

## God level 1101

### Chapter 1101

However, most people are not optimistic about Qin Feng.

There are many people who take pleasure in others' misfortune.

Various undercurrents began to surge, such as Guixu Saint Ancestor, Taiyi and others...

At this moment, the Great Freedom Heaven Realm was in a secret realm of cultivation.

The Saint Ancestor of Guixu sat on the cloud platform with a proud expression.

The jade table in front of him was filled with spiritual fruits and fine wine.

Taiyi, Brahma, Shiva, and Vishnu sat beside each other, all congratulating the Saint Ancestor Guixu.

"The four of us and I congratulate Brother Zhentian on his successful release from quarantine!"

"Brother Zhentian is a blessing in disguise this time, and he has truly entered the quasi-saint ancestor realm."

The Saint Ancestor of Guixu said with a half-smile, "Yes!" If it weren't for the little thief Qin Feng who ruined my good deeds, Zhen would not have been able to eliminate the interference of the ancient god lord's residual thoughts and truly step into the quasi-saint ancestor realm."

"Fortunately, the remaining thoughts of the ancient God Lord have dissipated, and the factors that disturbed Zhenmou have disappeared. Zhenmou has truly entered the quasi-saint ancestor realm, and his combat power is stronger than before. It's a pity that the Renshui flat peach and Huangzhong plum were lost, and Zhen only got a ginseng fruit tree."

Taiyi comforted him: "Brother Zhentian, you are greedy for more than you want. To cultivate to a quasi-saint ancestor, you only need one heaven and earth spiritual root. Having many and complex roots is not necessarily a good thing."

"That's right! Four people, during these days of seclusion in Zhen Mou, what happened to the little thief Qin Feng?"

Guixu Saint Ancestor put down the wine bottle in his hand,

"Brother Zhentian, I am looking for you today just to tell you about Qin Feng's current situation."

"oh? Could it be that he did something big again?"

"That's right! The little thief caused a huge disaster this time and has alarmed the entire Nine Heavens and Ten Domains. Now every corner of the Nine Heavens and Ten Realms is talking about that little thief, and everyone is waiting to see his fate."

Speaking of this, Taiyi and Brahma all had expressions of gloating on their faces.

Saint Ancestor Guixu suddenly became energetic and asked quickly: "What happened?"

He has been in seclusion to heal his wounds during this period, and he really doesn't know what is going on in the outside world.

Brahma immediately smiled and said: "Then Qin Feng killed the Moon Goddess Princess, the daughter of Old Man Yuexia!"

"What?!", Guixu Saint Ancestor was shocked

"Dude, here's the thing....."

At that moment, Brahma and the others told Qin Feng's recent deeds.

After hearing this, Saint Ancestor Guixu was extremely shocked.

"No way! Only a few days have passed, and that boy has even defeated Prince Xishen?"

Guixu Saint Ancestor looked unbelieving.

Brahma smiled bitterly: "Brother Zhentian, to be honest, the four of us didn't believe it either after hearing the news. But this news has spread from many sources. It cannot be false and has to be believed."

Hearing this, Saint Ancestor Guixu couldn't help but swallowed his saliva.

Then, he said with a frightened look on his face: "That boy's talent is too terrifying! Anyone who opposes him will have no chance to turn around, because no one can catch up with his progress."

Taiyi said nonchalantly: "Brother Zhentian, if you put these words in the past, there would still be some truth." But this time, Qin Feng killed Princess Moon God. Do you think Old Man Yuexia will give him a chance to grow?"

As soon as these words came out, Brahma, Shiva and Vishnu all agreed.

"yes! Fortunately, Qin Feng was so arrogant that he even dared to kill Princess Moon God. He was simply asking for death!"

"Brother Zhentian, don't worry, we'll just wait and see the good show!"

The Saint Ancestor of Guixu also breathed a sigh of relief and said, "If Old Man Yuexia takes action, Zhen also feels that Qin Feng has no chance of survival." By the way, when do you think Old Man Yuexia will take action? Brahma thought for a while and said: "Old Man Yuexia's character has always been to seek revenge, so he will definitely take action in the near future."...."

The Saint Ancestor of Guixu immediately said: "Four of you, why don't we set off immediately and rush to the Extreme Moon Heaven Realm to help Old Man Yuexia."

Brahma's eyes lit up: "That's right! If Old Man Yuexia wants to deal with Qin Feng, we have If five people help each other, the winning rate will be even greater."

As soon as these words were said, Taiyi and others all agreed.

"What a great idea! We can't be careless about the little thief Qin Feng. Either don't take action, or kill them all!"

"good! Ok, deal!"

At that moment, Saint Ancestor Guixu and others discussed the details, then left the Great Freedom Heaven Realm and rushed to the Jiyue Heaven Realm.....

Time flies!

In the blink of an eye, another seven days passed.

Seven days in the outside world, more than seventy years in the Great Flood God Realm.

Over the past seventy years, Qin Feng's Hongmeng Body's second-level fusion progress has reached 73%.....

On this day, the Guixu Saint Ancestor and his party rushed to Jiyue Heavenly Realm and saw Old Man Yuexia and Prince Xishen.

At this moment, in the main hall.

The old man under the moon is sitting on a high throne.

Prince Xishen stood aside.

The five Guixu Saint Ancestors stood below with respectful expressions on their faces.

"Kill the Qin Alliance? hehe! Zhentian, Taiyi, Brahma, what do you three mean, do you want me to join your alliance?"

The old man under the moon looked down at the three people proudly.

"I dare not wait! Senior Yuexia, the Qin-Zhu Alliance is just an alliance between the five of us and has nothing to do with senior. The five of me and others came here to ask Senior, when are you going to conquer the God Realm and kill Qin Feng? The five of us are willing to lend a helping hand to our seniors!"

Guixu Saint Ancestor said carefully.

Old Man Yuexia was puzzled:"Why do you want to help me?"

"Senior, because the five of us also have a big feud with Qin Feng. Taiyi's brother Di Jun was killed by Qin Feng. Zhen's spiritual roots of heaven and earth....."

At that moment, Saint Ancestor Guixu briefly described the grievances of the five Qin Feng.

After hearing this, Old Man Yuexia and Prince Xishen suddenly realized.

Immediately, the old man Yuexia said coldly:"So, that little thief Qin Feng is really vicious and he deserves to die!"

"The senior is right, the five of us want to skin that little thief!"

Taiyi and others all gritted their teeth.

At that moment, Taiyi and others expressed their resentment towards Qin Feng.

Old Man Yuexia and Prince Xishen nodded their heads in agreement.

The two sides soon shared the same hatred.

"Senior, when will you attack the God Realm? Five of us are willing to go with you and do our little bit!"

Guixu Saint Ancestor asked again.

Taiyi and Brahma also showed concern. Old man Yuexia and Prince Xishen looked at each other and showed mysterious smiles.

Then, Prince Xishen said with a proud look on his face: "Who said that killing Qin Feng requires going to the God Realm? Even if he doesn't go to the God Realm, my father can kill Qin Feng silently from an endless distance!"

"No way? Kill Qin Feng from the air?!"

The five Guixu Saint Ancestors found it incredible.

"Don't you believe it? Is it possible that you haven't heard of the Nailhead Seven Arrows book?"

Guixu Saint Ancestor and others suddenly realized.

The name of the Seven Arrows Book has long been resounding throughout the Nine Heavens and Ten Realms.

Guixu Saint Ancestor and others were immediately surprised.

"Oh My God! Senior Yuexia actually let the Seven Arrows Book of Nail Head be refined!"

"This...this is so good! With the Nailhead Seven Arrows book, Qin Feng will die!"

"Of course! Unless the strength of his soul is comparable to that of the Holy Ancestor, he will definitely lose his soul....."

At this moment, Taiyi and the others were extremely excited.

Prince Xishen also had a smile on his face.

At this time, the old man under the moon stroked his beard and smiled and said:"To kill Qin Feng with the seven-arrow nail-head curse, you need to pray three times a day and pray for twenty-one consecutive days to kill him. Calculate the time, there is still time left In the next seven days, it will be twenty-one days. At that time, I will let you witness the death of Qin Feng!"

The five Guixu Saint Ancestors were overjoyed

"Senior, we are willing to witness!"

Old man Yuexia laughed:"Haha!! good! Seven days later, in Guanghan Palace, worship at the Temple of Heaven. I've opened your eyes!"

"Thank you, senior!"

Guixu Saint Ancestor and others thanked them one after another. Afterwards, the two sides chatted for a while, and Prince Xishen left with Guixu Saint Ancestor and others to settle them down.

Time flew by!

In the blink of an eye, another seven days passed..

It was the last day of the Seven Arrows Book of Nails to kill Qin Feng.

Early this morning, Prince Xishen invited the five Guixu Saint Ancestors to Guanghan Palace.....

Taiyi and others were extremely excited to witness the death of Qin Feng..

Chapter 1102

At this moment, inside Guanghan Palace.

The five saints of Guixu, Taiyi, Brahma, Shiva, and Vishnu were all nervously looking at the altar of sacrifice to heaven in front of them.

I saw a straw man suspended above the altar of heaven.

The straw man looks similar to Qin Feng, with Qin Feng's name written on the back. There are oil lamps on his head and feet, emitting a miserable green light.

"Brother Zhentian, that straw man looks very similar to Qin Feng!", Taiyi looked at the straw man.

Guixu Saint Ancestor sneered: "It would be strange if he doesn't look like Qin Feng."

"Brother Zhentian, how do you think this Seven Arrows book kills people?"

"This is not clear. After a while, we will see how Senior Yuexia operates, and we will understand."

"That's right! I'm just a little impatient."

Taiyi and the others were talking a lot, their eyes full of anticipation.

Prince Xishen put his hands behind his back and kept smiling.

He was also looking forward to it in his heart.

"Under the Xi Temple, where is Senior Yuexia?", Guixu Saint Ancestor asked curiously.

Taiyi and the others also looked around.

Except for the six of them, there was no one else in the Temple of Heaven, and there was no sign of the old man under the moon.

"My father will have to wait a while before arriving, and it is not time to worship now. It requires worshipping at noon every day. Calculating the time, there are still two hours left....."

Prince Xishen explained with a smile.

Taiyi curiously asked: "Under the God of Xi, when Senior Yuexia finishes worshipping, will this straw man fall apart?"

Prince Xi God replied: "When my father finishes worshipping, the straw man will naturally have strange phenomena. As for I can't explain what the strange phenomenon is. You'd better witness it with your own eyes....."

"That's fine!"

Everyone nodded, and their hearts became more and more hopeful.

In their opinion, Qin Feng will definitely die this time.

But these people don't know that they have far underestimated the strength of Qin Feng's soul.

Even if Qin Feng did not break through to Hongmeng's body At the second level, the strength of his soul is also infinitely close to the level of the Saint Ancestor.

Old Man Yuexia can only severely injure Qin Feng at most, but cannot kill him.

Of course, if Qin Feng's Hongmeng Body successfully breaks through the second level, he will not be able to kill him. suffered no harm.....

But he said that on the other side, in the Great Flood God Realm, was a holy land for cultivation.

Qin Feng sat cross-legged on the cloud platform, surrounded by three-color spiritual energy like mist, wrapping him in it and surging continuously.

Among the three colors of spiritual energy, one is gray and white, which is the energy of the low-level Hongmeng. The other is golden, which is the energy of the extreme sun. The other is silver and white, which is the energy of the extreme moon.

At this moment, the three qi are slowly merging into one, turning into a darker intermediate Hongmeng qi.

After the Hongmeng Body is promoted to the second level, the primary Hongmeng Qi will evolve into the intermediate Hongmeng Qi.

At this moment, Qin Feng's progress has reached 99.7%, and he is just short of the last line to be promoted to the second level of Hongmeng Body. He has gradually developed intermediate Hongmeng Qi.

But at this last critical moment, Qin Feng's heart became more impetuous, restless, and there were beads of sweat on his forehead.....

The twenty days of continuous worship of the old man under the moon have deeply eroded his soul, and the interference with him has reached its peak...

This makes Qin Feng invisibly stuck in a stage similar to a bottleneck, unable to break through the final stage. first line.....

No matter how hard he tried, he just couldn't increase the progress to 100% and complete the last step.

In fact, Qin Feng's progress reached 99.7% two days ago.

But two days later, his progress is still at 99.7%, with no progress at all.

And Qin Feng also knows that today is the last day. He doesn't have much time left, and the situation has become extremely bad...

At the moment, his last hope lies in Yun Xi.

At this moment, in the Medicine Master's Palace, there was an alchemy room.

Shangguan Yunxi is busy refining elixirs.

Xiao Wu Gang was helping.

Jade Rabbit is holding a medicine pestle and pounding medicine in a medicine cauldron.

If anyone looks carefully, they will be surprised to find that the medicine cauldron is the Qiankun cauldron.

The three of them were very busy.

Yun Xi's expression was serious.

These days, she is preparing to refine a magical elixir called Soothing Pill.

The Calming Pill is a magic pill that can calm people's minds and instantly double the strength of their souls.

A few days ago, Qin Feng gave her the formula of the Calming Pill and told her that this pill was extremely important and even the most critical thing for Qin Feng's current breakthrough...

After Yun Xi received the task, she quickly opened it. She prepared the ingredients and tried to refine it...

After several days of preparation, she had all the raw materials ready.

As for whether the refining could be successful, she had no idea.

With her current level of alchemy, she can only refine elixirs for the lower realm of eternity.

The lower realm of eternity is the first to the third realm of eternity.

The Soothing Pill belongs to the realm of eternity and is beyond her ability.

However, she now has the Qiankun Ding.

This Qiankun Ding is a heaven-level alchemy holy tool.

If she borrows this holy weapon to help her, she can barely refine the elixir of eternity.....

"Yu'er, is the medicine ready?"

At this moment, in the alchemy room, Yun Xi took several prepared medicinal materials and walked towards the Qiankun Cauldron.

"Master, it's already done!"

The Jade Rabbit actually uttered human words and obediently took out the medicine pestle.

Yun Xi was delighted:"That's good! Wu Gang, bring the Seven-leaf Lingxincao and we will start refining the elixir....."

"Okay, Palace Master!"

Wu Gang ran over with a brocade box in hand.

Since Yun Xi met Yutu and Wu Gang, more than twenty days have passed in the outside world.

But more than two hundred years have passed in the Great Flood God Realm.

These two hundred days After many years of getting along, Yun Xi, Yu Rabbit, and Wu Gang got along very harmoniously, and taught the two a lot of things.

Yu Rabbit also recognized Yun Xi as his master during this period of time.

Although the Qiankun Ding did not recognize Yun Xi as its master because of this , but Yun Xi can indirectly control the Qiankun Cauldron through the Jade Rabbit.....

"Yu'er, activate the Qiankun Cauldron, let's start making alchemy!"

"OK! Owner!"

Jade Rabbit agreed obediently, then muttered something and moved the seal.

Buzz~!

The next second, the Qiankun Cauldron was activated, blooming with a dazzling spiritual light.....

Next, one master and two servants began to cooperate...

Yun Xi asked Jade Rabbit to obey her command and control the Qiankun Cauldron.

Let Wu Gang control the fire and adjust the heat at any time.

Yun Xi is responsible for the main body of alchemy.....

This is not the first time that the three of them have worked together to make alchemy, and they have already become familiar with it.

Soon, the three of them got into the mood and started refining alchemy in an orderly manner...

Of course, this time refining alchemy was a big project, more difficult than they had ever experienced before.

In order not to be disturbed, Yun Xi has activated the ban on the alchemy room, prohibiting anyone from entering.

In this way, time flies by.

In the blink of an eye, two years passed.

On this day, a refreshing fragrance of alchemy floated out of the alchemy room.

The alchemy of Yun Xi and the others has finally reached the critical moment.....

Two years have passed in the Great Flood God Realm, and only about two hours have passed in the outside world.

At this moment, something is happening in Jiyue Heaven Realm.

At this moment, in the Jiyue Heaven Realm, Guanghan Palace, next to the Temple of Heaven.

Taiyi and the others have been waiting anxiously.

"Under the Xi Temple, it was already noon. Why hasn't Senior Yuexia come yet?"

The Saint Ancestor of Guixu couldn't help but ask.

Just as Prince Xishen was about to speak, the space in front of him changed, and the old man Yuexia appeared out of thin air.

Several people hurriedly came forward to greet him.

"I've been waiting to meet Senior Yuexia!"

"No gift!"

"Thank you, senior!"

"The time has come, it's time for me to take Qin Feng's life."

Old Man Yuexia looked at the straw man on the altar, stroking his beard and sneered.

Taiyi and the others couldn't help but look at each other, with joy on their faces.

At this moment, Old Man Yuexia waved his hand, and the Seven Arrows Book with Nail Heads appeared again..

Chapter 1103

At this moment, the old man Yuexia waved his hand, and the book of Seven Arrows on Nail Head appeared again...

Then, the book on Seven Arrows on Nail Head opened automatically.....

"Bow... come! "

The old man under the moon whispered.

Buzz~!

The seven-arrow nail-headed book vibrated and lit up with a dazzling aura...

The next second, a mulberry bow with a simple color and full-body seal characters emerged from the manuscript, and slowly rose up, and finally fell into the hands of the old man under the moon.  
.....

"arrow.....Come!"

Buzz~!

The nail-headed book of Seven Arrows vibrated again and lit up with spiritual light...

Then, seven peach-branch arrows exuding the eternal atmosphere emerged from the manuscript one after another.....

Seeing this scene, Guixu Saint Ancestor and several others were surprised.

"Your Majesty, Xi Palace, what are you doing?" Taiyi asked curiously.

Prince Xishen said with a proud look on his face: "What is the Seven Arrows Book of Nailheads? Of course I have to shoot him seven arrows!"

"Today is the last day to worship and kill Qin Feng. My father will first shoot seven straw man arrows to completely immobilize Qin Feng's three souls and seven souls, and then worship him three times to kill him on the spot. You will understand the specific situation after taking a look at it."

"I see!"

Taiyi and the others looked astonished.

At this moment, the old man Yuexia picked up a peach branch arrow, put it on his bow, fully pulled the bow string, and aimed at the straw man...

Taiyi and the others quickly stopped chatting and all looked at them. Go.

At this moment, the focus of everyone's attention falls on Old Man Yuexia.

Whether the Seven Arrows Book can kill Qin Feng depends on the next operation.....

At this moment, Old Man Yuexia let go of his arrow.

Woo~!

A gust of wind broke through the air!

The long arrow shot out!

Snap~!

The next second, the long arrow hit the straw man between the eyebrows.

The straw man trembled violently as if a real person had been hit by an arrow. The place where the arrow was hit was strangely red, and human blood oozed out...

Immediately afterwards, a large mouthful of blood spurted out from the straw man's mouth.....

"Oh My God! The straw man vomited blood!"

"Ha ha! It's the Nailhead Seven Arrows book that works! The little thief Qin Feng was injured unclearly!!"

Taiyi and others were overjoyed, and they were all excited.

Prince Xishen smiled:"This is just the beginning, please watch carefully!"

At this moment, the old man Yuexia picked up the second peach branch arrow and began to pick up the bow and arrow.....

At the same time, in the Great Flood God Realm, in the forbidden cultivation area of Tiangong Holy Land.

Qin Feng sat cross-legged on the cloud platform, surrounded by three-color spiritual mist.

At this moment, the second level of his Hongmeng Body is being fully integrated...

After his unremitting efforts, his integration progress has finally improved a little, reaching 99.8%....

Suddenly, an invisible force struck out of thin air and pierced his forehead...

Phew~!

At that moment, silence was better than sound!

The invisible force instantly pierced the center of his eyebrows, as if passing through his brain...

Qin Feng suddenly felt a sharp pain in the center of his eyebrows, and couldn't help but groan.

Snap~!

The next second, the center of his eyebrows cracked open, revealing a three-inch bloody mouth, with blood flowing...

At the same time, his soul also felt pain, as if he had been nailed by an arrow.....

"Wow~! "

Qin Feng was suddenly shocked and spurted out a large mouthful of blood.

"Damn it!"

The next second, he slowly raised his head, his face pale.

He knew that Old Man Yuexia had taken action.

But before his Hongmeng body had completed the breakthrough, he was just short of the last line...

No!

He couldn't give up!

Qin Fengben He is a person with a strong will. Even at this moment, he does not want to give up!

At the moment, he refocused and continued to fuse.

Even if there was only the last second left, he would persist.

But at this moment, another invisible force coming.....

Phew~!

Snap~!

Qin Feng felt a pain in his heart, like a sharp arrow piercing his heart, and spurted out a large mouthful of blood again...

The heart opened instantly, revealing a three-inch blood hole, and blood flowed across it.....

"Damn it!"

Qin Feng was angry and forced himself into concentration again...

At this moment, he looked inside his sea of consciousness.

Within the sea of consciousness, his soul became extremely dim, and his soul's eyebrows and heart were, A golden arrow was inserted into each...

Seeing this scene, Qin Feng understood instantly. The old man under the moon had already opened his bow and guided the arrow.

The seven nail-headed arrows determined the soul!

Sacrifice three times from a distance to destroy the true body!

After seven arrows, It's time to destroy him.....

At the same time, in the Jiyue Heaven Realm, Guanghan Palace, and the Sacrifice Platform.

The straw man representing Qin Feng had two long arrows inserted into it.

One was inserted between the eyebrows, and the other was inserted into the heart. Blood flowed everywhere where the arrow hit.....

At this moment, the old man under the moon bent his bow and arrow again, aiming at the straw man.....

Phew~!

Snap~!

The third arrow hit the Scarecrow's lower abdomen.

Blood oozed out from where the arrow hit, and the Scarecrow spewed out a mouthful of blood again.....

"hurt! Injured again!"

Tai Yi and others were overjoyed.

Prince Xi Shen smiled and said:"Seven arrows on the nail head, one arrow to nail the center of the eyebrow, one arrow to nail the heart, one arrow to nail the lower abdomen, four arrows to nail all around, exactly seven arrows... After seven arrows, it is time to bow. When Qin Feng was killed...."

After saying this, the old man under the moon bent his bow and arrow again and started shooting the fourth arrow...

At the same time, in the Great Flood God Realm, in the Medicine Master's Palace, in an alchemy room.

Yun Xi pinched the seals repeatedly and penetrated into the Qiankun Cauldron ahead.

Jade Rabbit controls the Qiankun Ding with great care.

Wu Gang controlled the heat and stared at the mouth of the tripod extremely nervously.

I saw that the mouth of the medicine cauldron was shrouded in nine-colored clouds, with purple rays of light coming out of it, and waves of refreshing Danxiang flowing out.

This scene seemed extremely sacred!

"Wu Gang! Turn off the engine!", Yun Xi ordered.

Wu Gang quickly extinguished the fire under the medicine cauldron

"Yu'er, turn on the furnace! Get the elixir!"

"yes!"

As soon as Jade Rabbit thought, the Qiankun Cauldron emitted a dazzling aura.

The next second, nine-colored clouds billowed in the mouth of the medicine cauldron, and a purple light shot up into the sky.

Wu Gang took a closer look and found that the purple light was a purple magic elixir. It comes with nine purple halos... As soon as the magic elixir appears, the fragrance of the elixir in the room is ten times stronger, which is extremely refreshing.

Just one breath of the fragrance of the elixir makes people feel a hundred times more energetic, and their spirits are greatly boosted.....

"Done!"

When Yun Xi saw the divine elixir, she was immediately ecstatic. Success! She finally succeeded! It was the first time she refined the eternity-level calming elixir, and she actually succeeded... Immediately, she waved her hand and turned the spinning pill. She took the magical elixir and sucked it into her hand. After receiving the elixir, she turned around and ran out of the elixir room.

.....

"Palace Master (Master), where are you going?"

Wu Gang and Yutu asked anxiously

"Go to my master! I want to give him the elixir!"

Yun Xi was extremely anxious.

As soon as she finished speaking, she disappeared.

Qin Feng is her extremely beloved master and also her man.....

She knew that Qin Feng was in a critical moment and she had to send the elixir earlier.....

At the same time, in the Holy Land of Heavenly Palace.

Qin Feng sat cross-legged on the cloud platform, his face pale and covered in blood.

At this moment, there were wounds on his eyebrows, heart, lower abdomen, and limbs, and blood was flowing everywhere and could not be stopped.....

The old man under the moon has finished shooting his seven arrows, and the next step is to kill him.....

However, even at such an extremely critical moment, Qin Feng did not despair or give up. Instead, he inspired his fighting spirit...

In this short period of time, his fusion progress not only did not decrease, but instead increased from 99.8% to 99.9%.....

Unfortunately, Old Man Yuexia has finished shooting all seven arrows, leaving Qin Feng with almost no time.....

This made Qin Feng extremely anxious.

At this moment, the space in front of him shook, and Yun Xi finally arrived.....

"Master! The soothing pill is made!

Qin Feng was overjoyed:"Bring it!"

"Master, continue!"

Yun Xi waved his hand, and the soothing pill flew over.

Qin Feng opened his mouth and swallowed the pill...

When the pill entered, it immediately turned into cool fluid, rushed straight to the brain, and penetrated into the sea of consciousness.....

Qin Feng's tiger body trembled, his ears clear and his eyes clear, and his mind was peaceful.....

"Ding~! The host successfully swallowed the calming pill... The soul received a large amount of medicinal nourishment... Congratulations to the host for becoming enlightened and entering a state of enlightenment.....

"Ding~! Congratulations to the host for the instant enlightenment... your fusion progress has been increased to 100%.....The body of Hongmeng is promoted to the second level....."

Boom~Long~Long!

At this moment, the three colors of spiritual energy around Qin Feng merged rapidly...

His momentum also skyrocketed crazily..

Chapter 1104

Boom~Long~Long!

At this moment, the three colors of spiritual energy around Qin Feng merged rapidly.....

His momentum is also rising crazily.....

In just a moment, the three colors of spiritual energy merged into one color and poured into Qin Feng's body.....

"Ding~! Congratulations to the host, your Hongmeng body has been successfully promoted to the second level.....The quality of your Hongmeng Qi has been upgraded from elementary to intermediate...the host's combat power has skyrocketed to 29 million poles....."

"Ding~! Congratulations to the host, your combat power has been greatly increased.....Increased to 300 times....."

"Ding~! Congratulations to the host, your Hongmeng Yuan Shen has been strengthened again... The strength of your Yuan Shen has been raised to the mid-level of the Saint Ancestor (Sixth Realm) ....."

At this moment, Qin Feng underwent earth-shaking changes, and even the injuries on his body were recovering at a speed visible to the naked eye.....

It didn't take long for his physical injuries to fully recover.

He also slowly opened his eyes, a look of ecstasy on his face.

He finally promoted Hongmeng's body to the second level, increasing his combat power to 29 million in one fell swoop.

What's even better is that his increase multiplier has increased to 300 times, far exceeding the 200 times level of the quasi-Saint Ancestor, and even surpassing the Saint Ancestor.

The increase multiple of the Holy Ancestor is about 250 times.

In other words, with the same combat power, even the Holy Ancestor is no match for him, let alone the quasi-Saint Ancestor.

With Qin Feng's current comprehensive strength, he is no longer afraid of the late stage of the Quasi-Saint Ancestor, but there is still some gap between him and the peak of the Quasi-Saint Ancestor, but the difference is not big.

Of course, Qin Feng gained more than just combat power and increase this time. His soul strength actually reached the middle stage of the Saint Ancestor, surpassing the early stage of the Saint Ancestor in one fell swoop.

With such a strong soul, why should he be afraid of the Seven Arrows Book?!

"Master, what's going on?", Yun Xi asked with concern.

"Breakthrough!", Qin Feng showed a smile on his lips

"That's great!" Yun Xi was overjoyed.

"However, there are still some small things to take care of....."

As soon as he finished speaking, Qin Feng closed his eyes and fell into meditation again.

The next second, his thoughts were immersed in the sea of consciousness.

In the sea of consciousness, the sky is filled with divine thoughts and stars, like a void.

At this moment, a small golden man sat cross-legged in the middle of the sea of consciousness.

The facial features of the little golden man are exactly the same as Qin Feng.

It is Qin Feng's soul.

At this moment, there are golden arrows of light inserted between the eyebrows, heart, lower abdomen and limbs of the little golden man.....

Qin Feng has to destroy these seven light arrows to completely eliminate the damage caused by the Seven Arrows Book.

Thinking of this, Qin Feng's thoughts returned to Yuanshen.

The next second, the golden man of Yuanshen slowly opened his eyes, and his eyes suddenly shone brightly, as if they were real.

Then, his eyes fell on the seven light arrows, and a sneer appeared on the corner of his mouth.....

At the same time, in the Jiyue Heaven Realm, in Guanghan Palace.

The old man under the moon finished shooting seven arrows and slowly put down the mulberry bow in his hand.

When Taiyi and others saw this, they became even more excited.

Seven arrows nail the soul!

Worship your true body from afar!

After shooting the seven arrows, Old Man Yuexia is about to perform the final step.

"Under the Xi Temple, after a while, after Senior Yuexia finished worshiping, will the straw man self-destruct? Brahma asked curiously.

Prince Xishen smiled and shook his head:"I don't know exactly what will happen. After all, this is the first time I have seen my father use the Nail-Head Seven Arrows Book.""

"However, my father once mentioned that the last three prayers are extremely powerful. Every time he prays, the straw man will have visions. It can be said: one bow will destroy the soul of heaven, two bows will destroy the soul of earth, and three bows will destroy the soul of life."

"At the end of the three worships, even if Qin Feng is at the end of the world, his soul will be scattered, and he will die!"

As soon as these words were spoken, everyone showed a look of astonishment.

"I see!"

At this moment, Old Man Yuexia made another move.

Everyone quickly stopped talking and looked around.

Old Man Yuexia waved his hand, and the mulberry bow was integrated into the nail-head Seven Arrows book.

The next second, another statue appeared. The incense burner rose from the manuscript.

The old man under the moon lit a piece of sandalwood, inserted it into the incense burner, and closed his eyes with a humble expression. As soon as the incense was lit, cause and effect were connected.

An invisible force brought the old man under the moon to the incense burner. It is related to the aura of the straw man.

Somewhere in the heart of the old man under the moon, there is some kind of feeling, and he is closely connected with the straw man.....

When the feeling was fully integrated, he slowly opened his eyes.

Everything is ready, it's time to harvest Qin Feng's life.

A confident smile appeared on the old man's face under the moon.

Then, he clasped his hands together and muttered something

"One bow to destroy the soul of heaven!"

Under the moon, the old man recited loudly, and bowed to the straw man...

As he bowed, his whole body was filled with breath, and the invisible power of cause and effect surrounded the straw man.....

Prince Xishen and others opened their eyes wide and looked at the result with anticipation.

But the next second, everyone was confused and felt that something was wrong.

The old man under the moon was also in a daze.

He had finished his obeisance, but the straw man didn't move at all.

What's going on?

Old man Yuexia is puzzled

"Under the Xi Temple, Senior Yuexia has completed the first prayer, why is there no movement from the straw man? Tai

Xiao whispered.

Prince Xi Shen shook his head slightly: "I don't know either!" Brahma said smartly: "

Everyone, Brahma thinks that there will be no movement after the three prayers are completed!""

After saying these words, the old man under the moon had already begun to pray for the second time.

"Second bow, destroy the soul of the earth!"

Old man Yuexia muttered words, and the breath in his body was stirring again...

After the second prostration, the straw man still did not move.

The old man Yuexia frowned.

Is it possible that the straw man would really respond if he bowed three times in full?!

At the moment , he continued to bow

"Three bows to the life-destroying soul!"

Boom~Long~Long!

As he bowed down, the aura in Old Man Yuexia's whole body surged to the extreme, and the connection between cause and effect also reached its extreme...

At the moment when he finished the last bow, the straw man finally started to move, and his whole body The spiritual light shines brightly, the aura of cause and effect surges, and he is closely connected with the old man under the moon...

Brahma was overjoyed:"I'll just say it!" After the three prayers are completed, there will be no movement among the grass-roots people!"

Just after saying this, the seven long arrows inserted into the straw man's body exploded one after another...

Bang~! Bang~! Bang!~! .....

Wow~! Wow~! Wow~! ...

At that moment, the old man under the moon vomited seven mouthfuls of his heart's blood as if he was suffering from backlash...

Every time a long arrow exploded, he spurted out a large mouthful of blood, and his momentum plummeted...

In the end, the straw man's head was The oil lamp under his feet exploded at the same time, but the straw man fell from the sky intact... But the old man Yuexia screamed and fell to the ground.

Everyone was dumbfounded when they saw this scene

"father!"

Prince Xishen exclaimed and rushed over quickly...

Saint Ancestor Guixu, Taiyi, Brahma and others also rushed over...

In the blink of an eye, everyone arrived.

The old man Yuexia crawled from the ground with blood hanging from the corners of his mouth, looking embarrassed. Get up.

His expression looked extremely depressed, as if he had been hit hard. Even his combat strength and momentum dropped from 50 million to 47 million.....

"Dad, are you okay?"

"Senior, are you okay?"

Prince Xishen and others asked in fear.

"I'm fine.....It's just that the curse failed this time, and my soul was backlashed, so I need to rest for a while..."

Prince Xishen exclaimed:"Dad, you failed? How can this be!"

"yes! Senior, how could you fail? Is it possible that the strength of Qin Feng's soul has reached the level of the Saint Ancestor?"

Taiyi and others also didn't believe it.

But Old Man Yuexia smiled bitterly:"You guessed it right! That boy's soul has indeed reached the level of the Saint Ancestor. We all underestimated him!"

"ah~! "

As soon as those words came out, everyone's mouths opened wide and their eyes were full of disbelief.....

At the same time, in the Great Flood God Realm, within the forbidden area of cultivation.

Qin Feng sat cross-legged on the cloud platform, immersed in the sea of consciousness.

In the sea, golden light burst out all over the body of the little golden figure of Yuanshen, and the seven light arrows inserted into it exploded...

The next second, something wonderful happened.

The exploding arrow of light not only did not harm the soul of the little golden man, but turned into pure energy and integrated into the little golden man's body... At that moment, the little golden man's aura continued to become stronger...

This is the connection between cause and effect. Eclipse rice.

The old man under the moon failed to kill him with the curse, and was bitten back.

Qin Feng succeeded in breaking the curse, and the seven light arrows returned to their origin.

In just a moment, the little golden man of Yuanshen swallowed up all the energy.

Not long after, Qin Feng's mind returned to his original body, and he slowly opened his eyes, and his face showed joy again.....

In the previous confrontation, he was a blessing in disguise, and his combat power increased from 29 million poles to 30 million poles.....

This made him realize that he was getting closer and closer to the pinnacle of the Quasi-Saint Ancestor..

Chapter 1105

But as soon as Qin Feng opened his eyes, Yun Xi came over.

She has been watching over you and never left.

"Master! Have the hidden dangers been eliminated?" Yun Xi asked with concern on his face.

Qin Feng smiled all over his face: "Not only has the hidden danger of being a master been eliminated, but it has also been a blessing in disguise. The combat power has been improved, and the strength of the soul has also increased by one point. Yun Xi was overjoyed:"

Master, that's great!" This time, Old Man Yuexia underestimated his master and made a huge miscalculation."

"hehe! More than a miscalculation! This time he stole the chicken but failed to lose the rice. He had no intention of becoming a master, but he was bound to be counterattacked. Presumably his soul was damaged and his cultivation level declined, which was a considerable loss. Yun Xi covered her mouth and smiled sweetly:"

This time I will piss him off to death." Presumably after this incident, he no longer dares to invade our God Realm."

"He probably doesn't have the confidence to come. To be honest, I really hope he comes as a teacher. If he dares to come, I will have the confidence to keep him."

Qin Feng smiled coldly, his tone full of arrogance and confidence.

With his current strength, and borrowing the power of heaven and earth from the God Realm, it is easy to defeat the old man under the moon.

Not only his strength has greatly increased, but also the Xuan female clone The combat power of the Xuan Ming clone and the phantom clone also increased to 10 million poles at the same time, which was just about the same as the Prince of Xishen.

However, the increase of the Xuanshen clone and the phantom clone also reached 300 times, which was far stronger than that of the Prince of Xishen.

Therefore, the two clones can easily defeat Prince Xishen.

In short, in this home of the God Realm, Old Man Yuexia and others are no longer the opponents of Qin Feng and others.

Thinking of this, Qin Feng said again:"Although Yuexia The old man doesn't dare to come to the God Realm to make trouble, but that doesn't mean he will give up. The hatred between my teacher and him has reached the point where it will never end."

"Master, as well as Saint Ancestor Guixu, Taiyi, and Brahma, these guys are all hidden dangers!"

Yun Xi reminded carefully.

Qin Feng nodded slightly:"If my teacher's expectations are correct, these guys will go to Old Man Yuexia after learning that I defeated Prince Xishen last time. They should stick together...."

"Master, if these people stick together, their strength cannot be underestimated!"

"It really shouldn't be underestimated! I thought that with the master's current strength, if he didn't borrow the power of the divine world, he would really not be a match for Old Man Yuexia in a one-on-one fight. Of course, he could only defeat his master, but he couldn't do it if he wanted to kill his master."

"Master, if you allow two more clones to help, can you draw a tie?"

Qin Feng thought for a while and said:"Even if there are two clones to help, it will be difficult to draw a tie. What's more, Old Man Yuexia also has the help of two quasi-sage ancestors, Prince Xishen and Saint Ancestor Guixu, as well as Taiyi, Brahma and other peak-level Heavenly Saints."

"I have killed all the peak Heavenly Saints in the Jiyue Heaven Realm, but there are still more than a dozen powerful people from the early Heavenly Saint stage to the late Heavenly Saint stage. This is quite a force! Compared to the overall strength, our God Realm is still a little weaker."

"The treasure of the Ancient God Lord will be opened in thirty years, and we in the God Realm will inevitably meet them in the secret place of the treasure. When the time comes, there will inevitably be a bloody battle!"

After hearing this, Yun Xi said with some worry:"Master, what should we do?"

Qin Feng smiled slightly:"There are still thirty years before the secret realm of the Ancient God Lord is opened. Thirty years in the outside world, nearly ten thousand years in the Great Flood God Realm. After these ten thousand years, we, the children of the Divine Alliance, should have made some progress, and we will also make some progress as teachers!"

"In other words, when the next time the God Lord's secret realm opens, we, the children of the God League, will not necessarily be weaker than them. Of course, we cannot slack off. In the next time, everyone in the Divine Alliance will go into retreat with all their strength and wait for the secret realm of the Divine Lord to open! Yun

Xi nodded slightly:"Master is right!"

"By the way, Xi'er, put away these Hunyuan Shendan....."

Qin Feng waved his hand, and thousands of Hunyuan Divine Pills flew towards Yun Xi

"so much!"

Yun Xi was inexplicably surprised and quickly put away many Hunyuan Divine Pills.

The Hunyuan Divine Pill is the highest quality pill that Qin Feng can redeem from the system. It takes 100 million redemption points to exchange for one, and the effect is excellent.

Qin Feng has exchanged 90% of the exchange points on his body for the Hunyuan Divine Pill

"Xi'er, this Hunyuan Shendan is very strange. A person can take it three times in his life. Each additional pill taken will double the effect. After three pills, it has no effect. However, the interval between taking each pill is ten thousand years, otherwise it will be invalid."

"If you fully retreat in the Great Flood God Realm for thirty years, exactly ten thousand years will pass. You distribute these Hunyuan Divine Pills to Hongjun, Ziwei, and Fuzhi, and instruct them to take them again after ten thousand years."

"With the help of these Hunyuan Shen Dan, the strength of the children of the Shenmen League will surely improve tremendously...."

Qin Feng gave instructions carefully

"Disciple understands!"

Yun Xi carefully collected the elixir.

"Also, for my teacher to be able to defeat Old Man Yuexia this time, you have done a great job. If you hadn't refined the calming pill in time, I'm afraid my teacher would have been severely injured. It can be seen that your alchemy skills have made great progress."

Qin Feng looked at his beautiful disciple and couldn't help but admire him.

Yun Xi said happily:"It is my honor to be able to help Master. In fact, the disciple was able to refine the calming pill thanks to the help of the Qiankun Ding.

Qin Feng said happily:"You have a way to use the Qiankun Ding. This is your advantage." By the way, I have two ancient divine elixir formulas here, both of which are at the level of eternity. Take them and study them....."

As soon as he finished speaking, Qin Feng threw out two ancient prescriptions for elixirs.

"Thank you Master!"

Yun Xi was overjoyed and put away the elixir recipe happily.

She has always been obsessed with alchemy, and her alchemy ability has caught up with Qin Feng.

Now, with the help of the Qiankun Ding, she is even more powerful in refining high-grade elixirs. She has an advantage over Qin Feng.

What's more, she knows that the elixir in the realm of eternity will be of great use to the master.

She will definitely study it carefully.

"Master, my disciple, go and do some research now!"

"Go for it!"

"By the way, Master, it's been a long time since you went to my disciple's place to rest..."

Yun Xi's pretty face turned red.

"You girl... I know this...."

"Disciple resigns!"

Yun Xi bowed and left.

Qin Feng looked at her graceful back, smiled slightly, and closed his eyes again and fell into meditation.....

At the same time, in the Jiyue Heaven Realm, in Guanghan Palace.

It took a long time for Prince Xishen, Saint Ancestor Guixu, Taiyi and others to recover from the shock.....

"I really didn't expect that the soul of the little thief Qin Feng would reach the level of the Saint Ancestor. We all underestimated him!"

The Saint Ancestor of Guixu swallowed his saliva, feeling a little uneasy in his heart.

He never thought that he would provoke such a terrible guy.

Prince Xishen also sighed:"Father, since Qin Feng's soul strength is comparable to that of the Saint Ancestor , it would be impossible to use the Nail Head Seven Arrows Book to deal with him. What should we do?

But the old man Yuexia said coldly:"You don't have to be decadent!" Qin Feng's spirit is powerful, but his strength is average. Unless he stays in the God Realm forever. As long as he dares to come out, I will have a chance to destroy him!"

As soon as these words came out, everyone suddenly understood and agreed one after another.

"right! In terms of real strength, the little thief Qin Feng is almost like the early Saint Ancestor. He is no match for Senior Yuexia."

"Ha ha!! I was so shocked by the little thief's spirit that I almost forgot that spirit and strength are not the same thing. I was overthinking it."

"That's right, everyone! Is there any way to lure that little thief out of the God Realm? As long as he leaves the God Realm, we will have a chance?"

"I thought of it! Thirty years later, the secret realm of the God Lord's treasure will be opened, and all the forces from the Nine Heavens and Ten Realms will go there. This is the largest treasure house in the world, and I don't believe that Qin Feng is not tempted. When the time comes, he will definitely leave the God Realm and go to the Secret Realm!"

As soon as these words were said, everyone's eyes lit up.

Old Man Yuexia also nodded slightly: "That makes sense! Perhaps, thirty years later, we can meet him in the secret place. Unless, he is willing to give up that great opportunity! Taiyi hurriedly said: "

Senior, based on my understanding of that little thief, he will not give up." He will definitely go to the secret treasure land!"

Old man Yuexia sneered: "It's best if he doesn't give up! I am looking forward to meeting him in the secret realm!"

"Dad, there seems to be a restriction in that secret place. You can't fight each other, right?"

Prince Xishen reminded in a low voice.

Old Man Yuexia said disdainfully: "It's just that in most places, fighting is not allowed, but in some places, fighting is allowed. As long as Qin Feng dares to go, I can spare his life!"

As soon as these words came out, Taiyi and others looked at each other and couldn't help showing joy.

They saw the hope of killing Qin Feng again.

"That's all for today. I'm going to retreat to heal my wounds. Xi'er, please make arrangements for some fellow Taoists....."

At this time, Old Man Yuexia dropped these words and disappeared into thin air.

He was seriously injured and needs to be treated in time

"What do you guys plan?"

Prince Xi Shen looked at Taiyi and the others.

Taiyi and others looked at each other and communicated with each other.

Then, the Saint Ancestor of Guixu said:"Your Majesty Xi Shen, the five of us plan to stay in Jiyue Heaven Realm for thirty years in seclusion. By then, we are willing to go to the secret treasure realm with Senior Yuexia. Why don't you, His Majesty Xi Temple, allow it? Prince Xi Shen was delighted:"

That's great!" Come with me, everyone, I will arrange a place for you to retreat..."

At the moment, the group of people chatted all the way and left Guanghan Palace.

The content of their chat was all about how to destroy Qin Feng and what they were looking forward to thirty years later. The trip to the treasure...

But these people don't know that Qin Feng's strength has made tremendous progress, more than four times more than before..

Chapter 1106

Time flies, time flies.

In the blink of an eye, thirty years have passed...

The opening of the secret place of the ancient God Lord's treasure is approaching.

Hundreds of forces, large and small, in all the heavens and worlds, the Nine Heavens and Ten Territories, have already set off to go to the outside of the Nine Heavens Territory...

The treasure secret place is hidden deep outside the Nine Heavens Territory.

Even some old monsters from the Holy Ancestor who were hiding outside the Jiutian Territory quietly came out and began to secretly pay attention to the opening of the secret realm.

This has become the biggest event in the world!

At this moment, in the Jiyue Heaven Realm, in Guanghan Palace.

Prince Xishen, Saint Ancestor Guixu, Taiyi, Brahma and others were gathering together to discuss some matters.

At this moment, the space above the main hall shook, and Old Man Yuexia appeared out of thin air.

"father!"

"Senior Yuexia!"

When everyone saw the old man under the moon appearing, they all showed joy and came forward to pay their respects.

"Dad, you are finally out of isolation. The secret place of the treasure of the Ancient God Lord is about to be opened, and I am still worried that you will miss it."

"That treasure secret place is a huge opportunity, how can a father miss it!"

The old man walked down the steps slowly under the moon.

"Senior Yuexia, how is your injury?"

Guixu Saint Ancestor asked with concern on his face.

Old Man Yuexia smiled coldly: "That little injury can't hinder me. After these thirty years of retreat, I have fully recovered."

As soon as these words were said, everyone secretly breathed a sigh of relief.

To deal with Qin Feng, they still have to rely on Old Man Yuexia.

They naturally hope that Old Man Yuexia's strength can be restored to its peak state.

"By the way, did Qin Feng do anything while I was in seclusion?"

"Dad, my son has sent people to secretly investigate several times. For the past thirty years, Qin Feng has been in seclusion and has never left the Shenmeng headquarters. Presumably, he is preparing for the trip to the secret treasure place"

"snort! Just him? A young kid who doesn't even have the strength of a mid-term quasi-saint ancestor also wants to get his hands on the benefits of the secret treasure land."

Old man Yuexia looked disdainful.

Speaking of which, there are many treasures in the ancient treasure secret land. Those who can get great benefits are basically the powerful ones in the late stage of quasi-sage ancestors and above.

Most of the rest can only drink some soup.

Like Gui The last time the Xu Saint Ancestor got a heaven and earth spiritual root, he was already very lucky.

"However, it is also a good thing to be sure that Qin Feng will go to the secret place. I'm really worried that he won't go."

The old man Yuexia breathed a sigh of relief again.

He hated Qin Feng in his heart, and was afraid that Qin Feng would not give him a chance.

The Saint Ancestor of Guixu also flattered him and said:"Senior is right! This time, as long as Qin Feng's son dares to go, his life will be in danger."

Old man Yuexia smiled proudly:"I'm just afraid that boy won't give me a chance. Not much to say, the secret land is about to open, and we can't delay. You guys, get ready, we will set off tomorrow to go outside the Jiutian Territory!"

"Dad, my child has something else to report to you...."

"What's the matter?"

"Someone wants to meet you!"

"who?"

"Come out!"

Prince Xishen shouted to the outside of the hall.

Then, a young man walked in quickly from outside the hall and bowed respectfully to the old man Yuexia.

"Gou Chen, a disciple of Dajun Tianyu, pays homage to Senior Yuexia!"

"Gou Chen?"

Old man Yuexia looked at the young man in front of him.

The young man was only in the middle stage of Tiansheng, but his appearance looked familiar.

Suddenly, an idea flashed in his mind:"I remember, the name of the Lord of Dajun Tianyu is Jun. Holy Master, you look very similar to Jun Sheng. What is your relationship with Jun Sheng?"

Gou Chen said hurriedly: "Senior, Jun Sheng is my father!"

"It turns out that you are the son of Jun Sheng. As far as I know, Qin Feng killed Jun Sheng. You came to see me today. Could it be that you want me to avenge your father? Gou Chen looked sad."

What the senior said is absolutely true!" Then Qin Feng killed my father and also killed three heavenly saints in Dajun Tianyu. Nowadays, there is only one junior Heavenly Saint left in Dajun Tianyu. However, the junior is weak in strength and has no hope of revenge, so he can only come to ask the senior for help!"

When he said this, Gou Chen's eyes turned red.

Old Man Yuexia felt the same and sighed: "Gou Chen, even if you don't ask me for help. I will not let Qin Feng go either. That little thief killed my beloved daughter, how can I let him go?"

"Senior, this junior knows that you will definitely kill Qin Feng. This junior comes here with a plan to offer you!"

"What's the plan?"

Gou Chen said: "Senior, this junior has studied the strength of the God Realm through various channels over the years." In addition to Qin Feng, there are three powerful figures in the God Realm. One is named Qin Lei, one is named Qin Mu, and the other is named Hongjun"

"Without the help of the power of the divine world, Qin Feng's strength is infinitely close to the mid-stage quasi-saint ancestor. Qin Lei and Qin Mu are both half-step quasi-saint ancestors, and the two can be combined. After merging, the strength can reach the early stage of Quasi-Saint Ancestor"

"Hongjun's strength is at the peak of Tiansheng, which is equivalent to that of Tai Taoist friends. In addition to these four people, there are two middle-stage Heavenly Saints in the God Realm, and the rest are of average strength."

"However, the children of the God Realm have obtained the Zhoutian Star Dou Formation and can exert half of the strength of the Quasi-Saint Ancestor....."

Gou Chen analyzed them one by one.

Prince Xishen nodded slightly, deeply convinced.

He handed over to the Shenmeng and felt that Gou Chen's analysis was correct.

Saint Ancestor Guixu, Taiyi, and Brahma looked strange, secretly thinking that the strength of the Divine Alliance had improved too quickly!

They have fought against the League of Gods before.

At that time, Qin Feng and the Shenmeng were far from so strong!

Everyone present did not know that their understanding of the strength of Qin Feng and the Shenmeng was still limited to the battle thirty years ago.

The information obtained by Gou Chen is already out of date.

For the past thirty years, Qin Feng and the disciples of the Divine Alliance have been in seclusion without even taking a step out of the divine world.

There has been a huge deviation in the outside world's assessment of the strength of Qin Feng and the Shenmeng.

But after hearing what he said, Old Man Yuexia looked puzzled.

"Gou Chen, I already know the information you mentioned. What do you mean by bringing it up now? Gou Chen said hurriedly:"

Senior, what this junior means is that if Qin Feng goes to the secret place, he will definitely bring his capable men with him." According to the junior's estimation, those above the Heavenly Saint level will follow. After all, if you have one more person, you will get more opportunities."

"As a result, there are no strong people left in the God Realm, and the rear becomes extremely empty. The younger generation feels that if we want to destroy Qin Feng, we must kill him to death. For example, the senior attacked Qin Feng in a secret place"

"The junior took advantage of Qin Feng to enter the secret place and led his people to destroy his Great Wilderness God Realm. By then, even if he escapes from the treasure secret place by chance, he will become a mere commander after returning to the God Realm and will be difficult to use."

As soon as these words were said, everyone's eyes lit up, and they all said that the strategy was good.

Old Man Yuexia also nodded repeatedly:"Not bad! good! What a brilliant idea! This plan is tantamount to drawing fuel from the bottom of the cauldron and destroying the foundation of Qin Feng. Even if I fail to kill the little thief Qin Feng in the secret place, his vitality can still be damaged.

Taiyi said with some doubts:"Little friend Gou Chen, are you going to give up the opportunity to enter the secret place?"

Gou Chen nodded:"That's right!" In order to take revenge, I had to give up this opportunity. As long as I can kill all the creatures in the God Realm and destroy the foundation of Qin Feng, it is more important to me than the opportunity of the secret land!

Taiyi said again:"This is a bit risky." If Qin Feng gets the news and returns when you attack the God Realm, it will be bad. Gou

Chen smiled coldly:"I won't take action immediately, but wait for Qin Feng to enter the secret place before taking action." As we all know, once you enter a secret place, you are entering an absolutely closed space. Any spatial teleportation will be invalid and any communication to the outside world will be cut off."

"At that time, Qin Feng had no idea what happened in the God Realm. And after we kill all the creatures in the God Realm, we can also lay traps in the God Realm."

"In this way, even if Qin Feng is lucky enough to come out of the secret place alive. As soon as he returns to the God Realm, he will fall into a trap and there will be no way for him to turn around!"

As soon as these words came out, everyone's eyes lit up.

The old man under the moon stroked his beard and praised: "Not bad! good! It is indeed a good idea! Now that you have a countermeasure, why are you still looking for me? Gou Chen smiled bitterly: "

Senior, although this junior has clever ideas, he is not strong enough." Even if Qin Feng and several of his capable men are not in the God Realm, with the strength of our Great Juntian Realm, we still cannot destroy the Great Desolate God Realm, so this junior comes to ask the seniors for support!"

Old man Yuexia suddenly said: "That's it! What is the approximate combat power of the children of the God Realm?"

Gou Chen replied truthfully. "A rough estimate is that the combat strength of quasi-gods and above is about 150 million people, and they are also assisted by the Zhoutian Star Dou Formation. However, the combat strength of our quasi-gods and above in the Great Juntian Domain is only 80 million.

Old Man Yuexia frowned: "This comparison of combat power is indeed lacking." "

At this moment, Brahma said: "Senior Yuexia, this junior has just thought about it. If Qin Feng is not eliminated, my heart will never be at peace. This time, we in the Great Freedom Heaven Realm are willing to give up the opportunity of the secret land and stay to join forces with Daoist friend Gouchen to deal with the God Realm!

Gou Chen was overjoyed: "Great!" The combat strength of Da Zizai Tianyu Quasi-god and above should be around 100 million. Our two heavenly realms have joined forces, and our combat strength is stronger than that of the God Realm. Raise money.

Brahma smiled half-smilingly: "You know the details of my Great Freedom Realm very clearly." However, even if our two realms join forces, we still can't deal with the God Realm. After all, they have the Zhou Tianxing Dou Formation to help them. The number of our Heavenly Saint masters is not very large."

Taiyi said hurriedly: "Taiyi is also willing to give up the opportunity of the secret place and join you.

Gou Chen showed joy again:"Great!" Tai Daoyou is the most powerful person in the peak of Heavenly Saint within the Nine Heavens and Ten Domains. With you joining us, we will be more confident in destroying the God Realm."

At this time, Old Man Yuexia said:"Even so, you may not be able to destroy the God Realm. So be it, I, Jiyue Heavenly Realm, will also lend a helping hand to you. This time, I only took Xi'er and Zhentian friends to the secret place, while the rest stayed to deal with the God Realm. Gou Chen was ecstatic:"

This is great!" There are more than 500 million people with quasi-god or above combat power in the Jiyue Heaven Realm, and there are more than a dozen Heavenly Saints. We have formed a coalition, and this time we will definitely kill all the creatures in the God Realm and destroy the foundation of Qin Feng."

As soon as these words came out, Taiyi, Fentian and others nodded one after another, all thinking so.

But Prince Xishen smiled proudly:"Not only that, our Jiyue Heaven Realm also has the 'Nine Bends of the Yellow River Formation', and the power of this formation is not as powerful as Zhou Tian's. Under the Star Dou Formation, it is best to use it to restrain the Zhoutian Star Dou Formation. Gou

Chen was ecstatic again.

He said with excitement:"Great!" This time, the world of gods will perish!

Brahma also laughed:"Haha!"! This time, it would be extremely easy for our four realms to join forces to destroy a God Realm."

Hearing this, Old Man Yuexia, Prince Xishen, Saint Ancestor Guixu and others all smiled.

Later, Old Man Yuexia also asked:"This matter is secret, we must not let the news leak out. In addition, we must not act too hastily. We will wait until Qin Feng enters the secret place before you take action."

"The senior is right!"

Gou Chen and others accepted the order with a smile.....

At the same time, something was happening in the Great Flood God Realm.

Only more than thirty years have passed in the outside world, and ten thousand years have passed in the Great Flood God Realm.

Over the past ten thousand years, the strength of the children of the Divine Alliance has undergone earth-shaking changes.

On this day, Qin Feng summoned all the senior officials and was also arranging plans to stay behind in the God Realm..

Chapter 1107

On this day, Qin Feng summoned all the senior officials and was also arranging a plan to stay in the God Realm...

At this moment, in the main hall, Qin Feng was sitting on the throne with a look of relief, listening to the report of Lord Ziwei.

After these ten thousand years of seclusion, the strength of the children of the Divine Alliance has made tremendous progress.

The combat power of quasi-gods and above reached 400 million, and the number of people in the first and second realms of eternity reached more than a thousand.

The number of Supreme Saints also reached more than eighty.

For example, Fengdi, Qinglin, Gonggong, Jiuyin, Yingzhao, Xiangliu, Jiutian Xuanny, etc. have all reached the peak of the supreme saint.

What made him even more gratified was that there were also many powerful Heavenly Saints.

Thinking of this, Qin Feng looked at the senior leaders of the Divine Alliance below.

Kunpeng and Hongyun relied on their own talents, as well as the help of thousands of years of hard work and the Hunyuan Divine Pill, to successively break through to the early stage of Tiansheng.

By chance, Qin Baobao was recognized as the owner of the sacred red hydrangea. With the help of the red hydrangea, as well as the help of thousands of years of hard work and the Hunyuan Divine Pill, he also broke through to the early stage of Tiansheng.

Styx successfully integrated the fragments of the sacred artifact Eternal River into the Endless Blood Sea, and eventually promoted the Endless Blood Sea to a sacred artifact and automatically recognized it as its master.

Later, with the help of the endless sea of blood, and after thousands of years of hard training, he successfully broke through to the early stage of Heavenly Sage.

Fu Zhi and Ziwei star masters, through becoming the masters of the prototype of heaven, successively broke through to the early stage of heavenly saint.

Now, after ten thousand years of hard training and refining the Hunyuan Divine Pill, the two finally broke through to the middle stage of Heavenly Sage.

After thousands of years of hard training, and with the help of the Hunyuan Divine Pill, Lu Ya and Queen Mother Xi also broke through to the late stage of Tiansheng.

After thousands of years of hard training and the assistance of elixirs, Panzu had gone from the limit of the late Heavenly Sage to one step away from the peak of the Heavenly Saint.

However, he has the sacred weapon Sky-Opening Ax in his hand, and his overall strength has barely reached the peak level of Heavenly Saint.

Hongjun's talent is extremely astonishing. After thousands of years of hard training, and with the help of the Hunyuan Divine Pill, he suddenly broke through from the middle stage of Tiansheng to the peak of Tiansheng, and his comprehensive strength has reached the level of half-step quasi-saint ancestor.

Generally speaking, there are four people in the early stage of the Divine Alliance Tiansheng, namely: Kunpeng, Hongyun, Qin Baobao, and Minghe.

There are two people in the middle stage of Tiansheng, namely: Ziwei and Fuzhi.

There were three people in the late Tiansheng period, namely: Panzu, Lu Ya, and Queen Mother of the West.

One person at the peak of Tiansheng is Hongjun.

In total, there are exactly ten people.

If this spreads out, it will definitely shock the Nine Heavens and Ten Realms.

Only the top ten forces in the entire Nine Heavens and Ten Domains can have more than ten powerful Heavenly Saints.

What's more, there are three quasi-saint ancestor-level combatants in the God Realm: Qin Feng, Xuying Clone, and Xuan Ming Clone.

In short, with the current comprehensive strength of the God Realm, it is no longer under Jiyue Tianxia and is fully capable of ranking among the top five in the Nine Heavens and Ten Domains.

Of course, the great improvement in strength of his subordinates also gave Qin Feng a lot of combat power in return.

Coupled with these ten thousand years of hard training and the assistance of the Hunyuan Divine Pill, Qin Feng's combat power increased to 36 million.

Now, even if he meets the pinnacle of the Quasi-Saint Ancestor, he dares to compete with him.

In addition, Qin Feng's cultivation level has also increased to 91.7% of the second level, which is not far from the third level.

If he breaks through to the third level of the Supreme Saint, his strength will undergo earth-shaking changes.

At that time, even the most powerful quasi-Saint Ancestors will not be his opponent. Only the Saint Ancestors in the sixth realm can threaten him.

Just breaking through from the second realm to the third realm requires endless energy for Qin Feng.

It would take him hundreds of thousands or even millions of years to break through just by practicing hard.

However, there is a big opportunity right now that can allow Qin Feng to break through to the third realm faster, which is the secret place of the ancient God Lord's treasure.

That secret place not only hides the legacy of the ancient God Lord, but also contains a massive amount of resources and energy.

"Your Majesty, in one month, the secret treasure land will be opened. At present, most of the forces of all sizes in the Nine Heavens and Ten Realms, as well as all the heavens and worlds, have already set off. When will our God Realm depart?"

Ziwei Star Master asked respectfully.

All the high-level officials also looked at Qin Feng, all showing expectant looks.

Qin Feng thought for a while and then asked: "Is there any movement in the Jiyue Heaven Realm?"

Ziwei Star Master shook his head and said: "Over the years, our God Realm has been in seclusion and has never sent anyone out to inquire. I have not yet grasped the movements in the extreme moon world.

"However, with the speed of Old Man Yuexia and Prince Xi Shen, it would take more than twenty days to get there from the Extreme Moon Heaven Realm to the Ancient Secret Land. Judging from my appearance, they should be setting off in the near future, otherwise they will not be able to make it in time. As soon as he said this

, Hongjun said anxiously: "Dad, when will we set off from the God Realm?" If calculated based on the speed of the first realm of eternity, it would take about a month to rush from the God Realm to the secret treasure land. If we don't set off, the child will worry that it will be too late."

Qin Feng smiled slightly: "Why should we calculate it at the speed of the first realm of eternity?"

Hongjun said hurriedly: "Dad, we all know this." For this secret assessment, as long as your cultivation reaches the first realm of eternity, you are eligible to enter. Every more person who enters equals one more point of rescue."

"Every time a secret land is opened, whether it is the Nine Heavens and Ten Domains, or the small forces in the heavens and worlds, as long as their cultivation reaches the eternal realm, they will go to explore it. For those in the Eternal Realm, this is a once-in-a-lifetime opportunity!"

As soon as these words came out, the senior officials nodded slightly.

They were also looking forward to going to the secret place in their hearts and did not want to miss this opportunity.

After all, the secret place only opens once in millions of billions of years. If you miss this time, who can guarantee that you can wait until next time? Once?

Hundreds of billions of years are too long, and it is common to die midway.

Even after the secret land is opened this time, if someone gets the inheritance of the ancient god, the secret land will disappear forever, and there will never be such an opportunity again.

Qin Feng also nodded slightly.

He also hopes that all his subordinates will get this opportunity to improve their strength.

As the strength of his subordinates increases, his strength will also increase.

At that moment, he said: "I understand your thoughts, and I also hope that those who are above the eternal realm will All the disciples can enter the secret place to explore. However, I am different from others. There is a Great Flood God Realm in my body, and I can summon you into the Great Flood God Realm at any time."

"At that time, as long as I rush to the secret place alone, I can summon everyone there at any time. Hearing this

, Hongjun suddenly said: "Yes!" As long as Dad rushes there alone, he can take everyone there."

Qin Feng said again: "Of course, this time only the disciples above the eternal realm can be summoned, and those below the eternal realm cannot enter. This is the rule of the secret place."

"In addition, once the deity enters the secret place, he cannot summon everyone. The space in the secret place is restricted, blocking all small universes from entering, so the summons must be completed at the entrance of the secret place."

Qin Feng gave a rough explanation.

This information was given to him by Xian Ling and others.

"Dad, I will understand later. When do you plan to leave?"

Qin Feng did not answer immediately. Instead, he looked up and looked outside the hall with a thoughtful expression.

Then he whispered: "There is one more thing I am worried about as a father."

"Dad, what's the matter?"

"I have many enemies in the divine realm. This time, if our disciples above the Eternal Realm all come out in full force and head to the secret place. Once we enter the secret place, we will be cut off from outside information. What should I do if the enemy comes at this time, takes advantage of the opportunity to attack my divine realm, and destroys my foundation?"

As soon as these words came out, Hongjun, Ziwei, Panzu and others all changed their expressions.

That's right!

Everyone above the Eternal Realm has gone to explore the secrets, and the defense of the God Realm will become extremely empty.

At this moment, if an enemy comes to the door, those disciples will not be able to protect themselves at all. If you can't stop it, you will only be massacred!

This kind of thing is very possible!

After all, there are many enemies in the God Realm!

"Your Majesty, what should we do? Otherwise, how about I stay in the God Realm?"

Ziwei took the initiative to assume the responsibility of staying behind

"Father, it is most suitable for my son to control the Zhoutian Star Formation, and he is willing to stay in the God Realm."

Fu Zhi also took the initiative to ask to stay.

Seeing this, Hongjun also sighed: "Father, there can be no loss at all in the God Realm. We don't know how powerful those enemies will be. To be sure, the child is willing to stay behind."

Seeing this scene, all the senior officials expressed their opinions one after another.

"Your Majesty, I am also willing to stay here!"

"Your Majesty, the little girl also wants to stay!" .....

For a time, in the main hall, all the senior officials rushed to ask for orders.

Qin Feng said in surprise: "You are vying to stay behind, are you giving up the opportunity?"

"Your Majesty, if you lose your foundation in the divine world just because of chance, it won't be a good idea!"

"yes! We would rather lose the opportunity than lose the foundation of the divine world.

Seeing this, Qin Feng said: "Our enemies are nothing more than the Extreme Moon Heaven Realm, the Great Zizi Heaven Realm, the Great Sun Heaven Realm, and the Great Jun Heaven Realm." Nowadays, the Great Sun Heaven Realm exists in name only, and only the other three realms may sneak attack on our God Realm."

"In this case, why should we passively wait for them to attack? It's better to strike first to gain the upper hand. Destroy the foundation of those three realms first.

Hongjun couldn't help but ask: "Dad, what do you mean?"

Qin Feng smiled slightly: "Go to the secret place. Just go there alone as a father." The remaining people took the initiative to attack the Juntian Territory, the Great Freedom Heaven Territory and the Jiyue Heaven Realm. I'm afraid they wouldn't have thought that we would strike first!"

As soon as these words were said, everyone seemed to have realized something.

Yes!

If they take the initiative to attack, they should catch the other party by surprise.

"Dad, the old man under the moon and the prince of Xishen....."

"After a few more days, Old Man Yuexia and Prince Xishen will definitely set off. Without these two people, the forces in the three domains would be nothing....."

At the moment, Qin Feng revealed all his plans and details.

In the next plan, everything will be interconnected, and many illusions will be made to confuse Old Man Yuexia.

After hearing this, all the subordinates' eyes lit up, they all felt that the plan was feasible, and they all looked overjoyed.....

Afterwards, Qin Feng arranged tasks for many of his subordinates and returned to the Great Flood God Realm to make some preparations.....

An hour later, the phantom clone, Hongjun, and Panzu flew out of the God Realm headquarters.

As soon as the three of them left the realm of the gods, Panzu flew to the Great Jun Heaven Realm, Hongjun flew to the Great Freedom Heaven Realm, and the phantom clone flew to the farthest Jiyue Heaven Realm..

Chapter 1108

Time flies!

A few days passed in the blink of an eye.

The forces of the Nine Heavens and Ten Domains have basically set off.

Old Man Yuexia, Prince Xishen, and Saint Ancestor Guixu had set out two days ago, leaving Taiyi, Brahma, Gou Chen and others to wait and see what happened.

On this day, Qin Feng was meditating in the Holy Land of Tiangong.

Suddenly, a message came from the communication jade talisman.

He took out the jade talisman and looked at it. After a moment, a smile appeared on his lips.

The message was sent by Xian Ling.

Qin Feng asked her to send someone to the Jiyue Heaven Realm, pretending to go with Old Man Yuexia to the outside of the Jiutian Territory.

The result was that Old Man Yuexia had set off two days ago.

This made Qin Feng feel reassured.

At this moment, another message came from the communication jade talisman.

After Qin Feng read it, he thought about it and disappeared out of thin air.

The next second, he appeared in the vast starry sky, with Hongjun beside him.

And in front of them, hundreds of millions of miles away, there is a vast world, which is the Great Freedom Heaven.

"father!"

As soon as Hongjun saw Qin Feng, he happily came forward to pay his respects.

"Didn't the people in the Great Freedom Realm notice you?"

"The child acts very carefully and no one notices"

"That's good!"

Qin Feng waved again and summoned Qin Baobao.

"dad!"

Qin Baobao happily stepped forward to meet him.

"Baby, the next task is left to you. Hold this secret jade talisman. After use, it can hide your figure. Even if the early stage of the Quasi-Saint Ancestor comes, it will be difficult to find your traces."

Qin Feng waved his hand and threw out a piece of secret jade talisman.

Qin Baobao took it happily.

Then, with a thought in her mind, spiritual power was injected into the jade talisman.

Buzz~!

The jade talisman trembled, the spiritual light emitted, and the package Qin Baobao lived there.

Then, her figure turned transparent and disappeared from Hongjun's eyes.

"Huh! Really missing!", Hongjun opened his eyes wide

"I'm still here! whee!"

Qin Baobao's voice sounded at the same place.

Hongjun was very curious and quickly scanned with his spiritual sense, but found that he could not sense any breath.

"Tsk tsk!! Dad, with this talisman on your baby, you don't have to worry about being discovered. By the way, Dad, when will we attack the Great Freedom?"

"wait!", Qin Feng looked outside the Jiutian Territory

"We will take action after all the old people under the moon have entered the secret place and are cut off from outside information. The father wants to completely destroy their foundation."

Hongjun said with a smile: "In this case, when the trip to the secret place is over, Old Man Yuexia will definitely be angry to death when he finds out that his nest has been destroyed.

Qin Feng sneered: "I did this for my father not to make him angry." When his father destroys his lair and lays a trap in his lair, he waits for him to come back so that he can be wiped out in one fell swoop and avoid future troubles forever! Hongjun's eyes lit up: "

Dad, you really are a master of chess!"

Qin Feng smiled slightly: "Let's go!" I'll leave this to the baby, let's go back!"

At that moment, the two disappeared out of thin air...

Time flew by quickly, and several days passed in the blink of an eye.

Pan Zu rushed to the vicinity of Dajun Tianyu, and used the secret jade talisman given by Qin Feng to hide.

The shadow clone rushed Arriving near the Jiyue Heaven Realm.

He summoned Styx, gave him the secret jade talisman, and asked Styx to hide nearby, waiting for orders...

But Qin Feng had already gone to the secret place of the treasure a few days ago.....

In this way, Qin Feng arranged everything and asked Ming He, Qin Baobao, and Panzu to use secret jade talismans to hide near the Three Realms.

This is equivalent to building three teleportation arrays.

At that time, Qin Feng and the two clones can use the space to reverse summon, return instantly, and lead the army to kill...

Of course, Qin Feng will not take action immediately.

He would wait until all the old people under the moon entered the secret place, and then suddenly return to kill them.

In addition, Qin Feng arranged for Ming He, Qin Baobao, and Pangu to hide because these three people were strong enough and were all heavenly saints.

However, the Nine Heavens and Ten Realms know very little about these three people.....

Just like that, another twenty days passed unknowingly, and in the blink of an eye it was the last time for the secret land to be opened.

Most of the forces have arrived at the entrance to the secret place one after another.

At this moment, Qin Feng was suspended in the void.

All around him, there were the evil winds from the Nine Heavens that roared constantly.....

The evil wind of the Nine Heavens has a color like ink. If the evil wind blows below the Eternal Realm, it can turn into dust in a moment, which is extremely terrifying...

Such evil winds can be seen everywhere outside the Nine Heavens Territory, so those who have not cultivated to the Eternal Realm can travel outside the Nine Heavens Territory and It makes no difference to die....

"finally reached!"

Qin Feng looked ahead.

He saw endless evil winds from the Nine Heavens ahead, forming a huge eye of the wind.

And in the center of the dark eye of the wind, there was a mini hill, exuding dazzling golden light.

That hill It is called Mount Sumeru, and it is the entrance platform to enter the secret realm of the ancient God Lord.

Every time the secret realm is opened, Mount Sumeru will appear first.

The examiner needs to pass through the obstruction of the Nine Heavens Evil Wind and enter Mount Sumeru in the eye of the wind.

The entrance to the secret land, It was at the top of Mount Xumi.

At that moment, Qin Feng waved his hand, and the space around him changed. Shadow clones, Xuan female clones, Hongjun, Lu Ya, and Queen Mother of the West appeared one after another.

"arrive!"

Hongjun's face was filled with excitement as soon as he saw Mount Sumeru in front of him.

"Walk!"

As soon as he finished speaking, Qin Feng took the lead and flew towards Mount Sumeru.

Hongjun and others followed closely.

The group of people flew towards Mount Sumeru like this.

What was strange was that as Qin Feng and others approached Mount Sumeru, their bodies It kept shrinking, and soon it became as big as an ant.

In the eyes of Qin Feng and others, Mount Sumeru in front of them kept enlarging. In the blink of an eye, it changed from the size of a fist to hundreds of millions of feet tall, and it was still changing. big.....

At this moment, on the top of Mount Sumeru, there was a huge square, shrouded in seven-color glow, and the surrounding spiritual energy was thick like fog, making it feel like a fairyland... At

this moment, tens of thousands of people gathered in the square, divided into large and small groups. Nearly a hundred groups.

These are all cultivators who came to participate in the treasure exploration. Among them, those with the lowest cultivation level are in the first realm of eternity, and the strongest ones are at the pinnacle of the Quasi-Saint Ancestor.

If you observe carefully, you can find that nineteen of the groups are very powerful.

Of those nineteen great forces, sixteen came from the Nine Heavens and Ten Domains, which happened to represent the sixteen major heaven realms (domains).

No one came from the Great Freedom Heaven Realm, the Great Jun Heaven Realm, and the Great Sun Heaven Realm, so there were only sixteen.

The remaining three major forces came from the mysterious depths of the outer void.

Those three forces are all sparse in number, but their origins are mysterious. Some may be disciples of the old monster of the Holy Ancestor, while some even have unclear origins, but they are all powerful.

As for the remaining small and medium-sized power groups, most of them come from various worlds, and their strength is very low, or they are wandering forces in the world.

At this moment, the atmosphere in the square is lively.

Among the explorers, some are meditating, some are chatting, and some are exchanging scarce resources.....

As long as you step into this square, the rules left by the ancient God Lord will be activated, which prohibits explorers from killing each other.

Otherwise, they will be forcibly teleported out of the square and thrown deeper into the outer void.

In this case, it is easy to miss this opportunity.

Therefore, all the groups get along quite harmoniously, and no one fights. Even if enemies meet, they will temporarily put down their grudges in order to gain opportunities smoothly.

Of course, this square is just the entrance, and the real secret realm has not yet been opened.

At this moment, in a corner of the square.

Old Man Yuexia, Prince Xishen, and Saint Ancestor Guixu gathered together and whispered.

"Dad, in another hour, the entrance to the secret land will be opened. Why hasn't the little thief Qin Feng come yet? Wouldn't he be afraid to come?"

Prince Xishen looked anxious.

He wanted to take this opportunity to get rid of Qin Feng, and naturally hoped that Qin Feng would come.

Although fighting is prohibited in most areas of the secret place, there are some places where fighting is supported.

"yes! If Qin Feng doesn't come, Taiyi, Brahma, and Gouchen may be in misfortune. Not only will their plan fail, but they will also lose this great opportunity....."

The Guixu Saint Ancestor sighed.

Hearing this, Old Man Yuexia couldn't help but frown.

In order to complete Gou Chen's plan, he made many of his disciples give up this opportunity and made a huge sacrifice.

If Qin Feng really doesn't come, he will have to draw water from a bamboo basket in vain.

At this time, there were several sounds of piercing the air above the square.....

"Someone is coming again!"

There was discussion among the crowd.

Yuexia and the three old men couldn't help but follow the sound and saw a young man with noble temperament and handsome appearance descending from the sky and slowly landing on the square.  
.....

As soon as the young man appeared, the eyes of many female cultivators in the field lit up, as if they were amazed...

The three old men under Yuexia also showed joy when they saw Qin Feng.

The person coming was none other than Qin Feng.

This guy really showed up, and their chance had arrived.

When they saw Qin Feng followed by the shadow clone and others, the joy on their faces became even stronger.

"Dad, that's great! This time, not only Qin Feng himself came, but Qin Lei, Qin Mu, his child Hongjun, and two Tiansheng subordinates also came"

"As a result, there are only a few soldiers and generals left in the divine world, and there is no heavenly saint in charge. Gou Chen's plan will succeed!"

Prince Xishen said excitedly

"yes! Without Tiansheng in charge, Taiyi and the others would definitely be able to slaughter the entire God Realm and destroy Qin Feng's foundation this time. All this is within our calculation!"

The Saint Ancestor of Guixu was very excited.

They didn't understand the true strength of the God Realm at all.

At this moment, Old Man Yuexia was also so happy that his face turned red.

Then, he quickly sent a message: "Xi'er, little friend Zhentian, be quiet quickly. Voice! Don't let Qin Feng's son eavesdrop on our transmission and spoil the plan!"

Hearing this, Prince Xishen and Saint Ancestor Guixu looked at each other and smiled, their hearts filled with joy.

At this moment, the three of them all thought that their plan was about to succeed, and their hearts were extremely happy. On the other side of the square, Qin Feng glanced at the whole place, and Looking this way, there is a smile on the corner of the mouth...

Chapter 1109

Seeing Qin Feng's look, Old Man Yuexia also looked over.

The two sides faced each other, then each sneered, pretended not to know each other, and looked away.

Afterwards, Qin Feng led Hongjun and others to a corner of the square and waited for the secret place to open.

"Who is this young man? Looking at his refined temperament, he is very extraordinary!"

"I don't know, I've never seen it before...."

Many people in the crowd were secretly sizing up Qin Feng.

This is Qin Feng's first time participating in the exploration. He has never been here before, so most people don't know him.

This naturally aroused the curiosity of some people, especially the female nuns.

This made some male cultivators a little unhappy.

There were also disdainful voices from some male cultivators in the crowd.

"hehe! It can be seen that the young man is the leader of the group, but his cultivation level is only at the second level of eternity. A force with the Second Realm as its leader should come from some world, it's not worth mentioning!"

As soon as those words came out, many people agreed

"Fellow Taoist You are right! A force from the middle and large worlds does not even have a heavenly saint, so it can only be regarded as a small force. Such forces can be seen everywhere here, and there is nothing to pay attention to."

"Ha ha!! Brother, most of the leaders of the many small forces present are Supreme Saints. The forces headed by the Second Realm are at the bottom even among the small forces. It can be seen that this force is too weak."

Many people evaluated the strength of Qin Feng and others, with disdain in their eyes.

In order to prevent Old Man Yuexia from noticing anything strange, Qin Feng and his two clones did not hide their cultivation.

And Hongjun, Lu Ya, Queen Mother Xi's cultivation was hidden by Qin Feng's secret technique.

After all, the cultivation of the three of them improved too fast. Qin Feng didn't want Old Man Yuexia to think too much, so he concealed the cultivation of Hongjun and the other three.

As for Qin Feng and the two big points His physical cultivation level is low, so he doesn't need to do anything to hide it. It can just paralyze everyone.

Those who don't know Qin Feng will naturally greatly underestimate the strength of the Divine Alliance when they see Qin Feng as the leader and his cultivation level is still so low.

This square There are hundreds of large and small forces in the world.

Generally speaking, those with a Heavenly Saint in charge are medium-sized forces.

Those with a Heavenly Saint peak or above are in charge are large forces.

Those with a Quasi-Saint Ancestor peak leader are super forces.

In the square, there are seven super powers, four of which come from the Nine Heavens and Ten Realms, and the Jiyue Heaven Realm is one of them. The remaining three super powers come from the mysterious outer void.

And Qin Feng, who is headed by the Second Realm In the eyes of everyone, the power is at the bottom among small powers, and they naturally look down upon it.

After all, most small powers will have one supreme saint, or even several supreme saints, in charge.

However, everyone is talking about it.

Qin Feng He listened to their words, just smiled and said nothing, and didn't take it to heart at all.

With his current strength, he is infinitely close to the threshold of reaching the pinnacle of the quasi-saint ancestor.

If you include the shadow clone and the mysterious female clone, the god The comprehensive strength of the alliance has completely reached the level of a super power.

Unfortunately, those people underestimated the Shenmeng.

Qin Feng did not bother to defend, let alone defend himself.

At this moment, many female cultivators in the crowd were still secretly sizing up Qin Feng, fascinated. and his calm demeanor.

This made some jealous male cultivators murmur again.

"snort! What's the use of just having a good-looking skin? When we practice cultivation, we should respect our strength. Some female cultivators are just short-sighted!"

"yes! In my opinion, these female cultivators should learn from some powerful female cultivators, such as Fairy Xianling, she would not be so superficial!"

In the corner, two male cultivators whispered, deliberately speaking too loudly, causing the surrounding female cultivators to frown.

These two people were obviously mocking them!

However, these two men mentioned Fairy Xianling, and the female cultivators He couldn't help but look at the corner of the square, where the Great Xian Heavenly Realm was located, and Xian Ling was among them.

But at this glance, the female cultivators had strange expressions on their faces.

Xian Ling was seen silently looking at Qin Feng , there was a hint of admiration in his eyes.

The two men before happened to look over.

At this sight, the two men felt a little embarrassed.

They had just finished what they said before, and they were slapped in the face.

But they couldn't understand, Xian Ling is a powerful person at the peak of the Heavenly Saint, so why would he be obsessed with a pretty girl in the second realm?

At this moment, Qin Feng seemed to sense Xian Ling's gaze and couldn't help but turn his head to look.

The two looked at each other, Xian Ling smiled sweetly and made a blessing salute to Qin Feng from a distance, which was very respectful.

This immediately made the people around him dumbfounded.

Isn't it possible?

A strong man at the peak of the Heavenly Saint actually saluted to a second-level person. , what is going on?

For a moment, the spectators in the corner were very shocked. They all looked at Qin Feng secretly and speculated secretly.

However, some people were still disdainful. After all, Qin Feng's cultivation level was too low.

Qin Feng Too lazy to pay attention to these people, he nodded slightly to Xian Ling, saying that he had seen it before.

At the moment, he was confronting the old man Yuexia, and he did not want Xian Ling to be involved in the fight between the two parties.....

"Dad, these people are so boring!"

Qin Feng's ears rang with Hongjun's voice.

He also heard the gossip among the crowd.

"Don't worry about that. In one hour, the entrance to the secret land will open. Let's be prepared. There will be a lot of things to do in a while....."

Qin Feng secretly conveyed the message.

Hongjun understood.

He knew what Qin Feng meant. After a while, the entrance to the secret place opened. After the old man Yuexia entered the secret place, they immediately turned back and attacked the Great Jun Heaven Realm, the Great Zi Zi Tian Realm, and the Jiyue Heaven Realm at the same time.

However, they only had eight hours to take action.

Because the entrance to the secret place only takes eight hours from opening to closing.

They have to solve the three major forces' lairs within eight hours, then return here and enter the secret place.

In this way, the foundations of the three major forces can be destroyed without anyone noticing, and Old Man Yuexia's retreat can be cut off.

Thinking of this, Hongjun stopped thinking about it, closed his eyes and meditated, adjusting his whole body to its peak state, ready to fight at any time.

The same goes for Lu Ya and Queen Mother of the West.

Qin Feng and his two clones also closed their eyes and meditated, paying no attention to external affairs.

The low-key behavior of the Shenmeng group made the people around them gradually lose interest in them.....

Another point is that Old Man Yuexia and the other three have been secretly observing Qin Feng's every move.

After seeing Qin Feng and his party meditating with their eyes closed, the three of them relaxed their prying eyes and began to communicate secretly.

"Dad, the entrance to the secret land will open soon. When will we go in? After Qin Feng and others go in, shall we go in again, or shall we go in first?"

Prince Xishen sent a message to ask.

Old Man Yuexia thought for a while and said:"According to the unwritten rules in the past, it was defaulted that the super forces would go in first, then the large forces, medium forces, and small forces."

"Our Jiyue Heavenly Realm is a super force, and we are among the first to enter, probably before the God Realm. After a while, we will enter first to avoid Qin Feng being suspicious.

Prince Xishen nodded slightly:"That makes sense!" If Qin Feng becomes suspicious and leaves Qin Lei or Qin Mu behind, it will not be a good thing for Taiyi and the others."

Guixu Saint Ancestor also praised:"Senior Yuexia is still thoughtful!"

Old man Yuexia smiled proudly:"Success or failure often lies in the details. If the performance is abnormal, it will inevitably arouse suspicion. By the way, you two are now sending a message to Taiyi, Brahma and Gouchen, asking them to take action in nine hours!"

"yes! Dad (senior)!"

At that moment, Xi Shen and the others took out the communication jade talisman and sent a message to Taiyi and the others.....

Nine hours later, it will be the time when the mouth of the secret land is closed.

The old man under the moon concluded that Qin Feng and others had all entered the secret place at that time, and there was no possibility of retreat.

At that time, Taiyi and others no longer had any scruples to take action.

"Dad, it's finished!"

A moment later, Xi Shen and Xi Shen finished sending the message.

The three of them looked at each other with a look of pride on their faces.

They thought that their plan was perfect...

Chapter 1110

After a while, Xi Shen and Xi Shen finished sending the message.

The three of them looked at each other with a proud look on their faces.

They think that all their plans are perfect.....

At the same time, in the distant Great Freedom Heaven, in the main meeting hall.

Brahma, Shiva and Vishnu are waiting for news about the old man under the moon

"Chief, do you think Qin Feng will go to the secret place this time? Could it be that he didn't dare to go to the secret place because he was afraid of Senior Yuexia? After all, his overall strength is not yet at the mid-stage of Quasi-Saint Ancestor. Without the help of the power of heaven and earth, he is no match for Senior Yuexia."

"yes! I'm also worried that Qin Feng won't dare to go. After all, there are still some places in the secret place where fighting is allowed. If Qin Feng cherishes his life, he really might not go. If he doesn't go, we won't be able to attack the God Realm."

Both Shiva and Pishnu looked worried about gains and losses.

Brahma frowned and felt uneasy in his heart.

Naturally, he wanted Qin Feng to go to the secret place.

If Qin Feng didn't go, their plan would fail.

The price would be theirs. Unbearable.

Because in order to destroy the God Realm, they made the disciples of the Great Freedom Heaven Realm take the initiative to give up the great opportunity of the secret land.

That is an opportunity that only comes in millions of billions of years!

It is worthless that must not be given up!

"Do not worry! This leader feels that Qin Feng will not give up the great opportunity that day. After all, he is a descendant of the ancient God Lord. When he enters the secret place, he will be favored by the God Lord and will be more likely to get opportunities. How could he miss it! Brahma said consolingly.

Shiva sighed:"I hope so!"

As soon as he said this, a message came from Brahma's communication jade talisman.

He quickly took it out and took a look, and a look of ecstasy quickly appeared on his face.

"Big boss, is this the message from fellow Taoist Zhentian?", Pishnu asked with concern

"Ha ha!! That's right! Let me tell you some good news. Qin Feng really went to the secret place, and he also brought Qin Mu, Qin Lei, Hongjun, and two of Tiansheng's men. Nowadays, there is not even a single powerful Heavenly Saint left in the God Realm. Brahma laughed and put away the communication jade talisman.

"That's great!"

Shiva and Vishnu were overjoyed.

"You two, Senior Yuexia asked us to start in nine hours. You gather the army quickly. Nine hours later, the army marched towards the God Realm!"

"yes! Big boss!"

Shiva and Vishnu left happily.....

On the other side, in the Jiyue Heaven Realm, in Guanghan Palace.

Taiyi and the two old women also received a message from Prince Xishen.

The faces of the three people were also full of ecstasy.

"Ha ha!! This time, God is really going to kill Qin Feng! Saint Gu and Saint Po also asked two fellow Taoists to quickly summon the army from the Jiyue Heaven Realm. Senior Yuexia asked me to wait nine hours before heading to the God Realm!"

"I'll go right away!"

The two old women bowed to Taiyi and left in a hurry.

These two old women were both powerful late-stage Heavenly Sages, one named Gusheng and the other named Posheng.

Under these two old women, Jiyue Heavenly Realm There are also three middle-stage Heavenly Saints and six early-stage Heavenly Saints.

Before Old Man Yuexia left, he asked Taiyi to temporarily command the army of Jiyue Heavenly Realm, so Gusheng and Posheng would follow his arrangements.....

At the same time, in the Great Juntian Territory, there was a meeting hall.

After reading the jade talisman in his hand, Gou Chen looked up to the sky and laughed wildly.

"God helps me! Qin Feng, you are dead this time! Dad, I can avenge you! Ha ha! Someone come quickly!!"

"Young Master, what's the matter?"

A supreme saint rushed to the hall

"Go and assemble the army! I will attack the God Realm in nine hours!"

"It's the young master!"

The Supreme Saint quickly accepted the order.....

For a time, the three major heavenly regions were actively mobilizing their armies and preparing for war.

Taiyi, Brahma, and Gouchen were all extremely excited, thinking that the overall situation was under control.....

At the same time, at the entrance to the secret place.

Qin Feng was still meditating in seclusion, unaware of everything around him.

In this way, time passed unconsciously.....

In the blink of an eye, almost an hour has passed, and the entrance to the secret place is about to open.

In the square, people became nervous and looked towards the center of the square from time to time.

The entrance to the secret place appeared in the center of the square.

"Dad, there's only one minute left, the entrance is about to open!"

Hongjun's voice rang in Qin Feng's ears.

The little guy couldn't wait any longer.

Qin Feng then opened his eyes and looked towards the center of the square.

At this moment, a system prompt sounded in his mind

"Ding~! Congratulations to the host, your subordinate Chu Chu has successfully created a small universe... It is named Chutian Small Universe... Chu Chu's cultivation has broken through to the first level of eternity.....The host has received feedback from the combat power...the combat power has been improved....."

Chu Chu actually broke through!

Qin Feng's eyes shone, and he was surprised and happy in his heart.

After entering the God Realm, Chu Chu knew that his talent was not as good as that of Feng Di, Qin Baobao, and Ziwei, so he stayed in seclusion and practiced hard all year round.

It can be said that Chu Chu works ten thousand times harder than any of Qin Feng's subordinates.

That girl is a very strong person!

She doesn't want to drag down Qin Feng, and even fantasizes that her strength will improve and one day she can help her brother.

Because of this belief, Chu Chu spent tens of thousands of years in seclusion.

In the past tens of thousands of years, Qin Feng had given her many medicinal pill resources, even more than most of his confidants.

Even so, due to the drag of talent, Chu Chu's cultivation is still progressing slowly, far behind the pace of Qin Baobao and Ziwei.

However, Qin Feng never gave up on her.

After all, this is the sister he has been with since childhood, and has grown up together with her.

And Chu Chu never gave up, and today she finally broke through to the first realm of eternity.

Having reached the first level of cultivation, you just have the qualifications to enter the secret place.

Perhaps in this secret realm, there is an opportunity to improve Chu Chu's talent, so that this girl will no longer suffer from inferiority and distress, and also fulfill his wish to be an older brother.

Qin Feng became excited at this thought.

Before, he was still worried that so many of his subordinates could enter the secret place to gain opportunities, but his beloved sister could not enter.

Now it can be said that I got what I wanted!

This time, Chu Chu can be released from seclusion!

At this moment, the system prompted again

"Ding~! Remind the host that you already have three prototypes of heaven and thirty-five worlds. ....If the total number of the host's worlds reaches thirty-six, your progress in completing the Great Flood God Realm will be greatly improved.....The host's combat power will skyrocket accordingly. ...."

"Ding~! Remind the host again that your subordinate Chu Chu has successfully created his own small universe - the Chutian small universe. The host can evolve the Chutian small universe into a thousand worlds, which can accumulate to thirty-six big thousand worlds....."

Qin Feng's eyes showed ecstasy again. right!

When the Great Thousand Worlds accumulate to nine, which is called the Nine Extremes, the degree of completion of the Great Flood God Realm will be greatly improved.

When the thousand worlds accumulate to thirty-six, known as the thirty-six heavens, the degree of completion of the Great Flood God Realm will be greatly improved again.

Every time the degree of completion is greatly improved, Qin Feng's strength will greatly increase.  
.....

Thinking of this, Qin Feng suddenly thought that he had overlooked a problem.

Chu Chu's cultivation talent is not as good as many people.

But among this divine alliance, the only one who created a small universe by relying solely on his own abilities is Qin Feng and Chu Chu.

From another perspective, Chu Chu is unique among his many subordinates!

At least in terms of the understanding of world creation, apart from Qin Feng, Chu Chu seems to be the only one in the Divine Alliance.

Maybe Hongjun can compare with him, but others are not as good as him.

Thinking of this, Qin Feng paid more and more attention to this sister and had more expectations for her future.

Of course, those are all things for later.

Qin Feng was thinking that he had to find an opportunity to release his sister and help her evolve the small universe into a big world.

In this way, Chu Chu's strength will be greatly improved, and his strength will also skyrocket.

At this moment, a huge roar sounded in the center of the square, and the entire Mount Sumeru trembled.

"opened! opened! The secret place is about to open!"

In the square, the crowd suddenly cheered.

Everyone looked towards the center of the square.

The entrance to the secret place was finally about to open...
