just now. They probably wanted to use the child as a hostage in exchange for your Fuso Sacred Tree!"

As soon as these words were said, Cang Sheng and others all changed their expressions, feeling a little embarrassed.

They didn't expect that this Hongjun man, a brat, could see through their previous thoughts at a glance and expose them in public.

"oh? They want to hold you hostage?"

Qin Feng looked at Cang Sheng and others coldly.

"Fellow Taoist Qin Feng, here...."

Cang Sheng was about to speak, but was interrupted by Jun Sheng.....

"Brother Cang Sheng, he is just a small person in the first realm of eternity, why bother talking to him!"

Jun Sheng looked impatient.

He had been holding back his anger for a long time.

Just because he is afraid of Hongjun, does not mean he will be afraid of Qin Feng.

He has not yet seen a small first realm of eternity.

"Qin Feng! Don't think that if you give birth to a great son, I will give you face. Who do you think you are?!"

Everyone in the Divine Alliance was furious, and they were all furious.

This person was so disrespectful to their Majesty.

"court death!"

Qin Feng sneered and slapped Jun Sheng with his palm.....

"You are underestimating your own capabilities!"

Jun Sheng looked disdainful, with a cruel smile on his lips.

The next second, he struck with all his strength to meet that palm.....

He decided in his heart that he would be cruel this time and teach Qin Feng a lesson.

Don't think that relying on your son will make you lawless!

Cang Sheng and others also shook their heads secretly, feeling that Qin Feng was too arrogant.

A young monk in the first realm of eternity actually challenges the majesty of the Heavenly Saint.
He is simply looking for death...

Could it be that he thinks that with his son present, he can be unscrupulous?

All the saints couldn't help but look at Hongjun, thinking that Hongjun would come to rescue him.
.....

But the next second, everyone felt that something was wrong...

Qin Feng's palm fell and turned into a giant white hand falling from the sky.....

Suddenly, the sky became dark, the situation changed color!

The momentum of seven million extremely strong combat forces instantly enveloped the entire place, crushing towards the top of Jun Sheng's head, seeming to destroy the world and destroying the earth, it was extremely terrifying.....

"This...this is...."

The faces of all the saints changed drastically and they were all shocked....

"Huh! wrong!"

Sheng Jun's face instantly turned ugly.

He never expected that the power of Qin Feng's palm would reach the level of a quasi-saint ancestor...

Immediately, he shouted in horror: "Qin... Fellow Taoist Qin Feng misunderstood! Misunderstood!"

"late!"

Qin Feng sneered, and the jade tablet of creation in his body was activated.

Buzz~!

The jade tablet of creation shook!

The heaven and earth of the God Realm shook with it!

Buzz~! Buzz~! Buzz~! Buzz~!

The power of heaven and earth emerged one after another, and attached to Qin In just an instant, Qin Feng's combat power increased to more than 50 million, reaching the pinnacle level of the Quasi-Saint Ancestor...

Boom~Long~Long!

The wind was thundering!

Qin Feng landed with a palm....

"No~! "

Jun Sheng opened his eyes in horror.....

Bang~!

Ka~cha~cha~!

A muffled sound!

Jun Sheng was blown up on the spot and turned into a bloody mist.

Even the void was shattered inch by inch, turning into a huge black hole, in which Jun Sheng's incomparable screams echoed, and finally turned into energy that filled the sky.....

With just one palm, Qin Feng instantly killed Jun Sheng.

Cang Sheng and others were completely stunned.

Everyone looked at Qin Feng in great horror, not even daring to breathe...

They never expected that Qin Feng himself had the strength of the early stage of the Quasi-Saint Ancestor.

He also did not expect that Qin Feng, with the help of the power of the God Realm and the Heaven and Earth, would be able to exert the combat power of the Quasi-Saint Ancestor at the peak... He also did not expect that Qin Feng could instantly kill a peak Heavenly Saint expert with one palm.

You must know that even if a powerful quasi-sage ancestor takes action, he will never be able to kill the peak heavenly saint with one palm.

It's terrifying that only the Saint Ancestor of the Sixth Realm can kill him instantly with one palm.

Naturally, these people don't know that Qin Feng's power of Hongmeng is a weapon that can kill the Heavenly Saint.

In short, the more the heavenly saints thought about it, the more frightened they became. They looked at Qin Feng one by one, as if they were seeing the saint ancestor. They were so frightened that they trembled. They had lost their previous arrogance.....

Qin Feng waved his hand and put away the energy transformed from Junsheng Palace.....

This time, it was a fluke that he could kill Jun Sheng instantly.

If he leaves the God Realm, his strength is only at the early stage of the Quasi-Saint Ancestor, and he will never be able to instantly kill the peak Heavenly Saint.....

In fact, in terms of true strength, he would have a very difficult time facing the mid-stage Quasi-Saint Ancestor, and could remain undefeated at most...

After collecting the energy, Qin Feng looked at Cang Sheng and others

"Who else thinks this deity is?"

"I dare not wait!"

The expressions of Cang Sheng and others changed greatly.

Plop~! Plop~!

For a moment, Cang Sheng and others knelt down one after another....

"Qin...Lord Qin Feng! I realized I was wrong!"

"I shouldn't have broken into the God Realm! I offended Mr. Qin Feng! Please forgive me!"

Cang Sheng and others begged.

They were scared out of their wits by Jun Sheng's fall.

Qin Feng could kill Jun Sheng instantly, so he could also kill them instantly.

For the sake of their lives, they no longer care about face.....

"Do you know your mistake?"

"Know your mistake! I'll admit my mistake!"

Cang Sheng and others nodded repeatedly like chickens pecking at rice.....

"But I have said before that my land in the God Realm is not a place where I can come and leave whenever I want."

As soon as these words fell, the faces of Cang Sheng and others turned pale instantly.

"Master Qin Feng, spare your life! I don't mean to offend!"

"I hope Master Qin Feng spares his life, I will never dare to wait again!"

Cang Sheng and others begged.

They also thought about escaping.

Seeing that more than twenty of them joined forces, they could barely reach the strength of the early stage of the Quasi-Saint Ancestor.

But Qin Feng, with the help of the power of heaven and earth, his strength was comparable to the peak of the Quasi-Saint Ancestor.

Quasi-Saint In the early days of the ancestor, he was vulnerable in front of the powerful quasi-sage ancestor and had no chance to escape. What's more, Qin Feng was surrounded by Hongjun, Lu Ya, Queen Mother of the West and other heavenly saint-level subordinates.....

Seeing Cang Sheng and others begging for mercy in fear, everyone in the Divine Alliance felt extremely happy.....

These guys were all arrogant before, calling themselves His Majesty juniors, but now they look like this, and they deserve to be looked down upon.....

"Your Majesty, do you really want to kill them all?....."

In Qin Feng's ears, the message from Lord Ziwei sounded, and his tone was full of worry.

"I know it well!"

Qin Feng secretly replied.

He knew what Lord Ziwei was worried about.

He killed too many Heavenly Saints and offended many Nine Heavens and Ten Realms.

Lord Ziwei was worried that his enemies would become more and more, which would eventually cause It would be bad if it caused the public anger in the Nine Heavens and Ten Realms.....

It is rumored that behind the Nine Heavens and Ten Domains, there are several Saint Ancestors of the Sixth Realm who are secretly paying attention.....

Those high-ranking saint ancestors usually don't care about the disputes between the Nine Heavens and Ten Domains.

But if someone causes too much dispute, or arouses public anger, it will lead to those old monsters of the Saint Ancestors...

In front of the Saint Ancestors of the Sixth Realm, Qin Feng still has no ability to protect himself, and sometimes he still has to keep a low profile....Thinking of this, Qin Feng looked at Cang Sheng and others indifferently.....

"Lord Qin Feng, please spare your life!"

Cang Sheng and others kept begging.

Qin Feng said coldly: "I am thinking of you as a first offender! Death penalty can be avoided, but living crime cannot be escaped! If you want to survive, you must either leave the storage ring or your life!"

Cang Sheng and others were overjoyed.

"I am willing to keep the storage ring!"

"Thank you Lord Qin Feng for not killing me!"

At that moment, all the heavenly saints took off their storage rings one after another, and their eyes couldn't help but show the look of physical pain.

However, compared with their lives, these are just extraneous things.

In a moment, everyone handed over all the storage rings. In the hands of Qin Feng.

Qin Feng scanned the storage rings briefly, and his eyes showed a look of joy.

He actually found two bottles of Nine Heavens Spiritual Dew in those storage rings.

Those are treasures for cultivating the seedlings of the spiritual roots of heaven and earth!

His Fuso Sacred Tree is still a seedling and has not been able to give birth to the prototype of the heaven.

If he uses these two bottles of Nine Heavens Spiritual Dew, he may be able to cultivate it.

By then, his strength will be greatly improved..

Chapter 1082

In addition to Nine Heavens Spiritual Dew, Qin Feng also saw a large number of precious resources and various magical pills in those storage rings.

There are even some magical elixirs that greatly enhance the strength of the Supreme Saint.

Such magical elixirs often come from the hands of holy ancestors and are hard to find.

Qin Fengzheng wanted to promote those subordinates of the Supreme Saint, and wanted them to break through to the Heavenly Saint as soon as possible.

These magical elixirs happen to be of great use.

Having said that, this incident also proves that these guys are more or less involved with the old monster of the Holy Ancestor.....

"The things in this storage ring are very good, and I am quite satisfied with them. But why didn't I see your sacred weapon?"

Qin Feng put away the storage rings carelessly.

Among the saints, several people's faces became extremely ugly.

"Qin... Lord Qin Feng, the holy weapon is... but our lifeblood, I hope you will be more generous..."

Cang Sheng looked frightened....

"Lord Qin Feng, it is extremely difficult to find holy weapons. It took us and my husband years of hard work to obtain a pair of holy weapons. Yumou also begs you to be more tolerant and leave the last bit of capital for us husband and wife."

"The little girl also begs Master Qin Feng to show mercy!"

Yu Tian, God of Love, and Xian Ling all begged.

There were several heavenly saints in the crowd, with faces full of fear...

They were all people who owned holy weapons.

Some heavenly saints who did not have holy weapons could not help but relax. One breath.

The holy weapon is extremely precious. Even if it is a heavenly saint, not everyone has it.

Those heavenly saints who own the holy weapon also know it.

In front of a powerful person like Qin Feng, if you want to hide the existence of the holy weapon, it is absolutely impossible. It's impossible.

But asking them to hand over the sacred weapon would simply cost them their lives.

So they were extremely frightened and didn't know what to do.

"hehe!"

Qin Feng sneered and glanced at the saints with cold eyes.

The hearts of the Cang Saints sank, big beads of sweat appeared on their foreheads, and despair gradually showed in their eyes.....

"That's it! This is your first offence, so let me spare you for the time being!"

As soon as these words came out, Cang Sheng and the others were ecstatic, their eyes shone brightly, and they felt inexplicably grateful in their hearts.

"Thank you, Mr. Qin Feng!"

"grown ups! We swear that we will never step into the God Realm again in the future, unless summoned by an adult!"

Cang Sheng and others spoke with emotion one by one, and their gratitude was beyond words.

This makes people feel strange.

Qin Feng obviously robbed them, but they felt grateful instead.

This is human nature!

When the actual result is far away, Better than the expectations in the heart will give life a sense of luck.

Of course, Qin Feng doesn't want to be too desperate, let alone fall into the trap of Emperor Jun Taiyi, so he will be lenient to these guys.

"Lord Qin Feng! I'm waiting to resign!"

Cang Sheng bowed to Qin Feng with great respect, then anxiously bypassed Qin Feng and flew to the nine heavens...

All the saints also saluted one after another, and then followed him away uneasily.

Qin Feng did not stop him.

But wait for everyone. Halfway through Sheng's flight, Qin Feng's cold voice sounded behind him again

"Wait!"

All the saints froze, stopped involuntarily, and turned around in fear.

"Qin... Mr. Qin Feng, do you have any other instructions? Cang

Sheng asked anxiously

"How many of you are still under Jun Sheng?"

As soon as the words fell, there was a 'crash' in the field, and the saints scattered in all directions, leaving three frightened figures in the field...

These three people are all early-stage Heavenly Saints.....

"Lord Qin Feng, the three of them are Jun Sheng's men!"

"Lord Qin Feng, we are not on the same page as them. We just met them on the road and came here together....."

All the saints cleared away their relationship with those three people, each one becoming more positive than the other.

The three people were extremely frightened.

Previously, their leader Jun Sheng offended Qin Feng and was killed instantly by Qin Feng.

Now, Qin Feng calls them by name, I'm afraid it's not a good thing

"Qin... Lord Qin Feng, didn't you say you would let us go?"

"yes! Our storage rings are all handed over to you."

The three people were afraid and wanted to ask

"I have said this, but you are not included!"

Qin Feng sneered.

He would either not take action against those who had offended him, or he would eradicate them.

At that moment, the Xuan female clone and the virtual shadow clone instantly pounced on those three people.....

"No~! "

The three of them screamed.

The two clones took action immediately.

Boom~boom~boom~!

An earth-shattering bang!

All worlds are shattered!

The void trembles!

In just a moment, the three early stage Heavenly Saints were blasted to pieces and turned into energy that filled the sky.....

Above the nine heavens, the extremely miserable screams of the three people still echoed.....

"Ding~! The host's clone killed a strong person in the early stage of Tiansheng... and obtained 10.1 billion redemption points....."

"Ding~! The host's clone killed a strong person in the early stage of Tiansheng... and obtained 10.3 billion redemption points....."

"Ding~! The host's clone killed a strong person in the early stage of Heavenly Saint... and obtained 10.7 billion redemption points....."

In just a moment, the Xuan female clone and the virtual shadow clone killed three powerful early-stage Heavenly Saints.....

Qin Feng gained more than 30 billion exchange points.

In addition, he previously killed Jun Sheng instantly and obtained more than 160 billion exchange points. The total harvest of nearly 200 billion exchange points can be exchanged for a lot of Hunyuan Divine Pills.....

After watching this scene, Cang Sheng and others were all stunned, and looked at Qin Feng with even more awe.

Oh My God!

They originally thought that there were only two strong men, Qin Feng and Hongjun, in the God Realm.

Unexpectedly, two people who came out now have reached the combat power of half-step quasi-saint ancestor, which is extremely terrifying.....

Qin Feng's combat power has reached 7 million poles, and the combat power of the Xuan female clone and the shadow clone are close to 2.4 million poles, which can be regarded as the combat power of a half-step quasi-saint ancestor... which can make Cang Sheng and others feel even more terrifying. What's amazing is that the speed at which Xuan Ni's clones and phantom clones kill the powerful Heavenly Saints is completely comparable to that of Quasi-Saint Ancestors...

This is naturally the effect of the power of Hongmeng.

But as a result, Cang Sheng and others felt even more that the divine world was unfathomable.

In particular, the three of Qin Feng are all in the first realm of eternity. Their potential and talents are frighteningly high. It is unimaginable to what extent they will grow in the future.

The more they thought about it, the more they felt that it would be extremely stupid to go against Qin Feng...

At this time, Qin Feng waved his hand and put away the energy transformed by the three Tiansheng.

"how? Don't you want to leave yet?"

Qin Feng looked at the saints with a smile but not a smile.

The saints were frightened.

"grown ups! Let's leave now! Leave now!"

The next second, all the saints seemed to be reborn, and they flew away to the nine heavens one by one...

This time, they were completely frightened, and they completely lost their thoughts of being hostile to the God Realm.

There is Qin in this God Realm. Feng, Xuying's clone, Xuan's clone, and Hongjun are the four powerful ones, and there may even be many others they don't know about.....

With their strength, if they go against the God Realm in the future, they will just hit an egg against a stone, and their brains will be damaged.

They also knew deeply that Qin Feng let them go and didn't even take away their holy weapons, which was the end of his kindness and justice...

They shuddered when they thought about the fate of Dajun Tianyu.

Today, there is only one Tiansheng left in the Great Juntian Territory. It is basically finished.....

Just like that, the saints fled without a trace in the blink of an eye, not even daring to look back...

Everyone in the Divine Alliance looked at the embarrassed figures of the saints fleeing, and they all showed knowing smiles.....

"Father, it is a wonderful move for you to let these people go. After these people escape, they will definitely spread what happened today. Our God Realm will soon become famous. No one in the Nine Heavens and Ten Realms will dare to take advantage of the Fuso Sacred Tree....."

Fuzhi said with a smile.

Ziwei Star Master also said:"Yes! This move can solve the trap left by Emperor Jun Taiyi, and also prevent the attention of the ancestor-level old monsters. It can be said that it kills two birds with one stone.""

"But in this way, His Majesty's strength will be exposed, and everyone in the Nine Heavens and Ten Territories will know about it, and more people will be on guard against Your Majesty.

Hongjun interrupted:"Mother, those outsiders don't know my father's potential. What they always know is their father's strength at the moment, but in a few days, his strength will improve again. Those guys who look down on others will always underestimate dad's strength....."

As soon as these words were spoken, everyone understood and laughed without saying a word.

They have long been aware of Qin Feng's terrifying talent.....

But on the other side, just when Cang Sheng and others were escaping from the God Realm in a hurry.

Princess Moon Goddess and her party finally arrived near the God Realm..

Chapter 1083

At this moment, near the realm of the gods.

Princess Luna complained as she flew.

The matchmaker and matchmaker persuaded him earnestly from behind.

Along the way, Princess Luna had scolded them both bloody

"Your Highness Princess, let's go there a little slower. Your Highness the Prince will be there soon. Let's wait for him!"

The matchmaker persuaded me kindly.

"yes! With His Highness the Crown Prince accompanying us, we will be even more confident."

The matchmaker is also trying to persuade you.

Princess Moon Goddess is angry:"You still have the nerve to say it! Didn't I agree that you should accompany me to the God Realm and don't tell my father the news? Why did you secretly send a message to my father again?"

"This is just great! As a result, I was scolded by my father and my brother was sent to look at me! You are ruining my good deeds!"

The matchmaker and the matchmaker looked at each other and both smiled bitterly.

They promised not to hinder Princess Moon God anymore and were willing to accompany Princess Moon God to the God Realm.

But the safety of Princess Moon God couldn't be joked about, so they secretly gave Old Man Yuexia Message sent

"Your Highness, we are also worried about your safety!"

The matchmaker smiled bitterly.

"snort! A small world of gods can scare you like this! What's even weirder is that my dad also made a fuss and learned that I was about to reach the God Realm, so he had to ask my brother to come over. He said that as long as my brother is here, nothing will happen to me. I really can't understand him!"

Princess Moon Goddess's mouth turned up high.

"Your Royal Highness the Princess, Your Royal Highness the Prince is a powerful person in the mid-stage of Quasi-Saint Ancestor. With him around, you will naturally be safe and sound. Besides, His Highness the Crown Prince has already set out for several days, and he will be able to catch up with us in an hour at most. We might as well wait for him!"

"yes! An hour is not long, and we will wait a little while before His Highness the Crown Prince comes."

The two matchmakers continued to persuade

"snort! Really! For the sake of a divine realm, it must be so troublesome! You can wait until my brother comes! When he arrives, I will let him wipe out all the creatures in the God Realm!"

Princess Moon Goddess said vicious words.

The Matchmaker was surprised:"Princess, why did you massacre the God Realm?"

"snort! Who told them to make this princess unhappy?"

"Well....."

The matchmaker and the matchmaker looked at each other, somewhat speechless.

It seems that the God Realm has not offended the Moon Goddess Princess, but this princess wants to take advantage of others.

Unfortunately, this princess is too coquettish and can cause trouble even if she is unreasonable.

However, they don't care about destroying the God Realm.

"Your Highness, if you kill the creatures of the gods at will, you will accumulate karma, which will not be good for us when we go to the treasure of the ancient god. The treasure will be opened thirty years later, and my subordinates feel that it is better not to kill them indiscriminately....."

The matchmaker persuaded in a low voice.

Princess Moon Goddess said with disdain:"I am not interested in the treasure of the Ancient God Lord, I am only interested in the Fuso Sacred Tree. Just kill me. Anyway, I have no intention of going to the treasure of the Ancient God Lord....."

As soon as he said these words, there was a rumble and roar in the distance, as if someone was fighting.

The three of them quickly followed the sound and found that the source of the sound seemed to be where the God Realm is.....

"Huh! It seemed like the sound of fighting coming from the land of the gods. not good! Someone must be robbing the Fuso Sacred Tree, let's go quickly! Don't let anyone get there first!"

Throwing these words, Princess Moon God quickly flew towards the God Realm.....

"Your Highness! Don't you wait for His Majesty the Crown Prince?"

"No more waiting! That's too late!"

"This this...."

The matchmaker was impatient and didn't know what to do.

"Matchmaker, follow the princess quickly and don't let anything happen to her."

The matchmaker hurriedly took out the messenger jade talisman.

The matchmaker quickly chased Princess Luna.....

After the matchmaker hurriedly sent a message, he also followed closely.....

The sound of fighting in the God Realm was caused by the clones of Xuan Ming and Xu Ying who were killing three early stage Heavenly Saints...

This alerted the three princesses of the Moon God, thinking that someone was robbing Fusang. The sacred tree hurried away and no longer waited for Prince Xishen.....

At the same time, nine days away, in another starry sky.

A man with fair face, delicate appearance and thin lips is also rushing towards the God Realm.

This man's escape speed is extremely fast. Wherever he passes, the law avoids and the space breaks apart. His speed exceeds that of the early stage of the Quasi-Saint Ancestor.....

This man is Princess Moon God's brother - Prince Xishen. He is a powerful person in the mid-stage of the Quasi-Saint Ancestor. His combat power has reached 10 million, which is much stronger than Qin Feng.

The early stage combat power of the Quasi-Saint Ancestor ranged from 4 to 8 million.

The mid-term combat power of the Quasi-Saint Ancestor ranges from 8 to 15 million poles.....

Suddenly, Prince Xishen seemed to sense something, his expression moved slightly, and he stopped.

The next second, he took out the communication jade charm and checked it.

After reading the message, he couldn't help but frown.

The message was sent by the matchmaker.

His unruly sister ignored the dissuasion of the two matchmakers and insisted on running to the God Realm.....

"This girl is really...."

Prince Xishen shook his head helplessly

"This girl should be fine! Can a small divine realm threaten Yue'er?"

Prince Xi Shen looked in the direction of the God Realm from afar, and shook his head with a wry smile.

To be honest, he also felt that his father was making a fuss.

The weakness of the God Realm is the consensus of the Nine Heavens and Ten Realms.

If it weren't for the curse of the ancient God Lord, whatever A heavenly saint can conquer the God Realm.

It is such a weak God Realm, but my father actually said it was my sister's disaster. He first prevented my sister from going to the God Realm.

When he saw that the prevention failed, he sent himself to rush to help.

How could he? Thinking about it, I feel that my father is making a fuss out of a molehill.

It is just an inconspicuous world of gods, and what kind of characters really exist?

However, my father's divination is very good and rarely makes mistakes, so it cannot be ignored.

Thinking of this, Prince Xi Shen sighed and silently put away the jade communication talisman.

The next second, he rushed towards the God Realm, doubling his speed.

The original one-hour journey was shortened to half an hour.

It was about his sister's life, so he didn't dare to be careless.

Even if he lost some of his life essence, he had to get there as soon as possible.....

But on the other side, the Moon Goddess Princess and her group quickly arrived near the God Realm, and happened to meet Cang Sheng and others who had fled in panic... As soon as the two sides met, the Moon Goddess Princess called Cang Sheng and others to stop.....

"hehe! It's really lively here! Cangsheng, Yutian, Cupid, Xianling, long time no see!"

Princess Moon Goddess looked at Cang Sheng and others with a proud look on her face.

"It turns out that Her Royal Highness the Princess is here! I've been waiting for the princess!"

Cang Sheng and others came forward to salute one after another, and they were all respectful.

They are both in the Nine Heavens and Ten Domains, but they are both strong and weak.

Especially the top five forces are more than one level stronger than them. Jiyue, to which the Moon Goddess Princess belongs Heavenly Realm, ranked fourth among the Nine Heavens and Ten Realms, is extremely powerful.

How dare Cang Sheng and others disrespect him?

"I see you all running out of the God Realm, and each one of you is running in such a hurry. how? Did you succeed? Want to run away after grabbing the Fuso Sacred Tree?"

The Moon Goddess Princess smiled half-heartedly, and looked at the four Cang Sheng people with an unkind expression.

She actually suspected that the four Jun Sheng people had succeeded.

Cang Sheng smiled bitterly: "Your Highness, you have misunderstood. We did not get the Fuso Sacred Tree....."

"oh? Then why are you running in such a hurry?"

"this...."

The four Cang Shengs looked at each other, all looking embarrassed.

They couldn't say they were scared to death by Qin Feng and escaped directly!

They are too embarrassed to tell such embarrassing things in public.

"how? Is there any inconvenience to say? Could it be that one of the four of you really got the Fusang Sacred Tree?"

Princess Moon Goddess' tone began to sound a little unkind.

Cang Sheng was frightened: "Your Highness misunderstood, we really did not get the Fuso Sacred Tree. If someone among us gets the sacred tree, I'm afraid we won't be able to run out of the divine world together in such a harmonious manner, and we will have to compete with each other first!"

"yes! Your Highness! Spiritual roots are precious, so they must be inhabited by capable people. The four of us don't have this ability, so we naturally have to withdraw."

"If His Highness doesn't believe it, the four of us can swear on the spot that we definitely did not get the Fuso Sacred Tree!"

Several people in Yutian also expressed their opinions.

"Yeah?", Princess Moon God was doubtful.

At this time, the voice of the matchmaker rang in her ears.

"Your Highness, it seems that the four of them are not lying. If one party really gets the Fuso Sacred Tree, the other two parties will probably not give up and will definitely fight. At this moment, judging from the appearance of the three of them, there is no hostility between them....."

After listening to the message, Princess Luna nodded slightly, feeling that it made sense.

At that moment, she thought for a moment and then said:"I believe your words! However, according to what you just said, Qin Feng does have the Fuso Sacred Tree in his hands, but you don't seem to have the ability to snatch it?"

"Your Highness is smart. You guessed it right. Qin Feng does have the Fusang Sacred Tree in his hands, and the four of us are indeed unable to snatch it....."

The four Cang Sheng people smiled bitterly.

In fact, let alone robbing, the four of them didn't even dare to think about it.

"So, the Fusang Sacred Tree is still in Qin Feng's hands"

"Yes! Your Highness!

Princess Luna's eyes lit up:"Very good!" I hope you won't lie to me. If what you say is false, don't blame me for letting my father raid your hometown!"

"I dare not spread rumors!"

The four Cang Sheng people were frightened and expressed their opinions one after another.

"Matchmaker, matchmaker, let's go!"

As soon as she finished speaking, Princess Moon God led the matchmaker and matchmaker to the God Realm.....

"Your Royal Highness, are you going to the God Realm to snatch the Fusang Sacred Tree?"

Cang Sheng couldn't help but ask.

"how? do you have any opinion?"

Princess Moon God looked back impatiently.

Cang Sheng kindly reminded:"I don't dare! I just want to remind the princess that Qin Feng is extremely powerful, and Her Royal Highness is still....."

"cut!"

Princess Moon God interrupted Cang Sheng's words with a look of disdain.

"Just because you are incompetent in the Da Cang Heaven Realm, the Great Xian Heaven Realm, and the Ultimate Bliss Heaven Realm does not mean that I am incompetent in the Ji Yue Heaven Realm. Just take a good look at how I snatched the Fuso Sacred Tree from Qin Feng! Walk!"

Throwing these extremely arrogant words, Princess Moon God led the matchmaker and matchmaker towards the God Realm.....

Behind the three of them was the Corpse Slave, who just walked away without looking back... leaving only the four Cang Shengs standing there blankly.....

The faces of the four of them turned green and red with anger. They were scolded for being incompetent in front of their faces, but they did not dare to reply. Naturally, they would not look good.

Cang Sheng looked even more depressed.

He was kindly reminding Princess Moon God, but when he thought that the other party didn't appreciate it at all and even ridiculed them...

When Princess Moon God and his party walked away, Xian Ling started to complain softly.

"Do you think that because you have an amazing father, you think that I am the best in the world? snort! If the little girl doesn't leave, I will see what happens to her today!"

As soon as these words were said, everyone's eyes lit up, and they couldn't help but look at the back of the Moon Goddess Princess, showing signs of gloating over her misfortune.....

They are also not happy with Princess Luna, and they also want to see what happens to Princess Luna..

Chapter 1084

As soon as these words were said, everyone's eyes lit up, and they couldn't help but look at the back of the Moon Goddess Princess, showing signs of gloating about her misfortune.....

They are also not happy with Princess Luna, and they also want to see what will happen to Princess Luna if she is defeated.....

After a moment, the God of Love also whispered:"Sister Xianling's idea is also my idea. Yutian, how about we stay and see?"

As both women, the God of Love also couldn't stand the coquettishness of Princess Moon God. quite.

Yutian smiled slightly:"My husband also wants to see this good show. Brother Cang Sheng, what are your plans?"

"I naturally want to watch this good show, but if I stay here and don't leave, will I be misunderstood by Master Qin Feng?"

Cang Sheng is still extremely cautious.

He is full of awe of Qin Feng

"Brother Cang Sheng, as long as I don't step into the realm of gods, it won't be considered a violation. I'm sure Lord Qin Feng won't blame me....."

"Whatever! I'll just wait and see!"

At this moment, Cang Sheng and his party stayed where they were, waiting to watch the show.....

But he said that on the other side, the Great Wilderness God Realm, above the nine heavens.

At this moment, Ziwei, Fuzhi, Kunpeng, Hongyun, Panzu and other extremely holy masters all had happy faces.....

Just now, Qin Feng took out a lot of magical elixirs that could greatly enhance the strength of the Supreme Saint from the storage rings of Cang Sheng and others, and rewarded them with them.....

"Thank you, Your Majesty, for the reward!"

The top leaders of the Supreme Saints are extremely grateful...

With those rare magical pills, their strength can be greatly increased again.....

Qin Feng was also in a good mood.

This time, his harvest was very good.

Not only did I get two bottles of Nine Heavens Spiritual Dew, but I also obtained the energy of one peak Heavenly Saint and three early stage Heavenly Saints.....

After he absorbs that energy, he may be able to break through to the second realm of eternity in one fell swoop. After all, his cultivation level has reached 98.6 of the first realm.%....

Thinking of this, Qin Feng said to everyone:"Everyone, let's go to retreat! We should also make some preparations for the trip to the treasure of the ancient God Lord thirty years later...."

"Your Majesty is right! After what happened today, Cang Sheng and others should have spread the word about the strength of our God Realm, and the people in Nine Heavens and Ten Realms should also calm down a bit....."

"His Majesty! Then I'll go into seclusion....."

At that moment, all the subordinates resigned one after another.....

Qin Feng is also preparing to leave

"Huh?! This is?"

But at this moment, he seemed to sense something, and looked back nine days away....

"Daddy, what's wrong?", Hongjun asked curiously.

Qin Feng sighed helplessly:"My father thought that the people in the Nine Heavens and Ten Realms would stop, but I didn't expect that just after sending away a wave, another wave came....."

"ah! Someone is coming again?" Hongjun was surprised.

All his subordinates also stayed where they were.

Fu Zhi was confused:"Father, these people came just after Cang Sheng and others left. This means that they have met before and should have communicated with each other. These people should have some idea of our strength. But they still dare to come because they have something to rely on!"

Qin Feng nodded slightly and didn't say much.

But Hongjun said unhappily:"These guys are really as annoying as flies. They come one after another and punch them. Dad, I think we need to give them some color this time. Don't think that anyone who comes to the God Realm can leave....."

As soon as he said these words, four rapid sounds broke through the sky in the sky...

Everyone followed the sound and saw four figures descending from the sky. It was the three people of the Moon Goddess Princess and the Corpse Slave...

Boom~Long~Long!

There was a gust of wind and thunder!

The three princesses of the Moon Goddess descended from nine days away and landed in front of Qin Feng and others...

The corpse slave, who was covered in armor and holding a giant axe, was extremely eye-catching and attracted everyone's attention at once. Alarmed the hundreds of millions of disciples of the Divine Alliance below.....

"Oh My God! The corpse slave's aura actually reached the threshold of a quasi-saint ancestor!"

Someone among the top leaders of the Divine Alliance exclaimed.

Fu Zhi, Ziwei and others also looked serious.

To them, the combat power of any quasi-saint ancestor is extremely terrifying and should not be underestimated.

Among the crowd, only Qin Feng looked calm.....

Seeing that the senior leaders of the Divine Alliance were frightened by the corpse slave's aura, the matchmaker and matchmaker looked at each other with a look of pride in their eyes.

Princess Moon Goddess looked even more contemptuous.

In her opinion, these beings from the God Realm were so surprised to see the corpse slaves. They were like country bumpkins who had never seen much of the world.

"Matchmakers and matchmakers, I say that this world of gods is nothing to worry about. Look at their surprised looks. They must have never seen a big shot at the level of a quasi-saint ancestor. They are really pitiful."

Princess Moon God said smartly.

"Your Highness is wise!"

The two matchmakers hurriedly flattered them.

Of course, they both had the same idea.

At this time, Princess Moon Goddess casually glanced at the senior leaders of the League of Gods and shook her head.

"Knew it! Among these people, there is not a single decent master....."

The matchmaker smiled apologetically and said:"Your Highness, we were too worried before..."

Princess Moon Goddess looked proud:"Ha! I'll just say it!".....

On the other side, Fuzhi and others were speechless when they heard the conversation between Princess Luna and the other three.....

Have they never seen a quasi-saint ancestor level powerhouse in the God Realm?

Don't they have any decent masters in the God Realm?!

These three guys are so self-righteous!

"Matchmaker, ask who among them is Qin Feng?!"

Princess Moon God pretends to be superior to others.

"yes! Your Highness!"

The matchmaker took the order and quickly turned back to look at the people of the Divine Alliance.

"You all heard what my Highness said! Is that Qin Feng? Why don't you come over quickly to pay homage to my Royal Highness?"

The matchmaker raised her head proudly, with a condescending look.

Thinking of her as a peak Heavenly Saint, she has the ability to be arrogant in front of this group of divine beings whose strongest are only mid-stage Heavenly Saints!

But everyone in the Divine Alliance frowned, Very unhappy.

The Moon Goddess Princess, who is only a peak heavenly saint, dared to ask their majesty to pay homage to her.....

"Who are you?", Qin Feng asked calmly

"you alone.....Huh!...."

The matchmaker wanted to scold Qin Feng and tell him to shut up. He had no right to speak here.

But after she saw Qin Feng's handsome appearance, her eyes lit up, and she was stunned at this moment.....

At the moment, she stared at Qin Feng closely, with a charming look on her face and greed in her eyes.....

"good! good!"

The matchmaker looked at Qin Feng and praised her repeatedly...

Qin Feng couldn't help but frown slightly, secretly thinking that there was something wrong with this woman!

The Ziwei Star Master on the side was even more furious.

This woman was staring straight at her man. , what do you mean?

At this time, the matchmaker looked back at Princess Luna

"Your Highness, I have an unkind request. Can you please take this young man back to the Jiyue Heavenly Realm?"

Princess Moon Goddess glanced at Qin Feng, and a flash of surprise flashed across her eyes.

However, it was just stunning.

Then, she said casually:"It's up to you! It's just an inferior creature from the God Realm. You can take it away if you want!"

She knows the nature of the matchmaker.

This subordinate likes men and cannot move when she sees a beautiful man. Countless beautiful men have been harmed by her. It can be said that there are thousands of faces in her, and it is difficult to save even one among the living. Every beautiful man has been She was squeezed dry to death.

Seeing that Princess Luna agreed, the matchmaker was overjoyed:"Thank you so much, princess!"

Qin Feng frowned. Who do these two women think he is?

Star Master Ziwei was even more furious:"You woman are so shameless, you actually said such things in public! Who do you think my Majesty is?"

"Huh!"

The matchmaker looked at Master Ziwei curiously.

With a woman's sensitivity, she could tell at a glance that the relationship between Star Master Ziwei and Qin Feng was extraordinary.

Immediately, she covered her mouth and said with a smile: "Looking at your excitement, is it possible? Is this young man your man?"

"none of your business!", Lord Ziwei retorted angrily.

The matchmaker smiled seductively: "I am known as the matchmaker, and I like to rob famous men who have their wives. Don't worry, I don't need to force you to make him leave you willingly and follow me, hehe!"

At this time, Hongjun was also angry.

This woman actually seduced his father in public and made his mother angry.

At that moment, he pointed at the matchmaker and cursed: "You witch! Shut up!"

"Noisy!" Qin Feng glared at the matchmaker unhappily.

The matchmaker was not angry, but proudly took out her sacred weapon - the red hydrangea.

"It seems that you don't believe it... whatever! I will let you experience the power of the red hydrangea. Any man who is hit by the red hydrangea will be devoted to me and will be willing to die for me...."

Hearing this, everyone suddenly felt bad.

Doesn't this mean turning a man into a slave for her pleasure, and he will obey her orders in life and death?

"Little brother, hurry up!"

The matchmaker gave Qin Feng a wink, then threw a red hydrangea and hit Qin Feng.....

Buzz~! Buzz~! Buzz~!

Suddenly, the red hydrangea bloomed with aura of light, filling the sky with glow!

The power of the holy weapon explodes instantly!

Waves of strange spiritual attacks swept towards Qin Feng..

Chapter 1085

Buzz~! Buzz~! Buzz~!

Suddenly, the red hydrangea bloomed with aura of light, filling the sky with glow!

The power of the holy weapon explodes instantly!

Waves of strange spiritual attacks swept towards Qin Feng.....

"not good!"

"Your Majesty, be careful!"

Ziwei, Fengdi, Qinglin and other girls exclaimed.

They were worried that their men had lost their minds and had really become the matchmaker's puppet.....

The senior leaders of the League of Gods also showed nervousness.....

This red hydrangea is a very rare divine artifact.

And the spiritual attack is invisible and invisible. It is always difficult to guard against it. If one is not guarded, it is common for a strong person to capsize in the gutter. They are naturally worried about Qin Feng... In the blink of an eye, the divine attack of Hong Hydrangea comes down...

Buzz ~ Buzz ~ Buzz~!

Waves of strange and invisible power of consciousness instantly overwhelmed Qin Feng....

The corners of the matchmaker's mouth were slightly raised, and she had enough time to stare into Qin Feng's eyes...

She wanted to look at these clear and starry eyes, casting a look of fascination towards herself...

She wanted to see this extremely beautiful man captured by herself..

The thought that she would be able to enjoy this beautiful man soon made her whole body feel hot...

But the next second, she felt that something was wrong...

The endless spiritual attack emitted by the red hydrangea overwhelmed Qin Feng.

But Qin Feng's eyes were still clear and not affected at all.....

"Huh! This is....."

The matchmaker was immediately shocked and a little unbelievable.

Her red hydrangea spiritual attack is so powerful that even the peak Heavenly Saint cannot resist it and can only avoid its sharp edge.

Even the quasi-Saint Ancestor will suffer some interference in the early stage. He will definitely not be affected at all like Qin Feng...

Of course she doesn't know that Qin Feng's Yuan Shen is extremely strong, comparable to the Saint Ancestor in the sixth realm. How can it be? Comparable to Quasi-Saint Ancestor.

Not to mention that the Red Hydrangea's spiritual attack could hurt...

Immediately, a vicious look flashed across the matchmaker's eyes...

The next second, with a thought in her mind, the Red Hydrangea sped up and smashed towards Qin Feng.....

Boom~Long~Long!

In an instant, wherever the red embroidered ball passed, it was like a red iron ball, smashing the void into pieces, exuding a destructive momentum...

The red embroidered ball not only has spiritual attacks, but also physical attacks. It can be used as a dual attack at the same time. Unparalleled power.....

Among the cauldron-level holy weapons, it can be regarded as the best.

As soon as the matchmaker saw that she couldn't get Qin Feng, she wanted to destroy her. She was as cruel as a snake and a scorpion.....

In the blink of an eye, the red hydrangea approached Qin Feng.....

"roll!"

Qin Feng waved his hand casually...

Bang~!

There was a muffled sound!

The extremely powerful red hydrangea was slapped back by Qin Feng's palm, and directly hit the matchmaker herself...

The matchmaker didn't react in time and was knocked to the side...

Click~ Cha~cha!

A series of bones breaking sounds!

Wow~!

The matchmaker spat out a mouthful of blood, and was knocked hundreds of millions of miles away by the red hydrangea. The blood was scattered all over the sky, and her shrill screams echoed nine days away....

This sudden scene made the Moon Goddess Princess and the matchmaker dumbfounded.

They looked at Qin Feng in disbelief, as if they had seen a monster...

A small first-level eternal monk, He actually knocked away the matchmaker at the peak of Tiansheng with one palm, and that was without using a holy weapon.....

"father! I'll deal with that witch!"

Hongjun was extremely unhappy with the matchmaker.

"Go for it!"

Qin Feng made a casual move, grabbed the red hydrangea in front of him, and began to seal it forcefully...

Without saying a word, Hongmeng rushed towards the nine days away, chasing the severely injured matchmaker.....

"not good!"

The two matchmakers suddenly woke up.

"Don't take advantage of others' danger!"

The matchmaker dodged and pounced on Hongjun to stop him from chasing the matchmaker.....

"Want to steal the holy weapon? dream!"

Princess Moon God also dodged and rushed towards Qin Feng to prevent Qin Feng from sealing the red hydrangea.....

Both are at the pinnacle of the Heavenly Sage, but the Moon Goddess Princess is far superior to the Matchmaker.

After all, she is the daughter of Old Man Yuexia, with noble birth and extraordinary talent...

But before she could rush to Qin Feng, Hongjun faced off with the matchmaker...

The matchmaker instantly stopped Hongjun and slapped him. Hongjun....

"Get out of here!"

Hongjun was impatient, and his small fist directly met the palm.

"Don't open your eyes!", the matchmaker sneered.

A little kid in the middle stage of the Heavenly Sage dared to confront him. He was really looking for death.

The next second, fists and palms collided!

Bang~!

There was an earth-shattering loud noise!

The heaven and earth collapsed, and the void was shattered inch by inch!

The matchmaker groaned and was blasted tens of thousands of miles away by Hongjun.....

The Moon Goddess Princess who was about to stop Qin Feng was dumbfounded and looked at Xiao Hongjun in disbelief.....

What kind of ghosts are the people in this world of gods?!

Previously, a young man from the first realm of eternity severely wounded the matchmaker.

Now a little baby from the middle stage of Heavenly Saint appears and repels the matchmaker.....

Doesn't it mean that people in the God Realm are weak?

Why are they all defeating the strong with the weak, their talents are so terrifying?.....

Princess Luna is a little confused.....

The successive scenes had a strong impact on her world view, and she actually forgot to stop Qin Feng.....

"Little bastard! you wanna die!!"

But the matchmaker was furious.

I thought that he, a powerful man at the peak of Heavenly Saint, was actually repelled by a little kid in the middle stage of Heavenly Saint. It was simply a disgrace.....

As soon as he stabilized his body, he immediately activated the seal and operated the corpse slave.
.....

Immediately, the corpse slave raised his head, his eyes lit up with a strange red light, and looked at Hongjun...

"Wu Ax! Cut him!"

The matchmaker ordered.

Roar~!

The corpse slave roared, and the giant ax in his hand lit up with a red light...

In a moment, the corpse slave and the giant ax became one, and their combat power increased dramatically, reaching 4.5 million poles, the proper initial combat power of the Quasi-Saint Ancestor.....

The next second, the corpse slave raised his giant ax and struck Hongjun...

Boom~Long~Long!

Click~click~click~!

Suddenly, the sky and the earth were shaken!

Wherever the giant ax passed, the void was cut open, leaving a deep space incision. It carried the power of destroying the world and struck Hongjun.....

"Hong'er, be careful!", Star Master Ziwei exclaimed.

The children of the Alliance of Gods also opened their eyes in horror.

They knew that no matter how strong the young master was, he was only as strong as the early stage of the Quasi-Saint Ancestor.

It was impossible for Hongjun to block this axe.

At this critical moment, Xuan Ming's clone and Xu Ying's clone teleported to Hongjun at the same time. They took action at the same time and faced the terrifying axe...

Bang~! Bang~!

Two loud noises of earth-shattering sounds!

The sky cracked!

The void was shattered!

The next second, the tall corpse slave was blown away...

The shadow clone and the Xuan female clone stood on the same spot, not moving at all. The Moon Goddess Princess and the matchmaker were dumbfounded again, their mouths were closed. Boss Zhang.

No way?

The two eternal first realms joined forces and knocked away such a powerful corpse slave!

Are all people in the God Realm so perverted?!

At this moment, Qin Feng also The hydrangea was completely sealed and he put it into the storage ring.

At this moment, he felt a little impatient in his heart.

Just now, he only used less than half of his combat power to blow away the matchmaker.....

He didn't understand the opponent's background and didn't want to make endless enemies, so he didn't kill him immediately, but it didn't mean that he was very patient.

When he saw that the matchmaker actually used a corpse slave to kill his son, Qin Feng's patience reached its limit.

A murderous intention began to emerge in his heart.

Chapter 1086

Qin Feng slowly raised his head and looked at the matchmaker coldly.

The matchmaker felt something in his heart and looked over.

With their eyes facing each other, the matchmaker felt Qin Feng's invisible murderous intention. An inexplicable chill ran down his back, and there was fear in his eyes...

Qin Feng could severely injure the matchmaker with one palm, and his strength should have reached the half-step quasi-saint ancestor level, but he didn't dare Xiao Shi...

At this time, Princess Moon God also recovered.

After her eyes swept around Xuan Ming's clone, Xuying's clone, Hongjun, and Qin Feng, the expression on her face gradually became serious, and all the previous disdain faded away.....

The strength of this divine world is much stronger than she imagined!

However, there was still some arrogance hidden in her brows.

Even if the God Realm has the combat power to repel the corpse slaves, she is not afraid because her backing is strong enough.

Thinking of this, the pride in her heart emerged again.

At this time, the matchmaker rushed back with blood on her lips and a look of embarrassment on her face.

She glanced at Qin Feng fearfully and came to Princess Moon Goddess

"Your Highness, my holy vessel....", the matchmaker looked sad and angry

"I will solve it for you, just step aside first!"

"yes! Your Highness!"

The matchmaker stood obediently behind Princess Moon God...

The matchmaker also stood quietly behind Princess Moon God.

The corpse slave also rushed back, and under the control of the matchmaker, stood quietly behind the three of them.

At the same time , At the same time, everyone in the Divine Alliance stood behind Qin Feng calmly.....

In this scene, both sides knew at a glance who was in charge.

Princess Moon Goddess looked at Qin Feng with some surprise.

She had previously thought that the person in charge of the God Realm was either the Xuan female clone or the Phantom clone. Unexpectedly, it was Qin Feng.....

In her opinion, Qin Feng's strength is at most the same level as Xuan Ni and Phantom Clone, and may even be inferior to

"It seems that you are the leader of the God Realm?"

Princess Moon God looked at Qin Feng

"That's right!"

"I don't know what to call you?"

"I am the Qin Feng you are looking for!"

"Oh it's you!" Princess Moon God suddenly understood.

Immediately, she said with a proud look on her face: "Do you know who I am??"

"Who are you?"

Qin Feng also wanted to know her details.

At that moment, Princess Moon Goddess proudly said: "This palace is Princess Moon Goddess, the daughter of the old man under the moon in the extreme moon heaven. You must have heard of my name, right?"

"Have not heard!", Qin Feng answered truthfully.

Princess Moon God couldn't help feeling depressed.

Thinking about her, she was a majestic Princess Moon God, and everyone in the Nine Heavens and Ten Realms knew it.

This Qin Feng actually said that he had never heard of it.

At that moment, she sneered:"Haha! You people from the God Realm are really ignorant!"

As soon as these words came out, everyone in the Divine Alliance frowned and felt angry.

Princess Moon God said again:"Today, I will let you know that the strength of our Jiyue Heaven Realm ranks fourth in the Nine Heavens and Ten Realms. My father Yue Xia The old man is an existence at the pinnacle of the quasi-saint ancestor....."

Hearing this, the expressions of everyone in the Divine Alliance changed one after another, and they all looked at each other in fear.

Oh My God!

The pinnacle of the Quasi-Saint Ancestor!

The combat strength is at least around 50 million poles.

Even Qin Feng couldn't help but feel moved.

With his current strength, if he were a disciple in his hometown in the God Realm and borrowed the power of heaven and earth, he would be able to exert the combat power of the Quasi-Saint Ancestor at his peak.

But if he leaves the God Realm, he will never be able to match the peak power of the Quasi-Saint Ancestor. Even facing the mid-stage power of the Quasi-Saint Ancestor, he will be under great pressure.....

Thinking of this, Qin Feng couldn't help but think that his cultivation level was too low and his growth rate could not be improved.

Now, his growth rate is only two hundred times, which is the same level as the Quasi-Saint Ancestor.

This makes his advantage against the Quasi-Saint Ancestor under the same combat strength situation not obvious.....

If he can improve his cultivation, or promote his Hongmeng body to the second level, his growth rate will be greatly increased.....

In this way, even if they have the same combat power, he will still be able to dominate the quasi-saint ancestor.

Speaking of which, he is not far away from breaking through to the second level, and is not far away from being promoted to the second level of the Hongmeng Body.....

Seeing the panicked expressions of the senior leaders of the Divine Alliance, Princess Moon Goddess looked proud.

She knew that as long as her father's name was mentioned, these ants in the God Realm would be extremely jealous and scared to death.

Thinking of this, she said with an arrogant face: "Now you know my powerful background, right! Qin Feng, you just injured my subordinates, which just ruined my face. If my father knew, he would only I'm afraid you won't be able to explain!"

Princess Luna took out her father's name and began to put pressure on Qin Feng.

Everyone in the Divine Alliance also felt great pressure.

They don't want His Majesty to face off against a quasi-Saint Ancestor who is at the peak of his powers. That would be very detrimental to His Majesty!

However, Qin Feng didn't take it to heart.

He really isn't afraid of any quasi-Saint Ancestor who is at the peak of his powers.

First, he was in the God Realm, supported by the power of heaven and earth. Even if Old Man Yuexia came in person, he could not hurt him at all.

Secondly, his cultivation breakthrough is imminent. As long as he enters the second realm, his combat power will be comparable to that of the mid-stage quasi-saint ancestor. If he uses the power of the divine world and the earth, he can defeat even the peak power of the quasi-saint ancestor.

At that moment, he asked calmly: "Then what do you think should be done?"

Princess Moon God thought Qin Feng was afraid, and said proudly: "If you know better, I won't make things difficult for you!"

Qin Feng frowned: "What is awareness?"

"Very simple! First, you must apologize to the person you hurt me and admit your fault; second, return the sacred red hydrangea; third, hand over the sacred fuso tree as an apology. As long as you do these three things, I will pretend that nothing happened and the grudges between you and me will be wiped out!"

As soon as these words came out, all the children of the Divine Alliance were furious. This woman is so shameless!

She thought she had a powerful father, so she dared to open her mouth, thinking that she would definitely defeat their majesty.

She really How dare you underestimate their majesty!

Qin Feng couldn't help but sneer: "Haha! You woman is so funny! You trespassed into my realm of gods. Before I could settle the score with you, you deceived me first. You are really looking for death!"

When she saw Qin Feng getting angry, Princess Moon Goddess's face changed slightly.

Immediately, she said with a sharp look on her face: "Qin Feng! Do you dare to bully me? Aren't you afraid that my father will cause trouble for you?"

Qin Feng laughed loudly:"Haha! Do you think you will give in because you have a powerful father?! Don't say that your father is not here today. Even if your father is here, I will still hold you accountable!"

Princess Moon Goddess's face changed drastically:"Qin Feng! you dare?!"

"Do you think I dare?!"

As soon as the words fell, Qin Feng was about to take action

"Wait!", Princess Luna exclaimed.

She finally panicked

"Qin Feng, don't think it's amazing just because you can defeat the corpse slaves. This Corpse Slave is only close to the fighting power of the Holy Ancestor in his early stages. To tell you the truth, my eldest brother, Prince Xi Shen, is on his way to the God Realm. He can arrive in a quarter of an hour at most. He is a powerful person in the mid-stage of Quasi-Saint Ancestor!"

As soon as these words came out, everyone in the Divine Alliance was moved again.

The power of the mid-stage Saint Ancestor!

That is not easy to deal with!

This Jiyue Heaven Realm is really powerful!

Seeing everyone in the Divine Alliance moved again, Princess Moon God was emboldened again

"Qin Feng, if you know better, just hand over the red hydrangea and hibiscus sacred tree, and I will not care about your rudeness just now! Otherwise, when my eldest brother arrives, you won't be able to do it!"

Princess Moon God is used to being unruly and willful.

At this moment, she is still threatening Qin Feng and blackmailing without a bottom line.

Qin Feng is completely angry.

This woman really thinks that she is afraid of her father and her brother. She really can't shed tears without seeing the coffin.!

At this moment, the corner of his mouth curled up slightly:"Seeking death!"

As soon as he finished speaking, he suddenly took action and slapped Princess Luna with one palm..

Chapter 1087

Qin Feng was completely angry.

This woman really thought she was afraid of her father and her brother.

I really can't cry without seeing the coffin!

At that moment, the corner of his mouth curled up slightly:"Seeking death!" As soon as he finished speaking, he suddenly took action and slapped the Moon Goddess Princess with one palm....

"not good! Protect the princess!"

The matchmaker and the matchmaker exclaimed at the same time, and they took action together to intercept Qin Feng's attack...

Nothing must happen to Princess Moon God.

Otherwise, they would not be able to go back to explain, or even risk their lives, so they had to protect them with all their strength... roar~! .

At the same time, the corpse slave's eyes suddenly lit up red, and he came to life instantly.

The next moment, under the control of the matchmaker, it pounced on Qin Feng.....

"snort!"

The Xuan female clone and the virtual shadow clone all sneered and rushed towards the corpse slave.....

"Stop them! Hongjun also roared angrily and pounced on the matchmaker.

Queen Mother Xi and Lu Ya joined forces and pounced on the matchmaker.....

"Fu Zhi! Start the formation!", Master Ziwei shouted.

Fu Zhi knew it and made a seal.

Buzz~! Buzz~!

Hetu Luoshu offered sacrifices!

The projections of star flags fell down, and the frame of the Zhoutian Star Formation was instantly formed.....

Immediately, Ziwei Star Master and others joined the formation one after another...

Woo~! Woo~! Woo~!

Within the formation, white light flashed continuously...

The disciples of the Divine Alliance who had been preparing secretly for a long time were being continuously teleported into the formation at this moment.....

In the blink of an eye, 200 million disciples gathered in the entire formation, and the momentum of the battle formation skyrocketed.....

All of this happened extremely quickly, and was completed in the blink of an eye. It was the result of the training of the Shenmen League these days...

Bang~! Bang~! boom~!

On the other side, there were several loud sounds of earth shattering.

Xuan Ma's clone and the phantom clone have already faced the corpse slave and intercepted it easily.

Hongjun also faced off against the matchmaker, easily repelling it.

The Queen Mother of the West and Lu Ya teamed up to fight against the Matchmaker...

The Matchmaker was originally a powerful person at the peak of the Heavenly Saint, but Qin Feng was hit hard and lost the sacred weapon, causing her strength to plummet... In this fight between the two sides, the Matchmaker could barely defeat the Queen Mother of the West. , Lu Ya.

With this obstruction, Qin Feng's palm was unstoppable, and it instantly approached Princess Moon Goddess...

Princess Moon Godde's face changed slightly.

She didn't expect that Qin Feng would dare to attack her...

Immediately, she was furious, secretly thinking that Qin Feng was guilty of the following, and even showed a trace of disdain in her eyes...

She was not a matchmaker, she was also at the peak of the Heavenly Saint, her Much stronger than the matchmaker.

Even if Qin Feng has half the fighting power of the Quasi-Saint Ancestor, she is not afraid...

This time, she showed off her strength and let Qin Feng, a country bumpkin, have a good look at it.

With a thought in her mind, a divine cauldron was instantly sacrificed.

All I saw was a divine cauldron with three legs and four sides, and two ears on both sides.

The two ears represent yin and yang, the three legs represent heaven, earth, man, and the three talents, and the four directions represent the four phenomena of earth, fire, water, wind...

The two righteousnesses, the three talents, and the four phenomena are all in one!

This sacred instrument is extraordinary!

It is the natal sacred weapon of the Moon Goddess - the Qiankun Ding.

Buzz~!

The glow of the Qiankun Cauldron soared into the sky, reflecting hundreds of millions of miles away, and its momentum was extremely astonishing.

This is actually a heaven-level holy weapon!

Qin Feng couldn't help but be moved by it.

This is the second heaven-casting holy artifact he has seen, and the first one is the Donghuang Bell.

Buzz~! Buzz~! Buzz~!

The next second, the Qiankun Cauldron was fully activated, the cauldron kept buzzing, and a golden protective light shield fell on the head of Princess Moon Goddess.....

This Qiankun Cauldron contains the energy of chaos, which can return to the innate after the day after tomorrow. It can be used for refining elixirs and refining weapons. It can also be sacrificed on the top of the head for defense. It is invincible. It is a heaven-casting-level holy weapon with extremely strong defensive power.As soon as the protective light shield came out, Princess Luna breathed a sigh of relief.....

She has the Qiankun Cauldron to protect her, and even the early stage quasi-saint ancestors cannot hurt her.

In her opinion, Qin Feng was at most half the strength of the Quasi-Saint Ancestor, so how could he do anything to her?

This is also the source of her arrogance!

But the next second, she felt something was wrong.

Boom~Long~Long!

Qin Feng's palm fell, like the power of heaven pouring down... the power of heaven and earth from countless god realms gathered together.....

The fighting power of that palm was completely revealed, and it suddenly reached the pinnacle level of the Quasi-Saint Ancestor.....

"This...how is this possible!"

Princess Moon God was completely frightened, with a look of disbelief in her eyes.

Only now did she know that Qin Feng hadn't even shown half of his strength before...

But now it's too late for her to regret it.

Boom~Long~Long!

The wind roared and thundered!

The air waves surged into the sky!

Qin Feng's palm fell completely! Bang

~!

An earth-shattering loud noise!

Click~click~click!

The void cracked!

The protective mask instantly shattered!

When~!

The Qiankun Cauldron was struck by a palm Knocking away, the dull sound of bells and cauldrons echoed in the nine heavens...

Wow!

Princess Moon God also screamed miserably, and was blown away by the remaining power of the giant palm, vomiting blood...

This scene shocked both the matchmaker and the matchmaker. Oh!

They knew very well how terrifying Princess Moon God's defense was, but they didn't want to be vulnerable in front of Qin Feng...

It turned out that Qin Feng's strength was so terrifying!

"Not dead! Another slap!"

Qin Feng was not surprised when he saw that Princess Moon God was not dead.

Unlike Saint Jun, Princess Moon God had a profound background and was not so easy to kill instantly.

The next second, Qin Feng took another palm...

Bang~!

A big white hand reaching the sky penetrated the void and fell towards the Moon Goddess who was rolling in the air and vomiting blood.....

"not good!"

"Princess, run away!"

The matchmaker and matchmaker exclaimed

"don't want!"

Princess Moon Goddess was so frightened that her face changed...

But it was too late!

Qin Feng's second palm fell...

Bang~!

"ah~! "

There was a muffled sound, mixed with a shrill scream.....

Princess Moon Goddess was beaten to pieces on the spot, and even her soul was smashed to pieces on the spot, turning into a mist of blood.....

But the next second, a sudden change occurred.....

The blood mist in the sky turned into nothingness at a speed visible to the naked eye, leaving only a talisman exuding an eternal atmosphere...

The portrait of the Moon Goddess was also inscribed on the talisman...

But at this moment, the talisman It has been broken, spontaneously ignited without fire, and transformed at a speed visible to the naked eye. The ashes dissipated in the void...

At the same time, Princess Moon Goddess appeared beside the Qiankun Cauldron with a pale face...

She was actually reborn!

It turned out that she had just escaped with her life by relying on the ancient talisman given by Yuexia Laosheng.

The ancient talisman for life substitution is divided into two talismans: Yin and Yang.

The yang talisman and the body are unified.

The Yin Talisman was hidden in the Qiankun Cauldron by the Moon Goddess Princess.

Just now, when she was instantly killed by Qin Feng with a palm, the Yang Talisman was activated, replaced her, and turned into ashes automatically.

At the same time, Yin Fu resurrected her.

This ancient talisman has endless uses, but it's a pity that it can only be used once.....

As soon as the Moon Goddess was resurrected, she carried the Qiankun Ding and desperately fled to the nine heavens.....

Seeing Princess Moon God running away, the matchmaker and the matchmaker also ran away...

The matchmaker was okay, but the corpse slave rushed over at any cost to help the matchmaker cut off the queen, allowing the matchmaker to escape Hongjun's entanglement... The matchmaker Just as he was about to escape, Fu Zhi's formation had been set up.

Lu Ya and Queen Mother Xi quickly returned to the battle, each controlling the two major eyes of the Sun and Taiyin.....

In an instant, the Zhoutian Star Formation was completely activated. This time, two powerful mid-stage Heavenly Saints were stationed at the center of the formation.

The number of people in the formation has also expanded to 200 million.....

The momentum of the formation surged, and it suddenly reached the level of half-step quasi-saint ancestor...

Buzz~! Buzz~! Buzz~!

The next second, the power of billions of stars attacked, swamping the matchmaker.

The matchmaker was immediately at a disadvantage. She kept screaming and had no strength to fight back...

On the other side, Qin Feng looked at Princess Luna who was injured and fled.....

"hehe! Can you escape?!"

Qin Feng raised the corner of his mouth slightly and took one step forward...

The next second, he was instantly above the head of Princess Moon God.

The God Realm is his territory.

Wherever he wants to teleport, all he needs to do is move his mind. The jade certificate can teleport him there instantly...

Princess Moon God was frightened to death when she saw Qin Feng arriving.....

"Qin Feng! You can't kill me! Otherwise, my father will not let you go....."

Princess Luna screamed...

At this moment, she was still threatening her father.

Qin Feng sneered and slapped it with one palm...

Bang~!

There was another loud, earth-shattering sound!

Qin Feng hit the Moon Goddess Princess with one palm, and the screams echoed in the void...

This time without the ancient talisman for life, the Moon Goddess Princess was seriously injured again. Even with the help of the Qiankun Cauldron, she could not save her. After getting her... with just one palm, Qin Feng killed the Moon Goddess Princess on the spot.....

"Ding~! The host successfully killed the peak Heavenly Saint (Princess Moon Goddess)... and obtained 200 billion redemption points....."

"Ding~! Congratulations to the host, you have discovered a source of innate extreme Yin....."

The source of innate extreme yin?

Qin Feng quickly looked at the energy transformed by the Moon Goddess Princess.

I saw a black energy light group floating in the sky full of energy. It was the extremely rare source of innate extreme yin.....

Qin Feng suddenly showed a look of joy.

The source of innate extreme yin is purer and rarer than the ordinary source of extreme yin.

If used to temper the body, it is 100% possible to promote his eternal moon body to the creation moon body.

The second level of his Hongmeng Body is in sight.

Chapter 1088

"Princess!"

On the other side, the matchmaker saw the death of the Moon Goddess Princess, and roared in despair...

But with this result, he could no longer save himself.

At this time, the corpse slave rushed over.

The matchmaker immediately stepped on the corpse slave's shoulder and headed towards Nine days away, he fled in panic...

Princess Moon Goddess has fallen. If he doesn't run away now, when will he wait??

"Matchmaker, don't leave me!", the matchmaker wailed.

At this moment, she was trapped by the Zhoutian Star Dou Formation and could not escape.

But the matchmaker ignored it at all and still controlled the corpse slave and escaped quickly.

The corpse slave has the combat power of the quasi-saint ancestor in the early stage and is extremely fast. , he escaped hundreds of millions of miles away in the blink of an eye, throwing away the Xuan Mi clone, the virtual shadow clone, and Hongjun who were chasing after him.....

Immediately, the Xuan female clone and the Xuying clone merged and turned into the Xuanxu clone.....

This fusion not only increases combat power, but also increases speed.

The next second, Xuanxu's clone chased the matchmaker and corpse slave at an even faster speed.
.....

Hongjun also followed closely behind.

Fu Zhi controlled the movement of the formation and trapped the matchmaker.

Lu Ya and Queen Mother Xi controlled the two formations, leading the children of the Divine Alliance to madly kill the Matchmaker...

Amid the billions of starlight attacks, the Matchmaker's shrill screams continued to be heard...

At the same time, Qin Feng has collected the energy transformed by Princess Moon God.

Then, he looked at the source of innate extreme yin in front of him, as well as the heaven-level holy tool - Qiankun Ding.

As soon as the Moon Goddess Princess died, the Qiankun Ding did not just leave. Instead, it circled the source of the innate extreme Yin that day and kept wailing 'wuwu'.

This makes Qin Feng a little strange!

Generally, when the owner dies, the sacred vessel will mourn for it, and then immediately run away to avoid being taken away by the owner's enemies.

Of course, even if the enemy takes it away, it cannot be refined.

After all, the sacred weapon has a spirit.

But the Qiankun Cauldron in front of us is not far away, but it keeps circling around the source of the innate extreme yin. What's going on?

Qin Feng was curious and tried to reach out to grab the Qiankun Ding...

Wow~! Woo~! Woo~!

The Qiankun Cauldron immediately vibrated and retreated like lightning, appearing full of spirituality and full of hostility towards Qin Feng.

After all, Qin Feng is the murderer of his master, and it is impossible for him to surrender.

Qin Feng put his hand down.

Woo~! Woo~! Woo~!

The Qiankun Cauldron immediately returned and continued to rotate around the source of the innate extreme yin, and continued to emit mournful sounds, looking reluctant to leave.....

"hehe! interesting!"

Qin Feng waved his hand and sucked the source of the innate extreme yin into his hand.....

Buzz~!

The Qiankun Cauldron immediately vibrated and quickly rotated around Qin Feng, looking very anxious...

Qin Feng ignored it, but carefully observed the source of the innate extreme Yin.

Soon, he discovered that in the source of extreme yin, there was a white light group the size of a thumb...

That small white light group exuded a rare innate aura, as well as a vague mental fluctuation.....

That mental fluctuation is a kind of initial situation in life, which has not yet formed an idea.....

"I see!"

Qin Feng showed a look of surprise when he felt the mental fluctuation.

He was no stranger to this mental fluctuation. When Huo Yun fell, he left a red cloud behind, which emitted similar mental fluctuations...

Huo Yun The sacred weapon of the cloud, the Nine-nine Soul-Removing Gourd, surrounds the red cloud and is unwilling to leave.....

Finally, Qin Feng fed it with blood and cultivated Hongyun.

To put it bluntly, this small white light group, like the red cloud, is an innate spirit.

However, this small white light group seemed to have just been born, and its breath was extremely weak...

Qin Feng's guess was correct.

Hongyun was originally an innate spirit.

Not so Princess Luna.

She is the daughter of Old Man Yuexia, the Holy Spirit born the day after tomorrow.

However, Princess Luna's natal sacred weapon is the Qiankun Cauldron.

The Qiankun Cauldron can return to the innate state the day after tomorrow.

Over time, a ray of innate spiritual energy was born in Princess Moon's body, which was the small white light group.

After thinking about this, Qin Feng quickly pinched his fingers and penetrated the source of extremely yin one after another.,,,,,,

The source of extreme yin is trembling...

The power of the seals, wrapped in small white light groups, is slowly peeling off from the source of extreme yin...

Buzz~!

After a moment, the small white light ball was peeled off, jumping aimlessly in the air...

Woo~! Woo~! Woo~!

The Qiankun Cauldron quickly rotated around the small white light group, vibrating continuously, and continued to send out intimate waves of thoughts towards the small white light group.....

The small white light group has a close relationship with the Moon Goddess Princess, giving the Qiankun Ding a natural sense of closeness.

Qin Feng casually put away the source of extreme yin.

Then, he cut his fingertips and popped out a drop of blood essence, which merged into the white light group.....

The small white light group automatically absorbed the essence and blood and slowly merged with it.....

Buzz~!

The next second, the small white light group emitted a powerful aura and roared...

The small white light group continued to squirm, and the mental fluctuations gradually increased. A new idea was taking shape, and a breath of life was taking shape.....

After a while, the small white light group continued to grow, twist and deform, and finally turned into a snow-white and cute rabbit.

As soon as the rabbit was born, it opened its big bright eyes and looked at Qin Feng with joy.

It is no longer the Moon Princess, but a new life form.

It contains a drop of Qin Feng's essence and blood in its body, so it has a natural affinity for Qin Feng.

Chi~! Chi~! Chi~!

The snow-white little rabbit jumped onto Qin Feng's palm and rubbed his palm affectionately with her little face.....

"Interesting little guy!"

Qin Feng looked at the white rabbit with a smile.

Perhaps the innate spirit is too weak. The cultivation level of this newly born little white rabbit is not high. It is only half a step into the eternal realm, which is far inferior to the original Hongyun...

In addition to this In addition, it seems that the intelligence is not very high, and it is not as good as the original Hongyun.

However, this little guy's intimacy and loyalty to him are not inferior to Hongyun.

After the little rabbit was born, the Qiankun Ding was still interested in It never leaves, and even sings with joy....

"Little one, seeing as your hair is as white as jade, I will name you Jade Rabbit!"

"Ji~! Ji~! grumble~! "

The little rabbit seemed to like the name 'Jade Rabbit' very much and kept making happy noises.

Qin Feng smiled and said:"As long as you like it! When you can improve your intelligence and transform into human form in the future, I will find you a master. Now, you go back to my Great Flood God Realm....."

Qin Feng waved his hand, and a light door leading to the Great Flood God Realm appeared out of thin air.

Chi~chi~chi~!

The Jade Rabbit screamed happily a few times and got into the light door.

The Qiankun Ding also quickly followed and took the initiative to get into the light gate.

Seeing this scene, Qin Feng's face showed joy.

Obtaining the Jade Rabbit is equivalent to obtaining the Qiankun Ding.

That is a heaven-level holy weapon!

Currently, he does not have a single holy weapon in his hand that reaches the Heaven-casting level.

The four swords of Zhutian only reached the Zhutian level in terms of comprehensive power, but their individual qualities did not reach it.....

In this way, this is another big gain!

Thinking of this, Qin Feng was very satisfied.

Then, with a wave of his hand, he closed the light door into the Great Flood God Realm.

He looked up again and found that Xuanxu's clone and the corpse slave had already chased and escaped, flying out of the realm of the gods and nine days away...

Qin Feng quickly dodged and chased after him..

Chapter 1089

Qin Feng quickly dodged and chased after him.....

At the same time, nine days away, not far from the God Realm, in the starry sky.

Prince Xishen rushed to the God Realm.

At his current speed, he could arrive in five minutes at most.

Thinking of seeing his sister soon, Prince Xishen showed a smile on his lips.

He still dotes on his younger sister.

Although that girl is very willful, she still listens to herself.

In addition, he was also curious about what kind of person came out of the God Realm, which had always been looked down upon by the Nine Heavens and Ten Realms, that his father valued him so much.

In fact, my father may even feel that my sister is in danger.

Thinking of this, Prince Xishen shook his head slightly, feeling a little disapproving in his heart.

With the Corpse Slave and the Qiankun Cauldron, he was confident that even the early-stage powers of the Quasi-Saint Ancestor would not be able to harm his sister, let alone a small God Realm.

But as soon as this thought came up, Prince Xishen sensed something, stopped quickly, and took out a soul tablet from the storage ring.

That is his sister's soul card!

As soon as the soul card appeared, the spiritual light released itself.

Click~!

With a soft sound, the soul card automatically collapsed and turned into several pieces.

Prince Xishen was suddenly stunned.

His sister's soul card actually shattered!

"Moon!"

Prince Xishen roared loudly.

This sudden blow made his heart feel as if he had been hit hard by a giant hammer, and he was so sad and angry that he almost wanted to spurt blood.....

"who is it?! Who killed my sister?! correct! He must be someone from the God Realm!"

Prince Xi Shen suddenly raised his head and looked at Shen Shen with red eyes.direction

"These despicable creatures from the divine world! How dare you kill my sister! I want to kill you all! I must kill you all!"

Prince Xishen roared and spit out a large mouthful of blood.

The next second, the blood essence burned, and the blood escape method was activated.

Prince Xishen's speed tripled in an instant.

In order to arrive at the scene early and avenge his sister, he did not hesitate to do so. Burning his life essence and blood to increase his escape speed...

The journey that originally took about five minutes to reach was shortened to just over a minute by him.....

At the same time, on the other side, near the God Realm.

Cang Sheng, Yu Tian and others were looking in the direction of the God Realm with curious faces...

At this moment, there was a constant roar in the God Realm.

Obviously, the two sides are fighting fiercely together.....

"How long can Cang Sheng brother and Luna Princess last?"

Yutian asked curiously.

Cang Sheng smiled coldly: "With Master Qin Feng's strength, Princess Moon God and the other three may not even be able to hold on to a cup of tea....."

"Yu Mou thinks so too..."

Yu Tian smiled all over his face, and his eyes were filled with the look of watching a good show.

Xian Ling interjected: "Both of you, do you think Lord Qin Feng will kill Princess Moon God?"

She couldn't stand Princess Moon Goddess's coquettishness, and actually thought that Qin Feng would kill Princess Moon Goddess.

"I don't think so!" Yutian shook his head slightly.

Cang Sheng also said: "I also think it is impossible. After all, behind the Moon Goddess Princess is a father who is at the peak of his quasi-saint ancestor, and an older brother who is in the middle of his quasi-saint ancestor stage. No matter what Mr. Qin Feng does, he still has to give face to the two of them. The most he can do is teach Princess Luna a lesson....."

"That's true...."

Xian Ling nodded slightly, looking a little disappointed.

She also felt that Qin Feng did not dare to kill Princess Moon God.

After all, Princess Luna's background is too powerful.

However, Qin Feng relied on the power of the divine world to compete with Old Man Yuexia, and his true strength was not as good as that of the mid-stage Quasi-Saint Ancestor.

With such strength, she didn't think Qin Feng had the courage.

Of course, Xian Ling and the others had only seen Qin Feng and Hongjun take action, and did not understand the true background of the God Realm.

They didn't even know that Qin Feng was about to make a breakthrough, and he was really not afraid of Prince Xishen and Old Man Yuexia...

Boom~Long~Long!

While Cang Sheng and the others were chatting, there was a roaring sound in the God Realm.....

After a moment, a huge figure with a height of ten thousand feet rushed out of the God Realm.....

"Huh! So fast!"

"That's the corpse slave of the matchmaker!"

"Look! The matchmaker is on the corpse slave's shoulders!"

Cang Sheng and others exclaimed repeatedly.

They originally thought that Princess Moon God and others could last for a cup of tea.

Unexpectedly, the matchmaker and others did not even last for one-tenth of the time and escaped in embarrassment..

This defeat was too fast!

Boom~boom~boom!

But as soon as the matchmaker and the corpse slave rushed out of the God Realm area, Xuanxu's clones chased and killed them.....

"Where to escape!"

Xuanxu's clone roared low and caught up with the corpse slave at an extremely fast speed.....

Immediately, he pointed his sword, and the two swords of Abiyuantu combined and slashed straight at the matchmaker on the corpse slave's shoulder.....

Suddenly, the sword energy soared into the sky, splitting the sky and splitting the earth.

The matchmaker was horrified and quickly controlled the corpse slave.

Roar~!

The corpse slave roared, turned around quickly, raised his giant ax and faced the double sword attack.....

Bang~!

There was a loud crashing sound!

The void is shattered!

The rules are destroyed!

The next second, the corpse slave was blown away.

The matchmaker on its shoulder was also shocked to the point of vomiting blood and fell down directly.

"That person is....."

"So strong!"

"Oh My God!"

Cang Sheng and others exclaimed, looking at Xuanxu's clone in great astonishment... The person who can repel the zombie slave with one sword must be a strong man at the quasi-saint ancestor level.

They did not expect that in addition to Qin Feng, there are also other people in the God Realm. There was a Quasi-Saint Ancestor-level combat power.

Of course, they did not recognize Xuanxu's clone, but they just felt that this person looked familiar...

In short, the shock brought to them by the God Realm had risen to another level.....

But he said that after Xuanxu's clone knocked down the matchmaker demon with a sword, he turned around and killed the matchmaker demon.

He knew very well that the matchmaker was the master who controlled the corpse slaves. As long as the matchmaker was destroyed, it would be much easier to deal with the corpse slaves... In the blink of an eye, Xuanxu's clone was in front of the matchmaker.....

"Spare your life~! "

The matchmaker wanted to escape, but it was too late...

The corpse slave wanted to rush to the rescue, but he was far away...

At this moment, his face showed despair, and he couldn't help but scream and beg for mercy...

Xuanxu's clone ignored him and struck down with a sword.....

But at this critical moment, a sudden change occurred in the field.

A streak of blood light shot out from a distance, like a flash, arriving in an instant. In the blink of an eye, it was in front of the matchmaker...

The blood light paused, revealing the figure of a strange man, who was speeding up. Prince Xishen.

At this time, Xuanxu's clone's attack fell.

Prince Xi Shen quickly took action, and with a wave of his hand, he faced the sword.....

Boom~!

There was another loud, earth-shattering sound!

Xuanxu's clone groaned and was knocked away by Prince Xishen.....

"Prince Xishen! Cang

Sheng and others exclaimed, secretly thinking that the situation in the God Realm was not good.

Strong reinforcements arrived from the Jiyue Heaven Realm.

"His Royal Highness the Crown Prince!"

When the matchmaker saw Prince Xishen, he almost cried with joy.

"Matchmaker, was my sister killed by this guy?"

Prince Xi Shen gritted his teeth and pointed at Xuanxu's clone...

As soon as these words came out, Cang Sheng and others were dumbfounded.

No way?!

Qin Feng really killed Princess Moon God?!

"Wow~! ", the matchmaker cried, "Your Highness, it's not him!"

"Who is that?!"

"Yes Yes....", the matchmaker was about to explain.

At this moment, a figure flew out of the God Realm, and then rushed to Qin Feng.....

"His Majesty! It's him! it's him! It was this Qin Feng who killed Her Royal Highness the Princess!"

The matchmaker quickly pointed at Qin Feng and shouted.

Prince Xi Shen quickly looked at the sound.

At this glance, he found that Qin Feng was just a little ant in the first realm of eternity.

It was this ant that killed him. younger sister!

"Damn ants! I will kill you!"

Prince Xishen's eyes burst out with rage, like a beast that chooses people to devour.

The next second, he roared and rushed towards Qin Feng..

Chapter 1090

"Damn ants! I will kill you!"

Prince Xishen's eyes burst out with rage, like a beast that chooses people to devour.

The next second, he roared and rushed towards Qin Feng...

Cang Sheng and others suddenly opened their eyes wide.

This is definitely a top-notch battle. A decisive battle between Neng and Qin Feng!

Qin Feng was also stunned.

As soon as he came out, he saw a person killing him menacingly.

At this moment, a woman's voice sounded in his ears

"Lord Qin Feng, you have to be careful! This man is Princess Moon God's brother—Prince Xi Shen. He is a powerful person in the mid-stage of Quasi-Saint Ancestor...."

Qin Feng's thoughts moved and he couldn't help but look at Cang Sheng and others.

Among the crowd, Xian Ling was also looking at him, with a hint of worry in his beautiful eyes.

Qin Feng suddenly realized.

It turned out that it was Xian Ling who transmitted the message to him.

It can be seen that this woman is also kindly reminding her.

Xian Ling is worried because he knows that Qin Feng's cultivation level is only at the early stage of Quasi-Saint Ancestor. After leaving the realm of gods, he will not be able to draw on the power of heaven and earth. He is afraid that he will not be the opponent of Prince Xi Shen.....

For some reason, she hoped that Qin Feng would win...

In the blink of an eye, Prince Xishen was in front of Qin Feng.

"Ants! Go to hell!"

Xi Shen's eyes were about to burst, and he roared and slapped Qin Feng...

He wanted to hit Qin Feng with one palm, just like crushing an animal to death, to avenge his sister...

Boom~Long~Long!

When that palm fell, Fengyun The change of color was earth-shattering...

Prince Xishen's fighting power was fully unleashed, and suddenly reached 10 million.....

Xian Ling and others couldn't help but change their expressions.

They had clearly seen before that Qin Feng's combat power was 7 million, and he had borrowed the power of the divine world to reach the pinnacle level of the quasi-saint ancestor... Now that the battlefield has reached outside the realm of the divine realm, Qin Feng faced Prince Xishen is at a disadvantage.....

In the blink of an eye, the palm reached the sky above Qin Feng's head, with a devastating momentum that seemed to destroy everything...

Qin Feng's face changed slightly, and he did not dare to underestimate it.

Immediately, with a thought in his mind, he instantly used the Four Swords of Zhutian and the Zhutian Formation Disk.

Buzz~! Buzz~! Buzz~! Buzz~!

The four swords that punish the sky keep vibrating!

The quality of each handle has reached the limit of Kaiding level, and it is just one step away from breaking through to Zhutian level.....

Buzz~!

The Zhutian array disk enlarged at a speed visible to the naked eye...

In the blink of an eye, the Zhutian sword array took shape!

Phew~! Phew~! Phew~!

Billions of sword lights, like a violent storm, shot towards Prince Xi Shen...

The momentum of the sword array completely reached the Heaven-casting level, even surpassing the Qiankun Ding...

In the blink of an eye, the attacks of the two sides collided!

Bang~! Bang~! Bang~!

Billions of sword lights shattered!

Earth-shattering explosions continued.....

A dazzling white light burst out in the field, brightening hundreds of millions of miles of void, making it difficult for people to see everything on the battlefield...

After a while, the light gradually faded away.

Xian Ling, Cang Sheng and others quickly opened their eyes and looked.....

At this sight, everyone was stunned.

In the battlefield, Qin Feng retreated nearly ten thousand miles, and Prince Xishen also retreated thousands of miles.

Obviously, in the fight between the two sides just now, Prince Xishen was slightly stronger.

But Qin Feng didn't have any injuries on his body. He was still surrounded by the Four Heaven-Destroying Swords, his clothes were fluttering, and his demeanor was calm...

Obviously, Prince Xishen did not take any advantage.

Hiss~!

Cang Sheng and others couldn't help but take a deep breath of cold air.

Oh My God!

They still underestimated Master Qin Feng!

When using the holy weapon, Lord Qin Feng's strength is comparable to that of the mid-stage quasi-saint ancestor, not much weaker than Prince Xi Shen, almost the same.

Xian Ling's eyes were even more happy, and she looked at Qin Feng with even more admiration.
.....

Prince Xishen was also extremely shocked

"You...you blocked it!

At this moment, he looked at Qin Feng with disbelief.

Is this guy really just in the first realm of eternity?

He was able to withstand his own frontal attack.

This is completely the strength of the Quasi-Saint Ancestor in the middle stage!

Immediately, he figured it out.

No wonder his sister died despite being protected by the Qiankun Cauldron.

It turns out that this guy she met actually has strength comparable to that of a mid-stage quasi-saint ancestor.....

After thinking about this, he became even more angry.

He has concluded that the matchmaker did not lie, it was the little thief in front of him who killed his sister!

"Little thief! I must kill you! Revenge for my sister!"

Prince Xi Shen roared

"I'm afraid you can't do it!"

Qin Feng waved his hand.

Buzz~! Buzz~! Buzz~!

The Heaven-Slaying Sword Formation is assembled again!

"snort! Do you think you are the only one who has combined holy weapons? Let me show you the sacred weapon of this palace!"

Prince Xishen waved his hand.

A book with black pages and white pages, and a writing brush with a yellow shaft and gold hair were taken out by Prince Fuxi and suspended above his head.

Those were his sacred tools - the Book of Life and Death and the Judge's Pen. ~! Buzz~!

The Prince of Xishen sealed the seal.

The Book of Life and Death and the Judge's Pen suddenly vibrated continuously, and the aura shone...

These two holy weapons are both of the highest quality of Kaiding, and they are complete sets of magical weapons. can complement each other.....

At that moment, I saw the auras of the Book of Life and Death and the Judge's Pen blending together, and soon they became like one body, and their aura continued to surge.....

In the blink of an eye, the combined momentum of the Book of Life and Death and the Judge's Pen reached the Heaven-casting level.

At the same time, man and machine become one!

Prince Xishen's momentum also skyrocketed, increasing by about 30% in the blink of an eye.....

This scene made everyone dumbfounded

"It's the Book of Life and Death and the Judge's Pen. not good! Master Qin Feng's situation is not good anymore....."

Cang Sheng and others seemed to have thought of something, and their expressions changed.

The moment Xian Ling saw the Book of Life and Death appear, she became even more frightened.

Immediately, she moved her lips slightly and secretly sent a message to Qin Feng.....

On the other side, Xuanxu's clone saw this scene and rushed towards Qin Feng.....

He knew very well that with the help of two sacred weapons, Prince Xishen's strength had greatly increased, and he was no match for him.

He needs to help him fight against Prince Xishen!

But at this moment, a huge body fell from the sky and blocked the path of Xuanxu's clone.....

The person who stopped him was the Corpse Slave.

It turned out that when the matchmaker saw that Xuanxu's clone was going to help Qin Feng, he immediately used the corpse slave to intercept him.....

As soon as the two sides met, they immediately started fighting again...

The Corpse Slave was naturally no match for Xuanxu's clone, and instantly fell into a disadvantage.

But the Corpse Slave was not afraid of injury or life and death, so he held back Xuanxu's clone.
.....

At the same time, Qin Feng heard Xian Ling's anxious message.

"Lord Qin Feng, you must be careful about the book of life and death and the judge's pen in the hands of Prince Xi Shen. These two sacred instruments are extremely strange. They can judge life and death in a single thought. The attacks are invisible and come and go without a trace, making it difficult to guard against."

"Back then, when Prince Xi Shen was still at the peak of Heavenly Sainthood, he used the Book of Life and Death and the Judge's Pen to kill Saint Ancestor Wu Gui in the early stage of the Quasi-Saint Ancestor....."

Hearing this, Qin Feng was shocked.

How could this Book of Life and Death and the Judge's Pen be so terrifying?!

It actually allowed the Prince of Xi Shen to leap over the ranks and kill a strong man in the early stage of the Quasi-Saint Ancestor!

At this time, Xian Ling continued to transmit:"Later, Prince Xishen refined the corpse of Saint Ancestor Wu Gui into a corpse slave and changed his name to Wu Ax. Unfortunately, the residual

memory of the corpse slave could not be cleared away, and he hated Prince Xishen too deeply. It was difficult for Prince Xi to control himself. He rewarded the corpse slave to the matchmaker....."

Hearing this, Qin Feng couldn't help but look at the corpse slave not far away.

It turns out that this corpse slave has such an origin

"Master Qin Feng, as far as the little girl knows, the attacks of the Book of Life and Death and the Judge's Pen should be related to the strength of the soul. At that time, the weakness of Saint Wu Gui was that his soul was weak, but Prince Xishen's soul was much stronger than those of the same level, so he could defeat the strong with the weak."

"You must know that Prince Xishen's cultivation at that time was at the peak of Heavenly Saint. Now, he is already in the middle stage of Quasi-Saint Ancestor, and his soul has become more than ten times stronger. If he uses the Book of Life and Death or the Judge's Pen to attack, the Quasi-Saint Ancestor will have to retreat in the later stages."

"Master Qin Feng, you must be careful....."

Hearing this, Qin Feng suddenly realized and glanced at Xian Ling gratefully.....

At this moment, Prince Xi Shen completely activated the Book of Life and Death and the Judge's Pen.
