Chapter 1111

"opened! opened! The secret place is about to open!"

In the square, the crowd cheered.

Everyone looked towards the center of the square.

The entrance to the secret place was finally opening...

Qin Feng also followed the sound and saw a dazzling golden light in the center of the square.....

Click~! Click~! Click~!

Immediately, in the golden light, the space cracked, and a black hole in the space as black as ink appeared in front of everyone's eyes.....

That is the entrance to the secret place!

"Ha ha!! I'll go first!"

At this moment, an old man with a sinister face rushed into the entrance, and no one dared to stop him.

Qin Feng knew that the man's name was Ran Deng Ancient Ancestor, and he was the Lord of the Ancient Heaven Realm among the Nine Heavens and Ten Realms. His cultivation level was The Quasi-Saint Ancestor is at the peak, and his strength ranking is still above

Old Man Yuexia. After the Ran Deng Ancient Ancestor entered, his disciples followed closely.

Next, the six superpowers also entered one after another.

The Jiyue Heaven Realm was the last wave to enter..

Before Old Man Yuexia entered, he glanced at Qin Feng and got in without hesitation.

After everyone from Jiyue Heaven Realm entered, large forces began to enter one after another.

.....

When Qin Feng saw Yuexia and the three old men entering, he quickly waved. The space in front of him changed, and a figure appeared out of thin air. It was Chu Chu.

After not seeing each other for many years, Chu Chu looks even more beautiful and charming.

"elder brother!"

Chu Chu was overjoyed when she suddenly saw Qin Feng.

"Chu Chu, take this!"

Qin Feng anxiously handed Chu Chu a storage ring.

At the same time, he sent a message to Chu Chu

"Chu Chu, this storage ring contains ten groups of cultivation essences of the universe. If you refine them all, you can evolve your small universe into a universe. That can greatly improve your strength.

Chu Chu was delighted:"Thank you, brother!"

"alright! You refine the essence here, don't go anywhere, don't enter the secret place, just wait for your brother to come back!"

Qin Feng asked anxiously.

Chu Chu nodded obediently.

She always trusted her brother's words and never asked why.

Chu Chu had been in seclusion all year round, so naturally she didn't know about the old man Yuexia.

Qin Feng had no time to explain.

His time now is extremely precious and cannot be delayed.

He must destroy the three heavenly realms within eight hours, otherwise he will miss this opportunity

"Let's take action!"

After settling everything, Qin Feng waved his hand and everyone disappeared instantly.

Only Chu Chu was left fighting alone in the corner of the square, surrounded by strangers...

However, at this moment, everyone's attention was on the entrance to the secret place. No one would pay attention to the movements of Qin Feng and others in that inconspicuous corner.

Even Chu Chu's appearance out of thin air and Qin Feng and others' disappearance out of thin air did not attract the attention of many people.....

For the little people in the first and second realms, no one cares whether they go or stay.

For these people, the opportunity in the secret place before them is the most important.

At this moment, tens of thousands of explorers poured towards the entrance like a tide.

Chu Chu glanced around, then sat cross-legged, silently took out a Great Thousand World Cultivation Essence, and began to strengthen her own small universe.....

She is the teleport coordinates Qin Feng left at the entrance to the secret place.....

But he said that on the other side, over the Great Juntian Territory.

Panzu was silently paying attention to the movements in Dajuntianyu.

He has been guarding it silently for more than twenty days.

Suddenly, the space in front of him changed, and a phantom clone appeared out of thin air.

"Owner!"

Pan Zu released the secret technique of invisibility with a look of joy on his face.

"Walk! Quick victory!"

The phantom clone flew directly towards the Great Juntian Territory.

Panzu followed closely behind.

At the same time, in the Great Juntian Territory, in the square, 80 to 90 million disciples had gathered densely, all of them were quasi-gods or above.

Gou Chen He was suspended in the sky above the square and delivered a mobilization speech.

Behind him, there were more than a dozen high-level officials from the Supreme Saint suspended in the air.

"Everyone, in eight hours, we will set off directly, with our troops pointing directly at the God Realm! Kill all the creatures in the divine world and avenge my father! Gouchen shouted with emotion and excitement

"Kill all the creatures in the divine world!"

"Revenge for Master Jun Sheng!"

The army below roared with thunderous shouts!

Gou Chen was very excited when he saw it.

But at this moment, a rapid sound broke through the air above everyone's heads.

Gou Chen and others couldn't help but look up.

When they saw it, they saw something A young man and a strong man are falling from the sky.....

These two people are the shadow clone and Panzu!

"Little Lord! It's Qin Lei!"

"The other one seems to be a master too!"

Behind Gou Chen, several Supreme Saint executives exclaimed.

Gou Chen's face also changed drastically.

What's going on?!

Didn't Prince Xishen say that Qin Lei went to the secret place with Qin Feng, how could he appear here?

"Little Lord! This... what should I do?!"

Some of the Supreme Saint high-ups were a little panicked.

They had obtained information about the God Realm, seen the portrait of the phantom clone, and knew that the combat power of the phantom clone had reached the half-step quasi-saint ancestor level, so they were naturally afraid.

But Gou Chen was panicked. After a moment, he had a sneer on his face

"What are you afraid of! It's just Qin Lei, not Qin Feng. Besides, this is our territory. This reckless guy dares to come to my hometown to cause trouble. He is simply going to die!"

"Senior executives, listen! Follow me to kill Qin Lei!"

As soon as he finished speaking, Gou Chen had a thought in his mind.

Buzz~!

There was a clear sound in his body, and his spiritual light suddenly emanated, and the entire Great Juntian Territory also trembled.

Then, the power of heaven and earth in the entire Great Juntian Territory moved towards Gou Chenyong.....

Boom~Long~Long!

Heaven and earth roar!

The momentum is soaring!

In just a moment, Gouchen's momentum skyrocketed from the middle stage of Tiansheng to the half-step quasi-saint ancestor level.....

When the saints saw this, they suddenly realized.

Only then did they remember that before Jun Sheng left, he had left the Seal of the Heavenly Realm of the Great Jun Tianyu to Gou Chen.

After the fall of Saint Jun, Gou Chen naturally became the new owner of the Seal of the Heavenly Realm, and could control the power of heaven and earth in the Great Jun Tianyu.

However, it was said that with the help of the power of heaven and earth, Gou Chen's combat power increased to the half-step quasi-saint ancestor level, his body transformed into ten thousand feet, and his confidence increased greatly.

All the Supreme Saints also had their confidence doubled.

Qin Lei is only a half-step quasi-saint ancestor.

But he only brought one of his men.

And this is the home base of Dajun Tianyu.

There are so many of them that even with the human sea tactics, they can still destroy Qin Lei and the others.

"Everyone! Kill with me!"

Gou Chen roared and rushed towards the sky to meet the phantom clone.....

The dozen or so supreme saints also had high fighting spirit. They all rushed into the sky and attacked Panzu together.....

Tens of millions of disciples from the Great Juntian Territory looked up one by one, with excitement in their eyes.....

In their opinion, the young master has the power of heaven and earth to help him and is absolutely capable of defeating Qin Lei.

And if more than a dozen Supreme Saints attack Panzu together, they will definitely gain the upper hand...

This time, the God Realm only sent two people to break into the Great Juntian Territory. It was simply too arrogant and overestimating its capabilities.....

In just a moment, the two sides met at a height of 10,000 feet.

"Qin Lei, kid, dare to break into my Great Juntian Territory! Die quickly! Gou

Chen roared angrily and punched the phantom clone in the face.

The combat power of the half-step quasi-saint ancestor spread instantly, shocking the world...

At the same time, the dozen or so saints also attacked Pan. Ancestor.....

A dozen people combined their strength to attack, and the power was comparable to that of the early Heavenly Sage, which should not be underestimated...

Seeing this scene, the shadow clone's mouth curled up slightly, and he took action directly.....

12 million extreme combat power instantly unfolded...

The amplitude of combat power was three hundred times unparalleled...

The next second, he struck with a palm, like a strike from the sky, the combat power and momentum was infinitely close to the late stage of the Quasi-Saint Ancestor.....

"This...how is this possible!"

Gou Chen's face changed drastically, and his eyes were filled with fear.

Didn't he say that Qin Lei's strength was only half a step to the Quasi-Saint Ancestor?

How could he be infinitely close to the late stage of the Quasi-Saint Ancestor!

Gou Chen's eyes were filled with disbelief.

But everything was over It's too late!

Bang~!

There was a loud noise of earth shattering!

The phantom clone slapped Gou Chen until his whole body exploded, blood spurted out from his mouth, and his huge body hit the ground directly, falling as fast as lightning..

Chapter 1112

The phantom clone slapped Gou Chen so hard that his whole body exploded and blood spurted out from his mouth. His huge body hit the ground directly and fell as fast as lightning.....

Boom~!

There was another loud noise, gravel flew across the sky, and the entire Great Juntian Territory was shaking.

Gou Chen was smashed deeply into the ground, leaving only a huge human-shaped pit, which was extremely eye-catching...

The disciples of Tianyu were immediately dumbfounded!

The young master, whom they had high expectations for, was actually slapped into the ground by Qin Lei like an ant.....

At this moment, in the sky, an ax light shone brightly across the world.....

Ah~! Ah~! Ah~!

Immediately afterwards, more than a dozen shrill screams rang out from the sky, and the sky was dyed red with blood...

I saw Pan Zu turned into a giant of ten thousand feet, holding a sky-opening ax, and killed more than a dozen heavenly saints with one axe. Split into two halves...

At this time, the phantom clone waved, white light flashed behind him, and hundreds of millions of divine armies appeared densely, all of them were quasi-gods or above.....

"Kill me!"

The phantom clone waved his hand, and hundreds of millions of gods' armies rushed towards the disciples of the Great Jun Tianyu in the square...the phantom clone also rushed over.....

"not good!"

"Run!"

All the disciples of the Great Juntian Territory screamed and fled like birds and beasts in all directions...

Before the war even started, their fighting spirit collapsed.

Gou Chen, who was their spiritual support, could not even withstand a face-to-face encounter with his phantom clone. Why do they have the confidence to fight?.....

Even the dozens of supreme saints were split in half by Panzu's axe.....

In the blink of an eye, the phantom clone arrived at the square.

Gou Chen just climbed up from the pit, covered in blood and dying.

But before he could take a breath, the phantom clone slapped him again...

Boom~!

There was another loud noise!

The earth trembles!

"ah~! "

Gou Chen screamed miserably and was pushed into the pit alive again, blood spurting out wildly.
.....

Immediately afterwards, the phantom clone attacked Gou Chen crazily in the pit...

Gou Chen suddenly screamed repeatedly, extremely miserable.....

If it weren't for the help of the power of heaven and earth, which allowed him to reach the strength of a half-step quasi-saint ancestor, he would have been killed by the phantom clone long ago.....

At the same time, screams continued to sound high in the sky.

Those Supreme Saints who were split in half by Panzu were not completely dead. They were being forcibly resurrected one by one...

Panzu wielded his giant axe, frantically hacking at their souls, trying to completely kill them.....

At this moment, Panzu's strength, which was comparable to the peak of the Heavenly Saint, was so majestic that it crushed everything. It didn't take long for him to completely kill an extremely holy person.....

On the other side, under the leadership of more than a dozen supreme saints such as Feng Di, Qing Lin, and Jiutian Xuannv, the billions of troops of the Divine Alliance directly killed the disciples of the Great Juntian Territory and screamed in agony...

Those disciples of the Great Juntian Territory were the strongest. However, in the second realm, the number of people was not as large as that of the Divine Alliance, so how could they be the opponents of the Divine Alliance... For a time, the disciples of the Great Juntian Territory were slaughtered in pieces, screams came one after another, and the earth was stained red with blood.
.....

The League of Gods had the upper hand, and a one-sided massacre was going on...

This caused Qin Feng's karma to skyrocket, and his redemption points also skyrocketed.....

At the same time, Great Freedom is within the realm of heaven.

Brahma, Shiva, and Vishnu looked at the sky high in shock.

I saw that high in the sky, Xuan Ni's clone stood proudly with her long hair flying.

Behind Xuan Mi's clone, there were also three powerful Heavenly Saints, Qin Baobao, Kunpeng, and Hongyun.

After that, there are more than a dozen Supreme Saints including Yingzhao, Xiang Liu, Xuanwu Zhenjun, and hundreds of millions of divine alliance troops...

This group of people, like divine soldiers descending from the sky, suddenly descended on the Great Freedom Heaven Territory, allowing Brahma and the other three were extremely shocked.....

"Qin Mu, didn't you go to a secret place? How come you are here? Brahma couldn't help but ask.

Xuan Mi's clone sneered:"You can ask Yue Xialao after you die!"

Brahma was furious: "Qin Mu, son!" Do you think this leader is easy to bully? Even if you are half as strong as the Holy Ancestor, when you reach my territory, you will only die! Shiva! Vishnu! Fit!"

As soon as he finished speaking, Brahma, Shiva, and Vishnu's whole bodies shone with aura, and instantly they merged into one, turning into a three-headed and six-armed monster, with a combat power and momentum that was almost half that of a quasi-saint ancestor.....

Buzz~!

The next second, this monster with three heads and six arms let out a clear cry!

That is the seal of the Heaven Realm of the Great Freedom Heaven Realm being activated!

I saw the monster's whole body glowing with golden light, and the power of heaven and earth from the entire free world surged up, superimposing on the monster one after another.....

The momentum of the three Brahmas skyrocketed, reaching the threshold of the mid-stage quasi-saint ancestors in just a moment.

That momentum covered the sky and the earth, it was extremely terrifying.....

Below, the hundreds of millions of disciples from the Zi Zi Tian Territory who had been watching cheered when they saw this scene.....

"Ha ha!! The three leaders have used the power of heaven and earth. Qin Mu is dead!"

"Of course! Then Qin Mu was only half a step closer to the Quasi-Saint Ancestor. Facing the mid-stage Quasi-Saint Ancestor, he had no power to resist at all!"

"Three leaders! mighty!"

All the disciples of Tianyu cheered enthusiastically.....

"Qin Mu, kid, there is a way to heaven but you don't take it, and there is no door to hell but you break in! This time, you deliver it to your door yourself! Just suffer death! Ha ha!!"

Brahma and the other three laughed proudly and rushed towards Xuan Ni's clone.....

In their opinion, if they were outside the Great Freedom Heaven, there was nothing they could do with the Xuan Mi clone.

But in their own lair, they can definitely crush the Xuan Mi clone and even kill it.....

In the blink of an eye, the three-headed and six-armed monster was in front of Xuan Mi's clone, and all three fists came out...

Boom~! Boom~! Boom~!

Suddenly, there was thunder and wind, and the momentum was shocking!

The power of those three punches has completely reached the mid-stage level of Quasi-Saint Ancestor...

At this critical moment, Xuan Mi's clone sneered and slapped a palm casually.....

Boom~Long~Long!

All of a sudden, the sky and the earth were moving with wind and thunder, and the sun, moon, mountains and rivers were without light!

The power of Xuan Mi's clone's palm suddenly reached the peak of the mid-stage quasi-saint ancestor, and was infinitely close to the late stage of the quasi-saint ancestor...

Bang~!

There was a loud crashing sound!

Thousands of miles of void, shattered every inch!

Brahma and the other two men groaned and were blasted hundreds of millions of miles away.

The hundreds of millions of disciples from the Zi Zi Tian Realm were all dumbfounded.

In their opinion, the three leaders, who were almost invincible, were actually knocked back with one palm.....

"This...how is this possible!"

Brahma and the other three finally managed to stabilize their bodies, and all three heads looked at Xuan Mi's clone in disbelief...

How long has it been?

Qin Mu's strength has actually increased from the half-step quasi-saint ancestor to the limit of the mid-stage quasi-saint ancestor. , even approaching the late stage of Quasi-Saint Ancestor.....

"Qin Mu, why has your strength improved so quickly?"

"Ha ha!! This deity said, you can ask Old Man Yuexia after you die! Brahma was furious:"

Qin Mu, don't be so arrogant!" Even if your strength is as strong as the three of us, you can't kill the three of us even if I give you ten thousand years!"

"Then wait and see!"

Xuan Mi's clone sneered, and with a flick of his sword, Abi Yuantu's two swords came out, killing Brahma and the three people again. With the two holy weapons coming out at the same time, the strength of Xuan Mi's clone increased again, and suddenly reached the threshold of the late stage of the Quasi-Saint Ancestor.....

The expressions of Brahma and the other three people changed greatly.

The three of them's sacred weapons: the Eternal River, the World of Three Lives, and the Sword of Creation, were all snatched away by Qin Feng, and they had no more to rely on... At this moment, it can be said that one thing is going down and the other is going up.

In the blink of an eye, the two sides were at war.

Xuan Mi's clones combined their swords and killed Brahma and the other three people, making them scream and unable to fight back.....

"Follow this princess to kill!"

At this moment, Qin Baobao waved his hand, and the hundreds of millions of disciples of the Shenmen League roared with thunderous shouts, and immediately killed the disciples of Zizai Tianyu in a mighty manner.....

Three heavenly saints, Qin Baobao, Kunpeng, and Hongyun, were followed, followed by a dozen supreme saints such as Yingzhao and Xiangliu, and then followed by an army of hundreds of millions.....

In just a moment, the armies of both sides were fighting together.

But the army of Zi Zai Tian Territory only has more than twenty supreme saints as leaders, not even one heavenly saint.....

As soon as the two sides fought, they were killed by Qin Baobao, Kunpeng and Hongyun.....

I saw Qin Baobao sacrificing the sacred red embroidered ball. With both spiritual consciousness and physical attack, he killed a strong man in the early stage of the Saint with one ball...

Kunpeng transformed into his true body, and billions of golden feathers transformed into billions of lightsabers. It shot out, killing tens of thousands of people in a matter of seconds...

Hongyun also used the sacred weapon Nine-Nine Red Cloud Sansoul Gourd, and shot out hundreds of millions of red sand, killing tens of thousands of people in a matter of seconds.....

Just like that, in an instant, the Divine Alliance gained the upper hand and killed the Zuzai Tianyu army until they cried for their fathers and mothers, and many of their disciples fell down.....

"No~! "

The three Brahmas looked extremely sad.

This is the team that they have worked hard to cultivate for hundreds of millions of years. How can they bear to watch it be wiped out...

At this moment, the three of them wanted to rescue their children, but they were suppressed by Xuan Mi. They were unable to do anything at all.....

The situation on the field has completely turned towards the Divine Alliance. More and more disciples from the Free World are falling, and the situation is getting worse and worse.....

Brahma and the others could only resist the attack of Xuan Ni's clone while watching helplessly as their clansmen fell, feeling extremely sad and angry.....

On the other side, within the Jiyue Heavenly Realm, Qin Feng has led an army of hundreds of millions to fight in...

A bigger battle is about to take place.

Chapter 1113

At this moment, in the sky of Jiyue Heaven, over Guanghai Palace.

Taiyi, Gusheng, and Posheng were suspended in the air, looking up at the nine heavens.

I saw that above the nine heavens, a heavenly army descended from the sky, densely packed with hundreds of millions of people...

The mighty momentum shocked the entire Jiyue Heavenly Realm.

At this moment, countless creatures looked up.

Taiyi and the others were alarmed by this momentum.

Soon, the three of them saw clearly.

At the front of the army was a handsome young man with extremely noble temperament. Suddenly he was Qin Feng....

"It's... it's... it's Qin... Qin Feng!"

Taiyi was so frightened that his face turned pale and he even stuttered a little when he spoke.

He was extremely afraid of Qin Feng.

"How can this be!"

"He...didn't he go to a secret place?"

Gu Sheng and Po Sheng were also panicked.

Qin Feng's name has long been famous in the heavens and all the worlds. He is a quasi-saint ancestor level power. How can they be compared to these heavenly saints?

"Two of you! quick! quick! Gather the army! Respond to the enemy quickly!"

Taiyi was extremely anxious. Only then did Gusheng and Posheng suddenly wake up.

"Holy mother-in-law! quick! Gather the army and activate the Nine-Meander Yellow River Formation!"

Saint Gu shouted urgently.

Saint Po quickly sent out a message.

Whoosh~! Whoosh~! Whoosh!~! ...

In an instant, nine figures rushed out of Guanghan Palace and gathered in the square.

These nine people are the other nine Heavenly Saints in Jiyue Heaven Realm, three are mid-stage Heavenly Saints, and six are early-stage Heavenly Saints.....

At the same time, more than 500 million disciples from the Jiyue Heaven Realm of quasi-god level and above also gathered from all directions.....

"The nine of you will follow me and activate the Nine-Meandering Yellow River Formation to respond to the enemy!"

As soon as he finished speaking, the saint waved his hand and showed the formation diagram...

Buzz~!

The formation diagram slowly spread out, and it was hundreds of millions of miles wide...

Immediately, a giant formation projection appeared.....

"Everyone get in position!"

Gu Sheng shouted low, and he and Po Sheng threw themselves into the formation, taking their positions at the two poles of Yin and Yang.

Then, three middle-stage Heavenly Saints, strong men, entered the formation and took their positions at the three positions of Heaven, Earth, and Humanity.

Immediately afterwards, six Heavenly Saints The strong men in the early stage of the Saints threw themselves into the formation and stood in the six directions of heaven and earth.....

Next, the army of 500 million quasi-gods joined the formation one after another, arranged in batches according to the directions of the Nine Palaces and Eight Trigrams, entering and exiting the portal, advancing and retreating in a series, in an orderly manner...

Boom~Long~Long!

The formation was activated, the spiritual mist rolled in, the light spread out, covering the sky and the earth.

In a matter of seconds, a secret realm of heaven and earth was built within the formation, forming the gateway to life and death.

Gathering the power of 500 million children, we can achieve the power of tens of billions of lions.

In the blink of an eye, the formation was fully activated.

Inside the formation, we can see that the sky and the earth are lined up, and the Yellow River is full of power, the wind is rustling, and the black mist is covering the sun and the moon.

Long and wandering, Yao Yao is dark, the blood is soaring to the sky, and the haze is penetrating the earth.

This formation can be said to be: There is no integrity among the nine curves, and all the curves are unique to nature.

It can lose one's spirit, destroy one's soul, trap one's form, damage one's spirit, lose one's original body, and damage one's limbs.

Even if a quasi-saint ancestor enters this formation, Yin Qi will enter his body, his spiritual energy and consciousness will be blocked, and his cultivation level will plummet...

If a quasi-sacred ancestor enters this formation, he will instantly become a mortal and become powerless to bind a chicken. When people are slaughtered, they will die in the blink of an eye and no residue will be left. It is extremely terrifying.....

"Friends Tai Dao, the formation is complete!"

Inside the formation, Gusheng's expression was calm. The completion of the formation made her more confident and no longer panicked.

"Fellow Taoist Gusheng, how sure are you of being able to defend the Jiyue Heavenly Realm?"

Tai Yi was still worried and uneasy.

Gu Sheng smiled slightly: "Fellow Taoist, please rest assured. With the Nine Curves of the Yellow River Formation here, even if the peak powerhouses of the mid-stage Saint Ancestors come, they will never be able to break through our protection. Even those who are powerful in the later stages of Quasi-Saint Ancestor have to pay some price if they want to break through this formation."

"Qin Feng's strength is not yet at the mid-stage of Quasi-Saint Ancestor. He has no ability to break through this formation. In the end, he will definitely get no benefits and retreat in defeat!"

Taiyi was surprised: "So strong?!"

Gu Sheng said proudly: "This formation is at the same level as the Zhoutian Xingdou Formation, and there are eleven heavenly saints in the main formation, with more than 500 million disciples of quasi-gods and above, so the power is naturally more than ten times stronger....."

At this moment, there was thunder and wind in the sky, and the earth shook...

Qin Feng had led an army of hundreds of millions to kill them.

Taiyi's face changed slightly: "Friend Gusheng, Qin Feng is coming to kill him, hurry up and respond to the enemy!"

"Easy to say! Everyone, start the formation!"

Under the order of the Aunt Saint, all the heavenly saints controlled the great formation one after another... boom~boom~boom!

Suddenly, the great formation was launched, and the torrential Yin Qi rolled towards the Divine Alliance army, like the Yellow River rushing towards it, thousands of illusions were flowing in the Yin Qi Sometimes disappearing and appearing...

As long as the Divine Alliance army is shrouded by those Yin Qi, they will instantly fall into a large formation, making it difficult to escape...

At the same time, Qin Feng is leading the Divine Alliance army to kill Taiyi and others.

Face to face. Seeing below, in the great formation, the yin energy surged into the sky, like the Yellow River rushing towards me, I couldn't help but frown.

"Dad, this formation doesn't look easy!", Hongjun said

"not good! Your Majesty, this is the Nine-Bend Yellow River Formation! Let's retreat first, don't get sucked into the formation. Otherwise, your strength will plummet and you will be trapped!"

The Queen Mother of the West is well-informed and recognized this formation at a glance, and quickly reminded her of the birth.

"I see! Then destroy this formation first!"

As soon as he finished speaking, Qin Feng immediately took action and slapped the big formation with one palm...

In an instant, that palm turned into a big hand that held up the sky, covering the sky and the earth, and slapped towards the huge formation, stirring the heaven and earth with wind and thunder, and the entire pole. The world of moon and heaven trembled for it.....

"It's a dream to break through my formation! Everyone, protect me!"

The Aunt Saint sneered and guided the formation.

All the saints synchronized.

Boom~Rong~Rong!

Within the formation, the overwhelming Yin Qi was rolling continuously, automatically forming a huge protective shield to face that palm...

As soon as the protective shield was completed, Gu Sheng and others were confident, with disdain in their eyes. The protection of this large formation was difficult to break even for the powerful in the late stage of the Quasi-Saint Ancestor, and Qin Feng's strength was not even strong in the mid-stage of the Quasi-Saint Ancestor. How can we break through?!

It's just a fool's dream!

But at this moment, Qin Feng's sky-high palm fell.....

The fighting force momentum of 36 million poles unfolded instantly, which was earth-shattering.
.....

A 300-fold increase in combat power, unparalleled.....

The two phases were superimposed, and the power of Qin Feng's palm was infinitely close to the threshold of the pinnacle of the Quasi-Saint Ancestor, destroying the heaven and the earth...

Gu Sheng and others suddenly felt that something was not good.

But Qin Feng's palm has already fallen!

Boom~!

Ka~cha~cha~!

A loud sound of earth shattering!

The protective shield of the large array was instantly destroyed, torn apart by a palm strike, and fell apart...

Wow~! Wow~! Wow~! ...

Gu Sheng, Po Sheng and other eleven Heavenly Saints in the main formation were all shocked to the point of vomiting blood on the spot.....

Thousands of disciples from Jiyue Heaven Realm were shocked to death on the spot, and they self-destructed one after another, causing blood mist to fill the sky.....

"Oh my God! This this....."

Taiyi was completely dumbfounded.

The formation that could have withstood the Quasi-Saint Ancestor's later attack was actually destroyed by Qin Feng with one palm strike.

Could it be that Qin Feng's strength has reached the pinnacle of the Quasi-Saint Ancestor?

How long has it been?

This guy's strength has improved to such a terrifying level!

He couldn't believe his eyes!

"Wow~! Quick...quickly form a formation!"

At this time, Gu Sheng spat out a mouthful of blood again, and shouted to reorganize...

Po Sheng and others quickly synchronized, trying to reorganize the big formation.

Boom~!

But at this moment, another big white hand appeared It fell and hit Gu Sheng directly.....

An extremely shrill scream!

The aunt was blasted on the spot, turned into a sky full of energy, and fell on the spot...

With just one palm, Qin Feng killed the aunt instantly.

Then, a formation diagram emerged from the blood mist, which was the formation diagram of the Nine-bending Yellow River Formation.

This formation diagram is controlled by Gu Sheng.

Once she fell, the formation diagram naturally became ownerless.

Qin Feng was overjoyed, and with a thought, he sucked the formation diagram into his hand.

As soon as the formation diagram was lost, the formation was broken. Five hundred million disciples of Jiye Heaven Realm were exposed, and many of them were seriously injured.....

Those were all injured by Qin Feng's palm from the air!

Seeing this scene, Hongjun was overjoyed.

He waved his little hand:"Follow me and kill!"

As soon as he finished speaking, he took the lead and killed the army of Jiye Heavenly Realm.

Queen Mother of the West, Lu Ya, Ziwei Star Master, Fu Zhi, Ming He and other heavenly saints followed closely behind.

Then there are more than 50 supreme saints such as Gonggong and Jiuyin, as well as the hundreds of millions of divine alliance troops...

Today, there are more than 400 million disciples of quasi-gods and above in the divine alliance.

One hundred million followed the phantom clone and headed towards the Great Juntian Territory.

One hundred million followed Xuan Mi's clone and headed towards the Zi Zi Tian Realm.

One hundred million followed Qin Feng and killed him in the Jiyue Heavenly Realm.

There are still 100 million left at the base camp of the God Realm.

But he said that Hongjun led an army to kill the children of Jiyue Heaven Realm.....

Those people were immediately terrified.

In the crowd, Taiyi saw that the situation was not good, so he ignored the safety of Jiyue Heavenly Realm and fled towards Jiutian.....

"snort! Can you escape?!"

Above the sky, Qin Feng put away the Nine-Bend Yellow River Formation and chased Taiyi.....

In the blink of an eye, he caught up with Taiyi and slapped him with his palm.

Taiyi was so frightened that his face turned pale, and he sacrificed the Donghuang Bell in horror.

Dang~!

The bells are ringing loudly and the sky is shaking!

Qin Feng knocked the Donghuang Bell away with one palm, and Taiyi was also exploded on the spot.

The next second, the blood mist rolled, and Taiyi was about to be resurrected.

Qin Feng waved his hand, and the Four Heaven-Destroying Swords shot out, turning into sword light that filled the sky, and instantly strangled Taiyi... The shrill screams echoed across the nine heavens.....

Woo~! Woo~! Woo~!

When the master died, the Donghuang Bell tolled in sorrow.

It circled in the air before escaping nine days away.

But at this moment, Qin Feng arrived in an instant, grabbed it with one hand, sealed it instantly, and stuffed it directly into the storage ring.

Just like that, a heaven-forging holy weapon was obtained.

Then, Qin Feng waved again and put away the energy that Taiyi had transformed into.

In the field, a simple jade talisman and a ball of golden light exuding spiritual fluctuations were left.

That jade talisman is the heavenly seal of the Great Sun Heavenly Realm.

There are two pieces of the Heavenly Seal of the Great Sun Heavenly Realm. One is in the hands of Emperor Jun and has been obtained by Qin Feng.

One piece is in Taiyi's hand, and it's the piece in front of you.

Qin Feng waved his hand and sucked the Seal of the Heaven Realm into his hand, with a happy look on his face.

Now, with two heavenly seals in hand, he has the opportunity to control the entire Great Sun Heavenly Realm.

Putting away the Seal of Heaven, he looked at the golden light group again.

That golden light color is the innate spirit.

Taiyi and Dijun are both innate spirits with extraordinary talents.

Even after death, the innate spirit can still be left behind to continue life in another way...

Qin Feng waved his hand and put away the innate spirit.

This thing is rare!

When he has time, he will use this innate spirit to cultivate a powerful subordinate.

After finishing these trivial matters, Qin Feng looked at the battlefield below again..

I! God level elementalist

Chapter 1114

But on the other side, Hongjun and others were killing the disciples of Jiyue Heaven Realm.

As soon as he arrived at the battlefield, Hongjun sacrificed the Chaos Bead and instantly sucked Po Sheng, the three mid-stage Heavenly Saints, and the six early stage Heavenly Saints into them.

Then, he also got into the Chaos Bead.

The next second, fierce fighting sounds were heard in the Chaos Bead, as well as the muffled sounds of Po Sheng and others.

Hongjun actually had the upper hand with one against ten.

Hongjun's cultivation is at the peak of Heavenly Saint, but his overall strength is far higher than that of the same level.

In the Chaos Pearl, with the help of the power of heaven and earth, he is already comparable to the early stage of the Quasi-Saint Ancestor.

Po Sheng and others are naturally no match.

At the same time, Lu Ya, Xi Wangmu, Ziwei, Fuzhi, and Minghe led the Divine Alliance army and went on a killing spree.

Lu Ya and Queen Mother of the West were both in the later stages of Heavenly Sage.

Ziwei and Fuzhi are in the middle stage of Tiansheng.

Styx is in the early stage of Heavenly Saint, but he possesses the endless sea of blood of the holy weapon.

However, among the Jiyue Heavenly Realm army, there were no strong Heavenly Saints standing there, and they had no resistance at all...

In just a moment, Lu Ya and the five men slaughtered hundreds of thousands, and the blood stained the heaven and earth.....

Behind the five people, there was the army of hundreds of millions of the Divine Alliance...

The Divine Alliance fought 100 million against 500 million, and they could only kill the Jiyue Heavenly Realm like a tide, and the screams continued.....

At this moment, Qin Feng had killed Tai Yi and looked over.

The next second, he made a mistake, rushed to the battlefield, and joined in the killing...

With Qin Feng joining in, the Jiyue Celestial Army was vulnerable to a single blow.....

In a matter of seconds, tens of millions of people died.

It can be said that the sky and the earth are darkened, all living beings are mourning, blood is covering the ground, and mourning is everywhere.....

Those people were like ants in front of Qin Feng, with no power to fight back.

In this way, in just one hour, the 500 million Jiyue Celestial Army was slaughtered by Qin Feng and others...

Later, Qin Feng and others entered the Chaos Pearl and killed ten Celestial Saints including Po Sheng.

Half an hour later, the battlefield was cleared.

Hongjun and others handed all the collected energy to Qin Feng.

Qin Feng made a rough estimate and found that the total energy was equivalent to the energy of a mid-stage quasi-saint ancestor.

This made him very happy, and he happily put it away and would refine it when he had free time.

As long as he refines that energy, his strength can be greatly increased.

Speaking of which, his harvest this time was extremely good. Not only did he gain a large amount of energy, but he also gained a sacred weapon-level formation diagram - the Nine-Bend Yellow River Formation, and a heaven-casting level - the sacred weapon Donghuang Bell.

This time, not only Qin Feng was satisfied, Hongjun and others were also extremely excited

"Dad, we have destroyed more than 500 million troops in the Jiyue Heaven Realm, and the remaining ones are all children and creatures below quasi-gods, with no fighting ability. What to do with these people?"

Hongjun stepped forward to ask for instructions.

Qin Feng glanced at Jiyue Heavenly Realm and immediately saw countless creatures in the corner of the world looking at him with horror on their faces. A rough calculation showed that there were at least thirty trillion...

The Jiyue Heaven Realm is huge, and the resources here are extremely rich.

At the moment, he looked at the Divine Alliance army behind him

"Where is Tianfu?!"

"Your Majesty, your subordinates are here!"

An old man hurriedly came out. It was the Tianfu Star Lord who had been following Qin Feng a long time ago and was also Qin Feng's confidant.

However, the Tianfu Star Lord's talent was too poor and he had only reached the half-step Eternal Realm level now.

"Tianfu, from now on, you will lead the billions-strong army of the Divine Alliance and conquer all the creatures in this extreme moon world. Those who are willing to sign a contract with me, live! Those who are unwilling to sign shall be killed!

Tianfu was overjoyed:"I obey!"

It is a privilege for him to be able to control an army of hundreds of millions of quasi-gods.

And Qin Feng can entrust him with such an important task because of his trust in him, which is even more of a privilege.

In fact, Qin Feng let Tianfu The reason for dealing with the affairs of Jiyue Heaven Realm is because Tianfu only has half-step of eternal cultivation, and cannot enter the secret land of the ancient god, and cannot get opportunities...

As for those subordinates who are above the eternal realm, he will take them away to gain opportunities in the secret land. , to maximize the interests of the Shenmeng....

"Tianfu, these are the pillars of faith, accept them!"

Qin Feng waved his hand, and ten thousand pillars of faith fell down.

"And these ninety-nine thousand Jue Tian Divine Pillars, you also accept them....."

Qin Feng waved his hand again, and another ninety-nine thousand rune pillars fell from the sky and inserted into the earth below.....

Those divine pillars are all tens of thousands of feet tall, exuding the aura of reaching the sky and the sun, which is completely different from the divine pillars of belief.....

"Your Majesty, what is this?"

The Lord of Tianfu Star looked puzzled.

He had never seen such a divine pillar before.

"yes! Dad, what is this?"

Hongjun also looked curious. He had never seen it before.

Qin Feng smiled slightly:"This is an ancient forbidden method that I discovered in the Emperor Jun storage ring, called - Jedi Heaven Tong."

"This method requires ninety-nine thousand divine pillars, which are arranged in a formation in a heaven, and then activated, it can be completed."

"As long as the Jedi Tiantong is successfully deployed, it can cut off the power of heaven and earth in a heaven, making it impossible for the master of heaven to absorb the power of heaven and earth, and the seal of heaven in his hand becomes useless....."

Hearing this, Hongjun's eyes widened:"Dad, I understand! You asked Tianfu to lay down the Jedi Heavenly Power here just to cut off Old Man Yuexia's escape route."

"Even if he escapes back to his lair in the future, without the help of the power of heaven and earth from the Jiyue Heaven Realm, he will become a toothless tiger!

Qin Feng laughed and said,"Haha!"! clever! Old Man Yuexia is a powerful person at the pinnacle of the Quasi-Saint Ancestor. In this lair, he borrowed the power of heaven and earth, and his strength was comparable to that of the Holy Ancestor. If the father doesn't use this move, he really can't cut off his retreat, let alone kill him!"

The Lord of Tianfu Star on the side suddenly realized

"The subordinates understand! The subordinates will definitely arrange the Jue Tian Shen Pillar and activate the Jue Tian Tong Restriction!"

"Heaven, this matter is important, don't make any mistakes!"

"Don't worry, Your Majesty! The subordinates will definitely complete the mission!"

"good! This is the way to arrange the Jedi Heavenly Power, you put it away!"

Qin Feng waved his hand and threw a jade talisman over.

Tianfu Star Master took the jade talisman and put it away carefully.

"Dad, is it not easy to refine these 99,000 Heavenly Divine Pillars? It must have taken you a long time?"

Hongjun asked suddenly.

Qin Feng smiled slightly: "I have been in seclusion for my father for thousands of years, not all of it was cultivation. One-third of the time was spent refining these ninety-nine thousand divine pillars."

Hearing this, Hongjun suddenly thought of something and looked at Qin Feng with great admiration.

It turned out that his father had such a plan ten thousand years ago. He was really thoughtful!

"Let's go! The battle situation in the Great Freedom World has not yet been rejected, so follow me to support!"

At this time, Qin Feng waved his hand, and all the disciples above the Eternal Realm disappeared. Only the Lord of Tianfu Star and the army of hundreds of millions of quasi-gods were left in the field.

Then, the Lord of Tianfu Star organized an army of hundreds of millions and began to conquer the creatures in the Extreme Moon Realm. Them..

Chapter 1115

On the other side, in the Great Juntian Territory.

The battle here has long since ended.

The phantom clone has killed Gou Chen.

At this moment, he was holding a talisman in his hand, and his eyes were full of joy.

That was the seal of the Great Jun Tianyu that was obtained after killing Gou Chen.

When you are free and let your main body refine this seal, you will be able to control the entire Great Juntian Territory.

Thinking of this, the phantom clone put away the Seal of the Heaven Realm.

At this time, Panzu came over happily

"Your Majesty, all the energy has been collected, please accept it!"

Pan Zu handed over a storage ring.

The phantom clone took it, and with a slight sweep of his spiritual thoughts, a look of joy appeared on his face.

This time, he killed all the disciples of Quasi-God and above in the Great Juntian Domain, and the total energy collected was, It is equivalent to the energy transformed by a strong person in the early stage of the Quasi-Saint Ancestor, and the harvest is extremely good.

The shadow clone put away the storage ring with satisfaction.

"Where are the rights to land?"

"The subordinates are here!"

A man came out of the crowd. He was really Qin Feng's old confidant, Earthquan Star Lord.

Like Tianfu Star Lord, he was once a subordinate of Ziwei Star Lord. Before Qin Feng entered the God Realm, he has been following him to this day.

And he His talent is comparable to that of Tianfu Star Master, and he has only cultivated to half a step of eternity.

"Earth Quan, from now on, you will lead the billions-strong army of the Divine Alliance and conquer all the creatures in this great Juntian realm. Those who are willing to sign a contract with me, live! Those who are unwilling to sign shall be killed!"

"Subordinates obey!"

The Earthquan Star Lord respectfully accepts the order.

"This is the pillar of faith!"

The phantom clone waved his hand, and thousands of pillars of faith fell from the sky.....

"Panzu, let's go!"

Then, the phantom clone waved his hand again, and all the disciples of the Divine Alliance above the Eternal Realm in the field disappeared.....

Earthquan Star Lord quickly ordered people to put away the pillars of faith and began to conquer the creatures in the Great Juntian Territory.....

At the same time, in the Great Freedom, the battle was still going on, with sand flying and rocks flying, and the sky was dark and the earth was dark.

Brahma and the other three were defeated and retreated steadily as they were killed by Xuan Ni's clones, roaring angrily.

What made him even more angry was that under the leadership of Qin Baobao, Kunpeng, and Hongyun, the Shenmeng army had slaughtered 70% of the Zizai Tianyu army, leaving only about 30 million disciples left to survive.....

Brahma and the other three were extremely heartbroken, but there was nothing they could do about it.

"ah.....! I am so angry!"

"Qin Mu! If you slaughter my children, I will kill all the children of the Divine Alliance!"

Brahma roared violently.

Xuan Mi's clone sneered: "Ha!" You still want to kill my descendants of the Divine Alliance, so worry about yourself first, whether you can survive today!"

"Qin Mu, don't be too arrogant! Although you are stronger than the three of us, but if you want to kill the three of us, even if you are given a hundred years, you can't do it!"

The three Brahma men sneered.

The faces of the three heads were full of scorn.

After the three of them merged, they borrowed the power of heaven and earth, and their strength reached the mid-stage level of the Quasi-Saint Ancestor.

And Xuan Mi's clone relied on Yuantu Abi's double swords to combine The strength only barely reaches the threshold of the late stage of the Quasi-Saint Ancestor.

Although Xuan Mi's clone can easily defeat the three of them, it is almost impossible to kill them.

How can a strong person at the Quasi-Saint Ancestor level be killed so easily, unless both sides have The difference in strength is huge.

If it is just a level difference, the stronger party can only defeat the other party in a short time. If you want to kill the other party, it will take a hundred years to do it.

But it will really take a hundred years. The secret of Xuan Mi's clone The opportunity has been missed...

What's more, a hundred years later, Old Man Yuexia has long since left the secret place and will definitely come to rescue...

This is why Brahma and the three people dare to speak arrogantly and curse Xuan Ni even though they are clearly in a weak position. The confidence of the clone

"century?! I'm afraid you're overthinking it! Today, you will die!"

Xuan Mi's clone sneered.

"Arrogant! If you want to kill three of us today, you are dreaming, haha!"

Brahma and the three people laughed loudly.

But at this moment, the space above the three people changed, and a group of people appeared out of thin air.

The leader was the phantom clone.

"Qin Lei!"

The expressions of the three Brahma men changed greatly.

The phantom clone sneered, and immediately took action against the three Brahma men.

Boom~! Boom~! Boom~!

The two sides fought fiercely!

The wind and thunder of the heaven and earth roared continuously, and the void of thousands of miles was shattered inch by inch.....

The Shadow Clone and Xuan Ming's Clone joined forces to kill Fentian and the others, causing them to be continuously wounded and spurting blood. The situation became extremely bad...

Brahma and the other three people kept roaring in fear, but they were helpless...

At the same time, Pan Zu took three hundred of his disciples above the Eternal Realm to support Qin Baobao and others.....

With the addition of Panzu and others, the Da Zi Zai Tian Territory was slaughtered faster, and the screams became louder.....

In just a moment, less than 10% of the Zizai Tianyu army was left, less than ten million.....

"Ugh~! Qin Lei, why are you here too?"

"Wow~! Didn't you go to a secret place?"

Brahma, Shiva, and Vishnu all spurted blood.

The three heads looked at the shadow clone in great horror.

Only then did they realize that something was wrong.

If Qin Mu led an army and descended from the sky, they would still understand.

How could Qin Lei also appeared out of thin air?

Why is the development of things inconsistent with the information given by Prince Xishen?

"Dying man! You don't need to know so much over there!"

The shadow clone sneered, and together with the Xuan Mi clone, they came to kill again.

Hearing this, the three Brahmas were furious.

Even though their situation was extremely miserable, with the power of heaven and earth to protect them, they were confident that they could persist for several years without being destroyed..

Qin Lei and the others want to kill them within today, which is simply a fantasy.

At the moment, the Brahma and the three people are struggling to support themselves while shouting curses

"Arrogant! Extremely arrogant!"

"Qin Lei and Qin Mu, don't be arrogant! Even if the two of you join forces, it's impossible to kill the three of us today!"

"Ha ha!! Qin Lei and Qin Mu, senior Yuexia can rush back from the secret place in just a few months. When that happens, what will happen to you two?!"

The three Brahma people were already afraid, but they were just talking harshly. But just after they finished speaking, the space above the sky changed, and hundreds more people appeared. The leader was Qin Feng.....

"Qin...Qin Feng!"

When they saw Qin Feng appearing, Brahma and the other three were immediately frightened to death and their faces turned pale.....

They finally understood the meaning of Xuan Mi's clone.

But it's too late!

As soon as Qin Feng appeared, he smacked down with his palm...

Boom~Long~Long!

The giant hand holding up the sky slashed down from the sky, stirring up the wind and thunder, and the heaven and earth roared...

The combat power and aura that was infinitely close to the peak of the Quasi-Saint Ancestor instantly unfolded, destroying the heaven and the earth...

Boom~!

Bang~!

Qin Feng slapped the three Brahmas into the ground with one palm.

The ground suddenly cracked, and the entire sky shook.

On the ground, there was left a large human-shaped pit with three heads and six arms, which was ten thousand feet deep...

Before Brahma and the three people could get up from the pit, Qin Feng combined his two clones and blasted the three Brahma people in the pit with all their strength.....

"ah~~~! Spare....spare my life....! "

"Qin...Lord Feng...I...we were wrong...spare your life!"

"Ah~! Spare your life....."

For a moment, flesh and blood flew everywhere in the deep pit, and the screams of Brahma and the other three people continued to be heard.....

At this time, Panzu, Qin Baobao and others had slaughtered all the Zizai Tianyu army.

Fu Zhi stepped into the air, flew above everyone's heads, and sacrificed Hetu Luoshu,

"Everyone! Help me form a formation!"

Buzz~! Buzz~!

Hetu Luoshu's spiritual light shines brightly, projecting thousands of large star flags, and a large star formation around the sky is instantly formed.....

Immediately, Hongjun and Panzu entered the formation, each in charge of the two formation eyes of the Sun and Taiyin...

Immediately afterwards, Queen Mother of the West, Lu Ya, Fuzhi, Ziwei, Kunpeng, Hongyun, Qin Baobao, and Minghe also entered the formation.....

Then more than a thousand powerful men above the Eternal Realm entered the formation one after another.

Finally, there were 100 million divine alliance armies, pouring into the army one after another.....

Buzz~! Buzz~! Buzz~!

The momentum of the formation skyrocketed crazily, and in the blink of an eye it reached the mid-stage level of Quasi-Saint Ancestors...

Nowadays, there are ten Heavenly Saints in charge of this great Zhoutian Star Dou formation, and more than a thousand powerful people above the Eternal Realm are in charge, plus an additional 100 million. The power of the disciples above the quasi-god level made the formation far more powerful than that of Emperor Juntaiyi back then... The formation was completed, and its power was fully demonstrated.

Fu Zhi and others were excited.

The next second, under Fu Zhi's control, the formation fired out billions of starlight swords and bombarded Brahma and the others.....

In the deep pit, the screams of the Brahma and the three people became even more fierce, and the momentum of the three people was also accelerating and plummeting...

Chapter 1116

In the deep pit, the screams of the Brahma and the three people became even more fierce, and the momentum of the three people was also accelerating and plummeting.....

Boom~! Boom~! Boom~!

Qin Feng and others strangled him crazily.

At this moment, it is equivalent to a strong man who is close to the peak of the Quasi-Saint Ancestor, uniting with two strong men who are close to the late stage of the Quasi-Saint Ancestor, and then uniting with a strong man in the middle stage of the Quasi-Saint Ancestor to encircle and suppress a strong man in the middle stage of the Quasi-Saint Ancestor...

Both sides There was a huge difference in strength. Brahma and the other three were unable to resist at all, and their momentum plummeted crazily.....

"Spare... spare my life! Master Qin Feng, spare your life!"

"Ah~! Ah~!.Ah~! Sir, my lord, I...we were wrong....."

"Spare...life...! Spare my life...!"

The three Brahmas desperately begged for mercy.

Qin Feng and others ignored it at all

"Only four hours left! Everyone, try your best!"

At this time, Qin Feng reminded him, and then he used the Four Heaven-Destroying Swords, shooting out hundreds of millions of sword lights, speeding up the strangulation.....

Everyone wakes up.

There are only four hours left, and the entrance to the secret land will be closed. They must speed up the time, otherwise they will miss the opportunity.

After thinking about it several times, everyone tried their best, crazy and...

The screams of the Brahma and the three people became even more shrill, and the decline in momentum accelerated again.....

At the same time, outside the Nine Heavens Territory, there was the entrance to the secret place where the ancient God Lord's treasure was.

Chu Chu was sitting cross-legged in the corner of the square, refining the world and cultivating essence one by one.

After four hours of refining, she had successfully refined three essences.

The size of the small universe has fully doubled.

This made her cultivation level unknowingly rise to the middle stage of the first realm of eternity, and her strength greatly increased.

Chu Chu was delighted, opened her eyes, and prepared to take out another essence to refine.

When she opened her eyes, she saw that there was no one in the square.

Tens of thousands of explorers have entered the secret place, leaving only her and another beautiful woman alone in the square.

As soon as she opened her eyes, the beautiful woman walked towards her.

Chu Chu suddenly became nervous and looked at the woman warily.

She could tell at a glance that the beautiful woman was a powerful person at the peak of Heavenly Saint.

And she only has the first realm of eternity.

If this woman was desperate and really wanted to attack her, she would have no power to resist.

It's just that she doesn't understand, and she doesn't know the woman in front of her, so why is this woman walking towards her?

From the look of her, she seemed to be here just for him, as if she had been waiting for a long time.

"Have you finished refining it?"

The beautiful woman walked closer and asked.

Chu Chu was stunned for a while.

Sure enough, the woman saw that she was refining items before, so she didn't come over immediately.

After she finished refining, the woman came over.

"Who are you?"

Chu Chu looked wary and very uneasy.

The woman seemed to see Chu Chu's anxiety, and smiled slightly: "Don't be nervous! I came here to ask, where has Qin Feng gone?"

Chu Chu was stunned: "Do you know my brother?"

"It turns out Qin Feng is your brother."

The woman's expression became kinder.

"I'm your brother's friend, my name is Xian Ling!"

It turns out that this woman is Xian Ling.

She has always cared about Qin Feng.

Before, Qin Feng summoned Chu Chu and then disappeared out of thin air.

She watched silently and said nothing.

After everyone entered the secret place, Qin Feng still She was a little anxious when she didn't show up.

She was worried that Qin Feng had missed this opportunity.

"Are you my brother's friend?", Chu Chu couldn't believe it

"That's right! I came here to remind you that in four hours, the entrance to this secret place will be closed. If you have a way to contact Qin Feng, let him come back as soon as possible!"

"If it was too late, he would miss this opportunity as soon as the entrance to the secret place was closed. The next time the secret land restarts, it will be hundreds of billions of years later...."

Xianling kindly reminds you

"Oh..."

Chu Chu suddenly felt relieved and felt a little relieved.

"Okay! I'll go in first, so don't wait too long. If it exceeds the time, you will also lose this opportunity."

Xian Ling reminded her and stopped talking. She hurried towards the entrance of the secret place.

This was all she could do.

After a while, she entered the secret place.

Only Chu Chu was left alone in the square.

After seeing all this, Chu Chu felt in her heart Sure, this Xian Ling should be here to give a kind reminder.

It seems that the entrance to the secret place will be closed soon, and she wants to remind her brother.

Thinking of this, she quickly took out the communication jade talisman and sent a message to Qin Feng.

After a moment, Jade Fu came to reply.

Qin Feng told her that there was something important to do and she needed to wait for a while, so she could continue to wait.

After reading the message, Chu Chu felt anxious and uneasy.

What she was anxious about was the time. There is not much left; what is uneasy is that she is worried that her brother will miss the opportunity. After worrying for a while, Chu Chu decided to refine the essence of the world while waiting for her brother.

In this way, Chu Chu took out the fourth essence of time and started refining....Time flies!

Unknowingly, an hour passed.

Chu Chu refined the fourth essence, but Qin Feng still did not return.

She continued to refine the fifth.

An hour later, the fifth was refined, Qin Feng still did not return.

When Chu Chu refined the seventh one, there was only a quarter of an hour left, and Qin Feng had not returned yet.

At this time, Chu Chu was completely panicked.

She finally couldn't sit still and stood up.

Seven After the essence essence was refined, her small universe expanded several times, and her overall strength reached the peak of the first level of eternity.

This method of improving strength can be said to be a new way to get twice the result with half the effort.

But Chu Chu couldn't be happy.

She was worried that her brother would want to She missed the opportunity.

Thinking of this, she immediately picked up the communication jade talisman and sent a message to Qin Feng again...

At the same time, Da Zi was in the heaven. Qin Feng looked at the seal of the heaven in his hand, and his eyes were full of joy. Just now, they finally killed the three Brahmas.

This time, it took nearly four hours.

The strength of the Quasi-Saint Ancestor in the middle stage is not easy to kill!

However, the harvest this time is also very gratifying.

Killed After three people from Brahma, he got the Seal of the Heaven Realm of the Great Freedom Heaven Realm.

At this time, Qin Baobao ran over and handed over a storage ring.

"Dad, I have collected all the energy in the Great Freedom Heaven. Please accept it!"

Qin Feng took it and swept it with his spiritual consciousness, and joy filled his heart again.

This time, the destruction of Zizai Tianyu's army, coupled with the energy of Brahma and the three people, was comparable to the initial power of two quasi-saint ancestors, and the harvest Very little

"alright! Things have been dealt with here. The rest is left to Jumen!"

Qin Feng put away the storage ring and looked at an old man in the crowd, who was his old confidant Jumen Star Master. Jumen Star

Master is just like Tianfu and Earth Power, and now he is only half a step into the eternal realm.

"Don't worry, Your Majesty! The old minister will definitely get things done!"

The giant gate accepted the order.

"good! Take these ten thousand pillars of faith!"

Qin Feng waved his hand, and ten thousand pillars of faith emerged one after another and fell from the sky.

At this moment, a message came from his communication jade talisman.

Qin Feng took it out and took a look, A look of anxiety flashed across his eyes

"Dad, is it Aunt Chuchu who sent the message?" Qin Baobao asked curiously.

Qin Feng nodded:"Yes! It's less than a quarter of an hour until the entrance to the secret land closes. Let's go!"

As soon as he finished speaking, Qin Feng waved, and everyone disappeared out of thin air.

At the same time, outside the Jiutian Territory, at the entrance to the secret place.

Chu Chu was waiting extremely anxiously.

Suddenly, the space in front of her changed, and white lights appeared one after another.

Qin Feng and others People appeared out of thin air, and there were more than 1,300 people.

Such a huge number of people surprised Chu Chu.

She had also observed those forces a little before, and the largest group of forces had less than a thousand people.

When her brother returned this time, It actually brought more than 1,300 people.

The more people there are, the greater the chance of getting an opportunity, which is also an advantage.

"Brother, you are finally here. The entrance to this secret place is almost closed!"

Chu Chu's little mouth was about to curl up.

Qin Feng touched her little head and said with a smile:"I'm here now! Just the right time! And...you all come in quickly! Hurry and speed up!"

"yes! His Majesty!"

Qin Feng gave an order, and all his subordinates rushed to the entrance of the secret place without daring to waste a second.

"Chu Chu, how is the refining of Jing Yuan going?"

"After refining seven, three are left. When I refine the remaining three, my small universe will evolve into a large world."

Speaking of this, Chu Chu looked excited.

After refining the seven essences, her strength has greatly improved.

"very good! After you refine the remaining three essences, you should be able to break through to the second level."

Qin Feng is very pleased and looking forward to it.

If Chu Chu evolves his small universe into a great world, his great worlds will be able to accumulate to thirty-six.

By then, his progress in completing the Great Flood God Realm will be If you advance greatly, your combat power will also skyrocket.

"whee! Thanks to the essence gifted by my brother. By the way, brother, what did you do just now?"

"I will tell you later about how to deal with some old enemies and future troubles. In short, Brother Wei's gains this time are also huge."

Speaking of this, Qin Feng showed a smile.

This time, he not only completely eradicated several powerful enemies, but also destroyed the foundation of Old Man Yuexia and laid down his next move.

He also obtained three Heavenly Realm Seals. , he can become the Lord of the three major heavens in the future.

He also obtained the Jiuqu Yellow River Formation, the East Emperor Bell, and the energy comparable to three quasi-saint ancestors in the early stage and one quasi-saint ancestor in the middle stage.....

The harvest this time can be described as extremely generous!

While the two brothers and sisters were chatting, everyone from the Divine Alliance had already entered the secret place one after another.

In the blink of an eye, only Qin Feng and Chu Chu were left in the square.

There are only a few minutes left at the entrance to the secret place and it will be closed.

"Chuchu, let's go in!"

"Um!"

At that moment, the brother and sister wanted to go to the entrance.

But at this moment, a system prompt came from Qin Feng's mind. As soon as

Qin Feng heard the prompt, his eyes could not help but shine, and his face was filled with surprise...

Chapter 1117

But at this moment, a system prompt came from Qin Feng's mind.

As soon as Qin Feng heard the prompt, his eyes could not help but shine, and his face was full of surprise.....

"Ding~! Congratulations to the host, your subordinate Shangguan Yunxi has successfully obtained the recognition of the sacred Qiankun Cauldron (forging heaven level)... becoming the master of the Qiankun Cauldron....."

"Ding~! Congratulations to the host, your subordinate Shangguan Yunxi has completely merged with the Qiankun Cauldron and used the power of the holy weapon to break through the realm.Its cultivation has been upgraded to the first level of eternity... The host will receive corresponding combat power in return....."

Very good!

Yun Xi unexpectedly obtained the Qiankun Ding's mastership at this critical moment and broke through to the first realm of eternity.

In this way, Yun Xi is also qualified to enter the secret place to obtain resources.

Speaking of which, Shangguan Yunxi's cultivation talent is even worse than that of Chu Chu. Even if he relied on a large number of divine pills and practiced for thousands of years, he was still stuck at the limit of half a step of eternity.

Today, she gained the power of the holy weapon and succeeded in breaking through in one fell swoop

"Chuchu, please wait a moment, I'll come as soon as I can!"

As soon as he finished speaking, Qin Feng dodged and disappeared on the spot.

The next second, he appeared in a secret alchemy room in the Great Flood God Realm.....

At this moment, Shangguan Yunxi looked at the medicine cauldron in front of him with joy, which was the Qiankun Cauldron.

Beside her stood a man, a woman, and two little medicine boys.

As soon as Qin Feng appeared, the three of them looked over.

"Master!"

As soon as Yun Xi saw Qin Feng, he happily stepped forward to greet him.

"Wu Gang (Jade Rabbit) has met his master!"

Two little medicine boys also came up to greet me.

The little medicine boy with a tiger's head and a tiger's brain is none other than Wu Gang.

The other cute little medicine boy is Jade Rabbit, who has transformed at this moment.

Both of them are half innate spirits. , although their talents are not as good as Kunpeng, Hongyun, and Lu Ya, they are far superior to ordinary people.

After thousands of years of training, the two of them have reached the second level of eternity.

"Master, I have obtained the Qiankun Cauldron and recognized me as its master, and I have also broken through to the first realm of eternity....."

As soon as Yun Xi waved her hand, the Qiankun Ding quickly shrank to the size of a fist and flew into her hand...

Qin Feng said happily:"Xi'er, how did you make it recognize its master?"

Yun Xi said happily:"I have to say thank you. Yu'er. She has always wanted Qiankun Ding to recognize me as its master. At first Qiankun Ding was unwilling. However, this guy seems to have a preference for people who are good at alchemy."

"I have demonstrated my superb alchemy skills many times, which made it favor me more and more. Yu'er also thinks that I am good at refining alchemy, and only if the Qiankun Ding recognizes me as its master can I make the best use of it."

"Perhaps it was because of Yu'er's repeated persuasion and his disciple's performance that he was quite pleased with it. Today, my disciple even refined the elegance and jade dew of the eternity realm, so that this Qiankun Cauldron will worship me and finally accept me as its master.

Qin Feng was delighted:"That's it!" By the way, have you refined the Fenghua Jade Dew?"

"Um! Master, look! This bottle is it!"

Yun Xi took out a mutton-fat jade bottle.

Qin Feng took it, opened it and moved it away. It was filled with milky white spiritual liquid. The fragrance was overflowing, like spring breeze and jade flowers, refreshing the heart.

"good! good! It is said that this spiritual liquid can nourish the spiritual roots of heaven and earth. I wonder if it is as magical as the rumors!"

Qin Feng looked pleased.

Fenghua Jade Dew was the two ancient pill recipes he gave to Yun Xi last time.

Unexpectedly, Yun Xi successfully refined it.

"Master, why don't we give it a try and see the effect of this spiritual liquid!"

"That's fine! Walk!"

Qin Feng waved his hand, and the four people disappeared out of thin air.

The next moment, they arrived at the Holy Land of Tiangong, above a valley.

There were three spiritual roots of heaven and earth growing in the valley!

One was the Renshui flat peach tree, and the other was the yellow plum tree. A sacred hibiscus tree.

The Renshui flat peach and Huangzhong plum have long been mature and do not need spiritual liquid nourishment. The hibiscus sacred tree has absorbed two bottles of nine-day spiritual dew, and after thousands of years of growth, it has reached a height of ten thousand feet and is no longer a seedling. , but no prototype of the heaven was born.

Obviously, it has not grown to that level yet and needs more spiritual liquid nourishment.

At that moment, the four of them arrived at the Fuso Sacred Tree

"Master, please try the effect of Fenghua Jade Dew and see if it has any effect on the spiritual roots of heaven and earth...."

"good!"

Qin Feng took out the jade bottle and poured the spiritual liquid into the roots of the hibiscus...

Drops of milky white spiritual liquid, with a delicate fragrance, dripped on the tree roots...

As soon as the spiritual liquid touched, the tree roots seemed to be activated, It automatically started to squirm, sucking up its spiritual fluid at a speed visible to the naked eye...

The next second, the entire hibiscus plant's aura shone brightly!

Click~! Click~! Click~!

The sacred tree grew, constantly changing at a speed visible to the naked eye. Thickness becomes taller...

Thousands of tree roots are also desperately growing underground, causing the earth to crack and making cracking sounds.....

In just a moment, the Fuso Sacred Tree became thicker and taller by thousands of feet. It lit up thousands of purple rays, and the leaves shone with dazzling light...

At the same time, Qin Feng sensed that inside the Sacred Tree, there was a The walnut-sized ball of light is being generated rapidly, and the momentum of the sacred tree is also skyrocketing...

In the blink of an eye, the momentum of the sacred tree has reached its peak, and the system is also sending prompts.....

"Ding~! Congratulations to the host, your spiritual root of heaven and earth, the Fusang Sacred Tree, has grown to a semi-mature stage and condensed the core of heaven....."

Qin Feng suddenly realized.

It turns out that the ball of light generated in the hibiscus tree is the core of the heaven.

The core of the heaven is the initial form of the prototype of the heaven, but it is different from the big world and the small universe and contains endless energy.....

Generally, after the core of heaven and earth is born, the spiritual root of heaven and earth can allow the peak heavenly saint to break through to the quasi-saint ancestor...

After the spiritual root of heaven and earth is fully mature, the core of heaven and earth will automatically grow into the prototype of heaven.

When the owner of the spiritual root of heaven and earth breaks through to the Holy Ancestor (sixth realm), the prototype of the heaven in the spiritual root will automatically evolve into a heaven, which can be absolutely controlled by the Holy Ancestor and carried with him... At this moment, Qin Feng finally brought Fusang God Tree cultivated to semi-mature state.....

"Ding~! Congratulations to the host for getting a heavenly core. The host has gained a lot of combat power in return.....Your combat power increases to 37 million poles....."

Qin Feng's eyes lit up, and his face showed a look of joy.

He got a heaven core, and his combat power increased by a full 1 million poles. The effect was very good.

"Master! Done!"

Yun Xi was extremely happy.

"Um! The effect of this Fenghua Jade Dew is very good, comparable to the Nine Heavens Jade Dew!"

Qin Feng was very satisfied.

Yun Xi sighed:"Hey! Unfortunately, the raw materials for Fenghua Jade Dew are extremely rare. It took me thousands of years to put the materials away and I could barely refine one bottle. If you want to fully cultivate this hibiscus sacred tree, you will need five or six bottles! Qin

Feng smiled slightly and said:"If you don't have Fenghua Jade Dew, you can have Nine Heavens Jade Dew." Right now, the mysterious land of the ancient god has been opened. The assessment reward for the first level is Jiutian Jade Dew"

"As long as the teacher can collect five or six bottles of Nine Heavens Jade Dew, the Fuso Sacred Tree can be fully matured in a short time. At that time, I will have a prototype of the heaven as a teacher. Yun Xi's eyes lit up:"

Yes!" The trip to the secret place has begun. As long as the master receives enough rewards, he should be able to complete the goal quickly. If you rely on your disciples to refine it, it will only take tens of thousands of years to collect the materials..."

After hearing this, Qin Feng thought of business and hurriedly said:"By the way, the entrance to the secret place is about to be closed, let's go there quickly. Now, your cultivation has reached the first realm of eternity and you are qualified to explore the secrets. Just go in with your master!

Yun Xi was overjoyed:"Thank you Master!""

"And you two! Over the years, you have assisted Xi'er with great merit. This time, you should go explore the secrets with me and get the opportunity!"

Qin Feng looked at Yutu and Wu Gang again.

"Thank you master!"

Jade Rabbit and Wu Gang were both overjoyed.

At this time, Qin Feng seemed to have thought of something again. With a wave of his hand, two golden light groups appeared in front of him.

Immediately, he broke his finger to coagulate blood, ejected two drops of blood, and injected them into two golden light group.....

As soon as the two light groups received the essence and blood, they seemed to come to life. They swallowed up the essence and blood at an extremely fast speed, began to squirm crazily, and exuded strong mental power fluctuations... In just a moment, the two light groups It turned into two golden giant eggs, covered with naturally formed runes, exuding an aura comparable to the eternal realm, and with powerful soul power fluctuations.....

Only then did it become an egg, and its aura was comparable to the first level of eternity, which made Yun Xi, Yutu, and Wu Gang stunned.

The potential of these two golden eggs is too huge, probably even better than Kunpeng and Hongyun!

"Master, what kind of egg is this?", Yun Xi asked curiously

"Golden crow egg! After Emperor Juntai died, he left behind two days of innate spirits. Weishi just used his own essence and blood to nourish them and let them be reborn as eggs."

"So this is ah! By the way, Master, Emperor Jun Taiyi has a grudge against you. If you cultivate it like this, will it be detrimental to you? Qin

Feng smiled and said:"This reborn Emperor Jun Taiyi is no longer the previous Emperor Jun Taiyi. It is a completely new innate life." Moreover, they are reborn based on the essence and blood of their master. As soon as they are hatched, they will automatically recognize me as their master!"

"That's good!", Yun Xi secretly breathed a sigh of relief.

At this time, Qin Feng waved his hand, and many leaves on the Fusang sacred tree fell off, rotated, and automatically built two bird's nests on the tree branches.

Qin Feng waved his hand again, and the two golden crow eggs were separated. Flying into the bird's nest.

As soon as the Golden Crow Egg fell into the bird's nest, it sent out happy mental fluctuations.

Even the Fuso Divine Tree also sent out joyful mental fluctuations.

The breaths between the Golden Crow Egg and the Fuso Sacred Tree were actually very compatible, and they could interact with each other. Auxiliary.....

Seeing this scene, Qin Feng was delighted.

Yun Xi also praised: "Master, these Golden Crow eggs are very suitable for building nests on the Fusang Sacred Tree. With the help of this Sacred Tree, they should be able to speed up their hatching."....."

"yes! These two seem to be a perfect match! Regardless of this, we don't have much time, let's go!"

As soon as he finished speaking, Qin Feng waved, and the four people disappeared out of thin air.

The next second, the four people appeared at the entrance of the secret place.

"elder brother!"

Chu Chu was extremely happy when she saw Qin Feng.

She had been anxious for a long time.

In just a minute or two, the entrance to the secret place was about to be closed.

In fact, Qin Feng spent a lot of time in the Great Flood God Realm, but the outside world Only one minute has passed.

This is the time in the Great Flood God Realm that flows faster!

At this moment, Qin Feng did not dare to delay any longer

"Let's go! time is limited!"

As soon as he finished speaking, he stepped into the entrance of the secret place.

The four people from Chu and Chu followed closely behind..

Chapter 1118

But on the other side, in the secret place, there is another huge square.

At this moment, in the square, tens of thousands of explorers looked forward excitedly.

In front of him was an extremely huge golden light curtain, connecting the sky and the earth, like a sky curtain, dividing the world into two halves.

Behind the light curtain, there is an extremely vast wilderness, desolate and lifeless, only withered and yellow weeds.

This wilderness is called Dengtianye, and it is the first level of the secret land assessment.

However, it is not turned on yet.

The curtain will not be removed until the entrance to the secret land is closed, and everyone can enter the Dengtianye and participate in the assessment.

At this moment, all the explorers looked towards Deng Tianye in front of them, and they all looked forward to it enthusiastically.

In the corner, Old Man Yuexia, Prince Xishen, and Saint Ancestor Guixu were extremely anxious.

It has been almost eight hours since they entered the secret place, but Qin Feng and others have not come in yet, and they don't know what happened.

They also wanted to go out and check, but once they entered the secret place, they couldn't exit.

Just as they were getting more and more uneasy as they waited, the shadow clone and the Xuan female clone came in with more than a thousand disciples of the Divine Alliance.

This scene caused quite a stir.

After all, there are more than 1,300 people in one group, which is quite a momentum!

However, when all the forces saw that among the divine alliance, there was not even a single peak Heavenly Saint powerhouse, and the leading phantom clones and Xuan female clones were in the second realm of eternity, they couldn't help but secretly heaved a sigh of relief.

Having a powerful person at the peak of Heavenly Saint sitting in charge is a sign of a large power.

Among the people in the Divine Alliance, only Hongjun is at the peak of Heavenly Saint, but he hides his cultivation level.

No one could have imagined that this little kid who looked like he was only five or six years old would be a powerful person at the peak of the gods.

Generally speaking, the leader is the strongest person in the force.

The shadow clones and Xuan Mi clones stood at the front of the team, obviously the leaders of the forces.

No matter how many people a force has, but with the Eternal Second Realm as its leader, it won't be that strong.

In the eyes of those people, they are more afraid of those large forces and super forces.

Not only they think this way, but also those large forces and super forces think this way.

Soon, everyone's attention turned to Deng Tianye in front of them.

Only Old Man Yuexia, Prince Xishen, and Saint Ancestor Guixu were still paying attention to the Divine Alliance secretly and discussing in low voices.

"Dad, that's really weird! Qin Feng, Qin Lei, and Hongjun all came in, and brought more than a thousand eternal realm subordinates. Why hasn't Qin Feng come in yet?"

"yes! Senior, is this a bit weird? Could it be that Qin Feng discovered something and returned to the God Realm alone?"

Prince Xishen and Saint Ancestor Guixu both murmured uneasily.

Old Man Yuexia also frowned and said, "If Qin Feng returns to the God Realm, Taiyi and the others' plan will fail. As long as Qin Feng is in charge, even if we gather the power of our three major heavens, we will not be able to break through the God Realm!"

"Why! This is really....."

"strangeness! Could it be that there was something wrong with our performance that made Qin Feng discover the flaw?...."

At this moment, Prince Xishen and Saint Ancestor Guixu both frowned and were extremely depressed.

They naturally hope that Qin Feng will also follow in and find no clues.

Just when the three of them were feeling depressed, the light at the entrance flashed continuously, and five people entered in succession. The leader was Qin Feng.....

"Huh! Look! It's Qin Feng!"

Prince Xishen's eyes suddenly shone.

Old Man Yuexia and Saint Ancestor Guixu also showed expressions of great joy.

"Ha ha!! Senior, that's great! Qin Feng also came in!"

Saint Ancestor Guixu was extremely excited.

"yes! It made me worry for a long time in vain!"

Under the moon, the old man also stroked his beard and smiled, his face glowing red.

"hey-hey! Dad, Qin Feng has already come in, and his plan to hook Chen up will definitely succeed. I'm afraid Qin Feng never imagined that as soon as his front foot entered, the back foot's nest would be destroyed!"

"Ha ha! It's all his own fault! This time, we will not only destroy him, but also eradicate all the creatures in the God Realm!"

Father Xi and his son whispered to each other, their faces full of pride.

"By the way, Senior Yuexia, why is Qin Feng so late?"

Guixu Saint Ancestor is still a little confused.

Old Man Yuexia said unconcernedly: "Haha! Little friend Zhentian, look at Qin Feng's side and see the more than a thousand subordinates...."

At this reminder, Saint Ancestor Guixu suddenly said: "Yes! Before, we only saw Qin Feng, Qin Lei, and Qin Mu, but now more than a thousand people came all at once. It seems that Qin Feng has been delayed for so long, Just waiting for these men!"

"Not too stupid!", the old man under the moon smiled proudly.

At this moment, he had no doubt that Qin Feng had gone to the three heavens on the way. Instead, he arrogantly thought that Qin Feng was waiting for these subordinates, so he delayed for so long.

"Dad, having said that, there are actually so many Eternal Realm disciples coming to the God Realm this time, more than our Jiyue Heavenly Realm. The potential of the God Realm is really not small!"

Prince Xishen's tone was sour, and he was a little envious.

Old Man Yuexia sneered:"If I guess correctly, Qin Feng has brought all the disciples above the Eternal Realm in the God Realm, and there is not even one left behind. How stupid!

Prince Xi Shen also smiled and said,"Yes!" In this way, there will be no masters in the God Realm, making it easier for Taiyi and others to succeed."

Guixu Saint Ancestor also echoed:"Senior and His Highness are right! Even though there are many outstanding disciples in the God Realm, they will all turn into nothing in the end. How sad and lamentable!"

As soon as these words were said, the three people couldn't help but look at each other, and they all showed secretive smiles.

In their opinion, their plan had succeeded, and the fate of the God Realm would be extremely miserable!

But these three people never expected that Qin Feng They have already destroyed the three major heavenly realms and cut off their escape route.....

Boom~Long~Long!

At this moment, a roar sounded from behind everyone.

The entrance to the secret place is slowly closing, and the whole secret place is trembling.....

Everyone became even more excited.

They knew that the first test was about to begin...

Boom~!

Bang~!

The entrance is completely closed, like a gate falling.

At this moment, no one can enter this place.

Buzz~! Buzz~! Buzz~!

Immediately afterwards, silver light shone brightly over the square, reflecting the earth.

Endless light fell on everyone, and invisible spiritual fluctuations went straight into the sea of consciousness...

Among the crowd, Qin Feng felt that the light penetrated into the sea of consciousness, and countless information poured into his mind.

The next second, his face showed joy.

It turns out that the information was to introduce the assessment rules of the first game and introduce the assessment rewards.

The rules of the assessment are very simple, which is to rely on your own ability to pass through the Tianye and reach the end of the Qitian Road.

Of course, since it is an assessment, there will be winners and losers, and there will also be eliminations.

According to the rules, only the first 30,000 explorers are qualified to stay and continue to participate in the second assessment.

Those under 30,000 will be forcibly teleported out of the secret place and eliminated.

Of course, those who pass the first level of assessment will be rewarded, at least a drop of nine-day rain and dew.

And the top three will receive the most generous rewards!

Whoever reaches the end of Dengtianye the fastest will be the first. The competition is based on strength and speed. Fighting with each other is prohibited.

At this moment, more and more people had finished digesting the information, and their faces were filled with joy.

As long as you can enter the top 30,000, you will be rewarded with a drop of nine-day rain and dew.

This secret place is indeed a treasure trove, and the rewards are really generous!

As for the rewards for the top three, they must be extremely generous and unimaginable.....

At this moment, even the quasi-saint ancestors looked expectant.

Every time a secret land is opened, the assessment content will change, and the rewards will also be different.

Obviously, the rewards from the secret land this time seem to be much richer than before!

This also made the quasi-saint ancestors look forward to it even more!

"Master! The assessment reward for this first level is Nine Days of Rain and Dew, which is so powerful. If our people get more rewards, it will be enough for your Fusang Sacred Tree to mature..."

Yun Xi said excitedly.

Qin Feng said: "Xi'er, don't take it lightly. Although the rewards this time are very powerful, a lot of people will be eliminated. Those who rank lower than 30,000 will be eliminated on the spot. There are more than 50,000 explorers coming this time, and nearly half will be eliminated!"

Hearing this, Yun Xi couldn't help but take a deep breath.

Yes!

She has just broken through to the first realm of eternity, and her strength is at the bottom among all the explorers.

And this time, among the more than 50,000 explorers, 30,000 Many people are in the first level, more than 10,000 people are in the second level, and the remaining seven to eight thousand people are all supreme saints or above.

With her strength, she is obviously on the verge of being eliminated.

"Master, Xi'er will definitely try his best to pass the first level!"

"Just do your best!"

Just after saying this, a clear chirping sound sounded again in front of me.

I saw that the curtain suddenly lit up with light, and then disappeared out of thin air.

"here we go!"

"Go!"

As soon as the sky disappears, the sky is opened, and the assessment finally begins.....

In just an instant, all the explorers rushed into Dengtianye.....

This is a battle of speed, and no one wants to fall behind.

Falling behind means being eliminated!...

Chapter 1119

As soon as the sky disappears, the sky is open and the assessment finally begins.....

In just an instant, all the explorers rushed to Dengtianye.....

This is a battle of speed, and no one wants to fall behind.

Falling behind means being eliminated!

Huh~! Huh~! Huh~!

In the blink of an eye, thousands of people rushed into Dengtianye...

But the next second, those thousands of people fell to the ground, all of them were smashed into dogs and their mouths were full of mud.....

Several of them are still powerful Heavenly Saints!

This scene shocked everyone. Everyone stopped and stared blankly at those who fell.

After all, every time the secret land is opened, the assessment content will change and be different from the past.

They didn't know why those people fell.

The next second, the explorers who fell down struggled to get up one by one, and immediately looked at themselves in fear.....

Then, these people let out a cry of exclamation

"Flying is prohibited here!"

"Huh! I...my spiritual power is sealed!"

"Me too!"

"Oh my God! Divine consciousness has also been sealed!"

"ah! Me too!"

"Huh! It seems that no one was injured...."

"It seems that in this assessment, you cannot use spiritual power and spiritual consciousness, and you are prohibited from flying. You can only walk on foot with your physical strength....."

As soon as these words were spoken, everyone suddenly realized.

The difficulty of this test was much more difficult than they imagined.

Just then, someone started to move forward.

As soon as the man lifted his foot, he felt as if he was carrying a weight of hundreds of millions. It was very difficult to lift his foot. It took him a long time to lift half a meter...

Bang~!

When he landed, it was like a huge mountain falling to the ground, causing dust to fly and the earth to tremble. It also left a deep footprint on the ground, but his step was only half a meter, which was a very small step....This scene surprised everyone again.

At this time, the crowd once again burst into exclamation

"Oh My God! The gravity of the ground here is 100 million times that of the outside world, and every step is very difficult!"

"yes! Fortunately, we are all Eternal Realm experts. If we were ordinary people, we would be turned into a puddle of flesh on the spot!"

"The difficulty of this assessment is quite high!"

"Ha ha!! Do you think the reward of that drop of Nine Heavens Spiritual Dew is so easy to get?"

"Please stop chatting! lets go!"

After another word fell, those people began to attack and compete with each other...

Without the help of spiritual power and spiritual consciousness, each one had to bear a gravity of 100 million times, making them appear clumsy, very laborious, and their movement speed was also slow. Extremely slow.....

"Ha ha! Wu is good at physical strength, and the rules of this assessment are perfect for Wu! Everyone, Wu has taken the first step!"

Boom~! Boom~! Boom~!

A giant man stepped on heavy steps, laughed and surpassed everyone, sprinting towards the finish line...

Seeing this scene, some people showed joy on their faces, and some people showed embarrassment. The color.

This assessment is obviously testing the strength of the physical body.

It is naturally beneficial to those with strong physical bodies, but disadvantageous to those with weak physical bodies.

Of course, the higher the cultivation level, the stronger the physical body will be.

For those quasi-saint ancestors and As far as the Heavenly Saints are concerned, no matter how the rules change, they will always be the highest-ranking group.....

At this moment, more and more people rushed into Dengtianye.

Soon, the quasi-saint ancestors strode to the front one by one.....

In the square, the old man Yuexia glanced at Qin Feng and showed a trace of disdain when he saw that Qin Feng had not moved yet.

"Dad, let's go!"

Prince Xi Shen reminded in a low voice.

"Um! Walk!"

"Senior Yuexia, you should be able to get into the top three this time and get the most generous reward."

Guixu Saint Ancestor flattered him at the right time.

Old Man Yuexia smiled bitterly:"There are nine quasi-god peak experts here. I am good at spiritual consciousness but not at the physical body. It is impossible to win the top three. However, getting into the top ten is a piece of cake."

Guixu Saint Ancestor apologized:"Even if you are in the top ten, the rewards will be extremely generous, which will make a group of people envious. By the way, I wonder what ranking that boy Qin Feng can get?"

As soon as these words were said, Prince Xi Shen sneered:"That boy is good at spiritual consciousness and spiritual power. His physical body is not necessarily strong, and his cultivation

level is only at the second level of eternity. I'm afraid his ranking will be extremely low. It would be nice if he could not be eliminated. Got it!

The Saint Ancestor of Guixu said with a smile: "Zhen thinks so too!"

Old man Yuexia also smiled slightly: "Ignore that little beast for now! Let's go! If you are slow, others will take advantage!"

As soon as he finished speaking, he walked towards Dengtanye.

Prince Xishen and Saint Ancestor Guixu followed closely behind.....

The three of them were all quasi-Saint Ancestors, their bodies were extremely strong, and they rushed to the front of the crowd in the blink of an eye.....

In the square, Qin Feng saw that Old Man Yuexia had entered Dengtanye and was no longer wasting time.

"let's go!"

As soon as he finished speaking, Qin Feng strode towards Dengtanye.

The disciples of the Shenmeng followed closely behind, with great force and extraordinary momentum.....

As soon as Qin Feng stepped into Dengtanye, he felt an invisible force pouring into his body, instantly sealing his spiritual power and consciousness.

At the same time, 100 million times the gravity of the ground instantly attached to his body, causing his body to sink... The ancient God Lord indeed had extraordinary magical powers. Even if he fell, the inheritance place built by his residual thoughts could instantly crush the strongest quasi-saint ancestor.

To a certain extent, the seventh realm of eternity is really extremely terrifying.

Qin Feng admired him in his heart and wanted to obtain the inheritance of the ancient god lord even more.

As for this assessment, he really didn't take it to heart.

He is the body of Hongmeng, and his physical strength exceeds the peak of most quasi-sage ancestors, and is infinitely close to the physical body of the saints.

Not to mention entering the top ten, even finishing in the top three is very safe.

At that moment, Qin Feng wanted to take a big step forward.

But at this moment, the void trembled, and a golden light fell from the sky and fell on him.

The next second, the 100 million times ground gravity attached to him suddenly dropped to 70 million times.

This meant that the difficulty of his challenge had dropped to 70% of its original level.

Qin Feng was overjoyed.

In this way, his speed can be compared to that of the Holy Ancestor, and winning first place is no longer a problem.

At this moment, the sky changed continuously, and streaks of golden light descended, attached to the children of the Divine Alliance... In a moment, the golden light of the Divine Alliance members protected their bodies, and the gravity of the ground dropped to 70 million times...

Even Wu Gang and Yutu also No exception, the gravitational force is greatly reduced.....

"Huh! How is this going?"

Hongjun and others were inexplicably surprised.

At the same time, the surrounding contestants also exclaimed.

"Oh My God! That is the light of the God Lord, they are people from the God Realm!"

In the crowd, countless people looked towards the Divine Alliance, with envy on their faces, and some showed jealousy. When the disciples of the Divine Alliance heard those words, they suddenly realized, and the joy on their faces became even stronger. It turns out that all the creatures in the God Realm are descendants of the ancient God Lord.

The ancient God Lord will naturally favor his descendants. In various assessments, he will send down the light of the God Lord and attach it to the creatures in the God Realm to lower the level of the gods. The difficulty of the assessment of world creatures allows them to stand out.....

The children of the Divine Alliance are all descendants of the ancient God Lord. Even Wu Gang and Yutu contain the essence and blood of Qin Feng. Naturally, they have become creatures in the divine world and have been endowed with the light of the Divine Lord...

To find out the reason, everyone in the Divine Alliance is determined to Overjoyed

"Set off!"

Qin Feng gave the order and took the lead towards the finish line...

Boom~Long~Long!

The people of the Divine Alliance followed closely, each with strange speed.

Even Yun Xi, who had the weakest cultivation level, with the help of the light of the Divine Lord, the speed is also comparable to the second realm of eternity.....

In just a moment, the Divine Alliance army drove away a large group of people, leaving everyone stunned..

Chapter 1120

In just a moment, the Divine Alliance army drove away a large group of people, leaving everyone stunned.....

After a while, some voices of jealousy and annoyance broke out from the crowd

"These damn guys!"

"yes! It is too unfair for the ancient God Lord to act like this!"

"Ah! You guys, don't be envious, jealous, or hateful. I am a descendant of the ancient god, so I will naturally be favored by you....."

"Hey~! Having said that, there are too many people in this divine alliance. There are more than a thousand people, and they will take up more than a thousand promotion slots at once. This way I will be eliminated!"

Among the crowd, there were many explorers of the first realm who were not physically strong, and they kept sighing.....

Only 30,000 people can pass this first assessment, and there are more than 50,000 people taking the assessment, which means that more than 20,000 people have to be eliminated.

Among the more than 50,000 examiners, more than 30,000 are first-level experts, and most of them are destined to be eliminated.....

The slowest among the people in the God Realm can rival those in the second level. They are destined to pass this test and receive rewards.....

But what makes them frustrated is that nearly a thousand people in the God Realm are in the first realm.

But the speed of these nearly 1,000 people exceeds all the first-level players, which is equivalent to forcefully occupying nearly 1,000 places.....

"strangeness! In the past, there were only a hundred people coming to the God Realm. Why did more than a thousand people come this time, and the number of people increased more than ten times?....."

"yes! Is it possible that the strength of the God Realm has become ten times stronger?"

The contestants murmured incessantly, feeling puzzled.

However, the army of the gods has gone further and further away, so they will not pay attention to these low-level assessors.....

At this moment, their speed was as fast as the other.

The speed of the children of the Divine Alliance in the first level is comparable to that of the test players in the second level.

The speed of the disciples of the Divine Alliance in the second realm is comparable to those taking the exams of the Supreme Saint Realm.

Some disciple of the Extreme Saint Realm has a speed comparable to that of a contestant in the Heavenly Saint Realm.

The speeds of Fu Zhi, Qin Baobao, Kunpeng, Hongyun, and Minghe are all comparable to those at the peak level of Heavenly Sage.

The speeds of Lu Ya, Queen Mother of the West, and Star Master Ziwei were comparable to those in the early stages of the Quasi-Saint Ancestor.

Ziwei Star Lord's physical body has been strengthened by the power of chaos. His physical body is far stronger than that of the same level, and his speed is naturally stronger than Fuzhi and others.

In addition, Panzu's speed has reached the mid-stage of Quasi-Saint Ancestor.

His body is not purely flesh and blood, his body is far stronger than those of the same level.

Coupled with the assistance of the Divine Lord's Light, his speed exploded, comparable to the mid-level of Quasi-Saint Ancestor.

Hongjun was even more powerful, his speed reached the limit of the mid-stage quasi-saint ancestor, and was infinitely close to the late-stage quasi-saint ancestor.

He is a body of chaos, and his physical body is naturally much stronger than that of the same level. With the help of the light of the God Lord, his speed is infinitely close to the late stage of the Quasi-Saint Ancestor...

Next, there are the Phantom Clone and Xuanfei Clone, both of which have reached the speed of the Quasi-Saint Ancestor. Later period of ancestors.

People have three attachments: good attachment, evil attachment, and self-attachment.

Since Qin Feng practiced the method of breaking the attachment, and refined the shadow clone into a good attachment body, and the Xuan female clone into an evil attachment body, the physical bodies of the two clones can be virtual or real.

Of course, the physical strength of the two clones is naturally far inferior to the main body.

At this moment, Qin Feng rode Juechen, far ahead, and his speed was comparable to that of the Saint Ancestors, astonishingly fast...

At the same time, at the front of the examiners, there were nine figures far ahead, at the peak of the nine quasi-Saint Ancestors. strong.....

Old Man Yuexia ranked eighth.

His strength is considered to be at the mid-range level among the top quasi-saint ancestors, but this level tests his weaknesses, ranking him in eighth place.

One meter behind him, followed closely by an old man holding a bamboo stick, ranked ninth, and also a peak quasi-saint ancestor.

This old man's name is Patriarch Liugen. He is not from the Nine Heavens and Ten Realms, nor from outside the Nine Heavens Realm. He is a powerful casual cultivator in all heavens and realms.

He has no territory of his own, and he doesn't bother to form a force. He has always been pursuing the breakthrough of the Holy Ancestor Realm and evolving a heaven with his own power.

And this person's strength is the weakest among the nine top quasi-saint ancestors.

He and Old Man Yuexia are also old acquaintances.

The two walked in tandem, chatting as they walked forward, looking calm and relaxed.

"Old friend under the moon, the reward distribution for this assessment, the top three are the first level, the fourth to the tenth are the second level, the eleventh to the 100th are the third level, and all the ones below Only one drop of Nine Heavens Jade Dew will be awarded, which is considered a consolation award..."

Six Ancestors leaned on their bamboo sticks and spoke lightly.

Old Man Yuexia laughed at himself: "You and I don't have to think about the first-level rewards. However, you and I are sure to get the second level of rewards."

"Ha ha!! Of course! The nine people among the top ten must be the pinnacles of our nine quasi-saint ancestors....."

Having said this, Patriarch Liugen looked behind him with a proud look on his face.

I saw that the powerful late-stage Quasi-Saint Ancestors who were closest to him were far away from each other, and there was no possibility of surpassing him.

The old man under the moon didn't even bother to look back and sneered.

"hehe! Although the Quasi-Saint Ancestor in the late stage is only a small realm behind the Quasi-Saint Ancestor at his peak, the gap in strength between the two is very huge. With the speed of the Quasi-Saint Ancestor in the later stage, he will definitely not be able to catch up with us."

"Ha ha! Of course!"

Ancestor Liugen also laughed proudly.

Immediately, he seemed to have thought of something, and asked in a low voice: "By the way, old friend Yuexia, I heard something, and I don't know whether to ask or not."

"Old friend, please tell me! You and I have known each other for many years, no need to meet outsiders!"

"I heard that the Taoist friend's daughter was killed by a disciple of the God Realm named Qin Feng, and that the nephew of Xi Shen was also defeated by that Qin Feng. , this can't be true, right?"

Hearing this, the corners of Old Man Yuexia's mouth moved, and hatred surged in his heart again.

Immediately, he said in a dry voice: "To be honest with my old friend, this matter is indeed true! Ancestor Liugen was surprised: "I didn't expect this to happen. This little friend Qin Feng is really bold." By the way, old friend Yuexia, I wonder if Qin Feng has entered the secret place?"

"he came!"

"He actually came?", Ancestor Liugen was a little surprised, "This kid is really bold. My old friend, would you like me to help you get rid of him?"

The Liugen Ancestor suddenly offered to help, which surprised Old Yuexia.

These Liugen Ancestors have always been selfish and would not help others for no reason.

What's more, killing a very powerful person will definitely lead to karma, which is not a good thing.

Old Man Yuexia couldn't figure out the intention of Patriarch Liugen.

He still said:"Look! If necessary, I will ask fellow Taoists for help. Judging from the current situation, I should be able to solve it by myself. It depends on the rules of the secret land and when I am given a chance...."

"Easy to say! Easy to say! As long as fellow Taoists need it, just call me at any time!"

Ancestor Liugen was very enthusiastic, and there was a trace of expectation in his eyes.

He seemed to want Old Man Yuexia to ask him for help, and his idea was very strange.

Old Man Yuexia felt more and more strange, but he couldn't figure out the reason, and he couldn't ask more questions.

He knew very well that the Six Roots Ancestor had no profit and had no other purpose. It was just that he couldn't figure it out.

"By the way, old friend Yuexia, who is Qin Feng? My old friend, can you please identify them so that I can pay more attention to them?"

Ancestor Liugen asked again, seeming to be very interested in Qin Feng.

The corner of the old man's mouth curled up:"Old friend, don't be anxious, there should be more than 10,000 people in the queue for that kid, mixed in the back of the crowd, hard to see at a glance"

"After all, spiritual consciousness cannot be used here, and it is not that easy to find it with the naked eye. It's better to wait until you reach the finish line and I'll point it out to you....."

Ancestor Liugen was stunned:"There are more than 10,000 people in the queue?"

"hehe! What fellow Taoists don't know is that Qin Feng's spiritual power and spiritual consciousness are extremely strong, but his cultivation level is very low, and he is only in the second realm of eternity. I understand that his physical body is not much stronger. This level just tests his weak points. With his second-level body, if he doesn't rank over 10,000, where can he be ranked?"

Old Man Yuexia explained self-righteously.

"I see! It seems that Qin Feng's child is nothing more than this!"

Ancestor Liugen showed a disdainful smile.

But as soon as he finished speaking, there was a rumble of footsteps behind the two of them, as if someone was running towards them, at a terrifying speed...

Before the two of them could turn around, an elegant flow came out. The figure passed by the two of them at an extremely fast speed.....

At the moment when they passed each other, the visitor turned back to look at Old Man Yuexia. He was actually a handsome young man with noble temperament... When

Old Man Yuexia saw the young man's appearance, he trembled as if struck by lightning. Open your mouth wide.....

The person coming is none other than Qin Feng!

Ancestor Liugen was also stunned.

He didn't expect that someone could catch up with them. He was still a young man, and his cultivation was obviously not that of a quasi-Saint Ancestor peak master.

But before he could think about it, Qin Feng rode away in a flash, leaving only a trail of smoke and dust.

Then, under the astonished gazes of Old Man Yuexia and Ancestor Liugen, he surpassed the peak quasi-saint ancestors one after another and caught up with the first place.....

This scene shocked the six ancestors.

Oh My God!

Who is this young man?

His speed is comparable to that of the Holy Ancestor!

Old Man Yuexia found it even more difficult to accept and shook his head repeatedly.

"impossible! This is absolutely impossible! Ancestor Liugen was startled:"

Old friend Yuexia, what's impossible?" Is it possible that you know this young man?"

Old man Yuexia turned back with a bitter look on his face:"He is Qin Feng!"

"What?! He is Qin Feng?!"

Ancestor Liugen was so shocked that his mouth opened wide and his jaw almost dropped to the ground...
