Chapter 1141

Time flies!

In the blink of an eye, more than twenty days have passed!

The assessment went like a blaze!

More and more people gathered in the square, and the number was almost close to 30,000.

This indicates that the assessment is nearing its end.

At this moment, the square was buzzing with people, and everyone's talk began to focus on ranking rewards and assessment points.

Ranking rewards are the envy of everyone, and assessment points are related to everyone's interests.

The accumulation of these points is not only the key to unlocking the inheritance of the ancient God Lord, but also the criterion for obtaining various other opportunities.

Whether you can go further in the assessment and get more opportunities depends on your points.....

On the other side, Xian Ling and Cang Sheng gathered together and were chatting...

They were good friends.

This time, Xian Ling got a lot of Hunyuan Divine Pills.

Cang Sheng was envious and wanted to buy it from Hongjun, but Hongjun sold it at a high price. Cang Sheng was a little reluctant and asked Xian Ling to buy a few pieces.

For the sake of an old acquaintance, Xian Ling sold it at a more favorable price. Got him three.....

"Fellow Daoist Xianling, the three Hunyuan Divine Pills you sold to me last time, after I returned, I gave them to the three subordinates who were at the peak of the first realm, and all of them broke through to the second realm. Tsk tsk! This Hunyuan Divine Pill is really amazing! It is completely comparable to the divine elixir in the realm of eternity! Cang

Sheng was filled with admiration.

Xian Ling's eyes showed pride: "That's needless to say!" How could the magical elixir produced by Lord Qin Feng be of poor quality?"

Having said that, after experiencing the divine elixir competition incident, Xian Ling's appreciation for Qin Feng has reached an extremely high level.

Cang Sheng also nodded and said: "Yes! I also didn't expect that Lord Qin Feng was not only talented and powerful at such a young age, but also had reached a level of perfection in alchemy, surpassing even Old Man Yuexia. Xian

Ling smiled and said: "At first I thought of being kind to him, but now it seems to be correct." Cang

Sheng smiled bitterly: "When it comes to making friends with him, my fellow Taoist has more courage than me." Before, fellow Taoist dared to favor him under the coercion of Old Man Yuexia, but I no longer have the courage. Xian

Ling smiled and said, "Brother Cang, when you come here today, you won't just talk about these trivial matters with the little girl, right?" Seeing that Xian

Ling got to the point, Cang Sheng smiled flatteringly and said, "Fellow Taoist Xian Ling, you also know that among the disciples I brought this time, five of them are at the pinnacle of the first realm. Currently, only three people have taken Hunyuan Shendan, and two others have no pills to take."

"I came here today just to ask my fellow Taoist, can you sell me two more pieces at the same price as last time?"

Xian Ling shook her head quickly: "This is not possible!" The last time I sold my brother three coins at a low price, it was because of past friendship, so I couldn't sell more. What's more, our Daxian Tianyu also needs this kind of magical elixir. Cang

Sheng said with saliva on his face: "Fellow Taoist, your disciples have taken all they need. Isn't there a lot more pills?" Can you give me two more pills for me?"

"This is not possible!", Xian Ling shook her head repeatedly

"This Hunyuan Divine Pill is extremely rare. In the future, our disciples from Daxian Tianyu will be able to use it if they reach the peak of the first realm, so we must keep it. Brother, if you really want it, just go to Hongjun and buy it, that's it!"

"this....", Cang Sheng smiled bitterly, "I didn't know the situation before, so I sold all the Nine Heavens Jade Dew on my body to Prince Xi Shen. Later I found out that little friend Hongjun was selling Hunyuan Shendan, and it was too late to regret it."

"Then you can exchange it with other resources!"

"I have mentioned it before, but little friend Hongjun only receives Nine Heavens Jade Dew and does not need other resources....."

"That would be difficult! By the way, I know there is something that little friend Hongjun will definitely be willing to exchange with you."

"what?"

"Assessment points! During each secret assessment process, certain points are allowed to be traded."

As soon as he said this, Cang Sheng's eyes lit up.

That's right!

If there is anything that is both precious and versatile in this secret place, it is the assessment points.

"Huh! Fellow Taoist, don't mention it. If you use points to redeem it, little friend Hongjun will probably agree.

Xian Ling smiled and said, "Yes!" The number of points depends on the number of opportunities, who doesn't care? However, only a small amount of points transactions can be conducted within the rules. Cang Sheng nodded slightly:"

Yes!" By the way, you mentioned the points, I am very curious, how will the points for this assessment be distributed? Xian

Ling shook his head slightly:"That's not clear!" Every time the secret land is opened, the assessment content and rules, and even the points rules, will change. As for how it will change this time, we will know after the first assessment is over.

Cang Sheng nodded:" That's right!" Now, there are still three evaluators left in the field to reach the number of 30,000. The points will be known soon."

Xian Ling sighed:"No matter how they are distributed, the top ten experts will definitely have the most points. We can only look up.

Cang Sheng also smiled bitterly:"Yes!" This time, there were ninety-two Quasi-Saint Ancestors alone who entered the secret place, which was much more than before. We have no chance of entering the top 100. By the way, what ranking do you think Mr. Qin Feng will get?"

"this.....".

_ Nodding slightly:"With Master Qin Feng's strength, it is very possible to enter the top 100. According to the previous rules, as long as you enter the top 100, you will get a lot more points. However, the top ten will have the most points."

"yes! The top ten are the biggest beneficiaries of each assessment. Not only will they receive ranking rewards, but they will also receive more points. It is really enviable!"

Xian Ling couldn't help but show envy.

Then, she said: "Brother Cang Sheng, you said Qin Feng is great. Is there any chance of getting into the top ten?"

Cang Sheng was stunned.

Immediately, he shook his head repeatedly: "This is impossible!" You know, there are nine peak-level quasi-saint ancestors coming this time, and more than twenty quasi-saint ancestors in the later stages. Mr. Qin Feng should have no hope of entering the top ten."

"yes! After all, Lord Qin Feng's strength is at most the mid-stage of Quasi-Saint Ancestor."

Xian Ling felt a little regretful.

The two of them didn't know that Qin Feng had already entered the top ten.

Not only did Qin Feng enter the top ten, but even his two clones entered the top ten.

With such a result, don't say anything about them. The two of them don't know, not even the nine peak powers know.....

At this moment, someone suddenly shouted in the square

"Look! A few more people came over!"

"Ha ha!! coming! coming! Finally there is another passer!"

"This time six people came! Ha ha! This assessment is finally coming to an end!"

Following the exclamations, people followed the sound one after another.

They saw six examiners of the first realm of eternity in the sky, chasing each other and running desperately.....

These six people are competing for the last three clearance spots.....

In the square, many people began to cheer for the six people.

As long as three of the six people arrive first, the assessment will end immediately, and the remaining more than 20,000 assessors who have not arrived will all be eliminated...

At this moment, the atmosphere in the entire square became restless.

At the same time, within the fetal membrane of heaven and earth.

Qin Fengzheng took out a rune jade bottle with a happy face.

After more than twenty days, he gained a lot.

First of all, Panzu refined the Seal of the Heavenly Realm of Living in the Sun and became the prototype master of the Heavenly Realm. His cultivation level successfully reached the peak of the Heavenly Saint.

This allowed Qin Feng to gain a lot of combat power in return.

Secondly, during this period of practice, Emperor Feng finally successfully integrated the broken sacred artifact 'Three Lives World' into the Jiangshan Sheji Diagram, and promoted the Jiangshan Sheji Diagram into a sacred artifact.

With the help of the power of this holy weapon, Emperor Feng also broke through to the early stage of Tiansheng.

At this point, there was one more Heavenly Saint in the God Realm, and Qin Feng once again received a large amount of combat power in return.

At the same time, Qin Feng also refined the initial energy of three quasi-saint ancestors during this period of time.....

This increased his combat power to 55 million poles in one fell swoop, and his strength greatly increased again.

What's even better is that his cultivation level has also increased to 97.3% of the second level, and he is not far from breaking through the third level.

Now, he still has the energy that is comparable to that of the Quasi-Saint Ancestor in the middle stage, but it has not yet been refined. Maybe he can break through after refining.....

At this moment, Qin Feng took out a jade bottle full of energy and was about to continue refining it, when there was a loud noise in the square outside...

His heart moved and he quickly looked towards the square.

At this moment, Hongjun got into the fetal membrane of heaven and earth with excitement on his face

"Dad, the old man finally sent over the bet he owed, look!"

As soon as Hongjun came in, he handed over a rune jade bottle.

Qin Feng took the jade bottle and swept it with his spiritual consciousness. There were about 16,000 drops, which just made up for what he owed.

He was overjoyed.

These days , Hongjun purchased nearly 20,000 drops of Nine Heavens Jade Dew from outside, and handed all of them to the shadow clone. The shadow clone then gave them to Liu Yan.

But what Qin Feng didn't expect was that more than 20,000 drops of Nine Heavens Jade Dew, still nothing. It can make the seeds of Fenglei Immortal Apricot germinate.

The process of cultivating Tiandi Spirit Root from seeds to seedlings is extremely difficult, far exceeding Qin Feng's expectation.

However, according to the current progress, he expects to need at most 10,000 more drops. , can make that kind of seed germinate.

Unfortunately, the quantity of Jiutian Jade Dew is limited, Hongjun's acquisition is getting more and more difficult, and Old Man Yuexia has not sent the bet, which makes Qin Feng feel a little bit without rice.

"strangeness! Why did the old man Yuexia take the initiative to send the bet today? I think he just wants to delay it and is not willing to give it! Qin

Feng asked curiously.

Hongjun smiled and said, "Dad, you don't know something. This assessment is about to end." The old guy was also anxious. If he didn't hand over the bet, it would be a breach of contract, so at this last moment, he handed it over.

Qin Feng suddenly said: "That's fine!" My father is short of nine days of jade dew, and he just got more than 10,000 drops. This time it should be enough for the spiritual seed to sprout....."

As soon as he finished speaking, with a thought in his mind, the phantom clone appeared out of thin air.

Immediately, Qin Feng handed the bottle of Nine Heavens Jade Dew to the shadow clone and let it handle it...

At this moment, an ethereal voice lit up in the square outside.....

"Great joy in heaven, wanting to leave, and got the 30,000th place in this assessment! This assessment is full of qualified candidates and the assessment is over!"

Boom~Long~Long!

As soon as those words fell, the entire square shook.

This assessment is finally over!

The rewards for the ranking assessment will be distributed soon..

Chapter 1142

Boom~Long~Long!

As soon as those words fell, the whole square shook.

This assessment is finally over!

The rewards for the ranking assessment will be distributed soon.....

"Dad, the assessment is over!" Hongjun looked excited.

At the same time, the disciples of the God Alliance opened their eyes from meditating and looked towards the square with excitement.....

They have been waiting for so long, and finally the assessment is over

"It's finally over!"

Qin Feng casually put away the jade bottles filled with energy and stood up with anticipation.

After the assessment, he had no time to refine the energy and could only postpone it temporarily.

However, the next ranking rewards , and filled him with expectations

"Dad, I wonder what the ranking reward will be this time? I heard the rewards are much richer than those for passing levels!"

Hongjun said excitedly.

He was more excited than Qin Feng.

Qin Feng smiled slightly: "I don't know! However, it soon became clear. Hongjun said with a smile: "Dad, if people outside find out that the top three in this assessment are all taken by our God Realm, will they be jealous to death?"

At this time, the Lord of Ziwei Star came over and said: "Envy is definitely envy! However, there will be more jealous and unconvinced people."

Hongjun curled his lips and said with disdain: "What's the use of jealousy? After all, if they knew that the top three were won by dad alone, they wouldn't be furious on the spot!"

Ziwei Star Master pursed his lips and smiled. : "Your Majesty is the only one in the world who can do this."

Qin Feng smiled and said nothing.

Then he looked around at everyone

"Let's go! The time is up, I'll go out and check the rankings and points...."

"yes! His Majesty!"

All the subordinates agreed in unison.

At that moment, Qin Feng took the lead and walked out of the fetal membrane of heaven and earth, followed closely by the subordinates...

On the other side, the shadow clone sent more than 10,000 drops of Nine Heavens Jade Dew into the Great Flood God Realm, He also followed out...

As soon as Qin Feng arrived at the square, he felt the earth tremble and the square shook slightly.
.....

On the canopy not far away, three assessors were lying on their backs.

The three assessors kept beating the sky, trying to get through, but they couldn't, so they could only cry out in despair.....

"No! I don't want to lose! Let me get through! Let me pass quickly!"

"ah~~~! This damn light curtain! Let me pass quickly!"

Bang~! Bang~! Bang~!

The three of them beat the sky curtain hard, but it had no effect.

At this time, the entire Dengtianye began to shake, making a rumbling roar...

The next second, the three people turned into three The white light disappeared from the present...

The unwilling shouts of the three people still echoed in the air.

"No~! I haven't lost yet!"

"Lord God! Please give me another chance!"

"No! I don't want to go back!"

Seeing this scene, most people in the square showed gloating and even contempt.

"hehe! These people are simply dreaming if they still want to stay despite not being strong enough!"

"yes! They are all weaklings and deserve to be eliminated!"

"Of course! The ancient God Lord set out various assessments to select outstanding candidates to inherit his mantle. These guys can't even get into the ranks of 30,000 people. It would be weird if they don't get eliminated!"

"fair enough! The more people are eliminated, the greater the chance of us sharing the opportunity."

In the square, everyone was talking happily.

At the same time, deep in the sky, white lights lit up, thousands of them, flashing continuously.....

Those are all the white lights formed by many eliminated people who were forcibly transported out by the secret place.....

There are more than 50,000 examinees coming this time. Only 30,000 people can stay in the first assessment, and the remaining 20,000 people will be eliminated... and the eliminated ones will be transported to the square at the entrance of the secret place and left to their own devices. Come and go.....

Not long after, the white light in Dentianye became less and less until it finally disappeared completely.

All the eliminated candidates have been forcibly teleported out, and the entire square has calmed down and no longer trembled.....

At this moment, people's attention turned to the points monument, and their faces showed excitement and anticipation.

"Those who should be eliminated have been eliminated! Next, the Monument will announce all rankings and points."

"yes! I don't know how the points are arranged this time?"

"After a while, the sacred monument will be announced, and you will know. However, the biggest winners this time are the top ten. Especially the top three will receive generous rewards!"

As soon as these words were said, the crowd sighed, and many people showed envy.

"yes! In each assessment, the rewards for the top three are the most generous and the most important! Everyone, who do you think will be in the top three this time?"

"This is not clear. However, in terms of physical strength alone, Emperor Mang Wuzu ranks first, and he can definitely enter the top three."

"That's right! Emperor Mang Witch Ancestor will definitely be able to enter the top three, and it is very likely to win the first place!"

As soon as these words were said, everyone nodded, thinking so.

"So who do you think will make the top ten?"

"hehe! The nine top experts will definitely make it into the top ten. As for who will take the last spot, it's hard to say. However, no matter how many changes occur, the last spot will still appear among those powerful late-stage quasi-saint ancestors!"

"Of course....."

Everyone was talking self-righteously.

In the crowd, Qin Feng looked calm and turned a deaf ear to the discussions around him.

The children of the Alliance of Gods laughed and said nothing, thinking that those discussions were a bit funny...

Buzz~!

At this moment, in the center of the square, the points monument lit up with golden light.

"The monument is activated!"

"The rankings are coming out!"

Everyone was startled and looked towards the sacred monument.

Even those peak experts who had been meditating with their eyes closed opened their eyes, stood up and looked at the sacred monument.....

In the corner, Old Man Yuexia and Ancestor Liugen stood up one after another.

"The rankings are finally coming out. I wonder who knocked the two of us out of the top ten?"

Ancestor Liugen whispered.

Old Man Yuexia smiled coldly:"Huh! You will find out soon. I want to take a look, who are those two people?"

At the same time, in the area where the Great Witch Heaven Realm is located.

Emperor Mang Witch Ancestor also stood up with a gloomy face, his eyes fixed on the sacred monument.

Behind him, there were four quasi-saint ancestors, one in the middle stage and three in the early stage. These are the leaders of the Great Witch Heaven Realm

"Territory Lord, the rankings are coming out soon!", the leader of the mid-stage quasi-saint ancestor whispered in a low voice.

Emperor Mang Witch Ancestor nodded slightly:"I see it! snort! Today I want to see who squeezed me out of the top three!"

As soon as these words were said, the points monument in front shone with golden light...

Woo~! Woo~! Woo~!

Immediately, the first line of text began to appear at the top of the monument.....

"Out! Out! The rankings are out!"

The crowd exclaimed, staring at the first line of text that appeared on the monument.

Even the nine peak experts opened their eyes wide and watched nervously.....

Soon, the first line of text was completely revealed as follows.....

First place, Qin Lei, God Realm, 100 points.....

"Huh! The first place is actually a person from the God Realm!"

After seeing the content of the first line of text clearly, the whole audience was in an uproar.....

Before the exclamation could end, the second line of text information was revealed again...

Second place, Qin Mu, God Realm, with 90 points.....

"No way? The second place is also from the God Realm!"

The audience exclaimed again!

At this moment, the third line of text was revealed...

Third place, Qin Feng, God Realm, with 80 points.....

"OMG! The third place is still from the God Realm!"

At this time, the whole audience was dumbfounded..

Chapter 1143

"OMG! The third place is still from the God Realm!"

At this time, the whole audience was dumbfounded...

Everyone looked in the direction of the God Realm in disbelief.

You know, the God Realm has always been weak. In the past, it was not even a large force, but only a medium force.

Until now, Qin Feng has appeared in the God Realm, which can be regarded as a large-scale force.

But they never expected that Qin Feng could win the third place.

They also did not expect that besides Qin Feng, there are other people in the God Realm. Qin Lei and Qin Mu won the first and second place respectively.

In this way, the top three in this assessment were swept by the God Realm.

Such an achievement can be achieved by not to mention large powers, even super powers. No!

Is all this true?!

At this moment, many people felt that they were dazzled.

But after repeated confirmation, they found that there was nothing wrong. The top three were: Qin Lei, Qin Mu, and Qin Feng.....

"OMG! Is this... is this true?"

"yes! When did the God Realm become so powerful?!"

The crowd kept muttering, and everyone was in shock, unable to extricate themselves.....

At the same time, in the corner of the square, Old Man Yuexia and Old Man Liugen were confused when they saw such rankings.....

"how come? how could this be?! impossible! This is impossible!!"

Old man Yuexia shook his head repeatedly. He could not accept the fact before him. When he thought that he was squeezed out of the top ten by the enemy of the God Realm, he was so angry that he wanted to vomit blood... The ancestor of Liugen was also confused.

He also Didn't expect this result

"Strange! strangeness! Fellow Daoist Yuexia, we have never seen Qin Lei or Qin Mu surpass us before. It seems that we only saw Qin Feng running around, several times..."

Ancestor Liugen said in confusion. Ancestor

Yuexia was stunned..

Hey! That seems to be what happened.

At that moment, the two couldn't help but look at each other, feeling a little weird.

On the other side, in the area where the Great Witch Heaven Realm is.

Emperor Mang Witch Ancestor was so angry when he saw the ranking on the monument. Swearing

"Damn it! Damn it! How come they are all people from the God Realm? How could I be compared to three boys from the God Realm! impossible! This is absolutely impossible!"

Di Mang Witch Ancestor was furious over there.

He is a grumpy person.

"Huh! That's not right! I only saw Qin Feng running around before, but not the other two!"

Thinking of this, Emperor Mang Witch Ancestor quickly shouted in the direction of the God Realm.

"Who are Qin Lei and Qin Mu?"

This shout attracted everyone's attention again, and they all looked in the direction of the people in the God Realm, showing curiosity.

They already knew who Qin Feng was.

Then who are Qin Lei and Qin Mu?

Seeing that everyone was looking at him, Qin Feng knew it was hard to avoid him, so with just a thought, the two clones stood out from the crowd.

"I am Qin Lei!"

"I am Qin Mu!"

"Is that you?!"

Di Mang Witch Ancestor quickly looked at the phantom clone and the Xuan female clone, and soon frowned.

"They are all in the second realm of eternity! snort! I just don't understand. Why did you two little second realms surpass me and win first and second place? Are you cheating?"

As soon as Emperor Mang Wuzu's words came out, the whole place was in an uproar.

That's right!

Both Qin Lei and Qin Mu are only at the second level of cultivation. How could they be stronger than the nine peak giants and win the first and second place?.

If they say they didn't cheat, no one can believe it!

At this moment, not to mention the ordinary assessors, even the nine peak giants have doubts.

At this time, Qin Feng stood out from the crowd and said:"Emperor Wuzu, I relied on my own speed to directly surpass you. Do you dare to deny this? If you think it's not the case, can you dare to make your oath in public?"

As soon as these words came out, everyone's hearts moved, and their attention shifted to Qin Feng.
.....

Then, everyone's attention shifted from Qin Feng to Emperor Mang Witch Ancestor.

Under everyone's gaze, Emperor Mang Witch Ancestor was stunned for a moment, with a depressed look on his face.

It is a fact that Qin Feng surpassed him.

He didn't dare to deny it, because all the nine top giants had seen it and couldn't deny it.

He didn't even dare to swear on the spot, as that would make himself uncomfortable.

At that moment, he said reluctantly:"That's right~! You, Qin Feng, indeed relied on your own speed to surpass this ancestor....."

But as soon as this was admitted, the whole place was in an uproar.

OMG!

That Qin Feng actually relied on his own ability to surpass the Dimang Witch Ancestor who was the first in the physical body. This is too unexpected!

If it hadn't been for the fact that Emperor Mang Wuzu had personally admitted it, they wouldn't have believed it at all.

For a moment, everyone looked at Qin Feng, their eyes changed, and they were full of awe and admiration.

No wonder Master Qin Feng was able to defeat Prince Xi Shen, he was indeed a monster!

I'm afraid there has never been such a monster body-refining expert since ancient times!

Everyone was amazed!

At this time, Emperor Mang Witch Ancestor said again: "Qin Feng, you have surpassed me, I can admit it. But when did Qin Lei and Qin Mu around you surpass me? Why have I never seen them surpass me?"

As soon as these words came out, everyone's attention shifted to the shadow clone and Xuan female clone again.

The nine top giants also expressed the same doubts. yes!

They saw Qin Feng coming and going three times in a row, but they never saw Qin Lei or Qin Mu!

Unexpectedly, Qin Feng smiled coldly: "Are you sure Qin Lei and Qin Mu have not surpassed you?"

Emperor Mang Wuzu replied without even thinking: "Of course not! I only saw you and surpassed me. Three times, I didn't see Qin Lei and Qin Mu."

Qin Feng couldn't help but sneered: "Haha! What you said sounds funny. I'm out of my mind. I have to run back and forth by your side three times? And, do I really want to do this? Come on, you should be able to see me when I ran back. But did you see me running back? And you also said that you only saw me surpass you three times....."

"Uh...this...", Dimang Wuzu was immediately confused. yes!

If Qin Feng ran back and forth three times, he never saw Qin Feng running back!

He didn't think about it carefully before.

Now that he thought about it, he felt a little strange.

Not only did he think so, other top giants also thought this was weird.

Then, he asked in confusion:"Tell me, what's going on?"

Qin Feng smiled calmly:"It's very simple! Before, it wasn't me who surpassed you three times, but three of our brothers who surpassed you in a row. It's just that the three of us brothers look a bit alike, and you're a little too old-sighted, so you may have misjudged me!"

As soon as he said this, Emperor Mang Witch Ancestor was furious:"What a sharp-tongued boy! Do you dare to say that I'm old-sighted?!"

Qin Feng did his part:"Then how do you explain it? If it wasn't for your dazzling eyes, how could you have misjudged me? Do you think I can cheat beyond the secret will?"

"You know, even the Holy Ancestor has no way to control the will of the secret land. How can I, who is in the second realm of eternity, do it?! If the three of us brothers really cheat, I'm afraid that the secret will will eliminate us immediately, and it's your turn to speak?"

"Uh...this....."

When those words came out, Emperor Mang Wuzu was immediately confused. yes!

Even the Saint Ancestor of the Sixth Realm has no way to control the will of the secret land, so he cannot enter this secret land.

How could Qin Feng, Qin Lei, and Qin Mu, these three small eternal second realms, cheat.

It seems that Saint Ancestor Dimang has overthought all this!

At this thought, everyone looked astonished, and their eyes changed when they looked at the virtual shadow clone and the Xuan female clone, obviously recognizing it.

Even the top giants are a little doubtful.

At this moment, in the corner.

Old Man Yuexia and Ancestor Liugen looked at each other

"Fellow Daoist Liugen, were we dazzled before?"

"This...this.....Not sure!"

Ancestor Liugen had a bitter look on his face.

In that Dengtanye, his spiritual consciousness and spiritual power were sealed. It was really possible that he could be dazzled, so he couldn't tell the reason.

But he said that Dimang Witch Ancestor Being refuted by Qin Feng in person, he was speechless.

Under the eyes of everyone, he looked a little embarrassed.

Then, he snorted coldly, said nothing, blushed slightly, and returned to the base camp.

Seeing Di Mang The witch ancestors all ended in embarrassment, and everyone became more certain that Qin Lei and Qin Mu did not cheat, and their evaluation of the God Realm also increased rapidly without even realizing it.....

Afterwards, everyone's attention turned back to the points monument.

In just a moment, there was another exclamation from the crowd.

"Look! Five more people from the God Realm entered the top 100!"

"Forehead.....Let me see! Hongjun... Panzu... Lu Ya... Queen Mother of the West... Lord Ziwei... Hey! There are really five of them!"

"OMG! The top 100 are all powerful quasi-saint ancestors! Squeeze all five in! This is amazing"

"Could it be that the five of them are as fast as the Quasi-Saint Ancestor?"

"there must be! Didn't you see that the 101st one is the Guixu Saint Ancestor? He is a genuine early-stage quasi-saint ancestor!"

"My God, it's so true! Even the Saint Ancestor of Guixu has been squeezed out of the top 100!"

At this time, the whole place was in an uproar again, and everyone looked at the people of the God Realm again.

The eyes and expressions were different again, becoming more awe and admiration.

And the status of the God Realm in the hearts of everyone has once again improved a lot..

Even the superpowers with peak giants looking at the God Realm have changed their eyes.

This God Realm is indeed extraordinary!

But among the crowd, the Guixu Saint Ancestor looked embarrassed.

He was He was supposed to be a powerful saint, but he was squeezed out of the top 100 by a few heavenly saints. It was so embarrassing that he wanted to find a crack in the ground to crawl in..

Chapter 1144

At this moment, some comments came from the crowd

"Take a look! The top 100 points are only 5 points!"

"Oh My God! The top 100 people are basically quasi-Saint Ancestors, but they only have 5 points. It seems that the points in this secret assessment are very precious!"

"yes! Huh! Look! The points after ranking 100 are also out... um... no way! Only 1 point!"

"This...this...points are too few!"

"yes! It seems that the points in this secret assessment are extremely valuable!"

The crowd kept talking and sighing.

It didn't take long for the sacred monument to list the rankings of all 30,000 examiners, as well as their points.....

I saw that the first place Qin Lei had 100 points, the second place Qin Mu had 90 points, the third place Qin Feng had 80 points, the fourth place Emperor Mang Wuzu had 70 points... and so on, until the tenth place Ran Deng Guzu, that's 10 points.

And from the 11th Old Man under the Moon to the 100th Lord of Ziwei Star, all scores are 5 points.

From the 101st Guixu Saint Ancestor to the 30,000th place, all with 1 point...

This result made Old Man Yuexia and Ancestor Liugen feel aggrieved.

The two of them were majestic peak giants, but they only scored 5 points compared to ordinary quasi-saint ancestors.

Even several Heavenly Saints in the God Realm scored 5 points, which made them somewhat ashamed.

Then, the most depressing one is Guixu Saint Ancestor.

His majestic quasi-saint ancestor, like those in the first realm of eternity, only scored 1 point. It was really embarrassing!

At this moment, the ethereal voice sounded from within the monument

"Ranking and points announcement completed! Please assessors receive the clearance token!"

Buzz~!

As soon as the words fell, an invisible force of heaven enveloped the entire square.

Then, tens of thousands of light pillars were projected from the void.

Each light pillar enveloped an assessor.

Within the light pillar, a piece of jade The talisman slowly descended and fell into the examiner's hands...

Qin Feng took the jade talisman and with a sweep of his consciousness, he saw that what was recorded inside was his own information and points status.....

After all the assessors received the clearance tokens, the 30,000 beams of light slowly disappeared.
.....

In the corner, Old Man Yuexia looked at the token in his hand, feeling very uncomfortable.

After this first level, he only scored 5 points.

Compared with Qin Feng's 80 points, there is a huge difference!

Judging from the points in the first game, the points in this secret assessment are very precious.

"Fellow Taoist Yuexia, in this first assessment, you and I only scored 5 points. How embarrassing!

Ancestor Liugen smiled bitterly. Old

Man Yuexia was silent.

Ancestor Liugen said again: "Fellow Daoist Yuexia, Qin Feng got 80 points this time, which is much more than you and me!"

Hearing this, Old Man Yuexia was displeased and said coldly: "Humph! This is just the beginning! More assessments are yet to come! The difficulty of the assessment will gradually increase, and that boy will not have this good luck again."

Ancestor Liugen echoed: "Yes! The subsequent assessment is very difficult, but have you ever thought about it, fellow Taoist? This time, not only Qin Feng scored 80 points, but his two brothers also scored 90 points and 100 points respectively."

"In the middle and later stages of the assessment, points can be traded. If Qin Lei and Qin Mu trade their points to Qin Feng, the gap between you and him will be even greater. That kid will have greater opportunities and his strength will improve even more."

"At that time, it will be even more difficult for Taoist Fellow Yuexia to destroy that kid!"

As soon as these words fell, the face of the old man Yuexia became ugly.

Killing Qin Feng was his biggest wish.

But if Qin Feng has such opportunities one after another, his strength will definitely continue to improve. He is really difficult to kill, even It was hopeless to avenge his daughter.

Thinking of this, he silently put away the customs clearance token and showed a thoughtful look.

Seeing this scene, the Liugen Ancestor showed a smile.

He knew that the fire was coming.

It won't be long before Old Man Yuexia Then the Lord will come and ask him to help deal with Qin Feng.....

At this moment, in the center of the square, the ethereal voice came from the sacred monument again.

"Customs clearance tokens have been issued! Now start distributing the ranking rewards for this assessment!"

As soon as these words were said, the whole place was in commotion, and people became excited again.

"The ranking rewards are finally about to be distributed! I wonder what the ranking rewards will be distributed this time?"

"This is not clear! However, the ranking rewards each time are much richer than the clearance rewards, so we will wait and see!"

"That's right!"

At the same time as they were discussing, everyone looked towards the God Realm.

The top experts also pricked up their ears.

This ranking reward is related to their vital interests, so they are naturally very concerned about it...

At this moment, the Divine Monument lit up. A faint aura arose, and an ethereal voice came out again.....

"Tenth place, Ancient Heaven Realm, Ancient Ancestor of Ran Deng, reward: one Nine Turns Golden Body Pill, one thousand drops of Nine Heavens Jade Dew....."

As soon as these words fell, the whole place suddenly became agitated.

"Wow! The ranking rewards this time are very generous! It seems different from previous assessments!"

"yes! Only the tenth place will be rewarded with 1,000 drops of Nine Heavens Jade Dew, which is the same as the first level of clearance rewards."

"This is easy to say! The main reason is that the Nine Turns Golden Body Pill is extremely precious, its value is not less than 1,000 drops of Nine Heavens Jade Dew, or even higher!"

"Um, how do you say this?"

"Huh! You don't know, you've never been to a secret place before! Let me tell you this, the Nine Turns Golden Pill is a body-tempering pill that can be used to strengthen the physical body. And the quality of this elixir is of eternal realm quality."

As soon as these words were spoken, the audience was stunned.

"Oh My God! The conjoined divine elixir of the upper realm! Then the value of this elixir is definitely more than 1,000 drops of Nine Heavens Jade Dew."

"Of course! For example, in the first level of eternity, as long as you take a Nine-turn Golden Body Pill, your physical body will be strengthened ten times, making the combat power of the first level comparable to that of the second level, absolutely crushing the same level!"

"Wow! So strong!"

These words immediately aroused everyone's envy.....

Even the top experts were slightly moved, and the joy in their eyes became even stronger.

Pills from the eternal realm are extremely rare.

This time the ranking rewards were more generous than they imagined!

The Dimang Witch Ancestor was so excited that his eyes shone.

His major is the physical body, and he is even more partial to this type of body refining pill.

In the crowd, Qin Feng heard the comments around him and suddenly realized.

No wonder the first test was about physical strength, and the original reward was the Nine-turn Golden Body Pill.

What made him even more excited was that the Nine-turn Golden Body Pill was actually of high-level quality.

I wonder how much combat power will be increased if one is swallowed?

Thinking of this, Qin Feng became more and more looking forward to it.

At this moment, a white beam of light dropped from the sky above the square and landed on the head of the ancestor of Ran Deng.....

In the beam of light, a golden elixir with a ring pattern and a white jade porcelain bottle slowly fell from the sky.....

That golden elixir is the Nine Turns Golden Body Elixir!

And that jade bottle contained a thousand drops of Nine Heavens Jade Dew!

Ancestor Ran Deng stood up with a smile, and accepted his reward under the extremely envious eyes of everyone...

At the same time, in the corner.

The old man under the moon watched this scene silently, his face becoming more and more gloomy.....

Nine-turn Golden Body Pill!

This is a top-grade elixir that enhances strength.

The ranking reward of this first assessment has rewarded such good resources.

At this moment, the voice of Liugen Ancestor sounded again behind him

"Fellow Taoist Yuexia, according to the previous rules, if the tenth place can be rewarded with a Nine-turn Golden Body Pill, then the rewards for the top three will be even more generous. I wonder what reward Qin Feng will get?"

"Logically speaking, he should know more than three Nine Transformations Golden Body Pills. If Qin Feng takes all these elixirs, the boy's strength will definitely reach the mid-stage of the real Quasi-Saint Ancestor!"

Ancestor Liugen pretended to sigh.

Old Man Yuexia was heartbroken when he heard this, and secretly clenched his fists.

Qin Feng's improvement in strength was the most difficult thing for him to accept.

But these two people didn't know. They thought that Qin Feng's strength was only infinitely close to the mid-stage Quasi-Saint Ancestor. In fact, Qin Feng had already far exceeded this level.

They didn't even know that after the Phantom Clone and Xuan Female Clone received rewards, all rewards would be given to Qin Feng.

Change. In other words, the Nine-turn Golden Body Pill obtained by the top three will all belong to Qin Feng.

After Qin Feng's strength increases, the strength of the two clones will also increase simultaneously, so the clone does not need to refine the Nine-turn Golden Body Pill..This is one of Qin Feng's advantages..

Chapter 1145

After the ranking rewards were collected by Ran Deng Ancestor, the ethereal voice sounded again.
.....

"Ninth place, Taoist sect from outside the territory, Holy Master Taiqing, reward: two Nine Turns Golden Body Pills, one thousand five hundred drops of Nine Heavens Jade Dew....."

As soon as he finished speaking, the whole audience exclaimed again!

"Wow! The ninth place was actually rewarded with 2 Nine-turn Golden Body Pills! There are also 500 more drops of Jiutian Jade Dew...."

"yes! By only improving one rank, the reward is almost doubled! The rewards in the secret land are obviously greater than before!"

"yes! The ranking rewards this time are so generous!"

Everyone was filled with envy.

All the top giants were also slightly moved, with thoughtful looks in their eyes.

Buzz~!

At this moment, a beam of light fell from the sky, and it landed on a man wearing a Taoist robe, holding a fly whisk, with white beard and hair, and an otherworldly temperament. On the old man.

This old man is the Holy Lord Taiqing in the outer world.

At this moment, he raised his head slightly, opened and closed his eyes, and the divine light appeared in his eyes.

When the reward in the light pillar fell in front of him, he stretched out his hand and put it away, and then his eyes were revealed. A touch of joy.

At the same time, another old man's message came from behind him

"Senior brother, everything is as expected. The reward this time is indeed more generous than before!"

The person who transmitted the message was an old man wearing Bagua Taoist robes and holding a jade Ruyi.

The old man's name is Yuqing Shengzun, and he is the junior disciple of Taiqing Shengzun. On the outside, he is a late-stage Quasi-Saint Ancestor. A late-stage Quasi-Saint Ancestor There is only a small realm difference between him and the Quasi-Saint Ancestor at the peak, but the difference in strength is extremely huge.

However, as the late-stage Quasi-Saint Ancestor, the Yuqing Holy Venerable looked at the peak giants such as Emperor Mang Witch Ancestor, It's very bland, even a bit contemptuous, which is hard to understand.

"What junior brother said is absolutely true! It seems that Master Yi Shu's prediction is accurate. The opening of the secret land this time will be the same as before. Perhaps, this is the last time."

Saint Ancestor Taiqing replied while silently putting away the reward.

As soon as he finished speaking, an ethereal voice sounded in the square again.....

"Eighth place, Amitabha of the Outer Pure Sect, reward: three Nine-turn Golden Body Pills, two thousand drops of Nine-Heaven Jade Dew....."

Buzz~!

Another beam of light soared into the sky and landed on a bald, pot-bellied man from the Outer Pure Sect who always had a smile on his face...

This was the pinnacle giant of the Outer Pure Sect—Amitabha.

Qin Feng watched all this silently, secretly observed these peak giants, and remembered them one by one.

These giants will be his biggest competitors.....

Rewards continue to be distributed.....

"The seventh place, Hunji Heaven Realm, Hunji Ancestor, reward: four Nine-turn Golden Body Pills, 2,500 drops of Nine-Heaven Jade Dew....."

"Sixth place, Luoja, Extraterrestrial Demonic Abyss, reward: five Nine-turn Golden Body Pills, three thousand drops of Nine-Heaven Jade Dew....."

"Fifth place, Mohu, Extraterrestrial Demonic Abyss, reward: six Nine-turn Golden Body Pills, 3,500 drops of Nine-Heaven Jade Dew....."

The ethereal sounds continued to echo over the square...

Every time one was released, it caused exclamations from the entire audience and envy from everyone.....

In the corner, Old Man Yuexia and Ancestor Liugen looked extremely worried.

Among the nine peak giants, only two of them did not receive ranking rewards.

They felt very uncomfortable when they saw others eating meat without even drinking the soup.

Especially Old Man Yuexia, seeing these ranking rewards becoming richer and richer than the last, made him hate Qin Feng even more.

If it weren't for the three Qin Feng brothers, how could he be squeezed out of the top ten?

When he thought that Qin Feng and the others would get huge benefits this time, he felt anxious and even a little uneasy.

All this was watched silently by Liugen Ancestor.....

At this time, the ethereal voice sounded again in the sky above the square...

"Fourth place, Great Witch Heaven Realm, Emperor Mang Witch Ancestor, reward: seven Nine Turns Golden Body Pills, four thousand drops of Nine Heavens Jade Dew....."

Buzz~!

A ray of white light fell from the sky and landed on the head of Emperor Mang Witch Ancestor.....

The fourth reward slowly falls from the white light crowd.....

Seeing this scene, Qin Feng was a little excited.

After the rewards for the fourth place are distributed, it will be his turn.

I wonder what the reward will be for the third place?

Generally speaking, the rewards for the top three are the most important, and there will be some qualitative improvements.....

Qin Feng became more and more looking forward to it when he thought about it.

But at this moment, his tiger body suddenly shook, and there was a rumbling sound inside his body.
.....

The next second, his whole body's momentum continued to surge....

"Huh! His Majesty!"

The disciples of the Divine Alliance around him immediately noticed something strange about Qin Feng, because they were right next to Qin Feng. Qin

Feng was also stunned.

Immediately, with a thought in his mind, he used secret techniques to cover up the changes in the aura of his whole body, allowing him to A strength that no one around can see....

"Dad, what's wrong?", Hongjun asked with concern.

Qin Feng shook his head slightly, did not answer, and closed his eyes silently.....

At the same time, great changes have been initiated in the Great Flood God Realm.

The entire Great Flood God Realm is roaring continuously and is actually expanding.....

Buzhou Mountain is also slowly rising, and the distance between heaven and earth is getting wider and wider...

On the other side, there is the Holy Land of Heavenly Palace and the Holy Valley of Spiritual Roots.

Liu Yan was looking ahead with a happy face.

Not far ahead, there is a sapling of a sacred tree several feet high. The front side of the leaves is cyan and the back side is blue. Mini whirlwinds naturally condense on the leaf tips, implying the sound of a storm and occasionally flashing. Interlacing of lightning and light.....

This seedling of the sacred tree is the spiritual root of heaven and earth - Fenglingxianxing...

Liu Yan cultivated all the 16,000 drops of Nine Heavens Jade Dew given by the shadow clone, and finally allowed the spiritual root seed to sprout and grow several feet. Seedlings with high spiritual roots.

And when the seedlings of Fenglingxingxing sprouted, their roots were rooted in the land of the Great Flood God Realm, their leaves stretched in the sky of the Great Flood God Realm, and their laws and principles were integrated into the three thousand avenues of the Great Flood God Realm....

In a moment, the Great Flood God Realm became stronger, and the completion of the entire God Realm increased accordingly. This led to the continuous improvement of Qin Feng's combat power and momentum, and the previous scene happened... After a long time, the

Great Flood God Realm became more complete. The visions in the God Realm gradually stopped.....

The entire God Realm has expanded by a full 30%, and the spiritual energy of heaven and earth has become a little richer, especially the spiritual energy of wind and thunder. The concentration has increased even higher... At this moment, Liu Yan looked around the valley.

The Fenglei apricot is planted in the east.

The sacred hibiscus tree is planted in the south.

Planted in the west are yellow plums.

Renshui flat peaches are planted in the north.

The four sacred trees and the four spiritual roots, vaguely, became a kind of phenomenon...

The more Liu Yan looked at it, the more novel she felt.....

At the same time, Qin Feng's mind also echoed with the improvement of the system.....

"Ding~! Congratulations to the host, your spiritual root seeds have absorbed enough Nine Heavens Jade Dew and successfully sprouted.....Linggen seeds successfully cultivated Linggen seedlings....."

"Ding~! Congratulations to the host for obtaining the fourth spiritual root of heaven and earth - Fenglingxianxing (seedling). The progress of growing to semi-maturity is 27%...."

"Ding~! Congratulations to the host, Fenglingxianxing is automatically implanted into the Great Flood God Realm, which promotes the completion of the Great Flood God Realm... Its completion degree is increased to 81.2%...The host's combat power is increased to 58 million....."

"Ding~! It is detected that the host has four spiritual roots of heaven and earth, and the four-image secret technique is automatically activated.....Reminder to the host, after the completion of the Four Symbols Secret Technique, your completion degree of the Great Flood Divine Foundation will be greatly improved....."

"Ding~! Ask the host to receive the secret method....."

As soon as the prompt ended, countless information poured into Qin Feng's mind crazily...

After a long time, Qin Feng slowly opened his eyes, with a look of ecstasy on his face.

This time, the immortal apricot seeds cultivated seedlings, allowing him to possess the fourth spiritual root of heaven and earth, which increased the completion of the Great Flood God Realm and his strength also greatly increased.

Even better, he also obtained the Secret Technique of the Four Symbols.

The so-called secret technique of the Four Symbols is to use the power of heaven and earth in the Great Flood God Realm and the power of the laws of the four spiritual roots to condense the four images to control the four directions of the Great Flood God Realm.

These four images are the green dragon, the white tiger, the red bird, and the black basalt.....

Back then, when the ancient God Lord created the Great Wilderness God Realm, he also gathered the four images.

The four elephants rule the four directions, which is an indispensable step in the creation of the divine world.

Now, Qin Feng has reached this point and has the basic conditions for cohesion.

According to his design, the wind and thunder apricots were used to guard the east, and with the help of the power of the great flood world, the image of the blue dragon was condensed.

Guard the south with the Fusang Sacred Tree, and with the help of the power of the Great Flood God Realm of heaven and earth, the image of the Suzaku is condensed.

With Huang Zhongli guarding the west, with the help of the power of the Great Flood God Realm of heaven and earth, the image of the white tiger was condensed.

Guarding the north with Renshui and peach trees, with the help of the power of the Great Flood God Realm of heaven and earth, the image of Xuanwu was condensed.

As long as the Four Symbols are completed, his degree of completion of the Great Flood God Realm will be greatly improved, and his strength will also be greatly improved.....

At this thought, the joy in his eyes became even stronger.

However, before that, he had to fully cultivate the Fenglingxingxing before he could use the secret technique of the Four Symbols.

And his Fenglingxianxing has not even reached semi-maturity, and has not yet given birth to the core of heaven. It is still far away from being fully mature, which requires a large amount of Nine Heavens Jade Dew.....

And all his Nine Heavens Jade Dew has been consumed, and need to be replenished in time.

Thinking of this, Qin Feng couldn't help but look up, just in time to see Emperor Mang Witch Ancestor put away the reward.

As soon as Di Mang accepted the reward, there was a buzz among the crowd.

"The rewards for fourth place have been distributed! Next is the third place!"

"This third place belongs to Mr. Qin Feng. I don't know what the reward will be.?"

"of course? It's definitely much richer than the reward for fourth place....."

There was a lot of discussion among the crowd, and there were many envious people.

While people were talking, the points monument lit up with a faint silver light. This was a sign that the monument was about to announce the reward content.

Everyone couldn't help but look at the monument, waiting for the announcement.....

What exactly is the reward for third place?

Qin Feng also showed a look of expectation.

At least, it contains the Nine Heavens Jade Dew that he needs most at the moment..

Chapter 1146

Buzz~!

At this moment, the sacred monument rang out, and it made that familiar ethereal sound.

"Third place, God Realm, Qin Feng, reward: ten Nine-turn Golden Body Pills, five thousand drops of Nine-Heaven Jade Dew....."

As soon as he said this, the whole audience exclaimed.

"Wow~! Five thousand drops of Nine Heavens Jade Dew! A thousand drops more than the fourth place!"

"There are also ten Nine-turn Golden Body Pills, which is three more than the fourth one!"

"The reward increase for third place is indeed much higher than the rewards for other rankings!"

"yes! From the tenth to the fourth place, every time one rank is improved, there is only one more Nine-turn Golden Body Pill, and the Nine Heavens Jade Dew only increases by 500 drops. The treatment of the top three is really different!"

People were talking a lot, and everyone was envious.

In the crowd, Emperor Mang Witch Ancestor snorted coldly, seeming to be unhappy.

The old man Yuexia, the Prince Xi Shen, and the Saint Ancestor Guixu were even more depressed... and Qin Feng looked away. Light, looking at the sky with joy on his face, waiting for the light beam to come.....

When Prince Xishen saw this scene, he was filled with jealousy.

He quickly leaned into the ear of the old man Yuexia and whispered:"Dad, look at Qin Feng's proud look! Humph! Isn't it just that he got the third place reward? What's there to be proud of?....."

Old Man Yuexia said angrily:"Now, this little thief has got ten Nine-turn Golden Body Pills. If he refines them all, his strength will be comparable to yours. Why is he so proud?" Hearing this, Xi Prince Shen's expression changed slightly, looking a little ugly.

Nowadays, it is spreading in all the heavens, all realms, nine heavens and ten domains, and he was defeated by Qin Feng.

This incident made him extremely unconvinced and he had long been brooding about it.

At the beginning, how could Qin Feng have defeated him if he hadn't relied on the power of the divine world and heaven and earth?

In terms of real strength, he is better than Qin Feng.

But the world only asks about the results, not the process, and they think he is not as strong as Qin Feng!

This made him extremely depressed!

He also thought that he would use this trip to the secret place to defeat Qin Feng in front of everyone and clear his name.

Unexpectedly, this little thief Qin Feng got a great opportunity in the first test and would soon catch up with him in strength.

From now on, if his reputation is not as good as Qin Feng's, he will have to live up to his reputation.

Thinking of this, Prince Xishen was so angry that he wanted to vomit blood.

At this moment, the father and son thought that Qin Feng's strength was not as strong as the mid-stage Quasi-Saint Ancestor.

"Dad, aren't the rewards for this assessment too generous?!"

Prince Xishen is full of resentment, and even Mi Di is a little bit hateful.

"Yes... the ranking rewards this time are so generous. It seems different from the past. The reward for the third place is twice as rich as the previous one. It's really jealous....."

The old man under the moon whispered, his eyes full of jealousy.

The Saint Ancestor of Guixu on the side also said with jealousy: "Yes! The secret reward rules this time are a bit strange. I really don't know what kind of bad luck the little thief Qin Feng got. The three brothers actually took the top three....."

Prince Xishen smiled coldly: "Hmph! Forget about those Nine Heavens Jade Dew, it can't directly improve the strength. Only those Nine Transformation Golden Body Pills can help improve the strength. Presumably their good luck ends here.....Huh! strangeness! Why has the third place reward not been released for so long?"

Prince Xishen suddenly noticed something unusual.

Not only Prince Xishen, but everyone in the audience felt that something was abnormal.

Generally speaking, after the divine monument announced the reward, it would immediately cast a beam of light and lower the reward.

But this time, but the secret place has not cast a beam of light for a long time...

Just when everyone felt strange, the sacred monument once again lit up with a faint spiritual light, and the ethereal voice sounded again.....

"The third place, God Realm, Qin Feng, received an additional reward: a ball of Holy Spirit....."

As soon as he said this, the whole place was in an uproar.

"Wow! It's... it's the breath of the Holy Spirit!"

"Oh My God! This kind of Holy Spirit is extremely rare!"

"yes! It is rumored that as long as the quality of the holy artifact reaches the peak of the Kaiding level and a ball of Holy Spirit energy is incorporated into it, it can evolve to the Heaven-casting level."

"Forge a heaven-level holy weapon! Tsk~! Tsk! That is several times more powerful than a cauldron-level holy weapon, and it also greatly improves the strength!"

In the crowd, Qin Feng was ecstatic when he heard this.

The quality of his Four Heaven-Destroying Swords, the Heaven-Destroying Formation, and the Book of the Earth have all reached the peak Kaiding level.

Over the years, he has been trying to convert these holy weapons to the Heaven-casting level, but they all failed.

Now I know that in order to promote these peak-level sacred weapons to the Heaven-casting level, a ball of Holy Spirit's air is needed.

Think about it, this Holy Spirit's air is to strengthen the Holy Artifact. The spirituality of the artifact will bring its spirituality to a higher level, thus improving the quality of the sacred instrument to a higher level.

After thinking about this, Qin Feng was enlightened and felt happy in his heart.....

On the other side, Old Man Yuexia, Prince Xishen, and Saint Ancestor Guixu were all a little confused. what happened?

Aren't all the rewards announced?

Why are there additional rewards?

And it rewards the energy of the Holy Spirit which is more precious than ten Nine-turn Golden Body Pills.....

"How...how could this happen! This... this kid's luck is so good!"

Prince Xishen was so jealous that he even spoke with trembling.

The face of the old man Yuexia also became extremely ugly.

With this ball of Holy Spirit energy, the quality of the sacred artifact in Qin Feng's hands will be greatly improved, and the strength will be greatly improved. It has been greatly improved.

The harm caused by this is more serious than ten Nine-turn Golden Body Pills!

Buzz~!

At this moment, a beam of light dropped from the air and landed on Qin Feng's head.

Then, under the envious eyes of everyone, Among them, ten Nine-turn Golden Body Pills, a jade bottle filled with 5,000 drops of Nine-Heaven Jade Dew, and a cloud of purple energy emitted by the glow slowly fell down among the pillars of light.....

That purple energy is the energy of the Holy Spirit!

When the reward fell, Qin Feng smiled and stretched out his hand, collected all the items and stored them in the storage ring...

Everyone was envious when they saw it, even the quasi-saint ancestors all showed envy.

The breath of the Holy Spirit!

But it is a rare item that can upgrade the Kaiding pinnacle-level sacred weapon to the Heaven-casting level treasure.

Most of the holy weapons in the hands of these quasi-saint ancestors are only at the cauldron level.
.....

At this moment, the ethereal sound of the sacred monument sounded again.....

"Second place, God Realm, Qin Mu, reward: fifteen Nine-turn Golden Body Pills, seven thousand drops of Nine Heavens Jade Dew, additional reward: two groups of Holy Spirit's Qi....."

"Wow! This...the reward for second place is even more generous!"

"yes! There are two groups of Holy Spirit energy!"

The whole audience exclaimed.

The quasi-saint ancestors could no longer sit still. They stood up one by one and looked up at the sky...

I saw a beam of light descending from the sky and landed on the head of Xuan Mi's clone... within the beam of light. , in addition to the Nine Turns Golden Pill and the Nine Heavens Jade Dew, there are also two groups of Holy Spirit Qi.....

All the quasi-saint ancestors stared closely at the two groups of Holy Spirit Qi, their eyes filled with fire.....

If these two groups of Holy Spirit energy can be given to them, their holy weapons will definitely be upgraded to a higher level, and their strength will definitely increase greatly! pity!

They had no such luck.

It didn't take long for Xuan Mi's clone to put away the reward, and the ethereal voice sounded again.....

"First place, God Realm, Qin Lei, reward: 20 Nine-turn Golden Body Pills, 10,000 drops of Nine Heavens Jade Dew, additional reward: three groups of Holy Spirit's Qi....."

"OMG! This time, there are actually three groups of Holy Spirit energy!"

"yes! They were all obtained by people from the God Realm!"

This time, everyone in the audience was so amazed that they were a little numb, and everyone looked towards the direction of the God Realm with great envy.....

Those quasi-saint ancestors were all jealous.....

Qin Feng was ecstatic.

He has obtained six groups of Holy Spirit Qi in total, which is enough to promote the Four Heaven-Destroying Swords, the Heaven-Destroying Formation, and the Book of the Earth to the Heaven-casting level...

Speaking of which, his Four Heaven-Destroying Swords and the Heaven-Destroying Formation are all , are only at the peak Kaiding level, and can form a Heaven-Slaying Sword Formation with a comprehensive power comparable to that of the Heaven-casting level.

If these five sacred artifacts are all promoted to the Heaven-casting level, will their combined power be comparable to the Creation-level sacred artifacts?

A creation-level holy weapon!

Qin Feng has only heard of it, but has never seen it before. It's power is hard to imagine..

Chapter 1147

A creation-level holy weapon!

Qin Feng has only heard of it, but has never seen it before. Its power is unimaginable...

Rumor has it that only the Saint Ancestor can possess the creation-level holy weapon.

Even giants who are at the pinnacle of the quasi-Saint Ancestors are rare to see, let alone obtain.

Not long after, the phantom clone collected the reward.

Everyone in the square was extremely envious.

But the quasi-saint ancestors were full of envy, jealousy and hatred.

In the corner, Old Man Yuexia, Prince Xishen, and Saint Ancestor Guixu were so angry that they could not speak.

On the other side, Emperor Mang Witch Ancestor became more and more annoyed as he watched.

His subordinates also saw it angrily.

"Chief, you are the fourth and Qin Feng is the third. You are only one person away, but the difference in rewards is huge!"

"yes! Not to mention anything else, the value of that ball of Holy Spirit energy exceeds the total reward of the fourth place. Isn't this secret place a little biased?!"

Everyone in the Great Witch Heaven Realm was muttering, very dissatisfied.

The Emperor Mang Witch Ancestor also became more and more angry. That's right!

No matter whether you are first, second, or third, you will be rewarded with the Holy Spirit's energy, but it happened to him. There is no more here.

At this time, in the Great Witch Heaven Realm, a quasi-saint ancestor seemed to have discovered something and muttered

"Big boss, have you noticed? This time, the top three rewards all have additional rewards, and they can go to the secret place for assessment. No matter which time, there are no additional rewards!"

With this reminder, Di Mang Witch Ancestor's eyes lit up and he quickly looked at that person.

That person's name was Ping Liang Witch Ancestor. His cultivation was at the peak of the mid-term Quasi-Saint Ancestor. He was one step away from the late Quasi-Saint Ancestor. He was better than Xi Shen The prince is even more powerful.

He is also the second strongest person in the Great Witch Heaven Realm.

After the two looked at each other, Emperor Mang Witch Ancestor exclaimed in his heart.

Yes!

In the past assessments, no matter how difficult the assessment was, no matter how difficult the examiner was, No matter how outstanding they are, there will be no additional rewards for the top three.

In this assessment, why are there additional rewards for the top three?

This is too abnormal!

Thinking of this, Emperor Mang Witch Ancestor looked at the people in the square and said loudly:"Everyone, have you noticed something strange?"

As soon as these words came out, the whole audience was stunned and looked at him one after another.

"oh? Fellow Taoist Di Mang, is there something strange?", Randening Ancestor asked curiously.

Di Mang hurriedly said:"Randeng brother, haven't you noticed that the top three in this assessment have additional rewards, and in previous assessments, no matter what the situation, the top three were rewarded. There are no additional rewards for all three....."

As soon as these words came out, the whole place was in an uproar. yes!

There were no additional rewards in the past, so how come there are additional rewards this time?

For a moment, everyone looked at me and I looked at you. They were very puzzled and couldn't help but whisper.

"yes! Why are there additional rewards for the top three this time?"

"I also feel that the secret land rewards this time are very different from the past....."

"It's really confusing!"

Just when everyone was puzzled, a gentle and hearty voice sounded in the corner of the square. The one who spoke was Maitreya Buddha, the Outer Pure Sect, who always had a smile on his face.

He said with a smile on his face: "Emperor Fellow Daoist Mang, is there anything strange about this? Don't forget, Qin Lei, Qin Lei, and Qin Feng are all from the God Realm."

"When the children of the God Realm participate in various assessments, they are assisted by the light of the God Lord, which greatly reduces the difficulty of their assessments. After all, this secret realm is the mantle of the ancient God Lord. They are the descendants of the ancient god lord"

"After completing the assessment, it is not surprising that the will of the secret land will give them some additional rewards....."

As soon as these words came out, everyone nodded, feeling that it made sense.

But Di Mang Witch Ancestor was still puzzled and said: "Fellow Taoist Ami, people from the God Realm have participated in the past, but there were no extra rewards!"

As soon as these words came out, many people agreed. yes!

In the past, people from the God Realm have participated in the assessment, but this phenomenon has never happened.

Lord Amitabha chuckled and said: "Fellow Taoist Emperor Dimang, you have forgotten again. In the past assessments, has anyone from the divine realm entered the top ten?"

"Uh...this....."

Emperor Mang Witch Ancestor was immediately asked.

Everyone suddenly realized. yes!

In the past, the power of the God Realm was extremely weak. Let alone the top ten, it had never even appeared in the top ten thousand.

Like this time, the achievements achieved by the God Realm are much more dazzling than those of superpowers.

At the moment, Emperor Mang Witch Ancestor thought for a while and then sighed: "In this way, it is logical. If this is really the case, then in the subsequent assessment, as long as the players from the God Realm enter the top three, there will be additional rewards. ?"

Amitabha said with a smile: "That's probably true! I'm just guessing. If you Taoist friends really want to know the answer, you won't know until the results of the next assessment come out." As soon as these words were said, everyone nodded, feeling that it made sense..

In fact, the vast majority of people have believed in Amitabha's judgment and feel that what he said is correct.

Even the children of the Divine Alliance nodded secretly, thinking that this should be the case.

This made the children of the Divine Alliance secretly happy.

With the blessing of the will of the secret realm, they will get a lot of benefits in the next assessment.....

Those assessors also looked at the children of the Divine Alliance, some showing envy, and more showing jealousy.

As the same examiners, they were not taken care of by the will of the secret land. The starting point was unfair, which naturally made them dissatisfied.

It's a pity that they are not the descendants of the ancient God Lord. It is normal that they cannot be taken care of. There is nothing they can do.....

At this time, Di Mang Witch Ancestor seemed to have thought of something, and sneered:"Fellow Daoist Amitabha, your reminder made me think of it. This time, the three Qin Feng brothers were able to get the top three, and they also occupied the will of the secret place. It's cheap to take care of. Otherwise, how could I only get fourth place!"

Di Mang's tone was full of unwillingness to get fourth place, and also full of disdain for Qin Feng and the other three's rankings.

Hearing these provocative words, Qin Feng smiled coldly:"Dimang Witch Ancestor, if you don't accept it, we can see the real results in the next assessment!"

"just you?!", Di Mang sneered disdainfully,"Boy, don't think you always have good luck."

At this time, Amitabha interjected:"Fellow Daoist Di Mang, didn't you want to know before that if the players from the divine world enter the top three, they can get additional rewards? In the next assessment, as long as little friend Qin Feng enters the top three, the results will be verified! Hearing this

, Di Mang laughed:"Haha!"! Fellow Taoist Ami, you really think too highly of this kid! Luck wouldn't always be on his side. Next time, he will never be in the top three. I'm afraid your speculation will never be verified!"

Hearing this, Qin Feng smiled coldly and was about to say something.....

But at this moment, the clearance tokens in everyone's hands trembled.

Everyone quickly picked it up and took a look, and saw an additional message inside.

It turned out that the secret will released new content and asked everyone to repair the square for a day.

One day later, the second assessment will take place!

After receiving the new news, the assessors were not in the mood to pay attention to the debate among the giants, and everyone's minds began to shift to the next assessment.

At the moment, Qin Feng was too lazy to pay attention to Di Mang and returned directly to the fetal membrane of heaven and earth.

He must seize the time and consume all the rewards he received within this day so that he can cope with the next assessment..

Chapter 1148

At the moment, Qin Feng was too lazy to pay attention to Di Mang and returned directly to the fetal membrane of heaven and earth.

He must seize the time and consume all the rewards he received within this day so that he can cope with the next assessment.....

After returning to the Fetal Membrane of Heaven and Earth, the children of the Alliance of Gods meditated one after another, waiting for the second assessment to begin...

The shadow clone and the Xuan female clone handed all the rewards to Qin Feng.

As a result, the total rewards Qin Feng received are: 22,000 drops of Nine Heavens Jade Dew, 45 Nine Transformation Golden Body Pills, and six groups of Holy Spirit Qi.

The harvest can be described as extremely rich.

Afterwards, Qin Feng gave the five groups of Holy Spirit Qi, the Four Heaven-Slaying Swords, and the Heaven-Slaying Formation to Xuan Mi's clone, asking it to fuse them to improve the quality of the Heaven-Slaying Sword and the Formation.

He then gave a ball of Holy Spirit energy to the shadow clone to improve the quality of the earth book.

In addition, he also handed over 22,000 drops of Nine Heavens Jade Dew to the phantom clone for processing, and asked them to be transferred to Liu Yan to continue cultivating Fenglei Immortal Apricot... After allocating these trivial tasks, Qin Feng took out the four Fifteen nine-turn golden body pills.....

I saw the Nine Turns Golden Body Pill, surrounded by nine circles of purple runes, like nine turns, with long rhymes, shining golden light, overflowing with the fragrance of the pills, and clouds looming around the body.

If you look closely, you will see that within the clouds there are thousands of worlds that are illusory and disillusioned, and hundreds of millions of beings are reincarnated. It is extremely extraordinary at first glance.....

"The elixir of the eternal realm is indeed extraordinary, but I wonder how effective it is?"

Qin Feng was moved by what he saw. He opened his mouth and swallowed a golden body pill.....

At the entrance of the elixir, the god-level devouring process started automatically...

The Nine-turn Golden Body elixir immediately turned into majestic energy, flowing to his limbs and eight bones, nourishing every cell of his body, and began to strengthen his body, blood, and bones...

He The momentum also gradually increased.....

"Ding~! Congratulations to the host for successfully swallowing the Nine Turns Golden Body Pill (higher realm quality).....The host's physical body has been greatly strengthened...the physical body's combat power has increased by 100,000 poles....."

Not long after, Qin Feng slowly opened his eyes, with a look of joy on his face.

The effect of this Nine-turn Golden Body Pill was far beyond his imagination!

One pill increased his combat power by 100,000 poles.

You know, he still has forty-four unrefined ones.

If they are all refined, the combat power will be increased by more than 4 million poles. The effect is equivalent to devouring the energy of a mid-stage quasi-saint ancestor.....

After all this calculation, he made a lot of money this time!

The only thing that made him regretful was that the Nine-turn Golden Body Pill only strengthened his physical body and could not improve his cultivation level.

However, he was already satisfied.

Thinking of this, Qin Feng felt happy. He opened his mouth and swallowed all the remaining forty-four pills, and began to refine them.....

Qin Feng didn't know that the efficacy of taking the Nine Turns Golden Body Pill also depends on the physical constitution.....

The higher the physique, the better the effect of body tempering will be.

He is a unique Hongmeng body.

His excellent physique is unmatched by anyone in the world.

Even those saint ancestors who were so high up there that the divine dragon never saw its end could not compare with his physique.

And the Emperor Mang Witch Ancestor, who is known as the number one in the physical body, is far inferior to him.

In other words, even if Emperor Mang Witch Ancestor takes this Nine Turns Golden Body Pill, the effect will not be one-tenth of Qin Feng's.....

In this way, Qin Feng began to refine the Nine Turns Golden Body Pill with all his strength...

Outside the fetal membrane, in the square.

Some of the assessors are revising, and some are discussing the next assessment content.....

In the corner, Old Man Yuexia, Prince Xishen, and Saint Ancestor Guixu all had gloomy faces.

"Dad, when Qin Feng refines the ten Nine-turn Golden Body Pills, he is afraid that his strength will catch up with the child."

Prince Xishen looked unwilling.

Saint Ancestor Guixu also said worriedly: "Yes! When Qin Feng's strength improves, he will be able to achieve good results in the next assessment. After all, they, the people of the God Realm, are favored by the will of the secret earth!"

Old man Yuexia smiled coldly: "Ha! Do you think that little thief will have such good luck every time?! His physical body is strong, but the next test has absolutely nothing to do with physical strength. This is the rule of the secret test. Similar assessment content will not appear repeatedly."

"Maybe, the content of the next assessment will be this little thief's weakness. Besides, you don't have to worry, Qin Feng's strength will increase rapidly. The Nine Turns Golden Body Pill is not easy to refine."

"It takes at least a day to refine one. The secret land only gives one day to repair. Even if Qin Feng gets 10 pills, he doesn't have time to refine them, so his strength won't improve that fast!"

As soon as these words came out, Prince Xishen and Saint Ancestor Guixu nodded one after another, and they secretly breathed a sigh of relief in their hearts.

They didn't want Qin Feng's strength to improve too quickly.

But they didn't know that Qin Feng had the ability to devour the god level. Now, the speed of refining elixirs and energy is unparalleled in ancient and modern times.

Not to mention refining ten pills, even if you refine forty-five pills in one go, it is a matter of one day.

Of course, Old Man Yuexia persuaded The two princes of Xishen told them not to worry, but the anxiety in his eyes became more and more intense.

Ever since Qin Feng entered the secret place, opportunities have been endless, whether it was gambling or rewards, they were all available, which made him unable to Don't worry.....

Ancestor Liugen looked at Old Man Yuexia's expression silently.

He didn't say much, but the smile on his lips became stronger.....

On the other side, there is the Daozong area outside the territory.

Saint Taiqing holds a fly whisk and sits cross-legged.

But his lips moved slightly, and he was about to whisper to the Jade Qing Saint behind him.

Next to the two of them, there was a middle-aged man sitting cross-legged with a long sword on his back, wearing a green robe, and a cold and arrogant expression.

This person's name is Shangqing Shengzun, and he is the junior disciple of Taiqing and Yuqing. On the surface, his cultivation is in the late stage of Quasi-Sage Ancestor.

But the way he looked at the Dimang Witch Ancestor, the Ran Deng Ancestor, the Old Man under the Moon, and the Liugen Ancestor was just like the Jade Qing Saint Ancestor, with a look of indifference and even contempt, which was puzzling.

At this moment, he also moved his lips slightly, participating in the sound transmission between Taiqing and Yuqing.

"Senior brother and third junior brother, did you see the clues in the previous reward distribution?", Holy Master Jade Qing said in a low voice.

Without raising his eyebrows, Taiqing said:"I see it! Firstly, the performance of the God Realm is extremely outstanding; secondly, the children of the God Realm will have additional rewards. From this we can see that Master's inference is correct."

The master in Taiqing's mouth is the leader of the Taoist sect outside the territory, a great saint ancestor, known as the Taoist ancestor.

Taiqing, Yuqing, and Shangqing are the direct descendants of the Taoist ancestor.

Behind the three people, there are ten people sitting cross-legged. Several disciples of the Dao Sect from outside the territory, their cultivation levels range from the early stage to the middle stage of the Quasi-Saint Ancestor.

These people are the direct descendants of the Dao Ancestor, and their status is much lower than that of Taiqing, Yuqing, and Shangqing.

At this moment, Shangqing listened to the two When a senior brother said something, he interjected:"Two senior brothers, it can be seen that the master's prediction is very accurate. This time the secret land is opened, the inheritance of the ancient God Lord will be inherited by others! Will the successor appear in those three boys in the God Realm?"

"Probably not! Although those three people got the top three, they were favored by the will of the secret place, and their own cultivation level was not high, so they were only in the second realm of eternity....."

Yuqing doesn't agree with it, and doesn't want to.

No matter how unlucky they were, there was no way they could be compared to three people in the second realm.

Taiqing smiled coldly:"Second Junior Brother, don't underestimate Qin Feng and the others. According to Master's prediction, plus the appearance of these three people, don't you think it's a coincidence? You know, the God Realm has always been It's just ordinary, this time it's just an opportunity."

Yu Qing frowned:"Senior Brother, if Shangqing and I lift the seal and show our original strength, I'm afraid the three of them won't get such a good ranking."

Shangqing also agreed: "Yes! If we unlock the seal, with the three of us brothers joining forces, plus that secret technique, our strength will be invincible"

"At that time, Patriarch Hunji, Amitabha, Mohou, and Luojia all stood aside. This will be the world for the three of us brothers!

Taiqing shook his head slightly and said with a shake of his head: "No!" Before entering, Master said that this time there are crouching tigers and hidden dragons in the secret place. We must not underestimate anyone. Just because I have a trump card doesn't mean others don't, so it's better to be careful."

"When we find out the details of others, we will show our fangs, and we will be able to attack them from behind and win the battle.

Shangqing looked unconcerned and said, "Haha!" Except for the four people, Patriarch Huanji, Amitabha, Mohou, and Luojia, the others are not to be feared. Even the Emperor Mang Witch Ancestor is not even qualified to be our opponent."

Yu Qing also said: "Senior Brother, I also saw that Qin Feng and the others got good rankings, and I was a little anxious. If Shangqing and I unlock the seal, we will definitely get a better ranking and win more points. The level of points is the key to obtaining inheritance.

Taiqing said carefully: "Don't be impatient yet!" What we are observing secretly for the time being is, never underestimate others. Just like the six-root ancestor, I think he's a little weird."

"Forehead?! Senior brother, what's wrong with him?

Taiqing shook his head slightly: "I don't know!" Just oneIt's just a feeling! Having said that, even if you two seal your strength, it only seals your spiritual power and covers your cultivation realm. In many aspects, it will not affect your assessment results!"

"For example, in this physical strength test, your seal has no effect on the physical body, so you cannot completely blame the seal for not getting the desired results."

As soon as these words came out, Taiqing and Yuqing were a little embarrassed.

They were both arrogant and arrogant people, and they didn't even take Dimang Witch Ancestor seriously.

But in the first assessment, their results were average. Naturally, I felt a little uncomfortable in my heart.

Speaking of which, Daozong was not good at physical training, and the first result was average, which was normal.

At this time, Taiqing said again: "I won't say so much, let's hide our capabilities and bide our time. In addition, be careful of Jingzong, Moyuan, and the six-root ancestor. As for the God Realm, you should also pay attention to it."

"In short, this time, no matter what means we use, we must obtain the inheritance of the ancient God Lord. This should be the last time the secret land is opened. If you miss it, it will never happen again."

"Senior brother is right!"

At that moment, Yuqing and Shangqing nodded repeatedly and said no more.....

In this way, time flies by.

One day passed in the blink of an eye.

This day is the day when the second assessment will begin..

Chapter 1149

One day passed in the blink of an eye.

This day is the day when the second assessment is about to begin...

At this moment, in the square, all the assessors are eagerly discussing what the second assessment will be...

Counting the time, the assessment is approaching.

Everyone's faces showed anticipation and some nervousness.

No one knows whether the next assessment will test their strengths or weaknesses...

If their shortcomings are tested, they will face the possibility of being eliminated.

According to the information given by the will of the secret land, only 20,000 people can pass the second test.

In other words, 10,000 people will be eliminated.

This makes many people in the first realm of eternity uneasy. Even players at the top of the first realm are worried.

If another ten thousand people are eliminated, most of the remaining ones will be in the second level or above. There are only a very small number of first-level experts who can pass the second level. They are all the best in the same level.....

At this moment, in a corner.

The witch ancestors Di Mang and Ping Liang murmured in a low voice.

"Chief, you mocked the three Qin Feng brothers in public yesterday, saying that it was impossible for the three of them to enter the top three. Wasn't it a bit rash? If in the second assessment, only one of the three of them enters the top three, you will lose face."

Prince Liang, the shaman, reminded him carefully.

Di Mang smiled coldly: "Do you know why Qin Feng was able to surpass me in the first place?"

"Why?"

"First, he has the support of the Divine Lord's Light. Secondly, that kid had the help of fragments of the Jade Order of Good Fortune. Hum~! If it weren't for these two kinds of help, how could he surpass his ancestor!"

Hearing this, the Adam's apple of Witch Ancestor Ping Liang rolled up, but he hesitated to speak.

When it comes to the fragments of the Jade Order of Creation, Emperor Mang Witch Ancestor also has it!

This cannot be said that Qin Feng took advantage of him.

However, he knew that Emperor Mang was extremely powerful. Conceited, I won't listen to anything I say at this time.

"Chief, I am worried that if Qin Feng and the others squeeze into the top three again, it will harm your face. After all, you spoke in front of everyone, so you might be caught.

Di Mang said unconcernedly: "Don't worry!" This ancestor has already figured it out! The three Qin Feng brothers should be majoring in the physical body, so they could perform so well in the first assessment."

"But you also know that human energy is limited. A person who specializes in cultivating the body is often mediocre in other aspects, so Qin Feng and the other three will not be very good in other aspects."

"What's more, the three of them are only in the second level of eternity, and how strong can they be, so I concluded that the three of them will not be able to enter the top three in the next assessment, and they will not even have a chance to be in the top ten."

When he said this, Di Mang looked confident.

The Witch Ancestor Liang also felt that there was some truth and couldn't help but nodded slightly.

At this moment, the whole square suddenly trembled...

Boom~Long~Long!

In the center of the square, there was a sound There was a roar.

Everyone was startled and quickly followed the sound. They saw a crack in space opening, and a white light door forming in the center of the square.....

"Look! The assessment entrance has appeared!"

"here we go! The new assessment has finally begun!"

"I wonder what this assessment is about?"

"hehe! You'll find out as soon as you go in!"

The crowd was talking a lot, and everyone nervously watched the light door take shape, feeling both expectant and anxious in their hearts.....

At the same time, within the fetal membrane of heaven and earth.

Qin Feng was awakened by the vibration in the square and slowly opened his eyes.

As soon as he opened his eyes, Hongjun, who had been guarding him, came over.

"Dad, the entrance to the second assessment is open!"

"Father knows!"

Qin Feng turned to look at the square with a smile on his face...

After this day of rest, he gained a lot.

First of all, he has refined forty-five Nine-turn Golden Body Pills, and his physical body has been greatly strengthened..

Secondly, Fenglei Xianxing has given birth to a heavenly core, allowing him to obtain a large amount of combat power in return. The improvement in these two aspects has increased his combat power to 65 million in one fell swoop. In terms of combat power alone, he has surpassed Old Man Yuexia and Ancestor Liugen can be compared with Ancestor Ran Deng.

However, his increase in combat power has greatly exceeded that of Quasi-Saint Ancestor. These three people are no longer his opponents, not even Emperor Mang Witch Ancestor. Of course, people like Ancestor Huanji, Mohou, Luoia, Amitabha, Taiqing Shengzun and others are still firmly ahead of him.

In fact, such a great improvement in strength has made him very satisfied.

He even hoped to find an opportunity to kill the Guixu Saint Ancestor and the Prince Xishen first.

According to Qin Feng's own assessment, with his current strength and the two clones, he should be able to suddenly besiege the Guixu Saint Ancestor in half an hour. Kill him within the hour.

But if you want to kill the Prince of Xishen within half a quarter of an hour, I'm afraid it's not possible.

If it takes more than half a quarter of an hour and the Prince of Xishen is not killed, Ancestor Yuexia will come to the rescue. If he comes, he will lose the opportunity to kill Prince Xi Shen, so he still needs to improve his strength.

What's more, he still has many hidden powerful opponents, such as Ancestor Hunji, Mohou, Luo Jia and others.

His The strength has not yet reached the level of being on par with these top experts.

Thinking of this, Qin Feng couldn't help but think that the shadow clone had integrated the energy of the Holy Spirit into the Earth Book, and had promoted the Earth Book to the level of Master Xuan. The female clone has only completed the fusion of two Holy Spirit Qi, and the improvement

of the quality of the Heaven-Destroying Sword still needs to continue, but there is no time now, so it can only be paused. If the promotion of the Heaven-Destroying Sword Formation is successful, he will have the opportunity to compete with the Ancestor Huanji. The confidence to fight against others.

In addition, the cultivation progress of Fenglei Immortal Apricot has also increased greatly, and it is only a little short of being fully mature.

If Fenglei Immortal Apricot is fully mature, he can practice the Four Symbols Secret Technique, and his strength will be greatly increased.....

All in all, his prospects are bright.

Thinking of this, Qin Feng slowly stood up....

"Dad, all those players are in!"

Hongjun looked at the movement in the square and couldn't wait.

"yes! Your Majesty, everyone outside has almost gone in."

Ziwei Star Master also came over to remind.

Qin Feng looked around and saw that all the disciples had stood up from meditating and were waiting for his orders.....

Seeing this, he smiled slightly:"Let's set off too!" As soon as he finished speaking, Qin Feng took the lead and walked out of the fetal membrane of heaven and earth, followed closely by his disciples.

The phantom clone took the opportunity to put away the fetal membrane of heaven and earth.

When everyone reached the square, they found that most people had already entered.

Seeing this, Qin Feng led his disciples towards the Light Gate.

Not long after, more than a thousand people from the Divine Alliance entered the light gate one after another, and the square became deserted..

Chapter 1150

But it was said that as soon as Qin Feng stepped into the light door, he felt that the world was spinning, and the white light around him flew by, as if he had entered a time tunnel... In just a moment, he paused and felt down to earth. When he looked up again, he found that he had entered a closed room. , there was no one around.

In the center of the room, there is a rune stone pillar as tall as one person, which is covered with ancient seal scripts and exudes the aura of eternity.

"here it is....."

Qin Feng looked around...

At this moment, his customs clearance token received a message and trembled.

Qin Feng quickly picked up the token and took a look. After a moment, a look of surprise appeared on his face.

It turns out that the content of the second assessment is the strength of spiritual consciousness.

The steps of the assessment are that the examiner first presses his hand on the rune stone pillar in the center of the room to activate the ancient restriction.....

The ancient restriction will automatically seal the examiner's physical power and spiritual energy.

The examiner can only use his own spiritual consciousness to break the seal.

The stronger the consciousness, the faster it will take to break the seal, and the better the results will be.

After the assessment, the top three experts will be awardedThe first level pass reward.

The fourth to tenth place will be awarded the second level of clearance rewards.

The third level of clearance rewards will be awarded to the 11th to 20,000th place.

After 20,000 people, they will be eliminated on the spot!

In addition, there will still be ranking rewards for the top ten. As for the reward contents, they will only be known after the assessment.

"That's what happened!"

After figuring out the rules, Qin Feng put away the clearance token and walked towards the rune stone pillar.

When he reached the stone pillar, he stretched out a hand and pressed the formation engraved in the center of the stone pillar.

But just as his palm was about to fall on the stone pillar At this time, Qin Feng seemed to have thought of something, and withdrew his hand like lightning.

By the way! This time the assessment is about the strength of the spiritual consciousness.

The strength of the spiritual consciousness is related to the realm of cultivation. The higher the cultivation level, the stronger the spiritual consciousness.....

In this case, why didn't he break through to the third realm first and then test it?

Thinking of this, Qin Feng's eyes lit up.

Originally, his spiritual consciousness was extremely strong, comparable to that of the Holy Ancestor.

However, who knows that there won't be some freaks among the contestants in this assessment?

In order to secure first place, he decided to improve his cultivation first.

After all, his cultivation level has reached 97.3% of the second level, and he is just one step away from the third level.

Thinking of this, Qin Feng immediately sat cross-legged and took out several jade bottles filled with energy...

The energy contained in those jade bottles was comparable to that of a mid-stage quasi-saint ancestor.

These energies are completely enough for him to break through to the third realm of eternity!

Before, he didn't have time to refine it, but now he has time.

According to the assessment rules this time, the assessment is not carried out immediately after the assessor enters the room.

The assessor can prepare for a period of time before taking the assessment.

The timing of the assessment is calculated from the moment the rune pillar is activated.

Because of this, Qin Feng dared to improve his cultivation first and then take the test. There was no conflict between the two.....

What's more, he is determined to win the first place, so he naturally has to show his best.

After all, the reward for first place is much higher than other places...

After thinking a few times, he closed his eyes and began to devour and refine the energy with all his strength.....

Meanwhile, in another room.

Xuan Mi's clone did not conduct the test immediately. Instead, he took out the Holy Spirit Qi and the Heaven-Slaying Sword, which were being fused...

He was waiting for the main body to break through the cultivation level before testing again.

Qin Feng not only wants the first place, but also the second and third place, so naturally he can't let it go.

Just in time, Xuan Ming's clone can use this free time to continue strengthening the Heaven-Slaying Sword... again, in another room.

The phantom clone directly closed his eyes and meditated, waiting for the breakthrough of his body's cultivation.....

Unlike Qin Feng, Xuan Ming's clone, and Phantom's clone, the other assessors couldn't wait to start the assessment as soon as they entered the assessment room, without exception.....

In their view, the sooner the assessment is completed, the more advantageous it will be, forming an inexplicable mindset.....

At this moment, in a certain room.

Hongjun pressed one hand on the rune stone pillar.....

Buzz~!

The rune stone pillar was instantly activated, bursting out billions of golden lights.

Then, a strange gray energy surged out from the stone pillar and flowed down Hongjun's arm towards his whole body.....

Click~! Click~! Click~!

Wherever the gray air passed, Hongjun's body turned into stone inch by inch at a speed visible to the naked eye.....

Hongjun was frightened and wanted to break away from the stone pillar, but was horrified to find that he couldn't move.

Before he could react, the gray energy poured into his body.

In just an instant, he was all petrified and turned into a humanoid stone sculpture.

Eyes, nose, ears, tongue, and skin all turned to stone, and vision, smell, hearing, taste, and touch all disappeared.

The spiritual energy in the body has also been completely sealed, and no trace of it can be used.

Hongjun only felt that he was trapped in darkness, unable to see or hear. He only had a clear consciousness and could mobilize his consciousness at will...

After a brief period of panic, he quickly calmed down and mobilized his consciousness to scan his whole body...

Soon, he discovered that his body was covered with tens of billions of forbidden seals. It was precisely because of the existence of those forbidden seals that his whole body was petrified.....

After understanding this, Hongjun made a thought in his mind, gathered his consciousness, turned it into a sharp thorn, and blasted towards one of the seals...

Click~! Click~! Bang~!

After two consecutive attacks, the restriction exploded... As soon as the restriction was shattered, the body covered by the restriction showed the color of flesh and was no longer in the state of stone...

Discovering this scene, Hongjun was overjoyed.

He finally knew how to pass the test, which was to use his spiritual consciousness to bombard the 10 billion forbidden seals.

When all the restrictive seals are shattered, it means the assessment is completed.

The time it took to break all the restrictions was his achievement.

It's just that Hongjun didn't notice that when his spiritual consciousness bombarded the first seal, a number appeared on the rune stone pillar, beating and increasing continuously. It was a timing number.

Each beat represents one breath of time that has passed.

In addition, when Hongjun launched his first divine attack, a divine light descended from the sky above the room and attached itself to him.

As soon as the divine light descended, the forbidden power was immediately reduced by 30%.

When Hongjun found out, he was naturally overjoyed.

He didn't know that those restrictive seals were extremely strong.

Even if a strong person from the late stage of the Quasi-Saint Ancestor takes action, he will have to bombard him twice in a row before he can break a seal.....

Hongjun is not at the peak level of Tiansheng, but his soul is the soul of chaos, and the intensity of his consciousness is much stronger than that of the same level, comparable to that of the mid-stage quasi-sage ancestor.

Coupled with the assistance of the Divine Lord's Light, the power of the forbidden seal is weakened.

This allows Hongjun to break through a restriction at a speed comparable to that of a late-stage quasi-saint ancestor.....

As if he had guessed these results, Hongjun was very excited and immediately devoted himself wholeheartedly to breaking the restrictions.....

It would take a lot of time for him to break all the 10 billion restrictions.

He didn't want to waste time, let alone waste it.

This is a race against time, and we need to race against time.....

At the same moment, in their respective rooms.

All examiners devoted themselves wholeheartedly to breaking the restrictions.....

And all the children of the God Realm are assisted by the light of the God Lord, and the difficulty of the test is reduced by 30%.

This allows the children of the Divine Alliance in the first realm of eternity to break through the ban at a speed comparable to that in the second realm.

The disciples of the Divine Alliance in the second realm can break through the ban at a speed comparable to those in the third realm.

The disciples of the Divine Alliance in the third realm can break the ban as fast as those in the early days of Heavenly Saint, and so on.....

In short, the children of the Shenmeng were favored by the will of the secret land and had a great innate advantage, and they all fought bravely.....

At this moment, in a secret room.

Old Man Yuexia looked at the information about the customs clearance token and smiled crookedly.

"Ha ha!! God help me! God help me! This test is actually about divine consciousness! This is my strength!!"

Old man Yuexia put away the token and walked towards the rune stone pillar with a confident expression.

In terms of the strength of his spiritual consciousness, he is one of the best in the Nine Heavens and Ten Domains.

Only the ancestor of Hunji can compete with him. , the rest of them are not as good as him.

In his opinion, he must have a place among the top three in this assessment..
