

## God level 111

### Chapter 111

Qin Feng quickly raised his spear and unleashed a violent blow. The dragon bone gun lit up with a dazzling multi-colored aura, and all the five elements of ice, wind, fire, thunder, and earth exploded.

Um?!

Can one person master the five elements?

How can this be!

Lin Yuankun was shocked.

In just an instant, guns and swords met.

Dang~!

Metal clangs and tremolo echoes!

Qin Feng actually blocked the sword.

But at the same time, with a swish, a dark hand, like lightning, rushed out of Lin Yuankun's body and punched Qin Feng's chest.

The black shadow seemed to be Lin Yuankun's third hand that suddenly grew out.

The two sides were fighting in close quarters. This sudden change gave Qin Feng no time to dodge.

Bang~!

A muffled sound!

The countercurrent sand poured out of Qin Feng's body in an instant, forming a shield that blocked the blow.

Qin Feng was still hit by the punch and was forced to take more than ten steps back before he stabilized his body.

After all, his fighting power is not as good as Lin Yuankun. Without a violent blow, he cannot resist.

But he also blocked Lin Yuankun's sneak attack and was safe and sound.

Lin Yuankun frowned, the shock in his heart was beyond words.

This kid is obviously just a two-star elemental. After one round, he not only failed to kill instantly, he didn't even cause any damage.

Lin Yuankun's expression became solemn.

This kid was far more difficult to deal with than he thought.

In the next scene, his figure merged into the surrounding shadows again, with no breath at all.

Qin Feng was careful.

This guy is weird.

Not only must he be careful of the shadows around him, but he must also be wary of his own shadow.

Suddenly, there was movement behind him.

A figure suddenly rushed out from the shadow of the boulder and attacked him from behind.

Qin Feng quickly turned around to resist, but at the same moment, another Lin Yuankun rushed out of Qin Feng's shadow and stabbed him in the heart with a sword.

Qin Feng was startled and blocked with his spear.

But at this moment, the attack from the side and rear also arrived, with a fierce sword wind.

This is?

Are there two Lin Yuankun?

On one side of Qin Feng's figure, he narrowly avoided a sword attack from behind.

At the same time, he blocked Lin Yuankun's attack with one shot.

The people behind him immediately changed their offensive.

Lin Yuankun also attacked again.

The trend of joining forces was formed instantly.

Qin Feng disappeared from the spot with an Earth Escape and escaped from the trap between the two men.

The two men's combined attack failed.

The next moment, Qin Feng suddenly appeared behind Lin Yuankun.

At this time, he saw clearly.

The other sneak attack was a shadow man, whose body was as black as ink. He was the same as the shadow man he saw last night, but his aura was stronger, reaching a quasi-five-star level.

Absolutely frozen!

An area of 100 meters was instantly frozen.

Lin Yuankun and the shadow man turned into ice sculptures.

Violent transformation!

A violent blow!

Qin Feng instantly used his trump card and unleashed his strongest attack.

His combat power and momentum skyrocketed, reaching 50,000 points, which was just the initial threshold of five stars.

Bang~!

The ice breaks!

Lin Yuankun got out of trouble.

However, Qin Feng shot him so hard that he vomited blood and flew backwards.

With 50,000 points of combat power and the amplitude of a violent blow, it is comparable to the full blow of a mid-level five-star powerhouse.

Bang~!

Lin Yuankun fell heavily to the ground.

The ground trembled slightly.

A big hole was made in the ground.

The shadow man seemed to be frightened, and instantly disappeared into the shadows.

The next second, Lin Yuankun climbed up from the pit.

He wiped the blood from the corner of his mouth with a strange smile on his face

"Jie~! Jie~! Jie~! ! "

He looked at Qin Feng with a sly smile, and there was a bit of excitement deep in his eyes, which made people feel that this person was a bit abnormal.

"I haven't been injured for a long time!"

Lin Yuankun gradually put away his smile and murmured in a low voice.

He seemed to be talking to Qin Feng, but also seemed to be talking to himself.

He raised his head slightly, and the shadow behind him was shaking.

The shadow man emerged from his shadow. , and then actively integrated into his body.

After a moment, his figure suddenly swelled, and the clothes behind him exploded, and two hands as black as ink grew out of his back.

Then, another head grew out of his neck.

In the blink of an eye , , Lin Yuankun turned into a monster with two heads and four arms, like a demon, exuding a terrifying aura.

The aura suddenly reached the mid-five-star level.

Qin Feng was surprised.

This can be said to be an alternative transformation and strengthening, and his The violent transformation is somewhat similar.

However, this form with two heads and four arms is more suitable for fighting. If combined with super high fighting skills, it is unparalleled in power.

Qin Feng was a little envious.

At this time, Lin Yuankun took the initiative to rush over.

He used both hands Holding the ultra-long hilt, the other two hands also held a sword each.

In a blink of an eye, Lin Yuankun was in front of Qin Feng.

Qin Feng immediately raised his gun and faced it.

The two sides fought together again.

For a moment, ice, wind and fire Thunder was constantly intertwined.

Sand and rocks were flying in the field, and broken trees were flying across the field. The land with a radius of a thousand meters was trembling.

Both sides were fighting fiercely, and no one could do anything to the other.

In the blink of an eye, the two sides fought for dozens of rounds.

A sudden change occurred in the field..Shadow binding!

Lin Yuankun activated the secret technique.

Qin Feng's shadow seemed to come alive, and it suddenly wrapped around his legs, making him unable to move.

At the same time, Lin Yuankun's attack also arrived, and three swords struck him at the same time. The stab came.

Qin Feng couldn't move and could only block it.

But his two fists were hard to beat with his four hands, and he couldn't block them all.

At this critical moment, Qin Feng's eyes flashed with a fierce look, and he turned his upper body slightly to avoid all vital points. Take the initiative to meet the three swords.

Puff~! Puff~! Puff~!

Qin Feng was pierced by the three swords in the chest, and blood spattered.

But at the same time, Qin Feng also stabbed Lin Yuankun's heart with a spear.

Lin Yuankun was shocked.

So close. Due to the distance, he had no time to dodge, only time to avoid the vital point.

Poof~!

Blood splashed~!

The spear penetrated Lin Yuankun's chest.

The two sides immediately separated

"Jie~! Jie~! Jie~! "

Lin Yuankun smiled strangely and picked up the blood on his chest with his fingers.

He is proud of himself.

There is only one hole in his body, but Qin Feng has three holes in his body.

Obviously, Qin Feng's injuries were much more serious than his. If he just fought to bleed, Qin Feng would have dried up his blood and died earlier.

The more Yuan Kun thought about it, the more proud he became.

He wins for sure!

But the next second, he was stunned.

Qin Feng quickly took out a few beast cores and swallowed them.

After a while, Qin Feng's wounds healed rapidly at a speed visible to the naked eye, and his pale face gradually turned rosy.

Lin Yuankun was shocked. how so?

What kind of skill is this?

How could he repair his injuries so quickly?

Even advanced skills can't do it..

Chapter 112

After a while, Qin Feng's injuries recovered to some extent.

Lin Yuankun suddenly felt something was wrong.

There was no way to recover from his injuries immediately, but Qin Feng could.

This is not good for him!

"Ha ha!! Let's fight again!"

At this moment, Qin Feng laughed heartily and attacked Lin Yuankun.

The two sides fought again.

This time, Lin Yuankun's injuries worsened and he was unable to fully display his strength. It didn't take long before he gradually fell into a disadvantage.

Dozens of them After the round, Lin Yuankun screamed and was shot away by Qin Feng.

He vomited a few mouthfuls of blood, and just as he stood up, Qin Feng came over again.

The two sides fought again.

Qin Feng felt a little regretful.

Lin Yuankun's fighting skills were better than He is more than one level behind.

If Lin Yuankun's double-headed and four-armed transformation method is mastered by himself, then his fighting skills can be fully utilized and his strength will only be stronger.

In the blink of an eye, more than a dozen rounds have passed.

Qin Feng Another shot blasted Lin Yuankun away, and a big hole was made in the ground.

He continued to kill.

The two sides fought, and after several encounters, Lin Yuankun was hit again and vomited blood and flew out. Qin Feng chased after him, and another two encounters, blasted Lin Yuankun away.

He had figured out Lin Yuankun's fighting habits, and the more he fought, the smoother he became. Lin Yuankun was about to collapse.

He suddenly realized a problem.

Against someone like Qin Feng, you absolutely cannot fight for a long time.

This guy can keep fighting. Replenish energy, eat whatever you eat, and don't worry about depletion.

This is secondary.

The most terrifying thing is that this guy's fighting skills are terrible.

Once you can't fight for a long time and your fighting habits are figured out, you can only wait to die..

For people like Qin Feng, they can only be crushed with absolute strength.

A few minutes later, Lin Yuankun was completely beaten to the ground.

He was stabbed in several places, with more than a dozen ribs broken and one leg bone broken. Lying there, he couldn't get up for a long time.

At this moment, let alone running away, it was difficult to even stand up.

Qin Feng strode towards him.

He wanted to deal with this formidable enemy.

"Jie~! Jie~! Jie~! "

Lin Yuankun's mouth was full of blood.

He propped up his upper body and looked at Qin Feng strangely, with a strange smile on his face.

The look in his eyes was very strange. Looking at Qin Feng, it was like looking at a dead person.

Qin Feng's heart suddenly suddenly felt like something was wrong.

This guy is not only perverted, but also a little weird.

But he couldn't understand that Lin Yuankun was seriously injured and dying, so what chance would there be for a comeback?

Qin Feng was cautious, slowed down, and approached quietly

"Jie~! Jie~! Jie~! cough~!~cough...."

Lin Yuankun laughed so hard that he coughed up a few mouthfuls of blood.

He wiped the blood from the corner of his mouth and looked at Qin Feng with a strange smile.

"I thought I could kill you and leave calmly. It seems I was wrong!"

Lin Yuankun gradually put away the weird smile on his face and let out a long sigh.

Qin Feng did not relax his vigilance and approached step by step.

He had already tightened his spear, ready to give Lin Yuankun a fatal blow at any time.

At this time, Lin Yuankun sighed again:" Unexpectedly, we are going to die together!"

As soon as he finished speaking, there was a transparent sphere in his hand, similar to a crystal ball.

Inside the sphere, there was a ball of white flames that was constantly shaking.

Surprisingly, the sphere was closed.

In a closed environment If there is insufficient oxygen, the flame will automatically extinguish and cannot burn.

But this flame...could it be.....

Qin Feng thought of something for a moment, and his expression changed drastically.

It was not a flame at all, but a seed of strange fire. not good!

Qin Feng exclaimed in his heart

"Ga! Ga! Let's die together!"

Lin Yuankun laughed extremely crazily and crushed the sphere without hesitation.

The strange fire seed inside exploded and instantly turned into a sea of white fire, swallowing up all around.

In just a moment, Lin Yuankun was swallowed up by the flames and turned into ashes..

Wherever the white flame goes, everything turns to ashes.

The seed of strange fire is not a real flame, but an energy state in which the power of fire is extremely pure.

Rumor has it that a fire master can condense it when he reaches the Eight Stars Create a strange fire seed.

This strange fire seed is extremely terrifying. As long as it is stained a little, it can be like a tarsal maggot and can easily burn a five-star elemental to ashes.

Even a six-star elemental will be seriously injured. Lost half his life.

Faced with such a strange fire, Qin Feng couldn't resist it at all.

But the white sea of fire spread to all directions in an explosion, and the explosion spread at a speed far beyond supersonic speed.

Qin Feng couldn't avoid it at all.

Seeing that Qin Feng was about to be trapped In the sea of fire, he made the wisest choice and escaped underneath instantly.

Qin Feng disappeared, and the area hundreds of meters around turned into a sea of fire, including three feet underground.

A few seconds later, Qin Feng came from outside the sea of fire. A shrill scream.

Although he relied on Earth Escape to escape from the sea of fire, a little spark was still stuck on the back of his hand. The spark instantly turned into a white flame, spreading along the back of his hand and burning up his entire arm. , the pain made him scream miserably.

He has a fire physique and has strong resistance to flames. In addition, he has ice power and can overcome fire.

But all this is useless, and he cannot resist the strange fire at all. The erosion of the seeds.

The white flames burned stronger and faster.

Soon, it spread to half of his arms.

If this continued, his whole body would become a burning man, and eventually he would be burned alive into ashes.

At this critical moment, Qin Feng grabbed a large handful of demon cores and swallowed them directly. His innate skill, god-level devouring, was operating at full strength.

The energy formed by the demon cores was extremely majestic, repairing his body at an extremely fast speed.

This repair The speed was dozens of times faster than before. Before this, Qin Feng always used beast cores to repair injuries in order to save money.

After all, demon cores are too expensive, cheap ones cost tens of millions, and two-star ones cost hundreds of millions. How can he afford luxury?

But at this moment, in order to save his life, he could no longer care so much and ate the demon core desperately. The repair speed of the demon core was good.

Gradually, the repair speed of his body and the destruction speed of the strange fire A state of balance has been reached.

The strange fire no longer spreads.

In fact, the strange fire is not fire, it is a kind of energy.

As long as it is allowed to exhaust the energy, everything will be over.

I don't know how long it took, and the value of Qin Feng Billions of demon cores were all devoured.

The strange fire on his arm also disappeared strangely.

At this time, he was completely weak and his whole body was soaked with sweat.

Qin Feng let out a long breath and fell directly to the ground, panting.

What just happened left him with lingering fear.

The strange fire was really terrifying.

Just a spark could cause such terrible damage.

This shows how terrifying the eight-star elemental master is.

The nine-star existence that can kill eight stars instantly is just Not to mention. It is said that after an elemental master reaches six stars, his strength will undergo earth-shaking changes every time he reaches a higher level.

Now it seems that it is really the case!

Hey! This is.....

Qin Feng suddenly felt something was wrong in his body.

He quickly stood up and turned his hand, a string of blue-white flames appeared in his palm, exuding an extremely dangerous aura of destruction.

The aura is vaguely similar to strange fire.

Qin Feng was stunned. what happened?

He clearly remembered that the flames he had condensed before were red.

Immediately, he figured it out, and his face showed ecstasy.

It turned out that he was a blessing in disguise, absorbing the energy of the strange fire seed and tempering and evolving his fire energy.

When a fire elemental master breaks through to the three-star level, his physical fire elemental power will be tempered and evolved once, becoming stronger.

When it reaches the six-star level, the fire elemental power will undergo a second tempering and evolution and become stronger again.

Qin Feng could feel that the purity of his fire energy was comparable to the six-star level.

He quickly checked the training template.

Sure enough, his combat power index increased from 40,000 to 50,000 points, a full increase of 10,000 points!

Ha ha!! This is truly a blessing in disguise!

Qin Feng was ecstatic...

Chapter 113

After getting excited, Qin Feng swallowed a few more beast cores and repaired all the remaining injuries.

Then, he rushed towards the place where the battle had just taken place.

Lin Yuankun is dead, but he has many treasures on his body.

This guy has had adventures, and he must have a lot of good stuff.

Qin Feng was looking forward to it.

After a while, Qin Feng returned to the battlefield.

The sea of fire has been extinguished.

The area of nearly a kilometer in radius was reduced to scorched earth, and the concentration of fire elements in the air increased nearly a hundred times.

The strange fire is not a flame, but a seed of extremely pure fire energy.

If it is not preserved in a special way, it will slowly dilute between heaven and earth.

Lin Yuankun's strange fire should have been obtained by him in a strange encounter.

This made Qin Feng guess that the place where Lin Yuankun discovered his adventure was the secret place left by the Eight-Star Power?

Otherwise, how could there be strange fire?

Soon, Qin Feng found Lin Yuankun's body at the center of the explosion, leaving only some ashes.

Next to the ashes, Lin Yuankun's black long sword and storage ring were well preserved, while the two low-grade Yuanwu-level long swords were half-destroyed.

There is also a Jingyuan Pearl, which is also well preserved.

Qin Feng put away these trophies with a look of joy.

He directly recycled two half-destroyed low-grade Yuanwu-level long swords to the system and received an income of 300 million.

Then, he directly swallowed the Jingyuan Pearl.

His mental power increased again, and his six senses strengthened again, making him even stronger than an ordinary five-star elemental.

In addition, the probability of awakening his hidden talent has also been increased to 30%.

Qin Feng was very satisfied.

He decided to go when he had time. Use the door mechanism to test your mental strength and see the specific values.

After sorting out the loot, Qin Feng left the battlefield.

It is not advisable to stay here for a long time.

Half an hour later, Qin Feng arrived at a remote place, took out Lin Yuankun's storage ring, and began to inventory the treasures inside.

Qin Feng found a book inside.

The content records a shadow-based secret technique called Shadow Incarnation Technique.

Qin Feng browsed it for a while, and suddenly felt enlightened.

It turns out that Lin Yuankun's shadow man was created by this secret technique.

He created a total of two shadow incarnations, which can be integrated into the main body and display a fighting state with three heads and six arms.

Seeing this, Qin Feng was a little lucky.

If he hadn't killed a shadow incarnation in advance, I'm afraid it would be more difficult to win today, and he might not even be able to win.

In short, this shadow incarnation technique is very powerful, it is definitely an advanced technique, and it is the best among advanced techniques.

However, this secret technique is not easy to practice.

The cultivator's mental strength must reach a certain level before he can practice.

Forcibly practicing cultivation has the potential to cause schizophrenia.

However, he doesn't have the talent for shadow yet, and he can't practice it, so he can only put it away temporarily.

Afterwards, Qin Feng continued to take stock and found another strange map.

He looked at it for a while, but didn't see anything interesting. Just put it away.

He was a little suspicious. The map contained the address of Lin Yuankun's place of adventure.

It's just that he doesn't have time to study it now.

In addition to these, there are many good things in the storage ring, as well as bank cards and so on.

Qin Feng recycled everything he didn't need, and got more than 10 billion in one go.

In this way, he has another 15 billion in funds.

It can be said to be a fruitful harvest.

At this time, Qin Feng saw another mobile phone in the storage ring.

When he thought of something, he turned on his phone.

Soon, he dug out the text message sent by Lin Jianhao.

Qin Feng was shocked.

Lin Jianhao actually escaped! strangeness! How did he do that?

With the alliance's supervision, even if Lin Jianhao is a five-star strong person, he cannot escape, let alone he is only a four-star.

There must be something wrong here!

Qin Feng hesitated for a moment, then dialed the number that sent the text message, but he couldn't get through. The call indicated that the other party had turned off his phone.

"Could it be that someone helped Lin Jianhao escape?"

Qin Feng put away his mobile phone.

He couldn't figure it out for a moment, so he stopped thinking about it. He just kept an extra thought.

Then, he changed into a new set of clean clothes and hurried to the city.

He had been out for so long, Chu Chu should be worried.

However, he is in a good mood now.

Lin Yuankun has been solved, and the Lin family's biggest hidden danger has been eliminated. He can breathe a sigh of relief.

The only thing that makes him feel wrong is Lin Jianhao's escape.

At the moment, Qin The wind melted into the air and disappeared in place.

Just when Qin Feng returned to Yunyang City, Shangguan Yunyang's figure appeared at the place where he had fought.

Shangguan Yunyang looked at the scorched earth everywhere in shock.

So Powerful destructive power! There is also the residual fire energy aura in the air!

Oh my god!

These are clearly the traces left after the Eight-Star Boss took action!

Shangguan Yunyang was completely shocked, and vaguely uneasy.

Such a big man appeared in Will something big happen if we arrive near Yunyang City?

At the same time, in a jungle area from Yunyang City to Risang City, a team of dozens of people is rushing on its way.

Risang City belongs to the Northern Alliance. This city and Yunyang City are old enemies, and the two sides have fought each other several times.

Most of the residents of Risang City are descendants of Risang Island.

Most of the residents of Yunyang City are descendants of Chinese people.

The two cities have historical roots. There was some hatred.

This team of dozens of people were the defecting children of the Lin family.

They were going to Risang City.

But at this moment, the team suddenly stopped.

Lin Xue and Lin Tianyang walked to a corner and quietly They started whispering.

Both of them had happy faces.

It turned out that Lin Xuegang had just received a text message from Lin Jianhao, and the content was similar to the one received by Lin Yuankun.

"Auntie, my father actually escaped. How on earth did he do it?" Lin Tianyang's face was full of excitement.

Originally, his father had confessed and was basically destined to die.

Now that he has escaped, he has a chance to survive.

"I don't know either," Lin Xue shook her head slightly.

She was also extremely happy.

"Auntie, if you want to escape from the alliance, you only need six-star strength, right? My dad doesn't seem to have....."

"The head of the family does not have that kind of strength, but the head of the family is very calculating, so he must have his own way. I wonder why the head of the family took the initiative to plead guilty before. Now that I think about it, it seems to be his plan to make the alliance relax their vigilance....."

Lin Xue said with admiration.

She is absolutely devoted to Lin Jianhao.

Lin Tianyang was worried again:"It's a good thing that my father escaped. But the meaning of his text message seems to be that we should not take revenge and wait until he comes back before taking action. But now we....."

"Why....", Lin Xue sighed, "The text message sent by the head of the family was a step too late, and everything is done."

Lin Tianyang nodded: "That's all it can do. I wonder if grandpa can succeed?"

Lin Xue sneered: "Is there any need to worry about this? Second uncle If we take action, both Qin Feng and his sister will definitely die. Without further ado, let's hurry up to avoid being chased by people from Yunyang City."

At that moment, the Lin family team got back on the road and fled towards Risang City.

But at this moment, a team of dozens of elementalists walked out of the jungle ahead and surrounded the entire Lin family.

The leader was none other than Wei Qing, and Liu Yan was beside him.

The faces of the Lin family suddenly changed.

Wei Qing looked at Lin Xue and sneered: "Miss Lin Xue, where are you going?"

Lin Xue was panicked.

Then, she pretended to be calm and said: "Deputy City Lord, our Lin family is organizing a family wild hunting event. I wonder what the Deputy City Lord means?"

"snort! what for?", Wei Qing sneered, "You think I don't know, you Lin Want to defect from the Alliance?"

"Vice City Lord, we don't have one!"

"Without further ado! Arrest all the Lin family! Anyone who dares to resist will be killed on the spot!"

"yes! grown ups!"

The elemental masters immediately took action.

A few minutes later, everyone in the Lin family was captured alive.

Without the earl and lord in charge, the Lin family's children had little power to resist.

Lin Xue, Lin Tianyang and others looked ashen.

After a while, Wei Qing and others took custody Following the children of the Lin family, they returned to Yunyang City in a mighty manner..

#### Chapter 114

At the same time that Lin Yuankun was destroyed and the children of the Lin family were captured.

Far away in a mountain forest at the junction of Yunyang City.

Three figures were sitting idle by the pool.

Lin Jianhao is among them

"Finished sending text messages?"

A young man with a flat hair and a cigarette butt in the corner of his mouth looked at Lin Jianhao mischievously.

This mischievous young man wore sunglasses and carried five swords of different lengths behind his back, shining with cold light.

His nickname is Demon Sword.

What is his specific name? , Lin Jianhao didn't know.

But this man's fighting skills were very superb, which he had only seen in his life.

He witnessed with his own eyes that this man killed seven five-star strong men in one breath.

And this man's cultivation level was only in the middle of five-star level.

Seven of the seven he killed Among the people, there is one person who is a late five-star powerhouse.

"Finished sending!" Lin Jianhao handed the phone over respectfully.

Yaodao bit his cigarette butt, casually took the phone and flipped through it.

"You have really good intentions." Yao Dao turned off his phone after reading the message.

"I spent the first half of my life living for my family and the second half of my life living for myself.", Lin Jianhao let out a long sigh.

He looked at the reflection in the pool, as if he wanted to say goodbye to his past.

"You are an interesting person!"

Yao Dao took out a cigarette and threw it to Lin Jianhao.

Lin Jianhao took it, sparks appeared on his fingertips, and lit it for himself. He took a deep breath and exhaled a long puff of smoke.

"When can I join you?", two streaks of smoke came out of Lin Jianhao's nostrils.

"You are a smart person!", Yaodao popped out the cigarette butt in his hand, "You know what to do."

Tsk~!

The cigarette butt fell into the water and was extinguished instantly.

Lin Jianhao looked at the cigarette butt floating on the water, as if he was seeing himself. Even though he knew that he would be shattered into pieces, he had to move forward. Because, he had no way out.

Just when he was caught by the alliance The day after he left, he saw these two mysterious men.

The two mysterious men said that they could save him, but he had to hand over a 'voucher of surrender' to show his loyalty. The so-called 'voucher of surrender' meant that he would be saved. He took the initiative to admit his crime.

In this case, he was a capital offender and had no place in the alliance.

Therefore, he could only survive by joining the other party.

He did so, and this was also his surrender.

Not only that, even if he just sent a message to the family, The other party is only allowed to send text messages and not make phone calls.

This is also to preserve his evidence of guilt.

As long as he dares to commit betrayal, those text messages will be published, which will be detrimental to him and the family.

But after these things are done, he Still didn't pass the test.

He had to help them complete one last task before he could be allowed to join them.

And the last task was to help them find Zhou Changtong.

These two mysterious guys came from a mysterious place called 'Hun' organization, they wanted to capture the defected Zhou Changtong.

The secret deal between him and Zhou Changtong spread as a big news event in the alliance network, so he was quickly approached by these two men.

"When will we go to Yunyang City?", Lin Jianhao took another greedy puff of cigarette.

He is very addicted to cigarettes.

"Let's go in two days!" Yao Dao popped out another cigarette and held it in the corner of his mouth. "The Southern Alliance is hunting us everywhere. Let's wait until the limelight passes. Musician, what do you think?"

Yao Dao looked at the man behind him.

He was a handsome man, dressed in white clothes, with an elegant temperament.

He had a pair of extremely beautiful hands, smooth and delicate, with long fingers, and even the nails were bright and neat.

This man didn't talk much. It was very quiet.

Lin Jianhao didn't see him take action.

But he found that Demon Sword was a little afraid of the piano master.

"Just let it happen!", the violinist looked a little lonely, "We are just passers-by. When it is time to go, we will go there."

"Then just wait two days." Yaodao lit a cigarette for himself.

He took a puff and looked back at Lin Jianhao: "How sure are you that Zhou Changtong is hiding in Qin Feng's residence?"

"Seventy percent!", Lin Jianhao exhaled smoke.

He really thought so and was not lying.

In his opinion, without Zhou Changtong's help, it would be impossible for his uncle and fourth uncle to be defeated by Qin Feng's strength, which is not even in the middle of the three-star level. Lost contact.

These two people must have colluded with each other a long time ago.

Of course, Lin Jianhao also has his own selfish motives.

He wants to take this opportunity to kill Qin Feng

"interesting!", the demon sword blows out smoke rings, one ring inside another, floating on the water, it's very beautiful

"Zhou Changtong is not a kind person. He is selfish and cruel. Can Qin Feng control it?" Yao Dao holds the cigarette butt sideways, "I heard that Qin Feng is only seventeen years old."

"Don't underestimate Qin Feng!", Lin Jianhao took a deep breath of cigarette, "Based on what I know about him, this person has two characteristics:"

"oh? What qualities?"

"bold! clever!", Lin Jianhao sighed softly.

He fought against others and was always victorious, but he lost to Qin Feng

"That said, that kid is brave and resourceful. Such people are not easy to deal with." Yao Dao's expression became unusually serious.

The piano master also raised his eyes slightly: "Excellent courage is called a brave man; extraordinary cleverness is called a planner. Only those who are brave and resourceful are true heroes. In today's troubled times, how many heroes are there?"

He looked up at the blue sky with a lonely expression.

After a moment, he said softly: "This Qin Feng is a bit interesting!"

Yao Dao smiled mischievously: "We'll see you in two days. Hopefully he won't disappoint us."

Lin Jianhao took a puff of cigarette, and a hint of joy flashed across his eyes..

## Chapter 115

But on the other side, Qin Feng returned to Yunyang City quietly.

He found a deserted alley and showed himself.

Then, he hid all the four auras of ice, wind, thunder and earth, revealing only the aura of fire.

He was pleasantly surprised to find that his fire power alone reached 20,000 points, which was a mid-four-star combat power level!

The four-star combat power threshold is 15,000 in the early stage, 20,000 in the mid-term, 25,000 in the late stage, and 30,000 in the final stage.

Qin Feng was delighted.

After the fire elemental power evolved, the changes brought about were earth-shaking.

Come to think of it, the six-star fire elemental masters have a fighting strength of hundreds of thousands, and their fire elemental power is extremely destructive.

Qin Feng's fire power is not as good as Six Stars in quantity, but it is comparable in quality. It is not surprising to have such a strong combat power.

"Four-star lords can become members of parliament and will also be given mansions and manors. It's time for me to move to a bigger place."

Qin Feng thought happily.

He planned to get promoted after finishing the trivial matters.

Anyway, his villa was bombed by Lin Yuankun, so it was time to change his residence.

After leaving the remote alley, Qin Feng was not in a hurry. Go find Chu Chu.

He wandered around the street and bought some demon cores on a large scale. He bought more than a hundred in total.

There were all kinds of elemental ones.

Some of them he couldn't swallow for the time being, but he would be able to use them in the future.

Feeling the demon core With the amazing speed of repairing injuries, Qin Feng planned to prepare more in case of emergencies.

After all this, he spent more than 10 billion, and only had more than 3 billion left.

This money was spent quickly.!

He originally planned to buy a qualification enhancer for Chu Chu, but unfortunately he didn't have enough money and needed to continue to make money.

After all, a bottle of ice qualification enhancer (Tianpin) was sold in the system mall for 15 billion.

After handling these trivial matters, Qin Feng rushed to the City Lord's Mansion with satisfaction.

Chu Chu should be there.

Ten minutes later, Qin Feng arrived outside the City Lord's Mansion. At this moment, the City Lord's Mansion was under complete martial law, and there were mecha warriors guarding the outside.

They were protecting Chu Chu..Qin

Feng has disappeared. Yunyang City cannot afford to lose another genius.

"Huh! Earl Qin Feng!"

The guard commander was a two-star elementalist.

He recognized Qin Feng at a glance, with a look of joy on his face.

Qin Feng smiled slightly and said hello.

But at this moment, he heard something in the house Chu Chu's voice was heard.

The little girl actually said that she wanted to go out of the city to find her, but Zhou Tong tried to dissuade her.

It seemed that the little girl was really worried.

His six senses were enhanced now, and even though he was so far away, the conversation inside , and could hear it clearly.

Qin Feng smiled slightly and walked in quickly

"Hey...Master Qin Feng....", it was too late for the commander to shout.

Qin Feng disappeared in the blink of an eye

"you! Quickly inform the city lord that Master Qin Feng is back!"

"yes! grown ups!"

At the same time, in the city lord's mansion, in a living room.

Chu Chu was sitting on the sofa anxiously.

If something happened to her brother, she would definitely kill everyone in the Lin family, including Lin Yuankun.

Zhou Tong saw Chu Chu's anxiety and silently The ground stood guarding her.

Li Yu stood at the door of the living room, smoking a cigarette.

His expression was a little tense. He was on full alert.

Something happened to Qin Feng.

He couldn't let anything happen to Chu Chu again.

He was very worried that Lin Yuankun would suddenly kill him. At this moment , there was a burst of hurried footsteps outside the door.

Well~, someone is coming!

He has issued a ban, and no one is allowed to take even half a step closer to the living room. How could anyone violate the ban?

Could it be...

Li Yu quickly threw away the cigarette butt.

Zhou Tong also realized something and stood up quickly.

Chu Chu was also on guard for the first time.

At this moment, the person came speeding up and came.

No! It's a four-star master!

This person must be an assassin!

Li Yu was shocked.

This man's speed has completely reached the four-star level.

But the city lord and deputy city lord have left the city, and the only four-star masters in the city are him and Zhou Tong. Who is this four-star master who suddenly appeared, not an assassin?

As soon as the light and shadow flashed, the person stepped into the living room.

Li Yu didn't even think about it, and attacked the person with all his strength.

The person was also shocked, and flew Li Yu away with a casual palm.

Bang~!

Li Yu knocked over several people in succession. Tables and chairs.

Several people in the venue were shocked.

But the next second, Li Yu and Zhou Tong were stunned.

The person here was Qin Feng.

Qin Feng also looked confused.

He did not expect to be attacked by Li Yu as soon as he entered the door..

Caught off guard, he could only fight back.

Li Yu was only at the early stage of a four-star level, at the same level as Lin Jianhao. Naturally, he couldn't block Qin Feng's casual blow, but he was not injured at all.

"elder brother!"

Chu Chu rushed towards Qin Feng with a look of ecstasy.

"Brother, I'm worried to death... If you don't come back, I'll want to go out of town to find you!"

The little girl's head was buried in Qin Feng's arms. She hugged Qin Feng tightly with both hands, for fear that he would disappear again.

"Silly girl, isn't my brother a good person?", Qin Feng patted her back lovingly.

The little girl's mood gradually calmed down, and a smile appeared on her face.

It's good that nothing happened to my brother.

Li Yu and Zhou Tong also came over with happy faces.

"Qin Feng, are you okay?", Zhou Tong said with some excitement.

She has been blaming herself for Qin Feng's disappearance.

Seeing her at this moment, she said she was not happy, but that was a lie

"Sister Zhou, am I not doing well?"

"Tsk tsk!! You guys are really impressive!", Zhou Tong smiled charmingly

"Count Qin Feng, have you not met Lin Yuankun?" Li Yu was a little surprised.

Lin Yuankun was obviously going for Qin Feng.

"I have a secret technique that can hide my breath. When Lin Yuankun came to kill me, I hid. Lin Yuankun left without finding me. In fact, I have been hiding in the city."

Li Yu and Zhou Tong secretly marveled that this secret technique is really good.

This can also explain how Qin Feng escaped.

But Lin Yuankun failed to take action, but committed a taboo and had to flee Yunyang City.

Li Yu and Zhou Tong can understand Lin Yuankun's grievance.

The Lin family has been ruined by doing this.

"By the way, Qin Feng, you just....", Li Yu suddenly thought of business.

He just hit with all his strength and was knocked away by Qin Feng

"Yes! Qin Feng, how did you do it just now?"

Zhou Tong also had a look of surprise.

The scene just now shocked her.

Even Chu Chu looked curious.

When did my brother become so powerful?

Qin Feng smiled slightly and only exuded the breath of fire energy. , the combat power and momentum has reached the mid-four-star stage.

"OMG! Four-star mid-term!"

"This...how is this possible!"

Li Yu and Zhou Tong were very shocked.

They looked at each other with incredible looks in their eyes.

Qin Feng's momentum was stronger than the two of them.

They were both in the early four-star stage.

For a moment, Li Yu looked at Qin Feng carefully and felt a little He said uncertainly:"Brother Qin Feng, you seem to have a two-star Dzogchen cultivation level, right?"

Zhou Tong also showed the same doubts.

They all sensed that Qin Feng only had two star pattern fluctuations on his body.

If he was a four-star master, there should be four star pattern fluctuations and star array fluctuations.

"Yes! My cultivation level is two-star Dzogchen!", Qin Feng smiled calmly

"Um... Then why did your momentum reach the mid-four-star level?"

Li Yu and Zhou Tong both showed doubts.

"Look!"

Qin Feng stretched out his right hand, and a string of blue-white flames appeared in the palm of his hand.

The destructive power of the flames was astonishing, comparable to the fire power of a six-star strong man.

Li and Yu were dumbfounded again..

Chapter 116

"This is the evolution of fire elemental power!"

"Oh My God! They have all evolved to the six-star level, which is incredible!"

Li Yu and Zhou Tong came back from the shock, with envy deep in their eyes.

"Qin Feng, no wonder your strength is comparable to the mid-four-star level. With such quality of fire energy, it's not surprising to have such strength."

Zhou Tong was filled with admiration, his beautiful eyes wandering over Qin Feng's body

"Brother Qin Feng, it seems you have an adventure!"

Li Yu's tone also became very polite.

"Mr. Li, it's just luck!", Qin Feng smiled casually.

Li Yu said quickly: "Brother Qin Feng, please don't call me 'sir' again. You are stronger than me. How can I be embarrassed to call you 'sir'?"

These words are very sincere.

In this era where strength is respected, as long as you have strength, you will attract respect.

Zhou Tong also smiled and said: "Qin Feng, it's time for you to be promoted to a lord. Becoming a Lord has many benefits."

"Yes! Brother, it's time for you to be promoted. Also, I can also get promoted, and I should be able to get a lot of promotion subsidies!"

Chu Chu's eyes were bright.

This little girl is a standard little money fan.

"Let's wait until the city lord comes back...", Qin Feng touched her little head lovingly.

Li Yu and Zhou Tong both looked envious.

Not only are these brothers and sisters both geniuses, but they also have such a good relationship, which is really rare.

"Huh! It seems that the city lord is back....."

Qin Feng suddenly raised his head and looked outside.

Li Yu and Zhou Tong were both stunned. They didn't hear any movement outside!

"Chu Chu, let's go out to greet you."

Qin Feng took Chu Chu out.

Shangguan Yunyang worked hard for his affairs, and he was very grateful.

Qin Feng's personality is: If you respect me a foot, I will respect you a foot; if you offend me, I will definitely Offend your whole family!

The brother and sister left the reception room.

Li Yu and Zhou Tong also followed.

The group left the city lord's mansion, but no one saw Shangguan Yunyang's shadow.

The guard commander saw several adults coming out and hurriedly stepped forward. Say hello.

Li Yu and Zhou Tong were confused. Didn't Qin Feng say that the city lord was back?

"Xiao Zheng, is the city lord back?"Li Yu looked at the commander.

The commander quickly shook his head:"Sir, no!"

"Um..." Li Yu turned to look at Qin Feng,"Brother Qin Feng, didn't you say the city lord was back?"

"Isn't that.....", Qin Feng pointed to the air with a smile.

I saw a figure flying towards here in the high sky in the distance.

When the man flew closer, everyone saw that it was Shangguan Yunyang.

At this moment, Li Yu and Zhou Tong were shocked.

Qin Feng's six senses are so strong!

They had noticed the sound of the city lord breaking through the air so early, but they didn't notice it at all.

Is this gap too big?

They felt that Qin Feng's six senses were probably stronger than most five-star experts.

Thinking of this, the two of them looked at each other quietly, feeling shocked.

In just a moment, Shangguan Yunyang arrived.

He saw Qin Feng at a glance and was overjoyed.

Before, he received a call from the commander saying that Qin Feng was back, and he still couldn't believe it.

Now that he saw him in person, he finally breathed a sigh of relief.

God treats Yunyang City well!

"Qin Feng, are you okay?"

As soon as Shangguan Yunyang landed, he hurriedly looked at Qin Feng.

He was afraid that this super genius was missing arms and legs.

"City Lord, I'm fine"

"good! good! That's good! By the way, how did you escape from Lin Yuankun??"

"City Lord, actually Qin Feng has been in the city all along...."

Zhou Tong repeated what Qin Feng said before.

After Shangguan Yunyang heard this, he was very happy.

At this moment, Wei Qing also rushed back.

When he saw Qin Feng, he was also surprised.

Later, after hearing about Qin Feng's escape experience, he felt lucky.

In short, today's incident was a near miss. Everyone breathed a sigh of relief and felt better.

"Wei Qing, how are the Lin family?", Shangguan Yunyang looked at Wei Qing

"Not a single one is missed! Caught them all! I have already asked Liu Yan to be detained and dealt with."

"good!" Shangguan Yunyang looked at Qin Feng again, "Qin Feng, your cultivation has progressed very quickly, and you have already reached the two-star Great Perfection. You can try to advance to level three count, or level four."

Shangguan Yunyang was full of expectations for Qin Feng.

But as soon as he finished speaking, Zhou Tong smiled and said: "City Lord, you underestimate Qin Feng. He can now be promoted to Lordship"

"Lord?" Shangguan Yunyang was slightly startled.

After three stars, every time he improves to a small realm, the span is very big. Whether

Qin Feng can pass the fourth-level count assessment, he is a little worried. Can he pass the Lord assessment?

But he saw Qin Feng's With a confident look on his face, he was a little suspicious again

"Li Yu, then come and test Qin Feng.....", Shangguan Yunyang said casually.

Li Yu smiled bitterly:"City Lord, I have already been defeated by Brother Qin Feng, so forget it."

"Forehead...."

"you lose?"

Shangguan Yunyang and Wei Qing were both shocked.

The surrounding guards were also confused.

Did we hear it correctly?

Count Qin Feng defeated Councilor Li?

Shangguan Yunyang and Wei Qing looked at each other.

At this time, Wei Qing smiled slightly:"Qin Feng, let's try it, everyone can order it until it's done""

"That offends!", Qin Feng stepped forward with a smile.

He had no place to live, so he still had to go through this assessment.

Wei Qing was a little surprised, Qin Feng really ended.

The guards around him also looked over curiously.

After a moment , Finally, the two sides fought.

In this fight, Qin Feng's momentum exploded.

The momentum of the mid-four-star level stunned everyone.

Only Li Yu and Zhou Tong laughed and said nothing.

Then, Shangguan Yunyang's face showed With a look of ecstasy.

Zhou Tong approached him and joked:"City Lord, is this a surprise?"

"Ha ha!! surprise! What a big surprise!"

Shangguan Yunyang laughed unabashedly.

Li Yu also added with a happy face:"In a few days, it will be the day when our cities in the Southern Alliance will compete. Originally, there was one less Lin Jianhao, and I was worried that the ranking would drop this time. Now it seems that I thought too much"

"Who is Jianhao Lin? Can he compare with little brother Qin Feng?"

Shangguan Yunyang's tone was disdainful.

He was very disliked by Lin Jianhao.

That guy had always been obedient to him in the past.

Lin Yuankun even competed with him for the position of city lord.

On the contrary, this Qin Feng became more and more pleasing to his eyes.

"The city lord is right!", Li Yu said excitedly,"Qin Feng is much stronger than Lin Jianhao. This time, our martial arts ranking should be able to improve by one or two places."

The higher the martial arts ranking, the more rewards you will get.

That is not an ordinary reward, but a big reward that even five-star warriors are tempted by.

"That is....", Shangguan Yunyang felt relieved when he heard it, "Hey....."

Halfway through his words, he looked at the battle in the field and his expression gradually changed.

Li Yu and Zhou Tong also had surprise in their eyes.

On the field, Qin Feng and Wei Qing did not lose at all after fighting.

The two sides went back and forth and became a stalemate.

This shocked Shangguan Yunyang and the other three.

Wei Qing is a peak master in the late four-star stage, and he is one step away from breaking through to the four-star consummation level.

In addition, Wei Qing is also a top fighting master.

His actual combat power is comparable to that of a four-star Dzugchen.

In fact, his title is also Lord IV.

But at this moment, he couldn't defeat Qin Feng.

This shocked Shangguan Yunyang and others.

Immediately, Li Yu's face was full of excitement: "Lord City Lord, this time Zhucheng Martial Arts Competition, I am afraid that I will be promoted by more than one or two places!"

Shangguan Yunyang took a deep breath:"Yes! This boy gave me a big surprise.!"

But as soon as he finished speaking, a sudden change occurred in the field.

Qin Feng found a flaw in Wei Qing's body and punched him ten meters away.

There was an uproar all around.

Oh My God!

Stronger than Wei Qing!

This is too awesome!

The guards were even more confused.

No way? Master Qin Feng actually defeated the deputy city lord!..

Chapter 117

For a moment, everyone was extremely shocked.

Everyone's eyes changed when they looked at Qin Feng.

Wei Qing quickly got up from the ground and looked at Qin Feng in surprise.

Although he knew that one day he would be surpassed by Qin Feng, but that day came too soon!

It was so fast that he was caught off guard!

However, he was also convinced that he lost.

If Qin Feng hadn't shown mercy, he would have been seriously injured.

At this time, Qin Feng came over apologetically: "Deputy City Lord! I've offended you this time!"

But Wei Qing laughed heartily: "Haha!! It's because my skills are not as good as others, what's the point of offending me?"

"Ha ha!! Brother Wei Qing, how do you feel?"

Shangguan Yunyang also walked over with a smile.

Zhou Tong and Li Yu followed.

But the two of them looked at Qin Feng in awe.

Qin Feng had unknowingly become the second strongest man in Yunyang City. Got it

"City Lord, please stop teasing me... I have to say that Qin Feng is the most talented super genius I have ever seen. I am convinced that I lost!"

Wei Qing admired sincerely

"You and I think alike!" Shangguan Yunyang smiled and nodded.

Then, he looked at Qin Feng with admiration.

"Tsk tsks!! Qin Feng, if I hadn't seen it with my own eyes, I wouldn't have believed you could defeat Wei Qing!"

"By the way, in a few days, it will be the day for the military competition in the alliance cities. Only members and above are eligible to participate. This time, you can participate with us!"

Wei Qing also intervened: "Qin Feng, the Zhucheng Martial Arts Competition is only held once every ten years, you must not miss it. This is a great opportunity for you! If you miss it, you will have to wait another ten years. Qin

Feng was curious:"Is there any benefit to participating in the martial arts competition?"

Wei Qing smiled and nodded:"Indeed!" The rewards for this martial arts training are extremely rich, even the six-star experts are excited, let alone us. If you are lucky and get one or two rare items, your cultivation will improve by leaps and bounds."

These words made Qin Feng's heart move.

He quickly asked:"Deputy City Lord, what are the usual rewards?"

Wei Qing smiled and said,"There are a lot of rewards." The worst one is also the middle grade Yuanwu. In addition, there are high-grade Yuanwu, top secret techniques, and strange fire seeds. ...."

Seed of alien fire?

Qin Feng was excited.

He has a way of swallowing such strange things.

This is something that others would never dare to imagine

"Deputy City Lord, are there any rewards such as seeds of different ice and seeds of different thunder?....",Qin Feng asked curiously.

His four series of Ice Wind and Thunder Lands have not yet evolved, and they are in great need of this type of alien species.

"some! However, this kind of rare item is very precious. You have to get a good ranking to have a chance to get it."

"I see!", Qin Feng smiled happily.

It seems that the Zhucheng martial arts competition in a few days will be another big opportunity.

"Qin Feng, why are you interested in the strange thunder seed?" Shangguan Yunyang was a little puzzled.

This Qin Feng is a fire elemental master.

"Just asking casually!" Qin Feng naturally would not tell the truth.

Shangguan Yunyang smiled and said: "Treasures of this level like the Thunder Seed are not so easy to obtain. At least you have to be in the top ten in the martial arts competition. If you want to enter the top ten, you need at least five-star Dzogchen strength."

These words made Qin Feng secretly surprised. His current strength is not as good as the five-star perfection.

What's more, he can only use fire energy and fighting skills in the martial arts competition, and cannot use the other four elements.

In this way, he must use it as soon as possible. The fire element needs to break through to three stars.

Otherwise, there will be no chance.

"City Lord, how many days will this martial arts show start?"

"Seven days later!"

Qin Feng nodded slightly.

He decided to break through the fire element to three stars within seven days.

He didn't want to miss this opportunity.

"how? Are you eager to participate?"

Shangguan Yunyang joked with a smile.

Wei Qing and others also smiled.

They were very happy that Qin Feng was so active.

They expected Qin Feng to improve Yunyang City's ranking, so they naturally hoped that Qin Feng would be more active.

Qin Feng smiled He smiled:"My subordinate is a little curious. By the way, City Lord, my subordinates want to inquire about something."

"Say it!", Shangguan Yunyang's tone was very cheerful.

He now attaches great importance to Qin Feng

"How is the progress of Jianhao Lin's case?", Qin Feng asked

"Forehead.....", Shangguan Yunyang sighed,"Lin Jianhao was rescued. The person who rescued him killed seven five-star masters in a row, one of whom was a late-five-star master."

Qin Feng was shocked:"City Lord, the Lin family knows some powerful masters ?"

Shangguan Yunyang shook his head slightly:"As far as I know, there shouldn't be."

Qin Feng was confused.

So who saved Lin Jianhao?

Could it be... right! Zhou Changtong!

Qin Feng's eyes lit up, as if he thought of something.

In the eyes of others, Zhou Changtong is just a three-star elemental.

But he saw another side of Zhou Changtong with his own eyes.

That guy has a lot of secrets

"No wonder Lin Jianhao sent such a text message, saying that he came to take revenge. It seems that I have to make some preparations."

Qin Feng murmured in his heart.

A mysterious master who could kill late five-star appeared next to Lin Jianhao, which made him feel even more pressure.

His current strength is at most mid-five-star, and he is not an opponent of late five-star.

What's more, Lin Jianhao and others are in the dark, he In the open, he was very passive.

This was very detrimental to him.

Shangguan Yunyang saw that Qin Feng was a little worried.

He comforted him: "Qin Feng, you don't have to worry. The alliance is already searching for Lin Jianhao and his accomplices with all their strength. They can't escape."

"In addition, Lin Yuankun couldn't run away. I have notified the alliance, and they will soon send people to search for Lin Yuankun and take away the Lin family children."

He doesn't know yet that Lin Yuankun is dead.

"By the way, as a Lord, Yunyang City will give you a mansion and manor, as well as dozens of servants. I'll arrange for someone to take you to your accommodation later....."

Shangguan Yunyang thought that Qin Feng's villa had been destroyed by Lin Yuankun, and what he lacked most was accommodation, so he prioritized arranging accommodation for Qin Feng.

But Qin Feng's eyes suddenly lit up after hearing what he said.

He thought of a way to deal with Lin Jianhao instead of being a guest...

Chapter 118

"City Lord, can you keep my promotion to Lord a secret?....", Qin Feng suddenly said.

These words surprised everyone.

When young people receive such an honor, they wish the whole world would know that this Qin Feng actually asked them to keep it a secret.

Shangguan Yunyang looked at Qin Feng in surprise.

Immediately, he seemed to have thought of something and smiled:"These are all small things. Everything will be done as you say."....."

"Also, my villa.....", Qin Feng made some more requests.

Shangguan Yunyang agreed readily.

Soon, everyone dispersed.

Qin Feng and Chu Chu returned to the villa area.....

Half an hour later, in the city lord's office.

Shangguan Yunyang sat behind his desk and took out a cigarette leisurely.

Wei Qing helped him light it.

Shangguan Yunyang took a breath, with a satisfied look on his face.

He is in a good mood now.

Qin Feng's strength has improved greatly.

It made him look forward to the Zhucheng Military Competition seven days later.

"City Lord, the requests made by Deputy City Lord Qin today are a bit strange....",

Wei Qing also lit a cigarette for himself.

Now, Qin Feng has been promoted to deputy city lord, which is the same level as him.

Shangguan Yunyang blew out a smoke ring and suddenly said with profound meaning: "Brother Wei Qing, the origin of this Qin Feng may not be simple...."

"Oh, why did the city lord say this?", Wei Qing became curious.

He knew Shangguan Yunyang very well. He looked bold and informal, but in fact he was delicate and strategic.

"I'm not surprised that Qin Feng broke through to the two-star Great Perfection so quickly. After all, he got the 200ml of Emperor Ouyang as a reward from the alliance..."

Shangguan Yunyang exhaled another puff of smoke and continued: "But have you noticed that his fire energy has evolved to the six-star level, which is greater than breaking through to the two-star level? Consummation is much harder, how did he achieve it? Wei Qing nodded slightly:"

My subordinates are also very confused about this issue." Before this, his fire energy had not evolved. When we met again, we actually evolved. Even if it is an adventure, it is definitely not an ordinary adventure!"

Wei Qing's tone was somewhat envious.

Shangguan Yunyang flicked the ashes from his cigarette and said with a smile:"How do you think Qin Feng escaped Lin Yuankun's pursuit?"

"Didn't he say that he was hiding in the city and was not found by Lin Yuankun... Well, City Lord, don't you believe what he said?"

Shangguan Yunyang smiled:"Do you think this statement is reasonable?"

"this...."

Wei Qing didn't think much about it before.

Now that he thought about it, it seemed a little unreasonable.

Even if Lin Yuankun can't be found, he won't leave so easily

"City Lord, what do you think is the reason?"

"Lin Yuankun is dead!"

"What?!", Wei Qing was shocked, even the cigarette butt in his hand trembled.

Then, he said with a surprised look on his face:"City Lord, how did you know? Shangguan

Yunyang blew out a puff of smoke and then said with a mysterious face:"When I went to look for Qin Feng outside the city this time, I found a trace left behind by the Eight-Star Boss."

"Eight-star king?!", Wei Qing was shocked again.

In this era, eight stars are the king and nine stars are the emperor.

But how could such a high-ranking king appear in a small place like Yunyang City?

Such a king is either at the alliance headquarters or stationed in the starry sky. City, confronting the Starry Sky Orcs.

At this moment, Wei Qing's hands were shaking unconsciously.

It was the awe of the strong in his bones, and the surrender from the depths of his soul.

"City Lord, what does this have to do with Lin Yuankun's death?"

Shangguan Yunyang took a deep breath of cigarette and exhaled a long stream of smoke.

"I also found traces of the shadow elemental master at the battle site. Judging from the destructiveness, it should reach a five-star level. In addition, I also saw some substances that resembled human ashes....."

Shangguan Yunyang didn't say any more.

Wei Qing had already opened his mouth in surprise.

Shangguan Yunyang didn't need to explain, he also felt that 80% of it was leftover after Lin Yuankun's death.

You know, shadow elemental masters are very rare.

There are not many shadow elemental masters in the entire alliance who have reached five stars or above.

Among the several base cities nearby, Lin Yuankun is the only one.

"City Lord, do you mean that an Eight-Star King took action to save Qin Feng and destroy Lin Yuankun?"

Wei Qing had forgotten to smoke. The cigarette was half burned and bent down.

Shangguan Yunyang did not answer directly.

He flicked the ashes and said: "I heard that as long as the Eight-Star King is willing to pay some price, he can let the two-star elemental's elemental power evolve to the level of six-star. It's just that the price is a bit high. If you're not a close descendant, they wouldn't be able to take action...."

Wei Qing was shaken all over.

Oh My God!

Could it be that Qin Feng is a descendant of the king?!

"City Lord, is it true that Qin Feng is...."

Wei Qing's hands were shaking, and the cigarette ashes fell directly, burning the back of his hand to twitch.

Shangguan Yunyang said with a mysterious face again: "Don't you think so? Think about Qin Feng's sister Chu Chu. Both brothers and sisters are incredibly talented and have amazing fighting skills. ..."

"Both brothers and sisters are geniuses among geniuses. Apart from their own excellence, there is no other factor?"

"This....yes!"

Wei Qing figured it out and was convinced.

The Qin Feng brothers and sisters are definitely descendants of kings.

Thinking about it this way, everything can be explained.

He took a deep breath of cigarette and calmed down.

"City Lord, what should we do?"

Wei Qing was actually a little uneasy.

Descendants of kings!

They must be treated with caution and without any offense.

This is a troubled world, and a world where the strong are respected.

What is law?

The king is the law.

The king kills without a reason. , there is no need to ask right or wrong.

Even if the king slaughters the city, the Nine-Star Emperor will not care.

The only thing is, as long as he is an enemy of the Starry Sky Beast Clan.

Shangguan Yunyang took a deep breath of cigarette and became silent.

After a moment, he said seriously Said:"Brother and sister Qin Feng came to our Yunyang City, probably to gain experience. Since he doesn't want to reveal his identity, we'll just pretend we don't know anything."

Wei Qing nodded repeatedly.

Shangguan Yunyang continued:"In addition, no one is allowed to investigate the details of their brothers and sisters. Even if people from the alliance want to investigate, we must help cover it up. Only in this way can everyone get along happily. Perhaps, they will also be grateful to us...."

"That's right!"Wei Qing thinks it makes sense.

"Of course, this is also an opportunity for us! If we have a good relationship with the descendant of the king, in the future....."

A smile appeared on Shangguan Yunyang's lips.

Wei Qing's eyes also showed light.

This is indeed an opportunity for them!

"City Lord, what should we do?"

"Since we want to make friends, we must show some sincerity. By the way, Qin Feng's promotion allowance hasn't been paid yet! After a while, when you send him the allowance, give him the bottle of Emperor Ooze (soil) in the warehouse as well."

Shangguan Yunyang quickly made a decision.

The bottle of Emperor Ouyang (earth) is a government resource. It contains about one hundred milliliters and is worth more than ten billion.

However, Yunyang City does not have any outstanding earth element masters, so it has been Stored in warehouse, unused

"City Lord, Qin Feng is a fire elemental master. Is this emperor's ooze (earth) useful to him?"

Shangguan Yunyang smiled slightly: "This is not important." It's just to express our sincerity, don't be too deliberate, lest he think his identity has been discovered."

"Besides, he also expressed his interest in the seeds of foreign thunder and foreign soil today. Maybe it will be really useful to him"

"City Lord, I'll do it now!"

Wei Qing put out his cigarette and was about to get up and leave, but was stopped by Shangguan Yunyang.

"Brother, remember! Don't ask Qin Feng if he can use that thing, just pretend you don't know anything."

"City Lord, I know!"

At that moment, Wei Qing left in a hurry...

Chapter 119

At the same time, Qin Feng and Chu Chu had returned to their villa residence.

Zhou Tong followed with a mecha guard and protected the entire villa.

In the villa area, as soon as the earls heard that Qin Feng had returned safely, they all came to pay their respects.

Qin Feng is the super genius of Yunyang City and the future star of the alliance.

These neighbors all want to have a good relationship with Qin Feng.

They don't know yet that Qin Feng has been promoted to deputy city lord. This matter has been suppressed and will not be publicized for the time being.

Zhou Tong and Chu Chu both refused visits from their neighbors on the grounds that Qin Feng was injured and needed seclusion to recuperate.

The earls also recognized this reason.

It was a miracle that Qin Feng was able to come back alive after being chased by Lin Yuankun. It was not surprising that he was injured, but it was strange that he was not injured.

After sending away the neighbors, Zhou Tong dispatched specialized personnel to help Qin Feng repair the villa.

While these personnel were repairing the villa, they also installed monitors in every corner of the villa as instructed.

Until dark.

Wei Qing came over.

The Qin Feng brothers and sisters quietly left the villa and followed Wei Qing to their new residence.

In this way, outsiders thought that Qin Feng was still recovering in the villa, but in fact the building had long since been deserted.

The guards outside the villa are still there, which is even more confusing to outsiders.

Qin Feng installed monitors in every corner of the villa, all connected to his mobile phone.

In this way, he can monitor what is happening in the villa at any time.

As long as Lin Jianhao and others appear, he will be able to find out.

This is equivalent to him turning light into darkness, and turning passivity into initiative.

Half an hour later, the Qin Feng brothers and sisters, led by Wei Qing, entered a mansion in a manor.

This mansion is more than ten times larger than the original villa, and it is also much more luxurious.

In order to keep Qin Feng's whereabouts secret, no servants have been arranged for the time being.

At this moment, inside the mansion.

Wei Qing enthusiastically introduced the situation of the mansion to Qin Feng.

Qin Feng vaguely felt that something was wrong with this guy.

This guy's attitude was very respectful, as if he were his subordinate.

It's obvious that both sides are on the same level.

Moreover, this guy is older than me.

You should be more respectful!

Qin Feng didn't know that this was Wei Qing's psychological effect.

Facing the descendant of the king, Wei Qing tried his best to pretend that he knew nothing, but he still showed humility from time to time in his bones.

His psychological quality is not as good as Shangguan Yunyang

"Deputy City Lord Qin, are you satisfied with this mansion?", Wei Qing asked with a smile on his face.

"very nice!"Qin Feng smiled and nodded,"Chu Chu, what do you think?"

"Brother, I like it very much!"

Chu Chu was lying comfortably on the sofa in the living room, feeling the softness of the leather.

Wei Qing smiled and said, "As long as you are satisfied! Deputy City Lord Qin, this is your promotion allowance, a total of 10 billion, please keep it!"

Wei Qing respectfully handed over a bank card.

"Wow! So many!"

Chu Chu jumped up from the sofa in surprise.

Qin Feng was also surprised: "Isn't this a bit too much?"

"Not much at all!"

Wei Qing explained with a smile: "The reward for promotion to the first level of Lord is 1 billion, the second level is 1.5 billion, the third level is 2 billion, the fourth level is 3 billion, these total 7.5 billion."

"Add in the rewards for Deputy City Lord Qin's promotion to second-level earl, third-level earl, and fourth-level earl, and the total total is 9.6 billion."

"The city lord said that deputy city lord Qin's performance was very good and should be rewarded with some extra rewards, so he rounded up the total to 10 billion."

"Forehead....", Qin Feng was a little dumbfounded.

Why does it feel like the other party is giving me money on purpose?

But it feels pretty good

"By the way, Deputy City Lord Wei, don't use the word 'you' in the future. After all, I am still a junior."

Qin Feng put away his bank card at will.

"good! good!"

Wei Qing then realized that he was a little more cautious without realizing it.

"Deputy City Lord Qin, this bottle of Emperor Ouyang (soil) is a reward given to you by the City Lord on behalf of Yunyang City."

Wei Qing took out another bottle of Emperor Ooze (soil), which was a full 100 ml.

Qin Feng was pleasantly surprised.

This is what he lacks most now.

His five-element fellow practitioner has two stars in fire, wind and ice. Great Perfection.

The second star pattern of the thunder system is 93%, and the breakthrough is imminent.

The second star pattern of the earth system is only 40%, and it will take a long time to break through.

He is worried about this!

"Brother Wei, why would the city lord reward me with this? I am a fire elemental master!"

Wei Qing smiled and said:"The city lord also knows that you can't use it, but you can use it to exchange for other resources!" Besides, this is also the city lord's wish, so just accept it!"

"this....", Qin Feng hesitated for a moment,"Okay! Brother Wei, then thank the city lord for me."

"Ha ha!! It's not easy for us in Yunyang City to have a genius like you. As long as Deputy City Master Qin becomes famous in the future and can still remember the small Yunyang City, it will be fine"

"Don't worry, bro! This Yunyang City is also my hometown, how could I forget it!"

Qin Feng's tone was very sincere. He was quite grateful to Yunyang City.

Wei Qing was overjoyed:"Deputy City Lord Qin, I won't bother you anymore."

After Wei Qing left, Chu Chu came over with a face of joy.

"Brother, the rewards for this promotion are so generous! The city lord is so generous to you!"

My brother can get benefits, and the little girl is happier than anyone else.

Qin Feng smiled and put away the emperor's liquid.

He also felt that Shangguan Yunyang was very generous to him, and he also had some guesses in his mind.

However, overall it is not a bad thing, and there is no need to Go and tell the truth

"Little girl, I'm going to retreat. Don't be lazy these days and practice hard!"

"Well, brother, I will try my best! I want to become stronger and I want to help you! I'll go to Fighting.net in a minute...."

"Um, you don't want to practice?"

"I want to awaken the power of the mysterious elements as soon as possible, so I need to practice more fighting. Besides, I also want to win some money. Sister Xixi and Sister Liu Yan have contacted me several times in the past few days, and I have never had time to surf the Internet!

Qin Feng smiled:"Okay!" then you go! Remember to make more money. If you can earn 2 billion, I should be able to get you another bottle of qualification enhancer, which can help improve your ice talent to a peerless level."

"Wow~! so good!", Chu Chu was overjoyed,"Brother, I will go online to find Sister Liu Yan now."

When it comes to gambling, Liu Yan is the best at it.

At that moment, the little girl was like a rabbit, going to the fighting room.

Qin Feng smiled and shook his head, and walked to the retreat room.

He should go to the refining emperor now Ooze (earth), and the thunder element has to be upgraded to two stars.

Lin Jianhao's threat has not been eliminated, and he cannot relax yet.

Time flies.

In the blink of an eye, two days have passed.

In these two days, Qin Feng He was seriously injured and has been recuperating in the villa, causing a great sensation in the outside world.

Now, Qin Feng, as a new super genius in Yunyang City, has already caused a sensation in the whole city.

Although he has not been on TV, many people still don't know His appearance.

But his name was heard by everyone, far surpassing Lin Tianyang at the time.

For a time, many young people became fans of Qin Feng.

Even many elemental masters admired Qin Feng..

And Qin Feng's injury has touched the hearts of many fans...

At the same time, outside Yunyang City, in a small forest.

The demon knife was sitting on a tree branch, with a cigarette butt in the corner of his mouth, a naughty look on his face. Looking at Lin Jianhao below

"You're still a step late...."...

Chapter 120

"You're still a step late...."

Yaodao smiled mischievously, took out a cigarette and threw it away.

Lin Jianhao caught the cigarette, lit it expressionlessly, and then took a deep breath.

He only found out today that his text message was sent a step too late.

All the Lin family members were arrested.

His son, as well as his beloved Xue'er, were imprisoned in the city.

And his father also disappeared

"Can you help me rescue my tribe?"

Lin Jianhao looked at Yaodao, his eyes pleading.

"Didn't you say that you should live for yourself for the rest of your life? Why do you start thinking about your family again?"

Yao Dao blew out a smoke ring, and a strange color flashed deep in his eyes.

There are some memories in life, no matter how hard you try to forget them, you can never forget them.

It's too difficult to want to be without worries!

He can understand Lin Jianhao's feelings, he has also experienced them

"I can't forget it." Lin Jianhao sighed, "Can you help me?"

"Ah!" Yao Dao threw away the cigarette butt and looked up at the top of the tree, "Musician, what do you think?"

The handsome man in white clothes stood gently on the tip of a leaf with his hands behind his back.

He looked at Yunyang City under the sunset, with a trace of melancholy in his handsome eyes, and his expression was lonely and lonely.

"Tonight, let's meet Qin Feng first! Let's discuss other matters later!", the violinist's voice was very soft.

Yaodao shrugged helplessly.

Lin Jianhao was silent.....

At the same time, inside Yunyang City.

Qin Feng's mansion.

In the secret room, Qin Feng brought up the training panel with anticipation to check the progress of his training.

Practitioner: Qin Feng

Earth element realm (peerless): one-star Dzogchen realm (second star pattern 95%)

Wind element realm (peerless): two-star Dzogchen realm (third star pattern 4%)

Thunder element realm (peerless): two stars Great Perfection (third star pattern 4%)

Ice realm (peerless): Two-star Great Perfection (third star pattern 4%)

Fire realm (absolute): Two-star Great Perfection (third star pattern 40%)

Combat power index: 60,000 points

"The thunder element has finally reached two-star perfection! Ha ha!!"

Qin Feng laughed heartily.

In the past two days of practice, he has made great progress.

Not only has the thunder element broken through to the two-star perfection, but the earth element's second star pattern has also reached 95%, and the breakthrough is only one or two days away..

When his earth element breaks through to two stars, the mission of awakening the mysterious element will be completed.

In addition, Qin Feng's combat power has increased from 50,000 points to 60,000 points, just reaching the threshold of mid-five-star.

Five-star initial combat power The threshold is 50,000 points.

The five-star mid-term is 60,000 points, the late-stage is 80,000 points, and the great perfection is 100,000 points.

However, with his fighting skills and special means, he is confident that he can defeat the five-star late-stage.

Of course, facing the five-star grand Master of Perfection, he is not his opponent yet.

The difference in combat power between the two sides is too big.

After a while, Qin Feng closed the interface and walked out of the practice room with satisfaction.

After days of practice, he also felt a little tired, so he went to take a hot bath.

Half An hour later, he walked out of the bathroom feeling fine.

After practicing, it was so refreshing to take a shower. His whole body became relaxed.

This feeling was very enjoyable.

A quarter of an hour later, Qin Feng Wearing comfortable pajamas, he went to find Chu Chu.

The mansion was too big for two people to live in.

When he arrived at the luxuriously decorated fighting room, he saw that the indoor lights were on.

In addition to five 3D fighting chambers, the fighting room , there are also combat power testing machines and talent sensitivity testing machines, which are extremely luxurious.

Qin Feng was a little shocked when he saw it at first sight.

Especially the talent sensitivity testing machine, which is very expensive and worth at least one billion.

Here is actually There is one.

The Lord's treatment is extraordinary, much better than that of the Earl.

In addition, there is a rest area in the fighting room.

There are sofas, coffee tables, drink areas, snack areas, bookcase areas, computers and TVs.

At this moment, Chu Chu was wearing a cute dress and was lying on the sofa in the rest area, sighing there.

The sound of Qin Feng's footsteps alarmed her.

Chu Chu jumped up from the sofa.

"elder brother! You are out of seclusion!"

Chu Chu was so surprised that she ran over to act coquettishly without even wearing shoes.

The fighting room has a latex carpet, which is very soft and comfortable. It doesn't matter if you don't wear shoes.

"Little girl, what's wrong? Why did I hear you sighing just now?", Qin Feng pinched Chu Chu's little face lovingly

"Hey~! Brother, I am becoming more and more famous in the fighting network. I am so worried!"

Chu Chu looked miserable.

Qin Feng couldn't laugh or cry:"Isn't it bad to be famous?"

"Of course it's not good!", Chu Chu raised her little mouth faintly, "After I become famous, no one dares to gamble with me, and it becomes more and more difficult to win money. It's been two days, and I've only made 700 million...still far short of my goal of 2 billion!"

"Forehead...", Qin Feng smiled and shook his head

"Brother, why don't you go to Fighting.com to bet on fighting. You are a newcomer and have no achievements. If you want to bet on a fight, you can definitely win a lot of money!"

Chu Chu suddenly thought of this idea, and her big eyes were filled with excitement.

Qin Feng shook his head: "Let's go when we have time. It's a bit busy these days."

He was thinking about Lin Jianhao. How could he be in the mood to play fighting?

"By the way, is this talent tester easy to use?", Qin Feng looked at the tester not far away

"It's so useful! This is a comprehensive sensitivity tester, much more advanced than the one we tested last time. It took me a long time to figure out how to operate it.

At this point, the little girl said excitedly: "Brother, let me tell you." I took a test today and found that my sensitivity to mysterious elements reached 0.99, which is just a tiny bit away from awakening.

Qin Feng was pleasantly surprised: "This is a good thing!" When your talent awakens, your strength will definitely double, or even become stronger!"

"whee!! I'm curious too!", the little girl's face was full of joy, "Brother, you put on your pajamas, are you ready to rest?"

"Yes! I haven't slept in several days and wanted to take a rest. This mobile phone is given to you, and you can help watch the surveillance system on it. There is movement Just tell me!"

Qin Feng handed his mobile phone to Chu Chu.

The mobile phone was connected to the monitor of the villa and also had a reminder device.

Once a person appears in a certain monitoring area, the mobile phone will vibrate to remind

"Okay! Brother, go to sleep! I'll watch it for you!"

The little girl is very well-behaved.

After Qin Feng finished explaining, he went to sleep.

Unknowingly, five or six hours passed, and it was late at night.

Qin Feng slept until he woke up naturally.

The fatigue of the past few days was gone, and he was full of energy Glowing.

This sleep was very comfortable.

The higher the elemental master's cultivation level, the shorter the time he needs to sleep.

At the moment, Qin Feng was about to get up and change clothes.

At this moment, footsteps sounded outside the door.

After a while, Chu Chu Came in in a hurry

"Brother, look at your phone! There is movement on the surveillance screen!"

Sure enough!

Qin Feng stood up quickly and took the phone over.
