

God level 1121

Chapter 1121

"What?! He is Qin Feng?!"

Ancestor Liugen was so shocked that his mouth opened wide and his jaw almost dropped to the ground...

It took him a long time before he came back to his senses: "Old friend Yuexia, didn't you say Qin Feng would be ranked more than 10,000?"

Yuexia The old man looked embarrassed: "I thought that the boy's spiritual power and spiritual consciousness were far above the same level, so his physical body should not be very strong. A person cannot be extremely strong in every aspect without a single weakness! Unexpectedly, he It's really comprehensive... Hey!"

Old Man Yuexia was extremely depressed.

"Look, old friend! That kid is about to surpass Dimang Witch Ancestor and take first place!"

Ancestor Liugen suddenly exclaimed.

Ancestor Yuexia hurriedly followed the sound and saw that Qin Feng had chased behind the Dimang Witch Ancestor who was ranked first. The distance between the two sides was only twenty meters...

Seeing this scene, Elder Yuexia Ancestor was extremely shocked.

At this moment, not only he was shocked, but all the top quasi-saint ancestors were shocked.

You know, Emperor Mang Witch Ancestor is the master of the Great Witch Heaven Realm.

The Great Witch Heaven Realm ranks second among the Nine Heavens and Ten Domains.

Emperor The comprehensive strength of Mang Wu Zu ranks third among the nine peak powerhouses, but his physical strength far exceeds that of the same level and is comparable to the Holy Ancestor.

This makes his speed comparable to the Holy Ancestor.

And Qin Feng His speed is comparable to that of the Holy Ancestor, and even faster than the Dimang Witch Ancestor. This is incredible.

"Good guy! This person's speed is so fast, he is almost catching up with God!"

"Who is this person?"

"Not sure!"

In front, several peak experts kept whispering, and they were all shocked.

At this moment, they could not use their spiritual consciousness and could only observe with their naked eyes. Naturally, they could not see the details of Qin Feng...

At the same time, the emperor who was running at the front Ancestor Mang Wu was extremely proud of himself.

His cultivation method was different from ordinary people, focusing on body refining, so his physical strength was comparable to that of the Saint Ancestor.

This also made his speed much stronger than that of the same level, and he defeated the eight quasi-Saint Ancestors. The peak is far behind.

In his opinion, this first assessment is completely tailor-made for him.

He is sure of the first place!

Winning the first place is not only a generous reward, but also You will also get evaluation points for the will of the secret land.

When the evaluation points reach a certain standard, you will have the opportunity to enter the inheritance place and complete the challenge.

If the challenge is successful, you will get the inheritance of the ancient god.

In short, the evaluation points are very important.

Every In an assessment, the higher the ranking, the more points you will get.

Regardless of whether you can complete the inheritance challenge or not, you must at least get the chance to enter.

Therefore, Emperor Mang Witch Ancestor is very concerned about the ranking in this assessment.

This This should be the assessment where he has the best chance of getting first place.

Thinking of this, Di Mang's confidence doubled.

He didn't believe that some of the assessors could have a physical body like his, comparable to that of the Holy Ancestor.

But this idea just came up. , the sound of running sounded behind him

"Huh! This is?!"

Di Mang couldn't help but look back and saw a young man with a noble temperament running towards him.

He was so fast that he was even faster than himself!

"This...how is this possible!"

Di Mang was extremely shocked.

There was actually someone among these examiners who was faster than him!

"Damn it! This first place belongs to me, no one can take it away!"

Di Mang roared in his heart, turned around, accelerated his speed, and rushed away.

As soon as he speeded up, Qin Feng quickly accelerated, and then accelerated.....

Boom~! Boom~! Boom~!

The two of them ran like a tide, and the ground roared, stirring up dust and smoke along the way.
.....

In this way, the two of them chased and ran at extremely fast speeds.

But Qin Feng finally came to the front line, and the distance between the two became closer and closer.....

Ten meters.....seven meters.....Five meters...

In the blink of an eye, the two were no more than three meters apart, and Qin Feng was about to catch up.

Di Mang was extremely anxious and couldn't help shouting:"Boy, who are you? Why have I never seen you before?"

Qin Feng smiled and said nothing, too lazy to answer.

What he wants to win is his ranking, and he has no interest in telling others his true identity.

"Boy! Didn't you hear what I asked you?!"

Di Mang was extremely irritable because Qin Feng was only two meters away from him.

"Ah! Why do I want to tell you?!" Qin Feng was also unhappy.

"You...eh! It is the light of God! You have the light of God in you! It turns out that you are from the divine realm. impossible! This is impossible! How could there be someone so fast in the God Realm?"

Di Mang immediately recognized Qin Feng's origin and was extremely surprised.

The divine world has always been weak, how could a character with such powerful physical strength appear?

Even if this character takes advantage of the light of the God Lord, his own physical strength is also strong Extremely terrifying.

Hey! That's right!

Di Mang suddenly thought of something and his eyes lit up.

At this moment, Qin Feng had already caught up with him and walked side by side with him.....

"snort! Want to surpass my ancestor? You are still too young! Don't think that you are the only one who has the help of the Divine Lord, I also have the means!"

As soon as he finished speaking, Di Mang took out a jade certificate from his body.

Qin Feng glanced out of the corner of his eye and felt that it looked familiar.

When he looked carefully, he was surprised to find that it was a fragment of the jade certificate of creation. Taking out the fragment of the jade certificate of creation, Di Mang broke his fingers and condensed blood, dripping on the jade certificate fragment.

Buzz~!

The jade certificate fragment quickly absorbed the essence and blood, and was activated, lighting up with a dazzling golden light.

The next second, A faint golden light emerged from the fragment of the jade certificate, and attached to Di Mang. It was very similar to the light of the God Lord, but the color was lighter. As soon as the golden light possessed him, Di Mang suddenly felt a gravity of 100 million times the ground, and suddenly dropped to Ninety million times, a full 10% reduction.

He suddenly felt light all over, his speed increased by 10%, and he was walking like flying.....

"Boy, I said, you can't surpass me! This first place is decided by me! Ha ha!!"

Di Mang laughed wildly with pride, surpassing Qin Feng in an instant.....

Huh! You can still play like this!

Qin Feng's eyes lit up.

The next second, under Di Mang's astonished gaze, he also took out a fragment of the Jade Order of Creation.

The fragment was three times as big as Di Mang's hand.

Afterwards, Qin Feng broke his finger and coagulated blood and dripped it on it.

Buzz~!

The fragment of the jade certificate was activated and lit up with a dazzling golden light, which was several times stronger than the emperor's light...

The next second, a golden light emerged from the fragment of the jade certificate, attached to Qin Feng's body, and the light of the divine master on Qin Feng's body Blended together, the golden light on his body becomes more dazzling.....

Immediately, the gravity of the ground on Qin Feng continued to decrease, and in the blink of an eye it dropped by another 30%, and the effect was three times that of Di Mang.

At this point, the suction force on Qin Feng's body dropped to 6,000 times.....

He was overjoyed, and quickly stepped forward, doubling his speed in an instant, and surpassed Di Mang in the blink of an eye.....

In just a moment, he left Di Mang far behind him, leaving only his back, getting further and further away.....

Di Mang was dumbfounded..

Chapter 1122

In just a moment, Qin Feng left Di Mang far behind, leaving only a figure behind, getting further and further away.....

Di Mang was dumbfounded...

He actually lost!

And he lost very completely!

He never expected that Qin Feng also had fragments of the Jade Order of Creation, and they were larger than his...

The larger the fragments of the Jade Order of Creation, the better the effect.

Of course, for Qin Feng, he must get all the jade tablet fragments.

The jade certificate of creation is like the seal of the divine world.

Only by obtaining the complete Jade Certificate of Creation can he combine the Great Flood God Realm and the Great Desolate God Realm into one, and condense the complete Great Desolate God Realm.

The fragments of the jade certificate in his hand were only one-half of the whole, and many fragments were missing.

However, he now learned the whereabouts of another fragment.

Thinking of this, Qin Feng turned back and glanced at Emperor Mang Witch Ancestor, with a strange look on his face.

It seems that there will be a battle between him and Emperor Mang Witch Ancestor in the future!

It's just that he has to put this matter aside for the time being, as he still has to deal with Old Man Yuexia.

Thinking of this, Qin Feng continued to move forward and disappeared in the emperor in just a moment. In his field of vision...

Di Mang stared blankly at the direction Qin Feng left.

After a while, he came back from his trance.....

"Damn it! The ancestor's first place! Just lost it!"

Di Mang was extremely angry.

This was the first place he was determined to win, and he lost it just like that.

"I really didn't expect that this kid has a larger jade shard in his hand. If it falls into my hands,...."

A look of greed flashed across Di Mang's eyes

"By the way, this guy is so fast, how strong is he? I have never heard of any powerful people in the God Realm!"

Di Mang looked confused.

Suddenly, he thought of something and his eyes lit up.

"By the way, it was rumored not long ago that a Qin Feng appeared in the God Realm. His strength was extremely close to that of the mid-stage quasi-saint ancestor. He was extremely arrogant and killed the daughter of Old Man Yuexia. I think it was this guy!"

Di Mang quickly guessed Qin Feng's identity, with a strange look on his face.

A young man whose strength is less than the mid-stage of Quasi-Saint Ancestor is actually faster than himself. It seems that his body is extremely powerful!

Of course, he He was extremely unconvinced.

In his opinion, if Qin Feng did not have the help of the Jade Certificate of Creation, he would definitely not be much stronger than his own body.

"snort! A junior who is not even in the middle stage of Quasi-Saint Ancestor dares to take the top spot of my ancestor. You will have something to watch next!"

Di Mang snorted coldly, and the more he thought about it, the more angry he became. If he lost to a quasi-god peak expert, he would feel more comfortable, but he lost to a junior, which made him very unhappy.

However, he still has some Fortunately, even if he lost the first place, the second place is still guaranteed.

The reward will not be much worse, and the evaluation points will not be much less...

The third place is far away from him, and he has already seen it. He couldn't see his back.

He didn't believe that besides Qin Feng, there was anyone who could surpass him.

Thinking of this, Emperor Mang Witch Ancestor continued to stride forward.....

But on the other side, after Qin Feng left Di Mang far away, he rushed towards the end of the assessment at a speed comparable to the middle stage of the Saint Ancestor.....

That speed is equivalent to more than a thousand times that of the first realm of eternity...

In other words, if Qin Feng takes one hour to reach the finish line, the first realm of eternity will take about three months.

This is the gap!

In fact, in less than an hour, Qin Feng reached the finish line.

He saw a huge light curtain in front of him from a distance, cutting the sky and the earth in half. It was the canopy that closed the examination room... and behind the canopy, there was a huge square.

That square is the end point of the assessment.

Qin Feng was excited and sped up and rushed over.

In just a moment, he rushed to the canopy and crossed directly across it. There was no obstruction...

Buzz~!

As soon as he passed through the sky, Qin Feng's whole body lit up with dazzling white light.

The next second, his spiritual power and consciousness were all unlocked, and his strength returned to normal.

"Passed!"

Qin Feng was overjoyed.

The recovery of his strength meant that he had completed the first assessment.

He quickly raised his head and looked at the center of the square, where there was a white wordless monument.

According to the introduction of the secret will, this monument is called points statistics. Tablet.

Those who pass the assessment must put their hands on the tablet as soon as possible, enter their information, and get the ranking. The ranking is based on the time when the tablet was collected.

Thinking of this, Qin Feng hurriedly walked Go to the points statistics monument, stretch out your hand, and press it towards the monument.....

"Huh! By the way, I have regained my strength, so that's okay....."

Qin Feng suddenly thought of something, stopped what he was doing, and looked back at the sky.
.....

The tent could only be exited but not entered. It was impossible for him to return to Dentianye.

However, his idea was of another kind, and that was space summoning.

Thinking of this, Qin Feng made a thought and launched a spatial summons to Hongjun.

With this thought, his spiritual power shifted, and his whole body glowed with white light.

But for a second, nothing changed, and the space summoning failed.

Qin Feng was unwilling to give in and tried to summon some subordinates from the Great Flood God Realm, but failed.

In this secret place, it is indeed the same as what the outside world said, the secret technique of space teleportation will be ineffective.

"By the way, the secret technique of space teleportation has failed. What about this secret technique?....."

Qin Feng thought of something again, and as soon as his mind moved... the next second, his body changed, and his whole person turned into a phantom clone.....

It turns out that he just used the yin and yang conversion technique to turn the main body into a phantom clone, and the phantom clone into a real body.....

Unexpectedly, it was successful all of a sudden!

After all, the yin and yang conversion technique is a technique of exchanging yin and yang, not a technique of space teleportation, so it was naturally successful.

Qin Feng was overjoyed at this success.

At this moment, the face of the shadow clone was also full of joy.

He looked at himself and found nothing wrong, so he pressed his palm towards the points monument in front of him...

Buzz~!

With this hand pressed down, the sacred monument lit up with a faint white light.

A wave of cold mental power began to collect the breath of the phantom clone.

At the same time, the phantom clone also entered his identity information into the monument.

After a moment, a hollow and ethereal voice sounded from the monument.

That is the voice of the secret will

"In the God Realm, Qin Lei won the first place in this assessment and received the first level reward: 1000 drops of Nine Heavens Jade Dew."

"The assessors are reminded that ranking rewards and point evaluations will be given after all assessments are completed!"

The phantom clone was overjoyed.

It turned out that there was not only a reward of 1,000 drops of Nine Heavens Jade Dew, but also a ranking reward.

The rewards for this assessment were really generous!

At this moment, the space in front of the phantom clone changed, and there was a rune jade bottle. Appeared out of thin air.

He quickly picked up the jade bottle and opened it. It was filled with milky white Nine Heavens Jade Dew, a thousand drops, and the fragrance was overflowing. The shadow clone was very satisfied and carefully put it away.

This Nine Heavens Jade Dew was in The outside world is extremely precious. It is a rare treasure that can cultivate the spiritual roots of heaven and earth. Every drop is extremely precious.

Of course, it has other wonderful uses, which Qin Feng does not know for the time being.

In short, the shadow branch put it away with physical and mental satisfaction, and chose a corner of the square. , sit cross-legged and meditate, wait quietly for the body.....

At the same time, there was a certain area in Dentianye.

Qin Feng looked at himself with surprise.

At this moment, his spiritual power and consciousness were sealed again, and his body was once again possessed by the light of the God Lord.

This means that he can continue to take the assessment.

At this time, he looked up towards the finish line again, his face showing joy again.

He sensed that the phantom clone had received the first place reward.

He and the phantom clone are one and the same, so they are naturally connected mentally, and he knows everything that happens in the phantom clone.

Afterwards, Qin Feng took out the Jade Certificate of Good Fortune and activated it again.

The next second, he turned into an afterimage and rushed towards the finish line...

He had won first place!

However, the second place will also be his...

Chapter 1123

Afterwards, Qin Feng took out the Jade Certificate of Good Fortune and activated it again.

The next second, he turned into an afterimage and rushed towards the finish line...

He had won first place!

However, the second place will also be his.....

At the same time, in a certain area ahead.

Old Man Yuexia and Ancestor Liugen were chatting while rushing towards the finish line.

"I really didn't expect that Qin Feng's son could surpass Di Mang. It seems that the first place in this assessment must be him!"

Ancestor Liugen sighed with emotion, and could not hide the look of envy in his eyes.

Old Man Yuexia was unhappy and sneered: "Humph! Even if Qin Feng takes first place, what's the use? With his strength, which even the quasi-saint ancestors in the mid-term were not able to achieve, it was hard to say whether he could leave the secret place alive."

"Ha ha!! Fellow Taoist is right! Although the child is physically strong, his cultivation level is still too low and his strength is still insufficient. I still say the same thing, as long as fellow Taoist needs it, I don't mind taking action to help you get rid of Qin Feng....."

Ancestor Liugen proposed again, his face full of enthusiasm.

The old man under the moon glanced at him and muttered in his heart.

This guy was so attentive for nothing, and he didn't know what medicine was sold in the gourd. He always offered to help him deal with Qin Feng.

This has been proposed at least three times.

But the more this happened, the more he felt that something was wrong and he didn't dare to agree easily.

At that moment, he said: "Fellow Daoist Liugen, if you see Qin Feng unhappy, just find an opportunity to kill him. I will definitely help you without any hesitation."

Ancestor Liugen looked confused. Then he laughed awkwardly and said: "Haha!! Speaking of which, I have no conflict with Qin Feng, and there is nothing to dislike. It is definitely inappropriate for me to take action out of nowhere."

"In fact, fellow Taoist Yuexia, don't worry too much. For the sake of my old friend, I really want to help you. If fellow Taoist Yuexia cares, I won't mention this matter again....."

Hearing this, Old Man Yuexia's mouth curled up slightly, with a look of disbelief.

This old thing must have a purpose.

He was asked to kill Qin Feng by himself, but he refused to go.

He would only agree to it if he had to ask him for help. It would be strange to say that there was nothing fishy about it.

However, Old Man Yuexia didn't say anything.

Maybe, he will really need to use the Six Ancestors in the future

"Fellow Daoist Six Roots, let's not mention this matter for now. Speaking of which, you are also lucky. Among these examinees, there is only one weirdo, Qin Feng. If another one comes out, you won't even get the second level reward."

Old Man Yuexia began to change the topic.

Ancestor Liugen understood what Old Man Yuexia meant, and he looked very happy.

"yes! Fortunately, only one Qin Feng came out, and I was still able to get tenth place. If one more person comes out, I will fall to the eleventh place and can only get the third level reward."

Old man Yuexia laughed and said: "Haha!! The rewards of the third level are far worse than those of the second level, and even worse than those of the first level."

Ancestor Liugen smiled and said:"Don't worry, old friend! Except for Qin Feng, no one among those examiners can surpass me. Even those late-stage quasi-saint ancestors, no one has that ability!"

"This is true!"

The old man Yuexia nodded slightly, acknowledging it.

But just as the two of them finished speaking, there was a rumbling sound of running behind them.

The two were startled, and quickly turned around, and saw Qin Feng running towards the two of them at extremely fast speeds. Coming here...

Hey! Why is it Qin Feng?!

But before the two of them could figure out what was going on, Qin Feng passed by them, leaving only a trail of smoke and dust...

In just a moment, Qin Feng Just disappeared from their sight...

The two of them were stunned, staring blankly at the direction where Qin Feng disappeared.....

It took a long time for them to come back to their senses.

Ancestor Liugen rubbed his eyes:"Fellow Taoist Yuexia, are I dazzled? Was it Qin Feng who passed by just now?"

"Well...it seems...right?...."

Old Man Yuexia also stammered.

He almost thought he was dazzled.

But as soon as he finished speaking, the two of them looked at each other with a strange look on their faces. what happened?

Didn't Qin Feng run over a long time ago and surpassed Dimang Wuzu and won the first place?

.....

Now, why are you running behind them again?

At this moment, the two of them were a little confused.

"strangeness! Then...why did that kid run behind us? Shouldn't he be in front?"

Ancestor Liugen asked tentatively.

"yes! I can't figure it out either!"

Old man Yuexia also looked puzzled.

"never mind! fortunatelyIt's him. I still kept my tenth place....."

Ancestor Liugen smiled bitterly.

To be honest, he was really startled when someone suddenly caught up with him from behind.

He almost thought that his tenth place was not guaranteed.

"That's right! We have to speed up too! There are quite a lot of weird things happening every day."

Old Man Yuexia also murmured and moved forward quickly.

The Six Root Ancestors followed closely behind.

These two people thought that their rankings had not changed.

In fact, their rankings fell by one place.

The Six Root Ancestors even more He fell outside the tenth place.

However, Qin Feng rushed all the way, surpassing the peak quasi-saint ancestors one after another on the way, which naturally aroused the shock of all the powerful people.

When they saw that it was Qin Feng again, they were puzzled. Everyone thought they were dazzled...

However, Qin Feng quickly disappeared from their sight and rode away.....

But on the other side, Dimang Wuzu was far ahead and was rushing to the finish line.....

"According to the last experience, I am almost halfway through the journey. I wonder if Qin Feng has reached the end?"

Di Mang Wuzu murmured in his heart.

He was very unhappy about Qin Feng surpassing him.

In any case, he could still win the second place, which is more gratifying.

Thinking of this, Di Mang is still a little bit confident. Fortunately.

But as soon as he had this thought, there was a rumbling sound of the running god behind him.

Di Mang was startled and quickly turned back

"Qin...Qin Feng!",

Di Mang couldn't help but exclaimed.

He thought he was dazzled, so he rubbed his eyes and took a few hard glances.

That's right!

It's that annoying Qin Feng!

The jade certificate of creation in his hand was exactly the same as before..

Such a comparison is absolutely impossible to be false.

But didn't this guy run to the front?

Why did he run behind him again?

Just when Di Mang was confused, Qin Feng had already caught up with him, and the two were only separated by several meters

"Qin Feng! what happened? Why did you run behind me again?"

Qin Feng was stunned:"Hey!" How do you know my name? Di

Mang said proudly:"The fact that you killed Princess Moon God has been known to the whole world for a long time. Is it difficult to guess your origin?" With all your abilities as a young boy, you are still too young to hide it in front of me."

"If you are wiser, you will give me the first place in this assessment. Maybe, when Old Man Yuexia comes to trouble you, I can help you a little bit. If you don't agree, I will treat you... Hehe!!"

At this moment, Di Mang actually asked Qin Feng to give up the first place.

Facing Di Mang's coercion and inducement, Qin Feng was disdainful.

His current strength is infinitely close to the peak of the Quasi-God Ancestor. Although he is not Di Mang's opponent yet, He is also capable of fighting and is not afraid.

What's more, he has two clones to help him, which makes him more confident.

Besides, the first place has already been won by him, and he can't give up even if he wants to.

"Senior, I'm so sorry! I'm afraid I can't give up this first place....."

"What?!"

Di Mang frowned, and his expression instantly darkened.

He did not expect that Qin Feng refused directly.

You know, his Great Witch Heaven ranks second among the Nine Heavens and Ten Realms, much stronger than the Jiyue Heaven.

The entire Nine Heavens and Ten Realms , there are really not many people who dare to refuse him.

Thinking of this, he was about to ask Qin Feng why he refused.

But Qin Feng speeded up, surpassed him in an instant, and walked away.

Di Mang was stunned.

Immediately, he Looking at Qin Feng's back coldly, his eyes were full of anger

"snort! You are a shady person~! If you don't eat the toast, you will be fined with alcohol! There's something nice for you in the back!"

Di Mang angrily dropped a harsh word.

In the distance, Qin Feng heard these words, but ignored them and walked away without looking back.

In the blink of an eye, he disappeared from Di Mang's sight.

"This arrogant kid really thinks that my ancestor is easy to talk to?"

Di Mang looked at the direction where Qin Feng disappeared and was very angry.

Immediately, he looked confused again.

"strangeness! He had clearly reached first place before, so why did he turn around and return? Could it be that he was showing off to me?"

He thought that Qin Feng ran away from him twice on purpose to show off his speed to him.

Only this explanation is more reasonable! The more he thought about it, the more possible it became.

"snort! How childish!"

Di Mang couldn't help but murmured again.

In his opinion, Qin Feng's behavior was extremely childish.

Even if the speed is twice as fast as him, so what?

He can still win the second place.

Running around like that will help. What's the meaning?

It's so ridiculous!

After thinking for a moment, Di Mang sneered and accelerated towards the finish line...

He never expected that his second place had been quietly taken away by Qin Feng..

Chapter 1124

But he said on the other side, in the square at the end.

After the phantom clone received the reward, it meditated while waiting for the main body to arrive.

He waited for a while, feeling a little bored, so he took out the bottle of Nine Heavens Jade Dew.

At this time, he had a sudden thought, and the jade bottle disappeared out of thin air with just a thought.

The shadow clone's eyes suddenly lit up.

Immediately, he thought again, and the jade bottle appeared again.

The shadow clone showed a look of joy

"Ha ha!! It turns out it can still be like this!

He laughed loudly, then closed his eyes and sat up again to meditate.....

It turns out that the bottle of Nine Heavens Jade Dew that just disappeared out of thin air was not put into the storage ring, but was put into the Great Flood God Realm.

After trying it a few times, the phantom clone was pleasantly surprised to find that items could be freely put into or taken out of the Great Flood God Realm.

Creatures cannot be summoned freely, nor can they be teleported in.

This is equivalent to having a huge storage space that can be stored at any time.

Even better is that he can freely exchange the resources of the secret land with the Great Flood God Realm.

Not only that, itThere are other wonderful uses.

At this moment, the phantom clone closed his eyes and began to use telepathy to call his subordinates.....

At the same time, in the Great Flood God Realm, there was a secret cultivation room.

Liu Yan is meditating with her eyes closed.

For so many years, she has been following Qin Feng.

However, due to her limited talent, she has only reached the half-step eternity realm and is not qualified to enter the God Lord's secret land.

Therefore, Qin Feng asked her to stay in the God Realm and lead the hundreds of millions of troops left behind.

At this moment, she is meditating with her eyes closed

"Liu Yan!"

Suddenly, the voice of the shadow clone sounded in the sky above the secret room, ethereal and ethereal.

"His Majesty!"

Liu Yan opened her eyes in surprise, looked up into the sky, but did not find the shadow clone.

"Your Majesty, didn't you go to a secret place? Are you back?"

"I didn't come back. I'm in the secret place now, communicating with you telepathically...."

"oh~!",Liu Yan suddenly realized

"Liu Yan, I have a task for you"

"Your Majesty, say it!"

"You take this bottle of Nine Heavens Jade Dew to the forbidden area and irrigate the Fusang Sacred Tree....."

As soon as those words fell, the space in front of Liu Yan changed, and a jade bottle appeared out of thin air. It was the Jiutian Jade Bottle.

"This subordinate will do it now!"

Liu Yan picked up the Nine Heavens Jade Dew and left the secret room happily.

She was one of Qin Feng's most trusted confidants. She had the forbidden land token and could freely enter and exit the forbidden land.

It didn't take long for Liu Yan to arrive at the forbidden land valley. We arrived at the foot of the Fusang tree.

Now, the Fusang sacred tree is tens of thousands of feet high.

On the branches of the tree, there are two huge bird

's nests. In each of the bird's nests, there is a golden crow egg, which is constantly absorbing the surrounding spiritual energy. During self-incubation, it seems that I have grown a lot.....

At this time, Liu Yan took out the jade bottle and poured the spiritual liquid into the roots of the hibiscus tree...

Drops of milky white spiritual liquid, carrying a delicate fragrance, dripped on the tree roots... As soon as the spiritual liquid touched, the tree roots automatically squirmed. Get up and suck up the spiritual liquid at a speed visible to the naked eye...

Click~! Click~! Click~!

The next second, the tree roots grow slowly, cracking the earth.....

The tree body quickly became thicker and taller at a speed visible to the physical body...

The aura of the entire sacred tree began to surge crazily.....

At the same time, a system prompt sounded in Qin Feng's mind

"Ding~! Congratulations to the host, your Fuso Sacred Tree has absorbed a thousand drops of Nine Heavens Jade Dew, and its growth rate has increased by 23%. The core of the heaven has grown significantly, and the host has received a lot of combat power in return.....Combat strength increased by 400,000 poles....."

As soon as this reminder came out, Qin Feng was naturally happy.

At the same time, the shadow clone was also extremely happy.

He was mentally connected with the main body and naturally sensed the system prompts.

Using this Nine Heavens Jade Dew to cultivate spiritual roots has an immediate effect. Just one thousand drops increased the body's combat power by 400,000 poles.

This is an excellent phenomenon!

Now that his main body was threatened by Old Man Yuexia and Emperor Mang Witch Ancestor, he naturally had to find a way to improve his main body's strength as soon as possible.

Right now, using Nine Heavens Spiritual Dew to cultivate the Fusang Sacred Tree is a way out.

It was at this time that the Fusang Sacred Tree sucked up all the spiritual dew and grew a full thousand feet in height before slowly stopping growing.

Everything in the valley gradually returned to calm

"Your Majesty, the sacred tree has exhausted its spiritual dew."

"very good! Just wait under the tree for the mission below."

"Yes, Your Majesty!"

Liu Yan took the order and immediately sat cross-legged under the tree.

At the same time, in the God's Secret Land, in the assessment square.

The phantom clone exited the teleportation, opened his eyes, and showed a touch of joy on his face.

Anyway, there is It is also an advantage to communicate with the subordinates of the Great Flood God Realm and circulate resources.

Not long after the phantom clone opened its eyes, a figure came quickly from the front.

In just a moment, the figure passed through the sky and stepped into Square.

The person coming is none other than Qin Feng!

The second place in this assessment was won by him again!

Liang Yi Qian Kun!

Yin and Yang reverse each other!

Qin Feng activated the secret technique again.

The next second, he turned into a clone of Xuan Fei. At the same time, Qin Feng returned to the depths of Dengtanye.

Just the first and second place could not satisfy his appetite.

His goal was to win all the top three.

However, as soon as Xuan Mi's clone arrived at the scene, he quickly walked to the monument of points and pressed it towards the monument with one hand.....

Buzz~!

The divine monument emits aura and quickly collects information.

Then, the ethereal voice sounded again

"God Realm, Qin Mu, won the second place in this assessment and received the first level reward: 1000 drops of Nine Heavens Jade Dew"

"The assessors are reminded that ranking rewards and point evaluations will be given after all assessments are completed!"

As soon as he finished speaking, a jade bottle appeared out of thin air in front of Xuan Ming's clone.

A thousand drops of Nine Heavens Jade Dew was obtained again.

Xuan M's clone put away the jade bottle with a look of joy and walked towards the shadow clone.

Between the two clones was The hearts are connected.

As soon as the Xuan female clone arrives, the shadow clone sacrifices the book of the earth and turns it into a fetal membrane of heaven and earth, shrouding the two of them.

This fetal membrane of heaven and earth can isolate the detection of spiritual consciousness, even if the powerful quasi-sage ancestor arrives. You can't see what they are doing in the fetal membrane.

As soon as the heaven and earth fetal membrane is completed, the phantom clone activates the spiritual communication again and sends the newly obtained Nine Heavens Jade Dew into the Great Flood God Realm.....

At the same time, Deng Tianye, in a certain area.

Qin Feng activated the Jade Creation Fragment for the third time, and the gravity multiplier dropped to 60 million times again...

Now, he wants to win the third place in this assessment.

At this moment, the system prompt sounded in his mind

"Ding~! Congratulations to the host, your Fuso Sacred Tree has absorbed a thousand drops of Nine Heavens Jade Dew, and its growth rate has increased to 45.7%. The core of the heaven has grown significantly, and the host has received a lot of combat power in return.....Combat strength increased by 400,000 poles....."

Qin Feng was overjoyed.

The growth rate of the Fuso Sacred Tree has increased to 45.7%, and his combat power has increased by 400,000 poles. The effect is very good...

As long as he wins the third place, he can get 1,000 drops of Nine Heavens Spiritual Dew, and he can also The sacred fuso tree has grown a lot.

Thinking of this, Qin Feng rushed towards the finish line..

Chapter 1125

But on the other side, Old Man Yuexia and Ancestor Liugen were walking and chatting....

"Old friend Yuexia, this time, not many of your disciples from Jiyue Heaven Realm came in?"

Ancestor Liugen asked.

You know, for this opportunity, the forces from the Nine Heavens and Ten Domains, as long as their cultivation reaches the eternal realm, will come to have a look. In this way, the weaker forces will come with two to three hundred people. The stronger forces came to more than a thousand people.

Even the small and medium-sized forces in the heavens and worlds had as many as a hundred people and as few as a dozen people.

However, only three people came from the Jiyue Celestial Realm, which was naturally a bit strange.

Ancestor Liugen had noticed it a long time ago, so he asked out of curiosity

"My friend, you have asked too much.", Old Man Yuexia was a little displeased.

Naturally, he would not reveal that his subordinates had all gone to attack the God Realm.

That would arouse Qin Feng's vigilance.

What if he failed to deal with Qin Feng in the secret realm? , and Qin Feng is alert again, so he will not fall into his follow-up trap.

Until now, Old Man Yuexia still doesn't know that his home nest has been raided by Qin Feng, and a big hole has been buried for him.

"Ha ha!! I just asked casually. If my old friend Yuexia doesn't want to mention it, then I won't mention it. Having said that, I would like to congratulate my old friend on getting a new general!"

"how do I say this?"

"Didn't little friend Zhentian join the Jiyue Heavenly Realm? That guy is very arrogant and calls himself the Saint Ancestor of Guixu. In the past, many forces invited him, but he never agreed to join. Fellow Taoist Yuexia was able to subdue him, which is indeed admirable!"

"hehe! Zhentian voluntarily joined our Jiyue Heavenly Realm and was not conquered by me."

"In short, Fellow Daoist Yuexia has gained a subordinate of the quasi-Saint Ancestor, which greatly increases the strength of Jiyue Heavenly Realm! He alone is worth thousands of eternal realm subordinates."

Hearing this, Old Man Yuexia smiled and said nothing.

Saint Ancestor Guixu has indeed joined Jiyue Heavenly Realm, and what Ancestor Liugen said is right.

With Saint Ancestor Guixu joining, the strength of Jiyue Heavenly Realm has been greatly enhanced. Young Master.

At this time, Liugen Ancestor said again:"With the strength of Zhentian Xiaoyou Quasi-Saint Ancestor in his early stage, he should be able to enter the top 100 this time....."

Old Man Yuexia shook his head slightly:"It's hard to say! With Zhentian's strength, it's pretty good among the Nine Heavens and Ten Domains. But if you count the three forces outside the Nine Heavens Domain, it's not easy to get into the top 100....."

Ancestor Liugen also nodded slightly:"Those three Nine Heavens extraterrestrial forces are really extremely powerful, not to mention there are people behind them....."

Speaking of this, Ancestor Liugen paused silently, appearing very taboo.

Old Man Yuexia also understood and did not dare to say more.

Having said that, the three forces from outside the Nine Heavens Territory each have only a dozen people, but all of them are quasi-saint ancestors, and the leader is a peak quasi-saint ancestor.

One of the strongest forces has two quasi-holy ancestors who are at the peak of their powers.

The most terrifying thing is that behind these three extraterritorial forces, there is a Saint Ancestor sitting in charge.

Those three Saint Ancestors may have been stationed outside the secret place for a long time, waiting for the results of this assessment... In short, these three major extraterritorial forces, plus the Nine Heavens and Ten Territories, as well as all the heavens and worlds, there are all kinds of quasi-saints. There are nearly a hundred strong ancestors.

Therefore, Old Man Yuexia is still a little worried about whether Guixu Saint Ancestor can enter the hundred.

"No matter what, from my point of view, Zhentian Xiaoyou will definitely enter the top 100 and win the third level of rewards."

Ancestor Liugen said again.

Old Man Yuexia smiled slightly: "Don't mention him anymore! On the contrary, fellow Taoist, please be careful, you are now in the tenth place. If one more person surpasses you, you won't even be able to get the second level reward."

Ancestor Liugen couldn't help but laugh: "Haha!! Besides that freak Qin Feng, who else can surpass me?! The old man had looked back several times. Those late-stage quasi-holy ancestors had long been thrown away by us, and we couldn't even see their shadows."

Hearing this, Ancestor Yuexia also smiled, secretly thinking that there would indeed be no one.

But as soon as this thought occurred, there was a rumble of running sounds behind the two of them.

They were shocked, and quickly turned around to see Qin Qin The wind rushed over and passed by the two of them in the blink of an eye, leaving only a trail of smoke and dust.....

The two of them were immediately confused!

After just a moment, Qin Feng disappeared from the sight of the two people again.

"Fellow Taoist Yuexia, am I hallucinating? Was it Qin Feng who just passed by?"

Ancestor Liugen rubbed his eyes vigorously.

"Well...it seems...it's still him!"

Old man Yuexia rubbed his temples.

He was a little confused now and his mind was buzzing.

"Strange! Why is this guy running around? This is the third time, right??"

"yes! The third time!"

"How weird!"

Ancestor Liugen frowned.

He really couldn't figure out what was going on, but he felt inexplicably uneasy.

Old Man Yuexia was also a little uneasy.

"never mind! Fellow Taoist Liugen, don't think so much, we should hurry up to the finish line and keep our ranking."

"Exactly!"

At that moment, the two of them stopped chatting and started walking on their way.....

Unfortunately, these two people never expected that when Qin Feng surpassed them for the third time, their ranking dropped to tenth place.

The second level of rewards is no longer available to them.....

Time flies!

In the blink of an eye, another half-quarter of an hour passed.

At this moment, at the front of the competition team.

Emperor Mang Witch Ancestor marched calmly and calmly.

According to his estimate, more than 80% of the route has been completed, with only the last short stretch left.

The second place in this assessment is waving to him.

"snort! I wonder what Qin Feng's son is doing? When I reach the finish line, I have to ask him why he didn't give up the first place?"

Di Mang Witch Ancestor murmured in his heart.

He was originally narrow-minded and quite conceited. He never thought about why others would give it to him. He always thought arrogantly that if others were not as good as him, they should just follow him.

But Di Mang's Just as the thought came to his mind, there was a rumbling sound of running behind him.

Huh?!

Who is this?

He quickly turned around and saw Qin Feng running towards him.

"why is it you again!"

Di Mang was stunned.

Immediately, his eyes lit up: "Boy, did you come back because you figured it out and were willing to give up the first place?"

Qin Feng smiled coldly and passed him without even bothering to reply.

Di Mang was stunned.

Immediately, he was furious!

This kid didn't come back to compete for rankings, but came to show off.

The damn thing is, this little thief has already shown off twice, and this time he came to show off again, with the intention of irritating him!

At that moment, Di Mang yelled at Qin Feng's back.

"Little thief! What are you running around showing off?! Do you think running away from me a few more times can influence me to take second place? So sick!"

In the distance, Qin Feng didn't bother to pay attention and walked away...

After surpassing Di Mang, he successfully won the third place.

But Di Mang could only get fourth place, and the reward would be reduced to the second level..

This guy still thinks he is second.

I wonder if he will collapse on the spot after learning the truth?

Thinking of this, Qin Feng smiled coldly and ran further and further away..

Chapter 1126

Not long after, Qin Feng disappeared from Di Mang's sight.

"Damn little thief! How dare you want to be angry with me! I will definitely make you look good!"

Di Mang Wu Zu looked at the direction Qin Feng left with a gloomy look on his face.

Just like that, time passed quickly.

In a blink of an eye, less than half an hour later, Qin Feng reached the end again.

He crossed the sky and walked straight Go to the points monument and press it with one palm.....

After a moment, a vague voice sounded from the sacred monument.....

"God Realm, Qin Feng, won the third place in this assessment and received the first level reward:
1000 drops of Nine Heavens Jade Dew"

"The assessors are reminded that ranking rewards and point evaluations will be given after all assessments are completed!"

As soon as he finished speaking, a jade bottle filled with spiritual fluid appeared in front of Qin Feng.

"Ha ha! Get it all!"

Qin Feng took the jade bottle happily.

The rewards for the top three were the first level, and they all fell into his hands.

After Qin Feng put away the jade bottle, he walked straight to the corner of the square and got into the fetal membrane of heaven and earth. Inside.....

As soon as he entered, he closed his eyes and meditated, began to communicate spiritually with Liu Yan, and sent the Nine Heavens Jade Dew he had just obtained into the Great Flood God Realm.....

Not long after, the system prompts sounded in his mind

"Ding~! Congratulations to the host, your Fuso Sacred Tree has absorbed another thousand drops of Nine Heavens Jade Dew, and its growth rate has increased to 67.2%. The core of the heaven has grown significantly, and the host has received a lot of combat power in return.....Combat strength increased by 400,000 poles....."

As the prompts sounded, Qin Feng's combat power and momentum continued to increase...

After a while, he slowly opened his eyes, his face full of joy.

The Fuso Sacred Tree absorbed 3,000 drops of Nine Heavens Jade Dew, increasing his combat power by a full 1.2 million poles, giving him a taste of the sweetness.

Not only that, the growth rate of the Fuso Sacred Tree also reached 67.2%.

If he can successfully cultivate the Fuso Sacred Tree, he will be able to obtain the prototype of the fourth heaven, and his combat power will be greatly enhanced.

Judging from the growth progress, he still needs about 2,000 drops of Jiutian Jade Dew to cultivate the Fuso Sacred Tree to maturity.

But he no longer had Jiutian Jade Dew in his hand, so he could only look at the assessment results of his subordinates.

Thinking of this, Qin Feng looked forward expectantly.

His eyes passed through the barrier between heaven and earth and looked at Deng Tianye.

At this moment, there were no other assessors in the field.

The speed of those people was far inferior to Qin Feng, and it would take some time before they arrived.

At that moment, Qin Feng closed his eyes again, meditating and waiting.

The virtual shadow clone and the mysterious female clone were also sitting aside, meditating silently.....

At the same time, in a certain area in the middle of Dentianye, a very fierce competition was going on.....

I saw four figures chasing each other in that area, and the competition was very fierce.....

Among those four people, one was Guixu Saint Ancestor.

At this moment, he was sweating profusely.

You know, he is a strong person in the early stage of Quasi-Saint Ancestor.

There were ninety-two quasi-saint ancestors who came this time.

It was thirty years ago that he eliminated the influence of the remnants of the sacred tree and truly stepped into the threshold of the quasi-saint ancestor. He is the weakest among all the quasi-saint ancestors.

Moreover, his physical body is also very ordinary, which makes him the slowest among the quasi-saint ancestors.

In addition, he knew that his result should be ninety-fifth since he saw Qin Feng, Xuying's clone, and Xuanfei's clone surpassing him early in the morning.

He is quite satisfied with this ranking.

After all, from the 11th place to the 100th place, the rewards are all in the third level, there is no difference.

But what he never expected was that just when he thought he could securely win the third level reward, something happened.

He was surpassed by several heavenly saints one after another.

The first person to surpass him was Hongjun.

The second person who surpassed him was Panzu.

The ones who surpassed him immediately were Lu Ya, Queen Mother of the West, and Star Master Ziwei.

This caused his ranking to drop all the way, and he fell to the 101st place in the blink of an eye.
.....

You must know that the rewards from the 101st to the 30,000th place are all fourth-level rewards, which are also the worst rewards.

This was unacceptable to him!

What made him even more angry and vomiting blood was that the five people who surpassed him were all people from the God Realm, that is, his enemies.

But at this time, Hongjun and Panzu were very fast and had long disappeared.

However, Lu Ya, Queen Mother of the West, and Star Master Ziwei are just ahead of the Guixu Saint Ancestor, so the four of them are not far behind each other, and they have been chasing each other.

At this moment, Saint Ancestor Guixu was so angry that he roared

"You bunch of bastards from the God Realm! This 100th place is mine! Don't even think about taking it away! Don't even think about taking it away!"

He tried his best, but still couldn't catch up with the slowest star master Ziwei, so he was so angry that he yelled.

Hearing this, the three people from Ziwei were furious and turned around to yell and curse.

"The old thief from Guixu! If you can't compare, just scolding people, what's the point of it!"

"that is! You are so incompetent that you yelled, "You are so powerful!"

"snort! If you didn't have the help of the Divine Lord's light, how could you catch up with me?."

The Saint Ancestor of Guixu looked dissatisfied.

Star Lord Ziwei sneered: "We have the light of the Divine Lord, that is also our blessing, it is useless for you to be jealous!

Lu Ya also laughed and said, "That's right!" Why don't you say it? You are already a lot older and your cultivation level is that of a quasi-saint ancestor, but you can't compare to me and other juniors. Aren't you embarrassed?!"

"you...you.....I am so angry!"

The Guixu Saint Ancestor was so angry that he wanted to spit out blood, but he was unable to refute.

Speaking of which, it is indeed a bit embarrassing for him, a majestic quasi-Saint Ancestor, to be overtaken by three junior Heavenly Saints.

At this time, Ziwei Star Master said again: "Let's go. Bar! Don't worry about this old man, he is destined to not get the third level reward!"

"Your Majesty is right!"

Lu Ya and Queen Mother Xi all agreed.

Then, Ziwei and the other two accelerated towards the finish line, slowly widening the distance from Guixu Saint Ancestor...

Guixu Saint Ancestor was so angry that he beat his chest, but was helpless...

At the same time, At the end of the assessment, in the square, inside the membrane of heaven and earth.

Qin Feng was meditating with his eyes closed, waiting for the examiner behind him.

Suddenly, there was the sound of running outside.

Qin Feng opened and closed his eyes, looking through the membrane of heaven and earth, looking towards From the outside, they saw Emperor Mang Wuzu crossing the sky and stepping into the square.

This guy finally reached the finish line!

"I got my second place! Ha ha!!"

As soon as Di Mang stepped into the square, he looked up to the sky and laughed.

He was very satisfied with his results.

No matter what, he got the second place, and the reward was still the first level, no worse than the first place

"Huh! What about the boy?"

Di Mang suddenly discovered that there was no figure of Qin Feng in the field.

He quickly looked around and saw the fetal membrane of one day forming a protective shield in the corner of the square. The fetal membrane of that day blocked his sight, making him unable to see the situation inside.

With a thought in his mind, he scanned it with his spiritual consciousness, but found that his spiritual consciousness could not penetrate the fetal membrane, so he had to return in vain.

The Book of the Earth is a sacred tool, and the fetal membrane of heaven and earth formed is naturally extraordinary.

And Qin Fenghe The two clones can see everything outside inside, but people outside can't see what's going on inside.

But they said that the scan of Emperor Mang's consciousness failed, and they felt unhappy.

"cut! Pretend to be a ghost!"

Di Mang sneered disdainfully and walked towards the points monument.

He knew that Qin Feng must be in the fetal membrane of heaven and earth.

However, he was too lazy to pay attention.

Now, he just wants to determine his ranking and take away his Reward.

In this way, Di Mang walked towards the sacred monument with confidence, his eyes full of anticipation.

At the same time, in the fetal membrane of heaven and earth.

Qin Feng silently looked at everything in the field, with a hint of gloating at the corner of his mouth...

Chapter 1127

At the same time, within the fetal membrane of heaven and earth.

Qin Feng looked at everything in the field silently, with a look of gloating on his lips.....

In just a moment, Emperor Mang Witch Ancestor walked to the sacred monument and pressed one hand against the sacred monument...

Buzz~!

The sacred monument vibrated!

The spiritual light was released!

Information began to be collected, and the ranking began to be determined...

After a few seconds, the operation was completed!

The corners of Di Mang's mouth curled up slightly, looking forward to the distribution of rewards.
.....

At this moment, the ethereal voice sounded from within the monument

"Great Witch Heaven Realm, Emperor Mang Witch Ancestor, won the fourth place in this assessment, and received the second level reward: 100 drops of Nine Heavens Jade Dew"

"The assessors are reminded that ranking rewards and point evaluations will be given after all assessments are completed!"

What?!

Fourth place?!

The smile on Di Mang's face froze instantly!

"impossible! This is impossible!"

Di Mang was furious, shaking his head repeatedly, his roar getting louder and louder.

"Benzu was obviously the second to arrive, how could he be the fourth? Is your statistics wrong? Get out of here you fucking piece of shit!"

Boom~!

Di Mang was so angry that he punched the divine monument directly.

Bang~!

The divine monument instantly lit up a golden light shield.

The punch hit the light shield, and an earth-shaking loud noise broke out.

The light shield trembled, Not broken at all!

But the Emperor Mang Witch Ancestor was shocked and fell back...

Qin Feng was shocked.

This Emperor Mang Witch Ancestor is really bad-tempered!

You must know that the sacred monument is connected to the entire secret land ban.

Attacking the sacred monument is equivalent to attacking. The entire secret land.

Even if the Holy Ancestor takes action, there is nothing that can be done about the secret land, not to mention that the Emperor Mang Witch Ancestor is only at the peak of the quasi-Saint Ancestor.

"Warning to assessors! If you dare to challenge the secret rules again, you will be immediately disqualified from all assessments!"

At this time, an ethereal and cold voice sounded from the sacred monument.

Di Mang was startled and woke up instantly.

Yes!

How can he challenge the rules of the secret place?

If something goes wrong, he will be forcibly teleported out.

He He would lose the big opportunity later.

Thinking of this, he was instantly frightened.

Even the Holy Ancestor was in awe of the power of this secret place, let alone him.

"Please assessors manage their own rewards!"

The ethereal voice sounded again...

The next second, the space in front of Di Mang flickered, and a jade bottle the size of a baby's fist appeared out of thin air. It only contained one hundred drops of Nine Heavens Jade Dew.

This is the second level of reward, only One-tenth of the first grade.

In the fetal membrane of heaven and earth, Qin Feng almost laughed when he saw this scene.

I thought this guy was extremely arrogant and conceited, but he didn't expect that the reward he got in the end was only this little, only his One-thirty.

At this moment, Di Mang's mouth twitched, he grabbed the small jade bottle and put it away.

His expression was very depressed, but he didn't dare to do it again.

But he really couldn't figure it out, he was obviously the second one How could the person who came in be fourth?

If he was really fourth, who else besides Qin Feng would be in front of him?

Di Mang did not dare to ask the divine monument again.

At this moment, the assessment is not over yet, and the divine monument is not The ranking will be displayed.

All ranking information will be announced after the assessment is over.

Thinking of this, Di Mang glanced at the audience, and his eyes quickly fell on the heaven and earth fetal membrane in the corner.

By the way, you can ask Qin Feng about this

"Qin Feng, kid! Get out! I have something to ask you!"

Di Mang Witch Ancestor was very arrogant.

In the fetal membrane of heaven and earth, Qin Feng smiled coldly and ignored him.

Di Mang waited for a while, but when no one responded, he became furious.

"Junior! I asked you something, how dare you not reply?! Get out of here!"

Inside the fetal membrane, Qin Feng sneered, and just closed his eyes and meditated, thinking that this guy was farting. At this moment, he felt that there was something abnormal in the brain of Emperor Mang Witch Ancestor, and he didn't bother to pay attention to it.

The so-called ruthless people don't talk much, and they scream the most. People who hear loud noises often die the worst.

Di Mang waited for a while, but still didn't get a response. His anger surged, and he strode towards the fetal membrane.....

"Boy, if you dare to come out, see if I can....."

Di Mang walked to the fetal membrane of heaven and earth and wanted to blast the membrane and catch Qin Feng.

But as soon as he raised his hand, he suddenly thought that this was a secret place. If he dared to take action, he would be forcibly teleported out.

What's more, he had just been warned by the secret will.

Thinking of this, Di Mang became frightened again.

Immediately, he faced the fetal membrane of heaven and earth and said with a look of resignation: "Huh! Boy, even if it doesn't come out, I can still get the answer. I will wait until the end of the assessment to see who is in the top three?!"

After leaving these words, Di Mang retreated dejectedly, chose a corner with a depressed look on his face, and sat cross-legged to meditate.....

At that moment, the square became quiet.....

Not long after, two more majestic figures passed through the sky and stepped into the square.

Qin Feng couldn't help but open his eyes and look, and saw the man walking in front, with black clothes, black hair and black beard, his breath was like an abyss, and his eyes were like a deep pool.

The man walking behind had a pale face and a cold expression.

As soon as the two stepped into the square, they glanced at the Dimang Witch Ancestor and the Fetal Membrane of Heaven and Earth, and then walked towards the Integral Monument.

When Emperor Mang Witch Ancestor saw the two of them, his expression changed slightly, and there was a trace of fear deep in his eyes.

In just a moment, the two people walked to the sacred monument, reached out to press it, and began to enter information.....

Not long after, that ethereal voice sounded from the monument

"Mohu, the demonic abyss outside the territory, won fifth place in this assessment and received the second level reward: 100 drops of Nine Heavens Jade Dew."

"Luo Jia, the demonic abyss outside the territory, won the sixth place in this assessment and received the second level reward: 100 drops of Nine Heavens Jade Dew."

"The assessors are reminded that ranking rewards and point evaluations will be given after all assessments are completed!"

It turns out that these two people are from the Demonic Abyss outside the Nine Heavens Territory, or are from the same force, and their cultivation levels are both at the quasi-sage peak.

Qin Feng was secretly surprised when he saw this.

This Demonic Abyss outside the Territory is really powerful!

Fifth place? Sixth place Ming?

Mohou and Luojia were slightly startled.

They couldn't help but look at each other, and then at He saw Di Mang not far away, as well as the fetal membrane of heaven and earth, with a strange look on his face.

They clearly remembered that only Di Mang surpassed them, and the other was that weird little guy.

The little guy ran around, almost three times, and no one else surpassed them. How could they be fifth and sixth?

The two of them couldn't figure it out, but they didn't think much about it, so they quietly collected the reward and walked aside to meditate.

For them, this is just the beginning.

Their true strength is yet to come.

They have absolute confidence in winning the final first and second place...

Time flies!

In the blink of an eye, half an hour passed, and another old man arrived.

The old man looked arrogant and had an extraordinary temperament.

He is the most powerful person in the Nine Heavens and Ten Realms - Ancestor Hunji, and he is also the Lord of the Hunji Heaven Realm.

Hunji Heaven Realm is also the largest force in the Nine Heavens and Ten Realms.

As soon as Patriarch Hunji arrived at the square, he saw Mohu, Luoia, and Di Mang, looking a little disappointed.

He knew that he had no chance of receiving the first-level reward.

When he walked to the sacred monument and collected the information, he found that he only ranked seventh, which was very surprising.

He couldn't help but look towards the square, and finally his eyes fell on the fetal membrane of heaven and earth. Unfortunately, he couldn't see what was inside the membrane.

However, he didn't ask too much. He just silently put away the reward and walked aside to meditate.

Emperor Mang Witch Ancestor has been watching all this silently.

The more he looked, the more surprised he became

"How strange! Even Mohu, Luoia, and Huanji were ranked fifth, sixth, and seventh. Could it be that three people really ran in front of me? Of those three people, besides Qin Feng, who are you?"

The more Di Mang thought about it, the more curious he became. He couldn't help but glance at the fetal membrane of heaven and earth not far away, secretly thinking that there must be something weird in it.

This also made him want to know who the other two people were.....

In this way, as time passed, more and more powerful quasi-saint ancestors arrived.

The eighth person who arrived was the great power who came to live in the pure land outside the territory.

The ninth person who arrived was a powerful person from the Dao Sect outside the territory.

The tenth person who arrived was the Ancestor Ran Deng from the Nine Heavens and Ten Domains.

The ancient ancestor of Ran Deng is the master of the ancient heaven.

The Taikoo Heaven Realm ranks third among the Nine Heavens and Ten Realms, just surpassing the Jiyue Heaven Realm.

After these great experts arrived, they also found that their rankings were different, and they all felt strange.

However, they did not pry and chose to remain silent.

After all, no matter how their rankings change, they are still second-level rewards, and it doesn't matter to them.

Time flew by so fast, six hours passed before I knew it.

At this moment, a figure that Qin Feng was very familiar with finally arrived.

That is Old Man Yuexia!

The moment Old Man Yuexia stepped into the square, Qin Feng also opened his eyes...

Chapter 1128

The moment Old Yuexia stepped into the square, Qin Feng also opened his eyes, his eyes passed through the fetal membrane of heaven and earth, and fell on him...

This old guy is finally here!

Qin Feng smiled coldly.

There has long been a feud between him and Old Man Yuexia.

If he didn't die, Old Man Yuexia would feel uneasy.

Even if the old man is not dead under the moon, he will feel uneasy.

It just depends on who wins in the end!

Unfortunately, his current strength is even weaker than that of Old Man Yuexia.

Thinking of this, Qin Feng's idea of improving his strength became even more urgent.

At the same time, Old Man Yuexia stepped onto the square and looked around. hehe!

Sure enough, they are all old acquaintances!

There are seven people in total, plus that annoying little bastard Qin Feng, there are eight people.

His ninth place was decided.

When he thought of Qin Feng, Old Man Yuexia was filled with doubts.

What about the little bastard?

Why didn't I see him?

The old man under the moon looked around, and finally his eyes were fixed on the fetal membrane of heaven and earth.

With a thought in his mind, he released his spiritual consciousness and swept it towards the fetal membrane of heaven and earth, but was bounced back.

The old man under the moon frowned slightly.

It seems that the little bastard is hiding inside. snort! Pretend to be a ghost!

The old man under the moon sneered in his heart.

Then, he walked towards the points monument.

At this moment, the sky behind him shook, and the Six Root Ancestors also arrived.

"Ha ha!! They are all old acquaintances! one two three four.....Well... there are nine people in total, I should be able to win the tenth place....."

Ancestor Liugen laughed and looked very happy.

He is already the weakest among the nine quasi-saint ancestors who are at their peak, so he is already satisfied if he can get the second level reward.

But as soon as he finished speaking, all the powerful people present, except for Old Man Yuexia, showed a strange expression, and some even showed signs of gloating. hehe! Tenth place?

This guy thinks too much

"Fellow Daoist Liugen, come on! You and I will go together to determine the ranking....."

The old man under the moon called politely

"good! Taoist friend Yuexia got the ninth one, and I got the tenth one. You and I are also considered complete."

Ancestor Liugen walked over happily

"Fellow Taoist, be humble! There is no real difference between the ninth and tenth....."

Old Man Yuexia also complimented.

The two of them walked towards the monument with smiles, feeling a sense of satisfaction.

But this scene seemed strange to everyone.

In the eyes of many people, the look of schadenfreude became even stronger.

Soon, the two of them arrived at the monument

"Fellow Taoist Yuexia, please come first!"

"good!"

Ancestor Yuexia did his duty and pressed his palm against the sacred stele.

Buzz~!

The sacred stele vibrated, and the aura emitted, and he began to collect information.....

After a moment, an ethereal voice sounded

"In the extreme moon world, the old man under the moon won the eleventh place in this assessment and received the third level reward: 10 drops of Nine Heavens Jade Dew."

What?!

I'm the eleventh? Old Man

Yuexia was stunned for a moment!

Ancestor Liugen's face also changed slightly, and he quickly pressed one hand towards the sacred monument.

Buzz~!

The sacred monument trembled again, and a moment later an ethereal sound sounded.

"The casual cultivator, the ancestor of the Six Roots, won the twelfth place in this assessment and received the third level reward: 10 drops of Nine Heavens Jade Dew."

Ancestor Liugen was also dumbfounded.

"This...how is this possible?! Why am I only in twelfth place!"

Ancestor Liugen looked in disbelief.

"yes! how could this be?"

Old man Yuexia also found it difficult to accept.

The two of them couldn't help but look at each other, both of them a little confused.

Around them, many powerful people smiled with gloating smiles.

The top nine quasi-saint ancestors were all attracted to each other. The relationship between competition.

Seeing Yuexia and the two people falling out of the second level of rewards, the other seven people felt secretly happy. Naturally, they did not want their competitors to get good results.

"Fellow Taoist Yuexia, could it be that the sacred monument is wrong?"

Ancestor Liugen was very unwilling.

But as soon as he said this, among the crowd, Ancestor Ran Deng spoke with a half-smile.

"Ah! This ancestor also got tenth place. You guys came in 11th and 12th place, is there any surprise?"

"ah?!"

Old Man Yuexia and Ancestor Liugen all exclaimed.

Their hearts also sank.

Ancient Ancestor Randeng has always been physically stronger than them, so it is not surprising that he ranks higher than them.

But Ancestor Randeng only got the third place. Ten, they will naturally go lower.

It seems that the monument is not wrong!

"Fellow Taoist Ran Deng, why is this happening?"

Ancestor Liugen couldn't help but ask.

"I know!"

The corner of Ran Deng's mouth was slightly raised, and he could not hide his gloating look.

On the other side, Emperor Mang Witch Ancestor said lukewarmly: "Don't worry, you two. After the assessment is over, we will naturally know who is in the top three.. I am also very curious as to which three of them took away the top three spots."

As soon as these words fell, the whole audience was slightly moved.

At this moment, they realized that Di Mang did not enter the top three.

At this moment, in front of Old Man Yuexia and Ancestor Liugen, the space changed and two thumbs appeared. Each of them contained ten drops of Nine Heavens Jade Dew.

The two of them put away the rewards in great depression.

This time, they lost not only the Nine Heavens Jade Dew rewards, but also the ranking rewards.

According to the rules of the secret place , in each assessment, only the top ten winners will receive ranking rewards.

And the ranking rewards are much richer than the rewards for passing the test.

This thought made Old Man Yuexia and the Six Root Ancestors extremely sad.

Within the fetal membrane of heaven and earth, Qin When Feng saw this, he almost burst into laughter.

Old Man Yuexia was his life and death enemy.

Seeing that Old Man Yuexia only got ten drops of Nine Heavens Jade Dew and lost the ranking reward, he felt very happy...

Next, Old Man Yuexia No more words were said to Ancestor Liugen. The two chose a position and waited for the result of the competition.....

In this way, time passes slowly.

The assessment continues, and more and more assessors are present, all of whom are late-stage quasi-saint ancestors.....

On the second day, shortly after the last quasi-holy ancestor arrived, another examiner came, shocking the entire audience.

The examiner was actually a child, who looked to be only six or seven years old, and his cultivation level was only at the peak of Heavenly Saint.

But he actually surpassed many mid-term Saint Ancestors, arrived at the square in advance, and won the 32nd place.

Finally, under the astonished eyes of everyone, he got into the fetal membrane of heaven and earth.

This kid is Hongjun.

In the blink of an eye, on the fifth day, Panzu also rushed to the square and won the 67th place.

Then, he also got into the fetal membrane of heaven and earth amidst the astonished eyes of everyone.....

Then came the seventh day.

Lu Ya, Queen Mother of the West, and Star Master Ziwei also arrived and won the 98th, 99th, and 100th places respectively, and each received ten drops of Nine Heavens Jade Dew.

Since then, all the third level rewards have been distributed.

Not long after, Saint Ancestor Guixu also arrived and got the 101st place. He only received the fourth level reward, which was a drop of Nine Heavens Jade Dew.

This surprised everyone!

You know, the reward for the 101st place is the same as the 30,000th place.

The dignified quasi-saint ancestor actually lost to several heavenly saints and only got a drop of Nine Heavens Jade Dew, which made the Guixu saint ancestor feel ashamed and angry, but he was helpless.

But on the other side, after receiving the rewards, Lu Ya and the others also entered the fetal membrane of heaven and earth.

This made everyone more curious about the fetal membrane of heaven and earth, and they all started to pay attention silently.....

At the same time, inside the fetal membrane, Qin Feng and others were chatting.

This fetal membrane blocked the detection of spiritual consciousness and the transmission of sound. Their conversation could not be heard outside.

But they could hear the conversations outside.

At this moment, Qin Feng looked happy and in a very good mood.

Over the past seven days, he continued to receive good news from the system.

That is, the army of the Divine Alliance, under the leadership of Tianfu, Diqian, and Jumen, has completely conquered the Jiyue Heaven Realm, the Great Freedom Heaven Realm, and the Great Jun Tian Realm.

This allowed him to gain tens of trillions of new subordinates and a large number of exchange points within a few days.....

The addition of tens of trillions of new subordinates allowed him to receive a large amount of combat power in return, which actually increased his combat power to 40 million extremes, greatly increasing his strength.....

This is not far from the 50 million ultimate power of the Quasi-Saint Ancestor at his peak.

However, Qin Feng's increase multiplier is 300 times, surpassing all the peak powers of the quasi-saint ancestors.

In terms of overall strength, he has now completely reached the pinnacle level of the Quasi-Saint Ancestor, and is considered a true power..

Chapter 1129

With his strength greatly increased, Qin Feng was naturally in a good mood.

He estimated that 50 million extreme combat power was the threshold for the quasi-holy ancestor to reach the peak.

Old Man Yuexia is among the nine peak powerhouses, and his strength is in the middle and lower reaches, with a combat power index of about 55 million.

This data was revealed by Xian Ling and was estimated by someone many years ago when Old Man Yuexia took action.

Now that millions of years have passed, no one knows the true combat power of Old Man Yuexia.

And Qin Feng's combat power is 40 million.

However, Qin Feng's increase multiple is high.

Comparing the two, his overall strength is not necessarily weaker than Old Man Yuexia.

In short, Qin Feng still doesn't know who is stronger and who is weaker than the old man Shang Yuexia.

Against the six ancestors, the winning rate is about 50%.

As for the Emperor Mang Witch Ancestor, according to the information given by Xian Ling, this person is extremely strong physically and spiritually, with a combined combat power of over 70 million.

Qin Feng is not his opponent yet.

As for the most powerful Ancestor Hunji among the Nine Heavens and Ten Domains, no one knows the specific combat power.

However, what Qin Feng finds most terrifying is the four peak experts from outside the region.

He secretly observed for a long time and found that the four people had arrogant expressions, always inadvertently revealing their disdain for the Dimang Witch Ancestor, the Randen Ancestor, the Old Man under the Moon, and the Six Root Ancestors.

Only Ancestor Hunji made the four of them a little afraid.

Of course, among the four, Mohou and Luoja were the two who were the most secretive.

These two people come from the same force. If they join forces, they will definitely be invincible.
.....

"Your Majesty, please accept these Nine Heavens Spiritual Dew!"

At this moment, Star Master Ziwei, Lu Ya, and Queen Mother Xi handed over the rewards they had just received.

"very good!"

Qin Feng took it happily.

Hongjun on the side saw it and said happily: "Dad, this time you got another 30 drops of Nine Heavens Jade Dew, plus Panzu and I's reward, there are 50 drops in total. I wonder how many more drops are needed for the sacred hibiscus tree to mature?"

"It looks like you need about 2,000 drops...."

"So much more!", Hongjun couldn't help but exclaimed.

Ziwei and Panzu frowned, a little worried.

Such a quantity is difficult to deal with!

Qin Feng smiled and put away the jade dew, and said:"Don't worry. This time, more than 1,300 people from our Shen League came. With the help of the Divine Lord's light, these people will have no problem passing the examination. Hongjun's eyes lit up:"

Yes!" As long as they pass the assessment, each person will be rewarded with a drop of Nine Heavens Jade Dew. In this way, Dad was able to get more than 1,300 drops of jade dew. Adding the current 50 drops, there are about 1,400 drops.

Qin Feng smiled and nodded:"That's right!"

"Dad, what should we do if there are still 600 drops left?"

"As far as my father knows, many people will exchange resources during the free period of each assessment. My father has a lot of elixirs. It shouldn't be difficult to exchange for 600 drops of jade dew....."

"This is a good idea!"

Hongjun and others nodded.

This secret land treasure hunt brought together many powerful people from all over the world, nine heavens and ten realms, as well as the void outside the realm. It was an extremely rare gathering.

Many people took this opportunity to It is normal to exchange resources.

Not long ago, Qin Feng acquired tens of trillions of new subordinates and obtained a large number of exchange points.

He could just use it to exchange for divine pills, and then use the divine pills to exchange for Nine Heavens Spiritual Dew , it can be said that it kills two birds with one stone.....

At the moment, Qin Feng and others were chatting while waiting for other disciples.....

At the same time, above the square.

Old Man Yuexia, Ancestor Liugen, Prince Xishen, and Saint Ancestor Guixu gathered in a corner, also whispering.

This time, Old Man Yuexia and Ancestor Liugen came in 11th and 12th place.

Prince Xishen got fifty-seven.

The three of them only got ten drops of Nine Heavens Jade Dew.

The Saint Ancestor of Guixu was even worse, receiving only a drop of Nine Heavens Jade Dew.

The overall result is extremely poor!

"Fellow Daoist Yuexia, Hongjun, Panzu, Lu Ya, Queen Mother of the West, and Star Master Ziwei who appeared before are all people from the God Realm! This world of gods is really full of talents!"

The ancestor of Liugen said with emotion.

The ranking was certain, and the sacred monument reported the information in public. Naturally, he knew the details of the five Hongjun people.

"hehe! These five people were probably just physically strong, and with their Heavenly Saint cultivation, they were not something to be feared at all."

Guixu Saint Ancestor smiled coldly and was very unhappy.

Hongjun and the other five people squeezed him out of the crowd of a hundred, and resentment had already arisen in his heart.

What's more, Hongjun and the other five were only Heavenly Saints, which made him feel even more shameless.

Ancestor Liugen glanced at him with a half-smile, and said: "Little friend Zhentian, you must not underestimate those five people. Being able to achieve such a good ranking with the cultivation level of Tiansheng itself represents huge potential."

"so what? The strength gap between the Heavenly Saint and the Quasi-Saint Ancestor can be described as heaven and earth. If Zhen meets these juniors next time, he must make them look good!"

The Saint Ancestor of Guixu looked dissatisfied.

Ancestor Liugen smiled without saying a word and turned to look at Old Man Yuexia.

"Fellow Daoist Yuexia, judging from the current situation, Qin Feng's power is not weak. Just the three of you, if you want to destroy them, you may not be able to succeed easily!"

"What do fellow Taoists with six roots mean?"

"I still say the same thing, as long as fellow Taoist speaks in person, I will help you destroy Qin Feng and destroy the entire force in the God Realm."

As soon as these words were said, the eyes of Prince Xishen and the Saint Ancestor of Guixu lit up, with expressions of great joy on their faces. The

Six Roots Ancestor is a powerful person at the pinnacle of the Quasi Saint Ancestor!

If he helps, even if Qin Feng is the Quasi Saint Ancestor, The peak Saint Ancestor must also be suppressed.

What's more, Qin Feng's strength is at the mid-stage of the Quasi-Saint Ancestor at most.

Then this time, he will be dead.

At this moment, these two people have far underestimated Qin Feng The combat power.

Seeing the old words of Liugen Patriarch mentioned again, Old Man Yuexia was not as excited as Prince Xishen.

Instead, he said cautiously:"Fellow Daoist Liugen, just tell me directly, what exactly do you need?"

Ancestor Liugen smiled and said:"I don't need anything, I just need fellow Taoist to make a golden statement and clearly ask me to take action!"

As soon as these words came out, even Prince Xishen and Saint Ancestor Guixu thought this was strange.

How could someone ask for help?

What kind of medicine were sold in the gourds of these six ancestors?

"Fellow Taoist Liugen, since you have already said it, I will not beat around the bush. Why do you take the initiative to help me?"

Old man Yuexia asked straight to the point.

Ancestor Liugen smiled slightly:"I can't say it at this time, and I can't say it at all. As long as fellow Taoist asks me for help first, I will agree to this matter. Only then can I tell you the reason"

"oh? This is a bit weird!"

Old man Yuexia smiled half-heartedly, but the guard in his heart became deeper.

You must know that the quasi-sage ancestor has many powerful methods, including all kinds of weird secret techniques.

The six ancestors didn't explain anything, so they just let him go first. When he asked for help, it was most likely related to the secret technique.

Who knew whether the secret technique was good or bad?

He didn't want to fall into a trap for no reason.

"Don't worry, fellow Taoist, this matter will only benefit you, not any harm!"

Ancestor Liugen persuaded again.

Old Man Yuexia smiled: "Fellow Daoist Liugen, please allow me to think about this matter again."

"Easy to say! Easy to say! I'm not in a hurry!"

Ancestor Liugen looked confident.

This made Prince Xishen and Saint Ancestor Guixu even more puzzled.....

In this way, time flies by.

In a blink of an eye, it was the thirty-seventh day.

The assessment has been going on intensely.

By the thirty-seventh day, more than 17,000 contestants had gathered in the square.

At this moment, the square was full of people and very lively.

However, these people came too late and have no idea who is in the top ten or who is in the top 100.
.....

Not many people knew about the shock caused by Qin Feng and Hongjun.

Ninety-nine percent of these people thought that Old Man Yuexia and Ancestor Liugen must be among the top ten.

As for Qin Feng's continuous surpassing the peak of all the quasi-saint ancestors, most people have not had the opportunity to see it with their own eyes, so naturally they are not aware of this strange event.

Only the nine peak powers can witness this with their own eyes.

But on this day, more than 17,000 contestants arrived at the square.

The last member of the Divine Alliance, Shangguan Yunxi, also arrived on this day.

At this point, more than 1,300 disciples in the God Realm have all passed the examination.

Qin Feng also obtained a total of more than 1,400 drops of Nine Heavens Jade Dew.

After he got the spiritual fluid, he sent it to the Great Flood God Realm and arranged for Liu Yan to cultivate the Fusang Sacred Tree.....

At this moment, within the fetal membrane of heaven and earth.

Qin Feng was closing his eyes and communicating spiritually with Liu Yan.....

Hongjun, Ziwei and other senior officials were standing around to guard him.....

Suddenly, Qin Feng's tiger body shook slightly, and the aura in his body surged crazily...

Before long, his combat power and aura increased from 40 million to 41 million.....

After a while, Qin Feng slowly opened his eyes, his face full of joy

"Dad, what's wrong?", Hongjun asked expectantly.

"not bad! The Fuso Sacred Tree has grown to about 90%, which is better than I expected. Perhaps, it only takes about 500 drops of Nine Heavens Jade Dew to make it fully mature....."

Hongjun was overjoyed:"That's great! By the way, Dad, you were right before. As long as there are more people, there will be a lot of people trading resources. Look outside, many people are trading, and there are still many people trading. Trading Nine Heavens Spiritual Dew!"

Hearing this, Qin Feng's eyes passed through the fetal membrane of heaven and earth and looked to the outside world.

Sure enough, there are many Eternal Realm powerhouses exchanging resources, and some even put out their own items like street stalls, including Nine Heavens Spiritual Dew.....

At the same time, Qin Feng also saw the figures of Xian Ling, Cang Sheng, Yu Tian, and Aishen.

They also arrived, with many subordinates gathered around them, and they were exchanging resources with other forces.

Seeing this, Qin Feng couldn't help but his eyes lit up.

These four people all brought hundreds of subordinates, and each of them had at least a hundred drops of Nine Heavens Jade Dew in their hands.

If he goes to these four people to exchange for Nine Heavens Jade Dew, the four people will definitely agree.

After all, these four people had seen his strength and were all in awe of him.

What's more, he was exchanging various magical pills, so they wouldn't suffer a loss.

Thinking of this, Qin Feng stood up directly and walked outside the fetal membrane.....

At this moment, he suddenly sensed that several rays of consciousness were locking on the fetal membrane of heaven and earth...

He looked along those rays of consciousness and found that Dimang Witch Ancestor, Yuexia Old Man, Liugen Patriarch, Xi Prince Shen and the Saint Ancestor of Guixu are always paying attention to what is going on here.....

Qin Feng smiled coldly, didn't care, and continued walking outside the fetal membrane..
